### ASPIRE PROGRAM AND PROJECT UPDATES

Dr. Rachel Savage, Superintendent of Schools, presented an update on the recommendation to move the ASPIRE program from the Coolidge Building to the A Wing at Moline High School. If the Board of Education approves the transition, a committee will be formed in January 2021. The committee will be comprised of approximately 16 people, including Moline High School and Coolidge administrators as well as teachers, parents, students, and key social emotional learning personnel. The projected timeline begins with the committee meeting between January and August 2021. The committee will plan, further develop the programs components and needs, and develop the physical layout of the spaces. Renovation of the A Wing is projected to begin in August of 2021 after completion of the current HVAC work. In August of 2022, the ASPIRE students will begin the school year in the new ASPIRE Wing at Moline High School.

Dr. Savage stated that the project is funded through existing monies, noting that no new monies are needed to achieve this goal. Therefore, the next major project can be identified by the Facility Committee and funded through future bond sales. Dave McDermott, Chief Financial Officer, confirmed that the project is a smaller project and therefore the district is able to use existing funds and it will not need bonding.
