Royalton Public Schools

Guiding Practices for Generative AI

Our mission: Create a welcoming and safe environment where all students and staff are empowered and challenged to achieve their personal best.

Generative AI Benefits and Risks

Royalton Public Schools recognizes that there are both potential benefits and potential risks as the use of generative AI continues to grow and expand.¹

Benefits	Risks
• Content development and differentiation • Assessment design and timely, effective feedback • Tutoring and personalized learning assistance • Aiding creativity, collaboration, and skill development • Operational and administrative efficiency.	• Plagiarism and academic dishonesty • Perpetuating biases • Compromised student privacy and unauthorized data collection • Diminished student and teacher agency and accountability

¹ [AI Guidance for Schools Toolkit](#)

Royalton Public Schools also acknowledges there are aspects of education that are best served by educators. The following are examples of critical roles in which Human Intelligence (HI) is needed²:

- Teaching of critical thinking skills

- Building relationships with students
- Motivating students
- Creating a positive learning environment
- Providing high-quality feedback on student performance
- Attending to students' basic needs

Guidelines

Student Guidelines
● Teacher Communication: Before starting, discuss with your teacher the AI expectations; understand the assignment's purpose and whether AI use is permitted or restricted. ● Privacy Protection: Never input personal information. AI tools often store prompt data, which can compromise your privacy and security. ● Proper Attribution: Follow established citation procedures to credit AI-generated content and acknowledge its role in your work. ● Fact-Checking & Proofreading: Corroborate all AI output for accuracy, bias, or harmful material. You are ultimately responsible for the quality of your work.
Teacher Guidelines
● Age Restrictions: Ensure students comply with the age requirements of any AI tools used in class. ● Clear Expectations: Specify AI guidelines in syllabi and assignments, explaining when, how, and why AI use is permitted or restricted. ● Fact-Checking & Ethics: Teach students to verify AI content for accuracy and bias. Remind them that AI-detection tools are often unreliable and prone to false positives. ● Open Dialogue: Maintain ongoing discussions with students about the role of generative AI. ● Attribution Guidance: Instruct students on how to properly credit AI prompts and content in their work.

Employee Guidelines
● No Confidential Data: Do not input sensitive or personal information (names, grades, IEPs, assessments) into public AI tools. Doing so likely violates FERPA. ● Peer Communication: Be open and clear with colleagues or peers when using AI to foster collaboration and ensure responsible use. ● Fact-Checking & Quality: Review all AI-generated content for accuracy and bias; create fully vetted products.

To achieve the above outcomes, teachers should know and be able to do the following:	How district instructional leadership and IT will support teachers:
● Improve teaching and learning practices by using AI to gain insights and personalize instruction. ● Manage their time and workload more effectively by automating tasks such as adapting and modifying assignments. ● Generate assignments, lesson plans, and feedback to students. ● Prepare students for the future by teaching them about generative AI and its effective use. ● Integrate AI responsibly and ethically to benefit their students. ● Maintain awareness of potential risks of using generative AI in the classroom. ● Stay up-to-date on the latest developments in AI. ● Refrain from an overreliance on generative AI detection tools.	● Provide teachers with opportunities to learn about generative AI in a variety of ways. ● Normalize and encourage communicating about AI use in classrooms, successes and challenges. ● Create a resource library of successful Generative AI prompts. Additionally, provide teachers with training on how to write strong generative AI prompts. ● Inform teachers about the ethical implications of generative AI to help their students to develop media literacy skills.

Academic Honesty and Artificial Intelligence

Royalton Public Schools acknowledges that technology is ever-changing and has a tremendous impact on our classrooms. Because artificial intelligence, including generative form of AI, is becoming an increasing part of our everyday lives, it is our responsibility to prepare students for what is to come in their future.

Royalton Public Schools values the ethical and responsible use of generative AI in learning and teaching. Students cannot claim AI-generated content as their own work. All AI use must be approved and cited.

Failure to do so falls under the guidance of the Code of Conduct.

Royalton Public Schools identifies academic misconduct as a Level I behavior, “Submitting work that is not your own, or allowing another individual to use your work, including cheating on a school assignment, plagiarism, or the use of prohibited technology”³

The University of Chicago⁴ has outlined suggestions for educators to balance the importance of academic integrity with the reality that the use of artificial intelligence is likely to expand in the near future.

1. **Clarify Expectations Early:** Specify clearly in your syllabus whether, when, and how generative AI tools are permitted.
2. **Design Creative Prompts:** Craft unique, personalized prompts that demand critical reasoning, class-specific references, or personal narratives rather than generic responses.
3. **Test Your Own Prompts:** Run your writing prompts through AI beforehand to see what it generates and adjust them accordingly.
4. **Scaffold Assignments:** Break writing projects into progressive stages (outlines, drafts, peer review). Tracking a student's ongoing process makes unapproved AI use easier to spot.

Acceptable Use of AI

An AI Acceptable Use Scale provides a shared understanding of appropriate AI use among students. This clear framework outlines expectations and terminology for different AI applications in assignments. To ensure students can easily reference the scale, it should be explicitly taught and prominently displayed.

This K12 AI Assessment Scale, adapted by Vera Cubero (NCDPI) from the work of Drs. Leon Furze, Mike Perkins, Jasper Roe FHEA, and Jason Mcvaugh, fosters a common understanding of appropriate AI use in the classroom.

These limited open forum meetings will be voluntary and student initiated; will not be school sponsored; the meetings will not interfere with the orderly conduct of educational activities within the school; and non-school persons will not direct, control, or regularly attend activities of student groups. Lockers and Personal Possessions within a Locker (Policy 502)

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

School officials may inspect the personal possessions of a student and/or a student's person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student's person will be reasonable in its scope and intrusiveness. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.

Lunch/Breakfast (Policy 534)

semester. Students may purchase lunch/breakfast at school or bring a prepared lunch/breakfast from home. Milk will be available for purchase to supplement lunches/breakfasts brought from home.

Royalton High School operates as a closed campus and students are not allowed to leave school for lunch. Leaving during lunch will require parent and principal permission and will be granted only on a very limited basis. PSEO Students and college students with an online college class are allowed to leave campus for lunch as long as it does not interfere with other high school classes they are scheduled in. Students should not have visitors bringing in food from the outside without expressed consent of the high school principal. This should be limited to special occasions.

The Royalton Chapter of the Minnesota Honor Society is an honorary organization of students in grades 10, 11 and 12 who have been selected because of their scholarship, character, leadership and service. At Royalton Middle/High School, a committee made up of teaching staff selects those students for membership who meet the guidelines. Once this criterion has been made, each student is further evaluated on the basis of service, leadership, and character before the final selection process is made.

Search of the Interior of a Student's Motor Vehicle (Policy 527)

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person (Policy 502, 527)

School officials may inspect the personal possessions of a student and/or a student's person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student's person will be reasonable in its scope and intrusiveness. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.

Pledge of Allegiance (Policy 531)

Students will recite the Pledge of Allegiance to the flag of the United States of America. The Pledge of Allegiance will be recited on the first day of the school week at the beginning of first period. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

Posting of Signs (Policy 505)

The posting of signs, advertising, decorative posters, or signage must be pre-approved by the building principal and affixed with principal signature and date of posting on the back of the sign. Any signage must be school related. Signs must be secured to wall surfaces in such a manner as to not damage the surface to which it is secured. Signage may not be posted for more than two weeks unless special permission is received from the building principal. Removal of signage is the responsibility of the student organization, class, or agency to which permission was granted. Any damage done to school property as a consequence of the posting or removal of the signage will be the responsibility of the student organization, class or agency posting the signage.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Royalton School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact Ms. Kaitlyn Arnzen, Activities Director.

Academic Eligibility for Activities

Students must maintain passing grades in all classes at mid-term grade checks and at the quarterly grade checks to be eligible for extra-curricular activities and certain competitive co-curricular activities during the school year.

Extra-curricular and co-curricular activity eligibility does carry over from one academic year to the next. For more information about the MSHSL rules and student eligibility requirements, contact Ms. Kaitlyn Arnzen, Activities Director.

School Closing Procedures

School may be canceled when the superintendent or his/her designee believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent or his/her designee will make a decision about closing school or school buildings as early in the day as possible. School closing announcements will be shared with various local media outlets, on the school website, school facebook, and will be sent out via the School Messenger program.

Searches (Policy 502, 527)

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy #506, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

School-Sponsored Student Publications

The law protects from censorship anything that is "prepared, wholly or substantially written, published, broadcast, or otherwise disseminated by a student journalist enrolled in a school district or charter school," which is "distributed or generally made available to students in the school" and "prepared by a student journalist under the supervision of a student media adviser." This includes newspapers, broadcast channels, audio or video programs, literary magazines, and other forms of media that may evolve in the future, but excludes yearbooks.

School officials may only prohibit student media that:

- Is defamatory;
- Is profane, harassing, threatening, or intimidating;
- Constitutes an unwarranted invasion of privacy;
- Violates federal or state law;
- Causes a material and substantial disruption of school activities; or
- Is directed to inciting or producing imminent lawless action on school premises or the violation of lawful school policies or rules, including a policy adopted in accordance with section 121A.03 or 121A.031

Student Records (Policy 515)

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more complete information on the rights of parents/guardians and eligible students regarding student records, please see the appendix. A complete copy of the school district's Protection and Privacy of Pupil Records Policy #515 policy may be obtained at 120 South Hawthorn Street in the main office.

Student Surveys (Policy 520)

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. When required by law, permission will be obtained from parents/guardians or students who are under the age of 18 for

participation in or opting out of a survey administered at school. This does not apply to a survey conducted by a teacher that is a part of the regular curriculum of that instructor's class or a survey conducted by the school district.

Transportation of Public School Students (Policy 719)

The school district will provide transportation, at the expense of the school district, for all resident students who live one mile or more from the school or those students who could encounter traffic, drug or crime hazards, etc. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parents or guardian. The school district's Transportation Pick Up/Drop Off Policy #719 can be obtained upon request at 120 South Hawthorn Street, Royalton in the main office or by visiting the school website.

Bus Discipline (Policy 506)

The following procedure will be used when students fail to obey the district's transportation rules of conduct: 1) upon the first report, the student will meet with the driver and school administration. Parents will be notified of the content of this discussion; 2) upon second offense the student will meet with the driver and the principal and will be removed from the bus for two (2) days. Parent attendance at this meeting is encouraged; 3) upon third offense the student will be removed from the bus for eight (8) school days. Students may be suspended for longer periods of time, including the remainder of the school year for severe or continued problems.

Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of serious misconduct will be provided to the Department of Public Safety. Records may also be maintained in the transportation office

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Video- and Audio-Taping

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a videotape of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property. Video surveillance of locker rooms or bathrooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

Part II, Academics and Educational Opportunities

Alternative Educational Opportunities (Policy 620)

Some students may be at risk of not completing their educational programs. The school district provides alternative learning options for students who are at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, summer school credit recovery, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the guidance counselor at the middle school/ high school, Ms. Monica Flakus.

Alternative Learning Center/Program (ALC/P), Graduation & Participation Policy

ALC/P students who attend CEC in Little Falls are considered to be Royalton High School students since we are a partner with Little Falls in the ALC/P programming. Students who attend other ALC/P programs are not considered Royalton students. Students who attend an ALC/P program may be eligible to compete in activities depending on residency and eligibility requirements through the MSHSL.

Alternative Learning Center/Program students will not be included in the RHS annual if they have not been a member of the student body at the time of the picture deadline, approximately December 1st.

Alternative Learning Center/Program students attending CEC in Little Falls will be able to attend class functions such as the senior class trip. They may attend prom if they are a date of a current RHS junior or senior.

Alternative Learning Center/Program students will not be included in GPA ranking for the class or on any scholarship lists distributed or considered by a committee at school.

Area Learning Centers/Programs (ALC/P) by statute must offer the option to the student of receiving their high school diploma from their district of residence or the district in which the ALC is located. If a student wishes to receive a Royalton High School diploma, they must meet the Royalton High School graduation requirements. If an ALC student meets the RHS graduation requirements and receives a RHS diploma, the student may participate in the RHS graduation ceremony.

Students re-enrolling at Royalton Middle/High School during the school year will follow all RHS student policies.

Credit Recovery/Summer School

Students who are missing credits or have failed a course may be eligible to recover those credits through our online APEX Learning Program.

Eligibility Requirements:

- **Failed Courses**: To be eligible for APEX credit recovery for a failed course, students must have earned a final grade of 40% or higher in that course.
- **Missing Credits** (No Prior Grade): Students needing to make up missing credits (e.g., due to transfers or incomplete schedules) may use APEX regardless of prior course grades.
- Grades for credit recovery courses taken during the school year will appear on the report card and transcript of the semester the credit recovery course is taken. **A grade of P/NC will be used for all credit recovery classes.**

When APEX Can Be Used:

- **During the School Year**: Credit recovery through APEX is available throughout the academic year. These classes can be scheduled either as a regularly scheduled class or can be completed outside of the regular academic day.
- **During Summer School**: Students may also use APEX to recover credits during summer school. To be eligible, students must attend and successfully complete the summer school program.

Summer School APEX Deadline:

- Summer school APEX courses must be completed **by the first day of school** of the following school year.
- All summer credit recovery grades will appear on the first semester report card and will be reflected on the student's official transcript.

For questions about eligibility or enrollment, please contact the school counseling office.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be subject to whatever test or assignment penalty is deemed appropriate by the teacher and will not be included in honor rolls for the semester during which the cheating/plagiarism occurred. If the student violated other school rules in the process of cheating/plagiarism, there may be additional consequences for that behavior.

Course Drop/Add

Course offerings are based on course registration numbers, so approval for schedule changes will be very limited. Students may only drop/add a class for the following reasons:

- 1) Scheduling error
- 2) Student wants to add a PSEO course
- 3) Credit Recovery course is required
- 4) Medical reasons
- 5) Student wants to add a class to an open period
- 6) Teacher/Administrator recommended course change

Early Graduation (Policy 613)

A four-year program (grades 9-12) is the norm for most high school students. It will be a distinct advantage for most students to accumulate as many high school credits as possible prior to graduation.

However, Royalton High School recognizes the individual differences that exist among students and the need of a few to complete their high school program in a period of less than four years.

Therefore, Royalton High School has established the following Early Graduation Policy. In order to be eligible for early graduation students must meet the following criteria:

- Successful completion of seven semesters of high school. A student will not be considered for early graduation prior to the end of the first semester of the individual's senior year.
- Must have successfully completed all necessary Royalton Middle/High School and state graduation requirements.
- Must have a valid reason for wanting to graduate early.
- If the above criteria are met an application for early graduation must be requested in the CRC by November 1st of his/her senior year.
- The completed early graduation application must be presented to the guidance office no later than November 10th of the student's senior year.
- If approved the student would be able to graduate at the end of the 1st semester of his/her senior year.
- Since the student would then be considered a graduate of Royalton High School, he/she would no longer be allowed to participate in high school curricular or extracurricular activities (athletics, etc.). However, they would be allowed to participate in graduation ceremonies and attend the class trip and Grad Bash.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information, contact the guidance counselor Ms. Monica Flakus at 584-4245.

Family Access

The school district provides an Internet student information program for families. The program allows parents/guardians to view **report cards, grades, discipline, lunch accounts, and lunch activity for their child via the Internet**. Parents must have their own computer and Internet service and a login name and password to access the program. Login names and passwords can be obtained by contacting the high school/middle school office. If you do not have access to a computer, you may stop in the high school office at any time to get family access information on your student.

Field Trips (Policy 610)

Field trips may be offered to supplement student learning. Field trips may be optional and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grades

Official credit bearing report cards with awarded credit and official GPA (used for honor roll) will be issued after each academic semester in January and June. Grades can be checked via Family Access at any time. Please note that the

grades in Family Access are maintained at the discretion of the teacher and should only be used as a periodic check of student grades by those using Family Access.

Grading System

Royalton HS/MS officially posts grades at the end of each semester. The credit bearing grade for a semester class is posted at semester break.

Royalton HS/MS has an 80%/20% grading system that bases grades off of what students know, understand, and can demonstrate. This system awards a maximum of 20% of the grade for completing homework. Grades will be based on homework, assessments of learning including, but not limited to, tests, quizzes, daily checks of understanding, projects, and various other activities that demonstrate student knowledge of the content being taught.

Royalton High/Middle School uses a common grading scale for all classes. Different classes will have different academic requirements for earning a certain grade in a class.

100%-93.0%--	A	77.9%-73.0%--	C
92.9%-90.0%--	A-	72.9%-70.0%--	C-
89.9%-88.0%--	B+	69.9%-68.0%--	D+
87.9%-83.0%--	B	67.9%-63.0%--	D
82.9%-80.0%--	B-	62.9%-60.0%--	D-
79.9%-78.0%--	C+	59.9% and below--	F

Grade of Incomplete

Students who, for extenuating reasons, are not able to complete the required work for a class will receive a grade of "I" (Incomplete). Grades of "I" shall be allowed for incomplete work only and not for the purpose of allowing a student to improve class work that has already been completed. The principal or his/her designee may give permission that a student be eligible to receive a grade of "I" if:

- The student has missed a substantial amount of class time or class material.
- Examples of legitimate reasons for being eligible for a grade of "I" include but are not limited to severe illness or death within the family.
- The student provides written documentation (which may include doctor's letters of verification, etc.) of the cause of the extenuating circumstance.
- The principal or his/her designee will make a determination within two (2) school days of the end of a grading period (quarter or semester).
- Students will have ten (10) school days after the determination of eligibility to complete all work. In the case of extreme circumstances, the principal or his/her designee may extend the ten (10) days as deemed necessary.
- Students who are found to be eligible to receive a grade of "I" will have the prescribed time to complete ALL necessary work. At the end of the incomplete eligibility time the student will be assigned a grade. If a student does not complete the necessary work within the prescribed incomplete eligibility time the student will receive the grade they would have received at the end of the grading period for the class.
- Students who receive a grade of "I" will not be included in the published "A" or "B" honor rolls because a grade point average cannot be calculated with a grade of "I" on a report card.
- Seniors who receive an "I" in a required course at the end of 2nd semester will not be eligible to participate in the graduation ceremony. In the event of a severe illness or other factors beyond the control of the student preventing completion of a required course for graduation, the principal or his/her designee may allow seniors to participate in the graduation ceremony but not receive the diploma until grad requirements are satisfied.

Deficiency Notices

At any time during the semester a deficiency notice may be sent by email and/or mail to parents or guardians to report those students who are in danger of failing. Teachers are encouraged to contact parents at any time during the school year if the student is having academic or behavior difficulties in the classroom.

Honor Roll and Class Rank

All grades will be considered when determining the honor roll. The Honor Roll will be published at the end of each semester grading period. To be on the "A" Honor Roll a student must have a GPA between 3.700 and 4.0. To be on the "B" Honor Roll a GPA between 3.0 and 3.699 is required. Students with Incompletes are not eligible for the honor roll. Students who have been caught cheating will be excluded from the Honor Roll.

All students who are registered as full time students for grades 6 through 12 are eligible to be recognized for the semester A and B honor rolls.

Valedictorian, Salutatorian, and Honors Status

Valedictorian and Salutatorian students for a graduating class will be determined based on the cumulative grade point average of students at the conclusion of the first semester of their graduation year. Honors for graduation will also be determined with 1st semester final grades during senior year.

Cumulative Grade Point Average and Class Rank

Students qualify for class rank graduation recognition based on their cumulative grade point average (GPA) for grades 9 through 12. Final GPA for recognition is calculated at the completion of the first semester of a student's senior year. Students who are eligible for academic recognition based on class rank is limited to students who are registered full time students and who have not received any final grades for any class that were calculated based on modified curriculum and/or modified testing procedures and/or modified grading procedures.

Senior Graduation Academic Recognition

Graduating seniors are recognized for academic achievement with high honors, honors and honor/honor status. Recognition is based on a student's cumulative grade point average (GPA), for four years of high school as a full time student. To qualify for academic recognition the following criteria must be met:

- No failing grades in any classes taken in grades 9 through 12.
- Honors/Honors: top ten and 3.510-4.0 according to the class rank.
- High Honors: a cumulative GPA of 3.510-4.0 (not in top ten)
- Honors: a cumulative GPA of 3.260 - 3.509

Graduation Requirements (Policy 613)

Students must meet all course credit requirements and graduation standards, as established by the state and the school board, in order to graduate from Royalton High School.

Course Credits Required (Policy 613)

In order to receive a diploma, students must successfully complete the required amount of credits, pass all state-mandated tests, and comply with the following high school level course requirements:

Graduation & Commencement

1. To receive a Royalton High School diploma students must successfully complete:
 - a. All required classes.
 - b. The total number of credits required by the District for graduation.
 - c. Any state-mandated testing required to graduate.
 - d. Senior Portfolio Completion.
2. For any class needed to qualify for a Royalton High School diploma, all coursework and grades must be completed and turned into teachers by the end of the last school day senior students are in session in order to participate in the commencement ceremony.

Homework/Practice

Homework/Practice assignments are made by the teachers. The amount of homework/practice varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly. Homework/practice is expected to be completed for students to gain an understanding of the material being presented in class. Students will receive a maximum of 20% of their final grade as homework.

