## Policy Summary

March 18, 2025

### **Rescind, Waive Second Reading:**

#### 6070.3 Curriculum Pilot Projects

This is not a mandatory policy and we recommend repeal because the policy is unnecessary. The policy does not require the District to engage in any action and the District may engage in such pilot programs without a Board policy.

### **Review, Waive Second Reading:**

#### 4111.1 Security Check/Fingerprinting

State law requires boards of education to conduct employment history reviews before offering employment to an applicant for a position, including any position that is contracted for, if such applicant would have direct student contact. In conducting this review, boards of education are required to send an Educational Employer Verification form to an applicant's previous employers. Among other information, the form requests an employer to disclose whether the applicant (1) has been the subject of an allegation of abuse or neglect or sexual misconduct for which there is an investigation pending with any employer, state agency, or municipal police department or which has been substantiated; (2) was disciplined or asked to resign from employment or resigned from or otherwise separated from any employment while an allegation of abuse or neglect or sexual misconduct was pending or under investigation, or due to a substantiation of abuse or neglect or sexual misconduct; or (3) has ever had a professional or occupational license, certificate, authorization or permit suspended or revoked or has ever surrendered such a license, certificate, authorization or permit while an allegation of abuse or neglect or sexual misconduct was pending or under investigation, or due to a substantiation of abuse or neglect or sexual misconduct. Public Act 24-41 amends this requirement and specifies that an applicants' previous employers are not required to disclose information about a substantiated allegation of abuse or neglect or sexual misconduct if the substantiation was reversed as a result of an appeal to the Department of Children and Families ("DCF"). We have revised this policy in light of that change. We also revised the policy to clarify a board of education's responsibilities under the Fair Credit Reporting Act when deciding whether to take adverse actions against prospective employees.

#### 7551 Naming/Renaming of Schools

Move policy to the 1000 series.

### **Review, First Reading:**

#### 2300 Hold on the Destruction of Records

We have revised this policy in light of new guidance issued by the Connecticut State Library, Office of the Public Records Administrator (“OPRA”) on June 4, 2024. Previous OPRA guidance permitted public agencies to develop, maintain, and submit internal digitization policies for OPRA’s approval in lieu of requesting OPRA’s authorization to dispose of original (nonpermanent) paper records after such records had been digitized. OPRA’s new guidance reverses the previous guidance and no longer permits public agencies to maintain internal digitization policies in lieu of seeking disposal authorization. The revised policy reflects OPRA’s new guidance and updated procedures and forms for disposition of original source records that have been converted to digitized records and/or when the district seeks to digitize and dispose of records on an ongoing basis

#### 5131.911 Bullying Prevention and Intervention

Effective July 1, 2025, all Boards of Education must adopt the new definition of bullying detailed in the Safe School Climate Policy approved by the Connecticut Social and Emotional Learning and School Climate Collaborative. We have made other technical revisions to this policy, including elimination of outdated policy language.

#### 5131.914 Safe School Climate Policy

Effective July 1, 2025, all Boards of Education must adopt the Safe School Climate Policy approved by the Connecticut Social and Emotional Learning and School Climate Collaborative.

#### 6070.1 Curriculum Development

This is not a mandatory policy and it may be repealed. If the Board elects to maintain this policy, we recommend administrative review to ensure that this continues to be the process the district wishes to follow relative to curriculum development. The policy is legally compliant.

Then rescind

#### 6070.2 Curriculum

This policy is not mandatory and we recommend repeal. The policy is addressed entirely by statute and is currently outdated, which is a continued risk because of the ever-changing nature of state curricular requirements.

#### 6146.3 Credit for Online Courses

This is a prior version of our model policy. We recommend that the Board revise this policy in accordance with our updated model.

### **Review, Second Reading:**

#### #6040 Weighted Grading & Calculation of Grade Point Averages - NEW

We have revised this policy to comply with Public Act 24-47, which makes changes to the requirements for the Connecticut Automatic Admissions Program (“CAAP”). Previously,

class rank percentile was a determining factor for eligibility in the CAAP. Instead, the Act now establishes that a students' unweighted grade point average is a determining factor for eligibility. While not in the Act, on its [website](#), the CAAP also has a weighted GPA option.

*Then rescind*

#### 5128 Rank in Class

We recommend repealing this policy and adopting the model policy concerning Weighted Grading and Calculation of Grade Point Averages. State law now requires boards of education to have a policy identifying whether it uses weighted grades for purposes of calculating GPA and a description of how GPAs are calculated. The Board's current process for determining class rank can be included in this new policy, thereby allowing all relevant information to be located in one policy. We recommend including this new policy in series 6000.

#### #6080 IDEA – NEW

The Shipman and Goodwin Model policy will replace the following two policies.

##### 6080.1 Educating Students with Special Needs

This policy is outdated and we recommend repeal. The IDEA and state law have been revised numerous times since the passage of this policy and now include detailed procedures over and above those identified in this policy. We recommend that the District maintain a special education procedures manual to address all of the federal and state requirements. Further, policy 6090.10 duplicates the content of this policy.

##### 6090.10 Individualized Education Programs / Special Education Programs

We recommend that special education and related services requirements and procedures be included in a Special Education Procedures Manual, rather than a Board policy. The current policy requires legal review and revision. It appears to be a selection of aspects of the IDEA requirements, although it is difficult to follow in several places. The policy also includes inaccurate and outdated information, and also does not include all of the IDEA and state law requirements concerning the provision of special education. If the Board wishes to maintain a policy concerning the IDEA, we recommend a brief policy statement and to maintain a more comprehensive procedures manual that is developed and revised by the special services department. It will be quite difficult to include all requirements in a policy and to keep that policy accurately updated.

##### 6110.1.3.1 Parent Conferences

We recommend that the Board repeal this policy and adopt the S&G Model Policy Parent Communication. The laws concerning parent-teacher communication and conferences has been revised significantly since this policy was passed in 1998)

##### 6114.1 Fire Drills/ Crisis Response Drills

This policy is not mandatory but Dr. Cooke would like to keep it. The policy has been revised to comply with current law. We further recommend moving this policy to the 1000 series.

## 6146 Graduation Requirements

We revised this policy to reflect a number of changes made by Public Act 24-45 to the state's minimum graduation requirements in a variety of areas. Under prior law, a one-credit mastery-based diploma assessment was specifically listed as an optional requirement for high school graduation. The Act removes reference to the mastery-based diploma assessment in the law regarding minimum Connecticut graduation requirements. Therefore, we have removed reference to the mastery-based diploma assessment in the model policy. However, boards of education still have the discretion to require credits beyond the minimum requirements identified in the law, so boards may still require students to complete a mastery-based diploma assessment as a local graduation requirement.

In 2023, state law was amended to require students graduating in 2027 and beyond to complete one-half credit in personal financial management and financial literacy, which could be counted toward the humanities or as an elective credit, in order to graduate. The Act now also permits the personal financial management and financial literacy credit requirement to count towards students' nine science, technology, engineering and mathematics credit requirements.

Also in 2023, the law was amended to require that, beginning with the graduating class of 2025, students meet certain requirements related to the FAFSA in order to graduate. The Act delays these requirements until 2027 and this policy has been updated to reflect this change.

We also revised the policy to reflect statutory updates to the physical education and the optional community service graduation requirements. Lastly, we made other technical revisions to this policy, including the elimination of outdated policy language. *\* Move policy to 5000 series*

## 7120 Hazardous Materials in Schools

The Board maintains policy 7120 Hazardous Materials in Schools. The Board may wish to replace this policy with the S&G model policy Pesticide Application on School Property for purposes of consistency. If not, we recommend substantive legal review of the Board's current policy to ensure it complies with current law. *\*The administration would like to adopt the model policy and move it to the 1000 series*

**#6070.3  
Curriculum Pilot Projects**

---

It will be the policy of the district that innovation on a regular basis is critical to maintaining a quality learning program for students at both the elementary and secondary level. Planning for improvement of the district's learning program must always include innovative programs developed by the district's professional educators and supported by sound educational philosophy and research.

The professional staff is encouraged to seek improvement of the educational program in the schools through all appropriate means, including carefully designed pilot project.

"Pilot project" may originate at the individual classroom level, building level or district level. Approval of the pilot project should be obtained from the Assistant Superintendent for Instruction and the school principal before implementation.

Date of Adoption: October 1, 1996

126 municipal police department or which has been substantiated, unless such  
127 substantiation was reversed as a result of an appeal to DCF;

128  
129 (ii) was disciplined or asked to resign from employment or resigned from or

141 may be conducted telephonically or through written communication.  
142 Notwithstanding the provisions of subsection (f) of Conn. Gen. Stat. § 31-

149 such request.

150  
151 3. Requesting information from the Department concerning:

- 152  
153 a. the eligibility status for employment of any applicant for a position requiring a  
154 certificate, authorization or permit,  
155  
156 b. whether the Department has knowledge that a finding has been substantiated by  
157 DCF pursuant to Conn. Gen. Stat. § 17a-101g of abuse or neglect or of sexual  
158 misconduct against the applicant and any information concerning such a finding,  
159 and  
160  
161 c. whether the Department has received notification that the applicant has been  
162 convicted of a crime or of criminal charges pending against the applicant and any  
163 information concerning such charges.  
164

- 165 B. Notwithstanding the provisions of subsection (f) of Conn. Gen. Stat. § 31-51i, if the  
166 District receives information that an applicant for a position with or an employee of  
167 the District has been disciplined for a finding of abuse or neglect or sexual  
168 misconduct, it shall notify the Department of such information.  
169
- 170 C. The District shall not employ an applicant for a position involving direct student  
171 contact who does not comply with the provisions of paragraph I.A.1 of this policy.  
172
- 173 D. The District may employ or contract with an applicant on a temporary basis for a  
174 period not to exceed ninety (90) calendar days, pending the District's review of  
175 information received under this section, provided:  
176
- 177 1. The applicant complied with paragraph I.A.1 of this policy;
  - 178 2. The District has no knowledge of information pertaining to the applicant that  
179 would disqualify the applicant from employment with the District; and
  - 180 3. The applicant affirms that the applicant is not disqualified from employment  
181 with the District.  
182
- 183
- 184
- 185 E. The District shall not enter into a collective bargaining agreement, an employment  
186 contract, an agreement for resignation or termination, a severance agreement, or any  
187 other contract or agreement or take any action that:  
188
- 189 1. Has the effect of suppressing information relating to an investigation of a report of  
190 suspected abuse or neglect or sexual misconduct by a current or former employee;
  - 191 2. Affects the ability of the District to report suspected abuse or neglect or sexual  
192 misconduct to appropriate authorities; or
  - 193 3. Requires the District to expunge information about an allegation or a finding of  
194 suspected abuse or neglect or sexual misconduct from any documents maintained  
195 by the District, unless, after investigation, such allegation is dismissed or found to  
196 be false.  
197
- 198
- 199
- 200 F. The District shall not offer employment to a person as a substitute teacher, unless  
201 such person and the District comply with the provisions of paragraph I.A.1 of this  
202 policy. The District shall determine which such persons are employable as substitute  
203 teachers and maintain a list of such persons. The District shall not hire any person as  
204 a substitute teacher who is not on such list. Such person shall remain on such list as  
205 long as such person is continuously employed by the District as a substitute teacher as

206 described in paragraph III.B.2 of this policy, provided the District does not have any  
207 knowledge of a reason that such person should be removed from such list.

