There are three primary activities: 1) Build and program a small LEGO robot to accomplish challenges, 2) investigate a research topic and then prepare a presentation, and 3) build a team around the FLL Core Values. School Board Report
Erica Kludt-Painter, Superintendent
Dec. 12, 2023

Mr. King, Ms. Conn, and I were able to meet with AASB (Alaska Association of School Boards) last week to focus on specific strategies, actions, and metrics related to the recent strategic planning session on Nov. 1. This document will guide the district's work in the coming 5 years, based on four areas of focus:

1. well being of staff and students
2. student, family, and community engagement
3. internal and external communications
4. pathways and diverse learning opportunities for students

Director of Finance Shannon Baird and I were able to attend the ALASBO (Alaska Association of School Business Officials) Conference in Anchorage this past week. It was an opportunity for Shannon and I to participate in professional development related to school district budgeting and resource allocation.

The district continues to utilize grant funding to facilitate staff travel for upcoming conferences and professional development opportunities, including the RTI/MTSS Conference (Response to Intervention/Multi-Tiered Systems of Support), the ASTE Conference (Alaska Society for Technology in Education), and the Science of Reading Symposium.

Principal's School Board Report
Mitkof Middle School/Petersburg High School
12/8/23

The Semester end is upon us!

Security:

The door bell system and the locked doors seems to be working well. It has required a little bit of a learning curve, but we are seeing positive results in a number of areas from access to tardiness.

Handbooks:

We are still reviewing and tweaking the handbooks to more accurately reflect policy, practice, and procedure. As we update things, we will bring them to the board for approval and adoption as necessary.

We are introducing new procedures and policies for Cell phones and personal electronics in the school. This is in response to some apparent problems with cyberbullying, classroom distractions, and excessively long bathroom breaks. We are also looking on updating late work and makeup work due to absence.

Response to intervention:

The RTI/MTSS team for the middle school has been meeting and includes a parent representative and a classified representative. We are reviewing data to determine areas of focus and, as soon as we feel ready, we will begin formulating our multi-tiered support system. We are looking at academic supports in reading and mathematics and behavioral supports.

Screenings:

We have completed all hearing screenings and vision screenings in November.

Curriculum:

The curriculum committee has met a couple of times and the teachers are working to create a user-friendly document for each offered class. We will have a rough draft available to the board by the January board meeting. This document will be shared with staff and community to allow for feedback.

Credit tracking:

We are taking close looks at each student's academics to assure all students have ample opportunities to complete required credit towards graduation.

I would like to make another shout out to my amazing faculty and staff. I am truly honored to work with such dedicated professionals.

Student Counts: MMS = 121
PHS = 134

BP/AR/E 6145.2

The Policy has been updated to add a cross reference to BP 5145.3, Nondiscrimination, and to make minor editorial changes.

The AR sets forth ASAA’s eligibility requirements for Interscholastic Competition and has been updated. The AR also reflects changes or corrections to eligibility requirements regarding credit enrollment and age limitations.

The Exhibit reflects ASAA’s Play for Keeps -- Tobacco, Alcohol, and Drugs (TAD) policy and it is recommended that this Exhibit be REMOVED. The language is not current and families and athletes should be referred to ASAA’s website for current language and requirements.

FAMILY ENGAGEMENT

BP 5124.1

Note: This is not a required policy and may updated at the discretion of the Board.

The Board recognizes families provide early and ongoing education to their children, and a strong collaboration between families and schools will ensure students continue to receive the supports they need to thrive and be prepared in school and beyond. The board also believes that partnerships with parents, guardians, and families are an important part of the educational program. Current research indicates a home to school partnership and greater involvement on the part of parents and families in the education of their children generally result in higher achievement scores, improved student behavior and reduced absenteeism. All parents, guardians, family members and foster caregivers have clear and active roles to contribute to the education of their children or foster children. All students can be successful when schools and families partner in children's education.

The District is committed to promoting family engagement as an integral part of the educational experience. Through family engagement we will:

1. Establish a welcoming and inclusive environment that actively encourages family involvement in their child's education.
2. Foster effective communication and collaboration between families, schools, and the community to support student success.
3. Provide resources, training, and opportunities for families to enhance their capacity to support their child's learning and well-being.
4. Provide resources, training, and opportunities for school staff to enhance their capacity to engage in meaningful partnerships with families.
5. Recognize and respect the diverse cultures, backgrounds, and perspectives of all families in our district.

By implementing this Family Engagement Policy, the District aims to strengthen the partnership between parents, guardians, families, schools, and the community, ultimately enhancing student achievement and fostering a supportive educational environment.

In addition, building administrators/designees of schools receiving Title I funds will jointly develop with and distribute to parents of children participating in Title I programs a written parent and family involvement policy and guidelines that increases family interest in partnership and involvement. The requirements of the policy and guidelines are consistent with Federal and State law.

(cf. 6171 – Title I Programs)

Created 9/2023

Note: This is not a required administrative regulation and may updated at the discretion of the Board.

The administration may train, support, and improve school and family partnership by integrating some of the following approaches:

Welcome and Inclusive Environment

1. Creating a welcoming and inclusive environment for parents, guardians, and families by providing clear and accessible information about school policies, programs, and activities;
2. supporting meaningful two-way communication between school and home that welcomes families into the school and learning environment;

Note: This optional policy may be revised or deleted as desired.

~~The School Board believes that personal integrity is basic to all solid achievement. Students will reach their full potential only by being honest with themselves and with others.~~

Academic honesty and personal integrity are foundational components of a student's education in both the process of learning, and individual character development.

