PERSONNEL PROJECTS

NPS HR is currently working to develop administrator and teacher contracts for the 2021-2022 school year. As well as standard reports that are due year end. As well as onboarding new staff starting employment in January and February.

EMPLOYEE BENEFITS

NPS Human Resources along with NPS Superintendent and NPS Business Manger together are working with RISQ Consulting to download and implement new Employee client portal called EaseCentral, the HR technology Platform. A new portal website that replaces printed benefit materials for employee enrolling in NPS benefit plans. A great upgrade specifically tailored to Nome Public Schools. An online enrollment election process. Onboarding and hiring service beneficial for NPS offering plan data, forms, FAQ's and useful resources for NPS employees district wide.

Respectfully submitted by,

Cynthia Gray

Nome Public Schools
Superintendent Report
Jamie Burgess
February 9, 2021

1. Nome Public Schools will be receiving \$810,216 from the second round of COVID-19 relief funding from Congress (termed CRRSA). The allowable expenditures for this funding are similar to the first round but have expanded to include a) addressing learning loss, b) school facility repairs/improvements to risk transmission and exposure and support student health needs, and c) projects to improve indoor air quality in schools (includes HVAC, fan, control systems and window/door replacements). I am working with our leadership team and maintenance to determine the best use of these funds going forward. The District has until September of 2023 to expend the funds. There is rumor of an additional round of funding yet to come from Congress.
2. The architectural firm for the new Teacher Apartment Building has begun design work. A copy of the current floor plan is attached for your information – I will keep the Board and the City Council updated as the design evolves. I would like to give the apartment building a name, and Ms. Josephine Bourdon has suggested several Inupiaq names which would be appropriate; currently some of our other Inupiaq-speaking staff are reviewing the names and will give feedback. The design and construction documents should be complete by June 30th and out to bid – I anticipate awarding the contract at the beginning of August with materials delivery and preliminary site work to occur by the end of the summer, with the main construction beginning in early spring 2022.
3. Attached for your information is a copy of the Alaska Performance Scholarship annual report. Please note on the last page of the report that 42% of Nome-Beltz graduates qualified for the scholarship.
4. Work is underway to select a new mathematics curriculum for grades K-8; we appreciate the time of our teachers, administrators and parent representative. Public review will commence in March, with a final approval for the School Board occurring in April.
5. It is exciting that Basketball has begun, and I know the community is pleased as well. Mr. Callahan, Mr. Thomas and I are working with Bering Strait School District, Northwest Arctic School District, NACTEC and the City to make arrangements for bringing a couple of regional and possibly even out of region teams for weekend games. We are planning to utilize the NACTEC house for lodging for teams and coaches/chaperones as a way to minimize contact between visitors to our community, and coupled with our athletic mitigation strategies in place, we feel we can do this in a safe fashion with minimal risk to our student athletes, coaches and community.

Since 2011, the Alaska Performance Scholarship (APS) has rewarded Alaska students who excel in high school with over **\$88 million** in scholarships to help cover the cost of in-state postsecondary education. The APS has four primary objectives:

1. **Students excel in high school**
2. **Students are prepared for college or training**
3. **Students succeed in college**
4. **High-achieving students stay in Alaska**

High School Outcomes

The class of 2020 had the highest APS-eligibility rates since the scholarship's inception, with 37% of public high school graduates achieving eligibility. This reversal in the downward trend in eligibility over the past several years is very likely due to the temporary suspension of standardized testing requirements related to the coronavirus pandemic.

Along with higher eligibility rates, a lower percentage of class of 2020 eligible students used the APS in fall 2020 compared to previous graduating classes (24% in 2020 compared to 33% in 2019). This trend is consistent with lower enrollment across University of Alaska (UA) institutions, the postsecondary institution attended by the vast majority of APS recipients, likely related to the coronavirus pandemic.

In the class of 2020 APS-eligible student survey, **69% said APS made them more likely to achieve better grades** in high school, and over 60% said it made them more likely to both take placement exams (SAT, ACT, or WorkKeys) or prepare for placement exams.

Postsecondary Outcomes

Of first-time APS recipients enrolling at an institution in the UA system this fall, **95% were prepared to take college-level courses compared to 78% of other first-time students.**

Of APS recipients entering UA in fall 2018, **81% persisted into their second year, compared to 57% of other students.**

Of first-time, full-time APS recipients beginning their enrollment in fall 2014, **61% completed an undergraduate degree, certificate, or occupational endorsement within six years** compared to 29% of non-recipients.

Alaska Residency and Workforce Outcomes

Nine years after their high school graduation, **66% of former APS recipients from the Class of 2011 were Alaska residents** compared to 40% of APS eligible students who did not use the APS.

Of APS-eligible students surveyed from the class of 2020 who are currently enrolled in postsecondary education, **70% said the APS influenced their decision to stay in Alaska.**

APS ELIGIBILITY DEFINITIONS & REQUIREMENTS

The following definitions are used throughout this report.

Eligible refers to students who have met the APS requirements in high school and may be eligible for the Career and Technical Education (CTE) level only or for either the CTE level or collegiate level award. This category includes all eligible students, regardless of whether they use the APS award.

Ineligible refers to Alaska high school graduates who do not meet the high school GPA, curriculum, and standardized testing requirements.

Recipient refers to students who have used the APS award in at least one term.

Non-recipient refers to students who have not used APS for the reported term. This category includes students who were ineligible for the APS and those APS-eligible students who do not meet requirements for qualifying enrollment after high school or are otherwise not eligible to receive the APS award in the reported school term.

APS Eligibility Requirements:

Student eligibility and award levels are based on the following: GPA, standardized testing, and high school curriculum requirements. Standardized testing requirements were waived for the high school class of 2020 due to test cancellations related to the coronavirus pandemic. Visit [APS.Alaska.gov](https://aps.alaska.gov) for more information or to download eligibility checklists.

- 3 · World Language courses include Alaska Native Language and American Sign Language

APS AWARDS

Since its inception in 2011, 23,852 Alaska public high school graduates have earned eligibility for the scholarship, representing approximately 29% of public high school graduates in Alaska. A total of 10,173 public high school graduates have received the APS award, representing 12% of all graduates, and 42% of all eligible students.

In fiscal year 2020, 2,835 students received the APS scholarship totaling nearly \$9.4 million awarded. Based on data through October 2020, 2,454 students have received the APS in fiscal year 2021 with an anticipated \$9.3 million awarded.¹ The number of recipients and total awarded have declined steadily over the past several fiscal years after peaking in 2017. Between 2017 and 2020, both the number of recipients and the amount awarded declined by 17%.

APS-ELIGIBLE GRADUATES & RECIPIENTS

In 2020, eligibility rates for the Alaska performance Scholarship (APS) reached a new high of 37% of public high school graduates. Standardized testing requirements for APS eligibility were waived for the high school class of 2020 due to test cancellations related to the coronavirus pandemic. The temporary suspension of this requirement contributed to the increase in eligibility rates for the high school graduating class of 2020.

Eligibility rates have declined steadily since 2014, reaching a low of 23% in 2019 (Exhibit 3). Reasons for this general decline in APS-eligibility are unclear as there have been no corresponding changes in standardized testing participation rates or overall high school performance. Temporarily waiving standardized testing requirements likely contributed to an increased percentage of eligible students achieving the Level 1 award, which has the highest potential scholarship amount (Exhibit 4).

¹ Dollars awarded total for fiscal year 2021 estimated based on twice the partial fall disbursement amount and the number of APS recipients in the partial-year as of October 2020.

