February 12, 2026

MAINTENANCE & OPERATIONS

The maintenance and operations department plays a vital role in ensuring that all school district facilities remain safe, functional, and welcoming for students, staff, and the community. The team is responsible for building repairs, preventative maintenance, groundskeeping, heating and cooling systems, and custodial support. By addressing daily operational needs and long-term infrastructure planning, the department helps preserve district resources and supports a positive learning environment. Their work—often done behind the scenes—keeps classrooms comfortable, campuses clean, and equipment in working order, allowing educators to focus on teaching and students to focus on learning. We are thankful for everything they do to keep our students and staff safe.

SHIPPING & RECEIVING

We also want to spotlight two outstanding employees from our Purchasing Department, Roy Starling and Cash Bendorf, who excel in Shipping & Receiving. Roy, who joined our district in 1992, and Cash, who came on board in 2012, have both dedicated themselves to numerous roles over the years. Together, they have developed efficient systems that ensure our items are meticulously tracked and received, significantly contributing to our operational success. We are immensely grateful for their relentless hard work and commitment to excellence every day.
