Communication
August 4, 2025

To: CISD Board of Trustees
From: Dr. Coby Kirkpatrick
Michael Wallace
Re: Cell Phone Pouch Purchase

Strategic Goal, Objective, or Need Addressed:

To improve student focus and engagement by minimizing distractions from personal electronic devices during the school day, aligning with House Bill 1481.

Summary:

The purchase of Yondr pouches with magnetic locks will support the district's initiative to create a school-wide phone-free environment, in accordance with House Bill 1481 which restricts cell phone and communication device use in schools. This technology is a key component in addressing concerns about student distraction and smartphone usage, aiming to increase student engagement in learning, improve student behavior, and boost academic performance. Students will place their cell phones and other communication devices into the pouches upon arrival at school, which will then be magnetically locked and remain with the student throughout the school day. The pouches will be unlocked at the end of the school day. This approach allows students to maintain possession of their devices while reducing the temptation to use them during instructional time, leading to a more focused and productive learning environment.
