BOARD OF EDUCATION HANDBOOK INTRODUCTION

This Board of Education Handbook has been developed to capture, in one place and in plain language, the primary operating procedures and governing principles of the Box Elder School District Board of Education.

This handbook serves as a resource for members of the board as they assume their offices and carry out their responsibilities. It will be posted on the school district's website and updated periodically.

The Box Elder School District Board of Education has one goal and one purpose: **student learning.**

Authority and Responsibilities of the Board

The powers and mandatory duties of the Board of Education are defined in the Utah Code and State Board of Education Rule.

Principles of Board Leadership

Remembering three important principles of board leadership will help keep the Box Elder School District Board of Education focused on its most important responsibilities:

1. The board delegates authority.
The board delegates authority to the superintendent to manage the district and provide leadership for the staff. Such authority is communicated through written policies that designate board ends and define operating limits.
2. The board monitors performance.
The board constantly monitors progress toward district goals and compliance with written board policies.
3. The board takes responsibility for itself.
The board, collectively and individually, takes full responsibility for board activity and behavior. Board deliberations and actions are limited to board work, not staff work.

[Utah Code § 53G-4](#)

Making School Board Decisions

State and federal laws, financial constraints, and local expectations must govern school districts. Nevertheless, decisions made by a local board of education create the environment in which a district will flourish or flounder.

Although the typical school board makes many different decisions, all of those decisions can be put into four general categories:

Policy decisions are the most important work of the board. The majority of a board's time should be spent on policy development, monitoring, and review. Written policies accomplish the following:

- articulate district direction and goals;
- delegate authority and define limitations on that authority;
- establish board processes, including those for monitoring progress toward district goals and ensuring compliance with laws and board policy.

The board is empowered to make policy decisions for district schools. Board members act as trustees for the community; therefore, policies are often understood as expressions of the community's aspirations for its public schools.

Problem solving decisions come in response to a crisis or opportunity that cannot be resolved by the superintendent or is not fully addressed in existing board policy. For example, in the face of declining enrollment, a typical school board would not expect its superintendent to make a final decision on which building to close. Although the superintendent would be expected to provide information and make recommendations, the school board would make the final decision, after deliberating alternatives and consulting policy statements.

Problem-solving decisions usually have isolated, one-time impacts. However, such decisions can establish a precedent that may have the force of policy. For example, a school board's decision to grant a benefit to one group of students may obligate it to grant the same benefit to another group in a similar situation.

Managerial decisions required of each local Utah school board are set forth in the statutes, most notably in [Utah Code § 53G-4-402](#). For example, a school board is required to do the following:

- implement the core curriculum
- administer tests,
- implement training programs,
- enroll children in school,
- establish school libraries, and
- establish school safety traffic committees
- ensure that school community councils receive the required annual training and review and approve the school improvement plans developed by the school community councils.

With few exceptions, managerial duties are delegated to the superintendent. Where there is good communication and high level of trust between the board and superintendent, combined with sound policies that set directions and establish parameters, routine managerial duties will consume only a small amount of time at public board meetings. Legally required board actions can usually be accomplished through approval of consent agendas.

School boards must learn to distinguish policy decisions from problem-solving decisions. Sometimes this is challenging but, in general, boards that emphasize policy development will need to make fewer decisions in response to routine problems. Superintendents who have strong policy guidance are able to resolve a wider array of problems without bringing them to the board for action. Good policy development and review processes allow boards to operate at the systemic level - dealing with mission, purpose, direction, and results.

Conversely, boards without up-to-date written policies often find their meetings running late into the night. Their superintendents must bring numerous issues for discussion and action, which wastes time and yields inconsistent results.

Personnel decisions represent a special category of managerial decisions. Most school boards delegate personnel matters to the superintendent and use policies to express their desired standards for hiring, evaluation, compensation, discipline, and dismissal. This approach avoids the quagmire of wrestling directly with hiring or disciplining employees other than the superintendent and business administrator. Personnel actions, therefore, are usually found on the consent agenda, because a board is required by law to approve all employment contracts, salaries, benefits, and dismissals.

