* Many federal grants authorize unobligated funds remaining at the end of a grant period to be carried forward to the next budget period.
This allows grant recipients to use unexpended balances from the prior fiscal year to cover allowable costs in the current grant budget period.

Fiscal Year

The District shall operate on a fiscal year beginning July 1 and ending June 30.

Budget Planning

Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's programs and activities and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, capital improvement goals, and alternatives for achieving program goals shall be considered, as well as input from the District- and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and shall be a part of each month's activities.

Budget Meeting

The annual public meeting to discuss the proposed budget and tax rate shall be conducted as follows:

1. The Board President shall request at the beginning of the meeting that all persons who desire to speak on the proposed budget and/or tax rate sign up on the sheet provided.
2. Prior to the beginning of the meeting, the Board may establish time limits for speakers.
3. Speakers shall confine their remarks to the appropriation of funds as contained in the proposed budget and/or the tax rate.
4. No officer or employee of the District shall be required to respond to questions from speakers at the meeting.

Authorized Expenditures

The adopted budget provides authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the District's approved purchasing procedures. The expenditure of funds shall be under the direction of the Superintendent or designee who shall ensure that funds are expended in accordance with the adopted budget.

Budget Amendments

The Board shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts and other resources.

Fund Balance

Nonspendable and Restricted

The District shall report fund balances for governmental funds in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable classification shall represent assets that will be consumed or must remain intact, such as inventories of supplies and endowments, and therefore cannot be converted to cash. Provisions of law, contracts, and grants shall specify how fund resources can be used in the re-

stricted classification. The nature of these two classifications precludes a need for a policy from the Board. However, the Board has adopted rules for the three unrestricted classifications of committed, assigned, and unassigned.

Committed

From time to time, the Board may commit fund balances by a majority vote in a scheduled meeting. This commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments shall not exceed the amount of fund balance that is greater than the sum of nonspendable and restricted fund balances, as this practice would commit funds that the District does and would not have. Commitments may be made for facility expansion or renovation, program modifications, wage and salary adjustments, financial cushions such as a rainy day fund, and other purposes determined by the Board.

Assigned

Assigned fund balance comprises amounts intended to be used by the government for specific purposes. Funds set aside for carryover appropriations, early termination notification, contingencies, and projected budgetary deficit in the subsequent year's budget are examples to be included in the assigned category. Any funds set aside must be reported to the Board. The Board has authority to remove or change the assignment of the funds with a majority vote. The assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned

Unassigned fund balance is the residual classification for the general fund and shall include all amounts not contained in the other classifications. Unassigned amounts represent the resources available for future spending. The District's goal to maintain two months of operating costs shall be identified as unassigned fund balance. The general fund should be the only fund that reports a positive unassigned fund balance amount. However, in funds other than the general fund, it may be necessary to report a negative unassigned fund balance amount if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

Capital Budget

Once the multi-year capital plan has been adopted [see CT(LOCAL)], the District shall develop and implement a capital improvement projects budget or a capital budget. The capital budget shall be essential to ensure the proper planning, funding, and implementing of major projects. The capital budget shall be adopted as part of the annual budget process and shall incorporate the appropriate year of the multi-year capital plan.

Capital projects shall be considered different from programs adopted in the operating budget since they will often represent very

large financial obligations that may span two or more fiscal years. Therefore, the processes for preparing, prioritizing, and presenting them to the Board may be different from the operating budget.

Non-Routine Projects

The District shall provide a greater level of detail and information for non-routine capital projects. For non-routine projects, the capital budget shall describe the impact on the operating budget, number of additional positions required, tax or fee implications, and other financial or service impacts. When developing the capital budget, the District shall consider measures to mitigate risk related to undertaking major non-routine projects. Based on the size of the capital budget and the complexity of the capital projects, it may be necessary for the District to budget additional reserves for project overruns or insurance coverage.

