EXECUTIVE SUMMARY

Meeting Date:	September 17, 2026
Agenda Item:	Board/Superintendent Goal: Strengthen Community Engagement - Communications Update
Item Type:	Information
Administrator:	Jeanne Grazioli and Marisa Poling
Objective:	To provide the Board with an update on progress toward the Board/Superintendent goal related to communication and community engagement

Background:

As part of the district's strategic planning process, stakeholders as well as the Board identified specific areas for continued focus:

1. Develop and implement an internal and external communication plan.
2. Offer family engagement opportunities.

These requests are closely connected and reflect the broader strategic priority of Building Trust and Relationships. Effective communication creates the foundation for meaningful engagement. Families, staff, students, and community members need information that is timely, accessible, relevant, and easy to act upon in order to fully participate and partner with the district.

During our upcoming Board meeting, we will discuss strategies to intentionally build participation and partnership. Internally, this means ensuring staff and district leaders are aligned and equipped to communicate consistently. Externally, it means creating meaningful opportunities for families to participate, learn, connect, and provide feedback.

Strategic planning feedback reinforced the need for earlier communication, consistent messaging, clear action steps, and intentional opportunities for engagement. Measuring reach, participation, and feedback will help us identify gaps, make improvements, and better understand whether our efforts are strengthening relationships across MSD.

Medford School District
2025-26 Integrated Programs Annual Report

Annual Report Questions	
Question	Context/Guidance
1. As you review your progress markers/overall reflection responses and reflect on plan implementation, how do you see your progress contributing to the Outcomes and Strategies in your plan and your Longitudinal Performance Growth Targets (LPGT)/Local Optional Metrics (LOM)? Discuss at least one Outcome where you have seen progress in implementation.	Our progress during the 2025–26 school year reflects continued movement toward the Outcomes identified in our Integrated Plan. Across the district, we have focused on strengthening the systems and instructional practices that have the greatest potential to improve student achievement, engagement, and successful progression toward graduation. While improvements in our Longitudinal Performance Growth Targets (LPGTs) occur over time, our progress markers indicate that many of the strategies designed to influence those outcomes are becoming more consistently embedded in district and school practice. One area where we have continued to make progress is our Outcome focused on students experiencing academic success and progressing toward graduation. While the percentage of students remaining on track to graduation has stayed steady, on-time graduation continues to improve. Our work has increasingly emphasized a multi-tiered system of support, including early identification of student needs, strong core instruction, timely academic and behavioral intervention, comprehensive counseling, and intentional transitions between grade levels. At the elementary and middle school levels, continued implementation of aligned literacy and mathematics curriculum, professional learning, and data-informed instructional practices has strengthened our ability to identify and respond to student needs. While this year’s 3rd grade ELA and 8th grade mathematics achievement scores declined, school teams are using multiple sources

of data to examine areas of need, monitor student progress, and adjust instruction and supports. These results provide important information for refining instructional practices, strengthening targeted interventions, and ensuring students receive timely support. Moving forward, we will continue to focus on improving early literacy achievement, strengthening mathematics outcomes, and building the academic foundation students need for continued success.

At the secondary level, we have continued to strengthen the systems that support students in successfully transitioning to and progressing through high school. Transition programming, opportunities to earn high school credit before entering 9th grade, targeted academic supports, and summer opportunities for both credit retrieval and accrual are helping remove barriers that can contribute to students falling behind. Our continued focus on 9th Grade On-Track provides an important early indicator of whether these strategies are having the intended impact and supports our longer-term graduation goals.

We have also placed greater emphasis on ensuring these improvements reach students represented in our focal groups. Strengthening supports for multilingual learners, students with disabilities, and other historically underserved students has included additional investments in staffing, increased collaboration among educators, more intentional use of disaggregated data, targeted professional learning, and efforts to improve student and family access to information and support. This focus is helping us better understand where disparities remain and respond with more targeted strategies.

Attendance continues to be closely connected to this work. Increased attention to attendance data,

	family engagement, and early intervention supports our Regular Attendance LPGT while also contributing to academic achievement, 9th Grade On-Track, and graduation. Rather than approaching attendance as a separate initiative, we increasingly see it as an essential condition for achieving our broader student outcomes. Overall, we see our progress as evidence that the district is developing greater coherence among instruction, intervention, attendance, student supports, and transition planning. The next phase of our work will be to continue strengthening implementation while closely examining student outcome data to determine which strategies are producing measurable improvement, particularly for focal student groups. Our continued focus will be on translating these coordinated efforts into sustained, measurable gains for all students."
2. Where have you experienced barriers, challenges, or impediments to progress toward your Outcomes and Strategies in your plan that you could use support with? Discuss at least one Outcome where you have seen challenges or barriers to implementation.	One area where we continue to experience challenges is our Outcome focused on students experiencing academic success. Elementary ELA achievement remains below our desired outcomes, and overall progress has been limited over the past three years. Persistent achievement gaps among several focal student groups, including English learners, students with disabilities, and Hispanic/Latino students, further highlight areas requiring focused attention. In response, we will continue to strengthen literacy instruction, expand targeted supports, and use multiple sources of data to monitor student progress and identify strategies to accelerate achievement. We continue to invest in aligned literacy instruction, professional learning, intervention, and data-informed practices; however, current results indicate that these efforts have not yet resulted in the accelerated growth needed to improve achievement and close persistent gaps. Moving forward, we will engage a third-party reviewer to provide an external review of our

