4. District Reports and Information

a. Comments from the Superintendent

Superintendent Helena Chirinian reported that the District was awarded a \$2.46 million Seismic Rehabilitation Grant for Brookings-Harbor High School. The project is expected to include seismic retrofits and remodeling in the auditorium/music room and science wing, with the possibility of work affecting portions of the library and Commons to improve and open the space.

ZCS assisted the District with the successful application. The District's next steps include meeting with Ausland, the firm expected to serve as contractor/builder, and completing the required request-for-proposals process. Chirinian said the District intends to use a design-build approach that allows crews to open walls and roof areas before final design decisions are made. This approach is intended to confirm existing conditions, avoid redesign work, and use the grant funds as effectively as possible.

A general project timeline is expected to be available to the Board by October. Staging may begin around spring break in March 2027, with construction expected to begin after students leave for summer in June 2027.

5. Action Items

There were no Action Items.

6. Board Functions and Comments

Promise Grant Scholarship

Superintendent Chirinian reported that the District continues to hold \$7,500 earned by the Board through prior OSBA Promise trainings for use as a student scholarship. The Board had previously identified five selection considerations: evidence of service to the school and broader community, financial need, proposed use of funds, evidence of mentorship, and evidence of leadership.

The Board discussed whether to award one \$7,500 scholarship, three \$2,500 scholarships, or a multiyear award. Members also considered opening the opportunity to BHHS graduates who are already in college, particularly students beyond their first year, when initial scholarship support may be less available. Members noted that this could help bridge a difficult continuation gap but that reaching former students could be challenging.

Trost asked staff to consult with Principal Kelly Whitley and the school team about the feasibility of offering the scholarship to college upperclassmen and to bring recommendations back to the Board. No final allocation decision was made.

7. Key Dates and Calendar Updates

The District calendar will be updated with the 2026-2027 Board meeting dates approved during the Annual Organizational Meeting.

- Welcome Back Breakfast with District staff, 8:00 a.m., Monday, August 24, 2026, Brookings-Harbor High School cafeteria

Jay Trost, Janece Payne, and Alan Nidiffer indicated that they planned to attend the OSBA Annual Convention.

8. Adjournment

Brookings-Harbor School District 17C School Board Work Session

Wednesday, July 22, 2026 | 5:53 p.m., following the conclusion of the Regular Board Meeting

1. Call Meeting to Order

Board Chair Jay Trost called the School Board Work Session to order at 5:53 p.m., immediately following the conclusion of the Regular Board Meeting.

2. Discussion Topic: Failed Bond, Next Steps

The Board reviewed the Curry County Clerk's certification of election results for Measure 8-118 (Bonds to Preserve, Repair Facilities) from the May 19, 2026 election. The measure failed with 2,065 Yes votes (42.38%) and 2,808 No votes (57.62%), with 190 undervotes and overall turnout of 42.73%. Board members briefly discussed what an undervote is and noted the measure would have needed a swing of roughly 400-800 votes to pass.

Superintendent Helena Chirinian explained that, regardless of the Board's preference, the District cannot return to the ballot in November 2026 because the OSCIM (Oregon School Capital Improvement Matching) grant application deadline has already passed; a November attempt would leave no opportunity to apply for the matching grant. She suggested the Board wait for the next available election in May 2027 and decide whether to proceed based on whether OSCIM is awarded and what else appears on that ballot. In response to a question from Trish Walker, Chirinian confirmed the District would apply for OSCIM again, noting the application itself is not difficult, but that an award is far from assured given the District's low priority ranking; awards are typically known in January, which would leave enough time to file for a May 2027 election.

Chirinian also reported that statewide facilities and ADA assessments show more than \$1.1 million in ADA-related needs at Kalmiopsis Elementary alone (items such as slope corrections and inaccessible restrooms), with roughly \$200,000 more across the other two buildings, for a

total approaching \$2 million. There is discussion at the state level of a possible facilities fund informed by these assessments.

Board members discussed why the measure may have failed and how to improve future prospects. Trost observed that the election coincided with rising gas prices and costs of goods, that a road tax appeared on the same ballot, and that turnout was only about 42%. Alan Nidiffer asked whether results could be examined more finely, such as by precinct. Janece Payne suggested that elders no longer living in their own homes could be a worthwhile audience to educate about the bond, since they would not be directly affected by property taxes yet may vote based on when they were homeowners; she suggested presentations at senior centers such as Sea View and possibly bringing voter registration cards to senior centers, noting some residents may not have registered or voted since moving to the county. Trost concluded that the Board will need to do some real digging into the factors behind the result.

3. Policy Update – Preview of Upcoming Changes Recommended by OSBA

Nancy Raskauskas-Coons shared that the packet contained the OSBA Policy Plus information with suggested policy updates, along with a proposal brought forward by Trish Walker for the Board to address e-scooters and bikes. The materials were informational; no action was needed. The OSBA Policy Plus items will return to the Board for a first read, followed by a second read and adoption. Trost noted this review process is where the Board maintains local control by ensuring policies are tailored to the District's needs.

Superintendent Helena Chirinian described an inquiry she received asserting that the District must offer a parent opt-out form for the cell phone policy. When the model policy came through, the Board chose to leave the opt-out form out, and the current policy is working well, with students responding positively. Chirinian has asked for sample forms and will bring the matter back if any are provided. Board members questioned the premise of opting out of a policy, noting that students who need phone access for medical reasons are already covered through 504 plans and IEPs. Trost added that the District implemented its policy before the governor's executive order and expressed his view that the District's established policy supersedes the state's recommended version.

Regarding e-scooters, Walker explained that she is also bringing the issue to the Brookings City Council. Motorized scooters and e-bikes are illegal under Oregon law for riders under age 16, but the law is widely unknown and unenforced. She described a recent fatality in Beaverton in which a 14-year-old riding an e-scooter to a school practice was struck and killed in a crosswalk, and shared her own childhood experience of being hit by a driver while bicycling to school, which was traumatic. She emphasized that young riders do not yet have mature judgment and that she does not want kids to die. Walker stated that the School Resource Officer will need to be involved and that the school cannot allow students to leave campus on these devices; options include parent pick-up of the device or the SRO delivering it to a parent. Chirinian confirmed this is primarily a middle school issue, affecting roughly the 11-to-14-year-old group. The Board reviewed the District's current Student Vehicle Use (JHFD) and Student Bicycle Use (JHFC) policies alongside a Bend-La Pine Schools administrative regulation on personal student transportation. Alan Nidiffer suggested the District model something after the Bend-La Pine example, and board members agreed.

4. Future Work Session Topics

Janece Payne stated that she still wants to discuss year-round school, which she does not feel has been addressed to her satisfaction. Superintendent Helena Chirinian shared a concept for a balanced school year: the District is not allowed to reduce bell-to-bell instructional time, but it

could, working with the union on the number of work days, keep the required 180 school days while moving to four regular-length school days per week, stretching the school year longer with a shorter summer break and longer mid-year breaks. She noted the calendar itself is the purview of the Board and administration, while the number of staff work days must be bargained with the union, and she believed many staff would welcome four-day weeks.

Potential benefits discussed included: fewer substitutes needed, since staff could schedule appointments on the off day (Trost); better student attendance for the same reason, and reduced learning loss and start-of-year reteaching with a shorter summer (Chirinian and Payne); and better retention of learning with shorter breaks (Walker). For reference, this year staff return August 24 and students start August 31. A balanced calendar might feature approximately a six-week summer, two-week winter break, two weeks at Thanksgiving, and a two-week spring break. Payne asked to see an example calendar. The Board agreed to place the topic on a future work session, and District staff will develop sample calendar scenarios.

5. Executive Session

The agenda included a recess to Executive Session under ORS 192.660(2)(i) to review and evaluate the employment-related performance of the chief executive officer. By Board consensus, the planned Executive Session was canceled.

6. Adjournment

Board Chair Jay Trost adjourned the School Board Work Session at 6:16 p.m.

Hi Gary,

Due to the estimated value this will need to have board approval. Can you fill out the attached form and we will add it to the board agenda for July?

We can then do a post with the help of Nancy to allow the public the opportunity to bid on it with a set close date.

In the meantime - Jess- is there a place we can move it to so it is out of the way?

Hi Jess, Dede and Helena

I hope you are all doing well.

I am reaching out regarding the Tormach PCNC 1100 Series II CNC Milling machine currently sitting in our shop. We have been dealing with this machine since I started here at BHHS, and it is time to move it out.

Grace thought you or Dede might understand the official surplus sale process to help us get the ball rolling. Here are a few quick details on the machine:

- **Asset Tag:** I could not find a green asset tag on it, so it likely did not come from Perkins.
- **History:** Helena's husband probably knows the background of the machine. The last time I heard about it being used was in his robotics class at Brookings.
- **Estimated Value:** I believe the school could sell it for around \$5000, which would be an excellent use of funds for our programs.

Ultimately, my goal is to find a new shop where it can actually be utilized. Even if we cannot sell it immediately, I would like it removed from the shop as soon as possible. I need the space cleared so I can paint the walls and floors before the students return this September.

On a related note, I will also need to submit a request for the necessary paint supplies to get that project done.

Thank you for your assistance with this process!

Best regards, Suter

Goals Setting Process

Licensed staff shall establish at least two student learning growth (SLG) goals and one Professional Learning and Growth Goal (PLG). Licensed staff will identify strategies and measures that will be used to determine goal attainment. SLG goals are detailed, measurable goals for student academic growth aligned to standards and developed by educators and their supervisors. They are rigorous, yet attainable goals. SLG goals define which students and/or student subgroups are included in a particular goal, how their progress will be measured during the instructional time period. SLG goals are growth goals, not achievement goals. Growth goals hold all students to the same standards but allow for various levels of learning and growth depending on where the students' performance level is at the start of the course/class. The educator sets two annual SLG goals between which all students in a class or course are included. Student learning growth goals shall be in accordance with the following criteria:

- a) Teachers should set goals based on the standards to which they instruct. For those teachers who provide instruction in academic content areas, at least one of the two goals set must reflect the standards of the content area they teach. For those teachers who do not provide instruction in academic content areas goals should reflect the standards to which they instruct.
- b) The state does not require the specific measures to be used by educators within their student learning and growth goals, but measures should be school-wide or district-wide to ensure reliability and validity. Examples of possible measures are provided in the table below.

Examples of Measures	Guidance
Statewide Assessments • SMARTER Balanced Reading and Math • OSAS Extended Assessments • Science Assessment • Social Sciences Assessment • ELPA	• Same assessment and administration guidelines are used statewide.
Other Assessments • Commercially developed assessments that include pre- and post-measures • Locally developed assessments that include pre- and post-measures • Results from proficiency- based assessment systems • Locally-developed collections of evidence, i.e. portfolios of student work that include multiple types of performance	• Same assessments and administration guidelines are used district-wide or school-wide. • Assessments meet state criteria.
Other Non-Academic Measures • Attendance rates • 9th grade on-track • Graduation rates • Behavioral data

Performance Expectations

Performance Definitions

EXEMPLARY (E): The teacher's skills in this content area are in the top 10% of their field and serve as a model and example for other teachers. There must be significant evidence for a teacher to be ranked Exemplary on a teaching standard.

PROFICIENT (P): The performance is strong, with some room for improvement.

BASIC (B): The performance is emerging, but there are specific performance targets that must be improved.

DEFICIENT (D): The performance is unacceptable and must improve significantly.

