Community Education Update

March 24, 2026

February and Early March were busy months for community education. With February and March events and activities over, we switch to planning for summer and for the 2026-2027 school year.

General Community Ed.

- We are working on the summer catalog right now. The catalog will be mailed the week of April 13th.
 -
-

Adult Basic Education (ABE)

ABE programming continues to remain active:

- **GED participation remains strong, with two students earning their GED in March.**
 - Right now we do all our assessments on paper. We are adding the option of e-testing our students. We'll start using e-tests this spring. All ABE students need to be assessed within the first 12 hours of attendance, and then again after 40 hours of attendance.
 - Annual consortium agreements will be sent to all our partnering school districts the first week in April.
 - We continue working on our **ABE Narrative**, a comprehensive document outlining consortium operations, including hiring practices, staff development, curriculum, student demographics, assessment practices, and more. This report is due at the end of the school year and will be reviewed by the state in June.
-

Open Gym

Open gym continues to be popular at both Hilltop and LSH Elementary. Attendance is strongly dictated by the weather – on the Saturday with over 70 degree weather, Hilltop gym had 10 in attendance and LSH elementary didn't have any in attendance. The last day of open gym will be Saturday, March 28.

Preschool

Preschool offerings for the 2026–2027 school year will include:

- Monday–Friday (all day) for 4–5-year-olds — **2 sections**
- Monday–Friday (afternoons) for 4–5-year-olds — **1 section**
- Monday–Thursday (mornings) for 3-year-olds — **2 sections**

For next year, we have added another session of All-day everyday preschool for 4-5 year-olds. Last year this option filled up in two hours. We have just 5 spots remaining until this option is filled.

We have plenty of room in our afternoon 4-5 year old class.

Our Monday-Thursday morning 3-4 year old preschool class also has 5 spots remaining.

Lastly, with the addition of a preschool section, we will need to hire another preschool teacher.

Kids Club

We have 70 kids signed up for summer care. The most we can handle on any given day is 70. Most families have scheduled their kids to attend on Tuesdays, Wednesdays, and Thursdays. Any new families that want to utilize kids club, we can admit them to the program on Mondays and Fridays, families that sign up now, will be put on a waiting list.

School Board Report April 13, 2026

As we move further into the spring semester, our focus remains on both finishing the current school year strong and preparing intentionally for the 2026–2027 school year.

Planning for the 2026–2027 School Year

Preparations for next school year are well underway. Administrative and counseling teams have begun developing the master schedule, with careful attention to student course requests, graduation requirements, and staffing allocations.

In addition, we are coordinating fall workshop planning to ensure staff have meaningful professional development opportunities aligned to district goals and instructional priorities. This proactive planning allows us to be thoughtful and strategic in supporting both student achievement and staff growth heading into next year.

MCA Testing & Student Motivation Efforts

Minnesota Comprehensive Assessments (MCA) testing has officially begun. To build a positive and focused testing culture, we held a school-wide MCA Pepfest on Monday, April 6th.

This year's theme, "Rock the Test," set an energetic tone and emphasized effort, growth, and pride in performance. During the pepfest:

- School-wide goals and incentives were introduced to motivate student engagement and effort.
- Staff-created encouragement videos were shared, reinforcing the importance of doing one's best and supporting students in a fun, relatable way.
- The event helped create a unified message around the value of perseverance and academic ownership.

In addition to the pepfest, over the past week:

- Students have set individual academic goals within their classes.
- Teachers have worked alongside students to establish meaningful, attainable targets and reinforce strategies for success.

MCA Testing Schedule:

- **Reading (Grades 6–8 & 10):** April 8–10
- **Math (Grades 6–8 & 11):** April 21–23
- **Science (Grades 5 & 11):** April 29–30

Student Learning Experiences & Opportunities

Students in our Global Foods class recently had the opportunity to extend their learning beyond the classroom by participating in the Crave competition and attending the International Festival of MN. These experiences allowed students to engage with diverse cultures, explore global cuisine, and apply their learning in authentic, real-world contexts.

Additionally, students in our Construction Basics class are currently in the midst of shed building projects. This hands-on learning experience provides students with practical skills in construction, teamwork, and problem-solving while connecting classroom learning to real-world applications.

Closing

We are proud of the positive momentum within our building as students and staff continue to demonstrate commitment to growth and achievement. The combination of forward planning for next year, intentional support during MCA testing, and meaningful student experiences reflects our ongoing dedication to continuous improvement and student success.

Respectfully submitted,

Cindy Schmidt

Proposal for Special Education Staffing Reallocation

Submitted by: Darren Kern, Elementary Principal

Recommendation

Approve the reallocation of staffing by reducing three (3) special education paraprofessional positions and adding one (1) licensed special education teacher for the upcoming school year.

Rationale

1. Staffing Challenges & Reliability

We continue to experience significant difficulty recruiting and retaining paraprofessionals. As a result, positions are frequently unfilled, leading to inconsistent support and, at times, uncovered student needs. This model is increasingly unsustainable.

