Minutes from the February 7, 2023, Vision 202 Committee Meeting

The minutes from the February 7, 2023, Vision 202 Committee meeting will be reviewed at the next meeting, with all committee members present.

Process for 2023 Vision 202

The Committee discussed beginning the first Vision 202 focus meetings with parent groups. The focus group sessions could include the Superintendent, Communications Coordinator, a building administrator and one or two Board members. The group size for the focus sessions would preferably be up to 10 participants. Efforts to meet with 125 parents could conclude in April. Subsequent focus groups sessions could be held with recent graduates, over the summer, and with current students during the 2023/2024 school year.

The Committee members discussed three suggested lead-in questions regarding the school district experience, along with additional questions regarding student success and preparation for students' "next steps."

Committee members supported the idea of "piloting" the Vision 202 questions with HSO Board members before their upcoming meetings. Feedback from those three meetings would help in finalizing the questions for additional sessions.

Next Committee Meeting

The next Vision 202 Committee meeting will be at determined.

Adjournment

The meeting was adjourned by Mrs. Ahlmann at 10:12 a.m.
