CADENCE Insurance
A Gallagher Company

IMPORTANT PLEASE READ

As you review our proposal, please keep these thoughts in mind.

Always refer to the policies for specific coverage questions. Our proposal is a general overview only. The policy contract determines where and if coverage is available.

Consider flood and earthquake coverage. Neither flood loss nor earthquake loss are covered under standard property policies. All of us have exposure to floods and earthquakes.

The property and liability limits that we illustrate in this proposal are options only. We can provide additional alternative limit options if you request. The selection of limits is solely your decision.

Please notify us throughout the policy year of changes in your business that may affect your exposure to risk. Failure to do so may result in uncovered losses.

Our inspections, reports and recommendations are provided to assist in your efforts to establish and maintain a safe workplace and not to warrant workplace safety or compliance with applicable laws, regulations or standards. Our observations and suggestions are not a substitute for legal advice. You bear this ultimate responsibility and are encouraged to seek appropriate legal counsel when implementing a program or process to maintain a comprehensive workplace safety program.

Loss control is a daily responsibility of your management. Our visits are not a substitute for your own loss control program. Recommendations are developed from conditions observed at the time of our visit. They do not include every possible loss potential, code violation, or exception to good practice.

The solvencies of the insurance carriers that you select are of utmost importance. Unless notified otherwise, all carriers have an AM Best Guide rating of A- or better.

In order to offer you choices, our agency maintains relationships with a number of insurance companies. Most of these companies pay our agency a commission when we place coverage with them. Some companies issue policies on a net basis to us, and we in turn, will charge you an agency fee. Some companies do pay our agency a contingency commission at the end of the calendar year if the group of insurance customers placed with that company has been profitable. Such an arrangement is an incentive for our agency to work with you to prevent losses as well as send profitable business to insurance carriers.

Our relationship with you is based on trust and we do our best to make no representation that would mislead anyone about any aspect of the products or services that we offer.

We value your trust and have always held it in the highest regard; therefore, we will continue to do all that we can to fully represent you in the insurance marketplace.

The Jackson County School District is an equal opportunity employer. The Jackson County School District does not and shall not discriminate on the basis of race, color, religion (creed), age, national origin (ancestry), disability, marital status, sex, military status or any other classification that is protected by federal, state, or local law in any of its activities or operations. These activities include, but are not limited to, hiring and firing of employees, selection of volunteers and vendors, and provision of services. We are committed to providing an inclusive and welcoming environment for all members, clients, volunteers, subcontractors, and vendors.

FORWARD

PROFESSIONALISM

Those in teaching who have reached a professional level are at ease with themselves and with their work. Ease with one's self comes from knowing what to accept and what to reject.

Employees are expected to act in a professional manner with each other, administrators, students, parents and the public. As professionals, all employees will follow the MS Code of Ethics and assume responsibility for one's actions. Professional behaviors include being respectful and displaying appropriate interactions with others. Confidentiality is expected regarding grades and personal student information. Regular attendance and consistently being on time for class is expected. All employees are expected to follow all school rules.

Message from Superintendent David Baggett

~~Thank you in advance for taking time to review our student handbook. As a parent and school employee, I understand the many task we must balance in providing an exceptional education for our students. Our student handbook is an essential part of the education we provide our students.~~

~~Jackson County School District's Student Handbook provides guidance and information to all students, parents or guardians regarding the policies and procedures for our schools. We believe by providing this information in the following format, an informative overview of both individual school and district procedures are available for students and parents.~~

~~If you have a question regarding your student, we encourage you to first contact your student's school. However, if you cannot find a resolution after speaking with your student's school please feel free to contact my office at 228-283-3000.~~

Dear Esteemed Team Members,

As the Superintendent of Education, I am honored to address you as we embark on our collective mission within The Jackson County School District. Our purpose is rooted in the belief that every student deserves access to a safe, nurturing environment where quality education flourishes. It is our commitment to foster an atmosphere conducive to learning, where students not only acquire essential skills but also develop the confidence to pursue their aspirations and contribute meaningfully to society.

At the heart of our mission lies the conviction that education is the cornerstone of personal and societal progress. Through our dedication and expertise, we empower students to unlock their full potential and shape their futures according to their dreams and aspirations. Together, we strive to cultivate responsible, productive citizens who are equipped with the knowledge, skills, and values necessary to navigate an ever-changing world with resilience and integrity.

This employee handbook serves as a roadmap, guiding us in our shared endeavor to fulfill the mission of The Jackson County School District. It outlines the principles, policies, and procedures that underscore our commitment to excellence. As valued members of our educational community, your contributions are integral to the realization of our vision. I extend my deepest gratitude for your unwavering dedication and tireless efforts in service of our students' success.

~~Thank you,~~
David Baggett
Superintendent
Jackson County School District

MISSION STATEMENT

The mission of the Jackson County School District is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens.

DISTRICT GOALS

1. Decrease number of Safety Incidents
2. Increase Student Achievement
3. Maintain Sound Financial Management
4. Develop and Improve Facilities and Infrastructure
5. Create a Positive Educational Experience
6. Maintain Positive and Effective Leadership

EMPLOYMENT

The employment of ~~teachers~~ certified employees depends upon proper licensure by the Mississippi Department of Education or other required credentials. Each ~~teacher~~ certified employee is recommended by the Principal for the type of license indicated on his/her application.

A valid copy of each ~~teacher's~~certified employee's license must be on file in the Office of Human Resources. ~~and Risk Management before being recommended to the board.~~

CONTRACTS

A contract shall not be issued to a ~~teacher~~ certified employee who does not possess a valid Mississippi Educator's license with the proper endorsement for employment or other required credentials. All contracts shall be based on the issue date of the license. The signature of a ~~teacher~~ certified employee on a contract represents good faith on the part of the ~~teacher~~ certified employee to fulfill the requirements set forth by the administration and the Board of Education. After a contract is signed, any resignation must be approved by the school board.

All certified employees will be evaluated annually according to the state and district personnel appraisal instruments using the competencies appropriate for the employee position.

PUBLIC RELATIONS

Our school employees are the best public relations persons for The Jackson County School District. The teacher's classroom management, teaching methods, treatment of the children, as well as the school employees or almost anything an employee does or says is carried to the public by the child. Every employee should show a genuine interest in every child in school.

NEWS MEDIA

The Superintendent is the spokesperson for ~~t~~The Jackson County School District. No one should talk to the news media without permission from the Superintendent. (The only exception is for athletic events).

SUBPOENA REQUESTS INVOLVING STUDENTS

All subpoenas regarding or involving students or student records are to be forwarded to the District Office Superintendent, who will seek legal advice prior to any actions occurring.

SCHOOL TERM

A school calendar will be available to employees prior to the opening of school.

TEST SECURITY FOR STATE ASSESSMENTS

The Jackson County School District is dedicated to maintaining the integrity and security of the Mississippi State Assessments. As such, in accordance with guidelines set forth by the Mississippi State Department of Education, the District Test Coordinator will develop an annual District Test Security Plan for the approval of the Jackson County School Board. In turn, each School Test Coordinator will develop an annual School Test Security Plan. It is the responsibility of each individual employed by ~~t~~The Jackson County School District to study

and implement the provisions set forth by the District Test Security Plan, their School Security Plan, as well as Appendix F of the Mississippi Public Schools Accountability Standards. Any school employees of ~~t~~The Jackson County School District involved in state testing must attend a State Assessment Training per school year.

CELL PHONES

The Jackson County School District believes that the school district was created for the primary purpose of effectively educating the children attending school. The District further believes that to accomplish this mission, it is imperative that classroom instructional time be protected. Therefore, any activity that distracts the teacher from his or her ability to utilize the entire class period for instructional purposes is prohibited. Specifically prohibited is the use of personal cell phones by employees while supervising students or when the use~~s~~ is not related to instruction.

The District further prohibits the use of personal text messaging in any form by all employees to individual students. *If a teacher receives a text message from a student, he/she should make their building Principal aware of this conduct*. School personnel are to use the district's approved (by your supervisor and/or Principal) service to communicate with parents and students regarding emergency situations, school events, and other important issues.

Alleged violations of this policy shall be discussed in a conference between the employee and the building Principal. If the Principal finds the violation(s) to be factual, the Principal may issue a written reprimand to the employee(s) involved. This reprimand shall become a part of the employee's personnel file. Repeated violations may result in non-renewal of an employee's contract or dismissal.

Employees should not use cell phones to take inappropriate pictures of students for personal use or forward pictures of students to others.

EXTRA DUTY

All employees will be asked to do extra duty during the school year. This duty will be distributed equally and fairly among the faculty. Employees are expected to perform their duties as assigned. Teachers who travel from school to school (i.e. Gifted, Speech and Language, Occupational, and/or Physical Therapist, ELL, ~~PBIS~~PBS) may not have this same expectation due to travel time to and from schools.

TEACHER ABSENCE

When a teacher is absent for any reason, he/she should notify the Principal at the earliest possible hour – one hour prior to the beginning of school on the day of absence unless an extreme emergency occurs. In the event a teacher finds it necessary to be absent from school, he/she should notify the Principal as soon as possible.

PERSONAL APPEARANCE

Dress guidelines for Teachers, Teacher Assistants, Administrators, and ~~Office Personnel~~Support Staff

Each employee should follow the below guidelines:

ARRIVING AND LEAVING SCHOOL GROUNDS

Employees are expected to arrive on campus at the time set by the building Principal, not to exceed 3035 minutes prior to the first bell. Teachers Employees are expected to remain at school continuously through the school day.

If ~~a teacher~~ an employee must leave school during the school day, he/she must obtain permission from the Principal before leaving. All employees are responsible for all students during the time the students are under the supervision of the school.

Teachers are not to leave the school grounds any earlier than 15 minutes after the last bell each afternoon. Exceptions must be arranged with the Principal. Several times during the year ~~teachers~~ employees will remain at school beyond the normal ~~teacher~~ dismissal time for professional development, ~~or~~ conferences or other duties as required.

VISITORS TO THE SCHOOL CAMPUS

The Board of Education of ~~t~~The Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and employees. Therefore, to ensure safety, security, and an atmosphere conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the school office and obtain ~~his/her~~ permission before visiting any part of the campus.

Each visitor must sign a visitor list in the school office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the school office when the visitor departs the campus.

Teachers observing unauthorized visitors on campus should follow the school's guidelines for notifying the office.

STUDENT HANDBOOKS

Each teacher and employee will have available a Student Handbook which becomes a part of the Employee Handbook. Each employee should become equally as familiar with the Student Handbook as with the Employee Handbook. The Employee Handbook~~,~~ and Student Discipline Policy JD are school board policies that all employees should know and follow.

STUDENT ATTENDANCE

~~Jackson County School District's MAEP funding is based on the average daily attendance of students.~~ Employees should stress the importance of daily attendance and help administrators enforce attendance policies. Employees should encourage students to come to school every day.

STUDENT DISMISSAL

Teachers are not to dismiss students from class before the bell rings unless instructed to do so by their Principal.

DISCIPLINE

The Jackson County School District Board of Education expects all employees to maintain an atmosphere conducive for learning. Each employee is expected to become thoroughly knowledgeable of procedures applicable to students.

Teachers are encouraged to handle the discipline of their classes as much as possible; but should never hesitate to take students to the office. Students are not to be sent from the room with no place to go, nor placed in the hall. If a teacher sends a student to the office, the decision for punishing the student rests with the Principal. Teachers shall not prescribe what is to be done after the student has been referred to the Principal and in no case should the teacher tell a student that the Principal is going to have the student paddled or suspended.

When involved in a confrontational situation with a student(s), the employee should refrain from using physical restraint with the student(s) unless the student(s) is physically assaulting another student and/or employee. If a student fails to follow instructions from an employee, the employee should report the incident to the Principal and let him/her proceed with further action.

CONFERENCES WITH PARENTS

Conferences with parents will not be scheduled during class periods. Conferences will be arranged after school or during planning periods and should be conducted professionally and with the student's best interest as the ultimate goal.

LESSON PLANS

Each teacher must develop lesson plans as instructed by the Principal. Each teacher shall file with the Principal a teaching plan to be used in case of an emergency absence. Substitutes must have information to carry on class work during any period of a teacher's absence.

~~TESTS / SCHOOL ASSIGNMENTS~~

~~Homework is a very important phase of the educational program for the child. It is used to supplement the class work and strengthen the student's understanding of what he/she is studying. Parents are encouraged to cooperate with the school in seeing that assignments are completed on time.~~

~~Any student caught cheating on a test or other school assignments will receive a grade of 0 (zero), and the parent will receive notification from the teacher.~~

PAY DAY

All JCSD personnel will receive their pay checks on the last business day of the month according to the 12 month~~s~~/232-day work calendar. All checks will be directly deposited.

PURCHASING

School personnel are to follow School Board Policy DJEG when making purchases. School personnel are to submit purchase requisitions to the Principal for approval. If the requisition meets all levels of approval, a purchase order will be issued. School personnel are not permitted to charge any purchase to the school unless they have an approved purchase order or an EEF card order to give vendor at the time of purchase. Any unauthorized purchases will be the responsibility of the buyer.

Personnel receiving invoices shall verify receipt of merchandise by signing and dating the invoice and packing receipt and promptly submitting it to the Principal's Office so payment

can be made in a timely manner. Personnel who fail to submit invoices to the Principal's Office in a timely manner will be responsible for late charges assessed by vendors.

School personnel are responsible for all equipment and materials under their supervision. School property shall be used with care and consideration. School personnel are responsible for reporting any damage to school property or missing equipment to the Principal immediately.

All supplies, materials, equipment, and other property purchased by the school shall remain the property of the school, even those purchased with an EEF card or grant. Equipment purchases must follow district purchasing guidelines. All equipment purchased must remain at the school.

PURCHASE OF EQUIPMENT BY ORGANIZATIONS OR GROUPS

Any technology equipment purchased must have approval of the Technology Director. The equipment, when purchased for school use, will become the property of the school.

STUDENT ACTIVITY FUNDS

The Board of Education of ~~t~~The Jackson County School District authorizes the expenditures of local school activity funds, or other available school district funds, other than minimum education program funds, for any necessary expenses or travel costs incurred by students and their chaperons in attending any in-state or out-of-state school related programs, conventions or seminars and/or any commodities, equipment, travel expenses, purchased services or school supplies which the school board, in its discretion, shall deem beneficial to the official or extracurricular programs of the district, including items which may subsequently become the personal property of students, including yearbooks, athletic apparel, book covers, and trophies.

"Activity funds" shall mean all funds received by school officials paid or collected to participate in any school activity, such activity being part of the school program and partially financed with public funds or supplemented by public funds. The term "activity funds" shall not include any funds raised and/or expended by any organization unless commingled in a bank account with existing activity funds, regardless of whether the funds were raised by school employees or received by school employees during school hours or using school facilities and regardless of whether a school employee exercises influence over the expenditure or disposition of such funds.

Each Attendance Center's Bookkeeper's Office, Jackson County Technology Center Office, and JCSD Fab Lab Office will maintain its own bank account for the receipt ~~and disbursement~~ of activity funds. The account must be approved by the school board and entered into its minutes along with the name of the only persons authorized to sign checks on the account. Accounts must be in financial institutions selected by the school board in accordance with state statutes. A copy of the school activity account will be kept on file in each Attendance Center Bookkeeper's Office and the Jackson County Technology Center Office, and JCSD Fab Lab Office available at any time to the teachers, students, or parents.

All activity funds received by a local school must be deposited into its activity fund bank account.

The Bookkeeper of the Attendance Center, Director of the Technology Center, and JCSD Fab Lab must maintain a permanent three-part receipt book in which to record all receipts. A person remitting activity funds for deposit will be given the original receipt, the second copy will be attached to the transmittal report to the Business Office, and the third copy will be kept in the book and on permanent file in the Bookkeeper of the Attendance Center's Office, Jackson County Technology Center Office and JCSD Fab Lab Office. All of these pre-numbered receipts must be accounted for. A copy of the deposit slip indicating the amounts of money deposited to the bank must also be attached to the transmittal report. The deposit slip should indicate the sequence of receipt numbers that particular deposit covers. No more than ~~f~~Five ~~h~~Hundred Dollars ($500.00) shall be maintained in a school building beyond bank closing hours.

Funds raised by any organization (such as PTA, PTO, PTSO or Booster Club) will be separate and not part of the activity fund.

If any organization donates any assets to the school district, the school board must acknowledge in its official minutes who has title to the donated assets.

Pre-numbered tickets shall be used at any event at a local school for which a fee is charged for admission.

Any disbursements of activity funds must be made from the account on pre-numbered checks. The disbursement shall be adequately supported by an invoice or statement. All purchases made with activity funds must comply with the state purchasing laws.

The activity funds account shall be audited annually.

Any activity fund which becomes dormant and inactive may have its surplus, if any, transferred to another activity fund if approval is granted by the school board.

This school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate or beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising activities shall be treated as activity funds and shall be accounted for as are other activity funds. Approval of all fund-raising activities must have prior approval of the Principal, Superintendent and School Board. Booster Club accounts are exempt from this step.

Fund-raising activities conducted or authorized by the board for the sale of school pictures, the rental of caps and gowns or the sale of graduation invitations for which the school board receives a commission, rebate or fee shall contain a disclosure statement advising that a portion of the proceeds shall be contributed to the student activity fund.

Any arrangement between a local school and a company supplying merchandise, such as school pictures, class rings and caps and gowns, shall be by written contract, signed by the Superintendent and the company's representative, approved by the school board, and on file available for public review in the Superintendent's office. The contract shall include all provisions of the arrangement including any rebate or commission to the school. Any rebate or commission provision in a contract shall be fully disclosed in the school board minutes and to any prospective purchasers of the merchandise. In cases where the merchandise is purchased by the student directly from the vendor, any such rebate or commission to the school shall be paid by check from the company directly to the school's activity fund. Under no circumstances shall a company or a purchaser make a payment directly to an individual person.

Purchases made for school activities which are totally financed with privately generated funds that are not accounted for in a school district's financial accounting system (e.g. student purchases directly from a vendor) are not required to be made pursuant to state purchasing laws or have prior approval by the school board (ex. Club accounts).

NOTE: Please also refer to Financial Accounting Manual for Mississippi School District.

Expenses for the following may be made prior to Board approval~~.~~:

> Athletic Officials, Game ~~G~~guarantees, ROTC ~~Purchases~~ purchases, Tournament ~~F~~fees, Field Trips (only if vendor will not accept a purchase order at the time of entrance).

Expenses related to travel incurred for scheduled athletic activities (as sanctioned by MHSAA – Mississippi High School Activities Association). Examples of such expenses are: meals, hotel accommodations, etc.

These reports will be presented as part of the transmittal report on the claim docket.

Exceptions to this policy will be approved by the Superintendent of Education and presented on the Board at the next scheduled board meeting.

FUND-~~-~~RAISING ACTIVITIES

The school board may authorize to conduct, on behalf of the school district, fund-raising activities deemed by the board, in its discretion, to be appropriate and beneficial to the official or extracurricular programs of the district. Any proceeds of such fund-raising shall be treated as activity funds and shall be accounted for, as are other activity funds. All fund-raising activities must have prior approval of the Principal, Superintendent and School Board in

accordance with Policy DK. Food sold on campus during the school day to students must meet Federal smart snack regulations.

LENDING EQUIPMENT

The Jackson County School District maintains property records for all Fixed Assets and has custodial responsibility for all such equipment. These Fixed Asset records document the value of all buildings, ~~and~~ equipment ~~that costs at least $1,000~~ and all highly walkable items. It may be necessary, from time to time, for school employees to use school equipment away from school (and during non-school hours) in the performance of their job responsibilities.

In such an occasion, appropriate records should be kept documenting the removal of said equipment from school property. Furthermore, use of any school equipment for non-school purposes shall be strictly prohibited. Specifically, use of any school equipment for personal use by employees of the district or loaning of school equipment to others for non-school business shall be strictly prohibited.

BORROWING EQUIPMENT

Borrowing district equipment for personal use is prohibited.

CARE OF ROOMS

Desks are expected to be kept in an orderly arrangement. Ingenuity on the part of the teacher can improve the appearance of ~~the~~ classrooms. Care should be taken to see that each class leaves the classroom in a neat and clean condition. The teacher should carefully check desktops, tables, etc., for marks and see that paper is off the floor and out of the desks. When the teacher is out, the room lights are to be off, and the door is to be locked.

ENERGY

As most employees realize, energy costs have more than doubled in the past few years. In order to maintain a reasonable budget for utilities, please be “energy conscious” in the use of water, lights, air conditioning, and heat.

TOBACCO AND VAPE FREE ENVIRONMENT POLICY

It is the philosophy of the Board of Education of ~~t~~The Jackson County School District that the use of tobacco and vapes threaten the physical well-being of students and employees in the environment, is addictive, results in increased maintenance for facilities and grounds, and is not in the best interest of students or employees of the school system. In addition, tobacco and vape use on campus is a violation of federal law. Therefore, it shall be the policy of this board to create a tobacco and vape free environment in ~~t~~The Jackson County School District. This includes all tobacco and vape products and electronic cigarettes.

To accomplish this end, the following conditions shall be met:

1. The use or display of tobacco, vape, or electronic cigarettes in any form, including smokeless tobacco products, by employees and/or visitors shall be prohibited while such employees and/or visitors are on or in property, facilities, and vehicles owned by the district or under its control.

2. This prohibition includes any school function or extracurricular activity which is held on any school property, including outdoor athletic fields or recreational areas.

Penalties for violations of this board policy shall be the following:

1. Upon the first violation, the employee will be given a written reprimand stating the date and the place of the violation. This reprimand will be placed in the employee's personnel file.
2. The employee will receive a warning that further violations shall be considered an act of insubordination and will result in further consequences stated in items ~~2 and~~ 3 and 4. The written reprimand will be removed from the employee's file if the employee remains free of tobacco and vape incidents for a period of two years.
3. The second violation shall result in the employee's suspension without pay for ten (10) working days. However, if the employee agrees to immediately enroll in and complete an approved tobacco or vape cessation program, this suspension will be reduced to five (5) working days without pay.
4. A third violation shall result in the initiation of dismissal procedures, subject to appropriate procedural requirements.
5. Possession or use of tobacco or vapes by students, administration, and staff is prohibited while on school property, at any school sponsored activity, or while under the supervision of the school personnel, or District Office Human Resources.

Failure to maintain a Tobacco Free Environment will jeopardize the receipt of all federal funds.

GUM CHEWING

Teachers are not to chew gum while instructing ~~students~~.

GRADING SYSTEM

The number of grades and grading policy must be followed according to the student handbook. Grades will be posted in a timely manner based on the grade level.

PROGRESS REPORTS

All students will receive progress reports according to the approved school calendar.

REPORT CARDS

Grades will be posted according to the approved school calendar. Report cards will be sent home to parents by students four times during the school year one week after each nine-week term ends. All students will receive their reports the same day.

Grades will be issued for academic work. No student is to receive a report card unless he/she has been enrolled in the school for at least one-half the current term. When a student transfers from another school during the course of the nine weeks term, the grades the student had earned at the previous school until time of withdrawal should be included when computing that student's nine-week average.

If a student is financially indebted to the school for damage, misuse, or loss of school property, such as library fines, charges for lost or damaged textbooks, Chromebook, or disciplinary fines imposed for vandalism, the Principal may hold all report cards until the debt is cleared. Students withdrawing from school prior to the last day of the term will not receive a report card. A withdrawal form will be issued to those students with partial grades recorded by the teacher. There will be no exceptions.

CUMULATIVE AND PERMANENT RECORDS

The keeping of cumulative and permanent records is required by state law. The records are to be kept in black ink and are the responsibility of the person(s) designated by the building Principal. The recording of grades on progress reports, grade sheets, and grade books is the responsibility of the teacher. Averages are to be reported no later than two weeks after the first semester and before the teacher checks out at the end of the school year.

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. They are:

1. The right to inspect and review the student's educational records with 45 days of the day the district receives a request for access.

   Parents or eligible students should submit to the school Principal or appropriate school official, a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.

   Parents or eligible students may ask The Jackson County School District to amend a record that they believe is inaccurate or misleading. They should write to the school Principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading.

   If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel; a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request to officials of another school district in which a student seeks or intends to enroll, the district discloses educational records without consent.

The district discloses directory information regarding its students. Directory information means information contained in an educational record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It may include the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic terms, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The parent or eligible student has the right to refuse to let the district designate any or all types of information about the student as directory information. The parent or eligible student must notify the Principal (or designee) in writing within five (5) days of receipt of the Handbook and Code of Conduct for Students and Parents that he or she does not want any or all of those types of information about the student designated as directory information. Otherwise, consent is implied for The Jackson County School District to release directory information to others including military recruiters as outlined below.

In the event that the school district provides either post-secondary educational institutions or perspective employers of secondary student's access to its school campuses, it must also provide military recruiters the same type of access. The school district must also provide, upon request of military recruiters, the names of students, their addresses, and telephone numbers unless the secondary school student or the parent has requested that the school not release this information without prior written parental consent.

The district may disclose directory information about former students without meeting these conditions.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, S.W.
Washington, DC 20202-4605

45, CFR Part 99, 45 CFR Part 121A

TEXTBOOKS AND CHROMEBOOKS

Textbooks and Chromebooks are the responsibility of the teacher issuing the books. The condition of textbooks and Chromebooks should be noted when issued to students and condition recorded.

Teachers are responsible for assessing and collecting fines for lost or damaged textbooks and Chromebooks. Teachers should stress proper use and care of books and Chromebooks.

If a textbook or Chromebook is lost or not returned by a student who withdraws from the district, the parent or legal guardian will be required to compensate the district for the fair market value of the book(s) or Chromebooks. (HB1063) Assessment of damages which show unnecessary wear or abuse of textbooks or Chromebooks will be left to the judgement of the school administrator.

LUNCH FEES FOR TEACHERS

All lunches must be paid for at the time of sale. Adults will not be allowed to charge their lunches. Advance sales are available.

COLLECTION OF MONEY

School Board Policy DK should be followed in the collection of money. Class funds, school club funds, and other student funds must be turned in on the day collected to the office of the Principal to be banked. For any funds collected from students or parents, receipts will be given.

RESPONSIBILITY FOR LOSS OF FUNDS

Money will be accepted in the office Monday through Friday until 1:00 P.M. No monies will be accepted on Saturday. Money is not to be left in the classroom and is the responsibility of the teacher.

ADVERTISING OR PROMOTIONS WITHIN THE SCHOOL

There will be no advertising or promotional materials of any type passed out to students at school or displayed within the school without consent of the Principal and Superintendent. All other advertising or promotional materials will be approved by the Principal.

COMMUNICABLE DISEASES

The Board of Education of The Jackson County School District has the power, authority and duty to exclude from school employees and/or students with what appears to be infectious or contagious diseases; provided, however, such employee or student may be allowed to return to school upon presenting a certification from a public health officer, duly licensed physician or nurse practitioner that the individual is free from such disease. Section 37-7-301(h) (1995)

SECTION I

Any employee or student having evidence of communicable diseases will have a physician diagnose the disease and prescribe suitable treatment. Common communicable diseases will automatically result in exclusion from school and school-related activities for the designated period of time.

An employee with a communicable disease should remain at home until the disease is no longer a threat to others. If any employee is absent more than five (5) consecutive days due to illness, he/she shall submit a medical excuse from a medical doctor regarding the time missed from work.

SECTION II

Decisions regarding a person infected with a disease(s) shall be made on an individual basis with regard to the behavior, physical condition of the employee and the expected interactions with others in that setting.

These decisions shall be made using the team approach, including the employee or student's physician, public health personnel, and personnel associated with the educational setting and/or workplace. In each case, risks and benefits to all affected shall be weighed. As conditions change, cases may be reevaluated.

PROCEDURES FOR CARING FOR ILL AND INJURED STUDENTS

1. ROUTINE ILLNESS and/or INJURY
    a. Send student to the office. Refer to ~~Parent-signed Emergency Procedure Card~~ District Student Information System or other District approved resources for specific medical condition and/or instructions.
    b. If student is seriously ill or injured and cannot remain in school, school authorized personnel shall call parent/guardian ~~(guardian)~~ to notify him/her of child's condition. Parent or approved designee will come to the school and have student dismissed in his/her care.
    c. If student is NOT seriously ill or injured; requiring dismissal from school, school authorized personnel shall administer appropriate first aid treatment.

d. Dependent upon the severity and nature of the illness and/or injury, notify parent/guardian ~~(guardian)~~ of the condition and treatment given.
e. If the student's condition indicates evidence of his/her having a communicable disease, send the student to the office. Notify the parent/guardian or parent approved designee, and have the student dismissed in his/her care.
f. Authorized school personnel are to record date, student's name, type of condition and treatment in a log.

2. EMERGENCY ILLNESS and/or INJURY
   a. In the case of a medical emergency, DO NOT MOVE student or leave student unattended. Send for the Principal or designee. Follow first aid procedure.
   b. If student is able to be moved, school authorized personnel will accompany student to office.
   c. Refer to ~~Parent-signed Emergency Procedure Card~~ District Student Information System or other District approved resources for specific medical condition and/or instructions. Notify parent/guardian ~~(guardian)~~ immediately.
   d. If emergency is life-threatening:
      i. Principal or school-authorized personnel should call ambulance (911).
      ii. Parent or approved designee will be called.
   e. Authorized school personnel are to record dates, student's name, type of condition and treatment in a log.
   f. If not life-threatening but immediate medical attention is required, notify nurse and parent/guardian ~~(guardian)~~. If parent/guardian or ~~(guardian) or parent~~ approved designee cannot be contacted within a reasonable length of time, the Principal or authorized personnel may have the student transported to the nearest hospital, but will continue to try and contact the parent/guardian. Any expense involved will be the responsibility of the parent/guardian.

TITLE IX and TITLE VI

The Jackson County School System does not discriminate on the basis of sex, race, color, religion, national origin, or disability, and is in compliance with Title IX of the Education Amendments of 1972 and Title VI of the Civil Rights Act of 1964. Please contact Human Resources at P.O. Box 5069, Vancleave, Mississippi 39565, or reach out by phone at 228-283-3000 (See JCSD Board Policy JAA and GAEA, PL 92-318).

Grievance Procedure – The basic intent of the grievance procedure is to provide quick and fair resolution of complaints of discrimination.

Step #1 Any person with an alleged grievance of discrimination shall file a written complaint with the local school Principal, forwarding a copy to the Department of Human Resources.

Step #2 If the problem is not mutually solved; the complainant shall appeal to the Department of Human Resources.

Step #3 If the problem is not mutually solved, the complainant shall further appeal to the Superintendent of Schools.

Step #4 If the problem is not mutually solved, the complainant may appeal to the Board of Education.

ATHLETICS and ACTIVITIES

All programs for athletics will be under the supervision of the Athletic Director, Principal and the Assistant Superintendent.

Athletic Schedule – The Athletic Director will be responsible for finalizing schedules in all sports with approval of the Assistant Superintendent

Athletic Contests – The Athletic Director will be responsible for the assignment of duties to the coaches at all contests.

FIELD TRIPS

The Jackson County Board of Education recognizes the need and desirability of field trips to enrich the experiences of students. A well-planned field trip is considered a worthwhile educational experience. Therefore, educational field trips related to class subjects may be authorized:

1. The Principal shall be notified in advance of the trip. Field trips must have the endorsement of the Principal and must be designed to augment the lesson plans of the teacher.
2. A trip ~~permit~~ permission form must be endorsed by the Assistant Superintendent in advance of the trip.
3. All field trip arrangements are the teacher's responsibility, including transportation, waivers, chaperones, etc. Students shall be under the direct supervision of a teacher and/or other school personnel. Students will not be excluded because additional supervision for them is needed. The teacher must request in advance for additional supervision. School buses may be used for transportation for field trips. Only authorized personnel may drive a school bus.
4. Before each field trip, each pupil must present to his/her teacher a document signed by the parent/guardian, giving the pupil permission to participate in the field trip.
5. Field trips shall not be taken after May 1. An exception to the May 1 deadline can be made if the following conditions are met:
    a. If the trip complies with the guidelines and approval process stated in this policy.
    b. If the trip has been approved by the Assistant Superintendent ~~for the Attendance Center~~.
6. Fees charged for trips using district-owned vehicles will be charged .50 per mile each way. Individual schools will be responsible for paying this fee. The sponsoring school is also responsible for driver fees, additional gasoline and oil, and other incidental fees. Reward trips are trips that are not necessarily related to instructional goals but are a form of reward for students/organizations. If students may be excluded from such trips for not meeting the criteria established by the ~~p~~Principal (or designee), parents shall

be of notified said criteria and shall sign a document verifying receipt of the notification from the school. Students should not be arbitrarily disallowed from participation in these trips.

Field trips will follow School Board Policy IFCB.

~~FIRE DRILLS~~EMERGENCY PROCEDURES

Employees should refer to School Board Policy EBBC and supervisors for ~~fire~~ drill procedures. Each school will follow its school crisis plan during bad weather days or in any time of emergency or crisis.

EMPLOYEE BADGES

All staff are required to wear employee ID badges while on campus. There is a fee associated for replacement badges. Contact Human Resources for more information.

SICK LEAVE POLICY

Employees should refer to School Board Policies GBRI and CGPGB and supervisors for sick leave policies governing certified, non-certified, and administrative procedures. Sick leave is only to be used when an employee or a member of their immediate family is ill.

Pursuant to Section 37-7-307, Mississippi Code of 1972, as amended, each employee at the beginning of each school year, shall be credited with a minimum sick leave allowance, with pay, of seven (7) days for absences caused by illness or physical disability of the employee during that school year. Employees who work ten, eleven or twelve months will receive an additional day of sick leave for each additional month of full-time work. Part-time employees shall receive sick leave on a prorated basis for their equivalent schedule of workdays. Employees hired after the beginning of the school year shall receive a prorated leave allowance equivalent to the number of days on their contract.

Sick leave can only be used for illness or physical disability of the employee or the employee's family during the school year. Sick leave may be used for illness, or death of members of the immediately family: father, mother, spouse, brother, sister, child, father-in-law, mother-in-law, brother-in-law, sister-in-law, or foster parents and foster children, grandparents of employee or spouse. Sick leave may also be used to bond with the newborn child of, adopted child of, or child placed for foster care with the employee. Bonding may only be used within twelve (12) months of the birth or placement.

Any unused portion of the sick leave or previously gained cumulative sick leave days shall be carried over to the next school year and credited to such ~~teacher~~ employee as sick leave if the ~~teacher~~ employee remains continuously employed in the school district.

After being absent five (5) consecutive days due to any employee, family illness, or physical disability, a certified employee is required to submit a written statement to the JCSD Superintendent for school board ~~for~~ review. This requirement is waived for ~~certified~~ employees who are on FMLA. An individual abusing this policy may have all cumulative and credited current leave canceled.

After being absent five (5) consecutive days due to an employee, family illness, or physical disability, an employee may be required to submit a written statement to his/her supervisor for review. If requested, the employee will furnish the JCSD Superintendent with an official medical statement of justification for the extended absence for possible review by the Board of Education. These requests will not be made to employees out on FMLA. An individual abusing this policy may have all cumulative and credited current leave canceled.

For the first ten (10) days of absence of a certified employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee, there shall be deducted from the pay of such certified employee the established substitute amount of certified employee compensation paid in that local school district. In lieu of deducting the established substitute amount from the pay of such certified employee, the policy may allow the certified employee to receive full pay for the first ten (10) days of absence because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such certified employee. Thereafter, the regular pay of such absent certified employee shall be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

For the first ten (10) days of absence of an employee due to illness or physical disability, in any school year, in excess of the sick leave allowance credited to the employee, there shall be deducted from the pay of such employee the amount equal to the minimum wage rate times the number of hours that employee was absent. Thereafter, an amount equal to the annual salary divided by the number of hours per year the person is to be on duty times the number of hours absent will be deducted from his/her salary.

If a certified employee is absent ½ day or less, ½ day of leave will be charged. Certified employees absent more than ½ day will be charged one full day leave. If a non-certified employee is absent from work their time will be charged hour for hour.

PERSONAL AND VACATION LEAVE

Vacation and personal leave are governed by policies GBRI and CGPGB.

~~Each school year, each employee will be credited with two (2) personal days for absences caused by personal reasons during the school year.~~

~~Personal leave shall not be taken by employees on the first day of the school term, the last day of the school term, on a day previous to a holiday, or a day after a holiday, except in the following circumstances:~~

- ~~i. Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee is being deployed for military service.~~
- ~~ii. Personal leave may be taken on a day previous to a holiday or a day after a holiday if an employee of the school district has either a minimum of ten (10) years' experience~~

~~as an employee of that school district or a minimum of thirty (30) days of unused accumulated leave that has been earned while employed in that school district.~~

iii. ~~Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, the employee has been summoned to appear for jury duty or as a witness in court.~~

~~In addition, full-time employees who work twelve (12) months will receive ten (10) days of vacation per year.~~

~~Any unused personal and vacation leave at the end of the school year, up to five (5) days, may be carried over to the next school year, if the employee remains employed in the District. Any unused personal or vacation leave at the end of the school year, in excess of five (5) days shall be converted to sick leave and carried over to the next school year (as sick leave). Thus, unused personal and vacation leave beyond five (5) days will convert to sick leave the following school year. The annual conversion of unused vacation or personal leave for sick days shall not exceed the allowable number of personal leave days provided in Mississippi Code Annotated §25-3-93.~~

~~The annual total number of converted unused vacation and/or personal days added to the annual unused sick days for the employee shall not exceed the combined allowable number of days per year provided in Mississippi Code Annotated §25-3-93 and §25-3-95.~~

~~If a certified employee is absent ½ day or less, ½ day of leave will be charged. Certified employees absent more than ½ day will be charged one full day of leave. If a non-certified employee is absent from work their time will be charged hour for hour.~~

Leaves and Absences

Except as otherwise provided for herein, for purposes of this policy, the term “employee” means any employee of the Jackson County School District other than bus drivers and bus aides, who are recommended to work twenty (20) hours or more per week. “Certified employees” means any employee of the Jackson County School District required to hold a valid license by the Commission on Teacher and Administrator Education, Certification and Licensure and Development. This policy is mean to comply with Miss. Code Ann. §37-7-307 and shall be interpreted in accordance therewith.

Sick Leave:

Each employee at the beginning of each school year, shall be credited with a minimum sick leave allowance, with pay, of seven (7) days for absences caused by illness or physical disability of the employee during that school year. Part time employees shall receive sick leave on a prorated for their equivalent schedule of work days. Employees hired after the beginning of the school year shall receive a prorated leave allowance equivalent to the number of days on their contract.

Any unused part of the total sick leave allowance shall be carried over to the next school year and credited to such employee if the employee remains employed with the District. In the event certified employee or teacher assistant transfers to another public school district in Mississippi, any unused portion of the total sick leave allowance credited to such certified

employee or teacher assistant shall be credited to such certified employee or teacher assistant in the computation of unused leave for retirement purposes under Miss. Code Ann. §25-11-109. Accumulation of sick leave allowed under this policy shall be unlimited.

Employees shall be credited one (1) additional day of sick leave, cumulative to seven (7) days per school year. Employees who work ten, eleven, or twelve months per their contracts will receive an additional day of sick leave for each additional month of full time work.

No deduction from the pay of such employee may be made because of absence of such employee caused by illness or physical disability until after all sick leave allowance credited to such licensed employee or teacher assistant has been used.

Sick leave can only be used for illness or physical disability of the employee or employee's family during the school year. Sick leave may be used for illness, or death of members of the immediate family: father, mother, spouse, brother, sister, child, father-in-law, mother-in-law, brother-in-law, sister-in-law, or foster parents and foster children, or grandparents of employee or spouse. Sick leave may also be used to bond with the newborn child of, adopted child of, or child placed for foster care with the employee. Bonding may only be used within twelve (12) months of the birth or placement.

After being absent five (5) consecutive days due to any employee or family illness or physical disability, a certified employee is required to submit a written statement to the JCSD superintendent for school board for review. This requirement is waived for certified employees who are on FMLA. An individual abusing this policy may have all cumulative and credited current leave canceled.

After being absent five (5) consecutive days due to an employee, family illness, or physical disability, an employee may be required to submit a written statement to his/her supervisor for review. If requested, the employee will furnish the JCSD superintendent with an official medical statement of justification of the extended absence for possible review by the board of Education. These requests will not be made for employees out of FMLA. An individual abusing this policy may have all cumulative and credited current leave canceled.

For the first ten (10) days of absence of a certified employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee, there shall be deducted from the pay of such certified employee the established substitute amount of certified employee compensation paid in that local school district. In lieu of deducting the established substitute amount from the pay of such certified employee, the policy may allow the certified employee to receive full pay for the first ten (10) days of absence because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such certified employee. Thereafter, the regular pay of such absent certified employee shall be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

For the first ten (10) days of absence of an employee due to illness or physical disability, in any school year, in excess of the sick leave allowance credited to the employee, there shall

be deducted from the pay of such employee the amount equal to the minimum wage rate times the number of hours that employee was absent. Thereafter, an amount equal to the annual salary divided by the number of hours per year the person is to be on duty times the number of hours absent will be deducted from his/her salary.

The monthly cut-off date used for twelve (12) month staff shall be as follows: Dock pay will be turned in on twelve month staff through the end of the month if the employee is expected to be out through that date. If dock pay has already been turned in prior to a twelve month employee's absence not covered by leave days, a telephone call shall be made to payroll before direct deposit/paychecks are processed for that month, followed by revised dock sheets.

Professional Leave:
Paid leave for professional development, training, or other work outside the employee's normal workdays may be approved by the employee's supervisor. Each employee shall be credited with a professional leave allowance, with pay, for each day of absence by reason of such employee's required attendance at a regular or special meeting held within the State of Mississippi of the State Board of Education, The Commission on Teacher and Administrator Education, Certification and Licensure and Development, the Commission on School Accreditation, the meetings of the state textbook rating committees, or other meetings authorized by local school board or superintendent.

Personal Leave and Vacation:
Each employee will be credited with two (2) personal days for absences caused by personal reasons during the school year. Personal days may be used in lieu of sick days only when all sick days have been exhausted. Employees may not utilize more than two (2) consecutive personal days during a school year without prior approval from the Superintendent. In the event an employee wishes to seek approval to utilize more than two (2) consecutive personal days during a school year, the requesting employee shall submit a letter of request to the Superintendent before the first proposed day of absence from duty.

Personal leave shall not be taken by employees on the first day of the school term, the last day of the school term, on a day previous to a holiday, or a day after a holiday, except in the following circumstances: (i) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee is being deployed for military service. (ii) Personal leave may be taken on a day previous to a holiday or a day after a holiday if an employee of a school district has either a minimum of ten (10) years' experience as an employee of that school district or a minimum of thirty (30) day of unused accumulated leave that has been earned while employed in that school district. (iii) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, the employee has been summoned to appear for jury duty or as a witness in court.

Full-time employees who work twelve (12) months will receive ten (10) days of vacation days per year. If a 12 month employee leaves early in a fiscal year, that employee will have 0.83 days of vacation removed from their balance for each full month not worked.

Any unused personal and vacation leave at the end of the school year, up to five (5) days, may be carried over to the next school year, if the employee remains employed in the District. Any unused personal or vacation leave at the end of the school year, in excess of five (5) days, shall be converted to sick leave and carried over to the next school year (as sick leave). Thus, unused personal and vacation leave beyond five (5) days will convert to sick leave the following school year. The annual conversion of unused vacation or personal leave for sick days shall not exceed the allowable number of personal leave days provided in Miss. Code Ann. §25-3-93. The annual total number of converted unused vacation and/or personal days added to the annual unused sick days for any employee shall not exceed the combined allowable number of days per year provided in Miss. Code Ann. §25-3-93 and §25-3-95.

If a certified employee is absent ½ day or less, ½ day of leave will be charged. Certified employees absent more than ½ day will be charged one full day leave. If a non-certified employee is absent from work their time will be charged hour for hour.

Disposition of Leave upon Notice of Termination or Retirement:
Employees, upon termination, will be compensated for any unused compensatory leave balance, per school policy GADB.

Certified employees, upon retirement from employment, may elect to be paid for not more than thirty (30) days of unused accumulated leave earned while employed with this district at a rate equal to the daily long-term substitute teacher rate per day. Upon retirement from employment, employees may elect to be paid for not more than 240 hours of unused accumulated leave earned while employed with this district at a rate equal to the federal minimum wage per hour. The payment shall be made on their final paycheck and shall be treated in the same manner for retirement purposes as a lump sum payment for personal leave as provided in Miss. Code Ann. §25-11-103. Any remaining lawfully credited unused leave, for which payment has not been made, shall be credited to PERS subject to the limitations provided by law.

In the event of death, a maximum of thirty (30) days of paid leave may be reported as wages. All such payments are subject to the maximum annual earnings limitation.

Unless retiring, under no circumstances will a terminating employee receive compensation for any accumulated leave. Unused leave will be counted as credited service and certified to PERS.

WORKERS COMPENSATION

All employees of the Jackson County School District are protected under the Mississippi Workers Compensation Law (MWCL). The MWCL provides indemnity and medical payments for work-related injuries. Indemnity payments cover your loss of wages if you are unable to work due to an injury and medical payments cover any/all medical expenses including mileage. Indemnity is paid at 66 2/3% of your average weekly earnings based on the previous 12 months from the date of injury. For more information concerning maximum indemnity rates, mileage rates, and fee schedules go to the Mississippi Workers Compensation Commission's website (www.mwcc.state.ms.us) ~~is an excellent source of information~~.

All accidents should be reported to your immediate supervisor immediately and the school must complete all required forms and submit ~~it~~ them to the Human Resources Department in the District Office within 24 hours, even if the employee does not seek treatment. Should you need further information about workers compensation, please contact the Director of ~~HR and Risk Management~~ Human Resources (228-283-3000).

FAMILY MEDICAL LEAVE ACT (FMLA)

The Family and Medical Leave Act (FMLA) provides an entitlement of up to 12 work weeks of job-protected, unpaid leave during any 12-month period to eligible, covered employees for the following reasons: 1) birth and care of the eligible employee's child, or placement for adoption or foster care of a child with the employee; 2) care of an immediate family member (spouse, child, parent) who has a serious health condition; or 3) care of the employee's own serious health condition. It also requires that employee's group health benefits are maintained during the leave. The FMLA is administered by the Employment Standards Administration's Wage and Hour Division within the U.S. Department of Labor.

An eligible employee must have been employed with the District for ~~a~~ one year and they must have worked 1,250 hours in the previous 12 months prior to the commencement of the beginning of FMLA leave. An eligible employee shall be entitled to a total of 12 work-weeks of family and medical leave during any 12-month period. The District uses a calendar year method to determine how much time an employee is entitled to under FMLA.

Military Family Leave:

~~1)~~ Military Caregiver Leave (also known as Covered Service-Member Leave): Under the first of these military leave entitlements, eligible employees who are family members of covered service members will be able to take up to 26 work-weeks of leave in a "single 12-month period" to care for a covered service member with a serious illness or injury incurred in the line of duty on active duty. Based on recommendation of the President's

~~2)~~ Commission on Care for America's Returning Wounded Warriors, this 26 work-week entitlement is a special provision that extends FMLA job-protected leave beyond the normal 12 work weeks of FMLA leave. This provision also extends FMLA protection to additional family members (i.e., next of kin) beyond those who may take FMLA for other qualifying reasons.

- Qualifying Exigency Leave: The second military leave entitlement helps families of members of the National Guard and Reserves manage their affairs while the member is on active duty in support of a contingency operation. This provision makes the

normal 12 work-weeks of FMLA job protection leave available to eligible employees with a covered military exigency" arising out of the fact that covered military member is on active duty or called to active duty status in support of a contingency operation. The Department's final rule defines qualifying exigency by referring to a number of broad categories for which employees can use FMLA leave:

1) Short-notice deployment
2) Military events and related activities
3) Childcare and school activities
4) Financial and legal arrangements
5) Counseling
6) Rest and recuperation
7) Post-deployment activities
8) Additional activities not encompassed in the other categories but agreed to by the employer and the employee

Requests for leave should be ~~make~~ made through Human Resources Department.
Paid leave runs concurrently with FMLA.

Advance Notice and Medical Certification:
The employee may be required to provide advance leave notice and medical certification. Taking leave may be denied if requirements are not met.

The employee ordinarily must provide 30 days advance notice when the leave is foreseeable.

An employer may require medical certification to support a request for leave because of a serious health condition and may require second or third ~~options~~ opinions (at the employer's expense) and a fitness for duty report to return to work is required prior to returning to work.

Job Benefits and Protection:
For the duration of FMLA leave, the employer must maintain the employee's health coverage under any group health plan.

Upon return from FMLA leave, most employees must be restored to their original or equivalent posts with equivalent pay, benefits, and other employment terms.

The use of FMLA leave cannot result in the loss of any employment benefit that accrues prior to the start of an employee's leave.

Unlawful Acts by Employers:
FMLA makes it unlawful for any employer to: interfere with, restrain, or deny the exercise of any right provided under FMLA discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement:

The U.S. Department of Labor is authorized to investigate and resolve complaints of violations.

An eligible employee may bring a civil action against an employer for violations. FMLA does not affect any Federal or State law prohibiting discrimination or supersede any State or local law or collective bargaining agreement, which provides greater family or medical leave rights.

NOTICE OF EMPLOYEES RIGHTS TO CONTINUE GROUP HEALTH COVERAGE

On April 7, 1986, a federal law was enacted (Public Law 99-272, Title X) requiring that more employers sponsoring group health plans offer employees and their families the opportunity for a temporary extension of health coverage (called continuation coverage) at group rates in certain instances where coverage under the plan would otherwise end.

This notice is intended to inform you, in a summary fashion, of your rights and obligations under the continuation coverage provisions of the law. (Both you and your spouse should take the time to read this notice carefully).

If you are an employee of The Jackson County School District covered by the Public-School Employees Health Insurance Plan (PSEHIP), you have a right to choose this continuation coverage if you lose your group health coverage because of a reduction in your hours of employment or the termination of your employment (for reasons other than gross misconduct on your part).

If you choose continuation coverage, coverage is identical to the coverage provided under the plan to similarly situated employees or family members. The law requires that you be afforded the opportunity to maintain continuation coverage for three years. If you lose group health coverage because of a termination of employment or a reduction in hours, the required continuation coverage period is 18 months. These 18 months may be extended to 36 months if other events (such as death, divorce, legal separation, or Medicare entitlement) occur during that 18-month period. The only time that coverage is extended beyond 36 months is in the event of the death of an active employee with less than 25 years of service. Coverage for that event will be extended to 48 months.

The 18 months may be extended to 29 months if an individual is determined to be disabled (for Social Security disability purposes) and the Claims Administrator is notified of that determination within 60 days. The affected individual must also notify the Claims Administrator within 30 days of any final determination that the individual is no longer disabled. In no event (except death of an employee with less than 25 years of service) will continuation coverage last beyond 3 years from the date of the event that originally made a qualified beneficiary eligible to elect coverage.

However, the law provides that the continuation coverage may be terminated for any of the following five reasons:

1. Jackson County School District no longer provides group health coverage to any of its employees;
2. The premium for your continuation coverage is not paid on time;
3. You become covered by another group plan, unless the plan contains any exclusions or limitations with respect to any pre-existing condition you or your covered dependents may have;
4. You become entitled to Medicare; or
5. You extend coverage for up to 29 months due to your disability and there has been a final determination that you are no longer disabled.

You do not have to show that you are insurable to choose continuation coverage. However, under the law, you may have to pay all or part of the premium for your continuation coverage. There is a grace period of 30 days for payment of the regularly scheduled premium.

The law applies to the Public Employees Health Insurance Plan beginning on July 1, 1986. If you have questions about the law, please contact:

GRIEVANCE PROCEDURE FOR STAFF

Reference: School Board Policy GAE
Grievances of staff shall be processed according to the following procedures:

1. The grievant must inform orally his/her immediate supervisor of the grievance within five (5) days from the date of the alleged grievance. The grievant and immediate supervisor will attempt to resolve the grievance informally.
2. If the grievance is not resolved and the grievant elects to pursue the issue, he/she within five (5) days after meeting with the immediate supervisor, must file a written statement with the Assistant Superintendent or District Office Human Resources. This statement shall contain the time, place, and nature of the alleged violation of the grievant rights and shall be signed and dated by the grievant.
3. Within five (5) days, the Assistant Superintendent or District Office Human Resources shall provide his/her decision in writing with supportive evidence and reasons.
4. If the grievant chooses to appeal the decision of the Assistant Superintendent or Department of Human Resources he/she shall submit, within five (5) days, a written request of appeal to the Superintendent. Within five (5) days, the Superintendent shall provide his/her decision in writing with supporting evidence and reasons.

5. If the grievant chooses to appeal the decision of the Superintendent, he/she shall submit, within five (5) days of the Superintendent's decision, a written request to the Superintendent's office to present his/her grievance before the Board of Education at the next regular meeting or at a social meeting set by the Superintendent.
6. The Board shall render its decision within seven (7) days of the grievant hearing. The Superintendent shall provide copies of the decision to any parties involved.

A grievance may be withdrawn at any time without prejudice or record.

The following definitions shall apply to this grievance procedure:

1. A "grievance" is a complaint by an individual based upon an alleged violation of a person's rights under state or federal law or board policy.
2. A "grievant" is a person or persons making the complaint.
3. The term "days" shall mean working school days and shall exclude weekends or vacation days.

In the adoption and implementation of this grievance procedure, it shall be understood that the Board of Education is not a court of law and that rules of jurisprudence shall not apply.

BULLYING – EMPLOYEES AND STUDENTS

The Jackson County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristics that (a) places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school Superintendent or Principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Jackson County School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying and harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying harassing behavior. The District encourages anyone who has witnessed or has information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Jackson County School Board directs the Superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedure should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedures that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions." Furthermore, The Jackson County School District defines "reasonable action" as promptly reporting the behavior to a teacher, Principal, counselor or other school employee when subjected to bullying or harassing behavior.

SEXUAL HARASSMENT – EMPLOYEES AND STUDENTS

The policy of the Board of Education forbids discrimination against any employee, or applicant for employment on the basis of sex. The Board of Education will not tolerate sexual harassment activity by any of its employees. This policy similarly applies to non-employee volunteers who work subject to the control of school authorities.

A. General Prohibitions
   1) Unwelcome conduct of a Sexual Nature may include
      a) ~~Conduct of the sexual nature may include v~~Verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, patting, or brushing against; comments regarded physical or personality characteristics of a sexual nature; and sexually-oriented "kidding," "teasing," double-entendres, and jokes.
      b) Verbal or physical ~~conduct~~ harassment of a sexual ~~harassment~~ nature when the allegedly harassed employee has indicated, by his or her conduct, that it is unwelcome.
      c) An employee who has initially welcomed such by active participation must give specific notice to the alleged harasser that such conduct is no longer welcome.
   2) Sexual Harassment
      For the purpose of this policy, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment if:
      a) submission to the conduct is made either an explicit or implicit condition of employment;
      b) submission to or rejection of the conduct is used as a basis for an employment decision affecting the harassed employee; or
      c) the conduct substantially interferes with an employee's work performance, or creates an intimidating, hostile, or offensive work environment.

B. Specific Prohibitions
   1) Administrators and Supervisors

a) It is sexually harassment for an administrator or supervisor to use his or her authority to solicit sexual favors or attention from subordinates when the subordinate's failure to submit will result in adverse treatment, or when the subordinate's acquiescence will result in preferential treatment.
b) No administrator shall reside in the same residence with anyone he/she supervises.
c) Administrators and supervisors who either engage in sexual harassment or tolerate such conduct by other employees shall be subject to sanctions, as described below.

2) Non-Administrative and Non-Supervisory Employees
a) It is sexual harassment for a non-administrative and non-supervisory employee to subject another such employee to any unwelcome conduct of a sexual nature. Employees who engage in such conduct shall be subject to sanctions as described below.

3) District Employees
a) Relationships between supervisors and an employee under their supervision is prohibited.
b) If there are relationships between individuals who occupy equal levels of authority, then these individuals will exhibit professional conduct in the workplace.

C. Reporting, Investigating and Sanctions

1) It is the express policy of the Board of Education to encourage victims of a sexual harassment to come forward with such claims. This may be done through the Employee Grievance Resolution Procedure. (Policy GAE)
a) Employees who feel that administrators or supervisors are conditioning promotions, increases in wages, continuation of employment, or other terms or conditions of employment upon sexual favors, are encouraged to report the conditions to the appropriate administrator. If the employee's direct administrator or supervisor is the offending person, the report shall be made to the next higher level of administration or supervision.
b) Employees are also urged to report any unwelcome conduct of a sexual nature by supervisors or fellow employees if such conduct is unwelcome, interferes with the individual's work performance, or creates a hostile or offensive working environment.
c) Confidentiality will be maintained and no reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual harassment.

2) In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. The Superintendent has the responsibility of investigating and resolving complaints of sexual harassment, as stated in The Jackson County School District Policy GAE.

3) Any employee found to have engaged in sexual harassment shall be subject to sanctions, including, but not limited to warning, suspension, or termination subject to applicable procedural requirements.

DRUG-FREE WORKPLACE POLICY

Reference: Jackson County School Board Policy GBRL.

The Jackson County School District will maintain a drug-free workplace. This will be assured by:

1. The district will publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the schools, buildings, on campus, or on any property otherwise under the control of The Jackson County School District, with the penalty of taking appropriate personnel action against such an employee, up to and including termination; or, requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

2. The district will establish a drug-free awareness program to inform employees about
    a. The dangers of drug abuse in the workplace
    b. The District's policy of maintaining a drug-free workplace
    c. Available drug counseling, rehabilitation, and other assistance programs
    d. The penalties that may be imposed upon employees for drug use violations occurring in the workplace

3. Each present employee and each newly employed employee engaged by The Jackson County School District will be given a copy of this document, especially Section 1.

4. The district will notify each employee and each newly employed employee that, as a condition of employment, the employee will:
    a. Abide by the terms of this policy, and
    b. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace as identified in Section 1, no later than five (5) days after such conviction.

5. The school district shall notify such agencies as require this certificate, within ten (10) days after receiving such notice in Section 4.b., from an employee or otherwise receiving actual notice of such conviction.

6. The district will take one of the following actions within thirty (30) days of receiving notice under Section 4.b. with respect to any employee who is so convicted.
    a. Taking appropriate personnel action against such an employee up to and including termination; or
    b. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of Sections 1 through 6.

Memorandum

To: Jackson County Board of Education
CC: Mr. David Baggett
From: Karen Glass
Date: June 3, 2024
Re: Employee Benefits Brokerage Services

We released an RFQ for Employee Benefits Brokerage Services on February 23, 2024 and again on March 1, 2024. We received 5 answers and interviewed 4 companies: Gallagher, 90 Degree Benefits, American Fidelity, and Taylor and Sons.

We held a panel interview on May 28, 2024 where each company presented and were asked questions by the 11-person panel. The panel included JCSD Administration, Certified Personnel, and Non-Certified Personnel from multiple departments throughout our district.

The committee was very thorough in their questioning and participation during the presentations and interview. At the end of the interview process, the panel unanimously agreed upon American Fidelity to provide our employees voluntary benefits beginning in January of 2025.

Section: D Fiscal Management
Policy Code: DI Accounting and Reporting
Policy:

Accounting and Reporting

The Superintendent of the Jackson County School District shall open and keep regular sets of books, as prescribed by the State ~~Auditor~~ Department of Education, which shall be subject to inspection during office hours by any citizen so desiring to inspect the same. The books for each fiscal year shall be kept separately and same shall be safely preserved by the Superintendent.

The State Department of Education is hereby authorized and directed to prescribe and formulate for use by all school districts of this state, as prescribed by Mississippi Code Section 37-37-1.

Financial Reports and Statements

The Jackson County School District shall prepare annual financial statements, including the notes to the financial statements, in accordance with generally accepted accounting principles at June 30 of each fiscal year. The State Board of Education shall promulgate rules and regulations concerning the type of financial reports required to be submitted by the Superintendent to the local school board, and the frequency with which the reports shall be submitted. The rules and regulations promulgated by the board shall include:

1. A requirement that the reports be listed as an agenda item for discussion at a regularly scheduled meeting of the board;
2. A requirement that the minutes of the board meeting reflect that the reports were discussed;
3. A requirement that each board member present be provided a copy of all required reports; and
4. A requirement that a copy of all required reports be included in the official minutes of the board meeting at which the reports were discussed.

The State Board of Education is authorized to required school districts to submit any of the required reports to the State Department of Education on a basis determined by the department.

Failure to comply with any of the rules and regulations established by the State Board of Education with regard to reporting requirements shall constitute a violation of the Mississippi Public School Accountability Standards. Section 37-9-18(1)

The Mississippi Public School Accountability Standard for this policy is standard 4.

~~The Jackson County School District operates with a financial accounting system as prescribed by the State Auditor's Office. The most recent annual audit report of the school district, as~~

~~conducted under the guidelines of the State Auditor's Office, indicates that the auditor has issued an unqualified opinion (as defined by generally accepted auditing standards) on the general purpose financial statements of the school district. The Board of Education has implemented a fixed asset system of accountability that complies with the standards established by the State Auditor's Office for verification of fixed assets and the auditing of fixed assets records.~~

~~The financial accounting data and the corresponding annual audit report as submitted to the Mississippi Department of Education reflect at least a zero fund balance (as defined by generally accepted accounting principles) for all funds of the school district.~~

Policy:

Money and Fiscal Management

The Board recognizes that money and fiscal management comprise the foundational support of the whole school program. To make that support as effective as possible, the Board shall:

1. Encourage advance planning through the best possible budget procedures.
2. Explore all practical and legal sources of dollar income.
3. Guide the expenditure of funds so as to achieve the greatest educational returns.
4. Require maximum efficiency in accounting and reporting procedures.
5. Maintain a level of per pupil expenditure needed to provide high quality education.

Further, it shall be the policy of the Jackson County School Board that the financial records and statements of this school district will be kept and presented in accordance with generally accepted accounting principles and the requirements and procedures outlined in the Mississippi Public School District Financial Accounting Manual, July 1, 1992, as amended. This policy also includes conformity with the Mississippi Uniform School Law of 1986, as well as Accreditation ***Requirements of the State Board of Education: Bulletin 171***.

Budget preparation and control shall be the responsibility of the Superintendent of Education. The proposed budget will be presented to the Board prior to the deadline of July 15 each year for the next school year.

Fiscal Management Goals and Objectives

The financial records and statements of The Jackson County School District will be kept and presented in accordance with generally accepted accounting principles and the requirements and procedures outlined in the Mississippi Public School District Financial Accounting Manual.

The State Department of Education is hereby authorized and directed to prescribe and formulate for use by all school districts of this state, including municipal separate school districts, adequate accounting systems and other essential financial records which shall be uniform for all the school districts of this state. Such uniform system shall include a method of accounting for and keeping records of all funds received, handled and disbursed by such school district, whether derived from taxation or otherwise, including funds derived from donations, athletic events and other special activities of the school district. The uniform system of accounts so prescribed and formulated by the State Department of Education shall be distributed and disseminated to all of the school districts of this state and it shall be mandatory that the boards of trustees of all such school districts install, utilize and follow said uniform system of accounts in keeping the financial records of the school district. At the request of the Mississippi Department of Education, the Office of the State Auditor shall provide advice for implementation of this section. 37-37-1

The Mississippi Public School Accountability Standards for this policy are standards 2 and 4.

~~The Jackson County School District shall operate a system of fiscal management which is educationally sound and which provides an annual operational budget which has been approved by the school board. This system also includes all funds that are under the control of the Board of Education and that are required to be budgeted in accordance with generally accepted accounting principles. Revisions to the budget are approved by the Board of Education and are incorporated into the minutes by spreading them on the minutes or by attaching them as an addendum to the minutes. Budgeted funds shall be apportioned to accomplish policy requirements and in accordance with state laws.~~

~~Revenues and expenditures shall be posted on a monthly basis. Purchases of equipment, supplies, and materials shall be made on a timely basis to ensure that delivery is coordinated with user's needs. Equipment, supplies and materials purchased shall relate to the successful implementation of the district's approved educational plan.~~

Policy:

Federal Aid to School Districts

The Jackson County School Board strives to provide the best educational opportunities possible for the children in the district by seeking as many sources of revenue as possible to supplement the funds provided by local taxation and the basic aid program offered by the state.

Therefore, the district shall participate in federal financial assistance programs which provide direct educational and auxiliary services or opportunities to students enrolled in the school. The following procedures shall be employed when administering federal programs:

1. Federal funds will not be used for partisan political activity of any kind by any person or organization involved in the administration of federal-assisted programs. Prohibited expenditures shall include but not limited to the purchase of partisan political materials, contributions to any candidate for public office, and use of school property, equipment or employees in support of a candidate(s).
2. No person shall, on the grounds of race, sex, color, national origin, age, religion or disability, be excluded from participation in or be subjected to discrimination in any program or activity funded, in whole or in part, by federal funds.
3. The local school district may use federal funds so restricted (i.e. - Title I, Title ~~VII, etc.~~1003a) only to supplement and to the extent practical, increase the level of nonfederal funds that would, in the absence of federal funds, be made available for the education of pupils participating. In order to assure equitable distribution of funds, the school district will not use federal funds so restricted to provide services to students that the district is required to furnish.
4. A school district management system will require that federal draws be made to minimize the time elapsed between the transfer of funds from the State Department of Education and the disbursement of funds by the local school district.
5. The school district will observe all applicable state and federal laws and guidelines regarding receipts, expenditures, accounting and reports for materials and equipment received from federal funds.
6. The school district will follow all applicable federal guidelines in determining services that are allowed and will adhere to all restrictions in the approved project applications.
7. The combined fiscal effort per student or the aggregate expenditures of the district from state and local funds for free public education for the school year will be at least ninety (90) percent of the combined fiscal effort per student or aggregate expenditures for the preceding year, unless specifically waived by the state.
8. Title I, P.L. 94-142, P.L. 99-457, and P.L. 89-313 funds will be used to provide programs which, taken as a whole, are at least comparable to services being provided in areas not receiving Title I funds.
9. The Title I project will be based on an annual assessment of educational needs.

10. Parental involvement and support will be encouraged and implemented as required by federal guidelines in all federal programs. Parents/guardians will be asked to participate in and will be kept abreast of their child's instructional progress in all federal programs.
11. The District will enter all approved MDE Title budgets and budget amendments into its accounting software as required by MDE to ensure alignment and tracking of federal funds approved by MDE.
12. The District will ensure all Title budgets and expenditures for all federal programs are: allocable, reasonable and necessary, meets program intent and purposes, aligned with approved application and amendments on file at MDE, and obligated and liquidated in accordance with the approved plan within the approved grant period according with federal and state law.
13. The District will adhere to all guidelines prescribed in OMB Circular A-87, Appendix B.8.h regarding compensation for personal services which states, "Where employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications will be prepared at least monthly and/or semi-annually and will be signed by the employee ~~or~~ and supervisory official having first-hand knowledge of the work performed by the employee.

~~2. Amounts budgeted for expenditures with the amounts expended and encumbered.~~

~~3. Percentages of amounts expended and encumbered by major budget classification.~~

~~The cash balances of all funds on hands as of the latest date and the name of the county depository in which they are deposited.~~

Required Monthly Reports to be Furnished to Local School Board

At a minimum, the Superintendent of schools shall furnish to the school board the following required financial reports in their packets for each regular school board meeting.

Reconciled Bank Statements

All bank statements shall be reconciled within thirty (30) days of receipt. Presentation of reconciled bank statements shall be made at the next regular board meeting after the bank statements are reconciled. Bank statements shall be reconciled to the District's general ledger cash balances monthly.

In lieu of actual bank reconciliations, a certification from a designed individual listing all current District bank accounts by name, the specific time period covered, and a statement that the accounts have been reconciled is acceptable. Districts submitting a certification to the board shall also submit a summary of the bank reconciliations. Full bank reconciliations shall be available for review at the board meeting if requested. A copy of the certification and the summary shall be made a part of the board minutes.

Statement of Revenues and Expenditures

The Statement of Revenues and Expenditures shall capture the monthly revenues and expenditures of each fund. At a minimum, a total amount of revenues and a total amount of expenditures shall be presented for each fund for the month. Additional detail will be added at the discretion of the District.

Current Budget Status

The Superintendent or designee (Business Manager) will present the board with a current listing of budgeted annual amounts for revenue and expenditures for all funds. The report will present cumulative revenue and expenditures to compare to budgeted amounts for each fund.

Cash Flow Statement by Month
The Cash Flow Statement shall capture cash in and cash out for the District Maintenance fund with each month presented separately. The cumulative total of all months shall be listed. Projected cash flow for the remaining months may be presented at the discretion of the District.

Combined Balance Sheet
The Superintendent or designee (Business Manager) will present the board with a Combined Balance Sheet to include, at a minimum, all general funds and special revenue funds. Additional funds may be presented at the discretion of the District.

OR

Current Funds Equity Balances
The Superintendent or designee (Business Manager) will present the board with a current listing of fund balances. The listing shall include, at a minimum, all general funds, special revenue funds, and any other funds supported by district maintenance.

Two or more of the required reports listed above may be combined if all information is included and can be presented in the detail listed above for each report.

At a regular monthly school board meeting:
The financial reports shall be listed as an agenda item for discussion at each regularly scheduled meeting of the school board. Financial reports shall not be listed under the consent agenda. The minutes of the school board meeting shall reflect that the financial reports were discussed. Each board member present shall be provided a copy of all required financial reports. A copy of all required financial reports shall be included in the official minutes of the board meeting at which the reports were discussed.

The Office of the School Financial Services may require a school district to provide one or all of the required monthly reports listed in this policy. The Office of School Financial Services may require a school district to submit evidence that one or all of the required monthly reports listed in this policy have been provided to the school board, the financial items were listed as a separate agenda item, the minutes reflect that the financial reports were discussed and a copy of each required report is included in the official minutes of the board meeting at which the reports were discussed.

Failure to comply with any of the rules and regulations established by the State Board of Education with regard to financial reporting requirements shall constitute a violation of the Mississippi Public School Accountability Standards.

Use of School Facilities

The Jackson County Board of Education encourages the use of school facilities for community purposes under provisions that permit board authority to determine, regulate and maintain such programs.

School facilities may be used for school-sponsored educational, social, or extra-curricular functions. It shall be the responsibility of the Superintendent to establish, maintain, and modify rules governing the use of the facilities, to provide for the protection of property, and to provide for the safety, welfare and health of persons using school properties. Copies of the rules shall be furnished to all groups authorized to use the school facilities. These rules are incorporated as part of the School Board Policies.

The use of the school facilities by organizations other than those sponsored by the Board of Education shall be limited to non-profit making functions, except when specific approval is given by the Board of Education.

Permission to use school facilities does not include concession rights of any type, unless specified in writing.

Use of food service areas by organizations not connected with the school system is discouraged, but not prohibited. The use of food service areas shall require the presence of the cafeteria manager, or designee, and a minimum of one kitchen worker.

Fees and conditions for facilities usage shall be set by the Superintendent. Fees set shall include funds necessary to pay for the principal, or designee, other staff members, food, and supplies necessary for the activity being conducted.

The Jackson County School District, its employees, or the Board of Education, singly or collectively, hereby is held harmless and disclaims any and all liability of any kind in relation to this agreement.

The Jackson County School District, its employees, or the Board of Education, singly or collectively, hereby makes absolutely no warrant as to the condition or fitness of the facilities relative to this agreement.

RULES AND REGULATIONS
PERTAINING TO THE USE OF ANY SCHOOL FACILITIES

1. Request(s) for use of the school facilities by persons not officially connected with the school must be filed with the Superintendent two (2) weeks prior to the date for which it is requested.

2. Permit(s) for the use of the facilities will not be granted if the purpose or result of such use is personal gain to any individual or individuals, is of a political nature, or is sectarian in character.
3. All permits are revocable and shall not be considered as a lease. The Board of Education, or its authorized agents, may reject an application or cancel any permit. The charges will not be considered as rental charges, but will be limited to operating expenses with a reasonable allowance for wear and tear of the facilities.
4. In all cases the regular school activities or organizations of the school have preference when requesting the use of school facilities.
5. The applicant assumes responsibility for the preservation of order at the school facility and assumes strict observance of all regulations of the Board of Education with reference to the facilities.
6. The person or group requesting the permit shall provide sufficient bond for uniformed police protection. The person or group shall furnish proof that uniformed police protection is provided.
7. Smoking and possession or consumption of alcoholic beverages or non-prescriptive drugs on or at any part of the school facilities shall be prohibited. Exception shall be only for a recognized demonstrational program.
8. Pianos, motion picture projectors, scenery, or other apparatus shall not be moved onto the school facilities unless specific permission is granted.
9. The person or group requesting the permit shall provide sufficient bond for any damage sustained to the facility, except normal wear and tear.
10. Persons/Organizations who use their own equipment or property shall remove said equipment immediately following the activity and no later than noon the following day. The school will not be responsible for any equipment left at the building or grounds.
11. The Board of Education or its representative(s) shall at all times have free access to all parts of the school facilities. The Board reserves the right to revoke any permit should such action be necessary or desirable in the best interest of the school system and/or the public.
12. The Jackson County School District, its employees, or the Board of Education, singly or collectively, hereby is held harmless and disclaims any and all liability of any kind relative to this agreement.
13. The Jackson County School District, its employees, or the Board of Education, singly or collectively, makes absolutely no warrant as to the condition or fitness of the facilities relative to this agreement.

All recommendations will be placed on the board meeting agenda with the supplement level noted with the recommendation. As vacancies occur, all positions will be recommended at a starting Level 3. Any lateral position moves will be at their current level.

Any administrator beginning at a Level 3 will remain at that Level for a period of 2 years. At the end of the contractual period ending June 30th of the second year, the administrator will move to Level 2, where he/she will remain for a period of two years. At the beginning of the administrator's fifth year, (July 1), he/she will move to Level 1 status. In order for experience to be credited, the administrator must be employed for a minimum of 11/12th of the contractual year. Experience for the superintendent will be credited as of January 1st.

If the Superintendent's annual salary, when calculated by using the formula specified in this policy is not the highest salary in the district, it shall be adjusted and will automatically be $100 higher than the highest salary paid to any other administrator.

Previous experience as a principal will be credited as experience as a principal regardless of grade level. (The same concept applies to other administrative positions – ex. assistant principal to assistant principal).

If a person transfers from a principal to a director position, they will transfer at whatever level principal position they held. This is only applicable in district.

Note 1: Duties for select supplemental positions will be included in the employee's yearly teaching contract. Employee performance is these positions will be evaluated under the terms and conditions of the teaching contract. All other employees, who fill supplemental positions, will be considered "At Will Employees". Positions included in teaching contracts will be: (1) Athletic Director; (2) High School Head Football Coach; (3) High School Offensive Coordinator; (4) High School Defensive Coordinator; (5) High School Band Director; (6) High School Head Baseball Coach; (7) High School Head Softball Coach; (8) High School Head Boys Basketball Coach; (9) High School Head Girls Basketball Coach. Head Coach of Athletics

*Beginning with new employees hired for the 2016-2017 school year and after, all other employees not listed above understand that the coaching position may be contingent upon the employee's teaching position and the teaching position may be contingent upon the employee's coaching position. In the event that an employee is non-renewed, discharged, or released from either the coaching or teaching position, s/he may also be relieved from all positions in the district. If the employee elects to submit a resignation from either his/her teaching position or the new coaching position, the employee may be released from both positions.

Note 2: The Band Director shall be responsible for selecting/hiring Band Technical Assistants to target and improve specific skill sets as determined necessary by the Band Director. Individuals who fill these supplemental positions will be considered "At Will Employees." The number of Band Technical Assistants allocated for each attendance center will be based on the number of band members from the previous year in the following manner:

Number of Band Members	Band Technical Assistants Per Season
Up to 50	2
Up to 75	3
Up to 100	4
100+	5

For this policy the term "Band Member" includes both musicians and color guard members; "Season" is defined as Fall (marching/competition) and Spring (concert/indoor).

An assistant Band Director at the middle school will be allocated for 150 or more students.
Any supplement that decreases as a result of this policy revision will be frozen at current rate as long as the current coach remains in that position.

Athletic Director (AD) / Head Coach of Athletics salary will be in accordance to policy GGBA. The AD/Head Coach of Athletics will NOT receive the per diem playoff compensation.

The AD will be eligible for district academic performance pay.

NOTE: Any current athletic director adversely effected by this change will be frozen at the higher salary.

Head Football Coach

Additionally, the head football coach will receive the per diem playoff performance compensation.
The head football coach will be eligible for district academic performance pay.
NOTE: Any current head football coach adversely effected by this change will be frozen at the higher salary.

High School Band Director

Policy:

Student Drug Test Policy

STATEMENT OF PURPOSE AND INTENT

The Jackson County School District (JCSD) recognizes that drug use by students participating in CTE, athletics, cheer, dance, band, and/or choir, a drivers' education course, and those who drive and park on campus (hereinafter "participating students") present special concerns about the dangerous combination of drugs and participation in these activities. While the misuse or abuse of illegal drugs, prescription and even nonprescription drugs is unsafe for any student, the additional demands placed upon participating students make such misuse or abuse dangerous.

In response to the serious health risks and other risks posed by participating students' use, JCSD has implemented a drug testing policy which is designed to provide early detection of drug use and to eradicate or reduce significantly use and influence of prohibited drugs and other chemicals by participating students.

In pursuit of these purposes, JCSD declares that the use of prohibited drugs, or intoxication and physical influence thereof, by participating students is inherently unsafe. Such use, intoxication or influence should be detected and prevented and such participating students should be counseled, educated and monitored. This policy is adopted to promote the safety, health and well-being of participating students and is not intended to be disciplinary or punitive in nature. The sanctions provided for herein relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in the covered activity. There will be no academic sanction for violation of the policy and the policy is intended to complement all other policies of the JCSD regarding the possession or use of illegal drugs. Beginning July 1, 2017, this policy will become effective.

All students enrolled in JCSD who are in 7th grade or higher and who (1) participate in any JCSD High School or Middle School CTE, athletic program, cheer, dance, choir, and/or band or (2) obtain a parking permit to allow them to drive and park on a JCSD campus or (3) enroll in a drivers' education course shall be subject to drug testing to the extent and manner provided for in this policy.

The Board authorizes the superintendent to implement procedures in furtherance of the goals of this policy.

DEFINITIONS

"Athletic Department" shall mean the Athletic Departments for each of the attendance centers within the JCSD.

“Confirmation test” means a drug test on a specimen to substantiate the results of a prior drug test on the specimen. The confirmation test may use an alternate method of equal or greater sensitivity than that used in the previous drug test.

“Drug test” means a chemical test administered for the purpose of determining the presence or absence of a drug in a person’s bodily fluids.

“Illegal drug” means (a) a prohibited drug as set forth below, (b) a drug listed as illegal under Mississippi law, (c) a drug which is illegal to use under Mississippi law without a prescription, or (d) which is controlled by the Food and Drug Administration.

“Initial test” means an initial drug test to determine the presence or absence or drugs or related metabolites in specimens.

“Medical Review Officer” or “MRO” means a licensed physician, either a Doctor of Medicine or Doctor of Osteopathy, or other medical or scientific expert knowledgeable in drug abuse disorders, employed to help the JCSD interpret, evaluate and monitor its drug testing program.

“Negative drug test” means a drug test that does not show evidence of a prohibited drug in a person’s system.

“Participating Students” are students participating in athletics, cheer, dance, choir, and/or band and/or those who obtain a parking permit to allow them to drive and park on campus, and/or enroll in a drivers' education course.

“Positive drug test” means a drug test that indicates the presence of a prohibited drug in a person’s system.

“Prescription medication” means a drug prescribed for use by a duly licensed physician, dentist or other medical practitioner licensed to issue prescriptions.

“Prohibited drug” means any drug which is considered a part of the group of drugs listed in Section IV. PROHIBITED DRUGS/ALCOHOL below.

“Random testing” means a neutral selection basis of testing for drugs which provides a mechanism for selecting participating students for testing that: (i) results in an equal probability that any student from a pool of students subject to the selection mechanism will be selected, and (ii) does not give JCSD and school personnel the discretion to waive the selection of any student selected under the mechanism, unless a student has a significant cognitive disability documented in their Individualized Education Plan.

“Specimen” means a tissue or product of the human body chemically capable of revealing the presence of drugs in the human body.

“Calendar Year” means 365 days from the date a violation is declared.

“JCSD” means Jackson County School District.

ADMINISTRATIVE PROCEDURE

Concurrent Drug Testing Policies
This policy and the JCSD policy on drugs as listed JCSD Student Handbook shall be administered separately and concurrently. Tests occurring under this policy shall not be used for or considered for the purposes of the JCSD Assertive Discipline Program; however, test results under the Assertive Discipline Program may be considered for the purposes of eligibility to participate in CTE, athletics, cheer, dance, choir, and/or band or to drive to and park on the JCSD campus or to enroll in drivers' education course and for testing or monitoring under this policy. Participating students are subject to all related policies concerning this subject area.

Implementation
All participating students and their parents or guardians will be notified of this policy upon (1) entering an athletic program, CTE, cheer, dance, choir, and/or band, or (2) seeking a JCSD parking permit, or (3) enrolling in drivers' education course. The JCSD Superintendent and/or his or her designees shall be responsible for the fair, impartial and complete implementation of this policy and for ensuring the no-notice, surprise nature of all testing. The JCSD Administration shall be responsible for the coordination and execution of all testing through a third party vendor, which is the MRO. The initial method of collection will be done by urinalysis.

Consent/Refusal to Consent
The parents or legal guardians of participating students will be asked to sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy and consenting to the release of the tests results to the MRO, Superintendent and/or his/her designees on a need to know and confidential basis. The test results will also be provided to the parents/guardians of the participating student. If a participating student and/or his or her parent/guardian declines or fails to sign the consent form, the student will be ineligible to participate in any JCSD CTE, athletic program, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or to enroll in drivers' education course. The consent form to be used for purposes of this policy shall be formulated by the MRO and Superintendent.

Annual Testing
As an annual prerequisite for participation in a JCSD CTE, athletic program, cheer, dance, choir, and/or band, or for permission to drive and park on the JCSD campus, or enrolling in drivers' education course, parents/guardians of participating students must sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy. Any student who tests positive for drugs may be ineligible to participate in JCSD CTE, athletics, cheer, dance, choir, and/or band or to drive and park on the JCSD campus or enroll in drivers' education course as provided in this policy, or, in the discretion of the Principal or Athletic Director, and approved by the Superintendent, may participate subject to the provisions of Section "Appeal" of this policy.

Random Testing
Participating students will be tested on a random basis for use of prohibited drugs. Random testing shall be conducted no less than two (2) times during a school year and may be conducted during the school year at any other time during the school year as determined by the Superintendent. The random testing shall not be announced or revealed prior to the time of commencement and shall be conducted on a no-notice, surprise basis. The JCSD Superintendent and his designees shall determine the percentage of participating students tested in any one (1) random test not to exceed ten percent (10%) of eligible students on a specific campus or the designated amount budgeted by the school board for the cost of the MRO contract for drug analysis tests. Once the percent is established for the year it will be applied consistently in each attendance center. The Superintendent and his designees shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the MRO selection process. This would include, but not necessarily be limited to the MRO:

1. Assuring that the names of all participating students are in the pool.
2. Assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing.
3. Assuring that the identity of students for testing is not known to those involved in the selection process.
4. Assuring the direct observation of the selection process by at least two certified employees of the District as determined by the Superintendent.

Specimen Collection
All specimens will be collected under reasonable and sanitary conditions. Individual dignity and privacy will be preserved to the extent practicable. Universally accepted standards for testing, labeling, storage and transportation of specimens will be strictly followed by the testing facilities. The MRO will request information before each confirmation test regarding prescription and non-prescription drugs and any other information which could lead to a false positive test. JCSD staff shall be present only for supervising of students during random testing. No JCSD staff shall be involved in the collection, storage, labeling, or handling of specimens from random testing unless necessary because of the student's handicapping condition that has been previously documented.

Testing Procedures
A laboratory certified by the National Institute of Drug Abuse will be designated by JCSD to perform all initial drug tests and selection of students. The laboratory and the MRO will be responsible for the handling and safe delivery of all positive specimens to the confirmation laboratory and such delivery will be accomplished through proper chain of custody procedures.

Finding of Drug Use Consequences
If a student violates this policy, the consequences described below will apply only to the component of the activity impacted by the violation (i.e., CTE, athletics, dance, cheer, band, choir, driving on campus, and/or driving during drivers' education class). The student's grade will not be lowered because of the student's suspension from participation in these activities; however, a student will not be allowed to drive until a negative test result occurs, which could

negatively impact a grade in a drivers' education class. The student may be expected to complete alternative assignments during the suspension in order to maintain his or her grade.

1. **First Violation** If the initial test for drugs indicates a negative result, no further test will occur unless there is good reason to suspect the quality of the specimen sample. If the initial test indicates a positive result, a confirmation test will be conducted immediately. Should the confirmation test also indicate a positive result for a participating student, the following consequences shall be imposed:

    a. The district will notify the student and his or her parent/guardian via a phone call and in writing of such positive test results.
    b. The student shall be suspended from participation in all athletics, cheer, dance, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of thirty (30) days, which can be reduced by half upon the successful completion in a drug counseling and/or drug education program and passing a second drug test.
    c. The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about thirty days after the date on which JCSD received notification of the confirmation tests positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a second violation.
    d. The student shall be required to participate in and complete a drug counseling or education program developed by and provided by JCSD. Refusal to participate in the counseling and/or education program, as set forth in this paragraph, will be treated and handled as a second positive test result.
    e. The student will not be allowed to resume participation until he/she has had a negative drug test at the expense of the parent/guardian.
    f. After successfully returning from a first violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a second violation is declared.