2. Instructional Expertise Matters

While paraprofessionals provide valuable support, only licensed teachers can:

- Design specially designed instruction aligned to IEP goals
- Progress monitor and analyze student data
- Adjust instruction based on student needs
- Ensure compliance with special education requirements

3. Increased Inclusion & Push-In Support

An additional special education teacher will allow for:

- More push-in services within general education classrooms
- Increased co-teaching opportunities
- Greater access to grade-level instruction
- Stronger alignment with Least Restrictive Environment (LRE) practices

4. Improved Student Outcomes

Students benefit most from consistent, targeted instruction delivered by licensed professionals. This model supports stronger academic growth, improved engagement, and better long-term outcomes.

5. More Efficient Use of Staff

This change ensures staff time is focused on instruction rather than coverage. It creates a more effective and sustainable service delivery model while reducing gaps caused by unfilled positions.

6. Cost Neutral

The cost of three paraprofessional positions is approximately equivalent to one licensed teacher, making this a resource reallocation with no additional financial impact.

Impact

If approved, this proposal will:

- Increase consistency and reliability of student support
- Strengthen instructional quality and data-driven practices
- Expand inclusive opportunities for students
- Improve overall program effectiveness
- Maintain fiscal responsibility

Conclusion

This proposal represents a strategic shift toward maximizing instructional impact for our students while addressing ongoing staffing challenges. It aligns with our commitment to high expectations, inclusive practices, and doing what is best for students.

I respectfully request the Board's approval of this staffing reallocation.

LSH Elementary School Board Update – April 2026

As we move into April, LSH Elementary is preparing to begin Minnesota Comprehensive Assessments (MCA) testing on April 14th. Our staff has been very intentional in preparing students while maintaining a balanced approach that prioritizes strong daily instruction over test-specific practices.

I am optimistic about our students' performance this year. Throughout the school year, we have implemented targeted interventions designed to meet students at their individual levels and accelerate growth. These supports have been delivered with a strong focus on fidelity, and early indicators from our winter data reviews suggest that these efforts are making a positive impact on student learning.

In addition to academic preparation, we have worked to ensure that the testing environment is supportive and developmentally appropriate. Our schedule is designed to limit testing time to manageable blocks, helping students remain focused and confident throughout the assessment window.

We have also experienced a very successful spring hiring season. With many districts making staffing reductions, we have benefited from a strong applicant pool and have been able to attract high-quality candidates. This positions LSH Elementary well as we continue to build and sustain a highly effective staff committed to student success.

Beyond MCA preparation and staffing, our building continues to demonstrate a strong commitment to student growth and achievement. Staff have engaged in meaningful data conversations following winter benchmark assessments, using that information to refine instruction and interventions. This ongoing cycle of assessment, reflection, and adjustment remains a cornerstone of our work.

Important Upcoming Dates:

- April 14, 15, 16 – MCA Testing (Reading: Grades 3–5)
- April 21, 22, 23 – MCA Testing (Math: Grades 3–5)
- April 28, 29 – MCA Testing (Science: Grade 5 only)
- May 5 & 6 – Kindergarten Graduation Pictures
- May 12 – Spring Concert
- May 14 – Last Day of Preschool
- May 19 – Kindergarten & 5th Grade Graduation / Awards
- May 20 – Annual Fun Day

As always, I am grateful for the dedication of our staff and the support of our families and communities. Their collective efforts continue to make LSH Elementary a place where students are supported, challenged, and successful.

Respectfully submitted,
Darren Kern

To Whom it May Concern,

I am writing to formally resign from my position as a speech-language pathologist at Le Sueur-Henderson Public Schools, at the conclusion of the 2025-2026 school year.

While it will be difficult to leave the coworkers and students I have built relationships with, I have accepted a new position that better aligns with my personal and professional goals as a clinician. I intend to do all I can in my remaining time to assist in a smooth and successful transfer of responsibilities.

I am grateful for my time at LSH and the opportunity to complete my Clinical Fellowship year in this district. I have grown tremendously both personally and professionally over the past school year. I truly am a better speech-language pathologist because of my time at LSH.

Sincerely,

A handwritten signature in cursive script that reads "Samantha Funk". The signature is written in dark ink and is positioned above the printed name.

Samantha Funk

Paul,

Just emailing you my letter of resignation for the Varsity Boys Basketball head coaching position. I have truly enjoyed my time as the head coach and appreciate the opportunity that was given to me. This decision is not easy but with my full-time job it became clear I could not continue to give this position the time and energy it deserves.

Thanks

Jared Vinkemeier

To whom it may concern,

Please accept this letter as my formal resignation from my position as MS/HS Band Director at ISD 2397 at the end of the 2025-26 school year. I commit to fulfilling my duties as stated in my Extracurricular contract, which includes participating in Memorial Day performances for the Le Sueur & Henderson Communities, as well as the Henderson Sauerkraut Days Parade.

This was not an easy decision. Working with our students and contributing to the music program has been a deeply rewarding experience. I take great pride in what our band program has accomplished during my time here.

After careful consideration, I have decided to pursue a new direction in my professional journey. While I am excited about what lies ahead, I will truly miss making music with our students and watching them grow both as musicians and individuals.