	elementary literacy practices and identify opportunities to strengthen instruction and implementation. Findings from this review will inform targeted professional development and ongoing instructional improvement. In addition, two elementary schools will pilot a different approach to literacy instruction, providing an opportunity to evaluate its impact and identify effective practices that may inform future implementation across the district.
CTE 1: Oregon approaches equity through targeted universalism and identifies focal student groups as part of the IG (p. 18). These include more populations than the federally identified “special populations”. The federal definition includes the following: individuals with disabilities, individuals from economically disadvantaged families, individuals preparing for non-traditional fields, single parents (students), out-of-workforce individuals, English language learners, homeless individuals, youth in, or having aged out of, the foster care system, youth with a parent who is a member of the armed forces or on active duty. Describe your process and priorities in making funds available for the recruitment of special populations to enroll in career and technical education programs. Indicate the major accomplishments as a result of using Perkins funds. (Section 112(a)(2)(A) of Perkins V) You are also welcome to discuss any work that impacts other focal student groups, such as students of color and LGBTQ2SIA+ students."	We utilized Perkins funds to employ a work-based learning liaison this past biennium with the express goal of increasing access to CTE programs of study and related work-based learning for focal student groups. As a result of this position, we have developed systems to assess and formalize work-based learning opportunities, communicate efficiently with all students about opportunities to participate, and identify and remove barriers for focal populations to participate. Additionally, we utilized Perkins funds for internal and external professional development opportunities for CTE teachers to improve engagement and instructional efficacy for focal populations. Examples of these professional development experiences include full and half-day seminars with all of our district's CTE teachers to problem solve issues of access, a book study group on engagement strategies, and learning about how better to support students with disabilities in CTE classrooms. Our work-based learning liaison created an effective mentoring program that we are now able to replicate annually to support nontraditional populations in CTE programs.

CTE 2: The 2024-2028 CTE State Plan has three (3) outcome areas: Outcome 1: Career connected learning that is systemically integrated with education and workforce development. Outcome 2: Increased equitable participation in high-quality CTE and career connected learning Outcome 3: Expanded communication, transparency, and diversity of voices and contributors connected to education and workforce development partnerships Please choose at least one (1) of the outcomes and let us know what you did in that area to help move the dial and make an impact for students/teachers. We'd love to be able to share your local information along with our statewide updates."	MSD has maintained a constant focus on systemic integration between education and workforce. This past year, we improved on this by hosting our first CTE Advisory Invitational during which students, high school CTE teachers, and middle school CTE-related elective teachers connected with industry members who either already served on a CTE advisory board, participated in the MSD mentoring program, or were just learning how they could be involved with CTE programs of study. Invitees heard about how CTE programs were impacting students, especially focal populations, toured some of our CTE facilities, and provided feedback about their needs in industry. We then utilized this feedback during our internal professional development session to assess the skills students are developing from middle school into high school and postsecondary school. We gained additional industry partners, several of whom provided work-based learning opportunities for high school students after attending this event. We held the event in October, and throughout the remainder of the year, we continued with two-way communication loops allowing us to learn from industry and providing support for industry to learn ways they can engage with public school systems.

EXECUTIVE SUMMARY

Meeting Date:	September 17, 2026
Agenda Item:	District Priority: Preserve Financial Sustainability
Item Type:	Report
Administrator:	Superintendent Jeanne Grazioli
Objective:	Provide a Financial Update Report on the District

Background:

The August Financial Report is included in the Board packet. Jeanne Grazioli will provide a brief update on the financial summary.

It is still early in the fiscal year, and July and August are typically the district's two lowest spending months, as regular school is not in session. Overall, spending is tracking essentially on budget.

Through August, General Fund expenditures total **\$14.92 million**. More than 80% of this spending is concentrated in four areas:

1. **Charter School Pass-Through Payments:** \$5.45 million, or 36.5%
2. **Salaries:** \$2.60 million, or 17.4%
3. **Computer Software:** \$2.05 million, or 13.7%, primarily due to the renewal of several multi-year agreements this year
4. **Property and Liability Insurance:** \$1.90 million, or 12.7%, reflecting the district's annual insurance renewal

At this point in the fiscal year, expenditures remain generally consistent with budget expectations.

EXECUTIVE SUMMARY

Meeting Date:	September 17, 2026
Agenda Item:	Superintendent Evaluation Process
Item Type:	Information and Discussion
Administrator:	Consultant Mike Scott, Board Chair Kendell Ferguson
Objective:	Review the updated superintendent evaluation

Background: Per School Board Policy CBG, the superintendent's job performance must be formally evaluated on an annual basis, and the Board is required to develop a written summary of that evaluation.

At the July 25 Board Retreat, consultant Mike Scott facilitated an activity with the Board to identify key components of the superintendent evaluation process. The feedback and ideas generated during the retreat were organized into a proposed evaluation document and tool for Board Leadership and then brought to the September 3rd Work Session for the full Board's review.

At the September 3 Work Session, the Board reviewed the proposed evaluation process and provided additional feedback, including recommendations to streamline several areas, primarily due to redundancy. The Board also discussed the rating system and the use of data within the evaluation process. Since that meeting, Board members have expressed a desire for further discussion and clarification. In response, the consultant met with Board leadership, along with an additional Board member, to review the collective feedback, consider proposed revisions, and further refine the process. At this meeting, the Board will review and discuss the updated evaluation process.

**Medford School District
Superintendent Evaluation Process 2026-27**

Purpose

- Provide an evaluation structure that meets the unique needs and circumstances for the first year of the superintendency.
- Ensure Superintendent performance addresses six (2) identified leadership standards identified by Board Leadership. Performance also includes five (5) Board-adopted shared goal areas with Superintendent actions that align with goals.
- Provide ongoing feedback for continuous improvement and progress.

