1. ELPA21 testing is underway. I appreciate Mr. Jordan and Mrs. Calderon making sure students get adequate time to test all four components required. The time and organization it takes isn't simple.
2. Formal evaluations are near complete. I want to acknowledge my teachers and staff for their classroom management efforts and welcoming environments. I see many unique strategies and "little things" like class pets, calm corners, and reward boxes that make students really enjoy being in school.
3. The 100th day of school was celebrated on January 28th. There was a committee that helped plan some schoolwide fun along with teachers planning activities within their own classrooms. It was a nice way to include something fun yet educational while it's the middle of winter and days can sometimes get long.

4. On February 2nd, Niko Gronenthal, Denise Ehlers, and I had our meeting with the 21st Century Community Learning Partners staff for our Monitoring Visit for the After School Program. Niko had been working on gathering and submitting fifty-seven compliance requirements. In this meeting, there were five requirements needing more proof. We have 30 days to get those met. I am very happy with the work that Niko (along with Celine and Denise) for getting all of the correct documentation for that review. The five requirements needing more proof are minor/easy to achieve.
5. We're planning for Parent-Teacher conferences that are coming up on Feb. 17th & 19th.
6. There is a K-8 Family Math Night on Thursday, Feb. 26th. Our Title I teacher, Erin Reeves and Mr. Cooper, one of our 3rd grade teachers, makes this night worth it for families coming out and can be included as one of our requirements for our Title I plan.

*After a training Mrs. Ehrisman attended with Infinite Campus, they instructed us to not use the ADA/ADM reporting function which we have been using for our attendance data on board reports. Infinite Campus did show us the correct report that we are supposed to be using for our auditors, as well as what will be reported to the state.

- Staff attended the ESU8 Winter Workshop on January 5th. The keynote speaker for the event was Gerry Brooks. Mrs. Middleton and Ms. Knight led presentation breakout sessions during the day.
- I am currently in the mix of formal observations for non-tenured and tenured teachers and paras.
- We have nine 8th grade students that have completed all of their lessons, within the iReady Math program.
- During our February 4th MTSS meeting, we worked on finalizing the process for students exiting and entering formal and informal behavior plans. We also

discussed developing a list of possible Tier 1 academic supports that teachers can use before referring a student to begin the SAT process. We also discussed potential decision rules for students entering a math intervention, based on their iReady math diagnostic percentile score.

- Based on student's application responses, the first round of cuts for the 2026-27 House Leader selection process have been made.
- Mr. Harrington selected Santiago Garzoria as the January student of the month.
 - "Santi is a great math student, working every problem without fail, regardless how challenging the problem may be. A mistake is just an opportunity for growth, making corrections as he betters himself in and out of the classroom. Santi comes to class with a smile and is always excited for class. He surpassed the 50% growth mark on his diagnostic and has reached grade level in 2 of the 4 categories. I appreciate Santi and everything he brings to class every day."

The mission of Madison Public Schools is to prepare students to be competent, confident, productive, and responsible citizens.

Reminder-We will have Admin negotiations meeting at 6:30 before the meeting.

Filing deadline for incumbents is February 17 and Nonincumbent is March 2.

We are all meeting each Monday to keep the flow going on the complex. Michael said he can have some renderings by the end of February, so would like to have community meeting still at the end of the February or early March. We have had a locate company out to find existing plumbing and drains and a decision will be made soon on well house. Michael was out on February 5 to look at structure of old concession stand and the well house. The plan was to move the water to the new concessions, but we will see how much that will cost. I still really don't have numbers on much of anything, but am hoping to have more figures soon.

I will have two letters of resignation by Monday night. Jane Lewis and Chris Miller. Jane is retiring, we wish her the best. Chris is taking a job at Clarkson. He lives in Clarkson, his wife teaches in Clarkson, and they have 4 young kids, so we wish him the best. Mrs. Kush and I attended teacher fair at WSC on Friday, February 6.

Legislature hasn't ramped up too much yet. LB 765 on School Bonds has been the most talked about this early session so far. LB 765 requires 50% turnout for bonds and more than 50% yes votes. It will make is hard for schools to pass bonds. I am attending NRCSA legislative update at the end of February.

We have had some good interest in the Elementary AP/CIA director position. We plan to start interviewing this week.

I attached the yearly calendar again, as there are a couple small changes.

BOE Policies 5022-5040 are attached. Sparq did a training with me on Monday, February 2 with our policies online, but I haven't had enough time to play with it yet, so hopefully next meeting it will all be attached directly to the meeting.

I would like to meet with the Buildings and Grounds committee sometime in March, or before the March meeting to discuss upcoming summer projects.

Investigations, Arrests, and Other Student Contact by Law Enforcement and Health and Human Services

The school district and its administrators and staff desire to maintain a positive working relationship with law enforcement officers and other representatives of governmental bodies in the discharge of their duties. However, this desire must be balanced against other equally important factors such as a student's legal rights, ensuring that a student's time spent in school is for education, and acknowledging that the school stands *in loco parentis* to the students.

