

Fern Ridge School District Board of Directors

Monday, April 20, 2026 The doors will open at 6:15pm
District Administration Office, 88834 Territorial Road, Elmira, Oregon 97437

1. Call to Order: Public - 6:30 pm

We have a shared vision in the Fern Ridge School District: Provide excellence for every student so that each will reach their greatest potential.

Thank you to the members of the public who have joined us. As a reminder, School Board meetings and work sessions are meetings of the Board held in public, providing an opportunity to observe the Board's discussion and actions.

In an effort to conduct official Board business, we ask that the audience be respectful and refrain from questions, comments, and unnecessary noise while the Board conducts the meeting.

There is an opportunity for citizen comment tonight, and the Board looks forward to hearing from those who signed up. I will share some reminders when we get to that portion of the meeting.

Also, please note that all Board meetings are live-streamed and posted on the School Board area of the website.

WORK SESSION of the FERN RIDGE SCHOOL BOARD

March 16, 2026

Zoom Webinar & In-Person Meeting
88834 Territorial Rd.
Elmira, Or 97437

CALL TO ORDER (Agenda Item 1): The work session of the Fern Ridge School Board was called to order by Chair Grover at 5:30pm.

In attendance were Directors Kathleen Pizzola, WC Grover, Brian Kirkpatrick, Lisa McCann, Mark Gent and Superintendent Gary Carpenter.

We have a shared vision in the Fern Ridge School District: Provide excellence for every student so that each will reach their greatest potential.

Thank you to the members of the public who have joined us. As a reminder, School Board meetings and work sessions are meetings of the Board held in public, providing an opportunity to observe the Board's discussion and actions.

In an effort to conduct official Board business, we ask that the audience be respectful and refrain from questions, comments, and unnecessary noise while the Board conducts the meeting. Also, please note that all Board meetings are live streamed and posted on the School Board area of the website.

DISCUSSION ITEMS: (Agenda Item 2):

2. A. Athletic Director: The document with the athletic director scenarios was presented and there was a time of discussion regarding if there were other budget priorities, the preferred scenario, how the job description will be developed and outreach to other schools to get feedback on their programs and organization with their athletic director. It was agreed upon that a full time athletic director will be added to the 26-27 budget and Superintendent Carpenter will begin to draft a job description.

2. B. First Student Contract Renewal: The board agreed to approve the First Student contract for renewal as presented.

2. C. Facilities Use Form: It was identified during the review of the policy and form that the wording that defined revenue generating was not clearly stated and needed to be amended before the second reading.

2. D. New Fields Behind (West) Elmira Elementary: The board agreed to dedicate the field space to the west of Elmira Elementary for baseball, softball and soccer.

2. E. Superintendent Evaluation: There was a time of discussion regarding the survey schedule and when information will be shared with the board prior to the evaluation on the 20th of April.

2. F. Posting of official board agenda timeline: Director McCann proposed having the board agenda packet with attachments distributed earlier. The board agreed to make Wednesday the day of official agenda notification.

LATE ITEMS/CLOSING COMMENTS: (Agenda Item 3):

LONGITUDINAL PERFORMANCE GROWTH TARGETS – APRIL PRESENTATION

BOARD GOALS 25-26

Goal 1: The Fern Ridge School District Board will commit to continuous board professional development, with a focus on the culture and climate on the board and the roles and responsibilities of the board.

Goal 2: The Fern Ridge School District Board will use data to identify and prioritize student needs and hold themselves accountable for meeting all student learning expectations by monitoring the progress of the district goals.

Goal 3: The Fern Ridge School District Board will continue to engage and receive input from stakeholders to help the board make informed decisions.

FOCUS GOAL

Goal 2:

The Fern Ridge School District Board will use data to identify and prioritize student needs and hold themselves accountable for meeting all student learning expectations by monitoring the progress of the district goals.

Action Plan:

1. The board, collaboratively with the superintendent and key stakeholders, will create a monitoring plan that will present data in regards to the district Longitudinal Performance Growth Targets (LPGTs).
2. The board will calendar at the minimum three monitoring plan sessions (during board meetings) to review and discuss the progress of the district goals and review the data from LPGTs.

THE NUMBERS

● **District Wide:** All students enrolled K-12: 1,235

● **Focal Groups Include:**

- Students of color and tribal/indigenous students: 244
- Students who experience disabilities: 285
- Emerging bilingual students: 16
- Students navigating poverty, homelessness, and foster care: 292
- Other student groups that have historically experienced academic disparities

523 of our 1,235 students fall into one of the above focal groups.

This equates to 42.3%

LONGITUDINAL PERFORMANCE GROWTH TARGETS – AKA “LPGTS”

Target Areas:

- Regular Attenders
- 3rd Grade Proficiency
- 9th Grade On-Track
- 4 Year Cohort Graduation
- 5 Year Cohort Completion

Additional Metrics Being Added

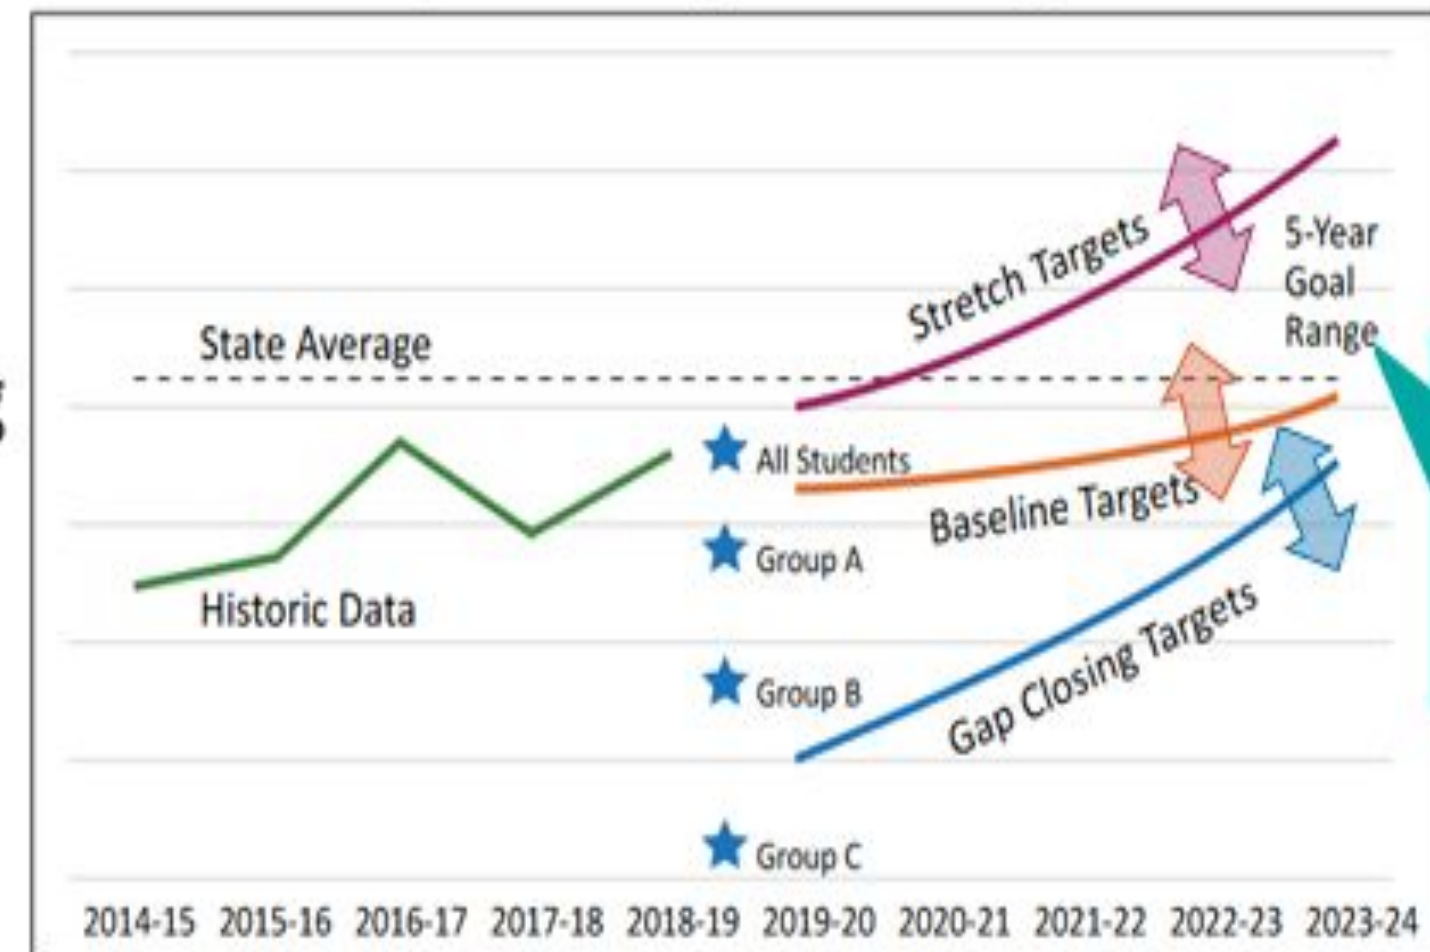

26-27:

- K-2 Attendance
- 8th Grade Math
- Local Metric (from ODE list)

Types of Targets

For the five common metrics, three types of targets need to be set:

- Baseline
- Stretch
- Gap-Closing

K-12 REGULAR ATTENDERS

REGULAR ATTENDERS:

THE PERCENTAGE OF STUDENTS ATTENDING MORE THAN 90 PERCENT OF THEIR ENROLLED SCHOOL DAYS.