208  
209 G. In the case of an applicant who is a contractor, the contractor shall require any  
210 employee with such contractor who would be in a position involving direct student  
211 contact to supply to such contractor all the information required of an applicant under  
212 paragraphs I.A.1.a and I.A.1.c of this policy and a written authorization under  
213 paragraph I.A.1.b of this policy. Such contractor shall contact any current or former  
214 employer (please note the definition of “former employer” above, including the  
215 applicable twenty year reporting period) of such employee that was a local or regional  
216 board of education, council of a state or local charter school, interdistrict magnet  
217 school operator, or a supervisory agent of a nonpublic school, or if the employee’s  
218 employment with such current or former employer caused the employee to have  
219 contact with children, and request, either telephonically or through written  
220 communication, any information concerning whether there was a finding of abuse or  
221 neglect or sexual misconduct against such employee. Notwithstanding the provisions  
222 of subsection (f) of Conn. Gen. Stat. § 31-51i, such employer shall report to the  
223 contractor any such finding, either telephonically or through written communication.  
224 If the contractor receives any information indicating such a finding or otherwise  
225 receives any information indicating such a finding or otherwise has knowledge of  
226 such a finding, the contractor shall, notwithstanding the provisions of subsection (f) of  
227 Conn. Gen. Stat. § 31-51i, immediately forward such information to the district, either  
228 telephonically or through written communication. If the district receives such  
229 information, it shall determine whether such employee may work in a position  
230 involving direct student contact at any school in the district. No determination by the  
231 district that any such employee shall not work under any such contract in any such  
232 position shall constitute a breach of such contract.

233  
234 H. Any applicant/employee who knowingly provides false information or knowingly  
235 fails to disclose information required in subdivision (1) of subsection (A) of this  
236 section shall be subject to discipline by the District that may include

- 237  
238 1. denial of employment, or  
239  
240 2. termination of the contract of a certified employee, in accordance with the  
241 provisions of Conn. Gen. Stat. § 10-151, or  
242 3. termination of a non-certified employee in accordance with applicable law and/or  
243 any applicable collective bargaining agreement, contract or District policy.  
244

- 245 I. If the District provides information in accordance with paragraph I.A.2 or I.G of this  
246 policy, the District shall be immune from criminal and civil liability, provided the  
247 District did not knowingly supply false information.  
248
- 249 J. Notwithstanding the provisions of Conn. Gen. Stat. § 10-151c and subsection (f) of  
250 Conn. Gen. Stat. § 31-51i, the District shall provide, upon request by another local or  
251 regional board of education, governing council of a state or local charter school,  
252 interdistrict magnet school operator, or supervisory agent of a nonpublic school for  
253 the purposes of an inquiry pursuant to paragraphs I.A.2 or I.G of this policy or to the  
254 Commissioner of Education pursuant to paragraph I.B of this policy any information  
255 that the District has concerning a finding of abuse or neglect or sexual misconduct by  
256 a subject of any such inquiry.  
257
- 258 K. Prior to offering employment to an applicant, the District shall make a documented  
259 good faith effort to contact each current and any former employer (please note the  
260 definition of “former employer” employer above, including the applicable twenty year  
261 reporting period) of the applicant that was a local or regional board of education,  
262 governing council of a state or local charter school, interdistrict magnet school  
263 operator, or supervisory agent of a nonpublic school, or if the applicant’s employment  
264 with such current or former employer caused the applicant to have contact with  
265 children in order to obtain information and recommendations that may be relevant to  
266 the applicant’s fitness for employment. Such effort, however, shall not be construed  
267 to require more than three telephonic requests made on three separate days.  
268
- 269 L. The District shall not offer employment to any applicant who had any previous  
270 employment contract terminated by a local or regional board of education, council of  
271 a state or local charter school, interdistrict magnet school operator, or a supervisory  
272 agent of a nonpublic school, or who resigned from such employment, if the person  
273 has been convicted of a violation of Conn. Gen. Stat. § 17a-101a, when an allegation  
274 of abuse or neglect or sexual assault has been substantiated.  
275

276 II. DCF Registry Checks  
277

278 Prior to hiring any person for a position with the District, and before a student who is  
279 enrolled in a teacher preparation program in the District, as defined in section 10-10a of the  
280 Connecticut General Statutes, and completing a student teaching experience with the District,  
281 begins such student teaching experience, the District shall require such applicant or student to  
282 submit to a records check of information maintained on the Registry concerning the  
283 applicant.  
284

285 For any applicant whose current or most recent employment occurred out of state, the  
286 District shall request that the applicant provide the District with authorization to access  
287 information maintained concerning the applicant by the equivalent state agency in the state  
288 of most recent employment, if such state maintains information about abuse and neglect and  
289 has a procedure by which such information can be obtained. Refusal to permit the District  
290 to access such information shall be considered grounds for rejecting any applicant for  
291 employment.

292  
293 The District shall request information from the Registry (or its out of state equivalent)  
294 promptly, and in any case no later than thirty (30) calendar days from the date of  
295 employment. Registry checks will be processed according to the following procedure:  
296

297 A. No later than ten (10) calendar days after the Superintendent or the Superintendent's  
298 designee has notified a job applicant of a decision to offer employment to the applicant,  
299 or as soon thereafter as practicable, the Superintendent or designee will either obtain the  
300 information from the Registry or, if the applicant's consent is required to access the  
301 information, will supply the applicant with the release form utilized by DCF, (or its out of  
302 state equivalent when available), for obtaining information from the Registry.

303  
304 B. If consent is required to access the Registry, no later than ten (10) calendar days after the  
305 Superintendent or the Superintendent's designee has provided the successful job applicant  
306 with the form, the applicant must submit the signed form to DCF (or its out of state  
307 equivalent), with a copy to the Superintendent or designee. Failure of the applicant to  
308 submit the signed form to DCF or its out of state equivalent within such ten-day period,  
309 without good cause, will be grounds for the withdrawal of the offer of employment.

310  
311 C. Upon receipt of Registry (or out-of-state registry) information indicating previously  
312 undisclosed information concerning abuse or neglect investigations concerning the  
313 successful job applicant/employee, the Superintendent or the Superintendent's designee  
314 will notify the affected applicant/employee in writing of the results of the Registry check  
315 and will provide an opportunity for the affected applicant/employee to respond to the  
316 results of the Registry check.

317  
318 D. If notification is received by the Superintendent or the Superintendent's designee that  
319 the applicant is listed as a perpetrator of abuse or neglect on the Registry, the  
320 Superintendent or designee shall provide the applicant with an opportunity to be heard  
321 regarding the results of the Registry check. If warranted by the results of the Registry  
322 check and any additional information provided by the applicant, the Superintendent or  
323 designee shall revoke the offer of employment and/or terminate the applicant's  
324 employment if the applicant has already commenced working for the District.  
325

326 III. Criminal Records Check Procedure

327  
328 A. Each person hired by the District shall be required to submit to state and national criminal  
329 records checks within thirty (30) calendar days from the date of employment. Each  
330 student who is enrolled in a teacher preparation program, as defined in section 10-10a of  
331 the Connecticut General Statutes, and completing a student teaching experience with the  
332 District, shall be required to submit to state and national criminal records checks within  
333 sixty (60) calendar days from the date such student begins to perform such student  
334 teaching experience. Record checks will be processed according to the following  
335 procedure, except as noted in paragraph III.C. of this policy.

336  
337 1. No later than five (5) calendar days after the Superintendent or the Superintendent's  
338 designee has notified a job applicant of a decision to hire the applicant, or as soon  
339 thereafter as practicable, the Superintendent or designee will provide the applicant  
340 with a packet containing all documents and materials necessary for the applicant to  
341 be fingerprinted by the any State of Connecticut law enforcement agency. This  
342 packet shall also contain all documents and materials necessary for the police  
343 department to submit the completed fingerprints to the State Police Bureau of  
344 Identification for the processing of state and national criminal records checks. The  
345 Superintendent or Superintendent's designee will also provide each applicant with  
346 the following notifications before the applicant obtains the applicant's fingerprints:  
347 (1) Agency Privacy Requirements for Noncriminal Justice Applicants; (2)  
348 Noncriminal Justice Applicant's Privacy Rights; (3) and the Federal Bureau of  
349 Investigation, United States Department of Justice Privacy Act Statement.

350  
351 2. No later than ten (10) calendar days after the Superintendent or the Superintendent's  
352 designee has provided the successful job applicant with the fingerprinting packet,  
353 the applicant must arrange to be fingerprinted by the any State of CT law  
354 enforcement agency. Failure of the applicant to have the applicant's fingerprints  
355 taken within such ten-day period, without good cause, will be grounds for the  
356 withdrawal of the offer of employment.

357  
358 3. Any person for whom criminal records checks are required to be performed  
359 pursuant to this policy must pay all fees and costs associated with the fingerprinting  
360 process and/or the submission or processing of the requests for criminal records  
361 checks. Fees and costs associated with the fingerprinting process and the  
362 submission and process of requests are waived for student teachers, in accordance  
363 with state law.

364  
365 4. Upon receipt of a criminal records check indicating a previously undisclosed  
366 conviction, the Superintendent or the Superintendent's designee will notify the

367 affected applicant/employee in writing of the results of the record check and will  
368 provide an opportunity for the affected applicant/employee to respond to the results  
369 of the criminal records check. The affected applicant/employee may notify the  
370 Superintendent or Superintendent's designee in writing within five (5) calendar days  
371 that the affected/employee will challenge such individual's criminal history records  
372 check. Upon written notification to the Superintendent or Superintendent's  
373 designee of such a challenge, the affected applicant/employee shall have ten (10)  
374 calendar days to provide the Superintendent or Superintendent's designee with  
375 necessary documentation regarding the affected applicant/employee's record  
376 challenge. The Superintendent or Superintendent's designee may grant an extension  
377 to the preceding ten-day period during which the affected applicant/employee may  
378 provide such documentation for good cause shown.  
379

380 5. Decisions regarding the effect of a conviction upon an applicant/employee, whether  
381 disclosed or undisclosed by the applicant/employee, will be made on a case-by-case  
382 basis. Notwithstanding the foregoing, the falsification or omission of any  
383 information on a job application or in a job interview, including but not limited to  
384 information concerning criminal convictions or pending criminal charges, shall be  
385 grounds for disqualification from consideration for employment or discharge from  
386 employment.  
387

388 6. Notwithstanding anything in paragraph III.A.5 of this policy, above, no decision to  
389 deny employment or withdraw an offer of employment on the basis of an  
390 applicant/employee's criminal history record shall be made without affording the  
391 applicant/employee the opportunities set forth in paragraph III.A.4 of this policy,  
392 above.  
393

394 B. Criminal Records Check for Substitute Teachers  
395

396 A substitute teacher who is hired by the District must submit to state and national  
397 criminal history records checks according to the procedures outlined above, subject to  
398 the following:  
399

400 1. If the state and national criminal history records checks for a substitute teacher have  
401 been completed within one year prior to the date the District hired the substitute  
402 teacher, and if the substitute teacher arranged for such prior criminal history records  
403 checks to be forwarded to the Superintendent or Superintendent's designee, then the  
404 substitute teacher will not be required to submit to another criminal history records  
405 check at the time of such hire.  
406

407 2. If a substitute teacher submitted to state and national criminal history records checks  
408 upon being hired by the District, then the substitute teacher will not be required to  
409 submit to another criminal history records check so long as the substitute teacher is  
410 continuously employed by the District, that is, employed for at least one day of each  
411 school year, by the District, provided a substitute teacher is subjected to such checks  
412 at least once every five years.

