2. Approval of Agenda

Director Henderson moved to approve the order of the main agenda. It was seconded by Councilmember Noecker. It passed by acclaim.

3. Approval of Minutes from January 26, 2026 Meeting

Director Henderson moved to approve the Minutes from the January 26, 2026 JPTAC Meeting. It was seconded by Assistant Mayor Stumo-Langer. It passed by acclaim.

4. Legislative Updates

1. Ramsey County
2. City of Saint Paul
3. Saint Paul Public Schools

Director Henderson noted the fiscal impact summary and analysis of Operation Metro Surge and ICE in the metro area, and requested that information be shared with the committee. Director Franco requested further information to be shared on the special education cross-subsidy. Commissioner McMurtrey also requested information on the funds from the federal government. Director Franco also noted the underfunding in ELL services. Councilmember Johnson noted that these are statewide requests that affect multiple school districts across the state. Assistant Mayor Stumo-Langer noted the county and school district pressures, as these are services that must be provided, and we must all work together for our community. While we don't have control over some areas, Commissioner Moran appreciates the work of the entities to come together for the collective power. Councilmember Noecker noted questions about the projection of cuts to balance the state budget and the impacts of that. Superintendent Stanley noted the creation of the Blue Ribbon Commission for special education, and provided more details on their work. The group also noted the need for a letter to the governor that we cannot balance the budget on the backs of our public schools and families, and we need to look into other options, and to apply the long-term pressure. Scenario plans were also reviewed, as well as details on the errors to SNAP reimbursements, as well as waivers.

5. Update on Progress Towards Framework

County Manager Becker then provided this update, which included a map of all city, county, and school district buildings, procurement opportunities, and data practices contacts. Councilmember Noecker thanked Ms. Becker for her leadership and requested more details on the framework, including documentation, and recognition of inefficiencies under the three entities and the benefits of cross-sharing of resources. The goal is to reduce redundancy and improve cost savings, including collective contracts. Councilmember Johnson requested information on the timeline and alignment with the meetings of JPTAC. Director Henderson noted that it will need to be actionable and work for all three entities, as well as future conversations to review the framework. Ms. Becker noted that she can assign staff to lead this work. The statute and goals of the group were also reviewed, including to drive budget outcomes and to agree on an overall levy. Director Franco noted the next update in June, and the option of subgroups or committees and continued monitoring of the work. The different budgetary timelines were also noted. The group will also connect offline on this work. A potential JPTAC retreat was also noted to discuss further.

6. Member Discussion of Agenda Future Meeting Dates

- a. Other member discussion of other topics
- b. Future meeting dates include:
 - i. Monday, June 22, 2026 (SPPS)
 - ii. Tuesday, September 15, 2026 (Ramsey County)

7. Adjourn

Director Henderson moved to adjourn the meeting, and it was seconded by Councilmember Johnson. The meeting adjourned at 10:27 a.m.

Ramsey County Accomplishments

**Launched
conversation on
Capitol Complex
County Host Program
(bills & revenue note)**

**Won extension of tax
that funds
Environmental
Response Fund**

6

Human Services: Big impacts on county budgets

- SNAP: \$10.7 million for counties for administrative costs in FY 2027.
 - No funding for benefit cost this year; will focus on this in 2027.
- MAAFPCWDA: \$15 million for county implementation.
 - Expect case review to be moved to DCYF in 2027 (would be costly for counties).
- Long-term Services and Supports (LTSS):
 - Counties still working to avoid major cost shifts proposed last year.
 - Were tasked to find cost savings of \$180m by Dec 2026 to avoid shifts.
 - However, the savings that counties proposed so far (\$122.6m) were allocated to general fund instead.
- Studies and working groups on administration of human services programs, transition of medical assistance to state, and waiver case management.

7

Human Services IT Modernization

- Total spending of \$90 million over two biennia to modernize human services IT systems.
- Creation of advisory council that will include county representation.
- Essential for efficient administration of human services programs by counties.

