8. Public/PTO Comment

James McGovern, 25 Diana Drive

He attended Bloomfield Public Schools and had two children who also attended Bloomfield Public Schools. Mr. McGovern shared his disappointment with what he has seen through the budget process, noting Dr. Youngberg had to stand and advocate for the school. He noted that elected officials should demonstrate support for district leadership during budget meetings and that the Board of Education should maintain a stronger visible presence. Mr. McGovern noted growing frustration that, despite having capable educators, political challenges were creating obstacles to progress.

Lynn Weisel, 17 Maple Edge Drive

She shared her appreciation for Dr. Youngberg and the Board of Education. She is very disappointed of the budget cuts. Ms. Weisel noted the strong communication with families regarding the budget and inquired whether there has also been communication with older students about the budget situation. She shared that discussions among students about potential staffing changes may be contributing to some anxiety. She also noted an open house

would be helpful. She inquired about shared spaces at Arace with the Alternative Learning Center.

- 2. Nondiscrimination - 0521**

Dr. Tracy Youngberg reviewed the policies that are on the agenda for a second reading and possible adoption. Curriculum Policy - 6141 is recommended and was drafted from a model policy from the Connecticut Association of Boards of Education (CABE).

Dr. Tracy Youngberg, Superintendent of Schools, noted there are three additional policies before the Board of Education. These are all mandated policies. Policy 0521 and 4000.1/5145.44 are both being updated due to new legislation that aligns these policies with 2020 legislation.

- 1. Transportation – 3541**
- 2. Bus Conduct – 5131.1**
- 3. Dress and Grooming – 5132**
- 4. Suspension and Expulsion/Due Process – 5114**
- 5. Orientation of Board Members – 9230**

Some considerations for Board of Education members as they review this is eligible limits for walking distance to school and the age of students who are required to have an adult waiting on the bus stop.

The second policy is Bus Conduct - 5131.1 which is a new policy. This policy ensures bus safety by clearly outlining behavior expectations (in the administrative regulations).

The new Student Dress Code Policy – 5132 will replace the uniform policy that was rescinded on April 7, 2026. This draft policy is based on the Connecticut Association of Boards of Education (CABE) model policy and current Bloomfield High School dress code guidelines.

The Suspension/Expulsion Due Process Policy – 5114 will replace the current Board of Education Policy 5131 – Conduct and Discipline. This new policy is required due to PA 25-93 & 25-67 and is inclusive of due process.

The last policy is the New Board Member Orientation – 9230. This is a recommended policy based on PA 23-167 and the language has been updated by the Policy Committee.

H. Frydman inquired about bus monitors. Dr. Youngberg noted some of the buses have monitors but not all buses. He inquired about disciplinary actions based upon behaviors on the bus.

L. Easmon stressed for the Board of Education members to thoroughly review these policies so they can discuss them.

She encouraged families to continue showing their support and acknowledged the many school activities taking place across the district.

Update Report on Blomfield Adult Education, FY 25-26

Adult Education successfully completed its fall and spring programs and continues to plan for the next fiscal year. We faced some ups and downs, especially with winter weather; however, the program has continued to provide a stable and viable connection within the Bloomfield community. We serve roughly 50 residents per year focusing on English Language Learners, Adult Literacy, High School Equivalency, and Citizenship Preparation.

Number of Students/Offerings

The Adult Education program completed its 12-week-long spring semester on May 20, 2026. We finished within our operating budget and served a combined number of 45 students in our state-mandated programs. Adult students also enrolled in our Leisure & Enrichment classes offered in small 4-6 week blocks for those interested in Genealogy, Mindfulness, Crochet, and Playing the Ukulele. Combined attendance for Adult Leisure was 22 students in the past year.

Program Strengths

Bloomfield Adult Education is one of the comparatively smaller program entities in the state. All staff is part-time including the director, office manager, and school counselor. Certified instructors for ESL, GED, and Citizenship work two evenings per week during the spring and fall. We are conscious of leveraging our small size for building strong, trusting relationships with our students, celebrating successes and remediating weaknesses along the way. Non-teaching staff is versatile, adapting to multiple roles: testing, attendance, job counseling, and data management.

