- A. School Enrollment Report, October 2026
 - B. Staff Appointments
 - 1. Nicole Blomstrann, LINKS Academy, Special Education Teacher
 - 2. Savanna Meltser, LINKS Academy, Special Education Teacher
 - C. Staff Resignations
 - 1. Amanda DeLucia
 - D. Gideon Welles School After School Activities, Fall 2026
 - E. Smith Middle School Clubs 2026-2027
 - F. Follow-up to the September 28, 2026 Security Meeting
 - *The Board of Education plans to enter into an Executive Session to discuss this matter.
 - G. Dates to Remember
11. Adjournment

How to Participate in Board of Education Meeting Public Comments

At this time, there are two options for participating in public comment during Board of Education meetings.:

1) In-Person Comment.

The Board sets aside thirty (30) minutes for public comments. Comments are limited to 3 minutes per speaker and a person may speak only once. Each speaker must start by stating their name and address. There will be a sign-up sheet in the back of the room. In-person meetings are held in the Town Hall Town Council Chambers, 2155 Main Street, Glastonbury, unless otherwise noted on the [Board of Education Meeting webpage](#) and the Board Meeting agenda.

2) Written Comment.

Use the form below to submit a written comment before 12 noon on the meeting day. Written comments are attached to the BOE Meeting Agenda.

10/5/2026 11:07:53	James Zeller	210 Woodland St, Glastonbu	In the interest of full disclosure I'm a member of the BoF but speak only for myself. I attended the BoE Budget Committee meeting on September 28th so let me start by acknowledging and thanking the Town's Superintendent of Schools and his staff for all their work on behalf of the BoE to create a budget format document that meets the recent requirement of the Town Council. That said, if I understood statements by committee members correctly the BoE intends to submit the new, more comprehensive and transparent format to the BoF and TC as SUPPLEMENTAL information but continue to provide the BoE and the public with its budget using the existing, less informative format. That approach creates two problems easily avoided so I'm here to request the BoE reconsider that decision and adopt the new format its staff created. The first problem is one our former Superintendent noted on several occasions during my 12 years on the BoE. That is, creating multiple documents with variations of the same information often creates confusion when the public or elected officials find themselves citing information unavailable or different from that being used by others. For example, will the BoE be given the supplemental information during their 2-3 day review of the Superintendent's request? Will the BoE Approved Budget presented at the Town Meeting in late January include the supplemental information for the public to see? The second, and far more important issue, is the question of why the BoE as stewards of not just education, but the resident's tax dollars needed to pay for it, would fail to utilize a format that simply adds a few columns to the existing one yet in doing so creates a far more transparent and comprehensive document for them to evaluate past success and justify the necessity for additional funding in the future.
10/5/2026 11:08:41	James Zeller	210 Woodland St, Glastonbu	Why would the BoE choose to review less information regarding any yearly request by the Superintendent and not let the public see how well they have estimated financial need in the past? Quite frankly it's the BoE who need the additional information more than the BoF or TC if their approved budgets are to be granted the deference they desire by other elected officials. Lastly, the current budget document had been amended in the past with items added or deleted..... Adopting the new more comprehensive and transparent format won't prevent the BoE from including every piece of information contained in the existing document so please just adopt the new format and forget producing two. Thank you.

Science/PACE Report

Director: Christine Tedisky

Date: October 5, 2026

1. Highlight or summarize key achievements of the program that are unique to the past year.

Advanced Placement Examinations

Glastonbury High School student participation and achievement on Spring 2026 Advanced Placement Science Examinations were outstanding. For each AP science exam, GHS student average exam scores continue to exceed the state and global averages and percentages of test takers scoring a 3 or higher.

Course	% Earning 3+	GPS Average Score	CT Average Score
<i>AP Biology</i>	98%	4.2	3.5
<i>AP Physics 1 & 2*</i>	94%	4.1	3.5
	81%	3.4	3.2
<i>AP Chemistry</i>	97%	3.8	3.5
<i>AP Environmental Science</i>	83%	3.4	3.3
<i>AP Physics C</i>	97%	3.8	3.5
	97%	4.2	3.6

**The College Board offers 2 exams for AP Physics 1&2 and AP Physics C: Electricity and Magnetism & Mechanics.*

Next Generation Science Standards Assessments

The CSDE Next Generation Science Standards Assessments were administered in Spring 2026 in grades 5, 8, and 11.

Percent of GPS Students Scoring Proficient or Above by Grade on the NGSA:

Gr.	Spring 2026	Spring 2025	Spring 2024	Spring 2023	Spring 2022
5	76%	68%	69%	76%	73%
8	74%	74%	72%	71%	65%
11	83%	63%	62%	65%	65%

Advanced Research Mentorship (ARM)

During the 2025-2026 school year, approximately 5700 hours of independent research were logged by 57 students and were showcased in the annual STEMposium. Students also published the fifteenth annual *Journal of Advanced Research Mentorship*.

Connecticut Science and Engineering Fair (CSEF)

Twelve GHS students participated in the Connecticut state science fair, with three finalists earning awards for their research projects.

Science Olympiad

GHS Students participated in the Science Olympiad and earned sixth place out of sixty teams in the competition.

Science Bowl

Teams from Smith Middle School participated in the Equity Northeast Middle School Science Bowl in January, followed by the Southern New England Middle School Regional Science Bowl in February, and they earned sixth and tenth place out of thirty-two teams.

Elementary STEAM Celebrations

From March through early April, all district elementary schools successfully hosted their annual Family STEAM Celebrations.

2. Outline key developments and/or revisions made to the curriculum within the past year.

Grade-Level / Course	Recent Development / Revision
Kindergarten & Grade 1	• Integrated science standards into play-based learning challenges and scenarios and mapped progression of executive functioning strategies across grades.
Grade 2	• Began exploration of project-based learning as a progression from Grade 1 play-based learning and executive functioning strategies.
Grade 7	• Continued to create common unit summative assessments aligned to curriculum units.
Grades 6-8	• Continued the articulation of the progression of the Science and Engineering Practices and Crosscutting Concepts with benchmarks for student achievement across grade levels; identified specific connections to common laboratory experiences.
Grade 10/AP <i>Biology</i>	• Updated curriculum at-a-glance guides and units to reflect the changes from the College Board.
Grade 10/ <i>Biology</i>	• Completed the development of digital resources to support curriculum units of study.
<i>AP Physics 1&2, AP Chemistry, AP Environmental Science, Human Anatomy & Physiology, and Advanced Research Mentorship</i>	• Created at-a-glance guides and unit documents.

3. Share program areas of focus for the year ahead in accordance with the most recent 5-year Program Review and 6th Generation Strategic Plan.

- Continue to lead the Play-Based Learning initiative in first grade, incorporating transition strategies throughout the day to continue to help develop executive functioning.
- Continue to develop a project-based learning approach in grade 2 that builds intentionally upon students' K–1 play-based learning experiences.
- Begin to develop and pilot inquiry-based units of study that integrate ELA, Science, and Social Studies in grade 5.
- Explore additional opportunities for students to earn dual credit, certifications and/or Industry Recognized Credentials in science at the secondary level.
- Continue to address priority recommendations from the 2024-2025 Science 5-year Program Review Report, including:
 - Strengthening instructional practices and resources to better serve our diverse student population and respond to individual learning needs through the Universal Design for Learning (UDL) Framework and incorporating equity-based practices.
 - Improving vertical alignment and communication of science concepts, skill progression, and common learning experiences across all grade levels.
 - Enhancing elementary science curriculum implementation by increasing instructional time and embedding interdisciplinary connections, particularly through play-based learning in Kindergarten and Grade 1, and inquiry-based learning in Grade 5.
 - Updating and maintaining annual lab safety training and chemical and equipment inventories, and continuing to build capacity of chemical hygiene knowledge within the department to ensure safety and support.
 - Analyzing student performance on the Next Generation Science Standards Assessment; identifying areas for growth; and refining resources for implementation that will allow students to continue to demonstrate understanding and proficiency on the state assessment in grades 5, 8, and 11.

