The School Board Work Session for South St. Paul Public Schools, Special School District 6, was held in the District Office Conference Room on Monday, September 14, 2026. Chair Kim Humann called the work session to order at 5:00 PM with the following six Board members present: Claflin, Cumings, W. Felton, Wardell, Weber, and Humann. Director T. Felton arrived at 5:15 PM. Superintendent Dr. Brian Zambreno and several staff and community members were also present.

School Board Appreciation Month

Superintendent Zambreno recognized September as Minnesota School Board Recognition Month and thanked our Board members for their leadership, service, and commitment to students, staff, families, and the community. He highlighted the important role Board members play through governance, advocacy, community engagement, and collaboration with district leadership.

Preliminary Levy

Executive Director of Finance and Operations Ra Chhoth presented the preliminary 2026 Payable 2027 Levy Limitation and Certification. The current MDE first-run calculation reflected a total preliminary levy of approximately \$14.4 million, a decrease of approximately \$826,908, or 5.4%, from Payable 2026. Chhoth noted that the decrease was primarily driven by a reduction in the General Debt Service Fund.

Director Chhoth explained that the figures remain preliminary and will continue to be adjusted as MDE updates data, formulas, and levy components and district staff reviews the calculations. The Board will be asked to certify the preliminary levy at the maximum amount authorized by MDE, preserving the district's full levy authority while calculations are finalized. The levy may be reduced between preliminary certification and final approval in December but cannot be increased above the preliminary certified amount.

Memorial Policy Draft

Board Chair Kim Humann presented a draft Memorial Policy developed by the Policy Committee to establish a consistent process for considering memorial requests within the district. The Board reviewed and discussed the proposed policy, including the purpose and types of memorials, criteria and guidelines for temporary, living, and permanent memorials, and the roles of district administration and the School Board in reviewing requests.

The Board provided feedback on the draft and discussed the importance of balancing opportunities to honor students, staff, and others who have made a meaningful impact with the need for a clear, consistent, and sustainable districtwide approach. The draft policy will return to the Policy Committee for further review and revisions based on Board feedback.

Two-Year Board Agenda

The School Board continued its review and development of the 2-Year Board Agenda, focusing on the Board's role in engagement. Discussion centered on opportunities to strengthen community, student, and family engagement, as well as legislative advocacy.

Board members discussed various opportunities to engage with students and gather student voice. District administration will work with district and school leaders, along with the Student School Board Representatives, to develop potential student engagement opportunities for future Board consideration. The Board also discussed family and community engagement, including strategies to recruit and encourage participation on district committees.

The Board reviewed its role in legislative advocacy and discussed a potential timeline for identifying district priorities, considering resolutions in support of those priorities, and engaging with local legislators. The discussion will help further develop the Engagement section of the Board's 2-Year Agenda and establish a more intentional approach to Board engagement throughout the year.

School Board Development

Board Chair Kim Humann led a discussion on the Board's ongoing commitment to professional development and shared learning. In addition to continued participation in Minnesota School Boards Association training, the Board discussed adding a book study as another opportunity to learn, reflect, and engage in dialogue together.

The Board selected *The Empowered Educator* by Jen Rafferty for its 2026–27 book study. Board members will use the book to support continued professional growth throughout the year.

Public Relations and Community Engagement

The School Board reviewed the upcoming Calendar of Events and discussed opportunities to collaborate with students, staff, families, and the greater South St. Paul community to further the district's mission and vision.

The Board recessed the work session at 6:20 PM for the Stakeholder Comment to the Board session.

Stakeholder Comments to the Board

One stakeholder attended and shared concerns regarding district staff training, protocols, and communication related to potential immigration enforcement activity. The stakeholder requested greater clarity and transparency regarding the district's preparedness and communication practices moving forward.

The Board reconvened the work session at 6:36 PM.

Committee Updates

Board members provided updates on the various committees in which they serve on.