Program Needs

Attendance and Retention are two areas of concern for Adult Education. About half of those students enrolled are “returning” through back-to-back fall and spring semesters. Currently, we are following up with past students, reaching out to encourage their return to our program. This past year our enrollment reports showed a slight drop. Attendance was slowed by weather factors, job conflicts, and adult family responsibilities. As Director, I have pursued community collaboration to improve our visibility, especially with Bloomfield Public Library. Also, we are re-visiting our marketing and promotional materials. Our web page is part of the district website; however, we are looking to improve our online presence.

In September Adult Ed will be hosting for the first time a 3-night program on Career Navigation. This will be presented by a representative of the American Job Center. The program’s focus will include job search and exploration skills, emphasizing a school-to-work connection and helping with immediate employment needs.

Program Costs

Our total annual budget of combined state and local funds has been holding at \$84,207. The greatest portion of these funds (about 70 %) is spent on teacher payroll at \$46.25 per hour, followed by textbook, testing, and administrative costs. A complete itemization of the budget figure was submitted in our state grant report, ED-245, on March 15, 2026. We are still waiting for final approval from the State Department of Education of our allocations request for Fiscal Year 2027. Our thanks to Domenic Greco for his assistance with the processing of the Adult Ed state grant.

Respectfully yours,

Michael Bailey

RE: Student Dress Code
Students

Adopted: 3/23/2010
Approved: 10/6/2015
Revised: Date

The Board of Education encourages students to dress in clothing appropriate to the school situation. The primary responsibility for a student's attire resides with the student and their parent(s) or guardian(s). The District is responsible for seeing that student attire does not interfere with the health or safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student and that dress code enforcement does not increase marginalization or suppression of any group based on race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance or body type/size.

Restrictions on freedom of student dress may be applied whenever the mode of dress in question:

1. is unsafe either for the student or those around the student.
2. is disruptive to school operations and the education process in general.
3. is contrary to law.

Any restriction to the way a student dresses must be necessary to support the District's over-all educational goals.

The administration is encouraged to establish any needed regulations consistent with this policy through cooperative planning with staff, students and parents.

BLOOMFIELD PUBLIC SCHOOLS

ADMINISTRATIVE REGULATION

No. 5132(c)

RE: Student Dress Code

Approved: Date

Enforcement is to be consistent with a school's overall discipline plan. Violations should be treated as minor on the continuum of school rule violations. No student is to be disproportionately affected by dress code enforcement because of gender, race, body size or body maturity.

Training for School Administrators, Teachers & Students

A dress code is most effective when school administrators and teachers are trained to understand and embrace the intent of the code, how to apply and enforce the code equitably, and how to talk about the dress code and the reasoning behind it. Therefore:

1. School administrators and teachers should be trained to understand the purpose/spirit of the code, the actual code, and how to enforce with the least impact on student learning and self-confidence.
2. School administrators and teachers must enforce the District dress code consistently. School administration and staff do not have discretion to vary the requirements in ways that lead to discriminatory enforcement.
3. School staff must be trained and able to use student/body-positive language to explain the code and to address code violations.

year in which suspension was imposed. An out-of-school suspension for students in grades 3-12 shall not exceed ten days. An out-of-school suspension imposed for children in preschool to second grade shall not exceed five days.

All suspensions shall be in-school unless the administration determines for any student in grades three through twelve that (1) the student being suspended poses such anger to persons or property or such disruption of the educational process that the student (grades three to twelve) shall be excluded from school during the period of the suspension, or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary issues that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary issues through means other than out-of-school suspension or expulsion, including positive support strategies.

A student in grades preschool to two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such suspension is appropriate based on evidence that the student's conduct on school grounds is of a violent or sexual nature that endangers persons. In addition, a person's duty as a mandated reporter to report suspected child abuse or neglect is not limited by this provision.