EXHIBIT 3

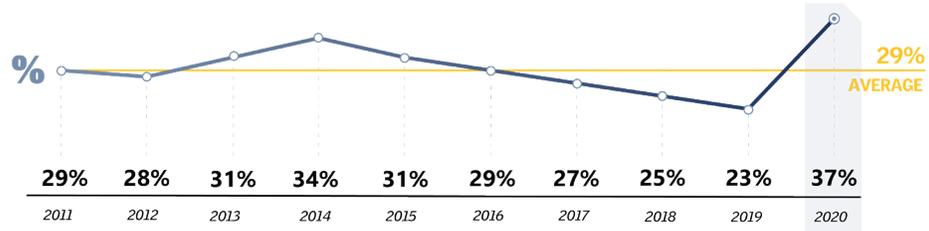

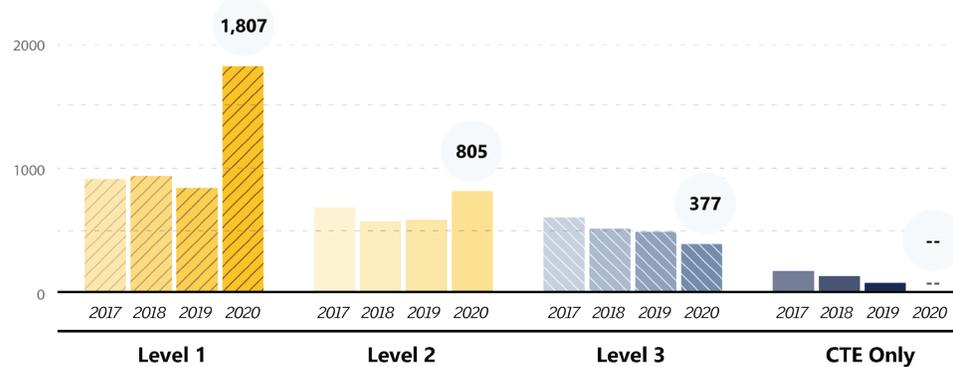

EXHIBIT 4

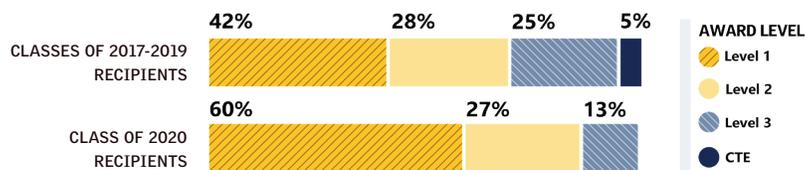

Public High School Classes of 2017-2020 APS Eligibility & 2020 Totals, by Level

In previous years, about 40% of eligible students achieved Level 1 eligibility, while 60% of 2020 high school graduates were eligible for the Level 1 award. No 2020 graduates were eligible only for the CTE award due to the temporary change in standardized testing requirements (Exhibit 5). All regions experienced an increase in eligibility. Of APS-eligible graduates in the class of 2020, 24% have since enrolled at a qualifying Alaska postsecondary institution (Exhibit 6). Despite an increase in APS-eligible public school graduates with the class of 2020, the percentage of Alaska graduates using APS in the fall following high school graduation was lower than rates for previous graduating classes. Across the University of Alaska (UA) system, enrollment declined in fall 2020 compared to fall 2019.² Several factors may contribute to declining rates of APS use, including students deferring enrollment due to pandemic-related factors.

INCREASED ACCESSIBILITY & THE FUTURE OF APS

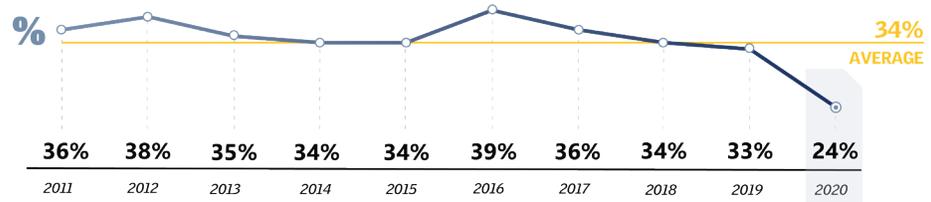

Class of 2020 saw a *14% increase in APS eligibility* as an unintended consequence of suspending the standardized testing requirement, resulting in greater accessibility to the scholarship.

Does increased accessibility have an impact on APS use? Questions like this will be explored in a separate, coincidentally-timed program assessment report that is currently underway, looking back on the past decade of the APS program to determine what the APS program should look like going into the future.

EXHIBIT 6

Scholarship eligibility rates by region are shown in Exhibit 7. The proportion of eligible students receiving the scholarship by region are shown in Exhibit 8. Among 2020 public high school graduates, the Interior region had the highest proportion of eligible students receiving the scholarship in fall 2020 (32%). Southwest was the only region in which the proportion of eligible graduates using the APS in the fall increased in 2020 (28%) compared to 2019 (24%).

SURVEY OF APS-ELIGIBLE STUDENTS FROM CLASS OF 2020

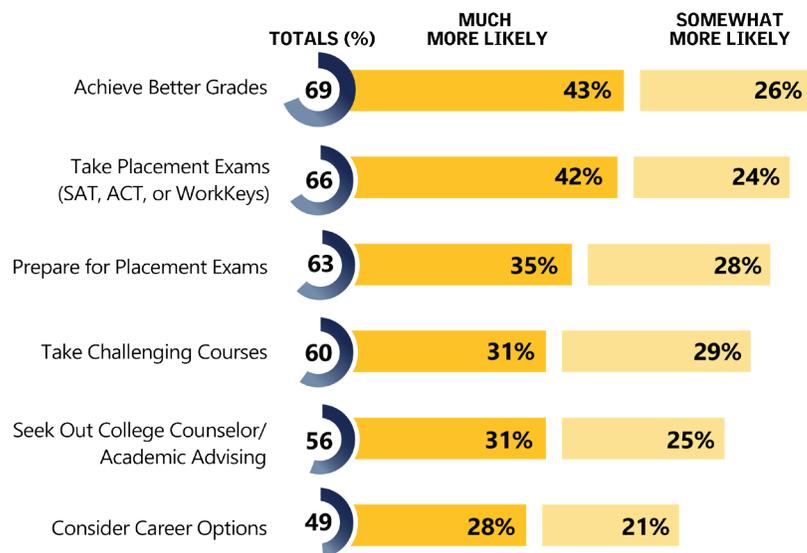

APS-eligible graduates from the class of 2020 were surveyed in fall 2020 to understand how the program may have impacted their high school experience, their enrollment in college or vocational training, and impacts of the COVID-19 pandemic.

Of respondents, 69% reported the availability of APS made them more likely to achieve better grades in high school (Exhibit 9). Despite the standardized testing requirements being waived in 2020, 66% said it made them more likely to take placement exams. Among students currently enrolled in postsecondary education, 70% said the APS influenced their decision to attend an in-state school, and 63% said the program influenced their decision on whether to take out student loans or how much to borrow (Exhibit 10).

EXHIBIT 10

Class of 2020 APS Survey:

"How much of an influence was the APS in the following decisions?"

When asked to consider why they would recommend the APS to high school students, survey respondents routinely recommended that the program lifted significant financial stress and provided better opportunity to attend postsecondary education (Exhibit 11). Compiled in Exhibit 12 are selected comments regarding different motivations for recommending the APS.

HIGH SCHOOL ACHIEVEMENT

Class of 2020 APS Survey: Reasons for Recommending the APS

This scholarship motivated me in high school to get good grades and is helping me stay out of debt while in college. The work to get it was worth it.

The APS program has significantly increased my confidence and ability to work hard and be successful in college. It is a great benefit that anyone can have if they try hard enough to reach for their dreams.

I would highly recommend this scholarship as it had such an impact on my performance in high school, I graduated with valedictorian because I kept pushing myself. This scholarship has a little something for everyone as there are 3 levels of an award.

HIGH SCHOOL ACHIEVEMENT (CONTINUED)

Your hard work is truly paid off by the Alaska Performance Scholarship. It is such a good motivation to do well in school because this is a great scholarship for future postsecondary goals.

The APS was the best scholarship I received. It motivated me to take more challenging classes in high school and keep my grades up which definitely helped me prepare for college.

The APS allows students to have a major part of their in-state college expenses paid for. As well as, encouraging students to work more for better grades. The APS is one of the best programs that the Alaskan government has to offer for the new generations.

For anyone who doesn't think that your high school grades can affect college is wrong, working hard in school so I could receive this scholarship got rid of so much stress for me going into college and definitely makes me want to work harder to continue to be eligible.

ACCESS TO POSTSECONDARY EDUCATION

Receiving this scholarship helped pay for my tuition and attending college at a university I never thought I'd go to.

It helps ease the financial burden of education on students and their families.

It gives students in low-income families a chance to be able to seek higher education and to have a better life for themselves and others they care about.

It makes pursuing higher education more accessible for all students who want to work hard to achieve it.

The Alaska performance scholarship gave me the needs necessary to comfortably continue my education as I would not have been able to without the extra funding from the scholarship.

I have worked since I was 16 to provide money for my family, but the APS scholarship lifted some of the stress of worrying about bills. This scholarship has helped out so much for me and my family, and I hope it will help many more people to come in the future.

The Alaska Performance Scholarship made focusing on my education in college so much easier. Without it, I'd be working and possibly only going to university part time. It's lifted such a large stress off of my shoulders.

RETAINING STUDENTS IN ALASKA

It's a great way to keep Alaska's best in state and give them a once in a lifetime opportunity to have college mostly paid for.

[The APS] is a great way to encourage students to study from home and overall have a cheaper lifestyle, allowing students to save money for the future and limit student debt. Studying in Alaska could also allow a student to keep working a job while attending college, helping those who may not have considered going to college for economic reasons.

The APS Scholarship can help students make or break the decision to go to a post-secondary educational institution in Alaska, it is worth a great deal to most high school students.

This scholarship made it completely worth it for me to stay in Alaska. This has provided me the opportunity to pursue college while still saving enough money to be financially stable in the future.

IMPACTS OF COVID-19

In 2020, APS-eligible students were also asked about potential impacts of the coronavirus pandemic on their postsecondary enrollment decisions. About one-third (32%) of 2020 APS-eligible graduates said COVID-19 affected their decision to enroll at an Alaska postsecondary institution this year (Exhibit 13). Most students (66%) indicated that the pandemic had some impact on their postsecondary education plans, including 34% who enrolled in online-only learning and 33% who decided to stay in Alaska (Exhibit 14). Many students indicated they and their families have been financially impacted personally by the COVID-19 pandemic, and 69% said APS was important in offsetting these personal impacts (Exhibit 15).

EXHIBIT 15

To support your planning to cover the cost of college or training, how important is the APS in offsetting the economic impact caused by COVID-19?

STUDENT RESPONSE TO COVID

In response to the pandemic, students primarily altered their college plans by *remaining in Alaska* and *enrolling in online learning*.

The majority of students viewed the APS as a *key resource* for offsetting financial burdens and uncertainty brought on by the pandemic.