413

414 IV. Sex Offender Registry Checks

415

416 District personnel shall cross-reference the Connecticut Department of Public Safety’s  
417 sexual offender registry prior to hiring any new employee and before a student who is  
418 enrolled in a teacher preparation program, as defined in section 10-10a of the Connecticut  
419 General Statutes, and completing a student teaching experience with the District, begins  
420 such student teaching experience. Registration as a sexual offender constitutes grounds for  
421 denial of employment opportunities and opportunities to perform student teaching  
422 experiences in the school District.

423

424 V. Credit Checks

425

426 The District may also ask a prospective employee for a credit report for employment for  
427 certain District positions, where the District’s receipt of a credit report is substantially  
428 related to the employee’s potential job. “Substantially related to the current or potential  
429 job” is defined to mean “the information contained in the credit report is related to the  
430 position for which the employee or prospective employee who is the subject of the report is  
431 being evaluated because of the position.” Prior to asking for a credit report, the District  
432 will determine whether the position falls within one of the categories as described in this  
433 paragraph. The position must: (1) be a managerial position which involves setting the  
434 direction or control of the District; (2) involve access to employees’ personal or financial  
435 information; (3) involve a fiduciary responsibility to the District, including, but not limited  
436 to, the authority to issue payments, collect debts, transfer money or enter into contracts; (4)  
437 provide an expense account or District debit or credit card; or (5) involve access to the  
438 District’s nonfinancial assets valued at two thousand five dollars or more.

439

440 When a credit report will be requested as part of the employment process, the District will  
441 provide written notification to the prospective employee regarding the use of credit checks.  
442 That notification must be provided in a document separate from the employment  
443 application. The notification must state that the District may use the information in the  
444 consumer credit report to make decisions related to the individual’s employment.

445

446 The District will obtain written, signed consent before performing the credit or other  
447 background checks.

448  
449 If the District intends to take an action adverse to a potential employee based on the results  
450 of a credit report, the District must provide the prospective employee with a copy of the  
451 report on which the District relied in making the adverse decision, as well as a copy of “A  
452 Summary of Your Rights Under the Fair Credit Reporting Act,” which should be provided  
453 by the company that provides the results of the credit check. The District will give the  
454 potential employee a reasonable amount of time, i.e., at least five days, to dispute any of the  
455 information in the report prior to making any final employment decision.

456  
457 If an adverse action is taken based on information from the report, -tThe District will notify  
458 the prospective employee either orally, in writing or via electronic means that the adverse  
459 action was taken based on the information in the consumer report. That notice must  
460 include the name, address and phone number of the consumer reporting company that  
461 supplied the credit report; a statement that the company that supplied the report did not  
462 make the decision to take the unfavorable action and cannot provide specific reasons for the  
463 District’s actions; and a notice of the person’s right to dispute the accuracy or completeness  
464 of any information the consumer reporting company furnished, and to get an additional free  
465 report from the company if the person asks for it within sixty (60) calendar days.

466  
467 VI. Notice of Conviction

468  
469 If, at any time, the District receives notice of a conviction of a crime by a person holding  
470 a certificate, authorization or permit issued by the State Board of Education, the District  
471 shall send such notice to the State Board of Education. In complying with this  
472 requirement, the District shall not disseminate the results of any national criminal history  
473 records check.

474  
475 VII. School Nurses

476  
477 School nurses or nurse practitioners appointed by, or under contract with, the District  
478 shall also be required to submit to a criminal history records check in accordance with the  
479 procedures outlined above.

480  
481 VIII. Personal Online Accounts

482  
483 For purposes of this policy, “personal online account” means any online account that is  
484 used by an employee or applicant exclusively for personal purposes and unrelated to any  
485 business purpose of the District, including, but not limited to, electronic mail, social  
486 media and retail-based Internet web sites. “Personal online account” does not include any  
487 account created, maintained, used or accessed by an employee or applicant for a business  
488 purpose of the District.

**Naming / Renaming of School Buildings, Major Portions of Buildings, and / or School Grounds**

The naming and/or renaming of school buildings, major portions of buildings (e.g., media center, auditorium, gymnasium, field, etc.) and/or school grounds is the responsibility of the Madison Board of Education (the “Board”). In fulfilling this responsibility, the Board will consider community preferences. The decision will be based upon the Board’s assessment of the special significance of a name or, in the case of an individual, exceptional service to the children of Madison. Such recognition requires substantial support and comprehensive review.

It is the policy of the Board to name school buildings as close as possible to the time construction begins in order to lessen any confusion about new schools. When naming or renaming new buildings, major portions of buildings, or school grounds, the Board shall formally identify the need for a naming process, if any, for the identified location. The names of buildings that are not regularly used by students may be generic (e.g., Maintenance Building) and may be named by the Board of Education.

The Board shall establish a committee, consistent with Board Policy 9460, to expedite and facilitate the Board’s decision regarding whether and how to name a new building, major portions of a building, or school grounds. The Board shall seek the advice of the Superintendent before establishing or dissolving a committee. Such committee shall be established and dissolved by Board vote, and the members of the committee shall be appointed by the Board. The committee shall be comprised of the Chair of the Board of Education (ex officio), Superintendent (ex officio), one or more Board members, the building principal, faculty members, parents/guardians, community members, and, if appropriate, students.

The Board will establish the scope ~~of~~ and schedule ~~for~~ of the committee’s work, which shall include, but not be limited to, recommending potential names for consideration by the Board and any criteria the Board wishes to be considered in the process.

At a minimum, if any of the committee’s suggestions reflect the name of an individual, such individual must be shown to have had a broad-based, long-term impact on the Madison Public Schools (the “District”) and its community. Individuals to be considered shall (1) have served in the continuous employ of the Madison Board of Education for an extended period, usually in excess of ten years, with the name being submitted after the individual’s separation from compensated service for a minimum period of one year, or (2) be a non-employee of the Madison Board of Education who has made an exceptional contribution to the children of Madison for an extended period; or (3) after a historically significant figure. Particular attention shall be given to local candidates with a record of outstanding achievement and public service, as evidenced by at least ten (10) letters of recommendation.

40

41 The committee shall follow the provisions of the Freedom of Information Act as required by state law.  
42 In addition, opportunities for public input must be made available prior to the committee's  
43 recommendation to the Board. Such opportunities for public input must be publicly announced in  
44 newspapers and on the District website.

45 The committee shall propose a list of not more than five (5) names to the Board for Board consideration.  
46 It shall present its recommendation to the Board in accordance with Board bylaws and policies.

47 The Board retains the right to make the final determination in the naming of school buildings, major  
48 portions of buildings, or school grounds. This policy notwithstanding, it is the intent of the Board that  
49 the naming of major portions of buildings and school grounds occur infrequently and on a limited basis.

50

51 Similarly, the Board will consider renaming a school building, major portions of a building, or schools  
52 grounds only after determining that a current name is no longer appropriate, as indicated by 2/3  
53 affirmative votes of the membership of the Board of Education.

~~Hold on the Destruction of Electronic Information and Paper Records~~ Retention and Disposition of Records and Information

The Board of Education (the "Board") complies with all state and federal regulations regarding the retention, storage and destruction of electronic information and paper records. The Superintendent or ~~his/hersuperintendent's~~ designee shall be responsible for implementing administrative regulations concerning the retention, storage, and disposition of records and the dissemination of such administrative regulations to all school officials, employees, and individuals granted access to the computer systems and/or networks of the Madison Public Schools (the "District") and/or who send electronic messages as part of their work for the District. Collectively, all individuals granted access to the District's computer systems are referred to as the "Users". ~~placing of a "hold" on electronic information and paper records that may reasonably be anticipated to be subject to discovery in the course of litigation.~~

I. RETENTION OF RECORDS

The District shall comply with all minimum standards set forth in the Municipal Records Retention Schedules for public records, as issued by the Office of the Public Records Administrator for the State of Connecticut ("OPRA"). Retention requirements apply to the official record copy of a public record and are based on the content and function of the public record, not the media type. As such, the same record retention period that applies to paper records applies to electronically stored information. Therefore, like paper records, the content and function of an electronic record, including electronic messages, determine the retention period for that document.

If records are kept in both electronic and hard copy format, the District shall designate which record is the official record copy. The designated official copy shall be the legally recognized copy maintained for record retention purposes.

In addition to the retention guidelines established by the Board and used by District officials and employees, all District officials ~~All school officials~~ and employees have a duty to preserve all paper records and electronic information, including records and electronic information that might otherwise be deleted or destroyed, that relate to any matter that is currently in litigation or may be anticipated to involve future litigation. Record preservation under such circumstances shall only be required after receipt of formal written notice of such requirement by the Superintendent or superintendent's designee.

II. USE OF ELECTRONIC MESSAGES AND ELECTRONIC COMMUNICATIONS

The Board has installed computers and a computer network(s), including Internet access and electronic messaging systems, on Board premises and may provide other electronic devices that can access the network(s) and/or have the ability to send and receive messages with an operating system or network communication framework. Devices include but are not limited to personal computing devices, cellular

45 phones, Smartphones, network access devices, radios, CD players, tablets, walkie-talkies, personal  
46 gaming systems, Bluetooth speakers, personal data assistants, and other electronic signaling devices.  
47 Electronic messaging systems include mobile, chat, and instant message; cloud collaboration platforms,  
48 including internal chat, peer-to-peer messaging systems, and draft email message transfer; and products  
49 that have the ability to create duration-based or subjective removal of content-and security focused  
50 platforms. The Board's computers, computer networks, electronic devices, Internet access and  
51 electronic messaging systems are referred to collectively as "the computer systems" and are provided in  
52 order to enhance both the educational opportunities for our students and the business operations of the  
53 District.

54  
55 Electronic messages sent by Users as part of their work and/or by using the District's computer systems  
56 and/or network(s) are not private communications and are potentially subject to disclosure, regardless of  
57 whether the messages are sent using personal devices or the District's computer systems. Users must  
58 understand that the Board has reserved the right to conduct monitoring of the District's computer  
59 systems and may do so despite the assignment to individual Users of passwords for system security.  
60 Any password systems implemented by the District are designed solely to provide system security from  
61 unauthorized users, not to provide privacy to the individual system User.

62  
63 The computer systems' security aspects, message delete function and personal passwords may be  
64 bypassed for monitoring purposes. Therefore, Users must be aware that they should not have any  
65 expectation of personal privacy in the use of these computer systems. This provision applies to any and  
66 all uses of the District's computer systems, including any incidental personal use permitted in  
67 accordance with the Board's policy and regulations regarding computer use by Users.

68  
69 Any retained messages may be retrieved for a variety of purposes, including but not limited to as part of  
70 routine monitoring by the District, an employee investigation, a search for documents pursuant to a  
71 Freedom of Information Act request, a formal discovery process as part of litigation, or other legal  
72 processes such as a response to a subpoena. Users should bear in mind that electronic messages may be  
73 retained at different locations within the computer systems and/or devices and that these messages are  
74 subject to retrieval, regardless of whether the User has deleted such messages from the User's or the  
75 District's accounts. Consequently, Users should use discretion when using computers or other electronic  
76 technology to send, record or retain electronic messages and information.

