Re: Bond Project Update

The district has been conducting their due diligence with ensuring all legal requirements are in place before the contractor GMP's are in place. The district has acquired the services of legal counsel to guide this effort along with a project advisor through LBL ESD. The district issued a certified letter to CB Construction in December for an immediate response on areas that were either not defined or the district felt were missing. CB Construction responded favorably in accordance to legal counsel and our project advisor. Since time has evolved through this process since the last GMP's were submitted to the district at the end of October, CB Construction will need time to verify the figures from sub-contractors are still accurate and due to capacity issues, CB will not be able to conduct the electrical work, thus they are actively searching for an electrical contractor to complete the work.

After meeting with the Bond Oversight Committee (BOC) on January 11, 2023 with CB Construction and Straightline Architects, it is recommended that the Board of Directors sets a special meeting for January 26, 2023 to review the updated GMP's that CB Construction will be submitting by January 18, 2023. I look forward to moving this project forward.

Re: Seesaw Curriculum Adoption

Recommending Seesaw Curriculum adoption for the following reasons:

1. Dedicated to providing high quality substantive educational curriculum to support the work of teachers and students towards reaching academic goals and objectives in accordance with state standards.
2. Currently, K-5 teachers are independently finding resources and developing curriculum that aligns with state standards, and this adoption would allow for a tremendous amount of support in their efforts.
3. Seesaw platform provides engaging, high-quality, differentiated instruction across all academic content areas that meet state standards and focuses on increased feedback and interaction between students, teachers, and families.
4. Seesaw technology provides support for all learners to access high quality content in an equitable manner.
5. Although a newer curriculum, Seesaw is becoming well known as teachers and districts are finding great success implementing this to provide opportunities for students to build confidence while targeting standards.
6. Intuitive tools simplify data-informed and differentiated instruction within all academic areas, so every student receives the right level of support and challenge.
7. Foundational math and literacy skills, comprehensive computer science, social emotional and personal development lessons are provided within the Seesaw curriculum.

8. Built in assessment, reflection, and connection activities are easily accessible and intuitive for all participants.
9. Audio and text directions for assignments are provided in 100+ languages supporting equitable access for all students.
10. Student-driven portfolios are created within the platform to support reflection, growth mindset, and motivation. Portfolios capture student progress and are shared with an authentic audience - teachers, peers and family members.
11. Seesaw focuses on engaging all adults that are invested in the academic and personal path of each student. Additional family members can be invited to student accounts to provide encouragement and support in real time with text and audio posts.
12. A comprehensive progress monitoring system is embedded in the program which supports competency-based assessment and gives teachers a more complete picture of student's progress in real time.
13. Analytics provide details on student progress with-in standards based skill activities and lessons, and multiple views of student engagement.
14. Communication and engagement is a key component of the Seesaw platform. Teachers, specialists, support staff, and family members are able to share resources, updates, and collaborate to meet the unique needs of each student.
15. Seesaw provides a platform for creating a highly engaging community of learning where students can receive feedback and support from fellow students.
16. Seesaw provides extensive online resources to support teachers, administrators, families, and students.

Seesaw contract is for 400 students, which would allow a few elementary teachers at ASD Brick & Mortar to explore the possibility of utilizing the platform within their classrooms as well.

The district recommends that the board approves the Seesaw K-5 Curriculum. The cost is \$4,780 for 400 students.

Instructional Materials/Program Adoption Procedure

Section I - Selection

The director of curriculum and instruction will see that each subject area specialist appoints a committee with a representative from each grade level and each building to serve as a instructional materials selection committee. The committee will review all new instructional materials of their subject and in consideration of input from teachers of all grade levels, parents and citizens, will recommend the titles for district adoption.

The director of curriculum and instruction may conduct in-service meetings for employees to explain the materials and answer questions. In-service may consist of techniques such as:

1. Staff meetings at individual schools;
2. Resource teacher meetings;
3. Summer school demonstration class;
4. Available materials may be left at the school as long as time permits and until all those concerned have had an opportunity to review.

The teaching staff and principal of each school will review and select the instructional materials and quantities needed to fulfill the needs of the students. Each principal will submit to the superintendent a written request for the selected materials.

The principals and director of curriculum and instruction will meet and review each school's selection of instructional materials.

The requests for each school are consolidated by the superintendent into a district composite requisition.

Instructional materials are adopted for a period of not less than two years nor more than five years after the date of first use.

A yearly October report of all basic instructional materials adopted by the district is submitted to the superintendent by the director of curriculum and instruction. The report contains:

1. A list of course and/or curriculum areas;
2. Title of the instructional materials adopted for each course and/or area;
3. Grade(s) in which the materials are used;

4. Name of publisher and/or author;
5. Copyright date;
6. Year the material was first adopted by the district.

PURPOSE & PROCEDURES

The purpose of this plan is to increase the safety of at-risk youth and protect the health of all students at Alsea High School by implementing procedures related to suicide prevention, intervention, and postvention.

Senate Bill 52, or Adi's act, was passed in 2019 and requires Oregon school districts to publicly post a comprehensive plan for suicide prevention, intervention, and postvention response. This plan should be reviewed annually.

QUICK NOTES

School staff are frequently considered the first line of contact with potentially suicidal students

Most school personnel are neither qualified, nor expected, to provide the in depth assessment or counseling necessary for treating a suicidal student. They are responsible for taking reasonable and prudent actions to help at-risk students, such as notifying parents, making appropriate referrals, and securing outside assistance when needed.

All school personnel need to know that protocols exist to refer at-risk students to trained professionals so that the burden of responsibility does not rest solely with the individual "on the scene".

Research has shown that talking about suicide, or asking someone if they are feeling suicidal, will not put the idea in their head or cause them to die by suicide.

School personnel, parents/guardians, and students need to be confident that help is available when they raise concerns regarding suicidal behavior. Students often know, but do not tell adults, about suicidal peers. Having supports in place may lessen this reluctance to speak up when students are concerned about a peer.

DEFINITIONS

Crisis Team

A multidisciplinary team of primarily administrative, mental health, safety professionals, and support staff whose primary focus is to address helping a school support students and staff after a crisis.

Mental Health

Someone's state of being in regards to their emotions and feelings. Everyone has mental health. Mental health is a spectrum and can present strengths and challenges at all stages of life.

Protective Factors

Protective factors are a part of someone's life experience that might increase their ability to cope with stressors. Examples of protective factors are a stable home environment, presence of supportive adults, and financial stability.

Risk Factors

Risk factors are parts of someone's life stressors or the oppression experienced by a part of their identity that might increase their likelihood of thinking about suicide. Suicide risk tends to be highest when someone has several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and the environment.

Self-Harm

Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. Can be categorized as either non-suicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.

Suicide

Death caused by self-directed injurious behavior with any intent to die as a result of the behavior.

Suicide Attempt

A self-injurious behavior for which there is evidence that the person had at least some intent to kill themselves. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feeling such as a wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or dangerous suicide attempt.

Suicidal Ideation

Thoughts about killing oneself or ending one's life. These thoughts can range from "I wish I could go to sleep and not wake up" to detailed planning for

suicide. ALL thoughts of suicide should be taken seriously.

Suicide Intervention

The intentional steps that your school and its staff take in the event of a student mental health crisis. Examples include written procedures, safety planning, parental involvement, and emergency services.

Suicide Prevention

The intentional steps that your school takes to create a school culture that encourages positive coping skills, reaching out to help with mental health, and talking about suicide in a safe and healthy way. Examples of suicide prevention include mental health education, staff training, and mental health awareness activities.

Suicide Postvention

Postvention is a crisis response strategy designed to reduce the risk of suicide contagion, provide the support needed to help survivors cope with a suicide death, address the social stigma associated with suicide, and disseminate factual information after the suicide death of a member of the school community.

SECTION 2: PREVENTION

PREVENTION TRAINING AND EDUCATION

Staff: All staff should receive training on school policy, procedures, and best practices for intervening with students at risk of suicide.

- All school staff will receive:
 - Safeschools online training module-each year
 - Question, Persuade, Refer (QPR) training-at minimum every other year.
 - Access to review district suicide prevention policy and plan-each year

- Designated staff members (school counselors, school psychologists, mental health specialists, and administrators) will receive specialized training to intervene, assess, and refer students at risk for suicide.
 - Applied Suicide Intervention Skills (ASIST)- after hire and 5 year refresher training

Students:

- Core Curriculum:
 - All students should receive information about suicide and suicide prevention through the district's health curriculum, K-12. The purpose of developmentally appropriate suicide prevention curriculum delivered at the secondary level is to teach students how to access help at their school for themselves, their peers, and others in the community.

- Additional Support:
 - Through the Comprehensive School Counseling Program, students may receive additional instruction and support for suicide awareness, prevention, and intervention
 - Students should be made aware each year of the staff that have received specialized training to help students at risk for suicide
 - Suicide risk screening and/or assessment
 - Access to the district suicide prevention plan

POPULATIONS AT ELEVATED RISK FOR SUICIDAL BEHAVIOR

Alsea school district identifies the unique needs of its community and identifies populations that may be at elevated risk for suicidal behavior. Alsea's suicide prevention plan is most effective when community diversity and linguistic needs are appropriately addressed.

Youth living with mental health and/or substance use disorders

While the large majority of people with mental disorders do not engage in suicidal behavior, people with mental disorders account for more than 90 percent of deaths by suicide. Mental disorder, in particular depression or bi-polar (manic-depressive) disorder, alcohol or substance abuse, schizophrenia, and other psychotic disorders, borderline personality disorder, conduct disorder and anxiety disorders are important risk factors for suicidal behavior among young people. The majority of people suffering from these mental disorders are not engaged in treatment, therefore school staff may play a pivotal role in recognizing and referring the student to treatment that may reduce risk.

Youth who engage in self harm or have previously attempted suicide

Suicide risk among those who engage in self-harm is significantly higher than the general population. Whether or not they report suicidal intent, people who engage in self-harm are at an elevated risk for dying by suicide within 10 years. Additionally, a previous suicide attempt is a known predictor of suicide death. Many adolescents who have attempted suicide do not receive necessary follow up care.

Youth in foster care

Youth involved in the juvenile justice or child welfare systems have a high prevalence of many risk factors for suicide. Young people involved in the juvenile justice system die by suicide at a rate about four times greater than the rate among youth in the general population. Though comprehensive suicide data on youth in foster care does not exist, one researcher found that youth in foster care were more than twice as likely to have considered suicide and almost four times more likely to have attempted suicide than their peers not in foster care.

Youth experiencing homelessness

For youth experiencing homelessness, rates of suicide attempts are higher than those of the adolescent population in general. These young people also have higher rates of mood disorders, conduct disorders, and post-traumatic stress disorder. One student found that more than half of runaway and homeless youth have had some kind of suicidal ideation.

American Indian/Alaska Native (AI/AN) youth

In 2009, the rate of suicide among AI/AN youth ages 15-19 was more than

twice that of the general youth population. Risk factors that can affect this group include substance use, discrimination, lack of access to mental health care, and historical trauma.

LGBTQ+ youth

The CDC finds that LGBTQ+ youth are four times more likely, and questioning youth are three times more likely, to attempt suicide than their straight peers. The American Association of Suicidology reports that nearly half of young transgender people have seriously considered taking their lives and one quarter have reported having made a suicide attempt. Suicidal behavior among LGBTQ+ youth can be related to experiences of discrimination, family rejection, harassment, bullying, violence, and victimization. For those youth with baseline risk for suicide (especially those with a mental disorder), these experiences can place them at increased risk. It is these societal factors, in concert with other individual factors such as mental health history, and not the fact of being LGBTQ+ which elevate the risk of suicidal behavior for LGBTQ+ youth.

Youth bereaved by suicide

Studies show that those who have experienced suicide loss, through the death of a friend or a loved one, are at increased risk for suicide themselves.

Youth living with medical conditions or experiencing disability

A number of physical conditions are associated with an elevated risk for suicidal behavior. Some of these conditions include chronic pain, loss of mobility, disfigurement, cognitive styles that make problem solving a challenge, and other chronic limitations. Adolescents with asthma are more likely to report suicidal ideation and behavior than those without asthma. Additionally, studies show that suicide rates are significantly higher among people with certain types of disabilities, such as those with multiple sclerosis or spinal cord injuries.

SUICIDE RESPONSE PROTOCOL

Warning signs that may indicate an immediate danger or threat:

- Someone who has already taken action to die by suicide
- Someone threatening to hurt or kill themselves
- Someone looking for ways to die by suicide- seeking access to pills, weapons, or other means
- Someone talking, joking, or writing about death, dying, or suicide

Staff response:

If a suicidal attempt, gesture, or ideation occurs or is recognized, staff will ensure the continuous supervision of the student and report it to the school

counselor or school administrator right away. If there is imminent danger, call 911. A Suicide Screening Protocol Level 1 is performed by a trained school staff member. The screener will do the following:

- Interview the student using the Suicide Risk Assessment
- Complete a Student Safety Plan, if indicated
- Contact parent/guardian to inform and gather additional information
- Determine need for a Level 2 community based assessment based on level of concern and noted risk factors through the Suicide Risk Assessment
- Inform administrator of screening results

RE-ENTRY PROCEDURE

For students returning to school after a mental health crisis (e.g. suicide attempt or psychiatric hospitalization), a school counselor, mental health professional, administration, or designee, will meet with the student's parent or guardian, and if appropriate, meet with the student to discuss re-entry and appropriate next steps to ensure the student's safe return to school.

The school will request that the parent or guardian provide documentation from the hospital or mental health provider and/or sign a release of information to allow the school to share information with the hospital or outside mental health provider.

The designated staff person will periodically check in with the student to help the student readjust to the school community and address any ongoing concerns

SECTION 4: POSTVENTION

Regardless of how comprehensive suicide prevention and intervention plans may be, not all suicidal behavior will be prevented. Schools must be prepared to act and provide postvention support and activity in the event of a serious attempt or a completed suicide. The school's primary responsibility in these cases is to respond to the tragedy in a manner which appropriately supports students and the school community impacted by the tragedy.

Key Points (After a Suicide: A Toolkit for Schools, 2011):

- Prevention after a suicide attempt or completion is very important. Schools should be aware that adolescents and others associated with the event are vulnerable to suicide contagion or, in other words, increased risk for suicide.
- It is important to not “glorify” the suicide and to treat it sensitively when speaking about the event, particularly with the media.
- It is important to address all deaths in a similar manner. Having one approach for a student who dies of cancer, for example, and a different approach for a student who dies by suicide reinforces the stigma that still surrounds suicide.
- Families and communities can be especially sensitive to the suicide event.
- Know your resources.

Postvention Protocol

- School Administrators notify the District Office
- Verify Suicide
- The Crisis Response Team will be mobilized in partnership with LBL ESD crisis team members
- Estimate level of response resources required
- Determine what and how information is to be shared
- Inform faculty and staff
- Identify at risk students and staff
- Refresh staff on prevention protocols and be responsive to signs of risk

MEMORANDUM

January 4, 2023

TO: Alsea School District Board of Directors
FROM: LaRae Sullivan, LBL-ESD Assistant Business Manager
RE: December 31st, 2022 Financial Statements

Board Members,

Attached you will find the 2022-23 financial statements through December 31st, 2022. These statements include the General Fund Statement of Revenues Budget vs. Actual, General Fund Statement of Expenditures Budget vs. Actual, and total Appropriations for the year.

The General Fund statements include the actual revenues and expenditures from July 1, 2022 through December 31st, 2022. The estimated General Fund Ending Fund Balance is \$1,424,688. This is projected with: expenditure appropriation estimated with savings by use per function of budget, comparisons with to last years actuals, and estimated State School Fund (SSF) revenue lowered in anticipation of enrollment adjustments for FY22-23.

1. Work Session: 6:00pm

- a. Discussion concerning the HR Reset.
- b. First Break all the Rules Measuring Stick

Discussion concerning the HR Reset. In reference to page 2 of 12, a COSA consultant was called in, Alsea School District utilized the HR consultant mainly for comparison data. Different school districts were contacted to gather pay scale data. We have a total of 30 unique job descriptions that have been developed. There are two different phases to this process. Phase 1 is what is being presented at this meeting. Phase 2 will be when Mr. Gallagher, the business manager and the HR department call each individual employee and make sure they are placed appropriately based on experience, education etc.

Insurance reset. It was noticed that there is an anomaly that is not standard procedure, especially with board policy. Recommending a proration of the district cap according to FTE .75-1 is full benefit. .5 - .74 is prorated and 0 - .49 no benefit unless the employee chooses to purchase insurance. A Health Reimbursement account in lieu of insurance was approved earlier this year where the district will pay 50% of the district contribution into an account.

Life insurance. Suggesting that it be added for all employees. This is standard operating procedure in other districts. These benefits are not necessarily up for approval tonight as they will be added as part of the staff handbook, which is contingent on the updating of the board policies.

A lot of salary schedules were not consistently in place. Those in place varied by step increases. These have been re-aligned by classified 10 steps and confidential, administrative by 8 steps. For this year, only an example of a 4% COLA was presented but is not part of the approval until union negotiations occur.

The staff handbook is in process. Policy review with OSBA is in process. Supervisory and confidential employees, Mr Gallagher is recommending moving to one transportation supervisor position. This is in apropos with other districts around the state. Reclassification of executive administrative assistance is classified under the confidential assistance definition. Administrative employees needed differentiation as pay is currently based on contracted days.

Principal salaries are now based on a step system as well as a differential between types of administrative positions. Currently, classified instructional assistants are either a Tier I or Tier II with no definition. They took the current two tiers and created a three-tier system with clear definitions.

Tier I will be a regular classroom assistant

Tier II Classroom assistant with extra certification i.e. Title, AA degree, RTI assistants

Tier III SPED assistants who work with high-needs students.

Transportation - we have a transportation department that not only serve Alsea School District but Kings Valley and WLA as well. Our drivers are transporting students from numerous locations twice a day making us unique. The transportation driver rates will remain the same.

Incentives -Transportation incentives, a sign on bonus of \$500 as well as a longevity bonus of \$500 starting with the 5th year of service.

Lunch compensation - paying classified for a 30-minute duty free lunch. This violates BOLI law as well as board policy. In exchange, we will start paying for holidays that land within the contracted year. Currently, Board policy only addresses this for employees on a 260-day contract.

Evaluations - thus far the Alsea School District has not had an appropriate evaluation in place. In 2013 there was a state law put into play in regard to specific ways to evaluate teachers and administrators. For the last 6 months we have worked hard to employ a new teacher and administrator evaluation system that was put into place last week. Using a product called Teach-Boost.

Evaluations system for classified and support staff will be rolled out in January 2023. This part, the HR consultant was very helpful. When the conversation with each employee happens, the evaluation expectations will be made known to them.

Stipends will be a part of the negotiation process with the union. Stipends are supposed to expire at the end of each year and re-negotiated for the 2022-23 school year. Instead of paying SPED teachers a stipend maybe looking at paying a differential instead.

Certified salaries are a union negotiation and not part of the HR reset.

Timeline in retroactivity - any increase in salaries be retroactive back to July 1, 2022. Decrease in salaries will not take effect until January 2023. With that being just around the corner, it would be up to the Board if they wanted to amend that they certainly can.

Currently, the district does provide paying PERS as well as health insurance as opposed to other districts. As to whether this will help the district financially is still an unknown until the staff have been talked to.

In summary, balanced salary and compensation package for our employee groups. Currently we have IAs who are making more than a beginning teacher. We have a lot of anomalies with stipends that need to be solidified to be consistent and fair. It is not appropriate to have our employees making less than a fast-food employee. We also need to be fiscally accountable to our community and taxpayers. We can not have a male and/or female earning different salary doing the same job unless it is based on experience and/or education.

Salary schedules -

Principal - 220 contract - currently a step five position with our principals currently paid at the step three rate.

Vice Principal - 220 contract - a step five position with a differentiation between the principal and assistant principal positions.

SPED Director - on the higher pay due to the elevated rate of responsibility - on a 240-day contract

Business Manager - 260 contract as there is a lot of reporting as well as audits happening throughout the year.

Debra Lindberg expressed concern that Alsea is on the heavier end of Administrators. Mr. Gallagher expressed that these will look different next year. There will be one less administrator for the Learn at Home Oregon program. As well as very likely one less at the building level.

Risteen Follett - asked if the private market was being looked at. No because private is usually higher than government-paid positions. The comparison is difficult as public education employees are a very different job set. Comparison should be with other 1A districts. Mr. Gallagher said that we are not trying to match who we compared with and other 1A districts did not respond. The Board is requesting that a VP be on a different pay scale as opposed to a principal. They would also like to see them on an 8 step pay scale instead of a 5 step scale. Robert Webb said that he felt we should not be looking at any other districts other than 1A as they are more equivalent to our school demographic.

Risteen Follett would not like to vote on any of these issues tonight as she feels that there should be more conversation around all of these issues.

Summary, what move from where we are today to get us into a safe spot and avoid legal issues. What needs to change to get us into compliance? Mr. Gallagher feels that enough research went into the salary / job descriptions to create the proposed reset.

Sara Littlefield

Sean Gallagher

HR Reset - First Break all the Rules Measuring Stick – Nationwide survey of what keeps long term employees, expectations, tools, what I do best, recognition for doing a good job. Encourages development. Does my opinion count? Mission purpose, quality work. Relationships at work. Ability to learn and grow. Legislative and school funding updates: housing, health care and education. There are now 33 new faces in the legislature. The current biennial for the state school fund is currently 9.38 million. The state is looking at increasing that to 9.56 million, which is only an increase of 2.3%. OASBO analyzed needs at 10.3 million just to break even. There was an analysis done using state requirements and they estimated that schools need 11.89 million to meet those standards. We need to make Alsea known.

Family Liaison report

Sara Littlefield – Sara has been working with a grant writer to apply for grant money, partnering with Vina Moses in Corvallis to help supply our students in need with shoes, clothing, supplies etc. It has helped 58 families to date, the Corvallis alliance league is also being worked with to help our families in need with different resources. Always looking for resources.

8. Reports

a. LAHO Social Media Communications & Newsletter

Speaker(s): Heather Shunk -

Two newsletters have gone out so far. Using SMORE is nice to see the engagement of parents viewing. How long they spend looking at newsletters etc. Social media to show what is happening in our school.

9. Financials

a. Financial Report

Speaker(s): LaRae Sullivan

Regarding the HR reset, the life insurance timing would not go into effect until 10/01/2023. IRS rules will not allow payment of any employee for travel reimbursement from home to work just for clarification. Enrollment was up for Learn at Home Oregon, but overall enrollment is still down from last year. We won't see a huge savings or increase in income until our enrollment goes up. With the 49-51 split, we are looking at increased costs that will be going up next year as well as 49 splits of revenue for the state. Page 1 of the financial statements is a year to date for your information. Page 2 is more detailed, comparing budgeted to committed costs. Reviewing fund 100 and functions, she is trying to reallocate as much as possible to the Grant agreement. General fund transfers were set at \$530,000, which has been lowered due to the fact that we are getting a DEQ grant for our decommissioned busses and may not need to transfer as many buses for our transportation. On page 6 you can see that our general interest is much greater than in prior years at this time. Expenditures on page 8 are from July to November in comparison to previous years. Our salaries and benefits are slightly higher but we did do some late-year hiring. But because of decreased enrollment, we need to spend accordingly. The main effect will be seen next year.

10. Payment of Bills for November

Speaker(s): LaRae Sullivan - Board packets are missing the list of bills that are needing to be paid. LaRae will pull the information and email it to Mr. Gallagher, and he will share it with the School Board.

Debra Lindberg asked for clarification on the wireless license. We currently have to pay \$18,000 per year and the system we are moving to will move us to \$1000 per year. This will be in conjunction with the ESD and reimbursable.

11. Patron Comments:

Joni Olsen, requested to speak first: thank you for your service, current policy BBDH under review? Members of the public are invited to share. The public can request to place items on the agenda. Trying to navigate an avenue, submitted request 11/29/2022. She was told she could not ask to add an item. Ultimately, she was invited to talk to Sean Gallagher and Risteen Follett. She felt the conversation was open and honest. How can the public better engage with SB members? Is this an appropriate way to

address the HR reset? She is having a hard time with timeframe and lack of information for the board to approve the salary schedule.

Samantha Pedder, I have been an employee with the Alsea School for 7 years. I was told on more than one occasion my pay would not be affected as I was too good of an employee and most likely more duties would be added. What I would like to do is passionately dive into what she brings to the school. She feels this will negatively impact the RTI program and students. I am a single mother, and with the opportunities that were afforded me in January of 2021 it gave me many opportunities to support her family. I felt valued and appreciated. With a \$6400 per year decrease in pay, I will not enable her to make mortgage payments etc. I never imagined that all that was promised to me could be taken away.

Anna DuBord, I understand that Sean Gallagher has been given a daunting task. Please recognize the areas of change and pay scale. Why does it have to happen in January vs at the end of the school year? Some staff are receiving a very significant pay cut. Causing even more hardship for staff who have to travel over the mountain. Alsea School District is very unique with staff wearing many hats to keep the school running.

Carmen Martin - I have lived here a long time. I have been through a lot. I agree there needs to be a balance and I appreciate everything Sean has been doing. But it is going too fast. I am requesting to slow the process down instead of continuing with a 'knee jerk' reaction.

Risteen Follett thanked the staff and community for reaching out and telling their stories. It is not an easy thing to do.

12. Board Comments

Debra Lindberg, spoke to Mr Adams regarding the Superintendent search. There was some incorrect data i.e., it said that we have 900 students, when in fact we have 556 with 226 being brick and mortar. It was also not mentioned that we are a charter school. He will do a little write-up about the Learn at Home Oregon program and add that to the corrected flier. He wanted to know if January 5, 2023 was a good day for the online training session for the hiring committee. The training session will only last an hour. There are middle school basketball games that date. Risteen Follett says that 7:00 PM would work.

13. Approval of Minutes: November 10, 2022

Risteen Follett stated that the times noted for the executive session and open session were incorrect. Approve with modifications.

Risteen Follett: are there any policies that anyone would like to discuss: Ryan Van Leuven CDCBI: Sean Gallagher said it's under state law. Risteen Follett Note: include the CDCBI policy in the new superintendent search contract language. Risteen Follett has 5 she would like to look at: ACBD12: Every student belongs, 6th paragraph, OSBA's description of hate symbols, she feels, are too narrow a focus. There doesn't seem to be anything about allowing some symbols to be used while teaching a specific subject. Is there an educational component? Ryan VanLeuven , yes it's in another section or policy. Risteen Follett, do they want to expand? Sean Gallagher made the suggestion that it's just a policy not an AR, so there could be specifications made there. ACRG1: in step 3 there is a grammar error, change to "during a board meeting". BCFD1: pg 2 following section about the education equity committee, adopt or just evaluate? Sean Gallagher recommends that we wait and see how larger districts handle it before we jump in. Deb Lindberg: She thinks we should wait and see. Ryan Van Leuven: Who makes up the committee? Community members, employees, and parents. BDDHG1: Item 3 states person speaking may only comment on agenda items. Risteen Follett feels that the board should limit patrons to just speak their opinions on agenda items. Sean Gallagher said that it was a house bill that was passed so there may be no way around it. Risteen Follett would like to see it held out and get more information on it before first reading. BKD1: adopting this means that the board will have to do a self evaluation. She wanted to make sure that everyone was aware of this and felt it was something they could very much do. Sean Gallagher said it's an existing policy. There was just a legal change.

Sean Gallagher: yes some of it does, but the YTP grant will pay for some of it along with the credit recovery. They have a meeting to clarify the total amount. Barriers, awareness of state standard alignment, training on lesson planning and implementation that align with common core, establishing trust with high risk students. d. Approve Policies i. - xli. Risteen Follett motions to remove the exclusions: BDDHG1 and BCFD1 for further clarification in state law. Ryan VanLeuven seconds: wants to know if we're removing it completely or just for clarification. Risteen Follett amended her motion: remove policy BKD1 to review legal compliance, BDDHG1 and BCFD1 remove the optional language and the language of the quality committee. Ryan Van Leuven seconds, All in favor

e. HR Reset Salaries Approval: Comprehensive proposal, keep in mind. Keep a balance of salaries across the board. There were a lot of anomalies and they needed to be revised. Take this as a first reading as it is complex and will take time to read. Included new proposals. Will rescan and repost to Board Books. Looked at size and competitive districts for comparison ranges. Bus Drivers is an area that shouldn't change. 70% reimbursement for the State. Area for review instructional aides moved to a 3 tier system instead of a 2 tier. Secretary difference. Admin changes as well. Goal is to rebalance and have accountability. We have been underpaying our classified staff and have competitive salaries for other areas. Was to have longevity to our employees...signing bonuses for starting and staying. Board will be approving the salary schedule and can't place a name to a position. Deb Lindberg: salary change to the total budget? What's it going to do? Sean Gallagher and Roxie Smallwood will place people on the schedule, but opening up the personnel files is a mess. Will be having meetings with teachers to place them on the correct level. Deb Lindberg: this will help us know what we're saving, that was the whole reason for this process. Sean Gallagher yes there should be cost savings shown. RisteenFollett: she is interested in saving money to keep the doors open. She wants to see general cost savings to see how we're helping the district. LaRea Sullivan: there should be an estimated 15-20% cost savings, but it will be a standard set for everyone to see. Can't say that will be exact without seeing the exact numbers. Linda: Montanez quick synopsis of what LaRea Sullivan said? Sean Gallagher: Emphasizing that this is a first reading and the estimate is a 15-20% cost savings. Risteen Follett moved action item e to Dec meeting.

f. Forestry Students Overnight Stay, Rockaway Beach: Sean Gallagher asked Eric Clendenin what his recommendation would be. Eric Clendenin is in full support of them going. It would be an invaluable experience and to set up our program for the future. Sean Gallagher agrees. Deb Lindberg motions to approve the overnight trip for the forestry class, Ryan VanLeuven seconds, all in favor.

The district budget committee will consist of the five members of the Board and five electors appointed by the Board as required by law. At least one member of the budget committee must be a member of the district's educational equity advisory committee.¹ The Board will establish appropriate timelines and procedures for the appointment of budget committee members.

No budget committee member may receive any type of compensation from the district. They may not be an officer, agent or employee of the district.

Meetings of the Budget Committee

The district's budget committee shall hold one or more meetings to receive the budget message, the budget document and to provide members of the public with an opportunity to ask questions about and comment on the budget document. The budget officer committee shall announce the time and place for all such meetings, as provided by law. All meetings of the budget committee are open to the public.

Function of the Budget Committee

¹ Districts with ADM over 10,000 must convene an educational equity advisory committee no later than September 15, 2022. Districts with ADM of 10,000 or under are not required to convene an educational equity advisory committee until September 15, 2025.

It is the function of the budget committee to approve budget estimates for an educational plan previously determined by the Board. No new program should be considered for the budget estimate that has not previously been submitted to the Board and approved as a part of the educational plan. The budget committee will determine levels of spending, but will not determine programs.

Investment of Funds

These regulations are issued for the guidance of the business management office in the day-to-day operation of the investment program.

These regulations apply to activities of the portfolio manager with regard to investing the financial assets of all excess funds of the district including the General Fund, Special Revenue Funds, Capital Project Funds, Internal Services Funds and any and all Trust and Agency Funds under the control and direction of the district.

The portfolio manager will routinely and actively monitor the contents of the investment portfolio, the available markets and the relative values of competing investments and will adjust the portfolio accordingly. The portfolio manager, acting in accordance with these procedures and exercising due diligence, shall not be held personally responsible for a specific security's credit risk or market price changes, provided that these deviations are reported as soon as practical and that appropriate action is taken to control adverse developments.

All investments will be carried at cost. Gains or losses from investments will be credited or charged to investment income at the time of sale. Premiums or discounts on securities may be amortized over the life of the security.

Diversification of Maturity

1. The district shall attempt, to the maximum extent possible, to match investment maturity schedules with anticipated cash flow requirements. In no event, unless specifically matched to specific requirements such as bond sinking funds or reserves, will the district invest in securities having a maturity more than 18 months from the date of purchase.
2. Investment maturities for operating funds shall be scheduled to coincide with projected cash flow needs.
3. In determining the amount of excess funds available for investment purposes, the portfolio manager will maintain cash flow projections and schedules as well as a historical record of expenditures and receipts. These forecasts and schedules will be reviewed and updated as required to reflect actual conditions as they exist.