APS & POSTSECONDARY OUTCOMES

Among APS recipients in FY2021, 96% attended University of Alaska institutions, with 59% attending University of Alaska Anchorage, 31% attending University of Alaska Fairbanks, and 5% attending University of Alaska Southeast (Exhibit 16).

Of this year's fall 2020 APS recipients attending postsecondary education:

- 20% are first-generation students
- 43% are male, 57% are female
- 10% are Alaska Native/American Indian, and 10% identify with two or more races (Exhibit 17).

APS RECIPIENTS AT THE UNIVERSITY OF ALASKA

A stated goal of the APS is to ensure students are prepared for college or technical training. Compared to other first-time students enrolled at UA in fall 2020, a significantly lower percentage of APS recipients required developmental coursework (Exhibit 18). Another program goal is for students to succeed in college. On average, APS recipients attempt and complete more credit hours per year compared to other first-time freshmen (Exhibit 19). APS recipients entering in fall 2019 completed 84% of attempted credits compared to 66% among other students.

APS recipients return for a second year of postsecondary education at higher rates compared to other first-time freshmen. Of those entering in fall 2018 (academic year 2018-2019), 85% of APS recipients re-enrolled in fall 2019 (academic year 2019-2020) compared to 72% of non-recipients (Exhibit 20).

Completion rates are another way to track college success. Of first-time, full-time freshmen entering UA in fall 2014, 61% of APS recipients graduated with any undergraduate degree, certificate, or occupational endorsement within six years, compared to 29% of other students (Exhibit 21). The most recent available national six-year completion rate was 33.6% for degree-seeking students at comparable institutions.³

APS recipients also have higher completion rates for programs designed to be completed in two years or less. Of public high school graduates in the class of 2017 attending such programs, 33% of APS recipients graduated from the program within three years, compared to 22% of other first-time students (Exhibit 22). While not directly comparable, the nationwide three-year graduation rate for first-time students attending public, two-year institutions was 27% for students entering in 2015, the most recent year available.⁴ Exhibit 23 provides preliminary characteristics of first-time students entering UA in fall 2020.

APS & ALASKA RESIDENCY OUTCOMES

One goal of the APS program is to help the state retain high-achieving Alaska high school graduates. APS recipients have higher Alaska residency rates compared to ineligible students, as well as those who were eligible but did not use the APS (Exhibit 24). About 66% of high school class of 2011 APS recipients were Alaska residents in 2020, compared to 61% of all high school graduates, and 40% of those who were APS-eligible but did not use the award.

APS RECIPIENTS IN THE ALASKA WORKFORCE

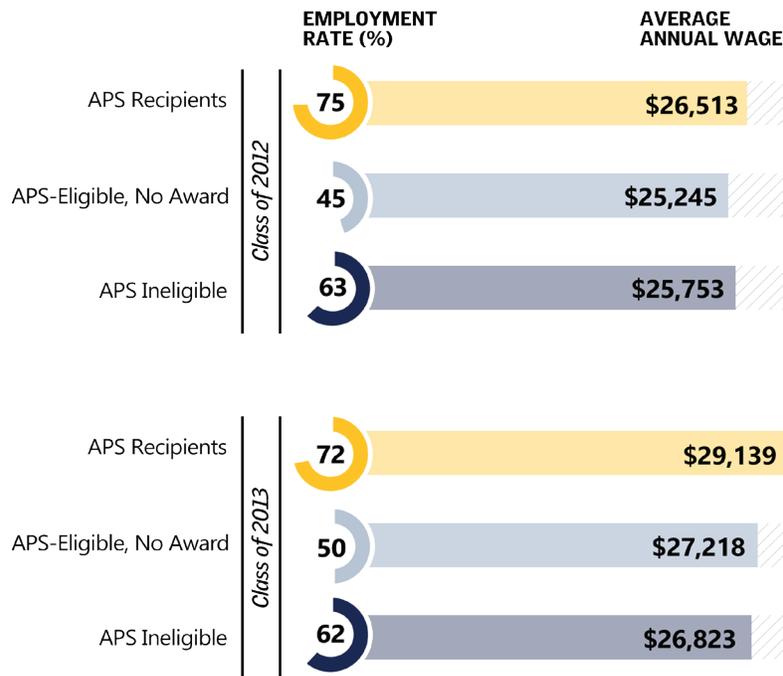

Another measure of the state’s retention of high-achieving students is employment in the Alaska labor force. Based on analysis by the Alaska Department of Labor and Workforce Development, APS recipients had the highest rate of employment in Alaska compared to ineligible graduates or APS-eligible graduates who did not use the APS (Exhibit 26). Six years after high school graduation, 75% of APS recipients from the class of 2012 and 72% of recipients from the class of 2013 were employed in the Alaska workforce.

Among high school graduates in the Alaska workforce in FY2019, APS recipients earned slightly higher average wages than their ineligible peers and those who were eligible but did not use the APS.

The Alaska Performance Scholarship (APS) is designed to reward Alaska students who excel in high school with scholarships to help cover the cost of postsecondary education in state. The Alaska Commission on Postsecondary Education (ACPE) contracted with McDowell Group to prepare the 2021 APS Outcomes Report.

Methodology

Several data sources are used throughout this report. ACPE provided McDowell Group with student-level data from the Alaska Student Aid Portal (ASAP). Data was analyzed by McDowell Group to describe the demographics, APS-eligibility, and APS use by Alaska high school graduates. ASAP data were provided for academic years 2011-2012 through 2020-2021. Academic year 2020-2021 data are considered preliminary as of October 2020. Additional data on the total number and demographics of Alaska public high school graduates were provided by the Alaska Department of Education and Early Development (DEED).

ACPE requested student enrollment records from the National Student Clearinghouse (NSC). McDowell Group used student-level ASAP and NSC data to request aggregated data on the percentage of Alaska high school graduates in the state workforce as of FY2019 from the Alaska Department of Labor and Workforce Development (DOLWD).

In October-November 2020, ACPE surveyed the class of 2020 APS-eligible students to better understand how the APS impacted their high school decisions. The survey was sent to students via email. APS sent survey invitations to 2,631 high school graduates and received responses from 436 students.

ACPE requested aggregated data on educational persistence, credit hours attempted and achieved, and other characteristics from the University of Alaska (UA) for inclusion in the report. Student-level data were analyzed by the University of Alaska Data Strategy and Institutional Research Department and provided to McDowell Group in summarized form.

February 4, 2021

Dear Board Members,

Happy New Year! January brought us a new year, and all of our students smiling faces once again. We are so grateful! We were fortunate to have our students back in the building for a solid three weeks, and even avoided weather closures! ☺

Students and staff got settled back in to routines in the first couple of weeks. After becoming acclimated again we got started on MAP Growth and MAP Reading Fluency Assessments. At this time all classes have held their testing sessions and we just have make-ups to schedule. We will look at preliminary data during tomorrow's in-service, and will follow-up during a minimum day in the month of February.

Due to the disruption to our schedule in November, we needed to pick up there with our Kagan Structure-A-Month (SAM). January 20th, Mrs. Cross did a structure review with the staff and got back on track with in-the-moment coaching in all classrooms at the end of the month.

January 27th the NES staff focused on School Climate. We first reviewed the administration protocols of the School Climate and Connectedness Survey, in preparation for the survey being scheduled in classes. Then we had a structure surrounding ways that we can improve school climate. This was planned because our CALL Survey Data (referenced in Dec. 3 report, and School Improvement presentation) revealed that there were some varying perspectives on ways that we contribute to school climate as a staff. It was helpful to have this time, and we were able to highlight several things we are doing well, as well as come up with some additional ideas.

NPS Strategic Plan Goal #3: Students and Families will be positively connected to their school, their community, and their culture.

3.1.1

While family engagement events are a focus for our school improvement efforts, this year's situation has made that very difficult. Individual classes have found ways to host outdoor events after school hours for relationship building with students and families (when the weather was conducive in the fall). The NES Leadership team has planned and prepared for Facebook Live Read Aloud sessions as a way to interact with students and families around literacy in pace of in-person events. I'll be reporting to you the day after our first session, so you'll get the impact "hot off the press." We're nervous and excited.

3.1.2

We are currently working with Nome Eskimo Community to determine if we can get more after-school tutoring going with their support. They have the capability to support the effort financially, so we are researching other logistics. Individual classrooms continue to reach out to community members to help in classrooms, both as day-to-day helpers, and special project helpers or expert presenters.

3.2.1

Nome Elementary School uses restorative discipline practices in the form of Kagan's Win-Win Discipline as a classroom/building-wide framework. In addition to Win-Win, school staff receive PD in trauma-engaged practices and restorative justice. We use a team approach to build support plans for students who are struggling behaviorally (in various ways), and work closely with parents for ideas and supports.

3.2.2

Classes use Connected & Respected lessons (C&R), coupled with Kagan structures to support the social emotional learning of students. Learning and strategies from C&R are highlighted and embedded into other aspects of classroom practices and routines. The use of Kagan strategies also supports social skills, and this is highlighted for teachers during PD. Reviewing the functions of and social skills addressed for each structure is part of our practice. This helps teachers to focus in on a structure of high impact for a specific need.

3.2.3

Teachers are communicating with families on a weekly basis, at least. This is done through simplified lesson plans, newsletters, Remind messages, phone calls, and emails. Teachers make every effort to communicate with families in a mode that works for the individual family. We recognize that some families need more frequent communications, and work to accommodate that need as well.