77  
78 ~~The Superintendent or his/her designee shall be responsible for developing and implementing~~  
79 ~~administrative regulations to preserve records, including e-mails and electronically stored information,~~  
80 ~~that could potentially be related to any matter that is currently in litigation or may be anticipated to result~~  
81 ~~in future litigation. Such regulations shall identify those individuals responsible for identifying those~~  
82 ~~matters for which records must be preserved as well as developing procedures, with the help of technical~~  
83 ~~staff, for the preservation of electronically stored information.~~

### 84 III. DISPOSITION OF RECORDS

85  
86 The disposition of records, or the destruction or transfer of records to the custody of another entity, shall  
87 only occur in accordance with relevant state and federal laws and guidelines established by the OPRA.  
88 The District shall also follow the OPRA's specific protocols for the disposition of permanent, historical

89 and archival records. If a record does not appear on a records retention schedule, the District shall  
90 contact the OPRA for further guidance before disposing of any such record.

**Bullying Prevention and Intervention**

---

1  
2  
3  
4  
5 The Madison Board of Education (the “Board”) is committed to creating and maintaining an  
6 educational environment [within the Madison Public Schools \(the “District”\)](#) that is physically,  
7 emotionally and intellectually safe and thus free from bullying, teen dating violence, harassment  
8 and discrimination. In accordance with state law and the Board’s Safe School Climate Plan, the  
9 Board expressly prohibits any form of bullying behavior on school grounds; at a school-  
10 sponsored or school-related activity, function or program, whether on or off school grounds; at a  
11 school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional  
12 board of education; or through the use of an electronic device or an electronic mobile device  
13 owned, leased or used by the Board.

14  
15 The Board also prohibits any form of bullying behavior outside of the school setting if such  
16 bullying (i) creates a hostile environment at school for the student against whom such bullying  
17 was directed, (ii) infringes on the rights of the student against whom such bullying was directed  
18 at school, or (iii) substantially disrupts the education process or the orderly operation of a school.  
19 Discrimination and/or retaliation against an individual who reports or assists in the investigation  
20 of an act of bullying is likewise prohibited.

21  
22 Students who engage in bullying behavior or teen dating violence shall be subject to school  
23 discipline, up to and including expulsion, in accordance with the Board's policies on student  
24 discipline, suspension and expulsion, and consistent with state and federal law.

25  
26 For purposes of this policy, “**Bullying**” means [unwanted and aggressive behavior among](#)  
27 [children in grades kindergarten to twelve, inclusive, that involves a real or perceived power](#)  
28 [imbalance.](#) **Bullying** shall include, but need not be limited to, a written, oral or electronic  
29 communication or physical act or gesture based on any actual or perceived differentiating  
30 characteristics, such as race, color, religion, ancestry, national origin, gender, sexual  
31 orientation, gender identity and expression, socioeconomic status, academic status, physical  
32 appearance, or mental, physical, developmental or sensory disability, or by association with an  
33 individual or group who has or is perceived to have one or more of such characteristics.

34  
35 For purposes of this policy, “**Cyberbullying**” means any act of bullying through the use of the  
36 Internet, interactive and digital technologies, cellular mobile telephone or other mobile electronic  
37 devices or any electronic communications.

38  
39 For purposes of this policy, “**Teen Dating Violence**” means any act of physical, emotional or  
40 sexual abuse, including stalking, harassing and threatening, that occurs between two students  
41 who are currently in or who have recently been in a dating relationship.

43 For purposes of this policy, “Discrimination” means unlawful discrimination that occurs when a  
44 student is denied participation in, or the benefits of, a program or activity of the Board because of  
45 such student’s actual or perceived race, color, religion, age, sex, sexual orientation, marital  
46 status, national origin, alienage, ancestry, disability, pregnancy, gender identity or expression,  
47 veteran status, status as a victim of domestic violence or any other basis prohibited by state or  
48 federal law (“Protected Class”).

49  
50 For purposes of this policy, “Harassment” is a form of Protected Class discrimination that is  
51 prohibited by law and by this policy. Harassment constitutes unlawful discrimination when it  
52 creates a hostile environment, which occurs when the harassment is sufficiently severe,  
53 pervasive, or persistent so as to interfere with or limit a student’s ability to participate in or  
54 benefit from the services, activities, or opportunities offered by a school. Harassment does not  
55 have to include intent to harm, be directed at a specific target, or involve repeated incidents.  
56 Harassment may be an act of bullying.

57  
58 Consistent with the requirements under state law, the Board shall adopt the Connecticut Social  
59 and Emotional Learning and School Climate Advisory Collaborative (the “Collaborative”)~~’s~~  
60 ~~authorizes the Superintendent or designee(s), along with the Safe School Climate Coordinator, to~~  
61 ~~be responsible for developing and implementing a~~ Safe School Climate Plan in furtherance of

63 limited to provisions which:

The Madison Board of Education (the “Board”) is committed to creating and maintaining a physically, emotionally, and intellectually safe educational environment free from bullying, teen dating violence, harassment and discrimination. In order to foster an atmosphere conducive to learning, the Board has developed the following Safe School Climate Plan, consistent with state law and Board policy. This Plan represents a comprehensive approach to addressing bullying, cyberbullying and teen dating violence and sets forth the Board’s expectations for creating a positive school climate and thus preventing, intervening, and responding to incidents of bullying and teen dating violence.

Bullying behavior and teen dating violence are strictly prohibited, and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include suspension or expulsion from school. The district’s commitment to addressing bullying behavior and teen dating violence, however, involves a multi-faceted approach, which includes education and the promotion of a positive school climate in which bullying will not be tolerated by students or school staff.

### **I. Prohibition Against Bullying, Teen Dating Violence and Retaliation**

- A. The Board expressly prohibits any form of bullying behavior and teen dating violence on school grounds; at a school-sponsored or school-related activity, function or program whether on or off school grounds; at a school bus stop; on a school bus or other vehicle owned, leased or used by a local or regional board of education; or through the use of an electronic device or an electronic mobile device owned, leased or used by the Board.
- B. The Board also prohibits any form of bullying behavior outside of the school setting if such bullying (i) creates a hostile environment at school for the student against whom such bullying was directed, (ii) infringes on the rights of the student against whom such bullying was directed at school, or (iii) substantially disrupts the education process or the orderly operation of a school.

**#5131.914(b)**

- C. The Board further prohibits any form of teen dating violence outside of the school setting if such violence substantially disrupts the educational process. The Board does not condone any form of bullying or teen dating violence.
- D. In addition to prohibiting student acts that constitute bullying, the Board also prohibits discrimination and/or retaliation against an individual who reports or assists in the investigation of an act of bullying and/or teen dating violence.
- E. Students who engage in bullying behavior or teen dating violence in violation of Board policy and the Safe School Climate Plan shall be subject to school discipline, up to and including expulsion, in accordance with the Board's policies on student discipline, suspension and expulsion, and consistent with state and federal law.

The Principal of each school (or principal's designee) shall serve as the Safe School Climate Specialist. The Safe School Climate Specialist shall investigate or supervise the investigation of reported acts of bullying, collect and maintain records of reports and investigations of bullying in the school and act as the primary school official responsible for preventing, identifying and responding to reports of bullying in the school.

#5131.914(g)

**V. Development and Review of Safe School Climate Plan**

A. The Principal of each school shall establish a committee or designate at least one existing committee (“Committee”) in the school to be responsible for developing and fostering a safe school climate and addressing issues relating to bullying in the school. Such committee shall include:

  - (7) collaborate with the Coordinator in the collection of data regarding bullying; and
  - (8) perform any other duties as determined by the Principal that are related to the prevention, identification and response to school bullying.
- C. Any parent/guardian or student serving as a member of the Committee shall not participate in any activities which may compromise the confidentiality of any student, including, but not limited to, receiving copies of investigation reports, or identifying or addressing patterns of bullying among students in the school.
- D. The Board shall approve the Safe School Climate Plan developed pursuant to Board policy and submit such plan to the Department of Education. Not later than thirty (30) calendar days after approval by the Board, the Board shall make such plan available on the Board's and each individual school in the school district's web site and ensure that the Safe School Climate Plan is included in the school district's publication of the rules, procedures and standards of conduct for schools and in all student handbooks.

**VI. Procedures for Reporting and Investigating Complaints of Bullying**

- A. Students and parents (or guardians of students) may file written reports of bullying. Written reports of bullying shall be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Such reports may be filed with any building administrator and/or the Safe School Climate Specialist (i.e.

**#5131.914(i)**

building principal or designee), and all reports shall be forwarded to the Safe School Climate Specialist for review and actions consistent with this Plan.

- B. Students may make anonymous reports of bullying to any school employee. Students may also request anonymity when making a report, even if the student's identity is known to the school employee. In cases where a student requests anonymity, the Safe School Climate Specialist or designee shall meet with the student (if the student's identity is known) to review the request for anonymity and discuss the impact that maintaining the anonymity of the complainant may have on the investigation and on any possible remedial action. All anonymous reports shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that does not disclose the source of the report, and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying. No disciplinary action shall be taken solely on the basis of an anonymous report.
- C. School employees who witness acts of bullying or receive reports of bullying shall orally notify the Safe School Climate Specialist, or another school administrator if the Safe School Climate Specialist is unavailable, not later than one (1) school day after such school employee witnesses or receives a report of bullying. The school employee shall then file a written report not later than two (2) school days after making such oral report.
- D. The Safe School Climate Specialist shall be responsible for reviewing any anonymous reports of bullying and shall investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports. The Safe School Climate Specialist shall also be responsible for promptly notifying the parents or guardians of the student alleged to have committed an act or acts of bullying, and the parents or guardians of the student against whom such alleged act or acts were directed, that an investigation has commenced. In order to allow the district to adequately investigate complaints filed by a student or

**#5131.914(j)**

parent/guardian, the parent of the student suspected of being bullied should be asked to provide consent to permit the release of that student's name in connection with the investigation process, unless the student and/or parent has requested anonymity.

- E. In investigating reports of bullying, the Safe School Climate Specialist or designee will consider all available information known, including the nature of the allegations and the ages of the students involved. The Safe School Climate Specialist will interview witnesses, as necessary, reminding the alleged perpetrator and other parties that retaliation is strictly prohibited and will result in disciplinary action.

**VII. Responding to Verified Acts of Bullying**

- A. Following investigation, if acts of bullying are verified, the Safe School Climate Specialist or designee shall notify the parents or guardians of the students against whom such acts were directed as well as the parents or guardians of the students who commit such acts of bullying of the finding **not later than forty-eight (48) hours** after the investigation is completed. This notification shall include a description of the school's response to the acts of bullying, the results of such investigation; and verbally or by electronic mail, if such parents' or guardians' electronic mail addresses are known, that such parents or guardians may refer to the plain language explanation of the rights and remedies available under Conn. Gen. Stat. Sections 10-4a and 10-4b once such explanation has been provided to the Board by the Connecticut Social and Emotional Learning and School Climate Advisory Collaborative and published on the Internet website of the Board. In providing such notification, however, Madison Public Schools will take care to respect the statutory privacy rights of other students, including the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a student other than the parent/guardian's own child, may not be disclosed except as provided by law.

