Why CTE?

A “Concentrator” takes 2 or more CTE courses in a pathway. Nationally:

- 97.3% for CTE concentrators
- 80% of credential earners remained enrolled in postsecondary after 2 years.

CTE Career Wheel

Minnesota has updated the Career Wheel.

- Career Ready Practices
- Career Clusters
  - Programs of Study
    - Strands
- Work Based Learning & Apprenticeships

Minnesota Career Fields and Clusters

The Minnesota Career Fields and Clusters Wheel provides alignment and a common language that bridges education and work, empowering individuals to explore options, make informed decisions, and prepare for dynamic and evolving careers. Updated 2026.

Career Fields (5)

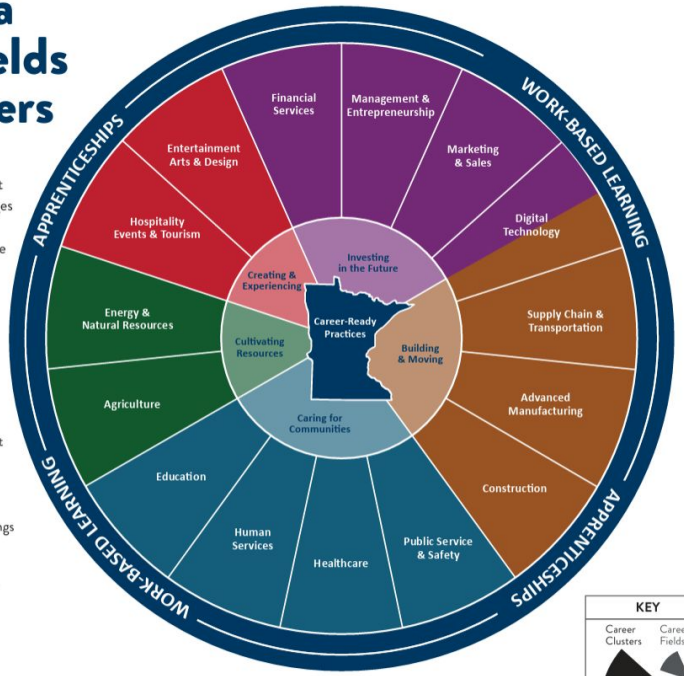

Large purpose-driven sectors that help guide learners toward Clusters that are aligned with their interests, their sense of purpose, and the impact they want to make.

Career Clusters (15)

Industry sectors as defined by groupings from Standard Occupations Classification and North American Industry Classification System codes. Work-Based Learning and Apprenticeships are integral to all clusters.

Work-Based Learning & Apprenticeships

Structured programs that connect education with real-world work, using hands-on experience to build skills through learning on the job.

The Progress & Creation of The Cove

1. LISTEN

Surveyed students to learn what they wanted—styles, products, and price points.

2. PLAN

Built a core team of motivated students to lead, organize, and create the store.

3. CREATE

Selected student-focused merchandise, designed the space, and set up operations.

4. OPEN

Launched The Cove with student staff running sales, customer service, and daily operations.

5. GROW

Used sales and student feedback to make improvements, add new items, and continually build school pride.

The Impact

- Real-World Business Experience
- Student Leadership & Ownership
- Stronger School Pride & Community

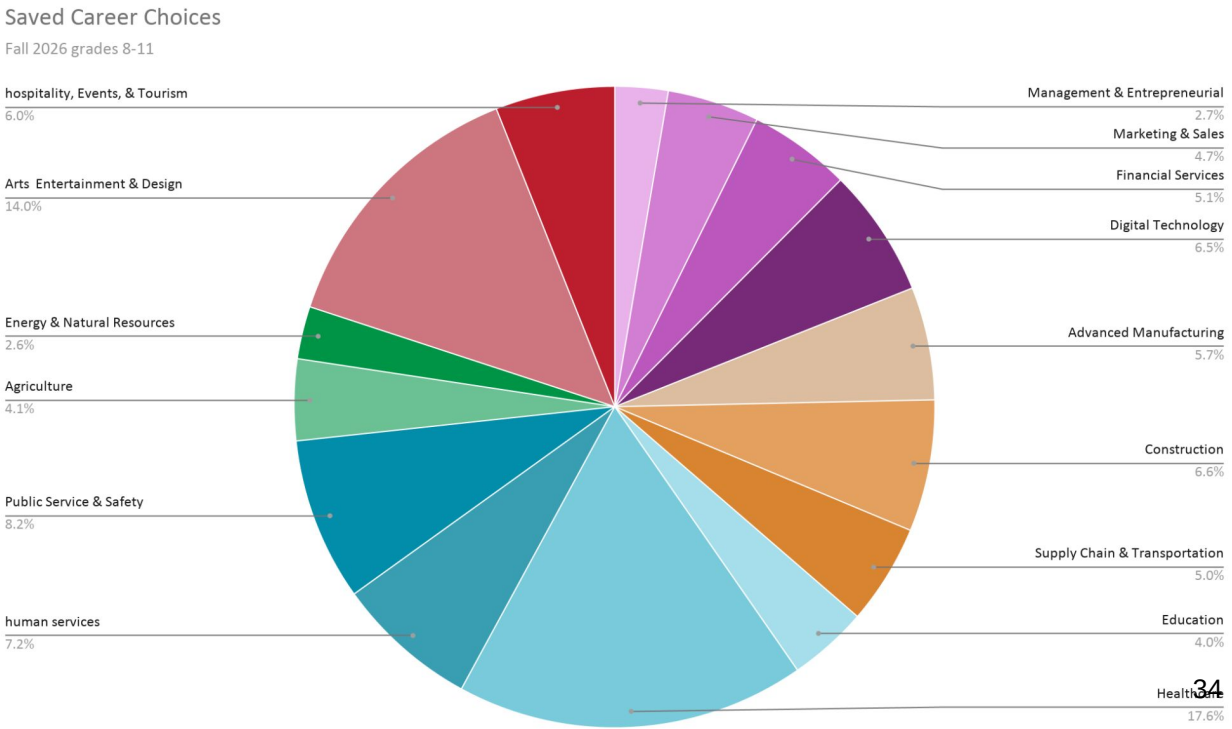

Student-Led. Pirate Proud. The Cove.

Subject: Financial Reports for the Month Ended October 31, 2026
Date: November 17, 2026

The following is a recap of the monthly financials:

Fund Balance Report
During the year, the District maintains its financial records on a cash basis. Therefore, the cash basis fund balance may fluctuate considerably during the year due to the timing of cash receipts and disbursements. At year-end, we convert the financial records to the modified accrual basis according to Governmental Accounting Standards Board (GASB). Fund balances are shown by fund total monthly. Fund balance designations within each fund for non-spendable, restricted, or assigned/unassigned will be shown at the fiscal year-end.

Revenue Operating Budget Summary by Fund
The General Fund-Percentage Comparison of Year-To-Date with Operating Budget shows a 0.7% decrease from the prior year. All prior year accruals were reversed in August, and the District is still collecting prior year revenue from various sources, i.e., state aid, federal grants, other districts, etc. This process is consistent with prior years. June 30, 2026, year-end results will be incorporated into the February mid-year budget adjustments where applicable.

Expenditure Operating Budget Summary by Fund
The General Fund-Percentage Comparison of Year-To-Date with Operating Budget shows a 1.1% increase from the prior year. June 30, 2026, year-end results will be incorporated into the February mid-year budget adjustments where applicable.

Current Investments on Hand
Interest rates increased during October to 3.775% to 5.700% compared with September rates of 3.655% to 5.000%.

Procedures to be followed:

A) All payments to district employees must be paid through payroll. Requests for hourly rate payments must be submitted to payroll using the Timecard Spreadsheet.

B) The grant manager must approve all transactions relating to this project.

C) Existing requisitioning and purchasing procedures will be followed. A Payment Request Form is to be used only for items not practical to procure on a purchase order basis (i.e. consultant fees). It is important that all requests are identified as belonging to this project. The originator of the request should indicate the proper account code on the form.

D) Reporting - The grant manager is responsible for all reporting requirements.

E) Cut-off Dates: Orders against the 2026-2027 school year are to be issued after July 1, 2026. Expenditures eligible for reimbursement for the 2026-2027 fiscal year are those dated July 1, 2026 or after, for which the goods/services and invoice have been received and processed by June 30, 2027.

IMPORTANT Purchase orders must be cancelled if delivery, invoicing and payment can not be completed by June 30, 2027. Purchase orders should contain notations to that effect. All requisitions must be submitted by the district's due date.

School Board Co-op Dissolution and Application Approval

Osseo Area Schools School Board approves the dissolution of the baseball co-op between Park Center - Columbia Heights - and Maranatha (formerly known as PCM) based on the following circumstances:

- Participation numbers in the sport have continued to decrease making it difficult to field sustainable and competitive programming
- Columbia Heights and Maranatha have expressed interest in working towards building their own programs regardless of varsity level play or lower level play
    - Transportation logistics, etc. have played a role in this

Osseo Area Schools School Board approves a new application for a baseball co-op between Osseo and Park Center.

- A new co-op will allow Park Center students an in-district program to participate in.
- There is already a long standing relationship between Osseo and Park Center as well as their youth programs in the sport of baseball.

FISCAL YEAR 2026 ANNUAL COMPREHENSIVE FINANCIAL REPORT

To: Independent School District 279 – Osseo Area Schools School Board members and citizens

The Annual Comprehensive Financial Report (ACFR) of Independent School District No. 279 – Osseo Area Schools (the District) for the fiscal year ended June 30, 2026, is submitted herewith. Minnesota state law requires that public school districts publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2026. The District is required to undergo an annual Single Audit in conformity with the provisions of the Federal Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget's Uniform Guidance. The District is also required to undergo an annual Minnesota State legal compliance audit under Minnesota Statute § 6.65. Independent auditor reports and a Schedule of Expenditures of Federal Awards are included in a separately issued document.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

LB Carlson, LLP, has issued an unmodified opinion on the District's financial statements for the year ended June 30, 2026. The independent auditor's report is located at the front of the financial section of this report.

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis (MD&A) immediately follow the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE DISTRICT

The District was incorporated in 1953. Osseo Area Schools is where students discover opportunities, build confidence, and prepare for bright futures. From early childhood to high school, we offer experiences inside and outside the classroom that help students grow into curious, capable and connected learners.

As Minnesota's fifth-largest school district, we proudly serve eight communities — including Brooklyn Park, Brooklyn Center, Maple Grove, Osseo, Plymouth, Corcoran, Dayton and Rogers—and offer specialized magnet programs in the Arts, STEM, STEAM, Health Science, and International Baccalaureate. Our full-time online school, 279Online, extends learning beyond district boundaries, providing students across Minnesota with a flexible, high-quality education.

An elected six-member School Board governs the District. The seated School Board consists of six members who are elected at large in even-numbered years. Members serve alternating four-year terms.

The School Board hires the superintendent and delegates the authority and responsibility to administer school district operations. The superintendent serves as an ex-officio member of the School Board.

In Osseo Area Schools, we inspire and prepare each and every scholar with the confidence, courage, and competence to achieve their dreams; contribute to community; and engage in a lifetime of learning. Our scholars benefit from exceptional opportunities, support and partnerships that help them graduate with the confidence, courage, and competence to make their dreams a reality.

Our size is an advantage, allowing us to offer more academic and extracurricular opportunities for your child to thrive; greater access to technology to enhance learning; and more staff to support your student's individual learning needs.

Osseo Area Schools is where students discover opportunities, build confidence, and prepare for bright futures. From early childhood to high school, we offer experiences inside and outside the classroom that help students grow into curious, capable and connected learners.

With a student body representing over 125 languages and cultures, our schools reflect the global community, creating an inclusive, enriching environment that prepares students for today's world and tomorrow's opportunities.

Our passionate teachers and staff are dedicated to inspiring students every step of the way. Whether it is in academics, arts, or athletics, Osseo Area Schools provides the support and resources every student needs to succeed.

The District enrolled 20,810 students in fiscal year (FY) 2026 from a population of 156,574 citizens residing in a 66 square mile area. Students are served pre-kindergarten through Grade 12, in 16 elementary schools (PreK-5), four middle schools (6–8), three senior highs (9–12), an online learning school (6–12), an area learning center, two early childhood centers, two special program sites, and an adult education/enrollment center. Community education classes serve lifelong learners from birth through senior citizens.

A child's first years of school provide a foundation for lifelong learning. Prekindergarten programming— available at every elementary school—incorporates research-based early learning standards developed by the Minnesota Department of Education. Our teachers and staff work together to ensure the concepts and skills taught in prekindergarten lay the groundwork for those taught in kindergarten.

Elementary programs provide a strong educational foundation through personalized learning and academic excellence. As a large district, we are able to offer all-day kindergarten at every elementary school and free or tuition-based prekindergarten at every elementary school. Schools offer services like special education and gifted programs, along with diverse extracurricular activities in sports, arts and clubs. A welcoming community values diversity and family involvement, fostering a safe and inclusive environment for all. Elementary students are introduced to a range of subjects, from reading/language arts to math, science, social studies, art, music (vocal and instrumental), and physical education. Students in fourth and fifth grade can audition for the Children's Chorus, a district-wide performing group that has served the community for more than 50 years.

In middle school, young minds thrive on active learning. Osseo Area Schools' middle schools offer a supportive environment focused on academic achievement and personal growth. Students are challenged through core subjects, honors courses and specialized services while exploring extracurriculars like music, arts and clubs. This helps them develop independence and leadership skills, preparing them for high school and beyond. While in middle school, your child may even take courses eligible for high school credit.

High school offers opportunities for students to explore, grow and prepare for entering the workplace or college. Osseo Area Schools' high schools provide a balanced education focused on academic and personal growth. Students can take Advanced Placement (AP) and college preparatory courses and join extracurricular activities like sports, music, arts and clubs to develop teamwork and leadership skills. With access to advanced technology and resources, they are prepared for future educational and career success. Students can even receive workplace-ready certifications in fields such as automotive technology, culinary arts, health care, and information technology.

The financial reporting entity includes all the funds of the primary government (the District). Component units are legally separate entities for which the District (primary government) is financially accountable. There are no organizations considered to be component units of the District.

The District is required to adopt an initial budget for the fiscal year no later than June 30th preceding the beginning of the fiscal year on July 1st. This annual budget serves as the foundation for the District's financial planning and control.

LOCAL ECONOMY

The District had a budgeted enrollment of 20,967 adjusted average daily membership for FY 2026 and an actual enrollment of 20,810. The District's student enrollment for FY 2027 is projected to increase with an estimated student enrollment of 21,251. However, enrollment is lagging at the start of FY 2027 and will have to be considered in future projections. The current five-year enrollment projection shows a small increase in enrollment for FY 2028, followed by increases in enrollment through FY 2031.

The District's school buildings were built between 1952 and 2026. A new elementary was opened in the fall of 2026 to accommodate growth in the northwest corner of the District that has capacity to serve up to 1,026 students. Although some of the school buildings are over 50 years old, the District participates in the Long-Term Facilities Maintenance Program through the state of Minnesota and has a 10-year spending plan of $237 million for deferred maintenance and health and safety facility needs.

Osseo Area Schools intentionally focuses efforts of staff and other resources to identify available financial resources to maximize revenue. Except for locally imposed fees for things like student activities, the District is dependent on the state of Minnesota for its revenue authority and state aid. Some revenue authorities, such as operating referenda and building bonds, also require voter approval. Osseo Area Schools continues to rely heavily on state funding, and long-term inflationary erosion in the general education formula remains a major structural challenge. If the formula had kept pace with inflation since 2003, the FY 2026 allowance would have been $8,901 per ADM rather than $7,481, a difference of $1,420 per ADM, or approximately $29.6 million annually for the District. This underlying gap continues to shape the District's fiscal outlook entering FY 2027.

The state budget forecast for the FY 2026–27 biennium projected a surplus, but Minnesota Management and Budget cautioned that structural imbalances remain and that federal funding uncertainty, including the potential for Medicaid reductions, poses additional risk. The FY 2027 budget is based on statutes in effect through the close of the 2026 legislative session; however, pending outcomes from the compensatory funding and special education task forces could materially affect the District's future financial position.

Healthcare is another significant cost driver in FY 2027. Staff enrolled in the PEIP plan are expected to experience rate increases of 15 percent, while staff in the District's self-funded plan are expected to experience increases of 23 percent. These increases add substantial pressure to an already constrained operating environment.
Key factors to monitor include:

- State aid adequacy and unfunded mandates (e.g., special education).
- Federal funding uncertainty and potential grant rescissions.
- Healthcare cost increases and benefit plan sustainability.
- Enrollment trends and declining regional birth rates.
- Pension obligations and local taxpayer impact.

BUDGET PROCESS AND LONG-TERM FINANCIAL PLANNING

The School Board adopts an annual budget for the following fiscal year for the General Fund (including separate budgets for the Operating and Capital Expenditure Accounts), Food Service Special Revenue Fund, Community Service Special Revenue Fund, Debt Service Fund. An annual budget is not adopted for the Capital Projects – Building Construction Fund because project-length financial plans are adopted in accordance with bond issue authorization. Legal budgetary control is at the fund account level.

The budget planning steps began in October 2024, using the **Long-Range Financial Model (LRFM) and Annual Budget Framework** and **the FY 2026 Budget Planning Timeline**. The District implementation of this long-range financial planning (LRFP) process for developing the annual budget began in FY 2013. The LRFP process is refined and improved annually. As a part of the LRFP process, the following key budget considerations were used during the FY 2026 budget adjustment process:

Outcomes for budget adjustment process –

1. Create budget adjustment recommendations that align with our system's Mission and Strategic Priorities.
2. Involve school and community stakeholders in determining how to provide a quality education using available resources.
3. Provide budget recommendations for School Board approval that achieve a school district budget that maintains required fund balance.

Budget adjustment proposal process –

1. The system has identified legally required and mandated essential services and programs. These will not be considered for adjustment.
2. The analysis of budget adjustments will be based on a review of the effectiveness of specific programs or services. Information will be used to determine which program or initiatives are not getting expected results and should be considered for budget adjustments.
3. The analysis will consider the basic requirements for providing the educational program at sites. This analysis will establish the base quality education level that the District does not want to go below, and the essential support services required to deliver the base.
4. The analysis will consider the impact on our work to ensure equitable student achievement.
5. School Board policies will be considered to determine if they exceed legally required and mandated essential services and programs or the basic requirements for providing the education program. Do School Board policies and regulations have financial implications? If so, which policies and/or regulations might be changed?
6. All proposed adjustments will be evaluated using the Program Efficiency Abandonment and Redirection (PEAR) process. The process considers the impact of the enhancement, reduction, elimination, or restructuring of services on the education programs.
7. Staff and citizen idea input will be solicited and shared with the School Board for consideration in the budget planning process, through LRFP Advisory and FISCAL. In addition, other formal district advisory groups, such as DPAC, Core Planning, APAC, and CEPAC, inform our work regarding district program priorities which impact budget priorities.

The School Board reviewed FY 2026 budget proposals at a work session on February 11, 2025. These budget proposals followed the School Board direction that was provided at the November 12, 2024, work session. Budget proposals were approved February 25, 2025, at the regular School Board meeting and result in net adjustments of $2,937,680 to the General Fund. The General Fund amount is comprised of LRFP budget adjustments, including enrollment alignment of $2,147,741, state leaves of absence / time off requirements of $30,000, family medical leave act expansion of payroll taxes of $433,298, and operating capacity for new elementary of $326,641.

MISSION, VISION STATEMENT, CORE VALUES, AND STRATEGIC DIRECTIONS

The District's mission, core values, and strategic directions provide for the investment of human and financial resources across the system.

MISSION

Our mission is to inspire and prepare each and every scholar with the confidence, courage, and competence to achieve their dreams; contribute to community; and engage in a lifetime of learning.

VISION STATEMENT

Unleash and enhance the brilliance of our scholars to thrive and change the world.

CORE VALUES

HONOR AND INTEGRITY
Holding ourselves, each other, and our system to the highest standards to create the best conditions for learning.

BELONGING
Developing meaningful relationships that build trust, understanding and community.

INCLUSION
Intentionally engaging diverse voices and perspectives equitably and respectfully.

INNOVATION AND EXCELLENCE
Cultivating creativity, ideas, confidence, and transformational growth.

TRANSPARENCY
Communicating, modeling, and making decisions clearly, equitably, and openly.

INTRINSIC VALUE
Each scholar, staff member and family is valued and respected for their perspective, experience, and contributions.