BY THE END OF THE YEAR, STUDENTS WHO HAVE BEEN ENROLLED ALL YEAR AND MISSED 17 OR MORE DAYS ARE CHRONICALLY ABSENT

Metric	Target Type	23-24	24-25	25-26 Goal
Regular Attender	Baseline: All Students	69.9%	71.01%	75%
Regular Attender	Stretch: All Students	69.9%	71.01%	78%
Regular Attender	Gap-Closing: All Focal Group Students	68%	68.26%	70%

Aligned Support Activities:

- Admin. messaging focused on attendance
- Magnets with school year calendar sent home with every student/family at registration
- School counselors
- Student-based health center
- School, classroom, student incentives

3rd Quarter Regular Attenders (as of 4/1/26)

EES	73.25%
VES	69.81%
FRMS	68.46%
EHS	68.64%
K-12 District	70.04% <small>Does NOT include OPTIONS</small>
K-2 District	73.94%

3RD GRADE ELA

3RD GRADE READING:
 THE PERCENTAGE OF STUDENTS PROFICIENT ON STATEWIDE ENGLISH LANGUAGE ARTS (ELA) ASSESSMENTS IN 3RD GRADE

Metric	Target Type	23-24	24-25	25-26 Goal
3RD ELA	Baseline: All Students	40.6%	41.11%	44%
3RD ELA	Stretch: All Students	40.6%	41.1%	56%
3RD ELA	Gap-Closing: All Focal Group Students	28%	35.48%	33.5%

Aligned Support Activities:

- ORTI Support and Professional Learning
- High Dosage Tutoring K-3
- Afterschool Programs
- STAR Renaissance
- Data Teams, PLCs
- LETRS training for K-2 Teachers
- K-2 ENHANCED CORE READING INSTRUCTION (ECRI) TRAINING AND COACHING

3RD GRADE ELA-STAR CAT

FRSD uses a research based, state approved, English Language Arts Curriculum. In addition to our core curriculum, the district uses STAR Renaissance Assessments. STAR assessments are given 3x/year along with additional Progress Monitoring (2x/year). This data allows staff to reflect on both program and student level needs.

Targeted Strategies

- Intervention groups
- Small group support
- Increased opportunities to respond
- Enhanced Core Reading Instruction
- OSAS Interims, Sample Problems, Target Reports
- Focus on Priority Standards
- Freckle/Lalilo

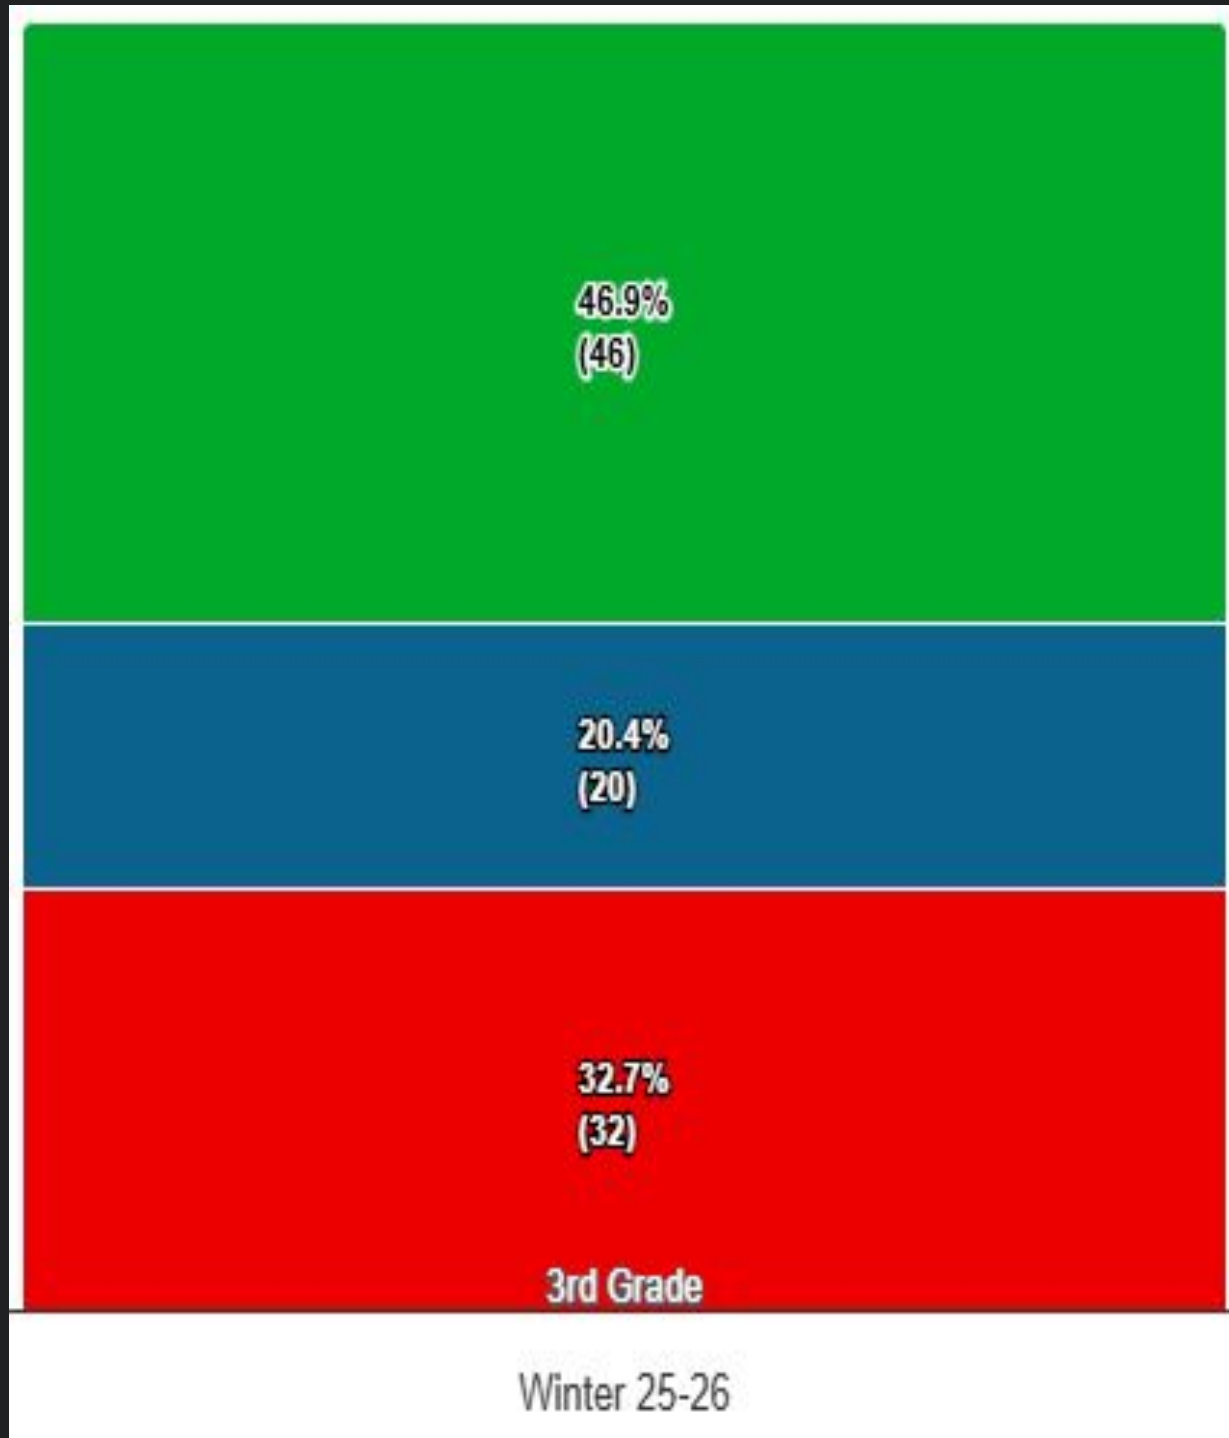

Quick Facts

- STAR Reading- Computer Adaptive Test
 - Taken in Sept./Dec./May
 - Teachers may choose to give more frequently
- STAR Reading will analyze and correlate score in order to predict "meeting or exceeding" on OSAS

3RD GRADE ELA-STAR CBM

FRSD uses a research based, state approved, English Language Arts Curriculum. In addition to our core curriculum, the district uses STAR Renaissance Assessments. STAR assessments are given 3x/year along with additional Progress Monitoring (2x/year). This data allows staff to reflect on both program and student level needs.

Targeted Strategies

- Intervention groups
- Small group support
- Increased opportunities to respond
- Enhanced Core Reading Instruction
- OSAS Interims, Sample Problems, Target Reports
- Focus on Priority Standards
- Freckle/Lalilo

Quick Facts

- STAR Reading- Curriculum Based Measures (ex. Passage Reading Fluency)
- Benchmark taken in Sept./Dec./May
- Students receiving intervention or being monitored will have progress assessed more frequently

9TH GRADE ON-TRACK

Ninth Grade On-Track:

The percentage of students earning at least one-quarter of their graduation credits by the end of the summer following their 9th grade year.

Metric	Target Type	23-24	24-25	25-26 Goal
9th Grade On-Track	Baseline: All Students	81%	82.9%	82.8%
9th Grade On-Track	Stretch: All Students	81%	82.9%	86.2%
9th Grade On-Track	Gap-Closing: All Focal Group Students	78%	84.6%	79%

9TH GRADE ON-TRACK

Ninth Grade On-Track:

The percentage of students earning at least one-quarter of their graduation credits by the end of the summer following their 9th grade year.

- 9th Grade Success Team
 - Meets monthly
- Focused Future Success Classes
- 1-1 Meetings with CTE/School Success Coordinator

9TH GRADE ON-TRACK

Ninth Grade On-Track:

The percentage of students earning at least one-quarter of their graduation credits by the end of the summer following their 9th grade year.

- 9th Grade Success Team
 - Meets monthly
- Focused Future Success Classes
- 1-1 Meetings with CTE/School Success Coordinator

4 - YEAR GRADUATION

Four-year Graduation:
The percentage of students earning a regular or modified diploma within four years of entering high school.

Metric	Target Type	23-24	24-25	25-26 Goal
4 Year Cohort Graduation	Baseline: All Students	77.6%	88.78%	87%
4 Year Cohort Graduation	Stretch: All Students	77.6%	88.78%	93.7%
4 Year Cohort Graduation	Gap-Closing: All Focal Group Students	63.83%	85.96%	86%

- 2 Counselors to support EHS Students
- Credit Recovery
- Graduation Committee

5 - YEAR COMPLETION

Five-year Completion:

The percentage of students earning a regular, modified, extended or adult high school diploma, or a GED within five years of entering high school.

- 2 Counselors to support EHS Students
- Credit Recovery
- Graduation Committee

Metric	Target Type	23-24	24-25	25-26 Goal
5 Year Completion	Baseline: All Students	93.02%	85.29%	93.25%
5 Year Completion	Stretch: All Students	93.02%	85.9%	94.4%

Relationship

FRSD will provide a supportive and safe school environment that values diversity, in which all students feel welcomed and respected.