Reviewing and Reporting

All stakeholders shall have the ability to review the status and expected completion of approved capital projects. Periodic reports shall be discussed with the Board regarding ongoing capital projects. These reports shall compare actual expenditures with those in the original budget, identify the level of completion of the project, enumerate any changes in the scope of the project, and alert the Board to any concerns with the completion of the project on time or on schedule.

Authorized Expenditures

A district shall not lend its credit or gratuitously grant public money or things of value in aid of any individual, association, or corporation. *Tex. Const. Art. III, Sec. 52; Brazoria County v. Perry, 537 S.W.2d 89 (Tex. Civ. App.—Houston [1st Dist.] 1976, no writ)*

A district shall not grant any extra compensation, fee, or allowance to a public officer, agent, servant, or contractor after service has been rendered or a contract entered into and performed in whole or in part. Nor shall a district pay or authorize the payment of any claim against the district under any agreement or contract made without authority of law. *Tex. Const. Art. III, Sec. 53; Harlingen Indep. Sch. Dist. v. C.H. Page and Bro., 48 S.W.2d 983 (Comm. App. 1932)*

The public school funds may not be spent except as provided by Education Code 45.105. The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year.

Local funds from district taxes, tuition fees, other local sources, and state funds not designated for a specific purpose may be used for the purposes listed above for state and county available funds and for purchasing appliances and supplies; paying insurance premiums; paying janitors and other employees; buying school sites; buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase [see CHG]; and, except as provided below, for other purposes necessary in the conduct of the public schools as determined by the board.

Exception

Funds described above may not be used to initiate or maintain any action or proceeding against the state or an agency or officer of the state arising out of a decision, order, or determination that is final and unappealable under a provision of the Education Code, except that funds may be used for an action or proceeding that is specifically authorized by a provision of the Education Code or a rule adopted under the Education Code and that results in a final and unappealable decision, order, or determination.

Education Code 45.105(a)–(c), (c-1)

Fiscal Year

The fiscal year of a district begins on July 1 or September 1 of each year, as determined by the board. *Education Code 44.0011*

Budget Preparation

On or before the date set by the State Board of Education (SBOE), a superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of a district for the following fiscal year. The budget must be prepared according to generally accepted accounting principles, rules adopted by the SBOE, and adopted policies of the board of trustees. *Education Code 44.002; 19 TAC 109.1(a), .41, .5001*

Funds for Accelerated Instruction

A district that is required to provide accelerated instruction under Education Code 29.081(b-1) [see EHBC] shall separately budget sufficient funds, including funds under Education Code 48.104, for that purpose. *Education Code 29.081(b-2)*

Itemization of Certain Expenditures

The proposed budget of a district must include, in a manner allowing for as clear a comparison as practicable between those expenditures in the proposed budget and actual expenditures for the same purpose in the preceding year, a line item indicating expenditures for:

1. Notices required by law to be published in a newspaper by the district or a representative of the district; and
2. Directly or indirectly influencing or attempting to influence the outcome of legislation or administrative action, as those terms are defined in Government Code 305.002.

Local Gov't Code 140.0045

Public Meeting on Budget and Proposed Tax Rate

When the budget has been prepared, the board president shall call a board meeting for the purpose of adopting a budget for the succeeding fiscal year. Any taxpayer of a district may be present and participate in the meeting. *Education Code 44.004(a), (f)* [See CCG for provisions governing tax rate adoption.]

The meeting must comply with the notice requirements of the Open Meetings Act. *Gov't Code 551.041, .043* [See BE]

Published Notice

The board president shall provide for publication of notice of the budget and proposed tax rate meeting in accordance with Education Code 44.004. [For specific requirements regarding the form, contents, and publication of the notice, see CCG(LEGAL).]

Publication of Proposed Budget Summary

Concurrently with the publication of notice of the budget under Education Code 44.004, a district shall post a summary of the proposed budget on the school district's internet website or, if the district has no internet website, in the district's central administrative office.

The budget summary must include a comparison to the previous year's actual spending and information relating to per student and aggregate spending on:

1. Instruction;
2. Instructional support;
3. Central administration;
4. District operations;
5. Debt service; and
6. Any other category designated by the commissioner.