5. **"Expulsion"** shall be defined as an exclusion from school privileges for any student in grades three to twelve, inclusive, for more than ten (10) consecutive school days and shall be deemed to include but not be limited to, exclusion from the school to which such student was assigned at the time such disciplinary action was taken, provided that assignment to a regular classroom program in a different school in the district shall not constitute a suspension or an expulsion. Such a period of exclusion may extend to the school year following the school year in which the exclusion was imposed, up to one calendar year. To be expelled, the student's conduct must be found to be both violative of a Board policy and either seriously disruptive of the educational process or endangering persons or property. Unless an emergency exists, no student shall be expelled without a formal hearing. Whenever such student is a minor, the notice shall also be given to the parents or guardians of the student at least five business days before such hearing, not including the day of such hearing. If an emergency exists, such hearing shall be held as soon after the expulsion as possible. The notice shall include information concerning the parent's or guardian's and the student's legal rights and concerning legal services provided free of charge or at a reduced rate that are available locally and how to access such services. An attorney or other advocate may represent any student subject to expulsion proceedings. The parent

b. Conduct off School Grounds

Students may be disciplined for conduct off school grounds if such conduct is seriously disruptive of the educational process and violates a publicized policy of the Board.

In determining whether such conduct is seriously disruptive of the educational process, the Administration and the Board of Education may consider, but such consideration shall not be limited to the following factors:

1. whether the incident occurred within close proximity of a school;
2. whether other students from the school were involved or whether there was any gang involvement;
3. whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, as defined in section Conn. Gen. Stat. § 29-38, and whether any injuries occurred; and
4. whether the conduct involved the use of alcohol.

In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and/or the Board of Education may also consider whether such off-campus conduct involved the illegal use of drugs.

F. Mandatory Expulsion

It shall be the policy of the Board to expel a student, in grades preschool, and kindergarten to twelve, inclusive, for one full calendar year if:

1. The student, on grounds or at a school-sponsored activity, was in possession of a firearm, as defined in 18 U.S.C. 921*, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in C.G.S. 53A-3; or the student, off school grounds, did possess such firearm in violation of C.G.S. 29-35 or did possess and use such firearm, instrument or weapon in the commission of a crime; or the student, on or off school grounds offered for sale or distribution a controlled substance, as defined in subdivision (9) of C.G.S. 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with intent to sell or dispense, offering or administering is subject to criminal penalties under C.G.S. 21-277 and 21a-278.

3. The Board may modify the period of a mandatory expulsion on a case-by-case basis.
4. A firearm, as defined by C.G.S. 53a-3, includes any sawed-off shotgun, machine gun, rifle, shotgun, pistol, revolver, or other weapon, whether loaded or unloaded, from which a shot may be discharged, or a switchblade knife, a gravity knife, billy, blackjack, bludgeon, or metal knuckles.
5. G. Suspension Procedure

Unless an emergency exists, as that term is defined in paragraph A, no student shall be suspended without an informal hearing by the administration, at which such student shall be informed of the reasons for the disciplinary action and given an opportunity to explain the situation, provided nothing herein shall be construed to prevent a more formal hearing from being held if the circumstances surrounding the incident so require. The administration shall then determine whether suspension or in-school suspension is warranted.

****A firearm; currently defined by 18 U.S.C. 921, is any weapon that can expel a projectile by an explosive action and includes explosive devices, incendiaries, poison gases, and firearm frames, receivers, mufflers or silencers.***

If an emergency arises, the hearing outlined above shall be held as soon as possible after the student's exclusion.

Prior to conducting any hearing regarding the suspension of a student, an administrator, school counselor or school social worker at the school in which the student is enrolled, shall contact the local homeless education liaison designated by the local or regional board of education for the school district, pursuant to Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act, 42 USC 11431 et seq., as amended from time to time, to determine whether such student is a homeless child or youth, as defined

In the case of suspension, the administration shall notify the student's parents and the Superintendent of Schools not later than twenty-four (24) hours of the suspension, including the name of the student who has been suspended and the reason for the suspension. Any student who is suspended shall be given an opportunity to complete any class work, including, but not limited to, examinations that such student missed during the period of his/her suspension.

The administration shall also have the authority to suspend a student from transportation services whose conduct while awaiting or receiving transportation violates the standards set forth in paragraph D, above. The administration shall have the authority to immediately suspend any student from school in the event of an emergency, as that term is defined in paragraph A above.