~~The Board expects that students will be truthful in all academic endeavors, and likewise, experience the requisite honor of proving their capabilities to themselves and the world. students to respect the educational purpose underlying all school activities. All students need to prove to themselves that they can do successful work as a result of their own efforts.~~

The Board expects that students will not cheat, lie or plagiarize, or commit other acts of academic dishonesty. Students found to have committed an act of academic dishonesty shall be subject to district and school sanctions.

The Board recognizes that the advancement and availability of artificial intelligence/generative technology (AI/GT), means the learning community is very likely to utilize this new technology. Such use must meet the requirements of academic honesty and yet allow for its application as a new tool for instruction, critical thinking, exploration, and development of original thought and material. It is expected and required that use of AI/GT will be appropriately referenced and noted.

~~Each school shall provide an environment that encourages honesty. Students must know that their teachers will not ignore or condone cheating and that anyone discovered cheating will be penalized.~~

(cf. 5144 - Discipline)

Revised 9/2023

Note: This optional regulation may be revised or deleted as desired.

Our learning community believes that the school should maintain a climate in which honesty, integrity, and respect for self and others are highly valued. Cheating is an obstacle to achieving these goals. In any of its forms, and for whatever reason, cheating undermines the value of education. We believe in the importance of learning and personal progress, and to impress upon students that one's best efforts are always required in order to achieve one's greatest potential.

The advancement and availability of artificial intelligence/generative technology (AI/GT), means the learning community is very likely to utilize this new technology. Such use must meet the requirements of academic honesty and yet allow for its application as a new tool for instruction, critical thinking, exploration, and development of original thought and material. It is expected and required that use of AI/GT will be appropriately referenced and noted.

Definition of Academic Dishonesty:

Academic dishonesty includes but is not limited to cheating, plagiarism, falsifying records, using unauthorized materials or tools, and other forms of academic misconduct.

Responsibilities of Students:

Students are responsible for maintaining academic honesty in all aspects of their academic work. They must complete their own work without assistance unless otherwise directed by the teacher. They must also credit all sources used in their work, including written and online sources, and must not submit work that has been previously submitted for another course, unless expressly allowed by the teacher.

Responsibilities of Staff:

District administrative and teaching staff are responsible for educating students about academic honesty and for creating an environment that promotes academic integrity. They must clearly communicate expectations for assignments and assessments, and take steps to detect and deter academic dishonesty.

Consequences for Academic Dishonesty:

Academic dishonesty will not be tolerated and may result in disciplinary action, including but not limited to a lower grade on an assignment, a failing grade for the course, suspension, or expulsion. Repeat offenders may face more severe consequences.

Reporting Academic Dishonesty:

Students, teachers, and other members of the school community have a responsibility to report

Students

incidents of academic dishonesty. Reports should be made to the teacher, a school administrator, or the district superintendent.

Educational Opportunities:

The district will provide educational opportunities to help students and staff understand the importance of academic honesty and develop the skills needed to avoid academic dishonesty. These opportunities may include workshops, seminars, and other educational resources.

In summary, academic honesty is a fundamental value of education and is critical for maintaining the integrity of the learning process. The district expects all students and staff to maintain academic honesty in all aspects of their academic work, and will take steps to detect and deter academic dishonesty. By following these guidelines, students and staff can contribute to a culture of academic integrity and ensure that the value of education is upheld.

Expanded Definitions

Deriving its root from the word honor, honesty is refraining from lying, cheating; being truthful, trustworthy or upright, sincere, straightforward and fair. The honest person is respected as one who is truthful and trustworthy. They are viewed as being of high moral character or integrity, and honor.

Cheating is defined as obtaining or providing any help on an assignment or test where the intent was that the student complete the assignment or test by himself/herself. The teacher's professional judgment will determine whether cheating has occurred. Students shall not give the instructor cause to consider their actions dishonest.

The following should be considered a sample list of types of cheating that may occur. It is not intended to be all inclusive or comprehensive.

1. Looking at someone else's paper during a test or quiz.
2. Unauthorized talking with another student during a test or quiz.
3. Using any unauthorized "cheat notes."
4. Allowing someone to see or use one's own or another's paper during a test or on any individual assignment.
5. Copying work assigned to be done independently or allowing someone else to copy one's own or another's work. Because individual teachers hold different expectations with regard to homework, it is up to the teacher to clarify their expectations to the students regarding individual assignments.
6. Copying sentences, phrases, or passages from an uncited source while writing a paper or doing research.
7. Giving or receiving any test information.

Tenets of our Academic Honesty Policy

To be considered when evaluating potential student infractions of the Academic Honesty Policy we strive to:

- Regard each student as an individual, deserving individual attention, consideration and respect.
- Consider the facts fully and carefully before resolving any case.
- Speak candidly and honestly to each student.
- Hold each student to a high standard of behavior, both to protect the integrity of our learning community, and to promote student moral development.
- Recognize the reality of human fallibility, as well as the stresses associated with life, and to demonstrate compassion, understanding, and a sense of humor.

UNIFORM INVESTIGATIONS

AR 5141.43(a)

It is essential to select an investigator free from any personal, professional, or financial conflicts of interest. The investigator must have the skills, knowledge, experience, and time to conduct an appropriate investigation. The investigator should be objective, thorough, ethical, professional, and capable as a writer.

The goal of an administrative investigation is to gather all reasonably available information involving the complaint or allegation. The information gathered must be analyzed to determine whether the complaint or allegation is factual.

If an investigation of allegations is determined to be warranted, then the investigating school administrator must determine what laws, regulations, and/or policies apply to the allegations. It is critical for the investigating school administrator to consult with District legal counsel at this stage. The result of an administrative investigation may be reduced to a comprehensive report of investigation which compiles all relevant statements and evidence obtained through the investigation.

School administrators need to be aware of employees' right to the presence of a union representative during investigatory meetings which could reasonably result in discipline of the employee. These are referred to as Weingarten rights. School administrators should refer to collective bargaining agreements for further details on employees' rights to representation during investigatory meetings.

