410 FAMILY AND MEDICAL LEAVE POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. "Covered active duty" means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 United States Code section 101(a)(13)(B).

B. "Covered servicemember" means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. "Eligible employee" means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling their Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by

USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless: (1) the break is occasioned by the employee's fulfillment of their USERRA-covered service obligation; or (2) a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.

- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as their nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
 - 1. a military medical treatment facility as an outpatient; or
 - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.

- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
 - 1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 - 2. to attend military events and related activities of a covered military member;
 - 3. to address issues related to childcare and school activities of a covered military member's child;
 - 4. to address financial and legal arrangements for a covered military member;
 - 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or the eligible employee's child;
 - 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 - 7. to attend post-deployment activities related to a covered military member;

8. to address care needs of a covered military member's parent who is incapable of self-care; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 United States Code section 101.

IV. LEAVE ENTITLEMENT

- A. Twelve-week Leave under Federal Law
1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
 2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.

[Note: An employer is permitted to choose any one of the following methods for determining the 12-month period in which the 12 weeks

of FMLA leave entitlement occurs: (a) the calendar year; (b) any fixed 12-month leave year, such as a fiscal year, a year required by State law, or a year starting on an employee's anniversary date;(c) the 12-month period measured forward from the date any employee's first FMLA leave; or (d) a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. It is recommended, however, that school districts use the 12-month rolling measurement as it prevents employees from stacking 12-week leave entitlement that could occur if, for example, a calendar or fiscal year is utilized. Where a calendar, fiscal or similar period is used, an employee could use 12 weeks at the end of the period and then again at the beginning of the period, providing an entitlement to a leave of 24 consecutive weeks. If a school district changes its definition of a "year" in this policy, it must give employees notice of at least 60 days before implementing this change.]

3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:
 - (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in

whole or in part, on the condition precipitating the need for military caregiver leave; or

- (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
 7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
 8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
 9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
 10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give

30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.

11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed to by the school district. ~~The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave.~~ This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but

may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the school district so that the total leave does not exceed 12 weeks, unless agreed to by the school district, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the school district reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct

students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.

- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the workdays in the leave period may be required to:
 - 1. take leave for the entire period or periods of the planned medical treatment; or
 - 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.

- C. Instructional employees who request continuous leave near the end of a **semester grading period** may be required to extend the leave through the end of the **semester grading period**. The number of weeks remaining before the end of a **semester grading period** does not include scheduled school breaks, such as summer, winter, or spring break.
 - 1. If an instructional employee begins leave for any purpose more than five weeks before the end of a **semester grading period** and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the **semester grading period**.
 - 2. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a **semester grading period**, the school district may require that the leave be continued until the end of the **semester grading period** if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the **semester grading period**.
 - 3. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the **semester grading period** and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the **semester grading period**.
 - 4. If the school district requires an instructional employee to extend leave through the end of a **semester grading period** as set forth in this paragraph, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the school district to the end of the school term is not counted as FMLA leave but as an unpaid or paid leave, to the extent the instructional employee has accrued paid leave available and the school district shall maintain the employee's group health insurance and restore the employee to the same or equivalent job, including other benefits, at the conclusion of the leave.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will

prevail.

- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. A poster prepared by the U.S. Department of Labor summarizing the major provisions of the Family and Medical Leave Act and informing employees how to file a complaint shall be conspicuously posted in each school district building in areas accessible to employees and applicants for employment.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

1.B. 503 Student Attendance

Presenter:

Superintendent Brian
Gersich, Ed. D.

503 STUDENT ATTENDANCE

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

A. Responsibilities

1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

- a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.
- b. In accordance with the Minnesota Compulsory Instruction Law, Minnesota Statutes section 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

- a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.
- b. The following reasons shall be sufficient to constitute excused absences:
 - (1) Illness.
 - (2) Serious illness in the student's immediate family.
 - (3) A death or funeral in the student's immediate family or of a close friend or relative.
 - (4) Medical, dental, or orthodontic treatment, or a counseling appointment.

- (5) Court appearances occasioned by family or personal action.
- (6) Religious instruction not to exceed three hours in any week.
- (7) Physical emergency conditions such as fire, flood, storm, etc.
- (8) Official school field trip or other school-sponsored outing.
- (9) Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- (10) Family emergencies.
- (11) Active duty in any military branch of the United States.
- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.

[Note: State law provides that a school board may include other exemptions in the school district's attendance policy. See Minnesota Statutes section 120A.22, subdivision 12. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within a minimum of 2 days from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

- a. The following are examples of absences which will not be

excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56. Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.