Thank you again for the opportunity to be part of this school community. I will always value the relationships and experiences I've gained here.

Sincerely,

A handwritten signature in black ink, appearing to read "Hiedi Lambrecht". The signature is written in a cursive style with a long horizontal line extending from the end of the name.

Mr. Kern,

I hope this message finds you well.

I am writing to share that I will be completing my current contract through the end of this school year. I am truly grateful for the opportunity to have worked at Le Sueur-Henderson Elementary School as the ESL teacher and to have supported our students and staff during my time here. I appreciate the experiences I have gained and the relationships I have built.

As I look ahead to the next school year, I have decided to pursue new opportunities that will allow me to continue growing and becoming more established in my practice as a multilingual teacher. This decision comes from a desire to further develop my skills and deepen my impact in this field.

Thank you again for your support and for the opportunity to be part of your team. I am committed to finishing the year strong and ensuring a smooth transition for students and staff.

Please let me know how I can best support the remainder of the school year.

Sincerely,
Marilyn Stutsman

RE: Le Sueur High School Water Test.

Project Background

It is our understanding based on discussions with facility personnel and visual inspection that there is water infiltration at the Control Joints. To better understand the existing conditions and establish a maintenance and repair plan Le Sueur-Henderson Public Schools contacted Garland company to perform a condition assessment of this facility and perform a water infiltration test to determine the cause(s) of the reported water damage.

Water Infiltration Testing

On October 17th, 2025, a water infiltration test was conducted on the suspected Control Joints. Prior to water testing a visual inspection of the leak area was conducted, and a visual inspection of the control joints was performed. Using a conical spray nozzle water was introduced to the control joints for a period of 15 minutes. The control joints were tested in fifteen-minute intervals from low to high in 5-foot lengths. The water test was concluded once water infiltration was observed in the building. At the infiltration locations cracked, deteriorated and split sealant were present. Water infiltration commonly occurs at these locations as the sealant deteriorates and cracks due to weathering, and shrinkage. As the sealant breaks down water infiltration is imminent.

Recommendations

It is recommended that the existing sealant and backer rod of the control joints and horizontal joints be removed and replaced. The edges of the control joints are to be scraped clean and new closed cell foam backer rod is to be installed. New single component polyether joint sealant to be installed and trowel finished to the precast panels in repair areas.

Closing

The Garland Company appreciates the opportunity to assist Le Sueur- Henderson Public Schools with this building envelope assessment and to provide recommendations for your consideration to address the reported water leakage and future distress potential at the Le Sueur-Henderson Public Schools. Should you have any questions regarding this information please contact me at your convenience.

Sincerely,

Kris Kanak

Notes:

- Year 1 has two large one-time investment costs included: 1) Purchase of equipment to run the routing software as quoted at \$39,106. 2) \$40,000 to equip all buses with a camera system (10 at \$4,000 a piece).
- Transportation software could be considered an optional expense, though we believe it would be very beneficial especially starting out. This equipment and software will integrate with our student software allowing for easy route creation and changes, pickup and drop off time tracking, bus GPS tracking, mileage and time data, and other driver friendly features. In the future, we may want to move away from this annual cost once the program is successfully operating on it's own.
- Fuel costs does not include an inflationary factor. This is because the District would have an agreement to pay for 50% of any fuel costs over a certain threshold. This variable increase is not included in the contracted costs. Should offset mostly.
- In year 6 three assumptions have been made: 1) The District will have paid off it's 5 year vehicle financing for any used equipment. This will lead to a reduction in both cost and SPED aid. 2) The transportation contract would be up for negotiation again and an assumption of a one time 17.13% increase was included to match the contractors current increased proposal. 3) Maintenance costs will begin to increase with aging equipment.
- In year 8 two assumptions have been made: 1) The District will have paid off it's 8 year vehicle financing for the new equipment purchased. It's not uncommon for vehicles to run equipment past 10 years, but additional costs may come on as we look to begin a replacement cycle of our fleet. 2) Maintenance costs were increased as the fleet ages more and more.
- The 'Potential MN Tax Payer Savings' is noted to reflect the true savings for Minnesota tax payers. Much of a district's transportation costs are offset with state aid relating to SPED reimbursement and LSH's savings estimate is reflective of this.

Notes:

- Offers to be extended to all existing driver's.
- AM & PM routes to be paid at \$45 each. Basic assumption of 1.5 hours of route & prep time for both the AM & PM (3 hours daily). $\$45 + \$45 = \$90 / 3 \text{ hrs} = \30 rate for this calculation.
- \$26/hr rate for any other midday, SPED Van, or extra curricular hours.
- SPED van route times vary. The 3 hrs daily is believed to be a conservative aggregate assumption.
- Mechanic/Diriver/Assistant Time has been added to provide one of our bus driver's additional time for the creation of a full time position. These duties will need to be defined.
- Director of Transportation will need be asked to obtain appropriate licenses to both act as a substitute driver and eventually as a qualified driver trainer.
- Extra curricular hours listed are based off of FY25 actuals.