Coming Events:

- NES Site-based In-Service – February 5.
- NES Facebook Live Read-Aloud – February 8 @ 5:30PM, and WEEKLY on Mondays! 😊
- Parent/Teacher Conferences – February 19 & 22.

Statistics:

School was in session for 20 student days in January (5 distance/15 in-person).

- Attendance rate 89.6%, compared to 88% for the same period last year;
- We served 2,870 student breakfasts (4,379 in 2020); and
- We served 3,242 student lunches (4,404 in 2020).

Nome Elementary School provides a positive and welcoming environment where our culturally-diverse students, staff, and community members are valued through mutual respect, collaboration, safe interactions, and enriching experiences. Clear and high expectations serve as guidelines to reach success and wellness for all students in this rapidly-changing world.

ACSA Board Report, February 9, 2021

Lisa Leeper, Principal

Enrollment / Attendance Update

- There were changes to enrollment in January. A 5th grade position was open and was declined by the only two applicants still available. We also had two students transfer to Beltz, and we filled one of those positions with a 7th grade student. Also this month, we proposed lottery language to specify a priority to achieve grade level balance when filling an open position. As always, we draw from a waiting pool to offer enrollment, and this process follows the priorities dictated by the ACSA Lottery Procedures for Open Enrollment.
- We had a 95% student attendance rate for January.

Classes and Activities

- January Student of the Month: Quinton Topkok, 6th grade
- For the first week of January, during at-home learning, students worked from a paper packet. Math classes were held on Google Meet, Monday - Thursday, at regularly scheduled times. When possible, sessions were recorded by the teacher and made available for viewing through a link on Google Classroom. All students were able to access the Meets at some point or other, and many students had regular attendance. In fact, math assignments were turned in at a higher rate than other work that was provided in the paper packets, so we believe there may be a correlation to the opportunity to see a teacher and classmates each day.
- For the remainder of the month, we have been trying to re-establish routines and reconnect with students. We informally surveyed students about what went well during the RED zone and what could be improved. Additionally, we walked them through certain procedures to ask what had been made clear before RED, and what reminded a challenge. In some cases, we found that technology issues still hamper the way lessons are received by students. As teachers, are using some of our professional development to address these issues and learn from one another.

- Mr. Collins' ACSA after school ski club has expanded — participation is now offered to middle and high school students. The program started with 20 pairs of skis and now has nearly 40, due to grant funding. This recreational program encourages the love of skiing and foundational skills. Ms. Rosa Wright also helps with the program.
- Strategic Plan Goal #3 - Students and Families will be positively connected to their school, their community and their culture.
 - Objective 3.1 - Increase parent and community engagement at each school
 - ACSA parents are recruited to serve as members of the Academic Policy Committee. Each January, two new or returning members are seated. This year, Janice Wilson has joined the APC and Sean Knudsen and Anna Moore remain as members.
 - We will continue to strive to make positive parent contacts by email, phone, Remind texts, or in person. These contacts are logged on a spreadsheet to track our efforts and to make sure no parent is missed.
 - Some projects in the ACSA curriculum allow students the opportunity to integrate family knowledge or experiences. The science fair is coming up in March and every student will be guided in class, and can get assistance from family at home, to complete a project.
 - We continue to seek parent volunteers to assist in a variety of capacities. Several parents volunteer on a rotation to provide supervision in the classrooms during lunch, and recently a mom came in for a few elective periods to help teach knitting. We are looking for parents and volunteers to help as judges at the Science Fair.
 - Objective 3.2 - Improve School Climate
 - This year we trying the concept of “houses,” groups across grade levels that work together to score points on a leaderboard. They have created team colors and cheers, competed in games in a student-led pep assembly, and have made posters. When RED zone came along, we tried to maintain some opportunities to earn points, but the period of at-home learning affected the momentum of our efforts. We are trying to regain the spirit of the houses concept.

- Certain factors remain a challenge to building school climate. The period of RED zone, distancing students while at school, and keeping students in cohorts throughout the day are some of the most significant hurdles. We give students opportunities to work in small groups within their cohorts and to play outside every day as small but important opportunities for improving climate.
- We are looking to find an SEL program that can help us explicitly teach standards outlined in the NPS Social and Emotional Learning Standards. We know that integration of these standards into routines and events at school is key, and we hope that a well developed program will supplement our efforts.

NBMHS Current Enrollment: 276

- NBMHS Teacher of the Month for February is High School PE/Health teacher, Brooks Fry (NBMHS teacher of the month will be submitted to Superintendent Burgess for consideration as the NPS teacher of the month).
- NBMHS Support Staff Employee of the Month for February is technology specialist, Nate Tracy (NBMHS support staff member of the month will be submitted to Superintendent Burgess for consideration as the NPS support staff member of the month).
- Students of the Month are Emily Lockuk for the High School and Kive Shannon for the Middle School.

We had three full weeks of face-to-face school in January! Students and staff are elated to be back in the “green” and receiving face-to-face instruction. Many of our staff members have or are currently receiving the Covid vaccination, so some travel without the required quarantine is on the horizon. While this is good for staff morale, it does pose a challenge for the school: We currently have a very short substitute pool to draw from.

The following is a list of happenings that currently impact NBMHS:

- Lack of substitutes
- Consistent practice space for cheerleading
- Wearing masks appropriately throughout the day
- High school teachers will continue scheduling and planning for Credit Recovery during the February 5 Inservice

Other happenings at NBMHS:

- NEC tutoring partnership: NEC is paying to add one more day for tutoring at NBMHS
- Waiver agreement with BSSD for extracurricular activities
- Partnership with KNOM radio: Regular Wednesday radio spot for NBMHS and internships
- We still have a MS cheer coach vacancy

NBMHS has been doing as many student activities as Covid restrictions allow:

- The Drama Club is planning a play to be performed on the radio
- The Pep Band is performing at varsity ball games
- Several MS students are building computers through a partnership with ANSEP
- During the week of February 8-12, NBMHS is having spirit week:
 - Monday: Athleisure Day
 - Tuesday: Denim Day
 - Wednesday: Culture Day
 - Thursday: Wacky Day
 - Friday: Valentine or Black Hearts Day
- MS girls and boys basketball has started. Blue/White games are scheduled with tentative plans for games with BSSD schools.
- HS girls and boys basketball has started with alumni games. We are tentatively planning games with BSSD schools and Kotzebue, which is pending city approval.

Strategic Plan GOAL 3: Students and Families will be positively connected to their school, their community and their culture.

- This year we have not been able to have an open house or gatherings to celebrate success due to Covid-19.
- We have increased our home contacts with the help of the Remind App. Communication during this pandemic has tripled and at some point, parents have actually complained about too much contact.
- NBMHS has put a renewed emphasis on our school newspaper and increased circulation
- Our Culture and Dance group continue to be active during assemblies and meet weekly
- The partnerships with local businesses, EMS, and other entities for work study has built strong bonds with students and their families

Nome Public Schools Director of Technology Report

Jim Shreve
09 February 2021

Current projects

E-Rate Category I (Internet Services) - NPS received four bids for the 2021 and beyond funding years. Our selection team met to review and evaluate bids on 26JAN21. After applying our evaluation rubric to the submitted bids the decision was unanimous to select the proposal submitted by our current Internet Service Provider, DRS, as the winner. This proposal allows for a 5 year option that we would like to exercise. The DRS proposal offers Internet Service to Nome City School District at 75 Mbps x 75Mbps for \$65,823.13 per month (a decrease of over \$10,850 per month from our current rate) with no additional cost for firewall, network monitoring, transport circuits, etc. As a reminder 90% of this cost is offset through USAC E-Rate and a portion of the remaining 10% is offset under the Broadband Assistance Grant (BAG25) program. The decrease in the overall cost effects the amount of BAG25 funding we will receive so our actual cost with these discounts applied will be around the same as what we paid last year (approximately \$5,338 per month).

We are currently testing some new equipment for distribution of wired and wireless internet throughout the district. Due to FCC gifting rules we cannot be under an equipment demonstration / evaluation from a potential vendor for more than 15 days while our request for proposals is open. Because of this restriction we are postponing submitting for E-Rate Category II (network equipment) requests for proposals / bids for the 2021 and beyond funding years until towards the end of February. This delay will allow us to fully evaluate the equipment, abide by the FCC gifting rules, and still meet required timelines for Category II filing windows.

In conjunction with the locksmith re-key of all District areas, the Tech Dept installed the locksmith provided key control software on a server and built out 3 workstations for use with this system. As of 31JAN21 the database is still in the process of being setup by the locksmith. The premise of operations is that the master database which assigns cores / keys to doors is controlled by the locksmith. As the locksmith completes/updates the database he sends it to the Tech Dept for import into the server. The designated key control users then access their workstations that connect to the database on the server for issuing keys to end users and writes info back to the server database. The database is archived each night and saved to a separate location.

Evaluating a replacement solution for our current Technology Helpdesk while adding the capabilities of Asset Management. Our current Technology Help Desk solution resides on a local server and was created by SolarWinds. With the recent security concerns surrounding software by this vendor it seems prudent to locate a replacement. Our current asset management consists of scanning our device serial numbers, device MAC addresses, and asset tags into a spreadsheet on a standalone device as devices are purchased and arrive. That spreadsheet is then saved to a shared network drive to be imported / incorporated throughout several different Mobile Device Management (MDM) and other IT interfaces. Because this standalone system is not automatically integrated with the rest of our systems it leaves a lot of room for human error, out of date data, and takes a lot of labor to keep up to date. The desire is to evaluate a solution that combines Asset Management with the Tech HelpDesk solution as well as automatically integrating with our current MDM solutions (JAMF for Mac computers and iPads, Google Admin Console for ChromeBooks, and JumpCloud for Windows devices) and our Student Information System for import of Staff, Student, and class data.