Performance Rating Criteria

To meet the requirements specified in the *Oregon Framework for Teacher and Administrator Evaluation and Support Systems* (May, 2017), each teacher will be provided a domain specific performance rating (based on the approximate average of their performance across all standards in each domain) as well as a comprehensive summative evaluation performance rating (based on the approximate average of their performance across all five domains).

Probationary Teachers

First year probationary teachers will perform at the **Basic level or higher in all foundation performance standards**. Consistent demonstration of these performance expectations is necessary for contract renewal. Second and third year probationary teachers will be expected to perform at a minimum of a **Basic level or higher in all standards with strong growth towards proficient performance in all performance standards**. Consistent demonstration of these performance expectations are necessary for contract renewal.

Second or third year probationary teachers who fail to consistently demonstrate adequate performance or growth may be given a Letter of Awareness. The intent of the Letter of Awareness is to clearly communicate the areas of concern. For a Letter of Awareness, the administrator:

1. Will identify the concern in writing using District form. Be available to collaboratively provide support as requested.
2. If the performance concern is not resolved, the teacher may be placed on a Program of Assistance for Improvement, recommended for non-renewal, or dismissed.

The licensed evaluator has the professional discretion to make recommendations to the Superintendent for non-renewal of a licensed probationary employee.

Contract Teachers

All contract teachers shall consistently perform at the Proficient level or higher in all performance standards. In cases where a proficient level on a standard is not demonstrated, strong growth towards a proficient level is expected. Consistent demonstration of these performance expectations are necessary for contract extension.

Contract teachers who fail to consistently demonstrate adequate performance or growth will be given a Letter of

Awareness. The intent of the Letter of Awareness is to clearly communicate the areas of concern. For a Letter of Awareness, the administrator:

- Will identify the concern in writing using District form. Be available to collaboratively provide support as requested.
- If the performance concern is not resolved, the teacher may be placed on a Program of Assistance for Improvement, recommended for non-renewal, or dismissed.

The licensed evaluator has the professional discretion to make recommendations to the Superintendent for non-extension of a licensed contract employee.

Program of Assistance for Improvement (PAI)

Placement on a PAI may occur at any time and in accordance with the Collective Bargaining Agreement (CBA). The process includes:

1. Teacher and evaluator review concerns/recommendations from Awareness Phase.
2. Develop PAI.
 - a. The PAI is developed by the Administrator, the teacher and a union representative if requested.
 - b. Specific goals for improvement are addressed in PAI.
 - c. A contract teacher on a PAI will be expected to meet the PAI requirements.
3. Recommendation upon conclusion of the PAI will result in one of the following:
 - a. Concern(s) is resolved
 - b. PAI is extended.
 - c. Recommendation to the Board of Directors for non-renewal or dismissal.

Program of Assistance for Improvement Overview

The Program of Assistance for Improvement is a formal process of supervision designed to focus on educator improvement as a result of performance deficiencies in one or more performance standards. The intent is to help teachers adapt and improve their instructional and professional pedagogy.

A Program of Assistance for Improvement is required following a non-extension of a contract status teacher. A program of Assistance for Improvement may be used prior to a non-extension of contract at the supervisor's discretion.

A conference between the staff member and the supervisor will be scheduled to discuss the Program of Assistance for Improvement, which is to include:

1. A description of the deficiency(ies) which need(s) to be improved (in a teacher's conduct or performance), citing specific criterion of the job description and/or performance standards.
2. A description of the supervisor's expectations to overcome the described deficiency.
3. Assistance for achieving the desired expectation to meet the desired level of performance including criteria for measurement, assessment techniques and resources to be used.
4. Peer assistance will be used where reasonable and practicable. (The district supports the utilization of peer assistance whenever practicable and reasonable to aid teachers to better meet the needs of students. Domain 1: Planning and Preparation

Standard 1: Knowledge of Content

Guiding Questions:

- Does teacher have sufficient (quantity) and proficient (quality) knowledge of the subject matter taught?
- Is the content taught connected to current state, district, or national standards?
- What kind of instructional resources are used to communicate and enhance the content?

Performance Target Goal	Exemplary Indicators	Proficient Indicators	Basic Indicators	Deficient Indicators
The teacher demonstrates an effective command of the subject to guide student learning and takes an active role incorporating content standards into his/her instruction as evidenced by:	A deep content knowledge and effective skill in using that knowledge to guide instruction. Extensive resources being used to communicate content knowledge. The content taught can easily be related to national, state, or district standards. Systematically anticipating student misconceptions then plans in advance on how to overcome them.	A strong content knowledge and sufficient skill in using that knowledge to guide instruction. Frequent resources being used to communicate content knowledge. The content taught is related to national, state, or district standards. Anticipating most student misconceptions and addresses most of them in his/her planning.	A satisfactory understanding of the content and limited skill in using it to guide instruction. Adequate resources being used to communicate content knowledge. The content taught is often related to national, state, or district standards. Anticipating some student misconceptions but addresses few in his/her planning.	An insufficient understanding of the content and inadequate skill in using it to guide instruction. Limited resources being used to communicate content knowledge. The content taught lacks consistent coordination to national, state, or district standards. A lack of anticipating student misconceptions and proceeding without consideration for students' confusion.

Possible evidence:

- Posted goals and/or learning targets in the classroom.
- Deep knowledge of current content is communicated in a variety of forms (classroom artifacts, resources made available to students, etc.).
- The teacher is always learning new things about content and remaining up-to-date on changes in content.

The teacher builds upon students' prior knowledge and experiences and recognizes and addresses students' learning styles as evidenced by:	Systematically building upon students' prior knowledge and experiences and being acutely aware of the cultural differences of all students. Putting forth great effort to understand student background, culture, and learning styles and consistently makes instructional and individual adjustments based upon this knowledge. Regularly accessing school, district, or regional resources to meet student needs. Consistently seeking out the learning styles of the students and purposefully designing instruction that will most closely match the learning needs of all students regularly.	Regularly building upon students' prior knowledge and experiences and being aware of the cultural differences of the majority of the students. Putting forth effort to understand student background, culture, and learning styles and often makes instructional and individual adjustments based upon this knowledge. Often accessing school, district, or regional resources to meet student needs. Often seeking out the learning styles of the students and purposefully designing instruction that will most closely match the learning needs of all students most of the time.	Inconsistently building upon students' prior knowledge and experiences and being occasionally aware of the cultural differences of the students. Occasionally putting forth effort to understand student background, culture, and learning styles and inconsistently makes instructional and individual adjustments based upon this knowledge. Occasionally accessing school, district, or regional resources to meet student needs. Occasionally seeking out the learning styles of the students and putting forth some effort to design instruction that matches the learning needs of a majority of students most of the time.	His/her inability to build upon students' prior knowledge or experiences as a result of his/her lack of awareness of the cultural differences of the students. Rarely putting forth effort to understand student background, culture, and learning styles and exhibits a lack of evidence of instructional and individual adjustments based upon this knowledge. Rarely accessing school, district, or regional resources to meet student needs. Inconsistently seeking out the learning styles of the students and putting forth little effort to design instruction that matches the learning needs of a majority of students on any consistent basis.

Results within a few points, a few percentage points, or a few students on either side of the target(s) should be considered “met”) • clearly demonstrates his/her students’ ability to meet the goal through alternative performance artifacts.	The teacher’s ability to demonstrate satisfactory student growth, but not enough to meet the collaboratively established student performance goal (e.g. when 70-89% of students met their target(s), but those that missed the target missed by more than a few points, a few percentage points or a few students).	The teacher’s inability to demonstrate satisfactory student growth, resulting in performance far below the collaboratively established student performance goal (e.g. when less than 70% of students meet the target(s)).

Possible evidence (depending on the assessment type):

- Classroom or program data based on locally based pre and posttest performance.
- Student artifacts such as interim or formative assessments, or other student learning/growth examples.

Family and Medical Leave *

(Version 1)

{This administrative regulation (AR) is intended for districts with 50 or more employees. If the district has 25 or more and fewer than 50 employees, use version 2 (Oregon Family Leave Act (OFLA)) of GCBDA/GDBDA-AR(1) - Family Leave *.

Employee Eligibility

FMLA benefits are available to employees who have been employed by the district for at least 12 months, have worked at least 1,250 hours during the past 12-month period and work at a worksite that employs 50 district employees within 75 miles of the worksite.

An employee who has previously qualified for and has taken some portion of FMLA leave may request additional FMLA leave within the same leave year.

Generally, in order for an employee to be eligible for the benefits under OFLA, the employee must work an average of 25 hours or more per week during the 180 calendar days immediately prior to the first day of the start of the requested leave.^[1] In determining if an employee has been employed for the preceding 180 calendar days under OFLA, the district must consider days, paid or unpaid, an employee is maintained on payroll.

In determining average workweek, under FMLA and OFLA, the employer must count the actual hours worked using the Fair Labor Standards Act (FLSA) guidelines. An employee is eligible to take leave for any purposes of OFLA during a period of time covered by a public health emergency except:

1. An employee who has worked for the district for fewer than 30 days immediately before the date on which the family leave would commence; or
2. An employee who has worked for the district for an average of fewer than 25 hours per week in the 30 days immediately before the date on which the family leave would commence.

An employee of the district who has separated and is reemployed within 180 days, or experiences a temporary cessation of schedule hours may be eligible for OFLA in accordance with ORS 659A.156.

Any OFLA leave taken by the employee within any one-year period continues to count against the length of time of OFLA leave the employee is entitled. The amount of time that an employee is deemed to have worked for the district prior to a break in service due to a separation from employment or a temporary cessation of scheduled hours shall be restored to the employee when the employee is reemployed by the district within 180 days of separation from employment or when the employee returns to work at the end of the temporary cessation of scheduled hours of 180 days or less.

¹ [The requirements of OFLA do not apply to any employer offering eligible employees a nondiscriminatory cafeteria plan, as defined by section 125 of the Internal Revenue Code of 1986, which provides as one of its options, employee leave at least as generous as the leave required by OFLA.]

When an employee requests OFLA leave, or when the district acquires knowledge that an employee's leave may be for a purpose that constitutes OFLA leave, the district will notify the employee of the employee's eligibility to take OFLA leave within five business days, absent extenuating circumstances. Whether an employee is an "eligible employee" as defined in OAR 839-009-0210 is determined, a notice must be provided, at the commencement of the first instance of each purpose for leave listed in OAR 839-009-0240 during the OFLA leave year. If an employee is an "eligible employee" as defined in OAR 839-009-0210 for the purpose listed in OAR 839-009-0240, the employee's eligibility for that purpose does not change during the applicable 12-month period.

In addition:

1. An employee taking, in any order, some or all of 12 weeks of OFLA pregnancy disability leave and some or all of 12 weeks of OFLA leave for any other purpose, need not requalify each time the employee takes OFLA leave within the same leave year;
2. An employee unable to work because of a disabling compensable injury² need not requalify under OAR 839-009-0210 in order to use OFLA leave following a period the employee is off work due to the compensable injury.

Leave under the Oregon Military Family Leave Act (OMFLA) applies to employees who work an average of at least 20 hours per week. There is no minimum number of days worked when determining employee eligibility for OMFLA.

Qualifying Reason

Eligible employees may access FMLA leave entitlements for the following reasons:

1. Serious health condition of the employee or the employee's covered family member. "Serious health condition" means an illness, injury, impairment or physical or mental condition that involves inpatient care³ or continuing treatment by a health care provider⁴.
2. Parental leave⁵ (separate from eligible leave as a result of a child's serious health condition):
 - a. Bonding with and caring for the employee's newborn child (within 12 months following birth);
 - b. Bonding with and caring for a newly adopted child or newly placed child in foster care⁶ under the age of 18 (within 12 months of placement);

² As defined in ORS 656.005.