The superintendent is an appointed public official, the district's chief executive, and an employee of the board. Only the board can employ, evaluate, discipline, or dismiss the superintendent.

Holding Closed Meetings

A closed meeting may be held if:

1. A quorum is present.
2. The meeting is an open meeting for which specific notice for a closed meeting has been given with the stated purpose defined.
3. Two-thirds of the members present vote to close the meeting. Voting must be taken by roll call. Name and vote.

Minutes of the closed meeting shall contain:

1. Reason for holding the meeting.
2. Location of the meeting.

3. Vote by name, of each member of the board, either for or against the motion to hold the closed meeting.

Purpose of a closed meeting:

1. Discussion of the character, professional competence, or physical or mental health of individual.
2. Strategy sessions to discuss collective bargaining.
3. Strategy sessions to discuss pending or reasonably imminent litigation.
4. Strategy sessions to discuss the purchase, exchange, or lease of real property including any form of a water right or water shares if public discussion of the transaction would:
 - a. Disclose the appraisal or estimated value of the property under consideration; or
 - b. Prevent the board from completing the transaction on the best possible terms.
5. Strategy sessions to discuss the sale of real property, including any form of water right or water shares if public discussion of the transaction would:
 - a. Disclose the appraisal or estimated value of the property under consideration; or
 - b. Prevent the board from completing the transaction of the best possible terms.
6. Discussion regarding deployment of security personnel, devices or systems.
7. Investigative proceedings regarding allegations of criminal misconduct.

A Board may not interview a person applying to fill an elected position in a closed meeting.

Record of closed meetings:

1. A recording shall be made of the closed portion of the meeting.
2. Detailed written minutes may be kept that disclose the content of the closed portion of the meeting.
3. A recording of a closed meeting shall be complete and unedited from the commencement of the closed meeting through adjournment.
4. The recording and any minutes of a closed meeting shall include:
 - a. Date, time, and place of the meeting.
 - b. Name of the members present and absent.
 - c. Names of all others present except where the disclosure would infringe on the confidentiality necessary to fulfill the original purpose of the closing the meeting.
5. No recording or minutes will be taken if the purpose of the closed meeting is for the discussion of the character, professional competence, or physical or mental health of an individual.
 - a. A sworn statement must be signed by the presiding member of the board that the sole purpose for closing the meeting was to discuss the character, professional competence, or physical or mental health of an individual.

Collaborative Relationships: Shared Governance

The Box Elder School District Board of Education has the exclusive right and responsibility to determine the goals and direction of the schools and use all its resources to achieve such goals, within the bounds of state and federal law and rules of the Utah State Board of Education.

Box Elder School District is a complex organization, which can succeed only if we enlist the energy, creativity, and effort of many people to accomplish our goals. The board believes that ideal conditions for student learning can be realized when shared governance is thoughtfully used to support student achievement.

Board decisions should accurately reflect the public's interests. Statutes of the state of Utah require local school boards to make decisions by majority vote; thus the obligation to seek consensus under shared governance does not bind the board in its decision-making.

The board delegates to school sites and departments the right to make some decisions using the shared governance process. Site-based decisions must conform to legal requirements, state and federal rules and regulations, the district's Student Achievement Plan, policies, procedures, guidelines, and contractual obligations, including negotiated employee agreements.

Essentials of A Professional Learning Community

- A. The Superintendent and district administrators will ensure that all of the schools in the district function as professional learning communities. Professional learning communities are defined as educators committed to working collaboratively in ongoing processes of collective inquiry and action research to achieve better results for the students they serve. Professional learning communities operate under the assumption that the key to improved learning for students is continuous, job-embedded learning for educators.
 1. The Board, district, and school administrators will ensure that time is available, within the contract day, for educators to meet together regularly in collaborative teams.
 2. District/school administrators will ensure this time is reserved for activities directly related to the process of collective inquiry and action research to achieve better achievement results for our students.
 3. Collaborative teacher teams will focus on the following four questions:
 - a. What is it that our students are expected to know and do?
 - b. How will we know if they know and can do what is expected?
 - c. How will we respond if they don't know and can't do what is expected?
 - d. How will we respond if they already know and can do it?