4. Detail the financial needs associated with the program, inclusive of curriculum hours, instructional resources, staffing, and professional development.

- Provide funding to support upgrades to current and additional K-12 equipment and materials needed to support science experimentation and engineering design tasks.
- Provide funding to support professional development opportunities for teachers on differentiation, equity-based practices, and curriculum-specific learning and training.
- Provide funding for continued curriculum refinement aligned to UDL and the GPS Portrait of a Learner in addition to the vertical articulation and mapping of science and engineering skills and practices and crosscutting concepts across grade levels.
- Continue to support the expansion of STEAM experiences for students across all elementary schools, including funds for curriculum development, instructional resources, and technology to support students' interest and curiosity in related fields.

Mathematics/PACE Report

Director: Brenda M. Gregorski

Date: October 5, 2026

1. Highlight program events and summarize the key achievements of the program that are unique to the past year.

Glastonbury High School & Computer Science

- Two students won the Petit Family Foundation's Women in Science Leadership Award and will be presented with this award at the Connecticut Science Center Gala.
- A junior student earned the Amazon Future Engineer Scholarship—1 of 7 students in Connecticut and 200 nationwide.
- A junior student was presented with the Next Generation Role Model Award at the Connecticut Science Center, as part of the Million Women Mentor program.
- Two students were honored by the National Center for Women and Informational Technology—one as a Connecticut Rising Star and another as the Aspirations in Computer High School Award for Connecticut and a National Honorable Mention recipient for Aspirations in Computing.
- Coding Club placed first and second in the Novice division of the prestigious Code Quest competition hosted by Lockheed Martin.
- The CyberPatriot Team came in 3rd in the Gold Division of the CP18 competition.
- GHS Robotics Team won the Engineering Inspiration award and the FIRST Impact award, "the most prestigious award at FIRST."
- Three students earned their Microsoft Excel Certification through our Data Science and Statistics course.
- Glastonbury High School's *Mu Alpha Theta* chapter of the National High School and Two-Year College Mathematics Honor Society inducted 38 new members:
 - 25 students provide weekly peer tutoring at SMS and GWS.
 - 30 students support activities at the Elementary STEAM nights.
- The GHS Math Team competed in the Annual International Purple Comet competition, with the freshmen team scoring an amazing 29 out of 30 and placing 1st in the state and 23rd out of 376 teams in the country.
- A GHS math teacher serves as a Board Member for the National Council of Teachers of Mathematics, helping to organize and present sessions at the national conference.
- Two students scored in the top 2.5% in the American Math Competition (AMC) and qualified for the American Invitational Mathematics Exam (AIME).
- The SMS and GHS math departments hosted educators from Lebanon and Suffield for classroom visits to see the Building Thinking Classrooms model in action
- Smith Middle School MathCounts Team placed 3rd in the State MATHCOUNTS Competition. One student qualified for the National Team, which chooses the top 4 students in the state to compete in Florida.

- Gideon Welles students participated in the Math Olympiad for Elementary and Middle Schools (MOEMS) globally, with 3 students finishing within the top 2% globally and 6 more within the top 10% globally.
- The mean SAT score for mathematics in 2026 was 559. The state average was 473.

Course	% Earning 3+	GPS Average Score	CT Average Score
AP Calculus AB	98.3%	4.05	3.43
AP Calculus BC	95%	4.66	4.09
AP Statistics	71%	3.14	3.16
AP PreCalculus	99%	4.70	3.93
AP Computer Science A	100%	4.46	3.43
AP Computer Science Principles	96%	4.21	3.16

2. Outline key developments and/ or revisions made to the curriculum within the past year.

Grade-Level / Course	Recent Development / Revision
Grade K	• Updated Purposeful Play Centers and scenario documents to reflect first-year implementation.
Grades 1 - 5	• Revised Progress Monitoring tools and developed Progress Monitoring Tools for Grade 5. Completed Curriculum Focus Questions for Grades K - 5.
Grade 6	• Partnered with the Special Education teachers to implement station teaching as a co-teaching model.
Grades 7 & 8	• Revised lesson sequencing and assessments based on feedback and SBAC data. Successfully embedded SBAC Interims into our 7th and 8th grade classrooms to use as Formative Assessments.
Grades 7 - 9	• Developed Math by Design/ Math Strategies lesson plan for Math Interventionist and Accelerated Learning plan for Grades 7 - 8; revised pretaught lessons for Grade 9
Integrated Algebra and Geometry	• Updated and finalized projects for STEAM lab.
Algebra 2	• Revised scope and sequence to align more with SAT focus areas and PreCalculus. Developed common formative assessments.
AP Computer Science Principles & AP Computer Science A	• Revised sequence, assessments, and tasks in curriculum documents to reflect changes by the College Board

3. 5-year Program Review and 6th Generation Strategic Plan.

- Continue to collaborate with library media specialists to develop coding experiences for students in all K – 5 classes.
- Continue helping students build math fact fluency through the Reflex program (transitioning to a new fluency program next year) and other fluency resources and games during the math block in grades 2-5.
- Continue to develop and refine the Math by Design/ Double Dosage lessons and structure in Grades 6-9 to help more students achieve in mathematics in middle school and beyond.
- Develop a one-year curriculum for Algebra 1, allowing greater access for students to complete Algebra 1 in one year with appropriate support through Math by Design.
- Continue to develop station teaching in Grade 6 with the Special Education department and expand to grades 7 and 8.
- Redesign the scope and sequence and assessments of Grade 6 through a new curricular resource.
- Develop a coding/computer science class for all Grade 6 students to grow the STEAM initiative.
- Coach teachers on the use of small group instruction (SGI) blocks to increase enrichment and reteaching opportunities for all students in grades 1 – 5
- Recenter student-centered coaching training through the use of PLCs at the Elementary Schools.
- Continue to refine progress monitoring tools and assessments by using SBAC interims to support effective use of Tier 1 strategies.
- Expand *Building Thinking Classrooms* active learning practices to elementary classrooms and further develop these active learning practices to include student self-assessment and interest, as well as access strategies in our 6 – 12 classrooms.
- Continue to lead the Play-Based Learning initiative in kindergarten, incorporating transition strategies throughout the day to continue to help develop Executive Functioning, as well as invite families to participate in scenarios, such as “The Vet.”
- Begin Instructional Rounds in Grades 9 - 12 and develop look-fors for access to math lessons for all students.
- Build executive functioning skills into the secondary classrooms, inclusive of using focus questions from the curriculum documents, posting agendas in classrooms, and utilizing different UDL strategies (station teaching, BTC, small group, etc.)
- Begin to explore eduCLIMBER data usage in elementary schools and develop an intervention program to coincide with tracking student growth.

4. Detail the financial needs associated with the program, inclusive of curriculum hours, instructional resources, staffing, and professional development.