STRATEGIC DIRECTION

- Create safe, welcoming, and inclusive learning environments that foster global curiosity, belonging, innovation and engagement.
- Build and nurture a culture of achievement by providing content rich, rigorous, equitable and individualized pathways.
- Promote inclusive participation of all of our communities and provide timely, relevant, and easily accessible communication.
- Create a system of operational innovation, excellence, accountability, and sustainability.
- Address, acknowledge and reduce systemic disparities, barriers, and inequities as we lead, develop, and align our district toward continuous improvement.

RELEVANT FINANCIAL POLICIES

The District has adopted a comprehensive set of financial policies. Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles and with Minnesota Uniform Financial Accounting and Reporting Standards (UFARS). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

School Board Policy 730 addresses fund balance. The policy is in place to ensure the financial stability of the District, to provide a sound basis to justify continuation of the strong financial rating, and to provide a reserve enabling the District to deal with unforeseen budget expenditures. The School Board endeavors to maintain an unassigned fund balance that will not fall below 5 percent of the District's General Fund operating expenditure budget, excluding capital programs.

Minnesota Statute § 123B.83 requires districts to "limit its expenditures so that its net unreserved General Fund balance does not constitute statutory operating debt under § 123B.81."

Unassigned fund balance in the General Fund Operating Account on June 30, 2026, was 24.2002 percent of total General Fund Operating Account expenditures. This amount was within the policy guidelines set by the School Board for budgetary and planning purposes.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound fiscal management.

AWARDS AND ACKNOWLEDGEMENTS

This report will be submitted to the ASBO International for consideration for the Certificate of Excellence (COE) in Financial Reporting. The District received this award as a result of its initial submission in FY 1990 and all subsequent submissions on an annual basis through FY 2025. To receive this award, a government must publish an easily readable and efficiently organized Annual Comprehensive Financial Report (ACFR). This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. This award is valid for a period of one year only. The District expects to continue to earn the recognition that accompanies the standards of accuracy and thoroughness of the COE program.

The preparation of this report would not have been possible without the skill, effort, and dedication of the entire staff of the Business Services Department. We want to thank all government departments for their assistance in providing the data necessary to prepare this report. Credit is also due to the School Board for their unfailing support for maintaining the highest standards of professionalism in the management of the District's finances.

INDEPENDENT AUDITOR'S REPORT

To the School Board and Management of
Independent School District No. 279 – Osseo Area Schools
Maple Grove, Minnesota

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINIONS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Independent School District No. 279 – Osseo Area Schools (the District) as of and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2026, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINIONS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphases of Matter

CHANGE IN ACCOUNTING PRINCIPLE

In 2026, the District adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No 103, *Financial Reporting Model Improvements*. Our opinion is not modified with respect to this matter.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information (RSI), as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the RSI in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual fund financial statements and schedules, as listed in the table of contents, are presented for purpose of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

OTHER INFORMATION

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

PRIOR YEAR COMPARATIVE INFORMATION

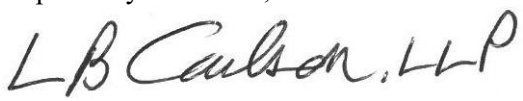

We have previously audited the District's 2025 financial statements and expressed unmodified audit opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information in our report dated November 3, 2025. In our opinion, the partial comparative information presented herein as of and for the year ended June 30, 2025, is consistent, in all material respects, with the audited financial statements from which it has been derived.

(continued)

OTHER REPORTING REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 6, 2026 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

The purpose of this Management's Discussion and Analysis (MD&A) is to help the citizens, taxpayers, and other stakeholders of Independent School District No. 279's (the District) understand what the basic financial statements in this Annual Comprehensive Financial Report (ACFR) say about the District's financial health as of the current year-end and why it changed since last year. It contains information drawn from the basic financial statements, with accompanying explanations provided by management based on its knowledge of the District's finances. We encourage readers to consider the information presented here in conjunction with the other components of the District's ACFR, including the letter of transmittal located in the introductory section.

If you have questions about this report, or need additional financial information, contact the District's Business Services Department, Independent School District No. 279, Educational Service Center, 11200 – 93rd Avenue North, Maple Grove, Minnesota 55369-6605.

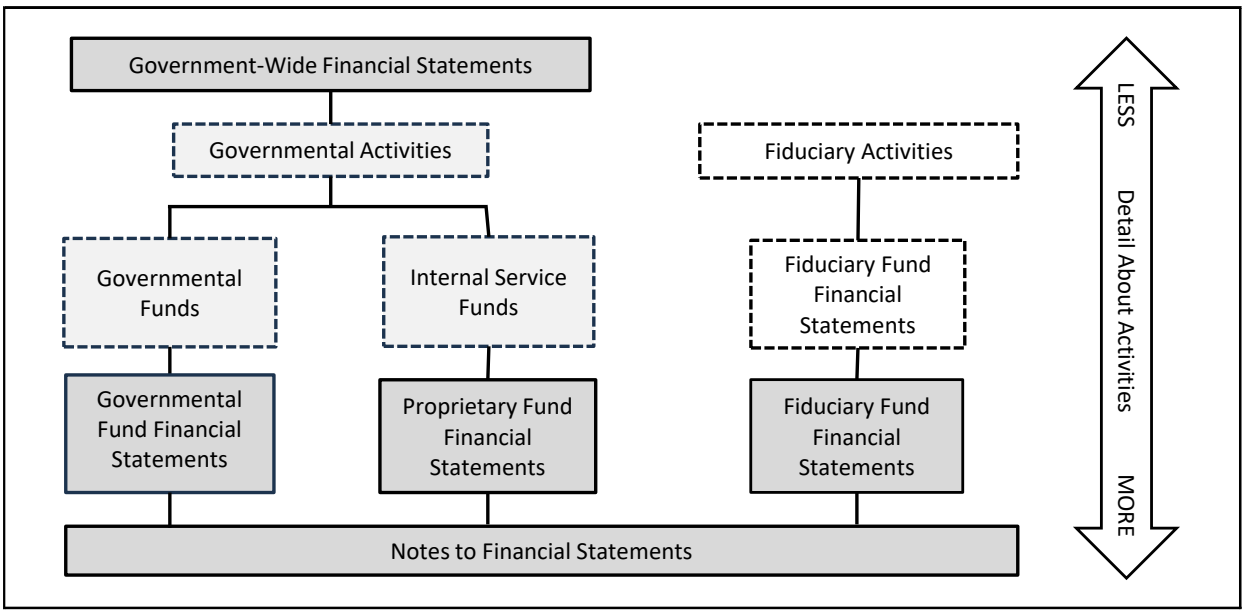

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements consist of the following three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other supplementary information, which further explains and supports the information in the basic financial statements.

CONTENTS OF THE BASIC FINANCIAL STATEMENTS

The basic financial statements present the District's finances at both an overall and a detailed level. See Figure A below:

Figure A – Contents of the Basic Financial Statements

The first two basic financial statements are the *government-wide financial statements* (Statement of Net Position and Statement of Activities), which report information about the District as a whole. In the government-wide financial statements, the District's activities are all shown in one category titled "governmental activities." These activities, including regular and special education instruction, transportation, administration, food services, and community education, are primarily financed with state aid and property taxes.

The remaining basic financial statements present the District's finances in greater detail and include fiduciary activities. The *fund financial statements* disaggregate financial information into separate funds to report on the specific purpose for which resources are used or restricted, focusing on its most significant or "major" funds. Funds (Food Service Special Revenue and Community Service Special Revenue) that do not meet the threshold to be classified as major funds are called "nonmajor" funds and presented in a single column in the basic financial statements. Detailed financial information for nonmajor funds can be found in the supplementary information section.

Minnesota schools must establish funds within the guidelines of the state's Uniform Financial Accounting and Reporting Standards in accordance with statutory requirements and accounting principles generally accepted in the United States of America.

The District reports three types of funds:

Governmental Funds – The governmental fund financial statements report all governmental activities of the District except those that involve providing services to its own departments or functions. In addition to the District's main operating fund – the General Fund – these financial statements include: a capital projects fund to account for debt proceeds or tax levies used for the acquisition, construction, or improvement of facilities and infrastructure; a debt service fund to account for resources accumulated to repay outstanding bonds and certain other debt; and (nonmajor) special revenue funds to track restricted resources supporting the District's food and nutrition services and community service programs.

Proprietary Funds – Proprietary fund financial statements report services provided to the District's own departments or functions. The District currently maintains four internal service funds consisting of a self-insured dental plan, self-insured medical plan, retirement incentive pay, and a post-employment benefits revocable trust.. These services are included within governmental activities in the government-wide financial statements.

Fiduciary Funds – Fiduciary fund financial statements report resources held for others for which the District acts as a trustee or custodian, including the Northwest Family Service Center and Local Collaborative Time Study. The resources in fiduciary funds do not belong to the District and cannot be used to support the basic services it provides, which is why they are excluded from the government-wide financial statements.

The last component of the basic financial statements contains *notes to basic financial statements*, which delve deeper into the District's finances as reported in the financial statements. The information in the notes is important to gain a full understanding of the District's finances. The notes: 1) present information in greater detail than is possible within the financial statements themselves, 2) explain the nature of amounts reported in the financial statements and how those amounts were determined, and 3) report certain information that does not meet the requirements for inclusion in the financial statements (such as certain contingencies).

TYPES OF INFORMATION IN THE BASIC FINANCIAL STATEMENTS

Figure B – Information Reported in the Basic Financial Statements

	Financial Statements			
	Government-Wide	Proprietary Fund	Fiduciary Fund	Governmental Fund
Types of Assets and Liabilities	All assets and liabilities, both financial and nonfinancial, short-term and long-term			Only current financial resources, such as cash, current receivables, and current payables
Types of Revenues/Additions	All types of revenues/additions that flow into the government during the year that relate to that year, regardless of when cash is received			Only revenues that are measurable and available to finance expenditures of that year
Types of Expenses/Deductions/Expenditures	All types of expenses/deductions that flow out of the government during the year that relate to that year, regardless of when cash is paid			Only expenditures for which the related governmental fund liability is incurred in that year
Types of Deferred Outflows/Inflows of Resources	All types of resources that flow into and out of the government during the year that relate to a future year			Current financial resources that flow into and out of the governmental funds during the year that relate to a future year

All of the District's financial statements, except for the governmental fund financial statements, use the *economic resources measurement focus* and *accrual basis of accounting.* In other words, they comprehensively report all types of financial statement elements:

- *Assets* – Resources the District controls, including short-term assets like cash to long-term assets like buildings and infrastructure.
- *Liabilities* – Amounts the District owes, including short-term liabilities like salaries payable and long-term liabilities like outstanding debt or future employee pension benefits.
- *Deferred outflows/inflows of resources* – Flows that occurred during the year, or in prior years, that will not be reported as revenues or expenses until the future year to which they are related.
- *Revenues and expenses* – Inflows and outflows of economic resources, respectively, related to the current year.

Governmental fund financial statements use the *current financial resources measurement focus* and *modified accrual basis of accounting* to report on the sources, uses, and balances of current financial resources. Governmental funds do not report nonfinancial assets, such as capital assets, or certain other long-term items, such as outstanding general obligation bonds. They do, however, report the flows of current financial resources related to these long-term items, such as the proceeds from issuing bonds or selling equipment, and expenditures for bond principal and interest payments or to acquire capital assets. Because this information does not encompass the additional long-term focus of the government-wide financial statements, reconciliation schedules are provided immediately following the governmental fund financial statements to explain the relationship (or differences) between these two types of financial statement presentations.

Total net position	$ 287,669,915	$ 272,063,331	5.7 %

Total net position improved by $15,606,584 in the current year, with improvement in all components of net position as shown above.

Current assets were lower than last year, primarily due to the spend down of bond proceeds used for construction. Significant construction activity in the current year accounts for the increase in net capital assets. Current and other liabilities increased related to increased accounts payable from building construction activity. Long-term liabilities increased from the issuance of building bonds during the year. The decrease in the General Fund balance also impacted unrestricted net position. Changes in the District's proportionate share of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) state-wide pension plans contributed to the differences in deferred outflows and inflows of resources, long-term liabilities, and unrestricted net position.

Governmental activities revenues exceeded expenses in the current year, resulting in an increase of $15,606,584 in total net position. Revenues and expenses were both higher than the prior year, with revenues increasing by $922,452 (0.2 percent) and expenses increasing by $25,592,392 (5.7 percent).

The primary factors affecting the current year's change in net position and the change in activity compared to the prior year included:

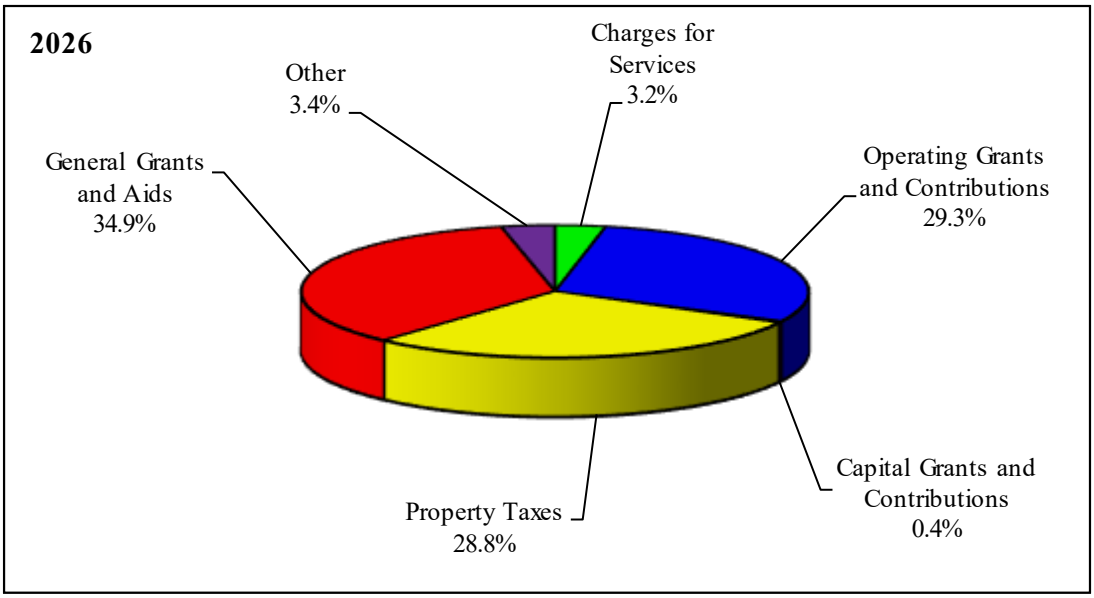

Revenues

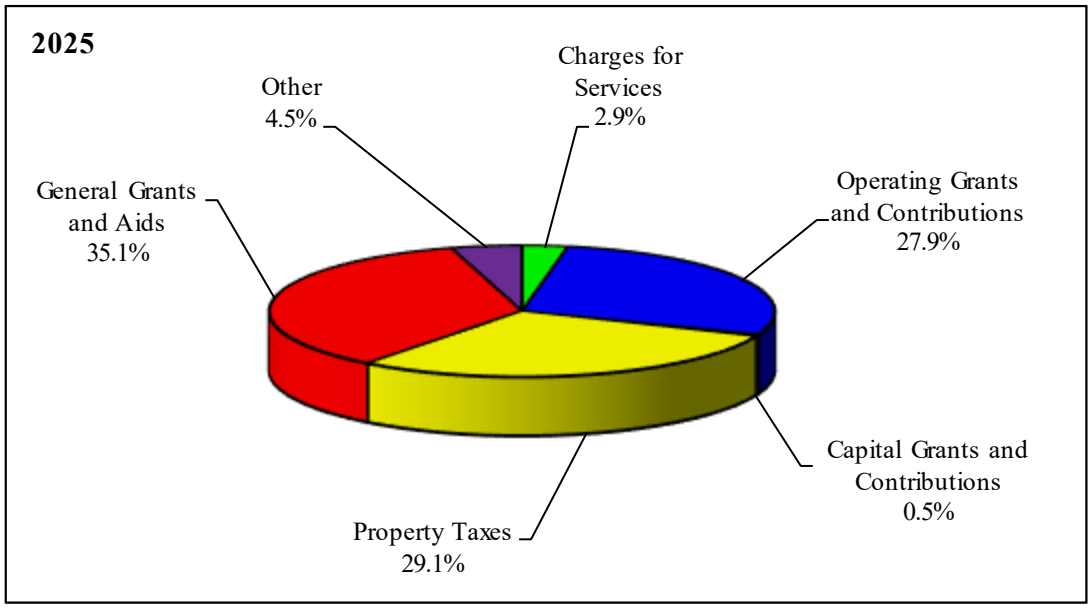

- Operating grants and contributions increased primarily from higher general education and state special education funding.
- Other general revenues decreased as investment earnings declined following the spend-down of recent bond proceeds.

Expenses

- Contract salary and benefit improvements increased spending mostly impacting elementary and secondary regular instruction and special education instruction.
- A 32.5 percent first-year contract transportation settlement under a 10-year agreement increased pupil support services spending.
- Raising the capitalization threshold from $5,000 to $10,000 increased current year expenses, as did ancillary costs from numerous completed and ongoing construction projects which impacted sites and buildings.
- The District's share of the PERA and the TRA state-wide pension expense decreased expenses in elementary and secondary regular instruction and special education instruction.
- Deletions of capital assets totaling approximately $3.6 million increased sites and buildings expense.
- Increased purchased service costs for contracted staffing increased expenses for special education.

Figure C – Governmental Activities Revenue by Source – Fiscal Years 2026 and 2025

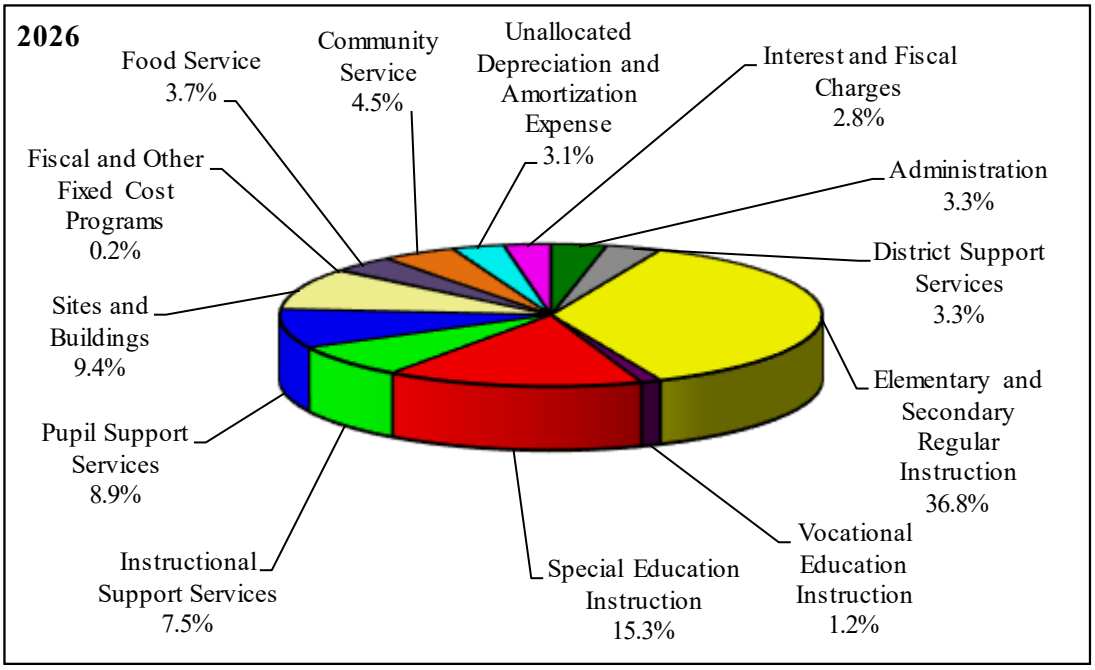

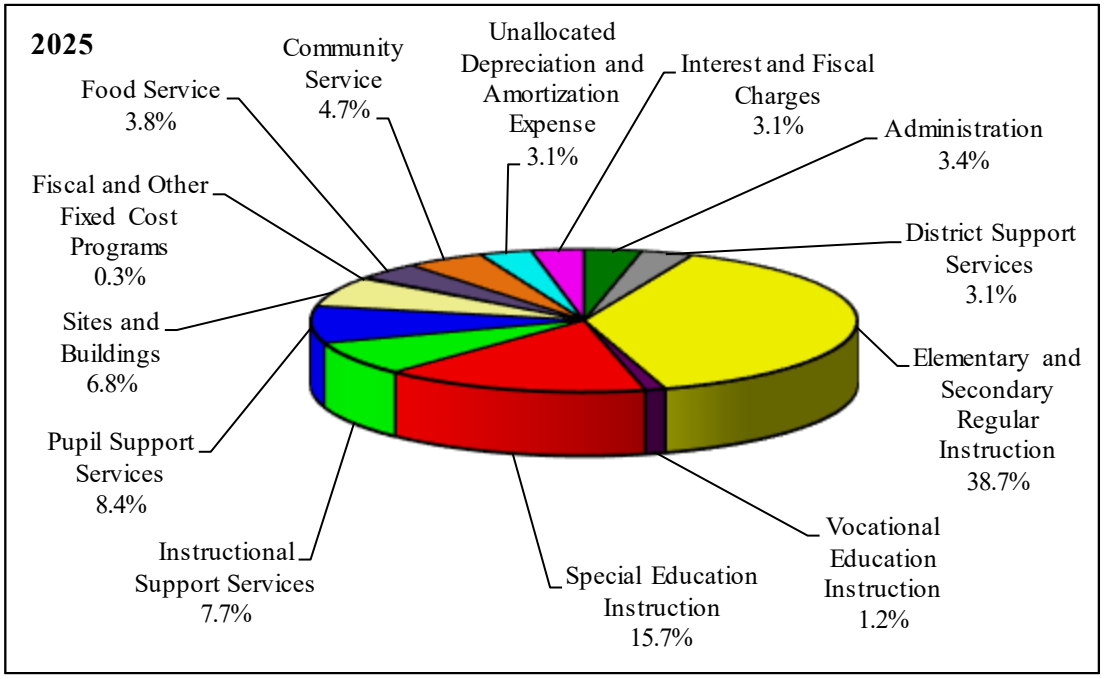

The largest share of the District's revenue is received from the state, including the majority of both the general grants and aids and the operating grants and contributions as shown in Figure C above. As seen in the above graphs, the split of revenues by source remained consistent between the two fiscal years shown. Operating grants and contributions increased through greater use of the special education federal tuition adjustment combined with increased special education costs from the previous year.