Rigor

FRSD will maintain high expectations and promote academic excellence through challenging curriculum, as well as instruction that build critical thinking skills.

Relevance

FRSD students will connect and apply their education to the world of today and tomorrow.

Establish and implement a district-wide plan to ensure that students and staff are known, seen, and valued.

Establish and implement a cohesive student support process across K-12 that includes mental, behavioral, and academic targets.

Create a safe learning environment by providing targeted and embedded mental health and behavioral supports.

Create an ongoing process and system to encourage and utilize stakeholder feedback.

Provide ongoing professional development for staff in areas of instructional improvement, student learning, and engagement.

FRSD NEXT

STEPS

- Continue to focus work around LPGTs
- Support buildings in creating a Student Support Team Handbook that breaks down the process and steps for their Multi-Tiered Systems of Support (MTSS)
- Provide professional development and learning
- Engage families and community members (ex. attendance messaging)
- Interim Assessments 3rd-11th

Proposed Elective: Comics & Graphic Novel Storytelling

Instructor: Garren Piccolo

Length: One Semester (50 minutes daily except on Wednesday's)

Course Overview

Comics & Graphic Novel Storytelling is a semester-long elective in which students explore comics as a literary and artistic medium. Students will analyze graphic novels, examine how visual and written elements work together to communicate meaning, and create their own original comic projects.

The course integrates reading comprehension, narrative writing, visual literacy, and creative expression. Students of all artistic ability levels are supported, with emphasis placed on storytelling clarity, revision, and creative growth.

Scope & Sequence (18 Weeks)

Unit 1: The Power of Comics (Weeks 1–3)

- What defines comics as sequential art
- Panels, gutters, pacing, and visual flow
- Showing vs. telling
- Creating short silent comics

Unit 2: History & Genres of Comics (Weeks 4–6)

- Early comic strips and superhero era

- Manga and global influences
- Modern graphic novels
- Genre exploration (memoir, fantasy, sci-fi, slice-of-life)
- Mini research activity on comic creators or movements

Unit 3: Writing for Comics (Weeks 7–9)

- Narrative structure (beginning, middle, end)
- Conflict and character development
- Dialogue and narration
- Script writing format
- Thumbnail storyboarding

Unit 4: Visual Storytelling Techniques (Weeks 10–13)

- Panel composition and layout
- Facial expression and body language
- Perspective and “camera angles”
- Lettering and speech bubbles
- Drafting and revising comic pages

Unit 5: Final Project & Publication (Weeks 14–18)

- Development of an original comic (6–10 pages or strip series)
- Peer critique and revision
- Final inking/formatting

- Optional class anthology or school display
-

Standards Alignment (Prioritized Content Standards)

This elective supports key Oregon middle school standards in English Language Arts and Visual Arts.

English Language Arts (Oregon ELA Standards – Grade 7)

- **Reading Literature (RL.7.1, RL.7.3, RL.7.5)**
Analyze textual evidence, character development, and structure.
- **Writing (W.7.3, W.7.4, W.7.5)**
Write narratives with clear structure, develop real or imagined experiences, revise writing with peer feedback.
- **Speaking & Listening (SL.7.1)**
Engage effectively in collaborative discussions and peer critiques.
- **Language (L.7.1–3)**
Demonstrate command of conventions in dialogue and narrative writing.

Visual Arts (Oregon Arts Standards – Middle School)

- **Creating**
Generate and conceptualize artistic ideas and work.
- **Presenting**
Develop and refine artistic techniques and work for presentation.
- **Responding**
Analyze and interpret artistic works.
- **Connecting**
Relate artistic ideas to personal meaning and cultural context.

Course Goals

Students will:

- Understand how comics communicate meaning through sequential art.
- Analyze graphic novels for theme, character development, and structure.
- Develop script writing and storyboarding skills.
- Apply visual storytelling techniques in original work.
- Revise creative projects using structured peer feedback.
- Produce a completed original comic project.

Course Syllabus Overview

Grading Components:

- Participation & Engagement – 25%
- Skill-Building Assignments – 25%
- Script Drafts & Revisions – 20%
- Peer Critique Participation – 10%
- Final Comic Project – 20%

Assessment prioritizes effort, creativity, revision, and clarity of storytelling over artistic perfection.

Materials & Budget

Funds will be used for:

- Drawing paper and copy paper
- Fine-tip black pens and pencils
- Printing of final drafts
- Optional class anthology printing

No specialized equipment is required.

4. Target Group: **7th and 8th Grade Students at FRMS; students in building, architectural design, and mechanical engineering. Students who want to learn how things work so they can manufacture their own amazing machines and prototypes.**

5. Course Description: See attached completed “Planned Course Statement”.

6. Rationale: (What problem or need will this proposal resolve? How will this goal be accomplished? Use additional pages if necessary.)

Where structure and science meet, this class will explore the mechanical side of science through engineering, engines, and functional design. Students will participate in hands on activities by building and doing to create designs for the future.

Adding this elective to Fern Ridge Middle School will allow us to continue to provide students, through our electives, the chance to explore and learn more about the things that interest them.

Course Outline and Syllabus (Core Classes)

Course Name: Engineering

Course Description:

Engineering is an elective class that will explore math and science concepts through the lens of projects. Projects will involve building, exploring, and solving large questions with other students.

Content Covered:

Fundamental Physics concepts: Newtons Laws, Speed, Velocity, Acceleration, Momentum, Gravity, Friction, Flight, Pressure, and Waves

Fundamental Math Concepts: Basic Arithmetic, Basic Algebra, and Graphing

Basic Engineering Practices: Following scientific method and engineering protocol.

How Students Working Below Grade Level Will Be Supported:

Students will be able to be supported through.

- Scaffolding large concepts
- Creating obtainable goals
- Hands on learning
- Meeting appropriate IEP support and Meeting 504 requirements
- Creating a fun and interesting learning atmosphere

How Students Working Above Grade Level Will Be Challenged:

Students above grade level will be challenged by

- Increasing the amount of calculation required to show their understanding
- Making the limitation of the projects more strict, either in time or materials
- Asking students that are ahead of the class to help support other students that are struggling.

Prioritized Content Standards:

MS.ETS1 Engineering Design

MS.ETS1.1 Define the criteria and constraints of a design problem with sufficient precision to ensure a successful solution, taking into account relevant scientific principles and potential impacts on people and the natural environment that may limit possible solutions. ^

MS.ETS1.2 Evaluate competing design solutions using a systematic process to determine how well they meet the criteria and constraints of the problem.

MS.ETS1.3 Analyze data from tests to determine similarities and differences among several design solutions to identify the best characteristics of each that can be combined into a new solution to better meet the criteria for success.

MS.ETS1.4 Develop a model to generate data for iterative testing and modification of a proposed object, tool, or process such that an optimal design can be achieved.

Textbook(s):

Novel Engineering, K-8: An Integrated Approach to Engineering and Literacy
by Elissa Milto (Author), Meredith Portsmouth (Author), Jessica Watkins (Author)

Awesome Engineering Activities for Kids: 50+ Exciting STEAM Projects to Design and Build (Awesome STEAM Activities for Kids) Paperback – May 28, 2019
by Christina Schul (Author)

Course Goal(s):

1. Create an understanding of the basic engineering method
2. Learning fundamental principles of physics
3. Learning fundamental part of math
4. Creatively thinking about difficult questions and coming up with unique solutions
5. Building and failing and building again. Being able to try and learn.

Materials Needed:

Popsicles Sticks, Glue , Straws, Paper cups, Balloons, Wheel Kits, Car kits, Mouse Traps, Duct Tape, Eggs, Cloth, String, Cardboard, Heavy Paper, Balsa Wood, Wood Glue

Classroom Rules:

The school's high five rules.

Be responsible

Be Respectful

Follow directions

Be There- Be Ready

Hands and Feet to Self

How Students Will Be Graded:

Students will be graded on an A-F grading system.

A- 100-90

B 89-80

C 79-70

D 69-60

F 59-0

Student will be grade both on Daily Assignments and larger projects

Homework Policies

All work may be turned in by the end of each quarter without a late penalty.

Scope and Sequence Planning Sheet- For each of the months below, include the major concepts and skills you hope to cover that month.

September:

Basic engineering concepts.

5. Course Description: See attached completed "Planned Course Statement".

6. Rationale: (What problem or need will this proposal resolve? How will this goal be accomplished? Use additional pages if necessary.)

This course gives students the opportunity to learn practical outdoor survival skills while building confidence, teamwork, and problem-solving abilities. Students will explore how to stay safe and prepared in a variety of environments, with a focus on both Oregon's landscapes and different regions around the world. Throughout the class, students will participate in hands-on activities such as shelter building, navigation, basic first aid, outdoor cooking, and survival challenges. The course also includes elements of geography and culture by examining how people survive in environments like deserts, jungles, mountains, and Arctic regions. Overall, the goal is to help students develop real-world skills, make responsible decisions, and gain a greater appreciation for the outdoors.

Course Name: Outdoor Survival

Course Description:

This course gives students the opportunity to learn practical outdoor survival skills while building confidence, teamwork, and problem-solving abilities. Students will explore how to stay safe and prepared in a variety of environments, with a focus on both Oregon's landscapes and different regions around the world. Throughout the class, students will participate in hands-on activities such as shelter building, navigation, basic first aid, outdoor cooking, and survival challenges. The course also includes elements of geography and culture by examining how people survive in environments like deserts, jungles, mountains, and Arctic regions. Overall, the goal is to help students develop real-world skills, make responsible decisions, and gain a greater appreciation for the outdoors.