Contractual Items

- Completed by August 30: Establish evaluation criteria and process
- Completed by February 28: Meet in executive session to begin the evaluation process
- By June 30: Evaluation completed

Tool Used: *hybrid tool/template*

PART 1: SUPERINTENDENT PERFORMANCE STANDARDS
1. CULTURALLY RESPONSIVE INSTRUCTIONAL LEADERSHIP AND IMPROVEMENT
2. EFFECTIVE FINANCIAL MANAGEMENT
PART 2: BOARD/SUPERINTENDENT GOALS
3. INCREASE READING PROFICIENCY K-8
4. INCREASE MATH PROFICIENCY K-8
5. IMPROVE STUDENT ATTENDANCE
6. STRENGTHEN COMMUNITY ENGAGEMENT
7. STRENGTHEN STUDENT SAFETY

PART 3: EVIDENCE OF PERFORMANCE

Evidence of performance includes the Superintendent's self-evaluation, regular reports to the Board on progress toward established performance standards and goals, available growth data at the time of the evaluation collected during the 2026-27 school year, and updates on action steps related to shared goals.

Supporting artifacts, documents, and other relevant evidence may be provided, particularly in areas where the Board may have limited direct knowledge of the Superintendent's work. Artifacts directly aligned with established goals will be shared with the Board at regular intervals and may be considered as part of the Superintendent's overall evaluation.

The evaluation of the superintendent for the 2026-27 school year will include the following:

1. **Focus on Agreed-Upon Action Steps:** Performance will be evaluated based on progress made toward the specific strategic priorities and action steps established during the 2026 Board Summer Retreat.
2. **Evaluation of Available Data:** Analysis of data points available during the active evaluation window.
3. **Establishment of Baseline Data:** For any metrics collected for the first time during the 2026–27 school year, results will serve to establish initial baseline measures. Because historical data is not yet available to measure growth, these indicators will be documented for reference to be used the following year and will carry no weight in determining the Superintendent's overall performance rating for this cycle.
4. **Treatment of Unavailable Data:** Any relevant data released after the close of the formal evaluation will be reviewed collaboratively during the summer to inform goal-setting for the 2027–28 school year.

PART 4: WRITTEN REPORT/LETTER

A written report/letter prepared by the Board Chair and given by the Board for discussion with the Superintendent and placed in the Superintendent's personnel file. A summary of the evaluation is shared with the public at the conclusion of the formal evaluation cycle.

Process & Timeline:

School Board Directors complete ratings in Evaluation Tool Parts 1 and 2 individually, and review and consider information in Part 3 in these ratings. The individual Board Member ratings are then compiled and summarized into one comprehensive evaluation by the Facilitator and Board Chair. It is important that the Board communicate with one voice, reflecting the Board's collective consensus. The patterns and comments presented will represent themes identified and supported by a majority of Board Directors.

Scoring Scale for Parts 1- 3:

Progress will be based on artifacts and evidence towards goals as well as Board observations, Superintendent's self reflection, and available data collected during the 26-27 school year and beyond.

4 – Exceeds Expectations: The Superintendent has not only made significant progress toward their goal, but is performing beyond what was originally expected and is completing objectives ahead of schedule.

3 – Meets Expectations: The Superintendent is on track with goals, making appropriate progress and demonstrating they will likely achieve their action items on schedule.

2 – Progressing Toward Expectations: The Superintendent is making some progress toward goals but may need additional time or resources to get on track and may be behind schedule.

1 – Does Not Meet Expectations: The Superintendent is not making adequate progress toward the goals and requires intervention or course correction. Action items are unlikely to be completed or will be completed significantly behind schedule.

Evaluation and Facilitation Agreements:

1. **Evidence Required:** Each rating will include evidence to support the score as well as concrete actions, adjustments, or support that will lead to progress in this area (or maintain ongoing success). If not included in the evaluations submitted by individual board members, a revision will be requested by the Chair and Facilitator prior to compilation.
2. **Progress Based:** Ratings will be based on the superintendent's current momentum, appropriate progress towards, available data from the 26-27 school year and completion of planned action steps.
3. **Majority Consensus & Shared Focus:** Part 4 (Written Summary) incorporates both the mean and median scores to capture a comprehensive picture of board feedback. While the mean ensures every individual score—including outliers—is represented in the overall average, the median highlights the exact middle rating to allow the broader consensus to be clearly reported and understood alongside individual viewpoints.

EXECUTIVE SUMMARY

Meeting Date:	September 17, 2026
Agenda Item:	School Board Policies - second reading
Item Type:	Information and Discussion
Administrator:	Jeanne Grazioli, Jodi Fahy
Objective:	Review the policies as a second reading

Background: OSBA provides quarterly policy updates that include current revisions to state and federal laws and guidelines. Staff has reviewed the updated language and applied revisions which are reflected in the policy packet.

In addition staff has provided revisions to policies CCA, EFA and KBA.

Revisions in **red** font indicate OSBA updated language. Revisions in **blue** font indicate staff updated language. Revisions in **green** font indicate updated language following a first reading.

Occasionally, OSBA includes informative footnotes that will be removed from the final adopted policy.