1. Investigators must be impartial and have the ability to act independently. Investigators should also have the knowledge, skills, and experience to conduct an investigation.
2. An investigation should be conducted and completed in a timely manner, based upon the nature of the investigation.
3. An administrative investigation should be confidential and exempt from disclosure under the Public Records Act, AS 40.25.
4. School administrators should take steps to ensure the safety of students upon receipt of a complaint, including the potential removal of any school-based contact between student(s) and suspected employee(s).
5. Interviews should be conducted in a private setting. Interview questions should be planned in advance, but the interview should allow for a natural flow and follow up on areas. It is critical to allow the interviewee to fully understand and to fully answer questions, as well as offer additional information outside the scope of the interview questions.
6. If the interviews are being recorded, the interviewee should be properly advised. If the interviews are not being recorded, the interviewees should disclose whether or not they are recording the interview. If the interviews are not being recorded, the information provided by witnesses should be documented by the investigator.
7. Interviews should start with rapport building. Accusatory and intimidating tones should be avoided.
8. It is critical not to cut off witnesses. Silence between questions usually results in additional information.
9. At the close of interviews, ask variations of "is there anything else I have not asked you which you believe would be relevant to this investigation?"

UNIFORM INVESTIGATIONS

AR 5141.43(b)

10. Interviewees should be encouraged to report any retaliation and/or any attempts to influence witnesses.
11. Interviewees should be advised the investigation, including the interview and the interview questions are confidential and should remain so.
12. Interviewees should be provided with contact information of the investigator to provide additional information and/or to report any retaliation.
13. Investigators must analyze interviews for credibility, or determining whether witnesses were believable. Investigators should consider whether a witness was motivated to lie, has a history of lying, or showed signs of lying. Investigators should also consider if there is evidence that corroborates witness statements.
14. Investigators should collect, analyze, document and secure physical and digital evidence. For example, class schedules, seating charts, attendance records, student disciplinary records, personnel records, social media posts, digital images and/or video, emails, text messages, and any other reliable evidence.
15. Investigators must then reach a conclusion, and document that conclusion in a written report. The investigation report should include the allegations, the investigation plan, list of evidence collected, factual findings, and recommendations, if requested.
16. The applicable standard of proof for the investigation is an issue that should be discussed with the District's attorney. Depending on the nature of the allegations, the standard of proof could be substantial evidence or preponderance of evidence.
17. The investigation report is confidential and should not be shared with the public. School administrators should develop a communications plan following the conclusion of the investigation.

Created 9/2023

Note: The following policy may be revised to reflect a local school board's goals and objectives for student achievement. However, Alaska regulation 4 AAC 06.825 requires school districts to set target dates for a graduation rate of 90% or better, and an attendance rate of 95% or better. Effective 2014, if a school or subgroup does not meet the four-year or five-year graduation rate, it may qualify for an alternative graduation rate. If 10 or fewer students, after approved adjustments, enrolled in the ninth grade four or five years earlier, then the target graduation rates are satisfied if all but one of those students graduate. The subgroups are identified at 4 AAC 06.830 as follows: 1) students with limited English proficiency; 2) students with disabilities; 3) economically disadvantaged students; 4) African-Americans; 5) Alaska Native and American Indians; 6) students of two or more races; 7) Asians or Pacific Islanders; 8) Hispanics; and 9) whites.

Student Achievement

The School Board recognizes that the key work of school boards is to establish and promote a clear vision of student achievement as the top priority of the district. Student achievement will be defined by the district and include but not be limited to, assessment results, student attendance and drop-out rates, graduation rates, and percentages of students earning certificates of completion and diplomas.

The School Board recognizes that student achievement cannot occur if students do not regularly attend school. For this reason, the School Board sets a target date of [insert year] to achieve an attendance rate of 95% or better for the district's schools and its students.

Graduation represents the culmination of a student's achievement in the district. The School Board believes that all student have the potential to graduate. The Board sets a target date of [insert year] to achieve a graduation rate of 90% or better for the district's schools and its students.

The superintendent will ensure development and implementation of a comprehensive, collaborative planning process that engages the school community in the district's continuous student achievement improvement program efforts to achieve the district's vision and mission.

The district's program will be consistent with the Alaska Department of Education and Early Development requirements for content standards and high school graduation.

The School Board will, in striving for continuous improvement of student achievement, annually review district and individual school data on student achievement, prioritize, allocate and realign resources as necessary.

The superintendent will develop administrative regulations as needed to implement this policy.

Note: The following sample bylaw may be revised to reflect district philosophy and needs.

Limits of Board Members Authority

The School Board has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

The Board is the unit of authority. The Board member is a part of the governing body which represents and acts for the community as a whole. Apart from the normal function as part of the unit, the Board member has no individual authority. No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee. Individually, the Board member may not commit the district to any policy, act or expenditure.

Optional:

School visits by Board members are encouraged. Principals should receive a courtesy call in advance of a visit. Board members, as with all visitors, must check in with the school office. Board members who visit schools of their own volition have no more authority than any other citizen.

(cf. 1250 - Visits to the Schools)

Note: The following is an optional process for Board members to make information requests.

Board Member Requests for Information

Board members should make informed decisions on matters before them for a vote. The Superintendent or designee is responsible for providing the Board with relevant materials to inform the Board on those matters on which it is to act. If Board members desire further information, a request for information shall be directed to the Superintendent, pursuant to the following guidelines:

1. Requests for simple facts. Any Board member may make a request for simple facts to the Superintendent who will forward the request to the appropriate staff member. All responses to requests for simple facts will be provided to the requesting Board member, and copied to the Board President.
2. Requests for reports, research, administrative studies, detailed information, or for information relating to a problem or a potential problem in the District. Some information requests require significant administrative time and explanation to provide the requested response. Individual Board members shall submit such requests to the full Board for consideration. Upon [concurrence of the other board members/majority request of the Board], the request shall then be forwarded to the Superintendent for response.

