RE: AG Department Donation

Dear Craig,

Enclosed is a \$5,000 America's Farmers Grow Communities donation from Bayer Fund, on behalf of Wilkin County farmer, Lorene Hasbargen. Hasbargen selected the AG Department to receive this donation through Grow Communities. Thank you for ensuring that the organization receives this check in a timely manner.

The purpose of the Grow Communities program is to partner with farmers to make a positive impact in farm communities across the country by supporting local nonprofit organizations. Since the America's Farmers program began in 2010, more than \$63 million has been directed to organizations across rural America. Learn more at AmericasFarmers.com.

We appreciate your help facilitating this donation.

Education Identity & Access Management Board Resolution

The Minnesota Department of Education (MDE), Professional Educator Licensing Standards Board (PELSB), and Office of Higher Education (OHE) require annual designation of an Identified Official with Authority (IOWA) for each local education agency that uses the Education Identity Access Management (EDIAM) system. The IOWA is responsible for authorizing, reviewing, and recertifying user access for their local education agency in accordance with the State of Minnesota Enterprise Identity and Access Management Standard, which states that all user access rights to Minnesota state systems must be reviewed and recertified at least annually. The IOWA will authorize user access to State of Minnesota Education secure systems in accordance with the user's assigned job duties, and will revoke that user's access when it is no longer needed to perform their job duties.

Your school board or equivalent governing board must designate an IOWA to authorize user access to State of Minnesota Education secure websites for your organization. This EDIAM board resolution must be completed and submitted to the Minnesota Department of Education annually, as well as any time there is a change in the assignment of the Identified Official with Authority.

Profile of a Learner

During the 2015-16 school year, the Breckenridge school district developed district-wide goals that incorporated our vision for teaching and learning within the district. This work produced our TL21 initiative. TL21 stands for Teaching & Learning in the 21st Century. This vision has been our guidepost for creating a classroom experience that best prepares our students for their future.

In 2018-2019, the secondary staff took on the challenge of developing this vision further to provide an explicit portrait of skills and understandings that students in Breckenridge would develop. Staff and community questionnaires were used to gather broad data and the analysis of that data provided a detailed portrait of a Breckenridge graduate.

Our ideal Breckenridge graduate will be:

1. Inspired
2. Impassioned
3. Empowered
4. Engaged

Fire drills are practiced at random times during the year. When the alarm sounds all students are to follow the directions of the teacher and proceed in an orderly manner to the predetermined exit. The building exit for each classroom is posted in the classroom. Building lock downs are also practiced at random times during the year. These drills should be taken seriously and practiced without incident.

Books/Chromebooks & Other school property

Books, Chromebooks & other school property are provided to students at no cost, other than repair or replacement for lost or damaged property. Fines for lost or damaged property must be paid in order for students to receive reports, transcripts, or other requested information from the office. The graduation ceremony may be withheld from seniors with unpaid fees or fines.

Student Publications and Materials (Policy 512)

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non School-sponsored publications may not be distributed without prior approval.

Distribution of Non School-Sponsored Materials on School Premises (Policy 505)

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Non School-Sponsored Materials on School Premises by Students and Employees" policy in *Appendix 2*.

School-Sponsored Student Publications (Policy 512)

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;

- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records (Policy 515)

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more complete information on the rights of parents/guardians and eligible students regarding student records, please see *Appendix 3* in the back of this handbook. A complete copy of the school district's "Protection and Privacy of Pupil Records" policy may be obtained at ***the Breckenridge school district office***.

Age of Majority (18 Year Old Students)

MN Statute 120.06 states, "The Board of Education of any school district shall provide free educational services to any person between the ages of 18 and 21 years and may require of that person adherence to rules and regulations applicable to students under 18 years of age". At Breckenridge High School, our policy states that **all students, regardless of age, must adhere to the same rules and regulations**. Persons between the ages of 18 and 21 must follow the same regulations as those students under age 18. Students 18 years old and older must provide legal emancipation documentation to the school from the courts in order to be allowed different application of the rules and regulations. For example, the school requires that students 18 years and older must provide parental verification of absences

Lockers (Policy 502)

Students will be assigned to a locker. Students should have locks for both regular and locker room lockers. Students may rent a lock from the school for \$7, which may be refunded at the end of the student's senior year or withdrawal from school. Personal locks are not allowed on hallway lockers. Locks may be cut from lockers or the locker room in the event of an emergency.

Lockers are "on loan" from the school to the student. Lockers should be kept clean and neat, both inside and out. Lockers should contain no pictures, posters, etc. that promote or advertise tobacco, alcohol, or drugs. Sexually explicit pictures or messages or other contents that are offensive or in bad taste are not permitted in lockers. The school will not be responsible for lost or stolen property. Students may not "switch" lockers with other students. The school reserves the right to inspect student lockers if it is deemed necessary.

Riding a School Bus

Student transportation in the Breckenridge School District is both a large and complicated operation. Transportation Rules of Conduct and the District Transportation Discipline Policy are listed below. Please review these with your students. We expect few changes in time and routes for this school year, however, if your time or route has a significant change you will be notified individually.

Transportation Rules of Conduct:

1. The bus driver may assign seats.
2. Be courteous.
3. No profanity.
4. Do not eat or drink on the bus; keep the bus clean.
5. Violence is prohibited.
6. Remain seated.
7. No smoking.
8. Keep your hands and head inside the bus.
9. Do not destroy property.
10. For your own safety, do not distract the driver through misbehavior.

District Transportation Discipline Policy: Progressive Discipline, but may move steps (up or down) based upon infraction

The following discipline policy will be used when a student is reported by a driver for failing to obey the transportation rules of conduct:

1. Upon first violation, a conference will take place with the student, bus driver, transportation director and school administrator in attendance. Parents will receive a telephone call and written report.
2. Upon second violation, a parent conference will take place with the parent, student, bus driver, transportation director and school administrator in attendance.
3. Upon the third and subsequent violations, the parent will be notified and the student will lose the privilege of riding on the school district's transportation system for one week.

*Serious misconduct, or discipline problems reported during the last week of school are not subject to the procedural sequence of this policy.

School Bus Waiver

There are a number of students assigned to a bus route who do not ride the route at all during the school year. This is most likely a result of students driving their own cars, parents dropping their students off on the way to work or younger siblings riding to school with an older brother or sister. Holding these spots on the bus route for non-riders costs the District money. To be more efficient with our district funds, we are asking that all families with students who will NOT be riding their bus route to and from school to complete the school bus waiver form and return to the school. This does not mean that we would refuse to give a student a ride. We understand that emergencies arise or cars break down or students have their driving privileges taken away. We also know that different sports seasons or jobs may mean that a student only needs transportation for a portion of the year. Without your assistance we will need to continue to provide the "unused" busing.

The District is asking students and parents to review their busing needs. Students and families, eligible for busing, who voluntarily elect to waive busing at this time, will be able to re-establish busing at any time during the school year by contacting the Transportation Department. Your cooperation and assistance in this matter is very much appreciated. The School bus waiver form is located on the school website under High School Office. If you have any questions about this form, please contact Henry Peck at 218-643-5013 or Neil Kusler at 218-643-6822.

Ineligibility and Failure Policy in Handbook

As a public educational facility, our primary goal is to provide a strong academic and learning environment to all our students. We want all our students to experience the varied curriculums and attitudes inherent with that strong learning environment. A secondary goal is to provide as many students as possible with the exposure to and participation in a variety of extracurricular activities. Activities are an important addition to the school's curriculum; moreover, the two programs must be mutually supportive. An essential belief is that extracurricular activities are secondary to the academic programs. As such, failure in academics results in ineligibility in ALL extracurricular activities including all MSHSL activities for those

7th-12th Grade Students.

1. At the start of each quarter, teachers will submit names of students who are failing after three weeks.
2. Thereafter, throughout the quarter, teachers will submit student failures to the office in three week intervals. **Weeks 3 – 6 – 9 of each quarter.**

Students are not allowed to be dismissed early from school to travel with a team if they are ineligible. 10. Failure is a grade below 59.9.

11. One or more failures at the end of a grading period will make a student ineligible. This includes failures in the 4th Quarter, which will make a student ineligible in the fall. Also included is any "F" at the end of any grading period which will carry over to a 1 game/event suspension at any point of the year.

NHS is the highest honor for students in high schools across the country. To be eligible for election to the Breckenridge Chapter of the NHS, you must be a junior or senior, with a 3.5 GPA at the end of the fifth or seventh semester. In addition to this scholarship criterion for membership, the selection committee considers the attributes of leadership, service, and character. An awards ceremony is conducted each spring.

Student Records

All student records will be treated in accordance with the provision of Public Law 93-380, passed by Congress in 1974 and Chapter 479 of the 1974 Session law of the State of Minnesota.

III) Attendance

Purpose (This includes Flex Learning Days, Edmentum and any college class off-campus)

The Breckenridge School Board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent(s)/guardian(s), teacher(s) and administrators. This policy will assist students in attending class.

Google Classroom:

At Breckenridge High School, teachers use Google classroom for their classroom setup. Assignments, homework, materials and videos are used to assess student learning. At anytime, students and parents/guardians can and should access google classroom for any school work or classroom materials.

Responsibilities

1. Student's Responsibility - It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned classes or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility - It is the responsibility of the student's parent(s)/guardian(s) to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

Parents(s)/guardian(s) must contact the school on the day of the student's absence no later than 9:00 a.m. Messages may be left on the school voicemail if necessary. Requests for homework must also be made prior to 10:00 a.m.

3. Teacher's Responsibility - It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent(s)/guardian(s) and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility - It is the administrator's responsibility to require students to attend all assigned classes. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent(s)/guardian(s) of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

Excused Absences (This Flex learning days and Edmentum)

To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. The following reasons are valid and should be used by parents and students as guidelines:

1. Illness of the student.
2. Serious illness or death of a member of the student's immediate family. Immediate family includes parents, siblings, and grandparents.
3. Serious illness or death of a member of the student's family or close family friend.
4. Medical, dental, driving tests, court, and counselor appointments.
5. School sponsored activities.
6. Post Secondary Visits. Visits require a "School Visit Pre-Approval" form to be excused.
7. Work to help parents only when necessary.
8. Severe weather conditions, according to the merits of the case.
9. Family Vacations.
10. Religious Instruction

Unexcused Absences: *All other reasons for absences will be deemed an Unexcused Absence.**

Truancy (This includes Flex learning days, Edmentum and any college class off-campus)

Absence from school without parent's/guardian's or school's permission is truancy. The violation will result in the assignment of detention or suspension. When a student reaches seven (7) unexcused absences per class period, students under the age of 18 will be reported to the Wilkin County Attorney and Wilkin County Family Services. Students under the age of 18 will be classified as being Habitually Truant unless lawfully withdrawn from school. A student will be assigned a zero for the assignments that were due that day. Repeated truancy will result in loss of credit for missed class(es). Also, repeated truancy is grounds for considering expulsion.

In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. 120A.22, the students of the school district are REQUIRED to attend all classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student

has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

Multiple Absences - Seat Time: For students in Grades 7-12

Students are responsible for monitoring their own attendance. The office may periodically notify students if seat-time is owed. **A student with six (6) or more absences in any class per quarter** will lose credit; make-up seat time will be required for credit to be awarded. The student's grade will be reduced to an F (59%) until the seat time is made up. When seat time is made up, the grade will be restored to the level prior to violation of this policy. If the grade is reduced because the student did not make up the seat time, the High School Office will inform the classroom teacher of the change. Cases with extenuating circumstance will be decided on a case-by-case basis by the high school principal.