Property taxes are generally the next largest source of funding. The level of funding property tax sources provide is not only dependent on taxpayers of the District by way of operating and building referenda, but also on legislative decisions impacting the mix of state aid and local effort in a variety of funding formulas. Property tax revenue represented a smaller share of total revenue than in the prior year, as lower general levies were partially offset by higher debt service levies for building, refunding, and long-term facility bonds issued over the past three fiscal years.

A decrease in investment earnings caused by a spend down of bond proceeds in addition to less favorable interest rates and market conditions was the primary factor behind the decline in the "other" revenue category in the graphs above.

Figure D – Governmental Activities Expenses by Function – Fiscal Years 2026 and 2025

The District's expenses are predominately related to educating students. The majority of the District's expenses were in categories directly related to providing instruction, which includes: elementary and secondary regular instruction, vocational education instruction, special education instruction, and instructional support services.

The largest expense change compared to the prior year was in sites and buildings from construction activity and deletions of capital assets, as previously mentioned. Other changes were in elementary and secondary regular instruction and special education instruction, for reasons previously mentioned.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District reports three individual major funds in the governmental fund financial statements, the General, Capital Projects – Building Construction, and Debt Service Funds. Most of the previous discussion regarding the governmental activities is also applicable to the finances of the governmental funds. However, certain factors relevant to the District's current financial health are more apparent in the fund financial statements.

Fund balance represents the financial standing of a governmental funds as of the end of the fiscal year from a short-term perspective. Table 3 shows the changes in the fund balances of the District's governmental funds:

Table 3
Governmental Fund Balances
as of June 30,

Total governmental funds	$ 238,552,175	$ 350,314,053	$(111,761,878)

At June 30, 2026, the District's governmental funds reported combined fund balances of $238,552,175, a decrease of $111,761,878 in comparison with the prior year. The majority of the decrease was in the Capital Projects – Building Construction and General Funds.

Unassigned fund balance at year-end was $92,076,202, which is available for spending at the District's discretion. The remainder of the fund balance is either: 1) nonspendable (not in spendable form) – $4,037,783, 2) externally restricted for particular purposes – $123,767,115, or 3) internally assigned for particular purposes – $18,671,075.

Table 4 and the following discussion provides more detail of the fund balance changes of the major funds:

General Fund

The total fund balances of the General Fund decreased by $6,424,579 during the current year. General Fund revenues were $4,627,802 lower than the prior year in total, mainly from the decreased tax levy of $15,179,949. This is offset by increased state source revenue of $10,067,976 from increased general education and special education aid. General Fund expenditures were $9,367,685 higher than the previous year. Most of the overall increase was due to increased salary, benefit, and purchased services costs for elementary and secondary regular instructional programs and special educational programs. Increases in purchased services within pupil support services related to increased costs for transportation previously mentioned. These increases were partially offset by decreases in capital expenditures for sites and buildings.

Capital Projects – Building Construction Fund

The total fund balances of the Capital Projects – Building Construction Fund decreased by $105,345,171 during the current year, mainly due to capital project expenditures exceeding debt proceeds. Revenues were $4,795,862 lower than the prior year due to lower investment income caused by market conditions and less cash on hand to invest. Expenditures increased $113,267,327 compared to the prior year due to an increase in capital project activity related to the issuance of general obligation school building bonds with a par value of $60 million in addition to spending of general obligation facilities maintenance bonds issued in a prior year.

Debt Service Fund

Debt Service Fund revenues and other financing sources exceeded expenditures by $972,419, increasing fund balance to $6,525,500 at year-end. The activity in this fund is largely controlled by the financing plan approved with the issuance of each individual debt obligation. Revenues increased by $14,728,687 compared to last year, related to an increase in the levy for previously approved debt issues. Expenditures increased by $8,307,008 due to recent bond issues, which resulted in additional scheduled debt levies along with higher principal and interest costs. The District also issued refunding bonds with a par value of $39,145,000 in the current year to refinance outstanding debt totaling $42,485,000.

SIGNIFICANT CAPITAL ASSET AND LONG-TERM FINANCING ACTIVITY

Capital Assets

The total carrying value – original cost minus accumulated depreciation/amortization – of the District's governmental activities capital asset was $674,227,293 at year-end, which represents a net increase of $150,767,794, or 28.8 percent, from the previous year-end.

Table 5 shows the District's capital assets, together with changes from the previous year. The table also shows the total depreciation/amortization expense for fiscal years ended June 30, 2026 and 2025:

Table 5

Total	$ 674,227,293	$ 523,459,499	$ 150,767,794
Depreciation/amortization expense	$ 20,291,439	$ 19,063,716	$ 1,227,723

Most of the activity in capital assets is related to school building and facilities maintenance projects at several school sites financed with bonds issued at the end of the fiscal 2024 and in the current year, as previously mentioned. Other significant additions in the current year included constructed buildings placed into service, purchases of technology and grounds equipment, and technology subscriptions.

Long-Term Financing Activity

The District's outstanding bonds and other long-term financing agreements totaled $448,618,019 at year-end, an increase of $37,230,706, or 9.1 percent, from the previous year-end. Table 6 shows the components of the District's long-term financing liabilities and the change from the prior year:

Table 6
Outstanding Bonds and Other Long-Term Financing Agreements
as of June 30,

	2026	2025	Change

Arbitrage liabilities	7,456,066	7,735,604	(279,538)
Total	$ 448,618,019	$ 411,387,313	$ 37,230,706

The overall increase in long-term liabilities was due to new debt issued during the year exceeding scheduled debt service payments. Increases to the District's long-term financing liabilities during the year included the general obligation school building and refunding bonds, financed purchases, and subscription liabilities discussed previously. Principal payments on outstanding debt totaled $65,645,860 during the year.

The state limits the amount of general obligation debt the District can issue to 15.0 percent of the market value of all taxable property within the District's corporate limits (see Table 7). The District's applicable outstanding debt financing liability balance was well below the legal debt limit presented in the following table.

Table 7
Limitations on Debt

District's market value	$ 26,803,271,525
Limit rate	15.0%
Legal debt limit	$ 4,020,490,729

Additional details of the District's capital assets and long-term debt activity can be found in Notes 3 and 4 of the notes to basic financial statements, respectively.

CURRENTLY KNOWN FACTS, DECISIONS, OR CONDITIONS

The District is aware of the following developments that will have an impact on its finances in the future and have been incorporated into next year's budget:

1) The general education program is the method by which school districts receive the majority of their financial support. This source of funding is primarily state aid and, as such, school districts rely heavily on the state of Minnesota for educational resources. The Legislature increased the per pupil to the formula funding allowance by 2.7 percent for fiscal year 2027.

2) The amount of funding a district receives is also dependent on the number of students it serves, meaning attracting and retaining students is critical to the District's financial well-being. The District's enrollment for fiscal 2027 is projected to increase by 448 compared to the current year actual ADM of 20,810.

3) In October 2026, the District awarded the sale of $77,310,000 of General Obligation School Building and Tax Abatement Bonds, Series 2026B. The bonds bear interest at varying rates ranging from 4.875 percent to 5.500 percent and mature in 2047.

Our Mission

Reconciliation of the Statement of
Revenue, Expenditures, and Changes in Fund Balances
to the Statement of Activities
Governmental Funds
Year Ended June 30, 2026
(With Partial Comparative Information for the Year Ended June 30, 2025)

	2026	2025
Total net change in fund balances – governmental funds	$ (111,761,878)	$ (45,698,291)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays are recorded as net position and the cost is allocated over their estimated useful lives as depreciation and amortization expense. However, fund balances are reduced for the full cost of capital outlays at the time of purchase.		
Capital outlay	174,675,319	82,720,338
Depreciation and amortization expense	(20,291,439)	(19,063,716)
A (loss) on the disposal of capital assets, including the difference between the carrying value and any related sale proceeds, is included in the change in net position. However, only the sale proceeds are included in the change in fund balances.	(3,616,086)	(182,388)
The amount of debt issued is reported in the governmental funds as a source of financing. Debt obligations, including arbitrage liabilities, are not revenues in the Statement of Activities, but rather constitute long-term liabilities.		
General obligation bonds payable	(99,145,000)	–
Financed purchases	(301,774)	(2,340,861)
Subscription liabilities	(773,182)	(1,412,114)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The change in net position of the internal service funds is included in the governmental activities in the Statement of Activities.	2,212,295	876,449
Repayment of long-term debt does not affect the change in net position. However, it reduces fund balances.		
General obligation bonds, notes, and certificates of participation	62,525,000	12,545,000
Financed purchases	2,287,111	2,855,233
Subscription liabilities	833,749	744,377
Interest on long-term debt is included in the change in net position as it accrues, regardless of when payment is due. However, it is included in the change in fund balances when due.	(275,255)	(700,720)
Debt issuance premiums and discounts are included in the change in net position as they are amortized over the life of the debt. However, they are included in the change in fund balances upon issuance as other financing sources and uses.	(2,936,148)	1,957,569
Certain expenses are included in the change in net position, but do not require the use of current funds, and are not included in the change in fund balances.		
Arbitrage liabilities	279,538	(99,922)
Compensated absences	(171,406)	(865,075)
Net pension liability – PERA	2,359,694	11,599,173
Net pension liability – TRA	14,793,435	48,377,771
The recognition of certain revenues and expenses/expenditures differ between the full accrual governmental activities financial statements and the modified accrual governmental fund financial statements.		
Deferred outflows of resources – pension plans	(6,764,093)	(7,649,650)
Deferred inflows of resources – pension plans	1,783,152	(43,763,848)

Osseo Area Schools

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

Independent School District No. 279 – Osseo Area Schools (the District) was formed and operates pursuant to applicable Minnesota laws and statutes. The District is governed by a School Board elected by voters of the District. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

The accompanying financial statements include all funds, departments, agencies, boards, commissions, and other organizations that comprise the District, along with any component units.

Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit includes whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

C. Government-Wide Financial Statement Presentation

The government-wide financial statements (Statement of Net Position and Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The fiduciary funds are only reported in the Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position at the fund financial statement level. Generally, the effect of interfund activity has been removed from the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other internally directed revenues are reported as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

The District applies restricted resources first when an expense is incurred for which both restricted and unrestricted resources are available. For capital assets that can be specifically identified with, or allocated to functional areas, depreciation and amortization expense is included as a direct expense in the functional areas that utilize the related capital assets. For capital assets that essentially serve all functional areas, depreciation and amortization expense is reported as "unallocated depreciation and amortization expense." Interest on debt is considered an indirect expense and is reported separately on the Statement of Activities.

D. Fund Financial Statement Presentation

Separate fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Aggregated information for the remaining nonmajor governmental funds is reported in a single column in the fund financial statements. Fiduciary funds are presented in the fiduciary fund financial statements by type, including the District's custodial funds. Since, by definition, fiduciary fund assets are being held for the benefit of a third party and cannot be used for activities or obligations of the District, these funds are excluded from the government-wide financial statements.

The internal service funds are presented in the proprietary fund financial statements. Because the principal user of the internal services are the District's governmental activities, the financial statements of the internal service funds are consolidated into the governmental column when presented in the government-wide financial statements. The cost of these services is reported in the appropriate functional activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's internal service funds are charges to customers (other District funds) for service. Operating expenses for the internal service funds include the cost of services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting, transactions are recorded in the following manner:

1. **Revenue Recognition** – Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the District generally considers revenues, including property taxes, to be available if they are collected within 60 days after year-end. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met. State revenue is recognized in the year to which it applies according to Minnesota Statutes (which include state aid funding formulas for specific years) and accounting principles generally accepted in the United States of America. Debt proceeds are reported as other financing sources.

2. **Recording of Expenditures** – Expenditures are generally recorded when a liability is incurred, except for principal and interest on long-term debt, and other long-term obligations, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as capital outlay expenditures in the governmental funds within the applicable functional areas. In the General Fund, capital outlay expenditures are included within the applicable functional area.

Internal service and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as described earlier in these notes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Funds

The existence of the various district funds has been established by the Minnesota Department of Education (MDE). Each fund is accounted for as an independent entity. Descriptions of the funds included in this report are as follows:

Major Governmental Funds

General Fund – The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The District's General Fund maintains two accounts:

1. **Operating Account** – The Operating Account is used to account for the general operations of the District, including pupil transportation activities.

2. **Capital Expenditure Account** – The Capital Expenditure Account is used to account for the maintenance of facilities, equipment purchases, and safety and accessibility projects.

Capital Projects – Building Construction Fund – The Capital Projects – Building Construction Fund is used to account for financial resources used for the acquisition or construction of major capital facilities authorized by debt issue or levy issuance program.

Debt Service Fund – Debt service funds are used to account for the accumulation of resources for, and payment of, general obligation bonds, interest, and related costs.

Nonmajor Governmental Funds

Food Service Special Revenue Fund – The Food Service Special Revenue Fund is used to account for the District's child nutrition program.

Community Service Special Revenue Fund – The Community Service Special Revenue Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, adult or early childhood programs, pre-K–8 extended day programs, or other similar services.

Proprietary Funds

Internal Service Funds – The internal service funds account for the financing of goods or services provided by one department to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The District has four internal service funds. The District's internal service funds include financing for self-insurance of the employee health and dental insurance programs, retirement incentive pay, and post-employment benefits revocable trust activity.

Fiduciary Funds

Custodial Funds – The custodial funds were established to account for cash and other assets held by the District as the agent for others. These funds are used to account for a Local Collaborative Time Study and the Northwest Family Service Center.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Investments

Cash and temporary investments include balances from all funds that are combined and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund. Bond proceeds recorded in the Capital Projects – Building Construction Fund are not pooled, and earnings on these proceeds are allocated directly to the fund.

Cash and investments held by trustee include balances held in segregated accounts that are established for specific purposes. In the internal service funds, trust accounts are established to finance future other post-employment benefits (OPEB) obligations. Interest earned on these investments were allocated directly to those accounts.

Investments are generally stated at fair value, except for investments in external investment pools, which are stated at amortized cost. Short-term, highly liquid debt instruments (including commercial paper, bankers' acceptance, and U.S. treasury and agency obligations) purchased with a remaining maturity of one year or less may also be reported at amortized cost. Investment income is accrued at the Balance Sheet date.

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

See Note 2 for the District's recurring fair value measurements as of year-end.

F. Receivables

All receivables are shown, net of any allowance for uncollectibles. No allowances for uncollectibles have been recorded. The receivables not expected to be fully collected within one year are property taxes receivable.

Amounts reported in due from other governmental units include amounts due from other Minnesota school districts of $66,455, due from the state of Minnesota $25,582,756, due from the federal government $3,456,775, and due from other governments totaling $2,237,771.

The District has entered into note receivable agreements for the expansion of two capital projects totaling $1,900,000. The note terms do not require interest and have final maturities through 2028 and 2036, respectively. During the current year, the District received principal payments of $600,000 on these agreements.

Amounts reported in accounts, notes, and interest include accounts receivable of $879,517, interest receivable of $2,478,393, and notes receivable of $1,900,000.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Inventories

Inventories are recorded using the consumption method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method. Surplus commodities are stated at standardized costs, as determined by the U.S. Department of Agriculture.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported using the consumption method and recorded as an expense or expenditure at the time of consumption.

I. Property Taxes

The majority of district revenue is determined annually by statutory funding formulas. The total revenue allowed by these formulas is allocated between property taxes and state aids by the Minnesota Legislature based on education funding priorities.

Generally, property taxes are recognized as revenue by the District in the fiscal year that begins midway through the calendar year in which the tax levy is collectible. To help balance the state budget, the Minnesota Legislature utilizes a tool referred to as the "tax shift," which periodically changes the District's recognition of property tax revenue. The tax shift advance recognizes cash collected for the subsequent year's levy as current year revenue, allowing the state to reduce the amount of aid paid to the District. Currently, the mandated tax shift recognizes $4,710,352 of the property tax levy collectible in 2026 as revenue to the District in fiscal year 2026. The remaining portion of the taxes collectible in 2026 is recorded as a deferred inflow of resources (property taxes levied for subsequent year).

Property tax levies are certified to the County Auditor in December of each year for collection from taxpayers in May and October of the following calendar year. In Minnesota, counties act as collection agents for all property taxes. The county spreads all levies over taxable property. Such taxes become a lien on property on the following January 1. The county generally remits taxes to the District at periodic intervals as they are collected.

Taxes which remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is reported as a deferred inflow of resources (unavailable revenue) in the fund financial statements because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes is considered necessary.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated acquisition value at the date of donation. Leases and technology subscription capital assets are recorded based on the measurement of payments applicable to the lease or subscription term. The District maintains a threshold level of $10,000 or more for capitalizing capital assets. Groups of similar assets acquired at or near the same time for a single objective, with individual acquisition costs below this threshold, are also capitalized if costs of the assets are considered significant in the aggregate. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 3 to 15 years for furniture and equipment. Lease assets are amortized over the term of the lease or over the useful life of the applicable asset class previously described, if future ownership is anticipated. Technology subscriptions are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying information technology (IT) assets.

Capital assets not being depreciated include land and construction in progress.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks or other land improvements are considered to be part of the cost of buildings or other improvable property.

K. Accounts and Contracts Payable

At year-end, accounts and contracts payable are $28,931,573 and $5,411,344, respectively, within the Statement of Net Position.

L. Long-Term Obligations

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Arbitrage liabilities are reported as expenditures when paid.

M. Subscription-Based Information Technology Arrangements (SBITAs)

A SBITA is a contract that conveys control of the right to use another party's IT software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction. The District has entered into certain technology subscriptions for education solutions and other purposes. Capital assets associated with SBITAs are presented separately from other capital assets in Note 3. SBITAs reported in Note 4 include the terms and related disclosures associated with any subscription liabilities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Compensated Absences

The District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, the types of leave that qualify for liability recognition for compensated absences include: *vacation, personal leave, paid time off,* and *sick leave*. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where appliable.

O. Vacation, Personal Leave, and Paid Time Off

The District's policy permits employees to accumulate earned but unused vacation, personal leave, and paid time off benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

P. Sick Leave

The District's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the District and, upon separation from service, no monetary obligations exist. However, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences. Additionally, unused sick leave enters into the calculation of post-employment severance benefits for some employees upon termination.

Q. Post-Employment Severance Benefits

The District provides post-employment severance benefits to certain eligible employees through various early retirement incentive payment plans for its employee groups. The amount of the early retirement incentive payment is calculated using balances in accrued sick leave and also based on years of service. No employee can receive a payment exceeding one year's salary. All of the post-employment benefits are based on contractual agreements with employee groups. These contractual agreements do not include any specific contribution or funding requirements.

The District has established a separate Retirement Incentive Pay Internal Service Fund to account for the post-employment severance benefits. The benefits are funded as the liability is incurred on an actuarially determined basis. In addition to the funding of accumulated benefits already earned, the District's funding policy requires an annual contribution of an amount equal to the current year service cost adjusted for any amortization. The District has approximately 37 active participants being funded by the Retirement Incentive Pay Internal Service Fund.