BOARD MEMBERS (continued)

BB 9200(b)

3. Complaints regarding personnel. Board members may have their own complaints regarding District personnel ~~or may hear such complaints from the community.~~ These concerns should be privately communicated to the Superintendent.

4. When Board members receive complaints or requests for action from staff, students or members of the public, the Board members will direct the staff, students, members of the public to the appropriate complaint policy. Such information will be conveyed to the superintendent.

5. Requests for legal advice or opinions by a Board member that will incur a cost for the district must be approved by a majority vote of the Board before the request is made to legal counsel. Legal counsel is responsible to the Board.

(cf. 6162.8 - Research)

(cf. 9322 - Agenda/Meeting Materials)

Obligations of Members

Members of the Board must endeavor to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons. If no compelling reason requires abstention, members of the Board shall not abstain.

The Board member should not subordinate the education of children and youth to any partisan principle, group interest, or the member's own personal interest.

The Board member should be prepared and willing to devote a sufficient amount of time to the study of the problems of education in the district, the state, and the nation in order to interpret them to the people of the district.

In order to participate in ASAA activities, the following conditions of eligibility must be met:

1. Students must properly register in a 9-12 high school program or any combination thereof, in the school where the student will participate (“School of Eligibility”).

Note: Students enrolled in statewide correspondence programs (who are ASAA members) must comply with the enrollment rules. If a student is enrolled full time in the statewide correspondence program, the student may not participate on another school’s team. ASAA rules should be consulted regarding eligibility for students attending non-member charter schools, alternative schools, or programs.

2. Students may not be graduated seniors, with the exception that the eligibility of a senior graduating near the end of a regular school year shall extend through the conclusion of any current school athletic season in which he or she is participating.
3. All ~~second semester~~ freshmen, sophomores, and juniors, as well as seniors who are not on track to graduate, must be enrolled in a minimum of 2.5 semester units of credits or equivalent at the School of Eligibility or its district, that lead to granting of credit toward graduation.
4. Students in grade 12 who are on track to graduate must be enrolled in a minimum of **two** ~~four~~ semester units of credit at the School of Eligibility or its district.
5. Students must maintain at least an overall 2.0 GPA during the current semester. Students who do not maintain this GPA may regain eligibility during the current semester by achieving and maintaining an overall 2.0 GPA.
6. Students must be in regular attendance at school classes in which enrolled or for which credit is granted (or be enrolled in a district or member school correspondence program).
7. **All first semester freshmen are immediately eligible.** All second semester freshman, sophomores, and juniors, as well as seniors who are not on track to graduate must have passed at least **2.5** ~~five~~ semester units of credit, or the equivalent, during the previous semester ~~and maintained a 2.0 overall GPA.~~

10. All students, with the exception of first semester freshmen, must have maintained at least an overall 2.0 GPA for the previous semester. Students who did not maintain an overall 2.0 GPA may regain eligibility in the current semester by achieving and maintaining an overall 2.0 GPA.
11. Students must meet additional district eligibility requirements, if any.
12. Students with IEPs participating in Unified Sports as “athletes” will have their eligibility requirements determined by the IEP team.

(cf. 6145 - Extracurricular activities)

School Board Report
Erica Kludt-Painter, Superintendent
Jan. 16, 2024

The negotiation process has begun with the Associated Teachers of Petersburg to update the collective bargaining agreement, including salary and benefits.

I will be attending the SERRC (Southeast Regional Resource Center) board meeting Jan. 18-19 in Juneau.

A large district team will be attending the RTI/MTSS Conference in January. This is the Response to Intervention/Multi-Tiered System of Support conference, and travel is being supported by multiple grants secured by the district.

Heather Conn and I will be attending the Legislative Fly-In in Juneau on Feb. 4-7. We anticipate a very challenging legislative session with regard to school funding and the BSA (base student allocation). The Governor has announced flat funding in his first budget release.

I am pleased to be working with Ms. Robyn Taylor during her visit to Petersburg this week. The school board is negotiating contract parameters with her, and hope to have a finalized contract for the Jan. 16 board meeting. I look forward to a positive transition plan this spring.

We have been working with Borough Manager, Steve Geisbrect, and Director of Finance Jody Tow to provide updates on the Roof CIP project and possible funding scenarios. The Roof project is #12 on the state's CIP list, but we do not know if the legislature and Governor will approve the 60/40 cost sharing/reimbursement.

Second Semester is underway.

We appreciate the assistance of Rachel Etcher with counseling services. She has stepped in during Mariah Clemens absence. Thank you, Rachel!

I would like to welcome Rosal Concepcion and Bouazo Boguhe' to our staff. Rosal is filling a needed Special Education position and Bouazo is filling the open Mathematics position in higher subjects as well as providing math assistance to students seeking additional help.

Curriculum:

I will be providing a draft copy of the courses that will be in the Fine Arts/CTE curriculum for your reading. This will also be submitted to the teachers and community for feedback. Please send any comments to bking@pcsd.us.

Continued work and meetings should yield a completed document by the March board meeting.

Handbooks:

We have introduced new procedures and policies for Cell phones and personal electronics in the school. We have seen a drop in classroom electronic instances related to cellphones and Airpods/Headphones. We are still experiencing difficulties with cyberbullying both on and off campus.

We will continue to look at ways to make uniform procedures that can be applied in all classrooms and settings.

Response to intervention:

The RTI/MTSS team for the middle school continues to meet and review different aspects and data sets prior to formulating our schoolwide plan.