Out-of-School Suspensions

All suspensions shall be in-school suspensions, except that the Board of Education may authorize the administration of schools under its direction to impose an out-of-school suspension on any student in:

1. Grades preschool to two, if during the informal hearing outlined above, the administration:
 - a. Determines that an out-of-school suspension is appropriate for such students based on evidence that such students' conduct on school grounds is behavior that causes physical harm;
 - b. Requires that such students receive services that are trauma-informed and developmentally appropriate and align with any behavioral intervention plan, individualized education program, or plan pursuant to Section 504 of the Rehabilitation Act of 1973, as amended from time to time, for such student upon such student's return to school immediately following the out-of-school suspension; and
 - c. Considers whether to convene a planning and placement team meeting for the purposes of conducting an evaluation to determine whether such student may require special education or related services.

- a. The administration determines that the student being suspended poses such danger to persons or property or such disruption of the educational process (as defined above in section E) that the student shall be excluded from school during the period of suspension.
- b. The administration determines that an out-of-school suspension is appropriate for such student based on evidence of:
 - i. previous disciplinary problems that have led to suspensions or expulsion of such student; and
 - ii. efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive behavioral support strategies. An in-school suspension may be served in the student's school or any school building under the jurisdiction of the local or regional board of education, as determined by such board.

Length of Suspension Period:

In determining the length of a suspension period, the administration may receive and consider evidence of past disciplinary problems that have led to removal from a classroom, in-school suspension, or expulsion.

An out-of-school suspension shall not exceed ten school days for students in grades 3-12.

An out-of-school suspension shall not exceed five school days for children in preschool through 2nd grade.

General provisions:

No student shall be suspended more than ten times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless such student is granted a formal hearing pursuant to subsections 4-176e to 4-180a, inclusive, section 4-181a, and as outlined in section I below is first granted.

No student shall be placed on in-school suspension more than fifteen times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless such student is granted a formal hearing pursuant to subsections 4-176e to 4-180a, inclusive, section 4-181a, and as outlined in section I below is first granted.

H. Expulsion Procedures

The Board of Education or Impartial Hearing Officer may, upon the recommendation of the Superintendent of Schools, expel any student for one or more of the reasons stated in this policy if, after holding a formal hearing, it is in the judgment of the Board of Education that such disciplinary action is in the best interest of the school system.

A special education student's handicapping condition shall be considered before a decision to expel is made. A Planning and Placement Team (PPT) meeting must be held to determine whether the behavior or student actions that violate Board of Education standards set forth in the policy governing suspension and expulsion are the result of the student's handicapping condition.

For any student expelled for the first time and who has never been suspended, except for a student who has been expelled based on possession of a firearm or deadly weapon, the Board of Education may shorten the length of or waive the expulsion period if the student successfully completes a Board-specified program and meets any other conditions required by the Board. Such Board specified program shall not require the student or the parent/guardian of such student to pay for participation in the program.

Prior to conducting formal hearing, as required by PA 25-93 Section 38 subsection 3, an administrator, school counselor or school social worker at the school in which the student is enrolled shall contact the local homeless education liaison designated by the local or regional board of education for the school district, pursuant to Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act, 42 USC 11431 et seq., as amended from time to time, to make a determination whether such student is a homeless child or youth, as defined in 42 USC 11343a, as amended from time to time.

If it is determined that such student is a homeless child or youth:

- i. The local or regional board of education, or the impartial hearing board established pursuant to subsection (b) of this section, shall consider the impact of homelessness on the behavior of the student during the hearing.
- ii. No such student may be expelled without a plan of interventions and supports to mitigate the impact of homelessness on the behavior of the student.
- iii. If such child or youth has been expelled for a second time, a meeting with the local homeless education liaison shall be provided by the local or regional board of education.

Upon receipt of a recommendation for expulsion from the Superintendent of Schools the Board shall, after giving written notice as detailed below in section K Notification, conduct a hearing prior to taking any action on the expulsion of said student, provided however, that in the event of an emergency as defined in this policy, the student may be expelled prior to the hearing but in such case even a hearing shall be held as soon after the expulsion as possible.

An attorney or other advocate may represent any student subject to expulsion proceedings. The parent/guardian of the student has the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible.

Expulsion hearings (formal hearings) conducted the Board may appoint Impartial Hearing officer, composed of one or more persons, to hear and decide the expulsion matter, provided that no member of the Board may serve on such a panel.

