1. Update for Committee on Pending Policy

1.A. Social Media Use as an ISD 110 Employee

Presenter: Dr. Enid
Schonewise, Director
of Human Resources
and Matt Thomas,
Director of
Communications

MINNETONKA PUBLIC SCHOOLS

POLICY #470: EMPLOYEE USE OF SOCIAL MEDIA

I. PURPOSE

As a national leader in using technology as an accelerator of learning, the Minnetonka School District recognizes the value of inquiry, investigation and innovation in using new technology tools and resources to enhance the learning experience and to share information. The District also recognizes its obligation to teach, model and ensure responsible safe use of such technology tools.

District staff are expected to model appropriate and healthy use of technology tools in their interactions with one another, students and the global community both in person and through technology. With social media continuing to emerge and thrive as a dynamic, influential and evolving aspect of communication, the District developed this policy to address the unique circumstances that arise when employees engage through publicly available social media such as personal websites, virtual and augmented reality environments, social networks, online forums and other similar tools.

II. GENERAL STATEMENT OF POLICY

The District recognizes the importance of social media networks and platforms as communication and e-learning tools. To that end, the District provides select, approved social media accounts and other online engagement tools and encourages use of these tools for collaboration by employees, as appropriate for employees' roles with the District. Public social media, outside of accounts sponsored and approved by the District, may not be used for classroom instruction or school-sponsored activities without the prior authorization of the Superintendent, or designee. Additionally, such use must comply with all District policies and with regulations set forth by the social media provider.

The District has official accounts on select social media platforms (Facebook, Twitter, Instagram, Vimeo, YouTube, other) and additional technologies (Schoology, PreciouStatus, Peachjar, Let's Talk) it uses in fulfilling its responsibility for effectively communicating with its various audiences, including the general public. Communications Department staff members and designated staff at each of the schools and in some additional departments,

such as Athletics and Community Education, are approved to post for the District on accounts that have been designated as their responsibility. They are the only employees who may post for the District or schools on such accounts without additional approval from the Superintendent or designee.

Employees must limit personal use of social media during work, using professional discretion. If a building principal or executive staff member determines personal use of social media is becoming an issue for an employee, restrictions may be placed on employees' use of personal devices. Such restrictions would take place at the discretion of the Superintendent or designee.

When a new official District social media account is desired by an employee, the request should be elevated to a principal or executive staff member, who then will discuss it with the Superintendent or designee and the Executive Director of Communications. From there, any approved social media account will be created in coordination with the Communications Department. The login, password and recovery information will be shared with the Communications Department, and any update to that information in future will be shared, as well.

All employees must avoid posting any information or engaging in communications that violates state or federal laws or District policy.

When employees choose to join or engage with District students, families, fellow employees or members of the general public in a social media context that exists outside those approved by the District, they must maintain their professionalism as District employees and have responsibility for addressing inappropriate behavior or activity on these networks, including requirements for [mandated reporting](#).

III. DEFINITIONS

- A. ***Public social media networks*** are defined to include: websites, social networks, online forums, virtual and augmented reality environments, and any other social media generally available to the public or consumers. Examples of public social media include but are not limited to the following platforms: Facebook, Twitter, Snapchat, Instagram, LinkedIn, Vimeo, YouTube and blogs.
- B. ***District approved online engagement tools*** are those the District has approved for educational or official communication purposes. The District has greater ability to protect minors from inappropriate content and can limit public access with such tools. Examples include but are not limited to the following platforms: Schoology, Let's Talk, PreciouStatus.

IV. REQUIREMENTS

As set forth in the District's Vision, all employees are expected to serve as positive ambassadors for our schools and to remember they are role models to students in the

community. Because those on social media networks may view the employee as a representative of the schools and the District, the District requires employees to observe the following rules when referring to the District, its schools, students, programs, activities, employees, volunteers and communities on any social media networks:

- A. An employee's postings, displays, or communications must comply with all state and federal laws and any applicable District policies.

Employees must be respectful and professional in all communications (by word, image, implication and other means). Employees shall not use obscene, profane or vulgar language on any social media network or engage in communications or conduct that is harassing, threatening, bullying, libelous, defamatory or that encourages any illegal activity, the inappropriate use of alcohol, the use of illegal drugs, sexual behavior, sexual harassment or bullying.

Employees should not use their District e-mail address for communications on public social media networks for personal use or without approval from the Superintendent or designee.

Employees must make clear that any views expressed are the employee's alone and do not necessarily reflect the views of the District. Employees may not act as a spokesperson for the District or post comments as a representative of the District, except as authorized by the Superintendent or the Superintendent's designee or as appropriate for their defined role as a spokesperson or social media poster for the District. When authorized as a spokesperson for the District and not posting from a District account, employees must disclose their employment relationship with the District.

Employees may not disclose information that is confidential or proprietary to the District, its students, or employees or that is protected by data privacy laws.

Employees may not use or post the District's logos on any social media network nor create a social media account that represents the District without permission from the Superintendent or designee.

Employees may not post images on any social media network of co-workers without the co-workers' consent.

Employees may not post images of students on any public social media network if the parent has opted out of image use of their child, except for images of students taken in the public arena, such as at sporting events or fine arts public performances.

Employees may not post any nonpublic images of the District's floor plans.

- B. The District recognizes that student groups or members of the public may create social media accounts representing teams or groups within the District. When employees, including coaches/advisors, choose to join or engage with these social networking

groups, they always do so as an employee of the District. Employees have responsibility for maintaining appropriate employee-student and employee-public relationships at all times and have responsibility for addressing inappropriate student behavior or activity witnessed on these networks. This includes acting to protect the safety of minors online.

1. When an official student group or team creates a social media site or team website for itself, the coach or advisor must request and secure the login, password and recovery information for that online group. This will prevent, for example, dozens of out of date Twitter accounts for a sports team, as each year's team captain has graduated and the social media account remains up but not active.
- C. Employees who participate in social media networks may decide to include information about their work with the District as part of their personal profile, as it would relate to a typical social conversation. This may include:
1. Work information included in a personal profile, to include District name, job title, and job duties.
 2. Status updates regarding an employee's own job promotion.
 3. Personal participation in District-sponsored events, including volunteer activities.
 4. Words of praise for a District accomplishment.
- D. The District monitors social media and will respond to content when necessary. An employee who is responsible for a social media posting that fails to comply with the requirements set forth in this policy may be subject to discipline, up to and including termination. Employees will be held responsible for the disclosure, whether purposeful or inadvertent, of confidential or private information or information that violates the privacy rights or other rights of a third party.
- E. Anything posted on an employee's personal or professional website, blog, social media account or other online content for which the employee is responsible will be subject to all District policies, rules, regulations, and guidelines. The District is free to view and monitor an employee's publicly viewable website or blog at any time without an employee's consent or previous approval or knowledge. Where applicable, employees may be asked to disclose to the District the existence of and to provide the District with access to an employee's personal or professional website, blog, social media account or other online content for which the employee is responsible as part of an employment selection, promotion or disciplinary process.

Guidelines for Policy #470: Employee Use of Social Media

These are guidelines for social media in the Minnetonka School District. If you're an employee contributing to blogs, social networks, virtual or augmented reality environments, or any other kind of social media both on and off the District network—these guidelines are for you.

We expect all who participate in social media to understand and follow these guidelines. Failure to do so may place your employment at risk. These guidelines will continually evolve as new technologies and social networking tools emerge. Employees are encouraged to check in periodically on the Social Media Use policy to stay current.

It's your responsibility. What you write, upload, post, react to or publish in any other way is ultimately your responsibility. If it seems inappropriate, use caution. If you're about to publish something that makes you even the slightest bit uncomfortable, don't shrug it off and hit 'post.' Take time to review these guidelines and determine what's bothering you and fix it. If you're still unsure, you may want to discuss it with your supervisor. Ultimately, what you publish is your responsibility. What you publish is widely accessible and may be around for a long time, so consider the content carefully. Trademark, copyright, and fair use requirements must also be respected.