**#5131.914(k)**

- B. In any instance in which bullying is verified, the Safe School Climate Specialist or designee shall invite the parents or guardians of the student against whom such act was directed to a meeting to communicate the measures being taken by the school to ensure the safety of the student/victim and policies and procedures in place to prevent further acts of bullying. The Safe School Climate Specialist or designee shall also invite the parents or guardians of a student who commits any verified act of bullying to a meeting, separate and distinct from the previously described meeting, to discuss specific interventions undertaken by the school to prevent further acts of bullying. The invitations may be made simultaneous with the notification described above in Section VII.A.
- C. If bullying is verified, the Safe School Climate Specialist or designee shall develop a student safety support plan for any student against whom an act of bullying was directed. Such support plan will include safety measures to protect against further acts of bullying.
- D. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. The written intervention plan may include counseling, discipline and other appropriate remedial actions as determined by the Safe School Climate Specialist or designee and may also incorporate a student safety support plan, as appropriate.
- E. Notice to Law Enforcement

If the Principal of a school (or designee) reasonably believes that any act of bullying constitutes a criminal offense, he/she shall notify appropriate law enforcement. Notice shall be consistent with the Board's obligations under state and federal law and Board policy regarding the disclosure of personally identifiable student information. In making this determination, the Principal or his/her designee, may consult with the

**#5131.914(I)**

school resource officer, if any, and other individuals the principal or designee deems appropriate.

- F. If a bullying complaint raises a concern about discrimination or harassment on the basis of a legally protected classification (such as race, religion, color, national origin, sex, sexual orientation, age, disability or gender identity or expression), the Safe School Climate Specialist or designee shall also coordinate any bullying investigation with other appropriate personnel within the district as appropriate (e.g. Title IX Coordinator, Section 504 Coordinator, etc.), so as to ensure that any such bullying investigation complies with the requirements of such policies regarding nondiscrimination.

**VIII. Teen Dating Violence**

- A. The school strictly prohibits, and takes very seriously any instances of, teen dating violence, as defined above. The school recognizes that teen dating violence may take many different forms and may also be considered bullying and/or sexual harassment.
- B. Students and parents (or guardians of students) may bring verbal or written complaints regarding teen dating violence to any building administrator. The building administrator shall review and address the complaint, which may include referral of the complaint to the Safe School Climate Specialist and/or Title IX Coordinator.
- C. Prevention and intervention strategies concerning teen dating violence shall be implemented in accordance with Section X below. Discipline, up to and including expulsion, may be imposed against the perpetrator of teen dating violence, whether such conduct occurs on or off campus, in accordance with Board policy and consistent with federal and state law.

**#5131.914(m)****IX. Documentation and Maintenance of Log**

- A. Each school shall maintain written reports of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Board's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without prior written consent of a parent, guardian or eligible student, except as permitted under Board policy and state and federal law.
- B. The Principal of each school shall maintain a list of the number of verified acts of bullying in the school and this list shall be available for public inspection upon request. Consistent with district obligations under state and federal law regarding student privacy, the log shall not contain any personally identifiable student information or any information that alone or in combination would allow a reasonable person in the school community to identify the students involved. Accordingly, the log should be limited to basic information such as the number of verified acts, name of school and/or grade level and relevant date. Given that any determination of bullying involves repeated acts, each investigation that results in a verified act of bullying for that school year shall be tallied as one verified act of bullying unless the specific actions that are the subject of each report involve separate and distinct acts of bullying. The list shall be limited to the number of verified acts of bullying in each school and shall not set out the particulars of each verified act, including, but not limited, to any personally identifiable student information, which is confidential information by law.
- C. The Principal of each school shall report the number of verified acts of bullying in the school annually to the Department of Education in such manner as prescribed by the Commissioner of Education.

#5131.914(n)

**X. Other Prevention and Intervention Strategies**

- A. Bullying behavior and teen dating violence can take many forms and can vary dramatically in the nature of the offense and the impact the behavior may have on the victim and other students. Accordingly, there is no one prescribed response to verified acts of bullying or to teen dating violence. While conduct that rises to the level of “bullying” or “teen dating violence,” as defined above, will generally warrant traditional disciplinary action against the perpetrator of such bullying or teen dating violence, whether and to what extent to impose disciplinary action (e.g., detention, in-school suspension, suspension or expulsion) is a matter for the professional discretion of the building principal (or responsible program administrator or designee). No disciplinary action may be taken solely on the basis of an anonymous complaint of bullying. As discussed below, schools may also consider appropriate alternatives to traditional disciplinary sanctions, including age-appropriate consequences and other restorative or remedial interventions.
- B. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. This plan may include safety provisions, as described above, for students against whom acts of bullying have been verified and may include other interventions such as counseling, discipline, and other appropriate remedial or restorative actions as determined by the responsible administrator.
- C. The following sets forth possible interventions which may also be utilized to enforce the Board’s prohibition against bullying and teen dating violence:
- (1) Non-disciplinary interventions:

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be

**#5131.914(o)**

counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying. Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

If a complaint arises out of conflict between students or groups of students, peer or other forms of mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

When an act or acts of teen dating violence are identified, the students involved may be counseled as to the seriousness of the conduct, the prohibition of teen dating violence, and their duty to avoid any such conduct. Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

(2) Disciplinary interventions

When acts of bullying are verified or teen dating violence occurs, and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints of bullying, however, shall not be the basis for disciplinary action.

In-school suspension and suspension may be imposed only after informing the accused perpetrator of the reasons for the proposed suspension and giving him/her an opportunity to explain the situation, in accordance with the Board's Student Discipline policy.

**#5131.914(p)**

Expulsion may be imposed only after a hearing before the Board of Education, a committee of the Board or an impartial hearing officer designated by the Board of Education in accordance with the Board's Student Discipline policy. This consequence shall normally be reserved for serious incidents of bullying and teen dating violence, and/or when past interventions have not been successful in eliminating bullying behavior.

(3) Interventions for bullied students and victims of teen dating violence

The building principal (or other responsible program administrator) or designee shall intervene in order to address incidents of bullying or teen dating violence against a single individual. Intervention strategies for a bullied student or victim of teen dating violence may include the following:

- (a) Referral to a school counselor, psychologist or other appropriate social or mental health service;
- (b) Increased supervision and monitoring of student to observe and intervene in bullying situations or instances of teen dating violence;
- (c) Encouragement of student to seek help when victimized or witnessing victimization;
- (d) Peer mediation or other forms of mediation, where appropriate;
- (e) Student Safety Support plan;
- (f) Restitution and/or restorative interventions; and

**#5131.914(q)**

(g) Periodic follow-up by the Safe School Climate Specialist and/or Title IX Coordinator with the bullied student or victim of teen dating violence.

(4) General prevention and intervention strategies

In addition to the prompt investigation of complaints of bullying and direct intervention when acts of bullying are verified, other district actions may ameliorate potential problems with bullying in school or at school-sponsored activities. Additional district actions may also ameliorate potential problems with teen dating violence. While no specific action is required, and school needs for specific prevention and intervention strategies may vary from time to time, the following list of potential prevention and intervention strategies shall serve as a resource for administrators, teachers and other professional employees in each school. Such prevention and intervention strategies may include, but are not limited to:

- (a) School rules prohibiting bullying, teen dating violence, harassment and intimidation and establishing appropriate consequences for those who engage in such acts;
- (b) Adequate adult supervision of outdoor areas, hallways, the lunchroom and other specific areas where bullying or teen dating violence are likely to occur;
- (c) Inclusion of grade-appropriate bullying and teen dating violence education and prevention curricula in kindergarten through high school, which may include instruction regarding building safe and positive school communities including developing healthy relationships and preventing dating violence as deemed appropriate for older students;

**#5131.914(r)**

- (d) Individual interventions with the perpetrator, parents and school employees, and interventions with the bullied student, parents and school employees;
- (e) School-wide training related to safe school climate, which training may include Title IX sex discrimination/sexual harassment prevention training, Section 504/ADA training, cultural diversity/multicultural education or other training in federal and state civil rights legislation or other topics relevant to safe school climate;
- (f) Student peer training, education and support;
- (g) Promotion of parent involvement in bullying prevention through individual or team participation in meetings, trainings and individual interventions;
- (h) Implementation of a positive behavioral interventions and supports process or another evidence-based model approach for a safe school climate or for the prevention of bullying and teen dating violence, including any such program identified by the Department of Education;
- (i) Respectful responses to bullying and teen dating violence concerns raised by students, parents or staff;
- (j) Planned professional development programs addressing prevention and intervention strategies, which training may include school violence prevention, conflict resolution and prevention of bullying and teen dating violence, with a focus on evidence-based practices concerning same;
- (k) Use of peers to help ameliorate the plight of victims and include them in group activities;

**#5131.914(s)**

- (l) Avoidance of sex-role stereotyping;
  - (m) Continuing awareness and involvement on the part of school employees and parents with regards to prevention and intervention strategies;
  - (n) Modeling by teachers of positive, respectful, and supportive behavior toward students;
  - (o) Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others;
  - (p) Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere; and
  - (q) Culturally competent school-based curriculum focusing on social-emotional learning, self-awareness and self-regulation.
- D. In addition to prevention and intervention strategies, administrators, teachers and other professional employees may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially-appropriate behavior. Administrators, teachers and other professional employees should intervene promptly whenever they observe mean-spirited student conduct, even if such conduct does not meet the formal definition of “bullying.”
- E. Funding for the school-based bullying intervention and school climate improvement strategy may originate from public, private, federal or philanthropic sources.

**XI. Improving School Climate**

The plan outlines current efforts, as well as ways in which the administration, faculty and staff of each school are committed to the improvement of the plan, which is updated biennially.

**XII. Annual Notice and Training**

- A. Students, and parents or guardians of students shall be notified annually of the process by which students may make reports of bullying.

Curriculum Development

~~Local curriculum development follows a cyclical process of creation and revision for all content areas. Strategic phases within the process guide revision efforts and promote interdisciplinary collaboration to develop content in alignment with standards identified in the Profile of a Graduate (POG). The creation of curricular phases organizes and identifies priorities in a systematic manner which will guide revision efforts. The phases within the cycles allows for flexibility in revisions that move faster or slower based on depth and breadth of content. It further promotes interaction across content and concepts in order to build 21<sup>st</sup> Century Skills with meaning and importance while considering the changing needs of our students.~~

The Curriculum Review Council (“the Council”) ~~CRC~~ upholds criteria for district design and assessment standards and provides clear guidance and feedback for curriculum writers, ~~with a primary function to uphold criteria for district design and assessment standards.~~ All curriculum documents are reviewed by the Council prior to presentation to the Madison Board of Education for approval and adoption.— Changes and improvements in curriculum may be suggested and implemented administratively, ~~as deemed necessary and educationally sound~~ by the Superintendent or superintendent’s designee. ~~Before new courses are added to the total offerings, such courses must be approved by the Board of Education.~~ Courses may be eliminated from the offerings for one year due to low enrollment ~~dropped during one year because of few enrollees in the course, but reoffered~~ and reinstated the following year by administrative action.

~~The Superintendent or designee shall establish a cyclical curriculum management process for all fields of study, consisting of the following components:~~

**Curriculum Creation & Review Phases**

**PHASE 1** Years 1-2: Review and evaluate curriculum, compare current standards, and research best practices. Draft priority benchmark units and courses. Conduct pilot units at select grade levels.

**PHASE 2** Years 2-3: Revise K-12 curriculum including indicators of student growth with supporting Professional Development for systemic instructional shifts. Select and purchase supporting materials.

35 **PHASE 3** Years 3-4: Implement adopted curriculum with a focus on instruction and continuing  
36 professional development. Evaluate needs for modification for learning plan based on evidence of  
37 student learning.