Content Covered:

- **Course introduction, expectations, and outdoor safety procedures**
- **Survival priorities and decision-making (Rules of 3s)**
- **Shelter construction using natural and available materials**
- **Outdoor cooking basics and food preparation in survival situations**
- **Fishing fundamentals, including techniques, safety, and basic fish cleaning (gutting and filleting demonstrations)**
- **Backpacking skills, including gear selection, packing, and trip planning**
- **Navigation and orienteering (map reading, route planning, basic compass use)**
- **Water sourcing and purification methods**
- **Fire safety and fire-building concepts**
- **Basic first aid and emergency response, including treating wounds and injuries**
- **Signaling for help, including smoke signals, calls, and modern signaling tools (e.g., whistles, mirrors, flares)**
- **Survival challenges and scenario-based problem solving**
- **Environmental awareness and adapting to different climates and terrains (Oregon and global)**
- **Indigenous and traditional survival practices (local and global perspectives)**
- **Outdoor ethics, including Leave No Trace principles**

How Students Working Below Grade Level Will Be Supported:

- Clear, step-by-step instructions and modeling of all skills
 - Visual demonstrations and hands-on learning opportunities
 - Partner and small group work for support and collaboration
 - Reduced writing expectations with a focus on participation and application
 - Sentence starters and structured templates for projects
 - Frequent check-ins and reteaching as needed
-

How Students Working Above Grade Level Will Be Challenged:

- Opportunities to take leadership roles during group activities
 - Extended or more detailed versions of projects (e.g., advanced survival plans)
 - Independent research on survival techniques or environments
 - More complex scenario-based problem solving
 - Encouragement to connect skills to real-world applications
-

Prioritized Content Standards:

- Oregon Social Science Standards (Geography: human-environment interaction, physical geography)
 - Oregon Health Education Standards (safety, risk management, decision-making)
 - Oregon Physical Education Standards (outdoor activity participation and responsibility)
 - Career and Technical Education (CTE) Skills:
 - Critical thinking
 - Problem-solving
 - Collaboration
 - Real-world application
-

Textbook(s):

- No single required textbook
- Teacher-selected resources including excerpts from:
 - Hatchet
 - National Geographic Kids Survival Guide
- Supplemental materials from:
 - REI Co-op Expert Advice
 - National Geographic
 - Leave No Trace Center for Outdoor Ethics

- Bear Grylls Man vs Wild (show)
 - Outdoor Boys (youtube)
-

Course Goal(s):

- Develop foundational outdoor survival skills
 - Build confidence in problem-solving and decision-making
 - Promote teamwork and effective communication
 - Encourage safe and responsible behavior in outdoor environments
 - Increase understanding of how people adapt to different environments (Oregon and global)
 - Foster appreciation and respect for nature
-

Materials Needed:

- Notebook or journal
 - Pencil/pen
 - School Chromebook (for research and projects)
 - Occasional basic outdoor materials (provided or teacher-directed)
-

Classroom Rules:

- Follow FRMS expectations (“High 5”):
 - Be respectful
 - Be responsible
 - Be ready
 - Hands and feet to self
 - Follow directions
 - Participate actively in all activities
 - Use equipment safely and appropriately
 - Respect outdoor spaces and materials
 - Stay on task during both indoor and outdoor lessons
-

How Students Will Be Graded:

- Participation and effort – 60%
- Projects (e.g., survival plan, presentations) – 10%

- Classwork and daily activities – 20%
 - Quizzes and reflections – 10%
-

Homework Policies:

- Homework is minimal and typically only assigned if classwork is not completed
- Occasional project work or preparation may be required
- Emphasis is placed on in-class participation and completion of activities

Scope and Sequence Planning Sheet- For each of the months below, include the major concepts and skills you hope to cover that month.

September (Weeks 1–4): Foundations + Oregon Survival

- Course intro, expectations, safety
 - Rules of 3s
 - Oregon geography and environments
 - Shelter basics (rain/forest focus)
 - Intro to backpacking
-

October (Weeks 5–8): Survival Around the World

- Desert, Arctic, Jungle, Mountain survival
- Compare environments and strategies
- Video + discussion-based learning

November (Weeks 9–12): Native Survival + Water/Food

- Indigenous survival practices (Oregon + global)
 - Water sourcing and purification
 - Food basics
 - Scenario-based survival decisions
-

December (Weeks 13–16): Navigation & Outdoor Skills

- Map reading and navigation basics
 - Intro to orienteering
 - Backpacking skills
 - Fire safety concepts
-

January (Weeks 17–20): Final Project + Winter Survival

- Cold-weather survival
- Final 3-day survival project
- Presentations and reflection

Course Restarts

February (Weeks 1–4): Foundations + Oregon Survival

- Course introduction, expectations, and safety procedures
 - Rules of 3s and survival priorities
 - Introduction to Oregon geography and wilderness regions
 - Basic shelter concepts (forest/rain environments)
 - Intro to backpacking and outdoor preparedness
-

March (Weeks 5–8): Survival Around the World

- Desert survival (heat, water, movement strategies)
 - Arctic survival (shelter, insulation, Inuit practices)
 - Jungle survival (rain, insects, navigation challenges)
 - Mountain survival (terrain, altitude, weather)
 - Compare environments and survival strategies
-

April (Weeks 9–12): Native Survival + Water/Food

- Indigenous survival practices (Oregon + global connections)
 - Respect for land and sustainability
 - Water sourcing and purification methods
 - Food basics and survival decision-making
 - Scenario-based survival activities
-

May (Weeks 13–16): Navigation & Outdoor Skills

- Map reading and navigation basics
 - Orienteering skills
 - Backpacking (gear, packing, planning)
 - Fire safety and survival techniques
 - **Outdoor Activity #1 (weather permitting):**
 - Orienteering course or survival scavenger hunt
-

June (Weeks 17–20): Final Project + Outdoor Application

- Final “3-Day Survival Plan” project (Oregon or global)
- Group survival challenges and review
- **Outdoor Activity #2 (weather permitting):**
 - Shelter-building challenge or gear simulation
- Presentations and course reflection

Proposed Elective: Marine Biology

Instructor: Garren Piccolo

Length: One Semester (18 Weeks)

Course Overview

Marine Biology is a semester-long elective that introduces students to the organisms, ecosystems, and environmental issues of the ocean. Students will explore marine food webs, habitats, biodiversity, adaptations, human impacts, and current issues in ocean science.

The course emphasizes hands-on learning, observation, reading, discussion, and project-based activities. Whenever possible, the class will connect learning to Oregon's coastal ecosystems and may include a field trip opportunity to the Oregon Coast, such as the Newport Aquarium and/or Hatfield Marine Science Center, to give students direct exposure to marine science in action.

This course supports student curiosity about life science while building scientific literacy, environmental awareness, and understanding of how ocean systems affect life on Earth.

Scope & Sequence (18 Weeks)

Unit 1: Introduction to Marine Biology (Weeks 1–2)

- What is marine biology?
- Why oceans matter
- Overview of ocean zones and marine environments
- The ocean's role in climate, oxygen production, and food systems

Unit 2: Ocean Ecosystems & Habitats (Weeks 3–5)

- Intertidal zones
- Coral reefs
- Open ocean
- Deep sea

- Estuaries and kelp forests
- Comparison of marine habitats and the organisms that live there

Unit 3: Marine Organisms & Adaptations (Weeks 6–8)

- Invertebrates, fish, marine mammals, reptiles, and plankton
- Structural and behavioral adaptations
- Camouflage, bioluminescence, migration, and survival strategies
- Classification and biodiversity

Unit 4: Food Webs, Energy, and Ecosystem Relationships (Weeks 9–11)

- Producers, consumers, decomposers
- Predator-prey relationships
- Food chains and food webs
- Energy flow in marine ecosystems
- Keystone species and ecosystem balance

Unit 5: Human Impact on the Ocean (Weeks 12–14)

- Pollution and plastics
- Overfishing
- Climate change and ocean warming
- Acidification
- Habitat destruction
- Conservation efforts and stewardship

Unit 6: Oregon Coast & Applied Marine Science (Weeks 15–16)

- Oregon coastal ecosystems
- Local marine species
- Research, aquariums, and marine science careers
- Preparation for potential field trip connections to Newport Aquarium and Hatfield Marine Science Center

Unit 7: Final Project & Presentation (Weeks 17–18)

- Student research project, model, poster, slideshow, or field guide
 - Presentation on a marine organism, habitat, or ocean issue
 - Reflection on marine conservation and scientific learning
-

Standards Alignment (Prioritized Content Standards)

This elective supports key Oregon middle school science standards, along with literacy standards connected to reading, writing, and communicating scientific ideas.

Science (Middle School Life Science / Earth & Space Science Emphasis)

- **MS-LS1: From Molecules to Organisms**
Students examine structures, functions, and adaptations of marine organisms.
- **MS-LS2: Ecosystems: Interactions, Energy, and Dynamics**
Students investigate food webs, ecosystem relationships, and population balance in marine environments.
- **MS-LS4: Biological Evolution: Unity and Diversity**
Students explore biodiversity, survival, and adaptation in ocean life.
- **MS-ESS2: Earth's Systems**
Students study the role oceans play in Earth's systems, including climate and water movement.
- **MS-ESS3: Earth and Human Activity**
Students examine human impacts on the ocean and possible conservation solutions.

English Language Arts Connections

- **Reading Informational Text**
Students read and interpret scientific articles, diagrams, and informational texts.
 - **Writing**
Students write explanations, reflections, and research-based responses.
 - **Speaking & Listening**
Students participate in discussion and present marine science topics clearly.
-

Course Goals

Students will:

- Understand the importance of oceans and marine ecosystems.
- Identify major marine habitats and the organisms that live in them.

- Explain how marine organisms are adapted to survive in different environments.
 - Analyze food webs and energy flow in ocean systems.
 - Investigate how humans impact marine ecosystems.
 - Explore Oregon coastal ecosystems and marine science careers.
 - Communicate scientific understanding through projects, discussion, and presentations.
-

Course Syllabus Overview

Major Topics

- Ocean zones and habitats
- Marine organisms and biodiversity
- Adaptations for survival
- Food webs and energy transfer
- Human impact and conservation
- Oregon coast ecosystems
- Marine science careers and research

Learning Activities

- Class discussions
- Reading and note-taking
- Videos and short research tasks
- Interactive models and diagrams
- Small group activities
- Creative and scientific projects
- Final presentation or product

Grading Components

- Participation & Engagement
- Class Assignments / Notes / Activities
- Projects / Research Tasks
- Final Project / Presentation

Assessment will focus on understanding, effort, participation, and growth.

Materials & Budget

If additional funds or support are available, they may be used for:

- Marine biology books or reference materials
 - Supplies for models or labs
 - Transportation or support for a field trip experience
-

Educational Value

Marine Biology gives students a highly engaging way to explore life science through real-world ecosystems and environmental issues. The course encourages curiosity, scientific observation, and awareness of Oregon's connection to the Pacific Ocean. It also provides students with opportunities to explore marine science careers and understand the importance of conservation and stewardship.