M. Students identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”)

If the Board of Education expels a student who has been identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”), it shall offer an alternative educational opportunity to such student in accordance with the requirements of IDEA, as it may be amended from time to time.

N. Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act (“IDEA”)

A. Suspension of IDEA students

Notwithstanding the foregoing, if the Administration suspends a student identified as eligible for services under the IDEA (an “IDEA student”) who has violated any rule or code of conduct of the school district that applies to all students, the following procedures shall apply:

1. The administration shall make reasonable attempts to immediately notify the parents of the student of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made.
2. During the period of suspension, the school district is not required to provide any educational services to the IDEA student beyond those which are provided to all students suspended by the school district.

B. Expulsion and Suspensions that Constitute Changes in Placement for IDEA Students Notwithstanding any provision to the contrary, if the administration recommends expulsion of an IDEA student who has violated any rule or code of conduct of the school district that applies to all students, the procedures described in this section shall apply. The procedures described in this section shall also apply to students whom the administration has suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in placement:

1. The parents of the student must be notified of the decision to recommend for expulsion (or to suspend if a change in placement) on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by

mail to the parents on the date that the decision to recommend for expulsion (or to suspend if a change in placement) was made.

2. The school district shall immediately convene the student's planning and placement team ("PPT"), but in no case later than ten (10) school days after the recommendation for expulsion or the suspension that constitutes a change in placement was made. The student's PPT shall consider the relationship between the student's disability and the behavior that led to the recommendation for expulsion or suspension, which constitutes a change in placement, in order to determine whether the student's behavior was a manifestation of his/her disability.
3. If the student's PPT finds that the behavior was a manifestation of the student's disability, the Administration shall not proceed with the recommendation for expulsion or the suspension that constitutes a change in placement.
4. If the student's PPT finds that the behavior was not a manifestation of the student's disability, the Administration may proceed with the recommended expulsion or suspension that constitutes a change in placement.
5. During any period of expulsion or suspension of greater than ten (10) days per school year, the Administration shall provide the student with an alternative education program in accordance with the provisions of the IDEA.
6. When determining whether to recommend an expulsion or a suspension that constitutes a change in placement, the building administrator (or his or her designee) should consider the nature of the misconduct and any relevant educational records of the student.

C. Transfer of IDEA Students for Certain Offenses:

School personnel may transfer an IDEA student to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the student:

1. Was in possession of a dangerous weapon, as defined in 18 U.S.C. 930(g)(2), as amended from time to time, on school grounds or at a school-sponsored activity, or

2. Knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school or at a school-sponsored activity; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

The following definitions shall be used for this subsection XII. C.

1. **Dangerous weapon** means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocketknife with a blade of less than 2.5 inches in length.
2. **Controlled substance** means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act, 21 U.S.C. 812(c).
3. **Illegal drug** means a controlled substance but does not include a substance that is legally possessed or used under the supervision of a licensed health-care professional, or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law.
4. **Serious bodily injury** means a bodily injury which involves: (A) a substantial risk of death; (B) extreme physical pain; (C) protracted and obvious disfigurement; or (D) protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

O. Procedures Governing Expulsions for Students Identified as Eligible under Section 504 of the Rehabilitation Act of 1973 (“Section 504”)

- A. Except as provided in subsection B below, notwithstanding any provision to the contrary, if the Administration recommends for expulsion a student identified as eligible for educational accommodations under Section 504 who has violated any rule or code of conduct of the school district that applies to all students, the following procedures shall apply:
 1. The parents of the student must be notified of the decision to recommend the student for expulsion.
 2. The district shall immediately convene the student’s Section 504 team (“504 team”) for the purpose of reviewing the relationship between the student’s disability and the behavior that led to the recommendation for

expulsion. The 504 team will determine whether the student's behavior was a manifestation of his/her disability.

3. If the 504 team finds that the behavior was a manifestation of the student's disability, the Administration shall not proceed with the recommended expulsion.
4. If the 504 team finds that the behavior was not a manifestation of the student's disability, the Administration may proceed with the recommended expulsion.