Education Code 44.0041

Budget Adoption

The board, at the meeting called for that purpose, shall adopt a budget to cover all expenditures for the succeeding fiscal year. The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins. *Education Code 44.004(f)–(g)*

Appendix for Tax Rate Calculation Forms

The board shall include as an appendix to the district's budget for a fiscal year the tax rate calculation forms used by the designated officer or employee of the district to calculate the no-new-revenue tax rate and the voter-approval tax rate of the district for the tax year in which the fiscal year begins. *Tax Code 26.04(e-5)* [See CCG]

Districts with July 1 Fiscal Year

A district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property [see CCG] in preparing the required notice if the district does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district. *Education Code 44.004(h)–(i)*

Budget Adoption After Tax Rate Adoption

Notwithstanding Education Code 44.004(g), (h), and (i), above, a district may adopt a budget after the district adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the district elects to adopt a tax rate before receiving the certified appraisal roll for the district. If a district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate. Following adoption of the tax rate [see CCG], the district must publish notice and hold another public meeting before the district may adopt a budget. The comptroller shall prescribe the language and format to be used in the notices. The district may use the certified

estimate of taxable value in preparing a notice under this provision. *Education Code 44.004(j)*

Publication of Adopted Budget

On final approval of the budget by the board, the district shall post on the district's internet website a copy of the budget adopted by the board. The district's website must prominently display the electronic link to the adopted budget. A district shall maintain the adopted budget on the district's website until the third anniversary of the date the budget was adopted. *Education Code 44.0051*

On or before a date set by the SBOE, the budget must be filed with the Texas Education Agency according to rules established by the SBOE. *Education Code 44.005*

Internet Posting of Tax Rate and Budget Information

Each district shall maintain an internet website or have access to a generally accessible internet website that may be used for the purposes of these provisions. Each district shall post or cause to be posted on the internet website the following information in a format prescribed by the comptroller:

1. The name of each member of the board;
2. The mailing address, email address, and telephone number of the district;
3. The official contact information for each member of the board, if that information is different from the information described by item 2;
4. The district's budget for the preceding two years;
5. The district's proposed or adopted budget for the current year;
6. The change in the amount of the district's budget from the preceding year to the current year, by dollar amount and percentage;
7. The tax rate for maintenance and operations adopted by the district for the preceding two years;
8. The interest and sinking fund tax rate adopted by the district for the preceding two years;
9. The tax rate for maintenance and operations proposed by the district for the current year;
10. The interest and sinking fund tax rate proposed by the district for the current year; and
11. The most recent financial audit of the district.

Tax Code 26.18

Effect of Adopted Budget and Amendment

Public funds of the district may not be spent in any manner other than as provided for in the budget adopted by the board, but the board may amend a budget or adopt a supplementary emergency budget to cover necessary unforeseen expenses. Any amendment or supplementary budget must be prepared and filed in accordance with SBOE rules. *Education Code 44.006*

Spending Violation/Offense

A trustee who votes to approve any expenditure of school funds in violation of a provision of the Education Code, for a purpose for which those funds may not be spent, or in excess of the item or items appropriated in the adopted budget or a supplementary or amended budget commits an offense. *Education Code 44.052(c)*

Certain Donations

A district may donate funds or other property or service to the adjutant general's department, the Texas National Guard, or the Texas State Guard. *Gov't Code 437.111(b), .252, .304(a)*

Commitment of Current Revenue

A contract for the acquisition, including lease, of real or personal property is a commitment of a district's current revenue only, provided the contract contains either or both of the following provisions:

1. Retains to a board the continuing right to terminate the contract at the expiration of each budget period during the term of the contract.
2. Is conditioned on a best-efforts attempt by the board to obtain and appropriate funds for payment of the contract.

Local Gov't Code 271.903

Prohibited Uses of Resources

Improvements to Real Property

Except as provided below or by Education Code 45.109(a-1), (a-2), or (a-3) [see CX], the board may not enter into an agreement authorizing the use of school district employees, property, or resources for the provision of materials or labor for the design, construction, or renovation of improvements to real property not owned or leased by the district.