Policy	Title	Summary
BBE <i>Delete old version and replace with new version</i>	Vacancies on the Board	OSBA has updated this policy to incorporate legal requirements into a set of steps boards can follow in order to fill the vacancy. Additional language revisions have been provided by Board Director Johnsen for consideration. That language is indicated in blue font.
CCA <i>Delete former organizational structure chart and replace with new organizational structure chart</i>	Medford School District Organizational Structure	The Board was presented with the proposed organizational structure at the July Board Retreat for review and discussion. Included in this packet is a recommendation to delete the current organizational structure and approve the proposed organizational structure.
DBEA	Budget Committee	The Oregon Legislature passed House Bill 4066, modifying the requirement requiring a member of the educational equity advisory committee to serve on the district's budget committee. The

		amendment clarifies that this requirement does not apply if no member of the educational equity advisory committee is willing or eligible to serve on the budget committee.
EBB	Integrated Pest Management	House Bill 2684 (2025) added some new requirements to law for Integrated Pest Management Plan requirements. The first requires posting the Integrated Pest Management Plan and list of low-impact pesticides to the website (can be included in the Healthy and Safe Schools Plan); the second requires a review of an IPM plan every five years to identify updates, if any, and readoption.
EBBA	Student Health Services*/**	Senate Bill 2948 (2025, now in ORS 342.458) added language regarding nurse delegation. This update reflects the new language.
ECAA	Access to Buildings	The Oregon Legislature passed House Bill 3083 (2025), which amends ORS 339.408 requiring schools to have emergency safeguards to protect students and staff, including “policies and procedures relating to school building security.” HB 3083 also requires the Board to consider the installation of a panic alarm when reviewing policies and procedures relating to school building security. Language reminding the district of this requirement has been added to the policy.
EFA	Local Wellness	See attached executive summary below for explanation of revisions.
GAA - <i>delete</i>	Personnel Definitions*	Sample policy GAA – Personnel Definitions * has been reviewed recently and the recommendation is to delete this policy from the board’s policy manual, if present. This policy is largely definitions already found in statute under ORS Chapter 342 and/or outlined in an

		agreement.
GBA	Equal Employment Opportunity	Senate Bill 808 (2025) amended ORS 408.225, 408.230 and 408.235, which discusses issuing preferences to veterans and disabled veterans during a hiring or promotion process, and defined and added state servicemembers and former state servicemembers. These are servicemembers who are current servicemembers of the Oregon National Guard or former servicemembers of the Oregon National Guard, and who meet the new provisions. As a result, board policy GBA – Equal Employment Opportunity and administrative regulation GBA-AR – Veteran and State Servicemember Preference has been updated to reflect SB 808 and to account for the four different employment preferences now allowed under Oregon law effective January 1, 2026. Additionally, OAR 581-022-2405 requires districts to have policies regarding equal employment opportunities and affirmative action. Language has been added to more clearly meet these requirements.
GBN/JBA	Sexual Harassment	Multiple laws address sexual harassment in Oregon schools. Oregon laws include requirements to provide notice to individuals involved in reports of sexual harassment. This update is to clarify these notice requirements.
GCBDD/GDBDD	Sick Time*	The change from Senate Bill 1108 (2025) added another allowable use for earned sick time: to donate blood in connection with a voluntary program that is approved or accredited by the American Association of Blood Banks or the American Red Cross.

JBA/GBN	Sexual Harassment	Multiple laws address sexual harassment in Oregon schools. Oregon laws include requirements to provide notice to individuals involved in reports of sexual harassment. This update is to clarify these notice requirements.
KBA	Public Records Request	The district is updating its public records request process to provide an electronic request form for individuals seeking public records. The policy and administrative regulation have been revised to reflect the district's updated process for submitting public records requests.
KNA	Immigration Enforcement on District Property	In 2026, the Oregon Legislature adopted three bills related to federal immigration enforcement in schools: Senate Bill (SB) 1538, SB 1594, and House Bill (HB) 4079). These new laws require the Oregon Attorney General's (AG) Office to publish model policies related to immigration enforcement in schools, which are available here. Districts must provide these model AG policies to employees, and must adopt a policy that is consistent with the AG model policies by September 30, 2026. The district-adopted policy must: • Designate an individual to be the primary contact for immigration enforcement; • Include requirements for notifying students, parents, staff and the community when federal immigration officials are confirmed to be on district property for enforcement purposes; • Include training requirements for designated individuals; • Be included in the student handbook and in culturally

		appropriate languages on the district's website; and ● Include any other requirements provided by law.

* *May be subject to collective bargaining.*

** *As used in this policy, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005(4) and 125.300-125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581-015-2000.*

Vacancies on the Board

Vacancies on the Board will be filled through the following procedures:

1. At a Board meeting, the Board will declare the vacancy¹;
2. The Board or designee will establish an application period of at least 20 days. Applicants will be required to submit an application to the district office by the designated date. Deadlines and instructions will be posted on the district website. The Board can vote to extend or re-open the application period at any time;
3. After the application period has ended, the superintendent or designee will verify applicant eligibility. Applicants must:
 - a. Be an elector of the district.² This requires being registered to vote within the district;
 - b. Have resided in the district for a period of one year immediately preceding the appointment;
 - c. Not be an employee of the district or a charter school located within the district
 - d. The Board will review applicant materials in an open Board meeting;
4. The Board may select applicants to interview. Any interview will be held in an open Board meeting;
5. During an open Board meeting, the Board will vote to appoint one of the applicants. In the event that no applicant receives a majority of votes³, the Board may re-vote or vote to re-open the application period;
6. The newly appointed Board member(s) will take an oath of office before assuming the duties of office and will be seated immediately thereafter.

¹ In accordance with ORS 332.030, the Board shall declare a vacancy upon any of the following:

7. The death or resignation of any Board member;

² ORS 254.005(4) provides “‘Elector’ means an individual qualified to vote under section 2, Article II, Oregon Constitution.” District staff may verify this with local elections officials.