2. **Second Violation** Should a participating student test positive for a second time in any ~~two~~ one calendar year~~s~~, the following consequences shall be imposed:

    a. The MRO or district will notify the student and his or her parent/guardian in writing and/or via phone call of such positive test results.
    b. The student shall be suspended from participation in all athletics, dance, and cheer, choir, and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of sixty (60) days.

c. The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about sixty (60) days after the date on which JCSD received notification of the confirmation tests' positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a third violation.
d. The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
e. After successfully returning from a second violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a third violation is declared.

3. **Third Violation** Should a participating student test positive for a third time in any two calendar years, the following consequences shall be imposed:

a. The MRO or district will notify the student and his or her parent/guardian in writing and/or via telephone of such positive test results.
b. The student shall be suspended from participation in all athletic, dance cheer, choir, and/or band activities and from driving to and parking on the JCSD campus and from drivers' education course for a minimum of one (1) calendar year.
c. The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/ guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
d. The JCSD reserves the right to require the student to submit to mandatory drug testing during the calendar year of the violation as often as deemed appropriate by the administration. The student will not be allowed to resume participation until he or she presents a negative result on retest. No positive test results as described in this policy will be used as grounds to discipline, suspend or expel a participating student, except for the guidelines provided in this policy.

Appeal

A participating student has the right to appeal a decision under this policy by following the grievance procedure as outlined in JCSD Student Handbook and shall be afforded all student due process rights as provided by law. Participation in CTE classes, athletics, dance, cheer, choir, and/or band and parking at JCSD or enrolling in drivers' education course is a privilege only and a student has no property right or interests in such participation.

Medical Review Officer

As part of this policy, JCSD will utilize the services of a medical review officer (MRO) as designated by JCSD. The MRO will interpret, monitor, and evaluate all positive test results so as to determine whether any alternative medical explanation could account for the positive

results. The MRO must be a licensed physician, or group of licensed physicians, knowledgeable in drug abuse disorders.

Confidentiality
The results of a student s drug test shall not be released to anyone other than the Medical Review Officer (MRO), the Superintendent or his/her designees and the student's parents/guardians. Results may also be released to the Board of Trustees, the school attorney, athletic department personnel, and/or school advisor on a need-to-know and confidential basis. No other person may receive the test results without the express authorization and consent of the participating student's parent/guardian.

Cost
JCSD will bear the cost of the initial drug and confirmation test required by JCSD under this policy. The participating student or his or her parent/guardian will pay the costs of any retest requested by the student and of all tests required after a violation of this policy, as outlined in Section "Appeal" above. If a parent requests that blood testing or any other alternate method of equal or greater sensitivity be is utilized then the parent will be responsible for the additional costs associated with the testing method.

Use of Prescription or Legal Non-prescription Drugs
Prior to an initial drug test, a participating student may voluntarily disclose the use of any prescription or non-prescription drugs, but will not be required to do so. If the initial test results are positive, the MRO shall request from the student and/or the parent/guardian information regarding what, if any, prescription and non-prescription drugs, the student was using at the time of the test.

Refusal to Submit To Test
Refusal of any student to submit to testing conducted for any group of students during the school year or upon being selected for random or designated testing will constitute a "violation."

Self-Referral (Not Allowed After Selection for A Random Test)
In the event a student wishes to self-refer himself/herself for drug/alcohol usage, it will NOT initially constitute a "violation." A student may self-refer only one (1) time during his/her school career. When a student submits a self-referral, the following shall occur:

1. An administrator/parent conference will be scheduled by the student's Principal.
2. The student will be ineligible to participate in his/her sport, cheer, dance, choir, and/or band and from driving to and parking on a JCSD campus or driving when enrolled in a drivers' education course, until he/she has enrolled in a recognized Drug Assistance/Education program.
3. The student must also then be declared physically safe to participate by a licensed medical physician before being allowed to return to participation.
4. Failure of the student to successfully complete the Drug Assistance/Education program will constitute a violation and the student will not be allowed to participate in any school sponsored CTE classes, athletic, dance, cheer, choir, and/or band activities and

from driving to and parking on a JCSD campus or being enrolled in a drivers' education course.

Prohibited Drugs/Alcohol
JCSD will test for the use of prohibited drugs in the following groups:

1. Marijuana
2. Cocaine
3. Opiates
4. Amphetamines
5. Phencyclidine (PCP)
6. Spice (synthetic marijuana)

Drug Assistance Program Procedures for Intervention Program
In the event that a student chooses to enroll in a designated Drug Counseling or Rehabilitation program the following steps may be considered:

1. The student and his/her parent(s) or legal guardian(s) will be provided with information regarding those designated drug/alcohol intervention programs that are available in our vicinity.
2. The student and his/her parent(s) or legal guardian(s) will be responsible for providing for the cost of the program.
3. The student and his/her parent(s) or legal guardian(s) will be responsible for transportation to and from the program.
4. To ensure that the student successfully completes the program, the parent/guardian will sign a release of information form with the treatment center giving the center the right to share information with the school system’s designee. The school will receive a report from the treatment center advising the District of the student’s attendance and degree of success.

Policy:

Transfers and Withdrawals of Students

1. The Jackson County School District will not accept a student who resides outside the boundaries of this district, except as provided in sections 3, 4, & 5 of this policy.

2. Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by this school district.

3. Any court having legal authority to assign such students or any Federal or State mandate requiring student placement within the school district shall be adhered to by the district.

4. Upon the petition in writing of any parent or guardian who is a resident of Mississippi and is a fulltime ("fulltime" employee is defined as working a minimum of 20 hours per week) instructional or licensed employee of a school district, but not a resident of such district, the school board of the employer school district shall consent to the transfer of such employee's dependent school-age children to its district and shall spread the same upon the minutes of the board. Upon the petition in writing of any parent or guardian who is not a resident of Mississippi and who is an instructional or licensed employee of a school district in Mississippi, the school board of the employer school district shall consent to the transfer of such employee's dependent school-age children to its district and shall spread the same upon the minutes of the board.

   The board may allow the enrollment and attendance of the dependent children of noninstructional and noncertificated employees, who are not residents of their district. Such policy allowing enrollment and attendance shall be based upon the employment needs of the district, implemented according to job classification groups, and renewed each year.

   Any child of a fulltime instructional, non-instructional, licensed, or non-certified employee attempting to enroll their children in Jackson County School District by means of this policy, must be the parent or legal guardian of said children. Admittance to Jackson County Schools will not be extended to any other relatives of employees, i.e., grandchildren, nieces, or nephews. Employees who wish to transfer step-children must show court-executed documents granting primary physical custody to said employee or current spouse.

The employer transferee school district shall notify in writing the school district from which the pupil or pupils are transferring, and the board of education of the transferor school district shall spread the same upon its minutes. Any such agreement by school boards for the legal transfer of a student(s) shall include a provision providing for the transportation of the student(s). In the absence of such a provision the responsibility for transporting the student to the transferee school district shall be that of the parent or guardian.

The board of education (trustees) of the school districts which approve the transfer of a student under the provisions of Section 37-15-31 shall enter into an agreement and contract for the payment or nonpayment of any portion of their local maintenance funds which they deem fair and equitable in support of any transferred student. Local maintenance funds shall be transferred only to the extent specified in the agreement and contract entered into by the affected school districts. The terms of any local maintenance fund payment transfer contract shall be spread upon the minutes of both the affected school district boards of trustees.

Such agreement may remain in effect for any length of time designated in the contract. The terms of such student transfer contracts and the amounts of any tuition charged any transfer student shall be spread upon the minutes of both of the affected boards of trustees.

The following AGREEMENT FOR NON-PAYMENT OF MAINTENANCE FUNDS AND TUITION FOR TRANSFER STUDENTS shall be approved between any transferee and transferor school district board of trustees.

5. Upon petition in writing of any parent or guardian who is an active member of the United States Armed Forces residing outside the Jackson County School District, the Jackson County School Board shall consent to the transfer/enrollment of their dependent school-age children, if following an administrative review, it is determined there is adequate classroom space on the requested school campus.

   Additionally, a parent or guardian who is employed as civilian military personnel and resides on a military base outside the Jackson County School District shall be afforded the same opportunity to enroll their dependent school-age children in the Jackson County School District as active members of the United States Armed Forces.

   The responsibility for transporting a student enrolled to and from school in the Jackson County School District under this provision is solely that of the parent or guardian.

All recommendations will be placed on the board meeting agenda with the supplement level noted with the recommendation. As vacancies occur, all positions will be recommended at a starting Level 3. Any lateral position moves will be at their current level.

Any administrator beginning at a Level 3 will remain at that Level for a period of 2 years. At the end of the contractual period ending June 30th of the second year, the administrator will move to Level 2, where he/she will remain for a period of two years. At the beginning of the administrator's fifth year, (July 1), he/she will move to Level 1 status. In order for experience to be credited, the administrator must be employed for a minimum of 11/12th of the contractual year. Experience for the superintendent will be credited as of January 1st.

If the Superintendent's annual salary, when calculated by using the formula specified in this policy is not the highest salary in the district, it shall be adjusted and will automatically be $100 higher than the highest salary paid to any other administrator.

Previous experience as a principal will be credited as experience as a principal regardless of grade level. (The same concept applies to other administrative positions – ex. assistant principal to assistant principal).

If a person transfers from a principal to a director position, they will transfer at whatever level principal position they held. This is only applicable in district.

Policy:

Student Promotion and Retention, Grading and Reporting

The Board of School Trustees of the Jackson County School District believes that a well-planned and competently administered student evaluation program is an essential component of the District's Instructional Program. The Board further believes that the regular and effective reporting of student progress toward the attainment of academic goals and objectives is imperative. The Board realizes that the primary function of the District's student evaluation program is to measure as accurately and objectively as possible each student's progress toward the attainment of academic goals and objectives set by the District and the student.

In order to insure a structured procedure for student evaluation and grade reporting which complies with all Mississippi State Department of Education and Accreditation standards, the following procedures shall be implemented.

The Superintendent and his staff are authorized and directed to establish basic competency requirements for each subject at each grade level taught in the Jackson County School District, and no student shall be promoted from one grade level to another or given a Carnegie unit of credit for any course in which the student has not demonstrated mastery of the basic core competency requirements of said course.

GRADING

A number of factors are used in determining the pupil's grades: daily classwork, ~~homework,~~ class participation, test grades, promptness in completing work, special projects, etc. Parents are invited to contact teachers, counselors and/or administrators concerning any questions relative to a pupil's progress.

1. There shall be four grading periods of nine-weeks duration at all schools in the district.
2. All grades awarded regular education students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy. Grades awarded to students who have been ruled eligible for special education services and who are also actively participating in the District's special education program(s) shall be based on the following:
   a. Inclusion receiving a regular diploma is based on same guidelines as district's promotion/retention policy. Accommodations/modifications provided in coordination of both special classroom teacher and regular classroom teacher to obtain final grade.
   b. Resource placements receiving a MOD or Certificate of Completion is based on attainment of IEP goals and objectives set forth in the student's IEP.

3. In K-5th grades, a minimum of 9 daily and 4 test grades will be given in English/ language arts and math courses during each nine-week grading period. In 4th--5-th grade science and social studies, a minimum of 7 daily and 2 test grades will be given during each nine-week grading period. In 6th - 8-th grades, a minimum of ~~nine~~ 9 daily and 4 test grades shall be recorded for each student in each academic course during each nine-week grading period. A minimum of 4 grades will be given prior to progress reports and a minimum of 4 grades will be given after progress reports. The maximum will be 27 grades per term. In grades K - 3, schools may use science and social studies to teach reading. If a school elects to use this strategy, the teachers will not be required to record nine grades in science or social studies. However, some record should be maintained to measure the student's knowledge in science or social studies or to indicate that the student's ability to read and comprehend is progressing on schedule. In grades Kindergarten through 5th grades, tests will count as 40% of the grade, while daily grades will count as 60%. In 6th through 8th grades, tests will count 450%~~, exams will count 20%, homework will count 10%,~~ and daily grades will count 5530% of the total grade. In grades 9-12, tests will count as 50% of the grade, exams will count 20%, and daily grades will count as 30%. JCSD uses a percentage grading scale, therefore, the use of a point system is not allowed.
4. Nine-week exams will be administered to students in grades 9~~6~~ - 12 in each academic area at the end of the nine-week grading period and will count as 20% of the nine-week grade. Other student evaluations, such as daily tests, ~~homework,~~ class participation, etc. shall count as 80% of the nine-week grade. Nine-week tests will not be given in grades 1 - 2 and will be optional for grades 3 - 8~~5~~. Schools on a 4x4 schedule will administer a comprehensive examination that includes all work completed during a particular Course. This exam will account for 20% of the Term grade.
5. For schools other than those on a 4x4 schedule, semester grades shall be the average of the two nine-week grades earned by the student in each semester. The yearly grade shall be the average of the two semester grades. For schools on a 4x4 schedule, a student's average represents a combined grade of the daily work, which counts 8o%, and the term test grade, which counts 20%. The course average is the average of the two terms. When a student has a failing average in a one-unit course but has passed one semester and failed one semester of the course, the student must repeat the failed semester and attain a grade of 60 or higher for that semester.

REPORTING

The Board believes that one of the critical responsibilities of the school district is the clear and accurate reporting of student progress to the student and his/her parent. The administration and faculty of the Jackson County School District are encouraged to share through every means possible the grading policy of the District and to hold conferences with parents to answer any questions which they may have concerning the evaluation of their child.

1. Report cards shall be issued at the end of each nine-week period. It shall be the responsibility of the Superintendent to establish reporting procedures and develop reporting instruments for use by the District.
2. Numerical averages will be used on report cards 1-12 to report student achievement. Report cards for grades 1-12 will have a numerical grade. A chart providing information for converting numerical grades will be printed on each report card as follows:

   A 90 - 100

   B 80-89

   C 70-79

   D 60-69

   F 59 and Below

   I Incomplete

Students will be given an S (Satisfactory) and U (Unsatisfactory) in the following courses:

Grades 1-3	Handwriting – S, N, or U
Grades 1-3	Music, Physical Education, Art, Library, Computer
Grades 1-3	Schools utilizing science and social studies to teach reading may use S and U as grades in those courses.
Grades 4-6	Music, Band, Physical Education, Art, Library, Computer

3. Copies of student grade reports shall be kept on file in the school which the student attends, and all teacher grade books shall be turned in to the principal at the end of the school year and kept on file for a period of five academic years. All student cumulative records shall be completed and kept on file for not less than five years after the permanent record of the student has become inactive. All student permanent records are kept in perpetuity. All student cumulative and permanent records shall be completed and kept on file in compliance with all Mississippi State Department of Education regulations, state law, and school board policy.
4. Mid-nine week reports shall be provided to all parents by the end of the fourth week of the nine week period.

PROMOTION, RETENTION AND TRANSFER OF STUDENTS

1. In order to be promoted from one grade level to the next in grades 1-3, a student must maintain a passing grade in math, language, and reading. The yearly average shall be determined by averaging the two semester numerical grades. Beginning in the 2014-2015 school year, a student scoring at the lowest achievement level in reading on the

established state assessment for 3rd grade will not be promoted to 4th grade unless the student meets the good cause exemptions for promotion.

2. In order to be promoted from grade 4 to 5, students must maintain a passing grade in math, reading, and language, pass either science or social studies.
3. In order to be promoted from one grade level to the next in grades 5-6, students must maintain a passing grade in math, reading, language, science, and social studies.
4. To be promoted from grade 7 to 8, a student must maintain a passing yearly average in English, math, science, social studies, and reading and successfully complete the minimum reading level for the seventh grade.
5. To be promoted from 8th grade to 9th grade a student must have a passing yearly average in English, Math, Science, and Social Studies. Students may be promoted to grade 9 who participate in school remediation and/or credit recovery programs. Participation in these programs must have parent and principal approval. If the school's schedule permits, a student failing one or more courses may be allowed to take the next course in the sequence of the ones passed. (Example: A student who passes 7th grade English, reading, Math and P.E., but fails science and social studies, could take 8th grade English, reading, Math, and P.E. and be scheduled into 7th grade science and social studies again.)

GRADE LEVEL CLASSIFICATION

9th Grade to 10th Grade	Successful Completion of 8 Credits
10th Grade to 11th Grade	Successful Completion of 14 Credits
11th Grade to 12th Grade	Successful Completion of 20 Credits (Students must take English II before being classified as a Senior)
12th Grade to Graduate	Successful Completion of 24 Credits

6. Any student in grades 1-8 who fails a course due to failure of required skills (State Core Skills, District Core Skills, Teacher Designated Skills) may be promoted if he/she successfully completes the skills during the extended school year held in the summer.
7. All special education students will receive the same report card as regular education students, except that a notation shall be made on the grade report and permanent record indicating special education. Those students assigned to Significantly Cognitively Delayed (SCS) special education classes will receive the same grading codes as regular students: however, the grade level of the extended curriculum being taught the student shall be indicated on the report card.
8. No student shall be retained for the purpose of participating in extra-curricular activities.

REMEDIAL PROGRAMS

The Superintendent is authorized to develop and administer remedial programs, to include summer school and extended school year programs, which meet all requirements set forth by the Mississippi State Department of Education, state statutes, and requirements of the Mississippi Commission on School Accreditation.

Remedial programs will be offered during the school year to students who fail to exhibit mastery on any of the assessments that are a part of the Mississippi Curriculum Content Assessment System. (Note: School personnel are to stress the importance of mastery of these skills to the student and parent. Requirements pertaining to graduation and promotion/retention based on test results should be communicated to all parents.

EXCEPTIONS TO THE PROMOTION/RETENTION POLICY:

Students should be retained no more than three times in grades K-8. The sequence for retention is as follows: (1) 1-3 retain once: (2) 4-8 retain once.

If a student is retained 0-1 year in grades K-4, then he/she may be retained more than once in grades 5-8. If the student is not retained in K-3, then the student can be retained twice in 4-8.

Three retentions do not ensure that the student will be automatically promoted. After having been retained a total of two times, each student will be evaluated on an individual basis and may be placed at the appropriate grade level upon approval of the superintendent or his/her designee.

RECRUITMENT AND SELECTION

This school district is an equal opportunity employer. This school district shall employ licensed staff on a professional basis without regard to age, race, color, gender, disability, or national origin. Every school teacher employed in this school system must possess a valid license granted by the Mississippi Department of Education and shall execute a written contract with the Board of Education.

This school board shall select all school district personnel in the manner provided by law and provide for such employee fringe benefit programs including accident reimbursement plans, as may be deemed necessary and appropriate by the board. 37-7-301

The superintendent will ensure that all employee manuals and handbooks are in compliance with state and federal law.

All employees are to be advised of the revisions of the handbooks or manuals and of any implications for existing personnel.

The superintendent will ensure that parents/guardians of students of Title I schools are informed of their right to know the professional qualifications of their child's teacher and will describe where and how this information may be obtained.

Staffing patterns will be reviewed annually to ensure that poor and minority students are not, at rates higher than are other children in the district, taught by inexperienced, unqualified, or out-of-field teachers. If such patterns are noted, strategies to correct the problem will be developed.

~~In order for an applicant to be employed in the Jackson County School District as professional personnel, the following documents shall be submitted to the Office of the Superintendent:~~

1. ~~An application for the applicable certified position~~
2. ~~A valid Class A, or higher, Mississippi certificate with the proper endorsement for the position being sought~~

3. A transcript of grades
4. Other forms as required by state and federal guidelines

Race, color, national origin, sex, age, religion or handicapping conditions shall not be considered in appointing, assigning, retaining, promoting, determining salary, or any other terms or conditions of employment.

Interview procedures

1. The purpose of the interview is to provide the candidate with an opportunity to become acquainted with the school system and to learn the overall philosophy of the Board of Education. The interview also provides an opportunity for the school officials and/or Superintendent to evaluate the qualifications of the applicant.
2. The applicant will be interviewed by the building principal and/or the Assistant Superintendent for the Attendance Center. Applicants may also be interviewed by the Superintendent. Applicants for positions in Special Education will also be interviewed by the Director of Special Education.

Applicants may communicate with the Office of the Superintendent and/or principal at any time concerning the status of their individual applications.

A listing of all vacancies will be posted for ten (10) working days on the bulletin board in the staff/teachers' lounge at each school in the district and on the bulletin board in the district office. Each applicant for a position will receive a response to his/her application, either through an interview or a letter of rejection.

The Assistant Superintendent at the attendance center will review all rejected applications and will concur with the principal on the applicant selected for the position. The Assistant Superintendent at the district office will follow the same procedure with the department directors' selections. The Assistant Superintendent will make the recommendation for the position to the Superintendent, who will make the final recommendation to the school board.

New positions must be approved by the school board and the vacancy posted at each school prior to the position being filled.

Recommendation and Election

The Superintendent is responsible for the recommendation for employment of all personnel. The Board of Education has the power and authority to select all school district personnel in the manner provided by law. (37-7-301 [p]) The Board may disapprove any recommendation made by the Superintendent.

When a principal/director recommends a candidate for employment, he/she will discuss the exact position to be filled with the Assistant Superintendent. The sole basis of selection is the ability to fulfill the responsibilities of the position efficiently as judged by all pertinent standards.

~~If the Superintendent concurs with the Assistant Superintendent's recommendation, he will recommend the candidate to the Board of Education. If the applicant is elected by the Board, the Superintendent shall enter into a contract with the certificated employee in the manner as provided by state law.~~

Section: G Personnel
Policy Code: GBKAR Professional Personnel Reduction in Force

Reduction in Certified Staff (RIF)

The Board of Trustees has the responsibility for providing and maintaining quality schools within the district. In order to carry out its responsibility, the board may: (1) abolish or combine job positions, (2) reduce the length of the work year with a concomitant reduction in salary (the same to be in no event less than 187 days per contract year), (3) reduce administrative supplements, (4) reduce the number of employees. Initially, staff reduction will be accomplished by attrition.

When reducing the number of licensed employees, the board will take into account the following reasons for such reduction in force:

1. Enrollment declines,
2. Financial decline/reduction
3. Educational program(s) elimination, and
4. Priority need for human, material and financial resources.

The primary objective of the board when reducing the work force will be the maintenance of a fair and balanced educational program consistent with the needs of the students and the functions and responsibilities of the school district. When deciding reduction in force, the board will consider the following factors, not necessarily in the order listed:

1. Criticality of the position to the mission, goals, and objectives of the school district.
2. Subject area(s) and advanced degrees by certification.
3. Experience, professional training, length of service within the district and work assignment.
4. Quality of performance including the proven ability to accomplish the educational mission of the school district.
5. Executive ability.
6. Employee attendance and discipline history.
7. Skills and licensure in the area(s) where the district has instructional and/or supervisory needs.

~~Consistent with provisions of state statutes, the Board has the exclusive prerogative to eliminate teachers positions, providing such elimination does not result in a failure in its duty to implement educational requirements of the state or to provide good public schools. Elimination of teacher positions, without regard to race, creed, sex, marital status, handicap, age, national origin, or color, may result from decreases in student enrollment, changes in curriculum, financial conditions, termination of a grant, consortium, or special program, or other circumstances determined by the Board. The administration will consider normal attrition prior~~

~~to any staff reduction.~~

~~If the number of teachers staff members within the Jackson County School District must be reduced for any reason, positions shall be reduced in the area of certification containing the surplus. Teachers shall be reduced in the inverse order of the date last employed for the initial contract of the teacher by Attendance Centers. A teacher in the affected area will be given consideration for transfer to a different area of certification within the school district provided the teacher holds Mississippi certification in the area of the vacancy.~~

~~The administration may recall a teacher by certified mail with a return receipt requested to the last known address. Such teacher shall have seven (7) days from the date of mailing of the notice in which to reply. If he/she accepts the position, he/she shall conform immediately in every way with the provisions of his/her contractual assignment. Personnel refusing a recall offer shall be dropped from the list of recall candidates and shall forfeit all further rights to recall.~~

~~District administration shall forward a list of personnel affected by the reduction in staff to the administrators at each attendance center for their consideration. Personnel shall be dropped from the list of recall candidates after one (1) year of such listing.~~

~~It is the responsibility of personnel affected by the reduction in staff to keep the district office informed of current address, telephone numbers, and other pertinent information which may affect their recall status.~~

Section: G Personnel
Policy Code: GBRM-2 Drug and Alcohol Testing Policy

DRUG AND ALCOHOL TESTING POLICY

The following is The Jackson County School District's Drug and Alcohol Testing Policy. This policy is effective July 16, 2024. After this date, the district will begin testing personnel if it reasonably suspects that an employee is under the influence of illegal drugs or alcohol. In addition, the district will begin conducting random testing of all bus drivers, and preemployment testing of all prospective employees. This policy will be enforced uniformly with respect to all personnel. All of the district's personnel, including administrators, will be subject to testing.

The purposes of this policy are as follows.

1. To maintain a safe, healthy working environment for all employees;

2. To maintain the highest quality educational program for our students by insuring that no personnel of the district are users of illegal drugs or under the influence of drugs or alcohol;

3. To reduce the number of accidental injuries to person or property; and

~~1.~~4. To reduce absenteeism and tardiness and improve the quality of educational services.

SUBSTANCE ABUSE

The following are rules representing the district's policy concerning substance abuse.

1. All employees are prohibited from being under the influence of drugs or alcohol while on duty or on district premises. All employees are prohibited from using illegal drugs, or prescription medication for which they do not have a proper prescription.

2. The use, sale, possession, transfer, or purchase of illegal drugs, non-prescription drugs, medical marijuana, or controlled substances while on district property or while performing district business is strictly prohibited and is cause for immediate termination. Such action will be reported to appropriate law enforcement officials.

3. No alcoholic beverage will be brought or consumed on district premises.

4. No prescription drug will be brought on district premises by any person other than the person for whom the drug is prescribed. Prescription drugs will be used only in the manner, combination, and quantity prescribed.

5. The district is not prohibited from establishing or enforcing a drug-testing policy under the Mississippi Medical Cannabis Act. The district is not required to permit,

accommodate, or allow the use of medical cannabis, or to modify any job/working conditions of any employee who engages in the medical use of medical cannabis or who for any reason seeks to engage in the medical use of medical cannabis.

6. The district is not prohibited from taking an adverse employment action against an employee, up to and including termination, as a result, in whole or in part, of that individual's use of medical cannabis, regardless of the individual's impairment or lack of impairment resulting from the medical use of cannabis.

7. Any employee whose off-duty use of alcohol, medical marijuana, illegal, or non-prescription drugs results in excessive absenteeism, tardiness, poor work, or an accident will be subject to discipline, up to and including termination.

DRUG AND ALCOHOL TESTING

1. The Jackson County School District will conduct pre-employment testing, reasonable suspicion testing of all personnel and random testing of bus drivers.

2. An employee will be allowed to provide notice to the district of currently or recently used prescription or non-prescription drugs prior to the time of the test.

3. Random testing of bus drivers will be implemented using a neutral selection basis. The district will not waive the selection of any employee chosen pursuant to the random selection procedures.

4.

    a. Reasonable suspicion is defined under this policy as the belief by the district that an employee is using or has used drugs or alcohol in violation of the district's policy. Reasonable suspicion may be based upon, among other things:

        i. Observable phenomena, such as direct observation of drug use and/or the physical symptoms or manifestations of being under the influence of a drug;

        ii. Abnormal conduct or erratic behavior while at work, absenteeism, tardiness, or deterioration in work performance;

        iii. A report of drug use provided by reliable and credible sources and which has been independently corroborated;

        iv. Evidence that an individual has tampered with a drug and alcohol test during his employment with the current employer;

        v. Information that an employee has caused or contributed to an accident while at work; and

vi. Evidence that an employee is involved in the use, possession, sale, solicitation, or transfer of drugs while working or while on school premises or while operating one of the school's vehicles, its machinery, or its equipment.

b. If there is reasonable suspicion that an employee is using or has used drugs or consumed alcohol in violation of the district's policy, that employee will be required to submit to a drug and/or alcohol test. The superintendent (or in his or her absence an appointed replacement) must approve in advance all reasonable suspicion testing. If the test result is confirmed positive for drugs or alcohol in violation of the district's drug and alcohol policy, the employee will be subject to immediate termination of his or her employment with the district.

5. Any employee who refuses to take a drug and alcohol test will be subject to discipline, up to and including immediate termination of employment.

6. The following are drugs for which the district may test: alcohol, opiates, amphetamines, phencyclidine (PCP), marijuana, and cocaine.

7. An employee who receives a positive confirmation drug and alcohol test result may contest the accuracy of the result or explain the results within ten days of the date of such result by filing a written statement with the superintendent. An employee, at his or her own cost, also may request that the specimen be retested at a certified laboratory of his or her own choosing.

~~1.~~8. An employee who receives a positive confirmation test result and who fails to present a satisfactory contest or explanation to such result, or a contrary result from a certified laboratory of the employee's own choosing, will be subject to discipline, up to and including termination.

9. Post-Incident Testing – All employees that have an on-the-job injury and seek treatment from an off-site medical facility will be required to submit to a drug and alcohol test. The post-incident test will be administered immediately upon seeking treatment. An employee will be subject to the same consequences as a positive test result if he/she refuses the test, adulterates or substitutes the specimen, will not sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test.

A copy of this policy, and state law regarding drug testing can be obtained from the district office.

FEDERAL CLEARINGHOUSE QUERIES

The Jackson County School District will conduct queries through the Federal Motor Carrier Safety Administration (FMCSA) Drug and Alcohol Clearinghouse on all current and new bus drivers in the school district. A consent form must be signed by the person on which the query will be run for both pre-employment queries and annual queries of current employees before a

query can be initiated. The district may NOT query the Clearinghouse to determine whether a record exists for any driver without first obtaining that driver's written or electronic consent.

The district will not permit a driver to perform a safety-sensitive function if the driver refuses to grant consent.

The district will not employ a bus driver to perform a safety-sensitive function without first conducting a pre-employment query of the Clearinghouse to obtain information about whether the driver has:

1. A verified positive, adulterated, or substituted controlled substances test result;

2. Has an alcohol confirmation test with a concentration of 0.04 or higher;

3. Has refused to submit to a test; OR

~~1.~~4. That an employer has reported actual knowledge, as defined at 49 CFR § 382.107, that the driver used alcohol on duty in violation of 49 CFR § 382.205, used alcohol before duty in violation of 49 CFR § 382.207, used alcohol following an accident in violation of 49 CFR § 382.209, or used a controlled substance, in violation of 49 CFR § 382.213.

The district will also query the Clearinghouse annually for all currently employed CDL drivers. There are two types of queries:

1. Limited Query – This query will tell the district whether there is information about the individual driver in the Clearinghouse, but will not release that information to the district. The individual driver may give consent to conduct limited queries that is effective for more than one year.

~~1.~~2. Full Query – If the limited query shows that information exists in the Clearinghouse about the individual driver, the district must conduct a full query within 24 hours of conducting the limited query. The driver will need to sign another consent giving the district permission to do a full query. If the district fails to conduct a full query within 24 hours, the district must not allow the driver to continue to perform any safety-sensitive function until the district conducts the full query and the results confirm that the driver's Clearinghouse record contains no prohibitions.

The district will report a driver's drug and alcohol program violations (listed in 1-4 above) to the Clearinghouse within three (3) business days after the district learns of the information. The district will prohibit drivers who have violated the FMCSA's drug and alcohol program regulations from performing safety-sensitive duties unless the driver complies with the return-to-duty process set forth in 49 CFR Part 40, Subpart O.

Drug and Alcohol Policy

The mission of the Jackson County School District (JCSD) is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens.

Therefore, JCSD has created this drug and alcohol policy in furtherance of our mission to provide a safe work environment for every employee, student, and visitor on our campuses and in our schools and facilities.

This policy provides for and implements drug and alcohol testing of all employees of the district as hereinafter provided and is compliant with and supplement to the Drug Free Workplace Act of 1988 (Policy GBR); and the Drug-Free Schools and Communities Act of 1986. Employees that are in a safety sensitive position which is defined as an employee that is required to maintain a CDL (Commercial Driver's License) and/or that transports students are covered under the Omnibus Transportation Employee Act additionally and will be subject to testing according to regulations set forth by the Department of Transportation (Policy GBRM). In all instances where provisions are similar the DOT will prevail.

TYPES OF TESTING

As a condition of employment with the school district

Each applicant for employment, including those under the age of 18, will be required, post offer, to submit to a drug test, by the next business day of receiving job offer, as a condition of the employment, at the applicant's expense. All substitute applicants will be required to submit to a drug test, by the next business day of submitting their application and being fingerprinted, prior to them being placed on the district's substitute list. If an applicant does not complete the required drug test within the next business day their application and/or job offer will be considered null and void. A negative non-dilute test result must be obtained prior to the applicant beginning employment for the District. If an applicant receives an initial non-negative result the applicant will be required to pay the cost of having the specimen sent to the lab for further testing. Applicants who have a negative dilute test result will not be accepted for employment. However, these individuals will be given one additional opportunity to provide a negative non-dilute result prior to beginning employment. A refusal to submit to a test or positive confirmed test result is a basis for refusal to hire, as is a confirmed adulterated or substituted test result.

Upon reasonable suspicion

The district will require an employee to submit to drug and/or alcohol testing based upon a reasonable suspicion that said employee is using or has used drugs in violation of district policy. Reasonable suspicion may be established from specific objective and articulable facts and reasonable inferences based upon, among other things:

1. Observable phenomena, such as direct observation of drug use and/or the physical symptoms or manifestations of being under the influence of a drug

2. Abnormal conduct or erratic behavior while at work, absenteeism, tardiness or deterioration in work performance

3. A report of drug use provided by reliable and credible sources and which has been independently corroborated

4. Evidence that an individual has tampered with a drug and alcohol test during his employment with the District

5. Evidence that an employee is involved in the use, possession, sale, solicitation or transfer of drugs while working or while on the District's premises or operating the District's vehicle, machinery or equipment

6. Information or a reasonable belief that the employee's use of drugs or alcohol was a contributory factor in a work related injury

Post-incident testing

All employees that have an on the job injury and seek treatment from an off-site medical facility will be required to submit to a drug and alcohol test. The post-incident test will be administered immediately upon seeking treatment. An employee will be subject to the same consequences as a positive test result if he/she refuses the test, adulterates or substitutes the specimen, will not sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test.

TESTING PROCEDURES AND METHODOLOGY

Testing for the presence of alcohol or the metabolites of drugs may be conducted by the analysis of any biological sample or specimen. A specimen means a tissue or product of the human body chemically capable of revealing the presence of drugs in the human body, such as blood, breath, hair, saliva, sweat or urine. The substances that will be tested for are amphetamines, cannabinoids (marijuana), cocaine, opiates and phencyclidine (PCP).

Reporting of test results and appeal of test results

To ensure the accuracy and fairness of our testing program, all drug testing will include the following elements as applicable

1. A process which will ensure individual privacy during the collection process and the confidentiality of test results

2. A documented chain of custody procedure which will be used to ensure the integrity of each specimen an initial screening test

3. A confirmation test using an alternative method of equal or greater specificity than the initial test

4. Use of a SAMHSA-certified drug testing laboratory for all confirmation tests

5. Review by a Medical Review Officer (a licensed physician trained in the field of drug testing) including the opportunity for individuals who test positive or are found to have submitted an adulterated or substituted specimen to provide a legitimate medical explanation, such as a physician's prescription, for the positive/adulterated/substituted result

6. The opportunity for a re-test of the original specimen (at the individual's expense)

Consequences of violation of policy
Any employee that is found to be in violation of this policy will be subject to disciplinary action up to and including termination.

Confidentiality of records
All records related the drug and alcohol testing program are considered confidential and will be treated as such by anyone authorized to review test results. These records will be maintained by the Human Resources Department.

Consent form
All employees will be required to sign an Acknowledgement Form stating that they have received a copy of this policy and agree to abide by the terms of this policy. The form will be maintained in the employee's personnel file in the Human Resources Department.

Release of records
No employee records can be released to another employer without the employee's written consent. However, if an employee initiates a grievance, hearing, lawsuit, or makes application for workman's' compensation, unemployment, or other benefit payments, the employer may release relevant information to the decision maker without written consent.

District Policies

Foreword

This student handbook has been prepared by the faculty, staff, and administration, along with input from students, parents/guardians, community, and constituents of the Jackson County School District as a guideline to procedures, policies, and practices governing the operation of our schools and the behaviors of our students. The administration and instructional staff of the Jackson County School District believe that it will help both parents/guardians and students to be properly informed about matters which concern all of us. The School Board and the administration of the Jackson County School District work closely together with a student community advisory committee (MS code 37-7-301), to establish sound and reasonable goals for our schools, to anticipate district needs, and to provide an environment conducive to learning. The primary purpose of providing this handbook is to help make students' school experiences in this environment more satisfying because it will tell them what they need to know and what they need to do to make their school experience both pleasant and successful.

It is the responsibility of parents/guardians and students to familiarize themselves with this Student Handbook. Parents/guardians are encouraged to read and discuss the handbook content with their children.

The policies described in this handbook shall pertain to any student who is on school property, on the school bus, on the way to and from school, or who is in attendance at school or at a school- sponsored activity or event. These policies may also pertain to conduct occurring on property other than school property or other than at a school related event when such conduct by a pupil, in the determination of the school superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupil and teacher of such class as a whole (MS Code 37-11-55).
School-sponsored activities include, but shall not be limited to, practices, rehearsal, participation or spectator, on or off school property, within and outside the school district.

District Mission Statement

The mission of the Jackson County School District is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens. See JCSD School Board Policy GBRHA.

Message from Superintendent David Baggett

Thank you in advance for taking the time to familiarize yourselves with our student handbook. As both a parent and a member of our school community, I understand the multifaceted responsibilities we juggle to ensure an exceptional educational experience for our students. The student handbook stands as a cornerstone of the education we offer.

Within the Jackson County School District's Student Handbook, you will find comprehensive guidance and information pertinent to all students, parents, or guardians, outlining the policies and procedures governing our schools. We firmly believe that presenting this information in its current format provides a clear and informative overview of both individual school and district-wide procedures, empowering both students and parents.

Our district wholeheartedly embraces and encourages inquiries from students and parents regarding our policies and procedures. Teachers, counselors, and principals stand ready and willing to address any questions or concerns you may have. By fostering open communication among parents, students, and staff, and working together to prioritize the well-being of our students, we are poised for an outstanding school year.

Should you have any questions regarding your student, we encourage you to first reach out to your student's school. However, if resolution proves elusive after engaging with the school, please do not hesitate to contact my office at 228-283-3000.

Thank you once again for your commitment to our students' success.

Warm regards,

David Baggett

Mississippi Department of Education Reading Initiative

The Jackson County School Board endorses the goals established by the Mississippi Board of Education to improve the reading skills of all students in the state.

- **Goal One**: All children will exit kindergarten with the appropriate readiness skills.
- **Goal Two**: All first through third grade students will demonstrate a growing proficiency in reading so that they will exit third grade as readers.
- **Goal Three**: All fourth through ninth grade reading scores will increase.
- **Goal Four**: Mississippi students will demonstrate a growing proficiency in reading and reach or exceed the national average in reading within the next decade.

Anti-Discrimination Policy

The Jackson County School District advocates and adheres to a policy of equal educational and employment opportunity without regard to race, sex, color, creed, religion, disability, or national origin. This policy, which extends to all programs and activities of the school district, arises out of the following statutes: See JCSD School Board Policy JAA and IDDHB.

Title VI of the Civil Rights Act of 1964, 42 U. S. C. 2000 et seq. and its implementing regulation, 43 C. F. R., Part 100

Individuals with Disabilities Education Act (IDEA), 20 U.S.C., 400 et seq.

Section 504 of the Rehabilitation Act of 1973, 20 U.S.C. 794 and its implementing regulation, 34 C. F. R., Part 104

Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. 1681 et seq., and its implementing regulation, 34 C. F. R. Part 106

The Age Discrimination Act of 1975, 42 U.S.C. 6601 et seq. and its implementing regulation, 45 C. F. R. Part 90 The Americans with Disabilities Act of 1990. Inquiries regarding compliance may be directed to**:**

Title I
Title I is a remedial/compensatory education program designed and operated by the Jackson County School District within the guidelines of the State Department of Education and Federal regulations which apply to such programs. The program is funded entirely by federal funds and utilizes local teachers, assistants, and staff to accomplish its goals. A school's poverty level percentage (based on the free and reduced lunch count) determines the school's eligibility for providing Title I services.
Currently the district's Lower and Upper elementary (K-5) schools are school wide Title I schools. Each Title I school has a school wide plan on file at the local building. All students at these schools are eligible for Title I services.
The goal of Title I is to provide intensive, individualized instruction in an encouraging, supportive, environment. Participation by parents of Title I students in the program is encouraged through workshops, meetings, and program improvement activities. See JCSD School Board Policy LAA and DFC. (federal law ESSA) (PL 94-142, PL 99-457, and PL 89-313)

Parents Right to Know
Each of our elementary (K-5) schools receives Title I funds which provide valuable programs and services in our district. Many of the technology, reading and mathematics programs that offer learning opportunities for our students are a result of Title I funding. One of the requirements of the law is that parents have the right to request the qualifications of the teachers and teacher assistants at their child's school. Each school has a list of all staff and their qualifications available in the school office. If you wish to review this information, please contact the office of your child's school and a copy of this list will be provided. See JCSD School Board Policy LAA, DFC, and KBA.

Parent/Guardian Involvement Policy
Activities and procedures by the schools of the Jackson County School District to increase parental/guardian involvement are a vital, integral part of the Title I program. See JCSD School Board Policy BBFA. To accomplish this goal, the district shall:

- Convene a district wide or building level annual meeting of the parents of participating children to:
  - Discuss with the parents/guardians the activities and programs available through Title I funding
  - Inform parents/guardians of their right to consult in the design and implementation of the Title I program
  - Solicit parent/guardian input

- Provide parents/guardians an opportunity to establish mechanisms for maintaining a continuous communication among parents, teachers, administrators, and Title I personnel
- Make copies of this policy available to parents/guardians of participating children
- Make Title I LEA education personnel available to parents/guardians
- Provide opportunities for regular meeting of parents/guardians of participating children
- Provide timely information about the program and its requirements to parents/guardians
- Provide parents/guardians of participating children with reports on the children's progress
- Actively solicit parental/guardian input in the planning, design, and implementation of the Title I program
- Support the training of parents/guardians to work with their children in the home and to participate in activities, which build good home and school partnerships
- Assess annually the effectiveness of the parental/guardian involvement policy in improving academic quality of the schools served and to determine if modifications are needed to increase parental/guardian participation
- Coordinate, to the extent possible, Title I parental/guardian involvement with programs such as Head Start, state-run preschool programs and other programs for early intervention
- Adopt parental/guardian compacts. See JCSD School Board Policy BBFA and DFC.

Section 504 Nondiscrimination on the Basis of Disability Policy

The Jackson County School District will not discriminate on the basis of disability in admission or access to, or treatment or employment in its program and activities to the extent provided by law.

Section 504 and Americans with Disabilities Act Coordinators will handle inquiries regarding the Jackson County School District's nondiscrimination policies, the filing of grievances, and requests for copies of grievance procedures covering discrimination on the basis of disability:

Phone: 228-283-3000

Each School has a Multidisciplinary 504 Team in place to review all 504 requests. Parents/guardians should contact the principal of their respective schools if their child has a disability, which substantially limits one or more major life activities.

Initial Review of 504 to Determine Eligibility:

- If the District has reason to believe that a student may be eligible under Section 504 as a result of a disability that is impacting the student's education, and that the student may be in need of special accommodations or related services in the regular education setting in order to participate in the school program, the district must first follow its procedures for a

comprehensive evaluation for IDEA, including the requirement to implement the Three-Tier Intervention Process. See JCSD Policy IEI.

- One exception to this rule is that the student may be considered for 504 without going through the Three-Tier Intervention process if chronic health problems exist, or if the school and parents agree that the student has a disability that would likely qualify the student for IDEA services and interventions would have little or no impact.
- After ineligibility for IDEA is determined, the principal will convene his or her school's Multidisciplinary 504 Team and review the referral to determine if further evaluation is needed. The principal will notify the student's parent/guardian of the decision.
- See JCSD Policy IDDHB for more detailed guidance concerning 504 eligibility.

Special Education for Children with Disabilities

A variety of programs in special education may be offered based on identified and approved student needs. Services are provided for children with disabilities who have been evaluated and determined eligible. Services are provided in the Jackson County School District under the direction of trained and certified staff. For further information regarding Special Education for Children with Disabilities, please contact the Director of Special Education. See JCSD School Board Policy GFABP, DFC, and IDDFAA.

Service Dogs

In providing accommodations for students, the parent/guardian of a child with such illness or disability, the teacher(s) of the student and the appropriate school administrator shall meet and develop a written 504 Plan consistent with the provisions of Chapter 23, Title 37, MS Code of 1972, that would permit the use of service dogs in the school facility. Parents/guardians must contact their student's school principal prior to the implementation of a service dog to obtain the district's service dog protocol. See JCSD School Board Policy ICC.

Intervention Process (Multi-Tiered System of Support or MTSS)

An instructional model designed to meet the needs of every student is in place at all Jackson County schools. This process is required and not optional, as directed by the Mississippi State Board of Education Chapter 40, Rule 40.1. The model consists of three tiers of instruction: Tier I: quality classroom instruction based on College and Career Readiness Standards, Tier II: focused supplemental instruction, and Tier III: intensive interventions specifically designed to meet the individual needs of students.

Teachers will use progress monitoring information to a) determine if each student is making adequate progress; b) identify any student as soon as he/she is falling behind; and c) modify instruction early enough to ensure that every student gains essential skills.

Monitoring of student progress is an on-going task that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

If strategies in Tier I and Tier II are unsuccessful, students must be referred to the school's Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier III. Interventions that are research-based will be designed and implemented to address the deficit areas, as designated by the TST, and be supported by data regarding the effectiveness of the interventions. Parents/guardians will be contacted and invited to participate in the process when a student is referred to the Teacher Support Team. See JCSD School Board Policy GFABP, GFBCJ, IDADA, and IDDFAA.

Notifications of Rights under the Family Educational Rights and Privacy Act (FERPA) for Elementary (K-5) and Secondary (6-12) Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights regarding the student's educational records. Parents/guardians and students have the right to inspect and review the student's educational records within 45 days of the day the district receives a request for access. Parents/guardians or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place for record inspection.

- The right to request the amendment of the student's education records that the parent or eligible student believe are inaccurate or misleading. Parents/guardians or eligible students may ask the Jackson County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal; clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel; a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility.
- Upon request to officials of another school district in which a student seeks or intends to enroll, the district discloses educational records without consent.
- The district discloses directory information regarding its students. Directory information means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It may include the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

- The parent/guardian or eligible student has the right to refuse to let the district designate any or all types of information about the student as directory information. The parent/guardian or eligible student must notify the principal (or designee) in writing within five (5) days of receipt of the Handbook and Code of Conduct for Students and Parents that he or she does not want any or all of those types of information about the student designated as directory information. Otherwise, consent is implied for the Jackson County School District to release directory information to others including military recruiters as outline below.
- In the event that the school district provides either post-secondary (6-12) educational institutions or perspective employers of secondary (6-12) student's access to its school campuses, it must also provide military recruiters the same type of access. The school district must also provide, upon request of military recruiters, the names of students, their addresses, and telephone numbers unless the secondary (6-12) school student or the parent has requested that the school not release this information without prior written parental consent.
- The district may disclose directory information about former students without meeting these conditions.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue,
Washington, D.C. 20202-4605

Enrollment Procedures

Admission Policy
Any student enrolled in the Jackson County School District will follow the district's Admissions Policy JBC.

Compulsory School Age Attendance:
If a compulsory-school-aged child has not been enrolled in the school which the child is eligible to attend within fifteen (15) calendar days after the first day of the school year, the school district shall report within two (2) school days or within five (5) calendar days, whichever is less, such absences to the school attendance officer.

Compulsory School Age Child:
A child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before the September 1 calendar year.

Age of Entrance:
To enter kindergarten, the student must be five (5) on or before September 1st.
To enter first grade, the student must be six (6) on or before September 1st.
See JCSD School Board Policy JBC.

Transfer from Private or Public Non-Accredited Schools and Home Study Programs
Students transferring into the Jackson County School District from a private or public non-accredited school or home study must meet the following criteria:

- Students in grades 1-8 will be administered a standardized test in reading and math. In addition, the student will be administered an evaluation to determine proper placement in the district's reading program.
- Students in grades 9-12 will be required to take a test consisting of items from the District's Instructional Management Plan before credit can be given for any course taken in a private/public non-accredited school or home study program. Reference: MS Commission on School Accreditation.

Students will not be enrolled until the following requirements have been met:

- Students will be enrolled in the Jackson County School District only if they are residing with their legal guardian and said guardian resides within the Jackson County School District. "The district will not recognize or accept guardianship papers for health and school purposes only. Partial guardianship of a student by a resident within the district will not be recognized as meeting full legal guardianship." See JCSD School Board Policy JBC.
- Birth Certificate: According to State Law, an original or certified copy of a birth certificate is required upon registration. This certificate must be examined and recorded on school records before any student may be officially enrolled in school. Each student must have this information on file prior to the first day of school.
- A student shall present a withdrawal form from the school from which he/she is transferring (to include discipline record, grades, and attendance).
- Proof of Immunization: A certificate of compliance shall be presented to the school when a child initially enters the school upon registration. This certificate shall be issued by the local health officer or physician on forms specified by the Mississippi State Board of Health. Effective August 1, 2007, children entering school for the first time will be required to have two doses of the Varicella Vaccine (chicken pox)

1739

or a history of chicken pox. All students entering, advancing, or transferring into 7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 7th birthday meets the new school requirement.

If a child offers to enroll at a school without having completed the required vaccinations:

- The local health officer (not school official) may grant a period of time up to 90 days for such completion. No child shall be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of 90 days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.

Exception: Reason must be verified by a duly-licensed physician to the local health officer. The Mississippi Supreme Court has ruled that religious exemptions are not acceptable.

- A student's records from his/her school of last attendance must be received within a reasonable period of time. If the records are not received within a reasonable time, the student will be asked to withdraw until the records are received.
- A student who has been suspended or expelled from another school district may not be allowed to enroll.
- Students not meeting the residency requirements will be withdrawn from school immediately.
- Parents/guardians shall inform the school immediately of any change of address/telephone number of persons authorized to sign-out students that is different from that listed during registration.
- At the beginning of school each parent/guardian will fill out and sign the student emergency documents.

Required Registration Documents:

- Two (2) Proofs of Residency: Items must reflect a street address or designated road address. All documents must be for present-day residence only.
  - At least one (1) from the following list displaying proper name and address:
    1. Filed Homestead Exemption Application Form
    2. Mortgage Statement or property deed; No property tax documents
    3. Signed current apartment or home lease (all pages)
    4. Current Utility bills; (Per MDE, NO cut-off or disconnect notices); No car/home insurance statements; no cell phone bills; no hunting licenses; Bill must be current, within 30 days of date of registration

    AND
  - One (1) document from the following list displaying proper name and address:
    1. Driver's license or Mississippi State-Issued Identification Card; (Must show current address)
    2. Automobile registration; (Must be current year's registration, not expired)
    3. Voter registration card
    4. Government mailing (Federal, state, or county) within the last 30 days
    5. Any other document that will objectively and unequivocally establish the Parent or Guardian resides within the school district-must be approved by an administrator.

Court Documents:

- If one is the legal guardian of the student, he/she must also provide a copy of the court order signed by a judge appointing him/her as guardian. Any changes in custody must be given to the school in the form of a legal document signed by a judge.
- If a parent/guardian fails to provide the necessary documentation, his/her children will not be allowed to attend schools in the Jackson County School

District. No temporary enrollment will be processed.

- NOTE: Any legal guardianship formed for the purpose of establishing residency for school district purposes shall not be recognized by the Board.
- If the Jackson County School District receives a complaint regarding the residence of a student, the district is required to take action to further verify residence, including but not limited to follow-up visits to the resident's address by school officials.

Transfer Students for Elementary (K-5) and Secondary (6-12)

Any child transferring to any school in the Jackson County School District must have a valid immunization certificate, birth certificate, report card, and name and address of the former school attended.

- No student is to be enrolled in this school district until any questions regarding residence or immunizations have been resolved.
- Students suspended or expelled from another school or school district may not be allowed to enroll. See JCSD School Board Policy JR and JDDA.
- In the event that number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades for transfer students:

A	**95**
B	**85**
C	**75**
D	**67**
F	**60**

Withdrawal Procedure

Students withdrawing from school are to follow the procedure below:

- Parent/guardian must notify principal or counselor giving permission for the student to withdraw. If possible, please notify the school one day in advance for the necessary paperwork to be completed.
- Parent/guardian must pay any student fines (if applicable) and return all student-issued JCSD technology devices and textbooks.
- Permanent records will be forwarded to the new school upon request.
- Students who withdraw to be home schooled must register with the attendance officer prior to withdrawing from school.
  See JCSD School Board Policy JR and JBCD.

Homeschooled Children

The School Board encourages the admission of all eligible students to the Jackson County School District. All students seeking to enter the Jackson County School District from a homeschool environment shall be placed in grades and classes in accordance with the following criteria:

Grades K-12

- The student shall not be placed more than three (3) grades below the grade or class that the pupil would have been assigned had the pupil enrolled during the year the child reached his sixth birthday on or before September 1.
- The student may be required to take a test deemed appropriate by the Jackson County School District. This test will be a primary determining factor in the student's grade/class placement.

- The pupil will be assigned to the grade or class for which the test shows the student is best suited in accordance with the age limitation as set forth above. Students enrolling from homeschool will only receive Carnegie Units from Mississippi Department of Education accredited programs. See JCSD School Board Policy JBAB. (MS Codes 37-13-91 and 37-15-33)

Homeless Children

When a child is determined to be homeless as defined by the Stewart B. McKinney Act 42 USC Section 11431(l), 11432(e)(4) and 11302(a), this school district shall consider and take enrollment action that is in the best interest of the child, pursuant to 42 USC II 432(e)(3).

- The requirements of Section 11 are minimum requirements, and this school district may require additional documentation and verification at any time.
- At the minimum, this school district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.
- The provisions of this policy do not apply to students who reside outside the school district but who have legally transferred into the school district.
- Any court-ordered procedure shall take precedent over any procedure contained herein.
  See JCSD School Board Policy JQN.

District Attendance Policies

Attendance

The Jackson County School District stresses the importance of regular student attendance in school. The majority of funding for the operation of our schools is based on the attendance of our students, and the district loses thousands of dollars due to absences. Consequently, parents are encouraged to keep student absenteeism to an absolute minimum.

School attendance is ultimately the responsibility of the students and families.

Students should remain out of school ONLY WHEN ABSOLUTELY NECESSARY.

Mississippi's Compulsory attendance law provides legal penalties for parents/guardians who neglect their child's attendance. When the child has five (5) unexcused absences, the law provides that charges of "Education Child Negligence" may be brought against the parent/guardian.

Students accumulating 5, 10, and 12 unlawful absences will be referred to the Attendance Officer. Upon the 10th consecutive unlawful absence, the student may be withdrawn from the school and referred to the truancy officer for attendance intervention. If the student is withdrawn he or she will be entitled to a due process hearing pursuant to Miss Code Ann. 37-9-71. See JCSD School Board Policy JBA and JDAA.

Unlawful absence, also known as an unexcused absence, is an absence during a school day by a compulsory-school-age child, which the absence is not due to a valid excuse for temporary nonattendance, pursuant to MS Code § 37-13-91. (4).

A student who is absent more than 37% of his/her instructional day must be considered absent the entire day. See JCSD School Board Policy JBA. (MS Code 37-13-91)

Perfect attendance is defined as being present all day every day.

Excused Absence(s)

Definition:

Absences will only be excused according to the MS Compulsory Attendance Law for the following reasons:

- Child's attendance at an authorized activity with the prior approval of the Superintendent of the school district or his/her designee. These activities may include field trips, athletic contest, student conventions, musical festivals and any similar activities.
- Illness or injury, which prevents the compulsory-school-age child from being physically able to attend school.
- When isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.
- The death or serious illness of a member of the family of a compulsory- school-age child shall include children, spouse, grandparents, parents/guardians, brothers, and sister, including stepbrother and stepsisters or as approved by the principal.
- When it results from a medical or dental appointment of the compulsory- school-age-child where an approval of the superintendent of the school district or his/her designee is gained before the absence, except in the case of emergency.
- When it results from the attendance of compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action under subpoena as a witness.
- The above reasons shall be treated the same as doctor excused absences.

*Students who miss school due to a school activity are responsible to make up their work in (2) two days. These absences do not count as an absence toward exemptions.

Unexcused Absence(s)

- All absences other than for the reasons listed above will be unexcused.
- Vacations are unexcused absences.
  See JCSD School Board Policy JBA. (MS Code 37-13-91)

Preapproved Extended Absences/Religious Observances

If a student is going to be absent for an extended period (5 or more days) or is going to be absent due to religious observances, they must follow these guidelines for the absences to be excused:

- Prior to the absence the student shall contact his/her teachers to find out assignments for the day(s) of absence.
- Make-up work guidelines are the same as previously stated.
- The day(s) allowed for a religious observances or extended absences will count as part of the total number of absences allowed for the student.
- See JCSD School Board Policy JBA.

Returning to School

When the student returns to school, the student must bring a note from his/her parent/guardian to verify the parent's knowledge of the absence. The specific reason for the absence must be stated. Excuses will be accepted up to two (2) days after a student's return to school. If an excuse is provided by a doctor's office, it may be faxed/emailed; however, it is the parent's/guardian's responsibility to ensure the excuse was received within two (2) days after the student returns to school.

Make-up Work

Excused Absence(s)

- The work missed by the student may be made up. Work must be made up within 3 days. It is the parent's responsibility to ensure the excuse was received within two (2) days after the student returns to school.
- For extenuating circumstances, exceptions may be made by the principal.
  See JCSD School Board Policy JBA.

Unexcused Absence(s)

- The student may not make up the work missed.
- The student will receive a zero (0) for any worked missed.
- For extenuating circumstances, exceptions may be made by the principal.
  See JCSD School Board Policy JBA.

Elementary School (K-5) Attendance Policies:

- To be counted present, a student must be present for sixty-three percent (63%) of instructional class time each day.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention.
- Absences totaling more than 20 days may result in the student being retained in the current grade for the following school year. See JCSD School Board Policy JBA.

Middle School (6-8) Attendance Policies:

- A student shall be present for forty (40) minutes of class time to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention. See JCSD School Board Policy JBA.

High School (9-12) Attendance Policies:

- A student shall be present for sixty (60) minutes of class time to be counted present. Students attending classes at the Technology Center must be present for five minutes more than half the class period to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the office before the first bell rings to start the school day. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student may be withdrawn from school and referred to the truancy officer for attendance intervention. Upon the 10th unexcused absence throughout the school year, the student will be referred to TST.
- The Jackson County School District does not recognize or sanction senior skip day or skip day for any other grade. See JCSD School Board Policy JBA.

Check In/Check Out and Late to School Procedure

Late to school is defined as arriving to school after the beginning of the school day.

Elementary (K-5):

- It is recognized that an elementary (K-5) school child may occasionally be late or may be checked out of school due to an unforeseen emergency. Parents/guardians who bring their child to school late must bring the child in to the office to check him/her in.
- Late arrivals due to a medical appointment will be excused (and work can be made up) if a doctor's excuse is presented the day of the late arrival.
- Students will not be subject to consequences if they arrive late on a district school bus.
- Students are allowed up to five (5) unexcused late arrivals per semester (with work allowed to be made up).
- After 5 and 10 unexcused late arrivals and/or check-outs to school in one semester a letter may be sent home from the school informing the parents of possible referral to the Child Protective Services and the local School Attendance Officer. In addition, students will not be allowed to make up missed work. For extenuating circumstances, exceptions may be made by the principal.

Secondary (6-12):

- Students can only be signed out of school by the parent/guardian or other adult(s) as specified by the parent/guardian on the student's registration form. The parent/guardian or designated adult must come to the office and present photo identification to sign the student out of school.
- Students will not be charged with a late to school when their bus is late. However, when a bus is late, students must check in at the office for a pass to their 1st block class. Late students who do not ride a bus will report to the office for an admission slip to class.
- Students are allowed three (3) tardies for being late to school per term. Any late arrivals beyond these three, other than those with doctor's excuses, are subject to disciplinary action. Students late to school or checking out early while assigned to ISI will be given an additional day of ISI.

Checkout:

To provide for the best welfare of each student and the school, the following checkout policy has been adopted:

- Before the student may be released from school, a parent, legal guardian, or person authorized by a parent/guardian must come to the school office and sign the student out. Students will only be released to authorized persons listed on the checkout list/contact sheet. Appropriate photo identification may be required to check out a student. For safety of students, checkouts must be made 30 minutes prior to dismissal time.
- In the event the child's parents/guardians are divorced and the parent with custody does not want the other parent to pick up the child, the school will attempt to notify said parent. The school cannot deny a parent/guardian access to his/her child unless there is a court order prohibiting one parent access to the child. If such a court order exists, it should be brought to the principal/guidance office in order that a copy can be made and inserted in the child's cumulative folder.
- When a student becomes ill or an emergency arises during the regular school day which may warrant early dismissal, the student must report to the attendance office. Before the student will be allowed to leave school, the student's parent or legal guardian must be contacted by telephone or the parent, legal guardian, or person authorized by the parent must come to the school to sign the student out. The school administration will reserve the option to release a student from school at the discretion of the principal if the student's parents cannot be contacted.
- A student may be released for a physician's appointment, dental appointment, or other just reason when the parent, legal guardian, or person authorized by the parent comes to the school and signs the student out or sends a note to the office stating the reason for check-out. This note must include the check-out time and a telephone number where the parent can be contacted. If the note cannot be verified, the school reserves the right to refuse release of the student. Emails will not be accepted.
- Classes missed due to check-outs count as absences and will be treated as excused or unexcused according to the guidelines established earlier in this handbook. If a checkout is excused, the student is responsible for making up class work that is missed during the time that he/she is signed out of school. See JCSD School Board Policy JBA.
- Students who are checked out during the school day will not be allowed to check back in without a medical excuse or approval from the school administrator.

Student Arrival and Departure Times

- The school will not assume responsibility for any students arriving on school grounds prior to stated time unless they are transported by school bus.
- Students are to leave school at end of the school day unless they are participating in a supervised school activity and are under the direct supervision of a teacher.
- Students are not to be on the playground/school grounds before/after school hours.
- The school will not assume responsibility for any child on campus before or after the school day. It is the responsibility of the parent to provide supervision before and after school.
- Students are encouraged to ride buses.
- Parents/guardians who bring their children to school must adhere to school procedures for dropping off and/or picking up students. See JCSD School Board Policy JBA.

Leaving Class

Students are not permitted to leave class except in the case of an emergency. Students will not be called from a class to the phone unless there is an emergency. Any student out of class without a pass will receive appropriate disciplinary action.

Leaving School Grounds

- When the student leaves home, the parent/guardian assume the student is in school. For the teachers and administration to locate the student in the event of an emergency, it is very important that all students follow their schedule closely.
- A student is not allowed to leave the grounds without his/her parents/guardians making prearrangements with the school as specified by the principal. Verification with the parent must occur before checkout is granted. This note must be presented and verified in the office on the day of the checkout. See JCSD School Board Policy JD, JD-1, and JGFD.
- A student should never leave school for any reason without permission from the principal. Once a student boards a bus or arrives on the campus by other means, the student must check out through the office before leaving school for any reason. Failure to do so will result in the time missed being unexcused and will result in disciplinary action.
- Any student who has permission to leave campus early and takes another student with him/her, who has not properly checked out through the office, will receive the same punishment as the student leaving without permission. See JCSD School Board Policy JD, JD-1, and JGFD.

Health and Medical Procedures

A student whose health record has not been brought up to date and is not in the process of being brought up to date by the end of the first month will not be permitted to stay in school. No student who has any contagious disease will be allowed to attend school. Any questionable cases will be referred to a medical professional.

According to Mississippi State Law, any child who plans to attend any public or private school, including Kindergarten, shall first have been vaccinated against those diseases specified by the state health officials. See JCSD School Board Policy JGCC and JGCB. (MS Code 37-7- 301 and 41-23-37)

Illnesses/Communicable Diseases

The Board of Education of the Jackson County School System has the power, authority, and duty to exclude from the schools students with what appears to be infectious or contagious diseases; provided, however, such student may be allowed to return to school upon presenting a certificate from a public health officer, duly licensed physician or nurse practitioner that the student is free from such disease. (MS Code Section 37-7-301[h]) Proof of physician diagnosis with release to return to school may be requested per school nurse and/or administration for any illness. See JCSD School Board Policy JGCC.

If a parent or emergency contact cannot be reached or is unresponsive, the Department of Human Services may be contacted.

Signs and symptoms of an illness may vary a great deal from person to person (e.g., sore throat with fever; rash over a large area of the body). Only physicians or nurse practitioners can diagnose---not nurses. This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by physicians or a nurse practitioner.

Any student having evidence of communicable diseases will have a physician diagnose the disease and prescribe suitable treatment. Common communicable diseases as listed will automatically result in exclusion from school and school-related activities for the designated period of time:

Condition	Exclusion from School
Chicken Pox	6 days after eruption appears
Conjunctivitis (Pink Eye)	Children may return to school after a physician has been seen, or when redness/discharge is improving and after 24 hours after prescription medication begins
COVID - 19	Isolation as directed by a medical provider; must be without symptoms and fever (under 100.4) for 24 hours before returning.
Fifth Disease	Children with fifth disease may attend school, since by time the rash begins, they are no longer contagious.
Flu	The student may return to school when free of fever and feeling well and after 24 hours of fever free conditions.
German Measles or Red Measles	Free of fever and the rash is fading.
Hepatitis A or C	May return to school one (1) week after the onset of jaundice and/or proof of treatment has been provided to nurse.
Impetigo	The child may return to class 24 hours after treatment has started. Proof of treatment is required.
Mononucleosis	The child need not be excluded from class, unless requested for medical reasons, but may return when feeling well enough. Children should not share food or utensils.
Mumps	Nine (9) days after glands swell
Ringworm	The child may return to class when the treatment is started. Proof of treatment is required.
Scabies	The child may return to school as soon as treatment has been administered. Proof of treatment is required.
Staph	Student will return to school after being treated by a doctor and wound must be covered. Must have a medical release from physician before returning to PE or sports.
Strep Throat	The child may return to class 24 hours after treatment has been started and be free of fever for 24 hours without the use of medication.
Tuberculosis (TB)	Those who have a positive TB skin test only may attend school Since they have no disease process that is contagious. Persons diagnosed with active TB disease will need written permission from the MS State Dept. of Health Tuberculosis Control Program to return to school.
Whooping Cough	The student may return to school 5 days after treatment has begun.
Bed Bugs	Student may not attend schools if active bugs are present.
Lice	Refer to ”Head Lice” policy of the student handbook..

For these or other communicable diseases, the principal may require a written note containing proof of treatment from the student’s family doctor or public health department for a student to return to school after having a communicable or infectious disease. See JCSD School Board Policy JGCB. (MS Code 37-7-301 and 41-23-37)
This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by trained medical personnel. See JCSD School Board Policy JGCDA, JGCC, and JGCB.

Immunizations and Vaccinations

It is unlawful for any child to attend school without first being vaccinated with at least one dose of diphtheria, whooping cough, tetanus, red measles, rubella, and polio vaccine and completing the entire series within ninety (90) calendar days.

Every student in Kindergarten through Grade 12 must present a certificate of immunization compliance from his/her doctor or from the health department. This certificate of compliance (Form 121) must be presented in order to attend school, even though all shot records are now up-to-date on school records. Other valid certificates include Form 121-A, Medical Exemption Certificate (Form 122), or Form 121-T, Temporary Compliance Certificate.

All students entering, advancing, or transferring into 7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 10th birthday meets the new school requirement.

To secure this certificate of compliance, it will be necessary for the student to go to the local county Health Department, the office of his/her family physician, taking with him/her all official shot records. Before a child can register, the certificate of compliance must be presented. The validation of this certificate will become a permanent part of the student's records and will be valid through grade twelve.

If the doctor signs the certificate indicating that other doses are necessary, the student will be given ninety (90) calendar days to complete the required immunizations; if they are not completed at the end of ninety (90) calendar days, the child by law must be suspended until compliance is achieved. See JCSD School Board Policy JGCB, JGCC, and JGCDA. (MS Code 37-7-301 and 41-23-37)

Health Policies Regarding Immunizations

A Certificate of Compliance shall be presented to the school when a child initially enters school upon registration. This certificate shall be issued by the local health office or physician on forms specified by the Mississippi State Board of Health.

- The local health office (not a school official) may grant a period of time up to 90 calendar days for such completion. No child can be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of ninety (90) calendar days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.

A Certificate of Medical Exemption (Form 122) – A medical exemption may be recommended by the child's physician and must be approved by the local health officer. The Form 122 must be verified by a duly- licensed physician to the local health officer. **Head Lice**

JCSD has a "no nit" policy. Students identified with nits and/or lice will be sent home immediately with a letter and information sheet.

Returning to School: The student may be readmitted after treatment providing there are no visible lice or nits. Upon returning to school the child will be checked by a school official.

Proof of treatment is also required upon the child returning to school. Proof of treatment includes the box and the store receipt.

Any student who has had lice or nits on four occasions will be required to be free of all nits before being readmitted to school.

- If a student in any public elementary (K-5) or secondary (6-12) school has had head lice or nits on three (3) occasions during one (1) year while attending school, or if the parent of the student has been notified by school officials that the student has had head lice or nits on three (3) occasions in one (1) school year, as determined by the school nurse, public health nurse or a physician, the principal or administrator shall notify the county health department of the recurring problem of head lice with that student. The county health department then may instruct the child's parents or guardians on how to treat head lice or nits, eliminate head lice or nits from household items, and prevent recurrence of head lice or nits. (MS Code 41-79-21)
- The school principal or administrator shall not allow the child to attend until proof of treatment is obtained and the child is clear of lice or nits.

Treatment of Head Lice: Prescribed or over-the-counter anti-lice treatments are considered appropriate. Comb hair with a fine-tooth comb to remove all the nits. See JCSD School Board Policy JGCC.

Fever

When school officials are aware that a child's temperature is 100.4 degrees, an attempt will be made to contact the parent/guardian. If the temperature reaches 100.4 degrees, a school official will request that the parent/guardian pick up the child. This procedure is followed to ensure the safety of the child and the well-being of the other students. Students may return to school when they have been free from fever for a period of at least 24 hours without medication.

Diabetic Condition Plan

Parents/guardians must take the responsibility to pick up the student if the sugar level is 450 or greater. All students who are diabetic must have a plan in place, doctor orders, and supplies needed to ensure safe-care / management while at school.

Diseases

Decisions regarding a person infected with HIV, hepatitis B, or other blood-borne diseases shall be made on an individual basis with regard to the behavior, physical condition of the employee or student and the expected interactions with others in that setting. These decisions shall be made using the team approach, including the employee or student's physician, public health personnel, and personnel associated with the educational setting and/or workplace. In each case, risks and benefits to all affected shall be weighed. As conditions change, cases may be reevaluated.
See JCSD School Board Policy JGCB and JGCC. (MS Code 37-7-301 and 41-23-37)

Medications

Students are not allowed to bring medicine to school. In the event a medication is brought to the school by a student, the medicine will be immediately confiscated, and the student may be referred to the building administrator for disciplinary action. To properly dispense prescribed medication, the parent/guardian shall:

- Provide the school with a health plan for their child who has a special medical problem (i.e., allergic reactions, asthma, etc.).
- Present a medical consent form signed by the parent to the principal or his/her designee.
- Allow the school administration to determine by local school or school district policy the role of teachers and other school personnel in administering medications. If there is no nurse available, principals/administrators may designate personnel to administer medications after they have been properly trained. These designated personnel will be required to document each time a

medication is given. All medications should be recorded on the student's record, noting the time and initials of the person administering the medication. The back of the record should show the full name of the person administering the medication, followed by initials in specified section. (Example- Jane Doe, RN (LC) 12:10 P.M.)

- **Elementary Schools (K-5)**
  School officials will not administer any nonprescription medications on behalf of the students. Parents will be required to physically administer medications.

- **Secondary Schools (6-12)**
  The school official will allow parents/guardians to personally deliver nonprescription medications in the original container placed in a clear baggie to be stored in the school administration office for the student to self-administer. The parent shall provide permission for any medication (including Tylenol, Benadryl, etc.) which authorizes designated personnel to administer the medicine and which includes specific instructions for use. (Example: If Tylenol is to be given, the parent should write specific orders of instruction as to circumstance to be given and dosage).
  All medications should be brought to school by the parent/guardian or designated adult/parent and/or guardian or designee of a child. The medication shall be given to the school official responsible for administering the medication to the child. Any prescribed medication brought into the facility by the parent, legal guardian, or designee of a child shall be dated and kept in the original container labeled by a pharmacist with the child's first and last names; the date the prescription was filled; the name of the health care provider who wrote the prescription; the medication's expiration date and specific legible instructions for administration, storage and any side effects that should be reported to the prescribing physician. The number of pills received should be counted and from whom they are received shall be documented. Prescription liquids should be documented as to amount of cc's and ml's.
  If a physician orders a dosage other than indicated on the label, an updated prescription bottle is needed to reflect the change in dose. (Until refilled, the physician's orders will be sufficient.) The amount of medication and the person who receives it should be documented on the medication records. Any change on dosage time of medication should be by a physician's order. (Example: If a medication is to be discontinued or if the dose is to be increased or decreased.)

Medications should not be given subsequent to the expiration date. It is the parents' responsibility to contact the physician to update medication. [Example 1: Prescription medicine ordered 2021-2022 should not be given in 2023. Example 2: Cough medicine ordered 12/11/2022, should not be given after two weeks (10 working days) without recent updated doctor's orders. Medication (antibiotic, etc.) should not be given past 10 days of original date of order, unless specified in writing by the physician.]

A locked cabinet or drawer is to be provided for the storage of medications other than those to be refrigerated.

A "Release of Information Form" should be signed to allow communication between the medical provider and the school nurse or designee.
In an effort to provide safe healthcare for children, forgotten doses of medication which were to be given at home may not be administered at school. Medication should be administered no earlier than 30 minutes prior to physician's order and no later than 30 minutes after. In the event that a child did not receive medication to be given at home, the child's doctor may contact the school and request that another dose is to be given.

If the doctor contacts the school, the nurse/designee will be allowed to give the medication that was forgotten at home.

The Jackson County School District reserves the right to refuse to administer any medication to students when circumstances warrant this action. Such circumstances might include reaction, response, incomplete instructions for the administration of the medication, non-compliance by parents/guardian with the school system policy for the administering of medications or other extenuating circumstances. See JCSD School Board Policy JGCB and JGCBA.

Medical Emergencies

In the event of an emergency during which a child may need to be transported to the hospital, the school will attempt to contact the parent/guardian. If the parent/guardian cannot be contacted, the school will have the child transported to the hospital and will continue to try and contact the parent/guardian. Any expense incurred will be the responsibility of the parent/guardian.

General Academic Information

Permanent Record
A permanent record is set up for each student in the school system. This record begins when an individual starts school and is kept current on the student until he/she graduates.
Educational records may be forwarded upon request of another school with the written consent of parent or guardian. See JCSD School Board Policy IHE.

Progress Reports and Report Cards
At the 4 ½ week mark of each nine-week grading period, a progress report will be sent home indicating each child's academic status. This report will indicate the progress he or she is making in the different subject areas. This may not indicate that the student is failing.
Conferences may be set up at this time if needed. A formal report is sent at the end of each nine weeks. Dates for progress reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

Report of Grades
Each student will receive a report from his/her homeroom teacher showing his/her grades for that term and for the year when the school session ends. Report cards will be given at the end of each nine-week period. The report card should be signed and returned to school on the following day. Dates for reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

An explanation of the grading system is as follows:

A	**90 – 100**	Excellent
B	**80 – 89**	Above Average
C	**70 – 79**	Average
D	**60 – 69**	Below Average
F	**59 – below**	
I		Incomplete
S		Satisfactory
N		Needs Improvement
U		Unsatisfactory

Honor Roll:
Superintendent's Honor Roll – All A's
Principal's Honor Roll – All A's and/or B's

Grading
All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy. See JCSD School Board Policy IHE.

Recording of Grades
If a student does not receive credit for a subject because of excessive absences, expulsion or drop out of school, NC (no credit) may be recorded in the applicable place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE.

State Testing Requirements

The Jackson County School District participates in the Mississippi Curriculum Content Assessment System that includes assessments given at each level of schooling. Students in grades K-12 are required to take the Mississippi assessments given according the testing calendar provided by the MS Department of Education Office of Student Assessment. See JCSD School Board Policy IHE.

Student Notification of Prohibition of Electronic Communication Devices during Statewide Tests

The Mississippi Public Schools Accountability Standards, Current Edition, Prohibits the Possession and/or Use of any Electronic Communication Device, including but not limited to iPods, MP3 Players, Bluetooth devices, Smart Watches, Cell Phones, and/or other personal digital assistance devices, by students during the administration of scheduled Statewide Tests.

Possession of any such device, even if is not being used, is a violation of State Policy. Example: A student having a cell phone in his/her possession anywhere on his/her person during the Test Administration is a Testing Violation. If an electronic device is in possession during a test, the test will be invalidated as mandated by the Mississippi Department of Education.

The consequence of this testing violation is that the test results for the student will be invalid; therefore, the score of any student in possession of these prohibited devices during the test administration will be invalid. No score is reported for an invalid test, resulting in a non-passing score for Subject Area Test.

Elementary (K-5) Academic Guidelines:

Promotion and Retention

- Students scoring at the lowest achievement level in reading on the established state assessment for 3rd grade will not be promoted to 4th grade unless the student meets the good cause exemptions for promotion.
- To be promoted from one grade level to the next in grades 1 - 3, a student must maintain a passing grade in ELA and math.
- The yearly average shall be determined by averaging the two semester numerical grades.
- To be promoted from grade 4 to 5, students must maintain a passing grade in ELA and math, in addition to either science or social studies.
- To be promoted from one grade level to the next in grades 5th to 6th, students must maintain a passing grade in math, ELA, science, and social studies.

Exceptions to the Promotion and Retention Policy

- Students should be retained no more than three times in grades K-8th.
- If a student is not retained in K-3rd, the student can be retained twice in 4th– 8th.
- Three retentions do not ensure that the student will be automatically promoted. After having been retained a total of two times, each student will be evaluated on an individual basis and may be placed at the appropriate grade level upon approval of the superintendent or his/her designee. JCSD School Board Policy IHE.

Grades

Tests count 40% and daily work counts for 60%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Homework

The Jackson County School Board recognizes the value of purposeful, well-planned, and properly motivated home assignments that are (1) appropriate to the grade level, age, and abilities of the student; (2) designed to stimulate initiative and independence or to reinforce and enrich classroom instruction; (3) in complete accord with the goals established for the development of the school curriculum; (4) carefully planned so that home assignments are not so lengthy as to be self-defeating nor so complicated as to require assistance or resource materials not available to the student; and (5) an extension of class work that has already been introduced. As in the assignment of in-school work, homework assignments must be left to the sound professional judgment of the teacher, who will be expected to interpret the needs and assess the abilities and interests of each student. See JCSD School Board Policy IHE.

- Homework is used to supplement the class work and strengthen the student's understanding of what he/she is studying. Parents/guardians are encouraged to cooperate with the school in seeing that assignments are completed on time.
- Students are expected to exhibit virtuous behaviors such as, but not limited to honesty, integrity, and trustworthiness. Therefore, any student caught cheating or plagiarizing on a test or other school assignment may receive a grade of 0 (zero), and the parent will be notified by the teacher. See JCSD School Board Policy IHE.

Conferences

- At various times during the school year and for many reasons, teachers and parents should confer concerning students. These conferences should be prearranged during school hours. To prearrange a conference, parents may write the teacher requesting a conference, or it may be arranged through the school office. The school office personnel do not give out teacher's home telephone numbers.
- Teachers are not available by phone or in person for parent/guardian-teacher conferences during instructional time. Parents/guardians are not to go to the teacher's room during school hours to schedule a conference. Trying to meet with teachers at unscheduled times is disruptive and unfair to the teacher and the students.
- For all students to receive maximum instruction during the school day, all parents/guardians are required to wait in the office when waiting for a conference or when picking up their children or their children's work. See JCSD School Board Policy IHE.

Middle School (6-8) Academic Guidelines

Grade Level Classification

The student's classification will be determined by successful completion of the following courses:

- 6th grade - 5th grade courses: ELA, math, science, and social studies
- 7th grade - 6th grade courses: ELA, math, science, and social studies
- 8th grade - 7th grade courses: ELA, math, science, and social studies
- 9th grade - 8th grade courses: ELA, math, science, and social studies

Students may be promoted to grade 9 who participate in school remediation and/or credit recovery programs. Participation in these programs must have parent/guardian and principal approval. Please note: the student cannot fail more than two required courses for promotion. See JCSD School Board Policy IHE.

Grades
Tests count 45% and daily work counts for 55%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE and IHAEA.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Summer School Guidelines

- Summer school programs provide the means by which students (grade 6-8) may be taught content and objectives not mastered during the regular school session. The summer school year program shall depend on the availability of qualified teachers.
- To be eligible to attend summer school, a student must meet all of the following criteria:
  - Have a yearly average of not less than 55.
  - Be no more than one reading level below the level required for promotion in Policy IHE in grades where a required level is specified.
  - Grades 6-8 has not failed more than two (2) subjects.
- In a summer school session, the number of courses in which a student may enroll is determined by his/her grade classification:
  - Grade 8: has not failed more than 2 subjects.
- Tuition may be required. The number of students registering for specific courses will be determining factors as to which courses will be offered in the extended school session.
- The summer school session may end on the last working day in June.
- For each student enrolled in summer school, there will be a copy of prescribed objectives/content to be mastered by that student. Core skills are not the only skills the student will be required to master. The prescribed objectives/content will be provided by the classroom teacher(s) for whom the student did not master the objectives- content as part of the teacher end-of-year checkout process.
- Students who have not completed mastery of required skills/content by the end of the summer school term will be retained in the grade in which they were enrolled at the end of the school year.
- Out-of-district students are not allowed to attend summer school. Before transfer students from within the district are officially enrolled in summer school, parents/guardians of the transfer students must bring to the receiving school documentation that reflects approval of the principal of the home school and a copy of the prescribed objectives/content to be mastered by the students.
- The summer school program will comply with the guidelines established by the State Department of Education and contained in Accountability.
- All Jackson County School Board policies apply to summer school where applicable.
- The Assertive Discipline Plan followed by the Jackson County School District during the regular school year will be the one used during the summer school session. Each student will receive a copy of the teacher's classroom rules and the consequences for not following them.
- If a student is sent to the office, the following actions will be taken:

- The first time: Parents/guardians will be notified of the misbehavior and the fact that if the student is referred to the office a second time, he/she will be dismissed from summer school and will forfeit any fees paid.
- The second time: Student will be dismissed from summer school and will forfeit any fees paid. See JCSD School Board Policy AEBA.

High School (9-12) Academic Guidelines

Policies Regarding Selection of Subjects

- Students are allowed to select on-line and correspondence courses for graduation credits provided the following guidelines are followed:
  - Enrollment in on-line and correspondence courses must have prior approval granted by the principal.
  - The courses must meet all requirements cited in the Mississippi Curriculum Frameworks and the Approved Courses for Secondary Schools in Mississippi.
- Students who transfer from another state's accredited school shall be permitted to apply those credits the district's requirements. See JCSD School Board Policy IHE.

Dual Credit (DC)

- Students must have a B (3.0 on a 4.0 scale) grade point average to take dual credit (DC) courses.
- Dual credit courses which are taken through local colleges must be pre-approved by a college or university, the Mississippi Department of Education, and the school principal.
- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count eight (8) dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than eight (8) dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the eight (8) dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
  Only dual credit courses included on the Mississippi Department of Education (MDE)approved course list will count in determining class rank.
- Weight of dual credit (DC) courses will be the same weight as Advanced Placement (AP) classes.
- Dual credit (DC) courses will award credit based on one (1) high school credit per three (3) credit hour college course successfully completed.
- Please see your school counselor regarding classes available for dual credit (DC).

Grades

Tests count 50%, exams count 20%, and daily work counts for 30%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Grade Level Classification

A student's classification will be determined by the number of units of credit completed

prior to the first day of the new school year.

- To be 10th grade - 8 credits
- To be 11th grade - 14 credits
- To be 12th grade - 20 credits

See JCSD School Board Policy IHE.

Examinations and Exemptions Tests

- Tests in all subjects are given at the end of each nine weeks. These tests will be given on the date assigned and count 20% of the nine (9) weeks grade. Tests that are pre-assigned prior to a student's absence will be taken on the day the student returns to class.
- Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Exemption Policy

- Exemption is a privilege, not a right. Only students who meet the following requirements may be exempt from semester tests:
- Exemptions based on Semester I and II data.

Students in grades 9th-12th who meet the following requirements will be exempt from exams:

- A student with an A average and no more than 4 absences in a class may be exempt from the semester exam for that class.
- A student with a B average and no more than 2 absences in a class may be exempt from the semester exam for that class.
- A student with an A average and no more than 2 absences in a term class may be exempt from the exam for that class.
- A student with a B average and no more than 1 absence in a term class may be exempt from the exam for that class.

½ Credit (Term) Courses	Semester Courses
Grades based on term average	Grades based on semester average
Discipline based on course term	Discipline based on course semester
Attendance based on course term	Attendance based on course semester

- Students will be counted absent but will receive an excused absence from classes in which they are exempt.
- Students who are exempt under this policy will receive grades in progress on report card.
- Final examinations shall not be given early. A student who withdraws from school prior to taking his/her final examinations for term or semester shall be given grades in progress.
- The student can have no more than one (1) ISI discipline incident and no OSS per semester.
- Any student not exempt will be required to take the final exam in the course.
- Any student who cannot provide written documentation regarding his/her absence from a regularly scheduled term examination will receive a zero (0) for that exam.
- Students may be exempt by period.
- Participation in the following activities is not considered an unexcused absence and

does not count toward an absence for exemption:

- School related activities
- Two junior or two senior college days per year, approved by the principal
- University honors placement exams approved by the guidance counselor
- Military entrance physical

See JCSD School Board Policy IHE and IHAEA

Awarding and Recording of Grades

In the event a student does not receive credit for a subject because of excessive absences, expulsion, or drops out of school, no credit (NC) will be recorded in the applicable place in the student's cumulative folder and on the permanent record.
When a student completes a subject, the actual grade the student earned will be recorded in the appropriate place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE and JRA.