- (2) Truancy Pre-Diversion

- (a) After 5 Unexcused Absences

- Send 2nd notification to parent/guardian
- AND**
- The school will contact Carver County Truancy to schedule a pre-diversion
- The school will also contact the parent/legal guardian regarding the truancy pre-diversion meeting.

- (3) Truancy Diversion

- (a) After 7 Unexcused Absences:

- The school files the truancy paperwork with intake at Carver County Social Services
 - Once the referral has been made, the school and the assigned Social Worker will be in contact to schedule a Truancy Contract Meeting.
- (4) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (5) Students with unexcused absences will also be subject to discipline in the following manner:
- (a) ~~Students will not be allowed to make up work missed due to such absences.~~ Students with unexcused absences are expected to make up missed work in the same timeline as excused absences. When a student that has repeated absences that are unexcused, the building administrator can determine that the student is not eligible to make up the missed work.
 - ~~(b) For every unexcused absence in a quarter or trimester the teacher will reduce the student's letter grade by one increment for each unexcused absence thereafter (i.e. A to A-) Refer to Grade Reductions in WHS Handbook~~

- f. Physical emergency conditions such as fire, flood, storm, etc.
- g. Any tardiness for which the student has been excused in writing by an administrator or faculty member.

4. Unexcused Tardiness

- a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
- b. Consequences of tardiness may include detention after 3 unexcused tardies. In addition, 3 unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
- 2. School-initiated absences will be accepted and participation permitted.
- 3. A student may not participate in any activity or program if **he or she that student** has an unexcused absence from any class during the day.

- 5. If a student is absent from school due to medical reasons, **if he or she the student** must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who

wishes to be excused from a curricular activity for a religious observance. Requests for accommodations should be directed to the building principal.

IV. DISSEMINATION OF POLICY

1. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal's office.
2. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.

V. REQUIRED REPORTING

A. Continuing Truant

Minnesota Statutes section 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minnesota Statute section 120A.22 and is absent from instruction in a school, as defined in Minnesota Statute section 120A.05, without valid excuse within a single school year for:

1. Three days if the child is in elementary school; or
2. Three or more class periods on three days if the child is in middle school, junior high school, or high school.

B. Reporting Responsibility

When a student is initially classified as a continuing truant, Minnesota Statute section 260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following:

1. That the child is truant;
2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statutes section 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statutes section 120A.34;
4. That this notification serves as the notification required by Minnesota Statutes section 120A.34;
5. That alternative educational programs and services may be available in the

child's enrolling or resident district;

6. That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under Minnesota Statutes Chapter 260;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to Minnesota Statutes section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

[Note: Where truancy services and programs under Minnesota Statutes Chapter 260A are available within the school district, the following provisions should also be included in the policy.]

C. Habitual Truant

1. A habitual truant is a child under the age of 17 years who is absent from attendance at school without lawful excuse for seven school days per school year if the child is in elementary school or for one or more class periods on seven school days per school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days per school year and who has not lawfully withdrawn from school.
2. A school district attendance officer shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minnesota Statutes Chapter 260A.

1.C. 611 Homeschooling

Presenter: Dr. Erika
Nesvig, Director of
Student Services

611 HOME SCHOOLING

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to recognize and provide guidelines in accordance with state law for parents who wish to have their children receive education in a home school that is an alternative to an accredited public or private school.

II. GENERAL STATEMENT OF POLICY

The Compulsory Attendance Law (Minnesota Statutes section 120A.22) provides that the parent or guardian of a child is primarily responsible for assuring that the child acquires knowledge and skills that are essential for effective citizenship.

III. CONDITIONS FOR HOME SCHOOLING

The person in charge of a home school and the school district must provide instruction and meet the requirements specified in Minnesota Statutes section 120A.22.

IV. IMMUNIZATION

The parent or guardian of a home-schooled child shall submit statements as required by Minnesota Statutes section 121A.15, Subds. 1, 2, 3, 4, and 12, on the appropriate Minnesota Department of Education form, to the superintendent of the school district in which the child resides by October 1 of the first year of home schooling in Minnesota and the grade 7 year.

V. TEXTBOOKS, INSTRUCTIONAL MATERIAL, STANDARD TESTS

Upon formal request, as required by law, the school district will provide textbooks (including a teacher's edition, guide, or other materials that accompany a textbook when the edition, guide, or materials are packaged physically or electronically with textbooks for student use), individualized instructional or cooperative learning materials (including teacher materials that accompany pupil materials), software or other educational technology, and standardized tests and loan or provide them for use by a home-schooled child as provided under state law. The school district is not required to expend any amount for this purpose that exceeds the amount it receives pursuant to state law for this purpose. If curriculum has both physical and electronic components, the school district will, at the request of the student or the student's parent or guardian, make the electronic component accessible to a resident student provided that the school district does not incur more than an incidental cost as a result of providing access electronically.