Independent Study Courses

Independent study programs may be established for students who wish to pursue a program in depth beyond the available curriculum offered. Students electing independent study courses shall have demonstrated both interest and success. Requests for independent courses must detail course expectations and grading, and must be approved in advance by the principal.

Seniors who have not completed independent study courses from another institution by the end of their final semester and who are making satisfactory progress towards graduation will be allowed to participate in commencement exercises but will not receive a diploma until the school receives verification that all course work has been completed.

The attendance policy guidelines apply to independent study courses offered by Royalton High School.

Parent Right to Know

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

Post-Secondary Enrollment Options (Policy 620)

Any student classified as an 11th or 12th grader and accepted by a post-secondary institution may enroll either full or part time in courses or programs at the post-secondary institution. (See your counselor for specific admission procedures & requirements).

A 10th grade student may enroll in career or technical education courses offered by a Minnesota state college or university. A 10th grade student applying for enrollment in a career or technical education course must have received a passing score on the 8th grade Reading MCA as a condition of enrollment.

9th and 10th grade students can also access PSEO courses on a more limited basis. Access to PSEO for 9th and 10th grade students is limited to college in the schools, and only when more students are needed to offer a course after 11th and 12th grade students have applied.

Interested students must fill out an application form and submit it to the guidance counselor, Ms. Monica Flakus by March 30 for enrollment the following school year. The application form must be signed by the student and his/her parent or guardian. Students wishing to take a PSEO course should contact the guidance counselor, Ms. Monica Flakus.

Part III, Rules and Discipline (Policy 506)

Rules for Student Behavior

The discipline procedures contained in this student handbook are based upon School District Policy #506, Student Discipline. The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. The policy can be found on the school website. The Royalton HS/MS Student [Code of Conduct](#) can be found as an addendum to this Student Handbook.

It is the right of every teacher to teach and the right of every student to learn in an orderly environment. Rules are necessary for the day to run smoothly and ensure everyone's safety. Please use common sense in your actions and to treat others with kindness and respect.

The student [Code of Conduct](#), behavior expectations, disciplinary procedures and actions, and student removal from class procedures and actions are located in School District Policy 506, Student Discipline.

Discipline (Policy 506)

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the complete Student Discipline Policy #506 and the RHS/MS [Student Code of Conduct](#) in the appendix.

Dance Rules

- Royalton Middle/High School dances are for Royalton students only, unless special permission is received. If out-of-school guests are allowed, they must be signed up in the principal's office prior to the dance. This list must be approved by the principal.
- Once a student leaves the dance he or she may not return to the dance.

- Students will not be admitted to dances one hour after the dance begins. Most dances will end between 11:00 pm-midnight. For the prom, juniors and seniors may ask dates from other schools in grades 11th or 12th, or from RHS in grades 10th – 12th.

The following is a list of rules for class meetings, parties and dances.

1. Class meetings, when necessary, will be held by arrangement with the principal and scheduled with the front office staff.
2. Only advisors are to schedule class meetings with the front office and meetings are to be scheduled at least one week prior to time desired for the meeting unless there is a need for an emergency meeting. All meetings are to be on the weekly calendar.
3. All class meetings must be approved and attended by an advisor.
4. Any party or event planned by a class and approved by advisors must have at least one advisor in attendance on the scheduled date.
5. All supplies are to be requisitioned through the general office. In case of emergency, supplies may be purchased locally by purchase order and signed by the class advisor.
6. Class parties, picnics and other social affairs may be held at the discretion of the advisors with the approval of the administration.
7. All school dances must have approval by the school administration.
8. Advisors are to see that all properties for any activity sponsored by a group are cleaned up and returned on the day following the activity.

Acts of Affection

Students are encouraged to maintain a publicly acceptable standard of behavior with regard to school relationships. Public displays of affection beyond holding hands are inappropriate before, during, and after school or at school functions.

Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability.

Attendance Policy (Policy 603)

Attendance is an important factor in a student's success at school. RHS/MS would like to encourage students to be in attendance each day so that they may receive the maximum benefit from their education. Some absences from school are unavoidable and we place the responsibility on students and their parents to make sure those absences are infrequent, when necessary, and that proper procedure has been followed.

A student must be in attendance all day in order to participate in a scheduled extra-curricular practice, event or competition. Students must have an exempted absence to be eligible to practice or participate in an event. The principal may grant permission due to extenuating circumstances.

Definitions

Excused absence. A student is absent from school all or part of a school day. A parent/guardian presents reasonable justification to the principal's office for their child's absence. Excused absences count toward attendance totals.

Unexcused absence. A student is absent from school all or part of a school day. A parent/guardian has not given a reasonable excuse for their child's absence or administration has made the determination that the absence is unexcused. Skipping classes and "sleeping in" are typical examples of an unexcused absence. Unexcused absences count towards attendance totals.

Exempt absences. An exempt absence is an absence excused due to a note from a doctor, dentist, lawyer, or any reason deemed appropriate by the principal. AN EXEMPT ABSENCE DOES NOT COUNT IN A STUDENT'S ATTENDANCE TOTALS. Other examples of exempt absences may include absences due to:

- Medical appointments, verified in writing by the medical office.
- Dental appointments, verified in writing by the dental office.
- Required court appearance or legal appointments verified in writing by the court or law office.
- Funerals
- College visits as well as visits to armed forces facilities or recruiting offices. Students are generally allowed two visits in 11th grade and two in 12th grade. Arrangements can be made with the principal to approve additional college visit days. All college and armed forces visits should be arranged through the Career Resource Center. Parent permission should be received prior to the college visit. Students must provide evidence from the college of the visit to the attendance secretary upon their return to school. Absences due to school approved college visits are exempt absences.
- Authorized religious holidays/observances
- A one-time family trip, per school year, requiring more than two school days with prior approval from the principal's office. In order to receive an exemption for a family trip, the high school office must be notified at least one week in advance and students must complete a family vacation request form. The request form must be returned to the principal and approved prior to the student leaving for the family trip. **Family trip requests will NOT be granted during the MCA Testing window which usually occurs in mid-April.**
- The school district encourages families to plan trips around school breaks. There are several times throughout the school year when school is not in session before and after weekends. Family trips that are planned around days that school is not in session may be less than two school days in length. Students and parents must still complete the requirements listed in the previous paragraph.

Attendance Procedures

When a student is absent:

1. Parents should call the school attendance line at 584-4241 any time before 9:00 a.m. and leave a message on the attendance voice mail with the reason for their child's absence. If the school has not been contacted regarding an absence, a phone call will be made home or to the place of employment of the parent.
2. Parents should write a note explaining why their child was absent. The student should report to the student attendance secretary upon their return to school and present the note to the attendance secretary prior to going to class.
3. If you forget a note or your parents cannot be contacted, you will receive an unexcused absence.
4. Students who are absent for more than 15 minutes will be counted absent for that period.

When a student must leave the school during the school day:

1. If you become ill during the day, you need to get a pass from the classroom teacher and report to the office. The office will contact the parent to determine if the student will be excused to leave school. **Students who call parents from cell phones without first being seen in the nurse's office will not be exempted.**
2. If you need to leave during the day for any other reason, you must have a parent call or send a note with the reason for the absence and time you must leave and pick up a pass in the office to show your teacher. In addition, when deemed necessary by the administration (crisis situation), students may be required to be picked up by their parents(s) or guardian(s) or a signed note from a parent must be sent to the high school principal before a student will be allowed to leave the school.
3. Sign out in the office before leaving and check back in when you return. If a student fails to sign out prior to leaving school the student will be assigned detention.
4. Leaving school without permission will be unexcused and will result in detention or in-school suspension.
5. A parent may pick up his/her child at school in person at any time. A phone call in advance will speed up this checkout procedure.

6. Royalton High School/Middle School operates as a closed campus and students are not allowed to leave school for lunch. Leaving during lunch will require parent and principal permission and will be granted only on a very limited basis.

Absence Limit

To ensure that each student gains the maximum benefit from classroom instruction and to help ensure that teachers do not spend an inordinate amount of time assisting absent students to “catch up” on missed work, a limit on the number of times a student can be absent has been set. At five excused absences in any class during a semester a letter will be sent home to parents indicating the importance of school attendance and its relationship to academics. After eight absences in any class during a semester, another letter will be sent indicating that **after eight absences all absences must meet the requirements of exempted absences or absences will be marked unexcused.** Students will be subject to other disciplinary actions, including but not limited to truancy, detention, and suspension.

If You Are Going To Be Gone From School for a School Activity

Field trip permission slips should be returned to the coach or advisor before the activity.

Students who will be gone for school activities should complete homework before they are gone. It is the responsibility of the advisor/coach and teacher to make sure students complete the assignments since students will not be given absence slips.

Names of students that will be absent should be given to teachers by advisors/coaches in advance through a list in their mailboxes and by email. Students will not be allowed to drive themselves to or from a school trip.

In order to participate in a school-sponsored field trip a student cannot have accumulated 15 or more discipline points during the previous quarter and/or the quarter in which the field trip occurs. Those points are defined as:

- Out-of-school suspension, 10 points per day of OSS,
- Full Day In-School Suspension, 7.5 points per full day of ISS
- Half Day In-School Suspension, 5.0 points per half day of ISS
- Detention, 2.5 points per detention.
- Morning Detention, 1.25 points per morning detention.
- Lunch Detention, 1 point per lunch detention.

The principal has the right to make the final decision on whether any student may or may not participate in any school-sponsored field trip.

Tardiness

If a student is late for class for an excused reason such as meeting with a teacher, that teacher should give the student a pass to class. When the student is tardy, the student should report to the office for a pass. The student will receive detention after five tardies in a quarter. When a student first arrives at school and they are more than fifteen (15) minutes late or tardy, it will be counted as an absence. Students will receive detention for every five tardies they receive during one of the four tardy windows listed below. All tardy counts are reset at the beginning of each of these tardy windows.

Tardy Timeframes for each school year. Tardy counts will reset at the start of each of the 4 sessions during the year:

Start of School through November 1st

November 2nd through end of 1st semester

Start of 2nd semester through March 31st.

April 1st through the end of the school year.

Make up Work:

- Students will be given one day for every day absent to make up work.

- If a student is gone for more than one day, they will be given the equal number of days to complete the make-up work.
- If the student was told about a test or project that was due before they were gone, the teacher may require they take the test or turn in the assignment on the day they return.

Truancy

Truancy is being absent from class or school without the approval of the school. Skipping class will result in detention or in-school suspension for an unexcused absence.