8

Housing and Homelessness

- Family Homeless Prevention Assistance Program (FHPAP): \$40 million allocated for emergency rental assistance:
 - \$5.6 million for Ramsey County.
 - Must be spent by end 2026—will be big push.
- \$13 million to support Continuum of Care grantees affected by HUD funding instability.
- Local Homeless Prevention Aid extended from 2028 to 2032.

9

Capital Improvement Requests

Park at RiversEdge (\$20 million)

Aldrich Arena (\$8.5 million)

10

- No awards this year.
- Not that many local projects—half-billion awarded to water infrastructure.

Looking ahead to 2027

- 2027 will be a budget year. Fiscal outlook remains to be seen.
- All House and Senate seats up for election in November.
- Over 20% of the legislature is retiring or running for another office (23 members, including 7 in Ramsey County).
- Ramsey County is losing gavels/representation on Capital Investment, State and Local Government, and other committees.
- Need to encourage delegation members to get seats on these committees.

The background of the slide is a scenic photograph of a river flowing through a forested area. The trees on the left bank are in autumn, showing yellow and orange foliage. The sky is blue with some light clouds. A large white rectangular box is centered on the slide, containing the text "Thank you!".

Thank you!

Shared Challenges Require Shared Solutions

- **Current Reality**

- Increasing fiscal pressures across jurisdictions
- Growing complexity of community needs
- Similar service populations served by multiple agencies

14

- **Opportunity**

- Leverage collective expertise, resources, and influence
- Strengthen relationships and regional problem-solving
- Reduce overall property tax pressure

- .

Opportunity to Leverage JTPAC

Short-Term Priorities

- Identify current challenges and immediate opportunities

- **Mid-Term Initiatives**

- Organizational projects and investments underway

- **Long-Term Goals**

- Strategic plans and future direction

- **Benefits**

- Improved coordination
 - Reduced duplication of effort
 - Stronger alignment of regional priorities
 - Consistent communications with legislators and stakeholders
 - Reduction in costs = property tax impacts

15

Build on Existing Partnerships

- **Shared Planning**
 - Share annual budget cycles and planning timelines
 - Create visibility into organizational decision-making processes
- **Expand Existing 2-Way Partnerships**
 - Build upon successful collaborations already in place i.e., City of St. Paul and St. Paul Public School print shop
- **Joint Initiatives**
 - Disparity studies
 - Identify projects where shared resources can achieve greater impact

16

Most Immediate

- Evaluate mechanisms to move and share resources more readily
 - Open ended JPAs
 - Communicated growth mindset shift – get leaders together
 - Low hanging efforts of things we are already doing

17

Opportunities for Expanded Collaboration

- In addition to executive-level leadership meetings, create opportunities for periodic cross-functional convenings among:
 - Human Resources
 - Emergency Management
 - Procurement
 - Finance
 - Government Relations
 - Property/Real Estate
 - Information Services (CIOs)

18

Goal-Connect the right people at the right level to move ideas into action and strengthen collaboration.

Reset JTPAC Coordinating structure and roles

Consistent Agency Responsibilities

- Serve on leadership team
- Collective agenda development
- Continuity of effort

Rotating Host Agency Responsibilities

- Coordinate meeting logistics
- Secure meeting locations and facilitate meetings

Shared Expectations

- Agenda topics developed collaboratively by all partners
- Establish clear expectations for participation
- Ensure appropriate representation and decision-making authority

19

Identified areas of opportunities - Discussion

- Facility and asset use planning
- Resources hub to community
- Contractor and vendor engagement – disparity study
- Capital planning
- Insurance and benefits
- Existing 2 partner initiatives

20

Next Steps

- Set up regular meetings of JTPAC Leadership Team
- Schedule cross function leads meeting this summer
- Ensure leadership conveys importance of the work to break down existing silos.
- Identify areas where strong collaboration is already happening.
- Discuss short and long-term efforts to develop work teams.
- Regular report outs to JTPAC.