R. State-Wide Pension Plans

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the Teachers Retirement Association (TRA) and additions to/deductions from the PERA's and the TRA's fiduciary net positions have been determined on the same basis as they are reported by the PERA and the TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The TRA has a special funding situation created by direct aid contributions made by the state of Minnesota, City of Minneapolis, and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the state of Minnesota for the merger of the Duluth Teachers Retirement Fund Association in 2015.

S. Risk Management

General Insurance – The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and workers' compensation for which the District carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There were no significant reductions in the District's insurance coverage in the current year.

Self-Insurance – The District has established two internal service funds to account for and finance its self-insured risk of loss for respective employee dental and health insurance plans. Under these plans, the internal service funds provide coverage to participating employees and their dependents for various dental and healthcare costs as described in the plans.

The District makes premium payments to these funds on behalf of program participants based on rates determined by insurance company estimates of monthly claims paid for each coverage class, plus the stop-loss insurance premium costs and administrative service charges.

District claim liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred, but not reported. Because actual claim liabilities depend on complex factors, such as inflation, changes in legal doctrines, and damage awards, the process used in computing a claim liability does not necessarily result in an exact amount. Claim liabilities are evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

Changes in the balance of dental claim liabilities for the last two years were:

Year Ended June 30,	Claim Liability Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Claim Liability End of Year
2025	$ 175,031	$ 2,298,145	$ 2,299,272	$ 173,904
2026	$ 173,904	$ 2,418,180	$ 2,428,545	$ 163,539

Changes in the balance of health insurance claim liabilities for the last two years were:

Year Ended June 30,	Claim Liability Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Claim Liability End of Year
2025	$ 514,040	$ 6,566,866	$ 6,424,420	$ 656,486
2026	$ 656,486	$ 6,373,529	$ 6,340,376	$ 689,639

T. Deferred Outflows/Inflows of Resources

In addition to assets and liabilities, statements of financial position or balance sheets will sometimes report a separate section for deferred outflows or inflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) or inflow of financial resource (revenue) until then.

The District reports deferred outflows and inflows of resources related to pensions and OPEB in the government-wide and Proprietary Fund Statement of Net Position. These deferred outflows and inflows result from differences between expected and actual experience, changes of assumptions, changes in proportion, differences between projected and actual earnings on pension and OPEB plan investments, and contributions to the plan subsequent to the measurement date and before the end of the reporting period. These amounts are deferred and amortized as required under pension and OPEB standards.

Property taxes levied for subsequent years, which represent property taxes received or reported as a receivable before the period for which the taxes are levied, and is reported as a deferred inflow of resources in both the government-wide Statement of Net Position and the governmental funds Balance Sheet. Property taxes levied for subsequent years are deferred and recognized as an inflow of resources in the government-wide financial statements in the year for which they are levied and in the governmental fund financial statements during the year for which they are levied, if available.

Unavailable revenue from property taxes arises under a modified accrual basis of accounting and is reported only in the governmental funds Balance Sheet. Delinquent property taxes not collected within 60 days of year-end are deferred and recognized as an inflow of resources in the governmental funds in the period the amounts become available.

U. Statement of Cash Flows

For purposes of the Statement of Cash Flows, the District considers all highly liquid debt instruments with an original maturity from the time of purchase by the District of three months or less to be cash equivalents. The proprietary fund's equity in the government-wide cash and investment management pool is considered to be cash equivalent. The cash and investments held by trustee in the Post-Employment Benefits Revocable Trust Internal Service Fund are also considered a cash equivalent.

V. Restricted Assets

Restricted assets are cash and cash equivalents and the related interest receivable whose use is limited by legal requirements, such as a bond indenture. Restricted assets are reported in the government-wide and proprietary fund financial statements. In the fund financial statements these assets have been reported as "cash and investments held by trustee" and the interest receivable is included within "accounts and interest receivable."

W. Net Position

In the government-wide, internal service fund, and fiduciary fund financial statements, net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflow of resources. Net position is displayed in three components:

- **Net Investment in Capital Assets** – Consists of capital assets, net of accumulated depreciation and amortization, reduced by any outstanding debt attributable to acquire capital assets.

- **Restricted Net Position** – Consists of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

- **Unrestricted Net Position** – All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

X. Fund Balance Classifications

In the fund financial statements, governmental funds report fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

- **Nonspendable** – Consists of amounts that are not in spendable form, such as prepaid items, inventory, and other long-term assets.

- **Restricted** – Consists of amounts related to externally imposed constraints established by creditors, grantors, or contributors; or constraints imposed by state statutory provisions.

- **Committed** – Consists of internally imposed constraints that are established by resolution of the School Board. Those committed amounts cannot be used for any other purpose unless the School Board removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

- **Assigned** – Consists of internally imposed constraints. These constraints consist of amounts intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, assigned amounts represent intended uses established by the governing body itself.

- **Unassigned** – The residual classification for the General Fund, which also reflects negative residual amounts in other funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to first use restricted resources, then use unrestricted resources as they are needed.

When nonspendable, restricted, assigned, or unassigned resources are available for use, it is the District's policy to use resources in the following order: 1) nonspendable, 2) restricted, 3) assigned, and 4) unassigned.

Y. Minimum Fund Balance Policy

The School Board has formally adopted a fund balance policy regarding maintaining a minimum fund balance for the General Fund. The policy states that the District will endeavor to maintain an unassigned fund balance that will not fall below 5.0 percent of the District's General Fund operating expenditure budget, excluding capital programs. At June 30, 2026, the unassigned fund balance (excluding restricted account deficits) of the General Fund – Operating Account was 24.2 percent of the fiscal 2026 General Fund – Operating Account expenditures.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Z. Prior Period Comparative Financial Information/Reclassification

The basic financial statements include certain prior year partial comparative information in total, but not at the level of detail required for a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2025, from which the summarized information was derived. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

AA. Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the financial statements and during the reporting period. Actual results could differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS

A. Components of Cash and Investments

Cash and investments at year-end consist of the following:

Deposits	$	79,905,190
Investments		260,625,025
Cash on hand		2,225
Total	$	340,532,440

Cash and investments are presented in the financial statements as follows:

Statement of Net Position		
Cash and temporary investments	$	310,672,187
Statement of Net Position – restricted assets – temporarily restricted		
Cash and investments for OPEB		27,638,812
Statement of Fiduciary Net Position – Custodial Funds		
Cash and temporary investments		2,221,441
Total	$	340,532,440

B. Deposits

In accordance with applicable Minnesota Statutes, the District maintains deposits at depository banks authorized by the School Board, including checking accounts, savings accounts, and nonnegotiable certificates of deposit.

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The following is considered the most significant risk associated with deposits:

Custodial Credit Risk – In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may be lost.

Minnesota Statutes require that all deposits be protected by federal deposit insurance, corporate surety bond, or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by federal deposit insurance or corporate surety bonds. Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota Statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.

The District's deposit policies do not further limit depository choices.

At year-end, the carrying amount and the bank balance of the District's deposits was $79,905,190 and $80,837,553, respectively. At June 30, 2026, all deposits were fully covered by federal deposit insurance, surety bonds, or by collateral held by the District's agent in the District's name.

C. Investments

The District has the following investments at year-end:

Investment Type	Credit Risk Rating	Credit Risk Agency	Fair Value Measurements Using	Interest Risk – Maturity Duration in Years: Less Than 1	1 to 5	5 to 10	More Than 10	Total
U.S. treasury securities	AA	S&P	Level 1	$ 13,109,115	$ 516,634	$ 751,664	$ 2,864,916	$ 17,242,329
U.S. government agencies	AA	S&P	Level 2	$ –	$ 123,854	$ 142,607	$ 311,769	578,230
Municipal bonds	AAA	S&P	Level 2	$ 2,153,603	$ 144,008	$ 600,110	$ 286,584	3,184,305
Municipal bonds	AA	S&P	Level 2	$ –	$ 418,424	$ 502,709	$ 610,298	1,531,431

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The amount in investment pools/mutual funds includes amounts invested in the MNTrust Investment Shares Portfolio, Minnesota School District Liquid Asset Fund (MSDLAF), MNTrust Limited Term Duration, and MNTrust Term Series, which are external investment pools regulated by Minnesota Statutes not registered with the Securities and Exchange Commission. The District's investment in these funds is measured at the net asset value per share provided by the pool, which is based on an amortized cost method that approximates fair value.

For MNTrust accounts and MSDLAF investments, there are no unfunded commitments, redemption frequency is daily, and there is no redemption notice for the MSDLAF Liquid Class. Within MSDLAF, the redemption notice period is 14 days for the MAX Class and early redemption will likely cause a penalty. MNTrust Term Series Portfolios are intended to be held until maturity; a participant's withdrawal prior to maturity will require seven-days' notice of redemption and will likely carry a penalty, which could be substantial in that it would be intended to allow the Term Series Portfolio to recoup any associated penalties, charges, losses or other costs associated with the early redemption of the investments therein. Investments in the MNTrust Limited Term Duration must be deposited for a minimum of 30 calendar days.

Investments are subject to various risks, the following of which are considered the most significant:

Custodial Credit Risk – For investments, this is the risk that in the event of a failure of the counterparty to an investment transaction (typically a broker-dealer) the District would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Although the District's investment policies do not directly address custodial credit risk, it typically limits its exposure by purchasing insured or registered investments, or by the control of who holds the securities.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Minnesota Statutes limit the District's investments to direct obligations or obligations guaranteed by the United States or its agencies; shares of investment companies registered under the Federal Investment Company Act of 1940 that receive the highest credit rating, are rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of 13 months or less; general obligations rated "A" or better; revenue obligations rated "AA" or better; general obligations of the Minnesota Housing Finance Agency rated "A" or better; bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System; commercial paper issued by United States corporations or their Canadian subsidiaries, rated of the highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less; Guaranteed Investment Contracts guaranteed by a United States commercial bank, domestic branch of a foreign bank, or a United States insurance company, and with a credit quality in one of the top two highest categories; repurchase or reverse purchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding $10,000,000; that are a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York; or certain Minnesota securities broker-dealers.

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

The District has an internal investment policy that limits investment choices and addresses these potential risks beyond the statutory limitations described above. The District's policy requires that investments be diversified to avoid unreasonable risks inherent in over investing in specific instruments, individual financial institutions, or maturities. No more than 66 percent of the total portfolio can be placed with any one depository. The maximum percentage in which the portfolio can be invested in specific instruments is as follows:

U.S. treasury obligations	100%
U.S. government agency securities and instrumentalities of government sponsored corporations	75%
Repurchase agreements	25%
Certificates of deposit – federal deposit insurance covered	100%
Certificates of deposit – savings and loans	75%
Local government investment pool	75%
Money market funds	75%

For assets held in the Post-Employment Benefits Revocable Trust Internal Service Fund, the investment options available to the District are expanded to include the investment types specified in Minnesota Statutes § 356A.06, Subd. 7. Minnesota Statutes authorize the Trust Fund to invest in obligations of the U.S. treasury, agencies and instrumentalities, shares of investment companies whose only investments are in the aforementioned securities, obligations of the state of Minnesota or its municipalities, bankers' acceptances, future contracts, corporate bonds, common stock and foreign stock of the highest quality, mutual funds, repurchase and reverse agreements, and commercial paper of the highest quality with a maturity no longer than 270 days and in the Minnesota State Board of Investment.

Concentration Risk – This is the risk associated with investing a significant portion of the District's investments (considered 5.0 percent or more) in the securities of a single issuer, excluding U.S. guaranteed investments (such as treasuries), investment pools, and mutual funds. The District's investment policy addresses concentration risk as discussed in the credit risk paragraph on the previous page.

Interest Rate Risk – This is the risk of potential variability in the fair value of fixed rate investments resulting from changes in interest rates (the longer the period for which an interest rate is fixed, the greater the risk). The District's investment policies do not limit the maturities of investments; however, the District considers such things as interest rates and cash flow needs when purchasing investments.

E. Description of Long-Term Liabilities

General Obligation Bonds – These obligations were issued to finance acquisition and/or construction of capital facilities, or to refinance (refund) previous bond issues. Assets of the debt service funds, together with scheduled deferred ad valorem tax revenue, are dedicated for the retirement of these obligations. The annual future debt service levies authorized are equal to 105 percent of the principal and interest due each year. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

In March 2026, the District issued $99,145,000 of General Obligation School Building and Refunding Bonds, Series 2026A. A portion of the proceeds of this issue and a portion of the interest earned thereon were used to refund, in advance of their stated maturities, the 2027 through 2032 maturities of the District's 2016A Bonds totaling $42,770,919 (including $42,485,000 of principal and $285,919 of interest) on April 23, 2026. This current refunding will reduce the District's total future debt service payments by approximately $1,072,079 and will result in present value savings of approximately $921,769.

Certificates of Participation – In November 2014 and February 2021, the District sold $14,085,000 and $8,715,000, respectively, of certificates of participation to finance construction at various district sites. Scheduled future ad valorem lease obligation tax levies will be made to finance the retirement of principal and interest payments on the certificates. These certificates of participation are being paid by the General Fund.

Financed Purchases Payable – The District entered into financed purchase agreements to finance equipment purchases, which call for monthly principal and interest payments. These debt agreements are paid by the General Fund. Amortization of the equipment required to be capitalized is included in depreciation and amortization expense.

Failure by the District to pay any payments under these agreements, or upon the occurrence of an continuation of an event of default, the lender, without any further demand or notice, may take one or any combination of the following steps: 1) with or without terminating the agreement, may declare all payments due, or become due, during the fiscal year in effect when the default occurs; 2) may repossess the assets by giving the District written notice to surrender the assets and; 3) will thereafter use its best efforts to sell or lease its interest in the assets, or any portion thereof, in a commercially reasonable manner, in accordance with applicable state laws. The lender may also pursue any other remedy available to require the District to perform any of its obligations in these agreements.

NOTE 4 – LONG-TERM LIABILITIES (CONTINUED)

Subscription Liabilities – The District entered into agreements to finance the use of software, which calls for monthly principal and interest payments through June 2030. The subscription liabilities are paid by the General Fund. The total amount of the underlying technology subscriptions capital assets and the related accumulated amortization is presented in Note 3 of the notes to basic financial statements.

Arbitrage Liabilities – The District must remit to the Internal Revenue Service any bond proceeds issued at one rate but reinvested at higher rates as arbitrage rebates. These rebates are calculated and remitted every five years and upon maturity of related debt. These rebates will be paid by the Capital Projects – Building Construction Fund. Arbitrage liabilities relate to the 2024A and 2026A bonds.

Post-Employment Severance Benefits Payable – Post-employment severance benefits payable consist of early retirement incentive pay (based on convertible sick leave) payable to employees upon retirement. Post-employment severance benefits are paid by the Retirement Incentive Pay Internal Service Fund.

Compensated Absences – Based on criteria listed in Note 1 of the notes to basic financial statements, two types of leave qualify for liability recognition for compensated absences—vacation and sick leave.

Net Pension Liability and Total OPEB Obligation – The details of these liabilities are discussed elsewhere in these notes. Such benefits are financed by the governmental funds and the Post-Employment Benefits Revocable Trust Internal Service Fund, respectively.

District employees participate in two defined benefit pension plans, including two state-wide, cost-sharing, multiple-employer plans administered by the PERA and the TRA. The following is a summary of the net pension liabilities, deferred outflows and inflows of resources, and pension expense reported for these plans as of and for the year ended June 30, 2026:

Pension Plans	Net Pension Liabilities	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense

NOTE 5 – FUND BALANCES

The following is a breakdown of equity components of governmental funds, which are defined earlier in the report. Any such restrictions, which have an accumulated deficit rather than positive balance at June 30, are included in unassigned fund balance in the District's financial statements in accordance with accounting principles generally accepted in the United States of America. However, a description of these deficit balance restrictions is included herein since the District has specific authority to future resources for such deficits.

NOTE 6 – POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN

A. Plan Description

The District provides post-employment healthcare benefits to certain eligible employees. The District provides these benefits in a single-employer defined benefit healthcare plan administered by the District. The plan does not issue a publicly available financial report. All of the post-employment benefits are based on contractual agreements with employee groups. These contractual agreements do not include any specific contribution or funding requirements. These benefits are summarized as follows:

Others' Post-Employment Medical Plan – All retirees of the District have the option to continue their medical coverage into retirement. Retirees must pay the full district premium rate for their coverage and dependent coverage. Coverage in the District's plan ends at age 65.

Teachers' Post-Employment Medical Plan – Teachers with 15 continuous years of service are eligible to receive a contribution towards the teacher's health insurance after retirement from age 55 to 65. The amount will be determined by multiplying the teacher's daily rate of pay at the time of retirement times the number of the teacher's accumulated sick leave days in excess of 123 days as of the date of retirement. However, the total amount will not exceed $37,800. The monthly district contribution toward the premium will be determined using the cumulative total amount earned divided by the number of months until the teacher qualifies for Medicare. The benefit amount will not exceed 100 percent of the premium of the insurance plan selected by the teacher. If the teacher's full-time equivalent (FTE) status is not full-time at the time of retirement, the benefit will be prorated according to the teacher's current FTE.

Administrators' Post-Employment Medical Plan – The District pays for full medical plan coverage after retirement for certain administrators and their spouses and dependents up to age 65.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

B. Contributions

The required contribution is based on projected pay-as-you-go financing requirements, with additional amounts to prefund benefits as determined annually by the District. The District's contributions in the current year totaled $1,780,224 as required on a pay-as-you-go basis to finance the current year benefits as described in the previous section.

C. Membership

Membership in the plan consisted of the following as of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	167
Active plan members	2,826
Total members	2,993

NOTE 6 – POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN (CONTINUED)

D. Total OPEB Liability of the District

The District's total OPEB liability of $18,586,850 at year-end was measured as of June 30, 2025, and was determined by an actuarial valuation date of June 30, 2024. Update procedures were used to roll forward the total OPEB liability to the measurement date since the actuarial valuation date is not the same as the measurement date.

E. Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount rate	5.20%
20-year municipal bond yield	5.20%
Inflation rate	2.50%
Healthcare cost trend rate	8.60% grading to 3.90% over 51 years

Since the plan is not funded by an irrevocable trust, the discount rate is equal to the 20-year municipal bond yield.

Economic assumptions are based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information, as well as for consistency with the other economic assumptions.

F. Changes in the Total OPEB Liability

	Total OPEB Liability
Beginning balance	$ 20,068,833
Changes for the year	
Service cost	1,028,623
Interest	792,456
Differences between expected and actual experience	131,257
Changes in assumptions	(1,161,642)
Benefit payments	(2,272,677)
Total net changes	(1,481,983)
Ending balance	$ 18,586,850

Assumption changes since the prior measurement date include the following:

- The discount rate was changed from 3.97 percent to 5.20 percent based on updated 20-year municipal bond rates.

NOTE 6 – POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN (CONTINUED)

G. Total OPEB Liability Sensitivity to Discount and Healthcare Cost Trend Rate Changes

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
OPEB discount rate	4.20%	5.20%	6.20%
Total OPEB liability	$ 19,528,451	$ 18,586,850	$ 17,676,085

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend Rate	Healthcare Cost Trend Rate	1% Increase in Healthcare Cost Trend Rate
OPEB healthcare cost trend rate	7.60% decreasing to 2.90% over 51 years	8.60% decreasing to 3.90% over 51 years	9.60% decreasing to 4.90% over 51 years
Total OPEB liability	$ 17,190,246	$ 18,586,850	$ 20,170,721

H. OPEB Expense and Related Deferred Outflows of Resources and Deferred Inflows of Resources

For the current year ended, the District recognized OPEB expense of $1,136,371. As of year-end, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual liability	$ 3,669,646	$ 44,085
Change of assumptions	1,446,114	1,887,104
District's contributions to the OPEB subsequent to the measurement date	1,780,224	–
Total	$ 6,895,984	$ 1,931,189

A total of $1,780,224 reported as deferred outflows of resources related to district contributions for OPEB subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2027.

NOTE 6 – POST-EMPLOYMENT HEALTHCARE BENEFIT PLAN (CONTINUED)

Remaining amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30,	OPEB Expense Amount
2027	$ 1,040,189
2028	893,722
2029	399,901
2030	356,034
2031	298,228
Thereafter	196,497
	$ 3,184,571

NOTE 7 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE

A. Plan Descriptions

The District participates in the following cost-sharing, multiple-employer defined benefit pension plans administered by the PERA and the TRA. The PERA's and the TRA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes. The PERA's and the TRA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Fund (GERF)

The PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. Minnesota Statutes, Chapter 356 defines each plan's financial reporting requirements.

Certain full-time and part-time employees of the District other than teachers are covered by the GERF. Membership in the General Plan includes employees of counties, cities, townships, schools in non-certified positions, and other governmental entities whose revenues are derived from taxation, fees, or assessments. Plan membership is required for any employee who is expected to earn more than $425 in a month, unless the employee meets exclusion criteria.