Fifteen consecutive days of absences for a student will result in being dropped from school enrollment. Students under the age of 16 who are truant will be reported to the county attorney. Truancy enforcement is based upon the county of residency. According to state law, students who accrue three unexcused absences are considered a “continuing truant”. Students who reach seven unexcused absences in a year are considered a “habitual truant” and will have truancy papers filed on them with the county attorney in the student’s county of residence.

Administration and School Board

The administration has the right to make the final decision on whether an absence will be excused, exempted or unexcused.

The School Board reserves the right to act on any and all violations. The only exceptions granted to this policy are those days excused and exempted with verification stating the date of the absence, the reason for not attending school and when the student should return to school.

Perfect Attendance

To qualify for perfect attendance recognition a student must be in attendance every day, every hour school is in session. The only absences that are allowed are days a student would be absent from the building due to participating in a school sponsored activity. Examples of these activities include but are not limited to school sporting events, extra-curricular activities, state testing, etc. Any tardiness to class will disqualify a student for being recognized for perfect attendance.

Bullying Prohibition (Policy 514)

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, is prohibited on school district property or at school-related functions. For detailed information regarding the school’s policies, procedures and actions regarding bullying see the district’s Bullying Prohibition Policy, #514 located in the appendix of this handbook. A copy of the policy is available upon request at the school office located at 120 South Hawthorn Street, Royalton.

Cameras

Cameras should only be used in school for academic purposes as a general rule during the school day. The personal use of cameras on cell phones and iPads must not be used in a manner that exploits other students or contributes to bullying or harassment. Students will have their phone/iPad/camera device confiscated if found to be using it in a negative manner and it will be turned into the HS/MS office.

Care of School Property - Fees and Fines

The school district is accountable for property purchased by our taxpayers and that property should be viewed as "loaned" to students. Therefore, students are expected to keep school property in good condition. Students are responsible for damage to any texts, materials, uniforms, equipment, or property.

Cellular Telephones and iPad/iPods (Policy 524)

Students can use their phones in the locker bank during passing times. Phones are not allowed at lunch, hallways, or in class. Students can carry their phones if they choose, but should not be looking, checking them, or doing anything with

them in areas and times where they are not allowed. Students are encouraged to keep them in their locker if they feel they are going to be tempted to use it.

1st Offense—Teacher keeps phone until end of period, and writes up student in Skyward.

2nd Offense-- Teacher turns phone into the office, writes up student in Skyward, and contacts parents about use of the phone. Phone returned to student at the end of the school day.

3rd Offense-- Teacher turns phone into office, writes up the student in Skyward. Phone returned at the end of day.

4th Offense-- Teacher turns phone into the office. Phone is returned at the end of the day, Teacher writes up student in Skyward. Student will receive lunch detention on the next available day.

5th & Subsequent Offenses—Teacher turns phone into the office and writes it up in Skyward. **Parent must pick up phone.** Student receives detention.

Failure/Refusal to turn over the device to staff upon request will result in immediate in-school suspension or removal from school for the day. (The student will not be allowed to keep their device and remain in class). If the student decides to turn the phone over, they will be allowed to return to class and the device will be returned to them or their parent/guardian at the end of the school day (depending on how many cell phone offenses they have).

The building principal, with reasonable suspicion, may review the contents of a cell phone if s/he has reason to believe there is the possibility that the cell phone may have been used to violate the privacy or civil rights of another student or school district personnel or; the phone was used to cheat, take pictures of students, teachers, school district personnel or; used for the purpose of perpetrating any act of violence, terroristic threat or physical threat or assault or; used to violate any school district policy or regulation.

Detention/Lunch Detention

Students will be assigned detention by a teacher or the principal. Detention will be on Tuesday or Thursday from 3:15 - 4:45 p.m. The office will assign the night and notify the student. If a student misses/skips a detention, the student will have 1/2 day in-school suspension assigned for the next available ISS day. Students who receive two or more detentions before completion of their assigned detention will receive in-school suspension or out-of-school suspension, **in lieu of serving the accrued detentions.** Students can also be assigned lunch detention for less severe rules violations. Lunch detentions will take place during the student's lunch period and are assigned on the next available lunch detention date.

**** A student who wishes to switch an assigned detention may do so once. A telephone call or a note from a parent, requesting the change is required. The principal may also approve a switch in detention assignments.**

Dress and Appearance (Policy 504)

Students are encouraged to be dressed appropriately for school activities and in keeping with community standards.

Appropriate clothing includes, but is not limited to, the following:

- Clothing appropriate for the weather.
- Clothing that is neat, clean and in good taste at all times.
- Clothing that does not create a health or safety hazard.
- Clothing appropriate for the activity (i.e., physical education or the classroom).

Inappropriate clothing includes, but is not limited to, the following:

- "Short shorts," skimpy tank tops, tops that expose the midriff, and other clothing deemed not appropriate.
- Clothing bearing a message that is lewd, vulgar, or obscene.
- Apparel promoting products or activities that are illegal for use by minors.

- Objectionable emblems, badges, symbols, signs, words, objects, or pictures on clothing or jewelry communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group, evidences gang membership or affiliation, or approves, advances, or provokes any form of religious, racial, or sexual harassment and/or violence against other individuals as defined in school district policy.
- Any apparel or footwear that would damage school property.
- Hats/caps are allowed to be worn in the building during the school day. The hats/caps must be school appropriate and not interfere with safety and/or the educational process of the classroom and school. Teachers may disallow hats in their classroom at their discretion. Students are expected to know and follow these rules at all times. Hoods are not allowed to be worn in school at any time.
- Shoes shall be worn at all times except for activities with teacher/principal approval.
- All skirts and pants must be at least mid-thigh or longer in length.
- All shirts and/or tops must have at least two straps; one per shoulder and all undergarments must be covered. Exception: teacher approved clothing for physical education classes that are worn for that class only.

If the administration believes a student's appearance, grooming, or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. A parent or guardian will be notified.

Drug-Free School and Workplace (Policy 418)

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited (this includes e-cigarettes with or without the nicotine chemicals). The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance which has a currently accepted medical treatment into a school location for personal use if the person has a physician's prescription for the substance. Students who have prescriptions must comply with the school district's "Student Medication" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition (Policy 413, 525)

The school district strives to maintain a learning and working environment that is free from religious, racial, or sexual harassment and violence. The school district prohibits any form of religious, racial, or sexual harassment and violence. For detailed information on the school district's Harassment and Violence Prohibition Policy #413 & #525 located in the appendix of this handbook.

Hazing Prohibition (Policy 526)

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. For detailed information on the school district's Hazing Prohibition Policy # 526 in the appendix.

Internet Acceptable Use (Policy 524)

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

Royalton Schools Communications Technology Acceptable Use Policy (Policy 524)

Along with access to computers and people all over the world comes the availability of materials that may not be considered appropriate in the classroom. However, on a global network it is impossible to control all materials. Ultimately, the school staff, parents, and guardians of minors are responsible for setting and conveying the standards that students should follow when using media and information sources. The Royalton School District supports and respects each family's right to decide whether or not to allow their child to apply for access to the telephone, video, and computer networks we provide.

Rules and Responsibilities

Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallway. Electronic communications are often public in nature. General school rules for behavior and communications apply.

The Royalton School District is providing for students and staff various technology materials to conduct research and communicate with others in relation to school work. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required. Access is a privilege, not a right. Therefore, based upon the acceptable use guidelines outlined in the document, the school administrators or their designated representatives may close an account at any time. The administration, faculty, and staff of the Royalton School District may deny, revoke, or suspend specific user accounts.

Individual users of the telephones, video networks, and computer networks are responsible for their own actions. Their behavior must be in support of education and must be consistent with the academic expectations of the school district. Use of other organizations' networks or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of U.S. or State regulations including copyrighted, threatening, or obscene materials is prohibited. Use for commercial activities by for-profit organizations, product promotion, political lobbying, or illegal activities is strictly prohibited.

The user is expected to abide by the following rules of etiquette:

- Be polite. Do not communicate abusive messages.
- Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.
- Transmission of obscene materials is prohibited. Sending or receiving offensive messages or pictures from any source will result in immediate suspension of privileges.
- Do not reveal the personal address or phone number of yourself or other students.
- Do not communicate any personal credit card number, bank account number, or any other financial information.
- Electronic mail is not guaranteed to be private. People who operate the system DO have access to all mail. Inappropriate messages can result in the suspension of privileges.
- Do not use the telephone, video network, or computer network in such a way that would disrupt the use of these resources by other users.
- Vandalism—any malicious attempt to harm or destroy the data of another user—will not be tolerated.
- Any questionable action will result in the cancellation of user privileges.

Violation of any of the above rules and responsibilities will result in a loss of access. Also, violations will be reported to the appropriate administrator for possible further disciplinary and/or legal action.

Technology Usage Policy (Policy 524)

Inappropriate Logins

Students who use another student's login name and/or give their name or password to other students.

Inappropriate Computer Activities

Students who play games; do personal web surfing; tamper with equipment; send unauthorized email; visit chat rooms; print unauthorized documents; visit restricted sites or joke sites; download unauthorized audio, video or image files.

Installing Software, visiting inappropriate sites, chat, email, etc.

Students who visit porn, hate or violence advocating sites; install unauthorized software; deface or use technology equipment in a destructive manner.

Students will receive the following consequences for inappropriate technology use.

- A. 1st Offense – Student will be put on a restricted filter policy for 2 weeks
- A. 2nd Offense – Student will be put on a restricted filter policy for 4 weeks
- B. 3rd Offense – Student will be put on a restricted filter policy for the remainder of the semester.

****If equipment is rendered inoperable, a replacement fine will result.**

****The administration reserves the right to sanction students more severely based on the nature of the offense.**

****A restricted filter policy will allow the student to only access the websites and apps required to complete their school work. All other content will be blocked. This includes games, social media, and streaming services.**

Reporting procedure: All incidences will be reported to the principal and a discipline notice will be sent home to parents. A copy will also be placed in the student's records.

Laser Pointers

Laser pointers brought on campus, during or after the school day, will be confiscated. Students may also be subject to additional consequences. Medical research suggests that exposure to laser pointers, for as little as two seconds may cause impaired vision and physical damage to the retina. Therefore, laser pointers used in a manner for which they are not intended may be treated as "weapons" within the meaning of the district's weapons policy.

Locker Rooms

Students enrolled in physical education classes or participating in athletics will be assigned a locker and a lock will be available at the beginning of the school year or the sports season. The student is responsible for turning in the lock or will be responsible for paying \$5.00. Students may use a personal lock if they wish but a copy of the combination or a duplicate key must be left in the office. Do not leave valuables unattended. All personal or valuable items should be locked in lockers to prevent theft. Lock your locker and turn the valuables into the P.E. office or coach for safekeeping.

