For the Board of Trustees

Each student who has been identified as being at risk of dropping out of school, who is not performing at grade level, or who did not perform satisfactorily on a state-mandated assessment shall be provided accelerated and/or compensatory educational services.

**Accelerated  
Instruction**

The District shall provide accelerated instruction in accordance with law if a student fails to perform satisfactorily on a state-mandated assessment.

In addition to the criteria established by law, the District has determined that a student who does not pass the STAAR test in grades 3–8 or STAAR (EOC) end-of-course assessments must participate in accelerated instruction, as well as those not performing at grade level. Instruction may require mandatory participation of the student before or after normal school hours and may include participation at times of the year outside normal school operations such as summer school, under Education Code 28.0211.

All students identified as being at risk of dropping out, not performing at grade level, or not meeting passing standards on STAAR (EOC) and/or district benchmarks will be placed in an intervention class.

**Accelerated  
Learning Committee**

When a student fails to perform satisfactorily on a math or reading state-mandated assessment in grades 3, 5, or 8, an accelerated learning committee shall develop a written educational plan in accordance with law. If a parent requests that the student be assigned to a particular teacher the following school year, the request shall be addressed in accordance with the District's administrative procedures.

A parent complaint about the content or implementation of the educational plan shall be filed in accordance with FNG.