Ensure the safety of students. When employees, especially coaches/advisors, choose to join or engage in social networking, they do so as an employee of the District and have responsibility for monitoring content and addressing inappropriate behavior or activity on these networks. This includes acting to protect the safety of minors online.

Be transparent. Your honesty—or dishonesty—will be quickly noticed in the social media environment. If you are posting about your work, use your real name and identify your employment relationship with the District. Be clear about your role; if you have a vested interest in something you are discussing, be the first to point it out. If you publish to a site outside the District's network, please use a disclaimer to state in clear terms that the views expressed are yours alone and that they do not necessarily reflect the views of the Minnetonka School District.

Protect confidential information. Be thoughtful about what you publish. Make sure you do not disclose or use confidential information. Students, parents and colleagues should not be cited or referenced without their approval. For example, ask permission before posting someone's picture or statement in a social network (student photos require parental consent). Do not publish a conversation that was meant to be private.

It is acceptable to discuss general details about projects, lessons, or events and to use non-identifying pseudonyms for an individual if you do not have permission from the individual to use their name, so long as the information provided does not make it easy for someone to identify the individual or violate any privacy laws. Furthermore, public social networking sites are not the place for employees who are not designated as official posters for the District to

conduct school business with students or parents.

Respect your audience and your coworkers. Always express ideas and opinions in a respectful manner. Make sure your communications are in good taste. Do not denigrate or insult others, including other schools or competitors. Remember that our communities reflect a diverse set of customs, values and points of view. Be respectful. This includes not only the obvious (no racial slurs, personal insults, obscenity, etc.) but also proper consideration of privacy and of topics that may be considered objectionable or inflammatory. Be sensitive about linking to content. Redirecting to another site may imply an endorsement of its content.

Perception can be reality. On social media, the lines between public and private, personal and professional are blurred. Just by identifying yourself as a District employee, you are creating perceptions about your expertise and about the District by community members, parents, students and the general public; and you are creating perceptions about yourself with your colleagues and managers. If you chose to join or engage with District students and families in a social media context, do so in a professional manner, ever mindful that in the minds of students, families, colleagues and the public, you are a District employee. Be sure that all content associated with you is consistent with your work and with the District's beliefs and professional standards.

Are you adding value? Communication associated with our District should help fellow educators, parents, students, and co-workers. It should be thought-provoking and build a sense of community. If it helps people improve knowledge or skills, do their jobs, solve problems, or understand education better—then it's adding value.

Keep your cool. One of the aims of social media is to create dialogue, and people will not always agree on an issue. When confronted with a difference of opinion, stay cool. If you make an error, be upfront about your mistake and correct it quickly. Express your points in a clear, logical way. Don't pick fights, and correct mistakes. Sometimes, it's best to ignore a comment and not give it credibility by acknowledging it with a response.

Be careful with personal information. Make full use of privacy settings. Know how to disable anonymous postings and use moderating tools on your social media site(s). Astute criminals can piece together information you provide on different sites and then use it to impersonate you or someone you know, or even re-set your passwords.

Be a positive role model. Educational employees have a responsibility to maintain appropriate employee-student relationships, whether on or off duty. Both case law and public expectations hold educational employees to a higher standard of conduct than the general public.

Don't forget your day job. You should make sure that your online activities do not interfere with your job. Remember that District technologies are provided for educational use. Use of social media for personal use during District time or on District equipment should be limited, using professional discretion. If a building principal or executive staff member determines personal use of social media is becoming an issue for an employee, restrictions may be placed on employees' use of personal devices.

2. **MSBA Policy Updates November 2024**

2.A. 606 Textbooks and Instructional Materials

Presenter: Erika
Nesvig, Director of
Education Services

606 TEXTBOOKS AND INSTRUCTIONAL MATERIALS

I. PURPOSE

The purpose of this policy is to provide direction for selection of textbooks and instructional materials.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that selection of textbooks and instructional materials is a vital component of the school district's curriculum. The school board also recognizes that it has the authority to make final decisions on selection of all textbooks and instructional materials.

III. RESPONSIBILITY OF SELECTION

- A. While the school board retains its authority to make final decisions on the selection of textbooks and instructional materials, the school board recognizes the expertise of the professional staff and the vital need of such staff to be primarily involved in the recommendation of textbooks and instructional materials. Accordingly, the school board delegates to the superintendent [or designee] the responsibility to direct the professional staff in formulating recommendations to the school board on textbooks and other instructional materials.
- B. In reviewing textbooks and instructional materials during the selection process, the professional staff shall select materials that:
 - 1. support the goals and objectives of the education programs;
 - 2. consider the needs, age, and maturity of students;
 - 3. foster respect and appreciation for cultural diversity and varied opinion;
 - 4. fit within the constraints of the school district budget;
 - 5. are in the English language. Another language may be used, pursuant to Minnesota Statutes section [124D.59 to 124D.61](#);
 - 6. permit grade-level instruction for students to read and study America's founding documents, including documents that contributed to the foundation or maintenance of America's representative form of limited government, the Bill of Rights, our free-market economic system, and patriotism; and
 - 7. do not censor or restrain instruction in American or Minnesota state history or heritage based on religious references in original source documents, writings, speeches, proclamations, or records.
- C. The superintendent [or designee] shall be responsible for developing procedures and guidelines to establish an orderly process for the review and recommendation of textbooks and other instructional materials by the professional staff. Such procedures and guidelines shall be coordinated with the school district's curriculum development effort and may utilize the Teaching and Learning Advisory Council for input and consideration.

IV. SELECTION OF TEXTBOOKS AND OTHER INSTRUCTIONAL MATERIALS

- A. The superintendent [or designee] shall be responsible for keeping the school board informed of progress on the part of staff and others involved in the textbook and other instructional materials review and selection process.

- B. The superintendent [or designee] shall present a recommendation to the school board on the selection of textbooks and other instructional materials after completion of the review process as outlined in this policy.

V. RECONSIDERATION OF TEXTBOOKS OR OTHER INSTRUCTIONAL MATERIALS

- A. The school district shall provide a process for members of the school district community to seek reconsideration of the use of select textbooks or instructional materials.
- B. The superintendent [or designee] shall be responsible for the development of guidelines and procedures to identify the steps to be followed to seek reconsideration of textbooks or other instructional materials.
- C. The superintendent [or designee] shall present a procedure to the school board for review and approval regarding reconsideration of textbooks or other instructional materials. When approved by the school board, such procedure shall be an addendum to this policy.

2.B. 606.5 Library Materials

Presenter: Erika
Nesvig, Director of
Education Services

606.5 LIBRARY MATERIALS

I. PURPOSE

The purpose of this policy is to provide direction and to delegate responsibility for selection and reconsideration of library materials.

II. GENERAL STATEMENT OF PURPOSE

The school board recognizes that library materials serve as a vital component of a student's education by enriching the breadth of the curriculum as a whole and meeting the needs and interests of individual students. The purpose of library materials is to meet the needs of all students. Therefore, questions regarding selection and reconsideration of library materials should be handled differently than those concerning textbooks and instructional materials.

To ensure that library materials fulfill this role, the school board delegates to the superintendent or the superintendent's designee responsibility for administering a process for selection of library materials. Responsibility for selection shall rest with professionally trained school district staff, with recognition that the school board has the final authority on selection of library materials. Parents and guardians have the right and the responsibility to determine their children's access to library materials.

[NOTE: The school board may choose to revise the General Statement of Purpose.]

III. DEFINITIONS

- A. "Library" is the school district resource that holds the library collection that serves the information and independent reading needs of students and supports the curriculum needs of teachers and staff. The term "library" includes a school library media center. The term also includes access to electronic materials.

For school districts with multiple school buildings, the term "library" refers to the resource within a specific school building. The school district's libraries are commonly referred to as Media Centers.