- Reimagine and expand the STEAM coach role at GW by doubling staff from 1.0 to 2.0 FTE to provide both intervention support and coding and computer science instruction, including Chromebook training for students.
- Continue to provide curriculum development funds to revise and develop resources for our elementary and secondary curriculum aligned with UDL and our Portrait of a Learner.
- Continue to support the expansion of STEAM experiences for all students K - 6, including funds for curriculum development, appropriate materials, technology, and literature to expand students' interest and curiosity around Computer Science.
- Continue to support students' interest and acceleration in size-appropriate classes by adding a 0.2 position at GHS.

Introduction

Thank You

A piece of art evolves through reflection and refinement; the curriculum review of the Art Program is no exception. Thank you to the Art Curriculum Review Steering Committee and the entire department for your dedication to this valuable process. To cultivate a truly vibrant arts program, we must pause to critique our own process. By curating our practices through reflection, we refine the opportunities we offer our students for years to come.

We will continue to grow as a department through this work and be able to serve the diverse and changing needs of our students. I am pleased that our department all had a voice in this work, using our collaborative and discerning eyes to not only celebrate but define growth opportunities. I am fortunate to work hand in hand with such a dedicated group of professionals who consistently inspire me and bring their passion for the importance of art education to our students' lives.

Your time, insights, expertise, and passion in ensuring that the art program in Glastonbury continues to evolve and grow as an innovative and exceptional experience for all learners speaks to your dedication as educators, and I thank you.

Holly Buckley
Director of Art, K-12

Purpose of Curriculum Review

The formal, comprehensive Curriculum Review is designed to be systematic, collaborative, and consistent with the Glastonbury Public Schools curriculum development process across content areas. As scheduled every five years, Curriculum Directors examine the entire program, including curriculum and assessment, instructional practices, student outcomes, professional learning, outreach, and resources.

Through this process, we seek to identify areas for continued development, evaluate the alignment of program initiatives, and advance the goals and actions of the 6th Generation Strategic Plan. Findings will drive long and short-term goals and recommendations to support program improvements.

To complete the process, Director of Art, Holly Buckley, led the department and a Curriculum Review Steering Committee through the examination of five program domains. This process is designed to determine strengths and challenges of each domain as well as produce recommendations to support short and long-term goals for the program. The five domains under review include:

1. Curriculum & Assessment
2. Teaching & Learning
3. Professional Development
4. Communication & Outreach
5. Operations

Furthermore, two specific domains of the program were examined through an equity lens. This process supports our district's commitment to providing students with "mirrors" reflecting their own experiences and "windows" into experiences different from their own. We believe the curriculum should include diverse representation and perspectives, and that teaching and learning should ensure equity and access by all.

This rigorous and reflective Curriculum Review underscores our school system's dedication to fostering inclusive and dynamic learning environments and experiences, ensuring our curricula not only meets the highest standards but also resonates with and supports every student.

Department Description

Mission and Philosophy

The mission of the Glastonbury Art Department is to empower all students to develop as creative, flexible, collaborative, innovative problem solvers and confident thinkers who demonstrate artistic literacy and can contribute a unique vision to a dynamic global society.

The Glastonbury Art Department believes that all students can be successful in the visual and media arts through meaningful and active engagement in the artistic process. The arts program is accessible to all students and challenges them to explore self-expression through their personal artistic vision at a variety of skill levels.

Through research, exploration, experimentation, collaboration, revisions, and reflection, students show their artistic growth and ability to problem-solve as they develop original, innovative works of art and design. Participation in the art program helps students to consider multiple points of view while appreciating and understanding various cultures, ideas, and aspects of their own identity.

We believe engagement in the Glastonbury Art Program empowers students to successfully approach future challenges with creativity, confidence, and adaptability as contributing citizens and lifelong learners in a dynamic global society.

Executive Summary

The Glastonbury Public Schools Art Program is committed to offering students a well-rounded curriculum that is challenging, meaningful, and engaging. Through authentic, standards-based learning experiences, students are encouraged to become active participants in their artistic growth. The committee and department identified key findings and developed actionable next steps to support the diverse needs of all learners. Areas of focus included expanding opportunities for collaboration with specialized staff and fellow art educators, improving scheduling structures to better support students and programs, and exploring additional programming options such as adaptive and peer-based experiences, as well as advanced media courses.

The department takes pride in many strengths, including the knowledge and dedication of its teachers who deliver high-quality instruction, the strong partnerships within the community that create meaningful, real-world opportunities for students, and a rigorous, responsive curriculum that continues to grow and adapt. This review process provided an opportunity to recognize and celebrate the department's successes while also identifying areas for continued improvement and future growth as Glastonbury's Art Program evolves to serve all students effectively.

Strengths and Celebrations

- The art program fosters student success with the number of recognitions awarded to students each year.
- The K-12 curriculum is comprehensive, rigorous, and aligned with both National and State Core Art Standards, the GHS Portrait of a Learner, and the GPS Strategic Plan.
- Integration of inclusive content and diverse artist representation that offers a global perspective and "windows and mirrors" for students.
- Teachers leverage Universal Design for Learning (UDL) to foster access and agency in the creative process, while using restorative practices to foster an inclusive environment.
- Varied, project-based assessments that allow students to demonstrate mastery through multiple modalities and reflections.
- Strong community partnerships and community connection through art advocacy, art shows and competitions, and art programming.
- Instruction is supported with quality materials, technology, and tools to ensure a well-supported and secure learning environment.
- Highly qualified and dedicated staff who are lifelong learners in arts education.
- Discipline-specific leadership offering content-specific expertise and a unified vision of the department.

Priority Recommendations

- Continue curriculum development of At-A-Glance and Unit Overview guides, common assessments, and K-12 grading criteria to ensure consistency in program delivery.
- Establish dedicated, structured opportunities for art teachers to collaborate with Special Education (SPED) and Multi-Language Learner (MLL) staff.

- Increase alignment of K-12 professional learning to ensure pedagogy, skills, resources, safety, and knowledge are properly scaffolded, developed, and communicated.
- Continue to prioritize high-impact community connections that bridge students, professional artists, and the community (e.g., Calendar Art Showcase at WTML and Exploring the Arts Program).
- Establish staffing and scheduling to maximize student engagement inside and outside of the classroom, ensure common planning time, and offer further opportunities for peer model learning to promote access and support all students.
- Continue to host receptions and art shows celebrating student work and process information to increase awareness of student talent and program impact.
- Continue maintenance and improvements of facilities to meet learning needs, safety, and health guidelines and protocols.

Curriculum Review Findings

Domain 1: Curriculum & Assessment
--

Guiding Questions:

- Is the curriculum comprehensive, rigorous, and based on relevant standards?
- Are the assessment expectations and criteria clearly communicated?
- Do assessments provide valid and reliable information on student learning that is used to drive ongoing instructional decisions?
- Are there frequent opportunities to help identify and address learning gaps?
- *How does our curriculum and assessments ensure equitable representation and perspectives of all students?*

Strengths:

- The K-12 curriculum is comprehensive, rigorous, and aligned with both National and State Core Art Standards, the district's Portrait of a Learner, and the GPS Strategic Plan.
- Inclusive, diverse artists and perspectives are integrated into the curriculum to accurately and affirmingly reflect varied histories and cultures, providing students with both windows and mirrors.
- Assessment and learning criteria are clearly communicated through the syllabus, digital learning management systems (Google Classroom, Seesaw), and communication home.
- Instruction focuses on the creative process and self-expression, fostering student voice, choice, divergent thinking, and authentic self-expression.
- Varied, project-based assessments that allow students to demonstrate mastery through multiple modalities and reflections.
- The high school program offers dual credit opportunities and real-world connections for all students.