- B. The Board may take disciplinary action for violations pertaining to the use or possession of illegal drugs or alcohol against any student with a disability who currently is engaging in the illegal use of drugs or alcohol to the same extent that such disciplinary action is taken against nondisabled students. Thus, when a student with a disability is recommended for expulsion based solely on the illegal use or possession of drugs or alcohol, the 504 team shall not be required to meet to review the relationship between the student's disability and the behavior that led to the recommendation for expulsion.

P. Procedures Governing Expulsions for Students Committed to a Juvenile Detention Center

- A. Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for such offense may be expelled by the Board in accordance with the provisions of this section. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School, or any other residential placement.
- B. If a student who committed an expellable offense seeks to return to a school district after participating in a diversionary program or having been detained in a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement and such student has not been expelled by the board of education for such offense under subdivision (A) of this subsection, the Board shall allow such student to return and may not expel the student for additional time for such offense.

Q. Alternative Educational Opportunity

The Board of Education recognizes its obligation to offer any student under the age of sixteen (16) who is expelled, an alternative educational opportunity which shall be

Bloomfield, Connecticut

BOARD POLICY

RE: Suspension and Expulsion/Due Process

equivalent to alternative education, as defined, by C.G.S. 10-74j with an individualized learning plan, (1) if the Board provides such alternative education, or (2) in accordance with the standards adopted by the State Board of Education (by 8/15/17), which includes the kind of instruction to be provided and the number of hours to be provided, during the period of expulsion.

Any parent or guardian of such student who does not choose to have his or her child enrolled in an alternative educational opportunity shall not be subject to the provision of Section 10-184 of the Connecticut General Statutes. Any expelled student who is between the ages of sixteen (16) and eighteen (18), not previously expelled, and who wishes to continue his or her education shall be offered such alternative educational opportunity if he or she complies with conditions established by the Board of Education, other than the one from which the student has been excluded.

Such alternative educational opportunity may include, but shall not be limited to, the assignment of a student (who is seventeen (17) years of age or older) to any such adult education program or placement of such student in a regular classroom program of a school.

Any student participating in an adult education program during a period of expulsion shall not be required to withdraw from school under C.G.S. 10-184. In determining the nature of the alternative education opportunity to be offered under this Section, the Board of Education may receive and consider evidence of past disciplinary issues that have led to removal from a classroom, suspension, or expulsion. The Board of Education is not obligated to provide such alternative educational opportunity to any student eighteen years of age or older.

The Board of Education is also required to offer such alternative educational opportunity, as defined, to any student between the ages of sixteen and eighteen who is expelled because of conduct which endangers persons, and involved the following, on school grounds or at a school-sponsored event:

1. Possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon, or
2. Offering an illegal drug for sale or distribution.
3. If the Board expels a student for the sale or distribution of a controlled substance, the Board shall refer the student to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and inform the agency of its action. If a student is expelled for possession of a firearm, deadly

weapon, dangerous instruments (those that can be used to cause death or serious injury), or martial arts weapons, the Board shall report the violation to the local police department.

4. This provision shall not apply to students requiring special education who are described in subdivision (1) of sub-section (e) of C.G.S. 10-76a. The alternative educational opportunity for any such student shall be established by the IEP team (PPT) in accordance with the procedures described above.

R. Other Considerations

1. If a student is expelled, notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record. Such notice, except for the notice of an expulsion of a student in grades nine through twelve, inclusive, based on possession of a firearm or deadly weapon, shall be expunged from the cumulative educational record by the Board if the Board determines that the student's conduct and behavior in the years following such expulsion warrants an expungement or if the student graduates from high school.
2. If a student's expulsion is shortened or the expulsion period waived based upon the fact that the student was expelled for the first time, had never been suspended, and successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion shall be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets any other conditions required by the Board.
3. If a student in grades preschool to eight, is expelled based on possession of a firearm or deadly weapon, the Board may expunge from the students' cumulative education record the notice of the expulsion and the conduct for which the student was expelled if the Board determines that the conduct and behavior of the student in the years following such expulsion warrants an expungement.
4. The Board may adopt the decision of a student expulsion hearing conducted by another school district, provided such Board of Education held a hearing pursuant to C.G.S. 10-233d(a). Adoption of such decision shall be limited to a determination of whether the conduct which was the basis for the expulsion would also warrant expulsion under the policies of this Board. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative education opportunity in accordance with item K above.