Minnesota Statutes, section 124D.9091, states that a school district or charter school library or school library media center provides equitable and free access to students, teachers, and administrators and that a school library or school library media center must have the following characteristics:

1. ensures every student has equitable access to resources and is able to locate, access, and use resources that are organized and cataloged;
2. has a collection development plan that includes but is not limited to materials selection and deselection, a challenged materials procedure, and an intellectual and academic freedom statement;
3. is housed in a central location that provides an environment for expanded learning and supports a variety of student interests;
4. has technology and Internet access; and
5. is served by a licensed school library media specialist or licensed school librarian.

[NOTE: The school board may add a sentence that incorporates the term(s) used to identify libraries in the school district, such as "The school district's libraries are commonly referred to as Media Centers.]"

- B. "Library collection" consists of the library materials made available to students.
- C. "Library materials" are the books, periodicals, newspapers, manuscripts, films, prints,

documents, videotapes, subscription content, electronic and digital materials (including e-books, audiobooks, and databases), and related items made available to students in a school building or through access to electronic materials. This term does not include materials made available to students as part of the curriculum.

- D. "Library media specialist" is a teacher holding a Library Media Specialist teaching license issued by the Professional Educator Licensing and Standards Boards and who is trained to deliver library services to students and staff in a library. A library media specialist is authorized under Minnesota Rules to provide to students in kindergarten through grade 12 instruction that is designed to provide information and technology literacy skills instruction, to lead, collaborate, and consult with other classroom teachers for the purpose of integrating information and technology literacy skills with content teaching, and to administer media center operations, programming, and resources.

[NOTE: The specific titles of the school district's library staff should be used for this definition and substituted for "library media specialist" throughout this model policy. Please note the new 2024 law in Article IV regarding administration of selection and reconsideration procedures.]

IV. RESPONSIBILITY FOR SELECTION OF LIBRARY MATERIALS

- A. The school board recognizes the expertise of the school district's professional staff and the vital need of such staff to be responsible for selection of library materials.
- B. While recommendations by administrators, faculty members, students, parents, and other community members may be considered, the final responsibility for selection of library materials shall rest with the library media specialist.
- C. The procedures for selection and reconsideration set forth in this policy will be administered by:
1. a licensed library media specialist under Minnesota Rules, part 8710.4550;
 2. an individual with a master's degree in library science or library and information science; or
 3. a professional librarian or a person trained in library collection management.
- D. The school board may decline to purchase, lend, or shelve or remove access to library materials legitimately based on:
1. practical reasons, including but not limited to shelf space limitations, rare or antiquarian status, damage, or obsolescence;
 2. legitimate pedagogical concerns, including but not limited to the appropriateness of potentially sensitive topics for the library's intended audience, the selection of library materials for a curated collection, or the likelihood of causing a material and substantial disruption of the work and discipline of the school; or
 3. compliance with state or federal law.

[NOTE: In 2024, the Minnesota legislature enacted a new law—Minnesota Statutes 134.51--that includes the new provisions above.]

[NOTE: Minnesota Statutes, section 134.51, cited above, recognizes the school board's authority to make decisions regarding library materials. Through adoption of this policy, the school board delegates selection and reconsideration of library materials decision making set forth in this policy.]

V. SELECTION OF LIBRARY MATERIALS

- A. Selection Criteria: The library materials selection process should result in a library collection that, when considered as a whole, is consistent with the following criteria:
1. Library materials shall support and be consistent with the general educational goals of the state and the district and the aims and objectives of individual schools and specific courses;
 2. Library materials shall be chosen to enrich and support the curriculum as well as to promote reading for pleasure by responding to the personal needs and interests of student users;
 3. Library materials shall not be excluded because of the race, nationality, religion, sex, gender, or political views of the writer;
 4. Library materials shall be appropriate to and reflect the needs, ages, maturity level, emotional development, ability levels, learning styles, social development, background, diversity, and needs and interests of the students for whom the materials were selected;
 5. Library materials shall meet high standards of quality in one or more of these categories (presented alphabetically):
 - a. Artistic quality and/or literary style;
 - b. Authenticity;
 - c. Critical thinking;
 - d. Educational significance;
 - e. Factual content;
 - f. High interest for intended audience; and
 - g. Readability.
 6. The selection of library materials shall conform to the constraints of the school district budget.

[NOTE: Before adopting selection criteria, the school board is strongly encouraged to consult with the licensed library media specialist, who possesses professional expertise and experience in selecting appropriate library materials. The school board may choose to adopt selection criteria specifically designed for each school building.]

[NOTE: A school board may choose to adopt similar selection criteria for classroom library materials, with the classroom teacher making selection decisions. If a school board chooses to address classroom libraries, the board can decide whether to follow the reconsideration process in this model policy or to create a different process for classroom library materials.]

- B. The library media specialist shall consult sources and specialists experienced in library materials collections appropriate for the building's students and that are reputable, experienced, unbiased, and professionally trained in school library materials.

[NOTE: The school board may choose to identify specific sources and specialists that satisfy this paragraph.]

- C. The superintendent or the superintendent's designee shall be responsible for keeping the school board informed of progress on review and selection of each building's library materials.
- D. Library materials that are outdated, inaccurate, no longer useful for curricular support or reading enrichment, or have not been utilized for an extended period of time may be removed. Library materials that are in poor physical condition may be removed or replaced as determined by the library media specialist or the principal.
- E. Gifts and Donations of Library Materials

Materials offered for donation or gifted to a school library may be accepted if they comply with the library collection selection criteria and approved by the library media specialist. The school district's libraries welcome donations of books and other resource materials from individuals and organizations, but also reserve the right to decline to accept library materials that do not meet the criteria for selection. In addition, financial donations to benefit school district's libraries will be accepted with the understanding that funds will be used to purchase materials that are needed for libraries based on the needs of the individual schools.

[NOTE: The school board may choose to delete Paragraph E.]

VI. INDIVIDUAL STUDENT ACCESS TO SPECIFIC LIBRARY MATERIAL

A parent or guardian may request that access to specific material in the library materials collection be restricted from their student. The school shall take reasonable steps to fulfill this request. This type of request will not result in removal of specific library collection material from the library or restrictions upon any other student accessing specific library materials.

VII. RECONSIDERATION OF SPECIFIC LIBRARY MATERIAL

- A. The school board seeks to uphold students' access to library materials that meet the educational goals and selection criteria set forth in this policy.
- B. A school district employee, student, or a parent or guardian of a school district student may request reconsideration of specific library material on the basis of appropriateness. Access to the material in question shall not be restricted until the procedures listed below have been fully completed and a decision to remove or restrict the materials has been made.
- C. Informal Request for Reconsideration of Specific Library Material
 1. Requests for reconsideration of specific library material shall be directed to the library media specialist and the building principal. The building principal and the library media specialist shall assume responsibility for processing the request on an informal basis.
 2. The building principal and/or the library media specialist shall provide an explanation to the individual who submitted the request. The explanation shall include the particular selection criteria that the material in question met in order to be included in the library as curriculum support or as an independent reading choice for students in the building.
 3. If the request is not resolved informally, the principal shall submit a report on the matter to the superintendent or the superintendent's designee. The requestor will have an option to initiate a Formal Request for Reconsideration.
- D. Formal Request for Reconsideration of Specific Library Collection Material

1. A Formal Request for Reconsideration of specific library material is initiated upon submission of a completed *Formal Request for Reconsideration of Specific Library Collection Material* form. The form must be completed in its entirety for each work that is subject to a request for reconsideration. The principal shall notify the superintendent or the superintendent's designee and the library media specialist of receipt of a completed Formal Request form.

If specific library material is the subject of a Formal Request for Reconsideration and a final decision is made to retain the specific library material, then the specific library material shall not be subject to additional requests for reconsideration for three years following the date of final resolution of the initial Formal Request for Reconsideration.