Recommendations & Actions:

- Continue curriculum development of At-A-Glance and Unit Overview guides, common assessments, and K-12 grading criteria to ensure consistency in program delivery.
- Schedule dedicated time to collaborate with the special education, counseling, and WL/ML departments in the development of curriculum resources and strategies to support all learners on an ongoing basis.
- Dedicate time to review and reflection on K-12 assessments and curriculum.

Domain 2: Teaching & Learning

Guiding Questions:

- Does instruction foster active learning by students K-12?
- Are Tier 1 strategies known and used by teachers to support all learners?
- Are there a variety of opportunities for students to demonstrate their understanding?
- *How does teaching and learning promote access and support for all learners?*

Strengths:

- Teachers leverage Universal Design for Learning (UDL) to foster access and agency in the creative process, while using restorative practices to foster an inclusive environment.
- Teachers utilize Tier 1 strategies within classroom structures (e.g., small group instruction, stations, and scaffolded resources) to provide multiple pathways for accessing information.
- Project-based art units enable students to demonstrate mastery through various modalities (e.g., artwork, reflections, critiques, and process metacognition).
- Instructional content promotes diverse personal perspectives and acknowledges various creative processes and messages.

Recommendations & Actions:

- Develop dedicated opportunities to continue to evolve and integrate inclusive content and diverse artist representation that offer a global perspective and "windows and mirrors" for students.
- Establish staffing and scheduling to maximize student access to teachers and ensure common planning time.
- Address structural challenges to reduce "pull-outs" (elementary and middle school), ensuring students have access to the art curriculum and instruction.
- Establish dedicated, structured opportunities for art teachers to collaborate with Special Education (SPED) and Multi-Language Learner (MLL) staff.
- Establish staffing and scheduling to maximize student engagement inside and outside of the classroom, ensure common planning time, and offer further opportunities for peer model learning to promote access and support all students.

Domain 3: Professional Development

Guiding Questions:

- Are department-based goals provided to staff to support success with Educator Evaluation Plans?
- Do PL opportunities serve to promote active learning and high expectations for all students?
- Do PL opportunities serve to create safe, supportive, and inclusive learning environments?
- Do PL opportunities serve to prioritize the health and well-being of students and staff?
- Do all staff have access to interest-based professional learning experiences both in and out of the district?

Strengths:

- K-12 PL aligns with department and district initiatives.
- PL focused on Universal Design for Learning (UDL) and Restorative Practices has successfully fostered safe, supportive, and inclusive learning environments tailored to the unique needs and student interests.
- The evaluation plan is clear and flexible, with department/district-based sample goals and dedicated collaborative PL to support staff success. This structure provides an opportunity for teachers to collaborate on goals across department and grade-level teams.
- The department is made up of highly qualified and dedicated staff who are lifelong learners in arts education.

Recommendations & Actions:

- Increase alignment of K-12 professional learning to ensure pedagogy, skills, resources, safety, and knowledge are properly scaffolded, developed, and communicated for department staff.
- Provide more department-level PL to apply district-level professional learning.
- Establish dedicated, structured opportunities for art teachers to collaborate with Special Education (SPED) and Multi-Language Learner (MLL) staff.
- Provide specific training for technology integration, including Gen AI, industry-standard programs (Adobe, Toon Boom Harmony), and Chromebooks to maintain high instructional standards.
- Prioritize PL that offers "Be Well" PL opportunities for staff to engage in process-based PL to support the whole teacher.

Domain 4: Communication & Outreach

Guiding Questions:

- How are program goals, instructional approaches, and student learning expectations communicated to families and the broader community?
- Do community partnerships exist to support the initiatives and goals of the program?

Strengths:

- Program goals, instructional approaches, and student learning expectations are communicated via the Art Department website, ParentSquare, Google Classroom, newsletters, press releases, email, direct communication, and art receptions.
- Strong community partnerships and community connections exist through art advocacy, art shows and competitions, and art programming.
- Student learning expectations and achievements are communicated to the broader community through school art displays, annual art shows, the Vignone Gallery, the district calendar, and community exhibitions, offering a very tangible form of communication around the goals, approaches, and expectations of the art program.
- The art program fosters student success with the number of recognitions awarded to students each year.

Recommendations & Actions:

- Continue to prioritize high-impact community connections that bridge students, professional artists, and the community (e.g., Calendar Art Showcase at WTML and Exploring the Arts Program).
- Continue to host receptions and art shows celebrating student work, planning and process materials, and program information to increase awareness of student learning and program impact.
- Increase communication of art as an academic discipline through art shows and other communication platforms.
- Be responsive to opportunities for cross-curricular and community-based learning.
- Continue to engage in best practices for communication on all platforms.

Domain 5: Operations

Guiding Questions:

- Are learning environments safe, supportive, and inclusive?
- Does staffing support the intended outcomes of the curriculum?
- Does the allotted time (e.g., daily schedule) support instructional outcomes of the curriculum?
- Do the instructional spaces support the intended outcomes of the curriculum?

Strengths:

- K-12 studios are intentionally designed to be safe and supportive in the physical and emotional environment.
- Dedicated art classrooms are equipped with kilns, storage, and specialized computer labs to support the curriculum.
- Instruction is supported with quality materials, technology, and tools to ensure a well-supported and secure learning environment.
- Our community, the Glastonbury Public Schools administration, and the Board of Education strongly support our teachers and student learning in the arts.
- Our art teaching staff is highly qualified, tenured, and dedicated to the effective teaching of students.
- Art teachers feel supported by their colleagues, building staff, and administration to effectively maintain teaching and learning.
- Discipline-specific leadership provides content-specific expertise and a unified vision of the department.

Recommendations & Actions:

- Explore additional opportunities for adaptive programming and peer model art classes across the K-12 spectrum to better support diverse student needs and inclusive instructional outcomes.
- Optimize schedules that reduce/eliminate "pull-outs," minimize travel, and maximize teaching and impact.
- Develop a system for synchronous and asynchronous collaboration and resource sharing, such as common planning periods (synchronous) and shared drive (asynchronous).
- Continue maintenance and improvements of facilities to meet safety and health guidelines and protocols.

Art Report

Director: Holly Buckley

Date: October 5, 2026

1. Highlight or summarize key achievements of the program that are unique to the past year.

- K-12 Art department successfully completed the 5-year Curriculum Review Process.
- Students were recognized at various Regional and State competitions:
 - Scholastic Art Awards, where three placed across a variety of media categories, including a CAEA/Arnini Best in Show for Middle School Sculpture.
 - One senior won the Rep. John B. Larson (CT-01) Congressional Art Competition for Connecticut's First District, having her work on display at the US Capitol Building in Washington, D.C.
 - One Freshman earned a Silver Art Award for the CT Student Writers Awards.
- Total enrollment in our concurrent college credit electives remains strong, with four courses meeting the needs of 58 students.
- Last year, AP Studio Art submission rates increased 57% from the previous year, with all students earning higher than the state and global average.
- Purposeful Play was piloted in the Kindergarten art curriculum. The elementary art team collaborated to explore strategies and enhance student learning.
- Expanded Vignone Gallery partnership for students:
 - GHS Vignone Gallery and GWS Exploring the Arts Program offered unique opportunities for students to learn and engage with professional artists.
 - The GPS Art Department hosted a Vignone Gallery show and reception for Scholastic Art Awards and Youth Art Month participants.
- Art students participated in unique opportunities for volunteerism, leadership, and community outreach:
 - Hopewell Grade 4 students and Gideon Welles Exploring the Arts students welcomed the Glastonbury Senior Center to engage in a shared art experience.
 - SMS art students designed life-sized figure sculptures for the *No Place for Hate* Program.
 - SMS Costume Club students designed and helped create costumes for the spring musical "*Shrek the Musical Jr.*"
 - NAHS students engaged with the community and showed leadership
 - GWS Exploring the Arts to speak about being an aspiring artist in GPS
 - Logo design for various groups
 - Glastonbury Post Office's Breast Cancer Awareness Community Project
 - Hand-illustrated coloring books for each school counseling office at each school
 - January Art Advocacy Installation of Pet Portraits for PackLeaders CT
- A SMS teacher presented Lesson Design with the STUDIO HABITS OF MIND at the state CAEA Fall Conference.