³ ORS 332.055 requires the affirmative vote of a majority of Board members to transact any business. Consequently four votes are necessary to appoint a board member, regardless of how many vacancies exist.

The appointee will serve until June 30 following the next election. At that election, either the remainder of the term for the position, or a full term for the position will be on the ballot. If a vacancy is declared after the filing window opens in an election year, the Board should wait to fill the vacancy until the newly elected members are sworn in. If the Board deems it essential to fill the vacancy sooner to maintain functioning district operations, then the Board should ask the Southern Oregon Educational Service District to run the interview process and make a recommendation, to be approved and voted on by the Board.

If the offices of a majority of Board members are vacant at the same time, the directors of the Southern Oregon Education Service District shall appoint persons to fill the vacancies from qualified individuals.

Budget Committee

By law, the budget committee is charged with making recommendations concerning financial priorities.

The budget committee will have the responsibility for reviewing the financial program of the district, reviewing the proposed district budget as presented by the superintendent and recommending an annual or biennial district budget in keeping with the provisions of applicable state laws.

Educational policy decisions are the responsibility of the Board, not the budget committee. The committee does not have the authority to add programs or to approve additional personnel or increase salaries. The committee may, alternatively, set an amount that changes the recommended budget and may request the administration make such changes in accordance with priorities set by the Board.

The following will govern the make-up and process of establishing the district's budget committee:

1. The budget committee consists of seven members appointed by the Board plus the elected Board members. To be eligible for appointment, the appointive member must:
 - a. Live and be registered to vote in the district;
 - b. Not be an officer, agent or employee of the district.
2. At least one member of the budget committee must be a member of the district's educational equity advisory committee;¹
3. No budget committee member may receive any type of compensation from the district;
4. At its first meeting in October, the Board will identify vacant budget committee positions, which must be filled by appointment of the Board. The Board will announce the vacancies and receive applications from interested persons during the month of November. Such applications will include a signed statement that the applicant is willing to serve as a member of the budget committee and to adhere to the policies of the district. The Board may appoint budget committee members to as many consecutive terms as deemed appropriate;
5. At the first regular Board meeting in December, the Board will review the names of persons filing applications and names of those persons who have served previously and are willing to be

reappointed. At the first regular meeting in January, the Board will appoint persons to fill the vacant positions;

6. The appointive committee members of a budget committee in a district that prepares an annual budget will be appointed for three-year terms. The terms will be staggered so that, as near as practicable, one-third of the appointive members' terms end each year;
7. If any appointive member is unable to complete the term for which the member was appointed, the Board will announce the vacancy at the first regular Board meeting following the committee member's resignation or removal. An appointment to fill the position for its unexpired term will be made at the next regular Board meeting.

Budget Committee Responsibilities

1. At its first meeting after appointment, the budget committee will elect a presiding officer from among its members. It may also establish other ground rules as necessary for successful operation of the committee;
2. A majority of the constituted committee is required for passing an action item. Majority for a 14-member budget committee is 8. Therefore, if only 8 members are present, a unanimous vote is needed for passing an action;
3. The budget committee shall hold one or more meetings to receive the budget message, receive the budget document and to provide members of the public with an opportunity to ask questions about and comment on the budget document. The budget officer shall announce the time and place for all meetings, as provided by law. The meetings of the budget committee are open to the public;
4. The budget committee may request from the superintendent or business manager any information used in the preparation of or for revising the budget document. The committee may request the attendance of any district employee at its meetings. The budget committee will approve the budget document as submitted by the superintendent or as subsequently revised by the committee;
5. After approval of the original or revised budget document, the budget committee's duties cease. The hearing on the approved budget is held by the Board.

Integrated Pest Management

To ensure the health and safety concerns of student, staff and community members, the Board shall adopt an integrated pest management plan (IPM) which emphasizes the least possible risk to students, staff and community members and shall adopt a list¹ of low-impact pesticides for use with the IPM plan. The IPM plan and list shall be available to the public through the district's website².

The IPM plan is a proactive strategy that:

1. Focuses on the long-term prevention or suppression of pest problems through economically sound measures that:
 - a. Protect the health and safety of students and faculty;
 - b. Protect the integrity of district buildings and grounds;
 - c. Maintain a productive learning environment; and
 - d. Protect local ecosystem health.
2. Focuses on the prevention of pest problems by working to reduce or eliminate conditions of property construction, operation and maintenance that promote or allow for the establishment, feeding, breeding, and proliferation of pest populations or other conditions that are conducive to pests or that create harborage for pests;
3. Incorporates the use of sanitation, structural remediation or habitat manipulation or of mechanical, biological and chemical pest control measures that present a reduced risk or have a low-impact and, for the purpose of mitigating a declared pest emergency, the application of pesticides that are not low-impact pesticides;
4. Includes regular monitoring and inspections to detect pests, pest damage and unsanctioned pesticide usage;
5. Evaluates the need for pest control by identifying acceptable pest population density levels;
6. Monitors and evaluates the effectiveness of pest control measures;
7. Excludes the application of pesticides on a routine schedule for purely preventive purposes, other than applications of pesticides designed to attract or be consumed by pests;

¹ See ORS 634.705(5).

² Inclusion of the list and IPM in the district's Healthy and Safe Schools Plan satisfies this requirement as long as it is posted on the district's website.