Qualified Institutions for Investment Purchases

1. The district shall evaluate each financial institution (as used herein, the term is meant to include brokers/dealers) from whom it purchases investments as to financial soundness at least once annually. Investigation may include review of the most recent Consolidated Report of Condition ("call" report), rating reports, financial statements as well as analysis of the particular institution's management, profitability, capitalization and asset quality.

2. Any financial institution with whom the district wishes to do business shall provide financial data at the request of the portfolio manager. The information will be reviewed by the portfolio manager who will decide on the soundness of the institution before adding that institution to those that are on the approved qualified institution list for the district. The district reserves the right to be selective and to add or delete institutions from the approved list at will.
3. The portfolio manager will maintain a qualified institution list. A financial institution must be on this approved list prior to transacting any business with the district. A basic requirement for inclusion on the approved listing is a capital adequacy ratio in excess of 120 percent (1.2 to 1). All approved financial institutions must be chartered in Oregon and insured by the Federal Deposit Insurance Corporation (FDIC).
4. Brokers or dealers not affiliated with a bank shall have offices located in Oregon, be classified as reporting dealers affiliated with the New York Federal Reserve Bank as primary dealers, or be required to meet capital adequacy requirements.

Diversification of Instrument of Investment

1. The portfolio manager will diversify the investment portfolio to avoid incurring unreasonable risks inherent in overinvesting in specific instruments, individual institutions or maturities.
2. Time certificates of deposit: In purchasing a time certificate of deposit (TCD), the portfolio manager will not invest an amount which is more than 10 percent of the total deposits of any single institution. As required by Oregon Revised Statutes, the portfolio manager will be responsible to ensure that a Certificate of Participation has been presented by the issuing institution to cover any outstanding TCD above the statutory level of insurance provided by FDIC. The district will always require full collateralization on all TCD investments.
3. Banker's acceptances: All banker's acceptances (BA's) will be purchased from an Oregon chartered financial institution.
4. Repurchase Agreements: All repurchase agreements will be collateralized 110 percent by U.S. Government or Agency obligations. All collateral will be held by third party safekeeping. A signed repurchase agreement will be obtained from the issuing institution.
5. U.S. Treasury Obligations: No limits on purchase.
6. U.S. Government Agency Securities: No limits on purchases other than limit on concentration of 25 percent in any one type issue.
7. Local Government Investment Pool (LGIP): The LGIP limits investment to accounts not to exceed the inflation-adjusted maximum under Oregon Revised Statute (ORS) 294.810. Other than this limitation, there is no limit to the amount that can be invested in the pool, although the pool does not collateralize or deliver investment instruments.
8. Diversification Guidelines: Investments will be consistent with statutory requirements under ORS 294.035 and Oregon Short Term Fund rules and recommendations.

Expenditure of District Funds for Meals, Refreshments and Gifts

The district recognizes there may be occasions when it is appropriate for Board members, administrators and others to expend district funds in the course of conducting district business to provide meals or refreshments (i.e., bakery goods, snacks, fruit, punch, coffee, tea, soft drinks, etc.). The purchase of gifts may also be approved in certain situations. Such occasions may include, but are not limited to, various district and building level meetings, gatherings to celebrate district successes or recognize individual achievements, contributions or outstanding service to the district and other district and school-sponsored activities. Such expenditures may be made with prior superintendent approval only, subject to the provisions of this administrative regulation.

The use of district funds, as used in this regulation, means the use of money in any of the general accounts of the district. This includes the General Fund, Food Service Fund and others. It also includes money in student body accounts held at each school that are derived from any student activity or from parent organizations. Exceptions are funds collected from staff members or others for the specific purpose of providing gifts or parties. It is also recognized that buildings may have established a “social fund” or “sunshine fund” to which each staff member may voluntarily contribute. Such funds are generally used for birthday recognition, bereavement and illness acknowledgment activities, etc. These funds are also exempt from the following requirements.

Meals and Refreshments

District funds may be used to pay for individual or group meals only if official district business is being conducted during the time in which the meal is provided and only if the meal provides a particularly practical time or setting for the discussion, consistent with Board policy and the following:

1. Meals may be provided by the district to recognize the contributions of staff, through retirement dinners or other recognition events;
2. Meals may be provided by the district as a part of Board or administrative work sessions, at district or building-level committee meetings or other district-approved activities.

Meals not directly business related may be provided to staff or others at the individual’s expense only.

Board members, principals and other district administrative staff may use district funds to provide refreshments for staff, parents or others at meetings, in-service programs or other similar district or school-sponsored activities, \$250 subject to the following additional requirements:

1. The purchase of alcoholic beverages with district funds is strictly prohibited;
2. The use of district funds for parties is prohibited.

Gifts

There are numerous occasions that may arise whereby Board members, administrators or other district staff may feel the need to recognize employees (i.e., Administrative Professional's Day, teacher appreciation week, classified employees' week, birthday, etc.). A Board member, administrator or other district employee may provide such recognition at his/her expense only, unless as otherwise permitted below:

1. The district may provide a small token of appreciation for a Board member's or employee's retirement and years of service and other related activities utilizing district funds, as approved in advance. For example, the Board generally proclaims special recognition for classified employees' week and teacher appreciation week;
2. Administrators may use district funds to provide an appropriate token of appreciation on behalf of the Board. The value of this item may not exceed \$50 per person;
3. No other expenditure of district funds for gifts is permitted without prior authorization from the Board or superintendent.

Bidding Requirements

The Board is the Local Contract Review Board (LCRB) for the district. All public contracts shall be invited in accordance with applicable competitive procurement provisions of the Oregon Revised Statutes and the adopted public contracting rules.

The Board, acting as its own LCRB, adopt the *Oregon Attorney General's Model Public Contract Rules*, Oregon Administrative Rule (OAR) Chapter 137, Divisions 046 through 049 in effect at the time this policy is adopted.

The district shall procure the construction manager/general contractor services in accordance with model rules the Attorney General adopts under Oregon Revised Statute (ORS) 279A.065(3).

Additionally, the Board may include as part of its rules portions of the Oregon Department of Administrative Services rules governing Public Contract Exemptions, OAR Chapter 125, Divisions 246-249 in effect at the time this policy is adopted.

The Board may make the written findings required by law for exemptions from competitive bidding. Such findings shall be maintained by the district and made available on request.

The district shall review its rules each time the Attorney General adopts a modification of the model rules, as required by ORS 279A.065(6)(b), to determine whether any modifications need to be made to district rules to ensure compliance with statutory changes. New rules, as necessary, shall be adopted by the Board. In the event it is unnecessary to adopt new rules, Board minutes will reflect that the review process was completed as required.

The Board, acting as the LCRB, may enact a resolution that authorizes the district to designate a public improvement as a community benefit contract per the requirements included in ORS 279C.300 to 279C.470.

Procurements for services estimated to be in excess of \$250,000 shall go through the cost analysis and feasibility process described in ORS 279B.

Special Procurements and Exemptions from Competitive Bidding

SPECIAL PROCUREMENTS

The district shall submit a written request to the Board, acting as the Local Contract Review Board (LCRB), that describes the contracting procedure, the goods and services or class of goods and services that are the subject of the special procurement and circumstances that justify the use of a special procurement under the standards as follows: the special procurement is unlikely to encourage favoritism in the awarding of a public contract or to substantially diminish competition for public contracts and, (A) is reasonably expected to result in substantial cost savings to the district or to the public, or (B) otherwise substantially promote the public interest in a matter that could not practicably be realized by complying with requirements that are applicable under ORS 279B.055, 279B.060, 279B.065, 279B.070 or under any related rules. Public notice of the approval of a special procurement must be given in the same manner as provided in ORS 279B.055(4). If the district intends to award a contract through special procurements that calls for competition among prospective contractors, the district shall award the contract to the contractor it determines to be most advantageous to the district. When the LCRB approves a class special procurement the district may award contracts to acquire goods and services within the class of goods and services in accordance with the terms of the approval without making a subsequent request for a special procurement.

1. Brand Names or Products, “Or Equal,” Single Seller and Sole Source
 - a. The district may purchase brand names or products from a single seller or sole source without competitive bidding subject to the limitations of this rule.
 - b. Solicitation specifications for public contracts of the district shall not expressly or implicitly require any product of any particular manufacturer or seller except as expressly authorized in subsections c. and d. of this rule.
 - c. The district may specify a particular brand name or equal specification when the use of a brand name or equal specification is advantageous to the district, because the brand name describes the standard of quality, performance, functionality and other characteristics of the product needed by the district.
 - (1) The district is entitled to determine what constitutes a product that is equal or superior to the product specified, and any such determination is final;
 - (2) The district is not prohibited from specifying one or more comparable products as examples of the quality, performance, functionality or other characteristics of the product needed by the district;
 - (3) A brand name specification may be prepared and used only if the district determines for a solicitation or class of solicitations that only the identified brand name specification will meet the needs of the district based on one or more of the following written determinations:

- P
- R
- O
- P
- S
- E
- D
- (a) The use of a brand name specification is unlikely to encourage favoritism in the awarding of public contracts or substantially diminish competition for public contracts; or
 - (b) Specification of the brand name, mark or product would result in cost savings to the district; or
 - (c) There is only one manufacturer or seller of the product of the quality, performance or functionality required; or
 - (d) The efficient utilization of existing goods requires the acquisition of compatible goods and services.
 - d. The district may award a contract for goods or services without competition when the LCRB determines in writing that the goods or services, or the class of goods or services, are available from only one source. The determination of the source must be based upon written findings that shall include:
 - (1) A brief description of the contract or contracts to be covered, including contemplated future purchases;
 - (2) Description of the product or service to be purchased; and
 - (3) The reasons the district is seeking this procurement method, which shall include any of the following:
 - (a) That the efficient utilization of existing goods requires the acquisition of compatible goods or services; or
 - (b) That the goods or services required for the exchange of software or data with other public or private agencies are available from only one source; or
 - (c) That the goods or services are for use in a pilot or an experimental project; or
 - (d) To the extent reasonably practical, the contracting agency shall negotiate with the sole source to obtain contract terms advantageous to the contracting agency.
 - e. The district may specify a product or service available from only one manufacturer but available through multiple sellers after complying with subsection c. above documenting the procurement file with the following information:
 - (1) If the total purchase is over \$10,000 but does not exceed \$150,000, and a comparable product or service is not available under an existing Mandatory Use Contract, the district must obtain informal competitive quotes, bids or proposals and document this process in the procurement file;
 - (2) If the purchase does not exceed \$150,000, and the supplies or services are not available under an existing price agreement for information technology with competing products or Mandatory Use Contract, the district must first request and obtain prior written authorization from the LCRB to proceed with the acquisition.
 - f. If the district intends to make several purchases of brand name-specific supplies and services from a particular manufacturer or seller for a period not to exceed five years, the district must so state this in the procurement file and in the solicitation document, if any, or a public notice of a solicitation. If the total purchase amount is estimated to exceed \$150,000, this shall be stated in the advertisement for bids or proposals.

Findings of Fact/Conclusion of Compliance with Law (OAR 125-247-0275)

The district shall submit a written request to the local contract review board that describes the contracting procedure, goods and services subject of the special procurement and the circumstances that justify the use of the special procurement.

- a. It is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts and is reasonably expected to result in substantial cost savings to the district which could not be realized under ORS 279B.055, 279B.060, 279B.065 or 279B.070 as required by ORS 279B.085(4).
- b. Public notice of the approval must be given in the same manner as provided in ORS 279B.055(4).
- c. This rule requires the districts to make a good faith effort to determine that no other sources are available for the specified products.
- d. The district maintains open lists from which vendors are contacted for quotations and utilizes electronic means of determining new vendors on an ongoing basis.
- e. The awarding of a contract as described in this special procurement should result in substantial cost savings by virtue of the ability to reduce solicitation costs when it is known that comparable products are not available, or when specifying another product solely to meet a competition requirement might lead to lower initial cost but longer lifetime cost.
- f. When the local review board approves a class special procurement the district may award contracts to acquire goods and services within the class of goods and services in accordance with the terms of the approval without making a subsequent request for procurement.

2. Advertising Contracts, Purchase of

- a. The district may purchase advertising in any media, regardless of a dollar amount, without competitive bidding.
- b. The Board acting as the LCRB of the district must use competitive methods whenever possible to achieve best value and must document in the procurement file the reasons why a competitive process was deemed impractical and the resulting contract must be in writing.
- c. If the anticipated purchase exceeds \$10,000 and a competitive method is used, the district must post notice on the OregonBuys.gov.

Findings of Fact

The district traditionally purchases advertising in newspapers. The following findings relate primarily to newspapers and written publications; however, the district may also purchase advertising for student activities or educational programs in other media, such as radio or television, where these findings apply:

- a. By their nature, media sources are generally unique. Advertisements are placed in a particular source because of the specific audience that source serves;
- b. Competition to furnish advertising space in daily newspapers of general, trade or business circulation in the vicinity of the district is limited;
- c. Cost savings are difficult to quantify where the sources are unique and not interchangeable;
- d. Advertisements may be placed to satisfy legal notice or Board policy requirements;
- e. Other published advertisements or notices, such as routine public notices, personnel recruitment information, etc., are placed in one or more of the publications of general circulation in the local area and other publications, as appropriate;

- f. The communities served by the district rely upon its use of the local daily newspaper as a central source of news and information regarding district activities;
- g. It is unknown whether contracts for advertisements placed with radio, television or other broadcast media are going to result in cost savings if not placed for competitive bid or request for proposal (RFP). If possible savings could be obtained through competitive means, the district would attempt to obtain competitive quotes or bids, as appropriate.

Conclusion of Compliance with Law

Due to limited competition and unique nature of sources, it is unlikely that this class special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts. Further, any contracts awarded under this class special procurement would result in a cost savings available to the district where the district can achieve volume savings through contracts for advertising with a particular media source, or otherwise substantially promote the public interest.

3. Advertising Contracts, Sale of

The district may sell advertising for district publications and activities, regardless of a dollar amount, without competitive bidding, including school newspapers, yearbooks, athletic programs, drama or music programs and the like.

Findings of Fact

Sales of advertising for student activities are generally other fund revenues, where student groups solicit advertisements from local businesses to help with the cost of the activity itself. A common example is the sale of advertising in school newspapers and yearbooks. The circulation of the newspaper and yearbook is limited to the students, teachers, parents and interested members of the community associated with the activities of that particular school. Due to the limited circulation and audience, the businesses that participate by purchasing advertising do so partly in the spirit of good will. Any business is welcome to place an advertisement in the school newspaper or yearbook; all it needs to do is to contact any district school department which publishes one. The district itself would not achieve any increased revenue to the General Fund by seeking competitive bids or proposals for such advertising. This holds true for other student activities, such as athletics, drama or music events and the like.

Conclusion of Compliance with Law

These findings indicate that it is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts. Any business or individual who wishes to advertise in this manner may do so by simply contacting the student group responsible for the activity.

The sale of advertising for student activities such as school newspapers, yearbooks, athletic, drama or music programs would not benefit from competitive procurement. Such a requirement would place an unnecessary burden on the student group's activity and there is no financial advantage to the district in doing so. Consequently, the cost savings test is not an issue.

4. Equipment Repair and Overhaul

- P** a. The district may enter into a public contract for equipment repair or overhaul without competitive bidding, subject to the following conditions:
- (1) Service or parts required are unknown and the cost cannot be determined without extensive preliminary dismantling or testing; or
 - (2) Service or parts required are for sophisticated equipment for which specially trained personnel are required and such personnel are available from only one source; and
 - (3) The purchase is made within the limits and pursuant to the methods in subsection b. of this rule.
- b. The following limitations apply to this rule:
- (1) If the contract is less than or equal to \$150,000, the school or department shall submit in writing to the superintendent or designee the reasons why competitive bids or quotes are deemed to be impractical. The superintendent or designee will accordingly document in its procurement file and may enter directly into the contract;
 - (2) If the school or department official thinks the contract may exceed \$150,000, he/she shall submit in writing to the superintendent or designee the reasons why competitive bidding is deemed to be impractical and a description of the cost savings to be obtained by a special procurement. The superintendent or designee may prepare a specific request for the anticipated contract to be obtained through special procurement procedures to submit to the LCRB for approval.

Findings of Fact

- a. The need for equipment repair or overhaul cannot be anticipated by district staff. If a piece of equipment is broken or not working properly, the district incurs cost of downtime, possible replacement equipment rental fees, staff time and other inconveniences or liabilities to its programs.
- b. Generally, there are a limited number of vendors who are able to perform repair or overhaul on a particular piece of equipment because of its make or manufacture. Sophisticated equipment may require specially trained personnel available from only one source. Often, a piece of equipment will have a partial warranty in place which will guarantee some savings to the district in the parts and/or labor needed to do the repair or overhaul. This warranty savings may only be achieved if the original manufacturer or provider of the equipment performs the necessary repair or overhaul.
- c. The dollar limits on the use of this special procurement procedure ensure that when the cost of the equipment repair or overhaul is expected to exceed \$150,000, the district will either seek formal competitive bids or, if that is not practical or cost effective, obtain a specific special procurement procedure from the LCRB to proceed with the purchase of the needed repair or overhaul.

Conclusion of Compliance with Law

It is unlikely that this special procurement procedure will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts because the dollar limits incorporated into this special procurement when the anticipated costs exceed \$150,000, insure the district will seek formal competitive bids and proposals. If the formal process is not practical, the

district will obtain a specific exemption from the LCRB to proceed with the purchase of the needed repair or overhaul.

The awarding of public contracts under this special procurement will result in a cost savings to the district, as required by ORS 279B.085, because the district incurs direct and indirect costs from the moment equipment breaks down or becomes unusable. This special procurement only applies to equipment already owned by the district and does not provide for the purchase of new equipment. The district must be able to purchase necessary services and parts as quickly as possible in order to minimize equipment downtime and potential costs during that downtime.

5. Copyrighted Materials

The district may, without competitive bidding and regardless of a dollar amount, purchase copyrighted materials where there is only one known supplier available for such goods. Examples of copyrighted materials covered by this special procurement procedure may include, but are not necessarily limited to, newly adopted textbooks/instructional materials, workbooks, curriculum kits, reference materials, audio and visual media and non-mass-marketed software from a particular publisher or their designated distributor.

Findings of Fact

- a. By their nature, copyrighted materials are protected for the use of a single owner. Copyrighted materials may not be duplicated by others without the copyright owner's permission or license. Copyrights are established and regulated under federal law.
- b. Often, copyrighted materials are produced by only one supplier who may be the owner of the copyright or his/her licensee. Textbooks/Instructional materials are examples of copyrighted materials that the district purchases through a sole source. Textbooks/Instructional materials are adopted through a statewide process under the authority of the Oregon Department of Education. A textbook/instructional material adoption defines the various materials which the district will purchase for use in its educational programs.

The district purchases its textbooks/instructional materials through the Northwest Textbook Depository. This practice enables the regional textbook depository to purchase and warehouse textbooks/instructional materials in conformance with adoptions made in the states of their region. The result is that savings are achieved through the depository's combined purchases on behalf of member districts. Freight costs for individual districts are reduced by the bulk purchases of the depository and the depository takes on the cost of stocking and warehousing enough to meet each member district's needs.

The system of textbook/instructional materials distribution enables the district to participate in the largest possible bulk purchasing activity of adopted textbooks/instructional materials in the region. This ensures a cost savings to the district. A savings that would be jeopardized if the district was to act as an individual purchaser.

Conclusion of Compliance with Law

This special procurement will not encourage favoritism or substantially diminish competition in the awarding of public contracts. The production and distribution of copyrighted materials is controlled by the owner of the copyright and may only be permitted through a sole source. The district has no control over this.

The awarding of contracts pursuant to this special procurement will result in a cost savings to the district when it needs to purchase copyrighted materials and there is only one known supplier for such goods, or otherwise substantially promote the public interest.

6. Product Prequalification

- a. When specific design or performance specifications must be met or such specifications are impractical to create or reproduce for a type of product to be purchased, the district may specify a list of approved or qualified products by reference to the prequalified product(s) of particular manufacturers or vendors in accordance with the following product prequalification procedure:
 - (1) The district will make reasonable efforts to notify all known manufacturers and vendors of competing products of the district's intent to compile a list of prequalified products. The notice will explain the opportunity manufacturers and vendors of competing products will have to apply to have their product(s) included on the district's list of prequalified products. At its discretion, the district may provide notice by advertisement in a trade paper of general statewide circulation or other appropriate trade publication; or instead of advertising, the district may provide written notice to those manufacturers and vendors appearing on the appropriate list maintained by the district; and
 - (2) The district will accept manufacturer and vendor applications to include products in the district's list of prequalified products up to 15 calendar days prior to the initial advertisement for bids or proposals for the type of product to be purchased, unless otherwise specified in the advertisement or in the district's written notice.
- b. If the district denies an application for including a product on a list of prequalified products, the district shall promptly provide the applicant with a written notice of the denial and include the reason for denial. The applicant may submit a written appeal within seven calendar days to the district business manager to request review and reconsideration of the denial.

Findings of Fact

- a. There are occasions when the district needs to establish a list of prequalified products before it invites bids or proposals to furnish the products. The district may have a specific performance or design need, but it is impractical for the district to create a specification for the type of products to be purchased. An example is audiovisual equipment. There is a tremendous variety of audiovisual products offered in the market. The equipment technology is complex and constantly changing. It would be very burdensome and time consuming for the district to generate nonbrand name, generic performance specifications for such equipment every time it wants to make a purchase.

Also, competition would be poorly served because bidders and proposers would not know in advance whether their offered product would meet the general specification substantially enough to be considered a responsive offer. The decision to make an award would be slow, because each product offered would have to be analyzed against the district's specification. Slowdown in the award process affects both bidders, who are asked to hold their bids open until award is made, and district programs, because staff are not able to order the equipment they need until the contract is awarded.

- P** In this case, it might be more cost effective and efficient for the district to prequalify products and establish a list of approved products before invitations to bid are sent out. The prequalification process can be done some time before the need for a new contract. Once the prequalified product list is established, the bidding and contract award process can go quickly and smoothly.
- b. A second occasion when prequalification of products will be useful is when the specific design or performance specifications for a product are so exacting that the district must have time to carefully consider what is offered in the market that may or may not meet the specifications and, if necessary, reconsider its options before issuing an invitation to bid.
 - c. This rule sets out a process of prequalification which requires the use of advertisement or other appropriate means to notify vendors of competing products of their opportunity to submit items for prequalification. The district maintains vendor mailing lists which are open to all interested vendors. The district uses these lists routinely to notify vendors of its intentions to prequalify products or to invite bids on products.
 - d. This includes a 15-day time limit between the closure of a prequalification list and a related invitation to bid. This time factor ensures that vendors have a reasonable time to apply to include their products on a prequalified product list.
 - e. Subsection b., of this rule provides vendors with an appeal process to follow if their application for prequalification is denied.

Conclusion of Compliance with Law

Where prequalification of products is appropriate, it is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or diminish competition for such contracts. There are several safeguards in the rule to prevent this, including notice, advertising, time and appeal process requirements to ensure that vendors are given a fair and open opportunity to participate in the prequalification process.

The prequalification of products process is a time-consuming effort for the district. It is not a shortcut procurement method. The district would use this method only after balancing cost-saving considerations, such as the ability of the district to create or generate nonbrand name generic specifications for types of products or the need for lengthy product evaluation prior to a contract award. If the prequalification method is chosen, it will result in a cost savings to the district because the normal method of product selection is too cumbersome and costly to pursue, or otherwise substantially promote the public interest.

- 7. Requirements Contracts (Blanket Purchase Orders, Price Agreements)¹
 - a. The business manager, on behalf of the district, may establish requirements contracts for the purposes of minimizing paperwork, achieving continuity of product, securing a source of

¹ OregonBuys.gov allows authorized members to utilize the state's price agreement/contracts to purchase goods and services. Authorized OregonBuys members can legally attach to a state price agreement and forego the competitive bid process. Access to hundreds of competitive price contracts for a wide variety of goods and services: vehicles, computers, furniture, copiers, fax machines, travel, pharmaceuticals, office products, etc., is available. Counties, cities, schools, municipalities or their public corporate entities having local governing authority, a United States governmental agency or American Indian tribe or agency are eligible to participate.

- supply, reducing inventory, combining district requirements for volume discounts, standardization among school and departments and reducing lead time for ordering.
- P**
- b. The district may enter into a requirements contract (also known as a blanket purchase order or price agreement) whereby it is agreed to purchase goods or services for an anticipated need at a predetermined price or price discount from a price list, provided the contract is led by a competitive procurement process pursuant to the requirements of the public contracting code and these rules.
 - c. Once a requirements contract is established, schools and departments may purchase the goods and services from the awarded contractor without first undertaking additional competitive solicitation.
 - d. School and departments shall use requirements contracts established by the district, unless otherwise specified in the contract, allowed by law or these rules or specifically authorized by the superintendent or designee.
 - e. Under the authority of ORS 279A.025 and 279B.085, the district may use the requirements contracts entered into by another Oregon public agency when:
 - (1) The original contract met the requirements of public contracting code; and
 - (2) The original contract allows other public agency usage of the contract; and
 - (3) The original public contracting agency concurs and this is documented by a written interagency agreement between the district and the agency.
 - f. The term of any district requirements contract, including renewals, shall not exceed five years unless otherwise permitted under the public contracting code.

Findings of Fact

- a. This rule permits the district to enter into a requirements contract, in which the vendor agrees to provide specified goods and services over the term of the contract at the bid price or discount rate. A requirements contract is useful when the purchase of the goods or services are routine and repetitive. For example, school, office, custodial and facilities maintenance supplies are customarily purchased through requirements contracts.
- b. Requirements contracts are a common method of minimizing paperwork, achieving continuity of product, securing a source of supply, reducing inventory, obtaining volume discounts, standardizing usage among schools and departments and reducing lead time for ordering.
- c. The district establishes a requirements contract as a result of open competitive bidding or RFP processes, unless otherwise permitted under the public contracting code.
- d. The district limits the term of a requirements contract, including all renewal options, to a maximum of five years before competitive rebidding must be done, unless otherwise permitted under the public contracting code.
- e. The district may use the requirements contracts established by other public agencies, subject to certain conditions of state law, Board policy and administrative regulation.

Conclusion of Compliance with Law

D

It is unlikely that this special procurement will result in favoritism in the awarding of public contracts or diminish competition for such contracts. The district will only enter into requirements contracts which result from open competitive bidding processes. This condition applies also to the use of requirements contracts established by other public contracting agencies.

The awarding of district requirements contracts will result in a cost savings to the district, or otherwise substantially promote the public interest. It would be costly and inefficient to make routine, repetitive purchases of goods and services through individual transactions. Also, the guaranteed volume of a requirements contract allows the district to get better prices from bidders.

8. Used Personal Property or Equipment, Purchase²

- a. Subject to the provisions of this rule, the district may purchase used property or equipment without obtaining competitive bids or quotes, if the district has determined that the purchase will result in cost savings to the district and will not diminish competition or encourage favoritism. “Used personal property or equipment” is property or equipment which has been placed in its intended use by a previous owner or user for a period of time recognized in the relevant trade or industry as qualifying the personal property or equipment as “used” at the time of district purchase. Used personal property or equipment generally does not include property or equipment if the district was the previous user, whether under a lease, as part of a demonstration, trial or pilot project or similar arrangement.
- b. For purchases of used personal property or equipment costing less than or equal to \$150,000, the district shall, where feasible, obtain three competitive quotes unless the district has determined and documented that a purchase without obtaining competitive quotes will result in cost savings to the district and will not diminish competition or encourage favoritism.
- c. For purchases of used personal property or equipment totaling \$150,000 or more, the district shall attempt to obtain three competitive quotes. The district will keep a written record of the source and amount of quotes received. If three quotes are not available, a written record must be made of the attempt to obtain quotes.

Findings of Fact

- a. The district is responsible to manage expenditures in the best interests of the public. Cost savings can be achieved through the procurement of used property and equipment. The district purchases used property and equipment when it meets the district’s needs and is cost effective. Considerations include type, quality, quantity and estimated useful life of the used item.
- b. Used equipment and property becomes available sporadically and without notice. Used equipment and property is generally sold on a first-come, first-served basis. When used property or equipment does become available, the district must be able to respond immediately in order to obtain the property or equipment.
- c. Some types of property or equipment may not be readily available in the new goods market. The district may have to look for used items to fill the need.
- d. Competition to provide used property and equipment may be very limited and inconsistent, depending on the type of product.
- e. The district maintains vendor lists which include information on whether a vendor provides used property or equipment. These lists are open to all vendors.

² When contracting with another governmental entity, a district has a statutory exception under ORS 279A.025. The district may purchase state/federal surplus property through the Department of Administrative Services, State Services Division for Surplus Property. For more information on this program, contact DAS at 503-378-4714.

Conclusion of Compliance with Law

P It is unlikely that this special procurement will encourage favoritism in the award of public contracts or substantially diminish competition for such contracts. The purchase of used property or equipment depends on an inconsistent, sporadic market. When a used item is available, there is often little competition available. Sources for used items of the type, quality and quantity required by the district are inconsistent. This rule requires the district to attempt to obtain and document quotes as appropriate to the dollar amount of the purchase. If the anticipated purchase is over \$150,000, the district will advertise its need.

R The use of this special procurement will result in a cost savings to the district, or otherwise substantially promote the public interest. The cost of used equipment or property is generally substantially less than that of new. Savings of 20 percent to 50 percent are not uncommon. Used equipment can provide good value to the district and help ensure the continuation of district services and programs.

9. Information Technology Contracts

The district may enter into a contract to acquire information technology hardware and software without competitive bidding subject to the following conditions:

- a. If the contract amount does not exceed \$150,000, the district shall attempt to obtain three competitive quotes pursuant to the rules governing Intermediate Procurements. The district shall keep a written record of the sources of the quotes or proposals received. If three quotes or proposals are not reasonably available, fewer will suffice, but the district shall make a written record of the effort made to obtain the quotes or proposals.
- b. If the contract amount exceeds \$150,000, the district shall determine and use the best procurement method, pursuant to the public contracting code and these rules, and shall solicit written proposals in accordance with the requirements of the *Attorney General's Model Public Contract Rules*. The district shall document the evaluation and award process, which will be part of the public record justifying the award;
- c. If the amount of the contract is estimated to exceed \$150,000, the district shall provide proposers an opportunity to review the evaluation of their proposals before final selection is made.

Findings of Fact

- a. Rapid changes in technology make it necessary for the district to be able to purchase needed computer equipment quickly.
- b. Pricing for high-technology equipment also changes rapidly. It is frequently possible to take advantage of frequent price changes in the marketplace in the purchase of computer equipment.
- c. There is generally sufficient competition among vendors of information technology hardware and software for district business.
- d. The district will follow rules governing special procurements and obtain at least three informally solicited quotes for purchases less than or equal to \$150,000.
- e. If the district requires a brand name or sole source product, the district will follow its rule governing Brand Names or Products, "Or Equal," Single Seller and Sole Source, Section 1. under Special Procurements, to procure it.

Conclusion of Compliance with Law

It is unlikely that this special procurement will encourage favoritism in the award of district contracts or substantially diminish competition for district contracts. The purchase of information technology hardware and software will be made in accordance with other competitive bidding rules contained in this administrative regulation. If the anticipated purchase is over \$150,000, the district will advertise its need.

The use of this special procurement will result in a cost savings to the district, or otherwise substantially promote the public interest. Competition will be encouraged at all dollar levels of purchase of information technology hardware and software. This rule gives the district some flexibility in selecting the method of competitive procurement but requires adherence to the rule on brand name or sole source acquisitions if those situations occur.

