IV. REPORTING PROCEDURES

- A. A mandated reporter as defined herein shall immediately report the suspected maltreatment to the common entry point responsible for receiving reports.
- B. Whenever a mandated reporter, as defined herein, knows or has reason to believe that an individual made an error in the provision of therapeutic conduct to a vulnerable adult which results in injury or harm, which reasonably requires the care of a physician, such information shall be reported immediately to the designated county agency. The mandated reporter also may report a belief that the error did not constitute neglect and why the error does not constitute neglect.
- C. The report shall, to the extent possible, identify the vulnerable adult, the caregiver, the nature and extent of the suspected maltreatment, any evidence of previous maltreatment, the name and address of the reporter, the time, date, and location of the incident, and any other information that the reporter believes might be helpful in investigating the suspected abuse or neglect. A mandated reporter may disclose not public data, as defined under Minnesota Statutes section 13.02, to the extent necessary to comply with the above reporting requirements.
- D. A person mandated to report suspected maltreatment of a vulnerable adult who negligently or intentionally fails to report is liable for damages caused by the failure. A negligent or intentional failure to report may result in discipline. A mandatory reporter who intentionally fails to make a report, who knowingly provides false or misleading information in reporting, or who intentionally fails to provide all the material circumstances surrounding the reported incident may be guilty of a misdemeanor.
- E. Retaliation against a person who makes a good faith report under Minnesota law and this policy, or against vulnerable adult who is named in a report is prohibited.
- F. Any person who intentionally makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury. II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students, parents, and others may wish to show appreciation to school district employees. The policy of the school district, however, is to discourage gift-giving to employees and to encourage donors instead to write letters and notes of appreciation or to give small tokens of gratitude as memorabilia.

The superintendent has discretion to determine what value is “insignificant.”
- D. Teachers may accept from publishers free samples of textbooks and related teaching materials.
- E. This policy applies only to gifts given to employees where the donor’s relationship with the employee arises out of the employee’s employment with the school district. It does not apply to gifts given to employees by personal friends, family members, other employees, or others unconnected to the employee’s employment with the school district.
- F. An elected or appointed member of a school board, a school superintendent, a school principal, or a district school officer, including the school business official, may not accept a gift from an interested person.

III. DEFINITIONS

- A. “Gift” means money, real or personal property, a service, a loan, a forbearance or forgiveness of indebtedness, or a promise of future employment that is given without something of equal or greater value being received in return.

- B. “Interested person” means a person or a representative of a person or association that has a direct financial interest in a decision that a school board member, a superintendent, a school principal, or a district school officer is authorized to make.

IV. PROCEDURES

Any employee considering the acceptance of a gift shall confer with the administration for guidance related to the interpretation and application of this policy.

1.E. 424 License Status

424 LICENSE STATUS

[Note: The provisions of this policy substantially reflect legal requirements.]

I. PURPOSE

The purpose of this policy is to ensure that qualified teachers are employed by the school district and to fulfill its duty to ascertain the licensure status of its teachers. A school board that employs a teacher who does not hold a valid teaching license or permit places itself at risk for a reduction in state aid. This policy does not negate a teacher's duty and responsibility to maintain a current and valid teaching license.

II. GENERAL STATEMENT OF POLICY

- A. A qualified teacher is one holding a valid license to perform the particular service for which the teacher is employed by the school district.
- B. No person shall be a qualified teacher until the school district verifies, through the Minnesota education licensing system available on the Minnesota Professional Educator Licensing and Standards Board website, that the person is a qualified teacher consistent with state law.
- C. The school district has a duty to ascertain the licensure status of its teachers and ensure that the school district's teacher license files are up to date. The school district shall establish a procedure for annually reviewing its teacher license files to verify that every teacher's license is current and appropriate to the particular service for which the teacher is employed by the school district.
- D. The school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

III. PROCEDURE

- A. The superintendent or the superintendent's designee shall establish a schedule for the annual review of teacher licenses.
- B. Where it is discovered that a teacher's license will expire within one year from the date of the annual review, the superintendent or the superintendent's designee will advise the teacher in writing of the approaching expiration and that the teacher must complete the renewal process and file the license with the superintendent prior to the expiration of the current license. However, failure to provide this notice does not relieve a teacher from his/her duty and responsibility of ensuring that his/her teaching license is valid, current and appropriate to his/her teaching assignment.