38

39 **PHASE 4** Years 4-5: Monitor implementation and make adjustments. Collect and analyze data on  
40 student performance. Determine needs for supplemental materials and additional in-service training.

41

42 **PHASE 5** Years 5-6: Evaluate effectiveness of curriculum based on data and various measures of

**WEIGHTED GRADING, CALCULATION OF GRADE POINT AVERAGES AND RANK IN CLASS**

---

The Madison Board of Education (the “Board”) recognizes the importance of parents and students understanding the manner in which grade point averages are calculated within the Madison Public Schools (the “District”). In accordance with Connecticut law, this policy shall explain the manner in which grade point averages are calculated within the District.

**I. Calculation of Grade Point Average ~~and Class Rank Percentile~~ for Purposes of the Connecticut Automatic Admissions Program**

The Board understands its obligation under state law to identify students in the District who are eligible for the Connecticut Automatic Admissions Program (“CAAP”).

In accordance with state law, for each student who completes eleventh grade, the District will: (1) calculate ~~a~~ the unweighted grade point average ~~using the standardized method established by the Board of Regents for Higher Education (“BOR”)~~ for purposes of the CAAP (“CAAP GPA”), and (2) determine whether such student’s ~~class rank percentile~~ CAAP GPA is above or below the minimum established by the Board of Regents for Higher Education (“BOR”). The District shall share a student’s CAAP GPA and whether the student is above or below the minimum ~~class rank percentile for the CAAP~~ established by the BOR with the student, the student’s parent or guardian, the Connecticut State Department of Education (“CSDE”), and, upon request, a participating institution for purposes of applying to such institution under the CAAP.

The District shall notify each student enrolled in the student’s final year of high school, and the parent or guardian of such student, whether the student may be admitted to at least one participating institution under the CAAP based on the academic threshold established by such institution.

~~The District shall calculate each student’s CAAP GPA, identify institutions to which students are eligible for automatic admission under the CAAP, and generate student letters in accordance with guidance issued by the CSDE, as such guidance may be amended from time to time.~~

**II. Calculation of Grade Point Averages and Class Percentile Rank for All Other Purposes**

The Board believes that, due to the rigorous nature of certain classes, the grades earned in such classes deserve additional weight for purposes of calculating grade point average and determining class rank. These rigorous classes include the following: honors classes, advanced placement classes, dual enrollment, dual credit or early college. Therefore, it is the policy of the Board to grant grades earned in such courses additional weight for the aforementioned purposes.

For all purposes other than qualifying students for the CAAP, a student’s grade point average shall be calculated in the following manner:

46 **Weighted GPA**

47 Weighted GPA is calculated using courses taken in grades 10-12. Freshman courses are not included.  
 48 Weighted GPA is determined by the grade earned and the level designation of the course. A four-point  
 49 scale (4.0) is used.

GPA by Level

Letter Grade	Level 1	Level 2
A+	5.33	4.33
A	5.00	4.00
A-	4.67	3.67
B+	4.33	3.33
B	4.00	3.00
B-	3.67	2.67
C+	3.33	2.33
C	3.00	2.00
C-	2.67	1.67
D	2.00	1.00
F	0.00	0.00

51  
 52 **Unweighted GPA**

53 Unweighted GPA is calculated using all courses (grades 9-12) without regard to level. No additional  
 54 weighting or points are added for Honors or Advanced Placement courses. A four-point scale (4.0) is  
 55 used.

GPA System

A+	4.33
A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D	1.00
F	0.00

57  
 58 **III. Rank in Class**

59  
 60 Rank in class is calculated using the Weighted GPA. The class rank, or decile, for a graduating student  
 61 will not be officially reported on the student’s academic transcript. Daniel Hand High School will  
 62 calculate rank for the purpose of determining which students are eligible for Senior Honors and for some  
 63 scholarships and awards.

64  
 65 Senior Honors are defined as the top ten ranking positions in the class for honors recognition and shall  
 66 include the class valedictorian, salutatorian, class essayist, and senior scholars. If Daniel Hand High  
 67 School has more than one student qualifying for top honors, the students tying for valedictorian honors  
 68 will be named co-valedictorians. The next recipient will be named salutatorian followed by the class

69 essayist. Final Senior Honors Rank will be based upon six trimesters, beginning sophomore year, plus  
70 the first and second trimesters of the student's senior year. An official Senior Honors Rank will be  
71 provided to candidates during the third trimester of their senior year. For students who have not been at  
72 Daniel Hand long enough for a Senior Honors Rank calculation, a Rank in Class is calculated for the  
73 purpose of determining eligibility for some scholarships and awards. Transfer students should see their  
74 guidance counselor for additional information.

75  
76 If a situation exists which is not covered by this policy, it will be reviewed on a case by case basis by the  
77 School Counseling Department and the building principal.

78  
79 The Superintendent or designee shall be responsible for implementing this policy and developing  
80 procedures in furtherance of this policy, if necessary.

### **#5128 Rank in Class**

---

The class rank, or decile, for a student will not be officially reported on the student's academic transcript. Daniel Hand High School will calculate rank for the purpose of determining which students are eligible for Senior Honors and for some scholarships and awards. Rank in class is based upon the quality of work rather than on the quantity of credits. Rank in class is calculated by ranking each student's weighted grade point average as described in the Student Handbook. All English, science, social studies, mathematics, and world language courses as well as all other leveled courses will be included in rank in class calculations.

**FINAL RANK IN CLASS:** Final Rank in Class applies to students completing their high school course of studies at Daniel Hand High School without interruption. Final Rank in Class is based on nine trimesters of study and is calculated by ranking each student's weighted grade point average as described in the Student Handbook.

**SENIOR HONORS:** Senior Honors Rank is based upon six trimesters plus the first and second trimesters of the student's senior year. In order to qualify for Senior Honors, a student must complete a minimum of eight trimesters at Daniel Hand High School including his / her junior and senior years. An official Senior Honors Rank will be provided to candidates during the third trimester of their senior year.

Senior Honors are defined as the top ten ranking positions in the class for honors recognition and shall include the class valedictorian, salutatorian, class essayist, and senior scholars. If Daniel Hand High School has more than one student qualifying for top honors, the students tying for valedictorian honors will be named co-valedictorians. The next recipient will be named salutatorian followed by the class essayist.

**RANK IN CLASS – TRANSFER STUDENTS:** For transfer students, course work completed at a previous school(s) (two semesters maximum) will be interpreted by the students' Guidance Counselor and included with their courses in grades 10-12 at Daniel Hand High School to provide these students with a rank, if needed. Transfer students must meet the criteria above for Senior Honors to be considered for Senior Honors.

If a situation exists which is not covered by this policy, it will be reviewed on a case by case basis by the Guidance Department and the building principal.

**#6090.10****Individualized Education Program/Special Education Program**

Any child, whether a student of the school district, of pre-school age, or between the ages of 3 and 21 years of age, inclusive, but not attending district schools, who is identified as being in need of a special program shall be referred to a "special education planning and placement team" (PPT) which shall make an evaluative study to determine whether the child is a child with a disability as defined in state and federal statutes and if special education is required and to establish the scope of the special education program.

A parent of a child, the State Department of Education, and other state agencies available to the District may initiate a request for an initial evaluation to determine if the child is a child with a disability. Initial evaluations using a variety of assessment tools and measures to gather relevant functional, developmental, and academic information, must be completed within 45 school days. Exceptions to this timeframe include children moving between school districts and parental refusal to make a child available for evaluation, as provided by law.

The District will provide parents/guardians with State Department of Education procedural safeguards and the State Restraint/Seclusion Policy as soon as a child is identified as requiring special education.

**Planning and Placement Team or Individualized Education Program Team**

The term "individualized education program team" or "IEP Team" means a group of individuals composed of -

- (i) the parents of a child with a disability;
- (ii) one regular education teacher of such child (if the child is, or may be, participating in the regular education environment);
- (iii) one special education teacher;

**#6090.10 (cont'd.)**

(iv) a representative of the local educational agency who -

(I) is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;

(II) is knowledgeable about the general education curriculum; and

(III) is knowledgeable about the availability of resources of the local educational agency;

(v) an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in clauses (ii) through (vi);

(vi) at the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate;

(vii) the school paraprofessional, if any, assigned to such child, and

(viii) whenever appropriate, the child with a disability.

NOTE: An IEP Team member is not required to attend all or part of an IEP meeting if the parents and District agree that the team member's participation is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. If the meeting does involve a modification or discussion of the member's area of the curriculum or related services, parents and the District can agree to excuse the member from attending all or part of the meeting if the member submits written input to the parent and the IEP Team prior to the meeting. Parental consent in writing is required in either case.

**#6090.10 (cont'd.)**

The parent/guardian or surrogate parent shall be given at least five (5) school days prior notice of any PPT meeting and shall have the right to be present and participate in all portions of such meetings at which an educational program for their child is developed, reviewed or revised. In addition parents/guardians or surrogate parents have the right to be present at and participate in all portions of the PPT meeting at which an educational program for their child is developed, reviewed or revised. In addition, the parent/guardian/surrogate shall have advisors and can invite the child's assigned paraprofessional, if any, be present at and participate in all portions of the PPT meeting in which the child's educational program is developed, reviewed or revised.

Upon request of a parent/guardian, the District will provide the results of the assessments and evaluations used in the determination of eligibility for special education of a student at least three (3) school days before the referral PPT meeting at which such results of the assessment and evaluations will be discussed for the first time.

Parents/Guardians and the District may agree to conduct IEP meetings, and other meetings, through alternative means, such as including but not limited to, conference calls.

**A. General.** The IEP for each child must include:

1. An accurate statement of the child's present levels of academic achievement and functional performance based upon parental provider information, current classroom-based, local, state assessments and classroom-based observations, including :
  - (i) How the child's disability affects the child's involvement and progress in the general education curriculum; or
  - (ii) For preschool children, as appropriate, how the disability affects the child's participation in appropriate activities;

**#6090.10 (cont'd.)**

2. A statement of measurable annual academic and functional goals that aim to improve educational results and functional performance for each child with a disability, related to:

(i) Meeting the child's needs that result from the child's disability to enable the child to be involved in and progress in the general education curriculum;

(ii) Meeting each of the child's other educational needs that result from the child's disability; and

(iii) Providing a meaningful opportunity for the child to meet challenging objectives.

***Alternate Assessments***

(iii) A statement of "benchmarks or short-term objectives" is required only with respect to students with disabilities who take alternate assessments aligned with alternate achievement standards.

If a child will participate in alternate assessments based on either general or alternate achievement standards, the IEP must explain why the child cannot participate in the regular assessment and why the alternate assessment selected is appropriate for the child.

The IEP/PPT Team may only recommend appropriate accommodation or use of alternate assessment, but may not exempt students with disabilities from the state assessment.

3. A statement of the special education and related services and supplementary aids and services to be provided to the child, or on behalf of the child and a statement of the program modifications or supports for school personnel that will be provided for the child:

(i) To advance appropriately toward attaining the annual goals;

**#6090.10 (cont'd.)**

(ii) To be involved and progress in the general curriculum in accordance with paragraph (a)(1) of this section and to participate in extracurricular and other nonacademic activities; and

(iii) To be educated and participate with other children with disabilities and non-disabled children in the activities described in this paragraph.