2. On an annual basis, the Superintendent or the superintendent's designee shall appoint a Library Materials Review Committee (Review Committee). This committee shall include:
 - a. Building Administrator
 - b. Media Specialist
 - c. Classroom Teacher
 - d. Member of Teaching and Learning Advisory Council
 - e. Student (if appropriate)

[NOTE: This list of Review Committee members is an example. The school board may alter this list. The school district may decide to create Review Committees for individual schools.]

3. The Review Committee shall establish a date upon which it will discuss the request and whether the specific library collection material conforms to the selection criteria set forth in this policy.
4. The Review Committee
 - a. may consult individuals, organizations, and other resources with relevant professional knowledge on school library material;
 - b. shall examine the specific library material as a whole;
 - c. shall examine the specific library material as to its conformance with the criteria for selection of library materials; and
 - d. shall submit a written report to the superintendent or the superintendent's designee containing the Review Committee's decision on whether to retain, to remove, or to take other action regarding the specific library material.
5. The superintendent or the superintendent's designee shall inform the requestor and the school board of the Review Committee's decision. The requestor may appeal the Review Committee's decision to the superintendent or the superintendent's designee by submitting a written appeal to the superintendent or the superintendent's designee within fourteen (14) days of submission of the Review Committee's decision to the requestor. The superintendent or the superintendent's designee shall provide a written decision on a requestor's appeal within a reasonable time period.

[NOTE: The school board can decide whether to allow appeal of a

Review Committee decision to the superintendent or the superintendent's designee. If appeal to the superintendent or the superintendent's designee is permitted, the school board may direct the superintendent or the superintendent's designee to craft an appeal process or the board may choose to create the process itself.]

6. The requestor shall have the right to appeal the decision of the superintendent or the superintendent's designee to the school board.

[NOTE: The school board may decide whether to allow an appeal of a Review Committee decision directly to the school board or whether the appeal to the superintendent or the superintendent's designee is a required intermediary step. If appeal to the school board is permitted, the school board may direct the superintendent or the superintendent's designee or designee to craft an appeal process or the board may choose to create the process itself.]

VIII. CHALLENGE REPORT

Upon the completion of a content challenge or reconsideration process in accordance with this policy, the school board must submit a report of the challenge to the Commissioner of the Minnesota Department of Education that includes:

- A. the title, author, and other relevant identifying information about the material being challenged;
- B. the date, time, and location of any public hearing held on the challenge in question, including minutes or transcripts;
- C. the result of the challenge or reconsideration request; and
- D. accurate and timely information on who from the school district the Department of Education may contact with questions or follow-up.

[NOTE: This article was enacted in 2024 by the Minnesota legislature.]

IX. Teacher Selected Materials

Materials selected for classroom use may include both print and non-print formats as well as fiction and nonfiction. Classroom materials have their primary justification to support the curriculum. Although a textbook may contain the entire curriculum content of a course of study, more commonly, a variety of materials are used. Assumptions underlying the latter practice include the following:

1. People often are better informed for having considered a subject from various points of view.
2. Students in any subject at any given grade level have a wide range of skills and abilities. An equally wide range of materials is needed to match these individual differences.
3. Access to adequate collections of materials is essential to programs that provide students with independent study time.
4. Because the curriculum may not include items of personal relevance of students, access to a wide range of materials is essential.

5. Teachers can be more flexible and creative if a wide variety of materials are available.

X. PROHIBITION ON RETALIATION

The school district may not discriminate against or discipline an employee for complying with Minnesota Statutes, section 134.51.

2.C. 613 Graduation Requirements

Presenter: Erika
Nesvig, Director of
Education Services

613 GRADUATION REQUIREMENTS

[Note: The requirements set forth in this policy govern the graduation standards that Minnesota public schools must require for a high school diploma for all students.]

I. PURPOSE

The purpose of this policy is to set forth requirements for graduation from the school district.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is that all students must demonstrate, as determined by the school district, their satisfactory completion of the credit requirements and their understanding of academic standards. The school district must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule.

III. DEFINITIONS

A. "Academic standard" means a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, health, and the arts. Locally developed academic standards in health apply until statewide rules implementing statewide health standards under Minnesota Statutes, section 120B.021, subdivision 3, are required to be implemented in the classroom.

[NOTE: The 2024 Minnesota legislature enacted this change. Paragraphs C and E are flipped to create alphabetical order.]

B. "Credit" means a student's successful completion of a trimester course or a student's mastery of the applicable subject matter, as determined by the school district.

C. "English language learners" or "ELL" student means an individual whose first language is not English and whose test performance may be negatively impacted by lack of English language proficiency.

D. "Individualized Education Program" or "IEP" means a written statement developed for a student eligible by law for special education and services.

E. "Section 504 Accommodation" means the defined appropriate accommodations or modifications that must be made in the school environment to address the needs of an individual student with disabilities.

IV. DISTRICT ASSESSMENT COORDINATOR

The superintendent or designee shall name the District Assessment Coordinator. Said person shall be in charge of all test procedures and shall bring recommendations to the school board annually for approval.

V. GRADUATION REQUIREMENTS

A. Graduation Requirements

Students' state graduation requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support, and evaluation, include the following:

1. Achievement and career and college readiness in mathematics, reading, and writing, consistent with paragraph (k) and to the extent available, to monitor

students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

2. Consistent with this paragraph and Minnesota Statutes section 120B.125 (see *Policy 604, Section II.H.*), age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.
3. Based on appropriate state guidelines, students with an IEP may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

[NOTE: Minnesota Statutes 120B.303 includes the reference to paragraph (k) found in subparagraph 1. above. This statute no longer has a paragraph (k). MSBA has informed the Minnesota Revisor's Office, which replied that it will seek correction during the 2025 legislative session.]

B. Targeted Instruction Plan

1. A student must receive targeted, relevant, academically rigorous, and resourced instruction which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation.
2. Consistent with Minnesota Statutes, sections 120B.13, 124D.09, 124D.091, 124D.49, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.
3. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

[NOTE: The revisions in Paragraphs A and B align the model policy language with Minnesota Statutes 120B.303.]

- C. A student's progress toward career and college readiness must be recorded on the student's high school transcript.

VI. GRADUATION CREDIT REQUIREMENTS

Students must successfully complete, as determined by the school district, the following high school level credits for graduation:

A. Credit Requirements

1. Eight credits of language arts sufficient to satisfy all academic standards in

English language arts;

2. Seven credits of mathematics sufficient to satisfy all of the academic standards in mathematics;
3. Seven credits of science, including three credits to satisfy all the earth and space standards for grades 9 through 12, two credits to satisfy all the life science standards for grades 9 through 12, and two credits to satisfy all the chemistry or physics standards for grades 9 through 12;
4. Eight credits of social studies, encompassing at least United States history, geography, government and citizenship in either grade 11 or 12 for students beginning in grade 9 in the 2025-2026 school year and later or an advanced placement, international baccalaureate, or other rigorous course on government and citizenship under Minnesota Statutes, section 120B.21, subdivision 1a, and a combination of other credits encompassing at least United States history, geography, government and citizenship, world history, and economics sufficient to satisfy all of the academic standards in social studies;

[NOTE: This revision includes the 2024 change on implementation of the government and citizenship requirement to the 2025-26 school year.]

5. Two credits in the arts sufficient to satisfy all of the academic standards in the arts;

~~6. Credit sufficient to satisfy the state standards in physical education; and~~

~~7~~6. A minimum of eighteen elective credits.

- ~~8~~7. Students who begin grade 9 in the 2024-2025 school year and later must successfully complete a course for credit in personal finance in grade 10, 11, or 12. A teacher of a personal finance course that satisfies the graduation requirement must have a field license or out-of-field permission in agricultural education, business, family and consumer science, social studies, or math.

