Vision

How do we create learning communities for the greatest thinkers and most thoughtful people...for the world?

Vision Themes

Academic Excellence Personalized Education Community Partnerships Circle of Support
The Whole Person Integrated Technology

2011-2012 Board Goals

The Board is responsible for establishing educational goals which will guide both the board and staff in working together toward the continuing improvement of the educational program. The School Board invites the community voice in guidance of the work on these four goals. Strategically, the West Linn-Wilsonville School Board intends to communicate interactively in seeking common ground to continually define the district's values and strengths. As a Board we have established district goals to:

- 1) Grow student achievement through the use of high leverage instructional strategies that raise rigor for all students while simultaneously closing achievement gaps.
- 2) Continue to manage bond projects for maximum value, and review, revise, and update the district long range facilities plan.
- 3) Successfully open two new primary schools to include quality programming for world language development and associated boundary adjustments.
- 4) Cultivate new and grow existing community partnerships and engage stakeholders in strategic planning and decision making.
