On March 6, 2024, the EDI Council collaborated to draft a District Equity Statement. This draft was shared with all administrators for feedback on April 24, 2024. On May 1, the EDI Council reconvened to review the suggestions and revised the statement that reads as follows:

*At Glastonbury Public Schools, we believe in fostering a community where equity is a lived reality. We are committed to creating an educational system that is just and responsive. Through intentional policies and inclusive practices, we will provide opportunities, support, and access for all members of our school community to thrive. We recognize there may be times we fall short and injustices may occur. Our response to those instances is how we will be measured.*