Reports of Student Progress

Progress Reports of students' accomplishments will be sent home four times during the year. Dates for progress reports are listed on the school calendar located in the handbook.

If the parents desire a conference with the teacher, it may be arranged by making an appointment through the principal's office. See JCSD School Board Policy IHE.

Honor Roll

There will be a Superintendent's Honor Roll for students making a quality point average (QPA) of 4.5 or above. There will be a Principal's Honor Roll for students making a quality point average (QPA) of 4.00-4.499. See JCSD School Board Policy IHE.

Awards Day Program

Each year awards will be given to the outstanding student in each department. All awards will be given at an Awards Day Program near the end of the school year. Perfect attendance is defined as attending school all day every day.
See JCSD School Board Policy IHE.

Standards for Participation in Extra-Curricular Activities for Schools on the Block (4 x 4) Schedule

It is a privilege, not a right, for a student to participate in extra-curricular activities.
To be eligible for participation, a student must meet the following minimum scholastic requirements at the end of the school year to be eligible for the beginning of the next school year or at the end of the first semester to be eligible for the second semester.
Students must follow all requirements by the Handbook of the Mississippi High School Activities Association, Inc. (www.misshsaa.com). In addition to the Handbook of the Mississippi High School Activities Association, cheerleading information can be located in the Criteria for Cheerleading Selection Policy IDFB. See JCSD School Board Policy JT.

Student Drug Testing

Statement of Purpose and Intent

The Jackson County School District (JCSD) recognizes that drug use by students participating in athletics, cheer, dance, band, and/or choir, a drivers' education course, Career and Technical education (CTE) courses, and those who drive and park on campus (hereinafter "participating students") present special concerns about the dangerous combination of drugs and participation in these activities. While the misuse or abuse of illegal drugs, prescription and even non- prescription drugs is unsafe for any student, the additional demands placed upon participating students make such misuse or abuse

dangerous.
In response to the serious health risks and other risks posed by participating students' use, JCSD has implemented a drug testing policy which is designed to provide early detection of drug use and to eradicate or reduce significantly use and influence of prohibited drugs and other chemicals by participating students.
In pursuit of these purposes, JCSD declares that the use of prohibited drugs, or intoxication and physical influence thereof, by participating students is inherently unsafe. Such use, intoxication or influence should be detected and prevented and such participating students should be counseled, educated and monitored. This policy is adopted to promote the safety, health and well-being of participating students and is not intended to be disciplinary or punitive in nature. The sanctions provided for herein relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in the covered activity. There will be no academic sanction for violation of the policy and the policy is intended to complement all other policies of the JCSD regarding the possession or use of illegal drugs.
All students enrolled in JCSD who are in 7th grade or higher and who (1) participate in any JCSD High School or Middle School athletic program, cheer, dance, choir, and/or band (2) obtain a parking permit to allow them to drive and park on a JCSD campus (3) enroll in a drivers' education course or (4) enroll in a high school CTE course shall be subject to drug testing to the extent and manner provided for in this policy.
The Board authorizes the superintendent to implement procedures in furtherance of the goals of this JCSD School Board Policy JCDAB.

Definitions:

- "Athletic Department" shall mean the Athletic Departments for each of the attendance centers within the JCSD.
- "Confirmation test" means a drug test on a specimen to substantiate the results of a prior drug test on the specimen. The confirmation test may use an alternate method of equal or greater sensitivity than that used in the previous drug test.
- "Drug test" means a chemical test administered for the purpose of determining the presence or absence of a drug in a person's body.
- "Illegal drug" means (a) a prohibited drug as set forth below, (b) a drug listed as illegal under Mississippi law, (c) a drug which is illegal to use under Mississippi law without a prescription, or which is controlled by the Food and Drug Administration.
- "Initial test" means an initial drug test to determine the presence or absence or drugs or related metabolites in specimens.
- "Medical Review Officer" or "MRO" means a licensed physician, either a Doctor of Medicine or Doctor of Osteopathy, or other medical or scientific expert knowledgeable in drug abuse disorders, employed to help the JCSD interpret, evaluate and monitor its drug testing program.
- "Negative drug test" means a drug test that does not show evidence of a prohibited drug in a person's system.
- "Participating Students" are students participating in athletics, cheer, dance, choir, Career and Technical education (CTE) and/or band and/or those who obtain a parking permit to allow them to drive and park on campus, and/or enroll in a drivers' education course.
- "Positive drug test" means a drug test that indicates the presence of a prohibited drug in a person's system.
- "Prescription medication" means a drug prescribed for use by a duly licensed physician, dentist or other medical practitioner licensed to issue prescriptions.
- "Prohibited drug" means any drug which is considered a part of the group of drugs listed in Section IV. PROHIBITED DRUGS/ALCOHOL below.
- "Random testing" means a neutral selection basis of testing for drugs which

provides a mechanism for selecting participating students for testing that: (i) results in an equal probability that any student from a pool of students subject to the selection mechanism will be selected, and (ii) does not give JCSD and school personnel the discretion to waive the selection of any student selected under the mechanism, unless a student has a significant cognitive disability documented in their Individualized Education Plan.

- "Specimen" means a tissue or product of the human body chemically capable of revealing the presence of drugs in the human body.
- "Calendar Year" means 365 days from the date a violation is declared. "JCSD" means Jackson County School District.
  See JCSD School Board Policy JCDAB

ADMINISTRATIVE PROCEDURE

Concurrent Drug Testing Policies

This policy and the JCSD policy on drugs as listed JCSD Student Handbook shall be administered separately and concurrently. Tests occurring under this policy shall not be used for or considered for the purposes of the JCSD Assertive Discipline Program; however, test results under the Assertive Discipline Program may be considered for the purposes of eligibility to participate in athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive to and park on the JCSD campus or to enroll in drivers' education course and for testing or monitoring under this policy. Participating students are subject to all related policies concerning this subject area.

Implementation

All participating students and their parents/guardians will be notified of this policy upon (1) entering an athletic program, cheer, dance, choir, and/or band, or (2) seeking a JCSD parking permit, (3) enrolling in drivers' education course, or (4) Career and Technical education (CTE) The JCSD Superintendent and/or his or her designees shall be responsible for the fair, impartial and complete implementation of this policy and for ensuring the no-notice, surprise nature of all testing. The JCSD Administration shall be responsible for the coordination and execution of all testing through a third-party vendor, which is the MRO.

The initial method of collection will be done by urinalysis.

Consent/Refusal to Consent

The parents/guardians of participating students will be asked to sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy and consenting to the release of the tests results to the MRO, Superintendent and/or his/her designees on a need to know and confidential basis. The test results will also be provided to the parents/guardians of the participating student. If a participating student and/or his or her parent/guardian declines or fails to sign the consent form, the student will be ineligible to participate in any JCSD athletic program, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive and park on the JCSD campus or to enroll in drivers' education course. The consent form to be used for purposes of this policy shall be formulated by the MRO and Superintendent.

Annual Testing

As an annual prerequisite for participation in a JCSD athletic program, cheer, dance, choir, and/or band, or for permission to drive and park on the JCSD campus, or enrolling in drivers' education course, parents/guardians of participating students must sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy. Any student who tests positive for drugs may be ineligible to participate in JCSD athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive and park on the JCSD campus or enroll in drivers' education

course as provided in this policy, or, in the discretion of the Principal or Athletic Director, and approved by the Superintendent, may participate subject to the provisions of Section III. 9. of this policy.

Random Testing

Participating students will be tested on a random basis for use of prohibited drugs. Random testing shall be conducted no less than two (2) times during a school year and may be conducted during the school year at any other time during the school year as determined by the Superintendent. The random testing shall not be announced or revealed prior to the time of commencement and shall be conducted on a no-notice, surprise basis. The JCSD Superintendent and his designees shall determine the percentage of participating students tested in any one (1) random test not to exceed ten percent (10%) of eligible students on a specific campus or the designated amount budgeted by the school board for the cost of the MRO contract for drug analysis tests. Once the percent is established for the year it will be applied consistently in each attendance center. The Superintendent and his designees shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the MRO selection process. This would include, but not necessarily be limited to the MRO:

- Assuring that the names of all participating students are in the pool.
- Assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing.
- Assuring that the identity of students for testing is not known to those involved in the selection process.
- Assuring the direct observation of the selection process by at least two certified employees of the District as determined by the Superintendent.

Specimen Collection

All specimens will be collected under reasonable and sanitary conditions. Individual dignity and privacy will be preserved to the extent practicable. Universally accepted standards for testing, labeling, storage and transportation of specimens will be strictly followed by the testing facilities. The MRO will request information before each confirmation test regarding prescription and non- prescription drugs and any other information which could lead to a false positive test. JCSD staff shall be present only for supervising of students during random testing. No JCSD staff shall be involved in the collection, storage, labeling, or handling of specimens from random testing unless necessary because of the student's handicapping condition that has been previously documented.

Testing Procedures

A laboratory certified by the National Institute of Drug Abuse will be designated by JCSD to perform all initial drug tests and selection of students. The laboratory and the MRO will be responsible for the handling and safe delivery of all positive specimens to the confirmation laboratory and such delivery will be accomplished through proper chain of custody procedures.

Finding of Drug Use Consequences

If a student violates this policy, the consequences described below will apply only to the component of the activity impacted by the violation (i.e., athletics, dance, cheer, band, choir, Career and Technical education (CTE), driving on campus, and/or driving during drivers' education class). The student's grade will not be lowered because of the student's suspension from participation in these activities; however, a student will not be allowed to drive until a negative test result occurs, which could negatively impact a grade in a drivers' education class. The student may be expected to complete alternative assignments during the suspension in order to maintain his or her grade.

First Violation

If the initial test for drugs indicates a negative result, no further test will occur unless there is good reason to suspect the quality of the specimen sample. If the initial test indicates a positive result, a confirmation test will be conducted immediately. Should the confirmation test also indicate a positive result for a participating student, the following consequences shall be imposed:

- The district will notify the student and his or her parent/guardian via a phone call and in writing of such positive test results.
- The student shall be suspended from participation in all athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of thirty (30) days, which can be reduced by half upon the successful completion in a drug counseling and/or drug education program and passing a second drug test.
- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about thirty days after the date on which JCSD received notification of the confirmation tests positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a second violation.
- The student shall be required to participate in and complete a drug counseling or education program developed by and provided by JCSD. Refusal to participate in the counseling and/or education program, as set forth in this paragraph, will be treated and handled as a second positive test result.
- The student will not be allowed to resume participation until he/she has had a negative drug test at the expense of the parent/guardian.
- After successfully returning from a first violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a second violation is declared.

Second Violation

Should a participating student test positive for a second time in one calendar year, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via phone call of such positive test results.
- The student shall be suspended from participation in all athletics, dance, and cheer, choir, Career and Technical education (CTE), and/or band activities (which encompasses, for purposes of this policy, all participation including tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of sixty (60) days.
- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about sixty (60) days after the date on which JCSD received notification of the confirmation tests' positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a third violation.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/guardian. A drug counselor shall refer the

student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.

After successfully returning from a second violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a third violation is declared.

Third Violation

Should a participating student test positive for a third time in any two calendar years, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via telephone of such positive test results.
- The student shall be suspended from participation in all athletic, dance cheer, choir, Career and Technical education (CTE), and/or band activities and from driving to and parking on the JCSD campus and from drivers' education course for a minimum of one (1) calendar year.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/ guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
- The JCSD reserves the right to require the student to submit to mandatory drug testing during the calendar year of the violation as often as deemed appropriate by the administration. The student will not be allowed to resume participation until he or she presents a negative result on retest. No positive test results as described in this policy will be used as grounds to discipline, suspend or expel a participating student, except for the guidelines provided in this policy.

Appeal

A participating student has the right to appeal a decision under this policy by following the grievance procedure as outlined in JCSD Student Handbook and shall be afforded all student due process rights as provided by law. Participation in athletics, dance, cheer, choir, Career and Technical education (CTE), and/or band and parking at JCSD or enrolling in drivers' education course is a privilege only and a student has no property right or interests in such participation.

Medical Review Officer

As part of this policy, JCSD will utilize the services of a medical review officer (MRO) as designated by JCSD. The MRO will interpret, monitor, and evaluate all positive test results so as to determine whether any alternative medical explanation could account for the positive results. The MRO must be a licensed physician, or group of licensed physicians, knowledgeable in drug abuse disorders.

Confidentiality

The results of a student's drug test shall not be released to anyone other than the Medical Review Officer (MRO), the Superintendent or his/her designees and the student's parents/guardians.

Results may also be released to the Board of Trustees, the school attorney, athletic department personnel, and/or school advisor on a need-to-know and confidential basis. No other person may receive the test results without the express authorization and consent of the participating student's parent/guardian.

Cost
JCSD will bear the cost of the initial drug and confirmation test required by JCSD under this policy. The participating student or his or her parent/guardian will pay the costs of any retest requested by the student and of all tests required after a violation of this policy, as outlined in Section III.9. above. If a parent requests that blood testing or any other alternate method of equal or greater sensitivity be utilized then the parent will be responsible for the additional costs associated with the testing method.

Use of Prescription or Legal Non-prescription Drugs
Prior to an initial drug test, a participating student may voluntarily disclose the use of any prescription or non-prescription drugs but will not be required to do so. If the initial test results are positive, the MRO shall request from the student and/or the parent/guardian information regarding what, if any, prescription and non-prescription drugs, the student was using at the time of the test.

Information regarding a student's need for and use of prescription and non-prescription drugs is considered confidential, sensitive, and private. The information is necessary and will only be used for the assistance and safety of the student needing the medications, the safety of other students, and, in the event of a positive initial test result, to assist the MRO in determining possible causes of a false-positive test. The information should only be available to affected JCSD personnel to the extent practicable.

Refusal to Submit to Test
Refusal of any student to submit to testing conducted for any group of students during the school year or upon being selected for random or designated testing will constitute a "violation."

Self-Referral (Not Allowed After Selection for a Random Test)
In the event a student wishes to self-refer himself/herself for drug/alcohol usage, it will NOT initially constitute a "violation". A student may self-refer only one (1) time during his/her school career. When a student submits a self-referral, the following shall occur:

- An administrator/parent conference will be scheduled by the student's Principal.
- The student will be ineligible to participate in his/her sport, cheer, dance, choir, Career and Technical education (CTE), and/or band and from driving to and parking on a JCSD campus or driving when enrolled in a drivers' education course, until he/she has enrolled in a recognized Drug Assistance/Education program.
- The student must also then be declared physically safe to participate by a licensed medical physician before being allowed to return to participation.
- Failure of the student to successfully complete the Drug Assistance/Education program will constitute a violation and the student will not be allowed to participate in any school sponsored athletic, dance, cheer, choir, and/or band activities and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course.

Prohibited Drugs/Alcohol
JCSD will test for the use of prohibited drugs in the following groups:

- Marijuana
- Cocaine
- Opiates
- Amphetamines
- Phencyclidine (PCP)
- Spice (synthetic marijuana)

Drug Assistance Program Procedures for Intervention Program
In the event that a student chooses to enroll in a designated Drug Counseling or Rehabilitation program the following steps may be considered:

- The student and his/her parent(s) or legal guardian(s) will be provided with information regarding those designated drug/alcohol intervention programs that are available in our

vicinity.

- The student and his/her parent(s) or legal guardian(s) will be responsible for providing for the cost of the program.
- The student and his/her parent(s) or legal guardian(s) will be responsible for transportation to and from the program.
- To ensure that the student successfully completes the program, the parent/guardian will sign a release of information form with the treatment center giving the center the right to share information with the school system's designee. The school will receive a report from the treatment center advising the District of the student's attendance and degree of success. See JCSD School Board Policy JCDAB.

Graduation Information

Graduates 2022 and Later

The District follows all state mandated requirements for graduation. Specific graduation course requirements are posted in the MS Public School Accountability Standards each year and will change as changes are required by the MS Department of Education or based on school leaders requesting improvements to the current district requirements.

All requirements as indicated by the Mississippi State Department of Education and the Commission on School Accreditation in Mississippi Public School Accountability Standards must be met by the graduate. These requirements include satisfactorily passing state end-of-course assessments at the level established by the state (MS Code 37-16-7).

Special Education students' diploma and graduation requirements will be based on the criteria established by the Individual Education Plan (IEP)/Vocational transition plan reviewed on an annual basis.

- Special Education Students receiving a diploma must participate in the Subject area Testing Program and pass at the level required by the state (MS Code 37-16-11).
- Special Education students receiving a Certificate of Completion must participate in a course of study outlined in the IEP transition plan for gained employment. Courses allowed for graduation credit must be subjects listed in the Approved Courses for the Secondary Schools of Mississippi. Courses that are not listed in the Approved Courses for the Secondary Schools of Mississippi require approval from the Commission on School Accreditation before being offered.

Courses are not designated as academic/non-academic. The student may complete his/her schedule to include those courses of interest as long as the above requirements are met.

It will be the responsibility of the student to decide if he/she plans to enter college or go into the workforce upon graduation from high school. Once the student makes this decision, he/she should enroll in the courses, while in high school, to prepare for the career of his/her choice.

Valedictorian, Salutatorian, Historian
Recognition for Academic Achievement

The Jackson County School District will compute all courses excluding grades acquired in Physical Education, Driver's Education, Production III, Production IV, Band, and Chorus for senior class ranking. The student(s) having attained the highest, second highest, and third highest quality point average (QPA) during his/her high school period shall be recognized as Valedictorian, Salutatorian, and Historian, respectively. Only students earning a diploma with 26 required credits or more are eligible to serve as Valedictorian, Salutatorian, or Historian. See JCSD School Board Policy IHCA.

- A student may serve as Valedictorian, Salutatorian, or Historian if he/she has attended the respective high school for his/her entire senior year. Grades attained from any school during the high school period will be entered into the aggregate compilation of the Valedictorian, Salutatorian, and Historian recognition: however, if number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades:

  E-3 – (AP) Advance Placement and Dual Credit (DC)
  E-2 – Accelerated
  E-1 – Honors

A	**95**
B	**85**
C	**75**
D	**67**
F	**59**

- The Valedictorian, Salutatorian, and Historian will be chosen based on the highest Quality Point Average through the third (3rd) nine weeks of the senior year.
- The Quality Point System will be utilized to compute and determine the rank-in- class of graduating seniors. Rank-in-class is defined as the comparison of a student's academic performance with those of the members of his graduating class. Class rank computed on the basis of quality points, rather than on grade- point average, projects a more accurate profile of academic performance. It is also designed to encourage students to enroll in more challenging courses. Students in advanced courses earn additional quality points directly proportionate to regular courses. In this way those students in courses of average academic difficulty set the 4.0 norm. Additional quality points assigned to advanced academic courses merely serve to achieve a more accurate class ranking. Grade- point averages are unaffected by quality points and will continue to be the report of academic achievement on the high school transcript.
- Students with a quality point average of 4.0 to 4.49 will graduate with honors. Students with a quality point average of 4.5 and above will graduate with special honors.
- Quality Point Equivalency Scale for E-3 – (AP) Advance Placement and Dual Credit (DC), E-2 Accelerated, and E-1 Honors courses and the number of quality points a student will receive for the grade he/she makes in each course is listed in the student handbook.
- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count 8 dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than 8 dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the 8 dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
- Only dual credit courses included on the Mississippi Department of Education (MDE) approved course list will count in determining class rank.

Collegiate Academy or Similar Programs

Students enrolled in the Collegiate Academy or similar programs will be ranked separately and will not follow the traditional class ranking. Students enrolled in the Collegiate Academy will not be considered for the Valedictorian, Salutatorian, or Historian. Prior approval must be obtained from a guidance counselor and the school principal to participate in Collegiate Academy or similar programs.

Early Graduation

Students who fulfill all requirements for graduation may opt to complete their high school career early. Students will be allowed to participate in the commencement exercises with their class and will receive their diploma at that time. Students will not be allowed to participate in any extra-curricular activities sponsored by the school for the remainder of the school year and will no longer be considered enrolled in the Jackson County School District. Students will be considered as a visitor when present on the high school campus. To qualify for early graduation, a student must complete the following:

- Schedule a meeting with the counselor and present a post-secondary plan (i.e., college, work, vocational training, and military) as a rationale for early graduation.
- The student's parents must attend this meeting.
- A tentative schedule will be created provided the courses are available.
- The tentative schedule must be approved by the Principal.
- The school is not obligated to provide two (2) core courses (per subject) within a school year. (Fall- Spring).
- An exit conference will be scheduled prior to early release. In addition, the principal and parent must approve all early graduations.

Correspondence Courses:

The Jackson County School District will follow the Mississippi Public School Accountability Standard for Correspondence courses.

Procedure for Correspondence Courses:

- The correspondence course must have been approved by the principal and administered through an approved program.
- The evaluation criteria will have been administered by a certified member of the school district.
- The correspondence course must be one which is contained in the curriculum of the school in which the student is enrolled.
- The building principal will supervise and administer the tests to the student taking the correspondence course or will assign a counselor within the building to supervise and administer the tests.

Graduation for Students with Disabilities

Students with disabilities will be issued a regular education high school diploma, certificate of life skills completion or alternate diploma option as follows:

- By age fourteen (14) or prior to a student entering the ninth grade, an Individualized Education Program (IEP) Committee will consider the exiting options from high school. The parents/guardians and, if appropriate, the student will be informed of the requirements for each option and the various alternatives in post-school activities based on each exiting option. An IEP Committee will determine and document the option appropriate for each student.
- Students pursuing a regular education high school diploma must meet the requirements set forth by the State Board of Education and the Jackson County School District. Special education and related services will be provided to assist a student to reach this goal based on the student's IEP.
- For students who are significantly cognitively disabled pursuing alternate diploma completion, a comprehensive curriculum of basic life skills will be utilized for instructional purposes. Transition services, including a functional vocational evaluation (if appropriate), will be provided based on each student's preferences and interests, his or her IEP and the planned outcomes for post-secondary activities specific to the student. As determined appropriate by the IEP Committee, transition services may include:
  - Instruction in functional academics
  - Community experiences
  - Adult living
  - Employment skills
  - Related services
  - Daily living skills
- An IEP Committee will review the previous exiting option decision for each student at least annually. The committee, along with the parents/guardians and, if appropriate, the student, may change the original or previous decision regarding the student's exiting option.
- Students pursuing the alternate diploma option, which is not equivalent to a traditional high school diploma and is not recognized by postsecondary entities that require a traditional high school diploma. All students are required to participate in the Mississippi Assessment Program Alternate Assessment (MAAP-A) with a score TBD. Students who have met the criteria on their IEP for having a Significant Cognitive Disability (SCD) may participate in a program of study to earn the Alternate Diploma.
- Every student who completes an approved course of study by or before age 21 will receive an alternate option diploma and will be permitted to participate in graduation activities.

Grading for Student with Disabilities

- All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy.
- Grades awarded to students who have been ruled eligible for special education services and who are also actively participating in the District's special education program(s) shall be based on the following:
- Inclusion and resource students receiving a traditional diploma is based on the same guidelines as the district's promotion/retention policy. Accommodations/modifications provided in coordination of both special classroom teachers and general classroom teachers to obtain final grades will be provided.

Graduation Ceremonies

The following requirements concerning graduation ceremonies shall be met:

- The scheduling of formal graduation ceremonies shall be limited to those honoring senior students who have successfully completed prescribed secondary school graduation requirements.
- Preparation for graduation ceremonies shall be scheduled in such manner that complies with all MS Department of Education requirements.
- The secondary schools shall not deliver a diploma, signed or unsigned, to a student who fails to meet the requirements for graduation. A student who fails to meet the graduation requirements is not permitted to participate in graduation exercises. Students who have completed satisfactorily the local district's secondary curriculum for special education may be awarded a high school certificate or diploma which states, "This student has successfully completed an Individualized Educational Program." This student may be permitted to participate in graduation exercises.
- All State and District requirements must be met in order for a student to participate in graduation or receive a diploma. This includes foreign exchange students. (Decision of Mississippi Commission on School Accreditation, Summer 1988)

Student Message at Graduation Ceremonies

It is the intent of the Jackson County School District to allow the graduating senior class the discretion to use a brief opening and/or closing message, not to exceed two (2) minutes at their respective school graduation exercises. If the graduating class chooses to use an opening and/or closing statement, the message shall be given by a student in the graduating senior class chosen by the senior class as a whole and the message shall be wholly prepared by the student selected. The content of the message delivered shall not be monitored or otherwise reviewed by the school administration, the board of education or any school district employee, but the content shall not be libelous, slanderous or obscene. The printed event program at all graduation ceremonies shall include the following disclaimer: "The opinions, remarks and viewpoints expressed by any student speaker at this ceremony do not reflect the endorsement, sponsorship, position, opinion, expression or viewpoint of the Jackson County School District."

Participation in Graduation Ceremonies/Discipline Violations

- The Jackson County Board of Education recognizes that participation in graduation ceremonies is a significant milestone in the education of our students and believes that said participation should be protected whenever possible. However, schools must have the ability to discipline students who are near the end of their academic career in the high schools in the Jackson County School District in meaningful ways in order to sustain the type of safe, secure, disciplined environment that is necessary.

- In accordance with this philosophy, it shall be the policy of the Jackson County Board of Education that high school seniors will be held to high standards of discipline until the conclusion of the academic year. Since some of the typical discipline measures that are approved for other students are not applicable for seniors who are near the end of the school year, additional measures need to be available to administrators in the high schools.
- Any senior who commits a Level 5 infraction (as defined by the discipline code of the district) during the last 9 weeks of the school year may have his/her right to participate in the graduation exercises for his/her school revoked.
- This policy does not restrict the ability of the administration to address severe discipline issues that may occur during an earlier term of the school year in any way.

Computation of Grade Point Average for Seniors
All courses for which students are given credit will be used in computation of Grade Point Average (GPA).
In computing the GPA, if a subject is failed and not repeated, the grades recorded will be used in computing the GPA. If a subject is failed and repeated, the highest semester grade will be used in computing the GPA. See JCSD School Board Policy IHF. Student Conduct Procedures

Mississippi School Safety Act Of 2019

The Mississippi School Safety Act of 2019, provides additional disciplinary procedures to the school district's existing authority regarding the discipline of students. In conformity with the Act, the school district has adopted policies that recognize the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct, and the right of the teacher to remove from the classroom any student who in the professional judgment of the teacher is disrupting the learning environment, subject to the immediate review of the principal or assistant principal.

In the event the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian during which the disrupting behavior is discussed and agreements are reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other written communication.

The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or a school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or to other school employees; defiance, ridicule or verbal attack of a teacher; willful, deliberate and overt acts of disobedience of the directions of a teacher.

If a student commits "disruptive behavior" as determined by the principal or assistant principal for a second time during the school year, the principal, reporting teacher and the student's parents will develop a behavior modification plan for the student.

A student, thirteen years or older, who does not comply with the behavior modification plan may be deemed to be "habitually disruptive" and subject to expulsion if the student commits a third act of "disruptive behavior" during the school year. Students under age thirteen may be subject to expulsion for such conduct pursuant to other school policies and procedures.

The term "habitually disruptive" refers to such actions of a student which causes disruption in a classroom, on school property or vehicles or at a school-related activity on more than two (2) occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

Students with disabilities are responsible for adhering to the same rules of conduct as non-disabled students. State and federal regulations relating to students with disabilities will be followed when implementing discipline procedures. See JCSD School Board Policy JD, JDH-1, and JDAA.

Code of Conduct

In implementing conduct and personal appearance regulations, it should be stated that the primary responsibility for the conduct and personal appearance of a student rests with the student and the parents. Every effort should be made to impress upon the students and the parents that discipline and order can only be maintained in the school when the school is not used as a vehicle for disruptive influences. In carrying out school regulations, students, parents, teachers, and the administrative staff should observe the following:

- Administrators and teachers shall hold students to strict account for disorderly conduct or misconduct at any school, on the way to school meetings, programs, functions and activities, and upon school buses. The superintendent or principal/school administrator of any school may suspend any student from school for good cause.

- The superintendent or the principal/school administrator of a school may have the power to suspend a student for any reason. The following steps should be followed by the parents should they wish to appeal a decision made by the principal:
  - Appeal to the Assistant Superintendent of the Attendance Center
  - Appeal to the Superintendent
  - Appeal to the School Board
- Courts have ruled that teachers must maintain their effectiveness and respect in order to perform their duties as a teacher. The effectiveness and respect must be maintained on or off the school premises and during or after school hours.
- The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff. Therefore, to ensure safety, security and an atmosphere conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort. The code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes.
- Student Search and Seizure Courts have ruled that teachers and school administrators are "in loco parentis" of students. This means that teachers and administrators are acting in place of parents during the school day and may do anything a parent would do to maintain discipline. In addition, school officials must protect all students from possible harm. Therefore, courts have ruled that school officials may conduct searches of students when there is a reasonable suspicion that the student might posses' items that might harm themselves or other students (drugs, paraphernalia, alcohol, weapons, stolen items, tobacco, electronic cigarettes, any smoking devices, or any other items that might cause harm to that student or other students). These court rulings were made in order to protect all students of possible harm. "Emerging First and Fourth Amendment Rights of the Student." 1 J. Law and Education 449, 451 (1972) "In re Donaldson", 269 Cal. App. 2nd 509, 75 Cal. Rptr. (1969) "Mercer v. State" .450 S.W.2d 715 (1970)

The Board of Education is mindful of public concern about student discipline and protection in the school. It is the responsibility of the Board to provide a situation in the schools where learning can take place. This responsibility has been upheld in the past and will continue to be with the continued positive, wholesome attitude toward learning on the part of the students and their parents or guardians. Students who come to the schools to learn will cause no trouble nor get in trouble. When pupils come from homes where parents have a positive attitude toward learning and have the ability to adjust to change, discipline and conduct problems are minimized.

The principals, counselors, and all classroom teachers continue to have responsibility to teach by precept and example good conduct and positive attitude toward learning. They and parents/guardians, also, have a responsibility to help students develop wholesome attitudes toward themselves, other students and teachers.

- Upon arrival, all persons, other than school employees and pupils enrolled at that specific school, must first go to the principal's office to secure admission to the campus. Otherwise, they will be considered to be trespassers and, as such, subject to arrest and prosecution. Therefore, to ensure safety, security, and an atmosphere

conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor's list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.

- Students are not to bring brothers, sisters, or friends to school for any reason. The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort.

This code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes. See JCSD School Board Policy JCA, JD, JDH-1, JDAA, AND JCD. (MS Code 37-11-55)

Addendum to the Code of Conduct

- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his or her minor child's destructive acts against school property or persons.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph 1 of this subsection, or for any other discipline conference regarding the acts of the child.
- Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district that refuses or willfully fails to attend such discipline conference specified in paragraph 2 of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.

The Jackson County School Board has adopted the "Assertive Discipline Model" plan developed by Lee Canter as the format for maintaining an atmosphere conducive for learning in the classroom. Each child will receive his/her classroom rules and take them home for parents to sign and return to his/her teacher. Each child will also be instructed about other behaviors which are not acceptable and the consequences that accompany the behaviors.

As a component of the "Assertive Discipline Model, the following is a list of some of the more serious behaviors that students shall not display while being supervised by school personnel at school, at school sponsored activities and while being transported on a school bus. Disciplinary action is not limited only to the behaviors listed below. The actions listed on the following Disciplinary Ladder will be taken by the principal when students are referred to the office for reaching Step 5 on a teacher's classroom discipline plan, or sent to the principal's office for misbehavior outside the classroom.

The escalation through the steps of the "Assertive Discipline Model" may vary depending upon a student's age, grade, and discipline history; therefore, Jackson County School District will institute a separate step ladder for Elementary (K – 5) and Secondary (6 – 12) schools. See JCSD School Board Policy JD and JDAA.

Elementary (K-5) Campus Discipline Ladder and Consequences

Step 1

- Reprimand, one day of ISI, or recess detention to be signed by the parent/guardian and returned to school.
- Remove from ladder if not referred to the office for ten school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 2

- Detention or 1 - 2 day(s) ISI. Signed by a parent/guardian and returned to school.
- Remove from ladder if not referred to the office for ten school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 3

- 2-3 days ISI. Contact parent or legal guardian. (In writing or by phone)
- Intervention referral/possible behavior improvement plan. (MS School Safety Code 37-3-83, 37-11-53, 37-11-54, and 37-11-55)
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 4

- 1–2-day(s) OSS.
- Parent/guardian conference will be held before student returns to school so that interventions and behavioral suggestions can be put in place.
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.
- Absences due to suspension will be treated as excused in relation to makeup work and tests.

Step 5

- 1-5 days OSS
- Parent/guardian conference will be held before student returns to school so that interventions and behavioral suggestions can be put in place.
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 6

- Referral to school board or Superintendent for further action.

_*Building level administration may use their discretion.

All school rules apply to school bus conduct (pages 62-65) and follow the Elementary (K- 5) Assertive Discipline Program.

The principal may suspend students out of school for a period not to exceed five (5) school days. The principal, with the approval of the superintendent, may suspend students out of school for a period not to exceed ten (10) school days. Long-term suspension, or that in excess of ten (10) school days, or expulsion may be given only by action of the Board of Education, and then only after such student has been afforded notice, opportunity of a hearing, and other procedural rights consistent with state and federal due process requirements. See JCSD School Board Policy JCDAD, JD, and JDAA.
The student may be represented at such hearing by counsel of his/her choice. The hearing will be closed to the public to protect the student from adverse effects of any disclosure made at such a hearing. See JCSD School Board Policy JDAA.

Secondary (6-12) Campus Discipline Ladder and Consequences
Absences due to suspension will be treated as excused in relation to make-up work and tests.

Step 1
- Break detention or 1 day ISI
- Remove from ladder. If the student is referred to the office during the 10-day probationary period, he/she will move to the next step on the discipline ladder.
- Contact the parent (phone/letter to be returned signed by the parent)

Step 2
- Contact parent/guardian (by phone or by letter)
- 1 - 2 day(s) of In School Isolation (ISI)
- Removal from ladder if not referred to the office for ten school days from date of return to regular class. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 3
- Contact parent/guardian (by phone or by letter)
- ISI 2-3 days
- Removal from ladder if not referred to the office for fifteen school days from date of return to school after suspension. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 4
- Contact parent/guardian (by phone or by letter)
- Out of school suspension (OSS), 1–5 day(s)
- Loss of all privileges during the time of suspension
- Students in OSS are not allowed to participate in school activities or be allowed on campus.
- Absences due to suspension will be treated as excused in relation to make- up work and tests.
- Removal from ladder if not referred to the office for twenty school days from date of return to school after suspension. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 5
- The school administrator can recommend Direct Placement to the Alternative School with verified parent contact and completion of Discipline Form A of the appropriate forms. In the event the parent disagrees with the direct placement, they can appeal to the Jackson County Board of Education. The Jackson County Board of Education may at that time, concur with this decision, overturn the decision, and modify, without limits, the decision which is presented,

not excluding expulsion. All decisions by the Board shall be final.

- In the event that a student is recommended for expulsion because an offense represents a danger to students, staff or the school, the student will be given the opportunity for due process by appearing before the Jackson County Board of Education. The following procedures will be followed:
- The parents/guardians will receive a Notice of Suspension/Expulsion. This notice will be verified by the school administration.
- The parents/guardians of the student has five (5) school days to request a hearing before the Jackson County School Board. The request for the hearing is made by calling the Superintendent's secretary at the Jackson County Administrative Office. The hearing will be scheduled as soon as possible after the request. All consideration of the student's disciplinary actions shall be conducted in accordance with standard board procedure.
- If the School Board does not meet within ten (10) days after the recommendation for expulsion, the student will be placed in the Jackson County Alternative School or receive other Alternative Education Services as deemed appropriate by the school administration.
- Failure of the parent/guardian to request a hearing or appear at the appointed time and place for the hearing shall waive the student's right to a hearing.
- In the event the hearing is waived, the principal and superintendent shall consider all the facts, take appropriate action, and recommend appropriate action to the board along with a summary of the case. The Jackson County Board of Education may at that time, concur with this decision, overturn the decision, modify, without limits, the decision which is presented, not excluding expulsion. All decisions by the Board shall be final.

Note: Students who consistently abuse the first steps in the discipline ladder may have a discipline ladder developed to best meet the needs of the individual student. This new ladder will be in effect for the student when the parent has been contacted and informed of the new discipline ladder. See JCSD School Board Policy JCA, JD, JDAA, JD-1, and JCDAE (2).

SECONDARY (6-12) ASSERTIVE DISCIPLINE PROGRAM

Law enforcement may be notified in any of the below offenses at the discretion of the school administration and according to applicable laws.

Discipline Ladder Severe Disruptions	**Consequences**
1. Using, selling, possessing, distributing, furnishing, giving away, transferring, obtaining, admitting or being under the influence of illegal drugs, fake drugs, unauthorized prescription medications, other unauthorized substances or alcohol, including possession of drug paraphernalia on school grounds, or while under the supervision of school personnel. All school rules apply to school bus conduct (pages 62-65) and follow the Secondary (6-12) Assertive Discipline Program.

Consequences for the above disruptions apply to students under the supervision of school personnel during school hours, at school sponsored functions and while being transported on school buses.

Students assigned ISI will attend school but will spend school hours completely isolated from the remainder of the student body. Students late to school or checking out while assigned to ISI will be given an additional day of ISI. Teachers of a student assigned to ISI will prepare daily assignments which include the work the student is missing during his/her absence from class, and these assignments will be completed in ISI and then returned to the classroom teachers. Students assigned to ISI will not be allowed to participate in any school activities, such as pep rallies, assemblies, etc., that take place during normal school hours.

Should a student who is recommended for expulsion be placed on probation by the school board, probationary period will be determined by the school board. The student may be represented at such hearing by counsel of his/her choice. The hearing will be closed to the public to protect the student from adverse effects of any disclosure made at such a hearing. See JCSD School Board Policy JCA and JDAA.

Violence Policy or "Threat Protocol"

As a result of the violence and numerous shootings that have taken place nationally on school campuses, the Jackson County School District feels that it must take action to prevent an incident of this nature from occurring in our school district. The following actions will be taken with students making threats to do bodily harm on a school campus or at a school function:

- Students making threats to other students, teachers, administrators, and other school personnel or in the community that they would like to do bodily harm to someone else or themselves on the school campus or at a school function may be reported to the sheriff's department. Students making these threats may be recommended to the school board for expulsion. Before the students return to school, they will need to provide school officials with documentation that they have undergone counseling and/or psychological evaluation and that they pose no threat to students or school personnel.
- Students who hear other students making threats to other students, teachers, administrators, or other school personnel are encouraged to report this action to a teacher or an administrator. The names of students making such reports will be kept

in confidence. In addition, a toll-free number is available to report any situation that could put your school's safety at risk. This number, 1-866-960-6472, is provided by the State of Mississippi, Department of Safe and Orderly Schools. All calls are confidential, and no one will ask for your name.

- School personnel are aware of the unwritten code that you do not "tattle" on a fellow student, but feel that when the lives of one or more students, teachers, administrators, or other school personnel are threatened, this code does not apply. Students who withhold such information could face disciplinary action. See JCSD School Board Policy EBBB, JCDAE(2), JCA, JDAA, and JD.

Prevention of School Violence

The Jackson County School District shall be in compliance with the following Mississippi Code: Section 1. Section 97-37-17, Mississippi Code of 1972, is amended as follows:

- The following definitions apply to this section:
  - "Educational property" shall mean any public or private school building or bus, public or private school campus, grounds, recreational area, athletic field, or other property owned, used or operated by any school board, school, college or university board of trustees, or directors for the administration of any public or private educational institution or during a school related activity; provided however, that the term "educational property" shall not include any sixteenth section land or lieu land on which is not located a school building, school campus, recreational area or athletic field.

Any person violating this subsection of the law and found guilty will be required to pay a fine and may be imprisoned.
- It prohibited for any person to cause, encourage, or aid a minor who is less than eighteen years old to possess or carry, whether openly or concealed, any BB gun, air rifle, air pistol, bowie knife, dirk, dagger, slingshot, leaded cane, switchblade

knife, blackjack, metallic knuckles, razor and razor blades, metal nail files, and any sharp pointed or edged instrument except instructional supplies, and tools used solely for preparation of food, instruction and maintenance on educational property. Any person violating this subsection shall be reported to the proper law enforcement and upon conviction will be required to pay a fine and possibly be imprisoned. It shall not be a violation of this section for any person to possess or carry, whether openly or concealed any gun, rifle, pistol, or other fire arm of any kind on educational property if:

- The person is not a student attending school on the educational property and had a proper license/permit to carry a weapon;
- The firearm is within a motor vehicle; and
- The person does not brandish, exhibit or display the firearm in any careless, angry or threatening manner.

- This section shall not apply to:
  - A weapon used solely for educational or school-sanctioned ceremonial purposes, or used in a school-approved program conducted over the supervision of an adult whose supervision has been approved by the school authority (i.e., archery, ROTC). Armed forces personnel of the United States, officers and soldiers of the Militia and National Guard, law enforcement personnel, School Resource Officers or any private police employed by the District 5, State Militia or Emergency Management Corps, and any guard or patrolman of a state or municipal institution, when acting in the discharge of their official duties.
  - Armed forces personnel of the United States, officers and soldiers of the militia and National Guard, law enforcement personnel, any private police employed by an educational institution, State Militia or Emergency Management Corps and any guard or patrolman in a state or municipal institution, when acting in the discharge of their official duties.

  - Any person as authorized in Section 97-37-7 while in the performance of his official duties
  - Any mail carrier while in the performance of his official duties; or any weapon not described by Section 97-37-1 which is in a motor vehicle under the control of a parent, guardian, or custodian, as defined in Section 43-21-105 which is used to bring or pick up a student at a school building, school property or school function

  All schools shall post in public view a copy of the provisions of this section. See JCSD School Board Policy JDDB, JCDAE(2), and JCA. (MS Code 97-37-17)

Sexual Harassment: Employees and Students

Part 1

In accordance with Title VII of the 1964 Civil Rights Act, as amended in 1972, Section 703, no employee in the Jackson County School District shall be subject to sexual harassment. Furthermore, students in academic institutions are protected from sexual harassment by the Title IX of the Education Amendment of 1972, and shall not be subjected to sexual harassment by their peers or employees.

It is the intent of the school board to maintain an environment free from sexual harassment of any kind. Therefore, unwelcome sexual advances, requests for sexual favors, retaliation against persons involved in sexual harassment complaints and investigations, and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited.

Part 2

Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when certain criteria are met.

Criteria I:

Submission to such conduct is made either implicitly or explicitly, a term or condition of employment, the assignment of grades, or promotion, or used to deprive the student of access to the educational opportunities and benefits provided by the school district.

Criteria II:

Submission to or rejection of such conduct by an individual is used as the basis for employment or academic and other educational decisions affecting such individual.

Criteria III:

Such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment. With regards to students, the criteria are when such conduct has the purpose or effect of unreasonably interfering with the student's educational performance or creating an intimidating, hostile, or offensive learning/teaching environment.

Criteria I and II are examples of quid pro quo or conditional sexual harassment.
Criteria III is an example of hostile work or learning/teaching environment.

Part 3

Complaints of violation of this policy should be immediately reported to an administrator, teacher, counselor, or the Title IX coordinator/district counsel without fear of reprisal. If your supervisor or administrator is the person you believe has engaged in sexual harassment, report it to the Assistant Superintendent resources or the Title IX coordinator/district counsel. No administrator, manager, or supervisor has the authority to condition the terms and conditions of employment, such as raises, assignments, or promotion, on the receipt or denial of sexual favors. Likewise, no administrator, teacher, or other school official has the authority to condition grades or promotions, or other academic decision on the receipt or denial of sexual favors.
Therefore, should violation prove to be legitimate, the offending employee shall be subject to disciplinary action, including involuntary termination of employment. Students who engage in sexual harassment of other students shall be subject to disciplinary action, including suspension and expulsion.

Part 4

The school district will not in any way retaliate against an individual who makes a complaint of sexual harassment or against any participant in the investigation nor will it permit an supervisor, administrator, principal, or employee to do so. Retaliation is a serious violation of the sexual harassment policy and should be reported immediately. A person who engages in retaliatory conduct against another individual for reporting sexual harassment will be subject disciplinary action up to and including termination.

Part 5

Relationships between individuals who occupy different levels of authority are banned.
If there are relationships between individuals who occupy equal levels of authority then those individuals will exhibit professional conduct in the workplace.

Definitions of Bullying or Harassing Behavior

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole. See JCSD School Board Policy JDDA.

Student Bullying Policy

The Jackson County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristics that (a) places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school- sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Jackson County School District makes every reasonable effort to ensure that no student or school employee is subjected to bullying and harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against an alleged victim, witness, or a person with reliable information about an act of bullying or harassing behavior. The District requires anyone who has witnessed or has information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Jackson County School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures are appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions".

Furthermore, the Jackson County School District defines one "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. The policies and procedures must recognize the fundamental right of every student to take reasonable actions as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. See JCSD School Board Policy JBA and JDDA.

Procedures for Bullying or Harassing Behavior

Students and employees in the Jackson County School District are protected from bullying or harassment by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing, and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board. See JCSD School Board Policy JBA and JDDA.

Procedures for Processing a Complaint

- Any student, school employee, or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee, or volunteer has been subjected to bullying or harassing behavior shall immediately report such conduct to a teacher, principal, counselor, or other school or district official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. All witnesses and alleged victims shall complete a "Bullying/Harassing Report Form" (available in this handbook under the section Bullying/Harassing Report Form, from any school or district office, and on the district website), which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the alleged victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint.
- The report shall be given promptly to the principal, assistant superintendent, or superintendent who shall institute an immediate investigation. Complaints against a principal or director shall be made to the proper assistant superintendent for each attendance center or central office.
- Complaints against an assistant superintendent shall be made to the superintendent. Complaints against the superintendent shall be made to the Board chairman.
- The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings if necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the alleged victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.
- If the alleged victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the appropriate assistant superintendent. Such appeal shall be filed within ten working days after receipt of the results of the initial decision. The appropriate assistant superintendent will arrange such meetings with the alleged victim and other affected parties as deemed necessary to discuss the appeal. The appropriate assistant superintendent shall provide a written decision to the alleged victim's appeal within ten (10) working days.

- If the alleged victim is not satisfied with the decision of the assistant superintendent, a written appeal may be filed with the superintendent. Such appeal shall be filed within ten working days after receipt of the decision of the assistant superintendent. The Superintendent shall, within twenty (20) working days, review all documentation and decisions of other actions and render a decision in writing to the alleged victim regarding the appeal.
- If the alleged victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the alleged victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the alleged victim's appearance before the Board. See JCSD School Board Policy JDDA and JBA.

Resolving Complaints

If the investigating administrator determines that bullying has occurred and it is the first offense of bullying for the aggressor, the aggressor will be punished according to the handbook steps 2-5. If a student has a second offense for bullying, the student may be sent to the alternative school for up to 45 days. If the student has a third offense for bullying the student may be recommended to the school board for expulsion.
See JCSD School Board Policy JD, JDDA, and JDAA.

Bullying/Harassing Report Form

Directions:
Harassment or bullying are serious and will not be tolerated in the Jackson County School District. This is a form to report alleged harassment or bullying behaviors that occurred on school property, at a school-sponsored activity, an event off school property, on a school bus, or on the way to and/or from school. If you are a victim who is getting harassed or bullied or a witness to someone being harassed or bullied, you must report it immediately by completing this form and returning it to any school or district office. See JCSD School Board Policy JDDA and JBC.

Transportation Services

Transportation Services for Elementary (K-5) and Secondary (6-12)

The Jackson County School District operates transportation services required by state law, which directs that all school districts furnish transportation to pupils living one or more miles from their attendance center. Use of the JCSD transportation service is a privilege.

The district regards transportation as a vital service for students and maintains annual equipment maintenance and driving programs as to assure an efficient, safe operation. Drivers receive special certification and participate in safety and energy conservation programs.

Any questions regarding the overall operation of the particular attendance center's transportation program may be directed to the local transportation supervisor:

East Central Attendance Center	228-283-3100
St. Martin Attendance Center	228-283-3400
Vancleave Attendance Center	228-283-3700

See JCSD School Board Policy EDD, EDC, and EDDAC.

School Bus/All District Vehicle Services for Elementary (K-5) and Secondary (6-12)

The district provides transportation for all students. In addition to riding the school bus students may walk, ride bicycles, drive other motor vehicles, or their parents may provide transportation to school. Students who drive motor vehicles to school are required to have a valid Mississippi driver's license and to abide by all regulations regarding driving, parking, and conduct in parking lots. School buses are school property.

School Bus Discipline for Elementary (K-5) and Secondary (6-12)

- Student discipline is the shared responsibility of parents, students, and school personnel. Drivers are expected to keep order and discipline on the bus, but their major responsibility must be driving the bus.
    - Riding the school bus is a privilege. This privilege carries with it some responsibilities on the part of the student. Behavior which prevents the driver and the student from having a safe trip to and from school will not be tolerated.
- Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed for elementary (K-5) or secondary (6-12) levels in the respective handbooks.
- Students may be denied the privilege of riding the school bus because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year, if the principal determines the action is necessary for the safety of the other students on the bus. (MS, State Code 37-7-301, [e]) Consequences for misconduct on the bus will be consistently applied. The transportation director, school administration, or other designee may handle minor offenses. Questions involving disciplinary actions should be directed to the school administration. Action requiring suspension shall be the responsibility of the school administration. The administration shall notify transportation director and the student's parents when a student's bus riding privileges are suspended. The transportation director will notify the appropriate bus driver. In addition to unacceptable behaviors listed in the assertive discipline section for elementary (K-5) and secondary (6-12) of this handbook, the following behaviors on the bus are unacceptable and will result in disciplinary action being taken against the student.

Established Rules of Behavior for Elementary (K-5) and Secondary (6-12)

- At no time are students to put heads, arms, legs, bodies, or hands out of the windows of the bus.
- Immediately upon entering the bus, students are to be seated and are to remain seated until they arrive at their destination. The guidelines apply at any time a student is transported on a school bus.
- Students will board the bus and leave the bus according to instructions of the bus driver. Students are to obey all directions of the bus driver at all times.
- Students may not leave the bus on its way to or from the school except at their designated stop.
- Students are not to throw any objects on the bus or from the bus.
- Students must sit in the seat assigned by the driver. Drivers have the option of reassigning students to a different seat when necessary.
- The bus must come to a complete stop before students enter or exit the bus.
- Loud talking and other loud noises are not permitted on the bus.
- No beverages or food may be consumed on the bus.
- Intentional littering of the bus is prohibited.
- Vulgar language is prohibited on the school bus.
- Balloons, vases of flower arrangements, or other objects, which hinder the view of a bus and/or create a dangerous situation are prohibited.
- Students will not be allowed to spray any perfume or other type of spray on the bus.
- Parents/guardians may not view bus video.
- All school rules, as approved through the Assertive Discipline Plan for elementary (K-5) and secondary (6-12), also apply to school bus conduct.

A student's failure to follow established rules of behavior will result in the following disciplinary action. (The severity of the student's misbehavior will determine the step on which the student is placed.)

- **Step 1**
  Written Warning: Shall be signed and returned by parent/guardian.
- **Step 2**
  One (1) to three (3) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 3**
  Three (3) to five (5) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 4**
  Five (5) to ten days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 5**
  Shall result in loss of bus privileges for the remainder of the school term/year. If the student is removed from the school bus, a conference with the school administration must be held prior to the student being permitted to ride the bus. Continued or severe misbehavior may result in the student's removal from the bus for the remainder of the school year. If a student misbehaves during the final days of school, the punishment may continue into the next school year.
- **Step 6**
  Referral to the school board or superintendent for further action.
  See JCSD School Board Policy JD, EDC, and JCDAD.

Interference with School Buses for Elementary (K-5) and Secondary (6-12)
It is unlawful for any individual to board a school bus, other than a student scheduled to, a member of the public-school administration or faculty, or a law enforcement official. State law prohibits unauthorized boarding of school buses or interference with passenger boarding or leaving, under penalties of fines and/or imprisonment.

Parents/Guardians Picking Up Students or Student Riding a Different Bus for Elementary (K-5) and Secondary (6-12)
If it becomes necessary for a student not to ride his/her regular bus home, the parent/guardian should send a note to the school with the student that day. If an emergency arises during the school day, parents/guardians should notify the school before 1:30 p.m. to request a change in how the student will go home. Likewise, there may be a need for a parent/guardian to check out a student at the point of boarding a school bus. This will be permitted only with the clearance of an administrator or transportation director.

Changing Afternoon Transportation for Elementary (K-5) and Secondary (6-12)
To ensure the safety of all students, changes to daily transportation should be minimal.

- The parent/guardian must send a note to the school if the student is going to ride a different bus or will be picked up instead of riding the bus.
- If a student misses the bus in the afternoon, he/she has to be signed out in the office by the individual picking up the student.
- Students will not be allowed to ride a bus, other than their own bus, without a note signed by a parent/guardian and/or principal/transportation supervisor.

For the safety of your child, phone calls are not accepted to change afternoon transportation arrangements.

Buses for Elementary (K-5) and Secondary (6-12)
The Board of Education recognizes the district's continuing responsibility to maintain and improve discipline and to insure the health, welfare, and safety of its staff and students on school transportation vehicles.
Students found to be in violation of the district's bus conduct rules shall be subject to disciplinary action in accordance with district policy and regulations.
Bus transportation is a privilege extended only to students who display good conduct while preparing to ride, riding, or leaving the bus. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation. (MS Code 37-37-301 [e])
Riders who fail to comply with the above rules shall be reported to the school principal, who shall determine the severity of the misconduct and take appropriate action as described in the student handbook. In the case of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined by the principal, up to the remainder of the school year, and parents will be notified. See JCSD School Board Policy EDC and JCDAD.

Safety Regulations for Elementary (K-5) and Secondary (6-12)
Parents/guardians play a vital role in assuring the safety of students served by the school transportation program. Parents/guardians may help by instructing their children in the following procedures for boarding, riding, and departing the bus.

Loading the Bus for Elementary (K-5) and Secondary (6-12):

- Students should arrive at the designated bus stop on time. The bus cannot wait for late arrivals.
- Students should always stand away from the street or roadway (a minimum of 15') and avoid pushing and playing while waiting for the bus to arrive home.
- Students should wait until the bus comes to a complete stop before approaching and attempting to enter the bus.
- Students should board the bus quickly and quietly, as directed by the bus driver.

Riding the Bus for Elementary (K-5) and Secondary (6-12):

- Students will be held to the same rules and regulations listed on the district discipline ladder.
- Student will follow the instruction of the bus driver at all times.
- Students will not be allowed to spray any perfume or other type of spray on the bus.

Departing the Bus for Elementary (K-5) and Secondary (6-12):

- Drivers will not discharge riders at places other than regular bus stops unless proper authorization from school officials has been given.
- When necessary to cross a street or roadway after getting off the bus, students should cross only in front of the bus. Students should carefully look both ways to make certain that no traffic is approaching from either direction. Students should carefully look both ways to make certain that no traffic is approaching from either direction.
- Students should cross a minimum of 10' in front of the school bus. This will enable the bus driver to see the student until he/she is safely to the other side of the road.
- Students should not stop to pick up any items dropped in front of the school bus.

Extracurricular Trips for Elementary (K-5) and Secondary (6-12):

- All transportation rules and regulations apply to any trip under school sponsorship.
- Teachers and/or chaperons appointed by the school will enforce all school and transportation regulations.

School Dress Code

Dress/Grooming Policies

Dress and grooming codes are based upon certain sound foundations; they are not just arbitrarily selected and dictatorially enforced for no cause. Laws surrounding indecent exposure, conditions necessitating safety and personal well-being, health and sanitation are some of the basic fundamentals. Conditions conducive to learning must not be impaired because of temporary and individualized fads. In order for students to be able to cope with even larger restrictions and responsibilities, they must learn while still in school to observe regulations set forth for the group as a whole. Keeping this total concept in mind and realizing a need to satisfy peer group desires for current fashions, the Board will make an effort periodically to restructure the dress and grooming code according to current conditions.

It shall be the responsibility of district and school support staff to communicate information to parents/guardians regarding the requirement of the mandatory school uniform dress code, including, but not necessarily limited to: a. types and colors of uniforms, b. optional articles of attire, and c. compliance measures to be employed.

All due process procedures provided in MS Code 37-7-335, will be followed in the administration of this policy.

The Jackson County School Board has defined the minimum standards of dress and grooming which will be acceptable for participants in the school system. The following is a description of the clothing that students shall wear while attending school in the Jackson County School District. An effort had been made to be as specific as possible about acceptable styles and colors. When purchasing your child's clothing for school, you are encouraged to purchase within the guidelines listed below. Because a certain style, etc. is not listed does not mean that it is acceptable attire that can be worn to school. If you have questions about a certain style of clothing, you are encouraged to contact the administrator of your child's school for clarification prior to the purchase of the clothing.

- Shirts shall be buttoned.
- Underclothing shall be worn.

Girls

- Underclothing, including panties and bras, shall be worn.
- No see-through clothing may be worn unless worn with proper underclothing.
- No clothing top shall be cut so low in front as to expose any part of the breast or

be excessively low in the back.

The Jackson County School Board has adopted these standards expecting the support by parents and students in the spirit for which the standards are intended. Students are expected to dress and groom within the limits set by the standards. Students are expected to obey the rules and directions of their teachers and principals in charge of their educational programs.

Parents/guardians are requested to encourage their students in participating in the spirit intended by the standards for personal appearance and the discipline program.
The personal appearance code will be positively enforced by teachers, principals, and administrators.

The standards for dress, grooming and discipline with appropriate methods of enforcement and appeal have been established to provide an environment and conditions whereby the school district's educational program can be so planned, adapted, and conducted as to provide each child the training and opportunity to take his place in a democratic society. The personal appearance code has been developed to establish a standard of decency for covering the body, improving the educational environment of the school and enhancing school safety and should be interpreted in the spirit for which it is intended.

Non-Compliance of Dress Code

Students new to the district and enrolling on or after the first day of school will have five (5) school days to comply with the dress code.

- The administration at the school shall confer with the parent/guardian of each student who fails to comply with the dress code in an effort to ascertain the reason(s) for non- compliance.
- Steps for non-compliance are as follows:
  - First Offense-Student will be placed in In-School Isolation (ISI) until the parent/guardian can bring the required clothing for the student or checks the student out of school for the day.
  - Second Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student will receive One (1) day. Out-of-School Suspension to be served on the next school day.
  - Third Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student will receive a Three (3) days In-School Isolation to begin on the next school day.
  - Fourth Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student shall be suspended from school until a disciplinary review hearing is held before the Jackson County School Board at its next regularly scheduled meeting.
- If a suspension is issued for non-compliance, the remainder of the suspension will be revoked upon compliance (for the 1st and 2nd offenses only, during the suspension period).
- The offenses are cumulative for the entire school year, with no probationary period. See JCSD School Board Policy JCA.

Financial Hardship

Parents/guardians who find it difficult to comply with the requirements of the Jackson County School District's Dress Code Policy due to financial hardship may request assistance from the principal at their child's school. The principal may be able to offer suggestions to the parent regarding assistance from various community and civic groups or agencies.

Parent/Guardian Information

Students' and Parents'/Guardians' Rights and Responsibilities
Both parents/guardians and students have certain rights and responsibilities regarding schools. Parents/Guardians have expectations for the following rights:

- Safety of their child
- Fair evaluations and treatment of their child
- A conducive learning atmosphere for their child
- Their child to be taught and treated in a competent and professional manner.

Parents/Guardians have the following responsibilities:

- Realize the extent of their responsibility for the behavior of their child. (Parents are responsible for the behavior of their children while at school, and to and from school.)
- Prepare their children to assume the responsibility for their own behavior.
- Foster positive attitudes toward themselves, others, school, and community.
- Communicate with school personnel about their child.
- Comply with state law on compulsory attendance, property damage, suspension and expulsion procedures.
- Know and see that their child follows school rules.
- Attend individual or group training sessions and conferences when requested.
- Recognize that the teacher acts as parent while the child is at school.
- Safeguard the physical and mental health of their child and be responsible for necessary health examinations and immunizations.
- Work with and support school personnel who are trying to help their child.

Parents - Defined as the biological parent, step-parent, court appointed (legal) guardian or foster parent, and any individual who is acting in loco parentis on behalf of a court of jurisdiction.

Students have the following rights within the provisions of constitutional, federal, state, and common laws:

- An atmosphere conducive to learning
- To participate in school-sanctioned, organized, approved, scheduled assemblies;
- To refrain from any activity which violates precepts of their or others religious beliefs
- To form and express their own opinion without jeopardizing their relationship with their teachers, school administration, or their peers
- Through their student council representative to discuss issues related to school environment
- Participation in school program and activities
- Freedom from discrimination
- Due process
- Participation in decision-making.

Students have the following responsibilities:

- Attend school and be on time.
- Take seriously their responsibility to learn.
- Assume responsibility for their personal growth and self-discipline.
- Take care of their personal property. Respect the rights and privacy of others.

- Work cooperatively with school personnel and other students.
- Study the school's handbook.
- Know and follow school rules.
- Accept responsibility for their actions.
- Must not disrupt educational process.
  See JCSD School Board Policy LAA, JRAD, and JRAB.

Grievance Procedure

- Any student/parent who may have a problem during the course of the school year should go first to the person with whom he/she disagrees. If the problem cannot be resolved at this level, he/she should go next to the building principal. If he/she is still not satisfied, he/she should continue to the Assistant Superintendent, Superintendent, and finally the School Board. To appear before the School Board, the grievant must submit the request to the Superintendent.
- This procedure should be followed if there is a problem with transportation, child nutrition, or any other division of the school system. For example, if there is a problem with transportation, the person would go first to the bus driver, transportation supervisor, principal, and then continue through the chain of command as listed above.
- Students/parents/guardians are encouraged to follow the chain of command in an effort to resolve any problems at the lowest possible level in the chain of command.
  See JCSD School Board Policy GAEP, GAE, and IDDHA.

Modifications for Exceptional Students Special Education Placement

Educational programming and placement will be in accordance with the student's individualized education plan. Questions or concerns should be directed to the Director of Special Education. The address and phone number are listed in the front of this handbook. See JCSD School Board Policy IDDFAA and IHAA.

Parent/Guardian Involvement in Conferences

Parent/guardian-teacher conferences should be arranged by appointment for the time set aside each day following the close of school or during the teacher's consultation period. Parents/guardians may contact the office or teacher at the school that their child attends to arrange a conference.

Parent/Guardian-Teacher Organization

The education of each child is a cooperative enterprise. Close cooperation and understanding between the home and school is most important. To help achieve this, there is an organization of parents/guardians and teachers on each of the school's campuses. All parents are encouraged to participate in the school's PTO.

General Information

Emergency Operations

- School staff members faced with an emergency affecting the health and welfare of a student will exercise their discretion and judgment as to procedures for handling the emergency, following established policy and procedural guidelines as far as possible. In the event that a student's parent/guardian cannot be reached, the school officials will act to safeguard the student in a reasonable way.
- Schools are sometimes faced with emergencies that require the total cooperation of staff members and students. The Jackson County schools have detailed plans for operating under such emergency conditions as fire, tornado, flood, severe weather, explosions, and other emergencies.
- Fire drills and other emergency preparedness measures are a regular part of each school's program. Detailed instructions for emergency operations will be outlined to all students at their respective schools. Students are expected to learn the procedures to be followed under emergency conditions and to cooperate fully with the supervising teacher, staff, and/or administrator during drills and/or the actual event of such an emergency. The teacher will instruct all classes as to the procedure and exit to follow. Each room will use a certain exit, and it is necessary that each student follow the directions of the teacher in order that the building may be vacated in the shortest time possible. All students will leave the building as quickly as possible. See JCSD School Board Policy EBBC and EBBC-R.
- When a decision must be made to close or dismiss any school(s) within the Jackson County School District, the superintendent or his/her designee will notify local radio and television stations. Parents/Guardians and students should listen for announcements from these media outlets and/or contact the school district's homepage on the Internet. Callouts via telephone or other appropriate technology will be attempted as necessary.

Textbooks and Technology

- Textbooks and technology may be issued by the teacher for each subject. The state- owned textbooks and technology are estimated to last five years. The condition of the book or technology issued to a student is checked at the beginning of the school year and again at the close of the session.
- Parents/guardians will be required to sign a statement assuming full responsibility for the books and technology and their proper care until all items have been returned to the school.
- Textbook and technology checks may be made at different times during the school year by a school official.
- In accordance with House Bill 1063, if a textbook or technology device is lost, damaged beyond use, or not returned by a student who drops out of the district, the parent or legal guardian will be required to compensate the district for the list value of the book(s) and device(s). Lost textbook(s) and device(s) must be paid for before another one is issued. Students who do not pay fines will not be issued books or devices for the following school year.
- The Jackson County District will not require fees for curriculum materials and other supplemental instructional materials and supplies. Students will be required to have paper, pencils, erasers, etc.
- Good care of books and equipment is an indication of good citizenship.

Library Books
Visiting the library is a privilege to all students. Students are expected to maintain proper care of the books and equipment. Students with overdue books may not be permitted to check out additional library books. Students who lose or damage library books beyond use will pay the current price of the books.

Video Policy
In compliance with the Family Education Rights and Privacy, there will be no videos, cameras, or any other recording devices without a proper written release form from the administration on school property or school related activities.

Student Insurance
Student insurance enrollment and claim forms are available on the district website. Telephone numbers are available for additional information concerning benefits or enrollment procedures. Parents/guardians are encouraged to enroll their children in this policy.

School Insurance
Student insurance enrollment forms are available in the office at each school. Telephone numbers are available for additional information concerning benefits or enrollment procedures. Parents/guardians are encouraged to enroll their children in this policy. Students involved in any extra-curricular activity are required to have insurance coverage. A policy is offered through the school or parents may sign a waiver if coverage is provided by private insurance. The policy offered through the school is an additional policy and all students are encouraged to enroll.

Blood Drives
Jackson County Schools may sponsor blood drives on secondary (6-12) campuses several times during the school year. Students who are seventeen years of age or older are eligible to be a blood donor. The standards of eligibility are established nationally and approved by the FDA. A notice will be sent home with each student on any secondary (6-12) campus prior to any scheduled blood drive.

Students and the News Media
The school district will publish the name and/or picture of a student in school publications or school-related articles or include students in other school-related news media programs unless prior requests have been made by a student's parent/guardian for exclusion of his/her child's name or picture from such publications or news media programs.

Attendance at Prom (High School Only)
Only those students who are classified as juniors or seniors at the beginning of the school year and are in good standing with their respective classes and school are eligible to receive an invitation to attend the prom.
All juniors will be required to contribute a minimum amount of money in order for the prom to be held. Juniors not meeting these requirements will not be given an invitation to prom, nor will they be allowed to attend prom with someone else who has received an invitation. In addition, any junior not paying dues as a junior must pay the dues as a senior before receiving an invitation to attend the prom. See JCSD School Board Policy JT.

Deliveries to Students during the School Day
To protect the instructional time of our classes, parents/guardians may not take deliveries to classrooms at any time. Deliveries to individual students are not allowed.

Drink and Snack Machines
The drink and snack machines in the teacher's lounge are for office personnel and teachers only. Students are not to enter the lounge and get drink or snacks from these machines. See JCSD School Board Policy JG.

Science/Technology Laboratories
Good behavior in the laboratory is most important because of the use of acids, burners, and electrical equipment which could cause serious accidents if improperly handled. Any student damaging or breaking any laboratory equipment intentionally or through neglect on his/her part will be required to pay for the damage.

Student Parking Lot (High School Only)
The Jackson County School District is not responsible for damages to or property stolen from a student's vehicle while parked on the school campus. In order to purchase a parking pass, students must show a valid Mississippi Driver's License and proof of current insurance.

- Students who drive on campus are subject to random drug testing. See JCSD School Board Policy GBRM-2.
- Students driving recklessly or speeding shall lose their privilege of parking on campus for a period of time, as determined by the administration.
- After students arrive on campus, they are prohibited from remaining in cars in the parking lot or returning to their cars during the school day without administrative approval.
- Bringing a personal vehicle on campus is a privilege and may be restricted by the administration of the school. The school district provides free transportation to and from school and may require that a student not bring a personal vehicle on school property if said student violates rules governing personal vehicle use and parking lot decorum.
- Schools may assess a fee for a parking decal and require a student to place this decal in a particular area on each car he/she drives to school. This decal is for identification purposes only and does not represent any responsibility on the part of the school for any damages or loss to vehicle.
- School administrators have the right to insure a safe and orderly school environment. Mississippi Code 97-37-17 specifies that it is unlawful to be in possession of guns, knives, or other items that may be used as weapons on school grounds. If the administration determines that probable cause exists that any gun, other weapon, alcohol, illegal drugs, or other controlled substances or items are contained in a private vehicle on campus, they are authorized, under law and by the provisions of this policy, to provide for search of such private vehicles. See JCSD School Board Policy JCDAB.

In addition, if a student demonstrates that they are unwilling to comply with school rules pertaining to student's bringing private vehicles on school campuses, the administration may, at their discretion, restrict such access and require that said student utilize the free transportation system provided by the school district for all students.

Extra-Curricular Activities
Middle (6-8) and High School (9-12) Only
Seventh, Eighth, and Ninth grade Participation: Students in the seventh grade, eighth grade, and ninth grade, participating in school extra-curricular activities, must meet eligibility requirements established by the Mississippi High School Activity Association. See JCSD School Board Policy JH.

Fundraising
An organization must receive prior approval from the principal and the superintendent before beginning any fundraising project. No student representing groups outside school will be permitted to conduct fund raising activities in the school. Students possessing candy or other items at school for sale to other students, other than for school-sponsored and approved activities, may be subject to placement on the discipline ladder. Refer to School Board Policy. See JCSD School Board Policy JKAA and JG.

Activity Fund
School clubs and organizations will deposit all money and make requests for withdrawals through the office of the Principal and the Director of Organizational Sponsor. See JCSD School Board Policy DK.

School/Community Relations and Liaisons
The specialists in this area serve the educational process by assisting in maintaining and enhancing lines of communication with parents, community members, law enforcement, and other public and private organizations and agencies. They are also available to disseminate information and to assist school administrators in developing and maintaining effective relationships with parents and community agencies.

Use of Telephone
- School telephones are for school business only, and students will not be permitted to use them. In case of emergency or illness, calls for students are made through the office.
- Students are not permitted to use personal cell phones or other electronic devices during school hours on any school campus without permission from a teacher or administrator.

Cellular Phones and Electronic Devices
To avoid interruptions to the instructional program, the Jackson County School District prohibits the use, display, or activation of cellular phones by students during the instructional day on any school campus. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day. The district also prohibits the activation or use of cellular or electronic devices on the school buses.
Nothing in this handbook shall preclude the campus administrator from establishing appropriate use policies regarding electronic devices at their school or on the school bus within the District's Appropriate Use Policy.

Cellular Phone and Electronic Device Usage Consequences:

First Offense:
- If a student has a cell phone or electronic device and it is taken up during the instructional day as cited above it will be secured by the administration until released to the student's parent/guardian. Parents will be given a copy of this policy and asked to sign a form of acknowledgement.

Additional offenses:
- Further offenses will result in the student being disciplined according to the assertive discipline policy (beginning with one day of ISI). The cell phone or electronic devices will be returned after school on the last school day of the given semester.

- If it is determined that a cell phone was used in a drug transaction, promoting a disturbance, texting answers, or any illegal or immoral activity, the student will be suspended and the phone will be returned on the last school day of the given school year.
- There is no probationary period for cell phone or electronic devices.

Electronic Cigarettes and/or any Devices such as vapes

All use of electronic cigarettes and/or any devices such as vapes is prohibited on any school campus and at any school function or activity. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day or at a school related event. There is no probationary period for electronic cigarettes and/or smoking devices. See elementary and secondary discipline ladder item number 7 for additional consequences.

***The Jackson County School District will assume no responsibility of student loss, damage, or theft of the cell phones, electronic devices, any smoking devices or electronic cigarettes.**

Guidance and Support Services

Guidance Services

The goals of the Jackson County School District Guidance Department are:

- To provide individual inventories in the form of cumulative records for staff use in undertaking students.
- To make counseling services available to all students.
- To assist the student in choosing a course of study best fitted for his needs, abilities, and goals.
- To collect, organize, and present educational and occupational information to students.
- To assist new students in orientation to the school.
- To provide information on available financial assistance for the student wishing to further his education.
- To assist students in job placement after graduation. See JCSD School Board Policy IFB.
- To work closely with parents/guardians, employers, and community agencies in furthering the welfare of the students.

Parent/guardian-teacher conferences will be scheduled when deemed necessary and when requested by either party. This will be done through the principal or counselors.

Guidance Program

- Guidance services shall be available for every student in the district. These shall be supervised at all grade levels by a staff member designated by the superintendent and shall include school psychological services, guidance services, testing services and in- service programs in guidance and psychological areas.
- Guidance shall include aiding the student in discovering and measuring his/her capabilities, abilities, and real interest; in helping him/her obtain adequate and accurate information about schools, courses, occupations, and careers, and in helping him/her solve personal and academic problems.
- Students and parents/guardians will be encouraged to avail themselves of the help of guidance personnel. See JCSD School Board Policy IFB.

Child Nutrition

Child Nutrition Programs are federally funded and administered by the Food and Nutrition Service (FNS) of the United States Department of Agriculture (USDA) and implemented by the State Department of Education which operates through agreements with school food authorities. The objective of the program is to enhance the health and academic achievement of students by providing affordable, nutritionally balanced meals and nutrition education in the cafeteria. Staff members are trained to serve quality meals so that the student enjoys cafeteria meals and the dining room experience.

Free and Reduced (www.myschoolapps.com)

- Child Nutrition Programs provide children in low-income households the opportunity to qualify for meals at a free or reduced rate. Households apply for free/reduced meals annually and their eligibility is based on their household size and income.
- Income guidelines are set annually nationwide. A students' Free/Reduced eligibility lasts for the entire school year. Households may re-apply for benefits if their financial circumstances change within the school year.
- Students who qualify for free/reduced meals are eligible for other assistance programs. Schools use the free/reduced data for benefits as well. Therefore, it's important for all households who think they may qualify to apply even if they do not eat meals at school.
- Verification is required to make sure that only eligible children receive free and reduced-price meal benefits. Therefore, a sample of applications for free and reduced-price benefits is selected to be verified. Selected households have to show information and/or documents which prove they are eligible for free or reduced-price meal benefits. Households affected by a reduction or termination of benefits may reapply for benefits at any time during the school year. However, those households terminated due to verification efforts will be required to submit income documentation or proof of participation in the Supplemental Nutrition Assistance Program (SNAP) at the time of reapplication. (JCSD School Board Policy EE).

Program Accountability

- Child Nutrition Program revenues and expenditures are separate from the school district budget. All food, supplies, salaries with benefits, equipment, etc. related to the food service program are purchased within the program. Federal and state revenue is generated through claim reimbursement and it's based on the total meals served within that time period. Local revenue is generated by extra food sales, paid student and adult meals.
- Student lunches are sold at a price lower than actual cost because federal reimbursement makes up the difference between what the meal costs to produce and what the student pays.

An additional goal of the Jackson County School District is to keep the meal prices low for paying students and adults, within federal parameters. USDA FNS Instruction 782-5 sets forth the policy on pricing of meals served to paid students and adults in the National School Lunch, Commodity and Breakfast Programs. No reimbursement or commodities are received for adult meals and the program is not allowed to absorb this difference in cost. The difference in cost must be covered by a higher price to the adult. A child purchasing a second meal would be charged the price of an adult meal due to the fact that only one meal per child can be claimed for reimbursement.

Charge Policy

- Debt not paid before the end of the school year are carried forward into the next school year.
- Withdrawing students will be required to pay their debt during the withdrawal process. Seniors must pay all charges before graduation.
- All returned checks are handled by a collection agency.

Meal Prices

2024-2025 Meal Prices https://www.jcsd.ms/domain/18		
Breakfast	Students	Free $0.00, Reduced $0.30, $1.75 Paid $2.00
	Adults	$2.75
Lunch	Students	Free $0.00, Reduced $0.40, $2.75 $3.00
	Adults	$4.50

Meal Accounts (www.myschoolbucks.com)

- The point of service software system provides each student with a meal account to be used to pay for meals and to not overtly identify those students who receive free or reduced priced meals. The account number is to be used each year they are enrolled in the district, regardless of the school they attend. Advance prepayments are encouraged in efforts to decrease wait time in line, but cash is also accepted from students at the time of purchase.
- An on-line service (www.myschoolbucks.com) is available to view meal balances, track purchases and/or to prepay for students' meals with a credit or debit card. Funds are immediately available for use.
- Parents/Guardians are able to complete a requisition for account transfers or refunds.

Menus (www.mealviewer.com)

- Jackson County School District offers breakfast and lunch to all students daily.
- Menus for Jackson County Schools are designed to give Mississippi students appealing choices and a variety of food selections that meet the National School Lunch and Breakfast meal patterns.

Federal Meal Requirements and Food Sales Policy

- The National School Lunch pattern contains a minimum of the following five meal components: (1) meat/meat alternative, (2) vegetable, (3) fruit, (4) grain, and (5) milk.
- The National School Breakfast pattern contains a minimum of the following meal components, (1) fruit/vegetable, (2) milk, (3) grain and (4) optional meat/meat alternative.
- The *Offer Versus Serve* provision is offered in all grades. This allows for students to decline meal components if they wish.
- Federal policy *Smart Snacks in Schools* sets parameters on the nutrient content of the foods and beverages sold to students during school hours.
    - Foods sold on campus during school hours must be whole grain-rich products or must have a fruit, vegetable, dairy or protein food as the first ingredient. The food must contain 10% of the daily value of calcium, potassium, vitamin D, or fiber. The sale of candy is prohibited.

Sugar	≤ 35% sugar by weight (excludes fruits, vegetables and milk)
Sodium	Snack: ≤ 230 mg/serving Entrée: ≤ 480 mg/serving

- Beverages sold on campus during school hours must be plain water, unflavored low-fat milk, flavored fat free milk and milk alternatives, or 100% fruit and vegetable juice. High schools may sale low and no

  calorie beverages, but must not contain more than 40 calories per 8 fl ounces, or 60 calories per 12 fl ounces.
- Beverages must be within the proper portion limits:
  - K-6 grades may sell up to 8 oz portions of milk and juice
  - 7-12 grades may sell up to 12 oz portions of milk and juice
  - There are no portion limits on plain water.

State Competitive Food Law

- State law restricts the sales of all food sold on campus beginning one hour before school lunch is served. All food sales (school stores, PTO sales, fundraisers during school hours, and/or vending machines) that students have access to must be turned off one hour before your first lunch period and cannot be turned back on until after the last lunch period.
- Foods of minimal nutritional value are not allowed in the cafeteria during meal periods. These foods include, but are not inclusive of, candy, carbonated beverages, fast food, and frozen desserts that contain less than 100% fruit juice. Food deliveries from commercial establishments are prohibited during serving periods.
- Student *A la Carte sales* of single meal components of the school meal program is prohibited in the state of Mississippi, unless the full meal unit is being purchased. Water and milk products are an exception to the state law, so students who bring a lunch from home may purchase water, milk or ice cream from their lunch account or with cash at the time of purchase.

Local School Wellness (School Board PolicyJB)

- Wellness is a part of Mississippi Public Schools Accountability Standards, and the policy is enforced by school administrators and school health council coordinators.
- The use of foods as rewards for student accomplishment are prohibited.

The wellness policy eliminates the withholding of food or physical activity as punishments. USDA Non-Discrimination Statement – Civil Rights Policy and Complaint Procedure

In accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.) Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, and American Sign Language) should contact the responsible State or Local Agency that administers the program or USDA's TARGET Center at **(202) 720-2600** (voice and TTY) or contact USDA through the Federal Relay Service at **(800) 877-8339.**

To file a program discrimination complaint, a complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online, at https://www.ocio.usda.gov/document/ad-3027, from any USDA office, by calling **(866) 632-9992**, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary of Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by: mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; or fax: (833) 256-1665 or (202) 690-7442; email: program.intake@usda.gov. This institution is an equal opportunity provider.

Email from iReady regarding participation in a study received on 5/22/24

I hope that you are doing well. As you are nearing the end of the 2023-2024 school year, we wanted to let you know about an opportunity that you might be interested in participating in.

Curriculum Associates is conducting a linking study evaluating the relationship between *i-Ready Diagnostic* and the 2024 Mississippi Academic Assessment Program (MAAP) summative tests. I have included some additional information about the study below. Please reply to me by Friday, May 31, 2024 to let me know if your district is interested in participating in the 2024 MAAP Linking Study.

Here are some important points about the study:
Participation will not require any additional effort on the part of any educators nor any involvement of students.

- The study will include students in grades 3 through 8 who have taken *i-Ready Diagnostics* during the 2023-2024 school year.
- Participating students will have *i-Ready Diagnostic* scores and matching MAAP scores and performance levels.
- A Data Sharing Consent and Agreement between the District and Curriculum Associates will be fully executed before any MAAP data is collected and transferred via secure email.
- Curriculum Associates will provide participating districts with an Excel file to simplify the MAAP data collection.
- Participating districts will send their 2024 MAAP data to Curriculum Associates via secure email when the data is unembargoed and publicly available.
- For Grades 3-8, collected data will include:
    - *i-Ready* Student User Number
    - Chronological Grade in 2023-2024 school year
    - Spring 2024 MAAP Scale Score for Mathematics
    - Spring 2024 MAAP Performance Level for Mathematics (i.e., 1 –Minimal; 2 -Basic; 3 – Pass; 4 – Proficient, 5- Advanced)
    - Spring 2024 MAAP Scale Score for English Language Arts (ELA)
    - Spring 2024 MAAP Performance Level for English Language Arts (ELA) (i.e., 1 –Minimal; 2 - Basic; 3 – Pass; 4 – Proficient, 5- Advanced)
    - Spring 2024 Algebra I Scale Score
    - Spring 2024 Algebra I Performance Level
    - Demographic information: race, ethnicity, gender, economic disadvantage status, disability status, EL status

- A Correlation Brief that describes the correlations between *i-Ready Diagnostic* scores and MAAP scores, based on data from all participating districts, will be published at the conclusion of the study.
- District-Specific Correlation Briefs which report the district's correlations (aggregated) between *i-Ready Diagnostic* scores and MAAP scores will be shared with individual districts, provided the n-count per grade is at least 100 students. Curriculum Associates has found that correlations based on a sample size of less than 100 students are not stable, and therefore requires a minimum of 100 students to report correlations.

Thank you for your consideration.

DATA SHARING CONSENT AND AGREEMENT

This Data Sharing Consent and Agreement (the "Agreement") is entered into effective as of May 28, 2024 (the "Effective Date"), by and between Jackson County School District (the "District") and Curriculum Associates, LLC ("Curriculum Associates").

WHEREAS, the District desires to participate in a study analyzing the correlation between state summative test scores and i-Ready® data, and analyzing the efficacy of i-Ready to improve current programs, reporting features and/or professional learning offerings (the "Study");

WHEREAS, in order to participate in the Study, District must provide Curriculum Associates with access to certain Data (as defined below); and

WHEREAS, District and Curriculum Associates wish to set forth the terms under which such Data will be provided to and used by Curriculum Associates.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the District and Curriculum Associates hereby agree as follows:

1. District shall provide or has provided Curriculum Associates with the data required for the conduct of the Study, as enumerated in Exhibit A (hereinafter the "Data"). "Data" may included personally identifiable information, in its original and de-identified form, along with any de-identified data sets created from the Data ("De-identified Data"), which Curriculum Associates may create and use for research and development purposes consistent with educational purposes and in accordance with FERPA and applicable state and local laws and regulations.

2. All Data will be transmitted to Curriculum Associates in a secure, encrypted format in a time, place, and manner mutually agreed upon by the parties. Curriculum Associates acknowledges and agrees that, in accordance with FERPA and all other applicable state and local laws and regulations, Curriculum Associates will use the Data only for the purpose of conducting the Study and for no other purpose. However, Curriculum Associates may create and use De-identified Data for its own research and development purposes in accordance with Section 1 above.

3. The parties hereby agree that Curriculum Associates may share Data with a third-party researcher approved by Curriculum Associates ("Research Partner") by a secure means as reasonably agreed upon by Curriculum Associates and Research Partner. Curriculum Associates will enter into a written agreement with Research Partner that includes confidentiality and data-security obligations consistent with applicable laws. In addition, aggregated De-identified Data from all participating districts will be shared via correlation brief (or similar report) with other school districts, and District hereby consents to sharing such aggregated data with those other school districts.

4. Curriculum Associates agrees to implement, maintain, and use appropriate administrative, technical, and physical security measures to the full extent required by applicable state laws and FERPA in order to maintain the confidentiality of the Data. Curriculum Associates shall promptly notify District in writing of any unauthorized disclosures of the Data. By sharing this Data with Curriculum Associates, District agrees that it does so in accordance with all applicable laws and regulations.

5. Curriculum Associates shall remove the Data from all of its servers and systems and shall destroy any tangible embodiments of the Data following one (1) year after the completion of the Study. However, Curriculum Associates may retain De-identified Data for five (5) years after completion of the Study. After that time period, Curriculum Associates will remove the De-identified Data

from all of its servers and systems and shall destroy any tangible embodiments of such de-identified data sets. Notwithstanding the foregoing, Curriculum Associates receives certain data through District's use of Curriculum Associates' i-Ready platform (the "i-Ready® Data"), and the disposition of such i-Ready Data and related de-identified data will be managed in accordance with the applicable agreement(s) between the parties and the related data privacy addenda or i-Ready privacy policy, as applicable. Except with respect to the destruction requirements for i-Ready Data, this Agreement constitutes the entire agreement and understanding of the parties with respect to the subject matter hereof and supersedes any prior or contemporaneous written or verbal communications or representations regarding its subject matter. This Agreement may only be amended by a written amendment executed by authorized representatives of each of the parties.