2. Outline key developments and/or revisions made to the curriculum within the past year.

Grade-Level / Course	Recent Development / Revision
GHS	Revised the Animation curriculum guide and unit outlines to align with the new Toon Boom Harmony program that is replacing Adobe Animate.
GHS	Revised the Fashion Design curriculum guide and unit outlines.
SMS Electives (Various)	Continued work on unit outlines for various elective offerings.
Elementary	Aligned units and artistic strategies to the K-5 Purposeful Use of Technology Guidelines.

3. Share program areas of focus for the year ahead in accordance with the most recent 5-year Program Review and 6th Generation Strategic Plan.

- Address findings from the 5-Year Curriculum Review process to strengthen the art program for students.
- Expand Universal Design for Learning strategies to ensure access and agency within art courses.
- Explore additional opportunities for students to earn dual credit, certifications, and/or Industry Recognized Credentials in art at the secondary level.
- Expand program experiences with the National Core Arts Standards and Glastonbury's Portrait of the Learner to ensure students develop both artistic, transferable, and real-world experiences.
- Explore expanded learning pathways such as Early College Experience, professional certifications, and real-world connections through art.
- Continue to curate the Vignone Gallery to highlight diverse artists, showcase districtwide themes, and represent the breadth of visual, media, and STEAM arts.
- Generate initiatives that connect art with community and civic engagement, strengthening interdisciplinary and community-based learning experiences.

4. Detail the financial needs associated with the program, inclusive of curriculum hours, instructional resources, staffing, and professional development.

- Provide funding for materials, resources, and supplies to support authentic visual, media, and STEAM learning experiences.
- Provide funding to support continued curriculum development across all grade levels and high-quality professional development opportunities, including access to external professional learning opportunities for art teachers.
- Provide support for STEAM opportunities for all students K–12 through curriculum development, equipment, instructional supply funds, and the STEAM Lab Tutor position at GHS.
- Redesign and invest in art studios that reflect the values reflected in the Portrait of a Learner and provide safe, inclusive, and inspiring spaces where all students can thrive.
- Support program-based field trips and student exhibition opportunities across courses and grade levels, including new opportunities for students.
- Provide funding to support membership and active participation in the National Art Honor Society (NAHS) with the potential to expand opportunities in the future.

DATE: October 6, 2026
SUBJECT: Response to Town Council Financial Reports Request

On July 28, 2026, the Glastonbury Town Council formally requested a Glastonbury Board of Education report on specific budget items. Please see the requests and responses below.

1. Provide a summary of all actual revenue received vs. budgeted amounts, specifically highlighting any unanticipated funds.

Two reports address this question.

- The July 13, 2026 Board of Education report on LINKS data and revenue as of June 30, 2026 (See Appendix I).
- The August 17, 2026 Board of Education End-of-Year Final Report on FY2025-2026. This report highlights year-end balances and supplemental appropriations (See Appendix II).

LINKS revenue is the only Board of Education revenue not reflected as a supplemental appropriation in the Board of Education operating budget. LINKS revenue is used to offset special education costs, such as tuition for outplaced students.

During the annual budget process, estimated revenue amounts are based primarily on prior-year experience and information available at the time the budget is developed. Because the final amount of certain grants and reimbursements is not known until later in the fiscal year, the Board's budget is adjusted through supplemental appropriations once the revenue has been received. There are years when the revenue received is less than projected, and the Board budget needs to cover the shortfall.

2. Provide a list of expenditures funded by the unanticipated revenue in Section 1.

Any additional revenue was recorded as a supplemental appropriation to the program for which the revenue was intended.

- Additional custodial fee reimbursement was applied to Program 1000 Community Services.
- Additional magnet school transportation grant funding was applied to Program 2400 Transportation.
- Additional excess cost/agency placement grant funding was applied to Program 2700 Special Education.

These supplemental appropriations increased the applicable program budgets and were used to offset the expenditures associated with those programs.

This process ensures that revenues received by the Board of Education are incorporated into the operating budget, used first for their intended purposes, and fully accounted for as part of the Board's year-end financial reporting.

When revenue exceeded the expenditures within the applicable program, the remaining budget balance was then available to address expenditures in other Board of Education programs through year-end budget transfers or became part of the overall year-end surplus.

The year-end balance was transferred to the Board of Education Non-Lapsing Fund. The Board took action on the Non-Lapsing Fund on August 17, 2026 (See Appendix III). In addition, per PA 25-93, the administration submitted a memo to the Connecticut State Department of Education reporting Non-Lapsing Account expenditures from FY2026 (See Appendix IV). This report will now be submitted annually.

Other revenues generated through school operations are paid directly to the Town of Glastonbury, providing a financial benefit to the Town. These sources include but are not limited to:

Educational Equalization Grant (ECS)	\$6,720,515
Community Use Rental Fees	15,389
Vocational Agriculture State Funds	544,482
Vocational Agriculture – Tuition Funds	217,635
Tuition for Non-Resident Children of Staff	16,500
TOTAL:	\$7,514,521

In addition, the Town receives reimbursement for school construction grant projects. School construction grant reimbursement for Glastonbury Public Schools has ranged from 32.5% to 33.93% over the past four years. All reimbursement, regardless of where the funds were expended, is returned to the Town of Glastonbury.

3. Provide a list of any budget category that exceeds its original appropriation by 10% or \$25,000.

The End-of-Year Final Report on FY2025-2026 details year-end balances (See Appendix II, Attachment I, highlighted for emphasis).

The following programs exceeded their original appropriation by 10% or \$25,000:

- Program 0500 – Mathematics, Rationale: salaries
- Program 1000 - Community Services, Rationale: Adult Education
- Program 3100 - Elementary Operations, Rationale: salaries and copiers
- Program 3200 - Secondary Operations, Rationale: salaries, supplies, and copiers

Overview:

In November, the Board of Education approved preliminary budget transfers based on our projections for the year end. Spring revisions we not completed this year due to the budget freeze. As a result, no transfers were needed. On July 31, 2026, all open purchase orders were closed and final invoices paid. Now that all the transactions have been completed for FY 25/26, a number of additional transfers are required. The major variances occurred in elementary education, operations & maintenance, transportation, special education, fringe benefits & substitutes, and technology support services.

**GLASTONBURY BOARD OF EDUCATION
EXECUTIVE SUMMARY REPORT FORM**

Title of Report: 2025-2026 Non-Lapsing Fund Transfer and Expenditures

Board Meeting Date: August 17, 2026

Action: X

Report:

Information:

Discussion:

Overview:

We are recommending that \$2,108,891 be transferred into the Non-Lapsing Fund from the 2025-2026 fiscal year. The year-end surplus is attributable to several factors. First, the budget freeze implemented during the fiscal year resulted in expenditure savings across the district. In addition, Special Education Excess Cost reimbursement was higher than originally anticipated. Finally, revenue received from other school districts for LINKS resulted in additional revenues.