This elective supports science learning in an engaging format while connecting classroom concepts to authentic environments and possible field experiences.

5. Course Description: See attached completed "Planned Course Statement".

6. Rationale: (What problem or need will this proposal resolve? How will this goal be accomplished? Use additional pages if necessary.)

Science Fiction and World Building is a semester-long elective in which students explore world building in the science fiction genre using skills taught in a social studies classroom. Students will look at how different imaginary worlds are constructed by exploring themes such as war, leadership, government, social structure, economic systems, and problem solving. Students will work collaboratively in groups and individually on projects, creative writing, analyzing, map making, and more.

Adding this elective to Fern Ridge Middle School will allow us to continue to provide students, through our electives, the chance to explore and learn more about the things that interest them.

Course Outline

Unit 1: Introduction to Science Fiction and World-Building

Weeks 1–2

Students are introduced to the science fiction genre and the concept of “other worlds.” Through selected clips from Star Wars and Star Trek, students analyze how different worlds are constructed and what makes them believable.

Key Topics:

- Elements of science fiction
- Types of “other worlds”
- Introduction to world-building

Assessment:

Creation of an original fictional world (map and description)

Unit 2: War, Leadership, and Strategy

Weeks 3–7

Core Text: Ender’s Game

Students examine leadership, decision-making, and ethical dilemmas in a high-stakes futuristic environment.

Key Topics:

- Leadership and responsibility
- Ethics of conflict
- Individual vs system

Assessment:

Analytical writing and strategy-based reflection

Unit 3: Time, Space, and Imagination

Weeks 8–10

Core Text: A Wrinkle in Time

Students explore alternate dimensions, the relationship between science and imagination, and themes of courage and identity.

Key Topics:

- Alternate realities
- Good vs evil in science fiction
- Scientific imagination

Assessment:

Creative narrative writing project

Unit 4: Systems, Survival, and Failing Worlds

Weeks 11–14

Core Text: The City of Ember

Students analyze a constructed society facing systemic failure. Emphasis is placed on infrastructure, leadership, and problem-solving.

Key Topics:

- Resource management and scarcity
- Government and societal structure
- Problem-solving and innovation

Assessment:

Project-based assessment focused on redesigning or improving a failing system

Unit 5: Complex Worlds and Resource Control

Weeks 15–16

Supplemental Text: Excerpts from Dune

Students explore how environment and resource scarcity shape societies and power structures.

Key Topics:

- Environmental influence on culture
- Resource control and conflict
- Comparative world analysis

Assessment:

Comparative analysis of fictional worlds

Unit 6: Comparative Science Fiction and Final Project

Weeks 17–18

Students synthesize their learning by comparing major science fiction universes and applying their understanding through a culminating project.

Media Focus:

- Star Wars
- Star Trek

Final Project:

Students will design and present an original “other world,” including:

- Environment and geography
 - Society and governing systems
 - Central conflict
 - Visual representation (map, model, or digital design)
-

Skills Developed

- Critical reading and analysis
 - Written and verbal communication
 - Creative problem-solving
 - Collaboration and discussion
 - Systems thinking

Adopted August 18, 2025

OSBA Model Sample Policy

Code: JGE

Adopted:

Expulsion**

{Required policy. ORS 339.250(2) and OAR 581-021-0070 require policies on expulsion.}

A principal, after reviewing available information, may recommend to the superintendent that a student be expelled. Expulsion of a student shall not extend beyond one calendar year.

A student may **only** be expelled for the following circumstances:

1. When a student's conduct poses a threat to the health or safety of students or employees;
2. When other strategies to change the student's **conduct**~~behavior~~ have been ineffective, except that expulsion may not be used to address truancy; or
3. When required by law.

The use of expulsion for discipline of a student in fifth grade or lower is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administrator's observations or upon a report from an employee, the student's conduct poses a **direct** threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

The age of the student and the past pattern of behavior will be considered prior to imposing the expulsion.

No student may be expelled without a hearing unless the student's parents, or the student if 18 years of age, waive the right to a hearing, either in writing or by failure to appear at a scheduled hearing. ~~By waiving the right to a hearing, the student and parent agree to abide by the findings of a hearings officer.~~

The Board delegates the authority to decide on an expulsion to the superintendent.^{1} The superintendent may designate another person to handle the potential expulsion, and the superintendent, a designee or another individual may act as the hearings officer. The district may contract with an individual who is not employed by the district to serve as the hearings officer. The hearings officer will not be associated with the initial actions of the building administrators. The hearings officer will conduct the hearing and make a final decision regarding the expulsion. A decision of the hearings officer may be appealed by the parent or the student if age 18 or over to the Board for review.

^{1} The Board can retain authority for all expulsions. If the Board chooses not to delegate this authority, any recommendations for expulsion from administration would come to the Board for resolution. The Board would have to meet and determine next steps for all expulsions.

If the decision of the hearings officer is appealed to the Board for review, the findings as to the facts and the hearings officer's decision will be submitted to the Board, and will be available in identical form to the Board, the student and the student's parents at the same time. At a future meeting, the Board will review the hearings officer's decision and will affirm, modify or reverse the decision.

When a recommendation for an expulsion is made and an ~~an expulsion~~ hearing is not waived, the following procedure is required:

1. Notice will be given to the student and the parent by personal service² or by certified mail³ at least five days prior to the scheduled hearing. Notice shall include:

- a. The specific charge or charges and the specific facts that support the charge or charges;
- ~~b. The conduct constituting the alleged violation, including the nature of the evidence of the violation and reason for expulsion;~~
- ~~e.b.~~ A ~~recommendation for expulsion~~ statement of intent to consider the charges as reason for expulsion;
- ~~d.c.~~ The student's right to a hearing;
- ~~e.d.~~ When and where the hearing will take place; and
- ~~f.e.~~ The student may be represented by counsel or other persons ~~right to representation~~.

~~The Board may expel, or may delegate the authority to decide on an expulsion to the superintendent or superintendent's designee, who may also act as the hearings officer. The district may contract with an individual who is not employed by the district to serve as the hearings officer. The hearings officer designated by the Board will conduct the hearing and will not be associated with the initial actions of the building administrators;~~

~~2. Expulsion hearings will be conducted in private and will not be open to the general public unless the student or the student's parents request an open session;~~

~~3.2.~~ If ~~in case~~ the parent or student ~~has difficulty understanding~~ does not understand the English language ~~or has other serious communication disabilities~~, the district will provide an interpreter during the hearing ~~translator~~. All communications will be in a manner that is understandable to the parents and student;

~~4.3.~~ The student shall be permitted to have representation present at the hearing to advise and to present arguments. The representation may be an attorney, ~~and/or~~ parent ~~or other person~~. The district's attorney may be present;

~~5.4.~~ The student shall be afforded the right to present their version of the events underlying the expulsion recommendation and to introduce evidence by testimony, writings or other exhibits;

~~6.5.~~ The student shall be permitted to be present and to hear the evidence presented by the district;

~~7.6.~~ The hearings officer or the student may record the hearing;

² The person serving the notice shall file a return of service. (OAR 581-021-0070)

³ When "certified mail is given to a parent of a suspended student, the notice shall be placed in the mail at least five days before the date of the hearing." (OAR 581-021-0070)

~~8-7.~~ Strict rules of evidence shall not apply to the proceedings. However, this shall not limit the hearings officer's control of the hearing;

~~9.~~ If the Board is conducting the expulsion hearing, the Board may designate the Board chair or a third party as the hearings officer. The hearings officer will determine the facts of each case on the evidence presented at the hearing. Evidence may include the relevant past history and student education records. The hearings officer will provide to the Board, findings as to the facts, the recommended decision and whether or not the student has committed the alleged conduct. This will include the hearings officer's recommended decision on disciplinary action, if any, including the duration of any expulsion. This material will be available in identical form to the Board, the student if age 18 or over and the students' parents at the same time. Following the review by the Board of the hearings officer's recommendation, ~~t~~The Board will make the final decision regarding the expulsion;

~~If the Board has delegated authority to the superintendent [or designee] to act as the hearings officer, the superintendent may designate themselves, or a third party, as the hearings officer. The hearings officer's decision is final. However, a decision of the hearings officer may be appealed by the parent or the student if age 18 or over to the Board for review. If the decision of the hearings officer is appealed to the Board for review, the findings as to the facts and the hearings officer's decision will be submitted to the Board, and will be available in identical form to the Board, the student and the student's parents at the same time. At its next regular or special meeting the Board will review the hearings officer's decision and will affirm, modify or reverse the decision;~~

~~10-8.~~ A Board-conducted hearing or a Board review of the hearings officer's decision will be conducted in executive session unless the student or the student's parent requests a public hearing. If an executive session is held by the Board or a private hearing held by the hearings officer, the following will not be made public:

- a. The name of the minor student;
- b. The issues involved, including a student's confidential records;
- c. The discussion;
- d. The vote of Board members, which may be taken in executive session when considering an expulsion.

Prior to expulsion, ~~the district must propose alternative programs of instruction or instruction combined with counseling to a student subject to expulsion~~ for reasons other than a weapons ~~policy~~ violation, the district must notify the student and parents of alternative programs of instruction or instruction combined with counseling and document this notification. ~~The district must document to the parent of the student that proposals of alternative education programs have been made.~~

OSBA Model Sample Policy

Code: EFA

Adopted:

Local Wellness

{Required. Title 7 C.F.R. 210.31(a) requires local education agencies to “establish a local school wellness policy for all schools participating in the National School Lunch Program and/or School Breakfast Program...”. The law describes the policy as “a written plan that includes” various components intended to improve student wellness. This policy is designed to meet the requirements for a wellness policy and provide the framework for the district’s plan. Previously these requirements were split between the policy and an administrative regulation (AR). All required and/or related content is now included in the model policy, therefore OSBA recommends deleting the AR if the district previously included it in the board’s policy manual. Districts should consult with stakeholders in the process of adoption and incorporate language that meets the unique needs of the district.}

The district is committed to the optimal development of every student and believes that a positive, safe and health-promoting learning environment is necessary for students to have the opportunity to achieve personal, academic, developmental and social success.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board’s commitment to providing adequate time for instruction that fosters healthy eating through nutrition education and promotion, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate.

POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation

The district shall manage and coordinate the implementation of this local wellness policy.