6. This Agreement shall be governed by the laws of the State of Mississippi, without regard to its conflict of law principles.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.

Curriculum Associates®

Information on Professional Learning Sessions and COVID-19

Protecting the health and safety of the educators we serve and their students, as well as the health and safety of our employees, is of paramount importance to Curriculum Associates. While it is our preference to deliver PL sessions in person, circumstances related to COVID-19 may require us to provide sessions virtually instead. Curriculum Associates' policy is to only provide PL sessions in person where one of our employees can reach the session site by car and where adequate safety measures are in place to protect the health of our session leaders and participants. Curriculum Associates reserves the right to switch any session from in-person to virtual if we cannot reach a session site by car, if adequate safety measures cannot be put in place, or if Curriculum Associates determines that it would otherwise put it employees at risk to provide an in-person session.

If your school or district will not permit visitors at the time of a scheduled session, Curriculum Associates would be happy to provide an equivalent live, virtual session via videoconference. Similarly, Curriculum Associates will comply with your school or district's health and safety requirements regarding on-site visitors if we are given adequate advance notice. Our PL Operations team will work with school or district personnel to hold sessions in a manner that protects the safety of educators and your school community as well as Curriculum Associates employees.

We are pleased to be able to serve you in these challenging times and look forward to providing productive learning sessions to your staff. Any questions regarding scheduling in-person or virtual training sessions should be directed to pdoperations@cainc.com.

Course descriptions below:

Transitioning to i-Ready Classroom Mathematics 2024

DESCRIPTION: Equips teachers to launch a successful implementation. As educators experience i-Ready Classroom Math instruction through video and discussion, they begin to make connections between the program, the Standards for Mathematical Practice, and the NCTM Effective Mathematics Teaching Practices. Educators put their hands on print and essential digital components to learn about the program and prepare for the first few weeks of instruction. This preparation focuses on creating a discourse-rich classroom that supports students' mathematical reasoning and conceptual understanding through each day of instruction to work toward mathematical goals.

Outcomes: As a result of our time together, teachers will be able to:

- Teach Lesson 0 to establish a classroom where students make meaning of mathematics through purposeful conversation,
- Use the Teacher's Guide to plan and implement Ready Classroom Mathematics instruction, and

- Motivate and prepare students to do their best on the Diagnostic.

i-Ready Tailored Support for Middle School This will include an introduction to understanding the Diagnostic test flow, i-Ready Pro in comparison with My Path and Personalized Instruction, ***Getting Good Data*** and using Historical Results to set goals for Students,

Getting Good Data with i-Ready

DESCRIPTION: This is the integral first step for educators to begin implementing i-Ready and building a classroom data culture with their students. After taking the i-Ready Diagnostic themselves, educators learn how to administer the Diagnostic for reliable student data and why that unlocks the power of the Diagnostic to drive differentiated instruction. Educators will also learn about Diagnostic Reports and learn about getting students started with and engaging students in i-Ready Personalized Instruction.

Focus Outcome

- Motivate and prepare students to do their best on the Diagnostic in order to get reliable data to drive instruction

Secondary Outcomes

- Explain what *i-Ready Personalized Instruction* is and how it complements teacher-led instruction to individualize support based on students' strengths and priorities (*i-Ready Personalized Instruction* Orientation)
- Implement data chats with students to support data-driven instruction and student ownership (Student Data Chats)

i-Ready/i-Ready Classroom Mathematics 2024 Tailored Support (August)

DESCRIPTION: This session is designed to meet the specific needs of the newest district teachers by grade level and subject area. We will include i-Ready support for reading teachers with understanding and planning for instruction using their i-Ready Diagnostic Data and instructional resources within i-Ready and Teacher Toolbox specific to their grade levels. For math teachers, we will include use of the i-Ready Classroom Mathematics 2024, and the Developing Mathematical Thinkers Through Instructional Routines course below.

Developing Mathematical Thinkers Through Instructional Routines

DESCRIPTION: Educators examine how to use the *i-Ready Classroom Mathematics'* Try-Discuss-Connect routine to support productive student discourse. Within each step of the routine, educators reflect on students' opportunities to engage with mathematical practices, including making sense of and solving a task, discussing various strategies, and connecting between representations. Educators plan for the routine within the context of a day of instruction, focusing on effective ways to facilitate student-led discourse that leads to a shared understanding of mathematical concepts.

Outcomes: As a result of our time together, teachers will be able to:

- Draw connections between the Try-Discuss-Connect framework and mathematical practices.
- Use the framework as a vehicle for developing conceptual understanding through shared student thinking, productive struggle, and authentic discourse.
- As time allows, analyze student prerequisite data to determine how to address unfinished learning within grade-level instruction.

i-Ready/i-Ready Classroom Mathematics 2024 Tailored Support (January)

This can include i-Ready support of analyzing Growth and Proficiency data to determine where to pivot/make changes in upcoming instruction for identified students. Educators use Diagnostic growth, Diagnostic performance, and Personalized Instruction data (if applicable) to answer key questions, determine priorities, and outline next steps for instruction, while strengthening their data culture and practices. As time permits, educators may explore ways to strategically use Personalized Instruction, intervene when students need support, and how to conduct data chats with students to prioritize skills to accelerate student growth. For math teachers, we will continue exploring use of i-Ready Classroom Mathematics 2024 features including the new Math Prerequisites Report and incorporating digital components and supports.

Outcome:

- Analyze student growth and performance to determine action steps and adjust instruction in order to accelerate growth

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS the Jackson County School District is a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Curriculum Associates, LLC does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to Curriculum Associates Price Quote Q-ID. 349206.6 (Dated 04/17/2024) regarding Professional Learning scheduled for July 24, 2024, August 20, 2024, August 29, 2024 and January 17, 2025 and the agreement between the parties as follows:

1. Term/No Automatic Renewal: Unless otherwise specified in the contract, the term of the contract or any renewal thereof shall only be for the current school year to which the agreement applies. There shall be no automatic renewals and if the contract does extend past that date, such contract will not be void but shall be voidable at the discretion of the School Board. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

EXHIBIT "A"

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties. Nothing in the contract between the parties shall be interpreted to abridge, modify or reduce any of the defenses provided to the Jackson County School District by case law and/or statutes of the state of Mississippi.

4. Indemnity: The Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The Courts of the State of Mississippi shall have exclusive jurisdiction of any dispute between the parties and the venue of said disputes shall be in Jackson County, Mississippi. Further, any entity or business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: Notwithstanding any provisions to the contrary, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: Notwithstanding any provision to the contrary that may be found in the contract, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect. Further, any provision seeking to limit damages of the contracting party to the contract price or some other amount shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: Notwithstanding any provision and/or language of the contract to the contrary, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: Even if not specifically provided for herein, the terms, conditions and provisions of the agreement between the parties regarding Curriculum Associates Price Quote Q-ID. 349206.6 (Dated 04/17/2024) for

From: Dr. Tanya Sonnier, Director of Curriculum & Instruction

RE: Curriculum Associates Professional Development purchase using district 24-25 funds

Jackson County School District teachers have utilized i-Ready for Reading and Math instruction for several years. Purchase of the product requires professional learning. After review of our purchase this year and working closely with Curriculum Associates, we have revised the Professional Learning Plan to incorporate making a smooth transition from the 2020 version they are accustomed to using to K-8 i-Ready Classroom Mathematics 2024. The outline supports a smooth transition to 2024 mathematics, motivation and preparation for middle school students to do their best on the Diagnostic and guidance for teachers to use and understand their data as well as pointers on how to analyze student growth and performance to determine action steps and adjust instruction in order to accelerate growth.

Our curriculum specialists will take part in these professional learning trainings, will communicate with Curriculum Associates about our needs and will assist our schools locally achieve their goals.

Thank you for consideration of our request for this purchase.

Justification of Purchase Memo

To: Mr. David Baggett

From: Dr. Tanya Sonnier

Date: May 29, 2024

RE: Curriculum Associates Purchase Justification

Jackson County School District teachers and students have utilized Curriculum Associates, a national leader in standards-based digital content for K-12, for the past several years. This program is of the highest quality and students and teachers have become accustomed to the layout, design and flow of the online software. In addition, the material provided is current and relevant. This toolbox purchase will give teachers the tools to scaffold the MDE ELA standards.

This purchase will be made with district funds for 24-25. The sole source letter for Curriculum Associates has been board approved on March 18, 2024.

Curriculum Associates®

2024 / 2025

Curriculum Associates®, LLC is pleased to confirm that we are the sole publisher and vendor of materials, including i-Ready®, as shown in our current catalog and website *www.curriculumassociates.com* with the following exception:

- Curriculum Associates®, LLC is the exclusive distributor of the configuration shown for the Ready Common Core grades K & 1 Reading Teacher Support Package.
- i-Ready® Classroom may include manipulatives for which Curriculum Associates' supplier, hand2mind, Inc. ("H2M"), is not the sole purveyor. However, H2M is the exclusive distributor of the i-Ready® Classroom manipulative kits package configuration, which was designed and created as a result of a joint collaboration between Curriculum Associates and H2M.

Our materials are not sold to resellers in the United States and are available for purchase only through Curriculum Associates, LLC. If you need additional information, please contact our Customer Service Department at 1-800-225-0248.

Thank you for your interest and support of our materials.

Notice for Usage of Teacher Toolbox Materials

Thank you for your interest in Teacher Toolbox! Teacher Toolbox is a digital collection of instructional materials, designed to support teachers in delivering research-based instruction, remediation, and enrichment to students in Grades K–8.

Your Teacher Toolbox subscription provides access to Teacher Toolbox content for Grades K–8. During this time, educators may use Teacher Toolbox materials during whole class and small group instruction, for individual assignments, and may post student-facing Teacher Toolbox PDFs on a password-protected learning management system (LMS). Please be aware that files expire on June 30 of each year for purposes of Teacher Toolbox maintenance and updates. If you add files to an LMS, this expiration date may require that you re-load these files after this date.

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS East Central Lower Elementary School, St. Martin East Elementary School, St. Martin North Elementary School and Vancleave Lower Elementary School are part of the Jackson County School District, a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Curriculum Associates, LLC does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to Curriculum Associates Price Quote Q-ID. 349202.20 (Pgs. 1-5) (Dated 05/28/2024) regarding i-Ready Learning Teacher Toolbox Access Reading + Writing and the agreement between the parties as follows:

1. Term/No Automatic Renewal: Unless otherwise specified in the contract, the term of the contract or any renewal thereof shall only be for the current school year to which the agreement applies. There shall be no automatic renewals and if the contract does extend past that date, such contract will not be

EXHIBIT "A"

void but shall be voidable at the discretion of the School Board. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties. Nothing in the contract between the parties shall be interpreted to abridge, modify or reduce any of the defenses provided to the Jackson County School District by case law and/or statutes of the state of Mississippi.

4. Indemnity: The Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The Courts of the State of Mississippi shall have exclusive jurisdiction of any dispute between the parties and the venue of said disputes shall be in Jackson County, Mississippi. Further, any entity or

business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: Notwithstanding any provisions to the contrary, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: Notwithstanding any provision to the contrary that may be found in the contract, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect. Further, any provision seeking to limit damages of the contracting party to the contract price or some other amount shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: Notwithstanding any provision and/or language of the contract to the contrary, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: Even if not specifically provided for herein, the terms, conditions and provisions of the agreement between the parties regarding Curriculum Associates Price Quote Q-ID. 349202.20 (Pgs. 1-5) (Dated

05/28/2024) for i-Ready Learning Teacher Toolbox Access Reading + Writing; the Curriculum Associates i-Ready Connect, i-Ready, and Teacher Toolbox Digital Product Terms and Conditions of Use (Pgs. 1-4; last updated 2/22/23), Curriculum Associates Terms of Use (Pgs. 1-4; last updated 11/18/22), Ellevation Platform Terms and Conditions of Use (Pgs. 1-7) (Effective 02/01/2023), as well as any attachments thereto including but not limited to the current Curriculum Associates i-Ready Platform Data Handling and Privacy Statement and any other attendant documents are hereby amended and modified where necessary and applicable and to the extent necessary to comply with Mississippi law as set forth in the Mississippi Code of 1972, as amended, and as interpreted by the Mississippi Attorney General and the Mississippi Supreme Court.

District Policies

Foreword

This student handbook has been prepared by the faculty, staff, and administration, along with input from students, parents/guardians, community, and constituents of the Jackson County School District as a guideline to procedures, policies, and practices governing the operation of our schools and the behaviors of our students. The administration and instructional staff of the Jackson County School District believe that it will help both parents/guardians and students to be properly informed about matters which concern all of us. The School Board and the administration of the Jackson County School District work closely together with a student community advisory committee (MS code 37-7-301), to establish sound and reasonable goals for our schools, to anticipate district needs, and to provide an environment conducive to learning. The primary purpose of providing this handbook is to help make students' school experiences in this environment more satisfying because it will tell them what they need to know and what they need to do to make their school experience both pleasant and successful.

It is the responsibility of parents/guardians and students to familiarize themselves with this Student Handbook. Parents/guardians are encouraged to read and discuss the handbook content with their children.

The policies described in this handbook shall pertain to any student who is on school property, on the school bus, on the way to and from school, or who is in attendance at school or at a school- sponsored activity or event. These policies may also pertain to conduct occurring on property other than school property or other than at a school related event when such conduct by a pupil, in the determination of the school superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupil and teacher of such class as a whole (MS Code 37-11-55).
School-sponsored activities include, but shall not be limited to, practices, rehearsal, participation or spectator, on or off school property, within and outside the school district.

District Mission Statement

The mission of the Jackson County School District is to provide a safe, nurturing environment conducive to quality education wherein all students have the opportunity to obtain the essential skills necessary to achieve the goals of their choice and to become responsible, productive citizens. See JCSD School Board Policy GBRHA.

Message from Superintendent David Baggett

Thank you in advance for taking the time to familiarize yourselves with our student handbook. As both a parent and a member of our school community, I understand the multifaceted responsibilities we juggle to ensure an exceptional educational experience for our students. The student handbook stands as a cornerstone of the education we offer.

Within the Jackson County School District's Student Handbook, you will find comprehensive guidance and information pertinent to all students, parents, or guardians, outlining the policies and procedures governing our schools. We firmly believe that presenting this information in its current format provides a clear and informative overview of both individual school and district-wide procedures, empowering both students and parents.

Our district wholeheartedly embraces and encourages inquiries from students and parents regarding our policies and procedures. Teachers, counselors, and principals stand ready and willing to address any questions or concerns you may have. By fostering open communication among parents, students, and staff, and working together to prioritize the well-being of our students, we are poised for an outstanding school year.

Should you have any questions regarding your student, we encourage you to first reach out to your student's school. However, if resolution proves elusive after engaging with the school, please do not hesitate to contact my office at 228-283-3000.

Thank you once again for your commitment to our students' success.

Warm regards,

David Baggett

Mississippi Department of Education Reading Initiative

The Jackson County School Board endorses the goals established by the Mississippi Board of Education to improve the reading skills of all students in the state.

- **Goal One**: All children will exit kindergarten with the appropriate readiness skills.
- **Goal Two**: All first through third grade students will demonstrate a growing proficiency in reading so that they will exit third grade as readers.
- **Goal Three**: All fourth through ninth grade reading scores will increase.
- **Goal Four**: Mississippi students will demonstrate a growing proficiency in reading and reach or exceed the national average in reading within the next decade.

Anti-Discrimination Policy

The Jackson County School District advocates and adheres to a policy of equal educational and employment opportunity without regard to race, sex, color, creed, religion, disability, or national origin. This policy, which extends to all programs and activities of the school district, arises out of the following statutes: See JCSD School Board Policy JAA and IDDHB.

Title VI of the Civil Rights Act of 1964, 42 U. S. C. 2000 et seq. and its implementing regulation, 43 C. F. R., Part 100

Individuals with Disabilities Education Act (IDEA), 20 U.S.C., 400 et seq.

Section 504 of the Rehabilitation Act of 1973, 20 U.S.C. 794 and its implementing regulation, 34 C. F. R., Part 104

Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. 1681 et seq., and its implementing regulation, 34 C. F. R. Part 106

The Age Discrimination Act of 1975, 42 U.S.C. 6601 et seq. and its implementing regulation, 45 C. F. R. Part 90 The Americans with Disabilities Act of 1990. Inquiries regarding compliance may be directed to**:**

Title I
Title I is a remedial/compensatory education program designed and operated by the Jackson County School District within the guidelines of the State Department of Education and Federal regulations which apply to such programs. The program is funded entirely by federal funds and utilizes local teachers, assistants, and staff to accomplish its goals. A school's poverty level percentage (based on the free and reduced lunch count) determines the school's eligibility for providing Title I services.
Currently the district's Lower and Upper elementary (K-5) schools are school wide Title I schools. Each Title I school has a school wide plan on file at the local building. All students at these schools are eligible for Title I services.
The goal of Title I is to provide intensive, individualized instruction in an encouraging, supportive, environment. Participation by parents of Title I students in the program is encouraged through workshops, meetings, and program improvement activities. See JCSD School Board Policy LAA and DFC. (federal law ESSA) (PL 94-142, PL 99-457, and PL 89-313)

Parents Right to Know
Each of our elementary (K-5) schools receives Title I funds which provide valuable programs and services in our district. Many of the technology, reading and mathematics programs that offer learning opportunities for our students are a result of Title I funding. One of the requirements of the law is that parents have the right to request the qualifications of the teachers and teacher assistants at their child's school. Each school has a list of all staff and their qualifications available in the school office. If you wish to review this information, please contact the office of your child's school and a copy of this list will be provided. See JCSD School Board Policy LAA, DFC, and KBA.

Parent/Guardian Involvement Policy
Activities and procedures by the schools of the Jackson County School District to increase parental/guardian involvement are a vital, integral part of the Title I program. See JCSD School Board Policy BBFA. To accomplish this goal, the district shall:

- Convene a district wide or building level annual meeting of the parents of participating children to:
  - Discuss with the parents/guardians the activities and programs available through Title I funding
  - Inform parents/guardians of their right to consult in the design and implementation of the Title I program
  - Solicit parent/guardian input

- Provide parents/guardians an opportunity to establish mechanisms for maintaining a continuous communication among parents, teachers, administrators, and Title I personnel
- Make copies of this policy available to parents/guardians of participating children
- Make Title I LEA education personnel available to parents/guardians
- Provide opportunities for regular meeting of parents/guardians of participating children
- Provide timely information about the program and its requirements to parents/guardians
- Provide parents/guardians of participating children with reports on the children's progress
- Actively solicit parental/guardian input in the planning, design, and implementation of the Title I program
- Support the training of parents/guardians to work with their children in the home and to participate in activities, which build good home and school partnerships
- Assess annually the effectiveness of the parental/guardian involvement policy in improving academic quality of the schools served and to determine if modifications are needed to increase parental/guardian participation
- Coordinate, to the extent possible, Title I parental/guardian involvement with programs such as Head Start, state-run preschool programs and other programs for early intervention
- Adopt parental/guardian compacts. See JCSD School Board Policy BBFA and DFC.

Section 504 Nondiscrimination on the Basis of Disability Policy

The Jackson County School District will not discriminate on the basis of disability in admission or access to, or treatment or employment in its program and activities to the extent provided by law.

Section 504 and Americans with Disabilities Act Coordinators will handle inquiries regarding the Jackson County School District's nondiscrimination policies, the filing of grievances, and requests for copies of grievance procedures covering discrimination on the basis of disability:

Karen Glass

Phone: 228-283-3000

Each School has a Multidisciplinary 504 Team in place to review all 504 requests. Parents/guardians should contact the principal of their respective schools if their child has a disability, which substantially limits one or more major life activities.

Initial Review of 504 to Determine Eligibility:

- If the District has reason to believe that a student may be eligible under Section 504 as a result of a disability that is impacting the student's education, and that the student may be in need of special accommodations or related services in the regular education setting in order to participate in the school program, the district must first follow its procedures for a

comprehensive evaluation for IDEA, including the requirement to implement the Three-Tier Intervention Process. See JCSD Policy IEI.

- One exception to this rule is that the student may be considered for 504 without going through the Three-Tier Intervention process if chronic health problems exist, or if the school and parents agree that the student has a disability that would likely qualify the student for IDEA services and interventions would have little or no impact.
- After ineligibility for IDEA is determined, the principal will convene his or her school's Multidisciplinary 504 Team and review the referral to determine if further evaluation is needed. The principal will notify the student's parent/guardian of the decision.
- See JCSD Policy IDDHB for more detailed guidance concerning 504 eligibility.

Special Education for Children with Disabilities

A variety of programs in special education may be offered based on identified and approved student needs. Services are provided for children with disabilities who have been evaluated and determined eligible. Services are provided in the Jackson County School District under the direction of trained and certified staff. For further information regarding Special Education for Children with Disabilities, please contact the Director of Special Education. See JCSD School Board Policy GFABP, DFC, and IDDFAA.

Service Dogs

In providing accommodations for students, the parent/guardian of a child with such illness or disability, the teacher(s) of the student and the appropriate school administrator shall meet and develop a written 504 Plan consistent with the provisions of Chapter 23, Title 37, MS Code of 1972, that would permit the use of service dogs in the school facility. Parents/guardians must contact their student's school principal prior to the implementation of a service dog to obtain the district's service dog protocol. See JCSD School Board Policy ICC.

Intervention Process (Multi-Tiered System of Support or MTSS)

An instructional model designed to meet the needs of every student is in place at all Jackson County schools. This process is required and not optional, as directed by the Mississippi State Board of Education Chapter 40, Rule 40.1. The model consists of three tiers of instruction: Tier I: quality classroom instruction based on College and Career Readiness Standards, Tier II: focused supplemental instruction, and Tier III: intensive interventions specifically designed to meet the individual needs of students.

Teachers will use progress monitoring information to a) determine if each student is making adequate progress; b) identify any student as soon as he/she is falling behind; and c) modify instruction early enough to ensure that every student gains essential skills.

Monitoring of student progress is an on-going task that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

If strategies in Tier I and Tier II are unsuccessful, students must be referred to the school's Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier III. Interventions that are research-based will be designed and implemented to address the deficit areas, as designated by the TST, and be supported by data regarding the effectiveness of the interventions. Parents/guardians will be contacted and invited to participate in the process when a student is referred to the Teacher Support Team. See JCSD School Board Policy GFABP, GFBCJ, IDADA, and IDDFAA.

Notifications of Rights under the Family Educational Rights and Privacy Act (FERPA) for Elementary (K-5) and Secondary (6-12) Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age ("eligible students") certain rights regarding the student's educational records. Parents/guardians and students have the right to inspect and review the student's educational records within 45 days of the day the district receives a request for access. Parents/guardians or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place for record inspection.

- The right to request the amendment of the student's education records that the parent or eligible student believe are inaccurate or misleading. Parents/guardians or eligible students may ask the Jackson County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal; clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member including health or medical staff and law enforcement unit personnel; a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibility.
- Upon request to officials of another school district in which a student seeks or intends to enroll, the district discloses educational records without consent.
- The district discloses directory information regarding its students. Directory information means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It may include the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

- The parent/guardian or eligible student has the right to refuse to let the district designate any or all types of information about the student as directory information. The parent/guardian or eligible student must notify the principal (or designee) in writing within five (5) days of receipt of the Handbook and Code of Conduct for Students and Parents that he or she does not want any or all of those types of information about the student designated as directory information. Otherwise, consent is implied for the Jackson County School District to release directory information to others including military recruiters as outline below.
- In the event that the school district provides either post-secondary (6-12) educational institutions or perspective employers of secondary (6-12) student's access to its school campuses, it must also provide military recruiters the same type of access. The school district must also provide, upon request of military recruiters, the names of students, their addresses, and telephone numbers unless the secondary (6-12) school student or the parent has requested that the school not release this information without prior written parental consent.
- The district may disclose directory information about former students without meeting these conditions.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue,
Washington, D.C. 20202-4605

Enrollment Procedures

Admission Policy
Any student enrolled in the Jackson County School District will follow the district's Admissions Policy JBC.

Compulsory School Age Attendance:
If a compulsory-school-aged child has not been enrolled in the school which the child is eligible to attend within fifteen (15) calendar days after the first day of the school year, the school district shall report within two (2) school days or within five (5) calendar days, whichever is less, such absences to the school attendance officer.

Compulsory School Age Child:
A child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before the September 1 calendar year.

Age of Entrance:
To enter kindergarten, the student must be five (5) on or before September 1st.
To enter first grade, the student must be six (6) on or before September 1st.
See JCSD School Board Policy JBC.

Transfer from Private or Public Non-Accredited Schools and Home Study Programs
Students transferring into the Jackson County School District from a private or public non-accredited school or home study must meet the following criteria:

- Students in grades 1-8 will be administered a standardized test in reading and math. In addition, the student will be administered an evaluation to determine proper placement in the district's reading program.
- Students in grades 9-12 will be required to take a test consisting of items from the District's Instructional Management Plan before credit can be given for any course taken in a private/public non-accredited school or home study program. Reference: MS Commission on School Accreditation.

Students will not be enrolled until the following requirements have been met:

- Students will be enrolled in the Jackson County School District only if they are residing with their legal guardian and said guardian resides within the Jackson County School District. "The district will not recognize or accept guardianship papers for health and school purposes only. Partial guardianship of a student by a resident within the district will not be recognized as meeting full legal guardianship." See JCSD School Board Policy JBC.
- Birth Certificate: According to State Law, an original or certified copy of a birth certificate is required upon registration. This certificate must be examined and recorded on school records before any student may be officially enrolled in school. Each student must have this information on file prior to the first day of school.
- A student shall present a withdrawal form from the school from which he/she is transferring (to include discipline record, grades, and attendance).
- Proof of Immunization: A certificate of compliance shall be presented to the school when a child initially enters the school upon registration. This certificate shall be issued by the local health officer or physician on forms specified by the Mississippi State Board of Health. Effective August 1, 2007, children entering school for the first time will be required to have two doses of the Varicella Vaccine (chicken pox)

1855

or a history of chicken pox. All students entering, advancing, or transferring into 7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 7th birthday meets the new school requirement.

If a child offers to enroll at a school without having completed the required vaccinations:

- The local health officer (not school official) may grant a period of time up to 90 days for such completion. No child shall be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of 90 days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.

Exception: Reason must be verified by a duly-licensed physician to the local health officer. The Mississippi Supreme Court has ruled that religious exemptions are not acceptable.

- A student's records from his/her school of last attendance must be received within a reasonable period of time. If the records are not received within a reasonable time, the student will be asked to withdraw until the records are received.
- A student who has been suspended or expelled from another school district may not be allowed to enroll.
- Students not meeting the residency requirements will be withdrawn from school immediately.
- Parents/guardians shall inform the school immediately of any change of address/telephone number of persons authorized to sign-out students that is different from that listed during registration.
- At the beginning of school each parent/guardian will fill out and sign the student emergency documents.

Required Registration Documents:

- Two (2) Proofs of Residency: Items must reflect a street address or designated road address. All documents must be for present-day residence only.
  - At least one (1) from the following list displaying proper name and address:
    1. Filed Homestead Exemption Application Form
    2. Mortgage Statement or property deed; No property tax documents
    3. Signed current apartment or home lease (all pages)
    4. Current Utility bills; (Per MDE, NO cut-off or disconnect notices); No car/home insurance statements; no cell phone bills; no hunting licenses; Bill must be current, within 30 days of date of registration

    AND
  - One (1) document from the following list displaying proper name and address:
    1. Driver's license or Mississippi State-Issued Identification Card; (Must show current address)
    2. Automobile registration; (Must be current year's registration, not expired)
    3. Voter registration card
    4. Government mailing (Federal, state, or county) within the last 30 days
    5. Any other document that will objectively and unequivocally establish the Parent or Guardian resides within the school district-must be approved by an administrator.

Court Documents:

- If one is the legal guardian of the student, he/she must also provide a copy of the court order signed by a judge appointing him/her as guardian. Any changes in custody must be given to the school in the form of a legal document signed by a judge.
- If a parent/guardian fails to provide the necessary documentation, his/her children will not be allowed to attend schools in the Jackson County School

District. No temporary enrollment will be processed.

- NOTE: Any legal guardianship formed for the purpose of establishing residency for school district purposes shall not be recognized by the Board.
- If the Jackson County School District receives a complaint regarding the residence of a student, the district is required to take action to further verify residence, including but not limited to follow-up visits to the resident's address by school officials.

Transfer Students for Elementary (K-5) and Secondary (6-12)

Any child transferring to any school in the Jackson County School District must have a valid immunization certificate, birth certificate, report card, and name and address of the former school attended.

- No student is to be enrolled in this school district until any questions regarding residence or immunizations have been resolved.
- Students suspended or expelled from another school or school district may not be allowed to enroll. See JCSD School Board Policy JR and JDDA.
- In the event that number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades for transfer students:

A	**95**
B	**85**
C	**75**
D	**67**
F	**60**

Withdrawal Procedure

Students withdrawing from school are to follow the procedure below:

- Parent/guardian must notify principal or counselor giving permission for the student to withdraw. If possible, please notify the school one day in advance for the necessary paperwork to be completed.
- Parent/guardian must pay any student fines (if applicable) and return all student-issued JCSD technology devices and textbooks.
- Permanent records will be forwarded to the new school upon request.
- Students who withdraw to be home schooled must register with the attendance officer prior to withdrawing from school.
  See JCSD School Board Policy JR and JBCD.

Homeschooled Children

The School Board encourages the admission of all eligible students to the Jackson County School District. All students seeking to enter the Jackson County School District from a homeschool environment shall be placed in grades and classes in accordance with the following criteria:

Grades K-12

- The student shall not be placed more than three (3) grades below the grade or class that the pupil would have been assigned had the pupil enrolled during the year the child reached his sixth birthday on or before September 1.
- The student may be required to take a test deemed appropriate by the Jackson County School District. This test will be a primary determining factor in the student's grade/class placement.

- The pupil will be assigned to the grade or class for which the test shows the student is best suited in accordance with the age limitation as set forth above. Students enrolling from homeschool will only receive Carnegie Units from Mississippi Department of Education accredited programs. See JCSD School Board Policy JBAB. (MS Codes 37-13-91 and 37-15-33)

Homeless Children

When a child is determined to be homeless as defined by the Stewart B. McKinney Act 42 USC Section 11431(l), 11432(e)(4) and 11302(a), this school district shall consider and take enrollment action that is in the best interest of the child, pursuant to 42 USC II 432(e)(3).

- The requirements of Section 11 are minimum requirements, and this school district may require additional documentation and verification at any time.
- At the minimum, this school district shall maintain in a file a written instrument identifying the types of documents used to verify each student's residency and copies of any relevant guardianship petition or decree.
- The provisions of this policy do not apply to students who reside outside the school district but who have legally transferred into the school district.
- Any court-ordered procedure shall take precedent over any procedure contained herein.
  See JCSD School Board Policy JQN.

District Attendance Policies

Attendance

The Jackson County School District stresses the importance of regular student attendance in school. The majority of funding for the operation of our schools is based on the attendance of our students, and the district loses thousands of dollars due to absences. Consequently, parents are encouraged to keep student absenteeism to an absolute minimum.

School attendance is ultimately the responsibility of the students and families.

Students should remain out of school ONLY WHEN ABSOLUTELY NECESSARY.

Mississippi's Compulsory attendance law provides legal penalties for parents/guardians who neglect their child's attendance. When the child has five (5) unexcused absences, the law provides that charges of "Education Child Negligence" may be brought against the parent/guardian.

Students accumulating 5, 10, and 12 unlawful absences will be referred to the Attendance Officer. Upon the 10th consecutive unlawful absence, the student may be withdrawn from the school and referred to the truancy officer for attendance intervention. If the student is withdrawn he or she will be entitled to a due process hearing pursuant to Miss Code Ann. 37-9-71. See JCSD School Board Policy JBA and JDAA.

Unlawful absence, also known as an unexcused absence, is an absence during a school day by a compulsory-school-age child, which the absence is not due to a valid excuse for temporary nonattendance, pursuant to MS Code § 37-13-91. (4).

A student who is absent more than 37% of his/her instructional day must be considered absent the entire day. See JCSD School Board Policy JBA. (MS Code 37-13-91)

Perfect attendance is defined as being present all day every day.

Excused Absence(s)

Definition:

Absences will only be excused according to the MS Compulsory Attendance Law for the following reasons:

- Child's attendance at an authorized activity with the prior approval of the Superintendent of the school district or his/her designee. These activities may include field trips, athletic contest, student conventions, musical festivals and any similar activities.
- Illness or injury, which prevents the compulsory-school-age child from being physically able to attend school.
- When isolation of a compulsory-school-age child is ordered by the county health officer, by the State Board of Health or appropriate school official.
- The death or serious illness of a member of the family of a compulsory- school-age child shall include children, spouse, grandparents, parents/guardians, brothers, and sister, including stepbrother and stepsisters or as approved by the principal.
- When it results from a medical or dental appointment of the compulsory- school-age-child where an approval of the superintendent of the school district or his/her designee is gained before the absence, except in the case of emergency.
- When it results from the attendance of compulsory-school-age child at the proceedings of a court or an administrative tribunal if the child is a party to the action under subpoena as a witness.
- The above reasons shall be treated the same as doctor excused absences.

*Students who miss school due to a school activity are responsible to make up their work in (2) two days. These absences do not count as an absence toward exemptions.

Unexcused Absence(s)

- All absences other than for the reasons listed above will be unexcused.
- Vacations are unexcused absences.
  See JCSD School Board Policy JBA. (MS Code 37-13-91)

Preapproved Extended Absences/Religious Observances

If a student is going to be absent for an extended period (5 or more days) or is going to be absent due to religious observances, they must follow these guidelines for the absences to be excused:

- Prior to the absence the student shall contact his/her teachers to find out assignments for the day(s) of absence.
- Make-up work guidelines are the same as previously stated.
- The day(s) allowed for a religious observances or extended absences will count as part of the total number of absences allowed for the student.
- See JCSD School Board Policy JBA.

Returning to School

When the student returns to school, the student must bring a note from his/her parent/guardian to verify the parent's knowledge of the absence. The specific reason for the absence must be stated. Excuses will be accepted up to two (2) days after a student's return to school. If an excuse is provided by a doctor's office, it may be faxed/emailed; however, it is the parent's/guardian's responsibility to ensure the excuse was received within two (2) days after the student returns to school.

Make-up Work

Excused Absence(s)

- The work missed by the student may be made up. Work must be made up within 3 days. It is the parent's responsibility to ensure the excuse was received within two (2) days after the student returns to school.
- For extenuating circumstances, exceptions may be made by the principal.
  See JCSD School Board Policy JBA.

Unexcused Absence(s)

- The student may not make up the work missed.
- The student will receive a zero (0) for any worked missed.
- For extenuating circumstances, exceptions may be made by the principal.
  See JCSD School Board Policy JBA.

Elementary School (K-5) Attendance Policies:

- To be counted present, a student must be present for sixty-three percent (63%) of instructional class time each day.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention.
- Absences totaling more than 20 days may result in the student being retained in the current grade for the following school year. See JCSD School Board Policy JBA.

Middle School (6-8) Attendance Policies:

- A student shall be present for forty (40) minutes of class time to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the teacher. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section.)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student will be withdrawn from school and referred to the truancy officer for attendance intervention. See JCSD School Board Policy JBA.

High School (9-12) Attendance Policies:

- A student shall be present for sixty (60) minutes of class time to be counted present. Students attending classes at the Technology Center must be present for five minutes more than half the class period to be counted present.
- Students may have up to two (2) days per nine (9) weeks of excused absences per school year via parent/guardian notes. These excuses are to be turned in to the office before the first bell rings to start the school day. Excuses will only be accepted up to 2 days after the student returns to school. (Refer to General Attendance Section)
- Students missing 5, 10, and 12 unexcused days will be referred to the Attendance Officer. Upon the 10th consecutive unexcused absence, the student may be withdrawn from school and referred to the truancy officer for attendance intervention. Upon the 10th unexcused absence throughout the school year, the student will be referred to TST.
- The Jackson County School District does not recognize or sanction senior skip day or skip day for any other grade. See JCSD School Board Policy JBA.

Check In/Check Out and Late to School Procedure

Late to school is defined as arriving to school after the beginning of the school day.

Elementary (K-5):

- It is recognized that an elementary (K-5) school child may occasionally be late or may be checked out of school due to an unforeseen emergency. Parents/guardians who bring their child to school late must bring the child in to the office to check him/her in.
- Late arrivals due to a medical appointment will be excused (and work can be made up) if a doctor's excuse is presented the day of the late arrival.
- Students will not be subject to consequences if they arrive late on a district school bus.
- Students are allowed up to five (5) unexcused late arrivals per semester (with work allowed to be made up).
- After 5 and 10 unexcused late arrivals and/or check-outs to school in one semester a letter may be sent home from the school informing the parents of possible referral to the Child Protective Services and the local School Attendance Officer. In addition, students will not be allowed to make up missed work. For extenuating circumstances, exceptions may be made by the principal.

Secondary (6-12):

- Students can only be signed out of school by the parent/guardian or other adult(s) as specified by the parent/guardian on the student's registration form. The parent/guardian or designated adult must come to the office and present photo identification to sign the student out of school.
- Students will not be charged with a late to school when their bus is late. However, when a bus is late, students must check in at the office for a pass to their 1st block class. Late students who do not ride a bus will report to the office for an admission slip to class.
- Students are allowed three (3) tardies for being late to school per term. Any late arrivals beyond these three, other than those with doctor's excuses, are subject to disciplinary action. Students late to school or checking out early while assigned to ISI will be given an additional day of ISI.

Checkout:

To provide for the best welfare of each student and the school, the following checkout policy has been adopted:

- Before the student may be released from school, a parent, legal guardian, or person authorized by a parent/guardian must come to the school office and sign the student out. Students will only be released to authorized persons listed on the checkout list/contact sheet. Appropriate photo identification may be required to check out a student. For safety of students, checkouts must be made 30 minutes prior to dismissal time.
- In the event the child's parents/guardians are divorced and the parent with custody does not want the other parent to pick up the child, the school will attempt to notify said parent. The school cannot deny a parent/guardian access to his/her child unless there is a court order prohibiting one parent access to the child. If such a court order exists, it should be brought to the principal/guidance office in order that a copy can be made and inserted in the child's cumulative folder.
- When a student becomes ill or an emergency arises during the regular school day which may warrant early dismissal, the student must report to the attendance office. Before the student will be allowed to leave school, the student's parent or legal guardian must be contacted by telephone or the parent, legal guardian, or person authorized by the parent must come to the school to sign the student out. The school administration will reserve the option to release a student from school at the discretion of the principal if the student's parents cannot be contacted.
- A student may be released for a physician's appointment, dental appointment, or other just reason when the parent, legal guardian, or person authorized by the parent comes to the school and signs the student out or sends a note to the office stating the reason for check-out. This note must include the check-out time and a telephone number where the parent can be contacted. If the note cannot be verified, the school reserves the right to refuse release of the student. Emails will not be accepted.
- Classes missed due to check-outs count as absences and will be treated as excused or unexcused according to the guidelines established earlier in this handbook. If a checkout is excused, the student is responsible for making up class work that is missed during the time that he/she is signed out of school. See JCSD School Board Policy JBA.
- Students who are checked out during the school day will not be allowed to check back in without a medical excuse or approval from the school administrator.

Student Arrival and Departure Times

- The school will not assume responsibility for any students arriving on school grounds prior to stated time unless they are transported by school bus.
- Students are to leave school at end of the school day unless they are participating in a supervised school activity and are under the direct supervision of a teacher.
- Students are not to be on the playground/school grounds before/after school hours.
- The school will not assume responsibility for any child on campus before or after the school day. It is the responsibility of the parent to provide supervision before and after school.
- Students are encouraged to ride buses.
- Parents/guardians who bring their children to school must adhere to school procedures for dropping off and/or picking up students. See JCSD School Board Policy JBA.

Leaving Class

Students are not permitted to leave class except in the case of an emergency. Students will not be called from a class to the phone unless there is an emergency. Any student out of class without a pass will receive appropriate disciplinary action.

Leaving School Grounds

- When the student leaves home, the parent/guardian assume the student is in school. For the teachers and administration to locate the student in the event of an emergency, it is very important that all students follow their schedule closely.
- A student is not allowed to leave the grounds without his/her parents/guardians making prearrangements with the school as specified by the principal. Verification with the parent must occur before checkout is granted. This note must be presented and verified in the office on the day of the checkout. See JCSD School Board Policy JD, JD-1, and JGFD.
- A student should never leave school for any reason without permission from the principal. Once a student boards a bus or arrives on the campus by other means, the student must check out through the office before leaving school for any reason. Failure to do so will result in the time missed being unexcused and will result in disciplinary action.
- Any student who has permission to leave campus early and takes another student with him/her, who has not properly checked out through the office, will receive the same punishment as the student leaving without permission. See JCSD School Board Policy JD, JD-1, and JGFD.

Health and Medical Procedures

A student whose health record has not been brought up to date and is not in the process of being brought up to date by the end of the first month will not be permitted to stay in school. No student who has any contagious disease will be allowed to attend school. Any questionable cases will be referred to a medical professional.

According to Mississippi State Law, any child who plans to attend any public or private school, including Kindergarten, shall first have been vaccinated against those diseases specified by the state health officials. See JCSD School Board Policy JGCC and JGCB. (MS Code 37-7- 301 and 41-23-37)

Illnesses/Communicable Diseases

The Board of Education of the Jackson County School System has the power, authority, and duty to exclude from the schools students with what appears to be infectious or contagious diseases; provided, however, such student may be allowed to return to school upon presenting a certificate from a public health officer, duly licensed physician or nurse practitioner that the student is free from such disease. (MS Code Section 37-7-301[h]) Proof of physician diagnosis with release to return to school may be requested per school nurse and/or administration for any illness. See JCSD School Board Policy JGCC.

If a parent or emergency contact cannot be reached or is unresponsive, the Department of Human Services may be contacted.

Signs and symptoms of an illness may vary a great deal from person to person (e.g., sore throat with fever; rash over a large area of the body). Only physicians or nurse practitioners can diagnose---not nurses. This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by physicians or a nurse practitioner.

Any student having evidence of communicable diseases will have a physician diagnose the disease and prescribe suitable treatment. Common communicable diseases as listed will automatically result in exclusion from school and school-related activities for the designated period of time:

Condition	Exclusion from School
Chicken Pox	6 days after eruption appears
Conjunctivitis (Pink Eye)	Children may return to school after a physician has been seen, or when redness/discharge is improving and after 24 hours after prescription medication begins
COVID - 19	Isolation as directed by a medical provider; must be without symptoms and fever (under 100.4) for 24 hours before returning.
Fifth Disease	Children with fifth disease may attend school, since by time the rash begins, they are no longer contagious.
Flu	The student may return to school when free of fever and feeling well and after 24 hours of fever free conditions.
German Measles or Red Measles	Free of fever and the rash is fading.
Hepatitis A or C	May return to school one (1) week after the onset of jaundice and/or proof of treatment has been provided to nurse.
Impetigo	The child may return to class 24 hours after treatment has started. Proof of treatment is required.
Mononucleosis	The child need not be excluded from class, unless requested for medical reasons, but may return when feeling well enough. Children should not share food or utensils.
Mumps	Nine (9) days after glands swell
Ringworm	The child may return to class when the treatment is started. Proof of treatment is required.
Scabies	The child may return to school as soon as treatment has been administered. Proof of treatment is required.
Staph	Student will return to school after being treated by a doctor and wound must be covered. Must have a medical release from physician before returning to PE or sports.
Strep Throat	The child may return to class 24 hours after treatment has been started and be free of fever for 24 hours without the use of medication.
Tuberculosis (TB)	Those who have a positive TB skin test only may attend school Since they have no disease process that is contagious. Persons diagnosed with active TB disease will need written permission from the MS State Dept. of Health Tuberculosis Control Program to return to school.
Whooping Cough	The student may return to school 5 days after treatment has begun.
Bed Bugs	Student may not attend schools if active bugs are present.
Lice	Refer to ”Head Lice” policy of the student handbook..

For these or other communicable diseases, the principal may require a written note containing proof of treatment from the student’s family doctor or public health department for a student to return to school after having a communicable or infectious disease. See JCSD School Board Policy JGCB. (MS Code 37-7-301 and 41-23-37)
This information is not intended to be used to diagnose an illness or infection. It should not replace a diagnosis by trained medical personnel. See JCSD School Board Policy JGCDA, JGCC, and JGCB.

Immunizations and Vaccinations

It is unlawful for any child to attend school without first being vaccinated with at least one dose of diphtheria, whooping cough, tetanus, red measles, rubella, and polio vaccine and completing the entire series within ninety (90) calendar days.

Every student in Kindergarten through Grade 12 must present a certificate of immunization compliance from his/her doctor or from the health department. This certificate of compliance (Form 121) must be presented in order to attend school, even though all shot records are now up-to-date on school records. Other valid certificates include Form 121-A, Medical Exemption Certificate (Form 122), or Form 121-T, Temporary Compliance Certificate.

All students entering, advancing, or transferring into 7th grade will need proof of an adolescent whooping cough (pertussis) booster, aka Tdap vaccine, before entry into school in the fall. Tdap vaccine given on or after the 10th birthday meets the new school requirement.

To secure this certificate of compliance, it will be necessary for the student to go to the local county Health Department, the office of his/her family physician, taking with him/her all official shot records. Before a child can register, the certificate of compliance must be presented. The validation of this certificate will become a permanent part of the student's records and will be valid through grade twelve.

If the doctor signs the certificate indicating that other doses are necessary, the student will be given ninety (90) calendar days to complete the required immunizations; if they are not completed at the end of ninety (90) calendar days, the child by law must be suspended until compliance is achieved. See JCSD School Board Policy JGCB, JGCC, and JGCDA. (MS Code 37-7-301 and 41-23-37)

Health Policies Regarding Immunizations

A Certificate of Compliance shall be presented to the school when a child initially enters school upon registration. This certificate shall be issued by the local health office or physician on forms specified by the Mississippi State Board of Health.

- The local health office (not a school official) may grant a period of time up to 90 calendar days for such completion. No child can be enrolled without having at least one dose of each specified vaccine.
- Any child not in compliance at the end of ninety (90) calendar days from the opening of school must be suspended until he/she is in compliance unless the health officer attributes the delay to the lack of supply of the vaccine.

A Certificate of Medical Exemption (Form 122) – A medical exemption may be recommended by the child's physician and must be approved by the local health officer. The Form 122 must be verified by a duly- licensed physician to the local health officer. **Head Lice**

JCSD has a "no nit" policy. Students identified with nits and/or lice will be sent home immediately with a letter and information sheet.

Returning to School: The student may be readmitted after treatment providing there are no visible lice or nits. Upon returning to school the child will be checked by a school official.

Proof of treatment is also required upon the child returning to school. Proof of treatment includes the box and the store receipt.

Any student who has had lice or nits on four occasions will be required to be free of all nits before being readmitted to school.

- If a student in any public elementary (K-5) or secondary (6-12) school has had head lice or nits on three (3) occasions during one (1) year while attending school, or if the parent of the student has been notified by school officials that the student has had head lice or nits on three (3) occasions in one (1) school year, as determined by the school nurse, public health nurse or a physician, the principal or administrator shall notify the county health department of the recurring problem of head lice with that student. The county health department then may instruct the child's parents or guardians on how to treat head lice or nits, eliminate head lice or nits from household items, and prevent recurrence of head lice or nits. (MS Code 41-79-21)
- The school principal or administrator shall not allow the child to attend until proof of treatment is obtained and the child is clear of lice or nits.

Treatment of Head Lice: Prescribed or over-the-counter anti-lice treatments are considered appropriate. Comb hair with a fine-tooth comb to remove all the nits. See JCSD School Board Policy JGCC.

Fever

When school officials are aware that a child's temperature is 100.4 degrees, an attempt will be made to contact the parent/guardian. If the temperature reaches 100.4 degrees, a school official will request that the parent/guardian pick up the child. This procedure is followed to ensure the safety of the child and the well-being of the other students. Students may return to school when they have been free from fever for a period of at least 24 hours without medication.

Diabetic Condition Plan

Parents/guardians must take the responsibility to pick up the student if the sugar level is 450 or greater. All students who are diabetic must have a plan in place, doctor orders, and supplies needed to ensure safe-care / management while at school.

Diseases

Decisions regarding a person infected with HIV, hepatitis B, or other blood-borne diseases shall be made on an individual basis with regard to the behavior, physical condition of the employee or student and the expected interactions with others in that setting. These decisions shall be made using the team approach, including the employee or student's physician, public health personnel, and personnel associated with the educational setting and/or workplace. In each case, risks and benefits to all affected shall be weighed. As conditions change, cases may be reevaluated.
See JCSD School Board Policy JGCB and JGCC. (MS Code 37-7-301 and 41-23-37)

Medications

Students are not allowed to bring medicine to school. In the event a medication is brought to the school by a student, the medicine will be immediately confiscated, and the student may be referred to the building administrator for disciplinary action. To properly dispense prescribed medication, the parent/guardian shall:

- Provide the school with a health plan for their child who has a special medical problem (i.e., allergic reactions, asthma, etc.).
- Present a medical consent form signed by the parent to the principal or his/her designee.
- Allow the school administration to determine by local school or school district policy the role of teachers and other school personnel in administering medications. If there is no nurse available, principals/administrators may designate personnel to administer medications after they have been properly trained. These designated personnel will be required to document each time a medication is given. All medications should be recorded on the student's record,

noting the time and initials of the person administering the medication. The back of the record should show the full name of the person administering the medication, followed by initials in specified section. (Example- Jane Doe, RN (LC) 12:10 P.M.)

- **Elementary Schools (K-5)**
  School officials will not administer any nonprescription medications on behalf of the students. Parents will be required to physically administer medications.

- **Secondary Schools (6-12)**
  The school official will allow parents/guardians to personally deliver nonprescription medications in the original container placed in a clear baggie to be stored in the school administration office for the student to self-administer. The parent shall provide permission for any medication (including Tylenol, Benadryl, etc.) which authorizes designated personnel to administer the medicine and which includes specific instructions for use. (Example: If Tylenol is to be given, the parent should write specific orders of instruction as to circumstance to be given and dosage).
  All medications should be brought to school by the parent/guardian or designated adult/parent and/or guardian or designee of a child. The medication shall be given to the school official responsible for administering the medication to the child. Any prescribed medication brought into the facility by the parent, legal guardian, or designee of a child shall be dated and kept in the original container labeled by a pharmacist with the child's first and last names; the date the prescription was filled; the name of the health care provider who wrote the prescription; the medication's expiration date and specific legible instructions for administration, storage and any side effects that should be reported to the prescribing physician. The number of pills received should be counted and from whom they are received shall be documented. Prescription liquids should be documented as to amount of cc's and ml's.
  If a physician orders a dosage other than indicated on the label, an updated prescription bottle is needed to reflect the change in dose. (Until refilled, the physician's orders will be sufficient.) The amount of medication and the person who receives it should be documented on the medication records. Any change on dosage time of medication should be by a physician's order. (Example: If a medication is to be discontinued or if the dose is to be increased or decreased.)

Medications should not be given subsequent to the expiration date. It is the parents' responsibility to contact the physician to update medication. [Example 1: Prescription medicine ordered 2021-2022 should not be given in 2023. Example 2: Cough medicine ordered 12/11/2022, should not be given after two weeks (10 working days) without recent updated doctor's orders. Medication (antibiotic, etc.) should not be given past 10 days of original date of order, unless specified in writing by the physician.]

A locked cabinet or drawer is to be provided for the storage of medications other than those to be refrigerated.

A "Release of Information Form" should be signed to allow communication between the medical provider and the school nurse or designee.
In an effort to provide safe healthcare for children, forgotten doses of medication which were to be given at home may not be administered at school. Medication should be administered no earlier than 30 minutes prior to physician's order and no later than 30 minutes after. In the event that a child did not receive medication to be given at home, the child's doctor may contact the school and request that another dose is to be given.

If the doctor contacts the school, the nurse/designee will be allowed to give the medication that was forgotten at home.

The Jackson County School District reserves the right to refuse to administer any medication to students when circumstances warrant this action. Such circumstances might include reaction, response, incomplete instructions for the administration of the medication, non-compliance by parents/guardian with the school system policy for the administering of medications or other extenuating circumstances. See JCSD School Board Policy JGCB and JGCBA.

Medical Emergencies

In the event of an emergency during which a child may need to be transported to the hospital, the school will attempt to contact the parent/guardian. If the parent/guardian cannot be contacted, the school will have the child transported to the hospital and will continue to try and contact the parent/guardian. Any expense incurred will be the responsibility of the parent/guardian.

General Academic Information

Permanent Record
A permanent record is set up for each student in the school system. This record begins when an individual starts school and is kept current on the student until he/she graduates.
Educational records may be forwarded upon request of another school with the written consent of parent or guardian. See JCSD School Board Policy IHE.

Progress Reports and Report Cards
At the 4 ½ week mark of each nine-week grading period, a progress report will be sent home indicating each child's academic status. This report will indicate the progress he or she is making in the different subject areas. This may not indicate that the student is failing.
Conferences may be set up at this time if needed. A formal report is sent at the end of each nine weeks. Dates for progress reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

Report of Grades
Each student will receive a report from his/her homeroom teacher showing his/her grades for that term and for the year when the school session ends. Report cards will be given at the end of each nine-week period. The report card should be signed and returned to school on the following day. Dates for reports are listed in the front of the handbook on the school calendar. See JCSD School Board Policy IHE.

An explanation of the grading system is as follows:

A	**90 – 100**	Excellent
B	**80 – 89**	Above Average
C	**70 – 79**	Average
D	**60 – 69**	Below Average
F	**59 – below**	
I		Incomplete
S		Satisfactory
N		Needs Improvement
U		Unsatisfactory

Honor Roll:
Superintendent's Honor Roll – All A's
Principal's Honor Roll – All A's and/or B's

Grading
All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy. See JCSD School Board Policy IHE.

Recording of Grades
If a student does not receive credit for a subject because of excessive absences, expulsion or drop out of school, NC (no credit) may be recorded in the applicable place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE.

State Testing Requirements

The Jackson County School District participates in the Mississippi Curriculum Content Assessment System that includes assessments given at each level of schooling. Students in grades K-12 are required to take the Mississippi assessments given according the testing calendar provided by the MS Department of Education Office of Student Assessment. See JCSD School Board Policy IHE.

Student Notification of Prohibition of Electronic Communication Devices during Statewide Tests

The Mississippi Public Schools Accountability Standards, Current Edition, Prohibits the Possession and/or Use of any Electronic Communication Device, including but not limited to iPods, MP3 Players, Bluetooth devices, Smart Watches, Cell Phones, and/or other personal digital assistance devices, by students during the administration of scheduled Statewide Tests.

Possession of any such device, even if is not being used, is a violation of State Policy. Example: A student having a cell phone in his/her possession anywhere on his/her person during the Test Administration is a Testing Violation. If an electronic device is in possession during a test, the test will be invalidated as mandated by the Mississippi Department of Education.

The consequence of this testing violation is that the test results for the student will be invalid; therefore, the score of any student in possession of these prohibited devices during the test administration will be invalid. No score is reported for an invalid test, resulting in a non-passing score for Subject Area Test.

Elementary (K-5) Academic Guidelines:

Promotion and Retention

- Students scoring at the lowest achievement level in reading on the established state assessment for 3rd grade will not be promoted to 4th grade unless the student meets the good cause exemptions for promotion.
- To be promoted from one grade level to the next in grades 1 - 3, a student must maintain a passing grade in ELA and math.
- The yearly average shall be determined by averaging the two semester numerical grades.
- To be promoted from grade 4 to 5, students must maintain a passing grade in ELA and math, in addition to either science or social studies.
- To be promoted from one grade level to the next in grades 5th to 6th, students must maintain a passing grade in math, ELA, science, and social studies.

Exceptions to the Promotion and Retention Policy

- Students should be retained no more than three times in grades K-8th.
- If a student is not retained in K-3rd, the student can be retained twice in 4th– 8th.
- Three retentions do not ensure that the student will be automatically promoted. After having been retained a total of two times, each student will be evaluated on an individual basis and may be placed at the appropriate grade level upon approval of the superintendent or his/her designee. JCSD School Board Policy IHE.

Grades

Tests count 40% and daily work counts for 60%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Homework

The Jackson County School Board recognizes the value of purposeful, well-planned, and properly motivated home assignments that are (1) appropriate to the grade level, age, and abilities of the student; (2) designed to stimulate initiative and independence or to reinforce and enrich classroom instruction; (3) in complete accord with the goals established for the development of the school curriculum; (4) carefully planned so that home assignments are not so lengthy as to be self-defeating nor so complicated as to require assistance or resource materials not available to the student; and (5) an extension of class work that has already been introduced. As in the assignment of in-school work, homework assignments must be left to the sound professional judgment of the teacher, who will be expected to interpret the needs and assess the abilities and interests of each student. See JCSD School Board Policy IHE.

- Homework is used to supplement the class work and strengthen the student's understanding of what he/she is studying. Parents/guardians are encouraged to cooperate with the school in seeing that assignments are completed on time.
- Students are expected to exhibit virtuous behaviors such as, but not limited to honesty, integrity, and trustworthiness. Therefore, any student caught cheating or plagiarizing on a test or other school assignment may receive a grade of 0 (zero), and the parent will be notified by the teacher. See JCSD School Board Policy IHE.

Conferences

- At various times during the school year and for many reasons, teachers and parents should confer concerning students. These conferences should be prearranged during school hours. To prearrange a conference, parents may write the teacher requesting a conference, or it may be arranged through the school office. The school office personnel do not give out teacher's home telephone numbers.
- Teachers are not available by phone or in person for parent/guardian-teacher conferences during instructional time. Parents/guardians are not to go to the teacher's room during school hours to schedule a conference. Trying to meet with teachers at unscheduled times is disruptive and unfair to the teacher and the students.
- For all students to receive maximum instruction during the school day, all parents/guardians are required to wait in the office when waiting for a conference or when picking up their children or their children's work. See JCSD School Board Policy IHE.

Middle School (6-8) Academic Guidelines

Grade Level Classification

The student's classification will be determined by successful completion of the following courses:

- 6th grade - 5th grade courses: ELA, math, science, and social studies
- 7th grade - 6th grade courses: ELA, math, science, and social studies
- 8th grade - 7th grade courses: ELA, math, science, and social studies
- 9th grade - 8th grade courses: ELA, math, science, and social studies

Students may be promoted to grade 9 who participate in school remediation and/or credit recovery programs. Participation in these programs must have parent/guardian and principal approval. Please note: the student cannot fail more than two required courses for promotion. See JCSD School Board Policy IHE.

Grades
Tests count 45% and daily work counts for 55%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE and IHAEA.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Summer School Guidelines

- Summer school programs provide the means by which students (grade 6-8) may be taught content and objectives not mastered during the regular school session. The summer school year program shall depend on the availability of qualified teachers.
- To be eligible to attend summer school, a student must meet all of the following criteria:
  - Have a yearly average of not less than 55.
  - Be no more than one reading level below the level required for promotion in Policy IHE in grades where a required level is specified.
  - Grades 6-8 has not failed more than two (2) subjects.
- In a summer school session, the number of courses in which a student may enroll is determined by his/her grade classification:
  - Grade 8: has not failed more than 2 subjects.
- Tuition may be required. The number of students registering for specific courses will be determining factors as to which courses will be offered in the extended school session.
- The summer school session may end on the last working day in June.
- For each student enrolled in summer school, there will be a copy of prescribed objectives/content to be mastered by that student. Core skills are not the only skills the student will be required to master. The prescribed objectives/content will be provided by the classroom teacher(s) for whom the student did not master the objectives- content as part of the teacher end-of-year checkout process.
- Students who have not completed mastery of required skills/content by the end of the summer school term will be retained in the grade in which they were enrolled at the end of the school year.
- Out-of-district students are not allowed to attend summer school. Before transfer students from within the district are officially enrolled in summer school, parents/guardians of the transfer students must bring to the receiving school documentation that reflects approval of the principal of the home school and a copy of the prescribed objectives/content to be mastered by the students.
- The summer school program will comply with the guidelines established by the State Department of Education and contained in Accountability.
- All Jackson County School Board policies apply to summer school where applicable.
- The Assertive Discipline Plan followed by the Jackson County School District during the regular school year will be the one used during the summer school session. Each student will receive a copy of the teacher's classroom rules and the consequences for not following them.
- If a student is sent to the office, the following actions will be taken:

- The first time: Parents/guardians will be notified of the misbehavior and the fact that if the student is referred to the office a second time, he/she will be dismissed from summer school and will forfeit any fees paid.
- The second time: Student will be dismissed from summer school and will forfeit any fees paid. See JCSD School Board Policy AEBA.

High School (9-12) Academic Guidelines

Policies Regarding Selection of Subjects

- Students are allowed to select on-line and correspondence courses for graduation credits provided the following guidelines are followed:
  - Enrollment in on-line and correspondence courses must have prior approval granted by the principal.
  - The courses must meet all requirements cited in the Mississippi Curriculum Frameworks and the Approved Courses for Secondary Schools in Mississippi.
- Students who transfer from another state's accredited school shall be permitted to apply those credits the district's requirements. See JCSD School Board Policy IHE.

Dual Credit (DC)

- Students must have a B (3.0 on a 4.0 scale) grade point average to take dual credit (DC) courses.
- Dual credit courses which are taken through local colleges must be pre-approved by a college or university, the Mississippi Department of Education, and the school principal.
- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count eight (8) dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than eight (8) dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the eight (8) dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
  Only dual credit courses included on the Mississippi Department of Education (MDE)approved course list will count in determining class rank.
- Weight of dual credit (DC) courses will be the same weight as Advanced Placement (AP) classes.
- Dual credit (DC) courses will award credit based on one (1) high school credit per three (3) credit hour college course successfully completed.
- Please see your school counselor regarding classes available for dual credit (DC).

Grades

Tests count 50%, exams count 20%, and daily work counts for 30%. The course average will consist of the average of the two terms. See JCSD School Board Policy IHE.

The minimum number of grades per term will be 4 tests and 9 daily grades. The maximum will be 27 grades per term.

Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Grade Level Classification

A student's classification will be determined by the number of units of credit completed

prior to the first day of the new school year.

- To be 10th grade - 8 credits
- To be 11th grade - 14 credits
- To be 12th grade - 20 credits

See JCSD School Board Policy IHE.

Examinations and Exemptions Tests

- Tests in all subjects are given at the end of each nine weeks. These tests will be given on the date assigned and count 20% of the nine (9) weeks grade. Tests that are pre-assigned prior to a student's absence will be taken on the day the student returns to class.
- Any student caught plagiarizing or cheating on a test, homework, or other school assignment may receive a grade of zero (0), and the parent will be notified by the teacher.

Exemption Policy

- Exemption is a privilege, not a right. Only students who meet the following requirements may be exempt from semester tests:
- Exemptions based on Semester I and II data.

Students in grades 9th-12th who meet the following requirements will be exempt from exams:

- A student with an A average and no more than 4 absences in a class may be exempt from the semester exam for that class.
- A student with a B average and no more than 2 absences in a class may be exempt from the semester exam for that class.
- A student with an A average and no more than 2 absences in a term class may be exempt from the exam for that class.
- A student with a B average and no more than 1 absence in a term class may be exempt from the exam for that class.

½ Credit (Term) Courses	Semester Courses
Grades based on term average	Grades based on semester average
Discipline based on course term	Discipline based on course semester
Attendance based on course term	Attendance based on course semester

- Students will be counted absent but will receive an excused absence from classes in which they are exempt.
- Students who are exempt under this policy will receive grades in progress on report card.
- Final examinations shall not be given early. A student who withdraws from school prior to taking his/her final examinations for term or semester shall be given grades in progress.
- The student can have no more than one (1) ISI discipline incident and no OSS per semester.
- Any student not exempt will be required to take the final exam in the course.
- Any student who cannot provide written documentation regarding his/her absence from a regularly scheduled term examination will receive a zero (0) for that exam.
- Students may be exempt by period.
- Participation in the following activities is not considered an unexcused absence and

does not count toward an absence for exemption:

- School related activities
- Two junior or two senior college days per year, approved by the principal
- University honors placement exams approved by the guidance counselor
- Military entrance physical

See JCSD School Board Policy IHE and IHAEA

Awarding and Recording of Grades

In the event a student does not receive credit for a subject because of excessive absences, expulsion, or drops out of school, no credit (NC) will be recorded in the applicable place in the student's cumulative folder and on the permanent record.
When a student completes a subject, the actual grade the student earned will be recorded in the appropriate place in the student's cumulative folder and on the permanent record. See JCSD School Board Policy IHE and JRA.

Reports of Student Progress

Progress Reports of students' accomplishments will be sent home four times during the year. Dates for progress reports are listed on the school calendar located in the handbook.

If the parents desire a conference with the teacher, it may be arranged by making an appointment through the principal's office. See JCSD School Board Policy IHE.

Honor Roll

There will be a Superintendent's Honor Roll for students making a quality point average (QPA) of 4.5 or above. There will be a Principal's Honor Roll for students making a quality point average (QPA) of 4.00-4.499. See JCSD School Board Policy IHE.

Awards Day Program

Each year awards will be given to the outstanding student in each department. All awards will be given at an Awards Day Program near the end of the school year. Perfect attendance is defined as attending school all day every day.
See JCSD School Board Policy IHE.

Standards for Participation in Extra-Curricular Activities for Schools on the Block (4 x 4) Schedule

It is a privilege, not a right, for a student to participate in extra-curricular activities.
To be eligible for participation, a student must meet the following minimum scholastic requirements at the end of the school year to be eligible for the beginning of the next school year or at the end of the first semester to be eligible for the second semester. Students must follow all requirements by the Handbook of the Mississippi High School Activities Association, Inc. (www.misshsaa.com). In addition to the Handbook of the Mississippi High School Activities Association, cheerleading information can be located in the Criteria for Cheerleading Selection Policy IDFB. See JCSD School Board Policy JT.

Student Drug Testing

Statement of Purpose and Intent

The Jackson County School District (JCSD) recognizes that drug use by students participating in athletics, cheer, dance, band, and/or choir, a drivers' education course, Career and Technical education (CTE) courses, and those who drive and park on campus (hereinafter "participating students") present special concerns about the dangerous combination of drugs and participation in these activities. While the misuse or abuse of illegal drugs, prescription and even non- prescription drugs is unsafe for any student, the additional demands placed upon participating students make such misuse or abuse

dangerous.
In response to the serious health risks and other risks posed by participating students' use, JCSD has implemented a drug testing policy which is designed to provide early detection of drug use and to eradicate or reduce significantly use and influence of prohibited drugs and other chemicals by participating students.
In pursuit of these purposes, JCSD declares that the use of prohibited drugs, or intoxication and physical influence thereof, by participating students is inherently unsafe. Such use, intoxication or influence should be detected and prevented and such participating students should be counseled, educated and monitored. This policy is adopted to promote the safety, health and well-being of participating students and is not intended to be disciplinary or punitive in nature. The sanctions provided for herein relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in the covered activity. There will be no academic sanction for violation of the policy and the policy is intended to complement all other policies of the JCSD regarding the possession or use of illegal drugs.
All students enrolled in JCSD who are in 7th grade or higher and who (1) participate in any JCSD High School or Middle School athletic program, cheer, dance, choir, and/or band (2) obtain a parking permit to allow them to drive and park on a JCSD campus (3) enroll in a drivers' education course or (4) enroll in a high school CTE course shall be subject to drug testing to the extent and manner provided for in this policy.
The Board authorizes the superintendent to implement procedures in furtherance of the goals of this JCSD School Board Policy JCDAB.

Definitions:

- "Athletic Department" shall mean the Athletic Departments for each of the attendance centers within the JCSD.
- "Confirmation test" means a drug test on a specimen to substantiate the results of a prior drug test on the specimen. The confirmation test may use an alternate method of equal or greater sensitivity than that used in the previous drug test.
- "Drug test" means a chemical test administered for the purpose of determining the presence or absence of a drug in a person's body.
- "Illegal drug" means (a) a prohibited drug as set forth below, (b) a drug listed as illegal under Mississippi law, (c) a drug which is illegal to use under Mississippi law without a prescription, or which is controlled by the Food and Drug Administration.
- "Initial test" means an initial drug test to determine the presence or absence or drugs or related metabolites in specimens.
- "Medical Review Officer" or "MRO" means a licensed physician, either a Doctor of Medicine or Doctor of Osteopathy, or other medical or scientific expert knowledgeable in drug abuse disorders, employed to help the JCSD interpret, evaluate and monitor its drug testing program.
- "Negative drug test" means a drug test that does not show evidence of a prohibited drug in a person's system.
- "Participating Students" are students participating in athletics, cheer, dance, choir, Career and Technical education (CTE) and/or band and/or those who obtain a parking permit to allow them to drive and park on campus, and/or enroll in a drivers' education course.
- "Positive drug test" means a drug test that indicates the presence of a prohibited drug in a person's system.
- "Prescription medication" means a drug prescribed for use by a duly licensed physician, dentist or other medical practitioner licensed to issue prescriptions.
- "Prohibited drug" means any drug which is considered a part of the group of drugs listed in Section IV. PROHIBITED DRUGS/ALCOHOL below.
- "Random testing" means a neutral selection basis of testing for drugs which

provides a mechanism for selecting participating students for testing that: (i) results in an equal probability that any student from a pool of students subject to the selection mechanism will be selected, and (ii) does not give JCSD and school personnel the discretion to waive the selection of any student selected under the mechanism, unless a student has a significant cognitive disability documented in their Individualized Education Plan.

- "Specimen" means a tissue or product of the human body chemically capable of revealing the presence of drugs in the human body.
- "Calendar Year" means 365 days from the date a violation is declared. "JCSD" means Jackson County School District.
  See JCSD School Board Policy JCDAB

ADMINISTRATIVE PROCEDURE

Concurrent Drug Testing Policies

This policy and the JCSD policy on drugs as listed JCSD Student Handbook shall be administered separately and concurrently. Tests occurring under this policy shall not be used for or considered for the purposes of the JCSD Assertive Discipline Program; however, test results under the Assertive Discipline Program may be considered for the purposes of eligibility to participate in athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive to and park on the JCSD campus or to enroll in drivers' education course and for testing or monitoring under this policy. Participating students are subject to all related policies concerning this subject area.

Implementation

All participating students and their parents/guardians will be notified of this policy upon (1) entering an athletic program, cheer, dance, choir, and/or band, or (2) seeking a JCSD parking permit, (3) enrolling in drivers' education course, or (4) Career and Technical education (CTE) The JCSD Superintendent and/or his or her designees shall be responsible for the fair, impartial and complete implementation of this policy and for ensuring the no-notice, surprise nature of all testing. The JCSD Administration shall be responsible for the coordination and execution of all testing through a third-party vendor, which is the MRO.
The initial method of collection will be done by urinalysis.

Consent/Refusal to Consent

The parents/guardians of participating students will be asked to sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy and consenting to the release of the tests results to the MRO, Superintendent and/or his/her designees on a need to know and confidential basis. The test results will also be provided to the parents/guardians of the participating student. If a participating student and/or his or her parent/guardian declines or fails to sign the consent form, the student will be ineligible to participate in any JCSD athletic program, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive and park on the JCSD campus or to enroll in drivers' education course. The consent form to be used for purposes of this policy shall be formulated by the MRO and Superintendent.

Annual Testing

As an annual prerequisite for participation in a JCSD athletic program, cheer, dance, choir, and/or band, or for permission to drive and park on the JCSD campus, or enrolling in drivers' education course, parents/guardians of participating students must sign a consent form acknowledging this policy, authorizing the test for prohibited drugs as provided for in this policy. Any student who tests positive for drugs may be ineligible to participate in JCSD athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band or to drive and park on the JCSD campus or enroll in drivers' education

course as provided in this policy, or, in the discretion of the Principal or Athletic Director, and approved by the Superintendent, may participate subject to the provisions of Section III. 9. of this policy.

Random Testing

Participating students will be tested on a random basis for use of prohibited drugs. Random testing shall be conducted no less than two (2) times during a school year and may be conducted during the school year at any other time during the school year as determined by the Superintendent. The random testing shall not be announced or revealed prior to the time of commencement and shall be conducted on a no-notice, surprise basis. The JCSD Superintendent and his designees shall determine the percentage of participating students tested in any one (1) random test not to exceed ten percent (10%) of eligible students on a specific campus or the designated amount budgeted by the school board for the cost of the MRO contract for drug analysis tests. Once the percent is established for the year it will be applied consistently in each attendance center. The Superintendent and his designees shall take all reasonable steps to assure the integrity, confidentiality, and random nature of the MRO selection process. This would include, but not necessarily be limited to the MRO:

- Assuring that the names of all participating students are in the pool.
- Assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing.
- Assuring that the identity of students for testing is not known to those involved in the selection process.
- Assuring the direct observation of the selection process by at least two certified employees of the District as determined by the Superintendent.

Specimen Collection

All specimens will be collected under reasonable and sanitary conditions. Individual dignity and privacy will be preserved to the extent practicable. Universally accepted standards for testing, labeling, storage and transportation of specimens will be strictly followed by the testing facilities. The MRO will request information before each confirmation test regarding prescription and non- prescription drugs and any other information which could lead to a false positive test. JCSD staff shall be present only for supervising of students during random testing. No JCSD staff shall be involved in the collection, storage, labeling, or handling of specimens from random testing unless necessary because of the student's handicapping condition that has been previously documented.

Testing Procedures

A laboratory certified by the National Institute of Drug Abuse will be designated by JCSD to perform all initial drug tests and selection of students. The laboratory and the MRO will be responsible for the handling and safe delivery of all positive specimens to the confirmation laboratory and such delivery will be accomplished through proper chain of custody procedures.

Finding of Drug Use Consequences

If a student violates this policy, the consequences described below will apply only to the component of the activity impacted by the violation (i.e., athletics, dance, cheer, band, choir, Career and Technical education (CTE), driving on campus, and/or driving during drivers' education class). The student's grade will not be lowered because of the student's suspension from participation in these activities; however, a student will not be allowed to drive until a negative test result occurs, which could negatively impact a grade in a drivers' education class. The student may be expected to complete alternative assignments during the suspension in order to maintain his or her grade.

First Violation

If the initial test for drugs indicates a negative result, no further test will occur unless there is good reason to suspect the quality of the specimen sample. If the initial test indicates a positive result, a confirmation test will be conducted immediately. Should the confirmation test also indicate a positive result for a participating student, the following consequences shall be imposed:

- The district will notify the student and his or her parent/guardian via a phone call and in writing of such positive test results.
- The student shall be suspended from participation in all athletics, cheer, dance, choir, Career and Technical education (CTE), and/or band activities (which encompasses, for purposes of this policy, all participation including: tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of thirty (30) days, which can be reduced by half upon the successful completion in a drug counseling and/or drug education program and passing a second drug test.
- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about thirty days after the date on which JCSD received notification of the confirmation tests positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a second violation.
- The student shall be required to participate in and complete a drug counseling or education program developed by and provided by JCSD. Refusal to participate in the counseling and/or education program, as set forth in this paragraph, will be treated and handled as a second positive test result.
- The student will not be allowed to resume participation until he/she has had a negative drug test at the expense of the parent/guardian.
- After successfully returning from a first violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a second violation is declared.

Second Violation

Should a participating student test positive for a second time in one calendar year, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via phone call of such positive test results.
- The student shall be suspended from participation in all athletics, dance, and cheer, choir, Career and Technical education (CTE), and/or band activities (which encompasses, for purposes of this policy, all participation including tryouts, practices and competitions) and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course for a minimum of sixty (60) days.
- The student shall submit to a mandatory drug test at a laboratory certified by the National Institute of Drug Abuse that will be designated by JCSD, on or about sixty (60) days after the date on which JCSD received notification of the confirmation tests' positive result. Parent/Guardian will be responsible for the cost of the test and JCSD will determine time frame it will be administered. A positive test result shall constitute a separate violation of this policy and shall be treated as a third violation.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/guardian. A drug counselor shall refer the

student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.

After successfully returning from a second violation, the student may be required to submit to additional unannounced retests within the calendar year of the violation at the discretion of the district. If the student receives a positive result at this point, a third violation is declared.

Third Violation

Should a participating student test positive for a third time in any two calendar years, the following consequences shall be imposed:

- The MRO or district will notify the student and his or her parent/guardian in writing and/or via telephone of such positive test results.
- The student shall be suspended from participation in all athletic, dance cheer, choir, Career and Technical education (CTE), and/or band activities and from driving to and parking on the JCSD campus and from drivers' education course for a minimum of one (1) calendar year.
- The student shall be required to attend a drug counseling or rehabilitation program at the expense of the parent/ guardian. A drug counselor shall refer the student to a JCSD approved outside drug counseling agency. Documentation of attendance and completion of counseling must be submitted to the principal before participation/eligibility is reinstated.
- The JCSD reserves the right to require the student to submit to mandatory drug testing during the calendar year of the violation as often as deemed appropriate by the administration. The student will not be allowed to resume participation until he or she presents a negative result on retest. No positive test results as described in this policy will be used as grounds to discipline, suspend or expel a participating student, except for the guidelines provided in this policy.

Appeal

A participating student has the right to appeal a decision under this policy by following the grievance procedure as outlined in JCSD Student Handbook and shall be afforded all student due process rights as provided by law. Participation in athletics, dance, cheer, choir, Career and Technical education (CTE), and/or band and parking at JCSD or enrolling in drivers' education course is a privilege only and a student has no property right or interests in such participation.

Medical Review Officer

As part of this policy, JCSD will utilize the services of a medical review officer (MRO) as designated by JCSD. The MRO will interpret, monitor, and evaluate all positive test results so as to determine whether any alternative medical explanation could account for the positive results. The MRO must be a licensed physician, or group of licensed physicians, knowledgeable in drug abuse disorders.

Confidentiality

The results of a student's drug test shall not be released to anyone other than the Medical Review Officer (MRO), the Superintendent or his/her designees and the student's parents/guardians.

Results may also be released to the Board of Trustees, the school attorney, athletic department personnel, and/or school advisor on a need-to-know and confidential basis. No other person may receive the test results without the express authorization and consent of the participating student's parent/guardian.

Cost
JCSD will bear the cost of the initial drug and confirmation test required by JCSD under this policy. The participating student or his or her parent/guardian will pay the costs of any retest requested by the student and of all tests required after a violation of this policy, as outlined in Section III.9. above. If a parent requests that blood testing or any other alternate method of equal or greater sensitivity be utilized then the parent will be responsible for the additional costs associated with the testing method.

Use of Prescription or Legal Non-prescription Drugs
Prior to an initial drug test, a participating student may voluntarily disclose the use of any prescription or non-prescription drugs but will not be required to do so. If the initial test results are positive, the MRO shall request from the student and/or the parent/guardian information regarding what, if any, prescription and non-prescription drugs, the student was using at the time of the test.

Information regarding a student's need for and use of prescription and non-prescription drugs is considered confidential, sensitive, and private. The information is necessary and will only be used for the assistance and safety of the student needing the medications, the safety of other students, and, in the event of a positive initial test result, to assist the MRO in determining possible causes of a false-positive test. The information should only be available to affected JCSD personnel to the extent practicable.

Refusal to Submit to Test
Refusal of any student to submit to testing conducted for any group of students during the school year or upon being selected for random or designated testing will constitute a "violation."

Self-Referral (Not Allowed After Selection for a Random Test)
In the event a student wishes to self-refer himself/herself for drug/alcohol usage, it will NOT initially constitute a "violation". A student may self-refer only one (1) time during his/her school career. When a student submits a self-referral, the following shall occur:

- An administrator/parent conference will be scheduled by the student's Principal.
- The student will be ineligible to participate in his/her sport, cheer, dance, choir, Career and Technical education (CTE), and/or band and from driving to and parking on a JCSD campus or driving when enrolled in a drivers' education course, until he/she has enrolled in a recognized Drug Assistance/Education program.
- The student must also then be declared physically safe to participate by a licensed medical physician before being allowed to return to participation.
- Failure of the student to successfully complete the Drug Assistance/Education program will constitute a violation and the student will not be allowed to participate in any school sponsored athletic, dance, cheer, choir, and/or band activities and from driving to and parking on a JCSD campus or being enrolled in a drivers' education course.

Prohibited Drugs/Alcohol
JCSD will test for the use of prohibited drugs in the following groups:

- Marijuana
- Cocaine
- Opiates
- Amphetamines
- Phencyclidine (PCP)
- Spice (synthetic marijuana)

Drug Assistance Program Procedures for Intervention Program
In the event that a student chooses to enroll in a designated Drug Counseling or Rehabilitation program the following steps may be considered:

- The student and his/her parent(s) or legal guardian(s) will be provided with information regarding those designated drug/alcohol intervention programs that are available in our

vicinity.

- The student and his/her parent(s) or legal guardian(s) will be responsible for providing for the cost of the program.
- The student and his/her parent(s) or legal guardian(s) will be responsible for transportation to and from the program.
- To ensure that the student successfully completes the program, the parent/guardian will sign a release of information form with the treatment center giving the center the right to share information with the school system's designee. The school will receive a report from the treatment center advising the District of the student's attendance and degree of success. See JCSD School Board Policy JCDAB.

Graduation Information

Graduates 2022 and Later

The District follows all state mandated requirements for graduation. Specific graduation course requirements are posted in the MS Public School Accountability Standards each year and will change as changes are required by the MS Department of Education or based on school leaders requesting improvements to the current district requirements.

All requirements as indicated by the Mississippi State Department of Education and the Commission on School Accreditation in Mississippi Public School Accountability Standards must be met by the graduate. These requirements include satisfactorily passing state end-of-course assessments at the level established by the state (MS Code 37-16-7).

Special Education students' diploma and graduation requirements will be based on the criteria established by the Individual Education Plan (IEP)/Vocational transition plan reviewed on an annual basis.

- Special Education Students receiving a diploma must participate in the Subject area Testing Program and pass at the level required by the state (MS Code 37-16-11).
- Special Education students receiving a Certificate of Completion must participate in a course of study outlined in the IEP transition plan for gained employment. Courses allowed for graduation credit must be subjects listed in the Approved Courses for the Secondary Schools of Mississippi. Courses that are not listed in the Approved Courses for the Secondary Schools of Mississippi require approval from the Commission on School Accreditation before being offered.

Courses are not designated as academic/non-academic. The student may complete his/her schedule to include those courses of interest as long as the above requirements are met. It will be the responsibility of the student to decide if he/she plans to enter college or go into the workforce upon graduation from high school. Once the student makes this decision, he/she should enroll in the courses, while in high school, to prepare for the career of his/her choice.

Valedictorian, Salutatorian, Historian
Recognition for Academic Achievement

The Jackson County School District will compute all courses excluding grades acquired in Physical Education, Driver's Education, Production III, Production IV, Band, and Chorus for senior class ranking. The student(s) having attained the highest, second highest, and third highest quality point average (QPA) during his/her high school period shall be recognized as Valedictorian, Salutatorian, and Historian, respectively. Only students earning a diploma with 26 required credits or more are eligible to serve as Valedictorian, Salutatorian, or Historian. See JCSD School Board Policy IHCA.

- A student may serve as Valedictorian, Salutatorian, or Historian if he/she has attended the respective high school for his/her entire senior year. Grades attained from any school during the high school period will be entered into the aggregate compilation of the Valedictorian, Salutatorian, and Historian recognition: however, if number grades are not sent from a prior school and verification is present that efforts have been made to secure the number grades and these efforts have been unsuccessful, then the following number grades will be given for the following letter grades:

  E-3 – (AP) Advance Placement and Dual Credit (DC)
  E-2 – Accelerated
  E-1 – Honors

A	**95**
B	**85**
C	**75**
D	**67**
F	**59**

- The Valedictorian, Salutatorian, and Historian will be chosen based on the highest Quality Point Average through the third (3rd) nine weeks of the senior year.
- The Quality Point System will be utilized to compute and determine the rank-in- class of graduating seniors. Rank-in-class is defined as the comparison of a student's academic performance with those of the members of his graduating class. Class rank computed on the basis of quality points, rather than on grade- point average, projects a more accurate profile of academic performance. It is also designed to encourage students to enroll in more challenging courses. Students in advanced courses earn additional quality points directly proportionate to regular courses. In this way those students in courses of average academic difficulty set the 4.0 norm. Additional quality points assigned to advanced academic courses merely serve to achieve a more accurate class ranking. Grade- point averages are unaffected by quality points and will continue to be the report of academic achievement on the high school transcript.
- Students with a quality point average of 4.0 to 4.49 will graduate with honors. Students with a quality point average of 4.5 and above will graduate with special honors.
- Quality Point Equivalency Scale for E-3 – (AP) Advance Placement and Dual Credit (DC), E-2 Accelerated, and E-1 Honors courses and the number of quality points a student will receive for the grade he/she makes in each course is listed in the student handbook.
- In establishing students class rank as determined by quality point average (QPA), students will only be allowed to count 8 dual credit courses. Students may take dual credit courses from a state-accredited institution for QPA purposes. If a student has taken more than 8 dual credit courses, regardless of where taken, the courses calculated into Quality Point Average (QPA) will be the 8 dual credit courses with the highest averages. All dual credit courses will count in the grade point average (GPA) calculation.
- Only dual credit courses included on the Mississippi Department of Education (MDE) approved course list will count in determining class rank.

Collegiate Academy or Similar Programs

Students enrolled in the Collegiate Academy or similar programs will be ranked separately and will not follow the traditional class ranking. Students enrolled in the Collegiate Academy will not be considered for the Valedictorian, Salutatorian, or Historian. Prior approval must be obtained from a guidance counselor and the school principal to participate in Collegiate Academy or similar programs.

