Election Statement:

I am an alumnus and lifelong resident of the Allen Park Public School District. Family and education are at the top of my interests, loves and passions, and certainly go hand in hand with the MASB Board of Directors position for Region 8. Inspired by family members holding political positions leading the way and showing me what it is to serve the community; I can only hope to follow in their footsteps and use my unique position and family connections to influence policy.

I am looking forward to serving on the MASB Board of Directors to help promote a unified and communitive board of directors that focuses on the major issues facing us in the educational community. Some of these issues include unfunded policies, declining enrollment, higher education standards, advances in educational technology, and more. To navigate these issues, we need to be open to change and willing to support new ideas whether it is adding sensory rooms or going from textbooks to technology.

I hold a master's degree in automotive systems engineering and a bachelor's degree in mechanical engineering from U-M Dearborn, and work at Ford Motor Company as an engineer in exterior automotive lighting and am considered one of the top experts in headlamp aim (HLA). I achieved my MASB Level 2 award of merit and look forward to getting more MASB classes under my belt. I have two children attending Allen Park schools and it's family that's been the driving force of involvement in the community and schools.

I would like to serve on the MASB Board of Directors because I believe I will bring a different perspective, drive and policy influence that will be beneficial to Region 8.

Election Statement:

I view education as the key to unlocking the door of possibilities. I believe that every child should have access to a quality education. One that will equip them with the skills and knowledge to lead productive, fruitful lives and make a positive contribution to society. I believe that every student can learn; some may require the use of different methodologies. My concern about the educational system is that too much emphasis has been placed on test scores as opposed to the success of the whole child.

Currently, as the Director of Strategic Partnership & Initiatives with the Pontiac Collective Impact Partnership, I lead collaborative efforts with nonprofits, government agencies, and educational institutions to enhance economic and academic outcomes. In this role, I have successfully developed initiatives and set goals for the City of Pontiac with partners that support Oakland County's goal of 80 by 30, ensuring program sustainability and growth. My experience as Board President with the City of Pontiac School Board of Education has further honed my ability to manage complex budgets, engage with diverse stakeholders, and advocate for initiatives that benefit community members from various socioeconomic backgrounds. These experiences have equipped me with the skills to identify challenges, implement data-driven improvements, and ensure that programs achieve measurable outcomes.

It is my desire to serve on the MASB Board of Directors to provide a voice for the minority students that reside in lower socioeconomic backgrounds. The views and opinions of minority students and families are often overlooked and unheard. Serving on the MASB Board of Directors would allow me the opportunity to represent a demographic and community who benefits the most from public education.

I am enthusiastic about the opportunity to learn and contribute to impactful programs and policies that will support children in Michigan's school districts.

I am eager to bring my dedication to education and the Pontiac community to the MASB platform.

Election Statement:

Education is the cornerstone of our society, shaping not only the minds of the next generation but also the future of our communities and the world. I believe that a high-quality education system equips students with the skills and knowledge necessary to thrive, fosters critical thinking, and nurtures a lifelong love of learning. Beyond academics, education must prepare individuals to engage as informed, empathetic and responsible citizens.

My passion for education stems from witnessing its transformative power in my own life and in the lives of others. I firmly believe that every child deserves access to equitable opportunities, regardless of their background or circumstances. This requires a commitment to removing barriers, supporting educators, and fostering innovative practices that address the diverse needs of all learners.

Serving on the MASB board is an opportunity to advocate for these values at a broader level. The Michigan Association of School Boards plays a pivotal role in strengthening public education by providing leadership, governance and support to local districts. As a board member, I would work collaboratively to ensure that policies and resources are aligned with the goal of fostering student success and community engagement.

My background in Bloomfield Hills for the last 10 years and being a teacher in the past has equipped me with the skills to navigate complex challenges, analyze data-driven solutions, and build consensus among diverse stakeholders. I am committed to listening to educators, parents, and students to understand their needs and bring their voices to the decision-making table.

By serving on the MASB board, I hope to contribute to a shared vision of educational excellence, ensuring that every child in Michigan receives the education they deserve. Together, we can create a stronger future for our students and our communities.

Election Statement:

As a passionate advocate for quality education, my vision for our educational system centers on equity, innovation and community engagement. Every student, regardless of background, should have access to high-quality educational opportunities that prepare them for future success. My primary concerns include addressing disparities in educational resources, integrating technology, and fostering strong partnerships within our communities.

As a single parent of two young boys, I began as a little league baseball and football coach. I served a Cub and Boy Scout leader, from Tiger Cub Coordinator to Cubmaster and Assistance Boy Scout leader. I served on many Athletic and booster clubs in the High School. I spearheaded initiatives that improved academic outcomes and strengthened community ties. For the last 20 years, I have worked as an Application Developer at the University of Michigan Ann Arbor, gaining valuable insights into educational technology.

