## **2012-2013 Board Goals**

The Board is responsible for establishing educational goals which will guide both the board and staff in working together toward the continuing improvement of the educational program. The School Board invites the community voice in guidance of the work on these four goals. Strategically, the West Linn-Wilsonville School Board intends to communicate interactively in seeking common ground to continually define the district's values and strengths. As a Board we have established district goals to:

- 1) Grow student achievement through the use of high leverage instructional strategies that raise rigor for all students while simultaneously closing achievement gaps.
- 2) Align systems of accountability, assessment, and evaluation to support the West Linn-Wilsonville vision of excellence.

- 3) Manage facilities and long range planning to optimize the student learning environment and the stewardship of assets.
- 4) Cultivate new and grow existing community partnerships in support of the district vision and values of excellence in education.
- 5) Recognize, discover, communicate, and celebrate the progress and accomplishments of our staff toward achieving the district vision of excellence in education.