Protective Devices

In accordance with State Law, students participating in certain art classes (ceramics and sculpture), industrial arts laboratories, agriculture, and science classes using chemicals are to wear school-provided safety devices. Any student failing to comply with such requirements will be temporarily suspended from participating in the class and the registration of a student for the course may be canceled by the principal for willful, flagrant, or repeated failure to observe the above requirements.

Tobacco-Free Schools (Policy 418, 419)

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy prohibits the use of tobacco or tobacco-related devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco or tobacco-related device in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's Tobacco-Free Environment policy #419. Contact the building principal if you have questions or wish to report violations.

Royalton schools are designated as tobacco-free. The possession or use of tobacco, or attempting to purchase tobacco products at any time on or within 500 feet of school property, in a school vehicle or at a school-related activity will result

in in-school suspension or out-of-school suspension. In addition, students found violating this policy may also be reported to the County Attorney, and may be required to complete a class.

Use of Office and Copy Machines

For reasons of safety, security and congestion, students are not allowed beyond the counter in the office without permission. A charge will be assessed for personal copies. Students wishing to make copies in the library must first get the approval of the librarian.

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

Weapons Prohibition (Policy 501)

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A “weapon” means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; nunchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district takes a “zero tolerance” position in regard to the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the School Weapons Policy #501, contact the building principal or the superintendent of schools.

Part IV, Health and Safety

Accidents

Except in an emergency and to the extent that a student needs medical attention, all student injuries that occur at school or school-sponsored activities should be reported to the building principal or his/her designee by the student and instructor as soon as possible. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Update

The school district has developed an asbestos management plan. A copy of this plan can be found in the district office located at 120 South Hawthorn Street, Royalton and is available upon request.

Crisis Management (Policy 806)

The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Emergency Contact Information

At the beginning of each school year and when a student first registers for school, the school district collects from students and parents/guardians emergency contact information. The high school/middle school keeps this information in

its student data management program. It is important that parents/guardians provide the school with this information in case of an emergency. It is important that parents/guardians report any changes in emergency contact information to the school so that school records are current and up to date. Information can be obtained by contacting the high school/Middle School main office at 320-584-4200.

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) on the west wall of the commons area by the main entrance doors and near the concession stand in Activities Entrance/Cafetorium. Tampering with any AED is prohibited and may result in discipline.

Communicable Diseases (Policy 420)

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Health Service

The student health office is staffed by a trained Registered School Nurse and a trained Licensed Practical Nurse.

A student who is ill must obtain a pass from his/her classroom teacher (except in an emergency) and then report to the school office. Students who fail to sign in and out of the sick room, and whose whereabouts during the time cannot be determined, will be treated as skipping. Students will only be allowed to remain in the sick room for one class period and then must report back to class or request permission to go home. Time spent in the sick room will be counted as absent. No student will receive permission to leave the building to go home without parental/emergency contact.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. A parent/guardian should contact the attendance secretary at 584-4241 any time before 9:00 a.m. and leave a message on the attendance voice mail with the reason for their child's absence. If the school has not been contacted regarding an absence, a phone call will be made home or to the place of employment of the parent.

Immunizations

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the school nurse at 584-4243.

Insurance

The school does not provide accident insurance for students. A voluntary school accident benefit insurance plan will be made available to all students during the first week of school.

Medications at School during the School Day (Policy 516)

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student's prescription medication administration.

Pesticide Application Notice

Minnesota state law requires that schools inform parents and guardians if the school applies certain pesticides on school property. The school district is required to maintain an estimated schedule of pesticide applications and to make the schedule available to parents and guardians for review or copying at each school office. ROYALTON PUBLIC SCHOOL DISTRICT AND ROYALTON HIGH SCHOOL DOES NOT HAVE A SCHEDULE OF APPLICATIONS; THEY ARE DONE ON AN AS NEEDED BASIS.

State law also requires that you be told that the long-term effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood.

If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule (excluding emergency applications), please complete and return the form in Appendix II and mail it to: Tony Duevel, PO Box 5, Royalton, MN 56373. If you have any questions regarding this notice, please contact Royalton Public Schools at 320-584-4000.

Visitors in District Buildings (Policy 903)

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the main office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the front desk of the main office and to wear a "visitor badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

If you would like to meet with a particular teacher about an individual or personal concern, contact the teacher and arrange a time to meet when the teacher does not have a scheduled class. Visitors to the middle school/high school, other than parents, are not permitted except in special circumstances, for example; a new student moving into the district. That visit must be pre-arranged in advance with the principal.

PSEO students are not considered visitors and have the same access to the school building as any other student. PSEO students may get a fob to access the northeast doors during the school day (8:15-3:10). These fobs can be obtained through the district office with approval of the building principal and should only be used by the student to whom the fob is issued. There is a \$10.00 deposit for a student fob.

Students and teachers should immediately direct visitors, strangers, and vendors who enter the building to the school office.

any person with knowledge or belief of conduct which may constitute harassment or violence prohibited by this policy toward a student, teacher, administrator, or other school district personnel or group of students, teachers, administrators, or other school district personnel should report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report conduct that may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. In Each School Building. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

E. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include acts of harassment or violence. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.

F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.

G. In the District. The school board hereby designates the HR Director as the school district human rights officer(s) to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.^[1]

H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.

I. Submission of a good faith complaint or report of harassment or violence prohibited by this policy will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.

J. Use of formal reporting forms is not mandatory.

K. Reports of harassment or violence prohibited by this policy are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

L. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

M. Retaliation against a victim, good faith reporter, or a witness of violence or harassment is prohibited.

N. False accusations or reports of violence or harassment against another person are prohibited.

O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.

B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.

E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.

B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or

guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.

C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes Chapter. 260E may be applicable.

B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence, or abuse.

X. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall be conspicuously posted throughout each school building in areas accessible to students and staff members.
- B. This policy shall be given to each school district employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- C. This policy shall appear in the student handbook.
- D. The school district will develop a method of discussing this policy with students and employees.
- E. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, resourcefulness, and/or sexual abuse prevention.
- F. This policy shall be reviewed at least annually for compliance with state and federal law.

505 DISTRIBUTION OF NON SCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.

B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.

B. "Non School-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.

C. "Obscene to minors" means:

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and

3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

D. "Minor" means any person under the age of eighteen (18).

E. "Material and substantial disruption" of a normal school activity means:

1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.

C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:

If the person does not receive a response within 5 business days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. - E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.

1. All violations of the student code of conduct as found in the District Student Discipline Policy will be forwarded to the building principal;
 - a. In writing using a discipline referral form.
 - b. Reported in electronic format using email or the student data management program.
 - c. Verbally in person or by telephone.

J. Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student's Behavior.

1. Parents/guardians may be contacted to request assistance in the improvement of their child's behavior. That contact may be made:
 - a. By the building principal or his/her designee orally or in writing.
 - b. By the classroom teacher orally or in writing.
2. The school may request that parents/guardians attend conferences, IEP staffing, or general meetings to discuss the improvement of the student's behavior.

K. Any Procedures Determined Appropriate for Encouraging Early Detection of Behavioral Problems.

1. Teachers and support staff should report in writing using the Royalton Schools Child Study Referral Form any student who they think may benefit from early intervention for behavior problems.
2. After receipt of the form, the Child Study Team will make recommendations and/or referrals in reference to the student's behavior.
3. Parents may submit in writing or verbally to the principal, guidance counselor, social worker or the chemical health counselor (if available) any concerns or questions regarding the investigation and/or possible evaluation of a student in in order to detect any possible behavioral problems.

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10)

school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal

administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourages a parent or guardian of the student to attend school with the student for one day;
 - b. assigns the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petitions the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.

14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as

otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the Individuals with Disabilities Act (IDEA) or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.

D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

E. False accusations or reports of bullying against another student are prohibited.

F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or

2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

C. "Immediately" means as soon as possible but in no event longer than 24 hours.

D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:

1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.

E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses

to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:

1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
4. The incidence and nature of cyberbullying; and
5. Internet safety and cyberbullying.

C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.

D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;
3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
5. Teach students to advocate for themselves and others;
6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and

7. Foster student collaborations that, in turn, foster a safe and supportive school climate.

F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.

C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.

E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.

F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. 525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501 School Weapons).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.

D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.

B. The school board and administration will inform staff and students annually of policies and procedures related to violence prevention and weapons.

C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.

D. The consequences set forth in the school weapons policy (Policy 501 School Weapons) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.

E. The consequences set forth in the school hazing policy (Policy 526 Hazing Prohibition) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.

F. Students who engage in assault or violent behavior will be removed from the classroom immediately and for a period of time deemed appropriate by the principal, in consultation with the teacher, pursuant to the student discipline policy (Policy 506).

G. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.

H. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minn. Stat. § 121A.05.

I. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413 Harassment and Violence) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504 Student Dress and Appearance). "Gang" as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which

has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

J. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504 Student Dress and Appearance).

526 HAZING PROHIBITION

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.
- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.

F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

G. This policy applies to hazing that occurs during and after school hours on or off school premises or property, at school functions or activities, or on school transportation or electronic messages.

H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.

I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving the consumption or inhalation of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. “Immediately” means as soon as possible but in no event longer than 24 hours.
- C. “On school premises or school district property, or at school functions or activities, or on school transportation” means all school district buildings, school grounds, and property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property may also mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. “Remedial response” means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. “Student” means a student enrolled in a public school or a charter school.
- F. “Student organization” means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well. We will be adding the Hazing form to the Harassment, Violence form. The forms can be found in the secondary office.
- The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human

rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.

D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, work assignments, or their educational or their work environment.

E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.

F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

A. Within three (3) school days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students or others pending completion of an investigation of alleged hazing prohibited by this policy.

C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be

sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies and regulations.

E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.

F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's IEP or Section 504 plan be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits and act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.

B. The school district will develop a method of discussing this policy with students and employees.

Welcome to Royalton Elementary School!

Dear Parents,

Welcome to a new school year at Royalton Elementary School. We are very excited about working with you and your children. Our goal is to provide an exceptional education in a caring and nurturing environment. We will do everything possible to ensure that each child has a positive and successful experience at our school.

Throughout the year, many valuable learning opportunities will be offered to your children. These will range from core instruction in essential academic skills to enrichment activities such as field trips, assemblies, Reading is Fundamental (RIF) book distributions, environmental learning activities, Kids Heart Challenge, reading buddies, after school programs, and special events. Royalton Elementary is committed to providing a comprehensive education that meets the needs of the whole child.

This handbook provides an overview of our school's goals, expectations, and policies. Please read through the information carefully so that you will have a fuller understanding of the entire scope of our program. It will also be a valuable guide if questions or concerns should arise. Your input on the content of our handbook is welcome.