We recommend these funds to be spent as follows:

- \$574,372 - Purchase 4 buses that were cut from 26-27 Budget
- \$154,406 – Address a shortfall Workers’ Compensation Premiums for 26-27
- \$1,637,625 – Pay the balance due for Turf Fields (up to this amount)
- \$165,200 – Equipment funds for cafeteria tables at 4 schools

GLASTONBURY BOARD OF EDUCATION

EXECUTIVE SUMMARY REPORT FORM

Title of Report: Consolidated Grant Application

Board Meeting Date: October 5, 2026

Action: X

Report:

Information:

Discussion:

Overview:

Each year, the Connecticut State Department of Education requires districts to complete the District Consolidated Application for Federal Grants. This year, all expenditures must be used to:

- narrow the achievement gap and create academic excellence for all students;
- prepare students for success in college and careers;
- support district and school improvement efforts;
- support effective teaching and leadership.

The consolidated grants are awarded as entitlements to the state's school districts. The amounts are based on a formula that includes enrollment and other demographic data.

A summary of the grant amounts and the proposed uses for the funds is provided below as well as the monies received for the previous four years as a means of comparison.

Title I, Part A – *Improving Basic Programs*

\$ 200,491

Federal funds from Title I provide financial assistance to schools based on socio-economic factors. This year the grant funds are proposed to be used for the following:

- Purchase intervention materials for students to supplement reading and math instruction.
- Supplement programs and tutorial services in early literacy and numeracy.
- Supply assessment tools and instructional materials for support programs.
- Provide tutor support for literacy and math instruction.

NOTE: Only Naubuc School is eligible for Title I funding

Title II, Part A – *Teacher and Principal Training and Recruitment*

\$ 85,424

Federal funds from Title II must be used to support professional learning for teachers and administrators. This year the grant funds are proposed to be used for the following:

- Build teacher and administrator capacity to implement Universal Design for Learning (UDL) principles and coaching strategies that increase access and engagement for all learners.
- Strengthen co-teaching practices and instructional strategies that support student access and success in inclusive classrooms.
- Deepen educator knowledge and implementation of evidence-based literacy instruction to improve student achievement.
- Increase teacher and administrator access to and use of student data to improve student outcomes.

Title III – *English Language Acquisition and Enhancement*

\$25,875

Federal funds from the Title III Grant, *English Language Acquisition and Enhancement*, must be used to reach the following federal goal: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading and mathematics. The Title III

grant is meant to supplement, not supplant, district funds for multilingual learning (ML) programs. There are two required uses of the funds: developing and conducting language instruction educational programs and providing professional development opportunities. In addition, Title III requires that the LEA will promote parental and community participation in programs for multilingual learning (ML) students.

The grant amount of \$25,875.00 is based on student enrollment on October 1, 2025. Glastonbury will use this year's Title III funds for the following programs:

- To fund the instructor and supplies for our Parents as Educational Partners (PEP) program that provides English language instruction for parents through a school-based curriculum. Classes meet at the Welles Village Community Center for two hours twice a week from October through May.
- To fund the instructor and supplies for our Multilingual Preschool Story Time, which provides English language instruction and school-readiness skills for three and four-year-olds who speak a language other than English. We also provide information to parents regarding how to prepare their children for kindergarten. This program is held once a week from November through May at the Welles Village Community Center.
- To fund instructors and supplies for five ML summer camps. The camps will be held at Glastonbury High School and will begin in June. The camps run daily from 9-12 for two weeks. Students in grades K-12 are eligible to participate.
- To support a field trip at the high school for ML students.
- To fund expenses to allow the ML Program Coordinator to attend the National Teachers of English to Speakers of Other Languages or National Association of Bilingual Education conference.

Title IV, Part A – Student Support and Academic Enrichment

\$13,671

Federal funds from the Title IV are available to districts to increase local capacity and provide students with a well-rounded education; improve school conditions for student learning; and strengthen the effective use of technology.

The Connecticut State Department of Education allocates funding based on the Title I funding formula. This year, we expect to receive \$13,671 for this grant. Funds will support the district's continued focus on student achievement and access to high-quality instruction, including expanding access to literacy screening assessment for students in grades 4 and 5 to strengthen the identification of student needs and inform responsive literacy instruction and support.

**GLASTONBURY BOARD OF EDUCATION
EXECUTIVE SUMMARY REPORT FORM**

Title of Report: Breaking Bias & Creating Community Student Survey

Board Meeting Date: October 5, 2026

Action: X

Report:

Information:

Discussion:

The administration seeks Board of Education approval to administer the attached student survey at Glastonbury High School as part of the district's partnership with the University of Connecticut's Morris and Judy Sarna Breaking Bias & Creating Community Program. In accordance with Board Policy 6162.51, Board approval is required for surveys conducted by outside organizations. The survey, developed by UConn partners, will help measure student attitudes and perspectives related to bias and community. Parents/guardians will receive advance communication of this survey.

Led by Dr. Alan Marcus, Breaking Bias & Creating Community is designed to reduce racism, antisemitism, and other forms of bias by helping students understand others' perspectives, make connections between historical events and contemporary society, and strengthen community. The work aims to help others recognize that each person is multidimensional and that meaningful connections emerge when we look beyond a single identity or characteristic. Conversely, reducing individuals or groups to a single identity can create conditions for stereotypes, bias, and hate. This framing connects directly to existing Grade 9 English and Modern World History curricula, which includes the study of the Holocaust, while reinforcing district and GHS commitments to safe, supportive, and inclusive learning environments.

The partnership will extend across the GHS community throughout the year. A schoolwide photo exhibit featuring approximately 50 students, staff, and community members will highlight the varied interests, experiences, and identities that can become points of connection. Grade 9 students will also participate in immersive Holocaust learning experiences using virtual reality and interactive survivor testimony, supported by UConn and embedded within existing English and history curriculum.

The yearlong effort will culminate on March 29, 2027, with a community showcase inviting the broader Glastonbury community to experience key elements of the program and engage in conversations centered on connection, perspective, bias, and community.

The administration recommends Board approval of the attached survey for administration at Glastonbury High School as part of this partnership.

2. Pledge of Allegiance

3. Reports and Discussion

3.A. Communication and Information Sharing

Dr. Hurwitz and the Board continued discussing routines and practices that support effective communication and a strong working relationship between the Board of Education and the Superintendent.

3.B. Superintendent's Performance Goals for 2026-2027

* The Board of Education plans to enter into an Executive Session to discuss this matter.

Since a quorum of the Board was not present, no Board action was taken. Dr. Hurwitz and the Board Members present at the meeting reviewed and discussed his proposed performance goals for the 2026-2027 school year openly.

4. Adjournment

As a quorum of the Board was not present, the Board was unable to take any action. The meeting concluded at 6:26 pm.

Respectfully Submitted,

Kali Cavanaugh, Secretary

ACTIVITY BOOKLET

FALL SESSION

September 2026 - December 2026

Gideon Welles School – After School Activities

- Activities start at 2:50 p.m. and end at 3:50 p.m.
- Students are dismissed directly to After School Activities.
- Some activities require signing up in advance; others allow students to attend without prior notice.

Please read the descriptions carefully and keep this packet for your reference.