4. A school must offer an IEP that is “reasonably calculated to enable a child to make progress appropriate in light of the child’s circumstances.” The child’s educational program must be appropriately ambitious in light of his/her circumstances and every child should have the chance to meet challenging objectives. The IEP Team, in determining whether an IEP is reasonably calculated to enable a child to make progress should consider the child’s:

- Previous rate or academic growth,
- Progress towards achieving or exceeding grade-level proficiency,
- Behaviors, if any, interfering with the child’s progress, and Parent’s input and any additional information provided by such parents.

The U.S. Supreme Court, in the Endrew F decision stated, “any review of an IEP must consider whether the IEP is reasonably calculated to ensure such progress, not whether it would be considered ideal. (137S.CT. at 99).

5. An explanation of the extent, if any, to which the child will not participate with non-disabled children in the regular class and in the activities described in paragraph (a) (3) of this section;

6. (i) A statement of any individual modifications in the administration of State or district-wide assessments of student achievement that are needed in order for the child to participate in the assessment;

**#6090.10 (cont'd.)**

7. The projected date for the beginning of the services and modifications described in paragraph (a)(3) of this section, and the anticipated frequency, location, and duration of those services and modifications; and
  
8. A statement of :
  - (i) How the child's progress toward the annual goals described in paragraph (a)(2) of this section will be measured; and
  
  - (ii) How the child's parents will be regularly informed (through such means as periodic report cards), at least as often as parents are informed of their non-disabled children's progress, of -
    - a. Their child's progress toward the annual goals; and
  
    - b. The extent to which that progress is sufficient to enable the child to achieve the goals by the end of the year
  
9. Reevaluation of a student's progress may not occur more than once a year unless agreed to by the parents and the District. Reevaluation must occur at least once every three years unless the parent and District agree that it is unnecessary.

NOTE: In order to make FAPE available to each eligible child with a disability, the child's IEP must be designed to enable the child to be involved in, and maybe progress in, the general education curriculum ("the same curriculum as for nondisabled children which is

**#6090.10 (cont'd.)**

based on a State's academic content standards. This alignment must guide, and not replace the individualized decision-making required in the IEP process.”)

**B. Transition services**

## 1. The IEP must include -

(i) For each student beginning not later than the first IEP to be in effect when the child is sixteen, and younger if appropriate, and updated annually, thereafter, appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and

(ii) For each student beginning not later than the first IEP to be in effect when the child is sixteen, (or younger, if determined appropriate by the IEP Team), a statement of needed transition services for the student, including courses of study, needed to assist the child in reaching these goals:

(iii) For a student no longer eligible for services due to graduation from high school with a regular diploma or for a student who exceeds the age of eligibility under State law, a summary of the student's academic achievement and functional performance including recommendations on how to assist the student in meeting his/her postsecondary goals.

## 2. If the IEP team determines that services are not needed in one or more of the areas specified in §300.27(c)(1) through (c)(4), the IEP must include a statement to that effect and the basis upon which the determination was made.

**C. Transfer of rights.** Beginning not later than one year before a student reaches the age of majority under State law, the student's IEP must include a statement that the student has been

**#6090.10 (cont'd.)**

informed of his or her rights under this title if any, that will transfer to the student on reaching the age of majority, consistent with §615(m)

**D. Students with disabilities convicted as adults and incarcerated in adult prisons.** Special rules concerning the content of IEP's for students with disabilities convicted as adults and incarcerated in adult prisons are contained §612(a)(5)A.

**E. Students with disabilities identified as deaf or hearing impaired.** For a child identified as deaf or hearing impaired, the PPT shall develop an IEP which includes a language and communication plan which shall address;

(i) the child's primary language or mode of communication;

(ii) opportunities for direct communication between the child and his/her peers and professional personnel in the primary child's language or mode of communication;

(iii) educational options available to the child;

(iv) the qualifications of teachers and other professional personnel administering the plan for the child, including their proficiency in the child's primary language or mode of communication;

(v) the accessibility of academic instruction, school services and extracurricular activities to the child;

(vi) assistive devices and services for the child; and

(vii) communication and physical environment accommodations for the child.

#6090.10 (cont'd.)

**Transfers**

When an individual has been on an IEP in another school district, the PPT shall make an evaluative study of the student and develop an IEP for the student as though the student were newly referred, but the PPT may use the previous IEP (if available) in developing the new one. If the transfer involves districts within Connecticut, the District will provide services “comparable to those described in the previously held IEP,” until the District adopts the previously held IEP or develops, adopts, and implements a new IEP. If the student has transferred from another state, the District will provide services “comparable to those described in the previously held IEP,” until the District conducts an evaluation, if deemed necessary, and if appropriate, develops a new IEP. If a student who is on an IEP transfers from this district to another, or to a private school, the written IEP and any additional records relating to the student's program and achievement shall be forwarded to the receiving school on the request of the receiving school and the individual's parent or guardian.

**Independent Educational Assessment**

If an independent educational assessment is necessary, it shall be conducted by a Connecticut credentialed or licensed professional examiner who is not employed by and does not routinely provide assessment for the State Department of Education or this District. All neuropsychological, psychiatric, and assistive technology evaluations must include a classroom observation.

Parent-Teacher Communication

The Madison Board of Education (the “Board”) believes that parents should be knowledgeable about the education that the Madison Public Schools (the “District”) provides to enrolled students. The Board believes that parents are most knowledgeable when they have regular communication with teachers. Therefore, it is the policy of the Board to encourage parent-teacher communication. The Superintendent or designee shall be responsible for developing procedures in furtherance of this policy.

The Superintendent is further required to include information about parental involvement and actions taken to improve parental involvement in the strategic school profile that is submitted annually to the Board and Commissioner of Education. Such actions to improve parental involvement may include methods to engage parents in the planning and improvement of school programs and to increase support to parents working at home with their children on learning activities.

The procedures developed in furtherance of this policy may include monthly newsletters, required regular contact with all parents, drop-in hours for parents, home visits, and the use of technology such as homework hot lines to allow parents to check on their children’s assignments and students to receive assistance if needed.

Such procedures shall require the District to conduct two flexible parent-teacher conferences for each school in each year. Teachers should be prepared to give after-school or pre-school time for conferences when requested by parents/guardians. In addition, the procedures shall require the District to offer parents the option of attending parent-teacher conferences by telephonic, video, or other conferencing platform.

**Parent Conferences**

---

Close communication between home and school is an important factor in establishing a highly effective school program. Conferences between parents and teachers are an important way to bring about understanding and close cooperation between the home and school. Conferences with all parents should be encouraged, not just with those where academic or other problems suggest the need for closer communication.

Conferences between parents and teachers regarding a child should be treated by the teacher as an opportunity to help the child and every effort should be made to make the conference constructive, objective, and pleasant. Conferences should provide an opportunity for a mutual exchange of information and ideas for the welfare of the child.

Teachers should be prepared to give after-school or pre-school time for conferences when requested by parents.

Parent-teacher conferences to discuss student progress and performance are scheduled each year in conjunction with report card / portfolio overviews. These may be arranged for certain days when classes are dismissed early and conferences are held in the afternoon / evening or before or after school at the convenience of parents and teachers. In addition to scheduled conferences, teachers are expected to request additional conferences with parents as the need may indicate.

The principal or supervisor should be present at any parent-teacher conference when requested.

Graduation Requirements

In order to satisfy the high school graduation requirements within Madison Public Schools, a student must have satisfactorily completed the prescribed courses of study; demonstrated proficiency in basic skills identified by the Madison Board of Education (the "Board"); and satisfied the legally mandated number and distribution of credits required to graduate from high school.

These requirements, as documented below, are considered by the Board to constitute a solid educational foundation for high school students. However, the Board endorses and encourages an expanded course of study beyond these minimum requirements that includes, but is not limited to, the following: interdisciplinary studies and student projects, including senior projects; student community service activities; technology-based and distance learning courses and activities; and other such curricula and courses as might be expected for high schools in the 21st century.

Requirements for Enrollment and Promotion and Graduation

- (1) Students in grades 9, 10, and 11 are required to enroll in six and one-half (6.5) credits each year. They may take up to seven and one-half (7.5) credits if their schedule permits them to do so. The minimum enrollment requirement for seniors is six (6) credits. The students must earn four and one-half (4.5) credits during their senior year in order to be eligible for graduation, regardless of previously earned credits.
(2) The minimum requirements for promotion are as follows:
- Grade 10 status, six (6) credits must be earned
- Grade 11 status, twelve (12) credits must be earned
- Grade 12 status, eighteen (18) credits must be earned
(3) Students must complete all requirements in order to participate in graduation exercises.

Required Coursework and Credits for Graduation

The Board conforms with state law regarding credits for graduation from high school. For classes graduating in 2023 and thereafter, the following twenty-five (25) credits are required at a minimum:

Table with 2 columns: Course Category and Credits. Rows include Humanities (9.0 Credits), Science, Technology, Engineering, and Math (STEM) (9.0 Credits), Physical Education (1.0 Credit), and Health and Wellness (1.0 Credit).

41		
42	World Languages	1.0 Credit
43		
44	Mastery-Based Diploma	0.5 Personal Finance Credit

47	Career & Technical Education	1.0 Credit
48		
49	Art, Music, or Theater	1.0 Credit
50		
51	Elective	1.0 Credit
52		

53 A credit is defined as not less than the equivalent of a forty (40) minute class period for each school day  
54 of a school year except for a credit or part of a credit toward high school graduation earned through a  
55 manner otherwise detailed in this policy.

56

57 Only courses taken in grades nine to twelve inclusive, and that are in accordance with the state-wide  
58 subject matter content standards, adopted by the State Board of Education, shall satisfy the above  
59 graduation requirements, except that the Board will grant a student credit under the following additional  
60 circumstance:

61

62 High school graduation credit will be granted to students for coursework completed during the school  
63 year or summer months at an institution accredited by the Board of Regents for Higher Education or  
64 Office of Higher Education or regionally accredited. One three-credit semester course, or its equivalent,  
65 at such an institution shall equal one-half credit for purposes of this policy.

66

#### 67 Credit Requirement Exemptions

68 A student who presents written documentation from a physician, advanced practice registered nurse, or  
69 physician assistant, stating that participation in physical education is not advisable because of the  
70 physical condition of the student, shall be excused from the physical education requirement. In such a  
71 case, another subject of equal or greater course credit must be substituted.

72

73 Any student who is deaf or hearing impaired may be exempted from any world language graduation  
74 requirement if the student's parent or guardian requests such exemption in writing.

75

#### 76 Demonstration of Proficiency in Basic Skills

77 In addition to meeting the coursework and credit graduation requirements listed above, to graduate high  
78 school, each student must demonstrate proficiency in the basic skills.

94 The Board of Education will provide adequate student support and remedial services for students  
95 beginning in grade seven. Such student support and remedial services shall provide alternate means for a  
96 student to complete any of the high school graduation requirements, previously listed, if such student is  
97 unable to satisfactorily complete any of the required courses or exams. Such student support and remedial  
98 services shall include, but not be limited to, (1) allowing students to retake courses in an approved summer  
99 school or through an on-line course; (2) allowing students to enroll in a class offered at a constituent unit

104 such alternate assessment.

121  
122 On and after March 15 of each school year, a principal, school counselor, teacher, or other certified  
123 educator may complete the waiver on behalf of any student who has not satisfied the above requirements

**#6146****Graduation Requirements**

---

The Board of Education recognizes its responsibility to communicate expectations for graduation requirements for the students who attend and graduate from Daniel Hand High School. To that end, this policy has been developed to document the graduation requirements in keeping with the State of Connecticut general statutes that govern such matters.