Recovery of devices and charging adapters is ongoing after our return to Green phase (in-person) schooling. The Technology staff has been busy rewiring carts as well as tracking missing devices / charging adapters. As of 01FEB21 we are still awaiting receipt of 5 chargers for MacBooks (replacement cost of \$79 each) and 11 charges for ChromeBooks (replacement cost of \$29 each) at NBMHS.

Future Projections

Still awaiting receipt of 90 ChromeBook devices that are on backorder. Once received we will redistribute devices in Senior High / Middle School to facilitate the Nome Elementary School 1:1 issue of ChromeBook (classroom sets) Grades 3-5, and 1:1 issue of iPad (classroom sets) Grades K-2.

With the long wait to receive these 90 devices I am requesting approval to order an additional 90 devices to finish out our projected purchases for our device lifecycle replacements so we can hopefully receive them prior to the end of the fiscal year. The cost for these devices with Chrome Education upgrades is \$25,298.10. Funding is available and reserved in the Tech Budget for this purchase.

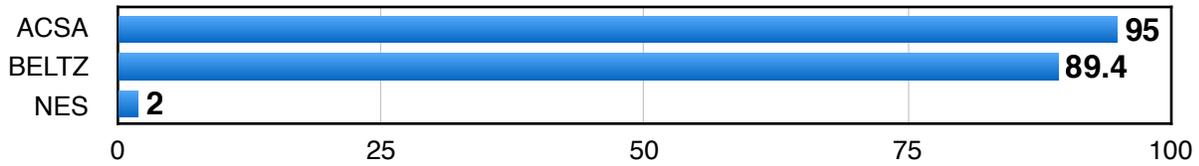

As part of the Districts 1:1 device initiative as well as the lifecycle replacement requirements for our devices the iPads in grades K-2 need replaced. We plan to replace 250 - 16GB iPadAir2 devices with 250 - 7th Generation 32GB iPads. The cost for these 250 devices is \$73,500. Funding is available and reserved in the Tech Budget for this purchase.

Requesting approval for the purchase of 8 additional ViewSonic IFP7550 Interactive displays and mounts. These devices are for use at NES and NBMHS to fill out identified classroom and common use areas. I am still awaiting the quote with shipping, the expected cost will not exceed \$40,000. Funding is available and reserved in the Tech Budget for this purchase.

PowerSchool Online Enrollment

Title: Approval of FY22 Teacher Contracts

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and Cynthia Gray, HR Manager

Attachments: List of Teachers for FY22 Contracts

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

Based on supervisory recommendations, the administration recommends that all current tenured teachers and the non-tenured teachers on the attached list be offered employment contracts for the 2021-2022 school year. Staff noted with an asterisk will receive tenured status beginning in the 2021-2022 school year. We are pleased to note that 9 teachers will become tenured with NPS when they return next fall.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval to issue contracts for all tenured and non-tenured teachers as listed for the 2021-2022 school year.

Sample Motion: I move to approve issuing contracts for all tenured and non-tenured teachers as listed for the 2021-2022 school year.

Title: Approval of 2020-2021 Food Service Contract Amendment

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and Genevieve Hollins, Business Manager

Attachments: NMS Food Services Contract Amendment

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

When the District has moved to remote learning this year, the number of students accessing meals through our bus route delivery system dropped significantly. As a result, NMS requested an adjustment in their meal pricing structure to ensure their costs were covered; the addendum only charges a higher per meal price when the number of meals per week drops. When the schools have had in-person learning, the number of meals per week has been within the volume originally expected.

The addendum affects the 4 ½ week closure November-January and will remain in place in case the district needs to move to remote learning at some point during the remainder of this school year.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the addendum to the NMS Food Services contract for the 2020-2021 school year.

Sample Motion: I move to approve the addendum to the NMS Food Services contract for the 2020-2021 school year.

Title: Board Policy 1st Reading

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent

Attachments: Board Policies for Adoption

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

The Board of Education Policy Review Committee met on January 20, 2021 to review new policies and/or revisions to current policies for adoption. The policies are now presented to the Board for a first reading approval.

BP 4112.10 Employment of Retired Teachers
BP 5145.15 Student and Family Privacy Rights
BP 9260 Legal Protection

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the first reading of board policies BP 4112.10 Employment of Retired Teachers, BP 5145.15 Student and Family Privacy Rights and BP 9260 Legal Protection.

Sample Motion: I move to approve the first reading of board policies BP 4112.10 Employment of Retired Teachers, BP 5145.15 Student and Family Privacy Rights and BP 9260 Legal Protection.

BP 4112.10 EMPLOYMENT OF RETIRED TEACHERS

Note: Effective November 8, 2018, [AS 14.20.136](#) authorizes schools districts to hire retired teachers in cases of teacher shortages. Retired teachers hired under this statutory provision may elect to continue receiving TRS benefit payments during the period of reemployment. A contract for reemployment of a retired teacher hired under [AS 14.20.136](#) may not be for more than 12 consecutive months. If the teacher retired under the defined benefit retirement system, the teacher must be retired for at least 60 days if 62 years of age or older, or at least six months if under 62 years of age, before reemployment. In addition, if the teacher is reemployed by the same district that employed the teacher upon retirement, the teacher must certify that there was no prearranged agreement with the school district to hire the teacher after retirement.

Prior to the hire of retired teachers under this statute, the school board must adopt a policy that permits the employment of retired teachers who are qualified to teach in those disciplines or specialties in which a shortage of teachers exists. The policy must describe the circumstances that constitute the shortage.

This optional policy may be utilized by districts desiring to hire retired teachers in cases of teacher shortages, as authorized by [AS 14.20.136](#).

It is the policy of the Board that teacher vacancies be filled in a timely manner by qualified personnel. The District administration is authorized to employ retired teachers in accordance with [AS 14.20.136](#) in cases of teacher shortages, and to notify the Administrator of the Teachers' Retirement System that it is hiring retired teachers pursuant to that statutory provision.

The hiring of retired teachers is authorized in those disciplines or specialties in which a shortage of teachers exists despite active recruitment efforts. A shortage is deemed to exist for those open positions that the administration has been unable to fill with qualified candidates, despite recruitment, public advertising for at least 10 business days, interviews, and the offering of positions to qualified candidates, if any.

BP 5145.15 STUDENT AND FAMILY PRIVACY RIGHTS

Note: *The Protection of Pupil Rights Act requires any school district “that receives funds under any applicable program [to] develop and adopt policies, in consultation with parents, regarding [statutory privacy rights].” (20 U.S.C. §1232h(c)(1)). “Any applicable program” generally refers to any federal program administered by the U.S. Department of Education (20 U.S.C. §1221(c)). “Consultation with parents” is not defined; boards are advised, at minimum, to publicize the issue and request public comment during the policy’s adoption.*

The Board believes that personal information gathered from a student may be helpful or necessary to facilitate school safety, student welfare, or the continued success of academic programs. However, these goals must be balanced with the expectations of privacy of our students and their families. The following procedures shall be followed so that parents may make informed choices regarding the disclosure or collection of personal information from their student.

Student Surveys

Note: *Federal law requires prior written parental consent before certain surveys may be administered to students. Effective June 30, 2017, [AS 14.03.110](#) requires written parent permission before a school may administer, or permit to be administered in a school, a questionnaire or survey, whether anonymous or not. The following policy sets forth the notice and consent provisions required by law and identifies when parental consent and notice are required. Additionally, state law provides that no student may be required to participate in a questionnaire or survey if the student objects to participation. [AS 14.03.110](#).*

The Board recognizes that student surveys administered in the public schools may be beneficial for the purposes of study, the improvement of education, for class assignment, and to assist in providing guidance or counseling services to students and their families. In administering surveys or questionnaires to the District’s students, the District shall comply with state and federal laws concerning parental notice and consent.

Surveys will not be administered to students without prior parental consent.

Annual Consent: The District may seek written parent/guardian permission, on an annual basis, for the administration of anonymous student surveys. Consent to anonymous surveys obtained annually will be valid until the beginning of the subsequent school year, or until written notice of withdrawal of consent is provided to the school principal. Parents or guardians shall receive at least two weeks’ notice prior to the administration of an anonymous questionnaire or survey.

Consent for Surveys that are Not Anonymous: Prior to the administration of a survey that is not anonymous the District shall obtain written permission from the parent/guardian at least two weeks prior to the survey.

Notice Requirements: At least two weeks prior to the administration of a questionnaire or survey, whether anonymous or not, that requires parental consent as identified above, the school shall provide each student's parent or legal guardian with written notice explaining:

1. how and where the parent may preview the survey;
2. how the survey will be administered;
3. how the survey results will be used;
4. who will have access to the questionnaire, survey or results; and
5. for those surveys which are not anonymous, explain that written parental consent is required before participation in the particular survey, and include a permission form to be returned by the parents, with instructions that the form must be returned at least two weeks before the survey.