10. Telecommunications Systems - Hardware and Software Contracts

- a. The district may enter into a contract to acquire telecommunications system hardware and software, without competitive bidding, subject to the following conditions:
 - (1) If the contract amount does not exceed \$150,000, the district shall attempt to obtain three competitive quotes pursuant to the rules governing Intermediate Procurements. The district shall keep a written record of the sources of the quotes or proposals received. If three quotes or proposals are not reasonably available, fewer will suffice, but the district shall make a written record of the effort made to obtain the quotes or proposals.
 - (2) If the contract amount exceeds \$150,000, the district shall determine and use the best procurement method, pursuant to the public contracting code and these rules and shall solicit written proposals in accordance with the requirements of Chapter 137, Divisions 047 and 049 of the *Attorney General's Model Public Contract Rules*. The district shall document the evaluation and award process, which will be part of the public record justifying the award.
- b. The telecommunications solicitation authorized in subsection 10.a.(1) of these rules shall:
 - (1) State the contractual requirements in the solicitation document;
 - (2) State the evaluation criteria to be applied in awarding the contract and the role of any evaluation committee. Criteria that would be used to identify the proposal that best meets the district's needs may include, but are not limited to, cost, quality, service and support, compatibility, product or system reliability, vendor viability and financial stability, operating efficiency and expansion potential;
 - (3) State the provisions made for bidders or proposers to comment on any specifications which they feel limit competition.

Findings of Fact

- a. Rapid changes in technology make it necessary for the district to be able to purchase needed telecommunications hardware and software quickly.
- b. Since deregulation, there is generally adequate competition among vendors of telecommunication hardware and software to allow the district to make competitive purchases.
- c. Pricing for telecommunications hardware and software also changes frequently. It is important for the district to take advantage of price competition in the marketplace.

- d. The district will follow procedures governing special procurements and document reasonable efforts to obtain at least three informally solicited quotes for purchases over \$10,000 but less than or equal to \$150,000.
- e. If a purchase of telecommunications hardware or software is expected to cost more than \$150,000, the district will use a formal competitive bidding or proposal process in accordance with these rules and the *Attorney General's Model Public Contract Rules*.
- f. There are also times when the district needs to purchase specific items that are compatible with current equipment. On these occasions, the district will follow its rule governing Brand Names or Products, "Or Equal," Single Seller and Sole Source, Section 1. under Special Procurements, to make the purchase.

Conclusion of Compliance with Law

It is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts. The purchase of telecommunications hardware and software will be made in accordance with other competitive bidding rules herein. If the anticipated purchase is over \$150,000, the district will advertise its need.

The use of this special procurement will result in a cost savings to the district, or otherwise substantially promote the public interest. Competition will be encouraged at all dollar levels of purchase of telecommunications hardware and software. This rule gives the district some flexibility in selecting the method of competitive procurement but requires adherence to the rule on brand name or sole source acquisitions if those situations occur.

11. Telecommunications Services

- a. The district shall secure the most competitive, cost-effective telecommunications services of the quality needed to meet all service performance requirements while minimizing administrative and service delivery costs. The district will use routine purchasing procedures whenever possible, but if necessary, the district can consider alternative procurement methods in accordance with this rule.

The district will generally follow the normal competitive procurement processes in obtaining telecommunications services. This process will only be used if necessary where there is a lack of sufficient competition to furnish needed services.

- b. In determining the appropriate procurement method for telecommunications services, the district shall comply with the requirements of ORS 291.038 and determine whether competition exists. In determining whether competition exists, the district may consider the following factors:
- (1) The extent to which alternative providers exist in the relevant geographic and service market; the greater area of Benton County;
 - (2) The extent to which alternative services offered are comparable or substitutable in technology, service provided and performance. For example, if the district requires digital services, analog services are not comparable or substitutable. If the district requires fiber optic technology, then copper, microwave or satellite transmission technology may not be comparable or substitutable;
 - (3) The extent to which alternative providers can respond to the district's interest in consistency and continuity of services throughout its service area, volume discounts, equitable service for all users, centralized management and limiting district liability. For

P example, to be considered as the district's long-distance service provider, any long-distance service vendor must be able to meet, support and interface with the district's centralized automated billing requirements. The district must document for the record, its findings on these factors or any other factors used in determining whether competition exists. In developing its findings, the district may solicit the information either through informal telephone or written contacts or through a formal solicitation such as a RFP.

- c. If the district determines that competition does not exist in the area for the relevant service, the district may proceed to secure the service on a sole source basis, as described in the district's rule governing Brand Names or Products, "Or Equal," Single Seller and Sole Source, Section 1. under Special Procurements.

Findings of Fact

- a. Since deregulation, there is generally adequate competition among vendors of telecommunication services to allow the district to make competitive procurements.
- b. Since there is competition, price competition exists in the marketplace. It is important for the district to take advantage of existing competition.
- c. The district will follow its rules governing special procurements and document reasonable efforts to obtain at least three informally solicited quotes for purchases less than or equal to \$150,000. The district shall keep a written record of the sources of the quotes or proposals received. If three quotes or proposals are not reasonably available, fewer will suffice, but the district shall make a written record of the effort made to obtain the quotes or proposals.
- d. If a purchase of service is expected to cost more than \$150,000, the district will use a formal competitive bidding or proposal process in accordance with these rules and the *Attorney General's Model Public Contract Rules*.
- e. There may be occasions where there is limited competition that can furnish telecommunications services of the quality and extent required by district operations. In such instances, the district will follow this rule and also its rule governing Brand Names or Products, "Or Equal," Single Seller and Sole Source, Section 1. under Special Procurements, to procure needed services from the sole source.

Conclusion of Compliance with Law

It is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts. Routinely, the purchase of telecommunications services will be made in accordance with other competitive bidding rules contained in this administrative regulation. If the anticipated purchase is over \$150,000, the district will advertise its need, issue a written solicitation document and invite written bids or proposals to be furnished in response.

There may be circumstances, however, where sufficient competition does not exist in the relevant geographic and service market area. In such cases, the district will follow this rule in determining whether sufficient competition exists to make a competitive procurement.

The use of this special procurement will result in a cost savings to the district, or otherwise substantially promote the public interest. Competition will be encouraged at all dollar levels of purchase of telecommunications hardware and software. This rule gives the district some flexibility in selecting the method of competitive procurement but requires adherence to the rule on brand name

or sole source acquisitions if those situations occur. The rule also states the steps to be taken to document situations where sufficient competition may not exist and a sole source purchase needs to be made.

12. Hazardous Material Removal; Oil Cleanup

- a. The district may enter into public contracts without competitive bidding, regardless of a dollar amount, when ordered to clean up oil or hazardous waste pursuant to the authority granted to the Oregon Department of Environmental Quality (DEQ) under ORS Chapter 466, especially ORS 466.605 through 466.680. In exercising its authority under this exemption, the district shall:
 - (1) To the extent reasonable under the circumstances, encourage competition by attempting to make informal solicitations or to obtain informal quotes from potential suppliers of goods and services;
 - (2) Make written findings describing the circumstances that require the cleanup or maintain a copy of the DEQ order for the cleanup;
 - (3) Record the measures taken under A.1. of this rule to encourage competition, the amount of the quotes or proposals obtained, if any, and the reason for selecting the contractor to whom award is made.
- b. The district shall not contract pursuant to this special procurement in the absence of an order from the DEQ to clean up a site which includes a time limit that would not allow the district to hire a contractor under normal competitive bidding procedures. Goods and services to perform other hazardous material removal or cleanup will be purchased in accordance with normal competitive bidding procedures as described in Board policy with this administrative regulation.

Findings of Fact

- a. When the DEQ orders a public agency to remove or clean up hazardous material or oil, the public agency must respond within a very short time, which is stated in the DEQ order. This time period does not generally allow the agency to take the time necessary to solicit written bids or proposals for the work to be performed. The district would be liable for any delay in responding to DEQ orders to perform hazardous material removal or cleanup.
- b. This exemption will not be used in those situations where there is no DEQ order to remedy the situation. Routine competitive procurement methods will be used where there is no DEQ order to act immediately. The district maintains open lists of vendors who are interested in providing hazardous material removal and cleanup services. Whenever it needs hazardous material removal or disposal, the district makes use of these lists to solicit quotes, bids or proposals as needed, in addition to advertising the procurement as required.
- c. Cost savings are achieved through this exemption because the district can be liable for DEQ penalties and fines if it does not timely remove hazardous materials or oil as ordered. There is also serious risk in these situations, that property damage or personal injury could result if the district is slow to act.

Conclusions of Compliance with Law

It is unlikely that this special procurement will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts as required by ORS 279B.085(3)(a). If it is under DEQ order to act immediately, the district will still attempt to obtain competitive quotes for the work to be performed as it has the ability and time to do so. Unless the district is faced with the quasi-emergency situation of a DEQ order to remove or clean up hazardous waste or oil, it will follow normal competitive procedures to obtain these services.

The award of public contracts pursuant to this special procurement will result in a cost savings to the district in these situations, as required by ORS 279B.085(3)(b), because the district must comply with the law and avoid and minimize risk to persons and property. Where possible, it will seek competitive quotes for the work to be performed and will award the contract to the lowest, responsive and responsible bidder.

13. Renegotiation of Existing Contracts with Incumbent Contractors

- a. The district may amend or renegotiate contracts with existing vendors, service providers or other parties subject to the limitations of this rule.
- b. The district has determined that value engineering, specialized expertise required, public safety and technical complexity, generally do not apply to this special procurement procedure.
- c. The renegotiated contract falls within a current special procurement procedure, but if not the LCRB must approve a separate special procurement.
- d. The district may renegotiate certain terms, but they must not unreasonably alter the scope of the original contract.

Findings of Fact

- a. The LCRB may amend contracts when it is in the best interest of the district. The superintendent and/or other designee, acting on behalf of the LCRB, may renegotiate certain provisions, including:
 - (1) Price;
 - (2) Term;
 - (3) Delivery and shipping;
 - (4) Order size;
 - (5) Substitution;
 - (6) Warranties;
 - (7) Online ordering systems;
 - (8) Price adjustments;
 - (9) Product availability;
 - (10) Product quality;
 - (11) Reporting requirements; or
 - (12) Discounts.

Any contract amendment will be supported by legal consideration when necessary to validate the amended provision.

- b. The amended terms must be within a reasonable scope of the original contract, but not fundamentally alter the agreement or nature of goods or services. Districts may, however, request functionally equivalent substitutes for goods or services in the original contract.

- c. The contract as a whole must be more favorable to the individual needs of the district to justify renegotiation. Cost may be a factor in determining what is a favorable change to the original contract, but the district may use factors other than cost that demonstrate that the amended contract is more favorable to the unique needs of the district.

Conclusion of Compliance with Law

This special procurement will not encourage favoritism or substantially diminish competition in awarding public contracts because it already exists as a contract awarded in compliance with the district's special procurement and public contracting code.

The awarding of contracts under this special procurement will result in cost savings to the district when it needs to renew its original contract with vendors, service providers or other parties, or otherwise substantially promote the public interest.

EXEMPTIONS FROM COMPETITIVE BIDDING

All public contracts shall be based upon competitive bids or proposals, except the following:

1. Contracts which have been specifically exempted under ORS 279A.025 and 279C.335; and
2. Contracts covered by the class exemptions in the following set of rules developed pursuant to ORS 279C.335(2) and (5) and based on Oregon Administrative Rules, Chapter 137, Divisions 46 through 49.

The Board, acting as the Local Contract Review Board (LCRB) for the district, has made the findings required by ORS 279C.330, ORS 279C.335 and ORS 279C.345, and determined that awarding a contract under this exemption is unlikely to encourage favoritism or substantially diminish competition for the public contract and will likely result in a substantial cost savings and other substantial benefits to the district.

In approving a finding under this section, the local contract review board shall consider the type, cost and amount of the contract and, to the extent applicable to the particular public improvement contract or class of public improvement contracts, the following:

1. How many persons are available to bid;
2. The construction budget and the projected operating costs for the completed public improvements;
3. Public benefits that may result from granting the exemption;
4. Whether value engineering techniques may decrease the cost of the public improvement;
5. The cost and availability of specialized expertise that is necessary for the public improvement;
6. Any likely increases in public safety;
7. Whether granting the exemption may reduce risks to the district or the public that are related to the public improvement;
8. Whether granting the exemption will affect the sources of funding for the public improvement;

9. Whether granting the exemption will better enable the district to control the impact that market conditions may have on the cost of and time necessary to complete the public improvement;
10. Whether granting the exemption will better enable the district to address the size and technical complexity of the public improvement;
11. Whether the public improvements involves new construction or renovates or remodels an existing structure;
12. Whether the public improvement will be occupied or unoccupied during construction;
13. Whether the public improvement will require a single phase of construction work or multiple phases of construction work to address specific project conditions; and
14. Whether the district has or has retained under contract, and will use district personnel, consultants and legal counsel that have necessary expertise and substantial experience in alternative contracting methods to assist in developing the alternative contracting method that the district will use to award the public improvement contract and to help negotiate, administer and enforce the terms of the public improvement contract.

Only these findings are required for each class or individual contract exemption, unless the LCRB specifically excludes a finding or includes an additional finding.

Promulgation of these exemptions can only occur after public notification and a public hearing to receive testimony pertaining to the draft exemptions and findings, pursuant to ORS 279C.335.

1. Brand Names or Products, “Or Equal,” Single Seller and Sole Source
 - a. The district may purchase brand names or products from a single seller or sole source without competitive bidding subject to the limitations of this rule.
 - b. The district has determined that value engineering, specialized expertise required, public safety and technical complexity, generally do not apply to this exemption.
 - c. Solicitation specifications for public contracts of the district shall not expressly or implicitly require any product of any particular manufacturer or seller except as expressly authorized in subsections d. and e. of this rule.
 - d. The district may specify a particular brand name, make or product suffixed by “or equal,” “or approved equal,” “or equivalent,” “or approved equivalent” or similar language if there is no other practical method of specification after documenting the procurement file with the following:
 - (1) A brief description of the solicitation(s) to be covered, including contemplated future purchases;
 - (2) Description of the brand name, mark or product to be specified; and
 - (3) A brand name specification may be prepared and used only if the district determines for a solicitation or class of solicitations that only the identified brand name specification will meet the needs of the district based on one or more of the following written determinations:

P

- (a) The use of the brand name specification is unlikely to encourage favoritism in the awarding of public contracts or substantially diminish competition for public contracts; or
 - (b) Specification of the brand name, mark or product would result in substantial cost savings to the district; or
 - (c) There is only one manufacturer or seller of the product of the quality, performance or functionality required; or
 - (d) The efficient utilization of existing goods requires the acquisition of compatible goods and services.
- (4) The district shall make reasonable effort to notify all known suppliers of the specified product and invite such vendors to submit competitive bids or proposals.
- e. The district may purchase a particular product or service available from only one source, after documenting the procurement file with the district's findings of current market research to support the determination that the product is available from only one seller or source. The district's findings shall include:
 - (1) A brief description of the contract or contracts to be covered, including contemplated future purchases;
 - (2) Description of the product or service to be purchased; and
 - (3) The reasons the district is seeking this procurement method, which shall include any of the following:
 - (a) That the efficient utilization of existing equipment, supplies or services requires the acquisition of compatible equipment, supplies or services; or
 - (b) That the goods or services required for the exchange of software or data with other public or private agencies are available for only one source; or
 - (c) That the goods or services are for use in a pilot or an experimental project; or
 - (d) Other findings that support the conclusion that the goods or services are available from only one source.
 - (4) To the extent reasonably practical, the contracting agency shall negotiate with the sole source to obtain contract terms advantageous to the contracting agency.
- f. The district may specify a product or service available from only one manufacturer but available through multiple sellers, after documenting the procurement file with the following information:
 - (1) If the total purchase is over \$10,000 but does not exceed \$100,000, and a comparable product or service is not available under an existing state cooperative purchasing contract, competitive quotes shall be obtained by the district and retained in the procurement file; or
 - (2) If the amount of the purchase exceeds \$100,000, the product or service shall be obtained through competitive bidding unless a specific exemption is granted by the LCRB.
- g. If the district intends to make several purchases of the product of a particular manufacturer or seller for a period not to exceed five years, the district will so state in the solicitation file and in the solicitation document, if any. Such documentation shall be sufficient notice as to

subsequent purchases. If the total purchase amount is estimated to exceed \$100,000, this shall be stated in the advertisement for bids or proposals.

Findings of Fact/Conclusion of Compliance with Law

It is unlikely that this process will encourage favoritism in the award of public contracts or substantially diminish competition for such contracts, as required by ORS 279C.335 (2)(a).

This class exemption applies only to contracts under a limited dollar amount, and then, only after efforts to obtain competitive quotes are made, or other methods have been employed to ensure that competitive means are used if available. The district maintains open lists from which vendors are contracted for quotations. In addition, as required by ORS 279C.335 (2)(b) award of a public contract subject to the above described exemption should likely result in substantial cost savings or other substantial benefits to the district by virtue of the ability to reduce solicitation costs when it is known that comparable products are not available, or when specifying another product solely to meet a competition requirement might lead to lower initial cost but longer lifetime cost.

2. Product Prequalification

- a. When specific design or performance specifications must be met or such specifications are impractical to create or reproduce for a type of product to be purchased, the district may specify a list of approved or qualified products by reference to the prequalified product(s) of particular manufacturers or vendors in accordance with the following product prequalification procedure:
 - (1) The district will make reasonable efforts to notify all known manufacturers and vendors of competing products of the district's intent to compile a list of prequalified products. The notice will explain the opportunity manufacturers and vendors of competing products will have to apply to have their product(s) included on the district's list of prequalified products. At its discretion, the district may provide notice by advertisement in a trade paper of general statewide circulation or other appropriate trade publication; or instead of advertising, the district may provide written notice to those manufacturers and vendors appearing on the appropriate list maintained by the district; and
 - (2) The district will accept manufacturer and vendor applications to include products in the district's list of prequalified products up to 15 calendar days prior to the initial advertisement for bids or proposals for the type of product to be purchased, unless otherwise specified in the advertisement or in the district's written notice.
- b. The district has determined that special expertise required, generally, does not apply to this rule.
- c. If the district denies an application for inclusion of a product on its list of prequalified products, the district shall promptly provide the applicant with a written notice of the denial and include the reason for denial. The applicant may submit a written appeal within 7 calendar days to the district business manager to request review and reconsideration of the denial.

Findings of Fact

Pa. There are occasions when the district needs to establish a list of prequalified products before it invites bids or proposals to furnish the products. The district may have a specific performance or design need, but it is impractical for the district to create a specification for the type of products to be purchased. An example is audiovisual equipment. There is a tremendous variety of audiovisual products offered in the market. The equipment technology is complex and constantly changing. It would be very burdensome and time consuming for the district to generate nonbrand name, generic performance specifications for such equipment every time it wants to make a purchase.

Also, competition would be poorly served because bidders and proposers would not know in advance whether their offered product would meet the general specification substantially enough to be considered a responsive offer. The decision to make an award would be slow, because each product offered would have to be analyzed against the district's specification. Slowdown in the award process affects both bidders, who are asked to hold their bids open until award is made, and district programs, because staff are not able to order the equipment they need until the contract is awarded.

In this case, it might be more cost effective and efficient for the district to prequalify products and establish a list of approved products before invitations to bid are sent out. The prequalification process can be done some time before the need for a new contract. Once the prequalified product list is established, the bidding and contract award process can go quickly and smoothly.

- b. A second occasion when prequalification of products will be useful is when the specific design or performance specifications for a product are so exacting that the district must have time to carefully consider what is offered in the market that may or may not meet the specifications and, if necessary, reconsider its options before issuing an invitation to bid.
- c. This rule sets out a process of prequalification which requires the use of advertisement or other appropriate means to notify vendors of competing products of their opportunity to submit items for prequalification. The district maintains vendor mailing lists which are open to all interested vendors. The district uses these lists routinely to notify vendors of its intentions to prequalify products or to invite bids on products.
- d. This includes a 15-day time limit between the closure of a prequalification list and a related invitation to bid. This time factor ensures that vendors have a reasonable time to apply to include their products on a prequalified product list.
- e. Subsection c. of this rule provides vendors with an appeal process to follow if their application for prequalification is denied.

Conclusion of Compliance with Law

Where prequalification of products is appropriate, it is unlikely that this exemption will encourage favoritism in the awarding of public contracts or diminish competition for such contracts as required by ORS 279C.335(2)(a). There are several safeguards in the rule to prevent this, including notice, advertising, time and appeal process requirements to ensure that vendors are given a fair and open opportunity to participate in the prequalification process.

The prequalification of products process is a time-consuming effort for the district. It is not a shortcut procurement method. The district would use this method only after balancing cost-saving

considerations, such as the ability of the district to create or generate nonbrand name generic specifications for types of products or the need for lengthy product evaluation prior to a contract award. If the prequalification method is chosen, it will likely result in a substantial cost savings and other substantial benefits to the district as required by ORS 279C.335 (2)(b) because the normal method of product selection is too cumbersome and costly to pursue.

3. Requirements Contracts (Blanket Purchase Orders, Price)³

- a. The business manager, on behalf of the district, may establish requirements contracts for the purposes of minimizing paperwork, achieving continuity of product, securing a source of supply, reducing inventory, combining district requirements for volume discounts, standardization among schools and departments and reducing lead time for ordering.
- b. The district has determined that value engineering, specialized expertise required and technical complexity, generally, do not apply to this rule.
- c. The district may enter into a requirements contract (also known as a blanket purchase order or price agreement) whereby it is agreed to purchase goods or services for an anticipated need at a predetermined price or price discount from a price list, provided the contract is let by a competitive procurement process pursuant to the requirements of the public contracting code and these rules.
- d. Once a requirements contract is established, schools and departments may purchase the goods and services from the awarded contractor without first undertaking additional competitive solicitation.
- e. Schools and departments shall use requirements contracts established by the district, unless otherwise specified in the contract, allowed by law or these rules or specifically authorized by the superintendent or designee.
- f. Under the authority of ORS 279A.025 and 279C.335, the district may use the requirements contracts entered into by another Oregon public agency when:
 - (1) The original contract met the requirements of the public contracting code; and
 - (2) The original contract allows other public agency usage of the contract; and
 - (3) The original public contracting agency concurs, and this is documented by a written interagency agreement between the district and the agency.
- g. The term of any district requirements contract, including renewals, shall not exceed five years unless otherwise exempted pursuant to ORS 279C.335.

Findings of Fact

- a. This rule permits the district to enter into requirements contracts, in which the vendor agrees to provide specified goods and services over the term of the contract at the bid price or discount rate. A requirements contract is useful when the purchase of the goods or services are routine and repetitive. For example, school, building, office, custodial and facilities maintenance supplies are customarily purchased through requirements contracts.
- b. Requirements contracts are a common method of minimizing paperwork, achieving continuity of product, securing a source of supply, reducing inventory, obtaining volume discounts,

³ The OregonBuys.gov allows authorized members to utilize the state's price agreement/contracts to purchase goods and services. Authorized OregonBuys members can legally attach to a state price agreement and forego the competitive bid process. Access to hundreds of competitive price contracts for a wide variety of goods and services: vehicles, computers, furniture, copiers, fax machines, travel, pharmaceuticals, office products, etc., is available.

standardizing usage among schools, buildings and departments and reducing lead time for ordering.

- c. The district establishes requirements contracts as a result of open competitive bidding or RFP processes, unless otherwise exempted.
- d. The district limits the term of a requirements contract, including all renewal options, to a maximum of five years before competitive rebidding must be done, unless otherwise exempted.
- e. The district may use the requirements contracts established by other public agencies, subject to certain conditions of state law, Board policy and administrative regulation.

Conclusion of Compliance with Law

It is unlikely that this exemption will result in favoritism in the awarding of public contracts or diminish competition for such contracts, as required by ORS 279C.335(2)(a). The district will only enter into requirements contracts which result from open competitive bidding processes. This condition applies also to the use of requirements contracts established by other public contracting agencies.

The awarding of district requirements contracts will likely result in a substantial cost savings and other substantial benefits to the district, as required by ORS 279C.335(2)(b). It would be costly and inefficient to make routine, repetitive purchases of goods and services through individual transactions. Also, the guaranteed volume of a requirements contract allows the district to get better prices from bidders.

4. Waiver of Bid Security Requirements (Public Improvement Contracts under \$100,000)

The LCRB may, at its discretion, waive the bid security requirements of ORS 279C.390, if the amount of the contract for the public improvement is less than \$100,000. Although the bid security requirements of ORS 279C.390 are waived for public improvement contracts under \$100,000, the district may impose a bid or quote security requirements for projects under \$100,000, when deemed to be in the best interest of the district.

Findings of Fact/Conclusion of Compliance with Law

This rule allows the LCRB to waive bid security requirements for certain public improvement contracts. Waiver of the bid security is provided for by statute without a requirement for findings.

5. Waiver of Performance and Payment Security Requirements (Public Improvement Contracts under \$100,000)

The LCRB may, at its discretion, waive the performance/payment security requirements of ORS 279C.390 if the amount of the contract for the public improvement is less than \$100,000. Although the performance/payment security requirements of ORS 279C.390 are waived for public improvement contracts less than \$100,000, the district may impose a performance/payment security requirement for projects less than \$100,000 when deemed to be in the best interest of the district.

Findings of Fact/Conclusion of Compliance with Law

This rule allows the LCRB to waive performance/payment security requirements for certain public improvement contracts. Waiver of the performance/payment security is provided for by statute without a requirement for findings.

6. Projects with Complex Systems or Components
 - a. For contracts for public improvements with significant components that are inherently complex and are also complex to procure through competitive bid, the district may, at its discretion, use RFP competitive procurement methods subject to the conditions described in ORS 279C.400 and conditions enumerated in this exemption.
 - b. Definitions. For purposes of this exemption only: “Complex Systems” are defined as those systems which incorporate the procurement of materials or other components which are difficult, if not impossible, to create in an “equal” specifications basis for competitive bid. Examples of such systems include but are not limited to, contracts for supplying and installing computerized controls for building heating, venting, air conditioning systems; and contracts for artificial surface outdoor multipurpose athletic fields. “Significant” is intended to mean something more than de minimus, but not necessarily the majority of the project as determined by cost.

Finding of Fact/Conclusion of Compliance with the Law

It is unlikely that this exemption will encourage favoritism in the awarding of the public contracts or substantially diminish competition for such contracts as required by ORS 279C.335(2)(a). Contracts for public improvements occasionally incorporate the procurement of systems, materials, or other components (complex systems) for which it is extremely difficult to design bid specifications. In these situations, utilization of a RFP process where each of the systems can be evaluated utilizing a number of factors, in addition to price, will likely result in substantial cost savings and other substantial benefits to the district as required by ORS 279C.335(2)(b).

ORS 279C.400 enumerates how RFP’s are to be used if authorized by the LCRB. These criteria, ensures that competitive means will be used, and selection will be fair and impartial. As a result, it is unlikely that this process will encourage favoritism in the awarding of public contracts or substantially diminish competition for such contracts as required by ORS 279C.335(2)(a). The awarding of contracts pursuant to this process will result in optimal value to the district based on selection by the district of the best competitive proposal that meets the stated evaluative criteria.

This class exemption is intended to be used for the types of procurements describe in the findings, where the specific system, materials or components represent a significant portion of the project. This class exemption is not intended to be used for construction manager/general contractor (CM/GC) projects or other methods of alternative procurement unless these projects meet the requirements of this class exemption. The CM/GC and others, not meeting the requirements of this class exemption, may still be procured by RFP, provided that a project or contract specific exemption is promulgated by the LCRB.

Personal Services Contracts

The district may enter into personal services contracts with qualified professionals as provided by Oregon Revised Statute (ORS) 279A.055. "Personal services contracts," as used in this policy, means contracts for specialized skills, knowledge and resources in the application of highly technical or scientific expertise or the exercise of professional, artistic or management discretion or judgment. The district may enter into a personal services contract with a current district employee only when the individual meets independent contractor status in accordance with state, Public Employees Retirement System (PERS) and Internal Revenue Service (IRS) requirements.

Selection of a personal services contractor will be based primarily on qualifications and performance history, expertise, knowledge and creativity and the ability to exercise sound professional judgment.

All personal services contracts shall be based on demonstrated qualifications and competence to perform the required services, encourage competition, discourage favoritism and obtain services at a fair and reasonable price.

Contracts for personal services in excess of \$75,000 shall require prior Board approval.

The superintendent will develop administrative regulations as necessary to implement this policy.

Personal Services Contracts

1. Personal Services Contracts Defined

- a. Personal services contracts include, but are not limited to: a contract or member of a class of contracts, that the local contracting agency's Local Contract Review Board (LCRB) has designated as a personal services contract pursuant to Oregon Revised Statute (ORS) 279A.055. Personal services include, but are not limited to, the following:
 - (1) Contracts for services performed as an independent contractor in a professional capacity (e.g., services of an accountant, attorney, data processing consultant, etc.);
 - (2) Contracts for services as an artist in the performing or fine arts (e.g., photographer, painter, etc.);
 - (3) Contracts for services that are specialized, creative and research oriented;
 - (4) Contracts for services as a consultant;
 - (5) Contracts for educational consulting services.
- b. Personal services contracts may include: (1) public contracts for architectural, engineering or ~~and~~ land surveying and related services⁵; or (2) other public contracts for nonconstruction services.

2. Eligibility

The district will follow ORS 670.600, Public Employees Retirement System (PERS) rules Oregon Administrative Rule (OAR) ~~OAR~~ 459-010-0030 and Internal Revenue Service (IRS) Ruling 87-41 in determining whether the individual or business entity qualifies as an independent contractor or is an employee of the district. A valid independent contractor must meet all eight of the following points:

State requirements¹:

- a. The contractor must be free from the direction and the control of the employer;
- b. The contractor must obtain required business licenses;
- c. The contractor must furnish necessary tools and equipment;
- d. The contractor has authority to hire and fire employees;
- e. The contractor is paid on completion of portions of projects or on a retainer basis;
- f. The construction contractor must be registered under ORS Chapter 701 (For more information call the Construction Contractors Board at 503-378-4621 in Salem.);
- g. The contractor must file appropriate business tax returns;
- h. The contractor must represent to the public that the labor or services are provided by an independent business.

¹ See ORS 670.600 for complete listing.

PERS requirements:

In determining whether an individual is an employee or independent contractor for PERS contribution purposes, the district will consider the following factors:

- a. Instructions. An employee must comply with instructions about when, where and how to work. Even if no instructions are given, the control factor is present if the employer has the right to control how the work results are achieved;
- b. Training. An employee may be trained to perform services in a particular manner. Independent contractors ordinarily use their own methods and receive no training from the purchasers of their services;
- c. Integration. An employee's services are usually integrated into the business operations because the services are important to the success or continuation of the business. This shows that the employee is subject to direction and control;
- d. Services rendered personally. An employee renders services personally. This shows that the employer is interested in the methods as well as the results;
- e. Hiring, supervising and paying assistants. An employee works for an employer who hires, supervises and pays workers. An independent contractor can hire, supervise and pay assistants under a contract that requires him/her to provide materials and labor and to be responsible only for the result;
- f. Continuing relationship. An employee generally has a continuing relationship with an employer. A continuing relationship may exist even if work is performed at recurring although irregular intervals;
- g. Set hours of work. An employee usually has set hours of work established by an employer. An independent contractor generally can set ~~his/her~~ their own work hours;
- h. Full-time required. An employee may be required to work or be available full-time. This indicates control by the employer. An independent contractor can work when and for whom ~~he/she~~ they chooses;
- i. Doing work on employer's premises. An employee usually works on the premises of an employer, or works on a route or at a location designated by an employer;
- j. Order or sequence set. An employee may be required to perform services in the order or sequence set by an employer. This shows that the employee is subject to direction and control;
- k. Oral or written reports. An employee may be required to submit reports to an employer. This shows that the employer maintains a degree of control;
- l. Payment by hour, week, month. An employee is generally paid by the hour, week or month. An independent contractor is usually paid by the job or on a straight commission;
- m. Payment of business and/or traveling expenses. An employee's business and travel expenses are generally paid by an employer. This shows that the employee is subject to regulation and control;
- n. Furnishing of tools and materials. An employee is normally furnished significant tools, materials and other equipment by an employer;
- o. Significant investment. An independent contractor has a significant investment in the facilities ~~he/she~~ they uses in performing services for someone else;
- p. Realization of profit or loss. An independent contractor can make a profit or suffer a loss;
- q. Working for more than one employer at a time. An independent contractor is generally free to provide ~~his/her~~ their services to two or more unrelated persons or firms at the same time;
- r. Making service available to general public. An independent contractor makes ~~his/her~~ their services available to the general public;

- s. Right to discharge. An employee can be fired by an employer. An independent contractor cannot be fired so long as ~~he/she~~ they produces a result that meets the specifications of the contract;
- t. Right to terminate. An employee can quit ~~his/her~~ their job at any time without incurring liability. An independent contractor usually agrees to complete a specific job and is responsible for its satisfactory completion, or is legally obligated to make good for failure to complete it.