Exceptions to Multiple Absences

Exceptions to the multiple absences - attendance policy that do not count against the attendance policy are as follows:

1. A school-sponsored activity
2. **Medical, dental, court, driving tests, and counselor appointments that have a slip signed by the health facility, courthouse, testing office, or counselor's office.** This slip needs to be turned in at the senior high school office within one (1) week of the appointment. The student's name, date and time of appointment, and location are required.

Make-Up Seat Time Provision

It is encouraged that seat time be made up before the end of the quarter. It must be made up within one week of the end of the quarter unless prior arrangements are made with the high school principal. It is the student's responsibility to develop a plan to make up seat time and share that with the principal for approval. Seat time may be made up in a variety of ways including: detention, with classroom teachers, custodians or other pre-approved methods. Make-up forms to complete are available in the HS office. A maximum of 150 minutes can be made up in one day.

Tardy to Class (This includes Flex learning days and Edmentum)

Students are expected to be in class when the hour begins. Promptness and time management are important components to an education. To help create a climate of punctuality and help each teacher better manage their classes, Breckenridge High School employs the following tardy policy:

- Tardies accumulate per quarter per period.
- After 3 tardies in one period, **one hour detention will be assigned, for the 4th and 5th tardy an additional detention will be assigned. The 6th tardy will result in 2 hours of seat time.** Each subsequent tardy will be an additional 2 hours of seat time and a parent meeting to more closely evaluate the situation.
- Students that are in class or have signed in the office within 5 minutes of the start of the class are considered tardy. Otherwise it will count as an unexcused absence.
- Students requesting make-up slips after class has started will be counted tardy.
- Students coming to school following a partial day illness must be on time for their next class.

Make-up Work: Classroom (This includes Google Classroom Assignments)

1. Students who have been absent from school have twice the length of time missed to make up daily work or tests assigned while the student was absent (1 day=2 days). At the end of the allotted time, the teacher at her/his own discretion will award either a letter grade or give an incomplete for the assignment. An assignment not turned in by the end of the allotted time may result in an "F".
2. In the cases of both excused and unexcused absences, the teacher may assign different or additional materials to cover the material missed during the absence.
3. Assignments made while students are in attendance should be turned in on time. Example: if an assignment is made on Wednesday for Monday and the student is absent on Friday, the assignment is still due on Monday.
4. In the case of unexcused absences including truancy, the teacher may choose not to award credit for the work missed during the absence.
5. Students that know about absences in advance, ie vacations, appointments, school activities or other school events, etc shall be responsible to get the homework in advance and have it completed upon their return to school. This includes tests, quizzes, papers, projects, etc.

Leaving the School Building

Students who need to leave the school at any time during the course of the school day must secure a leave school permit from the High School Office. When leaving the building, parents/guardians/students must complete the following:

1. A parent/guardian must notify the school the student is to leave.
2. The student is responsible for getting a blue slip to leave class and the building.
3. The student or the parent/guardian must "sign out" in the High School Office.
4. The student is responsible for attaining and turning in any verification needed.
5. Students must return to school in a timely manner to class.
6. The student or the parent/guardian must "sign in" in the High School Office.

***This policy also applies to the noon hour if the student will not be returning for afternoon classes.

Should a student leave school for lunch and suddenly becomes ill and is unable to return to school after lunch, the parent must contact the high school office immediately. Afternoon leave school permits will not be issued without verbal contact with the student's parent/guardian. Written notes from parents or guardians will be accepted the following day. **In order to participate in all after school extra-curricular activities, students must attend class all day unless they have an appointment or absence cleared through the High School Office.**

IV) Activities

Student Eligibility

*****Note: This includes Flex Learning days, Edmentum and any College class off-campus**

When a student enrolls in an activity at Breckenridge High School, the student is under the jurisdiction of the Minnesota State High School League (MSHSL) and Breckenridge High School activity policies and regulations. It is the responsibility of the participant in a league-sponsored event to know the requirements to participate and to remain in participation. It is your right to have a coach, advisor, or director explain the requirements to you. Thereafter, lack of knowledge is no defense; you verify this

through your signed statement, which is on file with the activities director. A Middle School student who is selected to be on a high school team would also be under the same jurisdictions.

Activities are an important part of the educational process. Teamwork, togetherness, commitment, work ethic, time management, and follow-through can be learned as effectively in football, softball, drama, speech, or mathletes as they can be learned in the classroom.

Eligibility to compete in activities can be maintained by doing your best in the classroom, (**See Academic section for school policy on academic ineligibility**), being a good citizen, remembering that you represent Breckenridge High School, by training effectively, and avoiding illegal and/or controlled substances. A student shall not at any time, regardless of the quantity:

- Use, consume, or have in possession a beverage containing alcohol;
- Use, consume, or have in possession tobacco; or,
- Use, consume, or have in possession, buy, sell, or give away any other controlled substance or drug paraphernalia.

Students who are in Category I and Category II activities will receive penalties as set forth below for violations of this policy or for conduct unbecoming the team.

Penalties -Category I

1. First Violation: After confirmation of the first violation, the student shall lose eligibility for the next two (2) consecutive interscholastic contests or two (2) weeks of a season in which the student is a participant, whichever is greater. No exception is permitted for a student who becomes a participant in a treatment program.
2. Second Violation: After confirmation of the second violation, the student shall lose eligibility for the next six (6) consecutive interscholastic contests in which the student is a participant or three (3) weeks, whichever is greater. No exception is permitted for a student who becomes a participant in a treatment program.
3. Third and Subsequent Violations: After confirmation of the third or subsequent violations, the student shall lose eligibility for the next twelve (12) consecutive interscholastic contests in which the student is a participant or four (4) weeks, whichever is greater. If after the third or subsequent violations, the student has been assessed to be chemically dependent and the student on her/his own volition becomes a participant in a chemical dependency program or treatment program, then the student may be certified for reinstatement in MSHSL activities after a minimum period of six (6) weeks. Such certification must be issued by the director or a counselor of a chemical dependency treatment center.
4. Penalties are progressive and consecutive.
5. **Denial Disqualification: A student shall be disqualified from all interscholastic athletics for nine (9) additional weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation.**

Penalties -Category II

1. First Violation: After confirmation of the first violation, the student shall lose eligibility for 10 school days in session. No exception is permitted for a student who becomes a participant in a treatment program.
2. Second Violation: After confirmation of the second violation, the student shall lose eligibility for 15 school days in session. No exception is permitted for a student who becomes a participant in a treatment program.
3. Third and Subsequent Violations: After confirmation of the third or subsequent violations, the student shall lose eligibility for 20 school days in session. If after the third or subsequent violations, the student

has been assessed to be chemically dependent and the student on her/his own volition becomes a participant in a chemical dependency program or treatment program, then the student may be certified for reinstatement in MSHSL activities after a minimum period of six (6) weeks. Such certification must be issued by the director or a counselor of a chemical dependency treatment center.

4. Penalties are progressive and consecutive.

5. **Denial Disqualification: A student shall be disqualified from all interscholastic athletics for nine (9) additional weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation.**

If it is unclear whether a particular activity falls within Category I or Category II above, the Superintendent of Schools shall make the determination. The penalties above are not negotiable. A complete copy of the Minnesota State High School League Rules can be found on the Minnesota State High School League website, in the District Office and the Principal's Office.

Absences and Activities

An absence on the day of an activity will result in ineligibility to participate as part of the activity that day or evening. This does not relate to absences such as appointments (medical, dental, counselor, legal, driving tests), funerals, religious instruction, or absences that have prior approval by the principal. Also, any unexcused absence for the day (or any part of the day) of an activity will result in ineligibility for that day's activity. This would include unexcused absences for missed school, unverified medical appointments.

Student Code of Responsibilities

As a student participating in my school's interscholastic activities, I understand and accept the following responsibilities:

- I will respect the rights and beliefs of others and will treat others with courtesy and consideration.
- I will be fully responsible for my own actions and the consequences of my actions.

- I will respect and obey the rules of my school and the laws of my community, state, and country.
- I will show respect to those who are responsible for enforcing the rules of my school and the laws of my community, state, and country.

Breckenridge high school .School administration reserves the right to increase, decrease or modify disciplinary decisions based upon their undo discretion.

Expected Behaviors at Breckenridge (This includes Virtual School and/or Distance Learning)

Each of your teachers will discuss and explain their expectations for you in their classroom. We feel that the higher our expectations, the greater the opportunity for you to be successful. This involves both expectations of behavior and expectations of learning and growing as a student and a person. We expect to have an educational environment for all our students. We expect all our students to feel safe, cared about, and aware that as a school and as teachers, we have no greater concern than your welfare as a student and as a person. The following general guidelines will help ensure that our school can best function to the advantage of all students and staff.

1. Read the Student handbook
2. Be present in classes daily.
3. Be in class on time.
4. Be prepared for class.
5. Bring all required materials to class; books, chromebook, pencils, gym clothes, etc.
6. Be attentive to class activities.
7. Participate in your classes.
8. Make an effort every day to be successful.
9. Show respect; do not engage in activities that disturb learning opportunities for others.
10. Follow the directions of teachers and other adults.
11. Help keep the classrooms and the school neat.
12. Take care of school property.
13. Know the laws of our Nation, State, and Community, and follow them.
14. Respect yourself and be proud to be a Cowboy/Cowgirl.
15. Be serious about school while you enjoy yourself and have fun, but never at the expense of others.

A principle of American Democracy is that the price of freedom is constant vigilance. Freedom is precious and it is worth watching over, and it is the obligation of every citizen to protect our shared freedoms. An important part of the preservation of freedom is the establishment of a set of rules that govern. Rules, to some, may restrict freedom, but, to most, rules allow freedom to exist. While one person may believe that the rules that restrict his freedom to drive a car fast and recklessly are his loss of personal freedom; in actuality, such a law is in place for all of us to enjoy the freedom to travel safely on the roads. School rules are of such a nature. They are put in place to insure the freedom of the majority to learn and grow.

School rules are put in place to allow our students the freedom to seek and gain an education, an education that will give each of us, in turn, the freedom to pursue the kind of life that will fulfill each of us and make us happy. Most school rules are nothing more than the logical extension of our National, State, and Community laws. In some cases, we have special rules; rules that are put in place to provide a safe, orderly, and academic environment for our students and adult staff. Students need to respect and support the bottom line--the rules that protect us from improper, unacceptable, or intolerable behavior. School rules and disciplinary consequences apply to the "school day"; this includes busing and school events. In addition to the Breckenridge High School code of conduct, school events are governed by the Heart of Lakes Sportsmanship manual, which has been approved by the school board of Breckenridge High School.

*****Discipline/Agency meeting**

If a student is removed from any class 3 times during a semester, a parent/student/teacher and administration meeting will occur after the 3rd removal and for every removal after the 3rd removal. A

discipline/classroom behavior discussion will occur with input from multiple sources. A behavior/agency plan may be written at this meeting.

Cell Phones and other Devices

The use of cell phones and other electronic devices or any other “nuisance items” are prohibited during class time. Too often these items affect concentration and the ability to maintain a classroom environment conducive towards learning. Students in grades 7-12 are permitted to use their cell phones during passing time and during lunch time. Any “nuisance item” is subject to disciplinary action by the classroom teacher and by administration.

Discipline actions may include:

- 1.Warning; Device must be picked up by parent
- 2.Detention Device confiscated until picked up by parent or held in office for 5 days, ISS (1-3 days)
- 3.Device confiscated until picked up by parent or held in office for 10 days, ISS (3-5 days)
- 4.Student may no longer bring phone or device in school

Earbuds/Headphones in the Classroom:

Students shall not use earbuds/headphones in the classroom unless specifically instructed by the classroom teacher. Earbuds/Headphones are to be used as an educational tool.