As principal, my goal is to provide excellent leadership in maintaining and improving the quality of our elementary school program. I am committed to encouraging everyone in the school community to work together for the benefit of the children. Our school and parent community partnership is what makes us strong.

Thank you for the many important ways you support your children's education. I look forward to a rewarding, productive, and successful school year for everyone.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Neumann', with a stylized, flowing script.

Mr. Anthony Neumann, Principal

SCHOOL PHILOSOPHY

The staff at Royalton Elementary School believe each student is a special person entrusted to our care. Our goal is to nurture each child's unique talents through a positive climate that motivates students to enjoy learning. We view parents as the primary caregivers, and we will act in cooperation with them to provide their children with a quality education.

We are committed to the development of the whole child and will work to meet their academic, social, emotional, and physical needs. Beyond a strong basic education, we will provide enrichment activities to match students' individual interests and creative talents.

We are also dedicated to teaching our students good citizenship and civic responsibility. A concern, tolerance, and respect for others are values we will teach by example and instruction. The atmosphere at our school will reflect dignity, and we will provide reasonable limits to maintain an orderly environment.

We will strive to establish an open relationship with the entire community. Parent involvement, volunteer activity, and community service projects are encouraged. We also believe in the continuing education of our school staff through professional development and ongoing review of effective policy and practice.

SCHOOL HOURS

School hours for teachers vary from 7:30am – 4:00pm.

You may contact teachers during these hours. However, they may need to return your phone call during their prep time.

ARRIVAL TIME – ROYALTON ELEMENTARY SCHOOL

Children who do not ride a bus should not come to school until **after 8:00 a.m.** (bus arrival time). We do not have adequate supervision for the children until after that time. Children who arrive before 7:45 a.m. will be required to go to the morning MAP program. Families will be charged for 30 minutes of supervision. Children who arrive after 7:45 a.m. will be required to sit in the cafeteria until 8:00 a.m. The school day for students begins at 8:25 a.m. Elementary, K-5, attendance calls should be directed to the attendance secretary at (320) 584-4161.

ARRIVAL TIME – EARLY CHILDHOOD CENTER

The school day for Kindergarten is at 8:25 a.m. until 3:05 p.m. Kindergarten students can be dropped off at 8:00 a.m. and breakfast will be available from 8:00 a.m. to 8:25 a.m. If the children are early, we will have supervision from 7:45 a.m. – 8:00 a.m. If you need to drop your kindergarten children off earlier, they will need to be dropped off at morning MAP at the elementary school and then students will be bussed. Kindergarten attendance calls, bus passes, and/or change in daily routine notes, etc. should be communicated to the Elementary Attendance Secretary at (320) 584-4161.

DISMISSAL TIME

Official dismissal time for our students is 3:05 p.m. All students will be asked to leave the building at this time unless they have been given special permission from a teacher to remain after school. Any student not picked up by 3:10 p.m. will be brought to the attendance office where a phone call will be made home to pick up your child.

Students are supervised while loading the bus. Written permission is required from the parent along with approval from the transportation director before a student is allowed to ride a bus other than his/her regular bus or getting off anywhere other than their normal stop.

CHANGE IN CHILD'S ROUTINE

Your child's end-of-day routine should be as "routine" as possible. On the rare occasion when you must change your child's end of the day destination, you must send a note with your child to school. It will be necessary for you to send a separate note with each of your children to give to their classroom teacher. Please do not list more than one student on each note. The child's teacher will initial the note and have your child bring it to the office. Your note must include:

- Date
- Your child's teacher's name
- Your child's name
- Emergency telephone number where you can be reached; and
- Your child's destination (specific name or place).

The school telephones are for school business and emergencies only (this statement is not intended to discourage calls to teachers about classroom concerns). Telephone messages cause disruption for the students in the classroom. The telephones are not to be used to change your child's after school arrangements, unless it is an emergency. An emergency is defined as:

- An extraordinary event such as a family tragedy or an emergency (e.g. serious illness, automobile accident, etc.).

Please call the school and do not send an email as to where your child should go after school. We could have network issues, substitutes, or increased lag time to respond and get the message out to those that need it.

STUDENT PICK UP/CHECK IN/CHECKOUT

1. Elementary School: Park on the south side of the building. Buses pick up on the East side of the building.

WALKER INFORMATION

Preschool and Kindergarten students will not be allowed to walk home unless escorted by an adult.

- ☐ **All** Elementary School walkers must have a **note** that is **SIGNED** and **DATED** stating that parent or guardian gives permission for their child to walk home.

- If your child will be walking home **every day** you can just write **one note** stating that.

- If your child has an **every other week schedule** to walk home please **send us a monthly note at the beginning of each month** so the office, their teacher, and the after school staff walkers know what days they can be walking home.
- If your child is a walker on certain days but decides to **walk on a not scheduled day, then they need a note from their parent/guardian stating that "yes" they give permission for their child to walk today.** *For example if the student who is scheduled walk Wednesday and Thursday of the week decides to walk home on a Tuesday, then they need a note from the parent/guardian stating that they can walk that day.*

☐ According to school policy **all** children who are walking home need to walk to their destination. For example: Your child can't make the decision to play at the playground before going home; they actually have to go where they are supposed to go after school first, then they are more than welcome to come back to the elementary school.

☐ According to school policy **all** children need to dress for the weather in the winter months which consists: **Jacket/Coat/Hat/Mittens/Gloves/Boots.**

☐ **All** walkers need to follow school rules while waiting to be dismissed to walk home.

- If a walker decides not to follow the school rules then the walking staff will talk to the walker.

1. We give warnings to let the walker know what they are doing is not acceptable.

2. If a walker receives **more than three** warnings in one week the student will be written up and the slip given to Mr. Neumann with a copy to the student's teacher.

If a walker decides to make an **unsafe decision** that will put **he/she or others in immediate danger**, the walker will be written up and the slip given to Mr. Neumann with a copy to the student's teacher.

☐ While we wait for the buses to pass, we expect the students to act respectfully. For example, we do not allow the students to eat food, chew gum, bully, use their iPad, toss footballs, etc. The students can drink water; other beverages are not allowed.

MAP INFORMATION

Before and after school MAP will still be held at the Royalton Elementary School for Preschool (age 4) through Grade 5. Early Childhood students who attend morning MAP will be bused to the Early Childhood Center shortly after 8:00 a.m.

Kindergarten students attending MAP after school will be bused to the Royalton Elementary School from the Early Childhood Center.

USE OF THE TELEPHONE

Children will be permitted to use the school telephone only in emergency situations.

ATTENDANCE POLICY (Policy 503)

MINNESOTA STATE LAW REQUIRES ALL STUDENTS TO ATTEND SCHOOL FROM AGE SEVEN TO SIXTEEN.

Satisfactory progress in school requires regular attendance. Absences create problems for both students and teachers. Students who are absent frequently get behind in their lessons and tend to lose interest in school. It is almost impossible to give the student individually what he/she has missed in class discussion and group work. In the event your child is absent for more than three days because of illness, please contact the school office regarding make-up work.

When your child will be absent, please call the Royalton Elementary School attendance secretary at 320-584-4161 or Early Childhood Center 320-584-4002 by 8:00 a.m. This call should be made every day your child is absent. You can leave a message 24 hours a day if there is no answer. Please give your name, student's name and the reason why your child will not be at school.

For those parents who do not call, someone from the school will call you from 8:30 - 9:30 a.m. We are willing to make these calls, but things will go much better if you call the school before 8:00 a.m. If phone contact is not made, a written note must be sent when your child returns to school or the absence will be counted as unexcused.

Under Minnesota Law (MS 260A.02), a child who misses three days of school without a valid excuse is considered continuing truant. If this should occur, the parents will be formally notified by the school in writing. A child who is absent without valid excuse for seven days is considered (by law) habitually truant (MS 120.01) and the school will file a report of educational neglect.

Students who are tardy must be signed in by their parent at the office before going to their class. If a student is not signed in at the office, he/she may be counted absent for the entire day.

Students who become ill during the school day and are going home must sign out in the office. Parents should not take students out of school without notifying the school first.

When student absences are excessive, the school may require medical slips to be excused. If a student is absent five days in a row, a doctor's note may be required for those absences to be excused.

CELL PHONE AND ELECTRONIC DEVICES POLICY

Student cell phones, smart watches (other than for keeping time) and other personal electronic devices are not to be used during the day without staff permission, even during recess. If a student has a cell phone, the expectation is that the device is in their locker, secured in their backpack and powered off. Devices should not be used in the hallways or while waiting for parent pick up. If there is an emergency, please call the school office. Devices used without permission during the day will be brought to the office, where they can be claimed by the student's parent or guardian. Again, the expectation is that student cell phones are to be kept in their lockers and secured in their backpacks.

DRESS POLICY (Policy 504)

Good grooming is essential to a proper teaching-learning environment. Students are encouraged to dress appropriately for school activities.

Appropriate clothing includes, but is not limited to the following:

- Clothing appropriate for the weather
- Clothing that is neat, clean and in good taste at all times.
- Clothing that does not create a health or safety hazard.
- Clothing appropriate for the activity (e.g. physical education or classroom).

Inappropriate clothing includes, but is not limited to the following:

- "Short shorts," skimpy tank tops, tops that expose the midriff, and other clothing that is not in keeping with community standards.
- Clothing bearing a message that is vulgar, obscene or inappropriate for school.
- Any clothing or footwear that would damage school property.
- Hats are not to be worn in the building except with the approval of the building principal (e.g. student undergoing chemotherapy, medical situations or designated special days).
- Shoes shall be worn at all times except for activities with teacher/principal approval.

COLD WEATHER POLICY

The children go outside for recess daily. They must have clothes appropriate for the weather. Hats and gloves are required in the winter. Students will need to wear boots to play in snow areas. Temperature guidelines for going out for recess in the winter are –5 degrees Fahrenheit or –10 degrees Fahrenheit wind chill.

Winter Clothing Recommendations

Under 60 degrees:

Sweatshirt or coat, shoe covering whole foot

Under 40 degrees:

Coat, snow pants*/long pants, snow boots/shoes covering whole foot

*snow pants required for playing in snow

Under 20 degrees:

Winter coat, hat, mittens/gloves, snow pants/long pants, snow boots

*snow pants required for playing in the snow

GYM SHOES

Students are required to have gym shoes for physical education as a safety precaution.

SCHOOL MEALS (Policy 534)

The Royalton School District follows Minnesota's new Free Meals Program. According to state law, Royalton enrolled students in grades K-12 are provided TWO free meals per day, but are limited to ONE free breakfast and ONE free lunch. We are able to provide free breakfast and lunches to our students because we are a part of the National School Lunch program. Additional items must be paid for through student lunch accounts. For example: If a student brings a cold lunch but wants milk from the school, the student's meal account has to be charged for the price of the milk.