Credit tracking:

We are taking close looks at each student's academics to assure all students have ample opportunities to complete required credit towards graduation.

The staff and faculty of both schools have stepped up and are doing exceptional work. I appreciate their dedication and professionalism.

FAMILY ENGAGEMENT

BP 5124.1

Note: This is not a required policy and may updated at the discretion of the Board.

The Board recognizes families provide early and ongoing education to their children, and a strong collaboration between families and schools will ensure students continue to receive the supports they need to thrive and be prepared in school and beyond. The board also believes that partnerships with parents, guardians, and families are an important part of the educational program. Current research indicates a home to school partnership and greater involvement on the part of parents and families in the education of their children generally result in higher achievement scores, improved student behavior and reduced absenteeism. All parents, guardians, family members and foster caregivers have clear and active roles to contribute to the education of their children or foster children. All students can be successful when schools and families partner in children's education.

The District is committed to promoting family engagement as an integral part of the educational experience. Through family engagement we will:

1. Establish a welcoming and inclusive environment that actively encourages family involvement in their child's education.
2. Foster effective communication and collaboration between families, schools, and the community to support student success.
3. Provide resources, training, and opportunities for families to enhance their capacity to support their child's learning and well-being.
4. Provide resources, training, and opportunities for school staff to enhance their capacity to engage in meaningful partnerships with families.
5. Recognize and respect the diverse cultures, backgrounds, and perspectives of all families in our district.

By implementing this Family Engagement Policy, the District aims to strengthen the partnership between parents, guardians, families, schools, and the community, ultimately enhancing student achievement and fostering a supportive educational environment.

In addition, building administrators/designees of schools receiving Title I funds will jointly develop with and distribute to parents of children participating in Title I programs a written parent and family involvement policy and guidelines that increases family interest in partnership and involvement. The requirements of the policy and guidelines are consistent with Federal and State law.

(cf. 6171 – Title I Programs)

ACADEMIC HONESTY

BP 5131.9

Note: This optional policy may be revised or deleted as desired.

~~The School Board believes that personal integrity is basic to all solid achievement. Students will reach their full potential only by being honest with themselves and with others.~~

Academic honesty and personal integrity are foundational components of a student's education in both the process of learning, and individual character development.

The Board expects that students will be truthful in all academic endeavors, and likewise, experience the requisite honor of proving their capabilities to themselves and the world. ~~students to respect the educational purpose underlying all school activities. All students need to prove to themselves that they can do successful work as a result of their own efforts.~~

The learning community of students, parents/guardians, staff and administrators shall be responsible for creating and maintaining a positive school climate that encourages honesty.

The Board expects that students will not cheat, lie or plagiarize, or commit other acts of academic dishonesty. Students found to have committed an act of academic dishonesty shall be subject to district and school sanctions.

The Board recognizes that the advancement and availability of artificial intelligence/generative technology (AI/GT), means the learning community is very likely to utilize this new technology. Such use must meet the requirements of academic honesty and yet allow for its application as a new tool for instruction, critical thinking, exploration, and development of original thought and material. It is expected and required that use of AI/GT will be appropriately referenced and noted.

~~Each school shall provide an environment that encourages honesty. Students must know that their teachers will not ignore or condone cheating and that anyone discovered cheating will be penalized.~~

(cf. 5144 - Discipline)

Revised 9/2023

Note: This optional regulation may be revised or deleted as desired.

Our learning community believes that the school should maintain a climate in which honesty, integrity, and respect for self and others are highly valued. Cheating is an obstacle to achieving these goals. In any of its forms, and for whatever reason, cheating undermines the value of education. We believe in the importance of learning and personal progress, and to impress upon students that one's best efforts are always required in order to achieve one's greatest potential.

The advancement and availability of artificial intelligence/generative technology (AI/GT), means the learning community is very likely to utilize this new technology. Such use must meet the requirements of academic honesty and yet allow for its application as a new tool for instruction, critical thinking, exploration, and development of original thought and material. It is expected and required that use of AI/GT will be appropriately referenced and noted.

Definition of Academic Dishonesty:

Academic dishonesty includes but is not limited to cheating, plagiarism, falsifying records, using unauthorized materials or tools, and other forms of academic misconduct.

Responsibilities of Students:

Students are responsible for maintaining academic honesty in all aspects of their academic work. They must complete their own work without assistance unless otherwise directed by the teacher. They must also credit all sources used in their work, including written and online sources, and must not submit work that has been previously submitted for another course, unless expressly allowed by the teacher.

Responsibilities of Staff:

District administrative and teaching staff are responsible for educating students about academic honesty and for creating an environment that promotes academic integrity. They must clearly communicate expectations for assignments and assessments, and take steps to detect and deter academic dishonesty.

Consequences for Academic Dishonesty:

Academic dishonesty will not be tolerated and may result in disciplinary action, including but not limited to a lower grade on an assignment, a failing grade for the course, suspension, or expulsion. Repeat offenders may face more severe consequences.

Reporting Academic Dishonesty:

Students, teachers, and other members of the school community have a responsibility to report

Students

incidents of academic dishonesty. Reports should be made to the teacher, a school administrator, or the district superintendent.

Educational Opportunities:

The district will provide educational opportunities to help students and staff understand the importance of academic honesty and develop the skills needed to avoid academic dishonesty. These opportunities may include workshops, seminars, and other educational resources.

In summary, academic honesty is a fundamental value of education and is critical for maintaining the integrity of the learning process. The district expects all students and staff to maintain academic honesty in all aspects of their academic work, and will take steps to detect and deter academic dishonesty. By following these guidelines, students and staff can contribute to a culture of academic integrity and ensure that the value of education is upheld.