AFTER SCHOOL ACTIVITY GUIDELINES

- **Appropriate behavior is a requirement for all activities.** Students who do not meet this requirement will not be able to continue to participate in the activities.
- Students will require permission from their parents prior to coming to school on the days they plan to participate; they may not call from school to get permission to stay for After School Activities. It is not necessary to bring a note from home to stay for After School Activities.
- If the leader is unable to meet with the group on a given day, the activity will be canceled for the day. There may be occasions when the cancellation announcement will not be made prior to the day of the activity. Please check the GWS Daily Student Bulletin on our website for cancellations.
- Arrive promptly for morning clubs so you can be let in the building by the advisor.

Transportation

- All participants must be picked up at the front of the school **no later than 3:50 p.m.** We have no provision for supervision of students after that time.
- Sixth grade participants may ride the activity bus home. Fifth grade participants are strongly encouraged to review the activity bus guidelines with their parents/guardians prior to riding the activity bus. This bus leaves Gideon Welles at 3:55 pm and goes to the high school where the students board another bus that drops students at a district stop. **There is no activity bus on Thursday or on a Friday before a Monday holiday.**
- The activity bus routes are on the last page of this brochure. Students should determine which activity bus is the appropriate one for them to take before they stay for an activity.
- Traffic Pattern: As after school activities begin, we ask that all families use the entrance closest to Strickland St. as the Entrance for Pickups. Pickups will be in front of the building. **The front circle of the school is Exit Only** to facilitate a timely dismissal process.

Board Games and Puzzles

Play games, and make friends.

Do you enjoy playing board games or putting together puzzles? Then Board Game & Puzzle Club is for you! This club is a place where you can build cooperation and problem-solving skills, practice your creativity, and take part in some friendly competition. So join us after school to play your favorite board and card games or to put a puzzle together! Bring a buddy or come on your own to make a new friend.

Donuts & Discussion

Devour books and bakery delights!

Are you an avid reader who loves discussing books with friends? If so, this is the club for you! At our first meeting, we'll choose a 2027 Nutmeg Book to read for each upcoming session. All you need to do is read the book and come ready to chat about it with your fellow Gideon classmates. It's a fun and relaxed way to connect with others who share your love of reading — and yes, there will be donuts!

Students will need to borrow or purchase their own copies of the Nutmeg books.

Students provide their own transportation and are dropped off at the front entrance of Gideon by 7:15 sharp. Mrs. Lips will meet you there!

If you are interested in joining, please complete the [Donuts & Discussion Google Form](#). Mrs. Lips will email to let you know if there is a spot available.

Gideon Welles Jazz Band

The Gideon Welles Jazz Band is an auditioned group of 6th grade band students who perform jazz, pop, and rock music. Rehearsals are held on **Wednesdays after school throughout the school year**. Open to all band students (flute, clarinet, saxophone, trumpet, French horn, trombone, and baritone), Jazz Band is a great opportunity for those seeking a musical challenge and a fun performance experience!

In addition to the band instruments, Jazz Band also includes the following instruments: Guitar, Bass Guitar, Piano, and Drum Set. The auditions for these instruments are sometimes competitive, and students generally need to take private lessons outside of school and read music to be successful in the group.

How to audition:

Band students: Speak with Mrs. Rinaudo in your lesson and take the audition music home to prepare and practice. You will have about a week to prepare the music and you can audition in your band lesson throughout the week.

Guitar/Bass Guitar/Piano/Drum Set students: If you do not have Mrs. Rinaudo for lessons, find her in the band room (RM 132) to sign up for an audition time and pick up the music. You will have about a week to prepare your audition music.

Sign-ups and music hand out will start September 28th. Jazz Band will meet on Wednesdays after school for the entire school year and perform in the winter concert on January 20th and the spring concert on May 18th.

Auditions will be the week of Oct. 5-8 in lessons or after school on Oct. 7th.

Grade: 6

Leader: Mrs. Rinaudo & Mr. Cofrancesco

Dates: Every WEDNESDAY beginning 10/14, Ending 5/26

Place: Band Rm. 132

Math Olympiads

Solve puzzles, complete challenges, work out problems.

- We'll tackle fun and challenging math problems, discover creative problem-solving strategies, play with numbers and logic, and learn that there's often more than one way to solve a problem.
- You don't have to be a "math expert" – just bring your curiosity, perseverance, and willingness to think!
- You'll also have the opportunity to participate in official Math Olympiad competitions.

Please fill out the [Math Olympiad Google Form](#) to sign up.

Grades: 6

Leaders: Mrs. Carrier and Mrs. Searles

Dates: TUESDAYS

Place: RM 215

Participation Limit: 20

Makerspace Mondays

Create, and unwind.

Need a break from screen time? Love to work with your hands? Does spending time creating help you relieve stress? Then come join us to create, imagine, innovate and relax in our low-tech library makerspace. We will start off with the Cardboard Challenge, creating something new out of cardboard and recycled materials with Makedo tools. Future activities may include Keva Planks challenges, mandala coloring, sticker mosaics, giant collaborative coloring mats, duct tape crafts, Strawbees structures, fuse beads, puzzles, origami, legos and more! You help decide our activities!

Interested students can sign up outside the Library Media Center.

Grades: 5 and 6

No Place for Hate Committee

Students in 5th and 6th grade work together throughout the school year to plan three school-wide activities promoting a respectful and equitable community where all students can be successful. The No Place for Hate Committee is run in partnership with the Anti-Defamation League.

Our purpose will be to work towards:

- Building an inclusive and safe community in which respect and equity are the goals and where all students can thrive.
- Empowering students, faculty, administration and family members to take a stand against bias and bullying by incorporating programs under one message.
- Sending clear, unified messages that all students have a place where they belong.

Interested students will need to complete an application and submit teacher recommendations in order to be selected to participate on this committee. Please listen to the announcements for more information! There will be an information Town Hall meeting on Tuesday, September 30th .

Grades: 5 and 6

Leader: Senora Hale

Dates: The following MONDAYS: 10/26, 11/2, 11/16, 11/30, 12/14

Participation Limit: 15-20

Origami Club

Find magic in every fold.

The word origami comes from the Japanese words ori (folding) and kami (paper). Join us for some creative mindfulness sessions to see how many different things a square paper can make! Come learn how to fold origami, and then share your art talent with others! All levels of experience are welcome!

Interested students may sign up outside room 104.

Grades: 5 & 6

Leader: Senora Hale

Dates: The following WEDNESDAYS: 9/30, 10/14, 10/28, 11/11, 12/2

Place: RM 104

Participation Limit: 20

Recess+

More recess. More friends. More fun.

Ever feel like recess is way too short? Wish you had more time to just hang out and play with your friends—even friends on another team? Welcome to Recess+!

Every Wednesday, we're heading outside for extra time to unplug, play, and have fun. No drills. No practice. No screens. You choose what you want to do!

 Play basketball on the blacktop.

 Start a football game on the field.

 Hit the swings.

 Make up a game.

 Or just hang out with your friends.

Your friends. Your choice. Your fun.

Interested students [Sign-up here!](#)

Galaxy Chamber Orchestra

Information for students and families

What is Chamber Orchestra?

The Galaxy Chamber Orchestra is for students who are enrolled in orchestra who would like to go above and beyond what we are learning in class. You must be enrolled in orchestra during the school day to join the chamber orchestra.

When does Chamber Orchestra meet?

Chamber Orchestra meets every Friday after school until 3:45. Attendance at rehearsals is required in order to participate. A small number of absences can be approved for illness and other extenuating circumstances.

How do I join?