³ "Inpatient care" means an overnight stay in a hospital, hospice, or residential medical facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care. See 29 CFR § 825.114.

⁴ "Continuing treatment" includes incapacity and treatment, pregnancy or prenatal care, chronic conditions, permanent or long-term conditions, conditions requiring multiple treatments, and absences attributable to incapacity. See 29 CFR § 815.115.

⁵ Parental leave must be taken in one continuous block of time within 12 months of the triggering event.

⁶ {ORS 659A.159 uses the term "foster child." Districts can choose to use either "foster child" or "child in foster care" throughout this administrative regulation.}

- F**
- c. Caring for a newly adopted child or newly placed child in foster care 18 years of age or older who is incapable of self-care because of a mental or physical disability (within 12 months of placement);
 - d. Time to effectuate the legal process required for placement of a child in foster care or the adoption of a child.
3. Military caregiver leave: leave for the care for a covered servicemember if the eligible employee is the spouse, child or next-of-kin of the servicemember with a serious injury or illness;
 4. Qualifying exigency leave: leave arising out of deployment to a foreign country of the employee's spouse, child or parent who is a military member on active duty or call to covered active duty status.

Eligible employees may access OFLA leave entitlements for the following reasons:

1. Pregnancy disability leave: leave taken by an employee for their own disability related to pregnancy, including pregnancy termination or childbirth, whether the disability occurs before, during or after the birth of the child or for prenatal care, including fertility or infertility treatment.
2. Sick child leave: leave taken to care for an employee's child who is suffering from an illness, injury, or condition that requires home care; or leave taken to care for an employee's child whose school or child care provider has been closed⁷ in conjunction with a statewide public health emergency declared by a public health official.⁸
3. Bereavement leave: leave taken to deal with the death of a covered family member and includes leave taken to attend the funeral or alternative to a funeral of the family member, to make arrangements necessitated by the death of the family member, or to grieve the death of the family member.⁹ [When such leave is used for a family member who is related by affinity, the district requires an attestation form signed and submitted by the employee.]

Eligible employees may also access OMFLA for the purpose of spending time with a spouse or domestic partner who is in the military and has been notified of an impending call or order to active duty, or who has been deployed during a period of military conflict.

Definitions

1. Family member:

⁷ "Closure" (OAR 839-009-0210(5)) for the purpose of sick child leave during a statewide public health emergency declared by a public health official means a closure that is ongoing, intermittent, or recurring and restricts physical access to the child's school or child care provider as defined in OAR 839-009-0210(4).

⁸ The district may request verification of the need for sick child leave under OFLA due to a closure during a statewide public health emergency. Verification may include:

1. The name of the child being cared for;
2. The name of the school or child care provider that has closed or become unavailable;
3. A statement from the employee that no other family member of the child is willing and able to care for the child; and
4. With the care of a child older than 14, a statement that special circumstances exist requiring the employee to provide care to the child during daylight hours.

⁹ Bereavement leave under OFLA must be completed within 60 days of the date the employee received notice of the death. The notice of the death of a family member may be by any means and from any source.

P

¹³ “Affinity” means a relationship for which there is a significant personal bond that, when examined under the totality of the circumstances, is like a family relationship. This bond may be demonstrated by, but is not limited to the following factors, with no single factor being determinative:

1. Shared personal financial responsibility, including shared leases, common ownership of real or personal property, joint liability for bills or beneficiary designations;
2. Emergency contact designation of the employee by the other individual in the relationship or the emergency contact designation of the other individual in the relationship by the employee;
3. The expectation to provide care because of the relationship or the prior provision of care;
4. Cohabitation and its duration and purpose;
5. Geographic proximity; and
6. Any other factor that demonstrates the existence of a family-like relationship.

3. In loco parentis:

- F** a. For the purposes of FMLA, “in loco parentis” means persons with day-to-day responsibility to care for or financially support a child, or, in the case of an employee, who had such responsibility for the employee when the employee was a child. A biological or legal relationship is not necessary.
- b. For the purposes of OFLA, “in loco parentis” means person in the place of a parent, having financial or day-to-day responsibility for the care of a child. A legal or biological relationship is not required.

4. Next of kin:

For the purposes of FMLA , “next of kin” means the nearest blood relative other than the covered servicemember’s spouse, parent or child in the following order of priority (unless otherwise designated in writing by the servicemember):

- a. Blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions;

7. Public health emergency:

For OFLA a “public health emergency” means;

- a. A public health emergency declared under ORS 433.441.

- b. An emergency declared under ORS 401.165 if related to a public health emergency as defined in ORS 433.442.

Leave Period

For the purposes of calculating an employee's leave period for FMLA, the district will use [the calendar year] [any fixed 12-month "leave year"] [the 12-month period measured forward from the date the employee's leave begins] [a "rolling" 12-month period measured backward from the date the employee uses any FMLA leave].

For the purposes of calculating an employee's leave period for OFLA, the district will use a period of 52 consecutive weeks beginning on the Sunday immediately preceding the date on which family leave commences.

The leave period for the purposes of Military Caregiver Leave under FMLA shall be dependent on the start of any such leave regardless of the district's designated leave period described above.

Leave Duration

For the purposes of FMLA, an eligible employee is generally entitled to a total of 12 weeks of qualified leave during the district's designated leave period (12-month period)¹⁴. Spouses who work for the district and are eligible for FMLA leave may be limited to a combined total of 12 weeks of FMLA leave during the district's designated leave period when the purpose of the leave is for:

1. Birth of a child or to care for a child after birth;
2. Placement of an adopted child or child in foster care, the care for an adopted child or child in foster care after placement; or
3. Care of the employee's parent with a serious medical condition.

Except in specific and unique instances, all qualified leave under FMLA counts toward an employee's leave entitlement within the designated leave period.

For the purposes of OFLA, an eligible employee is generally entitled to a total of up to 12 weeks of OFLA leave, for sick child leave and bereavement leave, during the designated leave period. An eligible employee is entitled to a total of two weeks of bereavement leave upon the death of each family member of the employee within a leave year, except that the eligible employee may not take more than four weeks of bereavement leave within a leave year.

An employee may also be entitled to take a total of 12 weeks of OFLA pregnancy disability leave within the same leave year.

¹⁴ An eligible employee taking Military Caregiver Leave under FMLA is entitled to up to 26 weeks of leave in the 12-month period beginning with the first day of such leave and regardless of any FMLA leave taken previously during the district's leave period. However, once the 12-month period begins for the purposes of Military Caregiver Leave under FMLA, any subsequent FMLA qualified leave, regardless of reason for such leave, will count toward the employee's 26-week entitlement under Military Caregiver Leave under FMLA.

Under OFLA, the employee may use all or part of the 12 weeks of sick child or bereavement leave and all or part of the 12 weeks of pregnancy disability leave in any order.

Unlike FMLA, OFLA does not combine the leave entitlement when two or more family members work for the district. Under OFLA, family members who work for the district may be restricted from taking concurrent OFLA qualified leave.¹⁵

For the purposes of OMFLA, an eligible employee is entitled to 14 days of leave per call or order to active duty or notification of a leave from deployment. When an employee also meets the eligibility requirements of OFLA, the duration of the OMFLA leave counts toward that employee's leave entitlement during the designated leave period.

Qualified leave under FMLA and OFLA for an eligible employee will run concurrently during the designated leave period if for the same qualifying reason. Qualified leave under FMLA will run concurrently with other qualified leave covered under Paid Family and Medical Leave Insurance (PFMLI) and/or available sick leave under ORS 653.601 - 653.661 for eligible employees. Qualified leave under OFLA may also run concurrently with leave taken under the sick time law in ORS 653.601 - 653.661 if for the same qualifying reason, but not concurrent with PFMLI.

For the purpose of tracking the number of leave hours an eligible employee is entitled and/or has used during each week of the employee's leave, leave entitlement is calculated by multiplying the number of hours the eligible employee normally works per week by 12¹⁶. If an employee's schedule varies from week-to-week, a weekly average of the hours worked over the 12 months worked prior to the beginning of the leave period shall be used for calculating the employee's normal workweek¹⁷. If an employee takes intermittent or reduced work schedule leave, only the actual number of hours of leave taken may be counted toward the 12 weeks of leave to which the employee is entitled.

Holidays which occur within the week taken as FMLA may be counted against FMLA entitlement.¹⁸ However, for leave taken in increments of less than one week, holidays in which employees generally are not expected to report do not count against the employees FMLA leave entitlement.

Under OFLA, days in which the district is not in operation, are not counted toward intermittent or reduced work schedule OFLA leave.

Intermittent Leave

[With the exception of parental leave under FMLA which must be taken in one continuous block of time, a] [A]n eligible employee is permitted under FMLA or OFLA to take intermittent leave for any qualifying reason.

¹⁵ Exceptions to the ability to require family members to take OFLA qualified leave at different times are when one employee needs to care for a child for a purpose described in ORS 659A.159 (1)(a) while another employee is taking pregnancy disability leave or, one or more of the employees is taking bereavement leave.

¹⁶ For example, an employee normally employed to work 30 hours per week is entitled to 12 times 30 hours, or a total of 360 hours of leave.

¹⁷ For example, an employee working an average of 25 hours per week is entitled to 12 times 25 hours, or a total of 300 hours of leave.

¹⁸ See 29 CFR § 825.200(h).

Intermittent leave is taken in separate periods of time (i.e., hours, days, weeks, etc.), rather than in one continuous period of time, and/or requiring an altered or reduced work schedule. For OFLA this includes but is not limited to sick child leave taken requiring an altered or reduced work schedule because the intermittent or recurring closure of a child's school or child care provider due to a statewide public health emergency declared by a public health official.

When an exempt employee is eligible for both OFLA and FMLA leave, and the employee takes intermittent leave in blocks of less than one day, if done in accordance with 29 CFR § 825.206, the district may reduce the employee's salary for the part-day absence without the loss of the employee's exempt status in accordance with OAR 839-020-0004(32).

When an exempt employee is eligible for OFLA leave but not FMLA leave, and the employee takes intermittent leave in blocks of less than one day, the district will jeopardize the employee's exempt status if the district reduces the employee's salary for the part-day absence.

An employee's FMLA and/or OFLA intermittent leave time is determined by calculating the difference between the employee's normal work schedule and the number of hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

Alternate Work Assignment

Under FMLA, the district may transfer an employee taking intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment to an alternate position for which the employee is qualified and which better accommodates an employee's recovery from a serious health condition, a serious health condition of a spouse, parent, or child, or a serious injury or illness of a covered servicemember. However, the district may not transfer the employee to an alternative position in order to discourage the employee from taking leave or otherwise work a hardship on the employee.

Under FMLA, when an employee who is taking leave intermittently or on a reduced leave schedule and has been transferred to an alternative position no longer needs to continue on leave and is able to return to full-time work, the employee will be placed in the same or equivalent job as the job they left when the leave commenced. An employee may not be required to take more leave than necessary to address the circumstance that precipitated the need for leave.

Under OFLA, the district may transfer an employee on intermittent OFLA leave or reduced work schedule into an alternate position with the same or different duties to accommodate leave, provided:

1. The employee accepts the position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary to accommodate the leave and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreement, as well as with state and federal law;
4. The transfer to an alternate position is used only when there is no other reasonable option available that would allow the employee to use intermittent leave or reduced work schedule; and

5. The transfer is not used to discourage the employee from taking leave or to create a hardship for the employee.

Under OFLA, an employee transferred to an alternate position for the purpose of a reduced work schedule must be returned to the employee's former position when the employee notifies the employer that the employee is ready to return to the former position at the end of the alternate duty leave.