IRS requirements:

Additionally, in determining employee or independent contract status for purposes of the Federal Insurance Contributions Act (FICA), the Federal Unemployment Tax Act (FUTA) or for federal income tax withholding from wages, the district will consider:

- a. Behavioral control. A worker is an employee when the district has the right to direct and control the worker;
- b. Financial control. A worker is an independent contractor if ~~he/she~~ they can realize a profit or incur a loss. The individual may also be an independent contractor if ~~he/she is~~ they are not reimbursed for some or all business expenses, especially if those expenses are high or if ~~he/she~~ they have a significant investment in ~~his/her~~ their work;
- c. Relationship of the parties. Facts weighed by the district will include any written contracts describing the relationship the parties intended to create; the extent to which the worker is available to perform services for other similar businesses; whether the district provides the worker with employee-type benefits, such as insurance, vacation pay or sick pay; and the permanency of the relationship.

3. Personal Services Contracts - Procurement Requirements

- a. Contracts for personal services less than \$25,000 within a 12-month period, shall, where practical, be based on written or verbal quotes or may be procured through direct negotiations with the contractor.
- b. Contracts for personal services greater than \$25,000 that do not exceed \$75,000 may be based on three written or verbal quotes, or response to a request for proposal (RFP) as deemed appropriate by the superintendent or designee.

Staff Expense Reimbursement

Expense reimbursement for staff traveling on approved district business will be governed by the following procedures. Travel expenses include travel fares, meals and lodging and expenses incident to travel. Only travel expenses as are ordinary and necessary in the conduct of approved travel for district business purposes and directly attributable to it will be reimbursed. As used in this regulation an “ordinary” expense means one that is common and accepted in the profession; a “necessary” expense means one that is essential and appropriate in order to conduct district business. Reimbursement procedures established by the district will also apply to Board members traveling on Board-approved district business, as applicable.

In-District Travel – Use of Private Vehicles

1. Staff will use district-owned vehicles, whenever possible, in conducting district business that requires travel within district boundaries.
2. Private vehicles may be used in conducting district business only with prior superintendent approval. In-district travel approval may be granted by the superintendent for individual trips or by blanket approval, as deemed appropriate.
3. Travel in a private vehicle for the purpose of conducting district business may be approved when:
 - a. A district vehicle is not available;
 - b. The destination is not conveniently accessible by commercial carrier;
 - c. Various points must be visited and commercial carrier schedules are such that the use of commercial carrier transportation is not practical;
 - d. Carrying articles by commercial carrier would not be feasible;
 - e. Commercial travel is deemed to be less economical.

Out-of-District Travel (In-state) – Use of Private Vehicles

1. Staff will use district-owned vehicles, whenever possible, in conducting approved district business that requires in-state travel outside district boundaries.

Private vehicles may be used only with prior superintendent approval. Out-of-district travel approval may be granted by the superintendent for individual trips or by blanket approval, as deemed appropriate.

Out-of-State Travel

Out-of-state travel requires prior superintendent approval.

Insurance Coverage

1. Insurance costs are included as part of the mileage reimbursement for employees authorized to use a private vehicle to conduct district business. It is the responsibility of the owner or driver of the vehicle to be certain that the vehicle is adequately covered by insurance.
2. The responsibility of the district for damages resulting from vehicle accidents is not the same as set forth in the district's general liability insurance policy. The employee's insurance coverage provides primary coverage when the employee is driving the employee's his/her own vehicle on approved district business.
3. All district employees operating private vehicles on approved district business are required to complete and maintain on file with the district verification of vehicle liability insurance that meets or exceeds Oregon statutory minimum limits. This verification is required annually. Employees are required to update their verification of vehicle liability information maintained on file with the district upon any change in the employee's vehicle insurance coverage.

Meals and Meetings

1. Reimbursement will be made for ordinary and necessary meal expenses incurred in the course of approved travel for district business. Meals include amounts spent for food, beverage, taxes and related gratuities. Alcoholic beverages will not be reimbursed by the district. See **Expense Reimbursement Request and Accounting Procedures** below.
2. Expenses in excess of the district's established limit are ordinarily the responsibility of the employee and may be reimbursed only with superintendent approval. Receipts for all meal expenses must be secured and attached to the claim.

Travel Advances

1. A travel advance may be requested when the estimated cost for meals, lodging, etc., exceeds \$50. The travel advance may be requested by completing the form provided by the district.
2. The cost of commercial travel tickets will not be included in a cash advance request.
3. In the event of loss, the employee is personally responsible for cash advances issued and for any third party use of a district-provided credit card.
4. At least 15 working days are required for processing an advance check after the approved request is received by the business office.
5. Only one cash advance may be outstanding to any employee at any time.

Reservations, Commercial Carrier and Lodging

1. Travel must be conducted in the most expeditious and cost-effective manner, as determined by the district.
2. Each employee is responsible for making their his/her own reservations by obtaining a purchase order number from the business office and furnishing that number to the local travel agency or commercial carrier.

3. Individuals traveling on approved district business by a carrier offering travel credits (i.e., frequent flyer mileage, etc.) are required to account for credits received and may use the credits for future approved district travel purposes only. The district prohibits the accrual of travel credits for individuals traveling on approved district business.

Vehicle Rentals

1. Rental vehicles may be used only when use will ~~affect~~^{effect} a savings or otherwise be more advantageous to the district or when the use of other transportation is not feasible.
2. Rental of a compact vehicle is recommended when suitable for approved district business because of the lower initial rate and the guaranteed rate. Certain rental agencies guarantee the compact rate in all owned stations and in most licensee stations, which means that if a reservation for a compact vehicle is accepted and one is not available, a standard-sized vehicle will be substituted at the compact rate.
3. Rental vehicles will be used only for official travel or in lieu of taxi for necessary travel. Any additional costs incurred for other usage will be the personal responsibility of the traveler.
4. Employees will be informed if the district carries the rental car endorsement as part of its insurance coverage. In the event the district does not carry the rental car endorsement the employee will be authorized to purchase insurance coverage from the rental agency.

Cancelled Trips

1. If an employee cannot leave at the scheduled time, it is ~~the employee's~~^{his/her} responsibility to call the travel agency or carrier and arrange to have the tickets cancelled or exchanged.
2. Commercial carrier reservation cancellations must be made at least 24 hours before departure time, whenever possible.
3. Lodging reservations must be cancelled by the employee as soon as possible to avoid a cancellation charge.
4. If a trip is cancelled after an advance and/or tickets have been issued, the advance and tickets must be returned to the business office immediately.

Personal Travel Combined with District Business Travel

1. If an individual traveling on approved district business engages in both business and personal activities, travel expenses incurred will be reimbursed only for expenses that are ordinary and necessary in the conduct of district business. Expenses incurred as a part of personal business are the sole responsibility of the traveler.
2. When personal travel is combined with approved district business travel and the individual is traveling by less than the most expeditious and cost-effective manner, any additional costs must be paid by the traveler.
3. Time away from work caused by traveling by less than the most expeditious means available for personal purposes must be charged to vacation or other appropriate leave.

4. Vacation or other personal leave may be taken in conjunction with approved district travel subject to the following:
 - a. Time delays related to approved district business are charged as working time even if no work is performed;
 - b. If the employee travels by less than the most cost-effective manner, as determined by the district, for approved district business or for personal travel combined with travel for district business purposes, the employee he/she must pay the additional cost (e.g., increased fare, meals, lodging expenses, etc.) incurred as a result of the personal travel;
 - c. All subsistence and local transportation (e.g., taxi, vehicle fare), etc.) while on vacation status or other appropriate leave must be paid by the employee;
 - d. The traveler will not be required to pay any of the basic transportation costs incurred as a part of the approved district business, even though the traveler he/she spends a substantial part of the total time away from home on vacation or other personal leave, provided the employee was traveling on approved district business;
 - e. A traveler who decides on their his/her own to conduct district business without prior approval, while on vacation or other personal leave, cannot then use this as a justification to have the district pay his/her basic transportation cost from the district to the location visited, or submit a request for other expense reimbursement.

Expense Reimbursement Request and Accounting Procedures

1. Reimbursement requests detailing actual expenditures must be submitted on the district's travel expense form and approved by the superintendent in writing. Receipts and supporting documentation must accompany all expense reimbursement requests. This includes, but is not limited to, receipts for transportation, lodging, meals, registration, conference and workshop fees. All requests must be submitted to the district office within 10 working days of the conclusion of the trip.
 - a. If the completed travel expense report totals less than the travel advance, the difference must be returned within 10 working days to the business office with the report.
 - b. Reimbursement for expenditures in excess of a travel advance, or where no travel advance has been requested, will be made within 30 working days after the approved travel expense report is received by the business office.
2. Expenses which consist primarily of the cost of furnishing meals for others will be reimbursed upon submission of a travel expense report which includes:
 - a. Names of guests;
 - b. Organizations involved;
 - c. Full explanation of the district business purpose of the meeting.
3. In the event a vehicle was rented, a copy of the rental agreement must be attached to the travel expense report. The rental charge should be paid from the amount advanced, as applicable. Purchase of gas and oil which have been deducted from the rental charge by the rental agency must be included.
4. Any claim for mileage reimbursement only may be submitted at the end of each month in which reimbursement is to be claimed. A claim must be submitted no later than 90 calendar days of incurring the expense. Reimbursement claims later than 90 calendar days of the expense will be denied.

5. Mileage for approved district business travel in a private vehicle will be reimbursed at the current rate per mile established by the district, collective bargaining agreement or Internal Revenue Service (IRS), as applicable, ~~U.S. General Services Administration (GSA)~~. Reimbursement that exceeds the IRS rate will be included as income to the employee in accordance with IRS regulations.
6. Meal expenses for approved district business travel purposes may be reportable as income to the employee in accordance with ~~IRS~~GSA regulations. Generally, meal expenses incurred for approved district business purposes in which district business is conducted with at least one or more other persons or that is incurred on approved district business for a trip that is overnight, or long enough that the individual needs to stop for sleep or rest to properly perform assigned ~~his/her~~ duties, as defined by the IRS, will not be reportable as income to the employee.
7. In the event the total of the amount charged to, and/or received from, the district by the employee as advances, reimbursement or otherwise, exceeds the ordinary and necessary business expenses, the excess must be reported as income in accordance with IRS requirements.

Reimbursable Expense Limitations

1. Meal expenses may be reimbursed subject to the following limitations based on current GSA rate: ~~current GSA rates.~~

Allowance:	Breakfast	\$13
	Lunch	\$15
	Dinner	\$26

2. Gratuities must not exceed 15 percent and must be included as a part of the receipt. Gratuities in excess of 15 percent are the responsibility of the employee and will not be reimbursed by the district.
3. Other expenses such as toll charges, parking fees, valet services, cleaning, pressing and laundry may be reimbursed if length of trip or circumstances demand.
4. Mileage reimbursement for actual miles traveled on district business, may be approved subject to the following limitations:
 - a. In-district mileage reimbursement will not be granted to an employee, other than a district-approved tutor, for traveling from the employee's ~~his/her~~ residence to the place where work begins for the day or for returning home from the last place worked during the day;

 - e. Individuals requesting reimbursement for use of a private vehicle on approved district business must meet insurance requirements. See **Insurance Coverage** above.

- ** As used in this policy, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005(4) and 125.300-125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581-015-2000.
- [] Brackets occur in sample policies to indicate the need for districts to select or tailor information specific to their particular situations.

Centralized Safety Committee

A centralized safety committee shall be established to represent the safety and health concerns of all district employees and students.

The centralized safety committee shall be composed of an equal number of employer and employee representatives. A centralized safety committee must represent health and safety concerns of all district sites. When agreed upon by employees and the district, the number of employees on the committee may be greater than the number of district representatives. The committee will consist of no fewer than 4 members for districts with more than 20 employees.

A reasonable attempt will be made to ensure that committee members represent major work activities (i.e., teacher, custodian, food service worker, administrator).

Employee representatives shall be volunteers or elected by their peers unless there is a provision in the collective bargaining agreement that addresses the selection of employee representatives. Members of the committee shall serve at least a continuous one-year term. Terms shall be staggered to provide continuity. There shall be a chair elected by the safety committee.

Employee representatives attending safety committee meetings outside regularly scheduled workday shall be compensated by the employer at the regular hourly wage.

The centralized safety committee will:

1. Hold regular meetings at least once a month except months when quarterly workplace safety inspections are made. This does not exclude other months from ~~site~~-safety committee meetings if more frequent safety inspections are conducted. Quarterly safety committee meetings may be substituted for monthly meetings when the committee's sole area of responsibility involves low hazard work environments such as the district office;

 - a. Recommending to the district how to eliminate hazards in the workplace and ~~promote~~**promoting** employee adherence to safe work practices; and
 - b. Using lines of communications to promote cooperative attitudes between all persons involved in the operations of the workplace.

Duties of the centralized safety committee will include:

1. Establishing procedures for minimum quarterly workplace safety inspections of a safety committee inspection team to locate and identify safety and health hazards. The safety inspection team shall include employer and employee representatives. The team shall document the location and identity of the hazards and make recommendations as to how and when the hazards will be corrected;
2. Establishing procedures for investigating all significant safety-related incidents including injury accidents, illnesses and deaths for the purpose of recommending corrective action necessary to prevent similar events from recurring;
3. Evaluating district policies which may affect safety and health in the workplace and making recommendations for changes to existing policies or adoption of new policies;
4. Evaluating all the accident and illness prevention programs brought to the committee's attention and making recommendations necessary to make the programs more applicable to the workplace;

Integrated Pest Management

To ensure the health and safety concerns of student, staff and community members, the district shall adopt an integrated pest management plan (IPM)¹ which emphasizes the least possible risk to students, staff and community members and shall adopt a list of low-impact pesticides for use with the IPM plan.

The IPM plan is a proactive strategy that:

1. Focuses on the long-term prevention or suppression of pest problems through economically sound measures that:
 - a. Protect the health and safety of students and staff;
 - b. Protect the integrity of district buildings and grounds;
 - c. Maintain a productive learning environment; and
 - d. Protect local ecosystem health.
2. Focuses on the prevention of pest problems by working to reduce or eliminate conditions of property construction, operation and maintenance that promote or allow for the establishment, feeding, breeding and proliferation of pest populations or other conditions that are conducive to pests or that create harborage for pests;
3. Incorporates the use of sanitation, structural remediation or habitat manipulation or of mechanical, biological and chemical pest control measures that present a reduced risk or have a low-impact and, for the purpose of mitigating a declared pest emergency, the application of pesticides that are not low-impact pesticides;

First Aid - Infection Control

Health services information about the transmission of diseases including AIDS and HBV¹ focuses on “body fluids” as a possible carrier of organisms that can infect others. The term includes drainage from cuts and scrapes, vomit, urine, feces, respiratory secretions (nasal discharge), saliva, semen and blood. While any contact with the body fluids of another person represents a risk, the level of risk is very low. The risk is increased if the fluid comes in contact with a break in the skin of another individual. Generally, simple, consistent standards and procedures of cleanliness minimize risk.

The following procedures are precautionary measures against the transmission of diseases. Prudent actions are to be employed by all staff and students. These actions should focus primarily on steps that students and staff members can take to ensure their own well-being.

Those who administer first aid, provide physical care or may otherwise incur occupational exposure to blood or other potentially infectious materials as determined by the district will be specifically protected through the district's Exposure Control Plan.

The following procedures are a review for all staff and students of appropriate hygienic and sanitation practices:

1. Standard precautions are to be followed at all times. Standard precautions require the assumption that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV, HBV and/or other bloodborne pathogens;
2. Whenever possible, students should be directed to care for their own minor bleeding injury. This includes encouraging students to apply their own band-aids. If assistance is required, band-aids may be applied after the caregiver removes their gloves, if the caregiver will not come into contact with blood or wound drainage;
3. Food and Drug Administration (FDA) approved gloves are required for all tasks in which an individual may come into contact with blood or other potentially infectious materials. Such tasks include cleaning body fluid spills, emptying trash cans, handling sharps/containers, handling contaminated broken glass, cleaning contaminated equipment and handling contaminated laundry/clothing. This also includes assisting with any minor wound care, treating bloody noses, handling clothes soiled by incontinence, diaper changing and cleaning up vomit;
4. Immediate, complete and effective hand washing with soap and running water of at least 30 seconds duration should follow any first aid or health care given to a student or contact with potentially infectious materials;

¹ HIV - Human Immunodeficiency Virus; AIDS - Acquired Immune Deficiency Syndrome; HBV - Hepatitis B Virus

5. If exposure to blood or other potentially infectious materials occurs through coughing, any first-aid procedure, or through an open sore or break in the skin, thorough washing, preferably with germicidal soap, is necessary;
6. In the event hand-washing facilities are not readily available, thorough cleaning using an antiseptic cleanser and clean cloth/paper towels or antiseptic towelettes provided by the district as an alternative is necessary. In the event alternatives are used, hands must be washed with soap and running water as soon as feasible;
7. Contaminated work surfaces shall be decontaminated with an appropriate disinfectant after completion of procedures; immediately or as soon as feasible when surfaces are overtly contaminated or after any spill of blood or other potentially infectious materials; and at the end of the work shift if the surface may have become contaminated since the last cleaning. Clean surfaces with soap and water and then rinse with an Environmental Protection Agency (EPA) approved disinfectant² following labeling instructions for use, or a freshly made solution of one part bleach to nine parts water, and allow to air dry. These surfaces include equipment, counters, mats (including those used in physical education classes and athletic events), toys or changing tables;
8. An EPA-approved disinfectant must be used when cleaning fluids such as blood or vomit from the floor or other such contaminated surfaces;
9. Contaminated laundry such as clothing and towels must be placed and transported in bags and containers in accordance with the district's² standard precautions. All such items must be laundered in hot or cold water and soap and placed in a dryer;
10. Needles, syringes, broken glassware and other sharp objects found on district property must not be picked up by students at any time, nor by staff without appropriate puncture-proof gloves or mechanical device such as a broom, brush and dust pan. Any such items found must be disposed of in closable puncture resistant, leakproof containers that are appropriately labeled or color-coded;
11. All wastebaskets used to dispose of potentially infectious materials must be lined with a plastic bag liner that is changed daily;
12. Gloves and repellent gowns, aprons or jackets are required for tasks in which exposure to blood or other potentially infectious materials can be reasonably anticipated to contaminate street clothing. Type and characteristics of such protective clothing will depend on the task. Such tasks may include diapering/toileting with gross contamination, assisting with wound care, sorting or bagging contaminated laundry/clothing and disposing of regulated waste with gross contamination;
13. Maximum protection with gloves, face and/or eye protection and gowns is required whenever splashes, spray, spatter or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated. Such tasks may include feeding a student with a history of spitting or forceful vomiting and assisting with severe injury and wound with spurting blood;

² [Disinfectants which can be used include Lysol, Purex, Clorox, Tough Act bathroom cleaner, Dow bathroom cleaner, Real Pine liquid cleaner, Pine Sol, Spic and Span, Tackle liquid, Comet and other products with EPA numbers. Other disinfectants as recommended by the Center for Disease Control may be used.]

14. If a first aid situation occurs, students should report to a person in authority; staff should report to a supervisor.

Additional Precautions

The following additional precautions should be applied in all school settings. These procedures will help prevent transmission of many infections in addition to HIV and HBV:

1. A sink with soap, hot and cold running water and disposable towels should be available close to the classroom;
2. Sharing of personal toilet articles, such as toothbrushes and razors, should not be permitted;
3. Skin lesions that may ooze blood or serum should be kept covered with a dressing;
4. Exchange of saliva by kissing on the mouth, by sharing items that have been mouthed and by putting fingers in others' mouths should be discouraged.

Infection Control and Bloodborne Pathogens ~~HBV/Bloodborne Pathogens~~

The Board recognizes that staff/students incur some risk of infection and illness each time they are exposed to blood or other potentially infectious materials. While the risk to staff/ ~~and~~ students of exposure to body fluids due to casual contact with individuals in the school environment is very low, the Board regards any such risk as serious.

Consequently, the Board directs adherence to standard precautions. Standard precautions require that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV, HBV and/or other bloodborne pathogens¹.

The district shall develop an Exposure Control Plan that includes infection control procedures, and procedures to minimize and eliminate exposure incidents to bloodborne pathogens.

Infection Control

Staff and students shall receive an annual in-service that includes correct procedures for cleaning up body fluid spills and for personal cleanup, appropriate disposal, immunization and personal hygiene, as well as the location and a content review of first-aid and clean-up kits. Kits shall be available for each room in the building and in each district vehicle.

In addition to an annual in-service, staff and students on a regular basis will receive HIV, AIDS and HBV information.

The information shall emphasize infection — how infection is spread as well as how it is not spread.

~~In order to reduce the risk to staff/students by minimizing or eliminating staff exposure incidents to bloodborne pathogens, the Board directs the superintendent to develop and implement an Exposure Control Plan. The plan shall be reviewed and updated at least annually and when necessary to reflect new or modified tasks and procedures which affect occupational exposure and to reflect new or revised employee positions with occupational exposure. The review and update shall also:~~

Bloodborne Pathogens

The Exposure Control Plan shall be reviewed and updated at least annually and when necessary to reflect new or modified tasks and procedures which affect occupational exposure and to reflect new or revised employee positions with occupational exposure. The review and update shall also:

¹ Bloodborne pathogens - pathogenic microorganisms that are present in human blood and can cause disease in humans. These include, but are not limited to, Hepatitis B virus (HBV) and Human Immunodeficiency Virus (HIV).

1. Reflect changes in technology that eliminate or reduce exposure to bloodborne pathogens;
2. Annually, document consideration and implementation of appropriate commercially available and effective safer medical devices designed to eliminate or minimize occupational exposure.

The plan shall include training followed by an offer of immunization with Hepatitis B vaccine and vaccination series for all staff who are required to provide first aid to students and/or for all staff who have occupational exposure as determined by the district. Training shall be provided at the time of initial assignment to tasks where occupational exposure may take place and at least annually thereafter. Personal protective equipment appropriate to job tasks shall be provided by the district. A postexposure evaluation and follow-up shall be made available to any employee sustaining an occupational exposure.

The district recognizes that, as required by **Oregon Administrative Rule (OAR) 437-002-1030**, employees who use medical sharps in the performance of their duties (e.g., administering injectable medicines to students, such as epinephrine and glucagon) must, at least annually, be provided with the opportunity to identify, evaluate and select engineering and work practice controls (e.g., sharps disposal containers, self-sheathing needles, safer medical devices, such as sharps with engineered sharps injury protections and needleless systems). The district will implement such work practice controls, as appropriate.

Documentation, including a sharps injury log, will be maintained as required by OAR 437-002-1035 and 437-002-1030(3).

The district will cooperate with the Oregon Department of Education, the Oregon Health Authority, Public Health Division, the local health department and the education service district in delivering HIV, AIDS and HBV education.

ALL injuries/illnesses sustained by an employee, while in the actual performance of the duty of the employee or by a student or visiting public will be promptly investigated. As a result of the investigation any corrective measures needed will be acted upon.

The district safety officer will maintain records and ~~Monthly records will be maintained. An analysis of the data and trends will be made at least annually.~~

~~The Board will receive~~ reports on serious injuries/illnesses, including accidents involving district property or employees, students or visiting publics, and periodic statistical reports on the number and types of injuries/illnesses occurring in the district, as well as on the measures being taken to prevent such injuries/illnesses in the future.

The records will include monthly reporting information and an analysis of the data and trends will be conducted at least annually. Such reports will be submitted to the superintendent for review annually⁴.

¹ An injury or illness is work related if an event or exposure in the work environment caused or contributed to the condition or significantly aggravated a preexisting condition.

² Medical treatment includes managing or caring for a patient for the purpose of combatting disease or disorder. The following are not considered medical treatment: visits to a doctor or health-care professional solely for observation or counseling; diagnostic procedures including administering prescription medications used solely for diagnostic purposes; and any procedure that can be labeled first aid.

~~Therefore, in compliance with the Federal Aviation Administration Modernization and Reform Act of 2012, Section 336, students may operate a UAS as part of a course requirement, as long as that student does not receive compensation directly or incidentally from such operation. District staff teaching a class that allows use of a UAS may provide limited assistance to a student operating a UAS, provided the student maintains operational control of the model aircraft such that the staff member’s manipulation of the model aircraft’s controls is incidental and secondary to the student’s. The staff member’s de minimis participation must be limited to the student’s operation of the UAS as part of the course.~~

Part 107 or have a Certificate of Authorization as described in 49 U.S.C. § 44801, so any student(s) can fly under their direct supervision, and to be in compliance with current FAA¹ regulations. District staff will not operate more than one UAS at the same time.

District employees shall work with administrators to ensure that proper insurance, registration as required by ~~with both~~ FAA and ODA, reporting to ~~FAA, ODA~~ and authorization from district administration are in place prior to use as a part of the district’s ~~adoption of~~ curriculum ~~that allows operation of a UAS.~~

¹ https://www.faa.gov/uas/educational_users/

A UAS shall be operated in accordance with the policies of the Oregon School Activities Association (OSAA)² at OSAA -sanctioned events.

A student in violation of this policy may be subject to disciplinary action, up to and including suspension and/or expulsion.

A staff member in violation of this policy may be subject to disciplinary action, up to and including dismissal.

All data gathered by the district as part of a UAS operation will belong to the district. The data gathering by the district will follow appropriate state and federal laws. Retention of such data will follow state and federal laws.

The superintendent shall develop procedures for the implementation of this policy.

The district shall post a copy of this policy, associated procedures and a copy of Oregon Revised Statute (ORS) 192.501 on the district's website.

The district will report accidents involving a UAS to FAA no later than 10 calendar days after the accident when it involves:

1. Serious injury to any person or any loss of consciousness; or
2. Damage to any property, other than the small UAS, unless the cost of repair (including materials and labor) does not exceed \$500, or the fair market value of the property does not exceed \$500 in the event of total loss.

Third Party Use

Third party use of a UAS on district property or at district-sponsored events or activities on district property for any purpose is prohibited, unless granted permission from the superintendent or designee.

If permission is granted by the superintendent or designee, the third party operating a UAS will comply with all FAA and ODA registration and use regulations and shall provide the following to the district:

Local Wellness Program

(Version 1)

See updated version

The district is committed to the optimal development of every student and believes that a positive, safe and health-promoting learning environment is necessary for students to have the opportunity to achieve personal, academic, developmental and social success.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board's commitment to providing adequate time for instruction that fosters healthy eating through nutrition education and promotion, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate.

The input of staff (including, but not limited to, physical education and school health professionals), students, parents, the public, the Board, school administrators, representatives of the school food authority and public health professionals will be encouraged in the development of wellness policy. The superintendent or designee will develop guidelines as necessary to implement the goals of the local wellness plan and ensure compliance of such policy.

WELLNESS POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation Plan

The district shall develop and maintain a plan to manage and coordinate the implementation of this wellness policy.

The plan will:

1. Delineate roles, responsibilities, actions and timelines specific to each school;
2. Include information about who will be responsible to make what change, by how much, where and when;
3. Include specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, and in food and beverage marketing; and
4. Include specific goals and objectives for nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

In an effort to measure the implementation of this policy, the Board designates the superintendent as the person who will be responsible for ensuring each school meets the goals outlined in this policy.

Record Keeping

The district will retain the following records to document compliance with the requirements of the wellness policy at the district's administrative offices.

1. The written wellness policy;
2. Documentation demonstrating that the policy has been made available to the public;
3. Documentation of efforts to review and update the local wellness policy, including an indication of who is involved in the update and the methods the district uses to make stakeholders aware of their ability to participate;
4. Documentation to demonstrate compliance with the annual public notification requirements;
5. The most recent assessment on the implementation of the local wellness policy;
6. Documentation demonstrating the most recent assessment on the implementation of the local wellness policy has been made available to the public.

Annual Notification of Policy

The district will make available to the public annually, an assessment of the implementation, including the extent to which the schools are in compliance with policy, how the policy compares to model policy and a description of the progress being made in attaining the goals of the policy. The district will make this information available. The district will also publicize the name and contact information of the district or school official(s) leading and coordinating the policy, as well as information on how the public can get involved with the local wellness policy.

Triennial Progress Assessments

At least once every three years, the district will evaluate compliance with the local wellness policy, to assess the implementation of the policy and produce a triennial progress report that will include:

1. The extent to which schools under the jurisdiction of the district are in compliance with the policy;
2. The extent to which the district's policy compares to model wellness policy; and
3. A description of the progress made in attaining the goals of the district's policy.

The district will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The district will update or modify the local wellness policy based on the results of the triennial assessments and/or as district priorities change; community needs change; wellness goals are met; new health science, information and technology emerge; and new federal or state guidance or standards are

issued. The local wellness policy will be assessed and updated as indicated at least every three years following the triennial assessment.

Community Involvement, Outreach and Communications

The district will actively communicate ways in which the community can participate in the development, implementation and periodic review and update of the local wellness policy through a variety of means appropriate for the district. The district will also ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents.

NUTRITION PROMOTION AND NUTRITION EDUCATION

Nutrition promotion and nutrition education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, by creating food environments that encourage healthy nutrition choices and by encouraging participation in school meal programs. Students and staff will receive consistent nutrition messages throughout the school environment. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by staff, teachers, parents, students and the community.

School Meals

All schools within the district participate in U.S. Department of Agriculture (USDA) child nutrition programs, administered through the Oregon Department of Education (ODE), including the National School Lunch Program (NSLP), the School Breakfast Program (SBP), Fresh Fruit & Vegetable Program (FFVP), Summer Food Service Program (SFSP). The district also operates additional nutrition-related programs and activities including Farm-to-School programs, school gardens, Breakfast in the Classroom, Mobile Breakfast carts or Grab ‘n’ Go Breakfast.

Free, safe, unflavored, drinking water will be available to all students throughout the school day and throughout every school campus. The district will make drinking water available where school meals are served during mealtimes.

Competitive Foods and Beverages

All foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day will meet or exceed the nutrition standards set by the USDA and the

Oregon Smart Snacks Standards¹. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts.

Celebrations and Rewards

All foods offered on the school campus are encouraged to meet the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. This includes, but is not limited to, celebrations, parties, classroom snacks brought by parents, rewards and incentives.

Fund Raising

Foods and beverages that meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards may be sold through fund raisers on the school campus during the school day.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. “Food and beverage marketing” is defined as advertising and other promotion in schools. Food and beverage marketing often includes an oral, written or graphic statement made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.

PHYSICAL ACTIVITY AND PHYSICAL EDUCATION

Physical activity should be included in the school’s daily education program for grades pre-K through 12 and include regular, instructional physical education, as well as co-curricular activities and recess.

The Board realizes that a quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements² in order to meet the ODE’s physical education content standards and state law³.