[NOTE: The revisions above align the policy language with Minnesota law, including changes enacted by the 2024 Minnesota legislature concerning physical education credit and state standards in health. Paragraph 8 was enacted in 2023; it affects students who begin grade 9 in the 2024-25 school year.]

- ~~9~~8. Three credits of physical education (2) to satisfy the state standards in physical education; and health (1).

~~10~~9. One credit for speech.

~~11~~10. One credit for completion of senior seminar

B. Credit equivalencies

1. A credit of economics taught in a school's business department may fulfill credit in social studies under Paragraph 4., above, if the credit is sufficient to satisfy all of the academic standards in economics.
2. An agriculture science or career and technical education credit may fulfill the elective science credit required under Paragraph A.3, above, if the credit meets the state physical science, life science, earth and space science, chemistry, or

physics academic standards or a combination of these academic standards as approved by the school district. An agriculture or career and technical education credit may fulfill the credit in chemistry or physics required under Paragraph [A.3](#), above, if the credit meets the state chemistry academic standards or all of the physics academic standards as approved by the school district. A student must satisfy either all of the chemistry or physics academic standards prior to graduation. An agriculture science or career and technical education credit may not fulfill the required biology credit under Paragraph [A.3](#), above.

3. A career and technical education credit may fulfill a mathematics or arts credit requirement under Paragraph [A.2](#) or Paragraph [A.5](#), above.
4. A computer science credit may fulfill a mathematics credit requirement under Paragraph [2.](#), above, if the credit meets state academic standards in mathematics.
5. A Project Lead the Way credit may fulfill a mathematics or science credit requirement under Paragraph [A.2](#), or Paragraph [A.3](#), above, if the credit meets the state academic standards in mathematics or science.
6. An ethnic studies course may fulfill a social studies, language arts, arts, math, or science credit if the course meets the applicable state academic standards. An ethnic studies course may fulfill an elective credit if the course meets applicable local standards or other requirements.

[Note: The revisions above align the policy language with Minnesota law, including changes enacted by the 2024 Minnesota legislature. Starting in the 2026-27 school year, a high school must offer an ethnic studies course; in elementary and middle schools by the 2027-28 school year.]

VII. GRADUATION STANDARDS REQUIREMENTS

- A. All students must demonstrate their understanding of the following academic standards:
 1. School District Standards, Health (K-12);
 2. School District Standards, Career and Technical Education (K-12); and
 3. School District Standards, World Languages (K-12).
- B. Academic standards in health, world languages, and career and technical education will be reviewed as part of the district's curriculum review cycle.* A school district must use the current world languages standards developed by the American Council on the Teaching of Foreign Languages.

* Reviews are required to be conducted on a periodic basis. Therefore, this time period may be changed to accommodate individual school district needs.
- C. All students must satisfactorily complete the following required Graduation Standards in accordance with the standards developed by the Minnesota Department of Education (MDE):
 1. Minnesota Academic Standards, English Language Arts K-12;
 2. Minnesota Academic Standards, Mathematics K-12;
 3. Minnesota Academic Standards, Science K-12;

4. Minnesota Academic Standards, Social Studies K-12; and
 5. Minnesota Academic Standards, Physical Education K-12.
- D. State standards in the Arts K-12 are available, or school districts may choose to develop their own standards.
 - E. The academic standards for language arts, mathematics, and science apply to all students except the very few students with extreme cognitive or physical impairments for whom an IEP team has determined that the required academic standards are inappropriate. An IEP team that makes this determination must establish alternative standards.

VIII. EARLY GRADUATION

Students may be considered for early graduation, as provided for within Minnesota Statutes, section 120B.07, upon meeting the following conditions:

- A. All course or standards and credit requirements must be met;
- B. The principal or designee shall conduct an interview with the student and parent or guardian, familiarize the parties with opportunities available in post-secondary education, and arrive at a timely decision; and
- C. The principal's decision shall be in writing and may be subject to review by the superintendent and school board.

2.D. 614 School District Testing Plans and
Procedures

Presenter: Erika
Nesvig, Director of
Education Services

614 SCHOOL DISTRICT TESTING PLAN AND PROCEDURE

I. PURPOSE

The purpose of this policy is to set forth the school district's testing plan and procedure.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to implement procedures for testing, test security, documentation, and record keeping.

III. DUTIES OF SCHOOL DISTRICT PERSONNEL REGARDING TEST ADMINISTRATION

[Note: This listing of school personnel may not be consistent with the personnel in the school district and, consequently, should be amended to reflect the personnel with responsibility for testing in the school district.]

A. Superintendent

1. Responsibilities before testing.
 - a. Designate a district assessment coordinator and district technology coordinator.
 - b. The superintendent, or a designee who has been authorized to be the identified official with authority by the school board, pre-authorizes staff access for applicable Minnesota Department of Education (MDE) secure systems.
 - c. Annually review and recertify staff who have access to MDE secure systems.
 - d. Read and complete the *Assurance of Test Security and Non-Disclosure*.

[Note: This form is available on the Minnesota PearsonAccess Next website—see Cross References for website address.]

- e. Establish a culture of academic integrity.
- f. Fully cooperate with MDE representatives conducting site visits or Minnesota Test of Academic Skills (MTAS) audits during testing.
- g. Ensure student information is current and accurate.
- h. Ensure that a current district test security procedure is in place and that all relevant staff have been provided district training on test administration and test security.
- i. Ensure that a current process is included for tracking which students tested with which test monitors and any other adult(s) who were present in the testing room (e.g., staff providing assistance, paraprofessionals, etc.).
- j. Confirm the district assessment coordinator has current information and training specific to test security and the administration of statewide assessments.

- k. Confirm the district assessment coordinator completes Pre-test Editing in the Test Web Edit System (WES).
 - l. Post on the school district website the complete Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing form.
2. Responsibilities after testing.
- a. Confirm the district assessment coordinator and Minnesota Automated Reporting Student System (MARSS) coordinator complete Post-test Editing in Test WES.
 - b. Verify with the district assessment coordinator that all test security issues have been reported to MDE and are being addressed.
 - c. Confirm the MARSS coordinator has updated all student records for Post-test Editing.
 - d. Confirm the district assessment coordinator has finalized the district's assessment information prior to the close of Post-test Editing in Test WES.
 - e. Confirm the district assessment coordinator, or designee, has access to the Graduation Requirements Records (GRR) system and enters necessary information.
 - f. Discuss assessment results with the district assessment coordinator and school administrators.

B. District Assessment Coordinator

1. Responsibilities before testing.
- a. Serve as primary contact with MDE regarding policy and procedure questions related to test administration.
 - b. Read and complete the *Assurance of Test Security and Non-Disclosure*.
 - c. Confirm all staff who handle test materials, administer tests, or have access to secure test content have completed the *Assurance of Test Security and Non-Disclosure*.
 - (1) Maintain the completed *Assurance of Test Security and Non-Disclosure* for two years after the end of the academic school year in which testing took place.
 - d. Review with all staff the *Assurance of Test Security and Non-Disclosure* and their responsibilities thereunder.
 - e. Identify appropriate tests for students and ensure student data sent to service providers for testing are correct.
 - f. Establish district testing schedule within the testing windows specified by the MDE and service providers.
 - g. Prepare testing conditions, including user access to service provider websites, preparing readiness for online testing, preparing a plan for tracking which students test on which computers or devices, ensure accommodations are indicated as necessary, providing students with opportunity to become familiar with test format, item types, and tools

prior to test administration; establishing process for inventorying and distributing secure test materials where necessary; preparing procedures for expected and unexpected situations occurring during testing; planning for addressing technical issues while testing; identify staff who will enter student responses from paper accommodated test materials and scores from MTAS administration online.