Early Graduation

Students who fulfill all requirements for graduation may opt to complete their high school career early. Students will be allowed to participate in the commencement exercises with their class and will receive their diploma at that time. Students will not be allowed to participate in any extra-curricular activities sponsored by the school for the remainder of the school year and will no longer be considered enrolled in the Jackson County School District. Students will be considered as a visitor when present on the high school campus. To qualify for early graduation, a student must complete the following:

- Schedule a meeting with the counselor and present a post-secondary plan (i.e., college, work, vocational training, and military) as a rationale for early graduation.
- The student's parents must attend this meeting.
- A tentative schedule will be created provided the courses are available.
- The tentative schedule must be approved by the Principal.
- The school is not obligated to provide two (2) core courses (per subject) within a school year. (Fall- Spring).
- An exit conference will be scheduled prior to early release. In addition, the principal and parent must approve all early graduations.

Correspondence Courses:

The Jackson County School District will follow the Mississippi Public School Accountability Standard for Correspondence courses.

Procedure for Correspondence Courses:

- The correspondence course must have been approved by the principal and administered through an approved program.
- The evaluation criteria will have been administered by a certified member of the school district.
- The correspondence course must be one which is contained in the curriculum of the school in which the student is enrolled.
- The building principal will supervise and administer the tests to the student taking the correspondence course or will assign a counselor within the building to supervise and administer the tests.

Graduation for Students with Disabilities

Students with disabilities will be issued a regular education high school diploma, certificate of life skills completion or alternate diploma option as follows:

- By age fourteen (14) or prior to a student entering the ninth grade, an Individualized Education Program (IEP) Committee will consider the exiting options from high school. The parents/guardians and, if appropriate, the student will be informed of the requirements for each option and the various alternatives in post-school activities based on each exiting option. An IEP Committee will determine and document the option appropriate for each student.
- Students pursuing a regular education high school diploma must meet the requirements set forth by the State Board of Education and the Jackson County School District. Special education and related services will be provided to assist a student to reach this goal based on the student's IEP.
- For students who are significantly cognitively disabled pursuing alternate diploma completion, a comprehensive curriculum of basic life skills will be utilized for instructional purposes. Transition services, including a functional vocational evaluation (if appropriate), will be provided based on each student's preferences and interests, his or her IEP and the planned outcomes for post-secondary activities specific to the student. As determined appropriate by the IEP Committee, transition services may include:
  - Instruction in functional academics
  - Community experiences
  - Adult living
  - Employment skills
  - Related services
  - Daily living skills
- An IEP Committee will review the previous exiting option decision for each student at least annually. The committee, along with the parents/guardians and, if appropriate, the student, may change the original or previous decision regarding the student's exiting option.
- Students pursuing the alternate diploma option, which is not equivalent to a traditional high school diploma and is not recognized by postsecondary entities that require a traditional high school diploma. All students are required to participate in the Mississippi Assessment Program Alternate Assessment (MAAP-A) with a score TBD. Students who have met the criteria on their IEP for having a Significant Cognitive Disability (SCD) may participate in a program of study to earn the Alternate Diploma.
- Every student who completes an approved course of study by or before age 21 will receive an alternate option diploma and will be permitted to participate in graduation activities.

Grading for Student with Disabilities

- All grades awarded to students in grades 1-12 shall be awarded in compliance with the district's promotion/retention policy.
- Grades awarded to students who have been ruled eligible for special education services and who are also actively participating in the District's special education program(s) shall be based on the following:
- Inclusion and resource students receiving a traditional diploma is based on the same guidelines as the district's promotion/retention policy. Accommodations/modifications provided in coordination of both special classroom teachers and general classroom teachers to obtain final grades will be provided.

Graduation Ceremonies

The following requirements concerning graduation ceremonies shall be met:

- The scheduling of formal graduation ceremonies shall be limited to those honoring senior students who have successfully completed prescribed secondary school graduation requirements.
- Preparation for graduation ceremonies shall be scheduled in such manner that complies with all MS Department of Education requirements.
- The secondary schools shall not deliver a diploma, signed or unsigned, to a student who fails to meet the requirements for graduation. A student who fails to meet the graduation requirements is not permitted to participate in graduation exercises. Students who have completed satisfactorily the local district's secondary curriculum for special education may be awarded a high school certificate or diploma which states, "This student has successfully completed an Individualized Educational Program." This student may be permitted to participate in graduation exercises.
- All State and District requirements must be met in order for a student to participate in graduation or receive a diploma. This includes foreign exchange students. (Decision of Mississippi Commission on School Accreditation, Summer 1988)

Student Message at Graduation Ceremonies

It is the intent of the Jackson County School District to allow the graduating senior class the discretion to use a brief opening and/or closing message, not to exceed two (2) minutes at their respective school graduation exercises. If the graduating class chooses to use an opening and/or closing statement, the message shall be given by a student in the graduating senior class chosen by the senior class as a whole and the message shall be wholly prepared by the student selected. The content of the message delivered shall not be monitored or otherwise reviewed by the school administration, the board of education or any school district employee, but the content shall not be libelous, slanderous or obscene. The printed event program at all graduation ceremonies shall include the following disclaimer: "The opinions, remarks and viewpoints expressed by any student speaker at this ceremony do not reflect the endorsement, sponsorship, position, opinion, expression or viewpoint of the Jackson County School District."

Participation in Graduation Ceremonies/Discipline Violations

- The Jackson County Board of Education recognizes that participation in graduation ceremonies is a significant milestone in the education of our students and believes that said participation should be protected whenever possible. However, schools must have the ability to discipline students who are near the end of their academic career in the high schools in the Jackson County School District in meaningful ways in order to sustain the type of safe, secure, disciplined environment that is necessary.

- In accordance with this philosophy, it shall be the policy of the Jackson County Board of Education that high school seniors will be held to high standards of discipline until the conclusion of the academic year. Since some of the typical discipline measures that are approved for other students are not applicable for seniors who are near the end of the school year, additional measures need to be available to administrators in the high schools.
- Any senior who commits a Level 5 infraction (as defined by the discipline code of the district) during the last 9 weeks of the school year may have his/her right to participate in the graduation exercises for his/her school revoked.
- This policy does not restrict the ability of the administration to address severe discipline issues that may occur during an earlier term of the school year in any way.

Computation of Grade Point Average for Seniors
All courses for which students are given credit will be used in computation of Grade Point Average (GPA).
In computing the GPA, if a subject is failed and not repeated, the grades recorded will be used in computing the GPA. If a subject is failed and repeated, the highest semester grade will be used in computing the GPA. See JCSD School Board Policy IHF. Student Conduct Procedures

Mississippi School Safety Act Of 2019

The Mississippi School Safety Act of 2019, provides additional disciplinary procedures to the school district's existing authority regarding the discipline of students. In conformity with the Act, the school district has adopted policies that recognize the teacher as the authority in classroom matters regarding the school district's written discipline code of conduct, and the right of the teacher to remove from the classroom any student who in the professional judgment of the teacher is disrupting the learning environment, subject to the immediate review of the principal or assistant principal.

In the event the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student's parent, guardian or custodian during which the disrupting behavior is discussed and agreements are reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other written communication.

The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher's or a school administrator's ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or a school-related activity, and which is not covered by other laws related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or to other school employees; defiance, ridicule or verbal attack of a teacher; willful, deliberate and overt acts of disobedience of the directions of a teacher.

If a student commits "disruptive behavior" as determined by the principal or assistant principal for a second time during the school year, the principal, reporting teacher and the student's parents will develop a behavior modification plan for the student.

A student, thirteen years or older, who does not comply with the behavior modification plan may be deemed to be "habitually disruptive" and subject to expulsion if the student commits a third act of "disruptive behavior" during the school year. Students under age thirteen may be subject to expulsion for such conduct pursuant to other school policies and procedures.

The term "habitually disruptive" refers to such actions of a student which causes disruption in a classroom, on school property or vehicles or at a school-related activity on more than two (2) occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

Students with disabilities are responsible for adhering to the same rules of conduct as non-disabled students. State and federal regulations relating to students with disabilities will be followed when implementing discipline procedures. See JCSD School Board Policy JD, JDH-1, and JDAA.

Code of Conduct

In implementing conduct and personal appearance regulations, it should be stated that the primary responsibility for the conduct and personal appearance of a student rests with the student and the parents. Every effort should be made to impress upon the students and the parents that discipline and order can only be maintained in the school when the school is not used as a vehicle for disruptive influences. In carrying out school regulations, students, parents, teachers, and the administrative staff should observe the following:

- Administrators and teachers shall hold students to strict account for disorderly conduct or misconduct at any school, on the way to school meetings, programs, functions and activities, and upon school buses. The superintendent or principal/school administrator of any school may suspend any student from school for good cause.

- The superintendent or the principal/school administrator of a school may have the power to suspend a student for any reason. The following steps should be followed by the parents should they wish to appeal a decision made by the principal:
  - Appeal to the Assistant Superintendent of the Attendance Center
  - Appeal to the Superintendent
  - Appeal to the School Board
- Courts have ruled that teachers must maintain their effectiveness and respect in order to perform their duties as a teacher. The effectiveness and respect must be maintained on or off the school premises and during or after school hours.
- The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff. Therefore, to ensure safety, security and an atmosphere conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort. The code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes.
- Student Search and Seizure Courts have ruled that teachers and school administrators are "in loco parentis" of students. This means that teachers and administrators are acting in place of parents during the school day and may do anything a parent would do to maintain discipline. In addition, school officials must protect all students from possible harm. Therefore, courts have ruled that school officials may conduct searches of students when there is a reasonable suspicion that the student might posses' items that might harm themselves or other students (drugs, paraphernalia, alcohol, weapons, stolen items, tobacco, electronic cigarettes, any smoking devices, or any other items that might cause harm to that student or other students). These court rulings were made in order to protect all students of possible harm. "Emerging First and Fourth Amendment Rights of the Student." 1 J. Law and Education 449, 451 (1972) "In re Donaldson", 269 Cal. App. 2nd 509, 75 Cal. Rptr. (1969) "Mercer v. State" .450 S.W.2d 715 (1970)

The Board of Education is mindful of public concern about student discipline and protection in the school. It is the responsibility of the Board to provide a situation in the schools where learning can take place. This responsibility has been upheld in the past and will continue to be with the continued positive, wholesome attitude toward learning on the part of the students and their parents or guardians. Students who come to the schools to learn will cause no trouble nor get in trouble. When pupils come from homes where parents have a positive attitude toward learning and have the ability to adjust to change, discipline and conduct problems are minimized.

The principals, counselors, and all classroom teachers continue to have responsibility to teach by precept and example good conduct and positive attitude toward learning. They and parents/guardians, also, have a responsibility to help students develop wholesome attitudes toward themselves, other students and teachers.

- Upon arrival, all persons, other than school employees and pupils enrolled at that specific school, must first go to the principal's office to secure admission to the campus. Otherwise, they will be considered to be trespassers and, as such, subject to arrest and prosecution. Therefore, to ensure safety, security, and an atmosphere

conducive to teaching and learning on all campuses, it shall be the policy of this board that upon entering the campus of any school within this district, all visitors must report immediately to the office of the school principal and obtain his/her permission before visiting any part of the campus. Each visitor must sign a visitor's list in the principal's office. A visitor's badge will be issued and must be worn at all times while on the school campus. The badge will be returned to the principal's office when the visitor departs the campus.

- Students are not to bring brothers, sisters, or friends to school for any reason. The Board of Education of the Jackson County School District is dedicated to maintaining a secure and educationally sound environment for its students and staff.
- A teaching situation, which is conducive to learning, must be maintained. Therefore, any student whose actions make it impossible for the teacher to devote full attention to the class will be sent to the principal's office. The administrator will review the case and try to resolve the problem. The Board of Education will support and protect its teachers and administrators when they are making a conscientious professional effort.

This code of conduct shall take effect and be in force from and after its adoption and does not change any previous codes. See JCSD School Board Policy JCA, JD, JDH-1, JDAA, AND JCD. (MS Code 37-11-55)

Addendum to the Code of Conduct

- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his or her minor child's destructive acts against school property or persons.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph 1 of this subsection, or for any other discipline conference regarding the acts of the child.
- Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district that refuses or willfully fails to attend such discipline conference specified in paragraph 2 of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference.
- A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.

The Jackson County School Board has adopted the "Assertive Discipline Model" plan developed by Lee Canter as the format for maintaining an atmosphere conducive for learning in the classroom. Each child will receive his/her classroom rules and take them home for parents to sign and return to his/her teacher. Each child will also be instructed about other behaviors which are not acceptable and the consequences that accompany the behaviors.

As a component of the "Assertive Discipline Model, the following is a list of some of the more serious behaviors that students shall not display while being supervised by school personnel at school, at school sponsored activities and while being transported on a school bus. Disciplinary action is not limited only to the behaviors listed below. The actions listed on the following Disciplinary Ladder will be taken by the principal when students are referred to the office for reaching Step 5 on a teacher's classroom discipline plan, or sent to the principal's office for misbehavior outside the classroom.

The escalation through the steps of the "Assertive Discipline Model" may vary depending upon a student's age, grade, and discipline history; therefore, Jackson County School District will institute a separate step ladder for Elementary (K – 5) and Secondary (6 – 12) schools. See JCSD School Board Policy JD and JDAA.

Elementary (K-5) Campus Discipline Ladder and Consequences

Step 1

- Reprimand, one day of ISI, or recess detention to be signed by the parent/guardian and returned to school.
- Remove from ladder if not referred to the office for ten school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 2

- Detention or 1 - 2 day(s) ISI. Signed by a parent/guardian and returned to school.
- Remove from ladder if not referred to the office for ten school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 3

- 2-3 days ISI. Contact parent or legal guardian. (In writing or by phone)
- Intervention referral/possible behavior improvement plan. (MS School Safety Code 37-3-83, 37-11-53, 37-11-54, and 37-11-55)
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 4

- 1–2-day(s) OSS.
- Parent/guardian conference will be held before student returns to school so that interventions and behavioral suggestions can be put in place.
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.
- Absences due to suspension will be treated as excused in relation to makeup work and tests.

Step 5

- 1-5 days OSS
- Parent/guardian conference will be held before student returns to school so that interventions and behavioral suggestions can be put in place.
- Remove from ladder if not referred to the office for 15 school days. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 6

- Referral to school board or Superintendent for further action.

_*Building level administration may use their discretion.

All school rules apply to school bus conduct (pages 62-65) and follow the Elementary (K- 5) Assertive Discipline Program.

The principal may suspend students out of school for a period not to exceed five (5) school days. The principal, with the approval of the superintendent, may suspend students out of school for a period not to exceed ten (10) school days. Long-term suspension, or that in excess of ten (10) school days, or expulsion may be given only by action of the Board of Education, and then only after such student has been afforded notice, opportunity of a hearing, and other procedural rights consistent with state and federal due process requirements. See JCSD School Board Policy JCDAD, JD, and JDAA.
The student may be represented at such hearing by counsel of his/her choice. The hearing will be closed to the public to protect the student from adverse effects of any disclosure made at such a hearing. See JCSD School Board Policy JDAA.

Secondary (6-12) Campus Discipline Ladder and Consequences
Absences due to suspension will be treated as excused in relation to make-up work and tests.

Step 1
- Break detention or 1 day ISI
- Remove from ladder. If the student is referred to the office during the 10-day probationary period, he/she will move to the next step on the discipline ladder.
- Contact the parent (phone/letter to be returned signed by the parent)

Step 2
- Contact parent/guardian (by phone or by letter)
- 1 - 2 day(s) of In School Isolation (ISI)
- Removal from ladder if not referred to the office for ten school days from date of return to regular class. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 3
- Contact parent/guardian (by phone or by letter)
- ISI 2-3 days
- Removal from ladder if not referred to the office for fifteen school days from date of return to school after suspension. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 4
- Contact parent/guardian (by phone or by letter)
- Out of school suspension (OSS), 1–5 day(s)
- Loss of all privileges during the time of suspension
- Students in OSS are not allowed to participate in school activities or be allowed on campus.
- Absences due to suspension will be treated as excused in relation to make- up work and tests.
- Removal from ladder if not referred to the office for twenty school days from date of return to school after suspension. If the student is referred to the office during the probationary period, he/she will move to the next step on the discipline ladder.

Step 5
- The school administrator can recommend Direct Placement to the Alternative School with verified parent contact and completion of Discipline Form A of the appropriate forms. In the event the parent disagrees with the direct placement, they can appeal to the Jackson County Board of Education. The Jackson County Board of Education may at that time, concur with this decision, overturn the decision, and modify, without limits, the decision which is presented,

not excluding expulsion. All decisions by the Board shall be final.

- In the event that a student is recommended for expulsion because an offense represents a danger to students, staff or the school, the student will be given the opportunity for due process by appearing before the Jackson County Board of Education. The following procedures will be followed:
- The parents/guardians will receive a Notice of Suspension/Expulsion. This notice will be verified by the school administration.
- The parents/guardians of the student has five (5) school days to request a hearing before the Jackson County School Board. The request for the hearing is made by calling the Superintendent's secretary at the Jackson County Administrative Office. The hearing will be scheduled as soon as possible after the request. All consideration of the student's disciplinary actions shall be conducted in accordance with standard board procedure.
- If the School Board does not meet within ten (10) days after the recommendation for expulsion, the student will be placed in the Jackson County Alternative School or receive other Alternative Education Services as deemed appropriate by the school administration.
- Failure of the parent/guardian to request a hearing or appear at the appointed time and place for the hearing shall waive the student's right to a hearing.
- In the event the hearing is waived, the principal and superintendent shall consider all the facts, take appropriate action, and recommend appropriate action to the board along with a summary of the case. The Jackson County Board of Education may at that time, concur with this decision, overturn the decision, modify, without limits, the decision which is presented, not excluding expulsion. All decisions by the Board shall be final.

Note: Students who consistently abuse the first steps in the discipline ladder may have a discipline ladder developed to best meet the needs of the individual student. This new ladder will be in effect for the student when the parent has been contacted and informed of the new discipline ladder. See JCSD School Board Policy JCA, JD, JDAA, JD-1, and JCDAE (2).

33. Other misbehavior as determined by the administration	Step 1-5
34. Bomb Threats	Step 5
35. Using, selling, possessing, furnishing, transferring or obtaining over the counter drugs without proper authorization.	Step 3-5

All school rules apply to school bus conduct (pages 62-65) and follow the Secondary (6-12) Assertive Discipline Program.

Consequences for the above disruptions apply to students under the supervision of school personnel during school hours, at school sponsored functions and while being transported on school buses.

Students assigned ISI will attend school but will spend school hours completely isolated from the remainder of the student body. Students late to school or checking out while assigned to ISI will be given an additional day of ISI. Teachers of a student assigned to ISI will prepare daily assignments which include the work the student is missing during his/her absence from class, and these assignments will be completed in ISI and then returned to the classroom teachers. Students assigned to ISI will not be allowed to participate in any school activities, such as pep rallies, assemblies, etc., that take place during normal school hours.

Should a student who is recommended for expulsion be placed on probation by the school board, probationary period will be determined by the school board. The student may be represented at such hearing by counsel of his/her choice. The hearing will be closed to the public to protect the student from adverse effects of any disclosure made at such a hearing. See JCSD School Board Policy JCA and JDAA.

Violence Policy or "Threat Protocol"

As a result of the violence and numerous shootings that have taken place nationally on school campuses, the Jackson County School District feels that it must take action to prevent an incident of this nature from occurring in our school district. The following actions will be taken with students making threats to do bodily harm on a school campus or at a school function:

- Students making threats to other students, teachers, administrators, and other school personnel or in the community that they would like to do bodily harm to someone else or themselves on the school campus or at a school function may be reported to the sheriff's department. Students making these threats may be recommended to the school board for expulsion. Before the students return to school, they will need to provide school officials with documentation that they have undergone counseling and/or psychological evaluation and that they pose no threat to students or school personnel.
- Students who hear other students making threats to other students, teachers, administrators, or other school personnel are encouraged to report this action to a teacher or an administrator. The names of students making such reports will be kept

in confidence. In addition, a toll-free number is available to report any situation that could put your school's safety at risk. This number, 1-866-960-6472, is provided by the State of Mississippi, Department of Safe and Orderly Schools. All calls are confidential, and no one will ask for your name.

- School personnel are aware of the unwritten code that you do not "tattle" on a fellow student, but feel that when the lives of one or more students, teachers, administrators, or other school personnel are threatened, this code does not apply. Students who withhold such information could face disciplinary action. See JCSD School Board Policy EBBB, JCDAE(2), JCA, JDAA, and JD.

Prevention of School Violence

The Jackson County School District shall be in compliance with the following Mississippi Code: Section 1. Section 97-37-17, Mississippi Code of 1972, is amended as follows:

- The following definitions apply to this section:
  - "Educational property" shall mean any public or private school building or bus, public or private school campus, grounds, recreational area, athletic field, or other property owned, used or operated by any school board, school, college or university board of trustees, or directors for the administration of any public or private educational institution or during a school related activity; provided however, that the term "educational property" shall not include any sixteenth section land or lieu land on which is not located a school building, school campus, recreational area or athletic field.

- It is prohibited for any person to possess or carry, whether openly or concealed, any BB gun, air rifle, air pistol, bowie knife, dirk, dagger, slingshot, leaded cane, switchblade knife, blackjack, metallic metal knuckles, razor and razor blades metal nail files, and any sharp pointed or edged instrument except instructional supplies and tools used solely for preparation of food, instruction and maintenance on educational property. Any person violating this subsection of the law and found guilty will be required to pay a fine and may be imprisoned.
- It prohibited for any person to cause, encourage, or aid a minor who is less than eighteen years old to possess or carry, whether openly or concealed, any BB gun, air rifle, air pistol, bowie knife, dirk, dagger, slingshot, leaded cane, switchblade

knife, blackjack, metallic knuckles, razor and razor blades, metal nail files, and any sharp pointed or edged instrument except instructional supplies, and tools used solely for preparation of food, instruction and maintenance on educational property. Any person violating this subsection shall be reported to the proper law enforcement and upon conviction will be required to pay a fine and possibly be imprisoned. It shall not be a violation of this section for any person to possess or carry, whether openly or concealed any gun, rifle, pistol, or other fire arm of any kind on educational property if:

- The person is not a student attending school on the educational property and had a proper license/permit to carry a weapon;
- The firearm is within a motor vehicle; and
- The person does not brandish, exhibit or display the firearm in any careless, angry or threatening manner.

- This section shall not apply to:
  - A weapon used solely for educational or school-sanctioned ceremonial purposes, or used in a school-approved program conducted over the supervision of an adult whose supervision has been approved by the school authority (i.e., archery, ROTC). Armed forces personnel of the United States, officers and soldiers of the Militia and National Guard, law enforcement personnel, School Resource Officers or any private police employed by the District 5, State Militia or Emergency Management Corps, and any guard or patrolman of a state or municipal institution, when acting in the discharge of their official duties.
  - Armed forces personnel of the United States, officers and soldiers of the militia and National Guard, law enforcement personnel, any private police employed by an educational institution, State Militia or Emergency Management Corps and any guard or patrolman in a state or municipal institution, when acting in the discharge of their official duties.

  - Any person as authorized in Section 97-37-7 while in the performance of his official duties
  - Any mail carrier while in the performance of his official duties; or any weapon not described by Section 97-37-1 which is in a motor vehicle under the control of a parent, guardian, or custodian, as defined in Section 43-21-105 which is used to bring or pick up a student at a school building, school property or school function

  All schools shall post in public view a copy of the provisions of this section. See JCSD School Board Policy JDDB, JCDAE(2), and JCA. (MS Code 97-37-17)

Sexual Harassment: Employees and Students

Part 1

In accordance with Title VII of the 1964 Civil Rights Act, as amended in 1972, Section 703, no employee in the Jackson County School District shall be subject to sexual harassment. Furthermore, students in academic institutions are protected from sexual harassment by the Title IX of the Education Amendment of 1972, and shall not be subjected to sexual harassment by their peers or employees.

It is the intent of the school board to maintain an environment free from sexual harassment of any kind. Therefore, unwelcome sexual advances, requests for sexual favors, retaliation against persons involved in sexual harassment complaints and investigations, and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited.

Part 2

Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when certain criteria are met.

Criteria I:

Submission to such conduct is made either implicitly or explicitly, a term or condition of employment, the assignment of grades, or promotion, or used to deprive the student of access to the educational opportunities and benefits provided by the school district.

Criteria II:

Submission to or rejection of such conduct by an individual is used as the basis for employment or academic and other educational decisions affecting such individual.

Criteria III:

Such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive working environment. With regards to students, the criteria are when such conduct has the purpose or effect of unreasonably interfering with the student's educational performance or creating an intimidating, hostile, or offensive learning/teaching environment.

Criteria I and II are examples of quid pro quo or conditional sexual harassment.
Criteria III is an example of hostile work or learning/teaching environment.

Part 3

Complaints of violation of this policy should be immediately reported to an administrator, teacher, counselor, or the Title IX coordinator/district counsel without fear of reprisal. If your supervisor or administrator is the person you believe has engaged in sexual harassment, report it to the Assistant Superintendent resources or the Title IX coordinator/district counsel. No administrator, manager, or supervisor has the authority to condition the terms and conditions of employment, such as raises, assignments, or promotion, on the receipt or denial of sexual favors. Likewise, no administrator, teacher, or other school official has the authority to condition grades or promotions, or other academic decision on the receipt or denial of sexual favors.
Therefore, should violation prove to be legitimate, the offending employee shall be subject to disciplinary action, including involuntary termination of employment. Students who engage in sexual harassment of other students shall be subject to disciplinary action, including suspension and expulsion.

Part 4

The school district will not in any way retaliate against an individual who makes a complaint of sexual harassment or against any participant in the investigation nor will it permit an supervisor, administrator, principal, or employee to do so. Retaliation is a serious violation of the sexual harassment policy and should be reported immediately. A person who engages in retaliatory conduct against another individual for reporting sexual harassment will be subject disciplinary action up to and including termination.

Part 5

Relationships between individuals who occupy different levels of authority are banned.
If there are relationships between individuals who occupy equal levels of authority then those individuals will exhibit professional conduct in the workplace.

Definitions of Bullying or Harassing Behavior

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole. See JCSD School Board Policy JDDA.

Student Bullying Policy

The Jackson County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristics that (a) places a student or school employee in actual or reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the alleged victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school- sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Jackson County School District makes every reasonable effort to ensure that no student or school employee is subjected to bullying and harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against an alleged victim, witness, or a person with reliable information about an act of bullying or harassing behavior. The District requires anyone who has witnessed or has information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Jackson County School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures are appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions".

Furthermore, the Jackson County School District defines one "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. The policies and procedures must recognize the fundamental right of every student to take reasonable actions as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. See JCSD School Board Policy JBA and JDDA.

Procedures for Bullying or Harassing Behavior

Students and employees in the Jackson County School District are protected from bullying or harassment by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing, and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board. See JCSD School Board Policy JBA and JDDA.

Procedures for Processing a Complaint

- Any student, school employee, or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee, or volunteer has been subjected to bullying or harassing behavior shall immediately report such conduct to a teacher, principal, counselor, or other school or district official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. All witnesses and alleged victims shall complete a "Bullying/Harassing Report Form" (available in this handbook under the section Bullying/Harassing Report Form, from any school or district office, and on the district website), which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the alleged victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint.
- The report shall be given promptly to the principal, assistant superintendent, or superintendent who shall institute an immediate investigation. Complaints against a principal or director shall be made to the proper assistant superintendent for each attendance center or central office.
- Complaints against an assistant superintendent shall be made to the superintendent. Complaints against the superintendent shall be made to the Board chairman.
- The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings if necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the alleged victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.
- If the alleged victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the appropriate assistant superintendent. Such appeal shall be filed within ten working days after receipt of the results of the initial decision. The appropriate assistant superintendent will arrange such meetings with the alleged victim and other affected parties as deemed necessary to discuss the appeal. The appropriate assistant superintendent shall provide a written decision to the alleged victim's appeal within ten (10) working days.

- If the alleged victim is not satisfied with the decision of the assistant superintendent, a written appeal may be filed with the superintendent. Such appeal shall be filed within ten working days after receipt of the decision of the assistant superintendent. The Superintendent shall, within twenty (20) working days, review all documentation and decisions of other actions and render a decision in writing to the alleged victim regarding the appeal.
- If the alleged victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board shall, within twenty (20) working days, allow the alleged victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the alleged victim's appearance before the Board. See JCSD School Board Policy JDDA and JBA.

Resolving Complaints

If the investigating administrator determines that bullying has occurred and it is the first offense of bullying for the aggressor, the aggressor will be punished according to the handbook steps 2-5. If a student has a second offense for bullying, the student may be sent to the alternative school for up to 45 days. If the student has a third offense for bullying the student may be recommended to the school board for expulsion.
See JCSD School Board Policy JD, JDDA, and JDAA.

Bullying/Harassing Report Form

Directions:
Harassment or bullying are serious and will not be tolerated in the Jackson County School District. This is a form to report alleged harassment or bullying behaviors that occurred on school property, at a school-sponsored activity, an event off school property, on a school bus, or on the way to and/or from school. If you are a victim who is getting harassed or bullied or a witness to someone being harassed or bullied, you must report it immediately by completing this form and returning it to any school or district office. See JCSD School Board Policy JDDA and JBC.

Transportation Services

Transportation Services for Elementary (K-5) and Secondary (6-12)

The Jackson County School District operates transportation services required by state law, which directs that all school districts furnish transportation to pupils living one or more miles from their attendance center. Use of the JCSD transportation service is a privilege.

The district regards transportation as a vital service for students and maintains annual equipment maintenance and driving programs as to assure an efficient, safe operation. Drivers receive special certification and participate in safety and energy conservation programs.

Any questions regarding the overall operation of the particular attendance center's transportation program may be directed to the local transportation supervisor:

East Central Attendance Center	228-283-3100
St. Martin Attendance Center	228-283-3400
Vancleave Attendance Center	228-283-3700

See JCSD School Board Policy EDD, EDC, and EDDAC.

School Bus/All District Vehicle Services for Elementary (K-5) and Secondary (6-12)

The district provides transportation for all students. In addition to riding the school bus students may walk, ride bicycles, drive other motor vehicles, or their parents may provide transportation to school. Students who drive motor vehicles to school are required to have a valid Mississippi driver's license and to abide by all regulations regarding driving, parking, and conduct in parking lots. School buses are school property.

School Bus Discipline for Elementary (K-5) and Secondary (6-12)

- Student discipline is the shared responsibility of parents, students, and school personnel. Drivers are expected to keep order and discipline on the bus, but their major responsibility must be driving the bus.
    - Riding the school bus is a privilege. This privilege carries with it some responsibilities on the part of the student. Behavior which prevents the driver and the student from having a safe trip to and from school will not be tolerated.
- Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed for elementary (K-5) or secondary (6-12) levels in the respective handbooks.
- Students may be denied the privilege of riding the school bus because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year, if the principal determines the action is necessary for the safety of the other students on the bus. (MS, State Code 37-7-301, [e]) Consequences for misconduct on the bus will be consistently applied. The transportation director, school administration, or other designee may handle minor offenses. Questions involving disciplinary actions should be directed to the school administration. Action requiring suspension shall be the responsibility of the school administration. The administration shall notify transportation director and the student's parents when a student's bus riding privileges are suspended. The transportation director will notify the appropriate bus driver. In addition to unacceptable behaviors listed in the assertive discipline section for elementary (K-5) and secondary (6-12) of this handbook, the following behaviors on the bus are unacceptable and will result in disciplinary action being taken against the student.

Established Rules of Behavior for Elementary (K-5) and Secondary (6-12)

- At no time are students to put heads, arms, legs, bodies, or hands out of the windows of the bus.
- Immediately upon entering the bus, students are to be seated and are to remain seated until they arrive at their destination. The guidelines apply at any time a student is transported on a school bus.
- Students will board the bus and leave the bus according to instructions of the bus driver. Students are to obey all directions of the bus driver at all times.
- Students may not leave the bus on its way to or from the school except at their designated stop.
- Students are not to throw any objects on the bus or from the bus.
- Students must sit in the seat assigned by the driver. Drivers have the option of reassigning students to a different seat when necessary.
- The bus must come to a complete stop before students enter or exit the bus.
- Loud talking and other loud noises are not permitted on the bus.
- No beverages or food may be consumed on the bus.
- Intentional littering of the bus is prohibited.
- Vulgar language is prohibited on the school bus.
- Balloons, vases of flower arrangements, or other objects, which hinder the view of a bus and/or create a dangerous situation are prohibited.
- Students will not be allowed to spray any perfume or other type of spray on the bus.
- Parents/guardians may not view bus video.
- All school rules, as approved through the Assertive Discipline Plan for elementary (K-5) and secondary (6-12), also apply to school bus conduct.

A student's failure to follow established rules of behavior will result in the following disciplinary action. (The severity of the student's misbehavior will determine the step on which the student is placed.)

- **Step 1**
  Written Warning: Shall be signed and returned by parent/guardian.
- **Step 2**
  One (1) to three (3) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 3**
  Three (3) to five (5) days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 4**
  Five (5) to ten days off the bus, and parent conference or contact before riding privileges are reinstated.
- **Step 5**
  Shall result in loss of bus privileges for the remainder of the school term/year. If the student is removed from the school bus, a conference with the school administration must be held prior to the student being permitted to ride the bus. Continued or severe misbehavior may result in the student's removal from the bus for the remainder of the school year. If a student misbehaves during the final days of school, the punishment may continue into the next school year.
- **Step 6**
  Referral to the school board or superintendent for further action.
  See JCSD School Board Policy JD, EDC, and JCDAD.

Interference with School Buses for Elementary (K-5) and Secondary (6-12)
It is unlawful for any individual to board a school bus, other than a student scheduled to, a member of the public-school administration or faculty, or a law enforcement official. State law prohibits unauthorized boarding of school buses or interference with passenger boarding or leaving, under penalties of fines and/or imprisonment.

Parents/Guardians Picking Up Students or Student Riding a Different Bus for Elementary (K-5) and Secondary (6-12)
If it becomes necessary for a student not to ride his/her regular bus home, the parent/guardian should send a note to the school with the student that day. If an emergency arises during the school day, parents/guardians should notify the school before 1:30 p.m. to request a change in how the student will go home. Likewise, there may be a need for a parent/guardian to check out a student at the point of boarding a school bus. This will be permitted only with the clearance of an administrator or transportation director.

Changing Afternoon Transportation for Elementary (K-5) and Secondary (6-12)
To ensure the safety of all students, changes to daily transportation should be minimal.

- The parent/guardian must send a note to the school if the student is going to ride a different bus or will be picked up instead of riding the bus.
- If a student misses the bus in the afternoon, he/she has to be signed out in the office by the individual picking up the student.
- Students will not be allowed to ride a bus, other than their own bus, without a note signed by a parent/guardian and/or principal/transportation supervisor.

For the safety of your child, phone calls are not accepted to change afternoon transportation arrangements.

Buses for Elementary (K-5) and Secondary (6-12)
The Board of Education recognizes the district's continuing responsibility to maintain and improve discipline and to insure the health, welfare, and safety of its staff and students on school transportation vehicles.
Students found to be in violation of the district's bus conduct rules shall be subject to disciplinary action in accordance with district policy and regulations.
Bus transportation is a privilege extended only to students who display good conduct while preparing to ride, riding, or leaving the bus. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation. (MS Code 37-37-301 [e])
Riders who fail to comply with the above rules shall be reported to the school principal, who shall determine the severity of the misconduct and take appropriate action as described in the student handbook. In the case of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined by the principal, up to the remainder of the school year, and parents will be notified. See JCSD School Board Policy EDC and JCDAD.

Safety Regulations for Elementary (K-5) and Secondary (6-12)
Parents/guardians play a vital role in assuring the safety of students served by the school transportation program. Parents/guardians may help by instructing their children in the following procedures for boarding, riding, and departing the bus.

Loading the Bus for Elementary (K-5) and Secondary (6-12):

- Students should arrive at the designated bus stop on time. The bus cannot wait for late arrivals.
- Students should always stand away from the street or roadway (a minimum of 15') and avoid pushing and playing while waiting for the bus to arrive home.
- Students should wait until the bus comes to a complete stop before approaching and attempting to enter the bus.
- Students should board the bus quickly and quietly, as directed by the bus driver.

Riding the Bus for Elementary (K-5) and Secondary (6-12):

- Students will be held to the same rules and regulations listed on the district discipline ladder.
- Student will follow the instruction of the bus driver at all times.
- Students will not be allowed to spray any perfume or other type of spray on the bus.

Departing the Bus for Elementary (K-5) and Secondary (6-12):

- Drivers will not discharge riders at places other than regular bus stops unless proper authorization from school officials has been given.
- When necessary to cross a street or roadway after getting off the bus, students should cross only in front of the bus. Students should carefully look both ways to make certain that no traffic is approaching from either direction. Students should carefully look both ways to make certain that no traffic is approaching from either direction.
- Students should cross a minimum of 10' in front of the school bus. This will enable the bus driver to see the student until he/she is safely to the other side of the road.
- Students should not stop to pick up any items dropped in front of the school bus.

Extracurricular Trips for Elementary (K-5) and Secondary (6-12):

- All transportation rules and regulations apply to any trip under school sponsorship.
- Teachers and/or chaperons appointed by the school will enforce all school and transportation regulations.
  See JCSD School Board Policy EDC and JCDAD.

School Dress Code

Dress/Grooming Policies

Dress and grooming codes are based upon certain sound foundations; they are not just arbitrarily selected and dictatorially enforced for no cause. Laws surrounding indecent exposure, conditions necessitating safety and personal well-being, health and sanitation are some of the basic fundamentals. Conditions conducive to learning must not be impaired because of temporary and individualized fads. In order for students to be able to cope with even larger restrictions and responsibilities, they must learn while still in school to observe regulations set forth for the group as a whole. Keeping this total concept in mind and realizing a need to satisfy peer group desires for current fashions, the Board will make an effort periodically to restructure the dress and grooming code according to current conditions.

It shall be the responsibility of district and school support staff to communicate information to parents/guardians regarding the requirement of the mandatory school uniform dress code, including, but not necessarily limited to: a. types and colors of uniforms, b. optional articles of attire, and c. compliance measures to be employed.

All due process procedures provided in MS Code 37-7-335, will be followed in the administration of this policy.

The Jackson County School Board has defined the minimum standards of dress and grooming which will be acceptable for participants in the school system. The following is a description of the clothing that students shall wear while attending school in the Jackson County School District. An effort had been made to be as specific as possible about acceptable styles and colors. When purchasing your child's clothing for school, you are encouraged to purchase within the guidelines listed below. Because a certain style, etc. is not listed does not mean that it is acceptable attire that can be worn to school. If you have questions about a certain style of clothing, you are encouraged to contact the administrator of your child's school for clarification prior to the purchase of the clothing.

- Any clothing or appearance styles that are deemed as a distraction by the administration will not be permitted.
- Blankets are not permitted in the school building unless stored in a backpack out of sight.

Boys

- No undershirts without an outside shirt shall be worn.
- Shirts shall be buttoned.
- Underclothing shall be worn.

Girls

- Underclothing, including panties and bras, shall be worn.
- No see-through clothing may be worn unless worn with proper underclothing.
- No clothing top shall be cut so low in front as to expose any part of the breast or

be excessively low in the back.

The Jackson County School Board has adopted these standards expecting the support by parents and students in the spirit for which the standards are intended. Students are expected to dress and groom within the limits set by the standards. Students are expected to obey the rules and directions of their teachers and principals in charge of their educational programs.

Parents/guardians are requested to encourage their students in participating in the spirit intended by the standards for personal appearance and the discipline program.
The personal appearance code will be positively enforced by teachers, principals, and administrators.

The standards for dress, grooming and discipline with appropriate methods of enforcement and appeal have been established to provide an environment and conditions whereby the school district's educational program can be so planned, adapted, and conducted as to provide each child the training and opportunity to take his place in a democratic society. The personal appearance code has been developed to establish a standard of decency for covering the body, improving the educational environment of the school and enhancing school safety and should be interpreted in the spirit for which it is intended.

Non-Compliance of Dress Code

Students new to the district and enrolling on or after the first day of school will have five (5) school days to comply with the dress code.

- The administration at the school shall confer with the parent/guardian of each student who fails to comply with the dress code in an effort to ascertain the reason(s) for non- compliance.
- Steps for non-compliance are as follows:
  - First Offense-Student will be placed in In-School Isolation (ISI) until the parent/guardian can bring the required clothing for the student or checks the student out of school for the day.
  - Second Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student will receive One (1) day. Out-of-School Suspension to be served on the next school day.
  - Third Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student will receive a Three (3) days In-School Isolation to begin on the next school day.
  - Fourth Offense-Student will be placed in In-School Isolation until the parent/guardian picks up the student, and the student shall be suspended from school until a disciplinary review hearing is held before the Jackson County School Board at its next regularly scheduled meeting.
- If a suspension is issued for non-compliance, the remainder of the suspension will be revoked upon compliance (for the 1st and 2nd offenses only, during the suspension period).
- The offenses are cumulative for the entire school year, with no probationary period. See JCSD School Board Policy JCA.

Financial Hardship

Parents/guardians who find it difficult to comply with the requirements of the Jackson County School District's Dress Code Policy due to financial hardship may request assistance from the principal at their child's school. The principal may be able to offer suggestions to the parent regarding assistance from various community and civic groups or agencies.

Parent/Guardian Information

Students' and Parents'/Guardians' Rights and Responsibilities
Both parents/guardians and students have certain rights and responsibilities regarding schools. Parents/Guardians have expectations for the following rights:

- Safety of their child
- Fair evaluations and treatment of their child
- A conducive learning atmosphere for their child
- Their child to be taught and treated in a competent and professional manner.

Parents/Guardians have the following responsibilities:

- Realize the extent of their responsibility for the behavior of their child. (Parents are responsible for the behavior of their children while at school, and to and from school.)
- Prepare their children to assume the responsibility for their own behavior.
- Foster positive attitudes toward themselves, others, school, and community.
- Communicate with school personnel about their child.
- Comply with state law on compulsory attendance, property damage, suspension and expulsion procedures.
- Know and see that their child follows school rules.
- Attend individual or group training sessions and conferences when requested.
- Recognize that the teacher acts as parent while the child is at school.
- Safeguard the physical and mental health of their child and be responsible for necessary health examinations and immunizations.
- Work with and support school personnel who are trying to help their child.

Parents - Defined as the biological parent, step-parent, court appointed (legal) guardian or foster parent, and any individual who is acting in loco parentis on behalf of a court of jurisdiction.

Students have the following rights within the provisions of constitutional, federal, state, and common laws:

- An atmosphere conducive to learning
- To participate in school-sanctioned, organized, approved, scheduled assemblies;
- To refrain from any activity which violates precepts of their or others religious beliefs
- To form and express their own opinion without jeopardizing their relationship with their teachers, school administration, or their peers
- Through their student council representative to discuss issues related to school environment
- Participation in school program and activities
- Freedom from discrimination
- Due process
- Participation in decision-making.

Students have the following responsibilities:

- Attend school and be on time.
- Take seriously their responsibility to learn.
- Assume responsibility for their personal growth and self-discipline.
- Take care of their personal property. Respect the rights and privacy of others.

- Work cooperatively with school personnel and other students.
- Study the school's handbook.
- Know and follow school rules.
- Accept responsibility for their actions.
- Must not disrupt educational process.
  See JCSD School Board Policy LAA, JRAD, and JRAB.

Grievance Procedure

- Any student/parent who may have a problem during the course of the school year should go first to the person with whom he/she disagrees. If the problem cannot be resolved at this level, he/she should go next to the building principal. If he/she is still not satisfied, he/she should continue to the Assistant Superintendent, Superintendent, and finally the School Board. To appear before the School Board, the grievant must submit the request to the Superintendent.
- This procedure should be followed if there is a problem with transportation, child nutrition, or any other division of the school system. For example, if there is a problem with transportation, the person would go first to the bus driver, transportation supervisor, principal, and then continue through the chain of command as listed above.
- Students/parents/guardians are encouraged to follow the chain of command in an effort to resolve any problems at the lowest possible level in the chain of command. See JCSD School Board Policy GAEP, GAE, and IDDHA.

Modifications for Exceptional Students Special Education Placement

Educational programming and placement will be in accordance with the student's individualized education plan. Questions or concerns should be directed to the Director of Special Education. The address and phone number are listed in the front of this handbook. See JCSD School Board Policy IDDFAA and IHAA.

Parent/Guardian Involvement in Conferences

Parent/guardian-teacher conferences should be arranged by appointment for the time set aside each day following the close of school or during the teacher's consultation period. Parents/guardians may contact the office or teacher at the school that their child attends to arrange a conference.

Parent/Guardian-Teacher Organization

The education of each child is a cooperative enterprise. Close cooperation and understanding between the home and school is most important. To help achieve this, there is an organization of parents/guardians and teachers on each of the school's campuses. All parents are encouraged to participate in the school's PTO.

General Information

Emergency Operations

- School staff members faced with an emergency affecting the health and welfare of a student will exercise their discretion and judgment as to procedures for handling the emergency, following established policy and procedural guidelines as far as possible. In the event that a student's parent/guardian cannot be reached, the school officials will act to safeguard the student in a reasonable way.
- Schools are sometimes faced with emergencies that require the total cooperation of staff members and students. The Jackson County schools have detailed plans for operating under such emergency conditions as fire, tornado, flood, severe weather, explosions, and other emergencies.
- Fire drills and other emergency preparedness measures are a regular part of each school's program. Detailed instructions for emergency operations will be outlined to all students at their respective schools. Students are expected to learn the procedures to be followed under emergency conditions and to cooperate fully with the supervising teacher, staff, and/or administrator during drills and/or the actual event of such an emergency. The teacher will instruct all classes as to the procedure and exit to follow. Each room will use a certain exit, and it is necessary that each student follow the directions of the teacher in order that the building may be vacated in the shortest time possible. All students will leave the building as quickly as possible. See JCSD School Board Policy EBBC and EBBC-R.
- When a decision must be made to close or dismiss any school(s) within the Jackson County School District, the superintendent or his/her designee will notify local radio and television stations. Parents/Guardians and students should listen for announcements from these media outlets and/or contact the school district's homepage on the Internet. Callouts via telephone or other appropriate technology will be attempted as necessary.

Textbooks and Technology

- Textbooks and technology may be issued by the teacher for each subject. The state- owned textbooks and technology are estimated to last five years. The condition of the book or technology issued to a student is checked at the beginning of the school year and again at the close of the session.
- Parents/guardians will be required to sign a statement assuming full responsibility for the books and technology and their proper care until all items have been returned to the school.
- Textbook and technology checks may be made at different times during the school year by a school official.
- In accordance with House Bill 1063, if a textbook or technology device is lost, damaged beyond use, or not returned by a student who drops out of the district, the parent or legal guardian will be required to compensate the district for the list value of the book(s) and device(s). Lost textbook(s) and device(s) must be paid for before another one is issued. Students who do not pay fines will not be issued books or devices for the following school year.
- The Jackson County District will not require fees for curriculum materials and other supplemental instructional materials and supplies. Students will be required to have paper, pencils, erasers, etc.
- Good care of books and equipment is an indication of good citizenship.

Library Books
Visiting the library is a privilege to all students. Students are expected to maintain proper care of the books and equipment. Students with overdue books may not be permitted to check out additional library books. Students who lose or damage library books beyond use will pay the current price of the books.

Video Policy
In compliance with the Family Education Rights and Privacy, there will be no videos, cameras, or any other recording devices without a proper written release form from the administration on school property or school related activities.

Student Insurance
Student insurance enrollment and claim forms are available on the district website. Telephone numbers are available for additional information concerning benefits or enrollment procedures. Parents/guardians are encouraged to enroll their children in this policy.

School Insurance
Student insurance enrollment forms are available in the office at each school. Telephone numbers are available for additional information concerning benefits or enrollment procedures. Parents/guardians are encouraged to enroll their children in this policy. Students involved in any extra-curricular activity are required to have insurance coverage. A policy is offered through the school or parents may sign a waiver if coverage is provided by private insurance. The policy offered through the school is an additional policy and all students are encouraged to enroll.

Blood Drives
Jackson County Schools may sponsor blood drives on secondary (6-12) campuses several times during the school year. Students who are seventeen years of age or older are eligible to be a blood donor. The standards of eligibility are established nationally and approved by the FDA. A notice will be sent home with each student on any secondary (6-12) campus prior to any scheduled blood drive.

Students and the News Media
The school district will publish the name and/or picture of a student in school publications or school-related articles or include students in other school-related news media programs unless prior requests have been made by a student's parent/guardian for exclusion of his/her child's name or picture from such publications or news media programs.

Attendance at Prom (High School Only)
Only those students who are classified as juniors or seniors at the beginning of the school year and are in good standing with their respective classes and school are eligible to receive an invitation to attend the prom.
All juniors will be required to contribute a minimum amount of money in order for the prom to be held. Juniors not meeting these requirements will not be given an invitation to prom, nor will they be allowed to attend prom with someone else who has received an invitation. In addition, any junior not paying dues as a junior must pay the dues as a senior before receiving an invitation to attend the prom. See JCSD School Board Policy JT.

Deliveries to Students during the School Day
To protect the instructional time of our classes, parents/guardians may not take deliveries to classrooms at any time. Deliveries to individual students are not allowed.

Drink and Snack Machines
The drink and snack machines in the teacher's lounge are for office personnel and teachers only. Students are not to enter the lounge and get drink or snacks from these machines. See JCSD School Board Policy JG.

Science/Technology Laboratories
Good behavior in the laboratory is most important because of the use of acids, burners, and electrical equipment which could cause serious accidents if improperly handled. Any student damaging or breaking any laboratory equipment intentionally or through neglect on his/her part will be required to pay for the damage.

Student Parking Lot (High School Only)
The Jackson County School District is not responsible for damages to or property stolen from a student's vehicle while parked on the school campus. In order to purchase a parking pass, students must show a valid Mississippi Driver's License and proof of current insurance.

- Students who drive on campus are subject to random drug testing. See JCSD School Board Policy GBRM-2.
- Students driving recklessly or speeding shall lose their privilege of parking on campus for a period of time, as determined by the administration.
- After students arrive on campus, they are prohibited from remaining in cars in the parking lot or returning to their cars during the school day without administrative approval.
- Bringing a personal vehicle on campus is a privilege and may be restricted by the administration of the school. The school district provides free transportation to and from school and may require that a student not bring a personal vehicle on school property if said student violates rules governing personal vehicle use and parking lot decorum.
- Schools may assess a fee for a parking decal and require a student to place this decal in a particular area on each car he/she drives to school. This decal is for identification purposes only and does not represent any responsibility on the part of the school for any damages or loss to vehicle.
- School administrators have the right to insure a safe and orderly school environment. Mississippi Code 97-37-17 specifies that it is unlawful to be in possession of guns, knives, or other items that may be used as weapons on school grounds. If the administration determines that probable cause exists that any gun, other weapon, alcohol, illegal drugs, or other controlled substances or items are contained in a private vehicle on campus, they are authorized, under law and by the provisions of this policy, to provide for search of such private vehicles. See JCSD School Board Policy JCDAB.

In addition, if a student demonstrates that they are unwilling to comply with school rules pertaining to student's bringing private vehicles on school campuses, the administration may, at their discretion, restrict such access and require that said student utilize the free transportation system provided by the school district for all students.

Extra-Curricular Activities
Middle (6-8) and High School (9-12) Only
Seventh, Eighth, and Ninth grade Participation: Students in the seventh grade, eighth grade, and ninth grade, participating in school extra-curricular activities, must meet eligibility requirements established by the Mississippi High School Activity Association. See JCSD School Board Policy JH.

Fundraising
An organization must receive prior approval from the principal and the superintendent before beginning any fundraising project. No student representing groups outside school will be permitted to conduct fund raising activities in the school. Students possessing candy or other items at school for sale to other students, other than for school-sponsored and approved activities, may be subject to placement on the discipline ladder. Refer to School Board Policy. See JCSD School Board Policy JKAA and JG.

Activity Fund
School clubs and organizations will deposit all money and make requests for withdrawals through the office of the Principal and the Director of Organizational Sponsor. See JCSD School Board Policy DK.

School/Community Relations and Liaisons
The specialists in this area serve the educational process by assisting in maintaining and enhancing lines of communication with parents, community members, law enforcement, and other public and private organizations and agencies. They are also available to disseminate information and to assist school administrators in developing and maintaining effective relationships with parents and community agencies.

Use of Telephone
- School telephones are for school business only, and students will not be permitted to use them. In case of emergency or illness, calls for students are made through the office.
- Students are not permitted to use personal cell phones or other electronic devices during school hours on any school campus without permission from a teacher or administrator.

Cellular Phones and Electronic Devices
To avoid interruptions to the instructional program, the Jackson County School District prohibits the use, display, or activation of cellular phones by students during the instructional day on any school campus. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day. The district also prohibits the activation or use of cellular or electronic devices on the school buses.
Nothing in this handbook shall preclude the campus administrator from establishing appropriate use policies regarding electronic devices at their school or on the school bus within the District's Appropriate Use Policy.

Cellular Phone and Electronic Device Usage Consequences:

First Offense:
- If a student has a cell phone or electronic device and it is taken up during the instructional day as cited above it will be secured by the administration until released to the student's parent/guardian. Parents will be given a copy of this policy and asked to sign a form of acknowledgement.

Additional offenses:
- Further offenses will result in the student being disciplined according to the assertive discipline policy (beginning with one day of ISI). The cell phone or electronic devices will be returned after school on the last school day of the given semester.

- If it is determined that a cell phone was used in a drug transaction, promoting a disturbance, texting answers, or any illegal or immoral activity, the student will be suspended and the phone will be returned on the last school day of the given school year.
- There is no probationary period for cell phone or electronic devices.

Electronic Cigarettes and/or any Devices such as vapes

All use of electronic cigarettes and/or any devices such as vapes is prohibited on any school campus and at any school function or activity. Under this policy, the instructional day also includes, but is not limited to lunch breaks, class changes and any other structured or non-structured activity that occurs during the normal school day or at a school related event. There is no probationary period for electronic cigarettes and/or smoking devices. See elementary and secondary discipline ladder item number 7 for additional consequences.

***The Jackson County School District will assume no responsibility of student loss, damage, or theft of the cell phones, electronic devices, any smoking devices or electronic cigarettes.**

Guidance and Support Services

Guidance Services

The goals of the Jackson County School District Guidance Department are:

- To provide individual inventories in the form of cumulative records for staff use in undertaking students.
- To make counseling services available to all students.
- To assist the student in choosing a course of study best fitted for his needs, abilities, and goals.
- To collect, organize, and present educational and occupational information to students.
- To assist new students in orientation to the school.
- To provide information on available financial assistance for the student wishing to further his education.
- To assist students in job placement after graduation. See JCSD School Board Policy IFB.
- To work closely with parents/guardians, employers, and community agencies in furthering the welfare of the students.

Parent/guardian-teacher conferences will be scheduled when deemed necessary and when requested by either party. This will be done through the principal or counselors.

Guidance Program

- Guidance services shall be available for every student in the district. These shall be supervised at all grade levels by a staff member designated by the superintendent and shall include school psychological services, guidance services, testing services and in- service programs in guidance and psychological areas.
- Guidance shall include aiding the student in discovering and measuring his/her capabilities, abilities, and real interest; in helping him/her obtain adequate and accurate information about schools, courses, occupations, and careers, and in helping him/her solve personal and academic problems.
- Students and parents/guardians will be encouraged to avail themselves of the help of guidance personnel. See JCSD School Board Policy IFB.

Child Nutrition

Child Nutrition Programs are federally funded and administered by the Food and Nutrition Service (FNS) of the United States Department of Agriculture (USDA) and implemented by the State Department of Education which operates through agreements with school food authorities. The objective of the program is to enhance the health and academic achievement of students by providing affordable, nutritionally balanced meals and nutrition education in the cafeteria. Staff members are trained to serve quality meals so that the student enjoys cafeteria meals and the dining room experience.

Free and Reduced (www.myschoolapps.com)

- Child Nutrition Programs provide children in low-income households the opportunity to qualify for meals at a free or reduced rate. Households apply for free/reduced meals annually and their eligibility is based on their household size and income.
- Income guidelines are set annually nationwide. A students' Free/Reduced eligibility lasts for the entire school year. Households may re-apply for benefits if their financial circumstances change within the school year.
- Students who qualify for free/reduced meals are eligible for other assistance programs. Schools use the free/reduced data for benefits as well. Therefore, it's important for all households who think they may qualify to apply even if they do not eat meals at school.
- Verification is required to make sure that only eligible children receive free and reduced-price meal benefits. Therefore, a sample of applications for free and reduced-price benefits is selected to be verified. Selected households have to show information and/or documents which prove they are eligible for free or reduced-price meal benefits. Households affected by a reduction or termination of benefits may reapply for benefits at any time during the school year. However, those households terminated due to verification efforts will be required to submit income documentation or proof of participation in the Supplemental Nutrition Assistance Program (SNAP) at the time of reapplication. (JCSD School Board Policy EE).

Program Accountability

- Child Nutrition Program revenues and expenditures are separate from the school district budget. All food, supplies, salaries with benefits, equipment, etc. related to the food service program are purchased within the program. Federal and state revenue is generated through claim reimbursement and it's based on the total meals served within that time period. Local revenue is generated by extra food sales, paid student and adult meals.
- Student lunches are sold at a price lower than actual cost because federal reimbursement makes up the difference between what the meal costs to produce and what the student pays.

An additional goal of the Jackson County School District is to keep the meal prices low for paying students and adults, within federal parameters. USDA FNS Instruction 782-5 sets forth the policy on pricing of meals served to paid students and adults in the National School Lunch, Commodity and Breakfast Programs. No reimbursement or commodities are received for adult meals and the program is not allowed to absorb this difference in cost. The difference in cost must be covered by a higher price to the adult. A child purchasing a second meal would be charged the price of an adult meal due to the fact that only one meal per child can be claimed for reimbursement.

Charge Policy

- Debt not paid before the end of the school year are carried forward into the next school year.
- Withdrawing students will be required to pay their debt during the withdrawal process. Seniors must pay all charges before graduation.
- All returned checks are handled by a collection agency.

Meal Prices

2024-2025 Meal Prices https://www.jcsd.ms/domain/18		
Breakfast	Students	Free $0.00, Reduced $0.30, $1.75 Paid $2.00
	Adults	$2.75
Lunch	Students	Free $0.00, Reduced $0.40, $2.75 $3.00
	Adults	$4.50

Meal Accounts (www.myschoolbucks.com)

- The point of service software system provides each student with a meal account to be used to pay for meals and to not overtly identify those students who receive free or reduced priced meals. The account number is to be used each year they are enrolled in the district, regardless of the school they attend. Advance prepayments are encouraged in efforts to decrease wait time in line, but cash is also accepted from students at the time of purchase.
- An on-line service (www.myschoolbucks.com) is available to view meal balances, track purchases and/or to prepay for students' meals with a credit or debit card. Funds are immediately available for use.
- Parents/Guardians are able to complete a requisition for account transfers or refunds.

Menus (www.mealviewer.com)

- Jackson County School District offers breakfast and lunch to all students daily.
- Menus for Jackson County Schools are designed to give Mississippi students appealing choices and a variety of food selections that meet the National School Lunch and Breakfast meal patterns.

Federal Meal Requirements and Food Sales Policy

- The National School Lunch pattern contains a minimum of the following five meal components: (1) meat/meat alternative, (2) vegetable, (3) fruit, (4) grain, and (5) milk.
- The National School Breakfast pattern contains a minimum of the following meal components, (1) fruit/vegetable, (2) milk, (3) grain and (4) optional meat/meat alternative.
- The *Offer Versus Serve* provision is offered in all grades. This allows for students to decline meal components if they wish.
- Federal policy *Smart Snacks in Schools* sets parameters on the nutrient content of the foods and beverages sold to students during school hours.
    - Foods sold on campus during school hours must be whole grain-rich products or must have a fruit, vegetable, dairy or protein food as the first ingredient. The food must contain 10% of the daily value of calcium, potassium, vitamin D, or fiber. The sale of candy is prohibited.

Smart Snacks in Schools	
Calories	≤ 200 calories per serving
Total Fat	≤ 35% per serving (excludes nuts, seeds, & reduced fat cheese)
-Saturated Fat	≤ 10% per serving (excludes reduced fat cheese)
-Trans Fat	≤ 0.5 grams/serving
Sugar	≤ 35% sugar by weight (excludes fruits, vegetables and milk)
Sodium	Snack: ≤ 230 mg/serving Entrée: ≤ 480 mg/serving

- Beverages sold on campus during school hours must be plain water, unflavored low-fat milk, flavored fat free milk and milk alternatives, or 100% fruit and vegetable juice. High schools may sale low and no

  calorie beverages, but must not contain more than 40 calories per 8 fl ounces, or 60 calories per 12 fl ounces.
- Beverages must be within the proper portion limits:
  - K-6 grades may sell up to 8 oz portions of milk and juice
  - 7-12 grades may sell up to 12 oz portions of milk and juice
  - There are no portion limits on plain water.

State Competitive Food Law

- State law restricts the sales of all food sold on campus beginning one hour before school lunch is served. All food sales (school stores, PTO sales, fundraisers during school hours, and/or vending machines) that students have access to must be turned off one hour before your first lunch period and cannot be turned back on until after the last lunch period.
- Foods of minimal nutritional value are not allowed in the cafeteria during meal periods. These foods include, but are not inclusive of, candy, carbonated beverages, fast food, and frozen desserts that contain less than 100% fruit juice. Food deliveries from commercial establishments are prohibited during serving periods.
- Student *A la Carte sales* of single meal components of the school meal program is prohibited in the state of Mississippi, unless the full meal unit is being purchased. Water and milk products are an exception to the state law, so students who bring a lunch from home may purchase water, milk or ice cream from their lunch account or with cash at the time of purchase.

Local School Wellness (School Board PolicyJB)

- Wellness is a part of Mississippi Public Schools Accountability Standards, and the policy is enforced by school administrators and school health council coordinators.
- The use of foods as rewards for student accomplishment are prohibited.

The wellness policy eliminates the withholding of food or physical activity as punishments. USDA Non-Discrimination Statement – Civil Rights Policy and Complaint Procedure

In accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.) Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, and American Sign Language) should contact the responsible State or Local Agency that administers the program or USDA's TARGET Center at **(202) 720-2600** (voice and TTY) or contact USDA through the Federal Relay Service at **(800) 877-8339.**

To file a program discrimination complaint, a complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online, at https://www.ocio.usda.gov/document/ad-3027, from any USDA office, by calling **(866) 632-9992**, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary of Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by: mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; or fax: (833) 256-1665 or (202) 690-7442; email: program.intake@usda.gov. MEMORANDUM OF UNDERSTANDING
BETWEEN
Jackson County School District
AND
HEALTH CONNECT AMERICA

AGREEMENT

THIS MEMORANDUM OF UNDERSTANDING (this "Agreement") is entered into by **Jackson County School District** (hereinafter, the "School District") and **Health Connect America** (hereinafter, the "Agency"), operating in accordance with the laws of the State of Mississippi. The Agency and the School District are to be collectively referred to hereinafter as the "Parties." The services outlined in this Agreement are based on the needs of the student(s) determined eligible for covered services pursuant to Mississippi Code Annotated Section 83-9-26. There will be no charge to the School District for behavioral therapy, classroom observations, and/or case management services provided pursuant to this Agreement. The Agency will accept insurance (excluding Medicaid) assignments for the services provided. This Agreement does not apply to students who are provided behavioral services pursuant to 1936 their Individualized Education Program ("IEP") in order to receive a free appropriate public education at the expense of the School District.

WHEREAS, the Parties desire to enter into an interagency agreement to provide behavioral therapy and educational services to an identified population of students;

WHEREAS, Agency desires to provide such services to benefit the School Districts' students; and

WHEREAS, the School District agrees to allow Agency to provide said services.

THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties hereby agree as follows:

SECTION I – TERM

This Agreement shall commence on July 1, 2024, and shall continue through June 30, 2025, unless amended, modified, renegotiated or terminated based on mutual written agreement between the Parties. Either party has a right to terminate this Agreement with or without cause by giving thirty (30) days prior written notice.

SECTION II - SCHOOL DISTRICT OBLIGATIONS & TREATMENT REQUIREMENTS

(1) Pursuant to this Agreement, the following are program requirements for the services rendered pursuant to this Memorandum of Understanding:

a. The identified sites for the Agency to render its services will be decided by the School District.

b. Each identified site will coordinate desired services with the Department of Student Services and/or the building principal. Although this Agreement delineates responsibilities for each participant, all therapists referenced in this Agreement are employees of the Agency.

c. The School District is responsible for providing a free appropriate public education to the students. Therefore, to minimize disruption of the student's instructional day, services and observations provided by the Agency in a school setting during school hours are not to exceed 45 minutes daily for any student.

d. The School District will provide a location for therapists to talk to children privately on each individual campus identified for services. Because of confidentiality and privacy concerns, no child other than those identified to receive services pursuant to this Agreement may be present in the room when services are being provided.

e. The School District will provide opportunities for therapist(s) to provide In-Service training for educators regarding behavioral therapy and procedures.

f. The School District will encourage staffing and collaboration (with proper authorizations) with appropriate school officials/personnel.

g. The School District will provide administrative support for the students identified for services.

SECTION III -OBLIGATIONS OF THE AGENCY

1937

(1) Agency shall provide behavioral therapy and educational services for the School District students who have been identified to meet the necessary requirements to be eligible to receive services pursuant to this Agreement. Services include but are not limited to:

- Implement Behavior Intervention Plans (BIPs) under the direction of the School District Positive Behavioral Specialist (PBS).
- Teach/model and or coach the students and their families to acquire language, academic, self-help, and social skills as stated in the Behavior Intervention Plans (BIPs).
- Make recommendations for adjustments to programming based on the consultation of the PBS.
- Assist clients, and family members as needed, to acquire academic and/or appropriate life skills. This may include toilet trainings, eating, and other self-help skills.
- Actively participate in staff training programs designed to increase overall skills at the request of the School District.
- Observe, record and report the condition and behavior of the clients to the School District personnel and parents.
- Effectively respond to and manage crisis situations of clients which may include client physical aggression during therapy or at the request of the School District personnel.
- Maintain confidentiality and professional relationships with the students, families and colleagues.
- Specialized services, including Therapeutic Day Treatment (TDT), will be provided at request of the school district at the school.

(2) Agency shall provide the services on campus at the School District facilities in accordance with School District policies and procedures and in compliance with the School District's Employee Handbook. Agency's services shall not interfere with or occur during academic instruction. Scheduling for behavioral therapy, observations, and services will be carried out in collaboration with the building principal. Services will be provided during the normal working hours and days of operation for the School District.

(3) Agency employees shall sign in with the office when arriving on campus and sign out prior to leaving.

(4) Agency personnel shall communicate in a professional and respectful manner.

(5) Agency shall take responsibility for furnishing the School District with satisfactory evidence that each associate and other members of the Agency's staff have undergone a thorough background check (to include a criminal history check and check of the national sexual offender registry) before entering upon any facility of the School District. In addition, Agency shall document that each assigned associate and other members of the Agency's staff have been informed that absolutely no alcohol products, tobacco products or weapons are permitted on school property. No photos or images of School District students may be taken nor kept no matter how acquired.

(6) Agency personnel will maintain confidentially of the student(s) observed and serviced. Agency will secure appropriate written consent from the student's parent or legal guardian authorizing the School District and its staff to receive such confidential information as may be helpful to manage the needs of the student or the provision of education services by the School District. The Agency is restricted to discussing only the specific cases they are treating. Consultation requests for 1938 student covered under this Agreement must go through the Special Education Director.

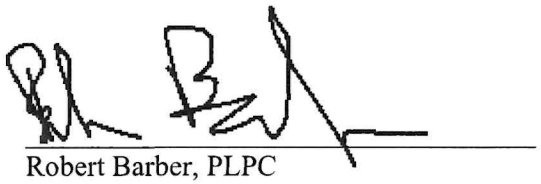
(7) Agency agrees to indemnify and hold the School District harmless with respect to any liability, claims or losses of any kind incurred by the School District arising from or related to the Agency's provision of services under this agreement. Agency shall indemnify and hold harmless the School District, its officers, agents, and employees from:

a) Any claims, damages, cost and attorney fees for injuries or damages arising, in part or in whole, from the negligent or intentional acts or missions of Agency, its officers, employees, and/or agents, including its subcontractors or independent contractors, in connection with the performances of services under this agreement and,

b) Any claims, damages, penalties, costs and attorney fees arising from any failure of Agency, its officers, employees and/or agents, including its subcontractors or independent contractors, to observe applicable laws, including but not limited to, labor laws and minimum wage laws.

(8) The Agency will secure professional liability insurance coverage and general liability insurance coverage for its services being provided the School District students in an amount not less than one million dollars ($1,000,000.00) per occurrence and three million dollars ($3,000,000.00) annual aggregate, with costs of the coverage bonded by the Agency. To the extent allowable, such coverages shall name the School District as an additional named insured. Evidence of such coverage in the form of a certificate of insurance shall be provided to the School District prior to commencement of this Agreement and annually thereafter. Such certificate shall provide that the aforementioned coverage cannot be materially altered or canceled without at least thirty (30) days prior written notice received by the School District. Failure of the Agency to obtain and maintain such coverage shall be grounds for immediate termination of this Agreement.

The School District will not indemnify, defend or hold harmless the Agency from any claims arising from any failure, regardless of any language in any attachment or other document that Agency may provide.



SECTION IV -FINANCIAL CONSIDERATIONS

(1) The School District shall not be responsible for any of the costs incurred in providing services to the School District students pursuant to this Agreement.

(2) Agency will provide adequate staff needed for program compliance and said staff will be employed by Agency.

(3) Agency will provide all materials and necessary items for operation of the program.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement effective as of the dates signed by the Parties.

Jackson County School Policy DJEA

Purchasing Authority

ISSUE DATE: 12-10-2007 REVISED: 12-14-2022

Purchasing Authority

"Purchasing agent" shall mean superintendent. Pursuant to the authority granted by Section 37- 39-15, Mississippi Code 1972 as amended, this school board hereby designates other individuals as "purchasing agents" subject to the limitations set forth below. 1944

1. In addition to the superintendent, the school board hereby designates the business manager and purchasing agent as "purchasing agents" with general authority to negotiate for and purchase the commodities and services necessary for the operation of the school district, within the limits of budget categories and purchasing law.

The purchasing agents of this school board, before entering upon their official duties in such capacity, shall furnish a good and sufficient surety bond in the penal sum of Fifty Thousand Dollars ($50,000.00). Section 37-39-21 (1987)

GENERAL AUTHORITY

All agencies and governing authorities shall purchase their commodities and printing; contract for fire insurance, automobile insurance, casualty insurance (other than workers' compensation) and liability insurance; contract for garbage collection or disposal; contract for sewage collection or disposal; and contract for public construction as provided by law. Section 31-7-13 (For purchase of commodities, see Section 31-7-12.)

A. $5,000.00 or less purchases which do not involve an expenditure of more than Five Thousand Dollars ($5,000.00), exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. Provided, however, that nothing contained in this paragraph shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand

Dollars ($5,000.00) or less. Section 31-7-13 (a)

B. Purchases Over $5,000.00 but Not Over $75,000.00 See Section 31-7-13 (b)

C. Purchases Over $75,000.00 See Section 31-7-13(c)

D. Lowest and Best Bid Decision Procedure See Section 31-7-13 (d)

The results of all competitive bid openings shall be tabulated and presented to the school board at its next regular or special meeting.

E. All federal purchases of goods (commodities) between $5,001 to $75.000 services between $10,001 to $250,000 must have two (2) price quotes from qualified sources. Any federal services over $250,000 will need to follow the competitive bidding process outlined in the Uniform Administrative Requirement (2 CFR 200.320(c)-(d))

1945

F. Federal purchases cannot be done through sole source providers unless:

- Emergency not permitting delay
- Awarding agency expressly authorizes noncompetitive proposals
- After solicitation of number of sources, competition is determined inadequate (must document vendors contacted and result)

Procedure:

All expenditures charged to federal programs must be allowable in accordance with Subpart E- Cost Principles. The written JCSD Special Education Purchasing Procedures must be followed for all federal program expenditures. The Special Education Coordinator will check the expenditure for allow-ability. The final approving agent for all Special Education programs expenditures are the Special Education Director.

Purchase Orders and Contract

ISSUE DATE: 6-19-2000 REVISED: 2-16-2012

One of the most important aspects of control over expenditures is an efficient and

effective system of purchasing. The purchasing system of the Jackson County School District includes purchase requisitions and purchase orders.

1. Purchase requisitions are documents filled out by requesting departments/divisions/schools or teachers requesting that the purchasing department buy the items requested. A requisition is the device by which management realizes that there is a need for materials.

2. Purchase orders are documents issued by the school district to vendors ordering the items requested by departments/divisions/schools or teachers. A purchase order is the device by which management places an order. Accepting a purchase order by a vendor affects a legally binding contract. The purchase order gives the vendor authority to ship the required items and binds the district for payment.

1946

3. The District will refrain from awarding grants or subgrants when conflicts of interests exist. Education Department of General Administrative Regulations (EDGAR) defines a "conflict of interest" as arising when any of the following has a financial or other interest in the firm selected for award:

a. The employee, officer, or agent

b. Any member of that person's immediate family

c. That person's business partner

d. An organization which employs, or is about to employ, any of the above or has a financial or other interest in the firm selected for award.

Employees of the District are not permitted to solicit or accept gratuities, favors, or anything of monetary value for personal gain from contractors, potential contractors, or subcontractors. Violations of this policy may result in disciplinary action and/or legal ramifications.

Using the documents above, the purchasing process will work as follows:

1. Purchase requisitions are to be prepared by school district personnel whenever there is a request for materials. All requisitions require approval by the principal of the school or director of the department. Requisitions originating at the schools must be

approved by the Assistant Superintendent of the respective attendance center. The requisition will be reviewed to ensure that it will not exceed the budget. Once approved, this requisition will be forwarded to the Business Manager's office.

2. When a properly prepared and approved requisition is received by the Business Manager's office, it will be reviewed to ensure that the requisition is following public purchasing law requirements.

3. Once the public purchasing law requirements are fulfilled, a purchase order will be issued, the issuance of which is official notice to the vendor that the order should be filled.

4. When ordered materials are received, the vendor's invoice shall be signed by the person receiving the material and returned to the Business Manager's office.

1947

5. Prior to paying any claim, the accounts payable clerk will match the following documents:

a. Purchase requisitions

b. Purchase order

c. Vendor invoice

All purchase orders shall be pre-numbered and controlled. Requisitions do not require prenumbering.

A purchase order log shall be maintained by purchase order number. This log will allow for follow-up on unfilled orders, as well as allowing for the school district to determine the dollar value of outstanding purchase orders. The purchase order log shall, at a minimum, contain the following information: purchase order number, date issued, vendor name, description and amount.

Open purchase orders to vendors are acceptable if items have been bid and the bids properly accepted by the school board in their official minutes. Open purchase orders to vendors are only good for the duration of the bid and no bid shall exceed two fiscal years. This bid should be for a period, established by the school board, to ensure budgetary control over the purchase of such commodities.

Payment Procedures

ISSUE DATE: 04-21-2022 REVISED: 9-11-2023

In addition to prepayments laid out in Policy DK—Student Activities Fund Management and Policy DJDAA—Travel Reimbursements, the Superintendent and School Business Manager are authorized to release payment warrants to vendors prior to school board approval under the following circumstances:

1948

1. Payments on contractual obligations approved by the board if the contract includes specific deposit/payment/invoice terms
2. Public utility bills
3. Postage up to $500 per school or department
4. Fuel reimbursements up to $250 per employee when using a school vehicle
5. Grant fund expenses that require payment in order to meet liquidation deadlines, not to exceed approved grant amounts, and only after goods have been delivered or services have been rendered
6. Instances where the period between verification of invoice and the next board meeting is greater than 45 days {MS 31-7-305(2)}
7. Vehicle title and tag fees

The Superintendent and Business Manager should use discretion with the goal to limit the number of prepayments each month. Discretion should consider whether proper planning was performed, whether the circumstances were unexpected and/or outside of the district's control, and ramifications if prepayment is not made. All prepayments will be ratified by the school board at the next regularly scheduled meeting.

Fiscal Controls: Accounts Management

Limit Access to Accounting System

The Jackson County School District (JCSD) utilizes a complete financial accounting software that includes the following modules: General Ledger, Accounts Payable, Capital Assets, Payroll, Marathon Administration, Remote Link, Remote Link Administration, and Human Resources. The Business Manager of the JCSD is the sole software administrator that has the ability to set up users, assign activity rights, and assign access to federal program funds to these users. 1949

Users must be employees of the JCSD to be added as a user in the financial accounting software. Each new hire, transfer within district, or termination is reviewed by the Business Manager to determine if a new user needs to be created or an existing user needs modified or disabled.

Segregate Duties within Accounting System

Each user may be assigned to one or more modules and assigned to view or edit rights in each module. Only the Purchasing and Accounts Payable Bookkeepers in the Business Office have edit rights in the Accounts Payable and Capital Assets modules. Only the Payroll Bookkeepers in the Business Office have edit rights in the Payroll module. Only Human Resource Secretaries, Human Resource Bookkeeper, and Human Resources Manager have edit rights in the Human Resources module. Only the Business Manager has edit rights in the Marathon Administration module. Only the Business Manager and Assistant Business Manager have edit rights in the General Ledger module. No other positions within the district have edit

rights in the Accounts Payable, Capital Assets, Payroll, General Ledger, Human Resources, or Marathon Administration modules. No users from the Special Education Office have edit rights in these modules.

Many users have view only rights to the General Ledger, Accounts Payable, Capital Assets, and Payroll. There are two users from the Special Education Office that have view only rights to these modules – Special Education Director and Special Education Coordinator.

.

The Remote Link module is used by users outside of the Business Office including all school campuses and departments. This module is where users can make requests for purchases, employee time, employee leave, asset transfers, asset discards, and budget amendments. These requests are approved at the school/department by the supervisor within Remote Link and then at least one more at the secondary level.

1950

The Remote Link Administration module is used by District Administrators to provide secondary approval of requests mentioned above. The secondary approval process is determined by assigned locations and/or assigned funds that they control. The JCSD has up to 4 secondary approval levels depending on location and fund source to Protect Against Unauthorized Obligations of IDEA Funds.

Section A-3

Prevent Over-obligation of Federal Funds

The Jackson County School District (JCSD) has controls in place via its financial accounting software to protect against over-obligation of federal funds. Once the district receives approval of its IDEA grant application, the approved budget is loaded into the financial accounting system (FAS) manually such that the approved budget matches the FAS budget line item by line item. In addition, JCSD keeps a separate fund for each grant type and year so that expenses and carryover can be monitored across multiple years.

Purchase requests can only be made in Remote Link if there is an available budget in that line item. The financial accounting software will not allow purchases for line items if the purchase would put the balance in the budget at less than $0. The available budget for each line item is calculated by the software by starting with the approved IDEA grant budget, subtracting invoices paid to date, subtracting open purchase orders, and subtracting open purchase requests. The financial accounting software also has the ability to warn or not allow payments

to be made if there is not enough budget for that line item to make a claim against that line item.

Prevent Duplicate Payments

1951

Claim requests can only be made after submitting a unique PO, a unique invoice, and a signed receiving document. The financial accounting software will not allow an invoice number to be used more than once Fiscal Controls: Account Maintenance

Section A-4

Periodically Review Accounts

The Special Education Coordinator reviews IDEA grant purchases on a daily basis to make sure expenses are in the grant plan and charged against the appropriate grant and fiscal year.

The Special Education Coordinator also reviews IDEA grant payroll expenses on a monthly basis

to make sure expenses are in the grant plan and charged against the appropriate grant and fiscal year. Lastly, the Special Education Coordinator performs and documents monthly reconciliation of federal grant general ledger accounts and uses this reconciliation to prepare requests for reimbursement by general ledger line item from each federal grant awarded to the JCSD.

Procedure

- The Special Education Director and the Business Manager will meet with the Special Education Coordinator periodically to ensure that she is properly trained to implement the procedures listed below:

○ The Special Education Coordinator will review federal grant purchases on a daily basis to make sure expenses are in the grant plan and charged against the appropriate grant and fiscal year.

○ The Special Education Coordinator also reviews IDEA grant payroll expenses on a monthly basis to make sure expenses are in the grant plan and charged against the appropriate grant and fiscal year.

○ The Special Education Coordinator performs and documents monthly reconciliation of IDEA grant general ledger accounts and uses this reconciliation to prepare requests for reimbursement by general ledger line item from the IDEA grant awarded to the JCSD.

○ The Special Education Coordinator will prepare fiscal snapshots for all grants on a monthly basis for Administration Meetings after ensuring that all transactions (including refunds and recoded transactions) have been accurately and properly recorded after all monthly Board meetings.

1952

Section A-5

Budget with Approved Funding Application

Per Jackson County School District (JCSD) Policy DFC "The District will enter all approved MDE

Title budgets and budget amendments into its accounting software as required by MDE to ensure alignment and tracking of IDEA funds approved by MDE."

Once the JCSD receives approval of its federal grant application the approved amounts are loaded into the financial accounting software by the Business Manager. The Business Manager obtains the approved application from the Mississippi Grant Information System and enters that approved grant application line item by line item into JCSD's financial accounting software. After all grant budgets have been entered, the Business Manager and Special Education Director meet to review each line item entered. In addition, JCSD keeps a separate fund for each grant application so that expenses and carryover can be monitored across multiple fiscal years. After the conclusion of the first year of the grant the unspent amount is carried over

to the next fiscal year and entered as the beginning budget balance.

Procedure:

- The Special Education Director and the Business Manager will meet with the Special Education Coordinator periodically to ensure that she is properly trained to implement the procedures listed below:

o When the IDEA grant application is approved to ensure that all funds that were outlined in MCAPS are accurately reflected in the JCSD accounting system: Marathon.

o Budgets will be entered into Marathon by the Business Manager and a meeting will be scheduled to review and compare the MCAPS funding application (line items) with the Marathon budget report to ensure alignment.

1953

o Ensure that a separate fund for each grant application is kept in Marathon, so that expenses and carryover can be monitored across multiple fiscal years.

o After the conclusion of the first year of the grant, the unspent amount is carried over to the next fiscal year and entered as the beginning budget balance into Marathon.

B. PERIOD OF AVAILABILITY AND CARRYOVER

Section B-1

Carryover Procedures

Jackson County School District (JCSD) is permitted to carry over IDEA funds not expended within the fiscal year awarded to the next fiscal year. While the law permits JCSD to carry over funds for the full 27-month period of availability, JCSD is expected to expend the fiscal year allocation within that fiscal year, (i.e., the first 15 months). An approved original budget is required before carryover funds can be applied. The table below provides carryover procedures and requirements for each federal program. (CFR §76.709-710; Sec. 412(b) of the General Education Provisions Act (GEPA), 20 U.S.C. 1225(b).)

Program Carryover Procedures

October 31st up to 27% funds used April 30th up to 67% funds used
November 30th up to 33% funds used May 31st up to 73% funds used
December 31st up to 40% funds used June 30th up to 80% funds used
January 31st up to 47% funds used July 31st up to 87% funds used
February 28th up to 53% funds used August 31st up to 93% funds used
March 31st up to 60% funds used September 30th 100% funds used

At the completion of the first 15 months, the Mississippi Department of Education (MDE) permits 1954

JCSD to carryover allowable unused funds to the JCSD for continued use during the remainder of the 27-month period of availability. MDE will monitor to ensure that the JCSD is drawing down these older funds prior to accessing newer funds.

JCSD uses a separate unique fund number for each grant year application to monitor spending from one fiscal year to the next. The fund does not change from one fiscal year to the next.

Procedure:

o Will meet with the Business Manager and the Special Education Director when federal grant applications are approved to ensure that all funds that were outlined in MCAPS are accurately reflected in the JCSD accounting system: Marathon.

o Budgets will be entered into Marathon by the Business Manager and a meeting will be scheduled to review and compare the MCAPS funding application (line items) with the Marathon budget report to ensure alignment.

o Will ensure that a separate fund for each grant application is kept in Marathon, so that expenses and carryover can be monitored across multiple fiscal years.

o Will make sure that the unspent amount is carried over to the next fiscal year and entered as the beginning budget balance into Marathon.

Section C-1

Jackson County School District Policy DJEA Purchasing Authority

ISSUE DATE: 12-10-2007 REVISED: 12-14-2022

Purchasing Authority

1955

"Purchasing agent" shall mean superintendent. Pursuant to the authority granted by Section 37- 39-15, Mississippi Code 1972 as amended, this school board hereby designates other individuals as "purchasing agents" subject to the limitations set forth below.

1. In addition to the superintendent, the school board hereby designates the business manager and purchasing agent as "purchasing agents" with general authority to negotiate for and purchase the commodities and services necessary for the operation of the school district, within the limits of budget categories and purchasing law.

The purchasing agents of this school board, before entering upon their official duties in such capacity, shall furnish a good and sufficient surety bond in the penal sum of Fifty Thousand Dollars ($50,000.00). Section 37-39-21 (1987)

GENERAL AUTHORITY

All agencies and governing authorities shall purchase their commodities and printing; contract for fire insurance, automobile insurance, casualty insurance (other than workers' compensation) and liability insurance; contract for garbage collection or disposal; contract for sewage collection or disposal; and contract for public construction as provided by law. Section 31-7-13 (For purchase of commodities, see Section 31-7-12.)

1. $5,000.00 or Less purchases which do not involve an expenditure of more than Five Thousand Dollars $5,000.00, exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. Provided, however, that nothing

contained in this paragraph shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less. Section 31-7-13 (a)

2. Purchases Over $5,000.00 but Not Over $75,000.00 See Section 31-7-13 (b)

3. Purchases Over $75,000.00 See Section 31-7-13(c)

4. Lowest and Best Bid Decision Procedure See Section 31-7-13 (d)

1956

The results of all competitive bid openings shall be tabulated and presented to the school board at its next regular or special meeting.