At least 50 percent of the weekly physical education class time shall be devoted to actual physical activity. Instruction, provided by adequately prepared teachers, will meet the state adopted academic content standards for physical education (Oregon Revised Statute (ORS) 329.045). Teachers of physical education shall regularly participate in professional development activities.^{4]}

⁴ ~~This language is not required to be in policy, but this is a required action pursuant to ORS 329.496.~~

A student with a disability shall have suitably adapted physical education incorporated as part of their individualized education program (IEP) developed under ORS 343.151. A student who does not have an IEP but has chronic health problems, other disabling conditions or other special needs that preclude them from participating in regular physical education instruction, shall have suitably adapted physical education incorporated as part of their individualized health plan, developed by the district.⁵

Other Activities that Promote Student Wellness

The district will integrate wellness activities throughout the entire school environment, not just in the cafeterias, other food and beverage venues and physical activity facilities. The district will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complimentary, not duplicated and work toward the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

{Title 7 C.F.R. 210.31(a) requires local education agencies to “establish a local school wellness policy for all schools participating in the National School Lunch Program and/or School Breakfast Program...”. The law describes the policy as “a written plan that includes” various components intended to improve student wellness. This policy is designed to meet the requirements for a wellness policy and provide the framework for the district’s plan. Previously these requirements were split between the policy and an administrative regulation (AR). All required and/or related content is now included in the model policy, therefore OSBA recommends deleting the AR if the district previously included it in the board’s policy manual. Districts should consult with stakeholders in the process of adoption and incorporate language that meets the unique needs of the district.}

[^{11}Employee Wellness^{12}

The district encourages staff to pursue a healthy lifestyle that contributes to their improved health status, improved morale and a greater personal commitment to the school's overall wellness program. Many actions and conditions that affect the health of staff may also influence the health and learning of students. The physical and mental health of staff is integral to promoting and protecting the health of students and helps foster their academic success. The district's Employee Wellness Program will promote health, reduce risky behaviors of employees and identify and correct conditions in the workplace that can compromise the health of staff, reduce their levels of productivity, impede student success and contribute to escalating health-related costs such as absenteeism.

The district will collaborate with community partners to identify programs, services and/or resources to compliment and enrich employee wellness endeavors.

The district's Employee Wellness Program may include the following:

1. Health education and health promoting activities that focus on skill development and lifestyle behavior that change along with awareness building, information dissemination, access to facilities, and are preferably tailored to employees' needs and interests;
2. Safe, supportive social and physical environments including organizational expectations about healthy behavior, and implementation of policy that promotes health and safety and reduces the risk of disease;
3. Linkage to related programs such as employee assistance programs, emergency care and programs that help employees balance work life and family life;
4. Education and resources to help employees make decisions about health care; and
5. Nutrition and fitness educational opportunities that may include but are not limited to, the distribution of educational and informational materials, and the arrangement of presentations and workshops that focus on healthy lifestyles, health assessments, fitness activities and other appropriate nutrition and physical activity related topics.

The district encourages participation from all employees. "Employees" are not limited to instructional staff (i.e., teachers and instructional assistants), but includes all administrators and support staff.

The following groups are seen as essential for establishing, implementing and sustaining an effective employee wellness program:

1. School personnel who implement existing wellness programs in the district (i.e., employee wellness committee);

¹¹ {This language is optional and is not required by state or federal law.}

¹² {CDC resources for [school employee wellness](#) and [workplace health promotion](#)}

3. Decision makers who have the authority to approve policy and provide administrative support essential for a school wellness program (e.g., Board members, superintendents, human resource administrators, fiscal services administrators and principals).]

Reproduction of All Copyrighted Materials

Among the facilities available to teachers in carrying out their educational assignments are a variety of machines for reproducing the written and spoken word, either in single or multiple copies.

Infringement on copyrighted material, whether prose, poetry, graphic images, music, audio-tape, video or computer-programmed materials, is a serious offense against federal law and contrary to the ethical standards required of staff and students alike.

Violations may result in criminal or civil suits.

The Board therefore requires that all reproduction of copyrighted material be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as “fair use” under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form.

“Fair use” is not a rigidly defined term. “Fair use” is based on the following standards:

1. The purpose and character of the use;
2. The nature of the copyrighted work;
3. The amount of and the substantiality of the portion used;
4. The effect of the use upon the potential market for, or value of, the copyrighted work.

If an individual questions the legality of duplicating materials, ~~they~~he/she should seek permission from the copyright holders.

Employees in violation of copyright law may be required to remunerate the district in the event of loss due to litigation and may be subject to discipline up to and including dismissal.

The superintendent will develop administrative regulations ~~that provide guidelines~~ for the “fair use” of copyrighted materials that meet the requirements of Section 107 of the Copyright Act of 1976 and applicable amendments.

(Version 1)

See updated version

In order for the district, (including charter schools) to function administratively, undergo periodic audits and provide for its legal requirements, it must manage its records properly. Therefore, the district requires its employees to retain and destroy electronic documents and email messages that are created, sent and received in the course of conducting official business in accordance with the Oregon Archives division records retention schedule. The district's specified retention system is to retain electronic documents and email messages as part of the network and email system.

If an electronic document or email message is a public record then it is subject to retention requirements based on the content of the message. Records, including electronic documents or email, shall not be destroyed if they have been requested under the Public Records Law or if they are part of litigation, even if their retention period has expired.

2. To organize this information in a manner that can be easily and clearly interpreted by an architect.

Re: Coop with Philomath for Baseball/Softball

*OK for
board approval
1/10/23*

I would like to propose and have approval for a coop for Baseball and Softball with Philomath High School. I have spoken with Tony Matta at Philomath High School and they would like to honor the coop. I have surveyed out student athletes and currently we had 4 girls interested in softball and 4 boys interested in baseball. Earlier in the year we were looking at cooping with Eddyville for both but with the lack of interest we can not justify the cost for such few student athletes. I feel since we have a bus that goes to Philomath after school it makes perfect sense for us to coop with Philomath. Other options would be Monroe.

Sincerely,

Bart Rothenberger

Staff Ethics

District employees are allowed financial benefits as identified in Oregon Revised Statute (ORS) 244.040(2), such as their official compensation package, reimbursed expenses, limited honoraria and unsolicited awards for professional achievement. District employees are prohibited from using or attempting to use his/her their district position to obtain a financial gain or to avoid a financial detriment for the district employee, a relative or member of the household of the employee, or any business with which the employee or a relative or member of the household of the employee is associated, if the opportunity for financial gain or avoidance of a financial detriment would not otherwise be available but for the employee's position with the district. Specifically, this means that:

1. Employees will not use district equipment for personal use, unless it is available to a significant segment of the general public. This includes, but is not limited to, the personal use of the district's:
 - a. Fax machine¹;
 - b. Phones to make long distance personal calls;
 - c. District vehicles;
 - d. Professional technology equipment (e.g., wood shop, automotive shop, CAD); and
 - e. Athletic facilities (e.g., pool or weight room).

Further, the district's supplies, facilities, equipment, employees, records or any other public resources are not to be used to engage in private business interests. For example, the district's computer cannot be used to sell products on an auction website during school hours.

2. When employees are traveling on official district business, any gift given because of this travel must be either declined or passed on to the district for use for future district travel. For example, if the hotel where the employee is staying gives the employee a free night's stay on a future visit, this must be declined or given back to the district for future district travel. The frequent flyer miles earned when traveling on official district business can only be used for district travel. If the employee's spouse is traveling with the employee, the employee is responsible for all additional charges (i.e., additional room charge).
3. Employees may not use personal credit cards for district travel or other district business and receive incentives such as cash reimbursements, frequent flyer miles and other benefits based upon the dollar amount of purchases made.
4. Employees may not use discounts offered by private companies for the employee's personal benefit if the discount is only offered because of the employee's official position. For example, an office supplies store provides all teachers a 10 percent discount. Because the teachers are receiving this discount only because of their official position, they cannot use the discount to purchase personal items. Teachers may use the discount to purchase items for district use. Employees can also accept

¹ The district could establish a fee schedule that would allow only district employees to pay for the personal use of the district fax machines. If the district established a fee schedule for the use of fax machines the fee schedule must be equal to or exceed the prevailing rates offered at commercial businesses.

the discount if it is also available to a substantial segment of the population who are not public officials.

5. Employees may accept free passes to district extracurricular events if they are attending these events in their official capacity (i.e., chaperoning, ticket sales or managing concession sales). In order to promote employee participation in extracurricular activities, the district may include free passes in employees' official compensation packages or employees may be reimbursed by the district for the cost of admission.
6. The employee's district position is not to be used to take official action that could have a financial impact on a private business with which, the employee, a relative or member of ~~the employee's~~ *your* household are associated. For example, if the employee's brother owns a pest-control business which is seeking a contract with the district, ~~and the employee is part of the decision-making process,~~ the employee must declare an actual conflict of interest in writing, describing the nature of the employee's conflict, and provide this to ~~the employee's~~ *your* supervisor.
7. Confidential information gained as a district employee is not to be used to obtain a financial benefit for the employee, a relative or member of the ~~employee's~~ *public official's* household or a business with which any are associated. For example, the employee should not use the information that a student in *your* class is falling behind in math to provide the parents a referral to the employee's sister's tutoring business.
8. District employees who mentor student teachers may not receive direct payments from sponsoring colleges or universities. The payment may be provided by the college or university to the district, which can then distribute the compensation to the teachers as an element of their official compensation package.
9. District employees must follow Oregon Government Ethics Commission guidelines for outside employment if the employee acts as a chaperone for student group trips on personal time and the district employee accepts compensation in the form of travel expenses from a private business or organization. Specifically, district employees must conduct all activities related to the trip on personal time and cannot use the classroom or school environment to plan the off-campus trip. Employees may use district facilities for this purpose only if they comply with the district's public use of facilities policy. It is not an ethics violation ~~for the employee~~ to accept reasonable expenses for accompanying students on an education trip.

~~These restrictions do not apply if the teacher is chaperoning students on a fact-finding mission that is officially sanctioned by the Board. *The definition of a fact-finding mission is, in part, any activity related to a cultural or educational purpose. See OAR 199-005-0020(3)(a). The district employee must be directly and immediately associated with the event or location being visited. If a district employee only acts as a chaperone and does not provide instruction or guidance for the students in language usage or cultural events, the trip may not meet the requirements of ORS 244.020(6)(H)(i). Further, the employee can only accept the reimbursement of reasonable travel expenses from the private company, not any further compensation.*~~

~~These restrictions do not apply if the district compensates the district employee for chaperoning the trip.~~

Alcohol/Controlled Substance Use

The following conduct is strictly prohibited and will subject an employee to immediate discipline, up to and including termination:

1. The buying, selling, transporting, possessing, providing ~~transportation, possession, provision~~ or ~~using~~ use of intoxicants, including alcohol, or any controlled substances as defined by law, while on district property, during work hours (including meal periods), while assigned to extra duty or special projects, including those held after or in addition to regular school hours and while driving between work-sites during the work-day in either a district-supplied vehicle or a vehicle supplied by the employee;
2. Reporting for work under the influence of alcohol, intoxicants or any controlled substance. An individual is considered to be “under the influence of alcohol, intoxicants and/or a controlled substance” when, in the district’s determination, the controlled substance, alcohol or intoxicant is at a level that it may impair the individual’s ability to safely and/or efficiently perform assigned work OR prevent the employee from presenting a positive role model to students.

~~If the district has reasonable suspicion to believe that an employee is under the influence of intoxicants, including alcohol or any controlled substance, the district may require the employee submit to immediate testing by trained medical personnel. Refusal to submit immediately to such tests may result in disciplinary action, up to and including dismissal. “Reasonable suspicion” may be created by such things as slurred speech, dilated pupils, suspicious odors and unsteady balance.~~

The district ~~also~~ reserves the right, with prior notice and reasonable suspicion, to conduct searches of district property, vehicles or equipment at any time. A refusal to submit to a search may result in disciplinary action, up to and including dismissal.

The ~~superintendent~~ ~~administration~~ will develop ~~appropriate regulations~~, procedures, consent forms, and such notifications as are needed for an orderly implementation of this policy.

Expression of Milk or Breast-feeding in the Workplace *

(This applies to a district that employs 10 or more employees)

When possible an employee must give reasonable notice of the intent to express milk or breast-feed to principal. The district shall provide the employee a reasonable rest period to express milk or breast-feed each time the employee has a need to express milk or breast-feed. If feasible, the employee will take the rest period at the same time as the rest periods or meal periods provided by the district.

The district will make a reasonable effort to provide a location, other than a public restroom or toilet stall, in close proximity to the employee's work area, where an employee can express milk or breast-feed in private, concealed from view and without intrusion by other employees or the public. "Close proximity" means within walking distance from the employee's work area that does not appreciably shorten the rest or meal period. If a private location is not within close proximity to the employee's work area, the district may not include the time taken to travel to and from the location as part of the break period.

The following locations have been identified in each facility for milk expression or breast-feeding:

1. District office: conference room;
2. Alsea School District: coach's office in the girls' locker room;

An employee who expresses milk during work hours may use the available refrigeration to store the expressed milk. The district must allow the employee to bring a cooler or other insulated food container to work for storing the expressed milk and ensure there is adequate space in the workplace to accommodate the employee's cooler or insulated food container.

This policy and the list of designated locations is published in the employee handbook. The list of designated locations is available upon request in the central office of each school facility and in the district's central office.

Veterans' Preference

Oregon's Veterans' Preference Law requires the district to grant a preference to qualified and eligible veterans and disabled veterans at each stage in the hiring and promotion process. To be **qualified** for veterans' preference, a veteran or disabled veteran must meet the minimum and any other special qualifications required for the position sought. To be **eligible** for veterans' preference¹ a veteran or disabled veteran must provide certification they are a veteran or disabled veteran as defined by Oregon law².

The district is not obligated to hire or promote a qualified and eligible veteran or disabled veteran. The district is obligated to interview all minimally qualified veterans or disabled veterans and to hire or promote a qualified or eligible veteran or disabled veteran if the individual ~~he or she~~ is equal to or better than the top candidate after the veterans' preference has been applied.

A veteran may submit a written request to the district for an explanation of the reasons why they were not selected for the position.³ The district shall provide the reasons for not selecting the candidate when requested.

Recruitment Procedures

All job postings or announcements will include a concise list of minimum and any special qualifications required for the position. Job postings will include a statement that the district's policy is to provide veterans and disabled veterans with preference as required by law and the job posting will require applicants to provide certification⁴ of eligibility for preference, in addition to other requested materials.⁵

Selection Procedures⁶

¹ See Oregon Revised Statute (ORS) 408.235.

² See Oregon Revised Statute (ORS) 408.225 and OAR 839-006-0440 for definitions: ~~definition~~ of veteran and disabled veteran.

³ ~~Oregon Revised Statute (ORS) 408.230(5)~~

⁴ See Verification of Veteran's Preference (OAR 839-006-0465). An applicant claiming veteran's or disabled veteran's preference will submit a copy of their Certificate of Release or Discharge from Active Duty (DD Form 214 or 215) or a certification that the veteran is expected to be discharged or released from active duty under honorable conditions not later than 120 days after the submission of the certification. A disabled veteran may also submit a copy of their letter from the U.S. Department of Veterans Affairs, unless the information is included in the DD Form 214/215 or a certification that the veteran is expected to be medically separated from active duty under honorable conditions not later than 120 days after the submission of the certification.

⁵ ~~Verification of Veteran's Preference~~

⁶ If the district chooses not to use a scored system the law requires that the district give special consideration in the district's hiring decision to veterans and disabled veterans and the district will need to be able to demonstrate the method used for providing special consideration. ORS 408.230(2)(c).

Step 1: Before the review of any applications the clerk or deputy clerk will establish an evaluation scoring guide based on the minimum and any special qualifications listed in the job posting.

Step 2: The clerk or deputy clerk will review the application materials using the ~~above~~ evaluation scoring guide to determine which applicants meet the minimum and any special qualifications listed in the job posting. In assessing the applicant materials of a veteran or disabled veteran the clerk or deputy clerk shall evaluate whether the skill experience obtained in the military are transferable to the posted position. ~~In this step the district does not apply a veterans' preference.~~ Any applicants that do not meet the minimum and any special qualifications shall be removed from the applicant pool.

Step 3: Based on Step 2, the clerk or deputy clerk determines who will be interviewed. All qualified and eligible veterans or disabled veterans shall be given an opportunity to interview.

Step 4: Interview questions and scoring sheets will be developed and each scoring sheet must be completed after each interview by the interviewers.

Step 5: Following completion of the interviews, the clerk or deputy clerk shall complete the selection matrix and score the applicants based on the scoring sheets completed during interviews. Veterans' preference ~~shall~~ **points must** be applied by adding 5 **percentage** points to an eligible veteran and 10 **percentage** points to an eligible disabled veteran.

Step 6: The clerk or deputy clerk makes the offer to the applicant with the highest final score. The district is not obligated to hire or promote a qualified and eligible veteran or disabled veteran.

The district is obligated to hire or promote a qualified or eligible veteran or disabled veteran if they are equal or better than the top candidate after the veterans' preference has been applied.

A veteran may submit a written request to the district for an explanation of the reasons why they were not selected for the position. The district shall provide the reasons for not selecting the candidate when requested.

Filing a Complaint

A veteran or disabled veteran is encouraged to contact the district office if they have any concerns or questions concerning the application of or the process used for veterans' preference.

A veteran or disabled veteran claiming to be aggrieved by a violation of Board policy GBA - Equal Employment Opportunity or this administrative regulation, may file a written complaint with the Civil Rights Division of the Bureau of Labor and Industries (BOLI) in accordance with Oregon Revised Statute (ORS) 659A.820.

~~A veteran will submit: (a) a copy of their Certificate of Release or Discharge from Active Duty (DD Form 214 or 215); or (b) proof of receiving a nonservice connected pension from the U.S. Department of Veterans Affairs. A disabled veteran will submit a copy of their letter from the Department of Veterans Affairs verifying disabled veteran status.~~

~~4:OSBA recommends use of a scored system. If the district chooses not to use a scored system the law requires that the district give special consideration in the district's hiring decision to veterans and disabled veterans and the district will need to be able to demonstrate the method used for providing special consideration." ORS 408.230(2)(c).~~

~~5:The points are based on a 100 point scoring matrix. If a 100 point scoring matrix is not used, the district must use a multiplier equivalent to 5 percent for a veteran and 10 percent for a disabled veteran, or the equivalent.~~

Staff Ethics

I. Prohibited Use of Official Position for Financial Gain

I. ~~Conflict of Interest~~

No district employee will attempt to use their ~~his/her~~ district position to obtain ~~personal financial benefit or avoidance of financial detriment or~~ financial gain or avoidance of financial detriment for themselves, relatives, members of household ~~members~~ or for any business with which the employee, a household member or relative is associated, if the financial gain or avoidance of financial detriment would not otherwise be available but for the district employee's employment with the district.

This prohibition does not apply to any part of an official compensation package as approved by the Board, honorarium ~~allowed by ORS 244.042~~, reimbursement of expenses, or unsolicited awards of professional achievement. Further, this prohibition does not apply to gifts from one without a legislative or administrative interest. Nor does it apply if the gift is under the \$50 gift limit for one who has a legislative or administrative interest in any matter subject to the decision or vote of the district employee.

The employee may receive district or school logo apparel as part of the employee's official compensation package.

District employees will not engage in, or have a personal financial interest in, any activity that raises a reasonable question regarding the use ~~of conflict~~ of their official position in regard to ~~interest with~~ their duties and responsibilities as district employees. ~~staff members~~. This would also apply to any personal financial benefit for the district employee's relative or member of household of the employee, or any business with which the district employee or a relative or member of the household of the district employee is associated.

This means that:

1. Employees, relatives or members of the district employee's household will not use the employee's ~~their~~ position to obtain financial gain or avoidance of financial detriment from students, parents or staff;
2. Any device, publication or any other item developed during the employee's paid time shall be district property;
3. Employees will not further personal gain through the use of confidential information gained in the course of or by reason of position or activities in any way;
4. No district employee may serve as a Board or budget committee member in the district;

5. An employee will not perform any duties related to an outside job during his/her regular working hours or during the additional time that they/he/she needs to fulfill the position's responsibilities; nor will an employee use any district facilities, equipment or materials in performing outside work;
6. If an employee authorizes a public contract, the employee may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

If a district employee has a potential or actual conflict of interest, the district employee must notify his/her their supervisor in writing of the nature of the conflict and request that the supervisor dispose of the matter giving rise to the conflict. This must be done on each occasion the district employee is met with a conflict of interest.

“Potential conflict of interest” means any action or any decision or recommendation by a district employee that could result in a financial benefit or detriment for self or relatives or for any business with which the district employee or relatives are associated, unless otherwise provided by law.

“Actual conflict of interest” means any action or any decision or recommendation by a district employee that would result in a financial benefit or detriment for self or relatives or for any business with which the district employee or relatives are associated, unless otherwise provided by law.

In order to avoid violation of nepotism provisions both potential and district policy actual conflicts of interests, district employees must abide by the following rules when an employee's relative or member of the household of the district employee, is seeking and/or holds a position with the district:

1. A district employee may not appoint, employ, promote, discharge, fire, or demote or advocate for such an employment decision for a relative or a member of the household, unless he/she the employee complies with the conflict of interest requirements of Oregon Revised Statute (ORS) ORS Chapter 244. This rule does not apply to employment decisions regarding unpaid volunteer position, unless it is a Board-related position;
2. A district employee may not participate as a public official in any interview, discussion, or debate regarding the appointment, employment, promotion, discharge, firing, or demotion of a relative or a member of the household. An employee may still serve as a reference, provide a recommendation, or perform other acts that are part of the normal job functions of the employee;
3. More than one member of an employee's family may be hired as a regular district employee. In accordance with Oregon law, however, the district may refuse to hire individuals, or may transfer current employees, in situations where an appointment would place one family member in a position of exercising supervisory, appointment or grievance adjustment authority over another member of the same family.

“Member In the conflict of interest context, a “member of the household” means any person who resides with the employee.

“Relative and “relative” means: the

- ~~1.~~ ~~The employee's~~ spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law;
- ~~2.4.~~ ~~The spouse~~ of the employee; or the ~~employee's~~ parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the employee. Relative also includes any individual for whom the employee has a legal support obligation, whose employment provides benefits² to the employee, or who receives any benefit from the employee's public employment.

II. Gifts

District employees must comply with the following rules involving gifts:

Employees are public officials and therefore will not solicit or accept a gift or gifts with an aggregate value in excess of \$50 from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. All gift-related provisions apply to the employee, their relatives, and members of their household. The \$50 gift limit applies separately to the employee, and to the employee's relatives or members of household, meaning that the employee and each member of their household and relative can accept up to \$50 each from the same source/gift giver. A gift may be received by the district employee from, but not limited to, another district employee, a student or parent of a student or a vendor within the \$50 gift limit. Except for exclusions in ORS 244.040(2), an item received by an employee from the district is prohibited.

1. "Gift" means something of economic value given to an employee without valuable consideration of equivalent value, which is not extended to others who are not public officials on the same terms and conditions.
- ~~2.~~ "Relative" means the spouse³:
 - ~~a.~~ ~~The employee's spouse~~¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law;
 - ~~b.a.~~ ~~The spouse~~ of the employee; or the ~~employee's~~ parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the employee. Relative also includes any individual for whom the employee has a legal support obligation, whose employment provides benefits⁴ to the employee, or who receives any benefit from the employee's public employment.

~~3.2.~~ "Member of the household" means any person who resides with the employee.

Determining the Source of Gifts

Employees, the employee's relatives or members of the employee's household ~~Employees~~ should not accept gifts in any amount without obtaining information from the gift giver as to who is the source of the

¹ The term spouse includes domestic partner.

² Examples of benefits may include, but not be limited to, elements of an official compensation package including benefits such as insurance, tuition or retirement allotments.

³ Ibid. p. 2

⁴ Ibid. p. 3

gift. It is the employee's personal responsibility to ensure that no single source provides gifts exceeding an aggregate value of \$50 in a calendar year, if the source has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. If the giver does not have a legislative or administrative interest, the \$50 limit does not apply and the employee need not keep track of it, although they are advised to do so anyway in case of a later dispute.

Determining Legislative and Administrative Interest

A "legislative or administrative interest" means an economic interest, distinct from that of the general public, in any action subject to the official decision of an employee.

A "decision" means an act that commits the district to a particular course of action within the employee's scope of authority and that is connected to the source of the gift's economic interest. A decision is not a recommendation or work performed in an advisory capacity. If a supervisor delegates the decision to a subordinate but retains responsibility as the final decision maker, both the subordinate and supervisor's actions would be considered a "decision."

Determining the Value of Gifts

The fair market value of the merchandise, goods, or services received will be used to determine benefit or value.

"Fair market value" is the dollar amount goods or services would bring if offered for sale by a person who desired, but was not obligated, to sell and purchased by one who is willing, but not obligated, to buy. Any portion of the price that was donated to charity, however, does not count toward the fair market value of the gift if the employee does not claim the charitable contribution on personal tax returns. Below are acceptable ways to calculate the fair market value of a gift:

1. In calculating the per person cost at receptions or meals the payor of the employee's admission or meal will include all costs other than any amount donated to a charity.

For example, a person with a legislative or administrative interest buys a table for a charitable dinner at \$100 per person. If the cost of the meal was \$25 and the amount donated to charity was \$75, the benefit conferred on the employee is \$25. This example requires that the employee does not claim the charitable contribution on personal tax returns.

2. For receptions and meals with multiple attendees, but with no price established to attend, the source of the employee's meal or reception will use reasonable methods to determine the per person value or benefit conferred. The following examples are deemed reasonable methods of calculating value or benefit conferred:
 - a. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons whom the payor reasonably expects to attend the reception or dinner;
 - b. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons who actually attend the reception or dinner; or
 - c. The source calculates the actual amount spent on the employee.

3. Upon request by the employee, the source will give notice of the value of the merchandise, goods, or services received.
4. Attendance at receptions where the food or beverage is provided as an incidental part of the reception is permitted without regard to the fair market value of the food and beverage provided.

Value of Unsolicited Tokens or Awards: Resale Value

Employees may accept unsolicited tokens or awards that are engraved or are otherwise personalized items. Such items are deemed to have a resale value under \$25 (even if the personalized item cost the source more than \$50), unless the personalized item is made from gold or some other valuable material that would have value over \$25 as a raw material.

Entertainment

Employees may not solicit or accept any gifts of entertainment over \$50 in value from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision of the employee unless:

1. The entertainment is incidental to the main purpose of another event (i.e., a band playing at a reception). Entertainment that involves personal participation is not incidental to another event (such as a golf tournament at a conference); or
2. The employee is acting in their official capacity for a ceremonial purpose.

Entertainment is ceremonial when an employee appears at an entertainment event for a “ceremonial purpose” at the invitation of the source of the entertainment who requests the presence of the employee at a special occasion associated with the entertainment. Examples of an appearance by an employee at an entertainment event for a ceremonial purpose include: throwing the first pitch at a baseball game, appearing in a parade and ribbon cutting for an opening ceremony.

Exceptions

The following are exceptions to the ethics rules on gifts that apply to employees:

1. Gifts from “relatives” and “members of the household to the employee” are permitted in an unlimited amount; they are not considered gifts under the ethics rules;
2. Informational or program material, publications, or subscriptions related to the recipient’s performance of official duties;
3. Food, lodging, and travel generally count toward the \$50 aggregate amount per year from a single source with a legislative or administrative interest, with the following exceptions:
 - a. Organized Planned Events. Employees are permitted to accept payment for travel conducted in the employee’s official capacity, for certain limited purposes:
 - (1) Reasonable expenses (i.e., food, lodging, travel, fees) for attendance at a convention, fact-finding mission or trip, or other meeting do not count toward the \$50 aggregate amount IF:

- (a) The employee is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the district; AND
 - (i) The giver is a unit of a:
 - 1) Federal, state, or local government;
 - 2) An Oregon or federally recognized Native American Tribe; OR
 - 3) Nonprofit corporation.
 - (b) The employee is representing the district:
 - (i) On an officially sanctioned trade-promotion or fact-finding mission; OR
 - (ii) Officially designated negotiations or economic development activities where receipt of the expenses is approved in advance by the superintendent.

(2) The purpose of ~~the~~**this** exception in a. above is to allow employees to attend organized, planned events and engage with the members of organizations by speaking or answering questions, participating in panel discussions or otherwise formally discussing matters in their official capacity. This exception to the gift definition does not authorize private meals where the participants engage in discussion.

- 4. Food or beverage, consumed at a reception, meal, or meeting IF held by an organization and IF the employee is representing the district.

Workplace Harassment *

Workplace harassment is prohibited and shall not be tolerated. This includes workplace harassment that occurs between district employees or between a district employee and the district in the workplace or at a work-related event that is off district premises and coordinated by or through the district, or between a district and a district employee off district premises. Elected school board members, volunteers and interns are subject to this policy.

Any district employee who believes they have been a victim of workplace harassment may file a report with the district employee designated in the administrative regulation GBEA-AR - Workplace Harassment Reporting and Procedure, may file a report through the Bureau of Labor and Industries' (BOLI) complaint resolution process or under any other available law. The reporting of such information is voluntary. The district employee making the report is advised to document any incidents of workplace harassment.

“Workplace harassment” means conduct that constitutes discrimination prohibited by Oregon Revised Statute (ORS) 659A.030 (discrimination in employment based on race, color, religion, sex, sexual orientation, gender identity, national origin, marital status, age, or expunged juvenile record), including conduct that constitutes sexual assault¹ or that constitutes conduct prohibited by ORS 659A.082 (discrimination against person in uniformed service) or 659A.112 (discrimination in employment based on disability).

The district, upon receipt of a report from a district employee who believes they are a victim of workplace harassment, shall provide information about legal resources and counseling and support services, including any available employee assistance services. The district employee receiving the report, whether a supervisor of the employer or the district employee designated to receive reports, is advised to document any incidents of workplace harassment, and shall provide a copy of this policy and accompanying administrative regulation to the victim upon their disclosure about alleged workplace harassment.

All incidents of behavior that may violate this policy shall be promptly investigated.

Any person who reports workplace harassment has the right to be protected from retaliation.

The district may not require or coerce a district employee to enter into a nondisclosure² or nondisparagement³ agreement.

The district may not enter into an agreement with an employee or prospective employee, as a condition of employment, continued employment, promotion, compensation, or the receipt of benefits, that contains a

The district may enter into a settlement agreement, separation or severance agreement that includes one or more of the following provisions only when a district employee claiming to be aggrieved by workplace harassment requests to enter into the agreement: 1) a nondisclosure or nondisparagement provision; 2) a provision that prevents disclosure of factual information relating to the claim of workplace harassment; or 3) a no-rehire provision that prohibits the employee from seeking reemployment with the district as a term or condition of the agreement. The agreement must provide the district employee at least seven days after signing the agreement to revoke it.

If the district determines in good faith that an employee has engaged in workplace harassment, the district may enter into a settlement, separation or severance agreement that includes one or more of the provisions described in the previous paragraph.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop workplace harassment, prevent its recurrence and address negative consequences. Staff members in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional workplace harassment awareness training, as appropriate. Other individuals (e.g., board members, witnesses, and volunteers) whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or the Board.

The district shall make this policy available to all district employees and shall be made a part of district orientation materials provided and copied to new district employees at the time of hire.

The superintendent will establish a process of reporting incidents of workplace harassment and the prompt investigation.

Workplace Harassment Reporting and Procedure

Any district employee who believes they have been a victim of workplace harassment may file an oral or written report consistent with this administrative regulation, may file a report through the Bureau of Labor and Industries' (BOLI) complaint resolution process, or under any other available law.

Additional information regarding the filing of a report may be obtained through the principal, compliance officer or superintendent.

A complaint alleging an unlawful employment practice as described in ORS 659A.030, 659A.082, 659A.112 or ORS 659A.370 must be filed no later than five years after the occurrence of the alleged unlawful employment practice.

All documentation related to workplace harassment complaints may become part of the personnel file of the employee who is the alleged harasser, as appropriate. Additionally, a copy of all workplace harassment reports, complaints, and documentation will be maintained by the district as a separate confidential file and stored in the district office.

Investigation Procedure

The building principal is responsible for investigating reports concerning workplace harassment. The investigator(s) shall be a neutral party having had no involvement in the report presented. If the alleged workplace harassment involves [position title(s)], the employee may report to superintendent. All reports of alleged workplace harassment behavior shall be investigated.

The investigator shall:

1. Document the alleged, reported incident of workplace harassment;
2. Provide information about legal resources and counseling and support services, which may include district-provided assistance services available to the district employee;
3. Provide a copy of the district's Board policy GBEA - Workplace Harassment and this administrative regulation to the district employee; and
4. Complete the following steps:

Step 1 Promptly initiate an investigation. The investigator will arrange such meetings as may be necessary to discuss the issue with all concerned parties within five working days after receipt of the report. The parties will have an opportunity to submit evidence and a list of witnesses. All findings of the investigation, including the response of the alleged harasser, shall be reduced to writing. The investigator shall notify the complainant in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

P

A copy of the report, complaint, or other documentation about the incident, and the date and details of notification to the complainant of the results of the investigation, together with any other documentation related to the workplace harassment incident, including disciplinary action taken or recommended, shall be forwarded to the superintendent.