This provision does not prohibit the board from entering into an agreement for the design, construction, or renovation of improvements to real property not owned or leased by the district if the improvements benefit real property owned or leased by the district. Benefits to real property owned or leased by the district include the design, construction, or renovation of highways, roads, streets, sidewalks, crosswalks, utilities, and drainage improvements that serve or benefit the real property owned or leased by the district.

Education Code 11.168

Hotels	The board may not impose taxes; issue bonds; use or authorize the use of district employees; use or authorize the use of district property, money, or other resources; or acquire property for the design, construction, renovation, or operation of a hotel. The board may not enter into a lease, contract, or other agreement that obligates the board to engage in an activity prohibited by this provision or obligates the use of district employees or resources in a manner prohibited by this provision. "Hotel" means a building in which members of the public obtain sleeping accommodations for consideration. The term includes a motel. *Education Code 11.178*
Electioneering	For restrictions on using district funds for electioneering, see BBBD.

LISD
LAREDO INDEPENDENT SCHOOL DISTRICT

REGULAR AGENDA

5. Discussion and possible action on revisions to CW (LOCAL) Policy and CW Exhibit.

Mr. Guillermo Pro, Superintendent of Schools

LISD BOARD OF TRUSTEES

Goyo M. Lopez President, District 5	Veronica V. Orduño Vice President, District 3	Rodolfo “Rudy” Morales, III Secretary, District 2	Alfredo Gustavo Perez Parliamentarian, District 4	Juan Ramirez, Jr. Trustee, District 1	Dr. Gilberto “Gil” Martinez, Jr. Trustee, District 6	Monica Rangel- Garcia Trustee, District 7	Guillermo Pro Superintendent

It is the policy of the Laredo Independent School District not to discriminate on the basis of race, color, national origin, gender, religion, limited English proficiency, or handicapping condition in its programs.

PROPOSED REVISIONS

The Board shall name a new or existing facility using the following guidelines. A facility may be named for:

1. A ~~name considered may be of a deceased~~ person other than a current District employee who has made significant contributions to society, ~~and~~ education, the community, or the District.

~~2. A facility may be named for a person who served the District or community, but not for a current District employee.~~

~~3.~~2. A ~~facility may be named for a~~ny local, state, or national heroic figure or geographic area.

Process

Board members shall call for the naming of a facility through the Board President. The Board President shall place the item on the agenda for the next regularly scheduled Board meeting, at which time the Board members shall discuss all nominations for the stated facility.

Nominations shall be made in writing on a District form and shall provide the justification for the suggestion.

If requesting the naming of a facility for a person, ~~T~~the form shall include the biographical data, significant contributions made by the nominee, and shall state reasons why the facility should be named for the nominee.

The final selection for the naming of the stated facility shall be made by a majority vote of the Board at the next available called Board meeting. The Board President shall include the item on the agenda.

Dedication

The new or existing facility shall be dedicated at an appropriate public ceremony held at a reasonable date and time during the school year after the occupancy of the building and/or the building plaque and related materials have been properly installed.

Board of Trustees Continuing Education and Required Training Summary
October 22, 2026

The purpose of this report is to provide an overview of the Board of Trustees' continuing education, professional development, and required training credits for the 2025–2026 reporting period.

According to the report, **131 training hours are recorded collectively for the seven Trustees**, with individual totals ranging from 16 to 23 hours. The training requirements include Board orientation, Texas Education Code, Team Building, Additional Continuing Education, Evaluating and Improving Student Outcomes (EISO), School Safety, and other required state training topics.

The report also identifies training entries marked as in progress, along with certain completion dates and documentation that require verification. Therefore, the reported hours reflect the training recorded to date and should not be interpreted as confirmation that all Trustees have fulfilled every applicable training requirement.

The Superintendent's Office will continue working with the Trustees to verify completion records, obtain outstanding certificates, and update the district's training documentation to support compliance with applicable state requirements.