5. All federal purchases of goods (commodities) between $5,001 to $75,000 and services between

$10,001 to $250,000 must have two (2) price quotes from qualified sources. Any federal services over

$250,000 will need to follow the competitive bidding process outlined in the Uniform Administrative

Requirement (2 CFR 200.320(c)-(d))

6. Federal purchases cannot be done through sole source providers unless:

a. Emergency not permitting delay

1957

b. Awarding agency expressly authorizes noncompetitive proposals

c. After solicitation of number of sources, competition is determined inadequate (must document vendors contacted and result)

Purchasing Procedures

ISSUE DATE: 6-19-00 Revised: 12-8-14

All purchases by this school district which will be paid for with public funds shall be made pursuant to the purchasing laws of the State of Mississippi. (Mississippi Code 31-7-1 et seq.) In addition, the District will adhere to the requirements set forth in Section D of the Financial Accounting Manual for Mississippi Public School Districts, which states, "The person receiving the goods and services by comparison of items received to the items ordered as detailed on the purchase orders. The receiving report should be signed and dated once acceptance has been made. In the absence of a receiving report, the vendor's invoice should be signed and dated by the person receiving the goods and/or services once acceptance has been made."

It is the intention of the School Board to purchase competitively without prejudice and to seek maximum educational value for each and every dollar expended.

The School Board shall insure that the school district shall maintain a list of supplies and equipment, including quality specifications when applicable, regularly used in this district. The list shall be used by the School Board in obtaining competitive bids for supplies or equipment to be purchased and shall be available to any interested person. (37-39-5)

In connection with the purchase of necessary supplies or equipment for regular school operations, this School Board may, in its discretion, designate as its purchasing agent or agents such school official or officials as deemed appropriate and may authorize such agent or agents to make purchases of supplies and equipment subject to competitive bid requirements in Section 37-7-1 et seq.

Supplies that are perishable or foods purchased for use in connection with the school lunch and homemaking programs shall be exempted from competitive bid requirements. However, the School Board shall adopt and place in its minutes definite policies for guidance of the purchasing agent(s) in connection with purchases of perishable supplies or foods which are unstable or variable in price. Such policies shall have the effect of law, and any violations shall be subject to the penalties as provided by law. (37-39-15) 1958

Purchases of items regularly used in connection with school operation shall not be made in small quantities for the purpose of circumventing the law requiring competitive bids or quotations, but shall be purchased by contract whenever feasible. School Boards shall have the authority, however, to award such contracts for supplies or equipment to be delivered to different points in the school district or county, to different bidders, when the best interests of the district or county warrants such action. Reasons for awarding such contracts to different bidders for different areas in the district shall be recorded on the minutes of the School Board. In no event shall the price paid exceed the lowest and best bid received. (37-39-17)

This School Board hereby declares that it is essential to the efficient operation of this school district that adequate supplies of goods and services continue to be available from private sources; that the good name and credit of the district may be promoted by timely and responsible payment of just claims; and that fair compensation be awarded suppliers when payments of their claims are delayed without justification.

The Superintendent or Business Manager shall mail or otherwise deliver checks for the payment of goods and services no later than forty-five (45) days after receipt of the invoice and receipt,

inspection and approval of the goods or services; however, in the event of a bona fide dispute, the school district shall pay only the amount not disputed.

If a warrant or check, as the case may be, in payment of an invoice is not mailed or otherwise delivered within forty-five (45) days after receipt of the invoice and receipt, inspection and approval of the goods and services, the school district shall be liable to the vendor in addition to the amount of the invoice, for interest at a rate of one and one-half percent (1-1 1/2 %) per month or portion thereof on the unpaid balance from the expiration of such forty-five day period until such time as the warrant or check is mailed or otherwise delivered to the vendor. The provisions of this paragraph shall apply only to undisputed amounts for which payment has been authorized. In the case of an error on the part of the vendor, the forty-five-day period shall begin to run upon receipt of a corrected invoice by the school district and upon compliance with the other provisions of this section. The school district shall be responsible for initiating the penalty payments required by this subsection and shall use this subsection as authority to make such payments. Also, at the time of initiating such penalty payment, the school district shall specify in writing an explanation of the delay and shall attach such explanation to the requisition for payment of the penalty or to the file copy of the check issued by the school district, as the case may be.

1959

In the event of a bona fide dispute as to an invoice, or any portion thereof, the dispute shall be settled within thirty (30) days after interest penalties could begin to be assessed, if it were not for the dispute.

If a warrant or check, as the case may be, in payment of an invoice, subject to a prior dispute, is not mailed or otherwise delivered within thirty (30) days after settlement of the dispute, the school district shall be liable to the vendor, in addition to the amount of the invoice, for interest at a rate on one and one-half percent (1-1 1/2 %) per month or portion thereof on the unpaid balance from the expiration of said thirty-day period until such time as the warrant or check is mailed or otherwise delivered to the vendor. At the time of initiating such penalty payment, the school district shall specify in writing an explanation of the delay and shall attach such explanation to the requisition for payment of the penalty or to the file copy of the check issued by the school district, as the case may be. The interest penalty prescribed in this paragraph shall be in lieu of the penalty provided in subsection (3). Section 31-7-305 (1986)

This school district shall monthly notify the State Fiscal Management Board of the number and dollar amount of late payments made by the school district along with the amounts of interest paid and the specific steps being taken to reduce the incidence of late payments.

If the terms of the invoice provide a discount for payment in less than forty-five (45) days, the school district shall preferentially process it and use all diligence to obtain the savings by compliance with the invoice terms, if it would be cost effective. Section 31-7-30 (2) (3) (1986)

Whenever a vendor brings formal administrative or judicial action to collect interest due under this act, the school district shall be required to pay any reasonable attorney's fees if the vendor prevails. Section 31-7-309 (1986)

SALES TAX PAYMENT PROCEDURE FOR ITEMS PURCHASED FOR RESALE

For each and every item purchased by a school or department, regardless of price, that is to be resold to students and/or the public, there shall be paid at the time of purchase full sales taxes (7%) to the vendor from whom the item is being purchased. 1960

1. The rule applies only to those items being resold, i.e., pencils, paper, books, shirts, calendars, candy, candles, etc. Those items consumed in the education process remain tax exempt.

2. Tax is not to be added to the price of an item and collected at the time of resale. The price of an item may be increased to recoup the tax paid.

3. Each requisition, purchase order, and invoice for an item that is to be resold shall have "For Resale" written thereon.

4. Orders for resale items and orders for supplies shall not be included on the same purchase order or requisition.

LEGAL REFERENCE: Mississippi Code, as cited above.

Procedure:

When JCSD procures goods and services under a Federal Grant, in general, the same policies and procedures it uses for procurements from its non-Federal funds must be followed. However, the most restrictive of the federal and state purchasing laws apply. All purchases must be reasonable, necessary, fair, and allocable.

Section C-2

Avoidance of Acquisition of Unnecessary or Duplicative Items

Per Jackson County School District Policy DJEAB "It is the intention of the School Board to purchase competitively without prejudice and to seek maximum educational value for each and every dollar expended."

The Federal Programs Director (FPD) is actively involved in limiting unnecessary or duplicative items when the project application is built. Since the FPD consolidates the requests from each school, the FPD is in the unique position to identify purchases that would be duplicative across schools.

When these situations present themselves, the Federal Programs Director will consolidate these purchases as much as possible to reduce duplication and sometimes purchase these items out of the district's cost pool.

The FPD actively limits travel to conferences to only a few schools. When those schools return from the conferences they are expected to share what they have learned with other schools within the district. 1961

Section C-3

Analyzing the Procurement Process to Determine the Most Economical Approach

Per Jackson County School District Policy DJEAB "It is the intention of the School Board to purchase competitively without prejudice and to seek maximum educational value for each and every dollar expended."

"The School Board shall insure that the school district shall maintain a list of supplies and equipment, including quality specifications when applicable, regularly used in this district. The list shall be used by the School Board in obtaining competitive bids for supplies or equipment to be purchased and shall be available to any interested person."

F. Federal purchases cannot be done through sole source providers unless:

- Emergency not permitting delay
- Awarding agency expressly authorizes noncompetitive proposals
- After solicitation of number of sources, competition is determined inadequate (must document vendors contacted and result)"

Outside of the above district policies, each school is encouraged to get the best possible price even if the purchase does not require multiple quotes or sealed bids.

Section C-4

Procedure:

The school/department or the Federal Programs Coordinator and/or the Federal Grant Accountant prepares and checks the procurement package then submits the invoice into the JCSD financial accounting system for the business office to review. A complete copy of the procurement package will be kept on file in the Federal Programs Department. The

procurement package includes the signed invoice, packing slips or delivery receipts if applicable, purchase order, purchase requisition, two comparable quotes or contract. Upon receipt at the business office the invoice is reviewed for payment and a claim number is assigned. The invoice information is entered into the JCSD financial accounting system for the upcoming JCSD School Board claim docket. A claim docket check sheet is then printed. The claim docket check sheet includes: vendor name, amount of invoice to be paid, claim number, purchase order number, purchase order date, school board docket date, invoice number, invoice date, invoice status, purchase order status, expense account line and amount of the expense line.

The procurement package is then checked against the claim docket check sheet line per line to ensure accuracy of payment to the vendor. Items verified are: vendor name, amount of invoice to be paid, claim number, purchase order number, purchase order date, School Board docket date, invoice number, invoice date, invoice status, purchase order status, expense account line and amount of the expense line. If there is an error it should be corrected before the claim docket is presented to the School Board for payment. The procurement package is also reviewed to make sure all required signatures are on the invoice and that the package is complete and in order. Once this process is complete, the claim is ready to be approved by the JCSD School Board for payment. This process occurs monthly for the preparation of the JCSD School Board docket.

1963

The Federal Programs staff will train all local school/ department secretaries/ bookkeepers and Local School Title I Facilitators annually of the federal programs procedures and all required documentation to ensure that a completed procurement package is consistently accurate across the district.

Travel Highlights:

-Travel within those counties considered to be local, but requires an overnight stay, must use the procedures of

Non-Local Travel. In order to be eligible for overnight lodging in areas considered as local, the employee must

travel a distance greater than 75 miles one way.

-All non-local travel using federal funds must be board approved prior to securing the registration, hotels, airfare,

etc. (Use the Travel Request Form found on the Business Office Website).

-Purchase Orders are required for registration fees, hotels, airline tickets, and rental cars. Purchase Orders should

be secured prior to registering or booking.

-Ideally, registration fees should be paid via check with an invoice to the conference prior to the conference.

-Ideally, hotels should be paid via check prior to the conference or via check taken with the attendee to check-in.

This hopefully will avoid some tax for at least MS and FL hotels.

1964

-One person cannot be reimbursed for all the rooms.

-Travel should be consistent across all attendees.

-Federal Programs travel and expense vouchers do not require a signature by the Asst Supt./Supt. Just the

Federal Programs Director signature is needed. Please send them to the Federal Programs Coordinator with the

claim docket checklist & all the pertinent items. The Federal Programs Coordinator will review the travel

reimbursement request and forward it to the Federal Programs Director for her signature. The travel requests

form does still require all the signatures listed.

-Travel procedures and flowcharts can be found on the Federal Programs website.

-If you have any questions, please contact the Federal Programs Department.

General Guidelines

Payments for travel must be made to vendors outside of the school district when possible. This ensures that the proper authorizations have been obtained prior to travel as well as provide internal controls for expenses.

Employees may be reimbursed for registration fees, hotel, and rental vehicles only if it has been proven to the satisfaction of the School Business Manager that the vendor will not accept a school check or if it meets the requirements of Emergency Travel and has been board approved.

Employees wishing to travel should use due diligence in planning their travel in advance to comply with board policies.

Purchase requisitions for expenses related to travel which require board approval shall not be approved prior to board approval.

The Jackson County School District will not pay sales tax for lodging in any state in which it holds sales tax exemption. Please check with the Business Office for questions regarding sales tax exemption. 1966

A Travel Return Checklist Form with appropriate supporting documentation must be submitted by each employee for all travel requiring board approval.

Virtual Conferences

JCSD employees may attend virtual conferences with the permission of their immediate supervisor. Payment of registration fees may be arranged through a purchase order. The invoice may be signed by the employee's supervisor, which provides proof of permission to attend the conference. If the vendor does not provide an invoice, a registration confirmation showing the price of attendance may be substituted. This invoice shall be placed on the open claims docket to be approved by the board at its next regularly scheduled meeting.

LOCAL TRAVEL

Travel within those counties considered to be Local, but requires an overnight stay, must use the procedures of Non-Local Travel. In order to be eligible for overnight lodging in areas considered as Local, the employee must travel a distance greater than 75 miles one way.[1]

Local Travel—Mileage Reimbursements

Mileage shall be recorded using the Local Mileage Reimbursement Form along with mileage verification through Google Maps, MapQuest, or similar mapping platform. If leaving from work, mileage starts from the employee's primary work site. If leaving from home, mileage starts from employee's primary work site or home (whichever is lesser). These documents shall be submitted to the employee's immediate supervisor for approval.

Mileage from one school site to another shall use the Inner District Travel Mileage Rate for recording 1968 mileage.

The Local Mileage Reimbursement Form and mileage verification shall be submitted to the Business Office to be placed on the open claims docket to be approved by the board at its next regularly scheduled meeting.

Local Travel—Fuel Reimbursements

A purchase order payable to the employee shall be generated prior to travel. Upon return from travel, the employee shall submit the Travel & Expense Voucher and receipts for expenses incurred.

The Travel & Expense Voucher and Prepaid Check Request Form will be submitted to the Business Office to be paid during the next prepaid check run.

If only the Travel & Expense Voucher is submitted, the claim will be added to the next board docket.

Local Travel—Payment of Registration Fees

Payment of registration fees must be paid by the district directly to the vendor through a purchase order.

Method 1: A purchase order is created prior to travel. The invoice is signed by the employee's supervisor, which provides proof of permission to attend the conference. If the vendor does not provide an invoice, a registration confirmation showing the price of attendance may be substituted. This invoice shall be placed on the open claims docket for approval by the board at its next regularly scheduled meeting.

Method 2: A Travel Request Form is approved by the school board. Upon approval, a purchase order is created. The Travel Request Form with Board Approved Stamp must accompany the requisition. The

[1] Source: State of Mississippi Department of Education Employee Procedures Manual

invoice is signed by the employee's supervisor, which provides proof of permission to attend the conference. If the vendor does not provide an invoice, a registration confirmation showing the price of attendance may be substituted. After attaching the Travel Request Form with Board Approved Stamp and the Prepaid Check Request Form to the purchase order, the invoice will be added to the next prepaid check run.

NON-LOCAL TRAVEL

A Travel Request Form must be completed and approved by the school board prior to the travel taking place.

Non-Local Travel—Payment of Registration Fees

Payment of registration fees must be paid by the district directly to the vendor through a purchase order. The Travel Request Form with Board Approved Stamp must accompany the requisition. The invoice may be signed by the employee. If the vendor does not provide an invoice, a registration confirmation showing the price of attendance may be substituted.

The invoice and Prepaid Check Request Form will be submitted to the business to be paid during the next prepaid check run.

If only the invoice is submitted, it shall be added to the next board docket.

Non-Local Travel—Payment of Hotel

Payment of hotel must be paid by the district directly to the vendor through a purchase order. The Travel Request Form with Board Approved Stamp must accompany the requisition. The invoice may be signed by the employee. If the vendor does not provide an invoice, registration or confirmation of reservation with pricing showing no sales tax is being paid. All quotes for hotels shall include local taxes, occupancy taxes, resort fees, and any other applicable taxes and/or fees. The Jackson County School District will not pay sales tax in any state in which it holds sales tax exemption. Please check with the Business Office for questions regarding sales tax exemption.

If more than one employee is traveling to the same destination, the lowest cost accommodation will set the ceiling for payment, unless the board has approved a justification for the discrepancy.

The invoice (or registration/confirmation) and Prepaid Check Request Form will be submitted to the business to be paid during the next prepaid check run.

If only the invoice (or registration/confirmation) is submitted, it shall be added to the next board docket.

Non-Local Travel—Payment of Rental Vehicle

Payment of rental vehicles must be paid by the district directly to the vendor through a purchase order. The Travel Request Form with Board Approved Stamp must accompany the requisition. The requisitioner must provide documents of cost comparison (two quotes) on the most economical rental vehicle selected. The invoice may be signed by the employee.

The invoice (or registration/confirmation) and Prepaid Check Request Form will be submitted to the business office to be paid during the next prepaid check run.

If only the invoice (or registration/confirmation) is submitted, it shall be added to the next board docket.

RECOMMENDATIONS FOR TRAVEL

1. Bring a copy of the Return Travel Checklist with you while you travel. This will help ensure that you gather and keep all required documentation.
2. Bring a copy of JCSD's Sales Tax Exemption Form and your employee badge with you when you check in to your hotel room.
3. Obtain separate invoices for any alcohol related purchases.
4. If you are traveling using a school vehicle or a rental vehicle, ensure that your bookkeeper has a purchase order in place to reimburse for fuel before traveling. You are responsible for knowing and adhering to the limits of the fuel allowance.

FREQUENTLY ASKED QUESTIONS

1. Can an employee be reimbursed for registration fees for a conference?

   An employee can be reimbursed for registration fees once the following conditions have been met:
   - It has been proven to the satisfaction of the School Business Manager that the vendor will not accept a school check. (example: an email from the vendor prior to travel)
   - The school board has approved the employee's Travel Request Form.
   - A copy of the Travel Request Form with Board Approved Stamp, invoice, and receipt, both dated after board approval, is attached to the purchase order. The purchase order shall be made out to the employee.

2. What documents do I need to submit to the business office to have a prepaid travel check issued?

   Travel Request Form with Board Approved Stamp
   For Registration Fees, Hotel, and Rental Vehicle: Invoice, Registration, or Confirmation dated after board approval
   For Airfare: Paid receipt and copy of flight itinerary
   For all prepaid expenses: Prepaid Check Request Form

3. Why is an overnight stay required for meal reimbursement for employee travel?

   IRS Publication 5137 (Fringe Benefit Guide) states, "To be excludable from wages, the travel must be substantially longer than an ordinary day's work, require an overnight stay or substantial sleep or rest." Based on this guidance, an overnight stay is required to avoid meal reimbursements from being included as taxable income.

4. Can a non-employee be reimbursed for travel related expenses?

   No. Non-employees who travel for school related purposes do so at their own expense. This includes chaperoning school activities, MHSAA activities, field trips, etc.

5. Can fuel-expenses be prepaid?

   No. Fuel expenses can be reimbursed on a prepaid check run upon return from travel, pending submission of the appropriate documentation.

6. Do I have an option of getting fuel reimbursement or mileage reimbursement?

   No. Fuel reimbursement is the only option for using a district owned (or rented) vehicle. Mileage reimbursement is the only option for using a personal vehicle.

General Purchase Requirements

Federal Cost Principles (Part 200.403-200.405) Jackson County School District Policy DFC Federal Aid to School Districts

Issue Date: 5-18-98 Revised: 12-8-14

"The following procedures shall be employed when administering federal programs:

*6. The school district will follow all applicable federal guidelines in determining services that are allowed and will adhere to all restrictions in the approved project applications.

*13. The District will ensure all Title budgets and expenditures for all federal programs are: allocable, reasonable and necessary, meets program intent and purposes, aligned with approved application and amendments on file at MDE, and obligated and liquidated in accordance with the approved plan within the approved grant period according with federal and state law."

1983

Jackson County School District assigns the responsibility of determining expense allowability, reasonableness, and allocability to the Federal Programs Director. The Federal Programs Director conducts this analysis when reviewing project applications each year and also when approving purchase requisitions that contain Federal Program funding sources. In addition, the Federal Grant Accountant reviews purchase requisitions to make sure the purchase is in the approved project application plan.

Section C-6

Contractor Oversight

Competition (Part 200.319)

Procedure:

When awarding contracts, the Jackson County School District will ensure that all contracts are appropriately approved by the Jackson County School District School Board of Education, and will contain all applicable provisions stated in the Uniform Guidance (Appendix II to Part 200). Jackson County School District awards contracts only to responsible vendors and contractors possessing the ability to perform successfully as evidenced by contractor integrity,

compliance with public policy, record of past performance, and financial and technical resources. To the extent practicable, purchases will be equitably distributed among qualified suppliers, through the solicitation of more than one vendor's proposal or the bidding process. With respect to spending any federal dollars on contracts and/or trainings with consultants, the following procedures will take place:

- Prior approval and confirmation of availability of funds must be obtained from the Director of Special Education and/or a federal programs department designee using the monthly snapshots, which are distributed monthly by the JCSD Federal Grant Accountant.
- The Special Education Director, Department Heads, or School Principals, or them designee, will be responsible for soliciting quotes and bids from a variety of vendors to ensure fair and equitable awarding of contracts. 1984

The JCSD district does not:

- place unreasonable requirements on firms in order for them to qualify to do business;
- require unnecessary experience and excessive bonding;
- noncompetitive pricing practices between firms or between affiliated companies;
- noncompetitive contracts to consultants that are on retainer contracts;
- organizational conflicts of interest;
- specifying only a brand name product.

Methods of Procurement to be Followed (Part 200.320)

Jackson County School District Policy

DJEA Purchasing Authority

ISSUE DATE: 12-10-2007 REVISED: 02-14-2022

GENERAL AUTHORITY

All agencies and governing authorities shall purchase their commodities and printing; contract for fire insurance, automobile insurance, casualty insurance (other than workers' compensation) and liability insurance; contract for garbage collection or disposal; contract for sewage collection or disposal; and contract for public construction as provided by law. Section 31-7-13 (For purchase of commodities, see Section 31-7-12.)

A. $5,000.00 or Less purchases which do not involve an expenditure of more than Five Thousand Dollars $5,000.00, exclusive of freight or shipping charges, may be made without advertising or otherwise requesting competitive bids. Provided, however, that nothing contained in this paragraph shall be construed to prohibit any agency or governing authority from establishing procedures which require competitive bids on purchases of Five Thousand Dollars ($5,000.00) or less. Section 31-7-13 (a)

B. Purchases Over $5,000.00 but Not Over $50,000.00 See Section 31-7-13 (b)

C. Purchases Over $50,000.00 See Section 31-7-13(c)

D. Lowest and Best Bid Decision Procedure See Section 31-7-13 (d) The results of all competitive bid openings shall be tabulated and presented to the school board at its next regular or special meeting.

1985

E. All federal purchases of goods (commodities) between $5,001 to $50,000 and services between $10,001 to $250,000 must have two (2) price quotes from qualified sources. Any federal services over $250,000 will need to follow the competitive bidding process outlined in the Uniform Administrative Requirement (2 CFR 200.320(c)-(d))

F. Federal purchases cannot be done through sole source providers unless:

- Emergency not permitting delay
- Awarding agency expressly authorizes noncompetitive proposals
- After solicitation of number of sources, competition is determined inadequate (must document vendors contacted and result)

Section C-7

Monitor Work of Contractors (Part 200.318)

The school or department that makes a purchase request using federal funds is responsible for confirming that the contractor performs in accordance with the terms, conditions, and specifications of their contracts or purchase orders. The school or department confirms the performance by signing an invoice or receiving a document given to it by the contractor. This signed invoice or receiving document is one of several items that make up the procurement file before the contractor is paid.

Section C-8

Contractors Fail to Perform

In the event a contractor fails to perform according to the purchase order or contract, the Jackson County School District (JCSD) will seek one of several remedies:

a. Cancel purchase order or contract in its entirety;

b. Modify purchase or contract to reduce charges consistent with performance received;

c. Delay performance until a further date, however, payment will not be made until performance is completed;

d. File performance claim on contractor's performance bond; or

e. Take legal action to insure performance by contractor

1986

Section C-9

Conflict of Interest (Part 200.318)

No employee, officer or agent of the Jackson County School District (JCSD) shall participate in selection or in the award or administration of a contract supported by IDEA funds if a conflict of interest, real or apparent, would be involved.

Conflicts of interest arise when one of the following has a financial or other interest in the firm selected for the award:

a. The employee, officer or agent;

b. Any member of his immediate family;

c. His or her partner;

d. An organization which employs or is about to employ one of the above.

The JCSD employees, officers or agents shall neither solicit nor accept gratuities, favors, or anything of material monetary value from contractors, potential contractors, or parties to sub- agreements.

Section C-10

Procurement Files

The Special Education Coordinator submits the procurement package to the Business Office. A copy of the complete procurement package will be kept in the Special Education Department.

The procurement package includes the signed invoice, packing slips or delivery receipts if applicable, purchase order and purchase requisition. If the purchase requires quotes or contracts, they must be attached to the procurement package. Once received into the Business Office, the responsibility for the procurement package shifts to the Accounts Payable personnel. The procurement package is keyed, reviewed, and filed into file cabinets by month in claim number order. The procurement package is housed at the business office in file cabinets until the external audit is completed for the fiscal year. The business office entrance is secured by Access Control System. Visitors are screened before access is allowed to the building, unless they have an approved badge. The Business Office is not left unattended during Business Office hours and when the office is closed the doors are securely locked and the alarm system is activated. Once the audit is complete, the procurement package is boxed, labeled and sent to a secure off-site location for storage.

1987

Suspension and Debarment

Section C-11

The Jackson County School District (JCSD) maintains a SAM.GOV account for purchases of $25,000 and over to verify it does not contract with parties that have been suspended or debarred. All vendors awarded contracts are checked against the SAM.GOV database.

D. INDIRECT COST

Section D-1

The Mississippi Department of Education (MDE) calculates the district indirect cost rate for the Jackson County School District (JCSD) each fiscal year based on the U.S. Department of Education requirements. These rates are posted on the MDE website. When preparing grant applications, the district indirect cost amount must not exceed the percentage allowed in the state's calculation. If the JCSD decides to apply an indirect cost rate the Special Education Director must work with the Business Manager for the calculation of the indirect cost dollar amount.

If indirect costs are included in the project application, then at the conclusion of the fiscal year the Business Manager will apply the indirect cost rate provided by MDE against the district's expenses it considers indirect according to the guidance of determining what is indirect costs per Part 200.414. This indirect cost is applied uniformly across the district's federally funded programs if the grant award permits it.

Section D-2

After the Business Manager calculates the indirect costs and performs a journal entry to recognize the indirect costs against Special Education/IDEA funds, the Special Education Coordinator will review the individual expense line items to ensure that no double charges exist against the Federal Program funds.

1988

In the event that excess indirect costs are identified, the Special Education Coordinator and the Business Manager will work together to correct the journal entry prior to request for reimbursement against the grant for the indirect expenses.

The above process is only completed if indirect costs are included in the project application.

F. MAINTENANCE OF EFFORT (MOE)

Section F

MOE Calculation/Review Process

Maintenance of Effort Procedures

Maintenance of effort (MOE) is a fiscal calculation for two consecutive years to demonstrate that school district expenditures from State and local funds meet or exceed the required amount necessary for all federal funding. The procedure ensures that all federal funds are used by the district to provide educational services that are additional to the regular services provided through Local and State funds.

Monitoring Process

The district will monitor district and federal expenditures by location to ensure maintenance of effort is met. The Business Manager, Assistant Superintendent, Superintendent, Special Education Coordinator, and Special Education Director will review budgets bi-annually.

1997

Expenditures

The Mississippi Department of Education considers the district's state and local fund expenditures including those for administration, instruction, attendance and health services, pupil transportation services, operation and maintenance of facilities, fixed charges, food service and pupil services. Expenditures to be excluded expenditures for community services, capital outlay, debt service or supplemental expenses made because of a presidentially declared disaster are not to be included in the determination. Any expenditure made from funds provided by the Federal government is to be excluded.

Fiscal requirements

Four fiscal requirements related to the expenditure of regular State and Local funds must be met by the district. The district must:

1. Maintain State and local effort;
2. Provide services in project areas with State and local funds that are at least comparable to services provided in areas not receiving Part A services; and
3. Use Part A funds to supplement, not supplant regular non-Federal funds.

4. Monitor district and federal expenditures by location to ensure maintenance of effort is met. The Business Manager will review budgets throughout the year.

Failure to Meet the Requirement

If a district fails to meet the MOE requirement, Mississippi Department of Education (MDE) must reduce the amount of funds allocated under the programs covered by the MOE requirement. In any fiscal year in the exact proportion by which the district fails to

117

maintain effort by falling below 90 percent of either the combined fiscal effort per student or aggregate expenditures through which method is most favorable to the district.

1998

Waiver

MDE may waive the MOE requirement in the cases of exceptional or uncontrollable circumstances such as a natural disaster; or a precipitous decline in the financial resources of the district.

Waiver Process:

1. MDE will contact the district if MOE is not met.
2. The district will notify MDE if they want to request a waiver.
3. MDE will request waivers on behalf of the district
4. MDE will notify the district of the status of the waiver.

Procedure:

- The calculation of MOE is to be done every year during the budgeting process by the Business Office.
- In the spring of the fiscal year, the Business Office and Federal Programs work together to estimate if MOE is on track to be met at the end of the year.
- If it is not on track due to unexpected changes in personnel or other items, then an amendment to the plan is made to accommodate MOE by year end.

F. PERSONNEL

Personnel Systems Controls

Section F-1

Time and Effort Procedures

IDEA Staff Certification in compliance with the Office of Management and Budget (OMB) A-87, Appendix B to Part 225, 8(h).

Semi-Annual Certifications

All employees who are 100% federally funded and work on a single cost objective must complete a semi-annual certification. The semi-annual certification must be:

1. Completed at least every six (6) months;

1999

2. Be signed by the employee and the supervisor with direct knowledge of the work being performed;
3. Reflect an after-the-fact distribution of the actual activity; and
4. Account for the total activity for which each employee is compensated.

Personnel Activity Report (PAR)

All employees who are federally funded must complete a PARs that supports the distribution of their salaries/wages that meet the following standards:

1. Reflect an after-the-fact distribution of the actual activity;
2. Account for the total activity for which each employee is compensated;
3. Are prepared monthly & coincide with one or more pay periods; and
4. Are signed by the employee and their immediate supervisor.

Procedures

The semi-annual certification forms are sent to the principal/director by email. In this correspondence they are instructed to review for accuracy, sign, and date on the last working day of the work period in blue ink, and submit by the deadline given by the special education department. Missing certifications or signatures are followed up by contacting the principal/director. Certifications are filed in the Special Education Department and is completed each semester.

• Local School/Department Administrators and Special Education Director will certify and approve all

federally funded employee time and effort system reports (Semi-Annual & PAR).

• Each administrator will review time and effort reports monthly. The Special Education Coordinator and/or Local School Facilitators will upload the signed documents into Title l Crate and file them in their office.

• Using the Monthly Personnel Activity Report with a list of activities, local administrators will determine if reconciliation is needed after reviewing all activities performed by the IDEA-funded employee.

• The local administrators will then notify the Special Education Coordinator of any non-federally- funded work that will need to be reimbursed using district funding. 2000

Section F-4 Fringe Benefits

Fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick, or military), employee insurance, pensions, and unemployment benefit plans.

Purchase/Procurement (EDGAR 200.318-326 and Uniform Guidance

Appendix II to 2 CFR Part 200):

What are the WRITTEN procurement procedures (EDGAR 80.36)?

See Jackson County School District (JCSD) Special Education Purchasing Procedures in **Section F-2**

Who is authorized to make purchases (routine, special, emergency, etc.)?

Purchase requisitions can be submitted for approval by the Special Education Director at the district level.

What authorization are required (requisition, purchase order, etc.) including appropriate IDEA programs supervisor?

The district level the Special Education Coordinator, and the Special Education Director and Business Manager must authorize all purchases.

Per JCSD policy DJEA

Lowest and Best Bid Decision Procedure See Section D 31-7-13 (d) The results of all competitive bid openings shall be tabulated and presented to the school board at its next regular or special meeting.

Procedure:

IDEA funded employees are provided the same fringe benefit opportunities as non-federally funded employees. These opportunities include but are not limited to medical insurance, life insurance, workers compensation insurance, and a pension. Any benefits paid to IDEA funded employees are paid at the same percentage as the salary being funded by IDEA programs.

G. RECORDS AND INFORMATION MANAGEMENT

Section G-1

Confidentiality

As stated in JCSD's student and faculty handbook, "The Jackson County School District adheres to the requirements outlined in the Family Education Right to Privacy Act (FERPA)." To this end, we will train our staff that deal with personally identifiable information to ensure the integrity and security of information at the beginning of the school year. This includes payroll, budgeting, personnel, etc. We will also take measures to limit access to our internal running systems by password protecting them and only allowing necessary access. In addition, JCSD will utilize the MCAPS User Agreement Forms and keep them on file in the JCSD Office of Federal Programs. 2002

Personal Identifying Information (PII)

JCSD only accesses PII when it has a need to know for the information as it relates to official duties. The procedures are based on guidance from the Handbook for Safeguarding Sensitive Personally Identifiable Information (March, 2012; Homeland Security)

1. Never leave Sensitive PII in hard copy unattended and unsecured. Physically secure Sensitive PII (e.g., in a locked drawer, cabinet, desk, or safe) when not in use or not otherwise under the control of a person with a need to know. Sensitive PII may be stored in a space where access control measures are employed to prevent unauthorized access by members of the public or other persons without a need to know (e.g., a locked room or floor, or other space where access is controlled).
2. Try not to send Sensitive PII using a fax machine. If possible, scan and then encrypt the document(s) and email it. If the information must be sent by fax, do not send Sensitive PII to a fax machine without contacting the recipient to arrange for its receipt. You can email Sensitive PII without protection if the recipient's need for the information is related to his or her official duties
3. JCSD must report all privacy incidents, whether suspected or confirmed, to the Human Resource Director immediately.
4. Adhere to district policy for Mississippi Student Information Systems (MSIS)/data

collection, FERPA, and student records.

5. Follow retention and disposal policies for Sensitive PII

Jackson County School Policy GAR

PROFESSIONAL PERSONNEL RECORDS

DATE: 5-10-04

The JCSD shall keep personnel records on all full-time employees. It shall be the responsibility Of the Superintendent or his designated representative to keep said records up-to-date and complete. All records shall be maintained within HIPAA compliance guidelines (Health Insurance Portability and Accountability Act of 1996).

All information contained in an employee's record shall be considered confidential and shall not be transmitted to other persons or agencies outside JCSD without written approval by said employee or unless subpoenaed by an authority. Some information in the employees' files, such as the Confidential Recommendation Forms, shall be considered confidential and under no circumstances shall such information be viewed by the employee. 2003

All professional staff must have on file in the central office a contract, a valid educator license, an application, W-4 forms (State and Federal), retirement membership forms, affidavit of teaching experience, college transcript, copy of Social Security card, Employment Eligibility Verification (Form I-9), background check form, and insurance election form. These documents must be on file in the central office before any funds shall be paid to any teacher under contract for the school session.

I. Purpose and Authority for Special Education Fiscal Compliance and Accountability

a. The Mississippi Department of Education (MDE) special education fiscal compliance and accountability procedures ensure compliance and appropriate financial management of federal and state special education funds.

b. These procedures are grounded in the Individuals with Disabilities Education Act (IDEA) and the Education Department General Administrative Regulations (EDGAR). Those two laws contain the post-award requirements for federal funds allocated to MDE under IDEA and from MDE to its local educational agencies (LEAs), including school districts and charter school LEAs.

c. MDE must ensure fiscal accountability at each phase in the distribution and use of IDEA Part B funds that are set aside by MDE for state-level activities and flowed through to LEAs (both Part B section 611 and section 619 preschool funds). MDE has established policies and procedures for calculating, allocating, requesting, accessing, reporting, and verifying IDEA Part B flow-through and discretionary funds. Please note, the timelines included throughout this document are subject to change. The purpose of MDE's IDEA Funding Manual is to provide a comprehensive overview of fiscal policies, procedures, and mechanisms through which MDE meets IDEA and EDGAR requirements, including: 2011

Administrative Responsibilities of State Educational Agencies (SEAs) and LEAs

- Compliance with statutes (34 CFR §76.700)
- Fiscal control and fund accounting (34 CFR §76.702)
- Period of fund obligation (34 CFR §76.703, 707, 708, 709, 710, 711)

Allocation of Funds to LEAs (34 CFR §76.51, 34 CFR §300.705)

- Adjustment of allocation for new LEAs (34 CFR §§76.796, 797)

Allocation of Funds to Charter Schools (34 CFR §§76.785-794; 34 CFR §300.705)

Allowable Activities and Costs

- Ensure LEAs use IDEA funds to pay for allowable activities of providing special education and related services (34 CFR §300.16 *and* 300.202)
- Ensure LEAs use IDEA funds to pay excess costs of providing special education and related services (34 CFR §300.16 and 300.202)
- Use of funds (34 CFR §76.760 and 76.761)
- Allowable costs (2 CFR §200.403, 404, 405)
- Equipment (2 CFR §200.313(c), (d), (e))
- Supplies (2 CFR §200.314)
- Acquisition of real property (34 CFR §76.533)

Comprehensive Early Intervening Services (CEIS)

- Provide guidance in tracking and using CEIS funds (34 CFR §300.226)

- Require reporting on CEIS (34 CFR §300.226(d))
- Direct the use of 15% of LEA IDEA allocation for CEIS when significant disproportionality is identified (34 CFR §300.647(b)(2))

Enforcement of Terms of Grant Awards

- GEPA enforcement of legal requirements (34 CFR §81)

Excess Costs

- Calculate the amount that must be expended on the education of students with IEPs before Federal IDEA Part B funds may be used for excess costs of special education and related services (34 CFR §300.202(a–b))
- Show the required amount was spent on the education of students with IEPs (34 CFR §§300.202(b)(2)(i), 300.163(a), 300.175(b), 300.227(a)(2)(ii))

Financial Management Systems Standards

General Cost Principles

- Ensure that costs are necessary, reasonable, allowable, and allocable (34 CFR §76.530)

2012

Indirect Costs (34 CFR §76.563, 76.564 , 76.569)

- General management costs—restricted rate (34 CFR §76.565)
- Fixed costs (34 CFR §76.566)

LEA Eligibility for IDEA Part B Flow-through Funds

- LEA Application and Assurances (34 CFR §300.200; §76.300–304, §76.400–76.401; GEPA 34 CFR §81.1–45; 34 CFR §300.221)
- SEA review of LEA grant application and approval (34 CFR §76.400–401)
- Changes to approved program/budget
- LEA policies, practices, and procedures (34 CFR §300.201)

Maintenance of Effort (MOE)

- Ensure LEAs maintain effort, including exceptions and adjustments to MOE (34 CFR §300.203, §300.204, §300.205)
- Prohibit reduction in MOE if LEA not meeting IDEA Part B requirements (34 CFR §300.608(a))

Monitoring and Reporting Program Performance (including fiscal)

- Financial reporting (2 CFR §200.327)
- Reporting requirements for SEA and LEAs (34 CFR §76.720–722)
- Non-federal audit (2 CFR §200.513(a)(3)(ii))
- Single audit requirements (2 CFR §200.100(d))

Period of Availability

- Closeout of grant (34 CFR §200.332(a)(6))

Private School Students (34 CFR §76.650–662)

- Determination of LEA's proportionate share of IDEA funds to be spent on equitable services (34 CFR §300.133)
- Ensure proportionate share funds do not benefit a private school (34 CFR§300.141)

- Ensure appropriate use of public and private school personnel to provide equitable services (34 CFR §300.142)
- Ensure proportionate share funds remain in control of LEA (34 CFR §300.144(a))

Procurement

- Subawards to debarred and suspended providers (34 CFR §300.213)

Records Related to Grant Funds (34 CFR §76.730)

- Retention and access requirements for records (including fiscal) (34 CFR §200.333)

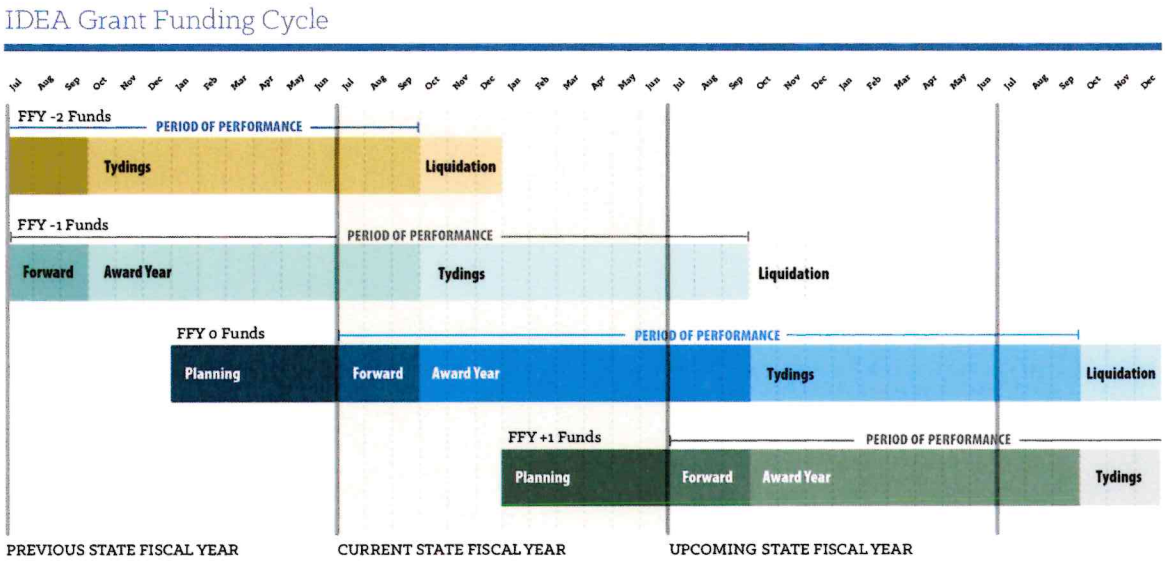
Schoolwide Programs

- Ensure appropriate calculation and condition of funds used for schoolwide programs (34 CFR §300.206 (a)–(b))
- Provide guidance in calculating and using schoolwide program funds
- Ensure that students with disabilities receive services in accordance with a properly developed IEP and are afforded all rights and services afforded under the IDEA (34 CFR §300.206(c)) 2013

SEA Eligibility

- Standards (34 CFR §§76.50, 76.201, 76.202, 76.235, 76.500)
- SEA application and state plan to Office of Special Education Programs (OSEP) (34 CFR §§76.100–106, §76.140–142)
- Subgrants (34 CFR §76.50-53)
- Maintenance of State Financial Support (34 CFR §300.163)

Supplement Not Supplant (SNS)



- Ensure IDEA funds supplement and do not supplant the level of other federal, state, and local funds (34 CFR §300.162(c), 300.202(a)(3))
- Ensure LEAs do not commingle IDEA funds with state funds, and expend funds appropriately (34 CFR §300.162(b))

II. Period of Availability

1. Timely Expenditure of IDEA Funds

a. Federal regulations establish a 27-month period of performance when LEAs can obligate awarded IDEA Part B funds.[1] The following figure shows the period of availability and demonstrates that there are three grants from different federal fiscal years (FFYs) at any time.

Figure 1. IDEA Grant Funding Cycle

Source: IDEA Fiscal Timeline, Center for IDEA Fiscal Reporting (https://cifr.wested.org/)

b. Each year, MDE determines an amount of funds to set aside from its federal Part B state award for state-level activities as allowed by 34 CFR §300.704, 300.813, and 300.814. MDE may elect to set aside 100% of the maximum amount of funds for state-level activities from its IDEA section 611 grant and IDEA section 619 grant or a percentage of those funds based on necessary activities determined by the department. In years when MDE does not elect to set aside 100% of the maximum amount of funds for state-level activities, all remaining funds are allocated to LEAs based on its current IDEA Part B Allocations formula.

c. Record retention requirements are based on the IDEA Grant Funding Cycle. Fiscal records must be retained for a minimum of six years from the date funds are made available to LEAs. Following the period of liquidation, MDE must submit a final expenditure report to the U.S. Department of Education by June of the subsequent year. LEAs are required to retain fiscal records for a minimum of three years following MDE's submission of its final expenditure reports for that funding period.[2]

III. Allocation of IDEA Part B Subgrants to LEAs

1. Purpose of an Authority

a. The federal authority for these procedures can be found at 34 CFR §300.705 (subgrants of IDEA section 611 funds) and 300.815 and 300.816 (subgrants of IDEA section 619 funds). Mississippi's authority for making subgrants to other agencies, including LEAs, is at Mississippi Code Title 37: Education §37-23-135.

MDE receives two federal grants each year under IDEA to provide special education and related services to children ages 3 through 21.

b. First, MDE applies for a grant under section 611 of IDEA for children ages 3 through 21. The federal determination of the amount of that state grant is outlined in the IDEA regulations at 34 CFR §300.703. MDE receives SEA allocation tables from OSEP, generally by March 1. If MDE does not receive the allocation tables by March 1, MDE will contact OSEP to determine the status of the allocation tables. After setting aside necessary and allowable amounts for state administration and other state-level activities, MDE calculates and allocates the remainder of the grant as subgrants to LEAs. 2015

c. In addition, MDE applies for an annual grant under section 619 of IDEA. This is a smaller grant that the state receives to provide special education and related services to children ages 3 through 5. The federal determination of the amount of that state grant is outlined in the IDEA regulations at 34 CFR §300.807, 808, 809, & 810. MDE receives SEA allocation tables from OSEP, generally by March 1. If MDE does not receive the allocation tables by March 1, MDE will contact OSEP to determine the status of the allocation tables. An IDEA section 619 subgrant may be used for specific activities related to special education (e.g., child find, evaluations) for children ages 3 through 5 served in preschool or kindergarten programs. LEAs that do or could serve 5-year-old children in kindergarten receive a subgrant under IDEA section 619, even if they have no preschool program.

d. MDE may reserve a portion of its IDEA section 611 for administrative and other state-level activities (34 CFR §300.704, 300.812, 300.813, & 300.814). While MDE currently does not reserve a portion of its section 619 funds, it reserves the right to do so in the future. The amounts reserved are restricted by IDEA regulations and reported annually in MDE's application for federal Part B funds on the OSEP Excel Interactive Spreadsheet provided to each state. This state-specific worksheet provides the state immediate feedback as to whether the amounts it intends to set aside for specific activities are in accordance with the limitations of IDEA. OSEP provides the spreadsheet to states annually upon confirmation of final allocation amounts.

e. After reserving an amount for state-level activities, MDE uses a specific formula to allocate the remaining funds as subgrants to LEAs, including charter school LEAs that submit an application to the state demonstrating eligibility for IDEA funds. This formula, required by IDEA regulations, consists of a base payment amount and amounts that are determined by student population and poverty measures for each LEA. The formula is applied separately to IDEA section 611 and section 619 subgrants (34 CFR §300.705, 300.815, 300.816, and 300.817. LEAs that receive an IDEA subgrant but do not currently serve students with disabilities still may receive IDEA funds that may be used for purposes including child find and evaluation.

.

NOTE: The following procedures describe how MDE allocates annual subgrants to LEAs.

2. Applicability of Procedures to Eligible LEAs, including Eligible Charter School LEAs

a. In Mississippi, LEAs responsible for providing free appropriate public education (FAPE) to children with disabilities under IDEA may be eligible to receive IDEA subgrants. This includes school districts, charter school LEAs, and other state agencies that serve as LEAs and are responsible for providing FAPE to children with disabilities. These procedures apply to all eligible LEAs in the state, including charter school LEAs.

b. Charter school LEAs are defined in state regulation in Mississippi Code Title 37. Education §37-28-45. Under IDEA, charter schools that are not LEAs under state law are not eligible for an IDEA subgrant (34 CFR §300.209). MDE allocates subgrants to charter school LEAs in the same manner that it allocates subgrants to other LEAs in the state. 2016

c. LEAs do not need to be currently serving children with disabilities to be eligible for IDEA section 611 and section 619 subgrants. LEAs that serve children ages 3 through 5 are eligible for both IDEA section 611 and 619 subgrants. LEAs do not need to have preschool programs to be eligible for IDEA section 619 subgrants — the subgrants are based on the ages of children served, not grade levels. If an LEA could serve 5-year-old children in kindergarten, regardless of whether the children have disabilities, the LEA is eligible for an IDEA section 619 subgrant. However, if an LEA is not responsible for educating children ages 3 through 5, such as an LEA with only a high school, it is not eligible for an IDEA section 619 subgrant.

d. To receive IDEA section 611 and section 619 subgrants, the LEA must submit an annual Part B Funding Application to the state. The application provides assurances that the LEA meets specific requirements (listed in 34 CFR §300.200 – 213) about the use of funds and has policies and procedures in place to ensure that children with disabilities receive FAPE. Mississippi reviews each LEA's application according to the internal LEA eligibility application processes. Under 34 CFR §300.221, an LEA may appeal the state's determination that the LEA is not eligible for IDEA section 611 or section 619 funds through the state's appeals process.

e. LEAs may not subgrant IDEA funds to another LEA. The LEA that establishes eligibility under IDEA and receives a Part B subgrant is the LEA responsible for ensuring Part B requirements are met.

3. Appeals Procedures Regarding IDEA Funding Decisions

a. At least annually (and more frequently if needed), each LEA will receive written initial notification of LEA status and amount of IDEA funding.

b. If an LEA is unable to establish eligibility to receive an IDEA award, the MDE Office of Special Education (OSE) will notify the LEA in writing. The OSE decision will

become final 30 days after the date of the notification if the LEA does not respond with a written appeal. A written appeal may be filed if the LEA has documentation to support that the information/data the decision is based upon is inaccurate.

c. To file a written appeal of the IDEA funding decision, please contact the OSE State Director of Special Education in writing within 30 days of receiving the IDEA funding letter. Please include a statement regarding the decision and/or data to be reviewed in the appeal and include documentation supporting the claim. Written appeal requests and documentation should be sent to:

Mississippi Department of Education
Office of Special Education
Attn: State Director of Special Education
P.O. Box 771
Jackson, MS 39205-0771

d. Upon receipt of a written appeal, the OSE will provide the LEA with an opportunity for a hearing and convene a committee to review the appeal and documentation submitted by the LEA. Upon completion of the review by the committee, the OSE will provide a written response to all written appeals within 30 days. This decision will be final. 2017

e. The issue of appeals based on fiscal and funding matters occurs in several places in the IDEA Part B Federal regulations.

1. If the SEA finds an LEA to be in noncompliance with the provisions of the IDEA, the SEA must not make any final determination that the LEA is not eligible for assistance under Part B without first giving said LEA reasonable notice and an opportunity for a hearing *(*34 CFR §300.155*)*.

    a. If MDE determines that an LEA is not eligible for funds under Part B, then MDE must notify the LEA of that determination and provide the LEA with an opportunity for a hearing *(*34 CFR §300.221*)*.

    b. Within 30 days after receiving a request for a hearing, MDE shall hold a hearing on the record and review its actions. No later than 10 days after the hearing, MDE shall issue its written ruling, including findings of fact and reasons for the ruling. If MDE determines its action was contrary to state or federal statutes, regulations, or rules that govern the program, MDE shall rescind its action.

2. The LEA, in providing for the education of students with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with state policies and procedures (34 CFR §300.201).

3. If the SEA, after reasonable notice and an opportunity for a hearing, finds the LEA has been determined to be eligible under this subpart, is failing to comply with any requirement for eligibility (34 CFR §300.201–213), the SEA must reduce or must not provide any further payments to the LEA

until the SEA is satisfied that the LEA is complying with that requirement (34 CFR §300.222(a)).

a. Any LEA in receipt of a notice described in section 1 above, shall, by means of public notice, take the measures necessary to bring the pendency of an action pursuant to this section to the attention of the public within the jurisdiction of the agency (34 CFR §300.222(b)).

b. The SEA must consider any decision resulting from a hearing held under the procedural safeguards in 34 CFR §300.511 through 300.533 that is adverse to the LEA involved in the decision (34 CFR §300.222I).

4. If the SEA determines that the LEA:

a. Has not provided the information needed to establish the eligibility of the LEA under Part B of the IDEA or elected not to apply for its Part B allotment.

b. Is unable to establish and maintain programs of free appropriate public education that meet the requirements of these rules. 2018

c. Is unable or unwilling to be consolidated with one or more LEAs in order to establish and maintain the programs.

d. Has one or more students with disabilities who can best be served by a regional or state program or service delivery system designed to meet the needs of these students.

f. Then MDE must use the payments that would otherwise have been available to an LEA to provide special education and related services directly to students with disabilities residing in the area served by that LEA (34 CFR §300.227) in the manner and at the locations the SEA considers appropriate. The services must be provided in accordance with Part B of the IDEA.

g. Times and situations when the SEA might decide to act in a way that affects LEA funding:

1. Local policies, procedures, and programs not submitted, not consistent with state policies and procedures; changes to local policies, procedures, and programs not submitted for approval (34 CFR §300.201).

2. Excess costs requirements not met (34 CFR §300.202).

3. Maintenance of effort eligibility requirement not met (34 CFR §300.203 and 300.204).

4. Schoolwide ESEA (if any): plan not submitted, funds not tracked, students not provided with identification, evaluation, eligibility, and FAPE (34 CFR §300.206).

5. Personnel development: LEA not ensuring that personnel to carry out Part B are appropriately and adequately prepared (34 CFR §300.207).

6. Early intervening services (if any): plan submitted, students tracked for two years (34 CFR §300.208).

7. Information not provided to SEA relating to information on the performance of students with disabilities (34 CFR §300.211).
8. Not making public documents related to the eligibility of the LEA (34 CFR §300.212).
9. Records not kept for linking migratory students with disabilities (34 CFR §300.213).
10. Compliance errors not corrected within one year.
11. Not meeting the requirements of Part B, including the targets in the State Performance Plan (SPP), MDE must prohibit the LEA from reducing the LEA's maintenance of effort for any fiscal year (34 CFR §300.608).
12. Unallowable costs included in budgets related to special education programs and/or services.
13. Misclassified students whose evaluation report does not support or substantiate the classification of a disability condition will be considered erroneously classified as not eligible to be counted for state or federal funds. 2019
14. LEA thinks any funding decision is based on inaccurate data.

4. Timeline for Calculating and Allocating Subgrants to LEAs

a. The MDE OSE and Office of Grants Management (OGM) are responsible for implementing these procedures. Staff will maintain capacity through annual training and review of the requirements related to the allocation of Part B subgrants to LEAs.

b. The period of availability for IDEA subgrants under both IDEA section 611 and section 619 is up to 27 months, from July 1 of the award year until September 30 two years subsequent. This period is not extended beyond 27 months from July 1 of the award year if the LEA does not submit its subgrant applications within the state's timelines. This means, for example, that federal fiscal year (FFY) 2021 or state fiscal year (FY) 22 IDEA funds are available for obligation from July 1, 2021, to September 30, 2023. Funds obligated by September 30, 2023, must be liquidated by December 29, 2023.

c. MDE requests that LEAs liquidate funds by a date determined by the Office of Accounting through the Requests for Funds Schedule of each year. However, an LEA may submit a written request to the OGM if it requires additional time to liquidate funds through the period of availability of the IDEA subgrant. More information on the timeline for IDEA funds is included in the please refer to Section II.1. Timely Expenditure of IDEA Funds section of these procedures. See Figure 1 for the annual timeline, detailed activities, and responsible staff or office.

Charter School LEA Funding Timelines

a. In the fall of each year, the Charter School Authorizer Board approves new or significantly expanding charter school LEAs for the subsequent school year. The Charter School Authorizer Board then notifies the MDE Office of School Financial Services to ensure that the charter school LEA is awarded the full amount of its

eligible IDEA section 611 and section 619 funds, including the base payment amount, within five months of the date the charter school LEA opens or significantly expands (34 CFR §76.793).

Calculation of Preliminary and Final Allocations

a. Preliminary allocations are based on projections received from the Charter School Authorizer Board. Final allocations are completed in the fall using actual enrollment data. The remaining procedures are followed during the preliminary and final allocation process.

5. IDEA Part B Base Payments

a. In allocating IDEA Part B subgrants to its LEAs, including charter school LEAs, each fiscal year, the OGM uses a three-part formula that consists of (1) a base, including any applicable base adjustments, and amounts calculated using student (2) population and (3) poverty measures. This section covers procedures for establishing the base payment amount for each LEA. 2020

b. The statewide total available for the base payments remains constant (except when federal appropriations for IDEA section 619 fall below the 1997 appropriation level). Individual LEA base payments stay constant from year to year except in cases where adjustments are required (see **Base Payment Adjustments** section below).

c. The original base payment amount for each eligible LEA was:

- The amount the LEA would have received under IDEA section 611 if MDE had distributed 75% of the state's FFY 1999 IDEA section 611 grant using the December 1, 1998, child count.
- The amount the LEA would have received under IDEA section 619 if MDE had distributed 75% of the state's FFY 1997 IDEA section 619 grant using the December 1, 1996, child count.

d. Base payment amounts are calculated by the OGM, reviewed and approved by the OSE, and stored on MDE's secure shared network in the IDEA Part B Allocations folder. Base payment amounts are adjusted as required, according to the circumstances detailed in the "Base Payment Adjustments" section of these procedures.

6. Base Payment Adjustments

a. In accordance with 34 CFR §300.705(b) and 300.816, the OGM adjusts IDEA section 611 and section 619 base amounts for affected LEAs[3] in each of the following circumstances:

- A new LEA, including a new charter school LEA, is created and is serving children with disabilities.

[3] **Affected LEA** - An LEA that is affected by one of the circumstances requiring a base payment adjustment. Each such circumstance involves the transfer of responsibility to provide free appropriate public education (FAPE) to children with disabilities away from one or more Transferring LEAs to one or more Assuming LEAs. Both the Transferring and Assuming LEAs are the Affected LEAs.

.

- Two or more LEAs are combined into a new, single LEA.
- Two or more LEAs have changed geographic boundaries or administrative responsibility for providing services to children ages 3 through 21 for IDEA section 611, or to children ages 3 through 5 for IDEA section 619, including when an LEA closes.
- An LEA that received a base payment of zero in its first year of operation is now serving children with disabilities.

b. In addition, base payment amounts are adjusted when a charter school LEA significantly expands in accordance with MDE's official definition. Subgrants are made to a new charter school LEA in the same manner they are made to a new LEA.

c. Any newly opening or significant expanding charter school must be approved by the Mississippi Charter School Authorizer Board. In the fall of each year, the Mississippi Charter School Authorizer Board notifies the MDE Office of Finance and the OGM of any new charter school LEA or a significant expansion of a charter school LEA.

d. Each year, prior to calculating the LEA allocation amounts under IDEA section 611 and section 619, the OGM, OSE, and other relevant offices review LEA data to determine whether IDEA section 611 or section 619 base payment adjustments are necessary and which LEAs are affected. 2021

e. The Mississippi Charter School Authorizer Board, Special Education Programs Office, MDE Office of Technology and Strategic Services (OTSS), and School Financial Services Office provide the OGM with data on any new LEAs or changes in the configuration of LEAs in the state. When MDE determines that a base payment adjustment is necessary, the LEA that assumes responsibility for children with disabilities must provide reports to the OGM that include the numbers of children with disabilities for whom responsibility is assumed by the LEA and identify the LEA that would have been responsible for providing FAPE for each child with a disability. Failure to provide the required data, and to do so in a timely manner, may result in a delay in the base payment adjustment.

Calculation Methodology

a. The OGM calculates each Affected LEA's base payment adjustment separately for IDEA section 611 and section 619 subgrants and submits to the OSE for review and approval. For each Transferring LEA[4], the method calculates the amount of the base payment that must be redistributed to the Assuming LEA[5]. The amount of the adjustment is based on the number of children with disabilities for whom responsibility changes due to the circumstance.

---

[4] **Transferring LEA** - an Affected LEA that transfers responsibility to an Assuming LEA to provide FAPE to children with disabilities.

[5] **Assuming LEA** - an Affected LEA that assumes responsibility from a Transferring LEA to provide FAPE to children with disabilities.

.

Reduction of a Transferring LEA's Base Payment

a. When responsibility for one or more children with disabilities transfers away from an LEA under any of the required circumstances, the SEA adjusts the Transferring LEA's base payment — separately for IDEA section 611 and section 619 — by:

   1. Counting the children with disabilities for whom that LEA would have been responsible in the absence of the circumstance that required the base payment adjustment (This is the sum of the current child count and the number of children with disabilities for whom the responsibility transferred.).
   2. Calculating a current base payment per child by subtracting the number of children with disabilities for whom the responsibility transferred from the LEA's most current base payment child count.
   3. Multiplying the difference (from Step 2) by the universe base payment per child amount for all LEAs (static).
   4. Establishing the Transferring LEA's adjusted base payment.

      These steps are completed separately for each LEA in which responsibility for one or more children with disabilities is being transferred to another LEA.

2022

Increase to an Assuming LEA's Base Payment

a. When responsibility for one or more children with disabilities is assumed by an LEA under any of the required circumstances, the SEA adjusts the Assuming LEA's base payment — separately for IDEA section 611 and section 619 — by:

   1. Creating a current base payment per child by adding the number of children with disabilities for whom the responsibility transferred and multiplying it by the universe base payment per child amount for all LEAs (static).
   2. Establishing the Assuming LEA's adjusted base payment.

b. These steps are completed separately for each LEA that is assuming responsibility for one or more children with disabilities from another LEA. However, the overall universe base payment child count is incorporated.

7. Allocations Calculated Using Student Population and Poverty Measures

a. After subtracting the state set-aside (the amount set aside by the state from the grants for state-level activities) and the total base payment amount, the OGM allocates the remaining IDEA section 611 and section 619 funds according to population and poverty measures as defined at 34 CFR §300.705(b)(3) and 300.816(c):

   - Allocate 85% of any remaining funds to eligible LEAs based on the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA's jurisdiction.
      1. Allocate 15% of those remaining funds to eligible LEAs in accordance with their relative numbers of children living in poverty, as determined by the SEA.

b. The OGM calculates the population and poverty amounts within 45 days upon the receipt of the proposed IDEA section 611 and section 619 awards (if funds are available) from the U.S. Department of Education and after subtracting the state set-aside and base payment amounts. The same data are used to make calculations for traditional and charter school LEAs. Eligible LEAs that do not receive a base payment are still eligible for population and poverty subgrants.

c. Population calculations are made using the most recent available enrollment data on students enrolled in public and private elementary and secondary schools in each LEA, including student enrollment in charter school LEAs. For new and significantly expanding charter school LEAs, projected data is used for the preliminary allocation. Actual enrollment data from the year in which the LEA opens or significantly expands is used for final allocation amounts.

d. Poverty calculations are made using data on the proportion of children enrolled in each LEA (including charter school LEAs) that are eligible for free and reduced lunch for the most current year available, as obtained from the OTSS.

e. The state applies on a uniform basis, across all LEAs, the best data available on the numbers of children enrolled in public and private elementary and secondary schools, and the numbers of children living in poverty. 2023

8. IDEA Section 619 Subgrants to LEAs When the State Award Is Below the FFY 1997 Funding Level

a. The amount of MDE's FFY 1997 federal IDEA section 619 award was $4,018,513.00. In any year when the federal IDEA section 619 award to the state is below that level, special circumstances apply to how the state allocates IDEA section 619 subgrants to LEAs.

b. If, after the state set-aside is subtracted from the total award, the amount available for making subgrants is greater than 75% of the state's FFY 1997 IDEA section 619 award, then the state will make base payments and, if necessary, base payment adjustments, and then allocate any remaining funds using population and poverty measures in accordance with 34 CFR §300.816I. If, after the state set-aside is subtracted from the total award, the amount available for making subgrants is less than 75% of the state's FFY 1997 IDEA section 619 award, then the state will make base payment adjustments based on the available amount.

IV. Reallocation of IDEA Funds

1. Monitoring Expenditure of IDEA Funds

a. MDE monitors the expenditure of IDEA set-aside funds and IDEA subgrants to LEAs to ensure that funds are used within the period of performance and that both MDE and its LEAs are following the first in, first out accounting principle and spending down prior years' awards prior to spending down newer awards. The OGM provides regular reports to the OSE on the timely expenditure of funds. Monthly, the OGM provides a report detailing the amount and percentage of IDEA Part B Grant Award

(Section 611 and Section 619) funds remaining from each available FFY for both state set-aside funds and IDEA subgrants to LEAs.

b. The OSE monitors the timely expenditure of IDEA subgrants by LEAs. If MDE finds that an LEA is not expending its IDEA funds at a rate that will result in the LEA expending funds or that the LEA is drawing down newer funds before expending older available funds, the OSE contacts the district to consider necessary actions, including, but not limited to:

- Requiring the LEA to submit a written plan for timely expenditure of available funds;
- Requiring the LEA to review non-performing balances (identified by the OSE) from older grants and move the funds into an active cost category through the revision process;
- Requiring the LEA to request a transfer of costs from a newer grant year to an older available grant year;
- For LEAs with outstanding noncompliance or corrective actions plans, directing the use of remaining IDEA funds to address the noncompliance or complete the corrective action; and
- For LEAs who are adequately providing FAPE, the return of IDEA funds to the state for reallocation to LEAs who need additional funds to provide FAPE.

2024

2. Reallocation of IDEA Funds Within the Period of Availability

Returning Funds to MDE

a. If the OSE determines an LEA is adequately providing FAPE to all children with disabilities residing in the area served by that agency with state and local funds and does not require its federal Part B award to maintain the provision of FAPE, the SEA may reallocate any portion of the funds. This includes if an LEA does not serve any children with disabilities and does not need IDEA funds to meet child find, evaluation, and other requirements.

b. The OSE may make the reallocation decision based on information gathered through its general supervision system, including communication with the LEA instigated during programmatic monitoring, communication initiated through the OSE's timely expenditure monitoring, or notification from an LEA that it is providing FAPE but will not use the full amount of its allocation.

c. When the OSE receives notification or other communication that an LEA will not use its funds, the OSE, family engagement, and monitoring teams consult to determine if the LEA is adequately providing FAPE to children.

d. An LEA is considered to be adequately providing FAPE to children with disabilities for purposes of eligibility to reallocate IDEA funds if:

- It has an LEA determination of Meets Requirements or Needs Assistance;
- It has not been identified with significant disproportionality;
- It has no outstanding uncorrected findings of non-compliance related to FAPE;
- It has no dispute resolution findings related to FAPE in the past year; and

- No other evidence, e.g., from school accreditation, fiscal audits, etc., indicates that the LEA is not adequately providing FAPE.

Reallocation of Funds

a. After the OSE determines that the LEA is adequately providing FAPE and the LEA authorizes the return of funds to MDE, MDE may:
    1. Use the funds returned to MDE by the LEA for allowable state-level activities if the state did not set aside the maximum amount for state-level activities, up to the point where the maximum amount is reached
    2. Reallocate the unused funds to eligible LEAs that are not adequately providing special education and related services to children with disabilities (this reallocation is required if the state sets aside the maximum amount for state-level activities)
b. The OSE leadership, monitoring, data, and fiscal teams consult to determine which LEAs need additional funds to adequately provide special education and related services to children with disabilities, are eligible to receive reallocated funds, and are most likely to expend the funds within the period of performance. This determination is made by reviewing data, including, but not limited to: 2025
    1. LEA determinations
    2. Results of IDEA programmatic monitoring and implementation status of corrective action plans
    3. Findings and trends from the family engagement team on dispute resolution
    4. Any increases in child count that may result in the need for additional services.
c. When the OSE determines that one or more LEAs need additional funds to adequately provide special education and related services to children with disabilities, it will request a plan from each LEA demonstrating how it will use the reallocated funds within the period of availability. Upon approval of LEA plans, the OSE will work with the OGM to reallocate funds to one or more LEAs. Amounts reallocated to an LEA are not considered in the calculation of funds for proportionate share and coordinated early intervening services as those calculations were completed for the funds when they were allocated to the original district.

Adjustment/Revision of LEA Expenditures

In the event an LEA requires assistance to transfer expenditures from a newer grant year to an older grant year or from one grant award to another, the LEA must work with the OGM.

V. Allowable Uses of IDEA Funds

a. For a particular cost to be allowed, it must be an excess cost of providing special education and related services (see guidance on **Excess Cost**). It also must be necessary, reasonable, and allocable.[6] Additional guidance about standards for determining costs for federal grants is available from the Office of Management and Budget (OMB) Uniform Grants Guidance. [7]

b. If an expense is found to be not an allowable use of federal funds through an audit or onsite monitoring, the OSE may seek to recover any federal funds. If the OSE determines an LEA must return funds, those funds cannot be returned out of federal funds.[8]

1. Definitions

a. **Necessary:** A cost must be necessary and reasonable for the performance of the federal award and be allocable thereto under these principles.[9]

b. **Reasonable:** A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. The question of reasonableness is particularly important when the non-federal entity is predominantly federally funded. In determining the reasonableness of a given cost, consideration must be given to:

2026

   1. Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award
   2. The restraints or requirements imposed by such factors as sound business practices; arm's-length bargaining; federal, state, and other laws and regulations; and terms and conditions of the federal award
   3. Market prices for comparable goods or services for the geographic area
   4. Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the non-federal entity, its employees, students or membership, the public at large, and the federal government
   5. Whether the non-federal entity significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the federal award's cost[10]

c. **Allocable to IDEA**: A cost is allocable to a particular federal award or other cost objective if the goods or services involved are chargeable or assignable to that federal award or cost objective in accordance with relative benefits received. This standard is met if the cost:

1. Is incurred specifically for the federal award
2. Benefits both the federal award and other work of the non-federal entity and can be distributed in proportions that may be approximated using reasonable methods
3. Is necessary to the overall operation of the non-federal entity and is assignable in part to the federal award in accordance with the principles in this subpart
4. All activities which benefit from the non-federal entity's indirect (F&A) cost, including unallowable activities and donated services by the non-federal entity or third parties, will receive an appropriate allocation of indirect costs[11]

2. Allowability of Specific Items of Cost

The table below lists specific items of cost and addresses the allowability of each.

Table 5. Allowable Costs

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	ADVERTISING: Costs associated with advertising in media such as newspapers, radio, television, direct mail, exhibits, electronic, or computer transmittals	Allowed for IDEA-related recruitment of personnel, procurement of goods and services, and other specific purposes necessary to meet the requirements of the IDEA grant
Allowed	AIDES/PARAPROFESSIONALS: Salaries and fringe benefits	Aides/paraprofessionals must work under the supervision of an appropriately licensed special education teacher and perform duties for which they are trained.
Allowed	ASSISTIVE TECHNOLOGY DEVICES: Used to increase, maintain, or improve the functional capabilities of a child with a disability	IDEA funds are permitted to purchase, lease, or otherwise provide for the acquisition of assistive technology devices.

Allowed, but special requirements or additional information required	ATTORNEY FEES	IDEA funds may not be used to pay attorney fees or costs of a party related to any action or proceeding under section 615 of IDEA including attendance at IEP meetings, due process hearings, appeals of due process hearings to federal court, court recordings). Attorney fees for document processing, professional development, and policy development are allowable. Appropriate documentation to support the use of IDEA funds for attorney fees must be recorded.
Allowed, but special requirements or additional information required	AUDIT COSTS: Audits required by the Single Audit Act	The costs of auditing the IDEA required by, and performed in accordance with, the Single Audit Act, as implemented by 2 CFR Subpart F are allowable. Other IDEA audit costs are not allowed as direct costs. They are included in the indirect cost rate. Only the costs for the IDEA portion of the Single Audit may be charged to IDEA.
Allowed	AUTOMATIC DOOR OPENERS: Purchase and installation	Purchase and installation of automatic door openers is allowed if needed to provide access for a child with a disability.
Allowed, but special requirements or additional information required	BUS PURCHASE, LEASE, or RENTAL: Vehicle purchase or lease, insurance, repair, and maintenance	Vehicles must be used ONLY to transport children with disabilities who require special assistance in transportation that is in addition to the transportation offered to all students. LEAs must have prior approval from MDE prior to purchasing or leasing a vehicle.

2028

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	BUS DRIVER: Salaries and fringe benefits	The salary and fringe benefits of a bus driver are allowed ONLY for the time the driver transports children with disabilities who require special assistance in transportation that is in addition to the transportation offered to all students.
Allowed	CHILD FIND ACTIVITIES: Costs associated with public awareness, notices, screening	Child find activities are allowed for identification of children with disabilities.
Allowed	CLERICAL SUPPORT: Salaries and fringe benefits	Only the actual time spent supporting special education is allowed. Clerical support must be documented in accordance with policies and procedures as outlined in 2 CFR §200.430(i).
Allowed, but special requirements or additional information required	COMMUNICATION DEVICES FOR STAFF: Costs associated with lease or purchase and charges for use of desk phones, cell phones, pagers, and radios	Communication devices are allowed ONLY for special education activities. If a device also is used for other non-special education activities, documentation is required of the extent to which it is used for special education and the other activities. Costs for personal use are not allowed.
Never Allowed	COMPUTER NETWORKS: Costs associated with an LEA's computer networks	LEAs' computer networking costs are provided district-wide and are not excess costs of special education.

2029

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	COMPUTERS FOR STUDENTS	Acquisition of computers are NOT an excess cost, and therefore not allowed if the LEA has decided to equip classrooms in a school and simply charges the IDEA grant a prorated amount based upon the number of children with disabilities in the school. The equipment is an excess cost when related to the unique needs of a child with a disability. It may be provided in a general education class or other education-related setting, even if one or more nondisabled children benefit. When the equipment is no longer needed to meet the unique needs of a child with a disability, it must be managed or disposed of in accordance with 2 CFR §200.313(e)
Allowed, but special requirements or additional information required	COMPUTERS FOR STAFF	Computer equipment for special education staff is allowed if the individual works solely in special education. When the equipment is no longer needed, it must be managed or disposed of in accordance with 2 CFR §200.313(e)
Allowed, but special requirements or additional information required	CONSTRUCTION: Constructing facilities or altering existing facilities	Costs for construction or alteration of facilities must be excess costs of special education. A project must meet the needs of one or more children with disabilities. Costs for the general purpose of bringing facilities into compliance with Section 504 and ADA requirements are not allowed. Costs must be necessary and reasonable. LEAs must have prior approval from MDE to use IDEA funds for construction.

2030

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	CONSULTANT SERVICES: Costs associated with contracted services from a consultant	LEAs may contract with consultants to provide information about methods, techniques, and strategies to use for children with disabilities or advice to staff for a particular student or group of students. LEAs are permitted to contract for services only if (1) there is a written contract specifying the terms of the vendors' services; (2) the contract providers are appropriately licensed; (3) the fees are determined to be reasonable and customary for the provision of such services in the area; (4) the LEA has determined the services cannot be provided by district employees; and (5) the LEA has internal controls in place to verify the delivery of contracted services as specified in contracts and on submitted invoices.
Allowed	CONTRACTED SPECIAL EDUCATION or RELATED SERVICES	LEAs may contract for special education or related services as direct services to students from private individuals or agencies other than an LEA.
Allowed	CONTRACTED SERVICES — PARENTALLY PLACED PRIVATE SCHOOL STUDENTS	Federal law specifically authorizes the provision of services for parentally placed private school students through a contract with an individual, agency, organization, or other entity. LEAs may not contract with or provide funds directly to a private school but may contract with a private school employee to provide services outside their contract with the private school.
Never Allowed	CONTRIBUTIONS AND DONATIONS	Contributions and donations, including cash, property, and services, by governmental units to others, regardless of the recipient, are unallowable.

2031

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	COST SHARING AND COST OR RISK POOLS	LEAs are permitted to use IDEA funds to establish and implement cost or risk-sharing funds, consortia, or cooperatives for the LEA itself, or for LEAs working in a consortium of which the LEA is a part, to pay for high-cost special education and related services.
Allowed	CURRICULUM DEVELOPMENT: Costs associated with substitutes, release time, or extended contract	Costs related to substitute teachers, release time, and extended contract for the development of curriculum for special education students is allowed for both general and special education staff. This includes supplements and stipends.
Never Allowed	DISTRICT ADMINISTRATORS/SUPERINTENDENTS: Salaries and fringe benefits	The salary and fringe benefits of a district administrator/superintendent cannot be charged to federal grants even if the administrator is providing special education support and is appropriately licensed.
Never Allowed	ENTERTAINMENT: Costs for amusement, diversion, or social activities	Costs of entertainment, including amusement, diversion, and social activities, and any costs directly associated with such costs (e.g., tickets to shows or sports events, meals, lodging, rentals, transportation, gratuities, etc.), are unallowable.
Allowed, but special requirements or additional information required	EQUIPMENT — CAPITAL: Equipment to support special education and related services	The LEA must receive prior approval from MDE to use IDEA funds for capital equipment if the expenditure is not included in its LEA Funding Application. If the expenditure is included in its LEA Funding Application, the standard approval process applies. Capital equipment is equipment with a useful life of more than one year that costs $5,000 or more per unit.

2032

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	EQUIPMENT — NON-CAPITAL: Equipment to support special education and related services	Special education equipment that does not meet the definition of capital equipment.
Allowed	EXTENDED SCHOOL YEAR (ESY): Personnel, supplies, equipment, transportation, and any other services identified in the student's IEP	The need for ESY must be documented in the student's IEP.
Allowed	EVALUATIONS: Personnel, supplies, or contracted services	The cost of conducting special education evaluations for students are allowable.
Allowed, but special requirements or additional information required	FOOD COSTS RELATED TO STUDENTS	Food costs are allowable if they are above or beyond routine school food costs. For example, special food items for the students with special dietary needs would be eligible, food items needed in a life skills program, or for student incentives of nominal value.

2033

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	FOOD COSTS RELATED TO MEETINGS, PROFESSIONAL DEVELOPMENT, ETC.	IDEA Funds may be used in the following instances, but there is a very high burden of proof to show that paying for food and beverages with federal funds is necessary to meet the goals and objectives of a federal grant: - Refreshments for parent meetings/parent involvement activities, when necessary, to encourage attendance - Limited meals or refreshments for staff or participants who are cloistered in all-day training sessions when it is impractical to obtain meals on their own and where attendance at training is essential to accomplishing the objectives of the program - Limited meals or refreshments during a "working session" in which participants are engaged in discussion/activities during the normal mealtime and in which no other opportunity for a meal will be provided where attendance is essential to accomplish the objectives of the program. Alcoholic beverage costs are never allowable.
Allowed	FOREIGN LANGUAGE AND SIGN LANGUAGE INTERPRETERS FOR IEP MEETINGS: Salaries and fringe benefits or contracted costs	LEAs may contract with a private vendor for interpreter services for IEP meetings. Expenditures related to IEP meetings are considered an excess cost of special education.

2034

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	FURNITURE: Desks, tables, chairs, file cabinets	LEAs may purchase student or staff desks, tables, chairs, file cabinets, and other furniture for use in spaces dedicated to special education programs, such as resource rooms. LEAs may only purchase student furniture for use in a general education classroom if the furniture is adapted to the specific needs of a child with disability. Examples of such furniture are wheelchair-accessible desks and adjustable tables or workstations. When furniture purchased with IDEA funds is no longer needed for the special education program or for a child with a disability, it must be managed or disposed of in accordance with 2 CFR §200.313(e).
Allowed, but special requirements or additional information required	GUIDANCE COUNSELORS: Salaries and fringe benefits. See also "Act 221" in the Information section.	Guidance counselors must be employees of an LEA or contracted with an LEA. Costs must be IEP-driven or related to the evaluation of a student. Day-to-day costs of services provided to all students are not allowed. Only the actual time spent supporting special education is allowed. If the position is not dedicated 100% to special education, guidance counselors must document their work with personnel activity reports.

2035

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	IEP TEAM COORDINATORS: Salaries and fringe benefits	Salaries and fringe benefits of staff who coordinate an LEA's IEP system, train staff, and review IEPs are allowed. Only the actual time spent coordinating IEPs is allowed. If the position is not dedicated 100% to special education, IEP coordinators must document their work according to time and effort requirements.
Allowed, but special requirements or additional information required	INDIRECT COSTS: Costs incurred to benefit more than one program or objective not readily assignable to the programs	Only LEAs that have an indirect cost rate negotiated with the MDE Division of Finance may charge indirect costs to IDEA grants.
Allowed	MAINTENANCE OF SPECIAL EDUCATION EQUIPMENT: Assistive technology devices, copying machines, printers, elevators, etc.	If the equipment is used for special education only, the cost of maintaining the equipment may be charged to the IDEA grant.
Never Allowed	MEDICAID ADMINISTRATION SERVICES: Costs for claiming Medicaid funds, including third-party administrators	The costs for administering Medicaid services may not be charged to the IDEA grant because they are not necessary for the performance of the IDEA grant.
Allowed, but special requirements or additional information required	MEDICAL SERVICES	Medical services are allowable for diagnostic or evaluation purposes.
Allowed, but special requirements or additional information required	MISCELLANEOUS EXPENSES:	These costs are only allowable if they are clearly included in a student's IEP.

2036

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	NURSE — SCHOOL-BASED: Salaries and fringe benefits for LEA employees or costs for contracted nursing services	Costs must be IEP-driven or related to the evaluation of a child. Day-to-day costs of nursing services provided to all students are not allowed. Only the actual time providing related services required by IEPs or performing evaluations is allowed. These services must be documented in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	OCCUPATIONAL THERAPISTS (OT) and OT ASSISTANTS: Salaries and fringe benefits for LEA employees or costs for contracted OT services	The cost of OT and OT assistants for the purpose of student evaluations or providing services as directed by a student's IEP is allowable.
Allowed	OFFICE EQUIPMENT: Equipment used by special education staff	Allowed if the equipment is exclusively used by special education staff.
Allowed	PARAPROFESSIONALS: Salaries and fringe benefits	Paraprofessionals must be employees of an LEA. Paraprofessionals must work under the supervision of an appropriately licensed special education teacher and perform duties consistent with the role of paraprofessional while not assuming the role of a teacher.
Allowed	PHYSICAL THERAPISTS (PT) and PT ASSISTANTS: Salaries and fringe benefits for LEA employees or costs for contracted PT services	The cost of PT and PT assistants for the purpose of student evaluations or providing services as directed by a student's IEP is allowable.
Allowed	PARENTALLY PLACED PRIVATE SCHOOL STUDENTS — SPECIAL EDUCATION AND RELATED SERVICES: Equitable services	Equitable services may be provided by employees of a school district. In addition, federal law specifically permits the provision of equitable services to parentally placed private school students through contract with an individual, agency, organization, or other entity.

2037

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	PLAYGROUND EQUIPMENT: Accessible playground equipment	The additional costs of making a playground accessible to children with disabilities are allowed. Additional equipment or the additional cost of acquiring accessible equipment may be funded. The equipment may be used in a general education setting, even if one or more nondisabled children benefit.
Never Allowed	PRINCIPALS OR ASSISTANT PRINCIPALS: Salaries and fringe benefits	Salaries for principals and assistant principals may not be charged to the IDEA grant. If an individual is employed as a part-time principal and also as a part-time special education teacher or provider, the salary and fringe benefits for teaching special education or providing other special education services may be charged to the IDEA grant. The individual must document the work in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	PROFESSIONAL DEVELOPMENT: Costs associated with registration fees, travel, conference expenses, and providers	Registration fees, travel, and conference expenses associated with special education in-service training of general education and special education staff are allowed. The number of attendees and the approval process should be carefully considered and fully documented as related to the special education responsibilities of each potential attendee. In addition, LEAs must include costs for all conference attendance in the LEA's grant application and must receive prior approval from MDE.

2038

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	PSYCHOLOGISTS — SCHOOL-BASED: Salaries and fringe benefits	Costs must be IEP-driven or related to the evaluation of a child. Day-to-day costs of services provided to all students are not allowed. Only the actual time spent supporting special education is allowed. These services must be documented in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	PSYCHOLOGISTS — STUDENT EVALUATIONS: Contractual costs	Allowed only for a psychologist to provide evaluation services.
Allowed	RECORDKEEPING, DATA COLLECTION, AND RELATED CASE MANAGEMENT ACTIVITIES	An LEA may use funds received under Part B of the Act to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related personnel providing services described in the IEP of children with disabilities that are needed for the implementation of those case management activities.
Allowed, but special requirements or additional information required	REMODELING: Costs associated with remodeling due to the unique needs of a student or students with a disability	Remodeling costs must be excess costs of special education. Remodeling must meet the needs of one or more children with disabilities. Remodeling costs for the general purpose of bringing facilities into compliance with Section 504 and ADA requirements are not allowed. Costs must be necessary and reasonable. LEAs must have prior approval from MDE to use IDEA funds for remodeling.
Allowed, but special requirements or additional information required	SAT OR ACT COLLEGE EXAM OR PREPORATORY COURSE	Allowable as directed by the IEP team.

2039

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	SECRETARIAL STAFF: Salaries and fringe benefits	Only the actual time spent supporting special education is allowed. The work of secretarial staff must be documented in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed, but special requirements or additional information required	SOCIAL WORKERS — SCHOOL- BASED: Salaries and fringe benefits	Costs must be IEP-driven or related to the evaluation of a child. Day-to-day costs of services provided to all students are not allowed. Social workers must be appropriately licensed to deliver services they are assigned. Only the actual time spent supporting special education is allowed. Services of social workers must be documented in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	SOCIAL WORKERS — STUDENT EVALUATIONS: Contractual costs	Allowed only for a social worker to provide evaluation services.
Allowed, but special requirements or additional information required	SPECIAL EDUCATION STAFF: Costs associated with special education teachers, special education directors, case managers, etc.	Costs attributed to special education staff must be prorated to reflect the actual amount of time that staff spent on special education purposes.
Allowed	STAFF DEVELOPMENT: Costs associated with registration fees, travel, conference expenses, and providers	Registration fees, travel, and conference expenses associated with special education in-service training of general education and special education staff are allowed. In addition, LEAs may coordinate IDEA funds with funds from other sources (e.g., Title I ESEA) in school-wide staff development activities to improve outcomes for all students.