5. Whenever a student against whom an expulsion hearing is pending withdraws from school and after notification of such hearing but before the hearing is completed and a decision rendered, (1) notice of the pending expulsion hearing shall be included on the student's cumulative educational record and (2) the Board shall complete the expulsion hearing and render a decision.
6. A student expelled for possession of a firearm, deadly weapon, dangerous instrument, or martial arts weapon shall have the violation reported to the local police department.
7. The period of expulsion shall not extend beyond a period of one calendar year. A period of exclusion may extend into the next school year.
8. An expelled student may apply for early readmission to school. Such readmission shall be at the discretion of the Board of Education/Superintendent of Schools (choose which). Readmission decisions shall not be subject to appeal to Superior Court. The Board or Superintendent, as appropriate, may condition such readmission on specified criteria.
9. Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School, or any other residential placement for such offense may be expelled by the local Board of Education. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School, or any other residential placement.
10. Prior to placing any student in an out-of-district placement due to the challenging behavior of such student, the board of education shall conduct a functional behavior assessment of such student and develop or update a behavioral intervention plan for such student.

A functional behavior assessment and a behavioral intervention plan shall not be required if the time required to conduct such assessment or develop or update such plan would put the safety of such student, any other student, or any staff at such student's school at risk.

Not later than two business days following the decision not to conduct such assessment, or develop, or update such plan for such student, the local or regional board of education shall file a notice with the Department of Education of the reasons that such assessment was not conducted, or such plan was not developed or updated.

S. Change of Residence During Expulsion Proceedings

A. Student moving into the school district

1. If a student enrolls in the district while an expulsion hearing is pending in another district, such student shall not be excluded from school pending completion of the expulsion hearing unless an emergency exists, as defined above. The Board shall retain the authority to suspend the student or to conduct its own expulsion hearing.
2. Where a student enrolls in the district during the period of expulsion from another public school district, the Board may adopt the decision of the student expulsion hearing conducted by such other school district. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with statutory requirements. The Board shall make its determination based upon a hearing held by the Board, which hearing shall be limited to a determination of whether the conduct which was the basis of the previous public school district's expulsion would also warrant expulsion by the Board.

B. Student moving out of the school district:

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student's cumulative record, and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student's cumulative record.

T. Compliance with Documentation and Reporting Requirements

1. The Board of Education shall include in all disciplinary reports the individual student's state-assigned student identifier (SASID).
2. The Board of Education shall report all suspensions and expulsions to the State Department of Education.
3. If the Board of Education expels a student for sale or distribution of a controlled substance, the Board shall refer such student to an appropriate state or local

agency for rehabilitation, intervention, or job training and inform the agency of its action.

4. If the Board of Education expels a student for possession of a deadly weapon or firearm, as defined in Conn. Gen. Stat. §53a-3, the violation shall be reported to the local police.

Readmission of Student from a Residential Placement

A District student who has committed an expellable offense who seeks to return to a District school, after participating in a diversionary program or having been detained in a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement, for one year or more, in lieu of expulsion from the District, shall be permitted to return to the appropriate school setting within the District. Further, the District shall not expel the student for any additional time for the offense(s).

Students and parents shall be notified of this policy annually.

Teacher Testimonials

- *“I liked having weekly meetings with my coach because we were able to preview lessons together beforehand and prepare any materials. Since I was new to the curriculum, I was able to ask any questions and learn the math workplace games before teaching them to the students.”*
- *“I would tell them to go for it because it is non-evaluative, and completely supportive in an area you feel you need to further develop your growth and knowledge in.”*
- *“Coaches give direct feedback on the specific areas we were trying to improve.”*
- *“The process is positive and will certainly impact student outcomes for the better. Instructional coaching isn't a short term fix or a fad. There are long term benefits for students, staff, schools and districts for using”*
- *“Coaching is not about criticism, it's about collaboration and finding strategies that work best for you. Working with a coach helped me strengthen my classroom practices and become more intentional in my planning and instruction.”*
- *“I would definitely recommend taking advantage of coaching as a resource to improve your practice with a clearly defined goal in mind. “*
- *“I would encourage another teacher to participate in instructional coaching because it provides valuable support, collaboration, and opportunities for professional growth.”*