Instructional Material

A student's parent(s)/guardian(s) may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Physical Exams or Screenings

Note: *Effective June 30, 2016, provisions of [AS 14.30.070](#) and the entirety of [AS 14.30.120](#) requiring school districts to provide for or require each child to have a physical examination is repealed. The requirement that school districts provide vision and hearing screening examinations remains. [AS 14.30.127](#). Although districts are no longer required to provide for and require physical examinations of every child attending school, the Department of Health and Social Services may require the district to conduct physical examinations it considers necessary and may reimburse the district for examinations. The federal Protection of Pupil Rights Act states that student's parent(s)/guardian(s) may refuse to allow their child or ward to participate in a "non-emergency, invasive physical examination or screening." [20 U.S.C. §1232h\(c\)\(2\)\(A\)\(ii\)](#).*

A student's parent(s)/guardian(s) may refuse to allow their child to participate in any non-emergency, invasive physical examination or screening that is: (a)

required as a condition of attendance, (b) administered by the school and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student, or of other students. The term “invasive physical examination” means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that:

1. Is permitted or required by an applicable state law, including physical examinations or screenings that are permitted without parental notification.
2. Is administered to a student in accordance with the Individuals with Disabilities Education Act ([20 U.S.C. §1400](#) et seq.)
3. Is otherwise authorized by board policy.

(cf. [5141](#) – Health Care and Emergencies)

(cf. [5141.3](#) – Health Examinations)

(cf. [5141.31](#) – Immunizations)

(cf. [5131.61](#) – Student Athlete Drug and Alcohol Testing Regulation)

Collection of Personal Information from Students for Marketing

Note: Federal law allows schools to collect personal information from students for marketing ([20 U.S.C. §1232h\(c\)\(1\)\(E\)](#)), provided the board, by policy, allows parents to preview the instrument and opt their child out of the activity.

The term “personal information” means individually identifiable information including: (1) a student or parent’s first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, or (4) a Social Security identification number.

No school official or staff member shall administer or distribute to students a survey or other instrument for the purpose of collecting personal information for marketing or sale.

The above paragraph does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other post-secondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.

3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Note: *The rights provided to parent(s)/guardian(s) in this policy transfer to the student when the student turns 18 years old, or is an emancipated minor.*

Biometric Information

Note: *Biometric information means the noninvasive electronic measurement and evaluation of any physical characteristics that are uniquely attributable to a single person, including fingerprint characteristics, eye characteristics, hand characteristics, vocal characteristics, facial characteristics and any other physical characteristics used for the purpose of electronically identifying that person with a high degree of certainty.*

1. Prior to collecting biometric information from a student, the school district shall provide notification of the intent to do so to the parents, or guardian, or to the student if he or she has reached the age of 18. Two weeks between notification and the actual collection of biometric information shall be given in order to allow a response to refuse participation in the biometric identification program. A request not to participate in the biometric identification program shall be made in writing by the parents, or the individual who has legal custody of the student, or the student if he or she has reached the age of 18. Failure to respond with a request not to participate in the biometric identification program shall be considered as giving permission for the student to participate.
2. Biometric information collected by the District will be stored securely behind District firewalls and other data protection protocols. All biometric information shall be destroyed within 30 days after (a) the student's graduation or withdrawal from the school district; or (b) upon receipt in writing of a request for discontinuation of participation in the biometric identification program by the parents, or the individual having legal custody of the student, or by the student if he or she has reached the age of 18.
3. The biometric information is to be used solely by the school district for identification or fraud prevention.
4. The school district will not sell, lease, or disclose any biometric information to any other person or entity.

5. The choice for the student not to participate in the biometric identification program by the parents, or guardian, or by the student, if he or she has reached the age of 18, must not be the basis for refusal of any services otherwise available to the student.

BP 9260 LEGAL PROTECTION

***Note:** For all districts, Sections 2361-2368 of the Every Student Succeeds Act are designed to provide teachers, principals and other school professionals, including board members, the tools they need to undertake reasonable actions to maintain order, discipline and an appropriate educational environment. Section 2366 limits the liability of a school employee or official for acts or omissions when he/she is acting within the scope of employment or district responsibilities and his/her actions were in conformity with federal, state and local laws in an effort to control, discipline, expel or suspend, or maintain order or control in the classroom or school.*

Limitations on liability do not apply when the officer or employee: (1) acted with willful or criminal misconduct, gross negligence, recklessness or a conscious or flagrant indifference to the harmed student's right to safety; (2) caused harm by operating a motor vehicle; (3) violated a federal or state civil right law (e.g., sexual harassment, discrimination, IDEA claims); (4) was convicted of a sexual offense, crime of violence or act of terrorism; or (5) was under the influence of alcohol or drugs.

If a civil action is brought against the employee or officer, and the laws' conditions are satisfied, Sections 2366 and 2367 limit the amount of the employee's/officer's liability to a formula based on the percentage of responsibility for the harm, and also limits punitive damages. The provisions of the law took effect on April 8, 2002.

The School Board shall provide insurance necessary to protect Board members, officers, and employees from any judgment resulting from suits brought against them alleging their liability while acting within the scope of their employment and/or under the direction of the Board. The insurance shall cover claims in such matters as civil rights actions, negligence, or other act resulting in accidental injury to any person or property damage in or out of the school buildings.

SCHOOL BOARD COMMUNICATION

Title: Approval of Contract for Business Manager Services

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent

Attachments: AKEBS Contract

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

The administration is pleased to present a two-year contract with Genevieve Hollins of Alaska Education Business Services (AKEBS) to provide business manager services to the District. Genevieve has provided excellent services in this position to the District for over five years, and regardless of her remote status, has been timely responsive to all inquiries and needs, trained several new payroll clerks, and overseen annual audits resulting in no findings. Genevieve is proposing a two-year contract to ensure continuity of service.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the contract with Alaska Education Business Services for the 2021-2022 and 2022-2023 school year for business manager services.

Sample Motion: I move to approve the contract with Alaska Education Business Services for the 2021-2022 and 2022-2023 school year for business manager services.

Contract # 2021-1004

PROFESSIONAL SERVICES CONTRACT

NOME PUBLIC SCHOOLS (NPS)

THIS writing formalizes an agreement entered into this day of February, 2021 by and between ALASKA EDUCATION & BUSINESS SERVICES, INC., (hereinafter called the “Consultant”) and the NOME PUBLIC SCHOOLS (hereinafter called “NPS”).

The parties to this agreement understand that NPS desires to engage the Consultant to render certain technical and professional services in connection with *Business Services* for the Nome Public Schools.

Accordingly, the consultant agrees to perform these services for NPS under the terms and conditions of this contract, through the Superintendent who warrants its authority to enter into a professional service contract.

The parties further understand and acknowledge that this agreement is a contract for professional services.

The parties to this contract mutually agree as follows:

1. Employment of Consultant. NPS agrees to engage the Consultant, and the Consultant agrees to perform the services set forth in this agreement.
2. Area Covered. The Consultant shall perform all the necessary services provided under this contract as set forth in Attachment A.
3. Data and Equipment to be furnished by the Parties. All information, data and records, as are existing, available, and necessary for the carrying out of this agreement shall be provided to the Consultant without charge by NPS. NPS shall cooperate with the Consultant in every reasonable way in carrying out the consulting work. In turn, the Consultant performing professional services for NPS are expected to supply standard equipment normally used by other professionals performing similar services.
4. Time of Performance. The services of the Consultant shall begin July 1, 2021 for a period continuing through June 30, 2023 (two years). The contract may be extended for additional periods by mutual written agreement of the parties.

5. Compensation.

Services: NPS agrees to pay the Consultant the sum of \$144,000 annually. The payment of which is provided that the Consultant's performance of services is completed to NPS's reasonable satisfaction and shall be made monthly in twelve payments of \$12,000.

Reimbursable Expenses: NPS also agrees to reimburse Consultant for any required airfare for Superintendent approved travel to/from Nome including related travel expenses (taxi, parking or hotel if no lodging provided in Nome), per diem (food) at \$60 per day, and for any postage required to mail documents.

6. Method of Payment. NPS will pay to the Consultant the amounts set forth in paragraph 5, which shall constitute full and complete compensation for the Consultant's services. Such sum will be paid to the Consultant upon receipt of a monthly invoice.

7. Termination of Contract by NPS. NPS may at any time terminate this contract by giving 90 days written notice of termination to the Consultant, or immediately for non-performance. In the event of termination, all finished or unfinished documents and other materials as described in paragraph 3 above shall, at the option of NPS, become its property.

8. Termination of Contract by Consultant. The Consultant may at any time terminate this contract by giving 90 days written notice of termination to NPS, or immediately in the event of an emergency causing Consultant to be unable to perform work (i.e. medical emergency) or in the event of non-payment for services. In the event of termination, all finished or unfinished documents and other materials as described in paragraph 3 above shall, at the option of NPS, become its property.

9. Findings Confidential. Any reports, information, data, etc., given to, prepared, or assembled by the Consultant under this contract which NPS requests to be kept as confidential shall not be made available to any individual or organization by the Consultant without the prior written approval of NPS.

10. Successors and Assigns. NPS and the Consultant each binds itself and its partners, successors, executors, administrators and assigns of such other party, in respect of all covenants of this contract; except as above, neither NPS nor the Consultant shall assign, sublet, or transfer its interest in this contract without the written consent of the other. Nothing in this agreement shall be construed as creating any personal liability, nor shall it be construed as giving any rights or benefits to anyone other than NPS and the Consultant.