- h. Train school assessment coordinators, test monitors, MTAS test administrators, and ACCESS (test for English language learners) and Alternate ACCESS test administrators.
 - (1) Provide training on proper test administration and test security (Pearson's Training Management System).
 - (2) Verify staff complete any and all test-specific training.
- i. Maintain security of test content, test materials, and record of all staff involved.
 - (1) Receive secure paper test materials from the service provider and immediately lock them in a previously identified secure area, inventory same, and contact service provider with any discrepancies.
 - (2) Organize secure test materials for online administrations and keep them secure.
 - (3) Define chain of custody for providing test materials to test monitors and administrators. The chain of custody must address the process for providing test materials on the day of testing, distributing test materials to and collecting test materials from students at the time of testing, keeping test materials secure between testing sessions, and returning test materials after testing is completed.
- j. Confirm that all students have appropriate test materials.

2. Responsibilities on testing day(s).

- a. Conduct random, unannounced visits to testing rooms to observe staff adherence to test security and policies and procedures.
- b. Fully cooperate with MDE representatives conducting site visits or MTAS audits.
- c. Contact the MDE assessment contact within 24 hours of a security breach and submit the *Test Security Notification* in Test WES within 48 hours.
- d. Address invalidations and test or accountability codes.

3. Responsibilities after testing.

- a. Ensure that student responses from paper accommodated test materials and MTAS scores are entered.
- b. Arrange for secure disposal of all test materials that are not required to be returned within 48 hours after the close of the testing window.

- c. Return secure test materials as outlined in applicable manuals and resources.
- d. Collect security documents and maintain them for two years from the end of the academic school year in which testing took place.
- e. Review student assessment data and resolve any issues.
- f. Distribute Individual Student Reports no later than fall parent/teacher conferences.
- g. Enter Graduation Requirements Records in the GRR system.

C. School Principal

- 1. Responsibilities before testing.
 - a. Designate a school assessment coordinator and technology coordinator for the building.
 - b. Be knowledgeable about proper test administration and test security as outlined in manuals and directions.
 - c. Read and complete the *Assurance of Test Security and Non-Disclosure*.
 - d. Communicate the importance of test security and expectation that staff will keep test content secure and act with honesty and integrity during test administration.
 - e. Provide adequate secure storage space for secure test materials before, during, and after testing until they are returned to the service provider or securely disposed of.
 - f. Ensure adequate computers and/or devices are available and rooms are appropriately set up for online testing.
 - g. Verify that all test monitors and test administrators receive proper training for test administration.
 - h. Ensure students taking specified tests have opportunity to become familiar with test format, item types, and tools prior to test administration.
 - i. Include the complete Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing form in the student handbook.
- 2. Responsibilities on testing day(s).
 - a. Ensure that test administration policies and procedures and test security requirements in all manuals and directions are followed.
 - b. Fully cooperate with MDE representatives conducting site visits or MTAS audits.
- 3. Responsibilities after testing.
 - a. Ensure all secure test materials are collected, returned, and/or disposed of securely as required in any manual.

- b. Ensure requirements for embargoed final assessment results are followed.

D. School Assessment Coordinator

- 1. Responsibilities before testing.
 - a. Implement test administration and test security policies and procedures.
 - b. Read and complete the *Assurance of Test Security and Non-Disclosure*.
 - c. Ensure all staff who handle test materials, administer tests, or have access to secure test content read and complete the *Assurance of Test Security and Non-Disclosure*.
 - d. Identify appropriate tests for students and ensure student data sent to service providers for testing are correct.
 - e. Prepare testing conditions, including the following: schedule rooms and computer labs; arrange for test monitors and administrators; arrange for additional staff to assist with unexpected situations; arrange for technology staff to assist with technical issues; develop a plan for tracking which students test on which computers or devices; plan seating arrangements for students; ensure preparations are completed for Optional Local Purpose Assessment (OLPA), Minnesota Comprehensive Assessment (MCA), and ACCESS online testing; ensure accommodations are properly reported; confirm how secure paper test materials will arrive and quantities to expect; address accommodations and specific test administration procedures; determine staff who will enter the student responses from paper accommodated test materials and scores from MTAS administrations online.
 - f. Train staff, including all state-provided training materials, policies and procedures, and test-specific training.
 - g. Maintain security of test content and test materials.
 - (1) Receive secure paper test materials from the service provider and immediately lock them in a previously identified secure area, inventory same, and contact service provider with any discrepancies.
 - (2) Organize secure test materials for online administrations and keep them secure.
 - (3) Follow chain of custody for providing test materials to test monitors and administrators. The chain of custody must address the process for providing test materials on the day of testing, distributing test materials to and collecting test materials from students at the time of testing, keeping test materials secure between testing sessions, and returning test materials after testing is completed.
 - (4) Identify need for additional test materials to district assessment coordinator.
 - (5) Provide MTAS student data collection forms if necessary.

- (6) Distribute applicable ACCESS and Alternate ACCESS *Test Administrator Scripts* and *Test Administration Manuals* to test administrators so they can become familiar with the script and prepare for test administration.
- (7) Confirm that all students taking ACCESS and Alternate ACCESS have appropriate test materials and preprinted student information on the label is accurate.

2. Responsibilities on testing day(s).

- a. Distribute materials to test monitors and ACCESS test administrators and ensure security of test materials between testing sessions and that district procedures are followed.
- b. Ensure *Test Monitor and Student Directions* and *Test Administrator Scripts* are followed and answer questions regarding same.
- c. Fully cooperate with MDE representatives conducting site visits or MTAS audits, as applicable.
- d. Conduct random, unannounced visits to testing rooms to observe staff adherence to test security and test administration policies and procedures.
- e. Report testing irregularities to district assessment coordinator using the *Test Administration Report*.

[Note: This form is available on the Minnesota PearsonAccess Next website—see Cross References for website address.]

- f. Report security breaches to the district assessment coordinator as soon as possible.

3. Responsibilities after testing.

- a. Ensure that all paper test materials are kept locked and secure and security checklists completed.
- b. Ensure that student responses from paper accommodated test materials and MTAS scores are entered.
- c. Arrange for secure disposal of all test materials that are not required to be returned within 48 hours after the close of the testing window.
- d. Return secure test materials as outlined in applicable manuals and resources.
- e. Prepare materials for pickup by designated carrier on designated date(s). Maintain security of all materials.
- f. Ensure requirements for embargoed final assessment results are followed.

E. Technology Coordinator

1. Ensure that district is prepared for online test administration and provide technical support to district staff.
2. Acquire all necessary user identifications and passwords.
3. Read and complete the *Assurance of Test Security and Non-Disclosure*.
4. Fully cooperate with MDE representatives conducting site visits or MTAS audits.
5. Attend district training and any service provider technology training.
6. Review, use, and be familiar with all service provider technical documentation.
7. Prepare computers and devices for online testing.
8. Confirm site readiness.
9. Provide all necessary accessories for testing, technical support/troubleshooting during test administration and contact service provider help desks as needed.

F. Test Monitor

1. Responsibilities before testing.
 - a. Read and complete the *Assurance of Test Security and Non-Disclosure*.
 - b. Attend trainings related to test administration and security.
 - c. Complete required training course(s) for tests administering.
 - d. Be knowledgeable about how to contact the school assessment coordinator during testing, where to pick up materials on day of test, and plan for securing test materials between test sessions.
 - e. Be knowledgeable regarding student accommodations.
 - f. Remove or cover any instructional posters or visual materials in the testing room.
2. Responsibilities on testing day(s).
 - a. Before test.
 - (1) Receive and maintain security of test materials.
 - (2) Verify that all test materials are received.
 - (3) Ensure proper number of computers/devices or paper accommodated test materials are present.
 - (4) Verify student testing tickets and appropriate allowable materials.
 - (5) Assign numbered test books to individual students.
 - (6) Complete information as directed.
 - (7) Record extra test materials.
 - b. During test.

- (1) Verify that students are logged in and taking the correct test or using the correct grade-level and tier test booklet for students with paper accommodated test materials.
- (2) Follow all directions and scripts exactly.
- (3) Follow procedures for restricting student access to cell phones and other electronic devices, including wearable electronic devices.
- (4) Stay in testing room and remain attentive during entire test session. Practice active monitoring by circulating throughout the room during testing.