I have actively contributed to the field of education beyond my immediate roles by serving on various MASB committees, including Government Relations, Bylaws and Policy, and Board Leadership and Training. These committees have allowed me to work collaboratively on critical issues affecting our schools and have deepened my understanding of governance and policy frameworks. Additionally, I have served as an MASB Board Mentor, supporting new board members in their roles and fostering effective leadership and governance.

My decision to seek a position on the MASB Board of Directors stems from a deep commitment to effecting systemic change. Serving on the board will allow me to leverage my experience to advocate for equitable funding, support professional development for educators, and integrate technology to enhance learning. I am dedicated to fostering transparency and accountability to ensure that all decisions are in the best interest of our students. In conclusion, my extensive experience in education, coupled with my dedication to improving our educational system, uniquely positions me to contribute meaningfully to the MASB Board of Directors. I am eager to drive positive change, support our educators, and ensure every student has the opportunity to succeed. Thank you for considering my candidacy.

Election Statement:

Region 8 is comprised of many different students with many different backgrounds, and all deserve a quality education regardless of where they live.

I am proud to serve in the same district where I, and my three children, have graduated from. I am an Eagle Scout and have coached soccer and basketball as well as served as an officer on the Board of Directors for the Fraser Soccer Club for four years. I have been the President of Fraser Public Schools Board of Education since 2022 and a board member since 2017.

I have worked with the MASB since becoming a school board member and have seen the many good things that come from us all working towards making education in Michigan better for all of our kids.

Working on the MASB legislative committee for three years I got to see up close how important it is for us to continue to be heard in Lansing and I hope to take this opportunity to continue making sure our region's concerns are heard. I thank you for the opportunity to serve.

Election Statement:

I am deeply passionate about ensuring that every student in Michigan has access to a high-quality, equitable education. However, there are significant challenges that must be addressed, including disparities in funding, access to resources, and the growing mental health needs of students. These issues disproportionately impact students from marginalized communities, and I firmly believe it is our collective responsibility to create a system that is inclusive, supportive, and designed to meet the needs of all learners.

Throughout my career, I have had the privilege of working in various educational settings, including as a substitute teacher, secretary, human resources professional, and school board member. These roles have provided me with a firsthand understanding of the challenges educators face, from budget cuts to the increasing demands on teachers' time and resources. Additionally, I have served on committees focused on policy, human resources, school improvement, and curriculum, gaining valuable insights into the intricacies of school governance.

Beyond my professional experience, I have been actively involved with the Romulus Athletic Club for 24 years as treasurer and cheerleading coach for a youth football organization. This work has allowed me to connect with students in alternative ways, providing them with positive outlets to compete, grow, and discover what drives them. Through all of these experiences, I have gained a comprehensive understanding of how local school boards can influence state and national education policies. These experiences have strengthened my expertise in governance and advocacy, which I believe would be an asset to the MASB Board of Directors.

I wish to serve on the MASB Board of Directors because I am committed to ensuring that Michigan's school boards have the tools, resources, and support they need to advocate effectively for students. MASB is uniquely positioned to unite school boards across the state to address shared challenges, promote best practices, and advocate for policies that improve funding, access to resources, and student outcomes. I am eager to collaborate with fellow board members to create lasting, positive change for Michigan's students and educators.

Thank you for considering my candidacy.

Election Statement:

As a librarian for over thirty years with experiences in school libraries, and in the classroom, I understand the complex issues in education today. Teachers and students are finding their classrooms changing almost daily with new technology, apps and tools that, at times, seem overwhelming. Added to this are the challenges that are faced every day of surviving in a society that seems to be controlled by "notifications" on our phones and computers. My aim is to make my school district a safe place to learn and grow. With this in mind, as a MASB Board member, I believe that my contributions will aid the organization in finding meaningful solutions that will help schools support their communities better.

Education is not just a word that conveys what a person learns. It is what that person does with the education that makes an impact on our community and world. It is an honor to be a part of a profession that guides the next generation. I have been a School Librarian, Library Director of Baker College, and served in leadership positions in public libraries. Currently, I am the Assistant Manager/Children's Librarian at Chaney Branch/Detroit Public Library. In each of these positions I have made it a goal to help children and adults with their lifelong pursuit of learning. In my opinion, once you stop learning, you stop growing.

In closing, it is without a doubt in my mind that I am qualified and ready to serve as a Board of Director member for the MASB. I am ready to serve and make a positive impact with the organization.