205 OPEN MEETINGS AND CLOSED MEETINGS

I. PURPOSE

- A. The school board embraces the philosophy of openness, accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting the individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

“Meeting” means a gathering of at least a quorum or more of school board members of the school board, or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or use of social media by members of a public body so long as the social media use is limited to exchange with all members of the general public. For purposes of the Open Meeting Law, social media does not include email.

IV. PROCEDURES

The school board's actions at the special meeting are limited to those topics included in the notice.
- b. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.

- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment ~~of the school board~~, require immediate consideration.

- c. On request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by ~~Minn. Stat. §~~ **Minnesota Statutes section 13D.05**, ~~Subd. 2~~, to discuss educational or certain other non-public data.

The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.

d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.

306 ADMINISTRATOR CODE OF ETHICS

I. PURPOSE

The purpose of this policy is to establish the requirements of the school board that school administrators adhere to the standards of ethics and professional conduct in this policy and Minnesota law.

II. GENERAL STATEMENT OF POLICY

The standards of professional conduct are as follows:

- A. A school administrator must provide professional educational services in a nondiscriminatory manner.
- B. A school administrator must take reasonable action to protect students and staff from conditions harmful to health and safety.
- C. A school administrator must take reasonable action to provide an atmosphere conducive to learning.
- D. A school administrator must not use professional relationships with students, parents and caregivers, staff, or colleagues to private advantage.
- E. A school administrator must disclose confidential information about individuals only when a compelling professional purpose is served in accordance with state and federal laws and school district policies.
- F. A school administrator must not knowingly falsify or misrepresent records or facts relating to the administrator's qualifications or to the qualifications of other staff or personnel.
- G. A school administrator must not knowingly make false or malicious statements about students, students' families, staff, or colleagues.
- H. A school administrator must not accept gratuities, gifts, or favors that impair professional judgment, nor offer any favor, service, or item of value to obtain special advantage.
- I. A school administrator must only accept a contract for a position when licensed for the position or when a school district is issued a variance by the board.
- J. A school administrator, in filling positions requiring licensure, must employ, recommend for employment, and assign only appropriately licensed personnel, or persons for whom the school district has been issued a variance by the appropriate state board or agency, unless, after making reasonable efforts to obtain a variance, an appropriately licensed person cannot be assigned and the position must be filled to meet a legitimate emergency educational need.

K. A school administrator must not engage in conduct involving dishonesty, fraud, or misrepresentation in the performance of professional duties.

A. An educational administrator's professional behavior must conform to an ethical code. The code must be idealistic and at the same time practical, so that it can apply reasonably to all educational administrators. The administrator acknowledges that the schools belong to the public they serve for the purpose of providing educational opportunities to all. However, the administrator assumes responsibility for providing professional leadership in the school and community. This responsibility requires the administrator to maintain standards of exemplary professional conduct. It must be recognized that the administrator's actions will be viewed and appraised by the community, professional associates, and students. To these ends, the administrator must subscribe to the following standards:

B. The Educational Administrator:

1. Makes the well-being of students the fundamental value of all decision making and actions.

2. Fulfills professional responsibilities with honesty and integrity.

3. Supports the principle of due process and protects the civil and human rights of all individuals.

4. Obeys local, state, and national laws and does not knowingly join or support organizations that advocate, directly or indirectly, the overthrow of the government.

5. Implements the school board's policies.

6. Pursues appropriate measures to correct those laws, policies, and regulations that are not consistent with sound educational goals.

7. Avoids using positions for personal gain through political, social, religious, economic, or other influence.

8. Accepts academic degrees or professional certification only from duly accredited institutions.

9. Maintains the standards and seeks to improve the effectiveness of the profession through research and continuing professional development.

10. Honors all contracts until fulfillment, release, or dissolution is mutually agreed upon by all parties to the contract.