2. Teachers Retirement Association (TRA)

The TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. The TRA is a separate statutory entity, administered by a Board of Trustees. The Board of Trustees consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul Public Schools or Minnesota State Colleges and Universities [Minnesota State]). Educators first hired by Minnesota State may elect either TRA coverage within one year of eligible employment or elect coverage through the Defined Contribution Retirement (DCR) Plan administered by Minnesota State. A teacher employed by Minnesota State and electing the DCR Plan is not a member of the TRA except for purposes of Social Security coverage.

NOTE 7 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

B. Benefits Provided

1. GERF Benefits

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statutes and can only be modified by the State Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service. When a member is "vested," they have earned enough service credit to receive a lifetime monthly benefit after leaving public service and reaching an eligible retirement age. Members who retire at or over their Social Security full retirement age with at least one year of service qualify for a retirement benefit.

The General Employees Plan requires three years of service to vest. Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for General Plan members. Members hired prior to July 1, 1989, receive the higher of the Step or Level formulas. Only the Level formula is used for members hired after June 30, 1989. Under the Step formula, General Plan members receive 1.20 percent of the highest average salary for each of the first 10 years of service and 1.70 percent for each additional year. Under the Level formula, General Plan members receive 1.70 percent of the highest average salary for all years of service. For members hired prior to July 1, 1989, a full retirement benefit is available when age plus years of service equal 90 and normal retirement age is 65. Members can receive a reduced requirement benefit as early as age 55 if they have three or more years of service. Early retirement benefits are reduced by 0.25 percent for each month under age 65. Members with 30 or more years of service can retire at any age with a reduction of 0.25 percent for each month the member is younger than age 62. The Level formula allows General Plan members to receive a full retirement benefit at age 65 if they were first hired before July 1, 1989 or at age 66 if they were hired on or after July 1, 1989. Early retirement begins at age 55 with an actuarial reduction applied to the benefit.

Benefit increases are provided to benefit recipients each January. The post-retirement increase is equal to 50.00 percent of the cost of living adjustment announced by the Social Security Administration, with a minimum increase of at least 1.00 percent and a maximum of 1.50 percent. The 2025 annual increase was 1.25 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase, will receive the full increase. For recipients receiving the annuity or benefit for at least one month, but less than a full year as of the June 30 before the effective date of the increase, will receive a prorated increase.

2. TRA Benefits

The TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statutes and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of formula service, age, and a formula multiplier based on years of credit at termination of service. TRA members belong to either the Basic or Coordinated Plan.

Two methods are used to compute benefits for the TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

Tier I Benefits

Step-Rate Formula	Percentage per Year
Basic Plan	
First 10 years of service	2.2 %
All years after	2.7 %
Coordinated Plan	
First 10 years if service years are up to July 1, 2006	1.2 %
First 10 years if service years are July 1, 2006 or after	1.4 %
All other years of service if service years are up to July 1, 2006	1.7 %
All other years of service if service years are July 1, 2006 or after	1.9 %

With these provisions:

(a) Normal retirement age is 65 with less than 30 years of allowable service and age 60 with 30 or more years of allowable service.

(b) Three percent per year early retirement reduction factor for all years under normal retirement age.

(c) Unreduced benefits for early retirement under a Rule of 90 (age plus allowable service equals 90 or more).

Or

For years of service prior to July 1, 2006, a Level formula of 1.70 percent per year for Coordinated members and 2.70 percent per year for Basic members is applied. For years of service July 1, 2006 and after, a Level formula of 1.90 percent per year for Coordinated members and 2.70 percent per year for Basic members applies. An early retirement reduction is applied to members retiring prior to age 65. Beginning June 30, 2025, new reduction factors will apply, including special factors for members retiring at age 60 or later with at least 30 years of service.

Tier II Benefits

Members first employed after June 30, 1989, receive only the Tier II benefit calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed 65 effective July 1, 2024. An early retirement reduction is applied to members retiring before age–65. Beginning June 30, 2025, new reduction factors will apply, including special factors for members retiring at age 60 or later with at least 30 years of service.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree—no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits, but not yet receiving them, are bound by the plan provisions in effect at the time they last terminated their public service.

C. Contributions

Minnesota Statutes set the rates for employer and employee contributions. Contribution rates can only be modified by the State Legislature.

1. GERF Contributions

Minnesota Statutes, Chapter 353 sets the rates for employee and employer contributions. Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2026 and the District was required to contribute 7.50 percent for General Plan members. The District's contributions to the GERF for the year ended June 30, 2026, were $5,256,763. The District's contributions were equal to the required contributions as set by state statutes.

2. TRA Contributions

Per Minnesota Statutes, Chapter 354 sets the rates for employee and employer contributions. Rates for each fiscal year 2026 Coordinated Plan were 8.00 percent for the employee and 9.81 percent for the employer. Basic Plan rates were 11.50 percent for the employee and 13.00 percent for the employer. The District's contributions to the TRA for the plan's fiscal year ended June 30, 2026, were $17,812,702. The District's contributions were equal to the required contributions for each year as set by state statutes.

D. Pension Costs

1. GERF Pension Costs

At June 30, 2026, the District reported a liability of $23,920,582 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the state of Minnesota's contribution of $16.0 million. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the District totaled $577,039.

District's proportionate share of the net pension liability	$	23,920,582
State's proportionate share of the net pension liability associated with the District		577,039
Total	$	24,497,621

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by the PERA during the measurement period for employer payroll paid dates from July 1, 2024 through June 30, 2025, relative to the total employer contributions received from all of the PERA's participating employers. The District's proportionate share was 0.7218 percent at the end of the measurement period and 0.7109 percent for the beginning of the period.

For the year ended June 30, 2026, the District recognized negative pension expense of $306,766 for its proportionate share of the GERF's pension expense. The District also recognized an additional $88,510 as negative pension expense and grant revenue for its proportionate share of the state of Minnesota's pension expense for the annual $16.0 million contribution.

At June 30, 2026, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ 2,279,108	$ –
Changes in actuarial assumptions	576,347	5,504,043
Net difference between projected and actual earnings on pension plan investments	–	9,518,228
Changes in proportion	1,521,839	549,453
District's contributions to the GERF subsequent to the measurement date	5,256,763	–
Total	$ 9,634,057	$ 15,571,724

The $5,256,763 reported as deferred outflows of resources related to pensions resulting from district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2027. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Pension Expense Amount
2027	$ (2,552,160)
2028	$ (3,820,734)
2029	$ (3,121,232)
2030	$ (1,700,304)

2. TRA Pension Costs

At June 30, 2026, the District reported a liability of $145,017,738 for its proportionate share of the TRA's net pension liability. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2025. The District's proportion of the net pension liability was based on the District's contributions to the TRA in relation to total system contributions, including direct aid from the state of Minnesota, City of Minneapolis, and Minneapolis School District. The District's proportionate share was 2.5305 percent at the end of the measurement period and 2.5150 percent for the beginning of the period.

The pension liability amount reflected a reduction due to direct aid provided to the TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	$ 145,017,738
State's proportionate share of the net pension liability associated with the District	9,006,631
Total	$ 154,024,369

For the year ended June 30, 2026, the District recognized pension expense of $11,924,266. It also recognized $225,552 of negative pension expense for the support provided by direct aid.

During the plan year ended June 30, 2025, the state of Minnesota contributed $28.5 million to the Fund. The state of Minnesota is not included as a nonemployer contributing entity in the plan pension allocation schedules for the $28.5 million in direct state aid because this contribution was not considered to meet the definition of a special funding situation. The District recognized $720,223 for the year ended June 30, 2026 as revenue and an offsetting reduction of net pension liability for its proportionate share of the state of Minnesota's on-behalf contributions to the Fund.

At June 30, 2026, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ 6,687,281	$ 1,424,226
Changes in actuarial assumptions	8,191,571	15,340,132
Net difference between projected and actual investment earnings on pension plan investments	–	29,118,735
Changes in proportion	10,660,588	2,296,823
District's contributions to the TRA subsequent to the measurement date	17,812,702	–
Total	$ 43,352,142	$ 48,179,916

The $17,812,702 reported as deferred outflows of resources related to pensions resulting from district contributions to the TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2027. Other deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year Ending June 30,	Pension Expense Amount
2027	$ 11,202,907
2028	$ (14,739,130)
2029	$ (11,773,648)
2030	$ (7,775,513)
2031	$ 444,908

E. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of the PERA and the TRA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future real rates of return by the target asset allocation percentages and by adding expected inflation.

The target allocation and best-estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	33.50 %	5.10 %
International equity	16.50	5.30 %
Private markets	25.00	5.90 %
Fixed income	25.00	0.75 %
Total	100.00 %	

F. Actuarial Methods and Assumptions

1. GERF

The total pension liability was determined by an actuarial valuation as of June 30, 2025, using the entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used to determine the total liability is 7.00 percent. The 7.00 percent assumption is based on a review of inflation and investment return assumptions from a number of national investment consulting firms. The review provided a range of investment return rates considered reasonable by the actuary. An investment return of 7.00 percent is within that range.

Inflation is assumed to be 2.25 percent for the GERF Plan. Benefit increases after retirement are assumed to be 1.50 percent for the GERF Plan.

Salary growth assumptions in the GERF Plan range in annual increments from 11.50 percent after one year of service to 3.00 percent after 27 years of service.

Mortality rates for the GERF Plan are based on the Pub-2010 General Employee Mortality Table. The table is adjusted slightly to fit the PERA's experience.

Actuarial assumptions for the GERF Plan are reviewed every four years. The most recent four-year experience study for the GERF Plan was completed in 2022. The assumption changes were adopted by the Board and became effective with the July 1, 2023 actuarial valuation.

NOTE 7 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

2. TRA

The total pension liability in the July 1, 2025 actuarial valuation was determined using the entry-age normal method and actuarial assumptions, applied to all periods included in the measurement. Key assumptions used in the valuation of the total pension liability are as follows:

Actuarial Assumptions Used in Valuation of Total Pension Liability

Investment rate of return	7.00%
Price inflation	2.50%
Wage growth rate	2.85% before July 1, 2028, and 3.25% after June 30, 2028
Projected salary increase	2.85% to 8.85% before July 1, 2028, and 3.25% to 9.25% thereafter
Cost of living adjustment	1.00% for January 2019 through January 2023, then increasing by 0.10% each year up to 1.50% annually

Mortality Assumptions Used in Valuation of Total Pension Liability

Pre-Retirement	PubT-2010(A) Employee Mortality Table, male rates set forward one year and female rates unadjusted. Generational projection uses the MP-2021 Scale.
Healthy Retirees	PubT-2010(A) Retiree Mortality Table, male rates set forward one year and female rates unadjusted. Generational projection uses the MP-2021 Scale.
Beneficiaries	Pub-2010(A) Contingent Survivor Mortality Table, male rates set forward one year and female rates unadjusted. Generational projection uses the MP-2021 Scale.

The following changes in plan provisions and actuarial assumptions occurred in 2025:

1. GERF

CHANGES IN PLAN PROVISIONS

- The post-retirement benefit increase formula changed to 100.00 percent of the Social Security annual increase, between 1.00 percent and 1.75 percent, beginning January 1, 2026. If the funded ratio (on a market value of assets basis) is less than 85.00 percent for the last two consecutive annual valuations or is less than 80.00 percent in the most recent actuarial valuation, the maximum is reduced to 1.50 percent. Previously, the benefit increase was 50.00 percent of the Social Security annual increase, between 1.00 percent and 1.50 percent.
- The 1.00 percent additional employer contribution is eliminated when the plan reaches 98.00 percent funded status (on an actuarial value of assets basis); this contribution was previously scheduled to stop when the plan reached 100.00 percent funded status.

CHANGES IN ACTUARIAL ASSUMPTIONS

- The Combined Service Annuity (CSA) loading factors increased from 15.00 percent to 19.00 percent for vested terminated members and from 3.00 percent to 44.00 percent for nonvested, terminated members.
- The assumed post-retirement benefit increase changed from 1.25 percent to 1.50 percent.

2. TRA

CHANGES IN ACTUARIAL ASSUMPTIONS

- Liability load for inactive nonvested members changed from 9.00 percent to 13.00 percent to and the liability load for inactive vested members changed from 7.00 percent to 6.00 percent.

G. Discount Rate

1. GERF

The discount rate used to measure the total pension liability in 2025 was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the GERF was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

2. TRA

The discount rate used to measure the total pension liability was 7.00 percent. There was no change in the discount rate since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2025 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Pension Liability Sensitivity

The following table presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rates disclosed in the preceding paragraphs, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
GERF discount rate	6.00%	7.00%	8.00%
District's proportionate share of the GERF net pension liability (asset)	$ 58,099,341	$ 23,920,582	$ (3,806,083)
TRA discount rate	6.00%	7.00%	8.00%
District's proportionate share of the TRA net pension liability	$ 273,543,802	$ 145,017,738	$ 39,241,614

NOTE 7 – DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

I. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the internet at www.mnpera.org.

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at https://minnesotatra.org, by writing to the TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling 651-296-2409 or 800-657-3669.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

A. Federal and State Revenue

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

B. Contingencies

The District is a defendant in various lawsuits. Although the outcomes of these lawsuits are not presently determinable, the District believes that the resolution of these matters will not have a material adverse effect on its financial position.

C. Construction Contracts

At June 30, 2026, the District had commitments totaling $105,331,703 under various construction contracts for which the work was not yet completed.

D. Guaranteed Energy Savings Commitment

The District has entered into guaranteed energy savings agreements under Minnesota Statutes, Section 471.345, Subd. 13. These agreements are for the purpose of utility cost-saving measures to improve energy efficiency of district facilities. As of June 30, 2026, the District has recorded $8,693,700 of capital assets related to these energy savings contracts. The District is also required to purchase energy generated by the solar panels that are installed on various buildings of the District.

NOTE 9 – SUBSEQUENT EVENT

In October 2026, the District awarded the sale of $77,310,000 of General Obligation School Building and Tax Abatement Bonds, Series 2026B. The bonds bear interest at varying rates ranging from 4.875 percent to 5.500 percent and mature in 2047.

NOTE 10 – NET POSITION

The District's net investments in capital assets in the government-wide Statement of Net Position at June 30, 2026, are calculated as follows:

Capital assets, net of accumulated depreciation/amortization	$ 674,227,293
General obligation bonds and notes	(396,880,000)
Certificates of participation	(10,685,000)
Financed purchases	(3,091,607)
Subscription liabilities	(767,930)
Arbitrage liabilities	(7,456,066)
Unamortized premiums (discounts) on debt issued	(29,737,416)
Unused bond proceeds	94,341,188
Total net investment in capital assets	$ 319,950,462

NOTE 11 – INTERFUND TRANSFERS

During the year ended June 30, 2026, the District transferred $202,905 from the Capital Projects – Building Construction Fund to the General Fund – Capital Expenditure Account to finance debt service paid by the General Fund, and $7,315 from the General Fund to the Community Service Fund to cover the unreimbursed cost for preschool screenings. Transfers reported in the fund financial statements are eliminated in the government-wide financial statements.

NOTE 12 – BUDGETARY COMPLIANCE

Actual expenditures for the current year exceeded budgeted amounts in the General Fund – Capital Expenditure Account by $2,155,153 and the Debt Service Fund by $300,160.

BUDGETARY COMPARISON SCHEDULE

BUDGETARY PROCESS AND LEGAL COMPLIANCE

The School Board adopts an annual budget for all of the District's governmental funds (including separate budgets for the General Fund Operating and Capital Expenditures Accounts), which are prepared on the same modified accrual basis of accounting as the fund financial statements in conformity with accounting principles generally accepted in the United States of America, as applied to governmental units. Budgeted expenditure appropriations lapse at year-end. An annual budget is not adopted for the Capital Projects – Building Construction Fund because project-length financial plans are adopted in accordance with bond issue authorization.

- The budget is adopted by June 30th of each year and amended as needed during the fiscal year of its implementation.

- Legal budgetary control is at the fund level. Expenditures may only exceed appropriations at the fund level if approved by the School Board by resolution or through the disbursement approval process.

- Actual expenditures for the current year exceeded budgeted amounts in the General Fund – Capital Expenditure Account by $2,155,153 and the Debt Service Fund by $300,160.

SIGNIFICANT VARIANCES IN BUDGETARY COMPARISON SCHEDULE

1. Significant variances between the General Fund original budget and final budget include:

a. Overall, the revision reflects updated assumptions and estimates, employment contract settlements, staffing adjustments, and prior year audit results.
b. Revenue adjustments were due to updated information on assumptions and prior year results updated to current year's estimates.
c. Revenues and expenditures changes are incorporated as federal, state, and local grant awards are finalized.
d. Expenditure adjustments reflect finalized contract settlements, staffing changes, and current spending trends.
e. Expenditure adjustments for benefit costs were reallocated from fiscal and other fixed-cost programs to the appropriate programs.

BUDGETARY COMPARISON SCHEDULE (CONTINUED)

SIGNIFICANT VARIANCES IN BUDGETARY COMPARISON SCHEDULE (CONTINUED)

2. Significant variances between the General Fund final budget and actual amounts include:

a. Revenues from other local sources reported actual results more than budget. This is due to the District's practice of taking a conservative budgeting approach for actual amounts to be reported for these sources.

b. Elementary and secondary regular instruction spending was under budget due to open positions and unused budget capacity for salaries and related benefits and carryover of grant funds.

c. Instructional support services actual results were less than budget due to unspent curriculum materials budget capacity.

d. Special education instruction spending exceeded budget due to an increased federal tuition allocation.

e. Pupil support services actual results were less than projected for transportation contracted services and snow removal. Transportation contracted services costs were lower due to service optimization, contract management, and ongoing expenditure controls.

f. Sites and buildings spending was over budget due to the timing of long-term facilities maintenance costs as they occurred earlier than planned.

g. Other financing sources were over budget related to debt issuance not anticipated in the budget.

2025 CHANGES IN PLAN PROVISIONS

- The post-retirement benefit increase formula changed to 100.00 percent of the Social Security annual increase, between 1.00 percent and 1.75 percent, beginning January 1, 2026. If the funded ratio (on a market value of assets basis) is less than 85.00 percent for the last two consecutive annual valuations or is less than 80.00 percent in the most recent actuarial valuation, the maximum is reduced to 1.50 percent. Previously, the benefit increase was 50.00 percent of the Social Security annual increase, between 1.00 percent and 1.50 percent.
- The 1.00 percent additional employer contribution is eliminated when the plan reaches 98.00 percent funded status (on an actuarial value of assets basis); this contribution was previously scheduled to stop when the plan reached 100.00 percent funded status.

2025 CHANGES IN ACTUARIAL ASSUMPTIONS

- The Combined Service Annuity (CSA) loading factors increased from 15.00 percent to 19.00 percent for vested terminated members and from 3.00 percent to 44.00 percent for nonvested, terminated members.
- The assumed post-retirement benefit increase changed from 1.25 percent to 1.50 percent.

2024 CHANGES IN PLAN PROVISIONS

- The workers' compensation offset for disability benefits was eliminated. The actuarial equivalent factors updated to reflect the changes in assumptions.

2024 CHANGES IN ACTUARIAL ASSUMPTIONS

- Rates of merit and seniority were adjusted, resulting in slightly higher rates.
- Assumed rates of retirement were adjusted as follows: increase the rate of assumed unreduced retirements, slight adjustments to Rule of 90 retirement rates, and slight adjustments to early retirement rates for Tier 1 and Tier 2 members.
- Minor increase in assumed withdrawals for males and females.
- Lower rates of disability.
- Continued use of Pub-2010 general mortality table with slight rate adjustments as recommended in the most recent experience study.
- Minor changes to form of payment assumptions for male and female retirees.
- Minor changes to assumptions made with respect to missing participant data.

2023 CHANGES IN PLAN PROVISIONS

- An additional one-time direct state aid contribution of $170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, noncompounding benefit increase of 2.50 percent minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

2023 CHANGES IN ACTUARIAL ASSUMPTIONS

- The investment return assumption and single discount rate were changed from 6.50 percent to 7.00 percent.