Subject: Limited Out of District Schools of Choice for 2025-2026

I would like to request adding the agenda item, Limited Schools of Choice for the 2025-2026 school year, to the February 10, 2025, Committee of the Whole meeting so the Board of Education may consider the following:

- Limited Schools of Choice is the option for open enrollment, on a specified limited basis, to students who reside outside of the boundaries of Livonia Public Schools. Sections 105 and 105c specify we may accept students from within Wayne County and contiguous ISDs (Macomb, Monroe, Oakland, and Washtenaw).

Recommended considerations 2025-2026:

- Open 50 seats for K-6
Revenue Enhancement \$500,000.
If approved the application window would be from March 1– March 31, 2025.
- We will accept applications for our traditional schools, Niji-Iro Japanese Immersion program and Webster’s Academically Gifted and Talented (ACAT) program. Please note that Niji-Iro and Webster ACAT have additional testing requirements. The application window if approved would be from March 1- March 31, 2025.
- A taped lottery (where necessary) will take place on April 11, 2025.

Thank you.

Re: Transportation Routing Software

I would like to update the Board about the new routing software we are purchasing for the Transportation Department. This new software package will replace and upgrade our current routing software. Transfinder is the name of the company and this software package will have many more features than what the Transportation Department currently has access to. Our Transfinder package will include:

- Routefinder PLUS software, including:
 - Mapping of Wayne and Oakland Counties
 - Satellite layer
 - School boundaries
 - Artificial Intelligence to improve routing
- Viewfinder, which provides data to district staff.
- Tripfinder, used for field trips and extracurricular busing
- Stopfinder GeoAlerts, which provides the capability for parents/subscribers to track their child's bus location and set up alerts for when the bus gets close to their child's bus stop. It also provides enhanced communication between LPS and parents.
- Wayfinder & Tablets for substitute drivers to utilize turn-by-turn directions.
- Servicefinder, which tracks and alerts required maintenance for buses and also tracks the inventory of vehicle maintenance parts.

Please add this item to the agenda. Thank you.

Re: LMC Furniture

I am requesting that the LMC Furniture purchase from the 2021 Bond Fund be placed on the agenda for the February 10, 2025, Committee of the Whole Meeting. This recommendation is for LMC furniture for all four schools being renovated this summer 2025: Buchanan Elementary School, Grant Elementary School, Johnson Upper Elementary School, and Churchill High School. We are also buying additional storage solutions for the Idea Factories that were previously created in past summer bond renovations.

French Associates is recommending NBS Commercial Interiors for the procurement and installation of furniture in the Media Centers and Idea Factories in the “not to exceed” dollar amount of \$1,281,578.27 with a 5% Contingency for a total cost of \$1,345,000.

Please add this item to the agenda. Thank you.

RE: 2021 Bond Program
2025 LMC and Idea Factory Furniture Purchase Recommendation

Dear Mr. Francis:

This letter transmits an update from Plante Moran Realpoint (PMR) as it relates to the assignment to assist and advise Livonia Public Schools (LPS) in its purchase of furniture for the Project listed above. This update represents the mutual efforts of PMR, French Associates, and LPS administration and staff (the Team).

Coinciding with ongoing design efforts to renovate and reimagine LMC spaces as part of the 2021 Bond Program, the Team has conducted multiple meetings with LPS administration and staff and visited each of the sites over the course of the past few months focused on the selection of furniture, bookcases and finishes to best serve each space.

The Team recommends awarding NBS Commercial Interiors to supply and install LMC furniture in an amount **Not-to-Exceed (NTE) \$1,345,000.00** as further detailed below and within French’s recommendation documents dated February 3, 2025.

Buchanan Elementary School:	\$197,528.44
Grant Elementary School:	\$205,220.40
Johnson Upper Elementary School:	\$230,992.96
Churchill High School:	\$583,096.47
Idea Factory Storage (District Wide):	\$64,740.00
<hr/>	
NBS Quotation:	\$1,281,578.27
Contingency (5%):	\$63,421.73
<hr/>	
Award Recommendation (NTE):	\$1,345,000.00

For the Vendor, the pricing for this work will be detailed in a Purchase Order Agreement, pending final review and approval of terms by District legal counsel.

The Team is available at the Board's convenience to answer any questions regarding this recommendation. Please direct all questions through me via email at brian.weber@plantemoran.com.

Sincerely,

PLANTE MORAN REALPOINT

**Subject: 2021 Bond Program – 2025 Renovations
Media Center Furniture**

Dear Mr. Francis,

French has been consulting with NBS Commercial Interiors in the development and programming of furniture for the 2021 Bond Program projects. Throughout the design process, NBS has aided in product selections, availability, and lead times.

On February 2nd, 2025 French received furniture quotes from NBS Commercial Interiors for all Media Center furniture needs at Buchanan Elementary, Grant Elementary, Johnson Upper Elementary and Churchill High School. Quotes also include additional storage solutions at all previous projects where Idea Factories were built (Coolidge, Cooper, Emerson, Kennedy, Randolph, Cleveland, Frost, Rosedale, Hayes, Holmes, Hoover and Roosevelt).