11. Liability. Consultant shall not be held responsible for delay or failure to perform hereunder when such delay or failure is due to fire, flood, epidemic, strikes, act of God or the public enemy, unusually severe weather, legal act of public authority or delays or defaults caused by public carrier, which cannot reasonably be forecast or provided against. Except as otherwise expressly provided in this agreement, and without limiting the generality of the foregoing disclaimer, Consultant does not warrant that its advice, systems configuration, or programming on behalf of NPS will be error free.

IN WITNESS WHEREOF the parties hereto have executed this agreement.

SCHOOL BOARD COMMUNICATION

Title: Approval of Purchase of Lexia Reading Program

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent

Attachments: Lexia Learning Systems Quote

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

Nome Elementary School requests approval of the purchase of a 3 year licensing agreement with Lexia Learning Systems to implement the Lexia Core5 Reading program for students in grades K-5 as part of their ongoing work to improve reading outcomes for students. This will provide additional tailored interventions and progress monitoring and can be accessed both at school and at home. The cost of the program will be covered through School Improvement and the State Literacy grant funds.

The board previously approved this item through a phone poll and now formal ratification is requested.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of the Lexia Core5 Reading program.

Sample Motion: I move to approve the purchase of the Lexia Core5 Reading program.

Title: Approval of Category 1 Internet Services Contract

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and Jim Shreve, IT Director

Attachments: DRS Contract

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

The IT Team completed its review of submitted bids for our Category 1 Internet Service Provider contract and has selected DRS (our current provider) for a five year contract beginning FY22. The proposal offers the District 75mbps down x 75Mbps up for a total monthly cost of \$65,823.13 per month and includes firewall, network monitoring, transport circuits and other additional services. 90% of this cost will be offset by the District's eRate funding, and an additional portion of the remaining 10% cost will be covered by the state BAG25 program. Our total monthly cost will be \$5,337.98.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of a 5 year contract with DRS for Category 1 Internet Services, beginning in the 2021-2022 fiscal year.

Sample Motion: I move to approve the 5 year contract with DRS for Category 1 Internet Services, beginning in the 2021-2022 fiscal year.

CONTRACT FOR INTERNET SERVICES

This Contract for Internet Access (“Services”) is made on February 8, 2021 by and between Nome Public Schools (“NPS”) and DRS Global Enterprise Solutions, Inc. (“DRS”). This Contract is issued by NPS in accordance with the terms and conditions of DRS’ proposal submitted in response to the Universal Service Administrative Company’s (USAC) Schools and Libraries Universal Service ERATE Form 470 application number 210006838, for Services for the 2021-2022 school years. NPS and DRS may also be referred to in this Contract individually as a “Party” or collectively as the “Parties”.

1.0 TERM

The term of this Contract is July 1, 2021 through June 30, 2026. The Parties agree that this Contract can be canceled in the event the USAC denies funding for the Services covered under this Contract prior to the beginning of the term. Services will begin on July 1, 2021. NPS may at its sole discretion extend the Term by written notice except that any such extension shall be for all locations receiving service under this Contract unless otherwise mutually agreed in writing by the Parties. The price of service for the additional term of service shall be in accordance with DRS’ proposal dated January 20, 2021, unless the number of sites is changed, where in the Parties will negotiate amended pricing.

2.0 SERVICES TO BE PERFORMED

This Contract represents the agreement between NPS and DRS to provide USAC subsidized Services to the three (3) locations located in the Nome City School District. NPS and DRS are entering into this Contract for the Services in accordance with the (i) Statement of Work (SOW), Attachment C of this Contract; (ii) DRS’ technical and price proposal submitted to NPS on January 20, 2021. DRS's proposal dated January 20, 2021 is hereby incorporated by reference.

3.0 TERMINATION

3.1 **Mutual Consent.** This Contract may be terminated by mutual consent of the Parties in writing subject to termination fees.

3.2 USAC Funding.

3.2.1 Subject to the provisions herein this Contract may be terminated by NPS:

- (i) Upon thirty (30) days written notice to DRS at any time DRS for any reason loses its status as an eligible USAC service provider or for any other reason that causes loss of funding by NPS; or
- (ii) If NPS is denied funding by USAC or USAC materially reduces the funding availability for the USAC eligible Services provided hereunder (whether in response to legislative or regulatory action or for any other reason).

3.2.2 Subject to the provisions herein this Contract may be terminated by DRS:

- (i) If NPS at any time loses its status as an eligible entity with USAC, unless in any such case the Parties mutually agree to continue the Services using another funding source; or
- (ii) If NPS is denied funding by USAC for any year of the Term, except for the first year of the Term. In the event USAC funding is denied in year 2 or beyond of the contract, then NPS agrees to not cancel the contract entirely and to permit DRS to continue performance until available USAC funding is depleted, consistent with applicable USAC rules, or if the Services provided is required to be provided by DRS.

3.3 School Openings and Closures. NPS may activate or terminate service to any individual school due to closure of the school upon ninety (90) days written notice to DRS.

3.4 Default by DRS. By written notice from NPS if:

- (i) DRS is in material breach of its obligations hereunder and fails to cure such breach within thirty (30) calendar days after NPS notifies DRS of such breach or, within such thirty (30) calendar day period, fails to reach agreement with NPS on a schedule for curing such breach, or at any time fails to perform according to such agreed schedule;
- (ii) DRS fails to perform, other than for reasons attributable to extraordinary weather conditions or other force majeure conditions described in Section 6.0;
- (iii) During any twelve (12) month period of the Term, one (1) or more NPS Locations experience extraordinary loss due to DRS performance;
- (iv) During any twelve (12) month period of the Term, one (1) or more NPS locations experience other than for reasons attributable to extraordinary weather conditions or to other force majeure conditions, at least fifteen percent (15%) loss of service over all sites.
- (v) DRS fails to establish Services or other contracted Services pursuant to the Contract.

3.5 Default by NPS. By written notice from DRS, if:

- (i) NPS is material breach of its obligations hereunder and fails to cure such a breach within forty-five (45) calendar days after DRS notifies NPS of such breach, or within such forty-five (45) calendar day period, fails to reach agreement with DRS on a schedule for curing such breach, or at any time fails to perform according to such agreed schedule.
- (ii) NPS fails to pay any amounts due to DRS for services rendered hereunder within sixty (60) calendar days after the date of receipt of DRS's monthly invoice for such services and fails to cure such nonpayment within ten (10) business days after receipt of such written notice of such default from DRS.

3.6 Bankruptcy. By either Party upon the other Party's voluntary filing of a petition for protection of a bankruptcy court, or the filing against the other Party of an involuntary petition in bankruptcy that is not dismissed within sixty (60) days, or upon the other Party's general assignment of assets for the benefit of its creditors.

3.7 Maximum Compensation Payable upon Termination. In the event of termination of this Contract for any reason set forth in paragraphs 3.1, 3.2.1(ii), 3.2.2(i), 3.2.2(ii), and 3.5 of Section 3.0, the total compensation payable to DRS by NPS shall be the remaining balance due through June 30th of the current USAC funding year for Services provided.

In the event of termination of this Contract by DRS under paragraph 3.1, 3.2.1(ii), 3.2.2(i), 3.2.2(ii), and 3.5 of Section 3.0, DRS will be paid for all amounts due under Contract for Services subject to both NPS and USAC funding as of date of termination of services.

4.0 PRICING

4.1 The price quoted herein shows the Monthly Recurring Costs (MRC) for the stated Service, based on a five (5) year effort (July 1, 2020 through June 30, 2025). Direction for changes to service levels will be made in writing to DRS ninety (90) days prior to the start of the new E-rate funding year. All decreases in service will require ninety (90) days' notice unless otherwise mutually agreed by both Parties.

4.2 Changes to service levels may result in upward or downward adjustment to monthly service costs as specified in the pricing tables.

4.3 In the event that there is a funding delay with USAC, DRS agrees to continue Services, and will ensure that there will be no interruption of Service. DRS will continue to bill NPS for their portion of the MRC (USAC discounted invoicing), and will bill back to USAC for its portion of the MRC once an approved Funding Commitment Decision Letter (FCDL) is received from USAC.

4.4 Pricing Schedule - see Attachment A:

4.5 Services Selected - see Attachment B:

5.0 BILLING AND PAYMENT TERMS

DRS shall submit invoices on a monthly basis no later than ten (10) business days from the end of the month for the Services rendered. Payment on invoices are due thirty (30) days from the invoice receipt date. Invoices will be emailed to NPS. NPS agrees to pay all costs and expenses, including without limitation reasonable attorney's fees, incurred by DRS in collecting past due balances.

The prices quoted in this Contract show the MRC for the stated Service. The project schedule will ensure that the monthly services will begin on July 1st, 2021. In the event that USAC denies funding after Service has begun, NPS will be responsible for payment of the full monthly service fees of services provided.

Upon start of service, NPS will be invoiced for its portion of the total monthly price (USAC discounted invoicing). After approved USAC Funding Commitment Decision Letters (FCDLs) are received, DRS will invoice USAC for the funded subsidized amount. In the event USAC funding is denied NPS is responsible for the USAC portion that would have been otherwise subsidized by USAC.