VI. PUPIL SUPPORT SERVICES

Upon formal request, as required by law, the school district will provide pupil support services in the form of health services and counseling and guidance services to a home-schooled child as provided under state law. The school district is not required to expend an amount for any of these purposes that exceeds the amount it receives pursuant to state law.

VII. EXTRACURRICULAR ACTIVITIES

Resident pupils who receive instruction in a home school (in which five or fewer students receive instruction) may fully participate in extracurricular activities of the school district on the same basis as other public school students.

VIII. SHARED-TIME PROGRAMS

~~Enrollment in class offerings of the school district.~~

~~A. A home-schooled child who is a resident of the school district may enroll in classes in the school district as a shared-time pupil on the same basis as other nonpublic school students. The provisions of this policy shall not be determinative of whether the school district allows the enrollment of any pupils on a shared-time basis.~~

~~B. The school district may limit enrollment of shared-time pupils in such classes based on the capacity of a program, class, grade level, or school building. The school board and administration retain sole discretion and control over scheduling of all classes and assignment of shared-time pupils to classes.~~

A. Student Eligibility

1. Resident students who attend nonpublic or home schools and are in compliance with the MN Compulsory Instruction Law may apply for limited shared time enrollment in grades K through 12 in Waconia Public Schools.
2. Shared-time privileges are available to nonpublic or home school students in grades K-12 per the following limitations. Students in grades 6-12 may access any curricular offering and students in grades K-5 may access specialists.
3. Students enrolled as shared-time must remain in attendance at their nonpublic school or home school for the majority of their education and must be in compliance with the Minnesota Compulsory Attendance Law.
4. A student in shared-time enrollment must be enrolled in nonpublic or home school for 50% or greater of the school day.
5. Shared-time students do not qualify for a Waconia high school diploma, participation in honor rolls, class rank, and other recognition available to full-time Waconia High School students.
6. A student must have completed all prerequisite courses prior to being approved for a specific public school course.
7. Shared-time students shall abide by all rules, regulations, policies, and procedures governing the conduct of regular full-time students.
8. Shared-time **non-public** students are not eligible to participate in Minnesota State High School League (MSHSL) activities or other district student activities unless their enrollment in the non-public school is governed by MSHSL By-Law 104.00.

B. Program Availability

Academic shared-time enrollment will be provided only on a seat available basis. Course sections will not be added to provide additional seats. Priority for course enrollment will be given to full-time public school students. Academic shared-time enrollment will be provided only in courses at regular times within the normal schedule of classes. Class hours will not be altered to provide for shared-time enrollment.

Shared-time students must attend public school at the school within their attendance boundary. The district may, at their (its) discretion, assign the student to a different school for reasons such as (but not limited to) building capacity, program capacity, or if a course is only offered in a school outside the student's attendance area.

Shared-time students are eligible for district transportation if space is available on an existing bus route to the student's boundary school and if they meet the district policy guidelines for distance from school. The district's transportation department will determine the bus assignment.

School science laboratories and media centers are available for shared time students only as part of the public school course taken by the shared time student.

C. Enrollment Process

Parents must complete a "Shared Time Student Application" form and submit it to the principal of the school they wish for their child to attend.

If approved, the parent(s) and student must contact the school (as assigned) to register for classes.

[Note: The provisions of Article VIII. - Shared Time Programs do not determine whether Shared Time Programs should be offered to any pupil. However, home-schooled children are required to be treated the same as all other nonpublic school children.]

IX. OPTIONAL COOPERATIVE ARRANGEMENTS

A. Activities

1. Minnesota State High School League-sponsored activities (in which six or more students receive instruction in the home school or the home school students are not residents of the school district).

A home school that is a member of the Minnesota State High School League may request that the school district enter into a cooperative sponsorship arrangement as provided in Minnesota State High School League bylaws. The approval of such an arrangement shall be at the discretion of the school board.

- a. The home school must become a member of the Minnesota State High School League in accordance with the rules of the Minnesota State High School League.
 - b. The home school is solely responsible for any costs or fees associated with its application for and/or subsequent membership in the Minnesota State High School League.
 - c. The home school is responsible for any and all costs associated with its participation in a cooperative sponsorship arrangement as well as any school district activity fees associated with the Minnesota State High School League activity.
2. Non-Minnesota State High School League activities in which six or more students receive instruction in the home school.