Students who were in Chamber Orchestra last year at GW or SMS can sign up during class. Students who were not in Chamber Orchestra last year should complete an audition. The audition information can be found by joining the Google Classroom page using the code: gwt6wntz. Space in the group is limited, so it is important you do your best on the audition.

I have more questions. Who can I ask?

Please email me at saundersz@glastonburyus.org! My name is Dr. Saunders and I am happy to help!

Costume Design Club

With Mr. DelCoro

Every Tuesday (starting 9/15)

This is a great opportunity to experience first-hand the role a Designer plays in a theatrical production!

In this club you will:

Learn about and contribute to the creative process of a Costume Designer* from start to finish, including:

- Script reading and analysis
- Character and clothing research
- Collaborate with Director, Music and Choreography Director, Set Designer, etc
- Sketching your designs
- Costume construction and sewing, including clothing, headpieces, masks, and props.
- Fittings with actors
- (If you choose) Costume Crew for the production

Each student who commits to the club will get to design and/or construct the costumes for at least 1 character in the Smith Middle School's Spring production!

Sign up on Mr. Del Coro's Door (Art Room 3) or contact him at: delcoroc@glastonburyus.org

* Mr. DelCoro has 20 years' experience as a Costume Designer for theater, film, television, dance, opera, and magazine work. He has worked on costumes and sets for the SMS productions **THE LION KING**, **THE MUSIC MAN**, **SEUSSICAL**, **THE LITTLE MERMAID** and **ONCE UPON A MATTRESS**.

Do you study Spanish, French, Russian or Chinese at SMS?

Do you speak another language such as Albanian, ASL, Arabic, Chinese, German, Hindi, Italian, Polish, Portuguese, Spanish or Tamil?

If you answered YES to any of the questions above, you should consider competing in the 2027 *virtual* [CT COLT Poetry Recitation contest](#) held in late March.

If you are interested in participating in this year's poetry recitation contest, please email Sra. Garrish (garrishj@glastonburyus.org) by Wednesday 2/10/27 for more information.

There will be a mandatory meeting for all who are interested on Wednesday, February 24th after school in room 1301. At this meeting, Sra. Garrish will provide more information about the contest and complete your registration.

SMITH MIDDLE SCHOOL

Galaxy Fall Jazz Band

Do you love playing jazz, rock, blues, and other styles of music on your instrument? Yes?! Then come be a part of our Galaxy Jazz Band!

Who Can Join? Any band instrumentalist can audition...that's right, ANY instrument! We are also looking for guitar, bass guitar, drum set players, and piano players as well. Those instruments will need to sign up to stay after to audition.

When are auditions? Auditions will be held in class for band students in early September. Auditions will be *after school* for drums, piano, guitar, and bass guitar in early September. Please sign up for an audition slot outside the band room (music can be found there as well) *Not all students who audition will make the group. If you make the group, it is also expected that you audition for Eastern Regions in December!*

Rehearsals: After school on most Mondays from 2:45-3:35pm. Our FIRST rehearsal with everyone is Monday, **September 28, 2026**

Performances: We will perform at the Winter Band concert, tour of schools, Wolf Pack, Yard Goats, Glastonbury Jazz Festival, Six Flags... and more, stay tuned!

Questions? Stop by the band room and ask Mr. Gowdy or email him at gowdym@glastonburyus.org

Science Bowl

Do you enjoy science? Are you good at math? We have the club for you! The National Middle School Science Bowl is an event which encourages students to get involved in science and math activities. We will help provide enrichment in both areas so that we can compete against other middle schools in the area. The competition is academic based and each team of 4 students answer questions as fast as they can (like Jeopardy). We can only register 2 teams of 5, so you must commit to the weekly meetings. At each meeting we will review concepts, provide study material and sometimes give quizzes on selected topics. Weekly statistics will be recorded to assist with selecting team members for competition. Since the competition is in February, we will meet each Monday after school in room 1105.

UNIFIED BASKETBALL AT SMS!

Dear Athletes and Partners,

Thank you for your interest in Unified Basketball! We're excited to kick off another great season.

We know winter can be a busy time, so we've listed the expected practice and tournament dates below to help with planning. Our season begins **Tuesday, December 15th**, in the SMS Main Gym from **2:45–3:30 PM**. Please remember to wear sneakers and bring water to every practice. Students may take the activity bus home or be picked up by a parent/guardian. Please note that there is **no activity bus on the day of our tournament**, as the event will not end until 5:00/5:15 PM.

We are looking for athletes and partners who can commit to practicing with the team each week. Consistent attendance is very important, so please check your calendars to ensure you can fully commit. Space on the team is limited, so be sure to return your forms to the main office as soon as possible.

More than anything, we are looking for student-athletes who demonstrate **empathy, patience, kindness, and respect**. Team members should come to practice each day with a **positive attitude** and an **inclusive mindset**, ready to support and encourage their teammates so that everyone has a great experience.

Please note that we may not be able to accept every interested participant. All partners will be asked to complete a partner application in addition to the required paperwork. If needed, team selection will be based on application responses as well as the order in which completed forms are submitted.

We hope this opportunity will be both fun and rewarding. We can't wait for another exciting and successful season!

IF YOU'RE INTERESTED IN JOINING OUR TEAM, YOU NEED TO JOIN OUR
GOOGLE CLASSROOM. OUR CODE IS r2v3hw7g

Practices and Tournament dates are as follows:

Tuesday, December 15, 2026

Tuesday, December 22, 2026

Tuesday, January 5, 2027

Tuesday, January 12, 2027

Tuesday, January 26, 2027

Tuesday, February 2, 2027

Tournament – Tuesday, February 9, 2027

Please hand in the required forms to the main office by Tuesday, December 1, 2026. All information will be posted on our Google Classroom, so make sure you join!. We look forward to seeing you on the court! If you have any questions, please reach out to Mr. Macchi, Ms. Hesseltine, or Mrs. Cyr.

Thank you,

Mr. Macchi, Ms. Hesseltine, and Mrs. Cyr

UNIFIED theater

Calling all students who love to act, sing, and/or dance!!! This club is for you! In Unified Theater, young people with and without disabilities, of all backgrounds, come together as equals to put on a production. The production is entirely organized, written, and directed by the students themselves!

ALL ARE WELCOME IN THIS CLUB, regardless of experience!

Unified Theater will meet each Monday from 2:45-3:40 in the auditorium. Our first meeting will be **September 14th** and will culminate with an evening performance on Thursday, November 12th.

Any students interested in being leaders of this club should contact Mrs. Ingram (ingramk@glastonburyus.org) or Mrs. Klin (klink@glastonburyus.org).

Come be a part of the 2026 SMS Variety Show this fall!

Do you...

Sing? Dance?

Play an instrument?

Do stand-up comedy? Act?

Juggle? Do magic?

Have any other talent you'd like to share?

Then come be in the show!

You can perform as a solo act or in a group!

Need help with background music? Just ask!

Performance Date: Wednesday, November 18th

Must be able to attend the informational meeting and rehearsals

VENEZUELAN PARTNERSHIP

This club partners students from Smith Middle School with students from Colegio Integral El Ávila (Caracas, Venezuela) for their 4-week stay in CT.

This club runs March-May. Our Venezuelan guests will be with us May 3-28, 2027.

There are several ways to be involved:
Hosts, Alternates, Greeters, and Friends!
(Participants must be 7th Grade students.)

An informational meeting with all the details will be held on March 24, 2027. If you have any questions before that meeting, please feel free to reach out to: Señora Villanueva (Room 2310)
