Currently, only 5A and 6A football teams have home field advantage in the first round of playoffs.

2028-2029

5A & 6A – Shot clock is required

WHO WE ARE? FORZA LAREDOS

Forza Laredos is a community-driven soccer club based in Laredo, Texas, founded with one purpose: to proudly represent the city of Laredo through the game of soccer. From its beginning, the club has been built around the belief that Laredo deserves a team that reflects the identity, pride, culture, and passion of its community. Forza Laredos is more than a team competing on the field; it is a long-term project focused on bringing the city together and creating something the community can proudly call its own.

Since beginning competition in the United Premier Soccer League (UPSL), Forza Laredos has continued to grow both competitively and organizationally. The club earned promotion to the UPSL Premier Division following a successful campaign that included winning its conference and advancing through postseason competition.

Every step the organization takes is centered around representing Laredo with pride and continuing to elevate the city through soccer. Forza Laredos has focused on developing a strong and sustainable club structure through professional matchday operations, community engagement, local partnerships, sponsorship development, marketing, and a growing presence throughout the city. The organization is committed to building a long-term soccer project that connects local players, youth programs, businesses, supporters, and the broader Laredo community.

As the club looks toward its next chapter, Forza Laredos remains driven by the same vision on which it was founded: one team, one city, one mission.

FORZA LAREDOS

#FORTHECITY

REQUEST OF SHIRLEY FIELD

Shirley Field would be an exceptional fit for Forza Laredos and the continued growth of our organization. The facility provides the infrastructure and essential requirements needed for our club to host matches at a high standard while creating a professional and welcoming environment for players, supporters, sponsors, and visiting teams. Establishing Shirley Field as our home venue would also represent much more than simply having a place to compete, it would allow us to bring high level soccer directly to the Laredo community and create new opportunities for local players, families, and young athletes to be part of something built within their own city. As Forza Laredos continues to grow, having a strong local venue would support our mission of expanding opportunities through soccer, strengthening community involvement, and building a club that proudly represents Laredo both on and off the field.

FORZA LAREDOS

FOR THE CITY.

THANK
YOU!

REVEL

Life skills for teens

**Better Teen**

Therapy made just for teens

Continuous Student Support™ at LISD

A no-cost demonstration with LISD 9th-grade magnet students.
\$0 cost to LISD. No new staff. No obligation to expand.

THE PROBLEM

Too many students, not enough time.

350 : 1

students for every school counselor

The American School Counselor Association recommends 250:1.

Time runs out before students do

Knowing what is changing for every student takes more hours than counselors have.

Needs show up late

Grades, attendance or discipline often reveal a struggle only after it has grown.

Quiet students go unseen

Students who don't ask for help get the least of a counselor's time.

THE CONSTRAINT

***Hiring enough counselors isn't
in the budget.***

So the real question is this: how can counselors reach more students, **without adding FTEs?**

REVEL is the answer: a coach who knows every student and family.

A real coach

Who knows the whole family?

Intake with student and parent. Weekly texts. Monthly 1:1s.

REVEL Score™

How is the student doing?

At intake and every 8 weeks: relationships, life satisfaction, self-worth.

Relationship Map™

Who matters to the student?

Trusted adults, family and peers, and where support is missing.

Living CV™

What is the student building?

Interests, service, work and skills, captured as they happen.

When a student needs more, we bring it in: LPCs, nutritionists and other specialists.

Not diagnosis. Not surveillance. Shared with consent.

The result: a prioritized caseload, every morning.

If development is continuous, support should be too.

When a student needs more than coaching

01

A person raises it

A coach or counselor notices a concern. People raise students, not algorithms.

02

Family consent

Parents or guardians decide whether a referral moves forward.

03

Licensed care

A Licensed Professional Counselor (LPC) assesses, treats and follows up.

04

The team stays connected

The REVEL coach and school counselor stay involved, with consent.

LISD emergency and mandatory-reporting procedures always apply.

CASE STUDY | CONTINUOUS STUDENT SUPPORT IN ACTION

From too shy to ask, to a team in his corner.

Eli G. | Grade 9

Illustrative photo - details changed

WHAT HE WANTS

- "Make new friends and be better."
- "Feel confident about myself."
- "Be more active. Join clubs."

STRENGTHS TO BUILD ON

Hopeful about his future. Interested in clubs, student council, math and business.

WHAT HIS COACH LEARNED

Eli was struggling quietly.

- He was too shy to reach out to his school counselor on his own.
- After weight-related bullying, he wanted friends, confidence and a sense of belonging.
- He wanted to feel healthier and have more energy.

HIS COACH RAISED IT

During a weekly check-in, Eli shared signs of self-harm with his coach. She brought in his counselor, his parents and a licensed clinician.

HOW THE TEAM RESPONDED

His support team came together.

- 01 **SCHOOL COUNSELOR**
His coach made the introduction
Eli was too shy to reach out on his own, so his coach connected them.
- 02 **COUNSELOR + PARENTS**
Safety concern shared
His coach informed his school counselor and his parents.
- 03 **BETTER TEEN CLINICIAN**
First clinical session within 72 hours
A licensed clinician began assessment and care.
- 04 **NUTRITION & WELLNESS**
Wellness support added
A specialist began helping him feel healthier and have more energy.
- 05 **PEERS**
Connected with classmates
Introduced to REVEL students in his grade for group chat support.

ONGOING
REVEL COACH

Weekly check-ins with his coach

Monthly live coaching sessions

One coach keeps the whole team connected.

WHAT'S IN IT FOR THE DISTRICT

What LISD gets, at no cost

01

Two partners, more reach

REVEL coaches keep every student known. Better Teen adds licensed care. Counselors focus where they're needed.

02

A prioritized caseload

Counselors see who needs them now, who to check on, and who is thriving.

03

Better-prepared meetings

Counselors walk in already knowing what has changed and what matters.

04

Help arrives earlier

Coaching conversations surface needs before failing grades, absences or a crisis.

05

Quiet students are known

Students who don't ask for help, or lack an advocate at home, still have someone.

06

More from what LISD funds

Students get connected to tutoring, CTE, dual credit and scholarships LISD already offers.

During the demonstration: \$0 cost to LISD. No new staff. No obligation to expand.

ACCOUNTABILITY

What we'll measure.

Monthly reporting to campus Lead Counselor

- Participation and guardian consent
- Check-ins completed and coaching sessions held
- Students connected to counselors, programs and licensed care
- REVEL Score change over time, group-level and de-identified
- Counselor feedback on time and caseload
- Student and family feedback