Implementation will consist of, but not be limited to, the following:

1. Delineating roles, responsibilities, actions and timelines specific to each school;
2. Generating and disseminating information about who will be responsible to make what change, by how much, where and when;
3. Establishing standards for all foods and beverages provided (but not sold) to students during the school day on participating school campuses;
4. Establishing standards and nutrition guidelines for all foods and beverages sold to students during the school day on participating school campuses that meet state and federal nutrition standards for NSLP and SBP, competitive foods, permit marketing of same that meets the competitive food nutrition standards, and promotes student health and reduces child obesity; and
5. Establishing specific goals for nutrition promotion and education, physical activity and other school-based activities that promote student wellness.

The Board designates the **principal(s)** to be responsible for ensuring each school meets the goals outlined and complies with this policy.

Notification of Policy

The district will inform the public about the content and implementation of the local wellness policy, and post the policy and any updates to the policy on the district website annually. Included will be, if available, the most recent assessment of the implementation, and a description of the progress being made in attaining the goals of the policy.

The district will publicize the name and contact information of the district or school official(s) leading and coordinating the policy and information on how the public can get involved with the local wellness policy. This information will be published on the district’s website and in district communications.

Triennial Progress Assessments

At least once every three years, the district will evaluate the implementation of this policy and its progress with a triennial assessment and produce a progress report that will include:

1. The extent to which schools under the jurisdiction of the district are in compliance with the policy;
2. The extent to which the district’s policy compares to model local school wellness policy^{1}; and
3. A description of the progress made in attaining the goals of the district’s policy.

The district will publish the triennial progress report on the district website when available. The district will update or modify the policy based on results of the triennial assessment.

Community Involvement, Outreach and Communications (Review of, and Updating Policy)^{2}

The district will actively communicate ways in which the community can participate in the development, implementation and periodic review and update of the local wellness policy. The district will communicate information about opportunities. The district will ensure that communications are culturally and linguistically appropriate to the community.

Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the Board, school administrators, and the general public will be solicited to participate in the periodic review and update of the local school wellness policy.

NUTRITION PROMOTION AND NUTRITION EDUCATION

Nutrition promotion and nutrition education positively influence lifelong eating behaviors by using evidence-based strategies and techniques and nutrition messages and by creating food environments that support healthy nutrition choices.

¹ {Model Wellness Policy resource published by the [Alliance for a Healthier Generation](#). OSBA makes no representation of its compliance by providing this resource. }

² {USDA Local school wellness policy [resource](#); CDC [resource](#); CDC Healthy Schools [resource](#); USDA Local school wellness policy [outreach toolkit](#) and communication resource from [Alliance for a Healthier Generation](#). }

Nutrition promotion and nutrition education shall be a sequential and integrated focus on improving students' eating behaviors, reflect evidence-based strategies and be consistent with state and local district health education standards.

To promote nutrition education in the schools, the principal is responsible for ensuring the following goals are implemented:

1. {³} Students and staff will receive consistent nutrition messages throughout the school environment;
2. Nutrition education is provided throughout the student's school years as part of the district's age-appropriate, comprehensive nutrition program, and is aligned and coordinated with the Oregon Health Education Standards and school health education programs;
3. Parents and families are encouraged through school communications to send healthy snacks/meals and reusable water bottles with their student to school;
4. Families and community organizations are involved, to the extent practicable, in nutrition education;
5. Materials on how to assess one's personal eating habits, set goals for improvement and achieve those goals.

Nutrition promotion, including marketing and advertising nutritious foods and beverages to students, will be implemented consistently through a comprehensive and multi-channel approach, (e.g., in the classroom, cafeteria and at home) by staff, teachers, parents, students and the community.

To ensure adequate nutrition promotion, the following goals will be implemented:

1. {⁴} Information about available meal programs is distributed prior to or at the beginning of the school year and at other times throughout the school year;
2. Information about availability and location of a Summer Food Service Program (SFSP) is distributed;

School Meals

Schools within the district participate in U.S. Department of Agriculture (USDA) child nutrition program(s), administered through the Oregon Department of Education (ODE), which may include the National School Lunch Program (NSLP) and the School Breakfast Program (SBP).

³ {The goals listed are examples; districts are required to include goals in the policy. Districts are encouraged to evaluate needs and resources and to develop specific goals. Districts are required to "review and consider evidence-based strategies and techniques" (7 CFR 210.31(c)(1)). ⁴ {The goals listed are examples; districts are required to include goals in the policy. Districts are encouraged to evaluate needs and resources and to develop specific goals. Districts are required to "review and consider evidence-based strategies and techniques" (7 CFR 210.31(c)(1)). Model Wellness Policy resource published by the [Alliance for a Healthier Generation](#). OSBA makes no representation of its compliance by providing this resource. }

The district’s available meal program(s) will operate to meet meal pattern requirements and dietary specifications in accordance with the Healthy, Hunger-Free Kids Act and applicable federal laws and regulations.

The **principal(s)** will support nutrition and food services operation as addressed in Board policy EFAA – District Nutrition and Food Services and its accompanying administrative regulation EFAA-AR – Reimbursable Meals and Milk Programs.

Water

Free, safe, unflavored, drinking water will be available to all students throughout the school day and throughout every school campus. The district will make drinking water available where school meals are served during mealtimes.

Competitive Foods and Beverages

The district controls the sale of all competitive foods. All foods and beverages outside the reimbursable school meal programs that are **sold** to students on the school campus during the school day will meet or exceed Smart Snacks Standards⁵.

Celebrations and Rewards/Incentives

All foods and beverages offered on the school campus **are encouraged to meet** the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. This includes, but is not limited to, celebrations, parties, and classroom snacks brought by parents.

Fund Raising

Foods and beverages that meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards may be sold through fund raisers on the school campus during the school day. Such requests to conduct a fund raiser will be submitted to the principal for approval before starting.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the nutrition standards for competitive foods set by the USDA.

PHYSICAL ACTIVITY AND PHYSICAL EDUCATION

A quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements in order to meet ODE’s physical education content standards and state law.

Physical activity should be included in the school’s daily education program for grades K through 12 and include regular, instructional physical education, as well as co-curricular activities and recess.

⁵ Oregon Department of Education, [Oregon Smart Snacks Standards](#)

In order to ensure students are afforded the opportunity to engage in physical education and physical activity in the school setting, the following goals are established:

1. {⁶}Physical education will be a course of study that focuses on students’ physical literacy and development of motor skills;
2. Staff encourages and provides support for parental involvement in their children’s physical education;
3. Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate knowledge, skills and confidence to become physically literate;
4. Physical activity will be integrated across curricula and throughout the school day. Movement will be made a part of all classes or courses as part of a well-rounded education;
5. Physical activity during the school day (including, but not limited to, recess, classroom physical activity breaks or physical education) will not be used as a punishment;

{⁷}A student with a disability shall have suitably adapted physical education incorporated as part of their individualized education program (IEP) developed under ORS 343.151. A student who does not have an IEP but has chronic health problems, other disabling conditions or other special needs that preclude them from participating in regular physical education instruction, shall have suitably adapted physical education incorporated as part of their individualized health plan, developed by the district.

Other Activities that Promote Student Wellness

The district will integrate wellness activities throughout the entire school environment (districtwide). The district will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicated and work toward the same set of goals promoting student well-being, optimal development and strong educational outcomes.

The district will provide the following activities and encourage the following practices which promote local wellness:

1. Safe Routes to Schools Program;
2. Physically active family and community engagement activities for families to learn about healthy eating or to practice being active together (e.g., skate night, fun run, dance night);
3. Nonfood-related fund raisers;

⁶ {The goals listed are examples; districts are required to include goals in the policy. Districts are encouraged to evaluate needs and resources and to develop specific goals. Districts are required to “review and consider evidence-based strategies and techniques” (7 CFR 210.31(c)(1)). Model Wellness Policy resource published by the [Alliance for a Healthier Generation](#). OSBA makes no representation of its compliance by providing this resource.}

⁷ {This language is not required to be in policy, but this is a required action pursuant to ORS 329.496.}

4. Assemblies which focus on wellness issues such as the importance of breakfast, healthy beverages, and how students and staff can incorporate 60 minutes of physical activity into their day;
5. Use of alternates to food as rewards in the classroom;
6. Creation of connections between out-of-school time (OST) programs that involve staff members from OST programs, both school- and community-based, in school initiatives that address healthy eating, such as school wellness teams or wellness committees;
7. Integration of social, emotional and mental health supports into school programs (e.g., promote a positive school climate where respect is encouraged and students can seek help from trusted adults);
8. Communication between classroom teachers and nutrition staff, so that menus and nutrition promotion can be tied into classroom learning and coursework;

^{ 8 }Employee Wellness^{ 9 }

The district encourages staff to pursue a healthy lifestyle that contributes to their improved health status, improved morale and a greater personal commitment to the school's overall wellness program. Many actions and conditions that affect the health of staff may also influence the health and learning of students. The physical and mental health of staff is integral to promoting and protecting the health of students and helps foster their academic success. The district's Employee Wellness Program will promote health, reduce risky behaviors of employees and identify and correct conditions in the workplace that can compromise the health of staff, reduce their levels of productivity, impede student success and contribute to escalating health-related costs such as absenteeism.

The district will collaborate with community partners to identify programs, services and/or resources to compliment and enrich employee wellness endeavors.

The district's Employee Wellness Program may include the following:

1. Health education and health promoting activities that focus on skill development and lifestyle behavior that change along with awareness building, information dissemination, access to facilities, and are preferably tailored to employees' needs and interests;
2. Safe, supportive social and physical environments including organizational expectations about healthy behavior, and implementation of policy that promotes health and safety and reduces the risk of disease;
3. Linkage to related programs such as employee assistance programs, emergency care and programs that help employees balance work life and family life;
4. Education and resources to help employees make decisions about health care; and
5. Nutrition and fitness educational opportunities that may include but are not limited to, the distribution of educational and informational materials, and the arrangement of presentations and

⁸ { This language is optional and is not required by state or federal law. }

⁹ { CDC resources for [school employee wellness](#) and [workplace health promotion](#) }

workshops that focus on healthy lifestyles, health assessments, fitness activities and other appropriate nutrition and physical activity related topics.

The district encourages participation from all employees. “Employees” are not limited to instructional staff (i.e., teachers and instructional assistants), but includes all administrators and support staff.