Expanded Definitions

Deriving its root from the word honor, honesty is refraining from lying, cheating; being truthful, trustworthy or upright, sincere, straightforward and fair. The honest person is respected as one who is truthful and trustworthy. They are viewed as being of high moral character or integrity, and honor.

Cheating is defined as obtaining or providing any help on an assignment or test where the intent was that the student complete the assignment or test by himself/herself. The teacher's professional judgment will determine whether cheating has occurred. Students shall not give the instructor cause to consider their actions dishonest.

The following should be considered a sample list of types of cheating that may occur. It is not intended to be all inclusive or comprehensive.

1. Looking at someone else's paper during a test or quiz.
2. Unauthorized talking with another student during a test or quiz.
3. Using any unauthorized "cheat notes."
4. Allowing someone to see or use one's own or another's paper during a test or on any individual assignment.
5. Copying work assigned to be done independently or allowing someone else to copy one's own or another's work. Because individual teachers hold different expectations with regard to homework, it is up to the teacher to clarify their expectations to the students regarding individual assignments.
6. Copying sentences, phrases, or passages from an uncited source while writing a paper or doing research.
7. Giving or receiving any test information.

Tenets of our Academic Honesty Policy

To be considered when evaluating potential student infractions of the Academic Honesty Policy we strive to:

- Regard each student as an individual, deserving individual attention, consideration and respect.
- Consider the facts fully and carefully before resolving any case.
- Speak candidly and honestly to each student.
- Hold each student to a high standard of behavior, both to protect the integrity of our learning community, and to promote student moral development.
- Recognize the reality of human fallibility, as well as the stresses associated with life, and to demonstrate compassion, understanding, and a sense of humor.

UNIFORM INVESTIGATIONS

AR 5141.43(a)

It is essential to select an investigator free from any personal, professional, or financial conflicts of interest. The investigator must have the skills, knowledge, experience, and time to conduct an appropriate investigation. The investigator should be objective, thorough, ethical, professional, and capable as a writer.

The goal of an administrative investigation is to gather all reasonably available information involving the complaint or allegation. The information gathered must be analyzed to determine whether the complaint or allegation is factual.

If an investigation of allegations is determined to be warranted, then the investigating school administrator must determine what laws, regulations, and/or policies apply to the allegations. It is critical for the investigating school administrator to consult with District legal counsel at this stage. The result of an administrative investigation may be reduced to a comprehensive report of investigation which compiles all relevant statements and evidence obtained through the investigation.

School administrators need to be aware of employees' right to the presence of a union representative during investigatory meetings which could reasonably result in discipline of the employee. These are referred to as Weingarten rights. School administrators should refer to collective bargaining agreements for further details on employees' rights to representation during investigatory meetings.

1. Investigators must be impartial and have the ability to act independently. Investigators should also have the knowledge, skills, and experience to conduct an investigation.
2. An investigation should be conducted and completed in a timely manner, based upon the nature of the investigation.
3. An administrative investigation should be confidential and exempt from disclosure under the Public Records Act, AS 40.25.
4. School administrators should take steps to ensure the safety of students upon receipt of a complaint, including the potential removal of any school-based contact between student(s) and suspected employee(s).
5. Interviews should be conducted in a private setting. Interview questions should be planned in advance, but the interview should allow for a natural flow and follow up on areas. It is critical to allow the interviewee to fully understand and to fully answer questions, as well as offer additional information outside the scope of the interview questions.
6. If the interviews are being recorded, the interviewee should be properly advised. If the interviews are not being recorded, the interviewees should disclose whether or not they are recording the interview. If the interviews are not being recorded, the information provided by witnesses should be documented by the investigator.
7. Interviews should start with rapport building. Accusatory and intimidating tones should be avoided.
8. It is critical not to cut off witnesses. Silence between questions usually results in additional information.
9. At the close of interviews, ask variations of "is there anything else I have not asked you which you believe would be relevant to this investigation?"

UNIFORM INVESTIGATIONS

AR 5141.43(b)

10. Interviewees should be encouraged to report any retaliation and/or any attempts to influence witnesses.
11. Interviewees should be advised the investigation, including the interview and the interview questions are confidential and should remain so.
12. Interviewees should be provided with contact information of the investigator to provide additional information and/or to report any retaliation.
13. Investigators must analyze interviews for credibility, or determining whether witnesses were believable. Investigators should consider whether a witness was motivated to lie, has a history of lying, or showed signs of lying. Investigators should also consider if there is evidence that corroborates witness statements.
14. Investigators should collect, analyze, document and secure physical and digital evidence. For example, class schedules, seating charts, attendance records, student disciplinary records, personnel records, social media posts, digital images and/or video, emails, text messages, and any other reliable evidence.
15. Investigators must then reach a conclusion, and document that conclusion in a written report. The investigation report should include the allegations, the investigation plan, list of evidence collected, factual findings, and recommendations, if requested.
16. The applicable standard of proof for the investigation is an issue that should be discussed with the District's attorney. Depending on the nature of the allegations, the standard of proof could be substantial evidence or preponderance of evidence.
17. The investigation report is confidential and should not be shared with the public. School administrators should develop a communications plan following the conclusion of the investigation.

Created 9/2023

Note: The following policy may be revised to reflect a local school board's goals and objectives for student achievement. However, Alaska regulation 4 AAC 06.825 requires school districts to set target dates for a graduation rate of 90% or better, and an attendance rate of 95% or better. Effective 2014, if a school or subgroup does not meet the four-year or five-year graduation rate, it may qualify for an alternative graduation rate. If 10 or fewer students, after approved adjustments, enrolled in the ninth grade four or five years earlier, then the target graduation rates are satisfied if all but one of those students graduate. The subgroups are identified at 4 AAC 06.830 as follows: 1) students with limited English proficiency; 2) students with disabilities; 3) economically disadvantaged students; 4) African-Americans; 5) Alaska Native and American Indians; 6) students of two or more races; 7) Asians or Pacific Islanders; 8) Hispanics; and 9) whites.

