***This information was obtained from the TEA Public Health Guidance for Schools. Please be aware that this is subject to change.***

### **3D Security 04-05-2021**

Chris from 3D Security came to a walk through with Blake & Kevin on 04-05-2021. 3D is the company which installed the card entry system at the high school. As of 04-23-2021 @ 9:00 am, he has not sent us a quote. His opinion was putting in a system that could be integrated in with the card entry system. In casual conversations with him he told us he didn't see any way he could put the type of system he would recommend for less than \$20,000.00. He did tell us he would send in a quote, but has not done so.

**Control Alarm Systems**  
 P.O. Box 1011  
 Judson, TX 75660-1011

## **TSI Quote 03/29/2021**

TSI proposes to install eleven 4 MP IP cameras with night vision, a 16 channel NVR with a 4 TB security grade NVR, 2 cat 6 12 port patch panels, 1 cat 6 24 port patch panel, 1 set of wireless bridges with 876 Mbps throughput, two 8 port POE+ network switches, 11 cat 6 camera cables, and a UPS/battery backup for \$4,779.20. This includes labor, hardware, camera equipment, networking devices, and battery backup to provide surveillance on the baseball field area. A 2 year parts and labor warranty is included. Please let me know if you have any questions or concerns. More equipment specifications are available upon request.