Technology Use (This includes Flex learning days, Edmentum and college classes off-campus)

Students of Breckenridge Public School will have access to technology with internet capabilities. With this privilege come certain responsibilities. Any student that uses school district technology for inappropriate use will be subject to disciplinary action. Before students may use school district technology the student and parent will be required to fill out the “Student/Parent Technology Use Agreement” and return it to the HS office.

Dress Code: Policy 504 (This includes Flex learning and Edmentum))

Students are expected to dress appropriately for school. Breckenridge High School will enforce the following dress code:

- Hats are allowed on campus with the exception of: If the hat or headgear is derogatory or impacts the learning of the classroom or if the staff member asks the student to remove their hat while in the classroom.
- No bare midriffs, tube tops, spaghetti straps, halter tops, tops that go over one shoulder or revealing/low cut clothing. Straps of outer garments are no less than one inch wide.
- No Short shorts, skirts or dresses. Must be at least mid-thigh below the extended finger tips.
- No underwear/bra straps showing
- No clothing with inflammatory slogans, derogatory language, offensive language or graphics, and/or clothing promoting illegal activities or products (such as tobacco, alcohol, etc.)
- No items deemed to be dangerous or unsafe, including chains and jewelry with spikes
- No clothing that is deemed to be gang related
- No backpacks in the classroom or in the school hallways from 8:30am-3:23pm.
- No clothing that disrupts the educational climate or learning of the building.

****Note: If the administration believes a student's appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. A parent or guardian will be notified.*

Professional Dress Days: It is an expectation that students and facilitators dress “up” for presentations, interviews, and other business and community meetings as requested. We believe professional dress is an important professional component of our learning environment. Because students work hard to produce their end products, the dress they showcase when they present should be at a high level of professionalism. It is our desire to have a sense of unified school spirit that focuses on the importance of professional culture, as we believe professional dress is an aspect of the work world for which practice is important. We also know that professional dress helps establish an air of confidence, and on presentation day, confidence and a positive attitude are extremely important!

The purpose of the example is not meant to limit dress-wear, simply to provide some foundational ideas. Items of professional dress can be found in multiple locations throughout Breckenridge. If, at any time, professional dress presents a financial concern, please call the school and speak to the school counselor or administration.

The Level System: Progressive Discipline (Policy 506)

-(This includes Virtual School and/or Distance Learning)

When corrective actions taken by the classroom teacher have failed or the rule infraction is of serious nature, the incident shall be referred to a principal for investigation and action. The severity of the consequences applied by the principal depends on two factors: 1) the seriousness of the offense, 2) the previous disciplinary record of the student. In an effort to take both into account, a progression of consequences (the level system) has been adopted. A student who is referred for violating a rule contained within this code will receive the consequence that corresponds to the entry level for that offense. With each successive referral the student will be advanced up the level system at least one level up depending upon the seriousness of the infraction. The disciplinary consequences for each level are as follows, and in accordance with Pupil Fair Discipline Act:

Level 1: Referral to principal for conference. Incident recorded on the student record. Written notification to parent (at discretion of principal). Incidents at each level will be recorded on the discipline record.

Level 2: Principal conference - one period of detention. Parents notified in person, by phone or written notice.

Level 3: Principal conference - two periods of detention. Parents notified in person, by phone or written notice.

Level 4: One (1) day of in-school suspension. Parents notified in person, by phone or written notice.

Level 5: Two (2) days of in-school suspension. Parents notified in person, by phone or written notice. Conference may be requested.

Level 6: Three (3) days of suspension (in or out of school depending on the nature of the offense). Conference with parents.

Level 7: Expulsion hearing before Board of Ed. or an Administrative Conference of Superintendent, Principal, School Psychologist and teachers.

Provisions for the Use of the Level System

1. A disciplinary file will be initiated for each student referred to the principal. A record of each violation, as well as the level assigned, will be maintained.

2. After a student has been placed on a level, the next infraction will result in the student being advanced to the next level. A level may be “jumped” if the infraction calls for a higher entry level. For example, a student who is on level 1 and commits a level 4 violation will be advanced to level 5.

Normally, a student will be advanced up the level system with each successive violation; however, the principal may exercise discretion as to whether a student should be advanced for a minor violation.

3. The principal shall be responsible for seeking the assistance of counselors, teacher advisors, social workers, SAT and other professionals to help students correct their behavior problems.

4. Students failing to fulfill the disciplinary requirements of a level in the time prescribed will automatically move up to the next level. i.e. One missed detention = 2 detentions.

*****Note: Administration has the discretion of limiting or advancing any discipline consequences based on past experience, severity, safety of students and staff and/or the impact of the learning process at Breckenridge.**

Detention

Detention is earned by those who choose to violate school rules or policy, misbehaves, or is unexcused from school. Students will be issued notification of their detention during school hours. Failure to serve or be admitted to the assigned detention on or before the assigned date will result in further discipline. Students absent from school the day of their detention will be responsible to make up their detention the day they return to school. Detention will be held in the morning before school, after school or during lunch.

Suspension

Suspension is earned and assigned for students that choose to violate school rules or policy, misbehave, or choose to not fulfill obligations of detention. Suspension can be in-school or out of school at the discretion of the administration. Suspensions do not count against the school's attendance policy. Lunch deliveries to students on ISS are not permitted. Students on ISS should bring a lunch or eat the school's hot lunch. Students absent from school the day of their suspension will be responsible to make up their suspension on the next available day they are in school. Suspension will be held at the high school on a schedule to be determined.

Suspension Procedures

1. While serving in-school suspension (ISS), a student will be assigned to a designated area. Except when the infraction is serious enough to warrant a level six consequence, or when the student's presence in the building poses a threat to the health and safety of the other students, staff or the operation of the school. All other rules pertaining to conduct in designated area are applicable.

a. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony will be mailed to the parent. A conference to discuss the incident may be required in certain circumstances.

2. A student serving out of school suspension (OSS) must remain off of school property. An OSS student is not allowed to attend extra-curricular events or use any of the facilities on the days of suspension including the day of and all assigned days.

a. A school administrator shall prepare and enforce an admission plan for any pupil who is excluded or expelled from school. The plan may include measures to improve the pupil's behavior, including completing a character education program, consistent with section 120B.232, subdivision 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the pupil of not improving the pupil's behavior.

b. In the event a student is suspended without an informal administrative conference on the grounds that the pupil will create an immediate and substantial danger to persons or property around him or her; the written notice shall be served either personally or by certified mail upon the pupil and his or her parent or guardian within 48 hours of the suspension.

3. No suspension from school shall be imposed without an informal administrative conference with the

pupil, except where it appears that the pupil will create an immediate and substantial danger to him/herself or to property around the student.

Video cameras have been installed both inside and outside the building. The district will also conduct canine searches of the building and parking lots throughout the school year. Students are subject to disciplinary consequence for any illegal substances, alcohol, ammunition, narcotics, tobacco, or weapons that are found on school property or in the student's possession.

Visitors

ALL visitors must sign in at the school office upon arrival in the building. ALL visitors will be required to visibly show a VISITORS badge while they are in the building. No visitors are allowed to be with students during the school day unless it is a classroom assignment, class presentation or by administrative discretion. .

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property.

"Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

Desks and Classrooms

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle (Policy 527)

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and

intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

B. Pursuant to Title IX, each school district must designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the regulations, including Title IX complaint investigation (Title IX Coordinator). 34 C.F.R., section 106.8(a). Each school district must also publish grievance procedures providing for prompt and equitable resolution of sex discrimination complaints, including complaints of sexual harassment. In addition, under Section 504 and Title II, school districts are also required to have grievance procedures to address disability harassment.

C. Minnesota Statutes, section 121A.03 requires that school districts have reporting procedures for sexual, religious, and racial harassment and/or violence complaints.

(1) The school official must immediately notify the principal, who is then responsible to submit the oral or written complaint/report to the human rights officer without screening or investigating the credibility of the report. If the school principal is not available on the date of the report, then the school official must forward the oral or written report/complaint directly to the human rights officer.

It is available from the principal of each building or the school district office. H. The complaint (verbal or written) should be reported to a school official immediately, or within 30 calendar days whenever possible, of the alleged violation. The school district will accept reports of alleged incidents that are older than 30 calendar days; however, delays between the date of the alleged incident and the reporting date may make investigations more difficult.

The Title IX coordinator may conduct the investigation complaints of sexual harassment, the 504 coordinator for complaints of disability harassment, or the human rights officer for other types of alleged harassment and violence covered by this policy. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

C. In determining whether alleged conduct constitutes a violation of this policy, the school district will consider the facts and the surrounding circumstances, such as the nature of the behavior, past incidents or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.

D. The school district may take immediate steps to protect the parties involved in the complaint process, pending completion of an investigation of alleged unlawful discrimination or harassment of an employee or student.

(1) Upon completion of the investigation, the school district or neutral third party designated investigator will make a written report to the human rights officer. If the complaint involves the human rights officer, the report must be filed directly with the superintendent. If the complaint involves the superintendent, the report must be filed directly with the school board. The report will include the facts, a determination of whether the allegations have been substantiated and whether a violation of this policy has occurred, as well as a description of any proposed resolution which may include alternate dispute resolution.

(2) Upon completion of the investigation, the human rights officer will inform the complainant/reporter of his or her right to review the written report at the school building where the complainant/reporter is employed or enrolled, in accordance with state and federal law regarding data or records privacy.

If the grievance has not been resolved to the satisfaction of the complainant/reporter, s/he may appeal to the human rights officer within ten (10) school days of receipt of the findings of the school district investigation. The school district investigator will conduct a review of the appeal and, within ten (10) school days of receipt of the appeal, will affirm, reverse, or modify the findings of the report. The decision of the school district investigator is final, and action will occur as addressed in VIII below.

School District Action

A. Upon conclusion of the investigation and receipt of the findings, the school district will take appropriate and effective action. If the investigator determined that a violation of this policy has occurred, such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. Reprisal also includes retaliation against a student or district employee who associates with a person or group or persons who are disabled or who are of different race, color, creed, religion, sexual orientation, or national origin. Retaliation includes, but is not limited to, any form of intimidation or harassment. Reprisal is also prohibited based upon a request for a religious or disability accommodation.

Conflict of Interest

A. A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes, section 626.556 may be applicable.

B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence, or abuse.

Dissemination of Policy and Training

B. This policy must be given to each school district employee and independent contractor at the time of entering into the person's employment contract.

C. This policy must be included in each school's student handbook on school policies.

D. The school district has developed the following process for discussing the school's harassment and violence policy with students and school district employees: all staff will review the policy and procedures for harassment reporting at the opening school workshop. Students will review the harassment policies and procedures in their ongoing OLWEUS curriculum.

E. The school board will review this policy annually for compliance with state and federal law.

F. The school district will post this policy on its website and ensure that it is easily accessible to view and download. The school district has also made the policy accessible for parents and community members by making printed copies of the policy available at the District Office.

Bullying Prohibition (Policy 514)

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

1. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

2. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
3. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
4. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
5. False accusations or reports of bullying against another student are prohibited.
6. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

Definition

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

B. "**Cyberbullying**" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device.

The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

C. "Immediately" means as soon as possible but in no event longer than 24 hours.

D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:

1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;

2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or

3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

E. “On school premises, on school district property, at school functions or activities, or on school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

F. “Prohibited conduct” means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

G. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

H. “Student” means a student enrolled in a public school or a charter school.

Reporting Procedure

A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources

to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

School District Action

A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies; and applicable regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

Retaliation or Reprisal

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

Training and Education

A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:

1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
4. The incidence and nature of cyberbullying; and
5. Internet safety and cyberbullying.