- C. If it is discovered that a teacher's license has expired, the superintendent will immediately investigate the circumstances surrounding the lack of license and will take appropriate action. The teacher shall be advised that the teacher's failure to have the license reinstated will constitute gross insubordination, inefficiency and willful neglect of duty which are grounds for immediate discharge from employment.
- D. The duty and responsibility of maintaining a current and valid teaching license appropriate to the teaching assignment as required by this policy shall remain with the teacher, notwithstanding the superintendent's failure to discover a lapsed license or license that does not support the teaching assignment. A teacher's failure to comply with this policy may be grounds for the teacher's immediate discharge from employment.

I. PURPOSE

The school district recognizes that it is serving students with complex health needs. The school district also recognizes that school district staff may be confronted with requests to withhold emergency care of a student in the event of a life threatening situation at school or school activities or be presented with Do Not Resuscitate/Do Not Intubate (DNR-DNI) orders. The purpose of this policy is to provide guidance to school district staff and parents or guardians in these situations.

II. GENERAL STATEMENT OF POLICY

- A. The primary mission of the school district is education. DNR-DNI Orders are medical documents. School district staff will not accept or honor requests to withhold emergency care or DNR-DNI orders. The school district will not convey such orders to emergency medical personnel.
- B. School district staff will provide reasonable emergency care and assistance when a student is undergoing a medical emergency during school or school activities.
- C. School district staff will activate emergency medical services (911) as soon as possible when a student is undergoing a medical emergency during school or school activities.
- D. The parent/guardian will be notified of the emergency as soon as possible.

- A. Development of rational thinking and preparation for citizenship are the primary reasons for including the study of controversial topics or use of controversial materials in the curriculum.
- B. The District, as an educational institution and as individual classroom teachers have a responsibility to give the student:
 - 1. An opportunity to study controversial topics or read controversial materials which have political, economic or social significance about which they will begin to have an opinion.
 - 2. Access to all relevant information, including the materials that circulate freely in the community.
 - 3. Competent instruction balancing the various points-of-view in an atmosphere free from bias and prejudice.
 - 4. The right to form and express their own opinions on controversial topics or materials without jeopardizing their relations with teachers or the schools.
 - 5. Deliberate effort shall be made by the teacher to achieve balance over time in the viewpoints to which students are exposed. The teacher shall not espouse a biased viewpoint that is intended to influence students' creation of their own viewpoints.
 - 6. Any outside speaker on controversial topics shall be approved by the Principal prior to utilization of the speaker. The use of any speaker on a controversial topic shall be balanced by another speaker who espouses an opposing view.
 - 7. If a controversial issue that is neither directly related to the course content nor specified as a part of the curriculum unexpectedly arises during a class discussion, for example as the result of a student's questions or comments or in the coverage of current events, the teacher may dedicate sufficient time to the issue to assure balanced, impartial coverage.

IV. GUIDELINES

Guidelines for the selection of controversial topics or materials to be studied in the classroom:

- A. The topic or material should contribute toward helping students develop techniques for examining other controversial topics or materials.
- B. The topic or material should be suitable for students of the maturity and background represented in the respective class.
- C. The topic or material should be related to the standards and course content and help achieve those standards and course objectives.

- E. Exceptions to the above expectations may be granted by the building principal on a case-by-case basis.
- F. Administration shall be responsible for informing all staff members of the policy on coverage of controversial issues in the curriculum. In doing so, they shall emphasize the basic assumption that the school is providing an opportunity for students to study controversial issues, not teaching a viewpoint on controversial issues.
- G. A teacher who is in doubt concerning the advisability of discussing certain issues and materials in the classroom shall confer with his/her principal as to the appropriateness of doing so. If the teacher and principal are unable to agree, the issue shall be referred to the superintendent or superintendent's designee.

- A. The school district shall provide a process for members of the school district community to seek reconsideration of the use of a controversial topic or material as outlined in District Policy 606.
- B. The Superintendent or designee shall be responsible for the development of guidelines and procedures to identify the steps to be followed to seek reconsideration of the use of a controversial topic or material.