2040

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	STIPENDS FOR STUDENTS WITH DISABILITIES: Costs associated with student workers charged under salaries or purchased services	A student must receive the minimum wage if she/he is in an employment relationship. In an employment relationship, the student provides services of immediate benefit to the employer —services that a paid employee would otherwise provide. As a result of the student's activities, paid positions may remain unfilled, and regular employees may be relieved of their normal duties. A student may receive less than the minimum wage if she/he is not in an employment relationship. A student is not in such a relationship if the student works as part of an educational activity for the benefit of the student, the student does not displace a regular employee, and the student works under close supervision.
Allowed	STUDENT EVALUATIONS: Personnel, supplies, or contracted services	The cost of conducting special education evaluations for students are allowable.
Allowed, but special requirements or additional information required	STUDENT INCENTIVES	Nominal items of low value may be purchased with IDEA funds to be used as part of the special education program's delivery of services. Incentive items purchased with federal funds should be educational in nature. The amount charged to the IDEA grants must be reasonable and prudent. The following are never allowed incentives: cash, cash cards, gift cards, computing devices (e.g., iPads, Nooks, Kindles, Beats, etc.).

2041

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed	SUBSTITUTE TEACHERS: Salaries and fringe benefits	Substitute teacher costs are allowed for special education teachers. Substitute teacher costs are allowed for general education teachers performing duties such as attending special education in-service training, attending IEP team meetings, or engaging in planning meetings or consulting with special education teachers to benefit children with disabilities.
Allowed, but special requirements or additional information required	SUMMER SCHOOL	IDEA funds may not be used to pay for students with disabilities to participate in general summer school programs but may be used to provide accommodations during those programs.
Never Allowed	SUPERINTENDENTS (DISTRICT ADMINISTRATORS): Salaries and fringe benefits	The salary and fringe benefits of superintendents cannot be charged to IDEA grants, even if the superintendent is providing special education support and is appropriately licensed in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	TEACHERS — SPECIAL EDUCATION: Salaries and fringe benefits	Special education teachers, if properly licensed under MDE, must be employees of an LEA or contracted for instructional services.
Allowed, but special requirements or additional information required	TEACHERS — GENERAL EDUCATION: Salaries and fringe benefits	General education teachers may be paid to attend special education in-service activities and IEP meetings. This includes supplements and stipends. Instructional costs of general education teachers are not allowed.

2042

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	TECHNOLOGY STAFF: Salaries and fringe benefits for LEA employees or costs for contracted IT services	LEA technology staff expenses for programming or maintaining special education and related services databases and applications are allowed and may include the coordination or administration of technology services. Private contracts for special education database maintenance or programming also are allowed. These services must be documented in accordance with policies and procedures as outlined in 2 CFR 200.430(i).
Allowed	TRANSITION SERVICES — PRESCHOOL: Costs associated with preschool transition activities	Services must be identified in the student's IEP. These costs may also be incurred when school is not in session.
Allowed	TRANSITION — EMPLOYMENT SKILLS: Costs associated with work experiences, job coaches, and acquisition of employment skills	LEAs may contract with agencies to facilitate the acquisition of employment skills for students with disabilities typically ages 18-21. The transition services must be identified in students' IEPs. The costs also may be incurred when school is not in session.
Allowed	TRANSPORTATION COSTS — SPECIAL EDUCATION: Costs incurred by the LEA for transporting children with disabilities	Allowable special education transportation costs include repair or servicing of special education vehicles, insurance, mileage, and bus driver and bus aide costs.
Allowed	TRANSPORTATION — CONTRACTED FOR SPECIAL EDUCATION: Costs associated with private agencies, other LEAs, or parents	A contract with parents is allowed if the transportation is to transport a student with a disability who requires special assistance in transportation (i.e., special transportation or additional transportation), including a student with a disability attending regular classes.

2043

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	TUITION: Tuition for placement by an LEA to provide a student with FAPE	Generally, tuition is allowed if charged for a placement made by an LEA to provide a student FAPE. The teachers must hold proper MDE licenses. The services must be provided consistent with an IEP, at no cost to parents, and under the supervision of the LEA.
Allowed	TUITION — TECHNICAL COLLEGE CLASSES FOR STUDENTS WITH DISABILITIES: Tuition to a local technical college for a special education program for a student with a disability	These expenses are allowed if the program is required by the IEP and the student receives high school credit.
Allowed, but special requirements or additional information required	TUTORING: Salaries and fringe benefits or stipends related to special education instructional service for students with disabilities only	Instruction must be provided by a licensed special education teacher, or an aide may provide services under the direction of a licensed special education teacher.
Allowed	UNEMPLOYMENT INSURANCE	Employer expenses for unemployment insurance granted as fringe benefits under established written policies are allowable. Unemployment insurance costs must be allocated to the grant in a manner consistent with the pattern of benefits for all LEA employees.
Allowed, but special requirements or additional information required	VEHICLE PURCHASE, LEASE, or RENTAL: Vehicle purchase or lease, insurance, repair, and maintenance	Vehicles must be used ONLY to transport children with disabilities who require special assistance in transportation (i.e., special transportation or additional transportation) or for exclusive use of special education personnel in fulfilling program requirements as outlined on students' IEPs. Such purchases or leases must have prior written approval from MDE.

2044

.

Allowed/Not Allowed	Budget Item	Special Requirements or Additional Information
Allowed, but special requirements or additional information required	WORKER'S COMPENSATION	Employer expenses for worker's compensation granted as fringe benefits under established written policies are allowable. Worker's compensation benefits must be allocated to the grant in a manner consistent with the pattern of benefits for all LEA employees.

3. Questions From the Field

a. May an LEA use Part B funds for costs associated with students who are 20 years old?

   LEAs may use Part B funds to pay for all of the costs directly attributable to the education of a child with a disability who is 3, 4, 5, 18, 19, 20, or 21 years of age if no local or state funds are available for non-disabled children of these ages.

b. A school within our LEA is providing support services for summer enrichment programs to ensure equal access for students with disabilities. Would it be allowable to pay teachers with IDEA Part B funds, or should those teachers be paid from the general education budget?

   Special education students are general education students first. If the district is offering enrichment services to all students during the summer, then all students should receive those services, including students with disabilities, paid for from general education funds. If there are students with disabilities who need special education and related services to benefit — and accommodations to participate —then those supplemental expenses or accommodations may be paid for from special education funds.

   It is important to note that IDEA funds must be used to supplement and not supplant state, local, and other federal funds.[12]

c. What is the difference between a stipend and a salary supplement?

   Stipends are typically used for short- term additional work such as conferences or workshops. When not included in a contract, tutoring could be paid out as a stipend, generally on an hourly basis. Supplements are used for long- term additional work duties, such as a diaper or Multidisciplinary Evaluation Team (MET) chairperson

[12] *34 CFR §§300.133(d), 300.162(c), 300.202(a)(3)*

supplement. Supplements are typically paid overtime. For example, a $1,000 supplement may be awarded for a MET chairperson that is paid over a 12-month period like a salary.

4. Indirect Cost Requirement

a. The MDE Office of School Financial Services approves and makes available each LEA's indirect cost rate for each grant year. When preparing their grant applications, LEAs' indirect cost amount must not exceed the percentage allowed in the state's calculation.

b. Definitions

"Indirect costs" are those (a) incurred for a common or joint purpose benefiting more than one cost objective and (b) not readily assignable to the cost objectives specifically benefitted without effort disproportionate to the results achieved.[13]

"Direct costs" are those that can be identified specifically with a particular federal award or that can be directly assigned to activities in support of a federal award relatively easily with a high degree of accuracy. 2046

c. Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect costs. There is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the federal award or other final cost objective. Therefore, it is essential that each item of cost incurred for the same purpose be treated consistently in like circumstances either as a direct or an indirect cost to avoid possible double charging of federal awards.

d. Indirect costs charged to the grant are determined by applying the restricted indirect cost rate (RICR) to the total direct costs of the grant minus capital outlays, subgrants, and other distorting or unallowable items as specified in the grantee's indirect cost rate agreement. However, districts should calculate what their maximum indirect cost each year could be based on the full amount of their grant award . The final calculation should be based only on the amount of the expenditures incurred each year. The transfer of the indirect costs should occur on or after the expenditures have occurred.

e. A cost may not be allocated to a federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a federal award as a direct cost. Typical indirect costs include:

a. Rented or shared space or facility
b. Payment of a proportionate amount for utilities
c. Payment of a proportionate share for services
d. Distribution of cost pool to produce equitable results

f. In addition, accounting, auditing, payroll, personnel, budgeting, purchasing, and operation and maintenance of plant facilities are all examples of services that

[13] *2 CFR §200.56*

typically benefit several activities and programs and for which appropriate costs may be attributed to IDEA by means of the indirect cost allocation plan.[14]

5. Internal Controls

a. Internal controls are organizational practices, typically in policies and procedures, to reduce the risk of waste, fraud, and abuse of funds; reduce the risk of noncompliance with laws, regulations, and policies; and improve overall performance.

b. LEAs must develop and maintain sound internal controls to ensure that all personnel, contractual services, and goods (e.g., equipment and instructional supplies) funded and purchased with IDEA subgrants are budgeted for and expended in accordance with the applicable provisions of IDEA and other federal requirements. Internal controls must include an accounting system that focuses on accountability of how the funds are used (i.e., "fund accounting").

   Accounting records must be supported by source documentation, including:

   - Canceled checks
   - Paid bills
   - Payroll
   - Time and attendance records
   - Contract and subgrant award documents

2047

c. Fiscal controls and accounting procedures of each LEA must be sufficient to (1) permit the preparation of required reports and (2) permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibition of applicable statutes. Actual expenditures must be compared with budgeted amounts in state-approved grant applications. In addition, the financial management system in each LEA must be able to:

   - Prepare reports as required by EDGAR and IDEA
   - Provide complete disclosure of financial results (e.g., cash flow, expenditures, amendments)
   - Ensure there is accountability in how IDEA funds are used
   - Ensure IDEA funds are not comingled with state funds and/or local funds
   - Ensure IDEA funds are used to supplement and not supplant state, local, and other federal funds. [*34 CFR §300.162(c)*, 300.202(a)(3)]

d. LEAs are permitted to amend their IDEA grant within the approved direct cost budget to meet unanticipated needs and make limited program changes.

VI. Excess Costs

1. Policy and Guidance

[14] EDGAR §76.560-76.579 and 2 CFR §200.414

a. IDEA Part B funds two federal grants to states to help school districts provide a free appropriate public education to students with disabilities:
    - The Grants to States for Education of Children with Disabilities program (authorized under Section 611 of IDEA) to support students with disabilities ages 3 to 21
    - The Preschool Grants for Children with Disabilities program (authorized under Section 619 of IDEA) to support students with disabilities ages 3 to 5

b. State education agencies allocate subgrants of both Section 611 and Section 619 funds to local educational agencies (LEAs). LEAs may only use IDEA Part B Section 611 and Section 619 funds to pay for the excess cost of providing special education and related services to eligible students with disabilities.

c. Students with disabilities may require extra supports and services that generate additional costs for LEAs. IDEA requires, at 34 CFR §300.16 and 300.202(b), and at Appendix A to Part 300, an LEA to use its IDEA funds for costs of special education and related services that are in excess of the costs for all students. This ensures that the LEA spends at least as much on children with disabilities as on children without disabilities before using IDEA funds. IDEA is meant to help supplement these additional costs, not the entire cost of educating a student with a disability. 2048

d. An LEA is not required to spend local funds first in order to meet the excess cost requirement. An LEA meets the excess cost requirement if it has spent at least a minimum amount of non-IDEA dollars for the education of children with disabilities. Compliance with the excess cost requirement is evaluated by looking at a district's aggregate spending for elementary and secondary students in a given school year. Rather than looking at any particular cost to determine if it is a "general cost" or an "excess cost," the OGM examines how much, on average, each LEA spent per student in the last school year. This amount consists of all non-IDEA funds, including state, local, and other federal funding. Districts must have a separate calculation for the per-student amount for elementary school students and the per-student amount for secondary school students.

e. Excess cost is tested annually for each LEA by the OGM using a step-by-step method defined in IDEA and described in the Excess Costs Methodology and Guidance provided to LEAs.

2. Frequently Asked Question and Answers

a. What is the difference between excess cost and LEA Maintenance of Effort?

Under IDEA, excess cost[15] refers to the additional expenditures generated by providing special education instruction and related services to students with disabilities attending the LEA. Maintenance of Effort[16] is the expectation that LEAs expend at least the same amount of local and state funding for special education and related services as it expended in a prior fiscal year.

[15] *§300.202(a)(2)*
[16] *§300.203*

b. How is the supplement not supplant provision related to excess cost?

Excess cost is defined as costs that are in excess of the average annual per- student expenditure level for an elementary school or secondary school student. IDEA Part B funds are allocated to fund expenses associated with special education that require additional funding compared to costs incurred by students without disabilities. The Excess Cost Calculation is one method defined by IDEA to ensure LEAs are not using federal funds to supplant local and state funds by determining the minimum amount that should be spent to provide core instruction to students with disabilities.

c. Are there any exceptions to the excess cost requirement?

Yes, an LEA may use IDEA funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the ages 3, 4, 5, 18, 19, 20, or 21 if no local or state funds are available for non-disabled children of these ages. The LEA must still comply with the non-supplanting and other requirements of Part B in providing education and services for these children.

VII. Time and Effort

2049

a. The Uniform Grant Guidance regulates in §200.430(i) that all salaries charged to a federal grant must be based on records that accurately reflect the work performed and that are incorporated into the official records of the subrecipient. To meet this requirement, the subrecipient must have an established agency-wide system for determining that the charges are accurate, allowable, and properly allocated.

b. To meet this standard, each subrecipient must:

- Understand the objectives of the federal grant program.
- For each employee charged in whole or in part to the federal grant program, determine and document if the position is a single cost object or a multiple cost objective.
- If 100% of the position's activities could be charged to the federal grant program, then the position is a single cost objective.
- If only a portion of the position meets the requirements of the grant's cost objective, then the position is considered to have multiple cost objectives.

c. Cost objectives are dependent on the objectives of the federal funding source. A cost objective is defined as "a program, function, activity, award, organizational subdivision, contract, or work unit for which cost data are desired and for which provision is made to accumulate and measure the cost of processes, products, jobs, capital project, etc. A cost objective may be a major function of the non-federal entity, a particular service or project, a federal award, or an indirect (Facilities & Administrative) cost activity."[17]

d. To determine if Personnel Costs are allowable under IDEA Part B, school districts and charter schools are required to maintain auditable "time and effort" documentation that shows how each employee paid with IDEA Part B funds spent their compensated time. These documents detail real time (not estimated or

[17] 2 C.F.R. §200.28, 2 C.F.R. §200.430

budgeted) reports of how the time was spent. Since practices vary as to the activity constituting a full workload, time and effort records may reflect categories of activities expressed as a percentage distribution of total activities.

e. Time and effort reports should be prepared by any staff with salary charged (1) directly to the federal award, (2) directly to multiple federal awards, or (3) directly to any combination of a federal award and other federal, state, or local fund sources. These reports document the portions of time and effort dedicated to IDEA Part B and preschool/special education and to other cost objectives. MDE currently recommends the use of Semi-Annual Certifications for employees who work on a single cost objective and Personnel Activity Reports (PARs) for employees who work on multiple cost objectives. However, a substitute system may be determined acceptable to meet the time and effort compliance requirements of the Uniform Grant Guidance in §200.430(i). These forms or other certifications are used to document that the employee has been working in activities supported by the IDEA Part B and Preschool grant, or in special education cost objectives, during the certification period. It is the duty of the supervisor to ensure the forms are completed in their entirety with approval signatures. A file of these certifications is to be maintained in the program office. 2050

f. For a position considered a single cost objective under a grant program, the only necessary supporting documentation would be a position description verifying the position's responsibilities. For a position with multiple cost objectives under a grant program, the subrecipient must be able to demonstrate that the amount of time charged to the grant is at least the amount of actual time the position worked on the grant's objectives. Short-term work that is charged to a grant (e.g., short-term substitute teachers, substitute paraprofessionals, stipends, extended contract time, etc.) is also subject to the same reporting requirements.

g. Subrecipients must also develop a grant budget prior to the obligation period with estimates on the amount of time an individual with single or multiple cost objectives may spend working on the grant's objectives. The budgeted amounts would never qualify as supporting documentation but may be used for interim accounting purposes.

h. Each LEA must have a written process to reconcile actual costs to budgeted distributions. Budget estimates alone do not qualify as support for charges to federal awards. However, budget estimates are used for interim accounting purposes. Each LEA must establish estimates that produce reasonable approximations for the activity actually performed and must promptly report significant changes in an employee's work activity as compared to budgeted distributions. Each LEA must reconcile any deviations from the budget estimate, make adjustments based on the estimated workload, and budget for the employee's salary. Reconciliations must be performed in a timely manner (e.g., quarterly) to ensure that the amount charged to the federal award is based on allowable and properly allocable duties.

VIII. Acquisition of Equipment and Construction or Alteration of Facilities Under IDEA

a. The IDEA allows the use of Part B and Preschool funds for the acquisition of equipment and for construction or alteration of facilities under certain conditions defined in the Part B regulations.

1. Definitions

a. Acquisition of equipment and construction or alteration of facilities at 34 CFR §300.718:
   (1) *General.* If the Secretary determines that a program authorized under Part B of the Act will be improved by permitting program funds to be used to acquire appropriate equipment or to construct new facilities or alter existing facilities, the Secretary may allow the use of those funds for those purposes.
   (2) *Compliance* with certain regulations. Any construction of new facilities or alteration of existing facilities under paragraph (a) of this section must comply with the requirements of :
      (a) Appendix A to part 36 of title 28, Code of Federal Regulations (commonly known as the "Americans with Disabilities Accessibility Standards for Buildings and Facilities"); or
      (b) Appendix A of subpart 101-19.6 of title 41, Code of Federal Regulations (commonly known as the "Uniform Federal Accessibility Standards").

2051

b. Equipment is defined in federal regulations at 2 CFR §200.1:
   (1) Equipment means tangible, nonexpendable personal property, including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of $5,000 or more per unit.
   (2) In addition, "highly walkable" items with a useful life of one year or more and having an acquisition cost of $500 or more per unit are considered to be "equipment." Highly walkable items include, but are not limited, to laptops, iPads, audio-visual equipment, DVD players, think-pads, cameras, etc.

2. Prior Approval for Equipment, Construction, or Alteration of Facilities

a. Mississippi school districts or LEAs intending to use IDEA Part B funds for the purchase of equipment, as defined above, or for remodeling or construction of facilities, must receive prior approval from the OSE. Approval for equipment and construction or alteration of facilities must be included in the LEA Funding Application. If an LEA determines that equipment and construction or alteration of facilities is needed after the time that the LEA Funding Application is submitted, its project budget must be amended and approved prior to the expenditure of funds.

3. Use of Equipment

a. Equipment purchased with federal funds shall be used for the program or project for which it was acquired as long as needed, whether or not the project or program

continues to be supported by federal funds.[18] Furthermore, equipment purchased using IDEA Part B funds must be used in accordance with the applicable provisions of Part 300.

b. Equipment or property purchased exclusively with IDEA Part B funds must be used exclusively for the benefit of the special education program.

4. Leasing of Equipment

a. Where appropriate, LEAs are permitted to use IDEA funds to lease equipment in support of their special education programs. LEAs must carefully evaluate decisions related to lease versus purchase alternatives in order to determine the most economical approach.

b. Allowability of leases is based upon:

- Leasing costs of comparable equipment
- Alternatives available
- The type, life expectancy, condition, and value of the equipment leased

2052

c. All leases must be entered into by way of a written contract that specifies the terms and conditions of the lease. Lease contracts must be reviewed periodically to determine if needs or circumstances have changed and if other options are determined to be available. For IDEA Part B, leases must be in accordance with the applicable provisions of Part 300. Approval for the leasing of equipment must be included in the LEA Funding Application. If an LEA determines that equipment is needed after the time the LEA Funding Application is submitted, its project budget must be amended and approved prior to the expenditure of funds.

5. Inventory Management Systems

a. LEAs and charter school subrecipients that use IDEA Part B funds to purchase equipment or property, as defined in section 1, must maintain adequate inventory management that complies with 2 CFR §200.313 (c)-(e). A physical inventory of the property must be taken, and the results must be reconciled with the property records at least once every two years. Property records must contain information set forth in 2 C.F.R. §200.313(d)(1) and the Mississippi Public School Asset Management Manual, including , at a minimum:

- A description of the property, serial number, or other identification number
- The source of property
- The titleholder
- The acquisition date
- The cost of the property;
- The percentage of federal participation in the cost of the property

[18] *2 CFR §200.48*, *200.58*, and *200.439*

- The location, use, and condition of the property
- Any ultimate disposition data, including the date of disposal and the sale price of the property

d. In addition to the above information, the inventory management system should ensure that all source documents in support of the above information are maintained throughout the life and disposition of the equipment. Property records should be updated frequently so that grantees and subgrantees can account for every piece of equipment purchased with federal funds at any given time.

e. LEAs must maintain control of, hold title to, and administer equipment and property purchased with IDEA funds that are used to provide services to children in private schools.[19]

6. Inventory Control

a. Each LEA must develop an inventory control system to ensure:

2053

1. Adequate safeguards to prevent loss, damage, or theft
2. Physical inventory of property at least every two years
3. Adequate maintenance of equipment
4. Disposition of Equipment

Any loss, damage, or theft must be investigated and the results documented.

7. Disposing of Equipment

2 CFR §200.313(e) establishes rules for disposing of equipment

a. **Disposition.** When original or replacement equipment acquired under a grant or subgrant is no longer needed for the original project or program or for other activities currently or previously supported by a federal agency, disposition of the equipment will be made as follows:

1. Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
2. Items of equipment with a current per- unit fair market value in excess of $5,000 may be retained or sold, and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from the sale by the awarding agency's share of the equipment.
3. In cases where a grantee or subgrantee fails to take appropriate disposition actions, the awarding agency may direct the grantee or subgrantee to take excess and disposition action.

IX. Coordinated Early Intervening Services (CEIS)

1. Definitions and Requirements

Distinguishing between Voluntary Coordinated Early Intervening Services (CEIS) and Required Comprehensive Coordinated Early Intervening Services (CCEIS)

a. **Voluntary CEIS.** An LEA may select to reserve up to 15% of its IDEA Part B allocations (Section 611, Section 619, or a combination not to exceed the maximum amount) to implement voluntary CEIS. LEAs may use funds for students in kindergarten (including four-year-old kindergarten students) through Grade 12 who are not currently identified as needing special education or related services.

b. **Required CCEIS.** An LEA determined to have significant disproportionality based on race or ethnicity is required to use the maximum amount (15%) of their IDEA Part B allocations (Section 611 and Section 619 combined) for required CCEIS. LEAs can use these funds for students ages 3 through Grade 12 who are 1) general education students or 2) general education and students with disabilities. 2054

c. In both cases, whether voluntary or required, LEAs must use these funds on students needing additional academic and behavioral intervention to succeed in a general education environment.

Table 7. Comparison of voluntary CEIS and required CCEIS

Element	Coordinated Early Intervening Services	Comprehensive Coordinated Early Intervening Services
Abbreviation	CEIS	CCEIS
Regulation	34 CFR §300.226	34 CFR §300.646
Type	Voluntary — LEAs can choose to use a portion of their IDEA Part B funds for services to a defined group of at-risk students.	Required — LEAs identified as having significant disproportionality in identification, placement, and/or disciplinary removals must use IDEA Part B funds for CCEIS.
Grade level/ ages served	Kindergarten through Grade 12	Age 3 through Grade 12
Funds	Up to 15% of IDEA Part B funds (611 and 619)	Exactly 15% of Part B funds (611 and 619)

Element	Coordinated Early Intervening Services	Comprehensive Coordinated Early Intervening Services
Permitted activities	Professional development for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based instruction and, where appropriate, instruction on the use of adaptive and instructional software. Educational and behavioral evaluations, services, and supports, including scientifically based instruction.	Professional development and educational and behavioral evaluations, services, and supports. The activities must address factors and policy, practice, or procedure contributing to significant disproportionality.
Reporting requirements	An LEA is required to report to the state, and the state is required to report to the U.S. Department of Education the following: • The number of children served under this section who received early intervening services • The number of children served under this section who received early intervening services and subsequently received special education and related services under Part B of IDEA during the preceding two-year period.	An LEA is required to publicly report on the revision of policies, practices, and procedures. Additional reporting requirements to be determined by OSEP at a future date.

Maximum Amount Available for CEIS

a. LEAs may not elect to reserve more than 15% of their IDEA Part B allocations (Section 611 and 619) for CEIS. LEAs found to have significant disproportionality must set aside exactly 15% of their total Section 611 and 619 awards. LEAs that participate in voluntary CEIS may elect to reserve up to 15% of their total Section 611 and 619 awards.

Period of Availability for CEIS Funds

a. CEIS funds are available for the same period as IDEA funds. LEAs have 27 months to obligate funding and 30 months to liquidate all obligations. If an LEA voluntarily reserves CEIS funds, it may request the funds be made available for other allowable IDEA Part B purposes at any time in the period of availability.

b. LEAs who are required to set aside CEIS funds are prohibited from using them for any other purpose. Therefore, when CEIS is required, those funds must remain reserved until the end of the period of availability. CCEIS funds that are not expended within the period of availability will be required to return those funds to the OSE so they may be returned to the U.S. Department of Education.

Monitoring the Timely Expenditure of CEIS Funds

Mandatory

a. MDE monitors each LEA regularly for the timely expenditure of CEIS funds to ensure that funds are used within the period of performance and in accordance with approved CEIS plans submitted in each LEA's IDEA Funding Application.

b. If MDE finds that an LEA is expending its IDEA funds at a rate that will result in the LEA lapsing funds, the OSE contacts the district to provide technical assistance and take necessary actions to ensure funds are expended by requiring LEAs to submit a written plan for the timely expenditure of funds.

2056

Allowable Use of CEIS Funds

a. IDEA identifies two allowable activities that may be considered CEIS:

1) Professional development for teachers and other school staff to enable personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive and instructional software

2) Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction [20]

Table 8. Allowable CEIS/CCEIS expenditures

CEIS/CCEIS Allowable Expenditures	Additional Information
ADVERTISING: Costs associated with advertising in media such as newspapers, radio, television, direct mail, exhibits, electronic, or computer transmittals.	
AFTER SCHOOL: CEIS/CCEIS funds may be used to provide academic and behavioral interventions after school under certain circumstances.	CEIS/CCEIS funds may not be used for after- school programming available to all students.
ALTERNATIVE EDUCATION: CEIS/CCEIS funds may be used only in programming that provides interventions in addition to universal/core programming.	CEIS/CCEIS funds may not be used for alternative or at-risk programming that replaces universal/core programming.

CEIS/CCEIS Allowable Expenditures	Additional Information
AT-RISK PROGRAMMING: CEIS/CCEIS funds may be used only in programming that provides interventions in addition to universal/core programming.	CEIS/CCEIS funds may not be used for alternative or at-risk programming that replaces universal/core programming.
CEIS/CCEIS COORDINATOR SALARY: CEIS/CCEIS funds may be used for salaries and fringe benefits, or portion thereof, for staff directly coordinating or supervising allowable CEIS/CCEIS activities.	
COACHES (Mentors): LEAs may hire or contract with individuals or organizations for mentoring/coaching services to help carry out allowable activities funded by CEIS/CCEIS. A mentor or coach must be appropriately licensed to provide instruction to students eligible for CEIS/CCEIS services. Mentors and coaches may support, reinforce, or follow up on instruction provided by and under the supervision of an appropriately licensed general education teacher. See guidance around "Supervision" below.	
COMPUTING DEVICES: CEIS/CCEIS funds may be used to purchase computers, laptops, touch screen devices, etc., if the devices will be used primarily for the delivery of academic or behavioral interventions.	LEAs must track these devices and ensure their usage aligns with LEA activities as reported in the approved CEIS/CCEIS Plan narrative and budget.
CORE CURRICULUM: CEIS/CCEIS funds may be used to fund supplemental academic and behavioral interventions for students determined to need additional academic and behavioral supports to succeed in general education.	CEIS/CCEIS funds are not intended to be used for Core Curriculum.
ELECTRONIC DEVICES: CEIS/CCEIS funds may be used to purchase DVD players, camcorders, computing devices, etc., if the devices will be used primarily for the delivery of academic or behavioral interventions.	LEAs must track these devices and ensure that their usage aligns with LEA activities as reported in the approved CEIS/CCEIS Plan narrative and budget.
EXTENDED CONTRACTS/EXTENDED HOURS: CEIS/CCEIS funds may be used to pay for extended contracts or extended hours of staff directly involved with the coordination, supervision, or delivery of academic or behavioral interventions and progress monitoring.

CEIS/CCEIS Allowable Expenditures	Additional Information
GENERAL EDUCATION TEACHER SALARIES: CEIS/CCEIS funding for general education teachers that provide academic interventions, behavioral interventions, assessments, and receive/deliver professional development.	Any staff charged to a federal grant must be appropriately licensed in the area in which they are providing academic instruction.
GUIDANCE COUNSELOR SALARIES — SCHOOL- BASED: Examples of activities that may be funded with CEIS/CCEIS include a school guidance counselor's effort to implement behavioral interventions, progress monitoring, other CEIS/CCEIS evaluations, and related professional development.	School guidance counselors may not deliver reading or math instruction under CEIS/CCEIS funding unless they also hold the appropriate license to deliver reading or math instruction.
INDIRECT COSTS: LEAs are allowed to identify an indirect rate up to its negotiated indirect rate for CEIS/CCEIS. The indirect percentage identified for the LEA's IDEA flow-through budget is the same percentage charged to the LEA's CEIS/CCEIS budget, as they are the same funding source.	
INCENTIVES for STUDENTS: Nominal items of low value may be purchased with CEIS/CCEIS funds to be used as part of the coordinated delivery of academic or behavioral interventions. The items should be educational in nature. The amount charged to the CEIS/CCEIS set-aside funds must be reasonable and prudent.	The following are not allowed incentives: cash, cash cards, gift cards, computing devices (e.g., iPads, Nooks, Kindles, etc.).
INSTUCTIONAL MATERIALS: Instructional materials purchased with CEIS/CCEIS funds must be exclusively used for delivering academic or behavioral interventions to students who, through a universal screening process, have been determined to be in need of additional support.	CEIS/CCEIS funds may not be used to purchase materials used in the core instructional program intended for all students.
MENTORS: LEAs may hire or contract with individuals or organizations for mentoring/coaching services to help carry out activities funded by CEIS/CCEIS. Mentors and coaches may support, reinforce, or follow up on instruction provided by and under the supervision of an appropriately licensed general education teacher. See guidance around "Supervision" below.	A mentor or coach, unless appropriately licensed, may not provide instruction to students.
NURSE SALARIES — SCHOOL- BASED: Examples of activities that may be funded with CEIS/CCEIS include a	School nurses may not deliver reading or math instruction under

school nurse's efforts to implement progress monitoring, other CEIS/CCEIS evaluations, behavioral interventions, and related professional development.	CEIS/CCEIS funding if they do not hold the appropriate license to deliver reading or math instruction.
PARAPROFESSIONAL SALARIES: The paraprofessional must serve as a general education paraprofessional and may: 1) participate in professional development to enable the paraprofessional to support the delivery of scientifically based academic and behavioral interventions and, if appropriate, the use of adaptive and instructional software ; and 2) support, reinforce, or follow up on the provision of educational and behavioral services provided by and under the supervision of an appropriately licensed general education teacher. See guidance around "Supervision" below.	
PROFESSIONAL DEVELOPMENT SERVICES: LEAs may purchase professional development services provided it is for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive and instructional software; and providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.	
PROGRESS MONITORING ACTIVITIES/SOFTWARE: CEIS/CCEIS funds may be used for progress monitoring of supplemental interventions provided to those students determined to need additional academic and behavioral supports to succeed in general education.	CEIS/CCEIS funds may not be used for universal screening or assessment administered to all students in a grade, school, or LEA.
PSYCHOLOGIST SALARIES — SCHOOL- BASED: Examples of activities that may be funded with CEIS/CCEIS include a school psychologist's efforts to implement behavioral interventions, progress monitoring, other CEIS/CCEIS evaluations, and related professional development.	School psychologists may not deliver reading or math instruction under CEIS funding unless they also hold the appropriate license to deliver reading or math instruction.
SOCIAL WORKER SALARIES — SCHOOL- BASED: Examples of activities that may be funded with CEIS/CCEIS include a school social worker's effort to implement progress monitoring, other CEIS/CCEIS	School social workers may not deliver reading or math instruction under CEIS/CCEIS funding if they do

evaluations, behavioral interventions, and related professional development.	not hold the appropriate license to deliver reading or math instruction.
SOFTWARE (Instructional): Software purchased with CEIS/CCEIS funds must be exclusively used in the delivery of academic or behavioral intervening services, including instruction and progress monitoring.	CEIS/CCEIS funds may not be used to purchase software used in the core instructional program nor universal screening intended for all students. Computer software used for CEIS/CCEIS often include a universal screening function along with interventions for the students. The universal screening aspect of such software is unallowable, and the LEA must be able to determine what portion of the cost of the software is allocable to CEIS/CCEIS funding, determining the cost of the program that can be funded through CEIS/CCEIS, and what has to be absorbed by the LEA. If the LEA is unable to make this determination, then the cost is unallowable.
SPECIAL EDUCATION TEACHER SALARIES: Teachers who hold both special education and general education licenses may provide CEIS/CCEIS if their job assignment is prorated. Special education teachers may be compensated through CEIS/CCEIS to deliver interventions to students needing such interventions. In such instances, proper time and effort records must be kept.	Special education staff may not be funded with CEIS/CCEIS funds to deliver special education to students with disabilities.
SUBSTITUTE TEACHER SALARIES: LEAs may budget for general education substitute teachers to help carry out activities funded by CEIS/CCEIS, including providing opportunities for teachers to participate in professional development related to CEIS/CCEIS activities.	
TRAVEL — STAFF: Travel costs must be generated as a result of implementing activities funded by CEIS/CCEIS, such as professional development.	

2060

CEIS/CCEIS Allowable Expenditures	Additional Information
TUTORS: LEAs may hire or contract with individuals or organizations for tutoring services to carry out CEIS/CCEIS activities. Tutors may: 1) participate in or provide professional development to enable teachers and other school staff to deliver scientifically based academic and behavioral interventions, and if appropriate, the use of adaptive and instructional software; and 2) support, reinforce, or follow up on the provision of educational and behavioral services provided by and under the supervision of an appropriately licensed general education teacher.	

Supervision

a. Supervision means regular, continuing interaction between the appropriately licensed staff member (i.e., supervisor) and the individual carrying out CEIS/CCEIS activities. There must be sufficient contact between the supervisor and the individual carrying out CEIS/CCEIS activities and between the supervisor and the student to monitor the services provided. 2061

   Any staff charged to a federal grant must maintain time and effort documentation.

Supplement, not supplant

a. The general non-supplant requirement for IDEA funds in 34 CFR §300.202(a)(3) states that funds provided to LEAs under IDEA Part B must be used to supplement state, local, and other federal funds and not to supplant those funds. This requirement applies to all Part B funds, including any used for CEIS.

b. CEIS may not include services provided with other funds in a prior year, including services paid with ESEA funds. Plans submitted to MDE that propose activities already in place without demonstrating how the services or students served will be increased will not be approved.

c. In addition, 34 CFR §300.226(e) states that CEIS funds may be used to carry out CEIS aligned with activities funded and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted using CEIS funds. An LEA is in violation of the IDEA's supplement not supplant provisions if it uses IDEA funds in one of the following ways: (1) to provide services that are otherwise required by federal, state, or local law; or (2) to provide services that were paid for with other funds in a prior year, including, if the IDEA funds are used for CEIS activities coordinated with activities funded under the ESEA, and the IDEA funds are used to provide services that were paid for with ESEA funds in the prior year.

d. If an LEA chooses to use CEIS funds to support school-wide interventions, it must be able to provide documentation that CEIS funds were used to provide services only to students in need of additional support and that other funds were used to fund the

school-wide intervention for special education students and students who do not need additional support.[21]

Required CCEIS

a. Under 34 CFR §300.646(d), if a state identifies significant disproportionality based on race or ethnicity in an LEA with respect to the identification of children as children with disabilities, the identification of children in specific disability categories, the placement of children with disabilities in particular educational settings, or the taking of disciplinary actions, the LEA must use the maximum amount (15%) of funds allowable for comprehensive or required CCEIS for children in the LEA, particularly, but not exclusively, for children in those groups that were "significantly overidentified."

b. To determine significant disproportionality, MDE performs a risk ratio annually for each LEA. The OSE notifies LEAs of their areas of significant disproportionality and the required actions that will lead to the implementation of CCEIS. For more information on how significant disproportionality is determined please see: https://mdek12.org/sites/default/files/Offices/MDE/OAE/OSE/sped-powerpoints-page/understanding_ceis_and_significant_disproportionality.pdf 2062

Interaction of CEIS and LEA Maintenance of Effort

a. If an LEA is required or chooses to use part of its Part B funds for CEIS, it must consider the effect the decrease in the available Part B funds might have on the LEA's maintenance of effort (MOE) obligation. If an LEA uses additional local funds, or state and local funds, for special education and related services for children with disabilities in place of the Part B funds that are being used to provide CEIS to children who have not been identified as children with disabilities, the higher level of local, or state and local, expenditures become the LEA's new MOE base for the subsequent year.[22]

b. LEAs that seek to reduce their LEA MOE in accordance with 34 CFR §300.205(d) and use some of their IDEA Part B funds for early intervening services under 34 CFR §300.226 must do so with caution as the LEA MOE provision and the authority to use IDEA Part B funds for early intervening services are interconnected.

c. If an LEA receives an increase in its Section 611 allocation from one year to the next, the LEA may reduce its LEA MOE obligation for that year by 50% of the IDEA Section 611 allocation increase.[23] If an LEA voluntarily sets aside IDEA funds for CEIS and there is a MOE reduction available, the amount set aside for CEIS will reduce the amount of MOE reduction the LEA may take by the amount set aside by CEIS. Furthermore, the amount set aside for CEIS must be less than the amount of the reduction.

[21] OSEP Memo 08-09, Question 2.

[22] OSEP Memo 08-09, Question 23.

[23] 34 CFR §300.205(d)

d. An LEA that is required to use IDEA Part B funds to implement CCEIS may not reduce its MOE amount in this manner due to their identification of significant disproportionality.

2. General Procedures for Local Educational Agencies

Calculation of CEIS Amounts

a. MDE requires any LEA identified as having significant disproportionality to reserve the maximum amount (15%) of funds to provide required CCEIS.[24] Through an automated methodology, the MDE OTSS identifies all LEAs with significant disproportionality and calculates 15% of its IDEA Part B allocations (Section 611 and Section 619) for required CCEIS. The calculations are based on the estimated total IDEA Part B allocation. The generated amount pre-populates the LEA Funding Application on the Mississippi Comprehensive Automated Performance-based System (MCAPS).

b. An LEA may voluntarily reserve up to 15 % of its total IDEA Part B allocations (Section 611 and Section 619) for CEIS through MDE's LEA Funding Application on the MCAPS. There are two separate applications for Section 611 and Section 619 funds, and both allow the LEA to reserve up to 15% of its funds for CEIS. MDE works with LEAs on an individual basis to allow the full 15% of eligible CEIS funds to be drawn from Section 611, Section 619, or a combination of the two. 2063

c. Funds awarded to an LEA under both Sections 611 and 619 of the IDEA are included when calculating the 15 %. An LEA may not reduce the amount it uses for this calculation by any other amount required by the IDEA. MDE does not deduct funds for other items, such as equitable services for parentally placed private school students with disabilities, before calculating the 15% .

Application for Funds

a. Each LEA reserving funds for CEIS, either voluntary or required, must submit a CEIS plan in its Application for Funds. LEAs must provide detailed information outlining the identified areas of disproportionality (for CCEIS), areas the funds will target (e.g.,, grade levels, schools, professional development, etc.), how these funds be used to assist in alleviating the disproportionality problem within the LEA (for CCEIS), and the specific interventions or areas to be addressed by school and grade level.

b. Each LEA reserving funds for CEIS, either voluntary or required, must also submit a detailed budget, including equipment outlining the costs of CEIS activities. All costs associated attributed to CEIS must be categorized using the appropriate budget tag. The LEA must indicate the MSIS code for any personnel listed. Each line item of the budget must align with the activities outlined in its CEIS plan. LEAs identified with significant disproportionality are required to upload their root cause analysis for review with their CEIS plan to ensure the alignment of activities.

c. The OSE reviews CEIS plans to ensure the allowable use of funds as described in Section 5 of these procedures and that LEAs have budgeted for all reserved IDEA Part

[24] 34CFR §300.646 Disproportionality

B funds. An LEA may not expend any IDEA Part B funds for CEIS activities until its CEIS plan and budget have been approved by MDE.

d. The LEA Funding Application must be submitted to MDE during the MCAPS application period each year. For an LEA to obligate funds beginning July 1, its Funding Application must be submitted in MCAPS by June 30 to be considered substantially approved. If an LEA does not submit its application by June 30, then the LEA may not obligate funds until the date its application has been submitted and is substantially approved. The timeframe by which LEA applications must be reviewed by MDE staff and returned is within 30 days of their submission. An LEA does not have access to request or draw down funds until it has received final approval on its application.

e. LEAs that are not required to reserve CCEIS funds and have not voluntarily reserved the maximum 15% are permitted to revise project budgets after their initial submission to voluntarily set aside CEIS funds at any time during the grant award period.

2064

MDE LEA Reporting Requirements

a. LEAs that are required or voluntarily set aside CEIS funds are obligated to submit an annual CEIS Report as part of their annual submission to MDE by June 30. MDE requires this as a part of its annual submission, which is due June 30. Reports are submitted through MCAPS. LEAS must report on the number of students for each grade level (Grades K–12) in the following categories:

- Total number of students who received CEIS (in the current reporting period), including students with disabilities who received CCEIS
- Total number of students from column B who were students with disabilities (only allowed for mandatory CCEIS)
- Number of students who receive CEIS services in the two subsequent years and/or the current reporting period and received special education or related services in the current reporting period [25]
- Additionally, students who receive services funded by CEIS must be identified within MSIS. This identification allows MDE to track students in subsequent years.

b. For counting and tracking students served by personnel who participated in professional development activities supported with CEIS funds, the LEA should count the number of students in need of additional support who received instruction from personnel who participated in the professional development program. It is not appropriate to count every student taught by these personnel if some of the students were not in need of additional support or, for voluntary CEIS, were receiving special education services. The LEA should only count the students and the personnel who participated in the professional development program in the year(s) of or the year(s)

[25] 34 CFR §300.226(d)

immediately after the training rather than counting the students and those personnel each year after the training.

c. For a school-wide intervention initiative supported with CEIS funds, the LEA should count students who meet the LEA's criteria of needing additional support and participate in the initiative as receiving CEIS in the year(s) of or the year(s) immediately following the initiative and tracked for the following two years. Students who participate in an initiative for more than one year should be counted each year they participate.

d. LEAs may use CEIS funds to provide behavioral and educational evaluations to determine the supports needed by students to succeed in a general education environment. However, funds may not be used for evaluations intended for use in determining eligibility for special education and related services. Students who are evaluated to determine the supports necessary for success in a general education environment should be counted as receiving CEIS in the year of or the year immediately following the evaluation and tracked for the following two years.

The CEIS report requires the signature of the special education director/ coordinator. 2065

MDE Federal Reporting Requirement

a. States are required to report MOE Reduction and CEIS data under Title 1, Part A, and Subsection 618 of IDEA.

Part B MOE Reduction and CEIS data come from one file:

- IDEA Part B MOE Reduction and CEIS

This information is submitted to the OSEP on the EMAPS platform by the IDEA Part B data manager.

3. Question and Answer

a. If a district was required for CCEIS for FFY18— but not for FFY19 and FFY20— and it still has approximately $20,422.50 left over from FFY18, what are their options?

When an LEA is required to use 15% of its IDEA funds for CCEIS, these funds may not be used for any other purpose. If, after the period of availability, the entire amount of these funds set aside for CCEIS has not been properly spent or obligated, funds must be returned to the U.S. Department of Education . Expired IDEA funds that were not spent or obligated during their availability period are typically returned by the LEA to the SEA to be returned to the U.S. Department of Education.

LEAs that voluntarily choose to set aside IDEA funds for this purpose may elect to reduce the amount they originally determined to set aside for this purpose and transfer these funds back to the IDEA program. These funds are subject to the restrictions and requirements of IDEA for flow-through funds.

b. Is there any guidance on which students should be targeted with CEIS funds?

IDEA particularly encourages districts to emphasize students in kindergarten through third grade for CEIS. The rationale for using IDEA funds for CEIS is based on research showing that the earlier a child's learning problems or difficulties are identified, the more quickly and effectively the problems and difficulties can be addressed and the greater the chances that the child's problems will be ameliorated or decreased in severity. Conversely, the longer a child goes without assistance, the longer the remediation time and the more intense and costly services might be.

X. Parentally Placed Private School Student Procedures Including Proportionate Share

a. IDEA requires each LEA that receives IDEA funds to spend a **proportionate share** of their Part B federal grants on **equitable services** for private school students (34 CFR §300.129-300.144 and Appendix B).

b. Parentally placed private school children with disabilities are children with disabilities enrolled by their parents in private, nonprofit (including religious schools), or facilities that meet the definition of elementary school or secondary school as outlined in state and federal regulations, excluding children with disabilities placed or referred by public agencies. 2066

c. In Mississippi, the definition of a nonpublic school includes the following: (a) private schools, (b) parochial and other church-related schools, (c) special purpose schools, either privately owned and operated or governed by a public agency other than the Mississippi Department of Education (MDE), and (d) tribal schools funded by the Bureau of Indian Education (BIE). Nonpublic schools may be operated either as a for-profit organization or a nonprofit, tax-exempt corporation. Home schools and homeschooling programs, as well as private and parochial preschool programs and facilities, do not meet the state's definition of an "elementary school" (Mississippi Nonpublic School Accountability Standards, 2021. Accreditation of private schools is optional. Nonpublic schools may be accredited by independent nonpublic school accrediting agencies [Miss. Code Ann. §37-17-9]). Additionally, nonpublic schools "serving school- age students" may request to be accredited by the State Board of Education (Miss. Code Ann. §37-17-7. Nonpublic Schools Accountability Standards, 1.0, 2021).

d. LEAs are required to locate and evaluate students with disabilities enrolled by their parents in private schools under the LEA's jurisdiction and to calculate and spend a proportionate share of IDEA grant funds providing equitable services for these students. Private school proportionate share under IDEA Part B is the portion of a district's IDEA Part B grants that must be reserved and expended on eligible parentally placed private school students with disabilities educated within a district's geographic boundaries, regardless of where the students live.

e. In order to provide equitable services to parentally placed private school children with disabilities, LEAs must comply with the following procedures:

Timely and Meaningful Consultation (34 CFR §300.134)

a. Annually, LEAs are required to invite private school representatives and representatives of parents of eligible privately enrolled students to a consultation meeting. The law does not preclude private school staff from serving to represent the interest of the student in lieu of a parent representative. During that meeting, topics that must be discussed are the child find process, the determination of proportionate share, the consultation process, the provision of special education and related services, and the provision of a written explanation by the district regarding services (in the event of disagreement between the district and private school officials). Although the initial consultation must occur prior to other required activities, additional consultation should subsequently occur and be an ongoing process. Ongoing consultation may be with individuals or groups of private school representatives.

b. If a private school refuses to participate in meaningful consultation, an LEA should document all attempts to engage the private school and any communication sent to and received from the private school. A private school has the right to file a complaint with MDE if it deems the LEA did not provide timely and meaningful consultation . In addition, state complaints may be filed by either private schools or parents who allege that the LEA failed to carry out the regulations related to the consideration and provision of equitable services under IDEA. However, due process complaints may only be filed regarding child find, which must be filed with the LEA and then sent to the OSE. 2067

Written Affirmation Following Consultation (34 CFR §300.135)

a. After the annual meeting, each LEA must obtain written affirmation confirming that timely and meaningful consultation has occurred, signed by the private school representatives. The written affirmation is confirmation that consultation has occurred—not that there is agreement among meeting participants.

Child Find (34 CFR §300.131)

a. MDE is responsible for ensuring that all students who reside in the state, including students enrolled in private schools and who need of special education and related services, are identified, located, and evaluated. The LEA is responsible for providing child find to all students receiving instruction within the LEA's geographical boundaries, including those children who do not reside within the LEA's jurisdiction. Child find activities in private schools must be similar to those provided to the LEA's public school children and in a comparable time period. Funds spent on child find may not be counted toward the LEA's proportionate share expenditures. Child find data must be used to ensure equitable services are provided to identified children with disabilities.

Evaluation and Determination of Eligibility

a. LEAs must evaluate and determine whether privately enrolled students are eligible for special education services. LEAs may accept a prior evaluation if the information

is comprehensive and current. The LEA must maintain and provide MDE with the number of children evaluated, determined to be children with disabilities, and served each year.

MCAPS Reporting

a. Annually, LEAs are required to upload a Private School Consultation Affirmation of IDEA in the Funding Application. In addition, LEAs are required to report the number of private school children evaluated, the number of private school children determined to be children with disabilities, and the number of private school children served by the school district each year in the private school section of their IDEA Funding Application.

Child Count and Proportionate Share Calculation (34 CFR §300.133 and Appendix B to the Regulations)

a. To ensure the provision of equitable services for parentally placed private school children with disabilities, LEAs are required to determine the number of parentally placed private school children with disabilities enrolled in the LEA. The child count is the number of eligible students, not the number of students receiving services. 2068

b. To calculate proportionate share, separately for the IDEA Section 611 and Section 619 grants, MCAPS automatically calculates each LEA's proportionate share using the following methodology:

    1. Determine the total number of eligible parentally placed private school children with disabilities
    2. Add that number to the total number of eligible special education students in public schools served by the LEA
    3. Divide the total number of eligible students, including public and private school students, by the total grant award (Section 611 and 619 separately) to determine the average allocation per eligible child
    4. Multiply the average allocation per eligible child by the number of eligible parentally placed private school children with disabilities to determine the proportionate share of funds to be expended on equitable services for private school students

c. The child count collected on December 1 is used to determine the proportionate share amount for the following school year.

Proportionate Share Expenditure (34 CFR §300.138)

a. Following consultation with representatives of the private schools and parent representatives of eligible private school students, LEAs determine which services to provide. IDEA allowability rules, which can be found in the MDE Funding Manual, apply to proportionate share funds. LEAs must document expenditures and other activities related to IDEA and proportionate share.

.

Development of Services Plans (34 CFR §300.138)

a. LEAs are responsible for ensuring that each parentally placed private school student with a disability, who has been designated to receive proportionate share services, has a services plan describing the specific special education services the LEA will provide, including where and when the district will provide services to the student.

Providing or Contracting for Services (34 CFR §300.141)

a. In expending federal IDEA Part B funds, an LEA may provide services at the private school, at a public or neutral site convenient to the private school, on public school grounds, or contract for the provision of services at an appropriate site, ensuring that they provide transportation to the student. IDEA funds may not be paid directly to the private school and may not be used to meet the general needs of students.

Use of Personnel (34 CFR §300.142)

a. LEAs may use proportionate share funds to pay public school personnel to provide services in private schools. Personnel providing services to children must meet the same standards as LEA personnel, with the exception that they do not need to meet special education teacher qualification requirements. LEAs may use proportionate share funds to pay for the services of an employee of a private school to provide services only if the employee performs the services outside of their regular hours of duty, and the employee performs the services under public supervision and control. 2069

Allowable Use of Funds

a. In addition to special education and related services, property, equipment, and supplies, including technology and supplementary materials, may be provided to a private school as equitable services for children with disabilities. However, they can only be used for Part B activities. Once Part B services are no longer required, any property, equipment, or supplies must be returned to the LEA. Transportation may also be provided to students when it is necessary for the child to benefit from or participate in the services outlined by a services plan. The LEA may include the cost of transportation in calculating whether it has spent the proportionate share of IDEA Part B funds.

Entitlement to FAPE

a. FAPE is not guaranteed for parentally placed private school children with disabilities; they do not have an individual right to receive some or all of the special education and related services they would receive if enrolled in public schools. The LEA has the authority to make final decisions, upon consultation, with respect to the equitable services provided for eligible students.

IDEA Part B Fiscal Monitoring Procedures

May 2022

Fiscal Monitoring and Support

The Mississippi Department of Education (MDE) Office of Special Education (OSE) is responsible for monitoring the programmatic and financial activities of its subrecipients to ensure proper stewardship of funds including Individuals with Disabilities Education Act (IDEA) Part B Sections 611 and 619 subgrants. Administrative responsibilities include the general supervision requirements of the IDEA, as well as program and fiscal monitoring and support for subrecipients as required by federal and state statutes and regulations. These policies and procedures ensure the oversight, evaluation, and monitoring of each Mississippi local education agency (LEA) and any other subrecipient.

The federal regulations that require and give MDE authority under which the MDE OSE monitors for fiscal accountability and compliance include:

- Title 34 Code of Federal Regulations (34 CFR) Part 300 Individuals with Disabilities Education Act (IDEA)
- 34 CFR Part 75-77 Education Department General Administrative Regulations (EDGAR)
- 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 2 CFR Part 3474 Uniform Administrative Requirements, Cost Principles, and Audit Requirements (as adopted by U.S. Department of Education)
- 2 CFR Part 180 – OMB Guidelines to agencies on Government-wide Debarment and Suspension (non-procurement)
- 2 CFR Part 3485 Non-Procurement Debarment and Suspension.

2072

Fiscal Monitoring System Activities

The MDE OSE implements a risk-based fiscal compliance and accountability system to ensure compliant LEA processes, procedures, and practices and the allowable use of IDEA Part B flow-through and discretionary grant funds. The system includes three differentiated levels:

(1) Universal Monitoring,
(2) Targeted Cyclical Monitoring, and
(3) Intensive Risk-Based Monitoring.

Universal Monitoring

Each LEA is monitored annually as part of the MDE OSE review and approval of its IDEA project application and budget submission in the Mississippi Comprehensive Automated Performance-based System (MCAPS) demonstrating eligibility for IDEA Part B grant awards. In addition to the required assurances at 34 CFR §300.200 and evidence that the LEA is meeting select assurances, the application includes detailed budgets for IDEA Part B Sections 611 and 619 Funds. Separate program and budget plans are required for Coordinated Early Intervening Services and parentally placed private school students.

Each application is reviewed for completeness as well as compliance with the grant guidelines. An LEA that does not submit a complete, compliant application is not eligible for IDEA Part B Sections 611 and 619 funds. Applications are reviewed and approved by the MDE Special Education District Contact, MDE Special Education Supervisor, and MDE Special Education Director. Subrecipients are notified of any

required revisions to the application, the eligibility decision, and the final award through the MCAPS system.

Under 34 CFR §300.227, if an LEA has not provided the information to establish eligibility, elects not to apply for IDEA funds, or is unable to establish and maintain programs of FAPE that meet the requirements of IDEA, MDE must use the IDEA funds that would have been available to that LEA to provide special education and related services directly to children with disabilities residing in the area served by that LEA. Each LEA that does not establish eligibility will also be subject to the intensive monitoring described in these procedures and will be referred to the Office of Accreditation for review.

Each grant award issued by MDE is subject to terms, conditions, and/or assurances that include compliance requirements, federal regulations, and audit requirements applicable to the grant award. Ongoing monitoring for allowable use of funds continues throughout the year. All funds must be expended in accordance with the budget approved by MDE OSE in MCAPS. Budget change requests to an award must be submitted through a revision to the original application in MCAPS. Budget or project amendments must be reviewed and approved by the MDE Special Education District Contact and MDE Special Education Director. Changes must be consistent with grant guidelines. If authorized by program regulations, transferring funds between available allocations must be authorized by MDE and will require an updated budget. 2073

In addition, MDE monitors each LEA regularly for the timely expenditure of IDEA funds to ensure that funds are used within the period of performance and that both MDE and its LEAs are following the first in, first out principle and spending down prior years' awards prior to spending down newer awards. If MDE finds that an LEA is expending its IDEA funds at a rate that will result in the LEA lapsing funds or that the LEA is drawing down newer funds before expending older available funds, the OSE contacts the district to provide technical assistance and take necessary actions to ensure funds are expended including:

- Requiring the LEA to submit a written plan for timely expenditure of available funds;
- Requiring the LEA to review non-performing balances (identified by OSE) from older grants and move the funds into an active cost category through the revision process;
- Requesting the LEA to request a transfer of costs from a newer grant year to an older available grant year;
- Directing the use of remaining IDEA funds to address the noncompliance or complete the corrective action, for LEAs with outstanding noncompliance or corrective actions plans,;
- Returning IDEA funds to the state for reallocation to LEAs who need additional funds to provide special education and related services, for LEAs who are adequately providing FAPE.

For more information, see the Monitoring Expenditure of IDEA Funds section in the IDEA Part B Funding Manual.

Targeted Cyclical Monitoring

MDE conducts targeted cyclical fiscal monitoring on the same 5-year cycle as OSE's targeted programmatic monitoring and self-assessments. Targeted Cyclical Monitoring ensures that the MDE OSE Fiscal Team monitors each LEA and subrecipient for IDEA Part B Sections 611 and 619 funds at least once every five years according to a set cyclical sampling schedule. The sample of LEAs identified for cyclical monitoring in a specific year is referred to as a cohort. Each LEA selected is monitored through a desk audit and/or an onsite visit that consists of a review of LEA documentation regarding budget expenditures and program implementation.

LEAs are organized into cohorts by LEA type (regular school district, LEA charter school, or educable child facility) and financial data including each LEA's MOE amount and the size of its IDEA Part B section 611 award to ensure a representative distribution of LEAs across cohorts. 2074

Cyclical monitoring occurs in the fall of each year and MDE holds a training for the LEAs selected for cyclical monitoring. Each LEA is notified 30 days prior to its scheduled desk audit and is required to submit requested documentation to MDE on the day of the scheduled desk audit.

Desk Audit

The purpose of the desk audit is to ensure that each LEA has internal controls in place to ensure special education expenditures are compliant with federal and state statute. The desk audit includes an MDE OSE review of files submitted by the LEA including, but not limited to:

- budget or expenditure reports;
- time and effort documentation;
- documentation related to specific areas including use of funds set aside for CEIS or the provision of equitable services to parentally placed private school children, where applicable;
- written, board-approved, fiscal policies and procedures;
- additional fiscal data submitted requested by OSE;
- sub-award letters, contracts, files, documents, and related correspondence; and
- audit reports, as necessary.

Interview and Additional Information

Targeted Cyclical Monitoring may also include follow-up interviews, onsite visits, or requests for additional information based on the review related to any policies, procedures, or practices that are found to be inconsistent with state and federal regulations.

Based on its risk assessment and review of LEA information MDE OSE may also identify an LEA scheduled for Targeted Cyclical Monitoring to participate in Intensive Risk-Based

Monitoring as necessary. If an LEA is selected for Intensive Risk-Based Monitoring in the same year it is scheduled to participate in Targeted Cyclical Monitoring, the two activities will be combined.

Intensive Risk-Based Monitoring

Each year the MDE OSE completes a fiscal risk assessment for all LEAs and other subrecipients of IDEA Part B Sections 611 and 619 funds to determine their potential risk of noncompliance.

LEA and subrecipient risk is calculated based on the following indicators:

- Did the LEA fail the LEA MOE compliance test?
- Has the LEA Special Education Director been in the position for three years or less or receiving intensive mentoring or support?
- Has the LEA Business Manager been in the position for three years or less?
- Did the LEA miss the LEA MOE submission deadline?
- Have any other offices alerted MDE OSE of potential risks in the LEA (crosscheck with the Office of Federal Programs, Office of Accreditation, and the LEA determinations)? 2075
- Is the LEA in a special financial status (Achievement School District, Conservatorship, School of Transformation)?
- Does the LEA receive within the top 10% of IDEA allocation amounts?
- Did MDE OSE identify noncompliance on the most recent desk audit or monitoring visit for the LEA?
- Did the LEA return (lapse) significant unspent funds?
- Does the LEA have unresolved findings from its most recent single audit (external audit)?
- Has the State placed special conditions on the LEA's award?
- Has it been more than 7 years since the LEA last received a desk audit or onsite monitoring visit related to fiscal?
- Did the LEA have a large IDEA Section 611 carryover balance in the previous fiscal year?
- Did the LEA have a large IDEA Section 619 carryover balance in the previous fiscal year?

LEAs receives partial points on a sliding scale for each indicator. The sum for each LEA is then calculated to produce a percentage (total LEA points/total possible points). Based on the annual risk assessment score, each entity will be classified into a risk category, with cutoffs established based on the annual review of the data and MDE OSE capacity for intensive monitoring, using the following as a guideline:

- Low potential of risk: Below the 50th percentile
- Medium potential of risk: Between the 50th and 95th percentiles
- High potential of risk: Above the 95th percentile

The 5% of LEAs with the highest risk scores are categorized as "high risk." While MDE does not make risk assessment scores publicly available, MDE OSE will send each LEA its final risk score.

The MDE OSE initially conducts a virtual desk audit to inform the focus of the onsite Intensive Risk-Based Monitoring in each LEA. Each selected LEA will receive a notification letter at least 30 days prior to the onsite visit with an overview of the site visit protocols and request for document submission 7 days prior to the onsite visit.

If an LEA is selected for Intensive Risk-Based Monitoring for two or three subsequent years, the MDE OSE will determine, based on the status of the LEA's previous monitoring, whether additional onsite monitoring is necessary. If the MDE OSE determines additional monitoring is not necessary because it did not identify noncompliance during the previous monitoring visit or the LEA corrected each finding of noncompliance, the MDE OSE will select the LEA with the next highest risk for monitoring. If the LEA has been identified as high risk for four consecutive years, the MDE OSE will conduct an onsite monitoring visit. 2076

MDE OSE may also identify an LEA from the medium or low risk categories for onsite monitoring based on significant audit findings or other information indicating that monitoring is necessary.

Preparation for Onsite Monitoring

MDE will hold a training for LEAs selected for Intensive Risk-Based Monitoring. The MDE OSE will provide each LEA the intensive monitoring protocol to prepare for onsite monitoring including: a list of requested documentation on purchases and other expenditures, requested interviews with LEA special education and business administration personnel, and a list of files to be audited.

Onsite Monitoring

Intensive Risk-Based Monitoring consists of, but is not limited to:

- Entrance Meeting – The MDE OSE team provides a description of the scope and purpose of the monitoring, requests additional information from the SEA, and verifies that information required to complete the monitoring visit is available at the site.
- Interviews – The MDE OSE team interviews staff involved with IDEA Part B grant activity (specifically business managers and special education directors).
- Detailed Document Review – The MDE OSE team conduct a detailed review of:
    - Fiscal records for compliance with IDEA Part B Sections 611 and Section 619 requirements, generally accepted accounting principles, and internal control best practices.
    - Pay records (timecards/sheets) and attendance reports to ensure compliance with time and effort requirements.
    - Staffing levels, operating procedures, and contracts.
    - Employment contracts/agreements between LEAs and personnel paid with IDEA Part B funds to ensure that services to students with disabilities are

being provided and payments are appropriate. Contracts shall be reviewed for dates, authorized signatures, amounts paid, and supporting documents to justify payment.

- Subrecipient records of IDEA Part B fund expenditures and supporting documents.
- Written, board-approved, fiscal policies and procedures.
- Procurement Procedures and Practices
  - Adherence to contract requirements and instructions for purchases
  - Documentation of contract awards
  - Procedures for the prevention of conflict of interest
  - Property Management
- Financial Management Procedures and Practices
  - Standards for financial management systems
  - Fiscal controls and accountability
  - Record retention
  - Allowability of costs
  - Fiscal Records such as cash receipts journal, cash disbursement, payroll journal, general ledger, bank reconciliation, accounts payable, purchase orders, cost allocation plan 2077
  - Source documents such as timesheets, vendor invoices, travel reimbursements, petty cash, canceled checks
- Payments for program activities such as travel, training attendance
  - Justification for the need of activities (which may include agendas, training attendance records, documentation of miles traveled, receipts, etc.)
  - Pre-approval by MDE of out of state travel using IDEA Part B funds
  - An invoice or receipt for payments received (itemized and dated) for the supportive service
- Record Keeping Procedures and Practices
  - Records must be retained for a minimum of 6 years from the date that funds are made available to LEAs
- Property Control Records
  - Property purchased with IDEA Part B funds shall be tagged and used for the purpose of serving student with disabilities
  - Building and facility rentals funded with contract funds is being used for project proposes and is adequate
  - Verification of prior approval, where applicable
  - Conduct a random check to determine if proper care and attention is being given to the maintenance, repair, and protection of federal property

- Verification of Practice – The MDE OSE team may visit schools and classrooms to verify purchases and allowable costs including the review of personnel and verification of time and effort reporting.
- Exit interview – The MDE OSE team will hold an exit interview with the appropriate LEA or subrecipient staff when the monitoring visit is completed. Problem areas will be discussed in general terms.

Monitoring Report

A monitoring report with findings and items for improvement will be sent to each LEA within 90 days of the completion of the desk audit or onsite visit and a copy of the report will be filed in the master fiscal monitoring folder. MDE OSE will schedule a follow up call with each LEA to review the report. The report will state the objectives, scope, and methodology of the monitoring and will clearly state findings, recommendations, and whether and on what timeline corrective action is required. Findings will contain a statement of criteria (regulation, directive, or contract clause etc.), the condition found or reason for the finding of noncompliance and required corrective actions and evidence for verification of correction. Each finding of noncompliance must be corrected in a timely manner and in no case greater than one year from the date of the monitoring report. Depending on the extent of noncompliance, LEAs may be required to submit a detailed corrective action plan including specific steps and an associated timeline to be taken to resolve noncompliance and implement internal controls. If the review of risk reveals material weaknesses in internal controls, an improvement plan will be developed. 2078

Verification of Correction of Noncompliance

The MDE OSE will consider all findings resolved only after the subrecipient has provided sufficient evidence that corrective action have been fully implemented and evidence of correction (e.g., repayment, a revised budget, compliant procedures, evidence of compliant implementation for a period of time following the identification of the finding). At such point, a closeout letter will be issued to the subrecipient within 60 days stating that all findings have been resolved.

Enforcement Mechanisms

Each LEA must respond in writing to all fiscal monitoring findings according to the timeline described in the fiscal monitoring report. If an LEA does not respond or take action to correct identified noncompliance within a reasonable time, as required by the monitoring report, MDE OSE will take additional actions to ensure correction. MDE OSE will also impose sanctions if an LEA has not corrected the noncompliance within the timeline agreed upon. Sanctions may include:

- Increased reporting requirements
- Additional onsite monitoring
- Special conditions on the LEA's IDEA subgrant awards

Fiscal Technical Assistance

The MDE OSE provides differentiated technical assistance to LEAs and other IDEA Section 611 and 619 subrecipients to address identified needs.

Universal

The MDE OSE provides technical assistance to ensure that all IDEA subrecipients comply with applicable federal statutes and regulations including the uniform administrative requirements and cost principles for federal awards provided in Title 2 of the Code of Federal Regulations (CFR), Part 200, as well as the specific administrative and fiscal requirements of IDEA. Technical assistance is provided as an integral part of the procedures and includes face-to-face and virtual trainings, training materials, state guidance, and procedural documents. The topics of universal technical assistance are decided upon based on a review of common questions from LEAs and a reflection on common findings made during monitoring activities.

Targeted

The MDE OSE provides targeted technical assistance to each LEA during the annual submission of the grant application and in preparation for and as follow up to Targeted Cyclical or Intensive Risk-Based monitoring to ensure compliance and corrective action on part of the LEA. Targeted technical assistance is provided until all findings are resolved and improvement plans completed. Targeted technical assistance is also provided at the request of the LEA through researching and responding to fiscal questions, providing training, and developing templates and resources. 2079

Intensive

The MDE OSE provides intensive technical assistance to LEAs identified as "high risk" to ensure proper corrective action and compliance with federal and state statutes and regulations. At a minimum, MDE OSE holds monthly calls with each identified LEA and intensive technical assistance is provided until all findings are resolved.

PURPOSE

As a requirement of the Office of Management and Budget Uniform Grant Guidance, fiscal monitoring is conducted by the Mississippi Department of Education, Office of Special Education Fiscal Team, to ensure Local Education Agencies (LEAs) or sub recipients of IDEA subgrants are in compliance with Federal, State, and Local laws and regulations.

Monitoring efforts are conducted to assess and measure compliance of LEAs to grant rules and regulations in order to:

- Monitor activities to ensure grant funds are used for authorized purposes in compliance with laws and regulations,
- Assess organization internal controls to ensure reliable financial reporting and accountability, and
- Identify areas of noncompliance and recommend areas of improvement to improve administrative efficiencies and programmatic effectiveness.

SECTION 1. COST PRINCIPLES AND EXPENDITURES

Examples of Evidence:

- Revenue and Expenses Report or General Ledger – to include revenue, expenditures, and remaining balance
- Budget– to include budgets and may also include actual expenses
- Gross salary pay report by cost center – to include positions, names, and amounts
- Detailed Ledger– to include detailed expenditure transactions: type of expense, vendor name, date, and amount
- Budget Report for the previous year if the LEA is reporting carryover in the current year
- Accounting report by school identifying salaries & benefits for positions paid for with IDEA Part B 611 and 619 Funds
- List of all staff, including FTEs and funding sources
- Interview with the business manager, if needed
- Interview with the special education director, if needed
- Budget report for IDEA federal program to ensure alignment with budgets submitted during the submission of funding application

2081

Section 1. Compliance	Yes/No/NA
1. Are expenditures and budgets tracked and reported separately per federal grant in the accounting system?	
2. Are expenditures used for allowable and approved activities?	
3. Were expenditures reported and requested through MCAPS on a reimbursable basis?	
4. Are expenditures supported by proper source documentation including, but not limited to, purchase orders (POs), original invoices, packing slips, cancelled checks, accounting journal entries, and other pertinent records necessary to facilitate the tracing of grant funds?	
5. Does the cost allocation of invoices match the LEA methods of cost allocation narrative?	
6. Does the agency ensure that the payment transaction references a PO, contractual agreement, or other prior approval?	

Section 1. Compliance	Yes/No/NA
7. Does the agency ensure that costs charged to grant funds were not also billed and/or reimbursed by other funding sources such as Medicaid?	
8. Expenditures selected for testing are: a. Necessary, reasonable, and allocable b. Conform with Federal law and grant terms c. Consistent with State and Local policies d. Consistently treated as either a direct cost or indirect cost e. In accordance with GAAP f. Allowable in accordance with IDEA 34 CFR & and Uniform Grant Guidance 2 CFR Part 200 Subpart E

Section 1. Findings

Section 1. Recommendations and Corrective Action

SECTION 2. TIME AND EFFORT

Examples of Evidence:

- System of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated (i.e. signatures, periodical time and effort certification)
- Official records
- Documentation that reasonably reflects total activity for which the employee is compensated, not exceeding 100% of compensated activities
- Documentation of both Federally assisted, and all other activities compensated by the District on an integrated basis
- Accounting policies and practices
- Documentation that shows support the distribution of the employee's salary or wages among specific activities of cost objectives

2083

Section 2. Compliance	Yes/No/NA
1. Charges to Federal awards for salaries and wages, including stipends, must be based on records that accurately reflect the work performed, salary distribution, and semiannual certification (2 CFR 200.430, 200.403(a))	

Section 2. Findings

Section 2. Recommendations and Corrective Action

SECTION 3. IDEA FISCAL REQUIREMENTS

Examples of Evidence:
Accounting record identifying distributions or payments for:

- Parentally Placed Private School Children
- CEIS
- Schoolwide program

Section 3. Compliance	Yes/No/NA
1. The LEA ensures that it accurately tracks and reports expenditures for maintenance of effort (MOE).	
2. The LEA ensures that it accurately tracks and reports expenditures related to proportionate share.	
3. The LEA ensures that it accurately tracks and reports expenditures for Voluntary Coordinated Early Intervention Services (CEIS) or Comprehensive (required) Coordinated Early Intervention Services (CCEIS) for allowability of costs and adequate internal controls.

2094

Section 2. Findings

Section 2. Recommendations and Corrective Action

SECTION 3. TIME AND EFFORT

Examples of Evidence:

- System of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated (i.e. signatures, periodical time and effort certification)
- Official records
- Documentation that reasonably reflects total activity for which the employee is compensated, not exceeding 100% of compensated activities
- Documentation of both Federally assisted, and all other activities compensated by the District on an integrated basis

2095

Section 3. Findings

Section 3. Recommendations and Corrective Action

SECTION 4. IDEA FISCAL REQUIREMENTS

Examples of Evidence:
Accounting record identifying distributions or payments for:

- Parentally Placed Private School Children
- CEIS
- Schoolwide program

Section 4. Compliance	Yes/No/NA
1. The LEA ensures that it accurately tracks and reports expenditures for maintenance of effort (MOE).	
2. The LEA ensures that it accurately tracks and reports expenditures related to proportionate share.	2096
3. The LEA ensures that it accurately tracks and reports expenditures for Voluntary Coordinated Early Intervention Services (CEIS) or Comprehensive (required) Coordinated Early Intervention Services (CCEIS) for allowability of costs and adequate internal controls.	

Section 4. Findings

Section 4. Recommendations and Corrective Action

SECTION 5. INVENTORY MANAGEMENT SYSTEM

Examples of Evidence:

- The LEA has Inventory Procedures that include:
  - Process performed when inventory is received
  - Process describing what type of property is tagged and what position/office performs the tagging
  - Process to adjust the inventory records in the event the property is sold, lost, or stolen, or cannot be repaired
  - Process describing how the physical inventory is performed
- For each equipment and computing device purchased with IDEA Part B Federal funds, the following information is maintained:
  - Serial number or other identification number
  - Source of funding for the property
  - Who holds title
  - Acquisition date and cost of the property
  - Percentage of Federal funds used to acquire property for use under a program
  - Location, use and condition of the property
  - Any ultimate disposition data including the date of disposal and sale price of the property
- Proof that physical inventory of property is reconciled with property records at least once every two years

2097

Section 5. Compliance	Yes/No/NA
1. Does the LEA have an Inventory Management System in place for tracking property acquired with IDEA Part B funds?	
2. Did the LEA receive prior MDE OSE approval for equipment purchases over $5,000?	
3. Does the LEA ensure purchased equipment is being used for grant-specific purposes?	
4. Does the LEA maintain an inventory of equipment including the description, condition, serial number, deployed location, custodian, acquisition date, acquisition cost, and disposition of equipment?	
5. Does the agency have a method for the disposition of equipment?	

Section 5. Compliance	Yes/No/NA
6. Has a physical inventory of equipment been conducted within the last two years?	
7. Does the LEA ensure preventative measures for the adequate safeguarding of equipment in order to deter equipment from being lost, stolen, or destroyed? 2 CFR 200.19(c) 313 & 317	

Section 5. Findings

2098

Section 5. Recommendations and Corrective Action

SECTION 6. CONTRACT AND PROCUREMENT REVIEW

Examples of Evidence:

- The LEA has written procurement policies and procedures that includes the following:
  - Threshold amounts
  - Conflicts of interest policy
  - Bidding process
- Contract agreements, approval and prior approval process, invoice payment as defined under the contract established

Section 6. Compliance	Yes/No/NA
1. Does the LEA have policies and procedures to ensure that its procurement mechanisms conform to the standards outlined in 2 CFR §200.19 (c) & 318?	2099
2. Does the LEA procurement policy establish procurement methods with thresholds? Are these thresholds in compliance with federal requirements?	
3. Does the LEA have a conflict-of-interest policy in place?	
4. Does the LEA have a debarment and suspension policy in place?	
5. Does the LEA ensure that local geographical preferences are not used when entering into a procurement transaction or contractual agreement?	

Section 6. Findings

Section 6. Recommendations and Corrective Action

SECTION 7. FISCAL RECORD RETENTION

Examples of Evidence:

- The LEA has GAN notifications on file for all awards issued in the last 6 years
- The LEA has internal controls in place that identify in writing:
  - Who tracks expenditures?
  - Who draws down funds from MCAPS
  - Who deposits checks?
- The LEA has an internal accounting system process that identifies obligations and unobligated balances (carryovers) and how these are tracked (e.g., excel or carryover calculator).
- The LEA has a written process for identifying any interest earned. For example, if the LEA accidentally requested from MCAPS more than what was expended, then excess funds will be sitting in the LEA's account, possibly earning interest. If this is the case, this must be reported to MDE. *Important Note: Generally, an LEA should not earn interest because LEAs receive payments from MDE on a reimbursement basis.*
- The LEA maintains records that show:
  - The amount of funds under the grant or subgrant
  - How the subgrantee expended those funds
  - The total cost of each project
  - The share of the total cost of each project contributed by other funding sources
  - Other records to facilitate an effective audit
  - Other records to show compliance with Federal program requirements
  - Evidence that records are maintained for a minimum of 6 years from the date that funds are made available to LEAs
- Evidence that the LEA has a written policy/procedure for maintaining and storing original records, both paper and electronic. Procedure includes reasonable safeguards for ensuring that the records are not altered.

2100

Section 7. Compliance	**Yes/No/NA**

1. IDEA Part B original source documents are kept (CFR Part 200.302(b):
   a. Federal Award Catalog of Federal Domestic Assistance (CFDA) number, Federal Award ID number
   b. Authorization (the process of giving someone permission to do or have something)
   c. Obligations, unobligated balances (carryovers)
   d. Expenditures
   e. Assets (inventory control)
   f. Time and effort documentation
   g. Income (if applicable)
   h. Interest (if applicable)

Section 7. Compliance	Yes/No/NA
2. The LEA maintains all records that fully show: a. The amount of funds under the grant or subgrant b. How the subgrantee uses those funds c. The total cost of each project d. The share of the total cost of each project contributed by other funding sources e. Other records to facilitate an effective audit f. Other records to show compliance with Federal program requirements g. Project expenses and results	
3. The LEA maintains original records. If records are electronic, there is no need to create and retain paper copies. Both types of records may be subject to periodic quality control reviews. 2 CFR 200.334	2101
Definition: The record on file contains the same content, context, and structure as the original record the day it was used, based on the LEA's policy. If an LEA's policy is to obtain actual signatures on all Purchase Orders (POs), then all documents with original signatures must be filed and stored. If the policy allows electronic POs with digital signatures, then all electronic POs must be saved on a shared drive.	

Section 7. Findings

Section 7. Recommendations and Corrective Action

SECTION 8. FINANCIAL SYSTEM REVIEW

Examples of Evidence:

- Copy of the LEA's fiscal policies and procedures manual
- LEA cost center or cost allocation plan
- Inspect LEA budget vs expense report spreadsheets or accounting system output
- LEA chart of accounts
- Office of Grants Management indirect cost rate agreement letter
- Bank reconciliation report
- Accrual reports
- Salary distribution in accounting system

Please note that while highlighted items will not be included as part of the monitoring process, they are important aspects of internal controls and may be monitored in subsequent years.

2102

Section 8. Compliance	Yes/No/NA
1. Does the LEA maintain a financial management system that accurately identifies the source and amount of funds awarded to them?	
2. Does the LEA have a method to compare actual costs to budgeted costs to ensure that programs are operating within their budgets?	
3. Does the LEA's accounting system ensure that grant funds are not commingled with other funds or other grants?	
4. Does the LEA have a copy of their current approved IDEA Part B budget?	
5. Are budget modifications requested and approved prior to expenditure?	
6. Is the indirect cost rate used approved by OGM?	
7. Does the LEA perform monthly bank reconciliations?	
8. Is the LEA on a cash or accrual basis?	
9. If the LEA is on a cash basis, are year-end accruals supported by the general ledger?	
10. Does the LEA ensure the separation of duties for all accounting transactions? List the names and titles of the indicator(s) and approver(s) 2 CFR 200.303	

Section 8. Findings

Section 8. Recommendations and Corrective Action

2103

SECTION 9. FINANCIAL AUDITS

Examples of Evidence:

- Copy of "Schedule of Findings and Questioned Costs" section from district audit for last two years.
- Evidence that Single Audit findings have been addressed

Section 9. Compliance	Yes/No/NA
1. Did the LEA's previous fiscal monitoring result in findings?	
2. If yes, were corrective actions completed and is there evidence of ongoing compliance?	
3. Did the LEA's most recent financial audit result in findings?	2104
4. If yes, were corrective actions completed and is there evidence of ongoing compliance?	

Section 9. Findings

Section 9. Recommendations and Corrective Action

SECTION 10. WRITTEN FISCAL POLICIES AND PROCEDURES

Examples of Evidence:

- Evidence that the LEA has a funding manual that sets forth the policies and procedures used by the LEA to administer federal funds

Section 10. Compliance	Yes/No/NA
1. Does the LEA have written policies and procedures in compliance with the Uniform Grant Guidance? • Cost principles 2 CFR §200. Subpart E • Procurement 2 CFR §200.318 • Time and effort 2 CFR §200.430, 403 (a) • Inventory management 2 CFR §200.313 • Cash management 2 CFR §200.305 • Conflict of interest policy 2 CFR §200.319 (c), 318 • Fiscal records must be retained for a period of three years from the date of submission of the final expenditure report – 2 CFR §200.334 and MDE records retention policies • Separation of duties 2 CFR §200.303	2105

Section 10. Findings

Section 10. Recommendations and Corrective Action

SECTION 11. OTHER

Section 11. Interview	Yes/No/NA
1. Does the LEA have concerns about the latest Uniform Grant Guidance requirements?	
2. Are there any challenges the agency is experiencing?	
3. Does the LEA have any improvements or suggestions for MDE OSE's grant administration process?

Perkins equipment deletions are approved by the Mississippi Department of Education. All inventory is stored in the Lotus Notes inventory system and is managed by the CTE Director. MDE would like the local board to approve the disposal or salvage of deletions from the CTE inventory. Attached is a list of JCTC Perkins inventory equipment disposals for the June 2024 Board Agenda.

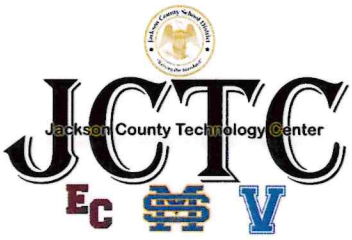
Mr. David Baggett, Superintendent
Jackson County School District
18375 Highway 603
Kiln, MS 39556

Dear Mr. Baggett:

I have been collaborating with MGCCC to offer dual-credit CTE classes to our students in the upcoming academic year. This initiative, as you can see from the attached list of approved courses, will significantly enhance our students' educational experience and open up new avenues for their future.

Additionally, I have listed a class through William Carey, as MGCCC does not have a dual credit class that aligns with the Educator Preparation curriculum.



Mississippi Gulf Coast Community College is rewriting its MOU for dual credit courses, so I will submit the attached courses for board approval at the July meeting after MGCCC sends me an updated letter.

Please forward the attached list to the Jackson County School Board of Education so I can present it to them during the June meeting.

I appreciate your consideration in this matter.

Sincerely,

Steven Covington, Director

RE: Baseball Bleachers at VAC

Jackson County School District Board of Education,

On behalf of our Vancleave Baseball Teams, I am writing to request your permission to allow Machado/Patano, PLLC to design and oversee the construction of the new baseball bleachers. We have received a grant for this project in the amount of $250,000.00. We have allotted $200,000.00 of this grant for the sole purpose of designing and constructing these bleachers. The remaining $50,000.00 has be allocated to upgrading the current press box and concession stand.

I ask that you would please carefully consider this request.

Thank you for your consideration,

Duane C. Jones Sr.
Facilities Manager

Jackson County School District
Office of Operations and Support

To: Jackson County School District Board Members

From: Chris LeBatard

Subject: Request to Reallocate ESSER Funds

I am requesting Board approval to reallocate the percentage of ESSER III funds appropriated to each attendance center. The original plan established for funds to be divided between each attendance center based on percentages.

- SMAC Needs- $3,277,698.09 (40%)
- ECAC Needs- $2,457,023.57 (30%)
- VAC Needs- $2,457,023.57 (30%)

With a September 30, 2024, spending deadline and our projects getting closer to completion. It may become necessary to combine some of the remaining funds in order to spend all of our allotted money. As in the beginning, our goal to spend all available funds on allowable expenses has not changed.

Thank you in advance for your consideration.

Sincerely,

Chris LeBatard

Assistant Superintendent of Support

TK Elevator Corporation ("TK Elevator Corporation," "TK Elevator," "we," "us," and "our"), agrees with Purchaser ("Purchaser," "you," and "your"), to maintain the equipment described below in accordance with the terms and conditions of this agreement ("the Agreement") with the goal of maximizing its performance, safety, and life span. TK Elevator and Purchaser may hereinafter be referred to individually as a "Party" or collectively as the "Parties."

The Jackson County School District Standard Contract Addendum attached hereto as separate Exhibit "A" is hereby incorporated into the Agreement between the parties.

Equipment to be Maintained

This Agreement covers the units described in the table below (individually a "Unit" or collectively the "Units").

Equipment Type	Nickname	OEM Serial #	Stops	Controller Manufacturer	MAX Eligible
Hydraulic	HYDRO #1	EAH049	2	thyssenkrupp Elevator	Yes

Scope of Work

Service Visits

TK Elevator will visit the Units described above to examine, maintain, adjust and lubricate the equipment covered by this Agreement as necessary to promote the proper operation of those Units and will repair or replace any covered components if the repair or replacement is, in TK Elevator's sole opinion, necessitated by normal wear and tear or is not otherwise excluded by this Agreement ("Service Visits"). These Service Visits will be performed Monday to Friday, 8:00 AM to 4:30 PM except during scheduled holidays ("Regular Time"). All work performed before or after Regular Time shall be considered overtime ("Overtime").