C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.

D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to

develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;
3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
5. Teach students to advocate for themselves and others;
6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
7. Foster student collaborations that, in turn, foster a safe and supportive school climate.

F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

Notice

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

Policy Review

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Stat. § 121A.031 and other

applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

Hazing Prohibition (Policy 526)

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. This policy applies to behavior that occurs on or off school property and during and after school hours.
- E. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- F. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

DEFINITIONS

A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:

- 1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
- 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
- 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
- 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
- 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.

B. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

Reporting Procedures

- A. Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy.
- B. The building principal, the principal's designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving reports of hazing at the building level. Any person may

report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

C. Teachers, administrators, volunteers, contractors, and other employees of the school district shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who receives a report of, observes, or has other knowledge or belief of conduct which may constitute hazing shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing in a timely manner may be subject to disciplinary action.

D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, or work assignments.

E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

School District Action

A. Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of hazing.

C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act, school district policies and regulations.

D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a hazing incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

Reprisal

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged hazing or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

Dissemination of Policy

A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.

B. The school district will develop a method of discussing this policy with students and employees.

Insurance

Student Tennessee Warning Information

Students and Parents are to be advised that:

Students attending school in the school district will be asked to supply information to school personnel. Examples of such information requests include homework assignments, test questions and questions during the course of classroom activities.

The information will be collected by the school district in order to evaluate the students current level of performance with respect to his or her education program, to maintain discipline within the school, and to determine the students needs and preferences related to their educational program.

Students are not required by any law or regulation to supply data. However, the school district expects and requires that students participate fully in their educational program by completing homework assignments and tests. Moreover, the student's refusal to supply data may prevent the school district from assessing the student's needs and incorporating the student's preferences into the student's educational program. Refusal to supply information used to evaluate a student, including homework assignments and tests, will result in a failing grade given for the assignment. Continued failure to supply information will result in a failing grade for a particular course and a failing grade for the year. Refusal to supply information to a school district investigating an alleged rule violation may result in action being taken without benefit of information the student could have provided.

Data collected will be provided to school personnel having a legitimate educational interest in obtaining access to the data, and to state and federal authorities having statutory right to the data.

Minnesota Statutes, section 120B.31, subdivision 4a, requires the commissioner to create and publish a form for parents and guardians to complete if they refuse to have their student participate in state-required standardized assessments. Your student's district may require additional information. School districts must post this three-page form on the district website and include it in district student handbooks.

Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student's school.

*To best support school district planning, please submit this form to the student's school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required **each year** parents/guardians wish to opt the student out of statewide assessments.*

Students that are dropped off early will be supervised from 7:45 a.m. - 8:00 in the south gym hallway. Students should not be dropped off before 7:45 a.m. as there will not be any supervision of students prior to 7:45 a.m. Buses will drop students off on the west side of the school. Students should enter the main door of the building, Door #2, and head to breakfast as follows.

Kindergarten students will go to the gymnasium to be supervised there by school staff. They will be picked up by their teacher at 8:20 to go to their classrooms to drop off their backpacks before heading to the cafeteria for breakfast around 8:45 a.m.

Students in grades 5 and 6 are to report either to the upstairs breakfast cart or to the cafeteria for a hot breakfast between 8:00 and 8:20. Cold breakfast options will be available in the hallway while they wait to be dismissed to their classrooms at 8:20 a.m. Students in grades 1-4 are to go to the cafeteria for breakfast. They will be picked up by their classroom teacher at 8:20 a.m.

Students are dismissed at 3:15 p.m. Students picked up by parents should do so out door #2.

Employment Background Checks [*]

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Fees [*]

Public Education in Minnesota is free to all students who are residents, however, fees may be charged to the student under the following circumstances:

- Students will be charged for textbooks, workbooks, library books, school equipment, including technology items that are lost or destroyed.
- Band/Instrument rental fees.
- Attendance or participation in optional extracurricular activities and programs.
- Destruction or defacing of school property.

The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact Corinna Erickson, Elementary Principal.

Students are required to furnish their own paper, pens, pencils, notebooks, graph paper, calculators, gym clothes, athletic shoes and other items of personal equipment. Be sure to get these and other recommended items from the school supply list that can be found at various locations including the school website and school office. These procedures are in accordance with and governed by the Minnesota Public School Fee Law, MSA 120.71-120.76.

Textbooks are supplied to all students. Textbooks will be collected when work in them has been completed and/or at the end of the school year. Although reasonable wear is expected, a fine will be assessed for abuse or misuse of textbooks, workbooks, and library books, i.e. writing in the book, torn pages, or other permanent damage.

Food in the Classrooms

Due to Minnesota Department of Health regulations, **treats prepared in individual homes are not allowed.** Only store bought treats should be brought in for times such as birthday treats. (We encourage families to think about finding treats other than food to bring in and share.)

A daily afternoon snack is provided for a small fee for students in grades K-2. Angel funds can help assist with this fee, if needed. Please contact the elementary principal, Corinna Erickson, if you need assistance.

Fun Club

Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day.

Homelessness

Families that are experiencing homelessness should contact the school. Assistance may be available through Title I and other resources. A confidential questionnaire/form should be completed for each student to determine eligibility for services through the Title I Homeless Program. This form will be completed by all newly enrolled students and/or families experiencing a change of address due to homelessness. Nondiscrimination - Title IX [*]

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color,

creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities. The school board has designated Brad Strand, Superintendent, as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students []**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Conference days have been scheduled for both spring and fall for elementary school students. Check the school calendar for these dates. Elementary conferences are scheduled via Synergy. Parents will receive notification when the sign-up becomes available. All parents/guardians are asked to attend. At this time, the teacher and parents/guardians discuss the pupil's social, emotional, and academic progress in school. Parent's/guardian's interest and their relationship with the school is important to a pupil's success. It should be stressed here that parents/guardians are welcome to meet with teachers at any time. A call or an email to the classroom teacher is all that is necessary to arrange a time that is convenient to both the parent/guardian and the teacher.

Parent Volunteers & Visitors

Academic related activities and events may allow for parents to volunteer and visit classrooms depending on the situation. We anticipate allowance of parents/guests on occasions such as chaperoning field trips and as guest speakers. Parents/Guardians attending field trips as chaperones are required to complete a background check. This can be completed in the District office. When entering the building, all guests and visitors should enter through door #2 to check in at the elementary office.

ParentVue

It is important that we have current contact information for all parents/guardians/students. Please review student and family information on ParentVue on the school website at www.breckenridge.k12.mn.us and update information as needed. Pledge of Allegiance [*]

Students will recite the Pledge of Allegiance to the flag of the United States of America a minimum of once a week. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

School Closing Procedures

School may be canceled when the superintendent believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent will make a decision about closing school or school buildings as early as possible. The School Messenger System will be used to notify parents of a change in the regularly scheduled school day. Weather related school closings or delays are announced over KBMW radio & TV, KVLV11, WDAY6, KVRR15, KXJB4 and Facebook.

In the event school closes early and buses are not able to run, rural students will be transported to their STORM HOMES. All rural students must have a storm home in Breckenridge or Wahpeton. Parents are reminded to be responsible for having students dressed for the conditions existing during the winter months.

Flexible Learning Days - The school district will utilize Flexible Learning Days when school is canceled. By law, we are allowed to use up to 5 Flexible Learning Days per school year. Watch for updates and expectations from classroom teachers on those days.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks or lockers. “Contraband” means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district’s student discipline policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker [*]

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students’ personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student’s personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student’s Person

The personal possessions of a student and/or a student’s person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

If you wish to opt out, you must fill out and return an "Opt Out" form to the school no later than September 30 or ten days following the student's enrollment in the district. This election is good for the current school year only. A new form must be filled out annually. Forms may be obtained at the school offices.

If an opt out form is NOT received by the school, we assume that you have granted permission for your child to be included in Student Directory Information & Student Pictures, Videos & Student Art/Work.

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians with certain rights. A complete copy of the school district's Protection and Privacy of Pupil Records Policy 515 may be obtained at the district office.

The school has on file every student's grades, attendance and standardized test scores. If they have attended several schools, these records have followed them to this school and are on file here.

The student and/or parent or guardian may see the contents of these records by making an appointment with the principal. Students and parents are permitted to look at the student's records. The student's parent or guardian may place any statements or items in the records if they wish to, if it pertains to the student's schoolwork.

You may also request that items be removed from the file. In the event that the student or parent or guardian makes such a request, the person in charge of the record may or may not grant the request. In the event that the request is denied, you may appeal the decision to the next highest school official, and ultimately the school board. A student's records, or any part thereof, cannot be transferred in writing, or orally to any other place, without the written consent of the student and his/her parent or guardian, with the exception of another public school in this state, in which the student has already enrolled after transferring from this school.

This means that this school will not and cannot by law, without first receiving written consent from the student and his/her parent or guardian:

- Send a transcript of the student's school record to a prospective vocational school or university.
- Give information from the student's school record to a prospective employer.

Written consent can be given by using a form available in the office, or by writing a letter to that office requesting a student's records be released. All students' records will be treated in accordance with the provisions of Public Law 93-380, passed by Congress in 1974, and chapter 4798 of the 1974 Session Laws of the State of Minnesota, as amended in 1975.

Student Publications and Materials

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non School-sponsored publications may not be distributed without prior approval of the school principal.

Student Surveys [*]

Occasionally, the school district utilizes surveys to obtain student opinions and information. Student surveys may be conducted as determined necessary by the school district. A complete copy of the school district's Student Surveys Policy 520 may be obtained at the district office.

Valuables

Each year the school receives reports that someone lost valuables from a locker or elsewhere. It is the student's responsibility to see that no valuables are left unattended. If it is necessary to bring something to school that is valuable, check it with the teacher or school office. Lockers or cubbies are assigned to students by the school to store their books and apparel during the school day. Breckenridge Public School is not responsible for the damage, loss, or theft of student valuables. School officials may inspect lockers, without the student's permission, when there is reasonable cause for such an inspection.

Video and Audio Recording

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

PART II — ACADEMICS

District 846 curriculum meets state guidelines, recommendations, and mandates. Language Arts and Communications, Math, Science, Social Studies and other special programs are taught. In addition to these, the district has specialist services in the following areas:

Library Media - Elementary students receive instruction in library/resources/media one period per week. Materials borrowed from the resource/media center should be treated with care.

Music - Students K-6 have music classes 4 times each week. Students in grades 5-6th have the opportunity to participate in band.

Physical Education - A well-rounded program emphasizing physical fitness will be carried out. K-6th grade students will have physical education class 5 times each week.

Special Services - A number of special services are available to all students of Breckenridge School. These services are provided to students if the need exists. Referrals are encouraged from teachers, parents, and students themselves.

The following services are available: Consulting Psychologist, Multilingual Learner Instructor, Guidance and Counseling, Special Education Services, and Title I.

Extended School Year – Breckenridge School offers an Extended School Year (ESY) for all students who have current IEPs. They may take ESY for one or more of the following reasons:

1. There will be significant regression of a skill or acquired knowledge from the pupil's level of performance on an annual goal that requires more than the length of the break in instruction to recoup, unless the IEP team determines a shorter time for recoupment is more appropriate.
2. Services are necessary for the pupil to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the pupil's age and level of development and the timeliness for teaching the skill; or
3. The IEP team otherwise determines, given the pupil's unique needs, that ESY services are necessary to ensure the pupil receives a free and appropriate public education.