The district may transfer an eligible employee to an alternate position that accommodates OFLA pregnancy disability leave provided:

1. The employee accepts the transfer position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreements, as well as with state and federal law;
4. The transfer is not used to discourage the employee from taking OFLA leave or to create a hardship for the employee.

Under OFLA, if an eligible employee is transferred to an alternative position and as a result the employee works fewer hours than the employee worked in the original position, the employee's OFLA leave time is determined by calculating the difference between the number of hours the employee worked in the original position and the number of hours the employee actually works in the alternative position.

An employee is not on OFLA leave if the employee has been transferred – as provided for in OAR 839-009-0245 (5) – to an alternate position for the purpose of alternate work duties that the employee is able to perform within the limitations of the employee's pregnancy disability, but not requiring a reduced workweek. An employee working in an alternate position retains the right to return to the employee's original position at any time during the employee's OFLA leave. This does not impair the right of an employee to a reasonable accommodation or the application of any other state or federal law.

Special Rules for School Employees

For the purposes of FMLA, "instructional employee" means those whose principal function is to teach and instruct students in a class, a small group or an individual setting. Athletic coaches, driving instructors and special education assistants, such as signers for the hearing impaired, are included in this definition. This definition does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers or bus drivers.

FMLA leave that is taken for a period that ends with the school year and begins with the next semester is considered consecutive rather than intermittent. The period during the summer vacation when the employee would not have been required to report for duty is not counted against the employee's FMLA leave entitlement. In any such situation, the eligible instructional employee will receive any benefits during the break period that employees would normally receive if they had been working at the end of the school year.

1. Foreseeable Intermittent Leave Exceeding 20 Percent of Working Days

When the qualified leave is foreseeable, will encompass more than 20 percent of the eligible instructional employee's regular work schedule during the leave period, and the purpose of such leave is to care for a family member with a serious medical condition, for a covered servicemember or for the employee's own serious medical condition, the district may require the eligible instructional employee to choose either to:

- a. Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b. Temporarily transfer to an available alternate position for which the employee is qualified, which has equivalent pay and benefits, and which better accommodates recurring periods of leave than the employee's regular position.

If an instructional employee does not give required notice of foreseeable FMLA leave to be taken intermittently or on a reduced leave schedule, the district may require the employee to take leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the district may require the employee to delay the taking of leave until the notice provision is met.

2. Limitation on Leave Near the End of the Term¹⁹

When an eligible instructional employee requests leave near the end of the term, the district may require the following:

- a. When the qualified leave begins more than five weeks before the end of the term, the district may require the employee to continue taking leave until the end of the term if:
 - (1) The leave will last at least three weeks; and
 - (2) The employee would return to work during the three-week period before the end of the term.
- b. When the qualified leave begins during a five-week period before the end of the term and the purpose of such leave is parental leave, for the serious health condition of a family member or to care for a covered servicemember, the eligible instructional employee may be required by the district to remain on leave until the end of the term if:
 - (1) The leave will last more than two weeks; and
 - (2) The employee would return to work during the two-week period before the end of the term.
- c. When the qualified leave begins within three weeks of the end of the term and the purpose of such leave is parental leave, for the serious health condition of a family member or to care for a covered servicemember, the eligible instructional employee may be required to remain on leave until the end of the term if the length of the leave will last more than five working days.

¹⁹ "Academic term" means the school semester, which typically ends near the end of the calendar year and the end of spring each school year. In no case may a school have more than two academic terms or semesters each year for purposes of FMLA. 29 CFR § 825.602(b)

If the district requires an eligible instructional employee to remain on leave until the end of the term as described above, additional leave required by the district until the end of the school term shall not count against the eligible instructional employee's leave entitlement.

For the purposes of OFLA leave, if an employee²⁰ begins a period of bereavement leave during the three-week period before the end of the term and the duration of the leave is greater than five working days, the district may require the employee continue on family leave until the end of the term.

Paid/Unpaid Leave

FMLA and OFLA do not require the district to pay an eligible employee who is on a qualified leave. Paid Family and Medical Leave Insurance (PFMLI) leave taken via Paid Leave Oregon or an equivalent plan will run concurrently with FMLA and leave available under ORS 653.601 - 653.661 when taken for the same purpose. An employee may elect to use any available accrued paid leave including personal, sick or vacation leave during the leave period [{²¹}to the extent that the total combined amount of accrued paid leave and benefits received from PFMLI does not exceed an amount equal to the employee's full wage replacement during the period of leave]. [The total combined amount received by using accrued leave and PFMLI may exceed the employee's full wage replacement during the period of leave.] The district will notify the eligible employee when the requested leave has been designated as FMLA or OFLA leave and ask the employee about the use of available accrued paid leave.

Eligible employees taking OMFLA leave are entitled to use available accrued paid time off during the OMFLA leave period.

Benefits and Insurance

When an eligible employee returns to work following a FMLA-, OFLA- or OMFLA-qualified leave, the employee must be reinstated to the same position the employee held when the leave commenced, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

During an OFLA qualified leave an eligible employee does not accrue seniority or other benefits that would have accrued while the employee was working, unless the terms of a collective bargaining agreement, other agreement or other district policy provide otherwise.²² The eligible employee is also subject to layoff to the same extent similarly situated employees not taking OFLA leave are subject unless the terms of an applicable collective bargaining agreement, other agreement or the district's policies provide otherwise.

For the purposes of FMLA and OFLA, the district will continue to pay the employer portion of the eligible employee's group health insurance contribution (if applicable) during the qualified leave period. The eligible employee is required to pay the employee portion of any such group health insurance contribution as a condition of continued coverage.

²⁰ Applies only to an employee who is employed principally in an instructional capacity by the district.

²¹ {Select one of the two bracketed options based on district practice, i.e., keep the ending to this sentence OR delete this ending and keep the following bracketed sentence. See ORS 657B.030(2) for additional guidance.}

²² See also ORS 342.934(4)(d) in reduction force situations.

For the purposes of FMLA qualified leave, the district's obligation to maintain the employee's group health insurance coverage will cease if the employee's contribution is remitted more than 30 calendar days late. The district will provide written notice that the premium payment is more than 30 calendar days late. Such notice will be provided within 15 calendar days before coverage is to cease.

For the purposes of OMFLA, the eligible employee is entitled to a continuation of benefits.

Fitness-for-Duty Verification

For purposes of FMLA, prior to the reinstatement of an employee following a leave which was the result of the employee's own serious health condition, the district may require the employee to obtain and present a Fitness-for-Duty Certification. If the district is going to require a Fitness-for-Duty Certification upon return to work, the district must notify the employee of such requirement when the leave is designated as FMLA leave and that failure to provide the certification may result in a delay or denial of reinstatement. Any costs associated with obtaining the certification shall be borne by the employee.

Application

For purposes of FMLA, an eligible employee requesting FMLA leave shall provide at least 30 days' notice prior to the leave date if the leave is foreseeable. The notice shall be written and include the anticipated start date, duration and reasons for the requested leave. When appropriate, the eligible employee must make a reasonable effort to schedule treatment, including intermittent leave and reduced leave, so as not to unduly disrupt the operation of the district.

For purposes of OFLA, an eligible employee shall provide at least [{²³}30] days' written notice of the need for foreseeable leave before starting family leave. An employee may commence family leave without prior notice in the event of: an unexpected illness, injury or condition of a child of the employee that requires home care; the death of a family member; the closure of the school or child care provider of the employee's child due to a public health emergency unless the declaration of the emergency was issued by the Governor at least 30 days before commencement of the leave; or an illness, injury or condition related to the employee's own pregnancy or childbirth that disables the employee from performing any available job duties offered by the district. If an employee commences leave without prior notice as allowed above, the employee must give oral notice²⁴ to the employer within 24 hours of the commencement of the leave and must provide the written notice within three days after returning to work. Failure of an employee to provide the required notice for leave may result in the district deducting up to three weeks from the employee's unused OFLA leave in that one-year leave period. The employee may be subject to disciplinary action for not following the district's notice procedures.

The district may request additional information²⁵ to determine the requested leave qualifies as FMLA or OFLA leave as provided by law. The district may designate the employee as provisionally on FMLA or OFLA leave until sufficient information is received to properly make a determination.

An eligible employee able to give advance notice of the need to take leave must follow the district's known, reasonable and customary procedures for requesting any kind of leave.

²³ {This number of days should align with the days provided in the leave request form.}

²⁴ Oral notice may be given by any other person on behalf of the employee taking the leave.

²⁵ See OAR 839-009-0260 for OFLA and 29 CFR § 825.305 et. al. for FMLA.

For the purposes of FMLA, if advance notice is not possible, an employee eligible for FMLA leave must provide notice as soon as practicable. “As soon as practicable,” for the purpose of FMLA leave, means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case. In most situations, as soon as practicable will be within one business day of an employee becoming aware of the need. Failure of an employee to provide the required notice for FMLA leave may result in the district delaying the employee’s leave up to 30 days after the notice is ultimately given.²⁶

For the purposes of OFLA, if an eligible employee is taking leave in an unforeseeable situation, an employee must give oral or written notice²⁷ within 24 hours before or after commencement of the leave.

In all cases, proper documentation must be submitted no later than three working days following the employee’s return to work.

For purposes of OMFLA, an employee must provide the district with notice of the intention to take leave within five business days of receiving official notice of an impending call or order to active duty or of a leave from deployment.

Verification

Under FMLA, the district may require an eligible employee to provide medical certification, when appropriate²⁸, to support the stated reason for such leave. In most cases, the district will provide written notification to an employee of this requirement within five working days of the employee’s request for leave. The employee is required to submit such medical certification no later than 15 calendar days after receipt of the district’s notification that medical certification is required, unless not practicable. Any additional certifications, including second and third opinions, will be in accordance with applicable law.

Under OFLA, the district may require an eligible employee to provide medical verification, when appropriate²⁹, to support the stated reason for qualifying OFLA leave. The district will provide written notification to an employee of this requirement and state the consequences for failure to provide the requested medical verification. If the employee gives advance written notice of foreseeable leave, the district may require the employee to provide medical verification for OFLA leave before the leave starts. If the employee begins unforeseeable OFLA leave without prior notice, the employee is required to submit such medical verification within 15 calendar days after receipt of the district’s request for medical verification. The employee may be subject to disciplinary action for not providing the requested medical verification.

For the purposes of OFLA qualified leave, costs associated with obtaining the medical verification shall be borne by the district or be paid as otherwise allowed by law. The district will not delay the use of

²⁶ See 29 CFR § 825.304.

²⁷ Notice may be given by any other person on behalf of the employee taking the leave.

²⁸ Medical verification is not allowed in every situation. Review current laws and guidance for more information.

²⁹ Medical verification is not allowed in every situation. Review current laws and guidance for more information. (OAR 839-009-0260)

qualifying OFLA leave when medical verification is not received before the commencement of unforeseeable leave. The district may not require an employee to obtain a second opinion.

Under OFLA, the district may request verification for the need for leave to care for a child who requires home care due to the closure of the child's school or child care provider as a result of a public health emergency. A request for verification may include a request for:

1. The name of the child requiring home care;
2. The name of the school or child care provider that is subject to the closure;
3. A statement from the employee that no other family member of the child is willing and able to care for the child; and
4. A statement that special circumstances exist that require the employee to provide home care for the child during the day, if the child is older than 14 years of age.