These requirements, as documented below, are considered by the Board of Education to constitute a solid educational foundation for high school students. However, the Board endorses and encourages an expanded course of study beyond these minimum requirements that includes, but is not limited to, the following: interdisciplinary studies and student projects, including senior projects; student community service activities; technology-based and distance learning courses and activities; and other such curricula and courses as might be expected for high schools in the 21<sup>st</sup> century.

The Board encourages the Superintendent, administration, and staff to focus their efforts on such program expansion as would effectively enhance learning opportunities for students beyond these minimum graduation requirements.

**General Statement of Requirements for Graduation**

For graduation from the district's public schools, students must:

1. Satisfactorily complete a rigorous academic Program of Study;
2. Achieve specific academic performance goals in each content area; and
3. Fulfill the legally mandated number and distribution of credits.

The detailed requirements and standards for graduation listed below agree with the goals of our schools adopted by the Board of Education. The faculty shall apply measures of achievement to provide evidence that each student has completed these requirements for graduation according to the terms of paragraph #1 above.

Additionally, in recognition of its responsibility for the education of all youths in the school system, including those who drop out of school, the Board of Education shall provide alternative programs that will enable them to acquire a high school or vocational school diploma.

**Specific High School Credit Requirements**

A graduate of the Madison Public Schools must have earned a minimum of twenty-four (24) credits and must have met the credit distribution requirement. Students must have met performance standards in the following: reading, writing and mathematics.

**1. Requirements for Enrollment and Promotion and Graduation:**

(a) Students in grades 9, 10, and 11 are required to enroll in six and one-half (6.5) credits each year. They may take up to seven and one-half (7.5) credits if their schedule permits them to do so. The minimum enrollment requirement for seniors is six (6) credits. The students must earn four and one-half (4.5) credits during their senior year in order to be eligible for graduation, regardless of previously earned credits.

(b) The minimum requirements for promotion are as follows:

- Grade 10 status, six (6) credits must be earned
- Grade 11 status, twelve (12) credits must be earned
- Grade 12 status, eighteen (18) credits must be earned

(c) Students must complete all requirements in order to participate in graduation exercises.

**2. Credit Distribution Requirements:**

Effective September 2002 (class of 2006), graduation requirements are expanded to include the following:

- English: Not fewer than four and one-half (4.5) credits
- Social Studies: Not fewer than three and one-half (3.5) credits. One (1) must be United States History and one-half (.5) in Civics and American Government

- Science: Not fewer than three (3) credits
- Mathematics: Not fewer than three and one-half (3.5) credits
- Physical Education: Not fewer than one and one-quarter (1.25) credits
- Arts or Music: Not fewer than one (1) credit
- Applied Education: Not fewer than one (1) credit
- Health: Not fewer than one (1) credit

Of the remaining five (5) elective credits, two must be part of a planned program reflecting exploratory interest in the areas of focus (Career Cluster Sequences) contained in the Daniel Hand High School Program of Studies.

Commencing with the graduating class of 2023 (beginning with the incoming class of 2019-2020) and for each graduating class thereafter, in order to graduate and be granted a diploma, students must satisfactorily complete a minimum of twenty-five (25) credits, including not fewer than (1) nine credits in the humanities, including civics and the arts; (2) nine credits in science, technology, engineering and mathematics; (3) one credit in physical education and wellness; (4) one credit in health and safety education; (5) one credit in world languages and (6) a one credit mastery-based diploma assessment.

In addition, also beginning with the graduating class of 2023, the Board of Education will provide adequate student support and remedial services for students beginning in grade seven (2017-2018 school year). Such student support and remedial services shall provide alternate means for a student to complete any of the high school graduation requirements, previously listed, if such student is unable to satisfactorily complete any of the required courses or exams. Such student support and remedial services shall include, but not be limited to, (1) allowing students to retake courses in summer school or through an on-line course; (2) allowing students to enroll in a class offered at a constituent unit of the state system of higher education, allowing students who received a failing score, as determined by the Commissioner of Education, on an end of the school year exam to take an alternate form of the exam; and (3) allowing those students whose individualized education plans state that

such students are eligible for an alternate assessment to demonstrate competency on any of the five core courses through success on such alternate assessment.

3. District Performance Standards

(a) Mathematics Standard

Students may meet this standard in one of the following ways:

1. Meeting the state benchmark for the math SAT.
2. Achieving a combined average in the C range for three or more math courses.
3. Satisfying the requirements as designated on the IEP for qualifying students.

(b) Reading & Writing Standard

Students may meet this standard in one of the following ways:

1. Meeting the state benchmark for the Evidence-Based Reading & Writing (ERW) SAT.
2. Achieving a combined average in the C range for three or more English courses.
3. Producing a portfolio of written work in class that will be evaluated by a panel of teachers related to reading & writing.
4. Satisfying the requirements as designated on the IEP for qualifying students.

4. Repeating Courses:

The following policy applies to courses being repeated due to failure:

- (a) Students who repeat a course due to failure will have both courses counted in class rank calculations. Both courses will appear on the students' permanent record card.

6. Notification Guidelines:

Effective communication is a key ingredient to success in school. The responsibility for this communication must be shared by school personnel, the student and his / her parents or legal guardians. To this end, teachers will complete reports for all students at the mid-point and end of each trimester.

Per statute (C.G.S. 221a(f)) the determination of eligible credits is at the discretion of the Board of Education, provided the primary focus of the curriculum of eligible credits corresponds directly to the subject matter of the specified course requirements. The Board may permit a student to graduate during a period of expulsion if the Board determines the student has satisfactorily completed the necessary credits. The graduation requirements shall apply to any student requiring special education except when the Planning and Placement Team (PPT) determines the requirement not to be appropriate.

The Board of Education shall award a high school diploma to any World War II veteran or veteran of the Korean Hostilities or Vietnam Era veteran requesting such diploma who left high school for military service as defined in the statutes.

Pesticide Application on School Property

It is the policy of the Madison Board of Education to implement an integrated pest management plan to reduce the amounts of pesticides applied in any building, or the grounds of any Madison public school, by using all available pest control techniques including judicious use of pesticides, when warranted, to maintain a pest population at or below an acceptable level, while decreasing the use of pesticides.

The decision to apply pesticide in any building, or the grounds of any Madison public school is dependent on results of periodic monitoring for pest populations to determine if a pest problem exists that exceeds acceptable threshold levels.

No application of pesticide shall be made in any building, or the grounds of any Madison public school during regular school hours or during planned activities at any school, except as provided by Connecticut statute or regulation.

Parents or guardians of children in any school and/or staff members in any school may register for prior notice of pesticide application at their school. Each school shall maintain a registry of persons requesting such notice, and shall provide notice to registered individuals in accordance with applicable Connecticut statutory and regulatory provisions.

The Superintendent may direct that an emergency application of a lawn care pesticide be made without prior notice to parents or guardians of children in any school and/or staff members in the event of a threat to human health, subject to applicable Connecticut statutory and regulatory provisions.

The Superintendent may direct that an emergency application of a pesticide be made during regular school hours or during planned activities at school without prior notice to parents or guardians of children and/or staff members in any school in the event of an immediate threat to human health, subject to applicable Connecticut statutory and regulatory provisions.

There shall be no application of any lawn care pesticide on the grounds of any school with students in grade eight (8) or lower, except on an emergency basis, subject to applicable Connecticut statutory and regulatory provisions.

**Hazardous Material in Schools**

---

**Pest Management / Pesticide Application**

The Board of Education believes that structural and landscape pests can pose significant hazards to people, property and the environment. Pests are living organisms such as plants, animals or microorganisms, that interfere with human uses for the school site. Strategies for managing pest populations will be influenced by the pest species and the degree to which that population poses a threat to people, property or the environment. Further, the Board also believes that pesticides can also pose hazards to people, property and the environment. The intent of this policy is to ensure the health and safety of students, teachers, staff and all others using district buildings and grounds. The goal of this pest management program is to manage pests in order to:

- Reduce any potential human health hazard and/or to protect against a significant threat to public safety;
- Prevent loss or damage to school structures or property;
- Enhance the quality of life and to provide a safe and healthy learning environment for students, staff and others.

The school district shall incorporate Integrated Pest Management procedures (IPM) to manage structural and landscape pests and the toxic chemicals for their control in order to alleviate pest problems with the least possible hazard to people, property and the environment. In addition, staff, students and the public shall be educated, at least annually, about potential school pest problems and the IPM policies and procedures to be used to achieve the desired pest management objectives. Integrated Pest Management (IPM) is the coordinated use of pest and environmental information with available pest control methods to prevent unacceptable levels of pest damage by the most economical means with the least possible hazard.

IPM procedures will determine when to control pests and whether to use mechanical, physical, chemical, cultural or biological means. Chemical controls shall be used as a last resort. The Board establishes that the school district shall use pesticides only after consideration of the full range of alternatives, including no action, based upon an analysis of environmental effects, safety, effectiveness and costs and after consultation with the Town Health Officer. The Superintendent or his / her designee shall be responsible to implement Integrated Pest Management (IPM) procedures and to coordinate communications with members of the staff who are responsible for pest control, such as maintenance personnel and custodians, and hired contractors when utilized by the district to control a pest problem. The Director of Facilities shall be designated as the IPM supervisor and shall direct and supervise all IPM procedures to be carried out by assigned maintenance and / or custodial staff.

All district employees who use chemicals to control a pest problem must be trained and shall follow all precautions and application regulations. The District will only employ certified pesticide applicators for any necessary and non-emergency pesticide use in school building or on school grounds. Contractors hired to do this work shall give evidence of appropriate training and certification in the proper use of pesticides. Pest control contractors shall be utilized, when deemed necessary, to inspect for conditions conducive to pest problems and to develop appropriate prevention measures. Pest control contractors will be expected to write recommendations for structural improvements or repairs and housekeeping and sanitation measures required to reduce or prevent recurrence of pest problems.

Someone other than a certified pesticide applicator may apply a pesticide in an emergency to eliminate an immediate human health threat when (1) it is impractical to obtain the services of a certified pesticide applicator and (2) a restricted use pesticide is not used.

Whenever it is deemed necessary to use a chemical substance, that school must provide notification to all parents and staff who have registered for advanced notification in conformity with state statutes. Parents / guardians and staff requesting advanced notification must be notified on the day of such use by any method practicable. Notices shall also be posted in designated areas at school at least twenty-four (24) hours prior to the application.

At the beginning of each school year and at the time a student is registered, parents / guardians shall be informed of the District's pest management policy. Those parents / guardians and staff who register a request shall be notified prior to every pesticide application.

Information regarding pesticides used and areas treated shall be maintained for a period of five years at the school site and available to the public and staff upon request. The district shall establish and maintain accurate records of all chemical use and their location. In addition, records of all pest control actions including information on indicators of pest activity that can verify the need for action.

Pesticide applications shall be limited to non-school hours and when activities are not taking place.

Beginning January 1, 2006 the application of lawn care pesticides on the grounds of schools with students in grades 8 or lower must be according to an integrated pest management plan (IPM). Such application is prohibited starting July 1, 2009 except in emergencies. An emergency application may be made to eliminate a human health threat in any school with students through grade 8 as determined by the Superintendent of Schools.