Psychological Service - A certified school psychologist from Fergus Falls Special Education Cooperative is contracted to assist teachers and administration in the diagnosis of learning or other special circumstances.

Special Education – Our elementary school has a comprehensive special education program designed to meet the needs of exceptional children. Students are identified to receive services after being referred to the Child Study Team by staff, parents/guardians or public agencies. If you feel your student may have special needs, please speak to your classroom teacher.

Speech/Language Support - The services of an Educational Speech/language Pathologist are available to all students, preschool through high school, in public and parochial schools. Students are served in these programs who meet Minnesota guidelines for having a speech or language impairment (i.e. articulation, oral or receptive language, voice, dysfluency, written language, and so on). Students may be referred by parents/guardians and/or classroom teachers. Routine screening also helps identify students who may benefit from this instruction. Parents/guardians need to give their permission before a student is evaluated or placed in the speech/language program.

Supplemental Programs (Title I)- Title I is a federally funded supplemental program in language arts and math. Qualified students receive small group and/or individual instruction in selected skill areas. Focus is placed on assessment, diagnosis and remediation.

Assessments and Evaluations

A comprehensive student evaluation and assessment program is carried out in the elementary school. Student progress is monitored through a wide variety of measures including but not limited to teacher observation, daily work results, demonstrations by the student(s), unit tests, standardized tests and teacher designed evaluation instruments. In the area of reading, FAST and benchmark assessments are given 3 times a year to all K-6th grade students. AVMR math assessments are completed 3 times a year to determine math needs. STAR reading and math assessments are also given several times a year to elementary school students. This data is used to provide tiered services for the Response to Intervention (RtI) program. Also, the state requires the MN Comprehensive Assessment test (MCAs) in 3rd through 6th grade.

A report of your student's academic progress will be posted in ParentVue/StudentVue's "Report Card" section 3 times during the school year at the end of each Term. Term 1 Essential Skills will serve as a baseline at the beginning of the school year and be completed prior to Fall Conferences. Term 2 Essential Skills will be completed at the end of Semester 1 - January 20, 2022. Term 3 Essential Skills will be completed at the end of the school year. Report cards will be available online ONLY throughout the school year. If you wish to have a printed copy of your child's report card, please request a copy in the elementary office.

Parents are encouraged to check their child's attendance, grades, discipline incidents, etc. at any time online using ParentVue. Students may also check their online information and are

encouraged to check it often. Please contact the school office for more information and account access information.

Field Trips

Actual experience is an important part of the learning process. For this reason, field trips are part of the curriculum and recommended for students. Organizing and arranging for field trips is done by the elementary teacher and approved by the principal. Every precaution is taken for student safety and an adequate supervisory ratio is achieved in keeping with the event and the place visited. Occasionally teachers may request parent/guardian volunteers to assist during field trips. Background checks will be required for volunteers. The background check form that should be completed a week in advance can be found at: <http://www.breckenridge.k12.mn.us/page/3120>.

Grading Scale:

Key:		What does that mean?
E	Exceeds	Student was able to consistently go above and beyond the standard's expectation in depth of knowledge, fluency, and/or independently apply/connect the standard to other areas.
M	Meets	Student consistently demonstrates mastery of the knowledge and/or skills expected at this grade level for this standard.
PM	Partially Meets	Student was not able to fully meet grade level expectations in the standard. This might include independently understand the standard, fluency, or apply the concept to other areas.
DM	Does not meet	Student was not able to meet the expectations of the standard at this time.
Blank	Item was not evaluated at this time.	This standard was not assessed during this grading period or there is not enough information at this time. Some standards will be evaluated once per year such

		as Essential Skills and other more developmental skills that are continually worked on throughout the school year will be evaluated each term.
NA	Not Applicable	This will be used on a limited basis. An example of when this might be given would be when a student moved into the district and they were not in attendance when that standard was covered and assessed.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly. Set aside a regularly scheduled time at home each evening for homework. If your child does not have specific assignments for that day, use the time for some extra reading or online academic resources to maintain your nightly homework routine.

MDE Testing Opt-Out

Minnesota Statutes, section 120B.31, subdivision 4a, student participation requires the Minnesota Department of Education (MDE) to publish a form for parents/guardians to complete if they refuse to have their student participate in state-required standardized assessments. The Parent/Guardian Guide to Statewide Testing document provides some basic information to help parents/guardians make informed decisions that benefit their child and their school and community. The form to meet this legislative requirement is available on the school website at <http://www.breckenridge.k12.mn.us/page/3823> or <http://www.mnmsba.org/Portals/0/Documents/MDE-TestingOptOutForm.docx> or at the end of this handbook.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The district has a variety of services to help students succeed in school. For more information, contact the elementary principal, Corinna Erickson.

Parent Right to Know [*]

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

Standards Based Report Cards -- Grading for Learning

Breckenridge Elementary Schools are assessed using a Standards Based Report Card.

What is grading for learning? Grading for learning is designed to communicate a child's progress toward mastery of specific learning standards. The Minnesota K-12 Academic Standards establish high and challenging performance expectations for all students. They describe what students should know and be able to do, and serve as the basis for the Breckenridge Elementary School's curriculum, instruction and assessment model. Your child will be scored based on the level at which they demonstrate proficiency of the standard, rather than how he/she performed in comparison to other students. The focus is on evidence of learning, not on compliance or the accumulation of points. Grading for learning allows teachers to provide families with a more thorough explanation of what skills and concepts are needed in order for students to show proficiency in the standard. It, also, enables teachers to better understand a student's current level of performance on a standard and how to best support the next instructional steps in the learning progression.

Want to know more? Please contact your child's classroom teacher or the elementary principal for more details! Together we can support a stronger partnership for learning among all stakeholders in our school community.

PART III — RULES AND DISCIPLINE

Attendance [**]

ABSENCE POLICY (#503) FOR ATTENDANCE INCL. TARDIES/TRUANCY/APPROVED AND UNAPPROVED ABSENCES

Purpose

The Breckenridge School Board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

Responsibilities

1. Student's Responsibility - It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned classes or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility - It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student's absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise. **Parents are responsible to notify the school at 218-643-6681 by 9:00 a.m. on the day of the absence. If the parent does not call the office, we will attempt to call the parents after 9:00 a.m. to determine the whereabouts of the absent child. If you know in advance of a planned absence, a written note or phone call to the office prior to this absence is appreciated. There is an answering machine available at school 24 hours a day.**

A student returning to school after an absence needs a written excuse signed by his/her parent/guardian or an e-mail from the parent is also acceptable.

Excused Absences

To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. The following reasons are valid and should be used by parents and students as guidelines:

1. Illness of the student.
2. Serious illness or death of a member of the student's immediate family. Immediate family includes parents, siblings, and grandparents.

3. A death or funeral in the student's immediate family or of a close friend or relative.
4. Medical, dental, or orthodontic treatment, or a counseling appointment.
5. Court appearances occasioned by family or personal action.
6. Religious instruction not to exceed three hours in any week.
7. Physical emergency conditions such as fire, flood, storm, etc.

9. Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
10. Family emergencies.
 - a. Seasonal farming emergencies.
11. Active duty in any military branch of the United States.
12. A student's condition that requires ongoing treatment for a mental health diagnosis.

All other reasons for absences will be deemed unexcused.

Truancy

Absence from school without parent's/guardian's or school's permission is truancy. Elementary students will be considered tardy (excused or unexcused) up to 1 hour after the school day has started. If they are more than 1 hour late, they will be considered absent.

EDUCATIONAL NEGLECT AND TRUANCY REPORTING PROCEDURES

Students that reach 8 unexcused tardies and/or partial day absences will be sent a warning letter and a conference (via phone or in person) with administration, parents, and the child will be held to determine a solution for the tardies/absences. Wilkin County Family Services may also be notified at this time, depending upon the cause of the tardies/absences. Students that reach 14 unexcused tardies and/or partial day absences will be reported to the Wilkin County Attorney for Educational Neglect.

An Educational Truancy/Neglect warning letter will be sent when a student reaches 5 unexcused absences. A conference with administration, parents, and the child will be held to determine a solution for the absences. Wilkin County Family Services may also be notified at this time, depending on the cause of the absences. Students that reach 7 unexcused absences will be reported to the Wilkin County Attorney for Educational Truancy/Neglect.

PERMISSION TO LEAVE SCHOOL

Parents are required to send a note with the student or call the office to confirm an appointment their child may have during the school day. The student will then be excused to leave the building. All students are required to check out and indicate the time of their departure and their destination. Upon returning to school after an absence, the student will again report to the office and sign back in and indicate the time of their return to school.

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses. The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and rules for riding on a school bus. Decisions regarding a student's ability to ride the bus in connection with co curricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district.

Rules at the bus stop (Policy #709):

*Serious misconduct, or discipline problems reported during the last week of school are not subject to the procedural sequence of this policy.

Cell Phones and Other Electronic Devices

Students are prohibited from using cell phones and other electronic devices from 8:00 a.m. to 3:15 p.m. Students also are prohibited from using a cell phone or other electronic device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, etc. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic device during the school day and/or in violation of school district policies may be subject to confiscation of the phone by school staff. Repeat offenders may be required to have parents/guardians personally pick up the confiscated phone. In addition, a student's cell phone or electronic device, if applicable, may be turned over to law enforcement.

Discipline System [**]

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law.

When corrective actions taken by the classroom teacher have failed or the rule infraction is of serious nature, the incident shall be referred to a principal for investigation and action. The severity of the consequences applied by the principal depends on several factors: 1) the seriousness of the offense, 2) the previous disciplinary record of the student, and 3) developmental age of the student.

In an effort to take all the factors into account, a progression of consequences has been designed. A discipline incident report will be recorded in ParentVue for offenses that meet the criteria. Normally, a student will advance to the next step with each successive violation; however, the principal may exercise discretion as to whether a student should be advanced to a higher level consequence. The principal shall be responsible for seeking the assistance of counselors, social workers and other professionals to help students correct their behavior problems.

Detention

Detention is earned by those who choose to violate school rules or policy. Students will be issued notification of their detention during a conference with school staff in regards to the incident. Failure to serve the assigned detention on the assigned date may result in further discipline. Students absent from school the day of their detention will be responsible to make up their detention the day they return to school. Elementary detentions will take place during the student's lunch/recess period. During this detention, a "Behavior Think Sheet" may be

completed by the student. This sheet may also serve as parent/guardian notification. Parent/guardians are asked to sign these sheets and return them to school with your child. Parents may also be notified via e-mail, phone call, or in ParentVue.

Suspension

Suspension is earned and assigned for students that choose to violate school rules or policy, misbehave, or choose to not fulfill obligations of detention. Suspension can be in-school or out of school at the discretion of the administration. Suspensions do not count against the school's attendance policy. Students absent from school the day of their in-school suspension will be responsible to make up their suspension on the next available day they are in school.

Suspension Procedures

1. While serving in-school suspension (ISS), a student will be assigned to a designated area. All other rules pertaining to conduct in designated area are applicable.
 - a. Parent(s)/Guardian(s) will be notified of the in-school suspension for their child via a phone call or conference meeting at the school. The incident will be documented in Synergy.
2. A student serving out of school suspension (OSS) must remain off of school property. An OSS student is not allowed to attend extra-curricular events or use any of the facilities on the days of suspension including the day of and OSS assigned days.
 - a. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony will be mailed to the parent. A conference to discuss the incident may be required in certain circumstances.