[Note: School districts may allow test monitors to use their cell phones only to alert other staff of issues. If allowed, the school district should train the test monitors on proper and improper use.]

- (5) Be knowledgeable about responding to emergency or unusual circumstances and technology issues.
- (6) Do not review, discuss, capture, email, post, or share test content in any format.
- (7) Ensure all students have been provided the opportunity to independently demonstrate their knowledge.
- (8) Fully cooperate with MDE representatives conducting site visits or MTAS audits.
- (9) Document the students who tested with the test monitor and any other adult(s) who were present in the testing room (e.g., staff providing assistance, paraprofessionals, etc.).
- (10) Document students who require a scribe or translated directions or any unusual circumstances and report to school assessment coordinator.
- (11) Report any possible security breaches as soon as possible.

c. After test.

- (1) Follow directions and scripts exactly.
- (2) Collect all materials and keep secure after each session. Upon completion return to the school assessment coordinator.
- (3) Immediately report any missing test materials to the school assessment coordinator.

G. MTAS Test Administrator

1. Before testing.

- a. Read and complete the *Assurance of Test Security and Non-Disclosure*.
- b. Attend trainings related to test administration and security.

- c. Complete required training course(s) for tests administering.
 - d. Be knowledgeable as to when and where to pick up MTAS materials and the school's plan for keeping test materials secure.
 - e. Prepare test materials for administration, including objects and manipulatives, special instructions, and specific adaptations for each student.
2. Responsibility on testing day(s).
- a. Before the test.
 - (1) Maintain security of materials.
 - (2) Confirm appropriate MTAS materials are available and prepared for student.
 - b. During the test.
 - (1) Administer each task to each student and record the score.
 - (2) Be knowledgeable about how to contact the district or school assessment coordinator, if necessary, and responding to emergency and unusual circumstances.
 - (3) Fully cooperate with MDE representatives conducting site visits or MTAS audits.
 - (4) Document and report and unusual circumstances to district or school assessment coordinator.
 - c. After the test.
 - (1) Keep materials secure.
 - (2) Return all materials.
 - (3) Return objects and manipulatives to classroom.
 - (4) Enter MTAS scores online or return data collection forms to the district or school assessment coordinator.

H. MARSS Coordinator

- 1. Responsibilities before testing.
 - a. Confirm all eligible students have unique state student identification (SSID) or MARSS numbers.
 - b. Ensure English language and special education designations are current and correct for students testing based on those designations.
 - c. Submit MARSS data on an ongoing basis to ensure accurate student demographic and enrollment information.
- 2. Responsibilities after testing.
 - a. Ensure accurate enrollment of students in schools during the accountability windows.

- b. Ensure MARSS identifying characteristics are correct, especially for any student not taking an accountability test.
- c. Work with district assessment coordinator to edit discrepancies during the Post-test Edit window in Test WES.

I. Any Person with Access to Test Materials

Read and complete the *Assurance of Test Security and Non-Disclosure*.

IV. TEST SECURITY

- A. Test Security Procedures will be adopted by school district administration.

[Note: This form is available on the Minnesota PearsonAccess Next website—see Cross References for website address..]

- B. Students will be informed of the following:

- 1. The importance of test security;
- 2. Expectation that students will keep test content secure;
- 3. Expectation that students will act with honesty and integrity during test administration;
- 4. Expectation that students will not access cell phones, wearable technology (e.g., smart watches, fitness trackers), or other devices that can electronically send or receive information. The test of a student who wears a device during testing must be invalidated.

If a student completes testing and then accesses a cell phone or other prohibited device (including wearable technology), the school district must take further action to determine if the test should be invalidated, rather than automatically invalidating the test.

- 5. Availability of the online Test Security Tip Line on the MDE website for reporting suspected incidents of cheating or other improper or unethical behavior.

- C. Staff will be informed of the following:

- 1. Availability of the online Test Security Tip Line on the MDE website for reporting suspected incidents of cheating or other improper or unethical behavior.
- 2. Other contact information and options for reporting security concerns.

V. REQUIRED DOCUMENTATION FOR PROGRAM AUDIT

- A. The school district shall maintain records necessary for program audits conducted by MDE. The records must include documentation consisting of the following:

- 1. Signed *Assurance of Test Security and Non-Disclosure* forms must be maintained for two years after the end of the academic year in which the testing took place.

2. School district security checklists provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
3. School security checklists provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
4. Test Monitor Test Materials Security Checklist provided for each group of students assigned to a test monitor must be maintained for two years after the end of the academic school year in which testing took place.
5. School district test monitor tracking documentation must be maintained for two years after the end of the academic year in which the tracking took place.
6. ACCESS and Alternate ACCESS Packing List and Security Checklist provided in the test materials shipment must be maintained for two years after the end of the academic school year in which testing took place.
7. Documentation of school district staff training on test administration and test security must be maintained for two years after the end of the academic school year in which testing took place.
8. *Test Security Notification* must be maintained for two years after the end of the academic school year in which testing took place.
9. *Test Administration Report* must be maintained for one year after the end of the academic school year in which testing took place.
10. Record of staff trainings and test-specific trainings must be maintained for one year after the end of the academic year in which testing took place.

~~VI. RETALIATION PROHIBITED~~

~~— An employee who discloses information to the MDE Commissioner or a parent or guardian about service disruptions or technical interruptions related to administering assessments under this section is protected under section 181.932, governing disclosure of information by employees.~~

~~— [NOTE: The 2024 Minnesota legislature enacted this provision.]~~

2.E. 615 Basic Standards Testing Accommodations
Modifications and Exemptions for IEP Section 504
Accommodations and LEP Students

Presenter: Erika
Nesvig, Director of
Education Services

615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS

I. PURPOSE

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, Section 504 accommodation plan (504 plan), or English Learner (EL) needs to participate in statewide assessment systems designed to hold schools accountable for the academic performance of all students.

II. GENERAL STATEMENT OF POLICY

A. Minnesota Test of Academic Skills (MTAS)

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
 - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
 - (1) The IEP team must consider the student's ability to access the MCA, with or without accommodations;
 - (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;
 - (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on the student's ability to function in multiple environments, including home, school, and community;
 - (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;
 - (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.

- b. MTAS participation decisions must not be made on the following factors:
 - (1) Student's disability category;
 - (2) Placement;
 - (3) Participation in a separate, specialized curriculum;
 - (4) An expectation that the student will receive a low score on the MCA;
 - (5) Language, social, cultural, or economic differences;
 - (6) Concern for accountability calculations.

B. Alternate ACCESS for ELs

- 1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
- 2. Eligibility Requirements
 - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.
 - b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
 - c. For students in grades that the MTAS is not administered:
 - (1) the student must have cognitive functioning significantly below age level;
 - (2) the student's disability must have a significant impact on the student's ability to function in multiple environments, including home, school, and community; and
 - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
 - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
 - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.
- 3. Alternate ACCESS participation decisions must not be made on the following factors:

- a. Student’s disability category;
- b. Participation in a separate, specialized curriculum;
- c. Current level of English language proficiency;
- d. The expectation that the student will receive a low score on the ACCESS for ELs;
- e. Language, social, cultural, or economic differences;
- f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

III. DEFINITION OF TERMS

See [Chapter 4 of](#) the current “Procedures Manual for the Minnesota Assessments” which is produced by the Minnesota Department of Education and available through minnesota.pearsonaccessnext.com/policies-and-procedures.

IV. GRANTING AND DOCUMENTING ACCOMMODATIONS, MODIFICATIONS, OR EXEMPTIONS FOR TESTING

See Chapter 5 of the current “Procedures Manual for the Minnesota Assessments” and Guidelines for Administration of Accommodations and Linguistic Supports

V. RECORDS

All test accommodations, modifications, or exemptions shall be reported to the school district test administrator. The school district test administrator shall be responsible for keeping a list of all such test accommodations, modifications, and exemptions for school district audit purposes. Testing results will be documented and reported.