Step 2

If a complainant is not satisfied with the decision at step 1, the complainant may submit a written appeal to the superintendent or designee. Such appeal must be filed within 10 working days after receipt of the step 1 decision. The superintendent or designee shall review the investigators report and findings. The superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary by the superintendent or designee to discuss the appeal. The superintendent or designee shall provide a written decision to the complainant within 10 working days after receipt of the appeal.

Step 3

If a complainant is not satisfied with the decision at Step 2, the complainant may submit a written appeal to the Board. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The Board will review the findings and conclusion of the superintendent or designee in a public meeting to determine what action is appropriate. Appropriate action may include, but is not limited to, holding a hearing, requesting additional information, and adopting the superintendent’s or designee’s decision as the district’s final decision.

If the Board conducts a hearing, the complainant shall be given an opportunity to present the appeal at a Board meeting. The Board may hold the hearing in executive session if the subject matter qualifies under Oregon law. The parties involved may be asked to attend such hearing for the purposes of making further explanations and clarifying the issues. The Board shall decide, within 20 days, in open session what action, if any, is warranted. The Board shall provide a written decision to the complainant within 10 working days following completion of the hearing.

If the Board chooses not to hear the appeal, the superintendent’s decision in Step 2 is final.

Reports involving the superintendent should be referred to the Board chair on behalf of the Board. The Board chair will cause the information¹ required to be issued to the complainant as described in this administrative regulation. The Board chair shall present the complaint to the Board at a Board meeting. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. The Board may hold the hearing in executive session if the subject matter qualifies under Oregon law. The Board shall decide, within [30] days, in open session what action if any is warranted. The Board chair shall notify the complainant in writing within [10] days that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Follow-up Procedures

The building principal will follow up with the district employee of the alleged harassment once every three months for the calendar year following the date on which the building principal received a report of

The building principal will continue follow-up in this manner until and unless the employee directs the building principal in writing to stop.

Communicable Diseases – Staff

In accordance with state law, administrative rule, the local health authority and the *Communicable Disease Guidance*, the procedures established below will be followed.

1. “Restrictable diseases” are defined by rule and include but are not limited to COVID-19¹, chickenpox, diphtheria, hepatitis A, hepatitis E, measles, mumps, pertussis, rubella, Salmonella enterica serotype Typhi infection, scabies, Shiga-toxigenic Escherichia coli (STEC) infection, shigellosis and infectious tuberculosis, and may include a communicable stage of hepatitis B infection if, in the opinion of the local health officer, the person poses an unusually high risk to others (e.g., a child that exhibits uncontrollable biting or spitting). Restrictable disease also includes any other communicable disease identified in an order issued by the Oregon Health Authority or the local public health officer as posing a danger to the public’s health. A disease is considered to be a restrictable disease if it is listed in Oregon Administrative Rule (OAR) 333-019-0010, or it has been designated to be a restrictable disease by the local public health administrator after determining that it poses a danger to the public’s health.
2. “Susceptible” for an employee means lacking evidence of immunity to the disease.
3. “Reportable diseases” means a disease or condition, the reporting of which enables a public health authority to take action to protect or to benefit the public health.

Restrictable Diseases

1. An employee of the district will not attend or work at a district school or facility while in a communicable stage of a restrictable disease, including a communicable stage of COVID-19², unless authorized to do so under Oregon law. When an administrator has reason to suspect that an employee has a restrictable disease, the administrator shall send the employee home.
2. An administrator shall exclude an employee if the administrator has reason to suspect that an employee has been exposed to measles, mumps, rubella, diphtheria, pertussis, hepatitis A, or hepatitis B, unless the local health officer determines that exclusion is not necessary to protect the public’s health. The administrator may request the local health officer to make a determination as allowed by law. If the disease is reportable, the administrator will report the occurrence to the local health department.
3. An administrator shall exclude an employee if the administrator has been notified by a local public health administrator or local public health officer that the employee has had a substantial exposure to an individual with COVID-19 and exclusion is deemed necessary by same.

¹ Added per OAR 333-019-1000(2).

² “Communicable stage of COVID-19” means having a positive presumptive or confirmed test of COVID-19.

4. An employee will be excluded in such instances until such time as the employee presents a certificate from a physician, a physician assistant licensed under Oregon Revised Statute (ORS) 677.505 - 677.525, a nurse practitioner licensed under ORS 678.375 - 678.390, local health department nurse or school nurse stating that the employee does not have or is not a carrier of any restrictable disease.
5. An administrator may allow attendance of an employee restricted for chickenpox, scabies, staphylococcal skin infections, streptococcal infections, diarrhea or vomiting if the restriction has been removed by a school nurse or health care provider.
6. More stringent exclusion standards for employees from school or work may be adopted by the local health department.
7. The district's emergency plan shall address the district's plan with respect to a declared public health emergency at the local or state level.

Reportable Diseases Notification

1. All employees shall comply with all reporting measures adopted by the district and with all rules set forth by Oregon Health Authority, Public Health Division and the local health department.
2. An administrator may seek confirmation and assistance from the local health officer to determine the appropriate district response when the administrator is notified that an employee or a student has been exposed to a restrictable disease that is also a reportable disease.
3. District staff with impaired immune responses, that are of childbearing age or some other medically fragile condition, should consult with a medical provider for additional guidance³.
4. An administrator shall determine other persons who may be informed of an employee's communicable disease, or that of a student's when a legitimate educational interest exists or for health and safety reasons, in accordance with law.

Equipment and Training

1. The administrator or designee shall, on a case-by-case basis, determine what equipment and/or supplies are necessary in a particular classroom or other setting in order to prevent disease transmission.
2. The administrator or designee shall consult with the district's school nurse or other appropriate health officials to provide special training in the methods of protection from disease transmission.
3. All district personnel will be instructed annually to use the proper precautions pertaining to blood and body fluid exposure per the Occupational Safety and Health Administration (OSHA). (See policy EBBAA).

Medical Examinations/Drug Testing

Medical Examinations

The district may require medical examinations after an employment offer has been made to a job applicant and before the applicant begins ~~his/her~~ employment duties. Any such requirement will ensure that all entering employees in the same job category will complete a medical examination regardless of disability.

All offers of employment may be made contingent on medical examination results.

Medical examinations will be conducted by a ~~health care professional~~ ~~medical doctor~~ selected by the district. District -required medical examination expenses will be paid by the district.

The successful applicant must be qualified and must be able to perform the essential functions of a position with or without reasonable accommodations. The district may withdraw an offer of employment should the medical examination reveal that the individual does not satisfy certain employment criteria under the following conditions:

1. The exclusionary criteria are job related and consistent with business necessity;
2. There is no reasonable accommodation that will enable the individual with a disability to perform the essential functions of the job;
3. The medical condition poses a direct threat to the health or safety of others in the workplace and cannot be eliminated or reduced to an acceptable level by a reasonable modification of policies, practices, procedures or by the provision of auxiliary aids or services;
4. The requested or necessary accommodation would impose an undue hardship on the district, unless funding is available through other sources. Individuals with a disability may be offered an opportunity of paying for a portion of the costs that constitutes an undue hardship or of personally providing the accommodation.

Drug Testing

Offers of employment for certain positions shall be contingent upon successful passage of a district-required drug test. The district will require drug tests for safety-sensitive positions (e.g., bus drivers, heavy machinery operators) and positions in which the person is responsible for students' safety and security.¹ The district will designate when and where such testing will be conducted. The cost of the drug test shall

¹ Based on Lanier v. City of Woodburn – “Safety sensitive” may also include positions that have heavy student contact and in loco parentis responsibility (e.g., teachers, administrators, paraprofessionals).

be paid by the candidate and reimbursed by the district upon receipt of negative drug test results. The district will not reimburse individuals who test positive for drugs.

Pre-employment drug testing shall be required for all school bus drivers and other district employees with commercial driver's licenses as required by the Omnibus Transportation Employee Testing Act of 1991. District required pre-employment drug testing expenses will be paid by the applicant.

Such information will include the consequences for covered employees found to have a breath alcohol concentration rate of 0.02 or greater, but less than 0.04, and for those employees found to have a breath alcohol content level greater than 0.04. Minimally, no driver tested and found to have a breath alcohol concentration rate of 0.02 or greater but less than 0.04 shall be permitted to perform or

continue to perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test;

- (11) Information on the effects of drug use and alcohol misuse on an individual's health, work and personal life; signs and symptoms of an alcohol or drug problem (driver's or co-worker's); and available methods of intervening when such problems are suspected, including confrontation, referral to an employee assistance program as available and/or referral to the administration; and

- b. Ensure that employees sign statements certifying that they have received the materials;
- c. Ensure that administrators or their designee, ~~supervisors~~ designated to determine reasonable suspicion, receive at least 60 minutes of drug abuse training and an additional 60 minutes of alcohol misuse training. Training will include the physical, behavioral, speech and performance indicators of probable drug ~~use~~ ~~abuse~~ and alcohol misuse;
- d. Ensure district compliance with applicable provisions of the OTETA's requirements regarding the district's management information system, retention and confidentiality of records;

 - g. Prior to being directed by the district to a collection site for drug and alcohol testing, the applicant will be notified that the urine sample collected shall be tested for the presence of drugs and the breath or saliva sample shall be tested for the presence of alcohol;
 - h. Failure to report to the collection site for testing within the time frame specified by the district shall constitute a refusal to report for testing and result in immediate ~~withdrawal~~ ~~termination~~ of the employment ~~consideration~~ or transfer offer;
 - i. Pre-employment drug and alcohol testing will be paid for by the employee;
 - j. Tests must indicate negative drug test results and a breath alcohol content level below a 0.02. Individuals who fail to meet such drug and alcohol requirements will not be hired or transferred ~~voluntarily or involuntarily to covered positions~~ ~~by the district;~~
 - k. Such testing will also be required of covered employees each time an employee returns to work after a layoff period if the employee was removed from the random testing pool. ⁵ Pertains to requests received by the district from other employers.

~~has been fatally injured~~ or the employee receives a citation for a moving traffic violation in connection with an injury or tow-away accident:

 - (2) If alcohol testing has not been administered within two hours, the district ~~shall~~~~will~~ prepare and maintain on file a record stating the reasons the ~~alcohol~~ test was not promptly administered;
 - (3) If alcohol testing is not administered within eight hours, the district ~~shall~~~~will~~ cease attempts to administer an alcohol test and ~~shall state~~~~will prepare~~ and maintain on file a record specifying why the test was not administered;

Additionally, written instructions to follow in the event of an accident will be provided in district vehicles as appropriate. Instructions will include locations of drug specimen collection and alcohol testing sites and telephone ~~number~~~~numbers~~ of the district drug use and alcohol misuse prevention program coordinator or other district officials to contact;
- c. The employee shall remain readily available for testing or may be deemed by the district to have refused to submit to testing. Such refusal is treated as if the district received an alcohol test result of 0.04 or greater or received a positive drug test. Nothing in this requirement shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care;
- d. Results of a breath or blood test for the use of alcohol or a urine test for the use of drugs conducted by on-site federal, state and/or local law enforcement officials having independent authority for the test shall be considered to meet necessary requirements provided results of the test are obtained by the district and the tests conform to all applicable federal, state and/or local requirements;
- e. An employee who is involved in an accident involving a fatality, injury and/or tow-away as described by ~~the~~ OTETA is prohibited from using alcohol for eight hours after the accident or until the employee undergoes a post-accident alcohol test, whichever occurs first.

5. Random Testing

The district shall conduct random drug and alcohol testing annually as follows:

- a. Not less than ~~25~~~~50~~ percent of the average number of driver positions shall be tested for drugs and not less than ~~10~~~~25~~ percent shall be tested for alcohol in accordance with current minimum random testing requirements of the OTETA. Any unfilled, covered positions will be included as part of the total number of positions counted by the district for testing rate purposes. The district will meet minimum testing rates;

- b. The testing rate may be adjusted by FMCSA~~the Federal Highway Administration~~ based on industrywide~~industry-wide~~ data;
- c. The testing process shall, in fact, be random. Unless advised otherwise by their consortium, all~~all~~ employees will remain in the pool of drivers for each subsequent period, including vacations, holiday periods and summer recesses, whether or not they have been chosen for testing in the past;
- d. The selection of employees for random testing shall be made by a scientifically valid method. The process selected by the district will ensure that all employees shall have an equal chance of being tested each time selections are made. The district will use the following system:
 - (1) Manual system:
 - (a) Individual, identically sized slips of paper or cards with the names or identification numbers of the covered drivers will be used;
 - (b) Cards will be placed into a container from which the required number will be drawn;
 - (c) The individual selected by the district to do the drawing will be unbiased;
 - (d) All names in the pool will be checked prior to the drawing to assure any necessary additions or deletions are made.
- e. All such testing shall be unannounced and dates selected spread reasonably throughout the calendar year to avoid predictability and the perception that testing is “done for the year”;²
- f. Following notification of testing, selected employees shall proceed to the district selected collection site immediately or as soon as practicable;
- g. Each employee selected for testing shall be tested during the selection period;
- h. Employees shall only be tested for alcohol just before the driver is scheduled to perform his/her safety-sensitive functions~~function~~, during or just after performing such functions~~function~~;
- i. Employees off work due to leave of absence~~leaves~~, vacation and layoff~~layoffs~~ will be informed that they remain subject to random testing. Employees drawn for such testing will be notified and tested as soon as practicable upon return to duty but no later than the next selection cycle (e.g., monthly, quarterly, etc.).

The district shall conduct reasonable suspicion drug and alcohol testing as follows:

- a. The district will test covered employees when~~whenever~~ there is reasonable suspicion to believe that the employee has engaged in drug use or alcohol misuse;
- b. Reasonable suspicion will be based on specific contemporaneous, articulable observations made by a trained supervisor as designated by the district, concerning appearance, behavior, speech or body odors indicative of employee use of drugs or the misuse of alcohol. Observations of drug use may include indications of chronic and withdrawal effects of drugs and noticeable degradation of job performance that may be associated with the use of drugs;
- c. Hearsay or secondhand~~second hand~~ information is not sufficient to require an employee to submit to testing;
- d. Alcohol testing may be authorized only if observations resulting in reasonable suspicion are made during, just preceding or just after the period of the workday~~work-day~~ that the employee

is required to be in compliance with this policy, administrative regulations and applicable OTETA ~~the provisions of the OTETA;~~

- e. A written record shall be made of the observations leading to a reasonable suspicion drug test and signed by the administrator or designee ~~supervisor~~ authorized to make such observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier;
- f. The district will ensure that the employee under reasonable suspicion is transported to the designated collection or testing site.

7. Referrals, Evaluation and Treatment

The district shall provide information related to referrals, evaluation and treatment as follows:

- a. The district shall advise covered employees, who violate the drug and alcohol prohibitions, of referral services available for evaluating and resolving problems associated with the use of drugs and the misuse of alcohol. Such information will include the names, addresses and telephone numbers of SAPs ~~SAP's~~ and counseling and treatment programs;
- b. An employee who engages in such prohibited conduct shall be evaluated by a SAP;
- c. The SAP will determine what assistance if any the employee needs in resolving problems associated with drug use and alcohol misuse;
- d. This requirement applies only to current employees and not to job applicants who refuse testing or who test positive for drugs ~~and/or alcohol~~;
- e. This requirement shall not be interpreted to require the district to provide or pay for any rehabilitation costs or to hold a job open for an employee with or without salary;
- f. SAPs ~~SAP's~~, as referred to in these administrative regulations, means:
 - (1) Licensed physicians with knowledge of and clinical experience in the diagnosis and treatment of alcohol-related disorders;
 - (2) Licensed or certified psychologists, social workers or employee assistance professionals with like knowledge; and
 - (3) Alcohol and drug abuse counselors certified by the ~~National Association for Addiction Professionals (of Alcoholism and Drug Abuse Counselors ("NAADAC").~~). This does not include state-certified counselors.

8. Return ~~to~~ Duty Testing

Employees, if they continue employment and before they return to duty, shall comply with the following:

- a. When ~~ever~~ an employee has previously tested greater than or equal to 0.04 ~~positive~~ for alcohol ~~misuse~~, the employee must ~~retest~~ ~~re-test~~ (return-to-duty test) with an alcohol concentration of less than 0.02;
- b. When ~~ever~~ an employee has previously tested positive for drug use, the employee must ~~retest~~ ~~re-test~~ (return-to-duty test) with a verified negative test result.

9. Follow-up Testing

Employees, if they continue employment, shall comply with the following:

- a. Follow-up testing will be conducted whenever a SAP determines that an employee is in need of resolving problems associated with drug use and/or alcohol misuse;
- b. Follow-up alcohol testing will be conducted only when the employee is performing safety-sensitive functions, just before or just after the driver has performed safety-sensitive functions;
- c. Follow-up drug and alcohol testing will be unannounced⁶;
- d. The number and frequency of such tests shall be determined by the SAP. Minimally, there shall be:
 - (1) At least 6 unannounced~~six~~ tests in the first 12 months following the driver's return to duty;
 - (2) Testing shall not exceed 60 months from the date of the employee's return to duty. The SAP, however, may terminate the follow-up testing at any time after the first six tests if the SAP~~he/she~~ determines the testing is no longer needed.

10. Drug and Alcohol Testing Procedures

The district, in cooperation with contracted collection and testing facilities,⁷ shall maintain drug and alcohol testing procedures as follows:

a. Drugs

- (1) The applicant or employee reports to the district-designated collection site and provides positive identification (e.g., photo ID);
- (2) A urine sample for drug testing is provided. A "split specimen" (two~~sample~~ "second urine specimen bottles) is prepared from the urine sample~~collected~~;
- (3) Following completion of a chain-of-custody form, both specimen bottles are forwarded to the OHA~~DHHS~~ certified laboratory for analysis. The split~~second~~ specimen is stored at the laboratory for later testing as may be necessary. Initial testing is performed only on one specimen bottle;
- (4) Testing results are reported to the district-selected MRO by mail or electronic transmission. Results may not be given over the phone;
- (5) The MRO will verify~~both~~ negative and positive testing results;
- (6) The MRO will report the verified negative testing results to the district;
- (7) The MRO will report verified positive testing results to the applicant or employee, discuss the type of illegal substance found and determine whether there is any valid medical reason for the positive testing results;
- (8) A verified valid medical reason for a positive test~~testing~~ result will be reported as a negative test~~testing~~ result to the district;
- (9) If no legitimate medical reason exists for positive drug testing, the MRO will report a confirmed~~verified~~ positive test result~~testing~~ and identity of the substance(s) to the district;
- (10) The employee or applicant may request within 72 hours of a positive test notice that the split~~second~~ specimen (second bottle)~~sample~~ be screened~~tested~~. Such screening~~re-testing~~ costs will be paid for by the employee;
- (11) Unlike the original specimen analyzed for specific levels of controlled substances, the ~~second-or-split~~ specimen~~sample~~ is analyzed only for the presence of drugs;

⁶ A follow-up test shall not also serve as a random test, and vice versa.

- (12) The MRO will report results of the ~~second screening~~ ~~re-testing~~ to the employee and the district;
- (13) The MRO will meet all ~~the~~ OTETA requirements including review of chain-of-custody control form, administrative processing of negative ~~test~~ ~~testing~~ results, verification of positive testing results, ~~report to the FMCSA~~, and maintenance of confidentiality requirements as may be applicable;
- (14) Detailed drug testing procedures may be obtained by contacting the district's drug ~~use~~ and alcohol misuse prevention coordinator or designee.

b. Alcohol

- (1) The employee reports to the district ~~designated~~ testing site and provides positive identification;
- (2) Under the alcohol testing rule, an alcohol test result will be considered ~~failing~~ ~~positive~~ even if over-the-counter or legally prescribed medication is involved;
- (3) All alcohol screening tests will be conducted by:
 - (a) A certified breath alcohol technician using evidential breath testing devices; or

HBV/Bloodborne Pathogens

(this is in section E only)

The Board recognizes that staff/students incur some risk of infection and illness each time they are exposed to blood or other potentially infectious materials. While the risk to staff/students of exposure to body fluids due to casual contact with individuals in the school environment is very low, the Board regards any such risk as serious.

Consequently, the Board directs adherence to standard precautions. Standard precautions require that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV, HBV and/or other bloodborne pathogens¹.

In order to reduce the risk to staff/students by minimizing or eliminating staff exposure incidents to bloodborne pathogens, the Board directs the superintendent to develop and implement an Exposure Control Plan. The plan shall be reviewed and updated at least annually and when necessary to reflect new or modified tasks and procedures which affect occupational exposure and to reflect new or revised employee positions with occupational exposure. The review and update shall also:

1. Reflect changes in technology that eliminate or reduce exposure to bloodborne pathogens;
2. Annually, document consideration and implementation of appropriate commercially available and effective safer medical devices designed to eliminate or minimize occupational exposure.

The plan shall include training followed by an offer of immunization with Hepatitis B vaccine and vaccination series for all staff who are required to provide first aid to students and/or for all staff who have occupational exposure as determined by the district. Training shall be provided at the time of initial assignment to tasks where occupational exposure may take place and at least annually thereafter. Personal protective equipment appropriate to job tasks shall be provided by the district. A postexposure evaluation and follow-up shall be made available to any employee sustaining an occupational exposure.

The district recognizes that, as required by OAR 437-002-1030, employees who use medical sharps in the performance of their duties (e.g., administering injectable medicines to students, such as epinephrine and glucagon) must, at least annually, be provided with the opportunity to identify, evaluate and select engineering and work practice controls (e.g., sharps disposal containers, self-sheathing needles, safer medical devices, such as sharps with engineered sharps injury protections and needleless systems). The district will implement such work practice controls, as appropriate.

Documentation, including a sharps injury log, will be maintained as required by OAR 437-002-1035 and 437-002-1030(3).

¹ Bloodborne pathogens - pathogenic microorganisms that are present in human blood and can cause disease in humans. These include, but are not limited to, Hepatitis B virus (HBV) and Human Immunodeficiency Virus (HIV).

The use, distribution or sale of tobacco products or inhalant delivery systems by staff and all others is prohibited on district premises, in any building or facility, on district grounds, including parking lots, in any vehicle owned, leased, rented or chartered by the district, school or public charter school and at all school-sponsored activities.

For the purpose of this policy, "tobacco products" is defined to include, but not limited to, any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, spit tobacco, also known as smokeless, dip, chew or snuff in any form. This does not include USFDA-approved tobacco products or other therapy products used for the purpose of cessation.

For the purpose of this policy, "inhalant delivery system" means a device that can be used to deliver nicotine or cannabinoids in the form of a vapor or aerosol to a person inhaling from the device; or a component of a device or a substance in any form sold for the purpose of being vaporized or aerosolized by a device, whether the component or substance is sold or not sold separately. This does not include USFDA-approved tobacco products or other therapy products marked and sold solely for the approved purpose.

Violation of this policy will lead to appropriate disciplinary action up to and including expulsion for students. When considering disciplinary action for a student with disabilities, the district must follow the requirements of Board policy JGDA/JGEA - Discipline of Students with a Disability, including those involving functional behavioral assessment, change of placement, manifestation determination, and an interim alternative educational setting. Community or school service may be required. A referral to law enforcement may be made. Parents will be notified of all violations involving their student and subsequent action taken by the school. Information about cessation support and/or tobacco education programs and how students can access these programs will be provided. At the discretion of the principal, attendance and completion of such programs, or successful completion of a behavior modification plan, may be allowed as a substitute for, or as part of student discipline.

Violation of this policy by nonstudents may result in the individuals removal from district property. The district reserves the right to restrict access to district property by individuals who are repeat offenders.

This policy shall be enforced at all times. The superintendent will develop administrative regulations as needed to implement this policy.

Sexual Harassment

(Version 1)

(see updated version)

The Board is committed to the elimination of sexual harassment in district schools and activities. Sexual harassment is strictly prohibited and shall not be tolerated. This includes sexual harassment of students, staff or third parties by other students, staff, Board members or third parties. "Third parties" include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control at interdistrict and intradistrict athletic competitions or other school events. "District" includes district facilities, district premises and nondistrict property if the student or employee is at any district-sponsored, district-approved or district-related activity or function, such as field trips or athletic events where students are under the control of the district or where the employee is engaged in district business. The prohibition also includes off duty conduct which is incompatible with district job responsibilities.

Sexual harassment of students and staff shall include, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature when:

1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
2. Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff;
3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance or with an employee's ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subjected to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.

Examples of sexual harassment may include, but not be limited to, physical touching or graffiti of a sexual nature, displaying or distributing of sexually explicit drawings, pictures and written materials, sexual gestures or obscene jokes, touching oneself sexually or talking about one's sexuality in front of others or spreading rumors about or rating other students or others as to appearance, sexual activity or performance.

All complaints about behavior that may violate this policy shall be promptly investigated. Any student, employee or third party who has knowledge of conduct in violation of this policy or feels he/she is a victim of sexual harassment must immediately report his/her concerns to the principal, compliance officer

or superintendent, who has overall responsibility for all investigations. A student may also report concerns to a teacher, counselor or school nurse, who will promptly notify the appropriate district official. The student and the student’s parents or staff member who initiated the complaint shall be notified of the findings of the investigation and, if appropriate, that remedial action has been taken.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect the educational assignments or study environment of a student complainant or any terms or conditions of employment or work environment of the staff complainant. There shall be no retaliation by the district against any person who, in good faith, reports, files a complaint or otherwise participates in an investigation or inquiry of sexual harassment.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop the sexual harassment, prevent its recurrence and address negative consequences. Students in violation of this policy shall be subject to discipline up to and including expulsion and/or counseling or sexual harassment awareness training, as appropriate. The age and maturity of the student(s) involved and other relevant factors will be considered in determining appropriate action. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional sexual harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or Board.

Additionally, the district may report individuals in violation of this policy to law enforcement officials. Licensed staff, staff registered with the Teacher Standards and Practices Commission (TSPC) and those participating in practicum programs, as specified by Oregon Administrative Rules, shall be reported to TSPC.

The superintendent shall ensure appropriate periodic sexual harassment awareness training or information is provided to all supervisors, staff and students and that annually, the name and position of district officials responsible for accepting and managing sexual harassment complaints, business phone numbers, addresses or other necessary contact information is readily available. This policy as well as the complaint procedure will be made available to all students, parents of students and staff in student/parent and staff handbooks. The district’s policy shall be posted in the grade 6 through 12 section of the school. Such posting shall be by a sign of at least 8 1/2” by 11”.

The superintendent will establish a process of reporting incidents of sexual harassment.

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. *See* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

Reporting

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. The report can be made at any time.

The athletic director is designated as the Title IX Coordinator and can be contacted at 541-487-4305. The Title IX Coordinator will coordinate the district's efforts to comply with its responsibilities related to this AR. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.

Response

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.⁵ The district shall treat complainants and respondents equitably by providing supportive measures⁶ to the complainant and by following a grievance procedure⁷ prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes, with respect to supportive measures, inform the complainant

⁵ (Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

⁶ (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment.⁶ The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

⁷ This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, *see* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.⁸

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.⁹ The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

Notice

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);
2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and
3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary¹⁰, or both.

No Retaliation

Neither the district or any person may retaliate¹¹ against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

Publication

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the district student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign

⁸ The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

⁹ The district may still have obligations under Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the American with Disabilities Act (ADA). (Title 34 C.F.R. § 106.44(c))

¹⁰ Of the United States Department of Education.

Bart Rothenberger	Athletic Director	541-487-4305	bart.rothenberger@alsea.k12.or.us

The district official receiving the complaint shall issue the required written notice as outlined under Oregon Procedures in Board policy GBN/JBA - Sexual Harassment.

Step 1 The district official receiving the report or complaint shall promptly initiate an investigation using procedures and standards, including but not limited to, those identified in Board policy GBN/JBA - Sexual Harassment and will notify the complainant or reporting person, any impacted person who is not a reporting person (if appropriate), each reported person, and where applicable the parents of a reporting person, impacted person, or reported person, when such investigation is initiated. The official will arrange such meetings as may be necessary to discuss the issue with all concerned parties within five working days after receipt of the report or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings of the investigation shall be reduced to writing. The official conducting the investigation shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law within 30 days of receipt of the report or complaint.

A copy of the required written notice(s) and the date and details of notification of the notice of investigation and results of the investigation, together with any other documentation related to the sexual harassment incident, including disciplinary action taken or recommended, shall be forwarded to the superintendent.

Step 2 If a complainant is not satisfied with the decision at Step 1, the complainant may submit a written appeal to the superintendent or designee. Such appeal must be filed within 10 working days after receipt of the Step 1 decision. The superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal within 5 working days of receipt of the appeal. Step 3 If a complainant is not satisfied with the decision at Step 2, the complainant may submit a written appeal to the Board. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The Board will review the decision of the superintendent or designee in a public meeting to determine what action is appropriate. The Board may use executive session if the subject matter qualifies under Oregon law. Appropriate action may include, but is not limited to, holding a hearing, requesting additional information, and adopting the

P

superintendent's or designee's decision. All parties involved, including the school administration, may be asked to attend a hearing for the purposes of making further explanations and clarifying the issues. The Board shall provide a written decision to the complainant within 30 working days following receipt of the appeal.

If the Board chooses not to hear the complaint, the superintendent's or designee's decision in Step 2 is final¹.

The superintendent is authorized to amend these procedures (including timelines) when the superintendent feels it is necessary for the efficient handling of the complaint. Notice of any amendments will be promptly provided to the parties.

Complaints against the principal may start at Step 2 and may be filed with the superintendent or designee. The superintendent or designee will cause the required notices to be provided. The superintendent or designee will investigate the complaint and will notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law. If the complaint remains unresolved within 10 working days of receipt by the superintendent or designee, the complainant may appeal to the Board in Step 3.

Complaints against the superintendent or a Board member (other than the Board chair) may start at Step 3 and should be referred to the Board chair on behalf of the Board. The Board chair will cause required notices to be provided. The Board chair shall present the complaint to the Board. The Board may use executive session if the subject matter qualifies under Oregon law. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. After receiving the results of the investigation, the Board shall decide, within 20 days, in open session what action, if any, is warranted. The Board chair shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Complaints against the Board chair may start at Step 3 and should be referred to the Board vice chair on behalf of the Board. The Board vice chair will cause required notices to be provided. The Board vice chair shall present the complaint to the Board. The Board may use executive session if the subject matter qualifies under Oregon law. If the Board decides an investigation is warranted, the Board may refer the investigation to a third party. When the investigation is complete, the results will be presented to the Board. After receiving the results of the investigation, the Board shall decide, within 20 days, in open session what action, if any, is warranted. The Board vice chair shall notify the parties in writing that the investigation is concluded and if a violation of the policy was found to have occurred to the extent allowable by law.

Direct complaints related to employment may be filed with the U.S. Department of Labor, Equal Employment Opportunity Commission or Oregon Bureau of Labor and Industries.

Direct complaints related to educational programs and services may be made to the Regional Civil Rights Director, U.S. Department of Education, Office for Civil Rights, Region X, 915 2nd Ave., Room 3310, Seattle, WA 98174-1099.

¹ [If the Board chooses to accept the superintendent's decision as the district's final decision on the complaint, the superintendent's written decision must meet the requirements of OAR 581-022-2370(4)(b).]

Additional information regarding filing of a complaint or report may be obtained through the principal, compliance officer or superintendent.

All documentation related to sexual harassment complaints may become part of the student's education record or employee's personnel file, as appropriate. Additionally, a copy of all sexual harassment complaints or reports and documentation will be maintained as a confidential file and stored in the district office.

The superintendent shall report the name of any person holding a teaching license or registered with Teacher Standards and Practices Commission (TSPC) or participating in a practicum under Oregon Administrative Rule (OAR) Chapter 584, Division 17, when, after appropriate investigation, there is reasonable cause to believe the person may have committed an act of sexual harassment. Reports shall be made to TSPC within 30 days of such a finding. Reports of sexual contact with a student shall be given to a representative from law enforcement or Oregon Department of Human Services, as possible child abuse.