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

If any words or action make you feel uncomfortable or fearful, it is important that you report it immediately. This will allow an investigation to take place so appropriate action by the school can be taken. A harasser may do the following:

2. Hazing

3. Pulling on clothing
4. Graffiti
5. Notes or cartoons
6. Unwelcome touching

If circumstances warrant it, such discipline may include suspension and expulsion for students. For a complete copy of School Board Policy 413 Harassment and Violence or Policy 525 Violence Prevention can be requested at the district office.

Hazing Prohibition [*]

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's Student Discipline Policy 506. For detailed information on the school district's Hazing Prohibition Policy 526, contact the district office or the school website.

Internet/Technology Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws. A copy of the school district's Internet Acceptable Use and Safety Policy 524 is available at the district office or school website.

Students will receive a copy of the Internet Acceptable Use and Safety Policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet/Technology Use Agreement form annually.

Discipline concerns will be directed to classroom teachers and/or the administration.

Tobacco-Free Schools [**]

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or electronic cigarettes in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related device, or electronic cigarette in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's Tobacco-Free Environment Policy 419, contact the district office or school website.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A “weapon” means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district takes a “zero tolerance” position in regard to the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the School Weapons Policy 501, contact the district office or school website.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school or school-sponsored activities should be reported to the supervising staff or office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Update [*]

The school district has developed an asbestos management plan. A copy of this plan can be found in the district office and is available on the district’s website.

Crisis Management

The school district has developed a crisis management plan and uses an emergency response tool called CrisisGo. Each school building has its own building-specific crisis management plan. The plan addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans, located in each room, include evacuation procedures.

Health Information

First Aid

The elementary office is equipped to handle minor injuries requiring first aid. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation. The elementary office staff consult with a public health nurse, as needed, for any medical support. The district has installed automated external defibrillators (AEDs) in the south gym hallway and outside the lunchroom/teacher's lounge. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases/Health Concerns

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school secretary or principal so that other students who might have been exposed to the disease can be alerted. This would include significant health concerns such as but not limited to asthma, seizure disorder, allergic reactions or medications that are given at home that could affect your child's behavior/attention in school (i.e. allergy medication, antibiotics, and so on).

GUIDELINES FOR WHEN STUDENTS CAN RETURN TO SCHOOL

The following guidelines will be used to assist in determining if a student will remain in school or if the parent/guardian will be contacted to have the student sent home from school.

Fever/ill symptoms – A student with a temperature of 100.1 degrees or more will be sent home. The student can return to school 24 hours after temperature returns to normal and when ill symptoms no longer exist.

Vomiting/diarrhea – If a student has an episode of vomiting with other ill symptoms, the student will be sent home. The student can return to school 24 hours after last episode.

Sore throat/earache – If a student has complaints of sore throat or earache, accompanied by a temperature of 100.1 degrees or greater, the student is to be sent home and referred for medical follow up. The student can return to school after the child has been on an antibiotic for 24 hours (if strep throat) or when symptoms disappear. If the student has no temperature and no previously identified problems but has drainage from the ear and ear pain, the parent will be contacted to make them aware of the situation. It will be the parent's responsibility to determine if medical follow up is necessary. The child may remain in school.

Head lice – If a student has an identified case of head lice, including nits, the student will be sent home immediately for treatment. Students should be treated with the lice remover shampoo and all nits should be combed out thoroughly. Students will be rechecked upon returning to school.

Pink eye (with pus) – If a student has extreme redness of the eyes accompanied by itching and pussy drainage from the eye, the student is to be sent home/referred for medical follow up. Students can return to school 24 hours after treatment with appropriate eye drops.

Skin rashes - Students can return to school after the symptoms disappear, or when the rash is self- contained, non-draining, or covered.

Cold sores and common cold – Students can be in school (unless accompanied by a temperature or other symptoms).

Impetigo – Home 24 hours with salve – if spreading, student will need to be home longer and on medication.

If your child becomes seriously ill or is injured at school, every effort will be made to contact you or the emergency number you give. In an emergency, it may be necessary to have your child treated by a physician or taken to the hospital.

Keeping children home when they are sick helps keep students healthy in the long run. Parental cooperation is appreciated.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Students who become sick at school should notify their classroom teacher. The school health aide will contact the parents/guardians to arrange for students who get sick at school to go home early. **If your child goes home sick for any reason during the school day, they are not allowed to return to school for any reason that day, including school activities in the evening.**

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. Please call the elementary school office as soon as you know your child will not be in school. An answering machine will be available for these messages after school hours.

Vision and hearing screenings, along with scoliosis screenings are offered to students. School staff administers all medications. Under no circumstances are students to have in their possession any medication, prescription, or over-the-counter drug.

Immunizations

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the elementary office.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs/medication or over-the-counter drugs/medication during the school day. A ***Prescription Medication Authorization Form OR Over-the-Counter Medication Authorization Form*** is available from the elementary school office or on the school website. The appropriate form must be filled out and returned to the school if your child is taking any medication that must be given during the school day. All medications must be provided in the original labeled container and will only be administered to a student according to physician's orders and/or parent/guardian consent.

Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student's prescription medication administration.

Please forward any questions regarding specific medications and its use to the school office at 218-643-6681. These forms must be completed once a year and/or when a change in the prescription or requirements for administration occurs.

Pesticide Application Notice [*]

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, the schedule of pesticide applications, and the long-term health effects of the class of pesticide on children can be requested by contacting Brian Stevenson, Elementary Building Head Custodian.

Minnesota Statutes, section 120B.31, subdivision 4a, requires the commissioner to create and publish a form for parents and guardians to complete if they refuse to have their student participate in state-required standardized assessments. Your student's district may require additional information. School districts must post this three-page form on the district website and include it in district student handbooks.

Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student's school. *To best support school district planning, please submit this form to the student's school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required each year parents/guardians wish to opt the student out of statewide assessments.*

Date _____ (This form is **only** applicable for the 20____ to 20____ school year.)

Student's Legal First Name _____ Student's Legal Middle Initial _____

Student's Legal Last Name _____

Date of Birth _____ Student's District/School _____ Grade _____

Please initial to indicate you have received and reviewed information about statewide testing.

_____ I received information on statewide assessments and choose to opt my student out. MDE provides the *Parent/Guardian Guide and Refusal for Student Participation in Statewide Testing* on the MDE Website (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).

Reason for refusal:

Please indicate the statewide assessment(s) you are opting the student out of this school year:

_____ MCA/MTAS Reading

_____ MCA/MTAS Science

_____ MCA/MTAS Mathematics

_____ ACCESS/Alternate ACCESS for ELLs

Contact your school or district for the form to opt out of local assessments.

I understand that by signing this form, my school and I may lose valuable information about how well my student is progressing academically. As a result, my student will not receive an individual score. Refusing to participate in statewide assessments may impact the school, district, and state's efforts to equitably distribute resources and support student learning; for the purpose of school and district accountability calculations, my student will not be considered "proficient."

If my student is in high school, I understand that by signing this form my student will not have an MCA score that could potentially save time and money by not having to take remedial, non-credit courses at a Minnesota State college or university.

BACKGROUND INFORMATION

The focus of providing Chromebooks at the Breckenridge Public School District is to provide current tools and resources to the 21st Century Learner. Excellence in education requires that technology be seamlessly integrated throughout the educational program. Increasing access to technology is essential, and one of the learning tools of 21st Century students is the Chromebook. The individual use of Chromebooks is a way to empower students to maximize their full potential and to prepare them for postsecondary education and the modern workplace. The Chromebook is a “next generation” device that makes learning more engaging and accessible. Learning results from the continuous dynamic interaction among students, educators, parents/guardians, and the extended community. However, technology immersion does not diminish the vital role of the teacher but transforms the teacher from the director of learning to a facilitator of learning. Effective teaching and learning with Chromebooks integrates technology into the curriculum.

Why use Chromebooks?

1. **Cost,** speed and management. It is a completely web-based device so there is no need for downloading or installing.
2. The Chromebook is a **cost effective device allowing the Breckenridge Public School District to provide 1:1 devices to students while also keeping our network secure**
3. Instant on and all day battery: ~~it's possible to get on the internet very quickly.~~ Boot up time is less than 8 seconds. Battery life on a Chromebook is approximately 10 hours.
4. Auto-save: Student work on the Chromebook saves automatically to the Google Cloud. No more excuses like “I

forgot to save my homework!”

5. Contextual Learning: the Chromebook is an “anywhere anytime” learning device. A user can work offline and sync to their Google account when online. This makes it ideal for projects and learning which take place out of the classroom.
6. Personal Learning Studio: the Chromebook can be a science lab, literacy tool, research station, history archive, language lab, art canvas, video editing suite, and library.

Goals for Student Users

- *To increase students’ productivity in and outside the classroom when completing assignments, projects, and other activities as assigned by teachers.*
- *To capitalize on the convergence of academic resources such as textbooks, scholarly sources, content rich media, applicable apps, and best practices.*
- *To facilitate mobile learning across the school district and beyond.*
- *To promote leadership in one’s own learning by establishing access to education resources and providing a host of tools to craft information in ways that support specific curricular areas.*

1. Receiving and Returning a Chromebook

1.1 Receiving a Chromebook

- a. Each Parent/Guardian will be required to pay an annual (per device) **LEASE** of \$15 for 2022-23. The Lease cost will increase to \$20 in 2023-24 and \$25 in 2024-25.
- b. The charger issued to students is theirs to keep. Additional chargers may be purchased for \$10 from the school office in the event of loss, theft, or to have an extra.
- c. Students attending classes at BHS, grades 7-12, will receive a Chromebook and AC charger. 7th and 8th Grade **Students will receive a padded carrying case**. Full time PSEO students, (not taking any coursework at BHS) will not receive a Chromebook.
- d. Parents/guardians and students must sign and return the District Issued Chromebook User Agreement (Appendix H) before a Chromebook is issued to the student.
- e. Chromebooks will be labeled in a manner specified by the Breckenridge Public School District. Labels may not be removed from the Chromebook. **Students are not allowed to place labels/stickers on the device.**
- f. The Chromebook and district-issued email account are the property of the Breckenridge Public School District and as a result may be subject to inspection at any time. The student should have NO expectation of privacy of materials found on a Chromebook or a school supplied or supported email service.
- g. Should you want your child to opt out of having a Chromebook to take home, you will need to submit a signed note to that effect to the Breckenridge Public School District. In this case, your child will pick up and return a Chromebook from the media center each day for use during the school day. Students are responsible for following the Acceptable Use Policy and appropriate handling of the device during school.

1.2 Probationary Student Privileges

To protect the assets of the Breckenridge Public School District, some students will be required to turn in their Chromebooks to the media center at the end of each day for a period of two weeks unless otherwise specified by the building principal. The media center will secure the equipment during the evening and the student will be allowed to check it back out on a daily basis.

Students who will be indicated as probationary will be the following:

- a. ~~All newly arriving students to the district (Students who were not enrolled in the Breckenridge Public School District at the end of the previous semester.)~~
- b. Students with poor attendance records (Students who have 10 unexcused absences in 3 or more class periods during the present or previous semester.)
- c. Students who have violated the Acceptable Use Policy during the current or previous semester.
- d. Others as determined by administration.

1.3 Returning a Chromebook

- a. Chromebooks and all accessories will be collected at the end of each school year and students will retain their original Chromebook each year while enrolled at Breckenridge Public Schools.
- b. Chromebooks must be returned immediately when a student transfers out of the Breckenridge Public School District, is suspended, expelled, or terminates enrollment for any reason.
- c. Any Chromebook not returned will be considered stolen property and law enforcement will be notified.