Posted Notice

The district will post the Bureau of Labor and Industries Family Leave notice in each building or worksite in an area that is accessible to and regularly frequented by employees.³⁰ The district will also post a notice explaining the provisions of FMLA and providing information concerning the procedures for filing complaints.³¹

Record Keeping

The district will maintain all records as required by federal and state laws including dates leave is taken by employees, identified separately from other leave; hours/days of leave; copies of general and specific notices to employees, including Board policy(ies) and regulations; premium payments of employee health benefits while on leave and records of any disputes with employees regarding granting of leave.

Medical documentation will be maintained separately from personnel files as confidential medical records.

Federal vs. State Law

Both federal and state law contain provisions for family and medical leave. Federal regulations state an employer must comply with all leave laws; that the federal law does not supersede any provision of state law that provides greater family or medical leave rights than those established pursuant to federal law; and if leave qualifies for FMLA and OFLA leave, the leave used counts against the employee's entitlement under both laws. State law requires that FMLA and state leave entitlements run concurrently when for the same purpose.

OSBA Model Sample Administrative Regulation

Code: KNA-AR(1)
Revised/Reviewed:

Interactions with Immigration Enforcement

The [Superintendent] is designated as the “immigration liaison.”

1. Staff[, contractors and volunteers] shall adhere to all district policies when interacting with federal immigration authorities and the following administrative regulations:
 - a. Unless expressly authorized by the superintendent or designee, or by the immigration liaison on behalf of the superintendent or designee, staff shall not:
 - (1) Provide federal immigration authorities with records or information about students, staff, or volunteers;
 - (2) Confirm whether a student, staff member, or volunteer is present or make the student, staff member, or volunteer available;
 - (3) Allow access to non-public areas of the district’s facilities or property;
 - (4) Sign documents presented by federal immigration authorities; or
 - (5) Give consent to any immigration enforcement action.
 - b. Staff may not interfere with lawful immigration enforcement actions or physically obstruct federal immigration authorities in any manner. However, staff should immediately report to the immigration liaison if they observe any conduct or enforcement activities by federal immigration authorities that violate state or federal law, or district policies, or that otherwise present a security threat or potential danger to students, staff, volunteers, or visitors.
 - c. Staff who receive a request related to immigration enforcement must immediately notify the immigration liaison. The immigration liaison is responsible for interacting with the federal immigration authorities until the matter is concluded or the federal immigration authorities have been referred to the superintendent or designee.
 - d. The immigration liaison or alternate immigration liaison should meet the federal immigration authorities at the school door or other area designated by the superintendent or designee for this purpose.
 - e. The immigration liaison shall provide federal immigration authorities with a copy of this policy and explain that school staff are required to follow these steps in this policy. The immigration liaison should inform the immigration authorities that school staff must contact the office of the superintendent or designee for guidance before providing access to school facilities, records, or other information.
 - f. The immigration liaison should direct another staff member to contact the superintendent or designee while the immigration liaison remains with the federal immigration authorities.
 - g. The immigration liaison must document the request from federal immigration authorities to the fullest extent possible under the circumstances. At a minimum, the documentation shall include the following information, if available:
 - (1) The name, badge number, and agency of the law enforcement officer making the request;
 - (2) The number of officers present;

P

- (3) Time, date, and location of the request;
- (4) The nature of the request;
- (5) The source of authority for the request, including whether the request is administratively or judicially authorized;
- (6) Whether the request requires an immediate response;
- (7) The identification of witnesses present; and
- (8) How the encounter concluded.

- h. The immigration liaison shall direct another staff member to transmit copies, photos, or other documentation provided by federal immigration authorities to the superintendent or designee, along with other information documented pursuant to this policy. The superintendent or designee must approve any response to a law enforcement request related to immigration enforcement as provided in Section 3 of this administrative regulation.

2. Determination of Validity of Judicial Warrant, Subpoena or Order

- a. If presented with a warrant, subpoena or order by federal immigration authorities, the immigration liaison shall verify the validity of the warrant, subpoena or order by determining whether the warrant, subpoena or order is judicially authorized. An administrative warrant, subpoena, order or other legal process that has not been authorized by a judicial officer does not authorize the district to provide law enforcement with access to records or information, or facilities for purposes of immigration enforcement.

A judicially authorized warrant, subpoena or order contains the following key features:

- (1) A caption, near the top of the document, identifying the court that issued the order (typically the federal district court for the District of Oregon);
- (2) A signature block, near the end of the document, including the name of the person who signed the order, and identifying that individual as a judge, magistrate, clerk of court, or other person signing on behalf of a judge or magistrate, and the date of the signature; and
- (3) An indication that the warrant, subpoena or order has not expired.

Examples of warrants and subpoenas are available in the Attorney General's model policies¹.

- b. The immigration liaison shall notify the superintendent or designee of the warrant, subpoena or order and whether the warrant, subpoena or order appears on its face to be judicially authorized.
- c. The immigration liaison should request a copy of the warrant, subpoena or order and transmit a copy of the warrant, subpoena or order for review by the superintendent or designee, or legal counsel.
- d. The superintendent or designee shall make the final determination regarding the validity of any warrant, subpoena or order and whether, and to what extent, federal immigration will have access to district records or information, or facilities. If the superintendent or designee is uncertain as to the validity or scope of the warrant, subpoena or order, the superintendent or

¹ <https://www.doj.state.or.us/wp-content/uploads/2026/06/Attorney-Generals-Model-Public-School-Policies-in-Compliance-with-SB-1538.pdf>

designee should immediately consult legal counsel or a statewide or regional education organization.

3. Approval of Response by Superintendent

- a. The immigration liaison shall notify the superintendent or designee of a request related to immigration enforcement prior to responding to the request. The superintendent or designee will only honor requests from immigration enforcement officers or other agencies enforcing federal immigration laws if the request is judicially authorized. If the superintendent or designee is uncertain as to the lawfulness or scope of the request, the superintendent or designee should immediately consult legal counsel or a statewide or regional education organization prior to approving a response.
- b. If the superintendent or designee determines that a response is not authorized by a judicial subpoena issued as part of a court proceeding or by another compulsory court-issued legal process, such as a warrant, the superintendent or designee shall direct the immigration liaison to decline the request.

Upon direction of the superintendent or designee, the immigration liaison shall decline the request, refer the federal immigration enforcement authorities to the superintendent or designee, and request that they leave the premises.

The immigration liaison shall ensure that the information documented pursuant to this administrative regulation is submitted to the Oregon Criminal Justice Commission as provided in ORS 181A.826.

- c. If the request is accompanied by a subpoena, warrant or order that appears on its face to be judicially authorized, the superintendent or designee must review and approve the immigration liaison of district's response to the request.

The superintendent or designee shall ensure that the district's response provides no greater access to records or information, or facilities, than that required by the subpoena, warrant or order.

- d. If the request involves a warrant that appears to be valid and authorizes the arrest of a particular person, the superintendent shall direct the immigration liaison to request that the arrest be conducted in a manner that is the least disruptive to the school environment and to the person's wellbeing, which may include bringing the arrestee to the federal immigration authorities.

4. [School-Sponsored Events]

If federal immigration authorities appear at a school-sponsored event open to the general public (e.g., field trip, athletic event, band event), staff should document their observations, notify the immigration liaison and follow any guidance provided by the immigration liaison. When alerted to the presence of federal immigration authorities at a school-sponsored event, the immigration liaison shall notify the superintendent or designee.]

5. [School Transportation/Buses]

If federal immigration authorities request to board a school bus or other vehicle transportation, the driver should ask them to wait outside the bus/vehicle, close the doors, and immediately call the immigration liaison and follow any guidance provided by the immigration liaison. The immigration liaison shall notify the superintendent or designee and coordinate an approved response as outlined in this policy.]

6. [Volunteers

The district will determine which volunteers need to receive training or materials regarding this administrative regulation.]

Personal Student Transportation

Bicycle Use

Students who live within a reasonable distance may ride bicycles to school. Consistent with Board policy JHFC - Student Bicycle Use, bicycle riders are encouraged to observe safe and lawful practices. All bicycle riders must comply with Oregon helmet laws. Bicycles must be parked in a designated area on school grounds and should be locked. The district assumes no responsibility or liability for loss or damage to bicycles.

Skateboard/Roller Blade/Scooter Use

Students who live within a reasonable distance may ride skateboards, roller blades, scooters, and other similar devices to school provided they wear appropriate safety equipment, and providing the skateboards, roller blades, scooters, and other similar devices are stored properly in a manner designated by the principal or designee during the school day. The district assumes no responsibility for loss or damage to skateboards, roller blades, scooters, and other similar devices.

Due to the inherent dangers both to participant and non-participant, combined with the potential liability assumption, the use of skateboards, roller blades, scooters, and other similar devices on district property is not allowed. The district recognizes there may be circumstances when skateboards, roller blades, scooters, and/or similar devices, will be allowed. Such circumstances will be approved by the principal or designee and may require parent/guardian permission for student participation.

Motorized Bicycle/Motorized Scooter Use

Motorized bicycles (E-bikes) or motorized scooters (E-scooters) are prohibited on district property for persons under age 16.

Student Vehicle Use

As provided in Board policy JHFD - Student Vehicle Use, all students who drive vehicles to school are subject to parking and driving rules developed by the principal or designee.

The district may require students parking vehicles on district property on a regular basis to show evidence:

1. That the student driving the vehicle holds a valid driver's license;
2. That the vehicle is currently registered;
3. That the student driving is insured under a motor vehicle liability insurance policy or other satisfactory proof of compliance with the financial responsibility requirements of the state;
4. That the vehicle is in compliance with district rules by displaying the appropriate tag/sticker, as applicable.

Parking privileges will be subject to the specific requirements of this regulation and any other applicable policy or regulation and/or rules of the district. Parking privileges, including driving on district property, may be revoked by the principal or designee for violations of policies, regulations or school rules. The district will post appropriate parking signs.

The district assumes no responsibility or liability for stolen or damaged vehicles.

Non-Licensed Motor Vehicles Not Allowed

Non-licensed motorized vehicles, such as minibikes, go-carts, all-terrain vehicles, snowmobiles, motorized scooters, and other similar devices are not permitted on district property.

August Board Report - 2026/27 School Year

Kalmiopsis Elementary School

BHSD Board Statement: Student success is GRIT: the ability to develop curiosity, persevere, have a greater purpose, advocate for oneself, and continually nurture a growth mindset.

BHSD District Goal is to improve student achievement.

Kalmiopsis School Improvement Goal-**Improving ELA/Math Scores**

Attendance:

We have 59 kindergarten students enrolled. We started Kinder Academy on Monday the 10th with 57 students attending with some in the morning session and some in the afternoon session. Thursday evening we had our family pizza and Ice cream social night. Transportation had 2 buses that took families for a short drive around town so that the students could get familiar with riding a bus and they covered bus safety with the families.

As always, enrollment is increasing and we are at 517 students as of 8/10/26.

Celebrations:

- Our custodial staff has worked tremendously hard all summer and Kalmiopsis looks GREAT!
- Maintenance built a couple of walls to separate classrooms as we moved staff out of the modular buildings. 2 of the modulares are ready to be moved out and the last one will be emptied next year.
- Office staff returned on the 3rd along with myself and have made sure everything is set for staff coming back on the 24th.
- Safety City was a huge success with 35 incoming kindergarteners attending.

We are excited for this next school year and as always we appreciate your support as we serve our students, families, and the community.

Thank you,

Overview:

At Brookings-Harbor High School, our work continues to be organized around three primary lines of effort: **Operations, Student Connections, and Student Engagement.**

These priorities guide how BHHS develops systems, allocates resources, and supports students and staff. As we begin the 2026–2027 school year, our focus is on establishing consistent procedures, strengthening connections within our school community, and providing engaging learning experiences that meet the needs of our students.