Federal Law (Title IX) Sexual Harassment Complaint Procedure

Additional Definitions

“Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to the district’s Title IX Coordinator or any official of the district who has authority to institute corrective measures on behalf of the district, or to any employee of an elementary or secondary school.¹

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent² and requesting that the district investigate the allegation of sexual harassment.³

“Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district’s educational environment, or deter sexual harassment.⁴ The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures.

Formal Complaint Procedures

Upon receipt of a formal complaint, the district will provide the parties⁵ written notice of the following:

1. Notice of the district’s grievance process, including any informal resolution process.

¹ This standard is not met when the only official with knowledge is the respondent.

² “Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

³ A complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed.

⁴ Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

⁵ Parties include the complainant and the respondent, if known.

2. Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details⁶ known at the time and with sufficient time to prepare a response before any initial interview.
3. That the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility be made at the conclusion of the grievance process.
4. That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney.
5. The parties may inspect and review evidence.
6. A reference to any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

The Title IX Coordinator will contact the complainant and the respondent to discuss supportive measures. If necessary, the Title IX Coordinator will arrange for an individualized safety and risk analysis. If necessary, a student or non-student employee may be removed or placed on leave.

Investigation

The Title IX Coordinator will coordinate the district's investigation. The investigation must:

1. Include objective evaluation of all relevant evidence, including inculpatory and exculpatory evidence.
2. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties.⁷
3. Provide an equal opportunity for the parties to present witnesses, and other inculpatory and exculpatory evidence.
4. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.
5. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice.⁸ The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

⁶ Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known.

⁷ The district cannot access, consider, disclose, or otherwise use a party's records that are made of maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's capacity, and which are maintained in connection with the provision of treatment to the party, unless the district obtains the party's (or eligible student's parent's) voluntary, written consent to do so.

⁸ In addition to an advisor, complainants and respondents may also be entitled to other accompaniment as required by law or as necessary for conducting of grievance procedures, including but not limited to translators, services for students with disabilities and parents of minor students.

6. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.
7. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint.⁹ Prior to completion of the investigative report, the district must send to each party and party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report;
8. Create an investigative report that fairly summarizes relevant evidence and is sent to each party and party's advisor in electronic format or hard copy at least 10 days prior to any hearing (if required or provided) or other time of determination of responsibility. The party and advisor will be allowed to review and provide a written response.

After the district has sent the investigative report to the parties and before reaching a determination regarding responsibility, the decision maker(s) must afford each party the opportunity to submit written, relevant questions¹⁰ that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Credibility determinations are not based on the person's status as a complainant, respondent or witness.

No person designated as a Title IX Coordinator, investigator, decision-maker, or any person designated by the district to facilitate an informal resolution process may have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the notice previously provided, the district must provide notice of the additional allegations to the parties whose identities are known.

At no point in the process will the district, or anyone participating on behalf of the district, require, allow, rely upon, or otherwise use questions or evidence that constitutes, or seeks disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

Determination of Responsibility

The respondent must be deemed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

⁹ This includes the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the investigation. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

¹⁰ Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the question and evidence concern specific incidents of the complainants prior sexual behavior with respect to the respondent and are offered to prove consent.

The standard to be used for formal complaints in determining whether a violation has occurred is the clear and convincing evidence¹¹ standard.

The person deciding the question of responsibility (the “decision-maker”) must be someone other than the Title IX Coordinator or the investigator(s). The decision-maker must issue a written determination which must include:

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the district’s code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions the district imposes on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the district’s education program or activity will be provided by the district to the complainant; and
6. The district’s procedures and permissible bases for the complainant and respondent to appeal.

The district must provide the written determination to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the recipient provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Remedies

The Title IX Coordinator is responsible for effective implementation of any remedies.

The disciplinary sanctions¹² may include:

1. Discipline up to and including suspension and expulsion;
2. Removal from various activities, committees, extra-curricular, positions, etc.
3. Disqualification for awards and honors;

¹¹ A clear and convincing evidence standard of evidence is understood to mean concluding that a fact is highly probable to be true. U.S. Department of Education, Title IX Regulations commentary, p. 1268, FN 1409.

¹² Districts should review any other disciplinary procedures and requirements prior to imposing any discipline, and should contact legal counsel with questions.

4. Discipline up to and including termination, in accordance with laws, agreements, contracts, handbooks, etc.¹³

Other remedies may include:

Educational programming.

Dismissal of a Formal Complaint

The district must dismiss a formal complaint with regard to Title IX sexual harassment if the alleged conduct:

1. Would not constitute sexual harassment, even if proved;
1. Did not occur in the district’s education program or activity¹⁴; or
2. Did not occur against a person in the United States.

The district may dismiss a formal complaint with regard to Title IX sexual harassment if at any time during the investigation or hearing, if provided:

1. A complainant notifies the Title IX Coordinator in writing that the complaint would like to withdraw the formal complaint or any allegations therein;
2. The respondent is no longer enrolled or employed by the district; or
3. Specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint, the district must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude the district from continuing any investigation and taking action under a different process. The district may have an obligation to continue an investigation and process under a different process.

Consolidation of Complaints

The district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by one or more complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Informal Resolution

If the district receives a formal complaint, at any time prior to reaching a determination regarding responsibility, the district may offer an optional informal resolution process, provided that the district:

¹³ It is important to keep supportive measures separate from disciplinary sanctions. Supportive measures must be “non-disciplinary” and “non-punitive.”

¹⁴ Includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs[, and also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution]. (Title 34 C.F.R. §106.44(a))

1. Provides written notice to the parties disclosing:
 - a. The allegations;
 - b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary written consent to the informal resolution process; and
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Appeals

Either party may file an appeal from a determination regarding responsibility or from a dismissal of a formal complaint, within 15 days of the decision, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

When an appeal is filed, the district must:

1. Notify the other party in writing;
2. Implement appeal procedures equally for both parties;
3. Ensure the decision-maker(s) for the appeal is not the same person as the decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
4. Ensure the decision-maker for the appeal is free from conflicts of interest and bias;
5. Give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Timelines

The district will complete the following portions of the grievance process within the specified timelines:

1. General grievance process (from receipt of formal complaint to determination of responsibility): 90 days;

2. Appeals (from receipt of appeal): 60 days;

3. Informal resolution process: 60 days.

Temporary delays of the grievance process, or limited extensions of time will be allowed for good cause¹⁵ with written notice to the parties.

Records

Records will be created and maintained in accordance with the requirements in Title 34 C.F.R. §106.45(a)(10).¹⁶

Training

Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process must receive training on the definition of sexual harassment, the scope of the district's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and information resolution processes. The training must also include avoiding prejudgment of the facts at issue, conflicts of interest and bias.

Decision-makers must receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions about evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Investigators must receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes, must promote impartial investigations and adjudications of formal complaints of sexual harassment and must be made publicly available on the district's website.

¹⁵ Good cause may include considerations such as the absence of a party, a party's advisor or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. (Title 34 C.F.R. § 106.45(b)(1)(v))

¹⁶ This includes creating a record for each investigation. This record must include:

- Supportive measures, or reasons why the response was not clearly unreasonable under the circumstances;
- Basis for the conclusion that the district's response was not deliberately indifferent; and
- What measures were taken to restore or preserve equal access to the district's educational program or activity. (Title 34 C.F.R. § 106.45(a)(10)(ii))

Most records (including training) must be retained for at least seven years.

Suspected Sexual Conduct with Students and Reporting Requirements *

Sexual conduct by district employees, contractors¹, agents², and volunteers³ is prohibited and will not be tolerated. All district employees, contractors, agents, and volunteers are subject to this policy. Students are also subject to this policy if they are acting as an employee, contractor, agent or volunteer.

“Sexual conduct,” means verbal or physical conduct or verbal, written or electronic communications by a school employee, a contractor, an agent or a volunteer that involve a student and that are sexual advances or requests for sexual favors directed toward the student, or of a sexual nature that are directed toward the student or that have the effect of unreasonably interfering with a student’s educational performance, or of creating an intimidating or hostile educational environment. “Sexual conduct” does not include touching or other physical contact that is necessitated by the nature of the school employee’s job duties or by the services required to be provided by the contractor, agent or volunteer, and for which there is no sexual intent; verbal, written or electronic communications that are provided as part of an education program that meets state educational standards or a policy approved by the Board; or conduct or communications described in the definition of sexual conduct herein if the school employee, contractor, agent or volunteer is also a student and the conduct or communications arise out of a consensual relationship between students, do not create an intimidating or hostile educational environment and are not prohibited by law, any policies of the district or any applicable employment agreements.

“Student” means any person who is in any grade from prekindergarten through grade 12 or 21 years of age or younger and receiving educational or related services from the district that is not a post-secondary institution of education, or who was previously known as a student by the person engaging in sexual conduct and who left school or graduated from high school within 90 days prior to the sexual conduct.

The district will post in each school building the names and contact information of the employees designated for the respective school buildings to receive reports of suspected sexual conduct and the procedures the designee will follow upon receipt of the report.

Any district employee, contractor, agent or volunteer who has reasonable cause to believe that a student has been subjected to sexual conduct by another district employee, contractor, agent or volunteer, or that another district employee, contractor, agent or volunteer has engaged in sexual conduct with a student

¹ “Contractor” means a person providing services to the district under a contract in a manner that requires the person to have direct, unsupervised contact with students.

² “Agent” means a person acting as an agent for the district in a manner that requires the person to have direct, unsupervised contact with students.

³ “Volunteer” means a person acting as a volunteer for the district in a manner that requires the person to have direct, unsupervised contact with students.

⁴ This definition of “sexual conduct” affects all conduct that occurs before, on or after June 23, 2021, for purposes of reports that are made, investigations that are initiated, or a collective bargaining agreement, an employment contract, an agreement for resignation or termination, a severance agreement or any similar contract or agreement entered into, on or after June 23, 2021.

shall immediately report such suspected sexual conduct to the designated licensed administrator or the alternate designated licensed administrator, in the event the designated administrator is the suspected perpetrator, for their school building. If the conduct also constitutes child abuse, the employee must make mandatory reports in accordance with Board policy GBNAB/JHFE – Suspected Abuse of a Child Reporting Requirements.

If the superintendent is the alleged perpetrator the report shall be submitted to the building principal who shall report the suspected sexual conduct to the Board chair.

If an employee fails to report suspected sexual conduct or fails to maintain confidentiality of records, the employee will be disciplined up to and including dismissal.

When a designated licensed administrator receives a report of suspected sexual conduct by a district employee, contractor, agent or volunteer, the administrator will follow procedures established by the district and set forth in the district’s administrative regulation GBNA/JHFF-AR - Suspected Sexual Conduct Report Procedures and Form. All such reports will be reported to the Oregon Department of Education (ODE) or Teacher Standards and Practices Commission (TSPC) in accordance with such administrative regulation. The agency receiving a report will complete an investigation regardless of any changes in the relationship or duties of the person who is the alleged perpetrator.

When there is reasonable cause to support the report, a district employee suspected of sexual conduct shall be placed on paid administrative leave pending an investigation and the district will take necessary actions to ensure the student’s safety.

When there is reasonable cause to support the report, a district contractor, agent or volunteer suspected of sexual conduct shall be removed from providing services to the district and the district will take necessary actions to ensure the student’s safety.

The district will notify, as allowed by state and federal law, the person who was subjected to the suspected sexual conduct about any actions taken by the district as a result of the report.

A district employee, contractor or agent will not assist another district employee, contractor or agent in obtaining a new job if the individual knows, or has reasonable cause to believe the district employee, contractor or agent engaged in sexual conduct. Nothing in this policy prevents the district from disclosing information required by law or providing the routine transmission of administrative and personnel files pursuant to law.

The initiation of a report in good faith about suspected sexual conduct may not adversely affect any terms or conditions of employment or the work environment of the person who initiated the report or who may have been subject to sexual conduct. If a student initiates a report of suspected sexual conduct by a district employee, contractor, agent or volunteer in good faith, the student will not be disciplined by the district or any district employee, contractor, agent or volunteer.

The district will provide to employees at the time of hire, or to a contractor, agent or volunteer at the time of beginning service for the district, the following:

1. A description of conduct that may constitute sexual conduct;

2. A description of the investigatory process and possible consequences if a report of suspected sexual conduct is substantiated; and
3. A description of the prohibitions imposed on district employees, contractors and agents when they attempt to obtain a new job, pursuant to ORS 339.378(2).

All district employees are subject to Board policy GCAB - Personal Electronic Devices and Social Media - Staff regarding appropriate electronic communications with students.

Any electronic communications with students by a contractor, agent or volunteer for the district will be appropriate and only when directed by district administration. When communicating with students electronically regarding school-related matters, contractors, agents or volunteers shall use district e-mail using mailing lists and/or other internet messaging approved by the district to a group of students rather than individual students or as directed by district administration. Texting or electronically communicating with a student through contact information gained as a contractor, agent or volunteer for the district is strongly discouraged.

The superintendent shall develop administrative regulations to implement this policy and to comply with state law.

Suspected Sexual Conduct Report Procedures and Forms *

The district posts in each school building the names and contact information of the district employees designated for the respective school building to receive reports of suspected sexual conduct and the procedures the designee(s) will follow upon receipt of the report.

When a designated licensed administrator¹ receives a report of suspected sexual conduct that may have been committed by a commission licensee², the designee shall notify Teacher Standards and Practices Commission (TSPC). The designee shall notify the Oregon Department of Education (ODE) if the administrator receives a report of suspected sexual conduct that may have been committed by a school employee, contractor, agent or volunteer that is not a commission licensee.

If the superintendent is the alleged perpetrator the report shall be submitted to the building principal who shall refer the report to the Board chair.

The district will investigate all reports of suspected sexual conduct, unless otherwise requested by TSPC or ODE as appropriate.

When the designee receives a report of suspected sexual conduct by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave³ and take necessary actions to ensure the student's safety. The employee shall remain on leave until TSPC⁴ or ODE⁵ determines that the report is substantiated and the district takes appropriate employment action against the employee, or cannot be substantiated or is not a report of sexual conduct and the district determines either: 1) an employment policy was violated and the district will take appropriate employment action against the employee; or 2) an employment policy has not been violated and an employment action against the employee is not required.

When the designee receives a report of suspected sexual conduct by a contractor, an agent or a volunteer, the district may prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support a report of suspected sexual conduct, the district shall prohibit the contractor, agent or volunteer from providing services. The district may reinstate the

¹ A "licensed administrator" is a person employed as an administrator by the district and holds an administrative license issued by TSPC or may be a person employed by the district that does not hold an administrative license issued by TSPC if the district does not require the administrator to be licensed by TSPC.

² "Commission licensee," as is defined in ORS 342.120 (as amended by HB 2136 (2021)), means a person whom the TSPC has authority to investigate or discipline because the person is enrolled in an approved educator preparation program, is an applicant for a TSPC license or registration, holds a license or registration issued by TSPC, or has held a license or registration issued by the TSPC at any time during the previous five years.

³ The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

⁴ TSPC investigates reports on commission licensees.

⁵ ODE investigates reports on persons who are not commission licensees.

contractor, agent or volunteer, and such reinstatement may not occur until such time as a report of suspected sexual conduct has been investigated and a determination has been made by TSPC or ODE, as appropriate, that the report is unsubstantiated.

Upon request from ODE or TSPC the district will provide requested documents or materials to the extent allowed by state and federal law.

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

An “investigation” means a detailed inquiry into the factual allegations of a report of suspected sexual conduct that is based on interviews with the person who initiated the report, the person who may have been subjected to sexual conduct, witnesses and the person who is the subject of the report, and results in a finding that the report is a substantiated report, cannot be substantiated, or is not a report of sexual conduct. If the subject of the report is a district employee represented by a contract or a collective bargaining agreement, the investigation must meet any negotiated standards of such employment contract or agreement.

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend their investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

A “substantiated report” means a report of sexual conduct that TSPC or ODE determines is founded.

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement. The employee not covered by a collective bargaining agreement may appeal the employment action taken through an appeal process administered by a neutral third party.

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, the district shall create a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

Training

The district shall provide information and training each school year to district employees on the following:

1. Prevention and identification of sexual conduct;
2. Obligations of district employees under ORS 339.388 and 419B.005 - 419B.050 and under adopted board policies to report suspected sexual conduct; and

3. Appropriate electronic communications with students.

The district shall make available each school year the training described above to contractors, agents, volunteers and to parents and legal guardians of students attending district-operated schools, and will be made available separately from the training provided to district employees.

The district shall provide to contractors, agents and volunteers each school year information on the following:

1. Prevention and identification of sexual conduct;
2. Obligations of district employees under adopted board policies to report suspected sexual conduct; and
3. Appropriate electronic communications with students.

The district shall make available each school year training that is designed to prevent sexual conduct to students attending district-operated schools.

Any district employee who has reasonable cause to believe that another district employee, contractor, agent, volunteer or student has engaged in abuse, or that a student has been subjected to abuse by another district employee, contractor, agent, volunteer or student shall immediately report such to the Oregon Department of Human Services (DHS) or its designee or the local law enforcement agency pursuant to ORS 419B.015, and to the designated licensed administrator.

¹ Includes the neglect of a child; abuse is defined in ORS 419B.005.

³ "Contractor" means a person providing services to the district under a contract in a manner that requires the person to have direct, unsupervised contact with students.

⁴ "Agent" means a person acting as an agent for the district in a manner that requires the person to have direct, unsupervised contact with students.

⁵ "Volunteer" means a person acting as a volunteer for the district in a manner that requires the person to have direct, unsupervised contact with students.

The district will designate a licensed administrator and an alternate licensed administrator, in the event that the designated licensed administrator is the suspected abuser, for each school building to receive reports of suspected abuse of a child by district employees, contractors, agents, volunteers or students.

If the superintendent is the alleged perpetrator the report shall be submitted to the building principal who shall also report to the Board chair.

The district will post the names and contact information of the designees for each school building, in the respective school, designated to receive reports of suspected abuse and the procedures in GBNAB/JHFE-AR(1) - Reporting of Suspected Abuse of a Child the designee will follow upon receipt of a report, the contact information for local law enforcement and the local DHS office or its designee, and a statement that this duty to report suspected abuse is in addition to the requirements of reporting to a designated licensed administrator.

When a designee receives a report of suspected abuse, the designee will follow procedure established by the district and set forth in administrative regulation GBNAB/JHFE-AR(1) - Reporting of Suspected Abuse of a Child. All such reports of suspected abuse will be reported to a law enforcement agency or DHS, or its designee, for investigation, and the agency will complete an investigation regardless of any changes in the relationship or duties of the person who is the alleged abuser.

When there is reasonable cause to support a report, a district employee suspected of abuse shall be placed on paid administrative leave pending an investigation and the district will take necessary actions to ensure the student's safety. When there is reasonable cause to support a report, a district contractor, agent or volunteer suspected of abuse shall be removed from providing services to the district and the district will take necessary actions to ensure the student's safety.

The district will notify the person, as allowed by state and federal law, who was subjected to the suspected abuse about any actions taken by the district as a result of the report.

A substantiated report of abuse by an employee shall be documented in the employee's personnel file. A substantiated report of abuse by a student shall be documented in the student's education record.

The initiation of a report in good faith, pursuant to this policy, may not adversely affect any terms or conditions of employment or the work environment of the person initiating the report or who may have been subjected to abuse. If a student initiates a report of suspected abuse of a child by a district employee, contractor, agent, volunteer or student, in good faith, the student will not be disciplined by the district or any district employee, contractor, agent or volunteer. The district shall provide each school year information on the prevention and identification of abuse, the obligations of district employees under Board policy to report abuse, and appropriate electronic communications with students to contractors, agents and volunteers. The district shall make available each school year training that is designed to prevent abuse to students attending district-operated schools.

The district shall provide to a district employee at the time of hire, or to a contractor, agent, or volunteer at the time of beginning service for the district, the following:

1. A description of conduct that may constitute abuse;
2. A description of the investigatory process and possible consequences if a report of suspected abuse is substantiated; and
3. A description of the prohibitions imposed on district employees, contractors, and agents when they attempt to obtain a new job, as provided under ORS 339.378. A district employee, contractor or agent will not assist another district employee, contractor or agent in obtaining a new job if the individual knows, or has reasonable or probable cause to believe the district employee, contractor or agent engaged in abuse, unless criteria found in ORS 339.378(2)(c) are applicable.

Nothing in this policy prevents the district from disclosing information required by law or providing the routine transmission of administrative and personnel files pursuant to law.

The district shall make available to students, district employees, contractors, agents, and volunteers a policy of appropriate electronic communications with students.

Any electronic communications with students by a contractor, agent or volunteer for the district will be appropriate and only when directed by district administration. When communicating with students electronically regarding school-related matters, contractors, agents or volunteers shall use district e-mail, using mailing lists and/or other internet messaging approved by the district to a group of students rather than individual students or as directed by district administration. Texting or electronically communicating with a student through contact information gained as a contractor, agent or volunteer for the district is strongly discouraged.

The superintendent shall develop administrative regulations as are necessary to implement this policy and to comply with state law.

Personal Electronic Devices and Social Media - Staff**

Staff possession or use of personal electronic devices on district property, in district facilities during the work day and while the staff is on duty in attendance at district-sponsored activities may be permitted subject to the limitations set forth in this policy and consistent with any additional school rules as may be established by the superintendent or designee. At no time, whether on duty or off duty, will a personal electronic device be used in a manner that interferes with staff duty and responsibility for the supervision of students.

A “personal electronic device” is a device not issued by the district and is capable of electronically communicating, sending, receiving, storing, recording, reproducing, and/or displaying information and data.

Personal electronic devices shall be silenced during instructional or class time, while on duty or at any other time where such use of the device would cause a disruption of school activities or interfere with a work assignment. Devices, which have the capability to take photographs or record video or audio, shall not be used for such purposes while on district property or while a staff member is on duty at district-sponsored activities, unless as expressly authorized by the principal or designee for a use directly related to and consistent with the employee’s assigned duties. Computers, tablets, iPads or similar devices brought to school will be restricted to academic activities during on duty time.

The district will not be liable for loss or damage to personal electronic devices brought to district property and district-sponsored activities.

Staff members, while on duty and off duty, will utilize social media websites, public websites and blogs, judiciously by not posting confidential information about students, staff or district business.¹ Staff may not post images of district facilities, staff, students, volunteers or parents without written authorization from persons with authority to grant such a release. Staff members, while on duty and off duty, will treat fellow employees, students and the public with respect while posting on social media websites, etc., in order to prevent substantial disruption in school.

Communication with students using personal electronic devices will be appropriate and professional. Communication with students using personal electronic devices regarding nonschool-related matters is prohibited during work hours and strongly discouraged at all other times. If communicating with students electronically regarding school-related matters, staff will use district e-mail using mailing lists and/or other internet messaging to a group of students rather than individual students. Texting a student during work hours is discouraged. Texting a student while off duty is strongly discouraged.

Exceptions to the prohibitions set forth in this policy may be made for health, safety or emergency reasons with superintendent or designee approval.

¹ Nothing in this policy is intended in any form to limit the right of employees to engage in protected labor activities via the use of social media.

Staff are subject to disciplinary action up to and including dismissal for using a personal electronic device in any manner that is illegal or violates the terms of this policy. Staff actions on social media websites, public websites and blogs, while on or off duty, which disrupt the school environment, are subject to disciplinary action up to and including dismissal. A “disruption”² for purposes of this policy includes, but is not limited to, one or more parent threatens to remove their children from a particular class or particular school, actual withdrawal of a student or students from a particular class or particular school and/or a threatened or actual negative impact on the learning environment.

The taking, disseminating, transferring or sharing of obscene, pornographic or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person taking, disseminating, transferring or sharing obscene, pornographic or otherwise illegal images or photographs, will be reported to law enforcement and/or other appropriate state or federal agencies.

Licensed staff are subject at all times to the Standards for Competent and Ethical Performance of Oregon Educators.

The superintendent shall ensure that this policy is available to all employees.

Oregon Family Medical Leave (OFLA)

(Because the district has over 50 employees, the combined OFLA/FMLA AR are recommended)

Coverage

The Oregon Family Leave Act (OFLA) and the Oregon Military Family Leave Act (OMFLA) covers districts that employ 25 or more part-time or full-time employees in Oregon based on employment during each working day during any of the 20 or more workweeks in the calendar year in which the leave is to be taken or in the calendar year immediately preceding the year in which the leave is to be taken.

Eligibility

An eligible employee is an employee employed in the state of Oregon on the date OFLA leave begins. OFLA applies to employees who work an average of 25 hours or more per week during the 180 calendar days or more immediately prior to the first day of the start of the requested leave.¹ For parental leave purposes, an employee becomes eligible upon completing at least 180 calendar days immediately preceding the date on which the parental leave begins. There is no minimum average number of hours worked per week when determining employee eligibility for parental leave.

An employee who has previously qualified for and has taken some portion of OFLA leave, may request additional OFLA leave within the same leave year. In such instances, the employee must requalify as an eligible employee for each additional leave requested unless one of the following exceptions apply:

1. A female employee who has taken 12 weeks of pregnancy disability leave need not requalify leave in the same leave year for any other purpose;
2. An employee who has taken 12 weeks of parental leave need not requalify to take an additional 12 weeks in the same leave year for sick child leave; and
3. An employee granted leave for a serious health condition for the employee or a family member need not requalify if additional leave is taken in this leave year for the same reason, unless the reason is no longer qualifying.

OMFLA applies to employees who work an average of at least 20 hours per week. There is no minimum number of days worked when determining employee eligibility for OMFLA.

In determining if an employee has been employed for the preceding 180 calendar days, when applicable, the employer must consider days (e.g. paid or unpaid) an employee is maintained on payroll for any part of a workweek.

¹ The requirements of OFLA do not apply to an employer offering eligible employees a nondiscriminatory cafeteria plan, as defined by section 125 of the Internal Revenue Code of 1986, which provides as one of its options, employee leave at least as generous as leave required by OFLA.

Full-time public school teachers who have been maintained on payroll by a district for 180 consecutive calendar days are thereafter deemed to have been employed for an average of at least 25 hours per week during the 180 days immediately preceding the start date of the OFLA leave. This provision is eligible for rebuttal if for example the employee was on a nonpaid sabbatical.

In determining average workweek, the employer must count the actual hours worked using the Fair Labor Standards Act (FLSA) guidelines.

Qualifying Reasons

Eligible employees may access OFLA for the following reasons:

1. Serious health condition of the employee or the employee's covered family member:
 - a. Inpatient care;
 - b. Continuing treatment;
 - c. Chronic conditions;
 - d. Permanent, long-term or terminal conditions;
 - e. Multiple treatments;
 - f. Pregnancy and prenatal care.
2. Parental leave (separate from eligible leave as a result of the child's serious health condition):
 - a. Bonding with and the care for the employee's newborn (within 12 months following birth);
 - b. Bonding with and the care for a newly adopted or newly placed foster child under the age of 18 (within 12 months of placement);
 - c. Care for a newly adopted or newly placed foster child over 18 years of age who is incapable of self-care because of a physical or mental impairment (within 12 months of placement);
 - d. Time to effectuate the legal process required for placement of a foster child or the adoption of a child.
3. Sick Child Leave: leave for non-serious health conditions of the employee's child. Sick child leave includes absence to care for an employee's child whose school or child care provider has been closed² in conjunction with a statewide public health emergency declared by a public health official.³
4. Bereavement Leave: leave related to the death of a covered family member.⁴

² "Closure" for the purpose of sick child leave during a statewide public health emergency declared by a public health official means a closure that is ongoing, intermittent, or recurring and restricts physical access to the child's school or child care provider. OAR 839-009-0210(4).

³ The district may request verification of the need for sick child leave due to a closure during a statewide emergency. Verification may include:

1. The name of the child being cared for;
2. The name of the school or child care provider that has closed or become unavailable; and
3. A statement from the employee that no other family member of the child is willing and able to care for the child. With the care of a child older than 14, a statement that special circumstances exist requiring the employee to provide care to the child during daylight hours.

⁴ Bereavement leave under OFLA must be completed within 60 days of when the employee received notice of the death.

5. Eligible employees may access OMFLA for the purpose of spending time with a spouse or same-gender domestic partner who is in the military and has been notified of an impending call or order to active duty or who has been deployed during a period of military conflict.
6. The eligibility of an employee who takes multiple leaves for different qualified reasons during the same district designated leave period may be reconfirmed at the start of each qualified leave requested.

Definitions

1. Family member:

For the purposes of OFLA, “family member” means:

- a. Spouse⁵;
- b. Same-gender domestic partner;
- c. Parent;
- d. Parent-in-law;
- e. Parent of employee’s same-gender domestic partner;
- f. Child;
- g. Child of employee’s same-gender domestic partner;
- h. Grandchild;
- i. Grandparent;
- j. Persons who are “in loco parentis”.

2. Child:

- a. For the purposes of OFLA, “child” means a biological, adopted, foster child or stepchild of the employee, the child of the employee’s same-gender domestic partner, or a child with whom the employee is or was in a relationship of “in loco parentis”.
- b. For the purposes of parental and sick child leave under OFLA, the child must be under the age of 18 or an adult dependent child substantially limited by a physical or mental impairment.

3. In loco parentis:

For the purposes of OFLA, “in loco parentis” means person in the place of the parent having financial or day-to-day responsibility for the care of a child. A legal or biological relationship is not required.

Leave Period

For the purposes of calculating an employee’s leave period, the district will use July 1 through June 30. The same method for calculating the 12-month period for OFLA leave entitlement shall be used for all employees. However, in all instances, the leave period for the purposes of OMFLA shall be dependent on the start of any such regardless of the district’s designated 12-month leave period described above.

Leave Duration

For the purposes of OFLA, an eligible employee is generally entitled to a total of 12 weeks of qualified leave during the district’s designated leave period. However, a woman is entitled to an additional full 12

⁵ “Spouse” means individuals in a marriage, including “common law” marriage, same-sex marriage or same sex individuals with a Certificate of Registered Domestic Partnership.

weeks of parental leave during the district's designated leave period following the birth of a child, regardless of how much OFLA qualified leave she has taken prior to the birth of such child during the district's designated leave period. Likewise, an employee who uses the full 12 weeks of parental leave during the district designated leave period, will be entitled to an additional 12 weeks of sick child leave under OFLA during the district's designated leave period for the purpose of caring for a child(ren) with a non-serious health condition requiring home care.⁶ OFLA does not combine the leave entitlement for spouses working for the district. However, under OFLA, family members who work for the district may be restricted from taking concurrent OFLA qualified leave.⁷

For the purposes of OMFLA, an eligible employee is entitled to 14 days of leave per call or order to active duty or notification of a leave from deployment. When an employee also meets the eligibility requirements of OFLA, the duration of the OMFLA leave counts toward that employee's leave entitlement during the district's designated leave period.

Except as otherwise noted above, qualified leave under OFLA for an eligible employee will run concurrently during the district's designated leave period.

For the purpose of tracking the number of leave hours an eligible employee is entitled and/or has used during each week of the employee's leave, leave entitlement is calculated by multiplying the number of hours the eligible employee normally works per week by 12⁸. If an employee's schedule varies from week to week, a weekly average of the hours worked over the 12 weeks worked prior to the beginning of the leave period shall be used for calculating the employee's normal workweek¹⁹. If an employee takes intermittent or reduced work schedule leave, only the actual number of hours of leave taken may be counted toward the 12 weeks of leave to which the employee is entitled.

Intermittent Leave

With the exception of parental leave, which must be taken in one continuous block of time, an eligible employee is permitted under OFLA to take intermittent leave for any qualifying reason.

Intermittent leave is taken in multiple blocks of time (hours, days, weeks, etc.) rather than in one continuous block of time and/or requires a modified or reduced work schedule. For OFLA this includes but not limited to sick child leave taken requiring an altered or reduced work schedule because the intermittent or recurring closure of a child's school or child care provider due to a statewide public health emergency declared by a public health official.

⁶ Sick child leave under OFLA need not be provided if another family member, including a noncustodial biological parent, is willing and able to care for the child.