Royalton Public Schools has a computerized lunch tracking system. Students in K-12 will be issued an ID card and given a lunch number that will be computer monitored. When going through the food service line, the student will enter their lunch number. This process allows the district to get reimbursed for the cost of the lunch and/or breakfast from the state of Minnesota. You are encouraged to come and eat lunch with your student. All non-Royalton enrolled students must pay the price for a student lunch. Adult breakfast price is \$2.65; Adult lunch and non-enrolled Royalton students price is \$5.30. Breakfast is served in the cafeteria from 8:00 a.m. – 8:20 a.m.

MILK TICKETS

Milk tickets for milk breaks not during lunch can be purchased in the office at \$10.00 for 20 milks, grades 1-5 only. Kindergarten milk for break time is free.

RECESS EXPECTATION

If students are well enough to attend school, they are expected to go outside for recess, if we are able to be outside for recess.

CHAIN OF COMMUNICATION

Parents with concerns or questions are encouraged to directly contact teachers first. After contact with the teacher, if there is no resolution, contact the building principal. Bus concerns should be directed to the District Transportation Supervisor at (320) 584-4255.

MEDICAL INFORMATION

Royalton schools provide the service of a licensed nurse. The school nurse provides screening, referrals, teaching, and emergency care in the areas of health that enable students to be better learners. When the school nurse is unavailable, health services are shared among the school staff.

IMMUNIZATIONS - State of Minnesota law requires that every child attending school must have received a minimum number of doses of the following vaccinations: DPT, POLIO, MMR, Hepatitis B and chicken pox. The school must have a complete record of your child's immunization status when school starts in the fall.

Parents have the option of exempting a child from having the immunizations. Parents may choose to not have their child immunized, if it is their conscientiously held belief or if for medical reasons it would be harmful for the child to receive the vaccine. A legally notarized conscientious or medical exemption needs to be on file with the school. *If your child is not up to date with their immunizations when school begins, they will not be allowed to attend school until they are fully vaccinated.*

CHILD ABUSE/NEGLECT - Minnesota statute requires that any school personnel who suspects child abuse or neglect report it to law enforcement or the local social services agency. The report will be made in good faith. Follow up on such reports is the responsibility of social services and law enforcement.

VISION AND HEARING SCREENING - The Minnesota Department of Health recommends vision and hearing screenings. Screenings are conducted as follows: Vision screening done on K-5, 7, 10. Hearing screening is conducted in K-5, 8, and 11. This is not a requirement, but most schools do try to follow certain screening guidelines in their district to meet the needs of the students. As part of the school health program, the school nurse is responsible to see that the appropriate referrals or follow-up is done on those students who have identified concerns in these areas. A screening can also be done in these areas on a personal basis with a phone call requesting it.

LATEX – Latex balloons and gloves are prohibited from display and use in the Royalton Elementary School and Early Childhood Center.

DISPENSING OF MEDICATIONS – The school nurse or trained school personnel can dispense medications (prescription or over-the-counter) to students if the medication is accompanied by the correct completed forms. For prescription medication, this form requires a doctor's and parent's signature. For over-the-counter medication, only a parent's signature is required. Forms are available by calling the school or asking your healthcare provider. Acceptable over-the-counter medications are as follows: Tylenol (acetaminophen), Motrin (Ibuprofen, Advil). Cold/cough medicines and cough drops will be acceptable, however, only on a short term basis of 7 days. For short term medications such as antibiotics, the district recommends those to be given at home if possible. School personnel may not administer aspirin or other over-the-counter medications to students unless written doctor and parent permission is on file.

When a child is being administered medication by school staff, please send medication to be given in a container pharmacy-labeled for that medication. For your convenience, you may request a second container labeled for the medication, dosage, etc. from your pharmacist to be left with school staff. We cannot give medication that isn't properly labeled, does not have the appropriate signatures, or is expired. Medications should not be sent to and from school with children. The medication needs to be brought in by a parent or guardian. Those with allergies requiring an epinephrine pen must have one at school along with an allergy action plan from their physician. These rules must be followed in order to keep the children safe in our school.

For complete school district policy language, please reference policy 516 on the school district website.

HEALTH POLICIES AND PROCEDURES

The following school health policies have been compiled to provide a reference and foundation for health practices within the school setting.

Exclusions from School:

Students exhibiting one or more of the following symptoms should be kept home from school. If these symptoms appear while the child is in school, parents will be asked to take their child home.

1. Temperature over 100 degrees F. Do not give fever reducing medications if a fever is present and send your child to school when it lowers. If a fever is present the child should remain home until 24 hours after the fever is gone, WITHOUT the use of fever reducing medication such as acetaminophen/Tylenol or ibuprofen.
2. Vomiting - may return 24 hours after the last vomiting episode.
3. Diarrhea – may return 24 hours after the last diarrhea episode.
4. New or worsening suspicious rash/contagious disease (e.g. chicken pox/hand, foot and mouth disease/shingles).
5. Impetigo - may return 24 hours after starting medication.
6. Sore throat accompanied by a fever.
7. New or worsening cough accompanied by a fever.

*Head lice: Per MDH, treatment is recommended before returning to school.

*Pink Eye: Per MDH, there is NO exclusion from school for Pink Eye

Parents may also be contacted if, in the opinion of the school authority, a student is unable to return to class. In the event of an accident, the following procedure will be followed:

1. If immediate treatment is needed, 911 will be called.
2. If determined to be less serious, the teacher or school nurse will administer the necessary first aid, as well as contact the parent.

Parents are asked to provide us with the names of two other people they authorize to care for their children should we be unable to reach them.

Health Room Procedure:

When a student becomes ill or injured while in school, he/she will be taken to the nurse's room. The nurse, office staff or principal will assess the student's needs. In each case the student will receive care as needed. If the student is exhibiting any of the above symptoms, parents will be notified. If symptoms are minor, the student may stay in the nurse's room and rest up to 30 minutes. After that time a decision will be made as to whether the student is able to return to class or call the parents.

Absences:

The school secretary or school nurse will contact parents of students who are absent. They will inquire about your child's health status and care. All students under medical care and those with communicable diseases should be reported to the nurse for follow-up.

Physical Education Excuses:

In order to be excused from physical education for more than two days, the student must present a written order from the family physician. This should include a list of activities the child may participate in. When the student is allowed to participate again, another written statement from the doctor is required.

FORGOTTEN ITEMS

The following are the guidelines to follow when a student forgets an item in his or her classroom.

1. To get something from the classroom, the teacher must be available to assist in locating what was forgotten.
2. Teacher schedules vary. If the teacher is not available or has left for the day, you will have to wait until the next morning. Generally, teachers are not going to be available after 3:30pm. When necessary, teachers can be contacted by email or phone.
3. Please do not make requests of the custodians. The custodial staff has been instructed not to assist students and/or adults in retrieving classroom items. They have been told not to open classroom doors.

These guidelines are necessary because in some circumstances students have taken items that did not belong to them. Also, custodial staff schedules are busy, and we need to keep their interruptions to a minimum. If you feel there is a legitimate emergency in which you need help that cannot wait until the morning, you can contact Mr. Neumann. His office phone is 584-4163.

LOST AND FOUND

Many articles of clothing remain unclaimed at the close of the school year. Marking clothing may be helpful in cutting down on the number of unclaimed articles at the end of the year. There is a lost and found area located in the hallway by the cafeteria. Lost and found materials are also collected in the office.

BUS RULES

1. The bus driver is in full charge of the bus and the riders. Students must obey the driver promptly and without question. If a student has a question about instructions of the driver, he/she should ask that question of the school principal after he/she has complied with the driver's instructions.
2. Bus safety patrols may be assigned on each bus and riders will obey and respect the instructions of the patrols.
3. Riders will enter the bus only on designated stops and in single file order. Under no conditions will the emergency door be used for any but emergency exits. Anyone violating the above rule will be suspended from the bus until such time that the parent(s) meet with school authorities and assure compliance with the rules.
4. Riders must be on time at their designated stops. The bus cannot wait for those who are tardy.
5. Students shall not stand or play in the roadway while waiting for the bus.

6. Windows may be opened only with the permission of the driver. At no time shall windows be opened more than halfway. Arms, heads, or objects shall not be extended from the windows.
7. Students are to remain seated while the bus is in motion. Exit movement may begin only after the bus has come to a full stop.
8. When loading and leaving the bus, students are to observe the instructions of the bus driver or the bus safety patrol.
9. Students who are required to cross the street or road after leaving the bus shall pass in front of the vehicle, making certain that no traffic is approaching from either direction before crossing.
10. Students are to leave the bus only at their regular stations, unless they have a written permit slip from the parent(s) or teacher. The permission slip is to be presented to the driver by the rider.
11. Students may be assigned a seat in which he/she will be seated unless permission is given by the driver to change seating. Riders may not save a seat for another person. Each rider is entitled to one space only.
12. Books and personal belongings must be kept out of the aisle.
13. Classroom type conduct must be observed at all times. Rowdy behavior or indecent language is not acceptable.
14. Because of safety concerns, conversation with the driver and other possible distractions shall be kept to a minimum.
15. Students must have nothing in their possession that may cause injury to another person. Items such as sticks, any type of firearms, straps, or pins extending from clothing are not allowed.
16. Riders are to assist in keeping the bus clean by not leaving waste paper or other refuse in the vehicle.
17. Anyone damaging the bus will be assessed the full repair cost.
18. Drivers will report students guilty of violations of these conduct and safety rules. Failure to obey the driver or safety patrols will result in disciplinary action by your principal and may result in being prohibited from riding the school bus.
 1. Upon first report, the student will meet with the driver and school administration. Parents will receive a written report and possibly a phone call following the report.
 2. Upon the second offense, the student will meet with the driver and the principal and will be removed from the bus for two days. Parent attendance at this meeting is encouraged. A written report will be made to the parent(s) following this step.
 3. Upon third offense, the student will be removed from the bus for two weeks. Subsequent reported offenses will result in removal from the bus for the balance of the school year. Parents will receive written notification and when possible, phone follow-up on each of these steps.

FIELD TRIPS

Educational field trips are planned periodically to provide experiences correlated with classroom subjects. Students are required to have written permission from a parent or guardian prior to going on a field trip. Permission will not be granted over the telephone. All trips are chaperoned by school personnel.

There may be a request for additional parental/guardian chaperones to come on the field trip. Additional chaperones will be chosen by the grade level and those parents/guardians will be contacted directly from the grade level. The grade level will compile a list of chaperones and contact our Human Resources for background checks (these are valid for three years). Please do not contact Human Resources directly for a background check as this results in miscommunication.