This report outlines the primary changes being implemented at the beginning of the school year in support of these efforts.

Operations:

As part of our focus on school operations and student accountability, BHHS has adopted GoGuardian Hall Pass as its school-wide digital pass system. This system provides staff with real-time information regarding student movement throughout the building and establishes a clear, consistent process for issuing and monitoring passes.

BHHS has also made an adjustment to the Friday schedule by moving Flex to the end of the school day. A significant number of students travel on Fridays for athletics and activities. Placing Flex at the end of the day will reduce the amount of core instructional time missed by participating students while still maintaining access to academic support and enrichment opportunities.

Student Connections:

As part of our focus on student connections, BHHS is implementing a new Advisory model for the 2026–2027 school year. Advisory classes will include students from all grade levels, with students remaining with the same advisor throughout their high school experience. The class will focus on building community, strengthening relationships between students and staff, developing career-readiness skills, and increasing school spirit.

BHHS is also waiving ASB fees for students this year. All students who present their student body card will receive free admission to home athletic events. This change is intended to remove a barrier to student participation and encourage more students to attend events, support their peers, and take an active role in the school community.

Building stronger community support for BHHS will be a central focus this year. Athletics and activities provide a natural place to begin because they bring students, families, staff, and community members together. By increasing student attendance and school spirit, we hope

families will also feel encouraged to attend events and become more connected to the school. Our goal is to create an environment in which BHHS events are a gathering place for the greater Brookings-Harbor community.

Student Engagement:

As part of our focus on student engagement, BHHS is shifting away from the one-to-one Chromebook model and returning devices to classroom carts. Students must continue to learn how to use technology appropriately and effectively. However, two separate sets of student feedback produced a clear and consistent request for fewer computer-based assignments and more hands-on learning experiences.

BHHS is listening to that feedback. During the 2026–2027 school year, staff will focus on strengthening instruction and curriculum by increasing hands-on learning and providing students with more opportunities to think critically, solve problems, collaborate, and apply their learning.

Technology will remain part of the educational experience at BHHS, but its use must be intentional and connected to a specific instructional purpose. Our goal is to establish an appropriate balance between technology, direct instruction, hands-on experiences, and meaningful interaction. Human connection and the art of teaching will remain at the center of the classroom.

August 2026 Board Report

During the months of June and July, the IT department received 59 new tickets and closed 46 open tickets. So far during the month of August we have received 31 new tickets.

We are still waiting for the final review and approval of our ERate Category 2 expenditures so we can order the equipment and install it. For some unknown reason, the review process seems to be taking longer than previous years.

We have been spending Summer Break on a variety of projects throughout the district aimed at improving our network as well as the teaching environment in the classrooms. We are in the last phases of making sure that technology in each classroom is setup and functioning properly and the student chromebooks are refreshed and ready for another year of student use.

The installation of our new Ednetics Series1 phone system was completed during the last week of July. The many months of planning and preparation paid off as the actual porting of phone numbers and implementation went very smoothly. We now have a remotely hosted VOIP system that should serve us well for the next several years. As an added bonus our monthly recurring cost has decreased by around \$1,000 per month.

As an IT Department we are looking forward to serving the staff and students during the next school year and are committed to making things in the tech realm run as smoothly as possible.

Sincerely,

Bruce Raleigh

Athletics & Activities

August 2026 Board Report

Welcome back festivities are ramping up and programs are gaining momentum. We spent all summer running camps, tournaments, and clinics to help grow our activities and early participation signups are showing that work is paying off.

Girls Basketball hosted their annual Beat the Heat tournament at the end of June to an extraordinarily high number of athletes and families. Teams traveled from all over the Pacific Northwest to play 6-7 games each over 3 days. All and all, we hosted over 125 games in 3 days, 3-point contest, and hosted breakfast for anyone that wanted it. Huge success as every year and special thanks to all our referees who travel down and stay the nights to provide us with quality officiating. Boys basketball travelled and played in a few games and tournaments as well. With the hiring of a new head coach, we are excited to see some fun things this winter with the extra work they got in this summer.

Soccer hosted its annual camp with nearly 50 kids showing up for 3 days to build their skills. Our new SOCOMI Sport Complex really shines in these types of events. Students are able to spread out and work on a variety of skills and gear up for the fall season. Great job by our high school soccer students for running the camp and providing fun and engaged skill building.

Football hosted its annual team camp. We are still working hard to grow this into a premier event on the coast. Teams competed in weight lifting, relay drills, team building, and scrimmages. Teams stayed the night in our buildings and our cafeteria service was able to provide great food to them throughout the 3 days. More to come as we ramp this event up.

Volleyball, and band camp are going on as we speak. Both programs bring in a wide range of ages and skill levels to grow as cohesive units. Cheer is also bringing in a clinician (as they did last year) to work with them on their routines and fundamentals. This truly paid off last year as they got back to competing within the sport and we look forward to even more this year.

Schedules are rounding out as we speak and will be added through various online outlets over the next 2 weeks. Please be sure to put down our biggest events on your calendar and come on out to support the students.

GO BRUINS!

District Communications August 2026 New Systems, New Year

August has been about getting district systems ready for the new year: including set-up and training for school secretaries and other key staff, back-to-school logistics across all three schools, and continued work on the new strategic plan's messaging of "Together We Succeed."

Front Office Systems Training

On August 5, Communications led a Communications Update for school secretaries during in-service, covering three systems changes this year. ParentSquare last year replaced our district's former alert system (One Call Now) and will now take over where ClassDojo, Remind, Band, and other outside apps were being used at the classroom or team level, giving every classroom and building one platform for posts, direct messages, and two-way translated messaging. Digital signage is getting an update too, with a new outdoor digital screen replacing our oldest at the elementary school (thank you, Facilities and IT teams) and we now use ViPlex for all four of our districts vibrant, versatile and programmable outdoor digital screens. This year the middle school will also have an indoor announcement TV system similar to what the high school and district office have had for several years.

Back-to-School Communications

Registration and welcome communications went out from all three schools this summer, along with updated handbooks and bell schedules posted for 2026-27. All students again receive free breakfast and lunch under the district's Community Eligibility Provision, and BHHS is waiving its \$25 ASB card fee this year. Communications produced back-to-school flyers, an FAQ with changes to the Chromebook policy at the high school and middle school, and a first-week-of-school graphic explaining each building's staggered "soft start" schedule.

Key dates:

- Registration Help, Kalmiopsis & Azalea Middle School: Aug. 12, 10 a.m.–5:30 p.m.
- Registration Help, Brookings-Harbor High School: Aug. 17, 10 a.m.–5:30 p.m.
- Soft Start Day, Grade 6, Grade 9, and new-to-district students: Aug. 31

Food Services August 2026 Board Report

Between the End of School, up to July 23rd, the BHSD Summer Foods program had a good steady pace of giving out ready-to-go lunches and sack breakfasts. In 22 days, we served 2,191 breakfasts and 2,095 lunches. We got to see students from soccer camp, Safety City, swim lessons, football camp, and basketball camp. The Food Program had a surprise administrative review the very first week of feeding ESY (Extended School Year). There were 5 findings, and all were corrected that same day or shortly after. I have recently applied for the Competitive Farm to School Grant for purchasing fresh fruit and vegetables. Now that we are into August, I am serving 65 incoming Kindergarteners and trying to get a jump on the new school year. New changes are on the way, and I look forward to sharing them with you.

FINDINGS IN SUPPORT OF LOW BID EXEMPTION

Brookings-Harbor School District (BHSD)
Design/Build Seismic Rehabilitation Class Exemption Process
July 27, 2026

Competitive Bid Exemption Under Oregon Statute

Oregon law requires all public improvement projects to be procured by competitive low bid, unless an exemption is granted by the State or the Local Contract Review Board of a public agency other than the State. ORS 279C.335 requires that the public agency develop findings that the alternative procurement process is unlikely to encourage favoritism or substantially diminish competition and that the project will result in substantial cost savings and other substantial benefits to the public agency.

For public improvement projects, agency findings must address certain additional factors, defined by ORS 279C.330. These include, but are not limited to the following:

1. Operational, budget and financial data;
2. Public benefits;
3. Value engineering;
4. Specialized expertise required;
5. Public safety;
6. Market conditions;
7. Technical complexity;
8. Funding sources

Critical Factors

As a vital education and emergency facility of the community, design and construction must be executed in a manner that does not adversely impact operations and administration, while strictly adhering to a number of requirements of the grant dictating quantity, quality, time and cost.

There are a number of unique difficulties to the project, primarily the highly invasive nature and technical complexity inherent with a seismic renovation. The very design of the work must be closely coordinated with construction staff to enable proper phasing and staging of the eventual construction. Additionally, the limited time allowed by grant, impending wet weather schedule constraints, and harsh coastal construction conditions present additional project challenges.

Compounding these challenges are a tight, finite budget and strict time constraint for performance, mandated by the funding grant. There is no additional or alternate funding source available.

Findings

The findings are summarized below:

Operational, budget, and financial data:

It is imperative that design and construction activities have minimal impact on the daily operation and administration to ensure response time of critical public safety services.

Finding: Having the design-builder involvement early in the planning for the construction will allow BHSD to work with the entire team to develop a design and construction plan that will minimize impacts to operation and administration, as well as recognize construction efficiencies important to meeting the tight budget and time constraints.

Public benefits:

For this project, the public benefits directly from the shorter construction schedule and the ability to take advantage of favorable construction pricing. The earlier start/completion reduces BHSD costs for construction, reducing the risks of cost overruns with the tight, finite budget presented by the grant. The public also benefits from the expedited design-to-construction schedule allowing for an earlier date of completion and reduced potential for interruption of critical services.

Finding: A negotiated procurement is the best method for BHSD to identify a design-builder who has proven experience and can accelerate the work to meet critical deadlines.

Value engineering:

Design-builder input during design will enhance the value engineering process. Options can be considered while the design is being finalized without issuance of a change order during construction.

Finding: Design-builder can provide input during design which enhances the value engineering process. Options can be considered while the design is being finalized and without issuance of a change order during construction. The design-build delivery method allows the contractor to work with the team and to incorporate value engineering ideas in the timeliest manner to maximize savings.

Specialized expertise required:

It is recognized the nature of the design and construction is unique in that it involves invasive structural renovation of an vital facility.

Finding: A negotiated procurement is the best method for BHSD to evaluate the design-builder in these areas and will allow the District to work with the design-builder early in the process to successfully address these issues.

Public safety:

If the project is delayed it would risk the safety of students and faculty by pushing construction into the school season. Construction traffic and emergency egress would be compromised.

Finding: By ensuring the design and construction team are working in concert, critical construction milestones and deadlines such as bidding and permitting can be phased to ensure the shortest overall project duration. This will ensure the integrity of the facility to respond to public need.

Market conditions:

Market conditions in the Southern Oregon Coast area are not favorable for inducing a large number of contractors to a hard bid. The area is scarce of qualified, bondable contractors to participate in a hard bid.

Finding: By having a design/builder involved early, they can generate interest from a variety of smaller contractors to perform portions of the work that otherwise could not bid the project independently. Local participation would therefore be increased. Additionally, the shortened schedule will allow for an earlier start to construction, reducing future cost escalation, and avoiding additional costs associated with pushing the schedule into adverse coastal winter weather season.

Technical complexity:

Coordinating the technical aspects of the seismic renovation with the ongoing operational needs of the facility are critical to the project success.