8. Excludes the application of pesticides for purely aesthetic purposes;
9. Includes school staff education about sanitation, monitoring, inspection, and pest control measures;
10. Gives preference to the use of nonchemical pest control measures;
11. Allows the use of low-impact pesticides if nonchemical pest control measures are ineffective; and
12. Allows the application of a pesticide that is not a low-impact pesticide only to mitigate a declared pest emergency or if the application is by, or at the direction or order of, a public health official.

The facilities manager is designated as the Integrated Pest Management Plan Coordinator and has the authority for overall implementation and evaluation of the IPM plan.

Sexual Harassment

The district is committed to eliminating sexual harassment. Sexual harassment will not be tolerated in the district. All students, staff members and other persons are entitled to learn and work in an environment that is free of harassment. All staff members, students, volunteers, and third parties are subject to this policy.

Any person may report sexual harassment.

The district processes complaints or reports of sexual harassment under Oregon Revised Statute (ORS) 342.700 et. al. and federal Title IX laws found in Title 34 C.F.R. Part 106. Individual complaints may require both of these procedures, and may involve additional complaint procedures.

General Procedures

When information, a report or complaint regarding sexual harassment is received by the district, the district will review such information, report or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both of the definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (see GBN/JBA-AR(1) - Sexual Harassment Complaint Procedure and GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure). The district may also need to use other complaint procedures when the alleged conduct could meet the definitions for other complaint procedures.

FEDERAL DEFINITION AND PROCEDURES

Federal Definition

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity⁵;
3. "Sexual assault": an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
4. "Dating violence": violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship;
5. "Domestic Violence": felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or
6. "Stalking": engaging in a course of conduct directed at a specific person that would cause a reasonable person fear for the person's own safety or the safety of others, or suffer substantial emotional distress.

This definition only applies to sex discrimination occurring against a person who is a subject of this policy in the United States. A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

Federal Procedures

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. See GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. The report can be made at any time.

The District Athletics & Activities Director is designated as the Title IX Coordinator and can be contacted at 541-842-3838. The Title IX Coordinator will coordinate the district's efforts to comply with its

⁵ "Education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs." (Title 34 C.F.R. § 106.44(a))

responsibilities related to this AR. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.⁶ The district shall treat complainants and respondents equitably by providing supportive measures⁷ to the complainant and by following a grievance procedure⁸ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.⁹

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.¹⁰ The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);

⁶(Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

⁷ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

⁸ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

⁹ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

¹⁰ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and
3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary¹¹, or both.

No Retaliation

Neither the district or any person may retaliate¹² against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size. A copy of the policy will be made available to any person upon request.

END OF POLICY

¹¹ Of the United States Department of Education.

All staff members, students, volunteers, and third parties are subject to this policy.

Any person may report sexual harassment.

The district processes complaints or reports of sexual harassment under Oregon Revised Statute (ORS) 342.700 et. al. and federal Title IX laws found in Title 34 C.F.R. Part 106. Individual complaints may require both of these procedures, and may involve additional complaint procedures.

General Procedures

When information, a report or complaint regarding sexual harassment is received by the district, the district will review such information, report or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both of the definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (see GBN/JBA-AR(1) - Sexual Harassment Complaint Procedure and GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure). The district may also need to use other complaint procedures when the alleged conduct could meet the definitions for other complaint procedures.

OREGON DEFINITION AND PROCEDURES

Oregon Definition

Sexual harassment of students, staff members or third parties¹ shall include:

1. A demand or request for sexual favors in exchange for benefits;
2. Unwelcome conduct of a sexual nature that is physical, verbal, or nonverbal and that:
 - a. Interferes with a student's educational activity or program;

3. Assault when sexual contact occurs without consent.²

Sexual harassment does not include conduct that is necessary because of a job duty of a school or district staff member or because of a service required to be provided by a contractor, agent, or volunteer, if the conduct is not the product of sexual intent or a person finding another person, or another person's actions, offensive because of that other person's sexual orientation or gender identity.

Examples of sexual harassment may include, but not be limited to, physical touching or graffiti of a sexual nature; displaying or distributing of sexually explicit drawings; pictures and written materials; sexual gestures or obscene jokes; touching oneself sexually or talking about one's sexual behaviors in front of others; or spreading rumors about or rating other students or others as to appearance, sexual activity or performance.

FEDERAL DEFINITION AND PROCEDURES

Federal Definition

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity⁵;
3. "Sexual assault": an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
4. "Dating violence": violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship;
5. "Domestic Violence": felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or
6. "Stalking": engaging in a course of conduct directed at a specific person that would cause a reasonable person fear for the person's own safety or the safety of others, or suffer substantial emotional distress.

This definition only applies to sex discrimination occurring against a person who is a subject of this policy in the United States. A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

Federal Procedures

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. See GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. The report can be made at any time.

The District Athletics & Activities Director is designated as the Title IX Coordinator and can be contacted at 541-842-3838. The Title IX Coordinator will coordinate the district's efforts to comply with its responsibilities related to this AR. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.

⁵ "Education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs." (Title 34 C.F.R. § 106.44(a))

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.⁶ The district shall treat complainants and respondents equitably by providing supportive measures⁷ to the complainant and by following a grievance procedure⁸ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.⁹

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.¹⁰ The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);
2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and

⁶(Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

⁷ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

⁸ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

⁹ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

¹⁰ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary¹¹, or both.

No Retaliation

Neither the district or any person may retaliate¹² against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size. A copy of the policy will be made available to any person upon request.

END OF POLICY

¹¹ Of the United States Department of Education.

¹² Retaliation includes, but is not limited to, intimidation, threats, coercion, and discrimination.