MSBA/MASA Model Policy
524.5

Revised: _____

Orig. 2025

524.5 PERSONAL ELECTRONIC COMMUNICATION DEVICES

I. PURPOSE

The objective of this policy is to support the school district's focus on learning in alignment with the district's mission ~~to ignite for all students to explore their passions and create their success for learning, cultivate a strong foundation of knowledge, and foster a sense of community within our schools. This policy provides the regulations for~~ possession and use of personal electronic communication devices ~~must be regulated~~ to ensure that such devices do not disrupt or interfere with the education process or school operations, impair the safety, welfare, and privacy of students and staff, or are used as part of an act of academic dishonesty.

II. GENERAL STATEMENT OF POLICY

To minimize the impact of personal electronic communication devices on student behavior, mental health, and academic attainment and to support school environments in which students can engage fully with their classmates, their teachers, and instruction, the school board has determined the use of personal electronic communication devices by students during school hours should be limited.

III. DEFINITIONS

- A. "Bell-to-Bell" means from when the first bell rings at the start of the school day to begin instructional time until the dismissal bell rings at the end of the academic school day. "Bell-to bell" includes lunch and time in between class periods.
- B. "Cell Phone" means a personal device capable of making calls, transmitting pictures or video, or sending or receiving messages through electronic means. The definition of cell phone includes a non-smart phone that is limited to making phone calls or text messages and a smart phone that encompasses the above features.
- C. "Cyberbullying" means bullying using technology or other electronic communication, including but not limited to a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device.
- D. "Instructional Time" means any structured or unstructured learning experiences that occur from when the first bell rings at the start of the school day until the dismissal bell rings at the end of the academic school day.
- E. "Personal Electronic Communication Device" means any personal device capable of connecting to a cell phone, the internet, a cellular or Wi-Fi network, or directly connects to another similar device. Personal electronic communication devices may include cell phones, wearable devices such as smart watches, personal headphones, earbuds or pods, laptops, tablets, virtual reality devices, and other personal electronic communication devices with the abovementioned characteristics.
- F. "Stored" means a cell phone or personal electronic communication device not being carried on the student's person, including not in the student's pocket. Storage options may include, but are not limited to, in the student's backpack, in the student's locker, in a locked pouch, or in a designated place in the classroom, as determined by school administration.

IV. PERSONAL ELECTRONIC COMMUNICATION DEVICE USE AND STORAGE

A. Personal Electronic Communication Device Use

1. Elementary Schools (K-5)

- a. Students are prohibited from using personal electronic communication devices on school premises from bell-to-bell, which includes but is not limited to instructional time, lunch periods, recess, school-sponsored programs, events or activities, or any other time during the designated school day.
- b. All personal electronic communication devices shall be kept in designated areas and turned off.

2. Middle School (6-8)

- a. Students are prohibited from using personal electronic communication devices on school premises from bell to bell, which includes but is not limited to instructional time, lunch periods, recess, school-sponsored programs, events or activities, or any other time during the designated school day.
- b. All personal electronic communication devices shall be kept in designated areas and turned off.

3. High School (9-12)

- a. Students are prohibited from using personal electronic communication devices during instructional time, which includes the entire period of a scheduled class and other times when students are directed to report to and participate in any instructional activity.
- b. Students may wear smart or electronic watches but may not use any communication applications or features that are prohibited from use on other personal electronic communication devices and all notifications must be turned off.
- c. All personal electronic communication devices shall be kept in designated areas and turned off during instructional time. Personal electronic communication devices may be used during passing times and lunch periods; however, such use is discouraged.

B. Off-Campus School-Sponsored Activities

School administration may establish guidelines for personal electronic communication device possession and use during off-campus school-sponsored activities, such as extracurricular activities, outdoor and service trips, and school field trips. These guidelines will be provided at pre-activity meetings, activity-specific permission slips, and by other means as appropriate in the circumstances.

V. LIMITATIONS ON USE OF AND STORAGE OF PERSONAL ELECTRONIC COMMUNICATION DEVICES

A. Limitations on Use of Personal Electronic Communication Devices

1. Personal electronic communication devices may not be used in any manner that causes or results in disruption of the educational environment or school-sponsored extracurricular activities or events or impairs or interferes

with school district operations.

2. Devices, including but not limited to personal electronic communication devices, with audio, video, or photo-taking capabilities shall not be used at any time in locker rooms, bathrooms, or other locations where the presence of such devices poses an unreasonable risk to the safety, welfare, or privacy of others. Confiscation and search of such devices will occur if found in these areas.
3. Students may not use a device to record, transmit, or post audio, videos, or photos of a person or persons on school grounds or on a school bus without the express permission of school staff in addition to the express consent of the individual or individuals that are the subjects of the recording.
4. Personal electronic communication devices may not be used to engage in bullying, cyberbullying, harassment, discrimination, or other activity prohibited under federal or state law or under school district policy.
5. Personal electronic communication devices shall not be used during a lockdown drill, a fire drill, or a similar safety drill.

B. Storage of Personal Electronic Communication Devices

Students shall keep their personal electronic communication devices stored in a location designated by the building/site, secure place, such as the student's locker, a storage device provided by the school, or an area designated by the classroom teacher at all times when personal electronic communication device use is prohibited.

V. EXCEPTIONS

- A. Nothing in this policy prohibits a student from using a personal electronic communication device for a purpose documented in the student's individualized education program, a plan developed under section 504 of the Rehabilitation Act of 1973, or a health care plan in force regarding the student.
- B. A student may use a personal electronic communication device to monitor or address a health concern or medical condition upon permission granted by school administration.
- C. Students may use a personal electronic communication device when the use is necessary to report an emergency. For purposes of this policy, "emergency" means an actual or imminent threat to the health or safety of students and/or school personnel, which may result in death, bodily injury, or substantial property damage.
- D. A student may use a personal electronic communication device during a time at which use would otherwise be prohibited when the student has been granted permission from a staff member to use the device. If the school district implements a curriculum that uses technology, students may be allowed to use ~~their own~~ personal electronic communication devices to access the curriculum. Students who are allowed to use their own personal electronic communication devices to access the curriculum will be granted access to any application or electronic materials when they are available to students who do not use ~~their own personal electronic communication~~ devices, or provided free of charge to students who do not use ~~their own personal electronic communication~~ devices for curriculum.
- E. Students who need to make a call may request permission to use a telephone in the building office.

VI. DISCIPLINE

If a student violates this policy, a teacher or administrator shall take the following progressively serious disciplinary measures:

- A. Give the student a verbal warning and require the student to store the student's personal electronic communication device in accordance with this policy.
- B. Securely store the student's personal electronic communication device in a teacher or administrator-controlled locker, bin, or drawer for the duration of the class or period.
- C. Place the student's personal electronic communication device in the school's central office for the remainder of the school day.
- D. Place the student's personal device in the school's central office to be picked up by the student's parent or guardian.
- E. Schedule a conference with the student's parent or guardian to discuss the student's personal device use.
- F. Apply discipline as provided under school district policies and as appropriate.
- G. Other (insert as needed).

VII. SCHOOL DISTRICT RESPONSIBILITY

- A. The school district is not responsible for, nor is it required to investigate, any lost, stolen, or damaged personal electronic communication devices brought onto school grounds or the bus or school-sponsored activities or events.
- B. The school board directs the superintendent and school district administration to establish additional rules and procedures regarding student possession and use of personal electronic communication devices in schools as the superintendent and school district administration find appropriate. These rules shall be consistent with this policy and other applicable school district policies. These rules and procedures should seek to minimize the impact of personal electronic communication devices on student behavior, mental health, and academic attainment. These rules and procedures may be designed for specific school buildings, grade levels, or pursuant to similar criteria.