"Law enforcement officer" means police officers, county sheriffs, state patrolmen, Health and Human Service workers, Child Protective Services workers, Office of Juvenile Services workers, probation officers, U.S. Immigration and Customs Enforcement (ICE) agents, Federal Bureau of Investigations agents, or any other government investigatory workers.

"Parent" means the biological or adoptive mother or father, guardian, responsible relative, or any other person who has claimed legal or actual charge or control of the student pursuant to Nebraska law or Title 92 Nebraska Administrative Code Chapter 19.

Contact between the school and law enforcement officers on matters involving students shall be made through the office of the superintendent or building principal and the law enforcement officer. All reasonable attempts should be made to avoid embarrassing the student before his or her teachers and peers, and to avoid disrupting the student's and school's education program.

School staff will promptly notify the superintendent when a student is arrested or removed from school grounds by law enforcement officers.

Interviews and Questioning

Law enforcement officers will not be allowed to question or interview students on school grounds at any time or for any reason.

Taking a Student into Custody

Law enforcement officers seeking custody of a student must contact the superintendent or building principal. The principal will request the arresting law enforcement officer to provide a copy of the arrest warrant, written parental consent, court order, or other document giving authority to take the student into legal custody. If there is no document presented, the principal

should obtain the officer's name, badge number identifying the law enforcement agency, date, time, the reason for the arrest, and the place to which the student is reportedly being taken. Whenever practicable, the arrest or release of the student should be conducted in a location and in a manner that minimizes observation by others.

When a law enforcement officer removes a student from the school, the building principal will take immediate steps to notify the parent about the student's removal and the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse.

Child Abuse and Neglect

If a law enforcement officer decides to remove a student from school, school officials shall provide the law enforcement authorities with the address and telephone number of the student's parent or guardian. The principal or other school official shall, as a condition of releasing the student to the law enforcement officer, require the officer to sign the attached statement certifying that the child is being removed from school premises because he or she is believed to be the victim of child abuse and that the officer understands and will comply with the legal requirements of NEB. REV. STAT. § 79-294.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

1. Prescription medication

- a. Parents/guardians must provide a physician's written authorization for the administration of the medication.
- b. Parents/guardians must provide their own written permission for the administration of the medication.
- c. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

2. Non-prescription medication

- a. Parents/guardians must provide written permission for the administration of the medication
- b. The medication must be brought to the school in the manufacturer's container.
- c. The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school

hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school

employee or his or her designee, or at a school-sponsored activity or athletic event. As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a parent or guardian at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An

opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the

following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

of the school board or board of education no later than forty-eight hours prior to the hearing.

9. If a hearing is requested more than five school days following the receipt of the written notice, but not more than thirty calendar days after receipt, the Superintendent shall appoint a hearing examiner. The hearing will be held according to the requirements of section 79-269. The student shall be entitled to a hearing but the consequence imposed may continue in effect pending final determination.
10. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

Such software is often called, but is not limited to, a bug, virus, worm, or Trojan Horse.
12. Students shall not configure or troubleshoot computers, networks, printers or other associated equipment, except as directed by a teacher or the system administrator.
13. Students shall not take home technology equipment (hardware or software) without permission of the system administrator.
14. Students shall not forge electronic mail messages or web pages.

II. Enforcement

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at

any time.

2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deem appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Children's Online Privacy Protection Act (COPPA)

- A. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
- B. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

The mission of Madison Public Schools is to prepare students to be competent, confident, productive, and responsible citizens.

February 4, 2026

Dear Superintendent Frederick and Members of the Madison School Board,

I am writing to formally announce my retirement at the conclusion of this school year.

This decision comes with a full heart. I was part of the very first kindergarten class in this building and attended here through eighth grade before going on to attend and graduate from Madison High School. To then return and spend 46 years teaching in this same building has truly been one of the greatest privileges of my life. Madison has always been special to me, and this building has been far more than just a place of work—it has been a second home.

Over the years, I have had the honor of working with generations of students, families, and colleagues. The relationships I have built and the memories I carry will stay with me forever. I am deeply grateful for the support, trust, and friendships that have made my career so meaningful.

While it is time for me to slow down a little, I do not plan to step away completely. I hope to continue substituting and staying connected, as working with children remains a true passion of mine.

Thank you for the opportunity to serve this district for so many years. It has been an incredible journey, and I will always be proud to say I am part of Madison.

Sincerely,

Jane Lewis

Dear Mr. Frederick:

After long, thoughtful consideration, I will be resigning from my position at Madison Public Schools at the end of my current contract. I am very appreciative of my time here and hope that I have left a positive impact on the school district and the students. I am wishing Madison Public Schools nothing but the best and glad I was able to be a Dragon.

Sincerely,
