ADDENDUM

STUDY SESSION
Monday, May 23, 2022
SPMS-Media Center
6:30PM

II. Equity Workshop with Longview Education

Subject: Equity Workshop with Longview Education

Background: Through a grant made available by the South Central Service Cooperative (SCSC) the Saint Peter School Board will be working with Longview Education to develop a deeper understanding of education equity in our community. This will be a six month process with study sessions scheduled once per month. The desired outcome of the training is to develop a belief statement regarding Education Equity for the Saint Peter Public Schools.

Presentation: Longview Education

You'll find everything you need for our Creating Equitable Outcomes Partnership in this document. All materials and links will be updated ahead of each meeting.

Overview: Creating Equitable Outcomes

Partnership

Objective: Ensure that the St. Peter Public Schools are consistently creating equitable outcomes.

Outcomes: Create an equity statement and action plan for integrating equity across all strategic priorities.

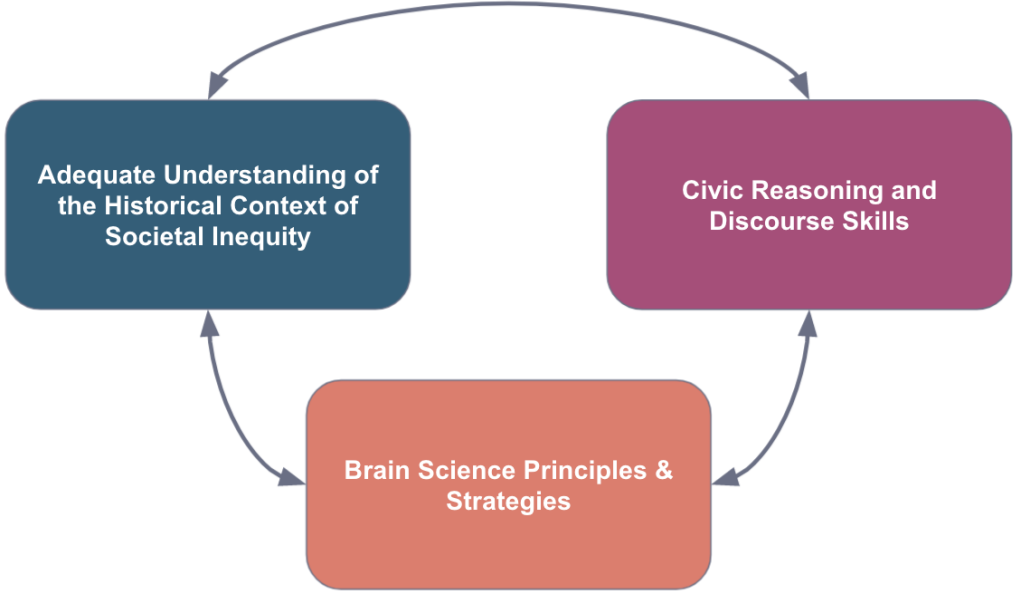

Driving Principles:

- A collaborative commitment to creating equitable outcomes is possible.
- To create equitable outcomes today we must understand the history and conditions of inequity.
- We can use brain and behavioral science to support actionable work on the system.

Process:

- Evidence-based study of history and conditions of inequity in order to move forward without replicating those things.
- Stakeholder engagement through a “perspectives-taking” approach.
- A plan and measures for monitoring the system for equitable outcomes.