6.0 FORCE MAJEUR

Neither Party to this Contract shall be considered to be in default of its obligations under this Contract to the extent that failure to perform any such obligation arises from causes beyond the control and without the fault or negligence of the affected Party.

7.0 GENERAL PROVISIONS

7.1 Headings and Interpretations

Section headings used in this Contract are for reference and convenience only and shall not enter into the interpretation thereof.

7.2 Severability

If any of the provisions of this Contract or part of such provisions are or become invalid or unenforceable, the remaining provisions shall continue to be effective. In such a situation, the Parties agree, to the extent legal and possible, to incorporate a replacement provision to accomplish the originally intended effect.

7.3 Waivers

No waiver shall be deemed effective unless given in writing and signed by the authorized representative of the Party granting such waiver. No waiver by a Party of any of its rights or remedies hereunder shall be construed as a waiver by such Party of any other rights or remedies that such Party may have under this Contract.

7.4 Limitation of Liability/Indemnification

7.4.1 IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY CLAIM (WHETHER BASED ON CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY OR LAW OR OTHERWISE) FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, PUNITIVE, OR OTHER SIMILAR SPECIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, OR OTHER PECUNIARY LOSS), ARISING OUT OF OR RELATING TO THIS CONTRACT, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF THE FORESEEABILITY OF ANY SUCH DAMAGES. NEITHER PARTY WILL BE LIABLE TO THE OTHER IN ANY WAY ARISING OUT OF OR RELATING TO THIS CONTRACT FOR AN AGGREGATE AMOUNT IN EXCESS OF THE AMOUNT PAID BY NPS TO DRS FOR THE AGREEMENT GIVING RISE TO LIABILITY.

7.4.2 NOTWITHSTANDING THE PROVISIONS OF SECTION 7.4.1 ABOVE, NO LIMITATION OF LIABILITY UNDER THIS CONTRACT WILL BE APPLICABLE WITH RESPECT TO A CLAIM THAT IS THE RESULT OF A PARTY'S GROSS NEGLIGENCE OR INTENTIONAL MISCONDUCT.

7.4.3 Each Party (hereinafter referred to for the purpose of this clause as the “Indemnitor”) shall indemnify and hold harmless the other Party, from and against any and all claims, damages, demands, suits, actions, losses, judgments, liabilities, defaults, or costs and expenses, including court costs and reasonable fees of outside counsel, against the other Party or the Team arising out of or resulting from (a) any damage or injury to or death of a third party which is caused by the Indemnitor, in the course of performance of or as a result of performance of this Contract; (b) any and all expenses, liability, and loss of any kind arising out of claims, suits, or actions alleging infringement, misuse, or misappropriation of third party Intellectual Property by the Indemnitor; or (c) its failure to comply with any applicable laws or regulations.

7.5 Disputes

Any controversy, dispute or claim arising under or related to this Contract (“Dispute”), which cannot otherwise be resolved after good faith negotiations by the Parties, shall first be referred for resolution to the Parties’ respective executive management in writing. If the Parties’ executive management are unable to resolve the Dispute within thirty (30) calendar days of such referral, then the Parties may mutually agree upon alternate dispute resolution or either Party may file suit in a court of competent jurisdiction in accordance with Section 7.8. Notwithstanding the foregoing, either Party may immediately seek injunctive relief in a court of competent jurisdiction to prevent irreparable harm.

7.6 Proprietary Data and Information

7.6.1 The Parties agree to retain in confidence, during the term, and for three (3) years from the date of termination of this Contract, all information, both technical and financial, furnished by the other, whether orally or in writing, any information that is identified as proprietary and/or confidential, and will use such information only in the course of performance under this Contract. Such proprietary and/or confidential information shall remain the property of the disclosing Party and the recipient Party agrees that it will treat such information as proprietary and confidential using the same degree of care that it would normally use in protecting its own information.

7.6.2 The Parties may disclose such information to employees of the other Party, but only to those employees who have a need to know for the purpose set forth in this Contract. The Parties shall obligate their employees to hold such information in confidence and advise such employees that the information is proprietary and/or confidential and is not to be revealed to others or used for any purpose other than that set forth in this Contract.

7.6.3 The Parties shall not be prevented from disclosing or using any such information which (i) has been previously published or which is published hereafter, unless such publication is a breach of this Contract; (ii) was already and legally in the receiving Party's possession prior to any disclosure of the information to the receiving Party as evidenced by written records kept in the ordinary course of business by the Parties; (iii) has been in or is hereafter obtained by the Parties from a third party, other than one acting on behalf of either Party whom the Parties have no reason to believe is in violation of any contractual, legal or fiduciary obligation with respect to the information; (iv) is independently developed by the Parties; (v) is in the public domain; (vi) is known or able to be ascertained by a

nonparty on a non-confidential basis; or (vii) is required to be disclosed by a governmental agency or competent court.

7.6.4 In the event this Contract is terminated for any reason, all information submitted by the Parties or their representatives shall be promptly returned to either Party, and neither Party, without the prior written consent of the other Party, shall use any of the information for any purpose.

7.6.5 The Parties shall, at their own expense, take steps, including the initiation and prosecution of actions at law or in equity, necessary to prevent disclosure of any of the information by any of their representatives and employees or to prevent the unauthorized use or disclosure of any such information by any third parties who gain the information in violation of the terms of this Contract.

7.6.6 The terms of this Section shall be in addition to and not supersede any previous non-disclosure agreement executed between the Parties. To the extent of any inconsistency between such non-disclosure agreement and this Contract, the latter shall control.

7.6.7 The Parties acknowledge and agree that, in the event of a breach of this provision, there will be no adequate remedy at law and that the Party whose proprietary data or information is not used in accordance with this provision will suffer irreparable harm entitling it to immediate injunctive relief in addition to other legal remedies.

7.7 Assignment

A Party may not assign or transfer its rights or obligations in this Contract (by operation of law or otherwise), in whole or in part, to any person or entity without the prior written consent of the other Party, which consent shall not be unreasonably withheld; provided, that either Party may assign such rights or obligations to (a) a successor or surviving corporation resulting from a merger, consolidation, sale of assets or stock or other corporate reorganization, or (b) its parent, its parent's subsidiaries or other affiliates, upon condition that the assignee will assume all of the Party's obligations hereunder.

7.8 Governing Law

Regardless of its place of negotiation, execution, or performance, this Contract shall be enforced and interpreted in accordance with the laws of the State of Alaska, without regard to the principles of conflict of laws.

7.9 Notices

Any notice or other communication required or permitted by this Contract shall be in writing and shall be delivered by hand, by registered prepaid first class mail, by facsimile or by electronic mail to the persons or addresses specified below (or such other person or address as a Party hereto may previously have notified the other Party hereto in writing for that purpose). A notice or other communication shall be deemed to have been served (a) on the date delivered, if delivered by hand or sent by registered prepaid first class mail or (b) upon acknowledgement of receipt, if sent by facsimile or electronic mail. Title: Approval of Proposal for Repair of Nome Elementary Day Tank

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and John Mortensen, Maintenance Director

Attachments: Contractor Proposals

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

The Fuel Oil Day Tank located at Nome Elementary School has had long-standing issues with intermittent leakage, and put in a temporary solution a little over a year ago which has prevented any further leaks. The District hired RSA Engineering to provide mechanical drawings to provide a permanent repair, and sent out quote requests to six companies within the state – these proposals include a base bid and two alternates. Two companies responded with proposals; the District would like to recommend approving the proposal submitted by Pinnacle Mechanical for the base bid only. Costs for this repair will be paid from the District’s Capital Improvement Project fund.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of Pinnacle Mechanical’s proposal (Base Bid only) for repair of the Nome Elementary Day Tank in the amount of \$56,938.00.

Sample Motion: I move to approve Pinnacle Mechanical’s proposal (Base Bid only) for repair of the Nome Elementary Day Tank in the amount of \$56,938.00.

Title: Approval of Purchase of Replacement iPads

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and Jim Shreve, IT Director

Attachments: iPad Price Quote

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

As part of the District's 1:1 device initiative, as well as the lifecycle replacement of our devices, we need to replace the iPads for grades K-2 at Nome Elementary. The current devices are 16GB iPad Air2 devices – they will be replaced with 250 7th Generation 32GB iPads. This cost was planned and budgeted for within the Tech department's General Funds budget.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of 250 replacement iPads for Grades K-2 in the amount of \$73,500.00.

Sample Motion: I move to approve the purchase of 250 replacement iPads for Grades K-2 in the amount of \$73,500.00.

Title: Approval of Purchase of Additional Interactive Displays

Date: February 9, 2021

Administrator: Jamie Burgess, Superintendent and Jim Shreve, IT Director

Attachments: N/A

Action Needed **For Discussion** **Information** **Other**

BACKGROUND INFORMATION

The IT Department is requesting approval for the purchase of 8 additional ViewSonic interactive displays and mounts. These devices are for use at NES and NBMHS to fill needs in classrooms and common areas which were identified subsequent to the District's initial purchase of these devices for classrooms across the District in the prior year. The vendor quote is still in process; however, the total cost including shipping will not exceed \$40,000. Funds for this purchase are available and reserved in the Tech Department's general funds budget.

ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the purchase of 8 ViewSonic interactive displays and mounts in an amount not to exceed \$40,000.00.

Sample Motion: I move to approve the purchase of 8 ViewSonic interactive displays and mounts in an amount not to exceed \$40,000.00.
