JOURNEY OF A GRADUATE

JOURNEY OF A GRADUATE

- Describe how this competency is or is not vital to your business, profession, or work?

What does the Journey of a Graduate mean to you?

It encompasses the life skills our students need to be successful, and the academics are the vehicle for us to use.

It means that we could value these skills and attributes as much (or more) than TEKS.

A collection of beliefs of our community which leads to our principles and practices that will benefit our students in school and beyond.

What does the competency you selected mean to you?

Students must be able to flex and adapt to ever changing situations in all areas of their lives.

Collaboration means that our students will be able to work with a variety of people to build excellence.

What professions/careers require this competency?

What professions/careers do not require this competency?

none