Finding: Having the design/builder involved in the project early will allow BHSD to have input into the way the work is staged and constructed, and to verify on-going operations are not impacted. The negotiated procurement allows the District to evaluate a design-builders experience in similar technical seismic renovation work.

Funding sources:

This project is funded through a grant which provides finite funding which will expire if timelines are not met. Therefore it is critical the budget and schedule are met or the project would be in jeopardy.

Finding: A negotiated procurement allows BHSD the means to achieve necessary cost control. Having a vertically integrated design and construction team will leverage the dollars available to their fullest ensuring the grant requirements are met.

Unlikely to encourage favoritism or diminish competition:

The steps taken to ensure maximum competition and fair opportunity for this project will include public advertisement in the print edition of Curry Coastal Pilot and the Oregonian. In addition, the BHSD board will appoint an independent evaluation committee to objectively review and select the proposer with the greatest value.

Finding: By marketing this opportunity and attempting to notify all known potential respondents, BHSD will implement a process that does not encourage favoritism or diminish competition. By allowing design/build contractors to present their experience, the negotiated procurement process will encourage more qualified design/builders to compete for this project than would otherwise occur in a low bid process. A negotiated procurement also will allow the District to identify a design/builder prior to award of any construction subcontracts, so that BHSD can work with the design/builder to maximize opportunities for participation by small/emerging, local, and minority and women-owned businesses. As such, competition among subcontractors, particularly small local contractors, will be increased.

Cost savings:

The grant driving the project has specific deadlines that must be met or funding could be jeopardized. Future escalation is a continued threat in the current economic reality. Delays could easily push construction into the school season and winter weather months. Therefore, the project, if not carefully

managed between the design and construction interface, is under threat of cost overruns. A single vertically integrated team will streamline interfaces, improve design efficiency and result in cost savings.

Finding: BHSD finds that low-bid contracting for work of this nature is likely to result in numerous change orders and increased costs through disputes. The negotiated procurement process will allow the District to select a design/builder based on qualifications. It allows selection of a design/builder whose proven experience matches the nature of the required work. Finally, by using a design/builder, BHSD has the capacity to obtain real time pricing information. This pricing will facilitate a more accurate assessment of design options and maximize opportunities for value engineering.

Conclusion:

Preferred Contracting Method – Design/Build (design and construction via a single contractor)

Design-Build is the choice that best allows for consideration of the critical factors that will make this project a success. With a design/builder as part of the team, the likelihood of a successful construction process is enhanced. In addition, having the design/builder involved early will allow for quick start of construction when permits are issued. A fast track construction project allows for early occupancy.

Special Class Exemption

Based on the above findings, Brookings-Harbor School District hereby finds a special class exemption of use of a design/build contractor as an alternative contracting method for seismic rehabilitation projects.

Individual Board Member's Authority and Responsibilities

An individual Board member exercises the authority and responsibility of their position when the Board is in a meeting which is being held in accordance with Oregon's Public Meetings Law. A Board member has the authority to act in the name of the Board only when authorized by a specific Board motion. The affirmative vote of the majority of members of the Board is required to transact any business. When authorized to act as the district's designated representative in collective bargaining, a Board member may make and accept proposals in bargaining subject to subsequent approval by the Board.

Board members may speak on behalf of the Board or district only when specifically authorized to do so. Any other statements do not represent the position of the Board or district. When expressing personal opinions in public, Board members are encouraged to clearly identify the opinions as their own.

All Board members shall maintain awareness of relevant district information and participate in Board functions and professional Board development activities.

All members of the Board will adhere to the following in carrying out the responsibilities of membership:

1. Request for Records

Any individual Board member who desires a copy of an existing record may make such a request to the superintendent. Requests involving confidential records or significant staff time will be referred to the Board for approval.

2. Requests for Legal Opinions^{1}

Requests for legal advice or opinions by a Board member that will incur a cost for the district must be approved by a majority vote of the Board before the request is made to legal counsel. The Board chair is authorized to obtain legal advice or opinions if advantageous to do so prior to the next meeting (e.g., advice regarding an executive session or a decision to invite district legal counsel) without a need for Board approval. Legal counsel is responsible to the Board.

3. Action on Complaints or Requests Made to a Board Member

When a Board member receives complaints or requests for action from staff, students or members of the public, the Board member will direct the staff, students, members of the public to the public

¹ {Consider how board members obtain legal advice and whether a cost is associated with that. Does the Board want individual board members to be able to contact attorneys at PACE or OSBA (no bill accrued) on their own, or does the Board want them to get Board approval first? Do you want individual Board members to be able to contact attorneys that will bill the district on their own, or do you want them to get board approval first?}

complaint policy Board policy KL – Public Complaints. Such information will be conveyed to the superintendent. An individual Board member is not authorized to independently act on complaints.

4. Board Member's Communication with Administration

No individual Board member may direct the superintendent or other staff to action without Board authorization. No Board member will intervene in the administration of the district or its schools.

Board Committees

The Board shall have no standing committees. Special committees may be appointed by the Board for specific purposes to serve until their assignment is completed. The entire Board may meet as a committee-of-the-whole.

The function of special committees will be fact-finding, deliberative and advisory rather than legislative or administrative. The committee will make recommendations directly to the Board as a whole, which alone may take action. Committee meetings may be called by the Board chair, the committee chair or any committee member.

Committee-of-the-whole meetings, called “work sessions,” may be held. Committee-of-the-whole meetings may be called by the chair or any two Board members.

All meetings of special committees and of committees-of-the-whole will be publicly announced and the public will be permitted to attend. However, the Board and its committees may sit in executive sessions to discuss matters when such sessions are required or permitted by law.

All matters referred to a committee will be thoroughly investigated. A committee will not have the power to act for the Board except as the Board has specifically authorized, but will make recommendations to the Board. Committee recommendations and reports will become an official part of Board minutes.

A Board committee may appoint, subject to Board approval, advisory members from the staff, student body or community. Advisory members will be instructed in the committee’s functions and their status. These members may not be included in considering whether a quorum of the committee is present, nor may they vote on recommendations to be made to the Board. However, either an advisory member or an ex-officio member may present a written minority report to the Board.

Board Committees

The Board may establish committees. A Board committee is a group of Board members, staff, students and/or community members tasked by the Board to make a decision on behalf of the Board or make a recommendation to the Board on policy or administration. The district may have additional administrative committees.

Board committees may be classified into two general types based on membership:

1. Board subcommittees are primarily made up of Board members, e.g., superintendent evaluation committee, long-range planning committee, policy committee;
2. Advisory committees are primarily made up of non-Board members, e.g., bond steering committee.

Regardless of classification, the Board can include Board members and non-Board members on committees.

Board committees will not have the power to act for the Board except as the Board has specifically authorized. Committee meetings may be called by the committee in accordance with any direction from the Board and committee procedures. Committee recommendations and reports will be provided to the Board.

All meetings of Board committees will follow the Public Meetings Law¹, including the requirement to record the meetings or take meeting minutes. A committee may sit in an executive session when such meeting is in accordance with the committee's assigned purpose and when such session is permitted by law. Administrative committees, including superintendent committees, are generally not subject to Public Meetings Law.²

When establishing a Board committee, the Board will determine:

1. Committee membership and appointment process;
2. The task of the committee;
3. What resources are needed and will be provided to the committee;

¹ OAR 199-050-0010(1)(b) provides that Public Meetings Law apply to bodies "with authority to make recommendations to a public body on policy or administration."

² OAR 199-050-0010(2)(b) provides that Public Meetings Law does not apply to "bodies appointed by an individual public official with authority to make recommendations only that individual public official who has the authority to act on the body's recommendation and is not required to pass the recommendations on unchanged to a public body."

4. The length of time the committee will exist³;
5. Expectations regarding any actions or recommendations of the committee.

Advisory Committees to the Board

In an ongoing effort to increase communication with the public and to provide for citizen involvement, the Board may appoint advisory committees which include members to consider matters of districtwide importance. The Board shall have no permanent or standing advisory committees other than those required by statute.

Recommendations of such committees will be given careful consideration by the Board, but such recommendations will not relieve the Board of its legal responsibility to make final decisions about such matters.

All meetings of advisory committees shall be considered open meetings. The press may attend and report proceedings. Visitors shall sit apart from the committee members and shall speak only when invited to do so by the committee chair.

The composition of advisory committees to the Board will be broadly representative and will take into consideration the specific tasks assigned to the committee. The process for the appointment of community members to an advisory committee will be determined by the Board. Appointment of staff members, when appropriate, will be made by the superintendent.

The Board will adopt guidelines for each committee as appropriate, which will include, but not be limited to, the following:

1. The committee's written charge which shall include, but not be limited to, a statement of purpose and responsibility;
2. The resources the Board will provide;
3. The length of time the committee is asked to serve and the approximate date(s) on which the Board wishes to receive committee report(s).

Except as specifically provided by the Board, citizen advisory committees will cease to function when their reports have been received by the Board or when the purposes for which they were established have been accomplished.

The Board may be represented on lay and professional committees that serve the Board in an advisory capacity, with specific Board members appointed by the chair, but normally such Board members will function as ex-officio members of the committees.

The Board's responsibility cannot be delegated or surrendered to others. Therefore, all recommendations of an advisory committee will be submitted to the Board for action and must be recognized as advisory in nature.

By law, the budget committee is charged with making recommendations concerning financial priorities.

The budget committee will have the responsibility ~~for~~^{ef} reviewing the financial programs of the district, reviewing the proposed district budget as presented by the superintendent, and recommending an annual or biennial district budget in keeping with the provisions of applicable state laws.

The Board may appoint budget committee members to as many consecutive terms as deemed appropriate~~;~~

¹ {The budget committee is not required to include a member of the educational equity advisory committee until a vacancy on the budget committee occurs by a member who is not also a member of the school district board.} The district is not required to include a member of the educational equity advisory committee on the budget committee if no member of the committee is willing or able to serve on the budget committee.

5. At the first regular Board meeting in [August], ~~September~~, the Board will review the names of persons filing applications and names of those persons who have served previously and are willing to be reappointed. At the first regular meeting in [September], ~~October~~, the Board will appoint persons to fill the vacant positions;.
6. [The appointive committee members of a budget committee in a district that prepares an annual budget will be appointed for three-year terms. The terms will be staggered so that, as near as practicable, one-third of the appointive members' terms end each year.] [The appointive. ~~Appointive~~ members of a budget committee in a district that prepares a biennial budget shall be appointed to four-year terms.

The budget officer shall announce the time and place for all meetings, as provided by law. All meetings of the budget committee are open to the public;.
4. The budget committee may request ~~from the superintendent or business manager~~ any information used in the preparation of or for ~~use in~~ revising the budget document ~~from the superintendent or business manager~~. The committee may request the attendance of any district employee at its meetings. The district processes complaints^{1} or reports of sexual harassment under Oregon Revised Statute (ORS) 342.700 et. al. and federal Title IX laws found in Title 34 C.F.R. Part 106. Individual complaints may require both of these procedures, and may involve additional complaint procedures.

General Procedures

When information, a report or complaint regarding sexual harassment is received by the district, the district will review such information, report or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both of the definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (*see* GBN/JBA-AR(1) - Sexual Harassment Complaint Procedure and GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure). The district may also need to use other complaint procedures when the alleged conduct could meet the definitions for other complaint procedures^{2}.