A home-schooled child may participate in non-Minnesota State High School League activities offered by the school district upon application and approval from the school board to participate in the activity and the payment of any activity fees associated with the activity. However, home school students may

not be charged higher activity fees than other public school students. An approval shall be granted at the discretion of the school board.

B. Transportation Services

1. The school district may provide nonpublic nonregular transportation services to a home-schooled child.
2. The school board of the school district retains sole discretion and control and management of scheduling routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, and any other matter relating to the provision of transportation services.

2.A.722 Public Data Requests

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

[Note: School districts are required by statute to establish procedures consistent with the Minnesota Government Data Practices Act for public data requests and data subject requests.]

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

"Individual" means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

"Inspection" means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy

is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public's own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

- A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact the requestor (such as phone number, address, or email address).
 2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
 3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
 4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- B. The responsible authority will respond to a data request at reasonable times and places as follows:
1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
 - (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
 - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.
 2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.

3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
 1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 1. The estimated costs of preparing the summary data, if any; and
 2. The summary data requested; or
 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.
- B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.

- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.
- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the commissioner of administration's order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.

- B. A request for individual subject data must include the following information:
1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 2. Date the request is made;
 3. A clear description of the data requested;
 4. Proof that the individual is the data subject or the data subject's parent or guardian;
 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

A. Public Data

1. The school district will charge for copies provided as follows:
 - a. 100 or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.
 - b. More than 100 pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
 - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for [in cash or by check] in advance of receiving the copies.

[Note: the district should identify the payment methods that it will accept.]

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. Annual Review and Posting

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

3.A. 506 Student Discipline

506 STUDENT DISCIPLINE

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy. Each school has handbook to explain disciplinary procedures.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

D. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against

the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
 10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
 11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
 12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall

be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and their parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records

shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

3.B. 507 Corporal Punishment

507 CORPORAL PUNISHMENT AND PRONE RESTRAINT

- I. The purpose of this policy is to describe limitations on use of corporal punishment and prone restraint upon a student.

II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district shall inflict corporal punishment or use prone restraint upon a student except as provided below.

III. DEFINITIONS

1. "Corporal punishment" means conduct involving:
 - a. hitting or spanking a person with or without an object; or
 - b. unreasonable physical force that causes bodily harm or substantial emotional harm.
2. "Employee or agent of the district" does not include a school resource officer as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c).
3. "Prone restraint" means placing a child in a face-down position.

IV. PROHIBITIONS

1. An employee or agent of a district shall not inflict corporal punishment or cause corporal punishment to be inflicted upon a pupil to reform unacceptable conduct or as a penalty for unacceptable conduct.
2. An employee or agent of the school district shall not use prone restraint.

~~An employee or agent of a district, including a school resource officer, security personnel, or police officer contracted with a district, shall not use prone or compressive restraint except that the restrictions on prone and compressive restraints do not apply under the circumstances enumerated in Minnesota Statutes, section 609.06, subdivision 1(1). All peace officers, including those who are school resource officers or otherwise agents of a school district, may use force as reasonably necessary to carry out official duties, including, but not limited to, making arrests and enforcing orders of the court.~~

3. An employee or agent of a district, ~~including a school resource officer, security personnel, or police officer contracted with a district~~, shall not inflict any form of physical holding that restricts or impairs a pupil's ability to breathe; restricts or impairs a pupil's ability to communicate distress; places pressure or weight on a pupil's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a pupil's torso.

4. Conduct that violates this Article is not a crime under Minnesota Statutes, section 645.241, but may be a crime under Minnesota Statutes, chapter 609 if the conduct violates a provision of Minnesota Statutes, chapter 609. Conduct that violates IV.1 above is not per se corporal punishment under the statute. Nothing in this Minnesota Statutes, section 121A.58 or 125A.0941 precludes the use of reasonable force under Minnesota Statutes, section 121A.582. **The use of reasonable force as set forth in Section V does not authorize conduct prohibited pursuant to Minnesota Statutes, section 125A.0942.**

V. EXCEPTIONS REASONABLE FORCE

1. Reasonable force may be used upon or toward the person of another without the other's consent when used by a teacher, school principal, school employee, school bus driver, or other agent of the school in the exercise of lawful authority, to restrain a child or pupil to prevent bodily harm or death to the child, pupil, or another.
2. Reasonable force may be used upon or toward the person of a child without the child's consent when used by a teacher, school principal, school employee, school bus driver, other agent of the district, or other member of the instructional, support, or supervisory staff upon or toward a child or pupil when necessary to restrain the child or pupil to prevent bodily harm or death to the child, pupil, or another pursuant to Minnesota Statutes, section 609.379. Nothing in section 609.379 limits any other authorization to use reasonable force including but not limited to authorizations under Minnesota Statutes, section 121A.582, subdivision 1, and section 609.06, subdivision 1.
3. A teacher, school principal and other school staff may use reasonable force under the conditions set forth in Policy 507 (Student Discipline).