1.4 Fines Related to a Chromebook

- a. Chromebooks and district provided sleeve/bag will be turned in to the building office staff, when requested, in satisfactory condition. Chromebooks will be inspected for damage. The following fee schedule will be used to assess fines in the event of needed repairs:

Screen: \$50

Keyboard: \$50

Top Cover \$35

Bottom Case: \$20

Bezel \$20

Daughterboard \$25

Mainboard \$100

Trackpad \$30

Stickers or defaced property: Fine of \$5-\$20 depending on severity

- b. Breckenridge Public Schools offers an optional insurance policy of \$25 per student, per year, with a family cap of \$65 (Appendix B) to indemnify against Accidental Damages to leased chromebooks.
- c. If a student fails to return the Chromebook, the student/parent/guardian will pay the replacement cost of the Chromebook, or, if applicable, any insurance deductible. Failure to return the Chromebook will result in a theft report filed with the Breckenridge Local Law Enforcement.

2. Taking Care of a Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the Breckenridge Public School District. Chromebooks that are broken or fail to work properly must be brought to the BHS Media Center for an evaluation of the equipment. Care must be taken to protect the screen. Students are responsible for anything done using their assigned Chromebook or their login.

Chromebooks are the property of the Breckenridge Public School District and leased to the student user. All users will follow these procedures and the Breckenridge Public School District Acceptable Use Policy (524).

2.1 General Precautions

- a. Avoid using any sharp object(s) on the Chromebook. The Chromebook will scratch, leading to the potential for needed repairs.
- b. Chromebooks do not respond well to liquids. Avoid applying liquids to the Chromebook. The Chromebook can be cleaned with a soft, lint free cloth. Avoid getting moisture in the openings. Do not use window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives to clean the Chromebook.
- c. Do not attempt to gain access to the internal electronics or repair of a Chromebook. If a Chromebook fails to work or is damaged, report the problem to the Media Center/HelpDesk (support@isd846.org)
- d. **Do not take district-owned Chromebooks to an outside computer service for any type of repairs or maintenance.**
- e. Never throw or slide a Chromebook.
- f. Always open the Chromebook from the center of the device and not from the corners. Opening the device from the corners creates additional stress on the screen and may lead to the screen damage.
- g. Cords and cables must be inserted carefully into the Chromebook to prevent damage. Never transport your Chromebook with the power cord plugged in. Never store your Chromebook in your Chrome bag or back pack while plugged in.
- h. Chromebooks and district provided sleeve/bags must remain free of any writing or drawing.
- i. Chromebooks have a unique identification number and at no time should the numbers or labels be modified or removed.

- j. Chromebooks are never to be left in an unlocked locker, on top of a locker, outdoors, or in any unsupervised area.
- k. Chromebooks should be placed vertically in the top locker compartment or in a backpack/book bag to avoid putting any pressure on the screen.
- l. Never leave your chromebook on the floor or a location where you can easily sustain damage.
- m. Chromebooks must not be left in a vehicle or a location that is not temperature controlled.
- n. Chromebooks must be charged for school each day. This is the student's responsibility.
- o. Chromebooks are assigned to individual students and the responsibility for the care of the Chromebook solely rests with that individual. Students should not lend their Chromebooks to another person.
- p. Use caution when taking your Chromebook off campus. Do not take your Chromebook places where it is possible it could be lost or stolen. For example, taking it to after school activities.
- ~~q. This Chromebook will be for your use while attending Breckenridge Public School. Take good care of it!!!~~

2.2 Carrying Chromebooks

Junior High students are provided a protective, padded cover to protect the Chromebook from normal treatment and provide a suitable means for carrying the device within the school. The Chromebook must be protected by a cover at all times. Nylon drawstring bags are insufficient protection for the Chromebooks, and will not be accepted.

Chromebooks should **always** be transported with the cover closed. Carrying the chromebook with an open cover risks significant damage to the screen.

3. Using a Chromebook at School

Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebook use, School messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students are responsible for bringing their Chromebook to all classes unless specifically instructed not to do so by a teacher or principal.

3.1 Chromebooks Left at Home

If a student leaves the Chromebook at home, the student is responsible for getting the coursework completed as if the Chromebook were present. Repeat violations of this policy will result in disciplinary action. Loaners are not issued to a student in the event of a forgotten device. Each classroom is issued a spare chromebook. If a student forgets to bring their leased device to class, they are responsible to communicate with their teacher that they need to use the classroom's spare device. This encourages our students to be accountable and communicate with their teachers.

3.2 Chromebook Undergoing Repair

Loaner Chromebooks may be issued to students when their Chromebooks are being repaired by the school.

A limited number of “loaner” Chromebooks are available so having a “loaner” is not guaranteed. Students using loaner Chromebooks will be responsible for any damages incurred while in their possession. Student will pay full replacement cost if it’s lost or stolen.

3.3 Charging a Chromebook’s Battery

Chromebooks must be brought to school each day in a fully charged condition. An AC charger will be issued to the student for charging at home. Repeat violations of this policy will result in disciplinary action. In cases where the battery is not charged, students may be able to connect their Chromebook to power charging stations located in the Media Center and outside of the Main Office and Entry.

3.4 Screensavers/Background photos

While personalized screensavers or backgrounds are permitted, inappropriate or provocative images including but not limited to pornographic images, guns, weapons, inappropriate language, threatening language, drugs, alcohol, or gang related images are not permitted and subject to disciplinary action.

3.5 Sound, Music, Games, Apps

- a. Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- b. Students should provide their own headsets/ear buds if said permission is obtained.
- c. All software/apps must be district provided. Data storage will be through your Google Apps for Education (GAPE) account. (Google Drive)
- d. Internet games are not allowed on the Breckenridge Public School Chromebooks.

3.6 Legal Propriety

- a. Comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher.
- b. Plagiarism is a violation of the Breckenridge Public School District rules. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet, such as graphics, movies, music, and text.
- c. Use or possession of hacking software is strictly prohibited and violators will be subject to Breckenridge Public School District discipline. Violation of applicable state or federal law may result in criminal prosecution.

3.7 Printing

Students may not print to district printers from their Chromebooks or personal devices. Printing to a personal non district owned printer is permitted. If you need to print a document, students should login to their Google Drive from a school networked computer.

3.8 Home Internet Access

THE CHROMEBOOK **ONLY HAS A LIMITED** FILTER FOR THE INTERNET!

Parents/guardians, please take the necessary precautions for internet safety with your student! For more tips, please see the *Parents' Guide. Safe and Responsible Internet Use*. (Appendix C).

REMINDER: Breckenridge Public School provides internet filtering on the district's network. These filters have limited use outside of the network. It is the family's responsibility to monitor the student's use of the internet outside of the school setting. **Home use of the Chromebook is monitored by the Breckenridge Public School Technology Department.**

- a. Students are allowed to set up wireless networks on their Chromebooks. This will assist them with Chromebook use while at home. Printing at home will require a wireless printer, proper settings on the Chromebook and the correct app.
- b. All students should recognize and guard their personal and private information. While on the Internet, students shall not reveal personal information, including a home address or phone number, or the address or phone numbers of other students.
- c. All activity on the Chromebook and district issued email account, whether conducted at school or off site, is subject to search as school district property.

3.9 Using the Chromebook Camera

The Chromebook comes equipped with a camera **that rotates 180 degrees** with photo and video capacities. As with all recording devices, it is best practice and common courtesy to ask permission before recording an individual or group and notifying the individual or group if the image will be posted online. Cameras may only be used in the classroom if approved by the teacher and may never be used in a locker room or restroom.

3.10 Managing & saving your digital work with a Chromebook

- a. Google Apps for Education (GAFE) is a suite of products which includes mail, calendar, sites, word processing, presentations, drawings, spreadsheets, forms, etc. that lets you create different kinds of online documents, collaborate in real time with other people, and store your documents, as well as your other files, in the cloud.
- b. With a wireless Internet connection, you can access your documents and files from any Chromebook, anywhere, at any time, no matter where you are. You can access your GAFE account from any computer with internet access by using the Google Chrome browser to login.
- c. All items will be stored online in the Google Cloud environment (Google Drive).
- d. Prior to leaving the district, or graduating, students wanting to save any work need to use Google Takeout to transfer any work to a personal Gmail account.

3.11 Network Connectivity

The Breckenridge School District makes no guarantee that the district's network will be up and running 100% of the time. In the rare case that the network is down, the district will not be responsible for lost or missing data. The Chromebook has the ability to be used offline and sync back to the user's Google Drive when connected to the internet.

Chromebooks left in Unsupervised Areas

- a. Under no circumstances should the Chromebooks be left in an unsupervised area.
- b. Unsupervised Chromebooks will be confiscated by staff. Disciplinary action may be taken for leaving your Chromebook in an unsupervised location.

4. Repairing or Replacing a Chromebook

4.1 School District Protection

Each student in grades 7-12 that is issued a Chromebook will be required to pay an annual \$10 Protection Plan fee starting in the 2017-2018 school year. This fee will cover the cost of incidental repairs/maintenance of the Chromebooks that are not covered under the warranty.

4.2 Fee for Incidental Damage

In the case where a Chromebook or district issued accessory is damaged by means other than is covered by the warranty, the student/parent/guardian may be charged a fee for needed repairs, not to exceed the replacement cost of the Chromebook. The Breckenridge Public School District Administration will make the final determination of any fees assessed.

4.3 Theft, Vandalism, or Lost Chromebook

- a. In cases of theft, vandalism, or loss the student/parent/guardian must file a report with the Principal's Office before a Chromebook can be replaced.
- b. Failure to report a lost or stolen Chromebook in a timely manner may result in a request for compensation for the replacement cost of the Chromebook.

5. Operating System on your Chromebook

5.1 Updating your Chromebook

When a Chromebook starts up, it updates itself automatically, so it has the latest version of the Chrome operating system. No need for time-consuming installs, updates, or re-imaging.

5.2 Virus Protections & Additional Software

With defense-in-depth technology, the Chromebook is built with layers of protection against malware and security attacks. Files are stored in the cloud, so there's no need to worry about lost homework.

5.3 Procedures for Restoring your Chromebook

If your Chromebook needs technical support for the operating system, all support will be handled by the Technology Department.

5.4 Software Installation

Chromebooks can seamlessly access the Google Apps for Education suite of productivity and collaboration tools, as well as apps available in the Chrome Web Store and content across the entire web.

FREQUENTLY ASKED QUESTIONS

1. What are my responsibilities as a parent/guardian in terms of replacement of the Chromebook if it is damaged, lost or stolen?

The Breckenridge Public School District will be responsible for the repair of the Chromebook for normal wear of the unit that is covered by the warranty. If the Chromebook is damaged, stolen, or lost, the student/parent/guardian is responsible for replacing the unit. The District regards the Chromebook as all other materials that are checked out to a student ex: library materials, sports equipment, etc.

2. Does my child have to accept a Chromebook?

A Chromebook will be made available to each 7th through 12th grader for use at school and to take home. Students and parents/guardians must sign and return the District Issued Chromebook User Agreement (Appendix H) and pay the Chromebook lease (and any existing fines) before a device is issued to the student. If a parent/guardian does not want the child to take a Chromebook home, the parent may notify the office in writing. In this case the student will need to check the Chromebook in and out of the Media Center each day.

3. How is the District paying for the Chromebooks?

The Chromebooks are being purchased using dollars from the current technology budget and technology referendum.

4. As a parent/guardian, how do I monitor my child's use of the Internet?

While your child is using the Breckenridge Public School District network, there are filters available. When your child uses another network, the Chromebook does not provide filtering at this time. **All Chromebook use can and will be monitored by the Technology Department.** Please see the attached document entitled *Parents' Guide. Safe and Responsible Student Internet Use.* (Appendix C).