The district reserves the right, after an employee uses sick time for more than three consecutive scheduled workdays, or if misuse is suspected, to require verification or certification in accordance with law of the need for the sick time, including a medical verification or certification² paid for by the district. If an employee fails to provide verification or certification or fails to provide other evidence as required by the district, the employee shall be subject to appropriate disciplinary action, up to and including dismissal.

When an employee uses sick time for a foreseeable absence, the employee shall take reasonable effort to schedule the sick time in a manner that does not unduly disrupt the operations of the district (e.g., grading deadlines, in-service training, mandatory meetings). ~~Substitutes are expected to decline assignments for days of a foreseeable absence.~~

Sexual Harassment

The district is committed to eliminating sexual harassment. Sexual harassment will not be tolerated in the district. All students, staff members and other persons are entitled to learn and work in an environment that is free of harassment. All staff members, students, volunteers, and third parties are subject to this policy.

Any person may report sexual harassment.

The district processes complaints or reports of sexual harassment under Oregon Revised Statute (ORS) 342.700 et. al. and federal Title IX laws found in Title 34 C.F.R. Part 106. Individual complaints may require both of these procedures, and may involve additional complaint procedures.

General Procedures

When information, a report or complaint regarding sexual harassment is received by the district, the district will review such information, report or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both of the definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (see JBA/GBN-AR(1) - Sexual Harassment Complaint Procedure and JBA/GBN-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure). The district may also need to use other complaint procedures when the alleged conduct could meet the definitions for other complaint procedures.

OREGON DEFINITION AND PROCEDURES

Oregon Definition

Sexual harassment of students, staff members or third parties¹ shall include:

1. A demand or request for sexual favors in exchange for benefits;
2. Unwelcome conduct of a sexual nature that is physical, verbal, or nonverbal and that:
 - a. Interferes with a student's educational activity or program;
 - b. Interferes with a school or district staff member's ability to perform their job; or
 - c. Creates an intimidating, offensive, or hostile environment.

¹ "Third party" means a person who is not a student or a school or district staff member and who is: 1) on or immediately adjacent to school grounds or district property; 2) At a school-sponsored activity or program; or 3) Off school grounds or district property if a student or a school or district staff member acts toward the person in a manner that creates a hostile environment for the person while on school or district property, or at a school- or district-sponsored activity.

3. Assault when sexual contact occurs without consent.²

Federal Procedures

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. See JBA/GBN-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. The report can be made at any time.

The District Athletics & Activities Director is designated as the Title IX Coordinator and can be contacted at 541-842-3838. The Title IX Coordinator will coordinate the district's efforts to comply with its

⁵ "Education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs." (Title 34 C.F.R. § 106.44(a))

responsibilities related to this AR. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.⁶ The district shall treat complainants and respondents equitably by providing supportive measures⁷ to the complainant and by following a grievance procedure⁸ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.⁹

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.¹⁰ The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);

⁶ (Title 34 C.F.R. § 106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

⁷ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

⁸ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see JBA/GBN-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

⁹ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

¹⁰ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

⁷ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

⁸ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see JBA/GBN-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

⁹ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

¹⁰ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary¹¹, or both.

No Retaliation

Neither the district or any person may retaliate¹² against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size. A copy of the policy will be made available to any person upon request.

END OF POLICY

¹¹ Of the United States Department of Education.

Immigration Enforcement on District Property

{House Bill 4079 (2026) requires districts to “adopt a policy for providing notice when a federal immigration authority is confirmed to have entered school property for immigration enforcement.” This policy must be “consistent with applicable model policies published by the Attorney General as provided by ORS 180.810.”}

The district complies with state and federal law, including Oregon Revised Statute (ORS) 180.805 and ORS 181.826, and this policy and accompanying administrative regulations KNA-AR(1) – Interactions with Immigration Enforcement and KNA-AR(2) – Federal Immigration Enforcement Request Log when responding to requests from federal immigration authorities regarding immigration enforcement.

This policy will be made available in the student handbook and on the district’s website¹.

Designation of Primary Point of Contact

The **Director of Security** {²} is the primary point of contact for coordinating interactions with federal immigration authorities occurring in the district (“immigration liaison” {³}). The **Chief Communications Officer** shall serve as an alternative point of contact during the immigration liaison’s absence or unavailability (“alternate immigration liaison”).

The immigration liaison’s responsibilities include:

1. Serving as the district’s representative during encounters with federal immigration authorities;
2. Confirming when federal immigration authorities have entered school property for immigration enforcement purposes;
3. Ensuring federal immigration authorities engaging in enforcement activities at the district have notice of relevant district policies: JO/IGBAB – Education Records/Records of Students with Disabilities, JOA – Directory Information, JOB – Personally Identifiable Information and this policy;
4. Assisting staff in performing their duties in response to immigration enforcement efforts, including ensuring compliance with all district policies and procedures related to interactions with federal immigration authorities and immigration enforcement efforts;

¹ Must be provided in culturally appropriate languages that are used to communicate effectively with parents and guardians of students in the district, as determined by the Board.

² {House Bill 4079 (2026) requires the policy to “identify at least one administrator” for this purpose. The Board should consider whether a single administrator is sufficient for the district, or whether multiple administrators should be designated.}

³ {The district can choose any title to use for this individual and should use it throughout this policy.}

5. Reviewing and responding to requests from federal immigration authorities, in coordination with, and under the direction of, the superintendent or designee;
6. Facilitating the district's compliance with lawful immigration enforcement efforts in a manner that does not unnecessarily disrupt the school environment or invade the privacy of students, staff, or volunteers;
7. Providing notice as required in this policy when a federal immigration authority has been confirmed to have entered school property for immigration enforcement.