PERA – GENERAL EMPLOYEES RETIREMENT FUND (CONTINUED)

2022 CHANGES IN ACTUARIAL ASSUMPTIONS

- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

2021 CHANGES IN ACTUARIAL ASSUMPTIONS

- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

2020 CHANGES IN PLAN PROVISIONS

- Augmentation for current privatized members was reduced to 2.00 percent for the period July 1, 2020 through December 31, 2023, and zero percent thereafter. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2020 CHANGES IN ACTUARIAL ASSUMPTIONS

- The price inflation assumption was decreased from 2.50 percent to 2.25 percent.
- The payroll growth assumption was decreased from 3.25 percent to 3.00 percent.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25 percent less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years two through five, and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 Table to the Pub-2010 General Mortality Table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 Disabled Annuitant Mortality Table to the Pub-2010 General/Teacher Disabled Annuitant Mortality Table, with adjustments.
- The mortality improvement scale was changed from MP-2018 to MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100.00 percent joint and survivor option changed from 35.00 percent to 45.00 percent. The assumed number of married female new retirees electing the 100.00 percent joint and survivor option changed from 15.00 percent to 30.00 percent. The corresponding number of married new retirees electing the life annuity option was adjusted accordingly.

2019 CHANGES IN PLAN PROVISIONS

- The employer supplemental contribution was changed prospectively, decreasing from $31.0 million to $21.0 million per year. The state's special funding contribution was changed prospectively, requiring $16.0 million due per year through 2031.

2019 CHANGES IN ACTUARIAL ASSUMPTIONS

- The mortality projection scale was changed from MP-2017 to MP-2018.

PERA – GENERAL EMPLOYEES RETIREMENT FUND (CONTINUED)

2018 CHANGES IN PLAN PROVISIONS

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018.
- Deferred augmentation was changed to zero percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.00 percent per year, with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio, to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age. Does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2018 CHANGES IN ACTUARIAL ASSUMPTIONS

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00 percent per year through 2044, and 2.50 percent per year thereafter, to 1.25 percent per year.

2017 CHANGES IN PLAN PROVISIONS

- The state's contribution for the Minneapolis Employees Retirement Fund equals $16.0 million in 2017 and 2018, and $6.0 million thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from $21.0 million to $31.0 million in calendar years 2019 to 2031. The state's contribution changed from $16.0 million to $6.0 million in calendar years 2019 to 2031.

2017 CHANGES IN ACTUARIAL ASSUMPTIONS

- The CSA loads were changed from 0.80 percent for active members and 60.00 percent for vested and nonvested deferred members. The revised CSA loads are now zero percent for active member liability, 15.00 percent for vested deferred member liability, and 3.00 percent for nonvested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year for all years, to 1.00 percent per year through 2044, and 2.50 percent per year thereafter.

2016 CHANGES IN ACTUARIAL ASSUMPTIONS

- The assumed post-retirement benefit increase rate was changed from 1.00 percent per year through 2035, and 2.50 percent per year thereafter, to 1.00 percent per year for all years.
- The assumed investment return was changed from 7.90 percent to 7.50 percent. The single discount rate was changed from 7.90 percent to 7.50 percent.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth, and 2.50 percent for inflation.

TEACHERS RETIREMENT ASSOCIATION (TRA)

2025 CHANGES IN ACTUARIAL ASSUMPTIONS

- Liability load for inactive nonvested members changed from 9.00 percent to 13.00 percent and the liability load for inactive vested members changed from 7.00 percent to 6.00 percent.

2024 CHANGES IN ACTUARIAL ASSUMPTIONS

- Mortality tables were updated for active employees, retirees, disabled retirees, and contingent beneficiaries to recently published tables derived from public plan data known as the Pub2010 family of tables.
- Retirement rates were increased for some of the Tier II early retirement ages and some of the unreduced retirement rates were modified for both tiers to better align with actual experience.
- Probability that new female retirees elect either the Straight Life Annuity or 100% Joint & Survivor Annuity were refined to reflect the actual experience.
- Termination rates were reduced in the first 10 years of employment and slightly increased in years 16 to 25 to better match the observed experience.
- Disability rates were decreased beyond age 45 by 15.00 percent to reflect the continued lower than expected observations.

2023 CHANGES IN ACTUARIAL ASSUMPTIONS

- The normal retirement age for active and eligible Tier II members will be 65 effective July 1, 2024.
- The employer contribution rate will increase from 8.75 percent to 9.50 percent on July 1, 2025.
- The employee contribution rate will increase from 7.75 percent to 8.00 percent on July 1, 2025.
- The pension adjustment rate for school districts and the base budgets for MnSCU, Perpich Center for Arts Education, and Minnesota academies will increase to reflect the 0.75 percent employer contribution rate increase.

2021 CHANGES IN ACTUARIAL ASSUMPTIONS

- The investment return assumption was changed from 7.50 percent to 7.00 percent.

2018 CHANGES IN PLAN PROVISIONS

- The cost of living adjustment (COLA) was reduced from 2.00 percent each January 1 to 1.00 percent, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.10 percent each year until reaching the ultimate rate of 1.50 percent on January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit, are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.50 percent if the funded ratio was at least 90.00 percent for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.00 percent to 3.00 percent, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.50 percent to 7.50 percent, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next six years, (7.71 percent in 2018, 7.92 percent in 2019, 8.13 percent in 2020, 8.34 percent in 2021, 8.55 percent in 2022, and 8.75 percent in 2023). In addition, the employee contribution rate will increase from 7.50 percent to 7.75 percent on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

TEACHERS RETIREMENT ASSOCIATION (TRA) (CONTINUED)

2018 CHANGES IN ACTUARIAL ASSUMPTIONS

- The investment return assumption was changed from 8.50 percent to 7.50 percent.
- The single discount rate changed from 5.12 percent to 7.50 percent.

2017 CHANGES IN ACTUARIAL ASSUMPTIONS

- The COLA was assumed to increase from 2.00 percent annually to 2.50 percent annually on July 1, 2045.
- The COLA was not assumed to increase to 2.50 percent, but remain at 2.00 percent for all future years.
- Adjustments were made to the CSA loads. The active load was reduced from 1.40 percent to zero percent, the vested inactive load increased from 4.00 percent to 7.00 percent, and the nonvested inactive load increased from 4.00 percent to 9.00 percent.
- The investment return assumption was changed from 8.00 percent to 7.50 percent.
- The price inflation assumption was lowered from 2.75 percent to 2.50 percent.
- The payroll growth assumption was lowered from 3.50 percent to 3.00 percent.
- The general wage growth assumption was lowered from 3.50 percent to 2.85 percent for 10 years, followed by 3.25 percent thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.
- The single discount rate changed from 4.66 percent to 5.12 percent.

2016 CHANGES IN ACTUARIAL ASSUMPTIONS

- The single discount rate was changed from 8.00 percent to 4.66 percent.

LB | CARLSON

To the School Board and Management of
Independent School District No. 279 – Osseo Area Schools
Maple Grove, Minnesota

We have prepared this management report in conjunction with our audit of Independent School District No. 279 – Osseo Area Schools' (the District) financial statements for the year ended June 30, 2026. We have organized this report into the following sections:

- Audit Summary
- Governmental Funds Overview
- General Fund Analysis
- Other District Funds
- Government-Wide Financial Statements
- Accounting and Auditing Updates

We would be pleased to further discuss any of the information contained in this report or any other concerns that you would like us to address. We would also like to express our thanks for the courtesy and assistance extended to us during the course of our audit.

The purpose of this report is solely to provide those charged with governance of the District, management, and those with responsibility for oversight of the District's financial reporting process comments resulting from our audit and information relevant to school district financing in Minnesota. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

LB Carlson, LLP

AUDIT SUMMARY

The following is a summary of our audit work, key conclusions, and other information that we consider important or that is required to be communicated to the School Board, administration, or those charged with governance of the District.

OUR RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA AND *GOVERNMENT AUDITING STANDARDS*.

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2026. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you verbally and in our audit engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

PLANNED SCOPE AND TIMING OF THE AUDIT

We performed the audit according to the planned scope and timing previously discussed and coordinated in order to obtain sufficient audit evidence and complete an effective audit.

The District is subject to a Single Audit of its federal awards expenditures for the year ended June 30, 2026, which is required to be performed in accordance with Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). It was originally planned that the Single Audit would be completed and issued along with the District's financial statement audit by December 31, 2026. However, issuance of the 2026 *Compliance Supplement* by the Office of Management and Budget has been delayed, and the final version is not yet issued. The 2026 *Compliance Supplement* guidance is effective for Single Audits of federal awards expenditures for the year ended June 30, 2026. Consequently, Single Audits for this period cannot be finalized until the final version of this guidance is issued. The District plans to issue its audited Schedule of Expenditures of Federal Awards and related reports separately by the federal deadline of March 31, 2027.

AUDIT OPINIONS AND FINDINGS

Based on our audit of the District's financial statements for the year ended June 30, 2026:

- We have issued unmodified opinions on the District's basic financial statements. Our report included a paragraph emphasizing the District's implementation of Governmental Accounting Standards Board (GASB) Statement No. 103, *Financial Reporting Model Improvements* during the year. Our opinion was not modified with respect to this matter.

- We reported no deficiencies in the District's internal control over financial reporting that we considered to be material weaknesses.

- The results of our testing disclosed no instances of noncompliance required to be reported under *Government Auditing Standards.*

- We reported no findings based on our testing of the District's compliance with Minnesota laws and regulations.

SIGNIFICANT ACCOUNTING POLICIES

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 of the notes to basic financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended June 30, 2026. However, the District implemented the following governmental accounting standard during the year:

- The District implemented GASB Statement No. 103, *Financial Reporting Model Improvements* during the fiscal year ended June 30, 2026. This standard improved key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

ACCOUNTING ESTIMATES AND MANAGEMENT JUDGMENTS

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

General education revenue and certain other revenues are computed by applying an allowance per student to the number of students served by the District. Student attendance is accumulated in a state-wide database—MARSS. Because of the complexity of student accounting and because of certain enrollment options, student information is input by other school districts and the MARSS data for the current fiscal year is not finalized until after the District has closed its financial records. General education revenue and certain other revenues are computed using preliminary information on the number of students served in the resident district and also utilizing some estimates, particularly in the area of enrollment options.

Special education state aid includes an adjustment related to tuition billings to and from other school districts for special education services, which are computed using formulas derived by the Minnesota Department of Education (MDE). Because of the timing of the calculations, this adjustment for the current fiscal year is not finalized until after the District has closed its financial records. The impact of this adjustment on the receivable and revenue recorded for state special education aid is calculated using preliminary information available to the District.

The District has recorded a liability in the Statement of Net Position for post-employment severance benefits payable and compensated absences. Management's estimate is based on current rates of pay, unused compensated absence balances, and the likelihood compensated absences will be paid out over the course of employment or at termination.

The District has recorded activity for other post-employment benefits (OPEB) and pension benefits. These obligations are calculated using actuarial methodologies primarily described in GASB Statement Nos. 68 and 75. These actuarial calculations include significant assumptions, including projected changes, healthcare insurance costs, investment returns, retirement ages, proportionate share, and employee turnover.

The depreciation/amortization of capital assets involves estimates pertaining to useful lives.

The District's self-insured activities require recording a liability for claims incurred, but not yet reported, which are based on estimates.

We evaluated the key factors and assumptions used by management to develop the estimates discussed above and on the previous page in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The disclosures included in the notes to basic financial statements related to OPEB and pension benefits are particularly sensitive, due to the maturity of the liabilities, and the large and complex estimates involved in determining the disclosures.

The financial statement disclosures are neutral, consistent, and clear.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

We encountered no significant difficulties in dealing with management in performing and completing our audit.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements as a whole.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter dated November 6, 2026.

MANAGEMENT CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

OTHER AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

OTHER MATTERS

We applied certain limited procedures to the management's discussion and analysis, the budgetary, pension, and OPEB-related required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information accompanying the financial statements and the separately issued Uniform Financial Accounting and Reporting Standards (UFARS) Compliance Table, which is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements, but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

GOVERNMENTAL FUNDS OVERVIEW

This section of the report provides you with an overview of the financial trends and activities of the District's governmental funds, which includes the General, special revenue, debt service, and capital project funds. These funds are used to account for the various services the District provides, which are financed primarily with intergovernmental revenue and property taxes. The governmental fund information in the District's financial statements focuses on budgetary compliance and the sufficiency of each governmental fund's current assets to finance its current liabilities.

Governmental Fund Balances

The following table summarizes the changes in the fund balances of the District's governmental funds during the year ended June 30, 2026, presented both by fund balance classification and by fund:

Governmental Funds Change in Fund Balance

	Fund Balances as of June 30,		
	2026	2025	Change
Fund balances of governmental funds			
Total by classification			
Nonspendable	$ 4,037,783	$ 3,715,608	$ 322,175

Total governmental funds	$ 238,552,175	$ 350,314,053	$ (111,761,878)

In total, the fund balances of the District's governmental funds decreased by $111,761,878 during the year. The majority of the decrease was due to the planned spend down of bond proceeds for various capital improvements and long-term facilities maintenance.

GOVERNMENTAL FUNDS REVENUE

The following table presents all of the District's governmental funds revenue by source for the last two fiscal years. Other financing sources, such as proceeds from sales of capital assets, insurance recoveries, bond sales, loans, and interfund transfers are excluded.

Governmental Funds Revenue by Source

Total revenue	$ 490,024,926	100.0 %	$ 483,069,125	100.0 %	$ 6,955,801	1.4 %

The District's governmental funds revenues for 2026 were $490,024,926, an increase of $6,955,801 (1.4 percent), from the prior year.

The mix of local and state revenues vary from year-to-year, primarily based on funding formulas and the state's financial condition. The mix of revenue components from district to district varies, due to factors such as the strength of property values, mix of property types, operating and bond referendums, enrollment trends, density of population, types of programs offered, and countless other criteria.

State sources increased $10,398,276 due to a growth in the general education basic formula allowance and special education funding. Property taxes decreased $668,016 due to a decrease in the certified levy for General Fund. Investment earnings decreased $6,188,681 due to the District spending down bond proceeds throughout the year leaving less cash on hand to invest. Other local sources revenue increased $1,301,450, mainly from gifts/bequests.

BASIC GENERAL EDUCATION REVENUE

The table on the previous page illustrates the District's dependence on state aids and grants which provided 59.6 percent of its total governmental funds revenue in the current year. The largest single funding source for Minnesota school districts is basic general education aid. Each year, the Legislature sets a basic formula allowance. Total basic general education revenue is calculated by multiplying the formula allowance by the number of pupil units for which a district is entitled to aid. Pupil units are calculated using a legislatively determined weighting system applied to average daily membership (ADM). Over the years, various modifications have been made to this calculation, including changes in weighting and special consideration for declining enrollment districts.

The table below presents a summary of the formula allowance for the past decade and as approved for the next fiscal year. The amount of the formula allowance and the percentage change from year-to-year excludes temporary funding changes, the "roll-in" of aids that were previously funded separately, and changes that may vary dependent on actions taken by individual districts.

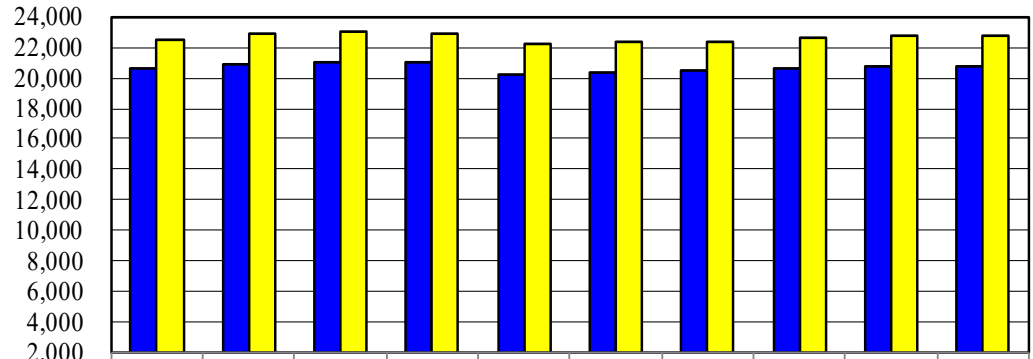

For fiscal 2026 and beyond, the annual formula increase will be adjusted for inflation, using a formula based on the Consumer Price Index-Urban (CPI-U) average inflation rate for the fourth calendar quarter of the immediately prior fiscal year compared to the average for the fourth calendar quarter of the second prior fiscal year, with a floor of 2.00 percent and a cap of 3.00 percent. This resulted in a per pupil increase to the basic formula allowance of $200 for fiscal 2026 and $202 for fiscal 2027.

Fiscal Year Ended June 30,	Formula Allowance Amount	Formula Allowance Percent Increase
2017	$ 6,067	2.00 %
2018	$ 6,188	2.00 %
2019	$ 6,312	2.00 %
2020	$ 6,438	2.00 %
2021	$ 6,567	2.00 %
2022	$ 6,728	2.45 %
2023	$ 6,863	2.00 %
2024	$ 7,138	4.00 %

2026	$ 7,481	2.75 %
2027	$ 7,683	2.70 %

AVERAGE DAILY MEMBERSHIP (ADM) AND PUPIL UNITS

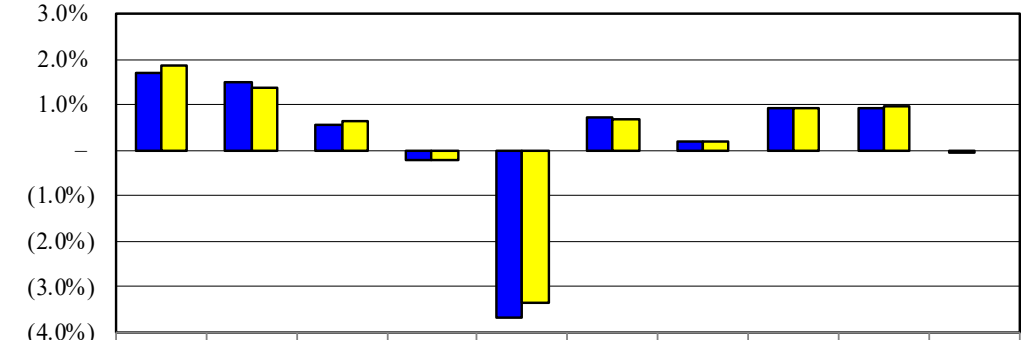

The number of students served by the District determines the amount of general education aid the District earns, and factors into various other funding formulas. The following graphs present the District's adjusted ADM and pupil units served for the past 10 years, along with the annual rates of change for both:

Adjusted ADM and Pupil Units Served

	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026
ADM	20,659	20,958	21,073	21,030	20,254	20,403	20,439	20,631	20,823	20,810
Pupil Units	22,569	22,881	23,023	22,976	22,200	22,349	22,395	22,604	22,823	22,812

Change in Adjusted ADM and Pupil Units Served

	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026
ADM	1.7%	1.5%	0.5%	(0.2%)	(3.7%)	0.7%	0.2%	0.9%	0.9%	(0.1%)
Pupil Units	1.9%	1.4%	0.6%	(0.2%)	(3.4%)	0.7%	0.2%	0.9%	1.0%	–

ADM is a measure of students attending class, which is then converted to pupil units (the base for determining revenue) using a statutory formula. Not only is the original budget based on ADM estimates, the final audited financial statements are based on updated, but still estimated, ADM since the counts are not finalized until around January of the following year. When viewing revenue budget variances, one needs to consider these ADM changes, the impact of the prior year final adjustments which affect this year's revenue, and also the final adjustments caused by open enrollment gains and losses.

The District served an estimated adjusted ADM of 20,810 in 2026, a decrease of 13 from the previous year. The number of pupil units served by the District for fiscal 2026 was 22,812, a decrease of 11 from the prior year.

PROPERTY TAXES

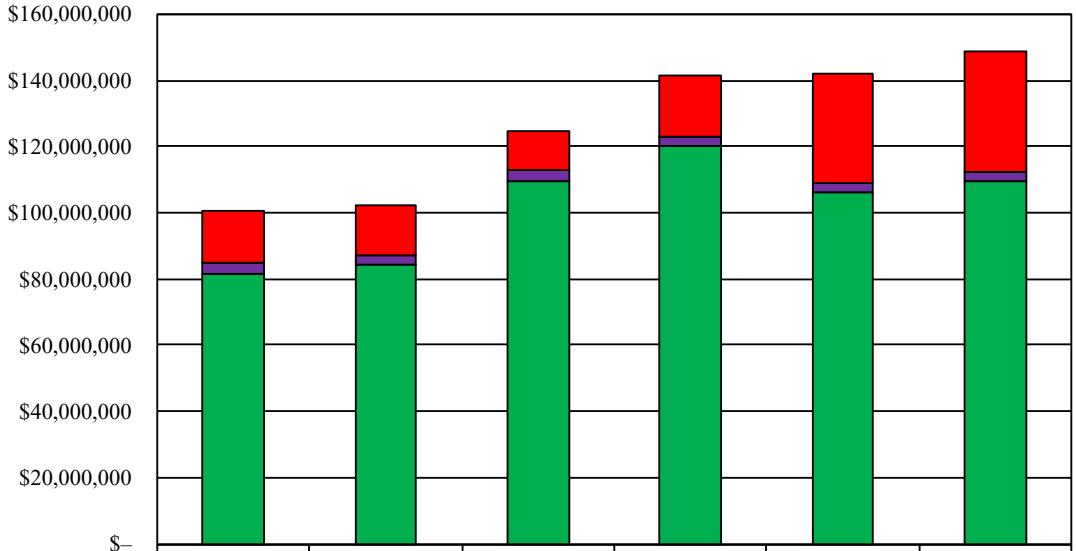

The second largest revenue source Minnesota school districts depend on to support governmental fund activities is local property taxes. State legislative priorities, property values and types, and other factors impact the split of some revenue sources between state aids and property taxes. Additional local support through voter-approved operating or capital referenda may also impact the size of a district's annual levy. In the 2026 fiscal year, property taxes provided 28.8 percent of the District's total governmental funds revenue.