5. What if we don't have wireless internet access (Wi-Fi) at home?

Chromebook use is maximized with wi-fi. If a family does not have wi-fi, a student may use the Chromebook at school, at the public library, at local businesses with wi-fi capabilities, or wherever wi-fi is available. For times when wi-fi is not available, there are a variety of tasks you can still do with your Chromebook:

- ☐ **Write emails.** Gmail Offline is built to support offline access, allowing mail to be read, responded to, searched, and archived without network access. After first start-up, Gmail Offline will automatically synchronize messages and queued actions anytime Chrome is running and an Internet connection is available.
- ☐ **View appointments.** With offline access from the Google Calendar app, you can view a read-only version of your calendar no matter where you are.
- ☐ **View, create, and edit documents.** The Google Drive app allows you to view and edit Google Docs, Slides, Sheets, and Drawings files.
- ☐ **View and edit photos.** Your Chromebook comes with a built-in photo editor, so you can view and edit photos that are saved locally.
- ☐ **View Microsoft Office and Adobe .pdf files.** You can easily use your Chromebook to view Microsoft Office or Adobe files without an Internet connection.
- ☐ **Take notes.** With Google Keep, you'll be able to take and save short notes that will be synced to the cloud the next time you're connected to the Internet.
- ☐ **Read offline web pages.** If you've saved web pages for offline viewing later, these will open seamlessly in Google Chrome on your Chromebook.
- ☐ **Use offline-capable apps.** Some very powerful web applications also have offline counterparts, and you can find them in the Chrome Web Store. Some of these apps include The New York Times and Cloud Reader from Amazon.

6. What if a student forgets to charge the Chromebook?

Charging stations are available in the Media Center and in the Main Entry. Repeat violations of not having a fully charged Chromebook will result in disciplinary action.

7. Will students keep the Chromebook for the summer?

Chromebooks and all Breckenridge Public School District accessories will be returned during the final week of school so they can be checked for any service needs and prepared for use the following year.

Please contact your child's principal with any questions regarding student use of Chromebooks.

CHROMEBOOK USE: RULES AND EXPECTATIONS

Rules and Appropriate Usage

The Breckenridge Public School District encourages the use of 1:1 devices and the network, including the Internet, as a tool for research and education. 1:1 devices and the network, like any other school property, must be used for the educational purposes for which it was intended. The Chromebooks issued to students are the property of Breckenridge Public School District. The distribution of a Chromebook to each student is a privilege, not a right, which may be revoked at any time for inappropriate conduct. Before issued a Chromebook for use at school and/or home, students and parents or guardians must sign a *District-Issued Chromebook User Agreement and a Student Internet Acceptable Use Consent Form*, and pay the annual lease, and optional insurance coverage.

Students are expected to abide by the following rules and behavioral expectations both at home and within the school:

USE OF EQUIPMENT (Hardware and Software)

- Student must have a user agreement signed by a parent/guardian on file with the Breckenridge Public School District to use the Chromebook and to use the Internet.
- The District's technology is to be used for educational purposes only.
- The use of the District's technology must not violate existing policies of the Breckenridge Public School District
- Student may not destroy, deface, or alter Chromebook equipment or files not belonging to the student.
- Students may not hide files or activity on the Chromebook.

THE NETWORK

- Online time must be used wisely to allow equitable access for all users.
- Chat lines, bulletin boards, forums, etc. may not be accessed by students without prior consent from a teacher or person monitoring the Internet use.
- Engaging in activities that are pornographic or drug related will result in automatic termination of the student's network/Internet privileges. Suspension or expulsion may result from inappropriate use.
- Sending messages via any technological or cellular communication system with the intent to intimidate, frighten, threaten, or abuse another person is considered harassment and will be dealt with as such.
- Students may not change, alter, bypass, or attempt to bypass any Chromebook security measures including filtered Internet sites.
- Possession of malicious software items such as viruses, Trojan software, spyware while at school, on the District network, or transferring to the District network will be considered a violation.

PRIVACY

- It is a violation to share a password or any other confidential information with anyone else or to access any account belonging to other students, faculty, or staff.

APPROPRIATE LANGUAGE

- The use of vulgar, suggestive, or otherwise inappropriate language will not be tolerated.

MANAGEMENT

Breckenridge Public School District reserves the right to monitor all District technology use. The District also reserves the right to search Internet accounts accessed with school equipment without permission if it is felt that illegal or otherwise inappropriate use of technology is occurring. Improper use of District technology will result in fines, loss of network/Internet privileges, suspension, or expulsion as deemed appropriate.

Responsibilities

By signing the District-Issued Chromebook User Agreement and Student Internet Acceptable Use Consent Form, students and parents or guardians agree to:

- Submit their Chromebook to school authorities upon request. Such a request may be made in order to ensure Chromebooks do not contain any files, as well as to check browser histories and caches.
- Students are required to leave their Chromebooks at school over the summer for regular maintenance.
- Accept monitoring of student usage of the Chromebooks at any time, when requested by school personnel (teachers or administration). Students and parents need to be aware that files created using the Chromebook or stored on school servers are not private.
- Charge their Chromebook overnight each night to ensure that they are fully charged for classes the next day. Just as students are expected to be prepared for class by having all required materials, students must have a charged Chromebook available to them at the start of each day.
- Protect the Chromebook from damage and theft. Required precautions include the use of the protective case when transporting the Chromebook to and from classes and to and from school. If the Chromebook is lost or stolen when outside of school grounds, it should be reported to the local law enforcement and school immediately. Parents or guardians are financially responsible for any lost or stolen Chromebook that is not recovered in good working order by authorities.
- If the Chromebook is damaged, the parents or guardians will pay the cost of **repair/replacement as laid out in Appendix B.**
- Parents/Guardians are encouraged to obtain their child's login and password in order to monitor the student's computer usage at home. If parents have any difficulties receiving this password, they should contact the building office for assistance. When the Chromebooks are taken home by the student, it is strongly recommended that it will always be used in a common family location so that adult supervision can be maintained at all times.

Consequences for Breaches of the Acceptable Use Agreements

In the event a student breaches any part of the Chromebook Procedures & Information Handbook or Student Internet Acceptable Use Agreement, there will be consequences imposed by the school, consistent with the Parent/Student Handbook and District policies. Each situation will be considered independently and consequences will range from a discussion about the rules and expectations regarding Chromebook usage and/or a complete withdrawal of access to all computer technology up to and including suspension or expulsion. Violations could also lead to referral to local police authorities.

Chromebook Student-User Expectations

As a Chromebook user, you will be expected to:

1. Look after your Chromebook very carefully, all of the time.
 - a. Chromebooks will never be left unattended.
 - b. Chromebooks must be situated securely on the working surface.
 - c. Make sure the Chromebook is not subject to careless or malicious damage (i.e. as a result of horseplay).
 - d. Take care when the Chromebook is transported that it is as secure as possible. The Chromebook **MUST** be carried in its padded, protective case at all times.
 - e. Carry the Chromebook in the closed position with two hands.
2. Ensure that your Chromebook is charged every evening and ready for use the next day (i.e. plugging it in for charging overnight).

4. Be on the task assigned by the teacher at all times. Chromebooks will **ONLY** be used for educational purposes as directed by Breckenridge Public School District staff.

Consequences for Violation of Chromebook Rules:

Please review the Parent/Student Handbook for building-specific consequences for violations of Chromebook user rules. By signing the District-Issued Chromebook User Agreement, you commit to the student expectations and understand the consequences for violation.

Parents' Guide

Safe and Responsible Student Internet Use

The Breckenridge Public School District recognizes that with new technologies come new challenges to both teachers and parents. Below is a series of suggestions drawn from a wide variety of professional sources that may aid you, the parent, in effectively guiding your child's use of the Chromebook.

1. **Take extra steps to protect your child.** Encourage your child to use and store the Chromebook in an open area of your home, such as the kitchen or family room, so you can monitor what your child is doing online. Use the Internet with your child to help develop safe surfing habits. Children often model adult behavior.
2. **Go where your child goes online.** Monitor the places that your child visits. Let your child know that you're there, and help teach her/him how to act as s/he works and socializes online.
3. **Review your child's friends list.** You may want to limit your child's online "friends" to people your child actually knows and is working with in real life.
4. **Understand sites' privacy policies.** Internet sites should spell out your rights to review and delete your child's information.
5. **Limit the time your student is on the Chromebook.** While the Chromebook is a very engaging device, it is a school work device. Care and constant monitoring will reduce your child's exposure to excessive use.
6. **Report unwelcome or malicious online threats.** Report in a timely fashion to the school any online interactions that can be considered threatening.
7. **Help your child develop a routine.** Many parents have found success by helping create a routine for their Child's computer use. Define a routine as to how the Chromebook is cared for and when and where its use is appropriate.
8. **Take a look at the apps or programs.** It is to the advantage of the students, parents, and school that the parents have a working understanding of the programs and student work found on the Chromebook.
9. **Read and share with your child the Breckenridge Public School Chromebook Procedures and Information Handbook.** By reading and discussing the care and use policies, you can create a clear set of expectations and limitations for your child.

General Tips for Parents for Internet Safety:

- Talk with your child about online behavior, safety, and security early on and continually. Set rules for the internet just as you do on use of all media sources such as television, phones, movies, and music.
- Monitor your child's computer use. Know their passwords, profiles, and blogs. When the Chromebooks are taken home by the student, it is strongly recommended that it will always be used in a common family location. Let children show you what they can do online and visit their favorite sites. Set limits and clear expectations for computer use.
- Look into safeguarding programs or options your online service provider may offer; these may include filtering capabilities.

SOCIAL MEDIA GUIDELINES

Educational Purpose

In order to help our students develop their reading and writing skills, cultivate our understanding of different people and cultures, share information and collaborate safely and effectively via the Internet, and learn through experiences, our students participate in using a variety of social media applications (blogs, wikis, podcasts) and content creation sites (Animoto, Glogster, Blogger). To protect student privacy and ensure safety, the following guidelines are to be followed:

Teacher Responsibility

- Ensure suggested sites are age-appropriate for student use.
- Monitor student creation of accounts within the classroom and student use of Internet and social media sites.
- Be aware of and adhere to the federal Children's Online Privacy Protection Act laws and District Policies.

Student Responsibility

- When creating accounts, provide their full first names and only the first letter of their last name.
- When asked to provide birth date information, all students will use January 1 of their birth year.
- Students will not share personal, identifiable information. (i.e. school name, location, etc.)
- Students will use group pictures of students and/or individual pictures, which do not identify individuals by name.
- Students will agree to use social media and content sites responsibly.
- Protect the Chromebooks from damage and theft per the 1:1 Technology Student Expectations. Required precautions include the use of the protective sleeve when transporting the Chromebook to and from school. If the Chromebook is lost or stolen when outside of school grounds, it should be reported to the local police authorities and school personal immediately. Parents or guardians are financially responsible for any lost or stolen Chromebook that is not recovered in good working order by the authorities.
- Understand the User Agreements, including Acceptable Use Policy (AUP), building specific student handbook rules, 1:1 Technology Student Expectations and Parent Permission Agreement.

Parent/Guardian Responsibility

- Monitor student Internet and social media use at home.
- Contact teacher who has assigned the project if any questions or concerns arise.
- Parents/Guardians are encouraged to obtain their child's log-in and password in order to monitor the student's computer usage at home. If parents have any difficulties receiving this password, they should contact their student's school Main Office for assistance.

- If the Chromebook is damaged, the parents or guardians will pay the full repair/replacement cost of the Chromebook, protective sleeve and/or AC power adaptor.