TK Elevator will examine covered parts and components of the Unit(s) including:

- Control and landing positioning systems
- Signal fixtures
- Machines, Drives, Power units, pumps, valves, and above-ground jacks
- Car and hoistway door operating devices and door protection equipment
- Loadweighers
- Safety mechanisms

In order to ensure optimum operation, TK Elevator will also:

- Lubricate covered parts and components for smooth and efficient performance
- Adjust covered parts and components to promote safe operation

Service Visits Include TK Elevator's Maintenance Control Program

TK Elevator performs all work covered by this Agreement in accordance with the version of ASME A17.1 that is, according to the relevant authority having jurisdiction, applicable to the Unit(s) at the time the Agreement is first fully

executed by both Parties. Section 8.6 of that code currently requires Unit owners to have a Maintenance Control Program ("MCP"). TK Elevator's MCP meets or exceeds section 8.6 of that code. Our MCP incorporates TK Elevator's Basic Elevator and Escalator Procedures Manual listing the processes we follow when performing those maintenance, repair, replacement and testing services that are specifically described as included in this Agreement. Our MCP also includes TK Elevator's Maintenance Tasks & Records documentation to record the performance of those tasks. This Agreement does not include any work mandated as a consequence of changes to that code after this Agreement is executed.

Service Requests
This Agreement also includes the dispatch of our technician to address minor adjustments to, and the release of any entrapped passengers from, a Unit during Regular Time ("Service Requests"). Service Requests may be made from one or more of the following: you or your representative, the building or building's representative, emergency personnel, and/or passengers through the Unit's communication device and/or from any applicable remote monitoring device attached to the Unit if monitored by TK Elevator.

We will respond to Service Requests during Regular Time, as defined above, at no additional charge.

Overtime Service Requests are those Service Requests performed in whole or in part before or after Regular Time ("Overtime Service Requests"). On all Overtime Service Requests, you will be responsible for all labor costs including travel time, travel expenses, and time spent on the job. Such costs will be invoiced at our standard Overtime billing rates.

Testing

Equipment Testing
This agreement includes only the following tests:

- those annual safety tests for your hydraulic Units covered by this Agreement

Should your Unit(s) require any additional type of equipment testing as required by any applicable law and/or code, we will provide you with a separate written estimate that includes the cost of any associated labor and/or material(s).

Should your Unit(s) require any safety tests as mandated by any applicable law and/or code on the commencement date of this Agreement, TK Elevator assumes no responsibility for the day-to-day operation of the governor or safeties on applicable traction elevators, or the hydraulic system on applicable hydraulic elevators under the terms of this Agreement until the test has been completed and the Unit has passed. Should the respective Unit fail any of those tests, it shall be solely your responsibility to make necessary repairs and place the Units in a condition that we deem acceptable for further coverage under the terms of this Agreement. Because the performance of any safety test places the Unit under extreme conditions that are outside of the Unit's normal operating parameters, you agree that TK Elevator shall not be liable for any damage to the building structure or the Unit(s) resulting from the performance of any safety tests we perform at any time under this Agreement.

Should your jurisdiction require the presence of either the applicable authority having jurisdiction or a third party witness at the time of testing, you agree to pay for any costs of that individual along with any inspection/coordination fees.

Firefighters' Service Testing
Should your Unit(s) be equipped with a phase I and phase II firefighters' service feature, all testing, record-keeping and record storage obligations associated with that feature that are required by any applicable law or code are expressly excluded from this Agreement and shall remain solely your responsibility to satisfy. The first time that your testing of that feature following the full execution of this Agreement reveals that it is not operating properly, you shall immediately remove the Unit from operation, immediately notify TK Elevator of the condition, and agree to remain responsible for all costs associated with any repairs necessary to return that feature to full and proper operation in accordance with any applicable law or code.

Exclusions

Service Visits, Service Requests, and Overtime Service Requests do not include: the removal or retrieval of items unrelated to the operation of the Unit(s) from the pit, machine room, or hoistway; the dispatching of any technician that results in the discovery by that technician that the Unit is either functioning on independent service or firefighters' service or that the Unit is operating properly but the stop button or stop function has been engaged by others; any request or obligation to address any condition associated with a part or component specifically excluded or not covered elsewhere in this Agreement; and/or any request or obligation to service, repair, replace any components or address any condition caused in whole or in part by any one or more of the following: anyone's abuse, misuse and/or vandalism of the equipment; anyone's negligence in connection with the use or operation of the equipment; dust or debris; any loss of power, power fluctuations, power failure, or power surges that in any way affect the operation of the equipment; oxidization, rust, or other conditions caused in whole or in part by the environment in which the affected component is located; fire, smoke, explosions, water, storms, wind, and/or lightning; any acts of God; acts of civil or military authorities, strikes, lockouts, other labor disputes, riot, civil commotion, war, malicious mischief, or theft; or any other reason or cause beyond our control that affects the use or operation of the Unit ("Billable Work"). On all Billable Work you will be solely responsible for the cost of all parts or materials along with all labor invoiced at TK Elevator's standard billing rates (whether Regular Time or Overtime depending on when the Billable Work is performed) including travel time (calculated roundtrip from the dispatching location to the Unit location and return), travel expenses, and time spent on the job.

In addition to the Billable Work described above, we also do not cover (A) the examination, maintenance, adjustment, refinishing, repair or replacement of the following components and/or systems: any cosmetic, construction, or ancillary components of the elevator or escalator system, including the cab enclosure, ceiling frames, panels, and/or fixtures, hoistway door panels, door frames, swing door hinges and closing devices, sills, car flooring, floor covering, lighting fixtures, ceiling light bulbs and tubes, balustrades, and wellway enclosures; any electrical components including main line power switches, breaker(s) or feeders to controller; sealed machine bearings; any below-ground or partially unexposed components of any hydraulic elevator system including, but not limited to, jack/cylinder, piston, PVC and/or other protective material of any type or kind; any below-ground or partially unexposed piping of any type or kind; any signage of any type or kind including but not limited to, signs, placards, and/or braille; any fire-suppression or fire-detection equipment of any type or kind including, but not limited to, smoke detectors, fire sensors, and/or sprinklers and associated piping; any communication, security, entertainment, and/or advertising devices including, but not limited to, kiosks or touchscreen displays and/or card readers; any batteries for emergency lighting and emergency lowering; or any environmental control devices including, but not limited to, air conditioners, heaters, ventilation fans, humidifiers, de-humidifiers, and/or pit or sump pumps; or (B) the repair, refurbishing, rebuilding, and/or replacement of any motor generators; or (C) the replacement or alignment of elevator guide rails; or (D) any other items or tasks specifically excluded elsewhere in this Agreement.

With the passage of time, equipment technology and designs will change. If (1) any part or component of your equipment covered under this Agreement cannot, in TK Elevator's sole opinion, be safely repaired and (2) a brand new direct replacement is no longer in stock and readily available from the Original Equipment Manufacturer ("OEM"), that part or component shall be considered obsolete, regardless of whether it can be custom-made, fabricated or acquired at any price or whether or not a refurbished or reconditioned version is available from anyone. You will be responsible for all charges associated with replacing that obsolete part or component as well as all charges required to ensure that the remainder of the equipment associated with that Unit is functionally compatible with that replacement part or component

In addition, we will not be required to make any changes or recommendations in the existing design or function of the Unit(s) nor will we be obligated to install new attachments or parts upon the equipment as recommended or directed by insurance companies, governmental agencies or authorities, or any other third party.

Should Purchaser elect to modernize any Unit described in this Agreement during the original or any renewal term of this Agreement, Purchaser agrees to provide TK Elevator with the modernization proposals prepared by any other vendor and at least fourteen (14) calendars days thereafter to both evaluate such proposals and, at TK Elevator's sole option, make its own proposal to Purchaser. Should Purchaser thereafter elect to accept the proposal of another vendor, the Parties agree that the current term of this Agreement applicable to the Units that are the subject of such

modernization shall be frozen until the modernization work is complete and TK Elevator has inspected such work and deemed the modernized Unit acceptable for service under the terms of this Agreement. In the event such Unit is not, in TK Elevator's sole opinion, acceptable for service under the terms of this Agreement, TKE will submit a written proposal to Purchaser to address the items in question at an additional cost. Should Purchaser decline that proposal, TKE retains the right to remove the Unit from the Agreement and adjust the price accordingly or cancel the Agreement if the proposal affects all Units that are the subject of the Agreement.

Pre-Maintenance Repair Work
TK Elevator has inspected the Unit(s) and has determined that certain items require repair or replacement prior to the commencement of this Agreement. That additional work is detailed in the Repair Work Order Exhibit attached. This Agreement is being offered only in conjunction with the Repair Work Order Exhibit attached and your written acceptance of that Repair Work Order Exhibit and payment for such additional work is a condition precedent to TK Elevator's obligations under this Agreement. Absent your written acceptance of that Repair Work Order Exhibit and payment for that work, this Agreement is otherwise null and void.

Digital Customer Experience

MAX - Digital Maintenance
MAX is a cloud-based Internet of Things ("IOT") platform that we, at our election, may connect to your Unit(s) by installing a remote-monitoring device (a "Device"). Purchaser consents and authorizes TK Elevator to (1) access Purchaser's premises to install a Device to the Unit(s) and thereafter maintain and/or repair the Device(s) and (2) to collect, store, maintain, own, use, delete, and/or destroy any or all of the data generated by the Device(s). Any Device, once installed, is not intended, nor should it be considered, as a fixture. Instead, TK Elevator shall retain the right to remove the Device from any Unit(s) and/or cease any data collection and/or analysis at any time at its sole discretion. Moreover, TK Elevator shall retain the exclusive right and ability to, at its sole discretion, remove, delete and/or destroy all associated data generated from the Device(s). Because the Device contains trade secrets belonging to TK Elevator and is being installed for the sole use and benefit of our personnel, Purchaser agrees not to permit Purchaser's own personnel or any third parties to use, access, tamper with, relocate, copy, alter, destroy, disassemble or reverse engineer the Device or its data. The installation of any Device on a Unit shall not confer any rights or operate as an assignment or license to you of any patents, copyrights or trade secrets with respect to the Device and/or any software contained or embedded therein or that it utilizes/utilized in connection with the collection, monitoring and/or analysis of data.

With a MAX device connected to your equipment, at no additional charge, information obtained via machine learning may be sent to our technicians to promote early diagnosis, faster fixes and reduced downtime.

TK Elevator offers an additional menu of services available as outlined in the attached MAX Exhibit for your consideration and acceptance at an additional fee. The services you select will be governed by the terms and conditions of this Agreement to the extent that they do not conflict with the terms and conditions of the MAX Exhibit. In the event of a conflict, the terms and conditions of the MAX Exhibit will exclusively govern the subject matter of those terms and conditions.

Customer Web Portal and Mobile App
TK Elevator provides a web-based customer portal (the "CP") and mobile application (the "App") which, following the effective date of this Agreement, may contain certain maintenance and service call data associated with the Unit(s). To the extent applicable, TK Elevator will provide Purchaser with a user name and password to access the CP and App platforms. Purchaser shall, at its sole cost, provide and ensure the functioning integrity of its own hardware, software and internet connection necessary to access the CP and App. To the extent applicable, TK Elevator reserves the right to restrict Purchaser's access to the CP and App if any of Purchaser's accounts with TK Elevator has an outstanding unpaid balance greater than 30 days or in the event of anticipated or pending litigation of any kind. TK Elevator reserves the right to discontinue the CP and App altogether at its sole discretion and without notice to Purchaser and Purchaser expressly agrees to release TK Elevator from any and all claims of any type or kind arising out of or related to that discontinuation.

TK Elevator Communications

Gold Service Agreement

You may supplement this Agreement with an additional suite of services through our TK Elevator Communications call center at an additional fee contingent upon your agreement to all of the terms and conditions as set forth in the attached exhibit entitled "TK Elevator Communications Services." These additional available services involve the provision of 24/7/365 monitoring of your Units' code-compliant and compatible emergency telephone and in-cab video and text communication equipment (the "Communication Equipment"), the dispatch of a TK Elevator technician or emergency personnel under certain circumstances, the provision of a cellular connection for that Communication Equipment, and limited repair/replacement coverage for that Communication Equipment which is otherwise excluded from this Agreement.

The suite of services that you select, if any, from the attached MAX Exhibit and from the attached TK ELEVATOR COMMUNICATIONS SERVICES Exhibit will hereinafter be referred to as the "Digital Service Package" and shall be (1) provided in accordance with the terms and conditions of both this Agreement and those found in those Exhibits and (2) billed as a separate line item from all other scopes of work specifically provided for by TK Elevator under this Agreement (the "Gold Services").

Contract Term, Price, Available Discounts & Payment

Term

This Agreement is effective for 60 months starting June 01, 2024 and is non-cancellable. To ensure continuous service, this Agreement will be automatically renewed for successive 60-month periods unless either Party timely serves written notice on the other Party of its intention to cancel at least 90-Days but not more than 120 days before the end of the initial 60-month period or at least 90-Days before the end of any subsequent 60-month renewal period. Notice shall be sent by certified mail, return receipt requested to the TK Elevator office address found in this Agreement. Time is of the essence.

Price

The price for the Gold Services provided pursuant to this Agreement shall be $261.00 per month, inclusive of all applicable sales and use taxes, before the application of any discounts as described below and any adjustments as described elsewhere in this Agreement. Once accepted, those applicable discounts will be applied throughout the life of this agreement.

Until Purchaser provides an applicable and properly completed tax exemption certificate, Purchaser will be billed not only the price set forth in this Agreement but also all applicable sales tax.

Payment Plan

Billing Frequency	Discount %	Monthly Discount $	Initial to Select
Annual	4%	$10.44	
Semi Annual	2%	$5.22	
Quarterly	No Change	$0	Current Selection

Contract Term

Extended Term (Years)	Discount %	Monthly Discount $	Initial to Select
Seven (7)	2%	$5.22	
Ten (10)	4%	$10.44	
Fifteen (15)	8%	$20.88	

You shall receive a single invoice outlining all charges under this Agreement. That invoice shall consist of multiple line items. The first line item of the invoice shall memorialize the cost of the Gold Services you shall receive under this Agreement. The next line item of the invoice shall memorialize the separate price of the Digital Service Package you selected as part of this Agreement in accordance with the attached Exhibit(s). Please note that the Digital Service Package you selected is not subject to any discounts.

We reserve the right to annually increase all charges under this Agreement five percent plus an additional amount resulting from any increase of any of TK Elevator's expenses relating to one or more of the following categories during the preceding calendar year: labor, employment benefits, materials, tools, vehicles, fuel, rent, internet and/or communication access, data storage, utilities, logistics/shipping, waste disposal, taxes, tariffs, and any governmentally-imposed charges.

Payment

Payments are due upon receipt of each of your TK Elevator invoices. If you do not timely pay any sum due to TK Elevator related to your Units described in this Agreement, regardless of whether it is billed pursuant to this Agreement or any other agreement with us, within the stipulated payment term calculated from the billing date, we may also choose to do one or more of the following:

- deem that you have permanently forfeited any discounts you may be entitled to associated with your payment plan/billing frequency for this Agreement, and/or
- suspend all services until all amounts due have been paid in full, and/or
- declare all sums for the unexpired term of this Agreement due immediately as liquidated damages and terminate our obligations under this Agreement

A service charge of the highest rate allowed by law shall apply to all overdue accounts you have with TK Elevator that are in any way related to any of the Unit(s) described in this Agreement. If TK Elevator elects to suspend service, we shall not be responsible for personal injury, death, damage to property (including damage to the Units) or losses of any other type or kind that is in any way related to TK Elevator's suspension of service. Upon resumption of service, you will be responsible for payment to TK Elevator for all costs we incur that result from our suspension of service and to remedy any damage caused to your equipment during that time. Time is of the essence.

TK Elevator reserves the right to assign payments owed to TK Elevator under this Agreement. If for any reason this Agreement is terminated prior to the end of the current term, a condition of such termination shall be that you agree to pay us the full amount of the any discount you received during the initial and any subsequent term. This is in addition to and not in lieu of any other rights or remedies we may have under this Agreement and the law.

Purchaser's Responsibilities

You agree to instruct or warn passengers in the proper use of the Unit(s) and to keep them under continued surveillance by competent personnel to detect irregularities between our examinations. You agree to immediately report any condition that may indicate the need for correction before the next regular examination. You agree to immediately shut down the Unit(s) upon manifestation of any irregularities in either the operation or the appearance of the Unit(s), to immediately notify us, and to keep the Unit(s) shut down until the completion of any repairs. Under those circumstances you agree not to re-set the mainline disconnect. In the event of a Service Request where our technician finds that the mainline disconnect has been reset, you agree that you will be responsible for all labor costs associated with that Service Request invoiced at TK Elevator's standard billing rates (whether Regular Time or Overtime depending on when we respond to that Service Request) including travel time (calculated roundtrip from the dispatching location to the Unit location and return), travel expenses, and time spent on the job. You agree to give us immediate verbal notice and written notice within ten (10) days after any occurrence or accident in or about the Unit(s). You agree to provide our personnel with a safe place to work. You agree to provide a suitable machine room, including secured doors, waterproofing, lighting, ventilation, and appropriate air temperature control to maintain that room at a temperature between 50°F and 90°F, with relative humidity less than 95% non-condensing at all times. You agree to provide properly maintained and functioning mainline disconnect(s). You agree to maintain the elevator pit in a dry condition at all times. Should water or other liquids become present, you are responsible for the cost associated with the removal and the proper handling of such liquids. You agree that if TK Elevator's inspection of a Unit serviced under this Agreement reveals an operational problem which, in TK Elevator's sole judgment, jeopardizes the safety of the riding public, TK Elevator may shut down the Unit until such time as the operational problem is resolved. In that event, TK Elevator will immediately advise you in writing of such action, the reason for such action, and whether any proposed solution is covered by the terms of this Agreement.

TK Elevator assumes no responsibility for any part of the Unit(s) except that upon which work has been performed under this Agreement. No work, service, examination or liability on the part of TK Elevator other than that specifically mentioned herein is included or intended. It is agreed that TK Elevator does not assume possession or control of any part of the Unit(s) and that such remains Purchaser's exclusively as owner, lessor, lessee, possessor, or manager thereof.

Gold Service Agreement

We reserve the right to discontinue work in the building whenever, in our sole opinion, our personnel do not have a safe place to work. For safety reasons, you agree not to permit others to make alterations, additions, adjustments, or repairs or replace any component or part of the Unit(s) during the term of this Agreement. You agree to accept our judgment as to the means and methods employed by us for any corrective work under this Agreement.

Upon the commencement of this Agreement and as a condition of TK Elevator's performance of its obligations, Purchaser shall provide any wiring diagrams, manuals, special tools, monitoring devices, software, hardware or any other items designed to work with, diagnose, service, or repair the Unit(s) (1) as originally supplied by the OEM with the installation or (2) solely available to Purchaser from the OEM.

Some equipment covered by this Agreement may be encoded with serialized onboard diagnostics or other closely held diagnostic intelligence. In the event that the cause of a shutdown or other equipment issue cannot be diagnosed and/or resolved without enlisting the OEM's assistance, Purchaser agrees to obtain the assistance of the OEM and TK Elevator agrees to reimburse you for that expense, provided that it does not exceed the total monthly service fee divided by the number of Units covered under this Agreement. Any fees in excess of that figure shall be exclusively the Purchaser's responsibility.

Since TK Elevator's top priority is the satisfaction of its customers, if you should have any concern(s) with our performance or the means and methods used to meet our obligations under this Agreement, you agree to provide us with written notice of that concern and give us thirty (30) days to respond either in writing or commence action to appropriately resolve it.

In the event of the sale, lease or other transfer of the ownership of the premises in which the Unit(s) described herein are located, you agree to see that such transferee is made aware of this Agreement and agrees to assume and/or be bound by the conditions hereof for the balance of the unexpired term of this Agreement. Should the transferee fail to assume this Agreement, you shall remain liable for all unpaid amounts, including those owed for the balance of the current unexpired term of this Agreement.

Unless this Agreement expressly includes, or is later amended to include, TK Elevator Communications Phone Monitoring Service or Multimedia Monitoring Service as described in the exhibit hereto, this Agreement expressly excludes any materials, labor and/or services involving or related to either the monitoring of or provision of a response to any communications initiated from any Communication Equipment installed within the Unit(s) and Purchaser remains solely responsible for contracting with a separate vendor to monitor and respond to such communications in accordance with all applicable codes, statutes and/or laws.

You expressly agree to release and discharge us and our employees for any and all claims and/or losses of any type or kind (including but not limited to personal injury, death and property damage, specifically including damage to the property which is the subject matter of this Agreement) (1) associated with any components excluded in this Agreement or (2) associated with any Billable Work or (3) caused in whole or in part by reason(s) outside of our control. TK Elevator shall also automatically receive an extension of time commensurate with any delay in performance caused by or related to the aforementioned.

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, TK ELEVATOR EXPRESSLY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE WITH RESPECT TO ANY OR ALL OF THE PARTS, PLATFORMS (INCLUDING BUT NOT LIMITED TO CP, APP AND MAX) AND/OR SERVICES CONTEMPLATED BY THIS AGREEMENT INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND WARRANTIES THAT MAY ARISE OUT OF COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OR TRADE PRACTICE. WITHOUT LIMITATION TO THE FOREGOING, TK ELEVATOR PROVIDES NO WARRANTY OR UNDERTAKING, AND MAKES NO REPRESENTATION OF ANY KIND THAT THE PARTS, PLATFORMS AND/OR SERVICES CONTEMPLATED BY THIS AGREEMENT WILL BE ACCESSIBLE TO CUSTOMER, ACHIEVES ANY INTENDED RESULTS, MEETS CUSTOMER'S REQUIREMENTS, OPERATES WITHOUT INTERRUPTION, MEETS ANY PERFORMANCE OR RELIABILITY STANDARDS OR BE ERROR FREE OR THAT ANY ERRORS OR DEFECTS CAN OR WILL BE CORRECTED. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT WILL TK ELEVATOR OR ITS AFFILIATES, BE

LIABLE TO THE CUSTOMER OR ANY THIRD PARTY FOR ANY USE, INTERRUPTION, DELAY OR INABILITY TO USE THE UNIT(S), PARTS, PLATFORMS AND/OR SERVICES OR FOR THE ACT OF ANY THIRD PARTY RELATED THERETO, INCLUDING BUT NOT LIMITED TO THE INCORPORTATION OF A VIRUS, SPYWARE OR ANY OTHER MALICIOUS PROGRAM INTO THE PURCHASER'S SOFTWARE OR HARDWARE OR PLATFORM.

In consideration of TK Elevator performing the services herein specified, you expressly agree, to the fullest extent permitted by law, to indemnify, defend, save harmless, discharge, release and forever acquit TK Elevator Corporation, our employees, officers, agents, affiliates, and subsidiaries from and against any and all claims, demands, suits, and proceedings brought against TK Elevator, our employees, officers, agents, affiliates and subsidiaries for loss, property damage (including damage to the Unit(s) which are the subject matter of this Agreement), personal injury or death that are alleged to have been caused by the Purchaser or any others in connection with the presence, use, misuse, maintenance, installation, removal, manufacture, design, operation or condition of the Unit(s) covered by this Agreement, or the associated areas surrounding such equipment. Your duty to indemnify does not apply to the extent that the loss, property damage (including damage to the equipment which is the subject matter of this Agreement), personal injury or death is determined to be caused by or resulting from the negligence of TK Elevator and/or our employees. You recognize that your duty to defend TK Elevator under this clause is broader than your duty to indemnify and includes payment of all attorney's fees, court costs, judgments, settlements, interest and any other expenses of litigation arising out of such claims or lawsuits.

You expressly agree to name TK Elevator Corporation along with its officers, agents, affiliates and subsidiaries as additional insureds in your liability and any excess (umbrella) liability insurance policy(ies). Such insurance must insure TK Elevator Corporation, along with its officers, agents, affiliates and subsidiaries for those claims and/or losses referenced in the above paragraph, and for claims and/or or losses arising from the sole negligence or responsibility of TK Elevator Corporation and/or its officers, agents, affiliates and subsidiaries. Such insurance must specify that its coverage is primary and non-contributory. You hereby waive the right of subrogation.

In no event shall TK Elevator's liability for damages arising out of this Agreement exceed the remaining unpaid installments of the current, unexpired term of this Agreement.

You expressly agree to release and discharge TK Elevator from any and all claims for consequential, special or indirect damages arising out of the performance of this Agreement.

In the event an attorney is retained to enforce, construe or defend any of the terms and conditions of this Agreement or to collect any monies due hereunder the prevailing Party shall be entitled to recover all costs and reasonable attorney's fees.

You hereby waive trial by jury. You agree that this Agreement shall be construed and enforced in accordance with the laws of the state where the Unit(s) is/are located. You consent to jurisdiction of the courts, both state and Federal, of the state in which the Unit(s) is/are located as to all matters and disputes arising out of this Agreement.

In the event any portion of this Agreement is deemed invalid or unenforceable by a court of law, public policy or statute, such finding shall not affect the validity or enforceability of any other portion of this Agreement.

Our rights under this Agreement shall be cumulative and our failure to exercise any rights given hereunder shall not operate to forfeit or waive any of said rights and any extension, indulgence or change by us in the method, mode or manner of payment or any of its other rights shall not be construed as a waiver of any of its rights under this Agreement.

Gold Service Agreement

Acceptance

Until executed by both Parties this Agreement is a proposal that shall only remain available for acceptance for a period of sixty (60) calendar days from the date appearing on the first page of this document unless revoked by TK Elevator earlier in writing to Purchaser. Your acceptance of this Agreement and its approval by an authorized manager of TK Elevator will constitute exclusively and entirely the agreement for the services herein described. All other prior representations or agreements, whether written or verbal, will be deemed to be merged herein and no other changes in or additions to this Agreement will be recognized unless made in writing and properly executed by both Parties. Should your acceptance be in the form of a purchase order or other similar document, the provisions of this Agreement will exclusively govern the Parties' responsibilities. No agent or employee of TK Elevator shall have the authority to waive or modify any of the terms of this Agreement without the express prior written approval of an authorized TK Elevator manager.

Gold Service Agreement

Exhibit A
MAX

MAX is TK Elevator's smart, machine learning Internet of Things ("IoT") solution that has the ability to increase elevator availability and reduce out-of-service situations through real-time diagnostics. Connected 24/7/365, machine data covering topics such as door movements, trips, power-ups, car calls, and error codes is collected from MAX-connected elevators worldwide and is sent to the cloud. From there, depending on the menu of services you select below (a "Digital Service Package"), unique algorithms that are capable of analyzing that data and recognizing patterns to assist in computing the equipment's operation and providing precise and predictive diagnostics can be delivered to the technician in near real time, indicating where intervention is needed. The Digital Service Package you select will be governed by both the terms and conditions of the Agreement covering the Units described below and this MAX Exhibit and in the event that those terms conflict, the terms and conditions of this MAX Exhibit will exclusively govern the subject matter of those terms and conditions.

With MAX, we are able to offer the following Digital Service Packages with value-added features ("features") to your Agreement:

The (CHECK MARKS) below indicate which features are available in each of the individual Digital Service Packages.

Notice:
No permits or inspections by others are included in this work, unless otherwise indicated herein. Delivery and shipping is included. All work is to be performed during regular working days and hours as defined in this Work Order unless otherwise indicated herein.

Repair Work Order

Scope of Work

Solid State Starter
TK Elevator will furnish and install a solid state starter for the elevator(s) referenced above. The new starter shall have built-in protection for overload conditions, reverse phase, and loss of phase to shut down the elevator and prevent component damage unlike mechanical starting contacts which can fuse shut or operate improperly under incorrect phase/voltage conditions causing major component failure. The new starter shall be wired, adjusted, and tested for smooth operation.

Payment Terms

100% of the price set forth in this Work Order will be due and payable as an initial progress payment within 10 days from TK Elevator's receipt of a fully executed copy of this Work Order. This initial progress payment will be applied to any applicable project management, permits, engineering, drawings and material procurement. Material will be ordered once this payment is received and the parties have both executed this Work Order.

The remaining 0% of the price set forth in this Work Order and any fully executed change orders shall be due and payable at the time TK Elevator commences the work described in the Work Order. TK Elevator's receipt of this final payment is a condition precedent to TK Elevator's return of the equipment described in this Work Order to the full operation and use and Purchaser agrees to waive any and all claims to such operation and use until such time as that payment is made in full.

Purchaser agrees that TK Elevator shall have no obligation to complete any steps necessary to provide Purchaser with full use and operation of the affected elevator(s) until such time as TK Elevator has been paid 100% both of the price reflected in this Work Order and for any other work performed by TK Elevator or its subcontractors in furtherance of this Work Order. Purchaser agrees to waive any and all claims to the turnover and/or use of that equipment until such time as those amounts are paid in full. TK Elevator reserves the right to assign payments owed to TK Elevator under this Work Order.

Repair Work Order

Terms and Conditions

TK Elevator does not assume any responsibility for any part of the vertical transportation equipment other than the specific components that are described in this Work Order and then only to the extent TK Elevator has performed the work described above.

No work, service, examination or liability on the part of TK Elevator is intended, implied or included other than the work specifically described above. It is agreed that TK Elevator does not assume possession or control of any part of the vertical transportation equipment and that such remains Purchaser's exclusively as the owner, lessor, lessee, possessor, or manager thereof.

Unless otherwise stated herein, TK Elevator's performance of this Work Order is expressly contingent upon Purchaser securing permission or priority as required by all applicable governmental agencies and paying for any and all applicable permits or other similar documents.

It is agreed that TK Elevator's personnel shall be given a safe place in which to work. TK Elevator reserves the right to discontinue its work in the location above whenever, in its sole opinion, TK Elevator believes that any aspect of the location is in any way unsafe until such time as Purchaser has demonstrated, at its sole expense, that it has appropriately remedied the unsafe condition to TK Elevator's satisfaction. Unless otherwise agreed, it is understood that the work described above will be performed during regular working days and hours which are defined as Monday through Friday, 8:00 AM to 4:30 PM (except scheduled union holidays). If overtime is mutually agreed upon, an additional charge at TK Elevator's usual rates for such work shall be added to the price of this Work Order.

In consideration of TK Elevator performing the work described above Purchaser, to the fullest extent permitted by law, expressly agrees to indemnify, defend, save harmless, discharge, release and forever acquit TK Elevator, its employees, officers, agents, affiliates, and subsidiaries from and against any and all claims, demands, suits, and proceedings made or brought against TK Elevator, its employees, officers, agents, affiliates and subsidiaries for loss, property damage (including damage to the equipment which is the subject matter of this Work Order), personal injury or death that are alleged to have been caused by Purchaser or any others in connection with the presence, use, misuse, maintenance, installation, removal, manufacture, design, operation or condition of the vertical transportation equipment that is the subject of this Work Order, or the associated areas surrounding such equipment. Purchaser's duty to indemnify does not apply to the extent that the loss, property damage (including damage to the equipment which is the subject matter of this Work Order), personal injury or death is determined to be caused by or resulting from the negligence of TK Elevator and/or its employees. Purchaser recognizes, however, that its obligation to defend TK Elevator and its employees, officers, agents, affiliates and subsidiaries under this clause is broader and distinct from its duty to indemnify and specifically includes payment of all attorney's fees, court costs, interest and any other expenses of litigation arising out of such claims or lawsuits.

Purchaser expressly agrees to name TK Elevator along with its officers, agents, affiliates and subsidiaries as additional insureds in Purchaser's liability and any excess (umbrella) liability insurance policy(ies). Such insurance must insure TK Elevator, along with its officers, agents, affiliates and subsidiaries for those claims and/or losses referenced in the above paragraph, and for claims and/or or losses arising from the negligence or legal responsibility of TK Elevator and/or its officers, agents, affiliates and subsidiaries. Such insurance must specify that its coverage is primary and non-contributory. Purchaser hereby waives the right of subrogation.

TK Elevator shall not be liable for any loss, damage or delay caused by acts of government, labor, troubles, strikes, lockouts, fire, explosions, theft, riot, civil commotion, war, malicious mischief, acts of God, or any cause beyond its control. TK Elevator Corporation shall automatically receive an extension of time commensurate with any delay regarding the work called for in this Work Order.

Should loss of or damage to TK Elevator's material, tools or work occur at the location that is the subject of this Work Order, Purchaser shall compensate TK Elevator therefor, unless such loss or damage results solely from TK Elevator's own acts or omissions.

If any drawings, illustrations or descriptive matter are furnished with this Work Order, they are approximate and are submitted only to show the general style and arrangement of equipment being offered. Work Order.

Purchaser shall bear all cost(s) for any reinspection of TK Elevator's work due to items outside the scope of this Work Order or for any inspection arising from the work of other trades requiring the assistance of TK Elevator.

Purchaser expressly agrees to waive any and all claims for consequential, special or indirect damages arising out of the performance of this Work Order and specifically releases TK Elevator from any and all such claims.

A service charge of 1.5% per month, or the highest legal rate, whichever is less, shall apply to delinquent accounts. In the event of any default of any of the payment provisions herein, Purchaser agrees to pay, in addition to any defaulted amount, any attorney fees, court costs and all other expenses, fees and costs incurred by TK Elevator in connection with the collection of that defaulted amount.

Purchaser agrees that this Work Order shall be construed and enforced in accordance with the laws of the state where the vertical transportation equipment that is the subject of this Work Order is located and consents to jurisdiction of the courts, both state and Federal, of that as to all matters and disputes arising out of this Work Order. Purchaser further agrees to waive trial by jury for all such matters and disputes.

The rights of TK Elevator under this Work Order shall be cumulative and the failure on the part of the TK Elevator to exercise any rights given hereunder shall not operate to forfeit or waive any of said rights and any extension, indulgence or change by TK Elevator in the method, mode or manner of payment or any of its other rights shall not be construed as a waiver of any of its rights under this Work Order.

In the event any portion of this Work Order is deemed invalid or unenforceable by a court of law, such finding shall not affect the validity or enforceability of any other portion of this Work Order.

This Work Order shall be considered as having been drafted jointly by Purchaser and TK Elevator and shall not be construed or interpreted against either Purchaser or TK Elevator by reason of either Purchaser or TK Elevator's role in drafting same.

In the event Purchaser's acceptance of the work called for in this Work Order is in the form of a purchase order or other kind of document, the provisions, terms and conditions of this Work Order shall exclusively govern the relationship between TK Elevator and Purchaser with respect to the work described herein.

Repair Work Order

Acceptance

This Work Order is submitted for acceptance within 30 days from the date executed by TK Elevator.

Purchaser's acceptance of this Work Order will constitute exclusively and entirely the agreement for the work herein described. All prior representations or agreements regarding this work, whether written or verbal, will be deemed to be merged herein, and no other changes in or additions to this Work Order will be recognized unless made in writing and properly executed by both parties. No agent or employee of TK Elevator shall have the authority to waive or modify any of the terms of this Work Order without the written approval of an authorized TK Elevator manager.

This Work Order specifically contemplates work outside the scope of any other contract currently in effect between the parties; any such contract shall be unaffected by this Work Order.

To indicate acceptance of this work order, please sign and return one (1) original of this agreement to the branch address shown below. Upon receipt of your written authorization and required materials and/or supplies, we shall implement the work called for in this Work Order.

Gold Service Agreement

Exhibit C

TK Elevator Communications

TK Elevator offers an additional suite of services through our TK Elevator Communications call center separate and apart from those services included with your Agreement. We have notated below each additional TK Elevator Communications Service that you have selected for each of the Units covered under your Agreement and the corresponding total price per month of those services per Unit.

Building Name	Equipment Type	Nickname	Phone Monitoring	Elevator Telephone #
St Martin High School	Hydraulic	HYDRO #1	Current Selection	

Elevator telephone # is not required on units with MAX Link selected.

A description of each available TK Elevator Communications service and the additional applicable terms and conditions follow.

Phone Monitoring Service
"Phone Monitoring" is selected for specific Units in the chart above and we will provide 7 days per week, 24 hours per day, 365 days per year dispatching service, through its centralized TK Elevator Communications call center, for those specified units. The dispatching service will be provided for calls placed by Purchaser outside of Regular Time to the local TK Elevator branch office. We will also include telephone monitoring on all Units maintained under this Agreement that have operational telephone equipment capable of placing a call to that call center. Depending on the nature of the call and circumstances, TK Elevator's operators can call one or more of the following: Purchaser's Designated Contacts set forth below; Local Emergency Services at phone numbers provided by Purchaser below; and/or a local TK Elevator service technician to be dispatched to the location of the equipment. Calls cannot be placed to "9-1-1" as the centralized TK Elevator Communications call center does not have dialing access to local "9-1-1" numbers.

This Phone Monitoring Service specifically excludes any maintenance, repair or replacement of any type or kind of the Purchaser's telephone or other communication equipment. The Purchaser retains exclusive possession and control of its telephone and other communication equipment and is solely responsible for ensuring uninterrupted operation of that equipment so that it is continuously capable of placing a call to TK Elevator Communication's call center.

Terms and Conditions
Any of the services mentioned in this Exhibit shall be governed by both the terms and conditions of the Agreement covering the Unit(s) described in that Agreement and the terms and conditions of this Exhibit and in the event that those terms conflict, the terms and conditions of this Exhibit will exclusively govern the subject matter of those terms and conditions. Should the Agreement covering the Unit(s) be terminated for any reason by either Party then this Exhibit shall also be automatically terminated. In the event that this Exhibit is terminated for whatever reason, Purchaser agrees to immediately both transfer the connection of the communication equipment to an appropriate telephone service provider and also make arrangements with its replacement elevator service vendor to reprogram the communication equipment to initiate contact with a replacement call center.

Price
In light of the modifications to Agreement set forth above, you agree to an additional price of $0.00 per month which will be billed to you separately from the price of the Agreement (the "TK Elevator Communications Services Charge"). The cost of your selected TK Elevator Communications Services is not subject to any discounts.

Gold Service Agreement

TK Elevator Communications Contact Information - To Be Completed by Purchaser

Purchaser hereby acknowledges that as a condition precedent to TK Elevator's placement of calls to Purchaser's Designated Contacts and any Local Emergency Services under this Agreement, Purchaser must first complete all sections of the TK Elevator communications Contact Information section below. Purchaser further acknowledges that it is Purchaser's sole responsibility to advise TK Elevator immediately in writing of any changes to the information contained in this exhibit during the term of this Agreement. Purchaser acknowledges that no revision to that information will be made without TK Elevator first receiving such request in writing from Purchaser's authorized representative.

Under those circumstances where TK Elevator is unable to reach Purchaser's Designated Contacts, Purchaser hereby gives TK Elevator express permission to dispatch a TK Elevator service technician to the location of the equipment at Purchaser's expense in accordance with TK Elevator's applicable billing rates. Purchaser further agrees that TK Elevator does not assume any duty or responsibility to advise any caller, regardless of his or her location within or outside the elevator, to take or not take any specific action resulting from a medical or other emergency or any other situation including, but not limited to, entrapment of persons, evacuation, repair or return to service of any equipment.

In the event of an emergency, or perceived emergency, one or more of the following are to be Purchaser's Designated Contacts:

Contact Name	Title	Primary Telephone #	Secondary Telephone #

In the event of an Emergency or perceived emergency, TK Elevator has the express permission to contact one or more of the following **(911 is not sufficient, local phone numbers are required)**:

Police Department: (_____) _____-_____

Fire Department: (_____) _____-_____

Special instructions/remarks:

_____

In the event that a TK Elevator call center operator perceives that a call from within the elevator constitutes a medical or other emergency, Purchaser hereby gives TK Elevator the express permission to call Local Emergency Services at the telephone numbers provided above at TK Elevator's sole discretion. Under those circumstances, Purchaser agrees to pay all related charges for services provided by any Local Emergency Services in response to that call. Purchaser agrees that TK Elevator shall not be responsible for ensuring an appropriate (or any) response by Local Emergency Services to that call.

Exhibit "A"

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS St. Martin High School is a school in the Jackson County School District, a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to the Agreement between the Jackson County School District and TK Elevator Corporation regarding the Gold Service Agreement and Repair Order for the Hydro #1 elevator (OEM Serial #EAH049) located at St. Martin High School as follows:

1. Term/No Automatic Renewal: There shall be no automatic renewals. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties.

4. Indemnity: To the extent prohibited by applicable law, the Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The State and Federal Courts of the State of Mississippi shall have exclusive jurisdiction of any disputes between the parties and the venue of such disputes shall be in Jackson County, Mississippi. Further, any entity which contracts with the Jackson County School District submits to the personal jurisdiction of the Courts of Jackson County, Mississippi.

6. No waiver of Warranties: To the maximum extent required under Mississippi law, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: To the maximum extent required under Mississippi law, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: To the maximum extent required under Mississippi Law, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: As between TK Elevator Corporation and Jackson County School District, even if not specifically provided for herein, the terms, conditions and provisions of the Gold Service Agreement and the Repair Work Order contained therein, including the Repair Work Order Terms and Conditions (Pgs. 1-19) (Dated May 23, 2024), as well as any other document and/or documents that become a part of the agreement between the parties are hereby amended and modified, where necessary and applicable and to the extent necessary to comply with Mississippi law as set forth in the Mississippi Code of 1972, as amended, and as interpreted by the Mississippi Attorney General and the Mississippi Supreme Court.

Re: Swetman Security Quote for Fiscal Year 2024-2025

After reviewing the attached quote from Swetman Security, we are requesting the School Board to approve moving forward with this company for fiscal year 2024-2025.

Although the price has increased from $137,097.00- to $143,820.00, we find this to be reasonable with the fluctuation of gas prices and vehicle maintenance. In honorable mention this company made an error in calculation last year and honored their quote at a loss of approximately $ 7,704.35.

RE: SMHS HVAC UPGRADES

Jackson County School District Board of Education,

I am writing to request your permission to allow Machado/Patano, PLLC to design and oversee the additional HVAC upgrades at St. Martin Hight School. In addition to the current project, we have additional ESSER III-HVAC funds that will allow us to move forward with replacing additional city multi units in the high school.

I ask that you would please carefully consider this request.

Thank you for your consideration,

PLEASE READ THESE TERMS CAREFULLY. BY SIGNING THIS ACCEPTANCE AGREEMENT, YOU ACKNOWLEDGE THAT YOU HAVE READ, AND THAT YOU UNDERSTAND AND AGREE TO BE BOUND BY, THESE TERMS.

OMNIA PARTICIPATING PUBLIC AGENCIES TERMS

1. **Participating Public Agencies:** Cintas Corporation No. 2 ("Cintas") agrees to extend the same terms, conditions, and covenants agreed to under the OMNIA Vendor Agreement executed between Cintas and University of Nebraska (the "Master Agreement") to other government agencies ("Participating Public Agencies") that, in their discretion, desire to access the Master Agreement in accordance with all terms and conditions contained herein or attached hereto. Each Participating Public Agency will be exclusively responsible and deal directly with Cintas on matters relating to length of agreement, ordering, delivery, inspection, acceptance, invoicing, and payment for products and services in accordance with the terms and conditions of the Master Agreement. By executing this Acceptance Agreement, the Customer identified on Page 1 herein agrees to be bound by the terms and conditions set forth in the Master Agreement as a Participating Public Agency and the terms and conditions set forth in this Acceptance Agreement. Master Agreement available at https://www.omniapartners.com/publicsector.
2. **Dispute Resolution – Arbitration and Class Waiver:** This provision shall take precedence over and supersede any contrary or conflicting provision in the Master Agreement.
   a. **Arbitration Notice:** Customer agrees to the maximum extent permitted by law that any dispute, controversy, or claim arising out of or relating to this Acceptance Agreement (including its enforcement, performance, breach, arbitrability, or interpretation) or to the products or services provided hereunder will be submitted to and resolved by final and binding individual arbitration. ARBITRATION MEANS THAT AN ARBITRATOR, AND NOT A JUDGE OR A JURY, WILL DECIDE THE DISPUTE, CONTROVERSY, OR CLAIM. BY ACCEPTING THESE TERMS, YOU AND CINTAS ARE EACH EXPRESSLY WAIVING THE RIGHT TO A TRIAL BY JURY AND TO PURSUE OR PARTICIPATE IN ANY CLASS ACTION, COLLECTIVE ACTION, OR REPRESENTATIVE CLAIMS OR PROCEEDINGS EITHER IN ARBITRATION OR IN ANY COURT. To the extent a class or collective action or representative claim or proceeding may not be waived, you agree to stay any such actions, claims, and proceedings until after all actions, claims, and proceedings subject to arbitration are fully resolved.
   b. **Arbitration Procedures:** Any arbitration between Customer and Cintas will be governed by the Commercial Dispute Resolution Procedures and the Supplementary Procedures for Consumer Related Disputes (collectively, "AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Acceptance Agreement, and will be administered by the AAA. The AAA Rules and filing forms are available online at www.adr.org, by calling the AAA at 1-800-778-7879, or by contacting Cintas. Any arbitration hearings will take place in the state in which Customer is located; provided, however, that if the claim is for $10,000 or less, Customer may choose for the arbitration instead to conducted: (i) solely on the basis of documents submitted to the arbitrator; or (ii) through a telephonic hearing. The arbitrator must issue a reasoned written decision sufficient to explain the essential findings and conclusions on which the decision and award, if any, are based.
   c. **Fees:** Arbitration fees will be assessed consistent with the AAA Rules.
   d. **No Class Actions in Arbitration or in Any Court, No Jury Trial:** CUSTOMER AND CINTAS AGREE THAT, TO THE MAXIMUM EXTENT PERMITTED BY LAW, EACH MAY BRING CLAIMS AGAINST THE OTHER ONLY IN THEIR INDIVIDUAL CAPACITIES AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING, WHETHER IN ARBITRATION OR IN ANY COURT. FURTHER, UNLESS BOTH CUSTOMER AND CINTAS AGREE OTHERWISE, AN ARBITRATOR OR JUDGE MAY NOT CONSOLIDATE MORE THAN ONE PARTICIPATING PUBLIC AGENCY'S CLAIMS AND MAY NOT OTHERWISE PRESIDE OVER ANY FORM OF A REPRESENTATIVE OR CLASS PROCEEDING.

      FOR THE AVOIDANCE OF DOUBT, CUSTOMER AND CINTAS AGREE TO RESOLVE ANY DISPUTE ON AN INDIVIDUAL, NON-REPRESENTATIVE, NON-CLASS BASIS IN ARBITRATION, BUT IF FOR ANY REASON SUCH DISPUTE PROCEEDS IN COURT, CUSTOMER AND CINTAS AGREE TO WAIVE ANY RIGHT TO HAVE THE DISPUTE PROCEED AS A CLASS ACTION OR IN ANY REPRESENTATIVE CAPACITY WHATSOEVER. IF THE DISPUTE PROCEEDS IN COURT, CUSTOMER AND CINTAS AGREE TO WAIVE ANY RIGHT TO A TRIAL BY JURY.
   e. **Enforceability:** If the requirement to submit any and all disputes, controversies, and claims to binding arbitration is found to be unenforceable or contrary to applicable law, the dispute, controversy or claim will be resolved in accordance with, and governed by, the laws of the State in which the Participating Public Agency exists.
   f. **Severability:** If any section or provision of this ¶ 2, Dispute Resolution – Arbitration and Class Waiver, is found to be unenforceable or invalid, the parties will substitute an enforceable provision that, to the maximum extent possible under applicable law, preserves the original intentions of the parties, and the remainder will be given full force and effect.
3. **Dispute Resolution – Timing of invoice challenges:** Requests for an invoice adjustment or challenges to invoice amounts must be received by Cintas within 60 days of Customer's receipt of the contested invoice, or any billing dispute is waived. Notification to Cintas of a request for an invoice adjustment must be made in writing and must include the invoice number, disputed amount, and the reason for the disputed charge.
4. In the event of any conflict between this Acceptance Agreement and the Master Agreement, the Master Agreement shall prevail, except to the extent this Acceptance Agreement specifically provides that it is superseding a provision in the Master Agreement.

CINTAS GENERAL SERVICE TERMS SECTION

1. **Prices:** Customer agrees to rent from Cintas, and Cintas agrees to provide to Customer, all of Customer's requirements for uniform rental products and services at the prices listed in the Master Agreement, including annual price adjustments. An amendment to this Acceptance Agreement is not required when pricing in the Master Agreement is updated and adjusted. There will be a minimum charge of thirty-five dollars ($35.00) or 50% of initial invoice (whichever is greater) per delivery (the "Minimum Stop Charge") for each Customer location required to purchase its rental services from Cintas as set forth in this Acceptance Agreement. The Minimum Stop Charge shall supersede any conflicting or different term in the Master Agreement.
2. **Buyback of Non-Standard Garments:** Customer has ordered from Company a garment rental service requiring garments that may not be standard to Company's normal rental product line or include direct embroidery or an unusual emblem placement. Non-standard items will also include standard garments that have been embroidered. Those non-standard products will be designated as such under Garment Description in the Uniform Product Rental Pricing Chart(s). In the event the Customer deletes a non-standard product, alters the design of the non-standard product, fails to renew the Agreement, or terminates the Agreement in whole or in part for any reason, the Customer agrees to buy back all remaining non-standard products allocated to Customer that the Company has in service and out of service at the then current Loss/Damage Replacement Values.
3. **Garments' Lack of Flame Retardant or Acid Resistant Features:** Unless specified otherwise in writing by Cintas, the garments supplied under this Acceptance Agreement are not flame retardant or acid resistant and contain no special flame retardant or acid resistant features. They are not designed for use in areas of flammability risk or where contact with hazardous materials is possible. Flame resistant and acid resistant garments are available from Cintas upon request. Customer warrants that none of the employees for whom garments are supplied pursuant to this Acceptance Agreement require flame retardant or acid resistant clothing.
4. **Logo Mats:** In the event that Customer decides to delete any mat bearing the Customer's logo (Logo Mat) from the rental program, changes the design of the Logo Mats, terminates this Acceptance Agreement for any reason or fails to renew this Acceptance Agreement, the Customer will purchase at the time of deletion, design change or termination, all remaining Logo mats that Cintas has in service and out of service held in inventory at the then current Loss/Damage Replacement Value.
5. **Adding Employees:** Additional employees and merchandise may be added to this Acceptance Agreement at any time upon written or oral request by the Customer to Cintas. Any such additional employees or merchandise shall automatically become a part of and subject to the terms of this Acceptance Agreement. If such employees are employed at a Customer location that is then participating under this Acceptance Agreement, the Customer shall pay Cintas the one-time preparation fee indicated on the Master Agreement and / or outlined above. Customer shall not pay Cintas any one-time preparation fee for garments for employees included in the initial installation of a Customer location. There will be a one-time charge for name and/or company emblems when employees are added to the program in garments requiring emblems.
6. **Emblem Guarantee:** If Customer has requested that Cintas supply emblems designed exclusively for Customer featuring Customer's logo or other specific identification (hereinafter "Customer Emblems"), Cintas will maintain a sufficient quantity of Customer Emblems in inventory to provide for Customer's needs and maintain a low cost per emblem through quantity purchases.

   In the event Customer decides to discontinue the use of Customer Emblems, changes the design of the Customer Emblems, terminates this Acceptance Agreement for any reason or fails to renew this Acceptance Agreement, the Customer will purchase at the time of deletion, design change, termination or expiration, all remaining Customer Emblems that Cintas allocated to Customer at the price indicated on the Master Agreement and / or outlined above of this Acceptance Agreement. In no event shall the number of Customer Emblems allocated to Customer exceed the greater of (a) twelve (12) months' volume for each unique Customer Emblem or (b) a quantity agreed to by Cintas and Customer and noted on the Master Agreement and / or outlined above.
7. **Terminating Employees:** Subject to the provisions of this Acceptance Agreement, the weekly rental charge attributable to any individual leaving the employ of the Customer, or on a temporary leave of absence of three (3) weeks or more, shall be terminated upon oral or written notice by the Customer to Cintas but only after all garments issued to that individual, or value of same at the then current Loss/Damage Replacement Values, are returned to Cintas.
8. **Replacement:** In the event any merchandise is lost, stolen or is not returned to Cintas, or is destroyed or damaged by fire, welding damage, acid, paint, ink, chemicals, neglect or otherwise, the Customer agrees to pay for said merchandise at the then current Loss/Damage Replacement Values.
9. **Additional Customer Locations:** Notwithstanding anything to the contrary contained herein, there will be a minimum term equal to the greater of thirty-six (36) months or the remainder of the Term for any individual Customer location added after the date of this Acceptance Agreement.

10. **Additional Items:** Additional Customer employees, products and services may be added to this Acceptance Agreement and shall automatically become a part of and subject to the terms hereof and all of its provisions. If this Acceptance Agreement is terminated early for convenience, the parties agree that the damages sustained by Cintas will be substantial and difficult to ascertain. Therefore, if this Acceptance Agreement is terminated by Customer prior to the applicable expiration date for any reason other than documented quality of service reasons which are not cured, or terminated by Cintas for non-payment by Customer at any time Customer will pay to Cintas, as termination charges and not as a penalty based upon the following schedule:
    - If this Acceptance Agreement is cancelled for convenience in the first twelve months of the term, Customer shall pay as termination charges equal to 52 weeks of rental service.
    - If this Acceptance Agreement is cancelled for convenience in months thirteen (13) through twenty-four (24) of the term, Customer shall pay as termination charges equal to thirty-nine (39) weeks of rental service.
    - If this Acceptance Agreement is cancelled for convenience in months twenty-five (25) through thirty-six (36) of the term, Customer shall pay as termination charges equal to twenty-six (26) weeks of rental service.
    - If this Acceptance Agreement is cancelled for convenience after forty-eight (48) months of service, Customer shall pay as termination charges of thirteen (13) weeks of rental service.
    - Customer shall also be responsible to return all of the merchandise allocated to such Customer locations terminating this Acceptance Agreement at the then current Loss/Damage Replacement Values and for any unpaid charges on Customer's account prior to termination.
11. **No Federal Contractor:** As a material condition of this Agreement, Customer represents and warrants that: (a) this Agreement is not federally funded; (b) this Agreement does not constitute, and is not entered into to support a federal government contract, subcontract or third party contract; (c) Cintas does not hereby become a subrecipient, subgrantee, project participant, or third party contractor or subcontractor in relation to any contract with the federal government; and (d) by entering this Agreement, Cintas does not become obligated to comply with federal regulations or federal laws (including specifically the Service Contact Act), whether by virtue of such obligation flowing down from a contract between Customer and any third party, by virtue of federal funding being used in relation to this project, or otherwise. In the event that any of the foregoing is or becomes untrue, Cintas shall have the option to unilaterally terminate this Agreement.
12. **Prevailing Wage/Living Wage:** Customer represents and warrants that this agreement is not subject to laws pertaining to prevailing wages, living wages, or other wage and/or benefit requirements established by law ("Wage Statutes"). Customer agrees and acknowledges that it will not attempt to enforce any Wage Statutes in relation to this agreement and Customer hereby waives and releases Cintas from any and all fines, penalties, interest, or other costs, expenses, or charges of any type imposed by any federal, state, or local authority in relation to Cintas's failure to satisfy any such Wage Statute in relation to agreement.
13. **Customer Type:** Customer must select the appropriate response below:
    Is Customer a United States federal government agency or instrumentality?
    ☑ Yes ☐ No
    (If Yes, Customer must provide any applicable U.S. government flowdown terms and conditions, which will only be binding on Cintas if attached hereto and agreed to by Cintas prior to execution of this Acceptance Agreement).
14. **Customer Funding Source:** Customer must select the appropriate response below:
    Will Customer pay for the goods and services ordered under this Acceptance Agreement with any United States government funds?
    ☑ Yes ☐ No
    (If Yes, Customer must provide any applicable U.S. government flowdown terms and conditions, which will only be binding on Cintas if attached hereto and agreed to by Cintas prior to execution of this Acceptance Agreement).
15. **Additional Terms:** Customer must select the appropriate response below:
    Does Customer require any additional terms and conditions to be incorporated into this Acceptance Agreement, or is Customer accepting the Agreement without additional terms?
    ☑ Yes, additional terms required
    ☐ No additional terms needed
    (If Yes, Customer must provide any applicable additional terms and conditions, which will only be binding on Cintas if attached hereto and agreed to by Cintas prior to execution of this Acceptance Agreement).
16. I authorize Cintas to verify my credit on Credit.net and/or by contacting the parties provided. I am authorized to sign on behalf of this company. In addition, I authorize Cintas to open a new account on behalf of the company and deliver the products or services listed above at the agreed upon pricing and delivery terms.

The Jackson County School District Standard Contract Addendum attached hereto as Exhibit "A" is hereby incorporated into the Agreement between the parties.

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS the Jackson County School District is a political subdivision of the State of Mississippi, and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Cintas Corporation, does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to the agreement between the parties regarding Contract Number 211086731, (Dated 05/06/2024; Pgs. 1-6) as follows:

1. Term/No Automatic Renewal: Unless otherwise specified in the contract, the term of the contract or any renewal thereof shall only be for the current school year to which the agreement applies. There shall be no automatic renewals and if the contract does extend past that date, such contract will not be void but shall be voidable at the discretion of the School Board. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

Exhibit "A"

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties. Nothing in the contract between the parties shall be interpreted to abridge, modify or reduce any of the defenses provided to the Jackson County School District by case law and/or statutes of the state of Mississippi.

4. Indemnity: The Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The Courts of the State of Mississippi shall have exclusive jurisdiction of any dispute between the parties and the venue of said disputes shall be in Jackson County, Mississippi. Further, any entity or business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: Notwithstanding any provisions to the contrary, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: Notwithstanding any provision to the contrary that may be found in the contract, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect. Further, any provision seeking to limit damages of the contracting party to the contract price or some other amount shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: Notwithstanding any provision and/or language of the contract to the contrary, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: Even if not specifically provided for herein, the terms, conditions and provisions of the Cintas Corporation Contract Number 211086731 (Dated 05/06/2024; Pgs. 1-6) and the Multi-Location Agreement Contract Number

211011348 and OMNIA National Contract Number 211011196 included therein, as well as any other attendant documents incorporated into the agreement between the parties are hereby amended and modified, where necessary and applicable and to the extent necessary to comply with Mississippi law as set forth in the Mississippi Code of 1972, as amended, and as interpreted by the Mississippi Attorney General and the Mississippi Supreme Court.

AGREEMENT BETWEEN SCHOOL DISTRICTS FOR NON-PAYMENT OF MAINTENANCE FUNDS & TUITION FOR TRANSFER STUDENTS

WHEREAS, the Mississippi Legislature passed Senate Bill No. 2649 during its Regular Session, 1997; and,

WHEREAS, Senate Bill 2649 amended Section 37-151-93, Mississippi Code Annotated (1972), to require an agreement for payment or non-payment of maintenance funds and the amounts of any tuition charged; and,

WHEREAS, the Hancock County School District and the Jackson County School District now desire to adopt an agreement to comply with this requirement.

IT IS NOW, THEREFORE, agreed as follows:

41. That this agreement shall be effective from and after passage by both affected school boards, effective upon the first day of the 2024 - 2025 school year, and shall terminate June 30, 2025, but may be renewed upon the joint action of the parties hereto.

42. That the Boards of Trustees agree that the amount of local maintenance funds to which they deem fair and equitable in support of a transferred student shall be $0 and NO/100. Such funds do not exceed the "base student cost" as defined in Section 37-151-5, Mississippi Code of 1972, multiplied by the number of such legally transferred students.

43. The amount(s) of any tuition charged to any transfer student shall be $1,500.00 per student to attend the Hancock County School District; and N/a per student to attend the Jackson County School District.

44. That the terms of this agreement shall be spread upon the minutes of both of the affected school boards.

2. **Use of Facility**: Subject to the terms specified herein, including the terms of the applicable addendum referenced above, the City of Biloxi agrees to rent to Renter the facility specified above (the **"Facility"**), for a one-time Event on the Date and Time stated above for the number of Estimated Guests specified above (the "**Event**"), and under the terms and conditions outlined in this Contract. Renter, its agents and invitees, and Caterer (if applicable) shall be restricted to using only the Facility and the areas specified in Section 3 as well as the entrance and applicable parking (collectively the **"Premises"**) and shall not be allowed access to other areas of the Facility not specified as part of the Premises. This Contract is non-exclusive and the City shall have the right to rent other areas of Facility during the same date and time as the Event.

3. **Premises**: Renter shall have use of the following spaces in the Facility:

   Specify Room(s): __Full Ballroom Access to include foyer, green room, kitchen, and dressing rooms.

   Specify Other Area(s): __Load In- Friday March 21st , 8am-5pm, any additional hours available at $100 per hour and MUST be scheduled in advance

4. **Facility Rental Charges**: Renter shall pay the following amounts to City:

   $ __$waived_ - Facility Damage Deposit (due at booking/ Friday May 31, 2024)
   $ __$1,500 __ - Facility Rental Fee (due 30 days prior to event date/ February 22, 2025)
   $ ___$TBD__ - Staffing / Miscellaneous Charges (due 30 days prior to event date; February 22, 2025)

   2245

   Renter shall pay all fees no later than the following time frames:

   A. **Facility Damage Deposit: $ [_waived_] Deposit of Facility Damage Deposit Fee**
      a. **– Due at booking; On or before Friday May 31, 2024**
      The Facility Damage Deposit is in addition to the Facility Rental Fee.

   B. **Facility Rental Fee: $ [__1500__] Estimated Facility Rental Fee**
      a. **– Due 30 days prior to Event Date, FEBRUARY 22, 2025**
      Facility Rental Fee is due in advance of the Event and must be PAID no later than **30** days prior to Event Date, unless specified otherwise by the Booking Manager. Any additional fees incurred will be deducted from the Damage Deposit, then billed to the Renter once the event has concluded.

   C. **Staffing/Miscellaneous ("Other Charges"): $ [___TBD__]**
      - **– Due 15 days prior to Event Date, FEBRUARY 22, 2025**

      Fees for staffing and other charges under this section shall be estimated and PAID no later than **30** days prior to the Event and shall be in addition to the applicable Facility Rental Fee and Facility Damage Deposit. Following the Event Date, the actual amount of the Other Charges will be reconciled. Any amounts due and owing shall be paid immediately following the Event.

5. **Timing of Payments and Late Fees:** Payment shall be made as specified in Section 4 of this Contract. In the event that any amount due by Renter to the City is paid late (but not more than 10 days following the time period in accordance with Section 4), Renter will pay a late fee of ten percent (10%) of the outstanding amount due to City. Such late fee shall be paid immediately.

6. **Parking:** On the Event Date during the time periods set forth above Renter shall be entitled to use the parking spaces for the Facility identified in this Contract. For the purpose of this Contract, such spaces shall be made available to Renter at no additional cost to Renter unless otherwise specified.

7. **Cancellation by Renter:** Once the Renter has paid the Facility Damage Deposit, Renter may cancel this contract by giving written notice to the City. If such notice is received not less than 90 days in advance of the Event Date, the City will refund to Renter prepaid amounts, if any. Any cancellations by Renter less than 90 days prior to the Event will result in the forfeiture of the Facility Damage Deposit and, possibly, other prepaid amounts to be determined by the Booking Manager. Upon cancellation by Renter to City, City shall have the right to re-let the Facility to another party and shall have no further obligation to Renter under this contract.

8. **Cancellation by City**:

   A. If any amount due as specified in Section 4 is not paid within ten (10) days after the due date specified in Section 4, then the City may cancel the date and Renter must reapply if they still wish to rent the facility ("Payment Default"). City has no obligation to give notice of a Payment Default. If Renter meets payment obligations, but fails to adhere to any obligations specified in this Contract ("Non-Payment Default"), then City will notify Renter of the Non-Payment Default. Should more than one Non-Payment Default occur, City may cancel the agreement immediately. Upon cancellation pursuant to this section, City will retain the prepaid Deposit and any other amounts specified in Section 4 will be non-refundable. Upon cancellation by City pursuant to this section, City shall have the right to re-let the Facility to another party and shall have no further obligation to Renter under this contract.

   B. City may cancel this contract in the event that the Facility is destroyed either wholly or partially by fire, water, natural disaster or other such event that, in the opinion of the City, would prevent the scheduled event from safely taking place. In the event that City cancels this contract for reasons stated in this subsection 8(B), this contract shall be terminated and/or rescheduled, any Facility Rental Charges paid to City shall be returned to Renter. Except for the return of the Facility Rental Charges, City shall have no further obligations to Renter.

9. **Liability and Indemnification**:
   A. Renter is required to review and agree to the City's Assumption of Risk, Indemnity and Compliance with Rules addendum.
   B. With respect to any claims related to property damage or personal injury or the like arising out of the use of the Facility, Premises or parking areas, Renter will defend (by counsel acceptable to City), pay, indemnify and hold harmless City, its agents and employees, from and against any of the following: all claims, demands, fines, suits, actions, proceedings, orders, decrees, judgments, costs and expenses incurred by City that result from or in connection with any accident, injury, death, property damage arising out of or from or on account of any occurrence in, upon, at or about the Facility, Premises or parking areas from the time Renter enters upon the Premises, during the course of the Event and following the Event involving Renter, any guests, invitees and/or the Caterer (if applicable) whether upon the Premises or that may occur off the Premises. Renter shall retain all risk of loss with respect to any of Renter's property located on or about the Facility.
   C. Section 9(B) shall be limited only with respect to claims caused by City's sole gross negligence or willful acts.

2246

10. **City's Rights**: City reserves the right to take possession of the Facility and evict Renter, guests, and all other invitees if, in City's discretion, such action is necessary to protect persons or property. In addition, City reserves the right to establish reasonable rules and regulations governing the Facility and Premises for Renter, guests and all other lessees of the Facility. Such rules and regulations are considered part of this Contract and failure to adhere to it will allow City to terminate the agreement pursuant to Section 8(A).

11. **Music**: Renter is not restricted in the choice of music played at the Facility. However, City reserves the right to regulate the volume and content of music played at the Facility if, in City's discretion, the volume and content are determined to be disruptive. Such noise levels must be in compliance with all applicable and related Biloxi ordinances. Noise permits for outdoor events are available and issued by the Biloxi Police Department.

12. **Smoking**: There is a No Smoking policy for all indoor areas of the Facility, which includes, but is not limited to e-cigs, vapes, juuls, etc.

13. **Delivery and Storage:** Delivery and receipt of Renter's (or Renter's agents, vendors or invitees) equipment, decorations or any other material to and from the Facility is the responsibility of Renter. City does not guarantee or take responsibility for receipt, storage or transfer of such items unless specified in a separate written agreement executed by an authorized representative of City.

14. **Permits:** Renter shall be responsible for obtaining any and all permits as may be required related to the Event. Failure to obtain said permits shall be grounds for the City to terminate the Contract.

15. **Cleaning, Repairs and Maintenance**: City shall clean the Facility prior to the Time of Event so that the Facility is adequately clean and presentable for the purposes of the Event. The standard of cleanliness shall be at a level performed on a daily basis to maintain the Facility when it is open to the public. City agrees to make the Facility available to Renter after closing of the Facility to the public. Renter may begin set up immediately after closing to the public provided that such set up does not interfere with City's ability to clean the Facility. Renter is responsible for cleaning and restoring the Facility to the same condition it was provided by City within four (4) hours after the Event. Renter shall remove from the Facility all trash, decorations, equipment, paper products, plates and flatware, food, drink, glassware and other items brought by the Renter. In the event that the Renter does not perform its obligations to clean the Facility, City may perform such cleaning as is necessary at the expense of the Renter. Renter agrees to pay said cleanup expenses within ten (10) days after receipt of an invoice of the actual, reasonable costs incurred by City for such cleaning. In the event that the Facility or its fixtures, exhibits and contents are damaged, destroyed or removed from the Facility, Renter hereby agrees that it shall pay to City all actual reasonable costs associated with the repair and/or replacement of the damaged, destroyed or removed property.

_X__ Additional Restrictions or Requirements: Client is required to provide bussers/bus service through the event to clear trash from the tables and ballroom space. Client is responsible for removal of all items of décor/props/clothing/food/beverage/beverage containers/ ice chests/ice buckets etc... from the event space and building at the conclusion of the event. Client is responsible for the dressing rooms and green rooms and will be required to sign off on any damages. Any and all items left behind are the responsibility of the client, if items are left after load out, they will be considered trash and thrown away. Any calls from guests in regards to lost items left at the event will be directed to the host. The city will not hold ANY items past load out. 2247

16. **Security**: See Security Addendum.

17. **Legally Binding**: City and Renter intend to be legally bound by the terms of this Contract and attached Addenda. Renter is subject to legal action either by law or in equity for any breach of this Contract. In the event that City is a prevailing party in any litigation against Renter arising out of a breach of this Contract, or the conduct of Renter, City shall be entitled to recover reasonable legal fees and costs. Renter shall not assign or otherwise transfer this Contract without the specific written approval of City. The headings in this Contract are inserted as a matter of convenience and in no way define or limit the scope of any section or subsection. Mississippi law will govern and apply regardless of any conflicts of law principles. Any action arising out of or related to this Contract as well as any action for damages related to alleged negligence or conduct of the parties shall be brought exclusively in a court of competent jurisdiction located in Harrison County, Mississippi, Second Judicial District.

18. **City's Authorized Representative / City Council Approval**: This Contract may be signed by the City's Director of Parks & Recreation, by the City's Booking Manager, the Visitors Center Manager or Events Coordinator, or other person duly authorized to enter contracts on behalf of the City ("City's Authorized Representatives").

19. **Addendum and Attachments**: This Contract includes the terms set forth in any addendum that may apply. All terms set forth herein and in any addendum shall constitute the full agreement between the parties and any other prior agreements, oral or written, are superseded and of no force or effect. The terms may be amended only by written amendment executed by the parties hereto.

City of Biloxi Event Rules

1) The facility is first and foremost to be used for its primary use. Guests should be advised not to interfere or do anything to undermine or harm the primary use of the facility.

2) All City Facilities are nonsmoking facilities (including electronic cigarettes and water vapor cigarettes).

3) Occupancy / Seating should not exceed the number of guests identified in the Rental Contract, as additional guests attending an Event may require approval by the City, including the Fire Department, and additional fees may apply.

4) Music and entertainment must not intrude the public use of the building. If music is deemed too loud or deemed inappropriate, City event staff shall have the discretion to end the music. Noise permits for outdoor events are available and issued by the Biloxi Police Department.

7) The following items are NOT permitted on City of Biloxi Property: **Sparklers, floating/Chinese lanterns, decals, propane heaters, bird seed, confetti, confetti cans, confetti guns, confetti shooters, streamer shooters streamer cannons, streamer guns, glitter, gum, rice, dark colored flower petals, or bio-degradable rice.** Use of the above-described items will result in deposit charges, and possible city fines.

5)COB Event furniture (tables, chairs, podium etc.) will not be permitted outside the building. Event furniture is permitted on the porch but will be pulled if there is any chance of inclement weather (inclement weather includes but is not limited to rain, wind, and/or hail).

6)Rain Plan must be called by noon the day of the event or a minimum of 4 hours prior to the start of the Event. Additional changes to the plan are the responsibility of the Renter.

7)Overnight storage fee is $100 per a night of storage, must be reserved in advance and is subject to availability and staffing and facility hours.

8)Early Load In must be arranged in advance. If permitted, access will be given between 8am-5pm, and after hours loading/set up MUST be scheduled in advance.

9)Rehearsal hours are available, subject to the schedule and availability. Rehearsals are not guaranteed; full bookings are given preference.

10) Oil candles are not permitted on property. All candles must be in an enclosed vase/candle holder that allows a minimum of TWO inches from the top of the flame to the top of the vase/candle holder. All other candles will be extinguished by City event staff or the onsite fireguard.

11) Open flames are not permitted at any food stations or in the event space (Sternos are permitted). Any fabric used must be flame retardant and the fireguard on duty may ask to see proof of material safety. Burlap material is not allowed near open flames.

12) Load In/Kitchen Access is only available for the time scheduled the day of the event. Kitchen is for finishing and warming only. Renter/Caterer is responsible for removal of trash, food and beverage from the kitchen as well as the event space and returning the kitchen to how it was received. Failure to remove trash and cleanup will result in forfeiture of deposit.

13) It is the Renters' responsibility to make sure that all documents and payments are completed and submitted on time. Any delay in paperwork/contracts/documents and/or payment is subject to event cancellation.

Exhibit "A"

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS East Central Upper Elementary is a part of the Jackson County School District, a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Renaissance Learning, Inc., does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to the Agreement between the Jackson County School District and Renaissance Learning, Inc. (Quote #3112557) (Reference ID: 691350); (Freckle Math Student Subscription, subscription period 09/01/2024 – 07/31/2025) as follows:

1. Term/No Automatic Renewal: There shall be no automatic renewals. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties.

4. Indemnity: The Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The Courts of the State of Mississippi shall have exclusive jurisdiction of any dispute between the parties and the venue of said disputes shall be in Jackson County, Mississippi. Further, any entity or business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: Notwithstanding any provisions to the contrary, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: Notwithstanding any provision to the contrary that may be found in the contract, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect. Further, any provision seeking to limit damages of the contracting party to the contract price or some other amount shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for any purpose shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: Notwithstanding any provision and/or language of the contract to the contrary, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of this addendum will control. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: Even if not specifically provided for herein, the terms, conditions and provisions of the Renaissance Learning, Inc. (Quote #3112557) (Pgs. 1-3) (Reference ID: 691350) (Freckle Math Student Subscription, Subscription Period 09/01/2024 – 07/31/2025) and the Renaissance Learning, Inc. Terms of Service and License (Pgs. 1-10; Provisions 1-11 + Exhibits A-D), as well as the Renaissance Learning, Inc. U.S. Privacy Notice (at https://www.renaissance.com/privacy/) and any other document and/or documents made a part of the agreement between the parties are hereby amended and modified, where necessary and applicable and to the extent necessary to comply with Mississippi law as set forth in the

Mississippi Code of 1972, as amended, and as interpreted by the Attorney General of Mississippi and the Mississippi Supreme Court.

The Jackson County School District Standard Contract Addendum attached hereto as Exhibit "A" is hereby incorporated into the Agreement between the parties.

JACKSON COUNTY SCHOOL DISTRICT
STANDARD CONTRACT ADDENDUM

WHEREAS St. Martin North Elementary School is a part of the Jackson County School District, a political subdivision of the State of Mississippi and as such is restricted from entering into contracts and/or agreements with terms and/or provisions contrary to or prohibited by Mississippi Law.

NOW, therefore, in consideration of the mutual benefit to both parties, the undersigned contracting party, Jostens, Inc., does hereby agree to the following standard terms, conditions and provisions of the Jackson County School District Standard Contract Addendum, and the same are hereby adopted and incorporated into, and shall apply to the Agreement between the Jackson County School District and Jostens, Inc. (Job #1455; St. Martin North Elementary School yearbook; 2024-2025 school year) as follows:

1. Term/No Automatic Renewal: There shall be no automatic renewals. Further, terms and provisions to the contrary notwithstanding, no contract can be entered into that binds a successor board.

2. Renewal/Extension of Term: Any extension or renewal of the agreement between the parties is subject to approval by the Board of Education of the Jackson County School District and shall be subject to the terms of this addendum.

3. Governing Law: Mississippi law shall govern the interpretation of the agreement between the parties and any dispute that may arise between the parties.

4. Indemnity: To the extent prohibited by applicable law, the Jackson County School District shall not be subject to the terms of any provision or term in the contract requiring it to defend or indemnify any entity or party to the contract, and shall not be liable under any scenario for the other party's legal fees.

5. Venue/Exclusive Jurisdiction: The Courts of the State of Mississippi shall have exclusive jurisdiction of any dispute between the parties and the venue of said disputes shall be in Jackson County, Mississippi. Further, any entity or business which contracts with the Jackson County School District submits to the personal jurisdiction of the courts of Jackson County, Mississippi.

6. No waiver of Warranties: To the maximum extent required under Mississippi law, any contract provision seeking to limit the Jackson County School District's recovery resulting from the breach of an express warranty or any implied warranty of merchantability or fitness for a particular purpose shall be of no force or effect.

7. No Waiver of Damages: To the maximum extent required under Mississippi law, supplemental terms or terms of use that may be referenced therein, any provision seeking to limit and/or waive the recovery by the Jackson County School District of any type of damages, including but not limited to consequential, special and/or punitive damages shall be of no force and effect.

8. Arbitration: The Jackson County School District shall not be subject to the terms of any provision contained in the contract, supplemental terms or terms of use that would require the Jackson County School District to submit the resolution of a dispute to binding arbitration and that any such term or provision requiring the same shall be deemed to be of no force or effect.

9. No Waiver of the Right of Trial by Jury: Notwithstanding any provision to the contrary, any provision seeking a waiver by the Jackson County School District to its right to a jury trial as to any aspect of a dispute between the parties hereto shall be of no force or effect.

10. No Waiver or Statute of Limitations: Notwithstanding any provision to the contrary, any provision seeking to limit or modify a statute of limitation for a claim of material breach shall be of no force and effect.

11. No Waiver of Limitation of Rights or Remedies Under the Uniform Commercial Code: To the maximum extent required under Mississippi Law, any provision seeking a waiver or to limit any rights and/or remedies of the Jackson County School District under the Uniform Commercial Code shall be of no force and effect.

12. Conflict of Terms: To the extent there is a conflict between the terms of this addendum or the terms of the contract, the terms of the contract will control, provided that the terms are not contrary to Mississippi Law. Upon expiration or termination of this contract, the terms of this addendum shall survive and will apply with respect to any dispute that may exist between the parties.

13. Amendment: As between Jostens, Inc. and Jackson County School District, even if not specifically provided for herein, the terms, conditions and provisions of the Jostens, Inc. Yearbook Agreement (Job #1455; St. Martin North Elementary School 2024-2025 school year), Jostens, Inc. Terms of Sale (Pgs. 1-4) and the Jostens, Inc. Terms of Use (Pgs. 1-8), Jostens Yearbook Agreement Printing Terms (Pgs. 1-3) and any other documents made part of the agreement between the parties are hereby amended and modified, where necessary and applicable and to the extent necessary to comply with Mississippi law as set forth in the Mississippi Constitution of 1890, the Mississippi Code of 1972, as amended, and as interpreted by the Attorney General of Mississippi and the Mississippi Supreme Court.

Also, Present:	Mr. Marcus Catchot, Planning Director Mr. Luke Brenner, Building Official Ms. Cathy Wright, Office Manager Ms. Amanda Moser, Zoning Administrator Ms. Elizabeth Dill, Compliance Officer Ms. Norma Jean Ladner Soroe, Court Reporter Ms. April McDonald, County Attorney

The regularly scheduled meeting of the Jackson County Planning Commission was held at **9:00 A.M., April 17, 2024**, in the regular meeting place of the Board of Supervisors located at **2915 Canty Street, Jackson County Services Complex** in the City of Pascagoula, Mississippi.

Subdivisions:

Seascape South – Preliminary Plat – being developed by Belle Pointe, Inc., consisting of 361 residential lots, Jason W. Wooten, engineer, zoned R-2, south of Ocean Springs Road, East Ocean Springs. Wyatt Watkins, engineer with Michael Baker International stated the main concern is the connector road but the project engineer is working with Jackson County Road Department to address the matter. Mr. Brewer made the motion to approve the Preliminary Plat for Seascape South Subdivision. Dr. Knight seconded the motion. The vote to approve the motion was 5-0.

Acceptance of Approval of a Minor Subdivision (Hunter Lewis) – a subdivision of land consisting of four (4) parcels, zoned A-2, McCormack Road, Hurley. Dr. Knight made the motion to approve the Acceptance of Approval of a Minor Subdivision for Hunter Lewis. Mr. White seconded the motion. The vote to approve the motion was 5-0.

Rosalie Place - Release of Performance Bond – being developed by HST Company, LLC, consisting of 57 residential lots, Old Fort Bayou Road, St. Martin. Wyatt Watkins, engineer with Michael Baker International stated the final layer of asphalt has been laid and the ditch re-graded on Old Fort Bayou Road. Mr. Sholl made the motion to approve the Release of Performance Bond for Rosalie Place Subdivision. Dr. Knight seconded the motion. The vote to approve the motion was 5-0.

Public Hearings:

SPEC-02-2024-00037 **Wade Wildman – Special Exception** – to allow the construction of a 14' x 24' storage building with restroom & electricity and also a 20' x 20' barn for animals on vacant property, zoned A-1, Gator Lane, Vancleave area. The applicant was present. Mr. Wildman explained he has a permitted farm to raise livestock and garden. He needs an office adjacent to the barn. Mr. Wildman plans to start residential construction within the next year. There was no public comment. The motion to approve the application was made by Mr. White and amended by Dr. Knight to stipulate that the storage building is not for living purposes. The basis for the motion is the request will be in harmony with the purpose and intent of the ordinance and will not be injurious to the neighborhood or general welfare. Mr. Brewer seconded the motion. The vote to approve the motion was 5-0.

SPEC-03-2024-00038* **Donnia & Gillette Leverette – Special Exception** – to allow an existing shed for tractor and feed, two (2) horse stalls, and a chicken coop for farm animals to remain on vacant property, zoned A-1, Primrose Lane, Helena area. The applicants were present. Mr. Leverette explained that he does not intend to build a residence. He uses the shed for a tack room. There was no public comment. The motion to approve the application with the stipulation that the shed is not used for living purposes was made by Dr. Knight. The basis for the motion is the request will be in harmony with the purpose and intent of the ordinance and will not be injurious to the neighborhood or general welfare. Mr. Brewer seconded the motion. The vote to approve the motion was 5-0.

USEP-03-2024-00039 **Joel Ivey – Use Permit** – to allow temporary placement of a mobile home for granddaughter Jessica Impey on vacant property, zoned A-2, 8229 Tucker Road, St. Martin area. The applicant and Jessica Impey were present. Ms. Impey explained the mobile home would be surrounded by family-owned property and intends to build a home later. There was no public comment. The motion to approve the application with a review in 5 years was made by Mr. Sholl. The basis for the motion is the request will be in harmony with the principal permitted use of the zone. Dr. Knight seconded the motion. The vote to approve the motion was 5-0.

SPEC-03-2024-00042 **Douglas H. Jones – Special Exception** – to allow the construction of a residence and temporary placement of a mobile home, zoned C-2, 3155 Lampkin Road, Cumbest Bluff area. The applicant was present. Mr. Jones explained he purchased the property with the assumption the zoning was residential. He and his daughter intend to build separate residences. Those present and in favor of the application were Mark Cumbest. There were none present to speak against the application. The motion to approve the application for a period of 3 years and a review in 3 years was made by Mr. Sholl. The basis for the motion is the request will be in harmony with the purpose and intent of the ordinance and will not be injurious to the neighborhood or general welfare. Dr. Knight seconded the motion. The vote to approve the motion was 5-0.

VARI-03-2024-00045 **David W. Jalanivich, Jr. – Variance** – to request a ten (10) foot Side Yard Variance of the minimum five (5) feet allowed for the construction of a 10' x 20' shop on the left side of the residence, zoned R-1, 6762 Mansfield Cove, St. Martin area. The applicant

was present. Mr. Jalanivich explained the backyard is small and he doesn't want to obstruct the view. The shop will match the residence. Those present and against the application were Fire Marshal, Jeff Mattison. Mr. Mattison stated the structures caused too much exposure if there was a fire and the Planning Commission should adhere to the setback regulations. The motion to deny the application was made by Mr. Sholl. The basis for the recommendation is that the application does not meet the criteria for a variance. Mr. Brewer seconded the motion. The vote to approve the motion was 4-1.
Aye: Mr. Sholl, Mr. Brewer, Mr. White, Dr. Knight
Nay: Ms. Pittman

USEP-03-2024-00047 **SEB Mining – Use Permit** – to allow an existing 60-acre borrow pit to expand 124 acres to the North and 88 acres to the East/South with a 75' foot buffer along the outer boundary of the proposed expansion, zoned A-1, Jim Ramsay, Latimer area. The applicant, Angela Mallette, was present; as well as Sharon Dimitry, Neel Schaffer Engineering. Ms. Mallette explained the company has been operational since 2006 and currently operates an existing 60-acre Borrow Pit with a 20-acre Class II Rubbish Pit. The hours of operation are from 7 a.m. until 5:30 p.m., Monday through Friday. The primary customers are developers, Jackson County, and the State of Mississippi. The increase in commercial and residential development has created an increase in demand for fill material. Additionally, fill material is used for the construction of state and local roadways, which is ongoing in Jackson County. Those present and in support of the application were Joe O'Neal, Jackson County Road Department Manager. The motion to approve the application with the stipulation that a 75 ft. buffer is maintained was made by Mr. Brewer. The basis for the motion is the request will be in harmony with the principal permitted use of the zone. Dr. Knight seconded the motion. The vote to approve the motion was 5-0.

SPEC-03-2024-00048 **Richard Harris – Special Exception** – to allow the construction of four (4) metal buildings and also two (2) R V / boat storage canopies on property that consists of three (3) existing metal buildings, zoned R-1A, 14485 Armein Road, Latimer area. The applicant was present. Mr. Harris explained that he intends to lease the four additional metal buildings and the RV/boat storage canopies, thereby expanding his current business. There was no public comment. The motion to approve the application was made by Dr. Knight. The basis for the motion is the request will be in harmony with the purpose and intent of the ordinance and will not be injurious to the neighborhood or general welfare. Mr. Sholl seconded the motion. The vote to approve the motion was 5-0.

RZON-03-2024-00049 **D&H Enterprises, LLC – Zone Change** – to request a Zone Change from General Agricultural (A-1) District to Community Commercial (C-2) District, 13600 Highway 57, Vancleave area. The applicant was present. Garrett Tillman explained the preliminary traffic study was in progress for a grocery store. The site has water and sewer available. The lot is split but has one parcel number. If the rezone request is approved the lot will be officially split. Mr. Tillman stated the character of the neighborhood has changed as evidenced by the new highway, a gas station to the south and a Dollar General. There was no public comment. The motion to approve the application with the stipulation that the lot is split was made by Dr. Knight. The basis for the recommendation is that the character of the neighborhood has changed to such an extent to justify rezoning and that a public need exists for rezoning as evidenced by information supplied by the applicant. The motion was seconded by Mr.Sholl. The vote to approve the motion was 5-0.

VARI-03-2024-00050 **Jaklyn Robles – Variance** – to request a 39' foot Front Yard Setback Variance of the minimum 50' feet required on vacant property for the construction of a residence, zoned A-1, Patrick Lane, Vancleave area. The applicant was present. Ms. Robles explained there was a platted detention pond in the center of the property and the lot is in a cul-de sac. Those present and in opposition were Phillip Sutton.