Required Notice

When a federal immigration authority is reported to have entered school property for the purpose of immigration enforcement the immigration liaison shall confirm whether federal immigration authorities have entered school property for immigration enforcement and when confirmed, shall provide notice as follows:

1. Notice must be provided to:
 - a. Students who attend the school where the federal immigration authority is confirmed to be on school property for immigration enforcement and who are in grades 6 and above;
 - b. Parents or guardians of students attending the school where the federal immigration authority is confirmed to be on school property for immigration enforcement;
 - c. Staff of the school where the federal immigration authority is confirmed to be on school property for immigration enforcement; and
 - d. Community-based service providers that have requested to receive notice when a federal immigration authority is confirmed to be on school property for immigration enforcement. Community-based service providers can request to receive such notifications by contacting the [Chief Communications Officer](#) at the district office.
2. Notice must include:
 - a. The general location of the federal immigration authority; and
 - b. Whether classes or school operations were affected by the presence of the federal immigration authority.
3. Notice must not disclose:
 - a. Personally identifiable information;
 - b. Other information that may not be legally disclosed; or
 - c. Other information when the disclosure may threaten the health or safety of students or staff of the district or is prohibited by a court order.

The required notice will be provided as expediently as possible using existing methods used for providing electronic communications.

Unless otherwise prohibited by law or court order, the district will make reasonable efforts to provide notice to a student, or to the parent or guardian of a student, when the district has provided information related to the student to a federal immigration authority.

Confidentiality of School Records

Except when required by a judicially authorized warrant, subpoena, or order, Oregon law prohibits the district from disclosing protected information to federal immigration authorities for the purpose of enforcing federal immigration laws.

Staff must also maintain the confidentiality of school records and other information about students, staff, and volunteers when communicating with other students, parents, or community members about immigration enforcement activities involving students, staff, or volunteers of the district or occurring on district property. Staff should direct anyone with questions about immigration enforcement activities occurring on district property to the immigration liaison.

Training

The district will provide the immigration liaison and alternate immigration liaison with training as follows:

1. The training must include information on the requirements of House Bill 4079 (2026), any applicable model policies published by the Attorney General, and this policy; and

Feedback from OSBA - Spencer Lewis

A few thoughts:

- Legally, I think this is permissible. The remaining board members are still meeting to appoint a replacement as required by statute. There could be some pushback regarding the delay (potentially March until after July 1), but I can't think of a law that this would violate (there is no timeline requirement for the appointment, and you could start the process, with the actual appointment occurring after July 1);
- You would want to check with the ESD to see if they are willing to do this. ORS 332.040(5) requires the ESD to step in when a majority of positions are vacant, but your proposed language would be an additional responsibility for the ESD-- and they may not be willing to do this;
- Is the intent to require the board to approve the ESD's recommendation? Or consider it and make a decision?
- Both sentences say "should," which would allow the board to do something else without violating policy. Is this the intent?
- Should be "Southern Oregon Educational Service District;"
- The public meeting setup could be interesting-- the ESD would follow public meeting laws, the question is whether your district would have to notice the meeting as well since the ESD could be advisory to the board. The safe thing would be for the district to notice the meeting as well as the ESD-- just something to consider.

Let us know if you have any additional questions.

EXECUTIVE SUMMARY

Meeting Date:	September 17, 2026
Agenda Item:	Local Wellness Policy
Item Type:	Information
Administrator:	Amy Muhler, Student Wellness Director
Objective:	Provide information on the process to update the Local Wellness Policy EFA

Background:

The Local Wellness Policy provides a districtwide framework for creating school environments that support student health services, nutrition standards and school practices that promote a readiness to learn. Because implementation occurs at the school level, a triennial review is important to determine whether the practices occurring in schools are consistent with the expectations established in Board policy.

The goals for the district wellness committee that met four times (quarterly) within this yearlong process are to evaluate how consistently the existing policy is being implemented across all district schools and update the policy using current OSBA recommendations. The district wellness committee met four times quarterly and consisted of a district nurse, nutritionist, teacher, classified and district staff and one Board member.

Board Policy EFA has been reviewed and revised at least every three years as requirements and recommended practices have evolved. The current district policy was originally adopted in 2017 and has subsequently been revised or readopted in 2020, 2022, and twice in 2023, with the most recent revision occurring in October 2023.

School-Level Triennial Assessment:

As part of the review, every school completed the ODE School Nutritional Triennial Review as part of the School Site Council meeting with a given due date of January 2026. School teams examined their practices in relation to the expectations outlined in Board Policy EFA and identified areas of compliance, strengths, and opportunities for improvement.

A district wellness committee met quarterly and in February reviewed the school assessments collectively to identify districtwide themes and areas where implementation may vary between schools. This provided an important connection between Board policy and actual school practices and helped identify where clearer expectations, additional guidance, or greater consistency may be needed.

OSBA Review and Policy Revision:

The district wellness committee then reviewed Board Policy EFA alongside the current OSBA model policy and recommendations. OSBA guidance was used to inform the proposed edits and

ensure the revised policy reflects current recommended language and provides an effective framework for districtwide implementation.

The proposed revisions therefore reflect both external guidance and internal evidence: OSBA recommendations establish the policy framework, while the school triennial assessments provide information about how wellness expectations are currently being implemented throughout the district.

Outcome and Next Steps:

The resulting proposed revisions represent a districtwide, evidence-informed approach to updating Local Wellness Board Policy EFA. Following School Board review and adoption of the revised policy, district staff will communicate updated expectations to schools and use the assessment findings to support continued improvement and consistency in implementation.