A unique aspect of Minnesota school district funding results from property taxes being levied and collected on a calendar year basis, while districts operate with a June 30 fiscal year-end. Generally, property taxes recognized as revenue by a district in a given fiscal year relate to the levy that is collectible during the calendar year that begins six-months prior to a district's fiscal year. The Minnesota Legislature utilizes a tool referred to as the "tax shift" which periodically changes the recognition of district property tax revenue. However, the net year-to-year impact of this shift has been minimal in recent years.

Property tax revenue realized by a district year-to-year will also be affected by cancellations or abatements of taxes levied, as well as collection delinquencies. These factors primarily disrupt the timing of revenues, as adjustments are made to future levy authority to recover abatements. However, some districts have experienced significant short-term budgetary challenges due to large abatement adjustments from market value declines in the commercial/industrial property class in recent years.

The following graph shows the District's annual certified property tax levy by fund for each of the past five fiscal years, along with the levy certified for collection during calendar year 2026, which will fund the District's 2027 fiscal year operations:

The District's total certified property tax levy for fiscal year 2026 was $142,295,408, which represented an increase of 0.5 percent compared to the prior year. The District has set a total certified property tax levy for fiscal year 2027 at $148,696,366, which represents an increase of 4.5 percent compared to the fiscal year 2026 levy.

GOVERNMENTAL FUNDS EXPENDITURES

The District's governmental funds expenditures are classified into three types as follows:

- **Current** – These are typically the general operating type expenditures occurring on an annual basis, which are primarily funded by general sources, such as taxes and intergovernmental revenues.

- **Capital Outlay** – These expenditures represent the cost of acquiring, constructing, or maintaining the District's facilities and other significant capital assets. They are typically project-oriented and occur on a less consistent basis, often fluctuating significantly from year-to-year. These expenditures are primarily funded with various types of debt issues, or through specific capital or deferred maintenance property tax levies.

- **Debt Service** – Expenditures for debt service tend to be relatively consistent over the term of each individual debt issuance, but fluctuate based on changes in the volume of debt outstanding. Factors such as changing demographics, aging infrastructure, or evolving technology may impact a district's capital needs, and consequently its use of debt financing, over time.

The following table presents the District's governmental funds expenditures by type for the last two fiscal years. Other financing uses, such as bond refundings and transfers, are excluded**.**

Total expenditures in the District's governmental funds for 2026 were $665,470,199, an increase of $132,366,936 (24.8 percent).

Total current spending was up as anticipated in the budget with inflationary changes for salaries, benefits and purchased services. Most of the overall increase was due to increased costs in these areas for elementary and secondary regular instruction and special education programs and increases in pupil support services related to increased costs for transportation . These increases were offset by decreases in sites and buildings for capital expenditures. Capital outlay increased in the current year with the undertaking of some significant building and facilities maintenance projects in fiscal 2026. Debt service expenditures were higher with the issuance of new bonds in recent years.

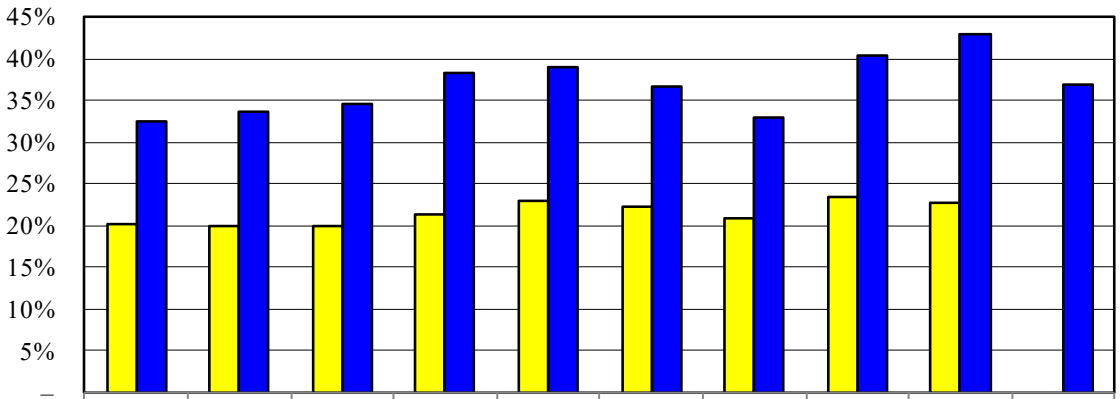

GENERAL FUND ANALYSIS

This section of the report focuses specifically on the financial trends and activities of the General Fund, which accounts for financial activity related to the basic services the District provides to the community. The primary services included within this fund include instructional services and support, administration and district support, pupil transportation and support, and the maintenance and operation of the District's facilities.

STATE-WIDE GENERAL FUND FINANCIAL HEALTH

One of the most common and comparable statistics used to evaluate school district financial health is the General Fund unrestricted operating fund balance as a percentage of unrestricted operating expenditures.

State-Wide Unrestricted Operating Fund Balance
as a Percentage of Operating Expenditures
(Including the General Fund Capital Account)

	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026
State-Wide	20.3%	20.0%	19.9%	21.3%	23.0%	22.2%	21.0%	23.4%	22.8%	–
ISD No. 279	32.5%	33.6%	34.7%	38.4%	39.0%	36.6%	33.0%	40.4%	42.9%	36.9%

Note: State-wide information is not available for fiscal 2026.

The calculation above reflects only the unrestricted fund balance of the General Fund, and the corresponding expenditures, which is the same method the state uses for the calculation of statutory operating debt. We have also included the comparable percentages for your district.

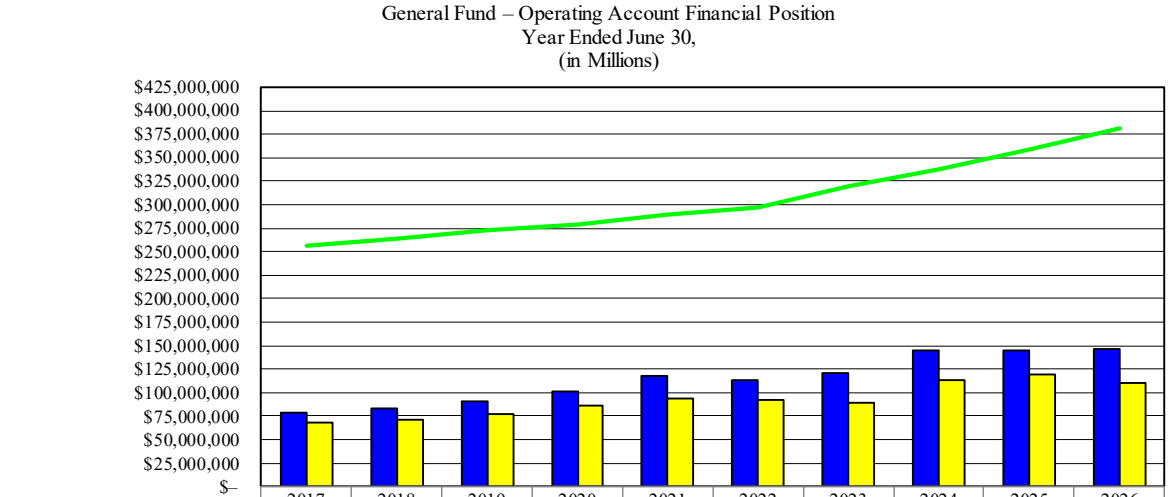

The state-wide average unrestricted fund balance as a percentage of operating expenditures for Minnesota school districts has fluctuated between 21.0 percent and 23.4 percent over the last five fiscal years for which data is available.

The District's unrestricted operating fund balance as a percentage of operating expenditures was 36.9 percent at the end of the current year, as compared to 42.9 percent at June 30, 2026.

Having an appropriate fund balance is an important factor in assessing the District's financial health because a government, like any organization, requires a certain amount of equity to operate. It is important to review fund balance levels on an ongoing basis to ensure a sufficient equity reserve is available to support programs and cash flow of the District.

GENERAL FUND – OPERATING ACCOUNT FINANCIAL POSITION

The following graph displays the District's General Fund trends of financial position and changes in the volume of financial activity. Unrestricted fund balance and cash balance are two indicators of financial health, while annual expenditures are often used to measure the size of the operation.

	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026
Cash and Investments	$79.2	$83.5	$90.6	$100.8	$117.6	$113.5	$120.9	$145.5	$144.3	$146.5

The District ended fiscal year 2026 with a General Fund – Operating Account cash balance of $146,495,516 (net of borrowing and interfund receivables and payables), an increase of $2,198,461 from the previous year. Unrestricted fund balance (consisting of any committed, assigned, or unassigned fund balances) at year-end totaled $110,912,001, a decrease of $8,612,949.

The following table presents the components of the General Fund – Operating Account balance for the past five years:

	June 30,				
	2022	2023	2024	2025	2026
Nonspendable fund balances	$ 440,231	$ 434,679	$ 869,772	$ 3,323,906	$ 3,715,785

(1) Includes deficits in restricted fund balance accounts allowed to accumulate deficits under UFARS, which are part of unassigned fund balance on the accounting principles generally accepted in the United States of America-based financial statements.

The table above reflects the total General Fund – Operating Account unrestricted fund balance and percentages, which differs from those used in the previous discussion of state-wide fund balances, which are based on a state formula. The resources represented by this fund balance are critical to a district's ability to maintain adequate cash flow throughout the year, to retain its programs, and to cushion against the impact of unexpected costs or funding shortfalls.

Fund Balance Policy

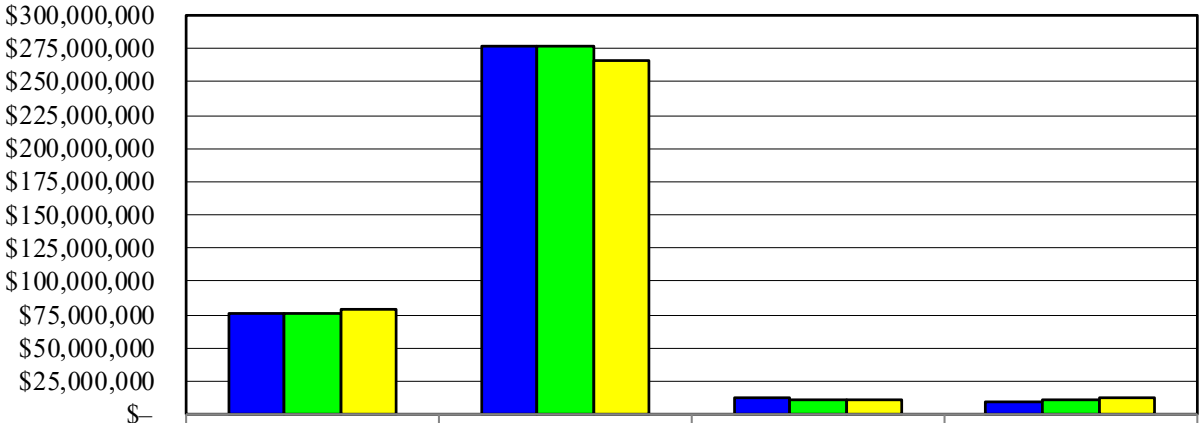

The School Board has formally adopted a fund balance policy regarding maintaining a minimum fund balance for the General Fund. The policy states that the District will endeavor to maintain an unassigned fund balance that will not fall below 5.0 percent of the District's General Fund operating expenditure budget, excluding operating capital programs.

At June 30, 2026, the unassigned fund balance (excluding restricted account deficits) of the General Fund – Operating Account was 24.2 percent of fiscal 2026 General Fund – Operating Account expenditures, or just over 12.6 weeks of operations assuming level spending throughout the year.

GENERAL FUND REVENUES

The following graph summarizes the District's General Fund – Operating Account revenue for 2026:

General Fund – Operating Account Revenue

	Property Taxes	State Sources	Federal Sources	Other
Budget	$76,365,096	$276,932,327	$11,836,775	$9,787,627
Actual	$76,645,817	$277,271,512	$11,547,783	$10,351,465
Prior Year	$78,310,707	$266,136,176	$11,117,969	$11,968,026

Total General Fund – Operating Account revenues were $375,816,577 for the year ended June 30, 2026, which was $894,752 (0.2 percent) over the final budget. State revenues were over budget by $339,185, primarily due to special education estimates being more favorable than projected. Revenues from other local sources (including gifts, bequests, tuition, rental, and investment income) were $563,838 over budget, mainly due to conservative budgeting for these revenues.

General Fund – Operating Account total revenues were $8,283,699 higher than the previous year. The primary reasons for this change was in state sources from funding improvements in general education and special education funding formulas.

GENERAL FUND EXPENDITURES

The following graph presents the District's General Fund – Operating Account expenditures for 2026:

	Salaries	Employee Benefits	Purchased Services	Supplies and Materials	Capital Expenditures	Other Expenditures
Budget	$238,735,337	$88,679,352	$48,905,350	$9,478,698	$205,295	$5,709,415
Actual	$231,748,944	$86,566,616	$49,986,710	$7,590,159	$399,198	$5,629,080
Prior Year	$224,230,804	$81,562,085	$43,433,882	$6,260,594	$523,212	$2,165,323

Total General Fund – Operating Account expenditures were $381,920,707 for the year ended June 30, 2026, which was $9,792,740 (2.5 percent) under the final budget. Salaries were $6,986,393 under budget, with the variance being mostly in elementary and secondary regular instruction, mainly the result of open positions, unused budget capacity, and unused grant funds. Employee benefits were $2,112,736 under budget primarily due to lower than projected health insurance and health savings account contribution costs. Cost-containment efforts and unspent curriculum capacity resulted in less supplies and materials of $1,888,539 compared to budget.

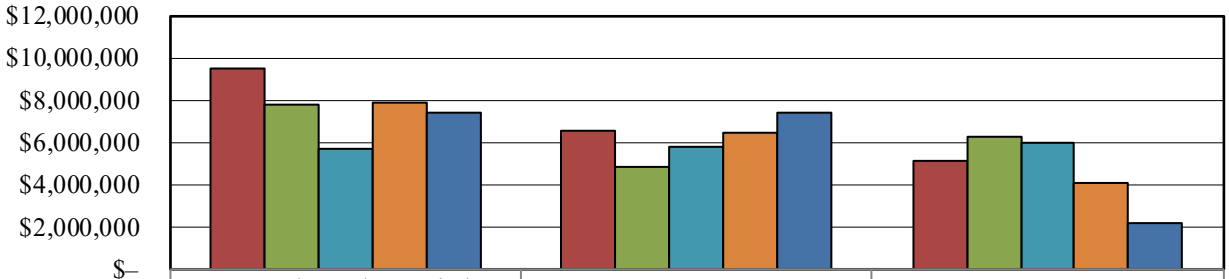

Total General Fund – Operating Account expenditures were $23,744,807 (6.6 percent) more than the prior year. The largest increase was in salaries, which were $17,518,140 higher than the previous year, due to contractual increases. Employee benefits increased $5,004,531. These costs were the result of increased salaries, increased Teachers Retirement Association (TRA) contribution rates, health insurance costs, and new paid medical leave. Purchased services increased $6,552,828. Most of this increase was in transportation costs as rates increased significantly in fiscal 2026. The District also experienced increased costs for contracted staff in the special education program.

OTHER DISTRICT FUNDS

The following graph shows what is referred to as the other operating funds. The remaining nonoperating funds are only included in narrative form below, since their level of fund balance can fluctuate significantly, due to such things as issuing and spending the proceeds of refunding or building bonds and, therefore, the trend of fund balance levels is not necessarily a key indicator of financial health. It does not mean that these funds cannot experience financial trouble or that their fund balances are unimportant.

General Fund – Capital Account

The General Fund – Capital Account has accumulated a fund balance of $7,408,710 at June 30, 2026, which decreased $475,082 from the prior year. This account ended the year with a $475,082 decrease in fund balance compared to a budgeted deficit of $16,454. The ending fund balance includes $123,595 in nonspendable funds, restricted for operating capital purposes of $5,320,316, restricted for literacy aid of $829,794, restricted for capital projects levy of $1,270,731, and long-term facilities maintenance restricted account deficit of $135,726.

Food Service Special Revenue Fund

The District's Food Service Special Revenue Fund ended fiscal 2026 with a fund balance increase of $927,087, compared to a budgeted increase of $428,026. Food service revenue was $19,047,829, which was under budget by $370,868, mainly in other revenue from decreased participation. Expenditures were $18,120,742, under budget by $869,929 related to lower than anticipated salaries, benefits, and food costs. The ending fund balance of $7,374,575 in this fund represents 40.7 percent of current year expenditures.

Community Service Special Revenue Fund

The District's Community Service Special Revenue Fund ended fiscal 2026 with a fund balance decrease of $1,891,634, compared to a budgeted decrease of $1,835,427. Revenues of $20,285,194 were under budget by $468,260, mostly in state and federal aid. Expenditures of $22,184,143 were under budget by $404,738, mainly in employee benefits, purchased services, and capital outlay. The ending fund balance of $2,239,099 in this fund represents 10.1 percent of current year expenditures.

Over the years, we have emphasized to our clients that food service and community service operations should be self-sustaining, and should not become an additional burden on general education funds. The District has been able to maintain healthy, stable fund balances in both funds.

Capital Projects – Building Construction Fund

The Capital Projects – Building Construction Fund ended the year with a fund balance decrease of $105,345,171, due to ongoing capital and facility maintenance projects. Total expenditures for the fiscal year totaled $173,723,702.

Debt Service Funds

The funding of the general obligation bonds is controlled in accordance with each outstanding debt issue's financing plan.

Self-Insurance Internal Service Funds

During fiscal year 2026, the District operated a Dental Self-Insurance Internal Service Fund. This fund accounts for the District's self-insured dental insurance program. Net position in this fund increased $58,960, resulting in a net position of $529,276 at June 30, 2026.

During fiscal year 2026, the District operated a Medical Self-Insurance Internal Service Fund. This fund accounts for the District's self-insured medical insurance program. Net position in this fund increased $533,493, resulting in a net position of $409,047 at June 30, 2026.

Retirement Incentive Pay Internal Service Fund

The District uses the Retirement Incentive Pay Internal Service Fund to account for the activity of the District's severance benefit obligations. The following table presents the activity reported for the past five fiscal years in this Internal Service Fund:

	2022	2023	2024	2025	2026
Operating revenue					
Contributions from governmental funds	$ –	$ –	$ –	$ –	$ –

End of year	$ 998,083	$ 791,614	$ 818,674	$ 834,108	$ 852,692

The year-end net position, as reported above, represents the District's total accumulated assets of $2,605,438, less the total severance benefit liability of $1,752,746 as of June 30, 2026.

Post-Employment Benefits Revocable Trust Internal Service Fund

The District uses the Post-Employment Benefits Revocable Trust Internal Service Fund to finance its post-employment health benefit liabilities. The following table presents the activity reported for the past five fiscal years in this Internal Service Fund:

	2022	2023	2024	2025	2026
Operating revenue					
Contributions from governmental funds	$ –	$ –	$ –	$ –	$ –

The District updated an actuarial study to determine the District's post-employment health benefit liabilities.

This OPEB Plan is funded by the District's Post-Employment Benefits Revocable Trust Internal Service Fund. Total net position increased $1,601,258 in fiscal 2026, mainly the result of investment gains from market conditions in the current year.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's financial statements include fund-based information that focuses on budgetary compliance, and the sufficiency of the District's current assets to finance its current liabilities. The governmental reporting model also requires the inclusion of two government-wide financial statements designed to present a clear picture of the District as a single, unified entity. These government-wide financial statements provide information on the total cost of delivering educational services, including capital assets and long-term liabilities.