1. A demand or request for sexual favors in exchange for benefits;
2. Unwelcome conduct of a sexual nature that is physical, verbal, or nonverbal and that:

FEDERAL DEFINITION AND PROCEDURES

Federal Definition

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity¹¹;
3. "Sexual assault": an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
4. "Dating violence": violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship;

¹¹ "Education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs." (Title 34 C.F.R. § 106.44(a))

5. “Domestic violence”: felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction; or
6. “Stalking”: engaging in a course of conduct directed at a specific person that would cause a reasonable person fear for the person’s own safety or the safety of others, or suffer substantial emotional distress.

This definition only applies to sex discrimination occurring against a person who is a subject of this policy in the United States. A district’s treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

Federal Procedures

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. *See* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. The report can be made at any time.

The Superintendent is designated as the Title IX Coordinator and can be contacted at 541-469-7443. The Title IX Coordinator will coordinate the district’s efforts to comply with its responsibilities related to this policy. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.^{12}

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.¹³ The district shall treat complainants and respondents equitably by providing supportive measures¹⁴ to the complainant and

¹² {Note the difference in requirements for Title IX and Oregon law. It makes sense to align these requirements.}

¹³ (Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

¹⁴ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district’s educational environment, or deter sexual harassment.¹⁴ The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

by following a grievance procedure¹⁵ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.¹⁶

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.¹⁷ The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

~~The District will provide a support person or advisor who is trained in all district policies and procedures related to sexual harassment and sexual harassment proceedings for any reporting or reported student.~~

~~Upon the student's request, the District support person or advisor will accompany the individual to any interview or meeting held as part of any district sexual harassment proceeding.~~

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);
2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and
3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

~~[Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary¹⁸, or both.]~~

~~No person designated as the investigator, decision-maker, or any person designated by the district to facilitate an informal resolution process may have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A conflict of interest occurs when personal or private interests may compromise one's judgment, decisions, or actions. Conflict of interests~~

¹⁵ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

¹⁶ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

¹⁷ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

¹⁸ Of the United States Department of Education.

~~may arise from family, friendships, past relationship as student-teacher, financial investments, or other social factors. A bias is defined as a tendency, inclination, or prejudice toward/against someone. A conflict of interest or bias exists that disqualifies a person from being involved in the investigation or decision-making process if it prevents the person from impartially participating in the process. Any staff member with a designated role in the Title IX process who believes they have a conflict of interest may recuse themselves from the process without reprisal.~~

No Retaliation

Neither the district or any person may retaliate¹⁹ against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Records

~~Records will be created and maintained in accordance with the requirements in Title 34 C.F.R. §106.45(a)(10).²⁰~~

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size. A copy of the policy will be made available to any student, parent of a student, school or district staff member, or third party upon request.

FEDERAL DEFINITION AND PROCEDURES

Federal Definition

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity¹¹;
3. "Sexual assault": an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
4. "Dating violence": violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship;
5. "Domestic violence": felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or
6. "Stalking": engaging in a course of conduct directed at a specific person that would cause a reasonable person fear for the person's own safety or the safety of others, or suffer substantial emotional distress.

This definition only applies to sex discrimination occurring against a person who is a subject of this policy in the United States. A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

¹¹ "Education program or activity" includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs." (Title 34 C.F.R. § 106.44(a))

Federal Procedures

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. *See* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX coordinator receiving the person's verbal or written report. The report can be made at any time.

The Superintendent is designated as the Title IX coordinator and can be contacted at 541-469-7443. The Title IX coordinator will coordinate the district's efforts to comply with its responsibilities related to this policy. The district prominently will display the contact information for the Title IX coordinator on the district website and in each handbook.^{12}

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.¹³ The district shall treat complainants and respondents equitably by providing supportive measures¹⁴ to the complainant and by following a grievance procedure¹⁵ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.¹⁶

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.¹⁷ The district must provide the respondent with notice and an opportunity to challenge the decision immediately

¹² {Note the difference in requirements for Title IX and Oregon law. It makes sense to align these requirements.}

¹³ (Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

¹⁴ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment.¹⁴ The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

¹⁵ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, see GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

¹⁶ The Title IX coordinator may also discuss that the Title IX coordinator has the ability to file a formal complaint.

¹⁷ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX coordinator(s);
2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and
3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

[Inquiries about the application to Title IX and its requirements may be referred to the Title IX coordinator or the Assistant Secretary¹⁸, or both.]

No Retaliation

Neither the district or any person may retaliate¹⁹ against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size. A copy of the policy will be made available to any student, parent of a student, school or district staff member, or third party upon request.

OSBA Model Sample Policy

Code: KNA
Adopted:

Immigration Enforcement on District Property

{House Bill 4079 (2026) requires districts to “adopt a policy for providing notice when a federal immigration authority is confirmed to have entered school property for immigration enforcement.” This policy must be “consistent with applicable model policies published by the Attorney General as provided by ORS 180.810.”}

The district complies with state and federal law, including Oregon Revised Statute (ORS) 180.805 and ORS 181.826, and this policy and accompanying administrative regulations KNA-AR(1) – Interactions with Immigration Enforcement and KNA-AR(2) – Federal Immigration Enforcement Request Log when responding to requests from federal immigration authorities regarding immigration enforcement. [Absent a judicially authorized subpoena, warrant or court order, district staff must not allow federal immigration authorities access to the district’s records or facilities not open to the public for the purposes of immigration enforcement and must verify the validity of any subpoena, warrant or court order involving immigration enforcement presented to them by federal immigration authorities to ensure it is judicially authorized. Examples of judicial and administrative warrants and subpoenas can be found in the Oregon Attorney General’s Model Public School Policies.¹ The superintendent or designee must review and approve any response to a request involving immigration enforcement. The district will provide ongoing training to designated staff to ensure compliance with this policy.]

This policy will be made available in the student handbook and on the district’s website². [The district will ensure a copy of the Oregon Attorney General’s Model Public School Policies³ and this policy and accompanying administrative regulations are provided to staff.]

Designation of Primary Point of Contact

The [position {⁴}] is the primary point of contact for coordinating interactions with federal immigration authorities occurring in the district (“immigration liaison” {⁵}). The [alternate position] shall serve as an alternative point of contact during the immigration liaison’s absence or unavailability (“alternate immigration liaison”).

The immigration liaison’s responsibilities include:

² Must be provided in culturally appropriate languages that are used to communicate effectively with parents and guardians of students in the district, as determined by the Board. {The district is encouraged to evaluate language needs in the district in order to effectively communicate with all parents and guardians.}

³ <https://www.doj.state.or.us/wp-content/uploads/2026/06/Attorney-Generals-Model-Public-School-Policies-in-Compliance-with-SB-1538.pdf>

⁴ {House Bill 4079 (2026) requires the policy to “identify at least one administrator” for this purpose. The Board should consider whether a single administrator is sufficient for the district, or whether multiple administrators should be designated.}

⁵ {The district can choose any title to use for this individual and should use it throughout this policy.}

1. Serving as the district's representative during encounters with federal immigration authorities;
2. Confirming when federal immigration authorities have entered school property for immigration enforcement purposes;
3. Ensuring federal immigration authorities engaging in enforcement activities at the district have notice of relevant district policies: JO/IGBAB – Education Records/Records of Students with Disabilities, JOA – Directory Information, JOB – Personally Identifiable Information and this policy;
4. Assisting staff in performing their duties in response to immigration enforcement efforts, including ensuring compliance with all district policies and procedures related to interactions with federal immigration authorities and immigration enforcement efforts;
5. Reviewing and responding to requests from federal immigration authorities, in coordination with, and under the direction of, the superintendent or designee;
6. Facilitating the district's compliance with lawful immigration enforcement efforts in a manner that does not unnecessarily disrupt the school environment or invade the privacy of students, staff, or volunteers;
7. Providing notice as required in this policy when a federal immigration authority has been confirmed to have entered school property for immigration enforcement.

Required Notice

When a federal immigration authority is reported to have entered school property for the purpose of immigration enforcement the immigration liaison shall confirm whether federal immigration authorities have entered school property for immigration enforcement and when confirmed, shall provide notice as follows:

1. Notice must be provided to:
 - a. Students who attend the school where the federal immigration authority is confirmed to be on school property for immigration enforcement and who are in grades [7] and above;
 - b. Parents or guardians of students attending the school where the federal immigration authority is confirmed to be on school property for immigration enforcement;
 - c. Staff of the school where the federal immigration authority is confirmed to be on school property for immigration enforcement; and
 - d. Community-based service providers that have requested to receive notice when a federal immigration authority is confirmed to be on school property for immigration enforcement. Community-based service providers can request to receive such notifications by contacting [the immigration liaison at the district office].
2. Notice must include:
 - a. The general location of the federal immigration authority; and
 - b. Whether classes or school operations were affected by the presence of the federal immigration authority. [{Districts may include resources available to those impacted by immigration enforcement actions.}]

3. Notice must not disclose:

- a. Personally identifiable information;
- b. Other information that may not be legally disclosed; or
- c. Other information when the disclosure may threaten the health or safety of students or staff of the district or is prohibited by a court order.

The required notice will be provided as expediently as possible using [insert communication methods the district will use] [existing methods used for providing electronic communications].

Unless otherwise prohibited by law or court order, the district will make reasonable efforts to provide notice to a student, or to the parent or guardian of a student, when the district has provided information related to the student to a federal immigration authority.

[Confidentiality of School Records]

Except when required by a judicially authorized warrant, subpoena, or order, Oregon law prohibits the district from disclosing protected information to federal immigration authorities for the purpose of enforcing federal immigration laws. Protected information includes information relating to a person's:

1. Address;
2. Workplace or hours of work;
3. School or school hours;
4. Contact information, including telephone number, electronic mail address or social media account information;
5. Known associates or relatives; and
6. Date, time or location of the person's hearings, proceedings or appointments with a public body that are not matters of public record.

Oregon law also prohibits sharing any of the above information about a person's relatives or known associates with federal authorities for immigration enforcement purposes.

Oregon law generally prohibits the district from sharing or disclosing citizenship or immigration status or country of birth information⁶ that the district collects, unless one of the following exceptions applies:

1. The disclosure is required by state or federal law (other than federal immigration law);
2. The disclosure is required by a judicially authorized warrant, order, or subpoena;
3. The information being shared with a person concerns only that person or their dependents; or

⁶ Citizenship or immigration status or country of birth information is any information concerning:

1. Where a person was born; or
2. Whether a person is a citizen of the United States; or
3. Whether a person has lawful authority to be present in the United States.

4. The information is aggregated and not personally identifiable.

In addition to the prohibitions described above, federal and state laws make records and information related to students confidential and permit disclosure only in limited circumstances. The district's policies with respect to student records can be found in Board policies JO/IGBAB – Education Records/Records of Students with Disabilities, JOA – Directory Information and JOB – Personally Identifiable Information. To ensure compliance with applicable federal and state law, the district's staff shall not disclose any school records or information to federal immigration authorities except as provided in these policies.

Staff must also maintain the confidentiality of school records and other information about students, staff, and volunteers when communicating with other students, parents, or community members about immigration enforcement activities involving students, staff, or volunteers of the district or occurring on district property. Staff should direct anyone with questions about immigration enforcement activities occurring on district property to the immigration liaison.]

Training

The district will provide the immigration liaison and alternate immigration liaison with training as follows:

1. The training must include information on the requirements of House Bill 4079 (2026), any applicable model policies published by the Attorney General, and this policy; and
2. The training must be provided at the time of designation and at least once every two years thereafter.

[⁷] Upon the adoption of this policy and not less than once every two years thereafter, the district will provide training to all current district staff of one hour or more regarding federal and state laws, and the district's policies, relating to interacting with federal immigration authorities and responding to immigration enforcement efforts. The district will provide the required training to all new staff within 30 days of beginning employment.]