Enclosed are the furniture quotes that utilize the E&I, Omnia, TIPS and NCPA consortium group pricing. All quotes also include overtime and storage fees, should they occur. The totals for these projects are as follows:

- Buchanan Elementary: \$197,528.44
- Grant Elementary: \$205,220.40
- Johnson Upper Elementary: \$230,992.96
- Churchill High School: \$583,096.47
- Idea Factory Add-On Storage Elements for: Coolidge, Cooper, Emerson, Kennedy, Randolph, Cleveland, Frost, Rosedale, Hayes, Holmes, Hoover and Roosevelt: \$64,740.00

French is recommending award to NBS Commercial Interiors for the procurement and installation of furniture in the Media Centers and Idea Factories listed above in the total amount of \$1,281,578.27.

Please contact me if you have any questions.

Sincerely,

Jessica Walter

This quote is valid for 30 days from date of quote.

The following contracts have been utilized for pricing on this quote:

- E&I
- OMNIA
- TIPS
- NCPA

PO required to place order. Please reference NBS quote number on your PO.

Quote includes non-union straight time labor for NBS to receive, deliver and install; any owner requested changes requiring additional delivery trip(s) will result in additional charges to be quoted separately.

Receipt of PO indicates owner approval of product as specified; upon release of order, no changes, cancellations or returns can be made.

Pricing does not include the removal or relocation of existing product, electrical or cabling labor.

Lead time: 12-14 weeks from receipt of PO

Storage fees for 4-months and overtime differential costs are provided on the quote. They will only be invoiced if these services are used during this project.

Re: Bid Results of Installation of Field Lights

I would like to discuss, at the February 10, 2025, Committee of the Whole Meeting, the bid results for the installation of LED Retrofit Lighting project for the stadiums at Churchill High School, Franklin High School, and Stevenson High School. We are seeking approval to award the installation for the lighting project to the low responsible bidder, Airport Lighting, Luther, Michigan. As you recall, the Board approved the lighting from Musco last month and I informed them I would be bringing the installation to them for approval in February.

The total cost for the installation of the lighting materials for Churchill, Franklin, and Stevenson High School is \$181,934. The funding source for the installation will be from the Capital Projects Fund.

Please include this item on the agenda. Thank you.

Re: Letter of Recommendation – Stadium LED Retrofit Lighting Bid

I am recommending and seeking approval to award the Stadium LED Retrofit Lighting project at Churchill High School, Franklin High School, and Stevenson High School to Airport Lighting. The project cost for the labor will be \$181, 934.00. This project will be funded through the Capital Projects Fund. The five companies that participated in this bid are as follow:

Airport Lighting	Luther, MI	\$181, 934.00
MHM Construction	Armada, MI	\$210, 500.00
J. Rank Electric	Mt. Pleasant, MI	\$230, 025.00
Rauhorn Electric	Bruce Twp., MI	\$242, 949.00
Innovated Energy Control	Howell, MI	\$306, 790.00

Airport Lighting has worked for Livonia Public Schools on various projects in the recent past such as on the 2013 bond. We also have recommendations from the City of Livonia, Bath Community Schools, and Melvindale-Northern. Airport Lighting also came with recommendations from Musco Sport Lighting, LLC. I have confidence Airport Lighting will complete this project in a timely manner.

Thank you for consideration.

Re: Purchase of Dust Collectors for LCTC

I would like to discuss, at the February 10, 2025, Committee of the Whole Meeting, the purchase and installation of a dust collection system for the Construction Trades classroom at Livonia Career Technical Center. This purchase will help improve the air quality of the room and extend the life of the room's HVAC System by collecting dust particles when the equipment in the classroom is in use.

Allied Building Service Company of Detroit Inc., via the Omnia Partners contract, is the company chosen for this project. The price for the dust collection project is \$108,545.51. The funding source for this project will be the Sinking Fund.

Please add this to the agenda. Thank you.

Re: Purchase of Hydration Stations

I would like to discuss, at the February 10, 2025, Committee of the Whole Meeting, the purchase of 40 hydration stations for various buildings in the district. This will help us meet the state requirements of the Filter First program, which requires schools and childcare centers to develop a drinking water management plan, including installing filters in bottle filler (i.e. – hydration stations) that reduce lead levels in all drinking water fixtures. Ferguson Facilities Supply is the company providing the hydration stations via pricing from the OMNIA Partners contract.

The total cost for this purchase is \$61,776. The funding source for this purchase will be the Filter First Grant.

Please include this item on the agenda. Thank you.