We also test with FastBridge and Capti ReadBasix to screen students for additional literacy supports that may be needed.

Test results are shared with parents and kept in each student's cumulative file. Please contact the Elementary Principal if you have any questions. There is an Opt-Out for MCA tests for your child if you so choose. If that is something you would like to explore, please contact Nicole Koll at 320-584-4263.

HARASSMENT AND VIOLENCE (Policies 525 and 526)

The Royalton School District has a written policy that protects all children and adults from Religious, Racial, or Sexual Harassment and Violence. The complete policy in detail is available through the district office and/or school office. All suspected cases of Harassment or Violence should be reported to your building administrator. Consequences may include after school detention, in-school, out-of-school suspension, or expulsion.

REASONABLE FORCE

State law allows the use of reasonable force by a teacher, school employee, bus driver, or other agent of a school district when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another. This does not authorize corporal punishment.

NEWSLETTERS

A weekly newsletter from the elementary school will be emailed to parents at the end of each week highlighting some of the special activities at the school.

A district newsletter is sent to all residents to inform you of the activities in both the elementary and the high school. If you do not receive the district newsletter, contact the district office.

TREATS

Minnesota Department of Health regulations forbid the distribution of homemade treats in school. We suggest that you send treats, such as commercial bakery items, ice cream treats, wrapped treats, raisins, popcorn or fruit. Classroom parties are held at the discretion of each teacher. Please be aware that there are some dietary restrictions in classrooms including but not limited to nut allergies or other allergies.

VOLUNTEER PROGRAM

Royalton Elementary welcomes volunteers into our school to help with on campus events: parties, assist in classrooms, or to be of service with other tasks. If you would like to volunteer on a consistent basis, please first get in contact with your child's classroom teacher and secondly visit www.royaltonpublicschools.org/donate-volunteer to fill out a volunteer application and someone will be in contact with you. Please see our District Volunteer policy #451 at www.royaltonpublicschools.org/policies

VISITING SCHOOL (Policy 903)

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the main office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the front desk of the main office and to wear a "visitor badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time (see volunteer section above). An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district.

Frequently, we have parents/guardians/grandparents come to eat lunch with their special student. We encourage this, however, food brought into the school is to only be consumed by the student and visitor. We have a wide range of dietary restrictions and there is a safety concern if food or treats are passed to other students.

If you would like to meet with a particular teacher about an individual or personal concern, contact the teacher and arrange a time to meet when the teacher does not have a scheduled class. Visitors to the elementary school, other than parents, are not permitted except in special circumstances, for example; a new student moving into the district. That visit must be pre-arranged in advance with the principal.

Students and teachers should immediately direct visitors, strangers, and vendors who enter the building to the school office.

YOUNGER BROTHERS, SISTERS, AND VISITING RELATIVES THAT ARE NOT ENROLLED STUDENTS ARE ROYALTON PUBLIC SCHOOLS ARE NOT TO ACCOMPANY YOUR STUDENT TO SCHOOL. We discourage this type of visit and ask for your cooperation.

SECTION 504 POLICY (Policy 521)

HAZING POLICY (Policy 413)

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

"Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students or employees.

See District Bullying Prohibition policy 514 located on the District website or contact the elementary office for a full description.

DISTRICT DISCIPLINE POLICY (Policy 506)

The discipline procedures contained in this student handbook are based upon School District Policy #506, Student Discipline. The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. The policy can be found on the school website and upon request in the Elementary Office as well as with the building principal.

It is the right of every teacher to teach and the right of every student to learn in an orderly environment. Rules are necessary for the day to run smoothly and ensure everyone's safety. Please use common sense in your actions and to treat others with kindness and respect.

The student code of conduct, behavior expectations, disciplinary procedures and actions, and student removal from class procedures and actions are located in School District Policy 506, Student Discipline.

Discipline

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the complete Student Discipline Policy #506 in the appendix.

STAFF NOTIFICATION OF VIOLENT BEHAVIOR BY STUDENTS (POLICY 529)

A violation of this policy occurs when any student, teacher, administrator, or other school district personnel harasses a student, teacher, administrator, or other school district personnel or group of students, teachers, administrators, or other school district personnel through conduct or communication based on a person's Protected Class, as defined by this policy. (For purposes of this policy, school district personnel include school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the district.)

- D. - B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence

directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. In Each School Building

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

- E. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include acts of harassment or violence. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.

- F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.

G. In the District

The school board hereby designates Activities Director as the school district human rights officer(s) to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.¹

- H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.
- I. Submission of a good faith complaint or report of harassment or violence prohibited by this policy will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.

¹ In some school districts the superintendent may be the human rights officer. If so, an alternative individual should be designated by the school board.

- J. Use of formal reporting forms is not mandatory.
- K. Reports of harassment or violence prohibited by this policy are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- L. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.
- M. Retaliation against a victim, good faith reporter, or a witness of violence or harassment is prohibited.
- N. False accusations or reports of violence or harassment against another person are prohibited.
- O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

- A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

- D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.
- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes, chapter 260E may be applicable.
- B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence, or abuse.

X. DISSEMINATION OF POLICY AND TRAINING

505 DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).

- E. "Material and substantial disruption" of a normal school activity means:
1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
 2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
1. is obscene to minors;

 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or

the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
 - 1. whether the material is educationally related;
 - 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 - 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 - 4. the quantity or size of materials to be distributed;
 - 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 - 6. whether distribution would require that nonschool persons be present on the school grounds;
 - 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.

 3. Location where material will be distributed.
 4. If material is intended for students, the grade(s) of students to whom the distribution is intended.

 - C. If the person submitting the request does not receive a response within 5 business days, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
 - D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within 5 business days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.
 - E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy #506.

- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

VIII. NOTICE OF POLICY TO STUDENTS AND EMPLOYEES

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes, sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1);

121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
 - 3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

The principal shall also involve other professional employees in the disposition of Behavior referrals and shall make use of those agencies appropriate for assisting students and parents. All teachers shall enforce the Code of Student Conduct. A teacher, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or another. - B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;
 2. the student's parent or guardian specifically consents to the use of recess detention; or

- 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or

Such removal shall be for at least one (1) activity period or class period of instruction

for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

The public school must consult with child abuse prevention experts to incorporate best practices into the school policy. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any

student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education

instruction during that dismissal period.

2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services

may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.

7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent

that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the

parent or guardian providing them with access to and/or copies of the student's records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative

educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or

had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide

relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and

6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 - 1. on the school premises, at the school functions or activities, on the school transportation;
 - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.

- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
1. The developmental ages and maturity levels of the parties involved;
 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 3. Past incidences or past or continuing patterns of behavior;
 4. The relationship between the parties involved; and
 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term "bullying" specifically includes cyberbullying, malicious and sadistic conduct, and sexual exploitation.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- F. "On school premises, on school district property, at school functions or activities, or on

school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- G. “Prohibited conduct” means bullying, cyberbullying, malicious and sadistic conduct, sexual exploitation, or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about prohibited conduct.
- H. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- I. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct

shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three school days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and the student's developmental age and behavioral history. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent or guardian of students who are targets of bullying or other prohibited conduct and the parent or guardian of alleged

perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law. For purposes of notification presumed under this paragraph, a parent or legal guardian may designate in writing to the school another individual to be notified of the prohibited conduct.

- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct.

VII. TRAINING AND EDUCATION

- A. Consistent with its applicable policies and practices, the school district must discuss this policy with students, school personnel and volunteers and provide appropriate training for all school district personnel to prevent, identify, and respond to prohibited conduct. The school district must establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes, section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk

for perpetrating or being the target or victim of bullying or other prohibited conduct in school;

4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-

discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. Article II, paragraph D, regarding malicious and sadistic conduct must be conspicuously posted throughout each school building.
- C. This policy shall be conspicuously posted in the administrative offices of the school and school district in summary form.
- D. This policy must be distributed to each school district or school employee and independent contractor, if the contractor regularly interacts with students, at the time of employment with the district or the school.
- E. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- F. This policy shall be available to all parents and other school community members in an electronic format in the languages appearing on the school district's or a school's website, consistent with the district policies and practices.
- G. The school district shall provide an electronic copy of its most recently amended policy to the Minnesota Commissioner of Education.
- H. The school district designates [insert name of staff member] as the primary contact person in the school building to receive reports of prohibited conduct

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes, sections 121A.031 and 121A.0312 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of hazing is prohibited.
- E. False accusations or reports of hazing against a student, teacher, administrator, volunteer, contractor, or other employee are prohibited.
- F. A person who engages in an act of hazing, reprisal, retaliation, or false reporting of hazing or permits, condones, or tolerates hazing shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, tolerate, or are a party to prohibited acts of hazing may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate hazing or engage in an act of reprisal or intentional false reporting of hazing may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of hazing may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

- G. This policy applies to hazing that occurs during and after school hours, on or off school premises or property, at school functions or activities, or on school transportation.
- H. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- I. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. "Hazing" means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:
1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
- Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Immediately" means as soon as possible but in no event longer than 24 hours.
- C. "On school premises or school district property, or at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting hazing at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- D. "Remedial response" means a measure to stop and correct hazing, prevent hazing from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of hazing.
- E. "Student" means a student enrolled in a public school or a charter school.
- F. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the target or victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report hazing anonymously. However, the school district may

not rely solely on an anonymous report to determine discipline or other remedial responses.

- B. The school district encourages the reporting party to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well. The Harassment, Violence and Hazing Report Form can be found in the Middle/High School Office or online.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of hazing at the building level. Any adult school district personnel who receives a report of hazing prohibited by this policy shall inform the building report taker immediately. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

- C. A teacher, administrator, volunteer, contractor, and other school employees shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct which may constitute hazing shall make reasonable efforts to address and resolve the hazing and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing or who fail to make reasonable efforts to address and resolve the hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, or work assignments, or educational or work environment.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of hazing and the record of any resulting investigation.
- F. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three (3) days of the receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the hazing, the complainant, the reporter, and students, or others pending completion of an investigation of alleged hazing prohibited by this policy.
- C. The alleged perpetrator of the hazing shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

- D. Upon completion of an investigation that determines hazing has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; and applicable school district policies, and regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets or victims of hazing and the parent(s) or guardian(s) of alleged perpetrators of hazing who have been involved in a reported and confirmed hazing incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or to respond to hazing committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in hazing.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged hazing, who provides information about hazing, who testifies, assists, or participates in an investigation of alleged hazing, or who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.
- B. The school district will develop a method of discussing this policy with students and employees.