District and school administrators will ensure that ongoing training and professional learning opportunities are provided to ensure that all Box Elder School District educators are proficient in the philosophies and practices related to professional learning communities/collaborative teacher teams.

Authority of Individual Board Members

Power belongs not to individual members of a Board of Education but to the Board of Education acting as a corporate body through collective action. Board members have authority only when acting as a Board of Education in a legally constituted session, with a quorum present. The statement or action of an individual member or group of members of the Board of Education does not bind the Board of Education itself, except when that statement or action is specifically authorized by an official act of the board. This does not preclude individual board members from representing the board at meetings and ceremonial events or speaking to constituent groups in their capacity as board members.

Nominations and Elections for Board Leadership

Nominations

- A. An office must be created by Board Policy or by a motion to that effect before it can be filled by election or otherwise.
- B. The Board President must call for nominations.
- C. Nominations do not require a second. However, any number of persons may second a given nomination just to show their support of that nominee.
- D. The motion “to close nominations” is not in order until the assembly is ready to close nominations.
 1. When there are two or more nominees for the office the motion to close nominations requires a two-thirds vote. (This motion must be seconded.)
 2. A negative vote on the motion signifies that there are additional nominations forthcoming.
 3. If and when there are no further nominations the Board President may then put the motion to close nominations to a vote without waiting for a second.

Elections

- A. Elections and nominations must conform to the procedure prescribed by the Utah State Law and Board Policy.
- B. In case of a tie vote, the election is decided by lot unless the organization adopts a motion to do otherwise.
- C. Elections are decided by a roll call vote, not by secret ballot. Election to the office is determined by a simple majority.

Board Leadership Responsibilities

The board president will:

1. Conduct meetings of the board in accordance with law and policy.
2. Communicate regularly with the superintendent, business administrator, and members of the board to set meeting agendas, facilitate the flow of necessary information, and respond to community issues and queries.

Board leadership may speak for the board, or designate others to speak for the board, when requested to do so by vote or consensus of the board communication, without binding the board to a specific decision or position.

Guidelines and Parliamentary Motions

The following guidelines and examples have been taken from the Utah School Boards Association book titled *Coming to Order*, which is available on the USBA website. The Box Elder School District Board of Education appoints a Business Administrator who serves as the board's parliamentarian:

1. A board should agree on and adopt an agenda format that it will follow at regular meetings.
2. Action items on the agenda require:
 - a motion by a board member,
 - a second to the motion (required by most boards but not all),
 - a discussion of the motion by board members, and
 - a vote by board members.
3. Other than the consent agenda, each motion should be limited to one idea or issue.
4. No new motion may be made while another is being discussed.
5. A motion may be amended and votes on the amendments must be taken before acting on the original motion.
6. Before a vote on a main motion is taken, business can be interrupted by a motion:
 - to table the main motion,
 - to postpone action,
 - to refer the motion to a committee,
 - to withdraw it from consideration, or
 - to adjourn the meeting.

The subsidiary motions must be disposed of prior to action on the main motion.
7. Debate can be closed formally with a motion to move the question and a two-thirds affirmative vote.
8. When a Board member wishes to speak in board meeting, he/she should request to be recognized by the Board President before speaking. He/she may gain recognition by the President by raising a hand or speaking audibly, "Mr./Mrs. President". Once recognized the Board member should address the Board.
9. When the president senses the discussion has ended, a vote may be taken without a formal motion to close debate unless a member objects.
10. Some motions, such as a motion to adjourn, are not debatable. See the "Simplified Chart of Parliamentary Motions" on page 10.
11. Before a motion is voted upon, it should be repeated aloud.
12. The president, by virtue of membership on the board, is expected to vote on each issue before the board.

13. The president should indicate before each vote whether a simple or special majority is required.

14. The president should keep readily at hand a reference guide, such as the chart of parliamentary motions.