Theoretically, net position represents district resources available for providing services after its debts are settled. However, those resources are not always in expendable form, or there may be restrictions on how some of those resources can be used. Therefore, this statement divides net position into three components: net investment in capital assets, restricted, and unrestricted. The following table presents a summarized reconciliation of the District's governmental fund balances to net position, and the separate components of net position for the last two years:

	June 30, 2026	June 30, 2025	Net Change
Net position – governmental activities			
Total fund balances – governmental funds	$ 238,552,175	$ 350,314,053	$ (111,761,878)
Total capital assets, net of depreciation and amortization	674,227,293	523,459,499	150,767,794
Certain long-term debt plus accrued interest	(455,295,747)	(417,789,786)	(37,505,961)
Compensated absences	(6,195,195)	(6,023,789)	(171,406)
Net pension-related adjustments	(179,703,761)	(191,875,949)	12,172,188
Internal Service Fund net position	15,186,671	12,974,376	2,212,295
Other adjustments	898,479	1,004,927	(106,448)
Total net position – governmental activities	$ 287,669,915	$ 272,063,331	$ 15,606,584
Net position			
Net investment in capital assets	$ 319,950,462	$ 311,758,545	$ 8,191,917
Restricted	36,505,572	33,846,238	2,659,334
Unrestricted	(68,786,119)	(73,541,452)	4,755,333
Total net position	$ 287,669,915	$ 272,063,331	$ 15,606,584

Some of the District's fund balances translate into restricted net position by virtue of external restrictions (statutory restrictions) or by the nature of the fund they are in (e.g., Food Service Special Revenue Fund balance can only be spent for food service program costs). The unrestricted net position category consists mainly of the General Fund unrestricted fund balances, offset against noncapital long-term obligations, such as severance benefits payable, compensated absences, and net pension liability.

Total net position increased by $15,606,584 during fiscal 2026. The District's net investment in capital assets increased $8,191,917 this year. The change in this category of net position typically depends on the relationship between the rate at which the District is adding additional capital assets, the rate capital assets are being depreciated and amortized, and how that compares to the rate at which the District is repaying the debt issued to purchase or construct those assets.

Restricted net position increased over the prior year in amounts restricted for food service, employee benefits, and state funding restrictions. The change in unrestricted net position includes changes in the District's proportionate share of the Public Employees Retirement Association and the TRA pension plan liabilities and related deferments. The financial operations of the General Fund and Medical Self-Insurance Fund, as previously discussed, also contributed to the change in unrestricted net position.

ACCOUNTING AND AUDITING UPDATES

The following is a summary of Governmental Accounting Standards Board (GASB) standards expected to be implemented in the next few years.

GASB STATEMENT NO. 105, *SUBSEQUENT EVENTS*

The primary objective of this statement is to improve the financial reporting requirements for subsequent events, thereby enhancing consistency in their application and better meeting the information needs of financial statement users.

This statement defines subsequent events as transactions or other events that occur after the date of the financial statements, but before the date the financial statements are available to be issued. This statement describes the date the financial statements are available to be issued as the date at which (1) the financial statements are complete in a form and format that complies with generally accepted accounting principles and (2) approvals necessary for issuance have been obtained. That definition modifies the subsequent events time frame throughout the GASB literature. This statement also requires the date through which subsequent events have been evaluated to be disclosed.

This statement clarifies the subsequent events that constitute recognized and nonrecognized events and establishes specific note disclosure requirements for nonrecognized events.

The requirements of this statement are effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter. Earlier application is encouraged.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the School Board and Management of
Independent School District No. 279 – Osseo Area Schools
Maple Grove, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 279 – Osseo Area Schools (the District) as of and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 6, 2026.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the District 's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT

ON MINNESOTA LEGAL COMPLIANCE

To the School Board and Management of
Independent School District No. 279 – Osseo Area Schools
Maple Grove, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 279 – Osseo Area Schools (the District) as of and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 6, 2026.

MINNESOTA LEGAL COMPLIANCE

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the contracting – bid laws, depositories of public funds and public investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for Minnesota school districts (UFARS) sections of the *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minnesota Statutes § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT ON UNIFORM FINANCIAL ACCOUNTING AND REPORTING STANDARDS COMPLIANCE TABLE

To the School Board and Management of
Independent School District No. 279 – Osseo Area Schools
Maple Grove, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 279 – Osseo Area Schools (the District) as of and for the year ended June 30, 2026, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 6, 2026.

Auditing standards referred to in the previous paragraph require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying Uniform Financial Accounting and Reporting Standards (UFARS) Compliance Table is presented for purposes of additional analysis as required by the Minnesota Department of Education (MDE), and is not a required part of the basic financial statements of the District. The UFARS Compliance Table is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the UFARS Compliance Table is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

PROCEDURE 414 – MANDATED REPORTING OF MALTREATMENT OF CHILDREN OR VULNERABLE ADULTS

I. Purpose

The purpose of this regulation is to establish the procedures employees must follow in making reports required under law of suspected maltreatment of children or vulnerable adults who are students in the school district; to give guidance on the procedures involved in investigation of allegations; the records maintenance requirements for allegations of abuse or potential abuse; and define the terms used in Policy and Procedure 414.

II. Responsibilities of Employees – Physical Injury

A. If physical injury to the child or vulnerable adult is apparent, the employee shall follow general procedures to protect the child or vulnerable adult, depending on the circumstances and severity of the injury, including but not limited to:

1. Obtaining the assistance of school health staff;
2. Calling, or ordering a call to 911 emergency services;
3. Providing immediate first aid until other responders arrive and the employee is released from further assistance.

B. An employee should make a report if circumstances or information received leads the employee in good faith to suspect or believe that maltreatment has occurred.

III. Procedure for Reporting

A. Suspected abuse or neglect outside of the school by someone other than an employee or other personnel of the school district.

1. Employees who suspect or who have reason to believe that maltreatment of children or vulnerable adults who are students in the school district has taken place should immediately notify the Hennepin County Child Protection Intake division if a child ~~(612-348-3552 Fax: 612-466-9581)~~, or Hennepin County Adult Protection Intake if over eighteen (18) and a vulnerable adult ~~(612-348-8526)~~, and relay the following information:
   a. The identity of the child or vulnerable adult;
   b. The identity of any person believed to be responsible for the maltreatment if known;
   c. The nature and extent of the maltreatment;
   d. The reporter's name and address;
   e. The reporter's affiliation with the school district, including position title and school or other location.
2. If report concerns a child, as soon as possible but no later than ~~within~~ 72 hours the reporter shall transmit a written report of the suspected maltreatment to Hennepin County Child Protection.
3. If the suspected or known behavior is a crime, the reporter may make the initial and written reports to the local Police Department (e.g. Brooklyn Park Police Department, Osseo Police Department or Maple Grove Police Department). If the initial report is made to Hennepin County Child Protection Department, that department may direct the reporter to call the appropriate law enforcement agency.

B. Suspected abuse or neglect has occurred due to the actions or inaction of an employee or other personnel of the school district.

1. The employee completes the legal reporting process. Employees who suspect or who have reason to believe that maltreatment of children who are students in the school district has occurred and was caused by an employee or other personnel of the school district should

a. In the event that the student is younger than eighteen years of age, the reporter should immediately:

i. make a telephone report to the Minnesota Department of Education ~~(651-582-8200)~~; and/or

ii. transmit a written report to the Minnesota Department of Education ~~(Fax: 651-582-8809)~~ on the department's prescribed form ~~within~~ as soon as possible but no later than 72 hours (exclusive of weekends and holidays);

iii. inform the school principal or site administrator that the employee has made such a report; and

iv. ~~within 72 hours (exclusive of weekends and holidays) of making a report transmit~~ Provide a copy of the report form to the school district Human Resources department

b. In the event that the student is eighteen years of age or older, the reporter should immediately:

i. make a telephone report to the Hennepin County Adult Protection Intake ~~(telephone 612-348-8526)~~;

ii. follow any instructions from Hennepin County Adult Protection Intake;

iii. inform the school principal or site administrator that the employee has made such a report;

iv. ~~within 72 hours (exclusive of weekends and holidays) of making a report transmit~~Provide a copy of the report form to the school district Human Resources Department.

2. In the event that the suspected perpetrator of the alleged maltreatment is the school principal, site administrator, or department head, the reporter shall inform the school principal's or site administrator's supervisor that such a report has been made.

C. Employees who know or who have reason to believe that a kidnapping of a child or a deprivation of parental rights has occurred with the regard to a child shall report that information to the local police department and to the school's resource officer immediately.

IV. Responsibilities of Principals, Site Administrators and Department Heads, or Other Supervisors

A. When a principal, site administrator, department head, or other supervisor receives information that a report of suspected maltreatment of a child or a vulnerable adult by an employee under their supervision has been made, she/he shall:

1. Establish that all reporting requirements of Section III. have been completed, or direct that they be completed;
2. Assure that the child or vulnerable adult is not in the care of the employee or other personnel of the school district suspected of maltreatment;

3. Notify the parent or legal guardian of the child or vulnerable adult that an incident has occurred;
4. Notify the appropriate Assistant Superintendent that such a report has been made, and what actions have been taken;
5. Consult with the school district's Human Resources department regarding actions, if any, to take with respect to the suspected perpetrator; and
6. Determine whether or not the alleged act constitutes a violation of the Policy 413 prohibiting Harassment and Violence, and if found that it does also follow the procedures required by that policy.

B. Under no circumstances shall a principal, site administrator, department head or other supervisor dissuade or attempt to dissuade a person required to make a report from doing so.

C. Unless the principal, site administrator, department head or other supervisor is absent from the premises, the duties above shall not be relegated to another.

V. Investigation

A. Suspected maltreatment outside of the school due to the actions or inaction of someone other than an employee or other personnel of the school district.

1. The responsibility for investigating reports of suspected neglect, grooming or physical or sexual abuse of a child or maltreatment of a vulnerable adult rests with Hennepin County and Vulnerable Adult Protection Services and/or the respective police departments. The investigating authority may:
   a. Interview the child or vulnerable adult at school or elsewhere, at their discretion as to location and permissible presence of any district representative at the interview.
      i. If the interview is to take place at a district school, the interviewer should provide the written notice of the intent to interview to the principal, site administrator or her/his designee prior to the interview.
      ii. The principal, site administrator or her/his designee may determine the following with regard to the interview taking place at a district site:
         (1) The time, as long as the interview may be conducted as soon as practicable but in no cases longer than 24 hours (excluding weekends and holidays) after the notification of the intent to interview, unless a later time is deemed necessary by agreement between the principal, site administrator, her/his designee and the agency conducting the interview;
         (2) The place within the school or site for the interview; and
         (3) What manner, time, and place for the interview will cause the least disruption of the educational program of the child, vulnerable adult, other students or school employees.
   b. Interview any person responsible for the care of the child or the vulnerable adult;
   c. Interview the alleged perpetrator; and
   d. Interview any person believed to have knowledge of the maltreatment.
2. The principal, site administrator or her/his designee, or any employee or other personnel of the school district, will not inform the parent or guardian of the child or vulnerable adult of any notification that an interview of the child or vulnerable adult

will be conducted at the school unless or until the investigating authority has notified the school district in writing that the investigation or assessment has been concluded.

3. The principal, site administrator, designee, or any employee or other personnel of the school district will cooperate with the investigation and abide by the determinations of the investigating agency.

B. Suspected maltreatment has occurred due to the actions or inactions of an employee or other personnel of the school district.

1. The school district will conduct its own investigation, in addition to any investigation of the report by the local welfare offices, or local police department responsible, or the Minnesota Department of Education.
   a. Initial investigation of reports will be conducted by the principal or site administrator working in consultation with the school district's Human Resources Department.
   b. In the event that the principal or site administrator is absent from the site, the supervising assistant superintendent, ~~Department of Leadership Teaching and Learning (DLTL),~~ or ~~her/his~~ designee will conduct the investigation.
   c. In the event the principal or site administrator is the alleged perpetrator of the maltreatment, the school district's Human Resources Department will conduct all investigations related to the report.
2. Investigation may include interviewing the alleged victim of maltreatment, or any student, employee or other personnel of the school district that the investigator believes may have information regarding the suspected maltreatment.

VI. Maintenance of School Records Concerning Abuse or Potential Abuse

Principals will annually review Policy 414 – Mandatory Reporting of Maltreatment of Children or Vulnerable Adults with their licensed and support staff. Policy 414 – Mandatory Reporting of Maltreatment of Children or Vulnerable Adults will be referenced in building staff handbooks.

A. Any notification that a potentially abused or maltreated child or vulnerable adult will be interviewed on school district property is confidential data, and may not be divulged by the school district unless and until notified in writing by the investigating authority that the investigation has been concluded.

B. The notification identified in ~~Paragraphs V.A.1.a.(1) and VI.A above~~this Procedure, shall be kept and maintained by the school district unless and until destruction is ordered in writing by the investigating agency or by a court of competent jurisdiction.

POLICY 423 – EMPLOYEE-STUDENT RELATIONSHIPS

I. PURPOSE

The School Board recognizes that in order for the District to achieve its mission, a safe and healthy learning environment and appropriate employee-student relationships are essential. The District is committed to providing an educational environment in which all students are treated with respect and dignity. Every District employee is to provide students with appropriate guidance, understanding, and direction while maintaining a standard of professionalism and acting within accepted standards of conduct.

II. GENERAL STATEMENT OF POLICY

A. School district employees should maintain professional relationships with their students in all their interactions with them whether on or off duty and on or off school district locations, including in the use of social media or any technology.

B. At all times, District employees will adhere to applicable standards of ethics and professional conduct as established by Minnesota law and will treat students with respect, courtesy, and consideration. Each school district employee is expected to exercise good judgment and professionalism in all interpersonal relationships with students. Such relationships must be and remain on a teacher-student basis or an employee-student basis.

C. District employees should act in a way that acknowledges and reflects their inherent positions of authority and influence over students. District employees should not intimidate, berate or shame students for ~~sincerely held~~their beliefs.

D. School district employees shall, whenever possible, employ safeguards against improper relationships with students and/or claims of such improper relationships. Excessive informal and social involvement with individual students is unprofessional, is not compatible with employee-student relationships, and is inappropriate

~~D.~~E. District employees will cooperate with any investigation concerning allegations of actions, conduct, or communications that if proven, would violate this policy.

~~E.~~F. The District recognizes that there are certain familial and other similar relationships that may provide exceptions.

III. ACTIONS THAT VIOLATE POLICY

Actions that violate this Policy include but are not limited to the follwoing.

A. District employees must not engage in sexual relationships with students, regardless of the age of the student.

B. District employees may not date students or have interaction or activity of a sexual nature with a student, regardless of the age of the student.

C. District employees whose interactions with students through ~~electronic~~ any type of communication that violates this Policy ~~423~~ are also in violation of Policy 441, Technology and Internet Acceptable Use By Staff when it involves the use of technology.

D. District employees must not commit or attempt to induce students or others to commit an illegal act or act of immoral conduct that may be harmful to others or bring discredit to the District.

E. District employees must not supply alcohol or any illegal substance to a student,

allow a student access to such substances or fail to take reasonable steps to prevent such access by a student.

F. District employees must not engage in any grooming behavior. Grooming occurs when a person 18 years of age or older that "expresses the desire or intent to engage in sexual conduct with a child; and engages in a deliberate pattern of conduct to methodically develop a false trusting relationship with the child that is intended to strategically manipulate the child to engage in sexual conduct with anythe person at a future time, regardless of whether any sexual conduct occurs.

IV. SCHOOL DISTRICT ACTION

A. The District will promptly investigate allegations of violations of this policy and make mandated reports as appropriate.

B. The District will take appropriate disciplinary action when it becomes aware of conduct or communication including communication through a public online social media site that adversely affects the workplace or violates applicable professional codes of ethics.

C. The District will not indemnify District employees determined to be acting outside the scope of their duties including actions that violate this policy, or who are otherwise guilty of malfeasance, willful neglect of duty, or bad faith.

PROCEDURE 423 – EMPLOYEE-STUDENT RELATIONSHIPS

I. ROLES FOR SCHOOL DISTRICT EMPLOYEES

A. District employees are expected to exercise good judgment and professionalism in all interpersonal relationships with students. Such relationships must be and remain on a teacher-student basis or an employee-student basis.

B. Teachers and administrators are expected to comply with their respective Codes of Ethics.

C. Excessive informal and social involvement with individual students is unprofessional, is not compatible with employee-student relationships, and is inappropriate.

D. District employees have inherent positions of authority and influence over students and must be mindful of that status. District employees should not use their positions to intimidate, berate or shame students for sincerely held beliefs.

E. District employees will maintain professional ethics and boundaries in their use of electronic communication including social media in their personal and professional lives. In order to maintain appropriate boundaries, District employees should consider separating personal and professional content online.

1. Teachers may elect to use online social media in the classroom for purposes of instruction. If using social media in the classroom, teachers will instruct students on the appropriate use of the social media sites. Teachers using online social media in the classroom will ensure compliance with any applicable terms of use of the online social media site.

2. The school district may take appropriate responsive action to an employee's private use of online social media if that use adversely affects the workplace or violates applicable professional codes of ethics.

3. Employees, including coaches and advisors, who participate in online social media networking groups representing student groups, do so as employees of the district.

II. SAFEGUARDS FOR SCHOOL DISTRICT EMPLOYEES

A. Consistent with professional ethics and the needs of individual students, District employees should avoid unnecessary physical contact with students.

B. When meeting with a student, District employees should meet only in rooms with windows or keep doors to the meeting rooms open or meet in areas with others nearby.

C. District employees should adhere to Policy #441 and Procedures #441, Technology and Internet Acceptable Use by Staff, in all electronic communication with students.

D. District employees should adhere to Policy #707 and provide rides to students only in an emergency situation in accordance with authorization by the site manager. In such cases, two adults must be in the vehicle with the student.

III. REPORTING AND INVESTIGATION

A. Employees with complaints or concerns about possible violations of this Policy ~~#423~~ will report their concerns to their supervisor, their supervisor's supervisor or the District's Human Rights Officer in accordance with Procedures #102.

B. Employees will cooperate with investigations of allegations of violations of this policy.

C. The District will promptly investigate allegations of violations of this policy.

D. The District will submit mandated reports as appropriate and report to the Minnesota Board of Teaching or Administrators in accordance with legal reporting requirements.

POLICY 452 - FIREARM RESTRICTIONS FOR EMPLOYEES

I. Purpose:
The purpose of this policy is to address enforcement of the Minnesota statutes regulating the carrying of firearms on school premises. In addition, the purpose of this policy is to provide sufficient guidance to allow school district officials to implement those legal requirements in a uniform way.

II. In accordance with Minnesota Statute, employees of the school district, while acting in the course and scope of employment, are prohibited from carrying firearms except that employees with a permit to carry firearms may keep a firearm in the interior of a vehicle while parked in a school district parking lot. Such employees may also carry the firearm outside the vehicle to directly place the firearm in the trunk or rear area of the vehicle. Employee must ensure the firearm is not visible and locked in the trunk, and all doors must be locked.

III. Policy 452 Firearm Restrictions for Employees will be referenced in staff handbooks, and staff are responsible to review the handbook annually.

POLICY 641 – ALTERNATIVE INSTRUCTION

I. In accordance with M.S. 120B.20, parents/guardians/adult students may review the content of instructional materials to be provided to their minor child or themselves as adult students.

II. For purposes of this Policy 641 – Alternative Instruction, content of instructional materials means content included in District approved core and supplementary textbooks, audio and video recordings, slide presentations, and digital media. Content of instructional material, as used in this Policy 641 – Alternative Instruction, does not include spontaneous classroom discussion, current event or other incidental materials, or the mode of delivery (i.e., by whom, when, or where instruction is provided).

III. If the parents/guardians or /adult students object to the content of instructional materials, they may make reasonable arrangements with school personnel for alternative instruction that meets the outcomes.

A. Review
   1. Parents/guardians/adult students wishing to review instructional materials to be provided to their child or themselves as an adult student will present the request to the Principal or designee, being as specific as possible as to which materials they wish to review.
   2. The building Principal or designee will arrange an opportunity for review of the requested material.
   3. If the parents/guardians/adult students object to the content for the child or themselves, they are to notify the Principal or designee of the specific objection.

B. Alternative Instructional Plan
   1. School personnel will propose alternative instruction that is reasonable within available resources.
   2. Alternative instruction may be provided by the parents/guardians/adult students if the alternative instruction offered by school personnel does not meet the concerns of the parents/guardians/adult students. The District is not required to pay for the costs of alternative instruction provided by parents/guardians/adult students.
   3. School personnel may evaluate and assess the quality of the student's work produced as part of alternative instruction.
   4. School personnel will not impose an academic or other penalty on a student merely for arranging alternative instruction under this policy.
   5. Neither objection to the content of instructional materials nor provision of alternative instruction for any one student is to interfere with the rights of others to receive the regular instructional content.