11. Adheres to the Code of Ethics for School Administrators in Minnesota law.

Topic: Memorial Policy
Presenter(s): Kim Humann, Board Chair
Background: As the governing body of South St. Paul Public Schools, one of the School Board’s responsibilities is to develop and maintain policies that guide the operations and decisions of the school district. At this time the Board is considering establishing a memorial policy, which will establish a process for considering requests to recognize or memorialize individuals who have made a meaningful impact on our schools and community. The School Board will review a draft memorial policy proposed by the Policy Committee and consider whether revisions are needed to provide greater clarity, consistency, and equity in how future memorial requests are considered. The discussion will provide an opportunity for the Board to consider the purpose of district memorials, appropriate criteria for recognition, the types and duration of memorials that may be permitted, and a consistent process for reviewing requests. The goal of this work is to establish a thoughtful and sustainable approach that allows the district to honor meaningful contributions while ensuring decisions are made consistently and in the best interests of the school community.

POLICY NAME: Memorial Policy

I. PURPOSE

It is recognized that the loss of a member of the school community is deeply felt by students, staff, and families. The purpose of this policy is to provide the South St. Paul Schools community with guidance as they navigate through making appropriate memorial decisions.

In the immediate aftermath of a crisis or death it can be difficult to take into consideration the potential implications for students, staff, families and the community, this policy will help connect people to appropriate school and community resources and provide a process for memorial decision-making that has been Board-approved.

II. GENERAL STATEMENT

In recognition that schools are designed primarily to support learning, school sites should not serve as the main venue for the memorializing of students or staff. When responding to a student or staff death, South St. Paul Public Schools will:

- 1) ensure that school operations function as they normally would,
- 2) protect the family's preferences as much as possible,
- 3) consider the developmental age of students and potential impact,

- G. If the death of a student or staff member occurred in a public location accessible by community members, such as a crash site, district staff will not provide memorial monitoring.

VI. MEMORIALS AFTER SUICIDE

- A. South St. Paul Public Schools strives to respond to all student deaths in the same way and acknowledges that having a different approach for a student who dies by suicide may reinforce prejudice associated with suicide and may be deeply painful to the student's family and friends.
- B. However, South St. Paul Public Schools recognizes that memorials after suicide may glamorize death and communicate suicide as an appropriate or desired response to stress. Schools can play an important role in channeling the energy and passion of the students (and greater community) in a positive direction, balancing the community's need to grieve with the impact that the proposed activity will likely have on students, particularly on those who might be vulnerable to suicide contagion. Therefore, careful and deliberate consideration will be given when determining approved memorial activities.

Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.
4. The school board retains the discretion to limit discussion of any agenda item to a reasonable period of time as determined by the school board. 2. If the complaint is against an employee relating to child abuse, discrimination, racial, religious, or sexual harassment, or other activities involving an intimidating atmosphere, the complaint should be directed to the employee's supervisor or other official as

III. PROCEDURES

A. Public Hearings

Public hearings are required by law concerning certain issues, including but not limited to, school closings (Minnesota Statutes, section 123B.51), education district establishment (Minnesota Statutes, section 123A.15), and agreements for secondary education (Minnesota Statutes, section 123A.30). Additionally, other public hearings may be held by the school board on school district matters at the discretion of the school board.

B. Notice of Public Hearings

Public notice of a public hearing required by law shall be given as provided by the enabling legislation. Public notice of other hearings shall be given in the manner required for a regular meeting if held in conjunction with a regular meeting, in the manner required for a special meeting if held in conjunction with a special meeting, or as otherwise determined by the school board.

In that case, any request to address the school board after the commencement of the hearing will be granted only at the discretion of the school board.