The following groups are seen as essential for establishing, implementing and sustaining an effective employee wellness program:

1. School personnel who implement existing wellness programs in the district (i.e., employee wellness committee);
2. District personnel who implement health programs for students (e.g., school health coordinator, school nurses, psychologist, health and physical educators, nutrition professionals, counselors and other staff); and
3. Decision makers who have the authority to approve policy and provide administrative support essential for a school wellness program (e.g., Board members, superintendents, human resource administrators, fiscal services administrators and principals).

DEFINITIONS

1. “Competitive food” means all food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act available for sale to students on the school campus during the school day.
2. “Food and beverage marketing”¹⁰ is defined as advertising and other promotion in schools. Food and beverage marketing often includes an oral, written or graphic statement made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.
3. “Oregon Smart Snacks Standards”¹¹ means the State’s minimum nutrition standards for competitive foods and beverages (ORS 336.423).
4. “School day” means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day, i.e., at the conclusion of afternoon student activities, such as athletic, music or drama practices, clubs, academic support and enrichment activities.

¹⁰ This term includes, but is not limited to, the following: brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container; displays, such as on vending machine exteriors; corporate brand, logo, name or trademark on school equipment, such as marquees, message boards, scoreboards or backboards (Note: Immediate replacement of these items is not required; however, districts will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is financially possible over time so that items are in compliance.); corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, student assignment books or school supplies displayed, distributed, offered or sold by the district; advertisements in school publications or school mailings; free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

¹¹ Oregon Department of Education, [Oregon Smart Snacks Standards](#)

5. “School campus” means, for the purpose of competitive food standards implementation, all areas of property under the jurisdiction of the school that are accessible to students during the school day.

- 11. “Snack” means a food that is generally regarded as supplementing a meal and includes, but is not limited to, chips, crackers, onion rings, nachos, french fries, doughnuts, cookies, pastries, cinnamon rolls and candy.

Nutrition Promotion and Nutrition Education

Nutrition promotion and nutrition education shall be a sequential and integrated focus on improving students’ eating behaviors, reflect evidence-based strategies and be consistent with state and local district health education standards.

Nutrition education at all levels of the district’s curriculum shall include the following essential components designed to help students learn:

- 1. Age-appropriate nutritional knowledge, including the benefits of healthy eating, essential nutrients, nutritional deficiencies, principles of healthy weight management, the use and misuse of dietary supplements, safe food preparation, handling and storage and cultural diversity related to food and eating;
- 2. Age-appropriate nutrition-related skills, including but not limited to, planning a healthy meal, understanding and using food labels and critically evaluating nutrition information, misinformation and commercial food advertising; and

3. How to assess one's personal eating habits, set goals for improvement and achieve those goals.

Food and Beverage Marketing

The district (i.e., school nutrition services, athletics department, PTA, PTO) will review existing contracts, new contracts and equipment and product purchase or replacement to reflect the applicable food and beverage marketing guidelines established by the district wellness policy.

“Food and beverage marketing” is defined as advertising and other promotions in schools. Food and beverage marketing often include oral, written or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.

This term includes, but is not limited to, the following:

1. Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container;
2. Displays, such as on vending machine exteriors;
3. Corporate brand, logo, name or trademark on school equipment, such as marquees, message boards, scoreboards or backboards;

Note: Immediate replacement of these items is not required; however, districts will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is financially possible over time so that items are in compliance;

4. Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, student assignment books or school supplies displayed, distributed, offered or sold by the district;
5. Advertisements in school publications or school mailings;
6. Free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

Physical Activity and Physical Education

In order to insure students are afforded the opportunity to engage in physical activity and physical education in the school setting, the following guidelines apply:

1. Physical activity will be integrated across curricula and throughout the school day. Movement will be made a part of all classes or courses as part of a well-rounded education;
2. Physical education will be a course of study that focuses on students' physical literacy and development of motor skills;
3. Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate knowledge, skills and confidence to become physically literate;

4. All physical education classes will be taught by licensed physical education teachers and/or appropriately licensed teachers as outlined by the Teacher Standards and Practices Commission (TSPC);
5. Daily recess period(s) will be provided and are discouraged from being used as a punishment or a reward.

Nutrition Guidelines and Food Services Operation

In order to support a school's nutrition and food services operation as an essential partner in the educational mission of the district and its role in the district's comprehensive nutrition program, the principal is responsible for ensuring:

1. The school encourages all students to participate in the school's NSLP and SBP meal opportunities;
2. The school notifies families of need-based programs for free or reduced-price meals and encourages eligible families to apply;
3. The school's NSLP and SBP maintains the confidentiality of students and families applying for or receiving free or reduced-priced meals or free milk in accordance with the National School Lunch Act;
4. The school's NSLP and SBP operates to meet dietary specifications in accordance with the Healthy, Hunger-Free Kids Act of 2010 and applicable state laws and regulations;
5. The school sells or serves varied and nutritious food choices consistent with the applicable nutrition standards set by the USDA and the Oregon Smart Snacks Standards. A school or district, that operates or contracts the food service component of their NSLP and SBP, shall form a nutrition advisory committee comprised of staff, students and parents. Cultural norms and preferences will be considered;
6. Food prices set by the district are communicated to students and parents. District pricing strategies will encourage students to purchase full meals and nutritious items;
7. Procedures are in place to provide families, on request, information about the ingredients and nutritional value of the foods served;
8. Modified meals are prepared for students with special dietary needs:
 - a. The district will provide substitute foods to students with a disability² that restricts their diet, when supported by a written statement from a state-licensed health care professional who is authorized to write medical prescriptions.
 - b. Such substitutions will be provided only when a medical statement from the licensed health care professional is on file at the school. The medical statement must state the nature of the child's impairment so its effect on the student's diet is understood, and what must be done to accommodate the impairment.

²To comply with Section 504 as it relates to a student's severe food allergy, such as milk, gluten, nut or soy, and including but not limited to diabetes, colitis, etc.

9. Food service equipment and facilities meet applicable local and state standards concerning health, safe food preparation, handling and storage, drinking water, sanitation and workplace safety;
10. Students are provided adequate time and space to eat meals in a pleasant and safe environment. School dining areas will be reviewed to ensure:
 - a. Tables and chairs are of the appropriate size for students;
 - b. Seating is not overcrowded;
 - c. Students have a relaxed environment;
 - d. Noise is not allowed to become excessive;
 - e. Rules for safe behavior are consistently enforced;
 - f. Tables and floors are cleaned between meal periods;
 - g. The physical structure of the eating area is in good repair; and
 - h. Appropriate supervision is provided.
11. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture pursuant to subsections (a) and (b) of section 10 of the Child Nutrition Act (42 U.S.C. § 1779) and sections 9(f)(1) and 17(a) of the Richard B. Russell National School Lunch Act (42 U.S.C. § 1758(f)(1), § 1766(a)), as those regulations and guidance apply to schools.

Competitive Food Sales

In keeping with federal regulations, the district controls the sale of all competitive foods. Accordingly, the district will select food items that meet the Oregon Smart Snacks Standards.

The sale of foods and beverages in competition with the district's NSLP and SBP meals shall be permitted when all income from the food sales accrues to the benefit of the district's nutrition and food services operation or a school or student organization as approved by the Board.

Other Foods Offered or Sold

Foods and beverages sold in classrooms or school-sponsored activities during the school day shall follow the Oregon Smart Snacks Standards.

Foods and beverages that meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards may be sold through fund raisers on the school campus during the school day.

Employee Wellness

The district's Employee Wellness Program may include the following:

1. Health education and health promoting activities that focus on skill development and lifestyle behavior that change along with awareness building, information dissemination, access to facilities, and are preferably tailored to employees' needs and interests;
2. Safe, supportive social and physical environments including organizational expectations about healthy behavior, and implementation of policy that promotes health and safety and reduces the risk of disease;

3. Linkage to related programs such as employee assistance programs, emergency care and programs that help employees balance work life and family life;
4. Education and resources to help employees make decisions about health care; and
5. Nutrition and fitness educational opportunities that may include but are not limited to, the distribution of educational and informational materials, and the arrangement of presentations and workshops that focus on healthy lifestyles, health assessments, fitness activities and other appropriate nutrition and physical activity related topics.

The district encourages participation from all employees. “Employees” are not limited to instructional staff (i.e., teachers and instructional assistants), but includes all administrators and support staff.

The following groups are seen as essential for establishing, implementing and sustaining an effective employee wellness program:

1. School personnel who implement existing wellness programs in the district (i.e., employee wellness committee);
2. District personnel who implement health programs for students (e.g., school health coordinator, school nurses, psychologist, health and physical educators, nutrition professionals, counselors and other staff); and
3. Decision makers who have the authority to approve policy and provide administrative support essential for a school wellness program (e.g., Board members, superintendents, human resource administrators, fiscal services administrators and principals).

Other Activities that Promote Student Wellness

The district will provide the following activities and encourage the following practices which promote local wellness:

1. Scoliosis screenings;
2. Safe Routes to Schools Program;
3. Physically active community engagement (e.g., skate night, fun run, dance night);
4. Nonfood-related fund raisers;
5. Physical activity brain breaks during transitions from one subject to another;
6. Intramural sports;
7. Monthly/Weekly school walks;
8. Assemblies which focus on wellness issues such as the importance of breakfast, healthy beverages, and how students and staff can incorporate 60 minutes of physical activity into their day;
9. The use of alternates to food as rewards in the classroom;

10. Support groups for overweight and underweight students, and those students who struggle with nutrition and physical activity;
11. Communication between classroom teachers and nutrition staff, so that menus and nutrition promotion can be tied into classroom learning and coursework;
12. Include wellness as a standing agenda item for school-based meetings (e.g., staff meetings, site council meetings, PTO).

Staff Development

Ongoing pre-service and professional development training opportunities for staff will be encouraged. Staff responsible for nutrition education will be encouraged to participate in professional development activities to effectively deliver the nutrition education program as planned. Nutrition and food service personnel will receive opportunities to participate in professional development activities that address strategies for promoting healthy eating behavior; food safety; maintaining safe, orderly and pleasant eating environments; and other topics directly relevant to the employee's job duties. The principal is responsible to ensure such training is made available, including but not limited to, the following:

1. Personnel management;
2. Financial management and record keeping;
3. Cost- and labor-efficient food purchasing and preparation;
4. Sanitation and safe food handling, preparation and storage;
5. Planning menus for students with special needs and students of diverse cultural backgrounds;
6. Customer service and student and family involvement;
7. Marketing healthy meals;
8. Principles of nutrition education, including selected curriculum content and innovative nutrition teaching strategies; and
9. Assessment by staff of their own eating practices and increased awareness of behavioral messages staff provide as role models.

