II. Equity Workshop with Longview Education

Subject: Equity Workshop with Longview Education

Background: Through a grant made available by the South Central Service Cooperative (SCSC) the Saint Peter School Board has been working with Longview Education to develop a deeper understanding of education equity in our community. This six month process included cultural training and the development of a belief statement regarding Education Equity for the Saint Peter Public Schools. Tonight is the final session to finalize the statement that has been developed by the Saint Peter School Board.