1. Format of Request: If required by the school board, a written request of an individual or a group to address the school board shall contain the name of the person or group seeking to address the school board. It shall also contain the name of the group represented, if any, and a brief statement of the subject to be covered or the issue to be addressed.
2. Time Limitation: The school board retains the discretion to limit the time for each presentation as needs dictate.
3. Groups: The school board retains the discretion to require that any group of persons who desire to address the school board designate one representative or spokesperson. If the school board requires the designation of a representative or spokesperson, no other person in the group will be recognized to address the school board, except as otherwise determined by the school board.
4. Privilege to Speak: A school board member should direct any remarks or questions through the chair. Only those speakers recognized by the chair will be allowed to speak. Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.
5. Personal Attacks: Personal attacks by anyone addressing the school board are unacceptable. Persistence in such remarks by an individual shall terminate that person's privilege to address the school board.
6. Limitations on Participation: Depending upon the number of persons in attendance seeking to be heard, the school board reserves the right to impose such other limitations and restrictions as necessary in order to provide an orderly, efficient, and fair opportunity to be heard.

208 DEVELOPMENT, ADOPTION, & IMPLEMENTATION OF POLICIES

I. PURPOSE

The purpose of this policy is to emphasize the importance of the policy-making role of the school board and provide the means for it to continue to be an ongoing effort.

II. GENERAL

Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient and consistent manner. A set of written policy statements shall be maintained and modified as needed. Policies should define the desire and intent of the school board and should be in a form, which is sufficiently explicit to guide administrative action.

III. DEVELOPMENT OF POLICY

- A. The school board's written policies provide guidelines and goals to the school community. The policies shall be the basis for the formulation of guidelines and directives by the administration. The school board shall determine the effectiveness of the policies by evaluating periodic reports from the administration.
- B. Policies may be proposed by a school board member, employee, student or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review prior to possible placement on the school board agenda.

IV. ADOPTION OF POLICY

- A. The school board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two (2) school board meetings. The proposals shall be distributed and public comment will be allowed at both meetings.
- B. The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the school board at a subsequent meeting after the meetings at which public input was received. The policy will be effective on the later of the date of passage or the date stated in the motion.
- C. In the case of an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the school board. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The emergency policy shall expire within one year following the

emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The school board shall have discretion to determine what constitutes an emergency situation.

- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

V. IMPLEMENTATION OF POLICY

- A. The superintendent shall be responsible for implementing school board policies, other than the policies that cover how the school board will operate. The superintendent shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. These guidelines and directives, including employee and student handbooks, shall be subject to annual review and approval by the school board.
- B. Each school board member shall have access to school district policies. All board policies shall be available to board members and members of the public on the district website.
- C. The superintendent, employees designated by the superintendent, and individual school board members shall be responsible for keeping the policy manuals current.
- D. The school board shall review policies at least once every three years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one fifth of the policies annually. In addition, the school board shall review the following policies annually: 506 Student Discipline and 806 Crisis Management Policy.
- E. When no school board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping in mind the educational philosophy and financial condition of the school district. Under such circumstances, the superintendent shall advise the school board of the need for a policy and present a recommended policy to the school board for approval.

Attachment: 2026 Payable 2027 Proposed Levy Summary

Topic: 2026 Payable 2027 Proposed Levy
Presenter(s): Ra Chhoth, Executive Director of Finance and Operations
Background: At the work session meeting, we reviewed information regarding our 2026 Payable 2027 Proposed Levy Certification. This proposed certification is for taxes payable in calendar year 2027 and is revenue for the 2027-2028 school year. We are recommending we approve the proposed levy at “Maximum”. Proposed levies for school districts carry the option of levying the “Maximum” versus a specific amount due to continuing updates by the Department of Education. This “Maximum” option protects school districts whose levies may increase. Levying a specific dollar amount prevents further increases. We are required to certify our Proposed Levy to the County Auditor by September 30, 2026. The information submitted to the County Auditor is the information used for the proposed property taxes mailed to each taxpayer in November. Truth in Taxation statutes require a hearing be conducted during regular school board meetings. The statute also requires that the date and time of the regular school board meeting when hearings are scheduled be announced at the time the proposed levy is certified. The Truth in Taxation hearing will be held during the regular board meeting on December 14, 2026, at 6:00 PM.
Recommendation: Administration recommends approving the 2026 Payable 2027 Proposed Levy