III. VIOLATION

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

3.C. 507.5 School Resource Officer (NEW)

507.5 SCHOOL RESOURCE OFFICERS

[Note: The provisions of this policy substantially reflect statutory requirements. School districts utilizing school resource officers may choose to adopt this policy.]

I. PURPOSE

The purpose of this policy is to establish the contractual duties and training requirements of a school resource officer.

II. GENERAL STATEMENT OF POLICY

The school district, upon securing the services of one or more school resource officers, is committed to establishing the qualifications and duties required of these officers. Any contract for the services of a school resources officer with the school district must meet the requirements of this policy.

III. DEFINITIONS

- A. "School" means an elementary school, middle school or secondary school, as defined in Minnesota Statutes, section 120A.05, subdivisions 9, 11, and 13.
- B. "School Resource Officer" means a peace officer who is assigned to work in an elementary school, middle school, or secondary school during the regular instructional school day as one of the officer's regular responsibilities through the terms of a contract entered between the peace officer's employer and the designated school district or charter school.

IV. CONTRACTUAL DUTIES

- A. A school resource officer's contractual duties with the school district shall include:
 - 1. fostering a positive school climate through relationship building and open communication;
 - 2. protecting students, staff, and visitors to the school grounds from criminal activity;
 - 3. serving as a liaison from law enforcement to school officials;
 - 4. providing advice on safety drills;
 - 5. identifying vulnerabilities in school facilities and safety protocols;
 - 6. educating and advising students and staff on law enforcement topics; and,
 - 7. enforcement of criminal laws.
- B. The school district may contract with a school resource officer's employer for the officer to perform additional duties to those described in paragraph IV.A.

- C. A school resource officer must not use force or the authority of their office solely to enforce school rules or policies or participate in the enforcement of discipline for violations of school rules.
- D. Nothing in this Article limits any other duty or responsibility imposed on peace officers; limits the expectation that peace officers will exercise professional judgment and discretion to protect the health, safety, and general welfare of the public when carrying out their duties; or creates a duty for school resource officers to protect students, staff, or others on school grounds that is different from the duty to protect the public as a whole.

V. TRAINING

- A. Except as provided for in paragraphs V.B., V.C., and V.D. below, beginning September 1, 2025, a peace officer assigned to serve as a school resource officer must complete a training course that provides instruction on the learning objectives identified in Minnesota Statutes, section 626.8482, subdivision 4 prior to assuming the duties of a school resource officer.
- B. A peace officer who has completed either the School Safety Center standardized Basic School Resource Officer Training or the National School Resource Officer Basic School Resource Officer course prior to September 1, 2025, must complete the training mandated under paragraph V.A. above before June 1, 2027. A peace officer covered under this paragraph may complete a supplemental training course approved by the board pursuant to Minnesota Statutes, section 626.8482, subdivision 4, paragraph (b), to satisfy the training requirement.
- C. If an officer's employer is unable to provide the required training course to the officer prior to the officer assuming the duties of a school resource officer, the officer must complete the required training within six months of assuming the duties of a school resource officer. The officer is not required to perform the duties described in Minnesota Statutes, section 626.8482, subdivision 2, paragraph (a), clause (4) or (5), until the officer has completed the required training course. The officer must review any policy adopted by the officer's employer pursuant to section 626.8482, subdivision 6 before assuming the other duties of a school resource officer and must comply with that policy.
- D. An officer who is serving as a substitute school resource officer for fewer than 60 student contact days within a school year is not obligated to complete the required training or perform the duties described in Minnesota Statutes, section 626.8482 subdivision 2, paragraph (a), clause (4) or (5), but must review and comply with any policy adopted pursuant to subdivision 6 by the law enforcement agency that employs the substitute school resource officer.
- E. For each school resource officer employed by an agency, the chief law enforcement officer must maintain a copy of the most recent training certificate issued to the officer for completion of the training mandated under this section.

3.D. 514 Bullying Prohibition

514 BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 1. on school premises, ~~on school district property,~~ at school functions or activities, ~~or on school transportation;~~
 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. **This policy also applies to sexual exploitation.**
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota

Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. - A. Within three **school** days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