Student Achievement

The School Board recognizes that the key work of school boards is to establish and promote a clear vision of student achievement as the top priority of the district. Student achievement will be defined by the district and include but not be limited to, assessment results, student attendance and drop-out rates, graduation rates, and percentages of students earning certificates of completion and diplomas.

The School Board recognizes that student achievement cannot occur if students do not regularly attend school. For this reason, the School Board sets a target date of [insert year] to achieve an attendance rate of 95% or better for the district's schools and its students.

Graduation represents the culmination of a student's achievement in the district. The School Board believes that all student have the potential to graduate. The Board sets a target date of [insert year] to achieve a graduation rate of 90% or better for the district's schools and its students.

The superintendent will ensure development and implementation of a comprehensive, collaborative planning process that engages the school community in the district's continuous student achievement improvement program efforts to achieve the district's vision and mission.

The district's program will be consistent with the Alaska Department of Education and Early Development requirements for content standards and high school graduation.

The School Board will, in striving for continuous improvement of student achievement, annually review district and individual school data on student achievement, prioritize, allocate and realign resources as necessary.

The superintendent will develop administrative regulations as needed to implement this policy.

AASB POLICY REFERENCE MANUAL
9/92

Note: The following sample bylaw may be revised to reflect district philosophy and needs.

Limits of Board Members Authority

The School Board has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

The Board is the unit of authority. The Board member is a part of the governing body which represents and acts for the community as a whole. Apart from the normal function as part of the unit, the Board member has no individual authority. No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee. Individually, the Board member may not commit the district to any policy, act or expenditure.

Optional:

School visits by Board members are encouraged. Principals should receive a courtesy call in advance of a visit. Board members, as with all visitors, must check in with the school office. Board members who visit schools of their own volition have no more authority than any other citizen.

(cf. 1250 - Visits to the Schools)

Note: The following is an optional process for Board members to make information requests.

Board Member Requests for Information

Board members should make informed decisions on matters before them for a vote. The Superintendent or designee is responsible for providing the Board with relevant materials to inform the Board on those matters on which it is to act. If Board members desire further information, a request for information shall be directed to the Superintendent, pursuant to the following guidelines:

1. Requests for simple facts. Any Board member may make a request for simple facts to the Superintendent who will forward the request to the appropriate staff member. All responses to requests for simple facts will be provided to the requesting Board member, and copied to the Board President.
2. Requests for reports, research, administrative studies, detailed information, or for information relating to a problem or a potential problem in the District. Some information requests require significant administrative time and explanation to provide the requested response. Individual Board members shall submit such requests to the full Board for consideration. Upon [concurrence of the other board members/majority request of the Board], the request shall then be forwarded to the Superintendent for response.

BOARD MEMBERS (continued)

BB 9200(b)

3. Complaints regarding personnel. Board members may have their own complaints regarding District personnel ~~or may hear such complaints from the community.~~ These concerns should be privately communicated to the Superintendent.

4. When Board members receive complaints or requests for action from staff, students or members of the public, the Board members will direct the staff, students, members of the public to the appropriate complaint policy. Such information will be conveyed to the superintendent.

5. Requests for legal advice or opinions by a Board member that will incur a cost for the district must be approved by a majority vote of the Board before the request is made to legal counsel. Legal counsel is responsible to the Board.

(cf. 6162.8 - Research)

(cf. 9322 - Agenda/Meeting Materials)

Obligations of Members

Members of the Board must endeavor to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons. If no compelling reason requires abstention, members of the Board shall not abstain.

The Board member should not subordinate the education of children and youth to any partisan principle, group interest, or the member's own personal interest.

The Board member should be prepared and willing to devote a sufficient amount of time to the study of the problems of education in the district, the state, and the nation in order to interpret them to the people of the district.

6. Students must be in regular attendance at school classes in which enrolled or for which credit is granted (or be enrolled in a district or member school correspondence program).
7. **All first semester freshmen are immediately eligible.** All second semester freshman, sophomores, and juniors, as well as seniors who are not on track to graduate must have passed at least **2.5** ~~five~~ semester units of credit, or the equivalent, during the previous semester ~~and maintained a 2.0 overall GPA.~~

School Board Report
Erica Kludt-Painter, Superintendent
Feb. 20, 2024

The negotiation process continues with the Associated Teachers of Petersburg to update the collective bargaining agreement, including salary and benefits.

I was able to attend the recent RTI/MTSS Conference in Anchorage with a team of educators from our district. This is the Response to Intervention/Multi-Tiered System of Support conference, and travel is supported by multiple grants secured by the district.

Heather Conn and I attended the Legislative Fly-In in Juneau Feb. 4-7. We had the opportunity to participate in a number of legislative panels and provide testimony regarding education funding and bills. Education funding is at the forefront of the session, and while there is a great deal of support from legislators on both sides of the aisle for increased support for schools, the Governor has made it clear he will veto any large increases to the BSA. We will continue to testify and advocate on behalf of all Alaskan students.

Incoming superintendent Robyn Taylor and I continue to work on transition activities in preparation for her arrival in June.

We will be meeting with the Borough Assembly on Feb. 29 for a work session to discuss the District's budget needs.

Principal's School Board Report
Mitkof Middle School/Petersburg High School
2/16/24

We have reached 3rd quarter midterms.