Family and Community Involvement

In order to promote family and community involvement in supporting and reinforcing nutrition education in the schools, the principal is responsible for ensuring:

1. Nutrition education materials and cafeteria menus are sent home with students;
2. Parents are encouraged to send healthy snacks/meals to school;
3. Parents and other family members are invited to periodically eat with their student in the cafeteria;

4. Families are invited to attend exhibitions of student nutrition projects or health fairs;
5. Nutrition education workshops and screening services are offered;
6. Nutrition education homework that students can do with their families is assigned (e.g., reading and interpreting food labels, reading nutrition-related newsletters, preparing healthy recipes, etc.);
7. Staff are encouraged to cooperate within their own schools and with other agencies and community groups to provide opportunities for student volunteer or paid work related to nutrition, as appropriate.

Program Evaluation

In order to evaluate the effectiveness of the local wellness program in promoting healthy eating, increased physical activity among students, and to implement program changes as necessary to increase its effectiveness, the superintendent or designee is responsible for ensuring:

1. Board policy and this administrative regulation are implemented as written;
2. All building, grade-level nutrition education curricula and materials are assessed for accuracy, completeness, balance and consistency with state and local district educational goals and standards;
3. Nutrition education is provided throughout the student's school years as part of the district's age-appropriate, comprehensive nutrition program, and is aligned and coordinated with the Oregon Health Education Standards and school health education programs;
4. Teachers deliver nutrition education through age-appropriate, culturally relevant, participatory activities that include social learning strategies and activities that are aligned and coordinated with the Oregon Health Education Standards and school health education programs;
5. Teachers and school nutrition and food service personnel have undertaken joint project planning and action;
6. Teachers have received curriculum-specific training;
7. Families and community organizations are involved, to the extent practicable, in nutrition education; and
8. Building principals within the district or at each school, as appropriate, will be charged with the operational responsibility of ensuring that the policy and administrative regulations are followed and will develop an evaluation plan to be used to assess the district's level of compliance with state and federal requirements.

Community Use of District Facilities (Procedure and Fee Schedule)

Availability of Buildings and Fields and Equipment

The district's administrative practice is to make schools and fields available for student use under the direct supervision of responsible adult(s) as the highest priority. School property use should be accomplished while not violating district or OSAA policies, not interrupting school programs or classes, not harming district facilities, and maintaining safe and secure environments for students, staff, and the public.

In addition, the district is vested in supporting community activities of a civic and recreational nature that are deemed appropriate. Use of facilities for partisan, political, or sectarian purposes may be granted with the superintendent's or Board's approval. However, the district reserves the right to grant, deny, or revoke facility use permission at its sole discretion. The priority system, I-IV established access priority and classification identification to district facilities and fee structure:

Priority I – District Activities:

1. School Cleaning/Maintenance Schedule – No fees;
2. School-sponsored activities for registered students – No fees unless there is damage or facility/grounds are not cleaned appropriately;
3. District-sponsored activities – No fees;
4. School-sponsored activities for parents – No fees unless facility needs cleaning after event;
5. School-sponsored organizations and groups – No fees unless there is damage or cleaning outside of regular schedule.
6. Programs and activities for all school-age children made up of Fern Ridge School District 28J residents. The programs and activities are directed and supervised by a district employee or district approved adult supervisor.
7. No fees will be charged to Priority I users unless there is **damage or required cleaning/maintenance outside of the regular schedule.**

Sponsorship - Means the sponsoring entity is directly involved in coordinating, funding, planning and operating the activity. Liability insurance is required. Liability insurance must designate the Fern Ridge School District as an additional certificate holder.

Conditions: Priority I events must be open to the general public with no contributions solicited for individual staff or private gain. Failure to secure building or setting-off the security system may lead to a fee being assessed for security response.

Priority II – Recreational and Educational Programs Involving FRSD students:

1. Example of organizations - T.S.P., Kidsports, Babe Ruth, AYSO, YMCA, USAA, Pop Warner.
2. Building/Classroom rental fees may be assessed if admission or participation fees are charged for the event or participation;
3. A cleaning fee may be made contingent on refuse removal, cleaning;
4. Staff Costs:
 - a. May be assessed if event takes place after regular school hours and staff is needed;
 - b. May be assessed if weekend event or keys and security system access is required as a FRSD qualified staff member must open, perform use audit and close facility;
 - c. May be assessed if kitchen staff are required to be present.

Conditions: Fundraisers for school club purposes may be charged a Class II fees if held in or on school premises. Staff sponsored or led classes, sports camps, open gyms, workshops, and tournaments may be charged use fees and utility fees and/or the greater of 10 percent of the participation fees. Proof of insurance is required. Staff costs will be recaptured at a rate of 1.5 hour of regular payroll costs for custodial, supervision, food service and maintenance service with a 2 hour minimum.

Priority III - Adult and Non-Student Programs

- Building rental fees assessed for building equipment and field(s) use per district’s identified rental rates;
- Staff costs will be recaptured at a rate of 1.5 hour of regular payroll costs for custodial, supervision, food service and maintenance service with a two hour minimum.

Conditions: Adult and non-student events that serve as fundraisers in total support of school programs may be administered similar to Priority II requests. Proof of insurance is required. Non-profit organizations will have priority over for-profit organizations. Student organization will have priority over adult organizations.

Priority IV - Miscellaneous: Out-of-district organizations, for profit organizations, income generating activities (programs) for individual sponsor or facilitator, etc.

- The use of school facilities and equipment by any organization or individual operating for private gain, or any purpose involving private gain, may be permitted only upon payment of the greater of district fees or 10 percent of participant charges as determined by the district.

Rental Application Process:

A Facility Use Application Form (available at each school or from the reception desk at the district office, 88834 Territorial Road) must be appropriately completed by the requesting group, department, or individual for all activities in all classifications except Priority I. A-D.

1. Pick up Facility Use Application Form at school, the district office, or online;
2. Fill out all portions applicable to your request and sign, complete with your address and phone number;
3. Provide insurance binder and attach to Facility Use Application Form;
4. Return signed request with date(s) and time(s) requested, with proof of insurance, to the district office - Attention: Facilities/Maintenance Manager;
5. Request will be reviewed by the Facilities/Maintenance Manager and Building Administrator. Appropriate fees will be noted. The Facilities/Maintenance Manager or designee will contact the appropriate principal and determine facility availability. If approval is given, the Facility Use Application Form is signed and returned to the applicant with a copy being forwarded to the building principal and business manager;
6. Use of facilities are usually not allowed until a fully executed copy of the application form, proof of insurance and appropriate administrative approvals have been made;
7. Use of indoor facilities may require that a district employee be on duty during the event. The use will be charged for having a district employee work outside of their regular scheduled time. Should the district not be able to schedule a district employee, the Facility Use Application Form will be denied.
8. The district reserves the right to insist on the presence of law enforcement officer should the event or crowd call for such presence. When the district makes such a recommendation the cost of such coverage will be added to the costs and must be deposited prior to the event.

General Rules

1. Groups will not be admitted until their scheduled time and the designated adult supervisor is present;
2. Access to district facilities is to compliment and is secondary to district maintenance schedule;
3. Equal opportunity will be given under the open forum concept and equal access laws for use of facilities with priority given to Priority I through Priority IV respectively;
4. Organizations using facilities need to have an adult supervisor. The district is not responsible for supervising students other than during normal school hours. A fee will be assessed if school staff has to supervise students;
5. Security codes and keys are not to be given by anyone to persons not on district staff inclusive of family members for their private use of facilities or unless approved by Facilities/Maintenance Manager;
6. The use of alcoholic beverages or illegal drugs in any form is prohibited and usage would mean future loss of opportunity to use facilities. Use of tobacco products is prohibited on school property;
7. Deposits are due at the time the use permit is approved. Billings are done at the close of the month and are due within 10 business days or interest will be assessed. Payments are to be made to the district;
8. A detailed copy of the district policy and administrative rule is available upon request to the district office;
9. All users of district facilities shall comply with all restrictions placed on the facility by the fire marshal;
10. All users of district facilities must comply with all federal and state regulations related to equal opportunity and discrimination;
11. Billing for custodial, maintenance or supervision may be required for use of facilities. Staff costs may be charged up to a rate of 1.5 hour of regular payroll costs for custodial, supervision, food service, and/or maintenance service as well as 3-hour call if alarm system is engaged;
12. Users will be billed repair/replacement costs for damages incurred during use of facilities;
13. District may require the employment of a law enforcement officer. The rate is fixed by Lane County and is to be paid at the time the use permit is approved;
14. Deposit: The district reserves the right to ask for a deposit as a condition of rental/use in order to offset potential costs that may result as a consequence of the use of district equipment or facilities. Said deposit should be of reasonable amount based on the potential costs generated by the size of event, the amount of room filed or equipment use, the use of utilities and electricity, trash removal and the potential for calling out employees after regular hours. Any costs generated by the approved use would be subtracted from the deposit amount and the balance, if any, would be returned to the applicants. If costs in excess of the deposit are incurred the lessee is responsible for their payment;
15. The district is to access additional fees for energy charges, water charges, custodial supplies, garbage collection or additional cleanup. Facilities will be rented without heat or cooling unless provisions for payment are made in advance;
16. Playing fields are rented “as is.” If preparation work is required, labor and materials may be charged. The district’s prior approval is required prior to any preparation work done on district fields;
17. If needed, applicant is to order and pay for portable restroom units. The district is not responsible for any damage done to portable restrooms;
18. Parking lot fees will not be assessed without district prior approval;
19. There will be no camping, open fires, vending, or RV camping on district property without the district’s prior approval;
20. The district may assess a percentage of fundraising proceeds in lieu of fees for groups utilizing district property for fundraising for their group or organization;
21. Any dangerous weapon brought onto district premises, possessed, concealed, or used by an unauthorized individual will result in prosecution to the full extent of the law (federal and state) and the person being informed that they are not to trespass on district property.