Parent-Teacher-Conferences:

Parent-Teacher Conferences have been scheduled for February 29th and March 1st. This was a difficult situation to navigate due to the play and basketball games being at the same times. We discovered that no matter what days we chose, conflicts existed. As a result, we have asked teachers to be available as much as possible on those days and have excused them if they are needed at the activities. In addition, teachers have been asked to be available for conference times before and after the scheduled dates during the 3-3:45 PM time frame for parents to meet with them, if the times available during the 29th and 1st are not convenient.

Curriculum:

We are continuing to seek feedback for the curriculum document feedback. Please send any comments to bking@pcsd.us.

Continued work and meetings should yield a completed document by the March board meeting.

We are also beginning the process of determining the needed instructional materials for the classes in the document.

2024-2025 Scheduling:

We have been examining a number of bell schedule possibilities for the next school year and will likely be moving away from the modified block schedule we are currently on. There are a number of difficulties we face with missed days of school when blocks are involved in a partial method. We are looking at methods of scheduling that will allow greater flexibility in making up missed days due to travel and, snow, or in-service days. We are also looking into forms of unified testing and assembly schedules that will help us avoid missing some classes more than others.

We have begun discussions concerning class offerings for next year, as well. As more staffing information becomes available we will be able to better flesh out the schedule in the next months. We would like to fully schedule students for classes in the latter part of the year, if possible.

Middle School Response to intervention:

The middle school is completing the data analysis and profile reviews for the MTSS/RTI plan for the upcoming year. Recommendations for practices will be made based on our findings.

The staff and faculty of both schools have stepped up and are doing exceptional work. I appreciate their dedication and professionalism.

Resolution 2024-01
Petersburg School District in Support of Borough Bonding
Major Maintenance Projects

Whereas the School Board supports several major maintenance projects being bonded by the Borough; and

Whereas the original High School building was constructed in 1951 and was subsequently renovated in 1986 when the Middle School was added, requiring a new roof structure to attach to the new High School building which would later cause many repairs from the transitioning roof structures, resulting in a patchwork roof assembly; and

Whereas the roof has been actively leaking for several years despite careful maintenance; and

Whereas the Borough received a record breaking amount of snow and rain in December 2022 which caused membrane roof damage from falling ice, resulting in leaks in multiple classrooms and insurance damages totalling \$323,400. This damage expanded leaks already in existence due to failing hardware and regular wear and tear on the metal roofs; and

Whereas the District commissioned a Roof Condition Survey and cost estimate from LCG Lantech Architects in 2023 to fully evaluate the roof assembly and provide recommendations; and

Whereas the roof replacement project has been on the capital improvement plan for 4 years: and

Whereas based on the Condition Survey, the roof replacement project was submitted to the State of Alaska for a CIP grant and is #12 on the major maintenance list; and

Whereas the District's participating share for a CIP grant is 35%, or \$1,344,987 for the roof replacement project; and

Whereas the District is eligible for 65% reimbursement for the roof replacement project CIP grant, or \$3,155,013; and

Whereas 21st century schools need 21st century school security; and

Whereas in light of an increasing number of school threats and vulnerability, the School District is in need of campus security and safety upgrades; and

Whereas exterior door locks need to be upgraded to electrified key fob locking systems for security purposes and ADA compliance; and

Whereas the High School office needs to be remodeled for student safety, security and visitor control; and

Whereas the combined High School office remodel and High School/Middle School exterior door/ADA security upgrades, Elementary Exterior door lock/security upgrades, and Vocational Education Building exterior door lock/security upgrades are estimated to cost approximately \$1.4 million; and

Whereas the current school deferred maintenance bonds will mature in September of 2024.

Therefore be it resolved that the Petersburg School Board supports the Borough bonding major maintenance projects for the roof replacement project and campus security and safety upgrades.

Passed and Approved by the Petersburg School Board on February 20, 2024.

Education Legislative Update

Feb. 19-The House began their floor session hearing SB 140, Internet for Schools. The version of SB 140, moved from House Rules, included provisions to allow DEED to authorize Charter Schools, to increase funding for correspondence schools, and only a \$300 increase to the BSA.

The adoption of the House Rules version of SB140 failed to be adopted by the House on a 20-20 split vote, with comments about unknown fiscal implications.

By voting not to adopt the House Rules version of the bill, the House Minority is prioritizing the needs of education in Alaska (BSA, Transportation and Internet Access). The options forward now are for the House to rescind their earlier adoption vote, adopt the House Finance version of SB140, adopt the original version, or let the bill die.

The House Finance version of SB140, which passed last May, includes a \$680 BSA increase, an increase to pupil transportation by \$7.3 million, and increased the BAG cap to 100Mbps.

Budget Considerations

Revenue:

- \$3,400,000 Requested from Petersburg Borough
- Additional State funding needed, at least equivalent to FY24 one time funding

Expenditures:

- Status Quo budget from FY24
- Potential Reduction of 3.0 FTE teachers district wide
- Reduced Pool Use/Utilities by 50%
- Reduced Health Services \$50,000
- Reduced Maintenance supplies
- Reduce Supplies and travel
- Recycle Student laptops, Cancel refresh (increased insurance)

Projected Program Costs of \$1,087,835

Cuts to Expenditures

- It is inevitable that we will have to make some significant budget cuts over the next three years if funding from the State does not change drastically, even with full funding from the Borough.
- COVID Funds, grants, and strategic reductions have kept us from going over the fiscal cliff the past few years.

District Needs

- Revenue increase of \$400,000
 - COVID funds are gone
 - Fluctuating enrollment
 - Hold Harmless Provision is over, though our enrollment has bounced back.
- District Needs
 - Local maximum contribution of \$3,400,000
 - Additional State Funding
 - Strategic Reductions to General Expenditures

Answer: Why are we spending more?

 Because everything costs more. 

Without adding anything to current operations, costs increase.

The only way to spend less is to do much, much less.

But do Alaska students and families deserve much, much less?