⁷ Exceptions to the ability to require family members from taking OFLA qualified leave at different times are when 1) employee is caring for the other employee who has a serious medical condition; 2) one employee is caring for a child with a serious medical condition when the other employee is suffering a serious medical condition; 3) each family member is suffering a serious medical condition; 4) each family members want to take bereavement leave under OFLA; and 5) the employer allows the family members to take concurrent leave.

⁸ For example, an employee normally employed to work 30 hours per week is entitled to 12 times 30 hours, or a total of 360 hours of leave.

⁹ For example, an employee working an average of 25 hours per week is entitled to 12 times 25 hours, or a total of 300 hours of leave.

When an employee is eligible for OFLA leave the employer:

1. May allow an exempt employee, as defined by state and federal law, with accrued paid time off to take OFLA leave in blocks of less than a full day, but;
2. May not reduce the salary of an employee who is taking intermittent leave when they do not have accrued paid leave available. To do so would result in the loss of exemption under state law.

An employee's OFLA intermittent leave time is determined by calculating the difference between the employee's normal work schedule and the number of hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

Holidays or days in which the district is not in operation are not counted against the eligible employee's intermittent leave period unless the employee was scheduled and expected to work on any such day.

Alternate Work Assignment

The district may transfer an employee recovering from a serious health condition to an alternate position which accommodates the serious health condition provided:

1. The employee accepts the position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreement;
4. The transfer is compliant with state and federal law, including but not limited to the protections provided for in OFLA; and
5. The transfer is not used to discourage the employee from taking OFLA leave for a serious health condition or to create a hardship for the employee.

The district may transfer an eligible employee who is on a foreseeable intermittent OFLA leave to another position with the same or different duties to accommodate the leave, provided:

1. The employee accepts the transfer position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreement;
4. The transfer is compliant with state law, including but not limited to the protections provided for in OFLA;
5. The transfer to an alternate position is used only when there is no other reasonable option available that would allow the employee to use intermittent or reduced work schedule; and
6. The transfer is not used to discourage the employee from taking intermittent or reduced work schedule leave, or to create a hardship for the employee.

If an eligible employee is transferred to an alternative position, and as a result the employee works fewer hours than the employee was working in the original position, the employee's OFLA leave time is determined by calculating the difference between the employee's normal work schedule and the number of

hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

When an employee is transferred to alternate position as described above but such transfer does not result in a reduced schedule, time worked in any such alternate position shall not be considered for the purpose of OFLA leave. An employee working in an alternate position retains the right to return to the employee's original position unless all OFLA leave taken in that leave year plus the period of time worked in the alternate position exceeds 12 weeks.

Special Rules for School Employees

For the purposes of OFLA, "school employee" means employees employed principally as instructors in public kindergartens, elementary schools, secondary schools or education service districts.

OFLA leave that is taken for a period that ends with the school year and begins with the next semester is considered consecutive rather than intermittent. In any such situation, the eligible school employee will receive any benefits during the break period that employees would normally receive if they had been working at the end of the school year.

1. Foreseeable Intermittent Leave Exceeding 20 Percent of Working Days

When the qualified leave is foreseeable, will encompass more than 20 percent of the eligible school employee's regular work schedule during the leave period, and the purpose of such leave is to care for a family members with a serious medical condition, for a servicemember with a serious medical condition or because of the employee's own serious medical condition, the district may require the eligible school employee to:

- a. Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b. Temporarily transfer the eligible school employee to an alternate position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than the employee's original position.

2. Limitation on Leave near the End of the School Year

When an eligible school employee requests leave near the end of the school year, the district may require the following:

- a. When the qualified leave begins more than five weeks before the end of the school year:
 - (1) For the purposes of OFLA leave, if the reason for the leave is because of the eligible school employee's own serious health condition, the eligible school employee may be required to remain in leave until the end of the school year provided:
 - (a) The leave will last at least three weeks; and
 - (b) The employee's return to work would occur within three weeks of the end of the school year.
- b. For the purposes of OFLA leave, when the qualified leave begins within five weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the

eligible school employee may be required to remain on leave until the end of the school year provided:

- D**
- (1) The leave will last more than two weeks; and
 - (2) The employee would return to work during the two week period before the end of the school year.

c. For the purposes of OFLA leave, when the qualified leave begins within three weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the eligible school employee may be required to remain on leave until the end of the school year provided the length of the leave will last more than five working days.

If the district requires an eligible school employee to remain on leave until the end of the school year as described above, additional leave required by the employer until the end of the school year shall not count against the eligible school employee's leave entitlement.

Paid/Unpaid Leave

OFLA does not require the district to pay an eligible employee who is on a qualified leave. Subject to any related provisions in any applicable collective bargaining agreement, the district requires the eligible employee to use any available accrued sick leave, vacation or personal leave days (or other available paid time established by Board policy(ies) and/or collective bargaining agreement) in the order specified by the district and before taking OFLA leave without pay during the leave period.

The district will notify the eligible employee that the requested leave has been designated as OFLA leave and, if required by the district, that available accrued paid leave shall be used during the OFLA leave period. In the event the district is aware of an OFLA qualifying exigency, the district shall notify the eligible employee of its intent to designate the leave as such regardless of whether a request has been made by the eligible employee. Such notification will be given to the eligible employee prior to the commencement of the leave or within two working days of the employee's notice of an unanticipated or emergency leave, whichever is sooner.

When the district does not have sufficient information to make a determination of whether the leave qualifies as OFLA leave, the district will provide the required notice promptly when the information is available but no later than two working days after the district has received the information. Oral notices will be confirmed in writing no later than the following payday. If the payday is less than one week after the oral notice is given, written notice will be provided no later than the subsequent payday.

Eligible employees who request OMFLA leave shall not be required to use any available accrued paid time off during the OMFLA leave period.

Benefits and Insurance

When an eligible employee returns to work following a OFLA qualified leave, the employee must be reinstated to the same position the employee held when the leave commenced, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

During an OFLA qualified leave an eligible employee does not accrue seniority or other benefits that would have accrued while the employee was working. The eligible employee is also subject to layoff to

the same extent similarly situated employees not taking OFLA leave are subject unless the terms of an applicable collective bargaining agreement, other agreement or the district's policies provides otherwise.

For the purposes of OFLA, the school district will continue to pay the employer portion of the eligible employee's group health insurance contribution (if applicable) during the qualified leave period. The eligible employee is required to the employee portion of any such group health insurance contribution as a condition of continued coverage.

For the purposes of OMFLA, the eligible employee is entitled to a continuation of benefits.

Fitness-for-Duty Certification

Prior to the reinstatement of an employee following a leave which was the result of the employee's own serious health condition, the district may require the employee to obtain and present a Fitness-for-Duty Certification. The certification will specifically address the employee's ability to perform the essential functions of the employee's job as they relate to the health condition that was the reason for the leave. If the district is going to require a fitness-for-duty certification upon return to work, the district must notify the employee of such requirement when the leave is designated as an OFLA leave. Failure to provide the fitness-for-duty certification may result in a delay or denial of reinstatement.

For the purposes of OFLA qualified leave, any out of pocket costs associated with obtaining the fitness-for-duty certification shall be borne by the district.

If the leave is qualified under OFLA, any out-of-pocket costs associated with obtaining the fitness-for-duty certification shall be borne by the district.

Application

An eligible employee requesting OFLA leave shall provide at least 30 days' notice prior to the leave date if the leave is foreseeable. The notice shall be written and include the anticipated start, duration and reasons for the requested leave. When appropriate, the eligible employee must make a reasonable effort to schedule treatment, including intermittent leave and reduced leave, so as not to unduly disrupt the operation of the district.

The district may request additional information to determine that the requested leave qualifies as OFLA leave. The district may designate the employee as provisionally on OFLA leave until sufficient information is received to properly make a determination. An eligible employee able to give advance notice of the need to take OFLA leave must follow the employer's known, reasonable and customary procedures for requesting any kind of leave.

For the purposes of OFLA, an eligible employee is required to provide oral or written notice within 24 hours of commencement of the leave in unanticipated or emergency leave situations. The employee may designate a family member or friend to notify the district during that period of time. Failure of an employee to provide the required notice for leave covered by OFLA may result in the district deducting up to three weeks from the employee's unused OFLA leave in that one-year leave period. The employee may be subject to disciplinary action for not following the district's notice procedures.

In all cases, proper documentation must be submitted no later than three working days following the employee's return to work.

Medical Certification

The district may require an eligible employee to provide medical documentation, when appropriate, to support the stated reason for the leave. The district will provide written notification to employees of this requirement within three working days of employee's request for leave. If the employee does not provide 30 days' notice, the employee is required to submit such medical certification no later than 15 calendar days after receipt of the district's notification that medical certification is required.

Second and Third Opinions

For the purposes of OFLA and except for leave related to sick child leave under OFLA, the district may require the employee to obtain a second opinion from a health care provider designated by the district. If the first and second verifications conflict, the employer may require the two health care providers to jointly designate a third health care provider for the purpose of providing a verification. This third verification shall be final and binding.

Notification

Any notice required by state laws explaining employee rights and responsibilities will be posted in all staff rooms and the district office. Additional information may be obtained by contacting the business manager.

Sample Letter to Employee - OFLA Leave

The following is a sample cover letter to an employee notifying the employee that the employer is treating a request for leave as a request for OFLA leave (either paid or unpaid) that will reduce the employee's OFLA leave entitlement. This letter should be mailed to the employee within two working days after the employee's request for the leave along with the OFLA notice form.

Dear Employee:

On _____ (date) you advised the district that you were requesting a leave that may qualify for protected time under the Oregon Family Leave Act (OFLA). Under our policy, a leave of absence that qualifies for family and medical leave under state law, may run concurrently with other types of leave, including but not limited to, sick leave, vacation leave, short-term disability leave and bereavement leave. OFLA cannot run concurrently with a leave for workers' compensation injury or illness (unless you refuse a light-duty assignment).

[IF APPROVED: [We have determined the purpose of your requested leave qualifies as family or medical leave under state law. Accordingly, this letter is to notify you that the leave will be counted against your annual OFLA leave entitlement. Also attached is a form entitled OFLA Eligibility Notice to Employee which contains other information for you regarding state family medical leave rights, including an estimate of time that will count toward your protected time.]]

[IF NOT APPROVED: [We have determined the purpose of your requested leave does NOT qualify as family or medical leave under state and/or federal law. You may be entitled to other leave time, under Board policy or the collective bargaining agreement, however, the protections of OFLA will not be observed for this leave.]]

If you have any questions regarding your leave, now or at any time during your leave, please contact [the personnel office] as soon as possible.

Sincerely,

[Superintendent]

Reporting of Suspected Abuse of a Child

Reporting

Any district employee having reasonable cause to believe that **any child** with whom the employee comes in contact has suffered abuse¹ shall orally report or cause an oral report immediately by telephone or otherwise to the local office of the Oregon Department of Human Services (DHS) or its designee or to a law enforcement agency within the county where the person making the report is at the time of their contact. Any district employee who has reasonable cause to believe that **any person**² with whom the employee is in contact has abused a child shall immediately report or cause a report to be made in the same manner to DHS or its designee or to the law enforcement agency within the county where the person making the report is located at the time of the contact pursuant to ORS 419B.010.

Any district employee who has reasonable cause to believe that another district employee, contractor, agent, volunteer or student has engaged in abuse, or that a student has been subjected to abuse by another district employee, contractor, agent, volunteer or student shall immediately report such to the DHS or its designee or the local law enforcement agency pursuant to ORS 419B.015, and to the designated licensed administrator or alternate licensed administrator for their school building.

If known, the report shall contain the names and addresses of the child and the parents of the child or other persons responsible for the child's care, the child's age, the nature and extent of the suspected abuse, including any evidence of previous abuse, the explanation given for the suspected abuse, any other information that the person making the report believes might be helpful in establishing the possible cause of the suspected abuse and the identity of a possible perpetrator.

If the superintendent is the alleged abuser the report shall be submitted to the building principal who shall refer the report to the Board chair.

A written record of the abuse report shall be made by the employee reporting the suspected abuse of a student and will include: name and position of the person making the report; name of the student; name and position of any witness; description of the nature and extent of the abuse, including any information which could be helpful in establishing cause of abuse and identity of the abuser; description of how the report was made (i.e., phone or other method); name of the agency and individual who took the report; date and time that the report was made; and name of district administrator who received a copy of the written report.

The written record of the abuse report shall not be placed in the student's educational record. A copy of the written report shall be retained by the employee making the report and a copy shall be provided to the designee that received the report.

¹ Includes the neglect of a child; abuse is defined in ORS 419B.005.

² "Person" could include adult, student or other child.

When the designee receives a report of suspected abuse of a child by a district employee, and there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave³ and take necessary actions to ensure the student's safety. The employee shall remain on leave until DHS or law enforcement determines that the report is substantiated and the district takes the appropriate employment action, or cannot be substantiated or is not a report of abuse and the district determines that either 1) an employment policy was violated and the district will take appropriate employment action against the employee, or 2) an employment policy has not be violated and no action is required by the district against the employee.

When the designee receives a report of suspected abuse by a contractor, agent or volunteer, the district may prohibit the contractor, agent or volunteer from providing services to the district. If the district determines there is reasonable cause to support the report of suspected abuse, the district shall prohibit the contractor agent or volunteer from providing services. The district may reinstate the contractor, agent or volunteer, and such reinstatement may not occur until such time as a report of suspected abuse has been investigated⁴ and a determination has been made by law enforcement or DHS that the report is unsubstantiated.

The written record of each reported incident of abuse of a child, action taken by the district and any findings as a result of the report shall be maintained by the district.

If, following the investigation, the district decides to take an employment action, the district will inform the district employee of the employment action to be taken and provide information about the appropriate appeal process. The employee may appeal the employment action taken through the appeal process provided by the applicable collective bargaining agreement. The employee not covered by a collective bargaining agreement may appeal the employment action taken through an appeal process administered by a neutral third party.

If the district is notified that the employee decided not to appeal the employment action or if the determination of an appeal sustained the employment action, a record of the findings of the substantiated report and the employment action taken by the district will be placed in the records on the school employee maintained by the district. Such records created are confidential and not public records as defined in Oregon Revised Statute (ORS) 192.311, however the district may use the record as a basis for providing information required to be disclosed about a district employee under ORS 339.378(1). The district will notify the employee that information about substantiated reports may be disclosed to a potential employer.

³ The district employee cannot be required to use any accrued leave during the imposed paid administrative leave.

⁴ The district will investigate all reports of suspected abuse, unless otherwise requested by DHS or its designee or law enforcement pursuant to law.

Definitions

1. Oregon law recognizes these and other types of abuse:
 - a. Physical;
 - b. Neglect;
 - c. Mental injury;
 - d. Threat of harm;
 - e. Sexual abuse and sexual exploitation.
2. “Child” means an unmarried person who is under 18 years of age or is under 21 years of age and residing in or receiving care or services at a child-caring agency.
3. A “substantiated report” means a report of abuse that a law enforcement agency or DHS determines is founded.

Confidentiality of Records

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

Upon request from law enforcement or DHS the district shall immediately provide requested documents or materials to the extent allowed by state and federal law.

Failure to Comply

Any district employee who fails to report a suspected abuse of a child as provided by this policy and the prescribed Oregon law commits a violation punishable by law. A district employee who fails to comply with the confidentiality of records requirements commits a violation punishable by the prescribed law. If an employee fails to report suspected abuse of a child or fails to maintain confidentiality of records as required by this policy, the employee will be disciplined up to and including dismissal.

Cooperation with Investigator

The district staff shall make every effort in suspected abuse of a child cases to cooperate with investigating officials as follows:

1. Any investigation of abuse of a child will be directed by the DHS or law enforcement officials as required by law. DHS or law enforcement officials wishing to interview a student shall present themselves at the school office and contact the school administrator, unless the school administrator is the subject of the investigation. When an administrator is notified that the DHS or law enforcement would like to interview a student at school, the administrator must request that the investigating official fill out the appropriate form (See GBNAB/JHFE-AR(2) – Abuse of a Child Investigations Conducted on District Premises). The administrator or designee should not deny the interview based on the investigator’s refusal to sign the form. If the student is to be interviewed at the school, the administrator or designee shall make a private space available. The administrator or designee of the school may, at the discretion of the investigator, be present to facilitate the interview. If the investigating official does not have adequate identification the administrator shall refuse access to the student.

Law enforcement officials wishing to remove a student from the premises shall present themselves at the office and contact the administrator or designee. The law enforcement official shall sign the student out in accordance with district procedures;

2. When the subject matter of the interview or investigation is identified to be related to suspected abuse of a child, district employees shall not notify parents or anyone else other than DHS or law enforcement agency and any school employee necessary to enable the investigation;
3. The administrator or designee shall advise the investigator of any conditions of disability prior to any interview with the affected child;
4. District employees are not authorized to reveal anything that transpires during an investigation in which the employee participates, nor shall the information become part of the student's education records, except that the employee may testify at any subsequent trial resulting from the investigation and may be interviewed by the respective litigants prior to any such trial.

Nothing prevents the district from conducting its own investigation, unless another agency requests to lead the investigation or requests the district to suspend the investigation, or taking an employment action based on information available to the district before an investigation conducted by another agency is completed. The district will cooperate with agencies assigned to conduct such investigations.

Sample Designation Letter to Employee - FMLA/OFLA Leave

The following is a sample cover letter to an employee notifying the employee that the employer is treating a request for leave as a request for FMLA and/or OFLA leave (either paid or unpaid) that will reduce the employee's FMLA and/or OFLA leave entitlement. This letter, along with the Designation Notice – FMLA/OFLA form GCBDA/GDBDA-AR(6) or the FMLA/OFLA Eligibility Notice form GCBDA/ GDBDA-AR(4), should be mailed to the employee within five working days after receiving enough information to determine whether the leave qualifies under FMLA or OFLA.

Dear Employee:

On _____ (date) you advised the district that you were requesting a leave that may qualify for protected time under the Family and Medical Leave Act (FMLA) and/or the Oregon Family Leave Act (OFLA). Under our policy, a leave of absence that qualifies for family and medical leave under federal law (FMLA), may run concurrently with other types of leave such as sick leave, vacation leave, short-term disability leave, OFLA and leave for a workers' compensation injury or illness. A leave of absence that qualifies for family and medical leave under state law (OFLA) may run concurrently with other types of leave such as sick leave, vacation leave, short-term disability leave, but cannot run concurrently with a leave for a workers' compensation injury or illness (unless you refuse a light-duty assignment).

[IF APPROVED: [We have determined the purpose of your requested leave qualifies as family or medical leave under state and/or federal law. Accordingly, this letter is to notify you that the leave will be counted against your annual family and medical leave entitlement. Also attached is a form titled Designation Notice which contains other information for you regarding federal and state family medical leave rights, including an estimate of time that will count toward your protected time.]]

[IF NOT APPROVED: [We have determined the purpose of your requested leave does NOT qualify as family or medical leave under state and/or federal law. You may be entitled to other leave time, under Board policy or the collective bargaining agreement, however the protections of FMLA/OFLA will not be observed for this leave.]]

If you have any questions regarding your leave, now or at any time during your leave, please contact, district office as soon as possible.

Sincerely,

Superintendent

Fitness-for-Duty Certification

If the district did not require a fitness-for-duty certification in the Designation Notice, once an employee comes back, if the district has concerns (based on evidence, not speculation) about the employee’s ability to perform the job, the district can get a fitness-for-duty certification based on the Americans with Disabilities Act Amendments Act (ADAAA), rather than FMLA and OFLA. Under OFLA, the district cannot obtain a second opinion for fitness-for-duty certification, and fitness-for-duty certifications must be sought pursuant to uniformly applied policy. Early Return to Work

Efforts will be made, on a case-by-case basis, to reinstate ill or injured ~~return~~ employees to work. The reinstatement ~~Returns~~ will be within the requirements of the injury, the limitations of the law and the limitations of the district.

In the event an employee is not able to perform essential job functions completely after an illness or injury, the district will determine whether reasonable accommodations are appropriate that would provide a temporary light-duty assignment, restructuring of a position ~~job~~ to include modified ~~workdays~~ ~~work-days~~, shift or part-time work, hours of work or modifications in facilities, equipment, special aids and services. Reasonable accommodations must not result in an undue hardship on the district ~~or students~~.

If an employee cannot be reasonably accommodated in their ~~his/her~~ current position ~~job~~, the district will review alternative assignments. The employee, if qualified, will be offered an available vacant position with or without reasonable accommodations. If recovery is ongoing, sick leave is exhausted and ~~if~~ no other assignment is possible, the district may provide temporary unpaid leave as an accommodation, in accordance with state and federal law, ~~if recovery is ongoing and sick leave is exhausted~~.

The district will maintain current job descriptions for each position ~~job-category~~. Physical requirements for appropriate job categories will be established.

The superintendent will develop procedures as necessary to implement this policy.

Early Return to Work Procedures

1. Report injury to your supervisor immediately. Failure to do so could result in delay or denial of your worker's compensation claim.
2. If necessary to see a physician, pick-up, complete and return an 801 form to the office. The district will then inform the insurance carrier of the claim. Attached to the 801 will be a Return to Work Status form. Your physician should complete this form and return it to the district by the next working day.
3. Inform your physician that the district has an early return to work program and will provide light duty work. These duties may vary and will be developed to fit within your restrictions by the district. The light duty job may include portions of your regular work.
4. If you are not released for either regular or light duty work you must maintain weekly contact with your supervisor throughout the duration of any time off as a result of an on-the-job injury.
5. If you are released by your physician for either regular or light duty work, (part-time, temporary or modified) you must report to work on your next regularly scheduled shift.
6. Light duty/Modified jobs are temporary in duration and will be within the restrictions stated by your physician. Modified work will be offered to you in a written job offer letter.
7. The district, upon receiving new or additional information, will reevaluate the modified job and may reassign duties based on restrictions outlined by your physician.
8. The Early Return to Work Program will end when you, the injured worker, are released back to regular job duties, are declared medically stationary, or permanent restrictions are known. Should restrictions change and job duties be reassigned, you will be contacted and given a new job offer letter.
9. Failure to comply with these responsibilities may result in disciplinary action up to and including discharge.

It is the responsibility of the superintendent, with the assistance of other district administrators, to determine the personnel needs of the district and to locate suitable candidates to recommend for employment by the district. Those factors considered will include, but not be limited to, the diverse characteristics of the district.

The search for licensed staff members may extend to a variety of educational institutions and geographical areas.

Present employees who meet the stated requirements are encouraged to apply for any vacant district position.

Family Leave *

Coverage

The federal Family and Medical Leave Act (FMLA) applies to districts with 50 or more employees within 75 miles of the employee's work site, based on employment during each working day during any of the 20 or more workweeks in the calendar year in which the leave is to be taken, or in the calendar year preceding the year in which the leave is to be taken. The 50 employee test does not apply to educational institutions for determining employee eligibility.

The Oregon Family Leave Act (OFLA) and the Oregon Military Family Leave Act (OMFLA) applies to districts that employ 25 or more part-time or full-time employees in Oregon, based on employment during each working day during any of the 20 or more workweeks in the calendar year in which the leave is to be taken, or in the calendar year immediately preceding the year in which the leave is to be taken.

Employee Eligibility

FMLA applies to employees who have worked for the district for at least 12 months (not necessarily consecutive) and worked for at least 1,250 hours during the 12-month period immediately preceding the start of the leave.

An employee who has previously qualified for and has taken some portion of FMLA leave may request additional FMLA leave within the same leave year. In such instances, the employee need not requalify as an eligible employee, if the additional leave applied for is in the same leave year and for the same condition.

OFLA applies to employees who work an average of 25 hours or more per week during the 180 calendar days or more immediately prior to the first day of the start of the requested leave.¹ For parental leave purposes, an employee becomes eligible upon completing at least 180 days immediately preceding the date on which the parental leave begins. There is no minimum average number of hours worked per week when determining employee eligibility for parental leave.

An employee of a covered employer is eligible to take leave for purposes of OFLA during a period of time covered by a public health emergency except:

1. An employee who worked for the covered employer for fewer than 30 days immediately before the date on which the family leave would commence; or

¹ The requirements of OFLA do not apply to any employer offering eligible employees a nondiscriminatory cafeteria plan, as defined by section 125 of the Internal Revenue Code of 1986, which provides as one of its options employee leave at least as generous as the leave required by OFLA.

2. An employee who worked for the covered employer for an average of fewer than 25 hours per week in the 30 days immediately before the date on which the family leave would commence.

An employee of a covered employer is eligible to take leave for purposes of OFLA if the employee:

1. Separates from employment with the covered employer, irrespective of any reason:
 - a. Is eligible to take leave OFLA at the time the employee separates; and
 - b. Is reemployed by the covered employer within 180 days of separation from employment; or
2. Is eligible to take OFLA leave:
 - a. At the beginning of a temporary cessation of scheduled hours of 180 days or less; and
 - b. Returns to work at the end of the temporary cessation of scheduled hours of 180 days or less.

Any OFLA leave taken by the employee within any one-year period continues to count against the length of time of OFLA leave the employee is entitled. The amount of time that an employee is deemed to have worked for a covered employer prior to a break in service due to a separation from employment or a temporary cessation of scheduled hours shall be restored to the employee when the employee is reemployed by the employer within 180 days of separation from employment or when the employee returns to work at the end of the temporary cessation of scheduled hours of 180 days or less.

An employee who has previously qualified for and has taken some portion of OFLA leave, may request additional OFLA leave within the same leave year. In such instances, the employee must requalify as an eligible employee for each additional leave requested unless one of the following exceptions apply:

1. A femployee who has taken 12 weeks of pregnancy disability leave need not requalify leave in the same leave year for any other purpose;
2. An employee who has taken 12 weeks of parental leave need not requalify to take an additional 12 weeks in the same leave year for sick child leave; and
3. An employee granted leave for a serious health condition for the employee or a family member need not requalify if additional leave is taken in this leave year for the same reason.

OMFLA applies to employees who work an average of at least 20 hours per week. There is no minimum number of days worked when determining employee eligibility for OMFLA.

In determining if an employee has been employed for the preceding 180 calendar days, when applicable, the employer must consider days, e.g., paid or unpaid, an employee is maintained on payroll for any part of a work week. Full-time public school teachers who have been maintained on payroll by a district for 180 consecutive calendar days are thereafter deemed to have been employed for an average of at least 25 hours per week during the 180 days immediately preceding the start date of the OFLA leave. This provision is eligible for rebuttal if for example, the employee was on a nonpaid sabbatical.

In determining average workweek, the employer must count the actual hours worked using the Fair Labor Standards Act (FLSA) guidelines.

Qualifying Reason

Eligible employees may access FMLA leave for the following reasons:

1. Serious health condition of the employee or the employee's covered family member:
 - a. Inpatient care;
 - b. Continuing treatment;
 - c. Chronic conditions;
 - d. Permanent, long-term or terminal conditions;
 - e. Multiple treatments;

 - b. Bonding with and the care for a newly adopted or newly placed foster child under the age of 18 (within 12 months of placement);
 - c. Care for a newly adopted or newly placed foster child over 18 years of age who is incapable of self-care because of a physical or mental impairment (within 12 months of placement);
 - d. Time to effectuate the legal process required for placement of a foster child or the adoption of a child.
3. Military Caregiver Leave: leave for the care for spouse, child or next-of-kin who is a covered servicemember/veteran with a serious injury or illness;
4. Qualifying Exigency Leave: leave arising out of the foreign deployment of the employee's spouse, child or parent.

 - d. Time to effectuate the legal process required for placement of a foster child or the adoption of a child.

² Parental leave must be taken in one continuous block of time within 12 months of the triggering event.

3. Sick Child Leave: leave for non-serious health conditions of the employee’s child. For OFLA, sick child leave includes absence to care for an employee’s child whose school or child care provider has been closed³ in conjunction with a statewide public health emergency declared by a public health official.⁴
4. Bereavement Leave: leave related to the death of a covered family member.⁵
5. Eligible employees may access OMFLA for the purpose of spending time with a spouse or same-gender domestic partner who is in the military and has been notified of an impending call or order to active duty, or who has been deployed during a period of military conflict.
6. The eligibility of an employee who takes multiple leaves for different qualified reasons during the same district designated leave period may be reconfirmed at the start of each qualified leave requested.

- a. A public health emergency declared under ORS 433.441.
- b. An emergency declared under ORS 401.165 if related to a public health emergency as defined in ORS 433.442.

Leave Period

For the purposes of calculating an employee’s leave period, the district will use the calendar year (July-June). The same method for calculating the 12-month period for FMLA and OFLA leave entitlement shall be used for all employees. However, in all instances, the leave period for the purposes of OMFLA and Military Caregiver Leave under FMLA shall be dependent on the start of any such leave regardless of the district’s designated 12-month leave period described above.

Leave Duration

For the purposes of FMLA, an eligible employee is generally entitled to a total of 12 weeks of qualified leave during the district’s designated leave period⁷. Spouses who work for the district may be limited to a combined 12 weeks of FMLA leave during the district’s designated leave period when the purpose of the leave is for the birth of a child or to care for a child after birth, placement of an adopted or foster child or the care for an adopted or foster child after placement, or to care for the employee’s parent’s serious medical condition. Except in specific and unique instances, all qualified leave under FMLA counts toward an employee’s leave entitlement within the district’s designated leave period.

For the purposes of OFLA, an eligible employee is generally entitled to a total of 12 weeks of qualified leave during the district’s designated leave period. However, an eligible employee is entitled to an additional, full 12 weeks of parental leave during the district’s designated leave period following the birth of a child regardless of how much OFLA qualified leave the employee has taken prior to the birth of such child during the district’s designated leave period. Likewise, an employee who uses the full 12 weeks of parental leave during the district designated leave period, will be entitled to an additional 12 weeks of sick child leave under OFLA during the district’s designated leave period for the purpose of caring for a

⁷ An eligible employee taking Military Caregiver Leave under FMLA is entitled to up to 26 weeks of leave in the 12-month period beginning with the first day of such leave and regardless of any FMLA leave taken previously during the district’s leave period. However, once the 12-month period begins for the purposes of Military Caregiver Leave under FMLA, any subsequent FMLA qualified leave, regardless of reason for such leave, will count toward the employee’s 26-week entitlement under Military Caregiver Leave under FMLA.

child(ren) with a non-serious health condition requiring home care.⁸ Unlike FMLA, OFLA does not combine the leave entitlement for spouses working for the district. However, under OFLA, family members who work for the district may be restricted from taking concurrent OFLA qualified leave.⁹

For the purposes of OMFLA, an eligible employee is entitled to 14 days of leave per call or order to active duty or notification of a leave from deployment. When an employee also meets the eligibility requirements of OFLA, the duration of the OMFLA leave counts toward that employee's leave entitlement during the district's designated leave period.

Except as otherwise noted above, qualified leave under FMLA and OFLA for an eligible employee will run concurrently during the district's designated leave period.

For the purpose of tracking the number of leave hours an eligible employee is entitled and/or has used during each week of the employee's leave, leave entitlement is calculated by multiplying the number of hours the eligible employee normally works per week by 12¹⁰. If an employee's schedule varies from week-to-week, a weekly average of the hours worked over the 12 weeks worked prior to the beginning of the leave period shall be used for calculating the employee's normal workweek¹¹. If an employee takes intermittent or reduced work schedule leave, only the actual number of hours of leave taken may be counted toward the 12 weeks of leave to which the employee is entitled.

Intermittent Leave

With the exception of parental leave which must be taken in one continuous block of time, an eligible employee is permitted under FMLA and OFLA to take intermittent leave for any qualifying reason.

Intermittent leave is taken in multiple blocks of time (i.e., hours, days, weeks, etc.) rather than in one continuous block of time and/or requires a modified or reduced work schedule. For OFLA this includes but not limited to sick child leave taken requiring an altered or reduced work schedule because the intermittent or recurring closure of a child's school or child care provider due to a statewide public health emergency declared by a public health official.

When an employee is eligible for OFLA leave, but not FMLA leave, the employer:

1. May allow an exempt employee, as defined by state and federal law, with accrued paid time off to take OFLA leave in blocks of less than a full day; but

⁸ Sick child leave under OFLA need not be provided if another family member, including a noncustodial biological parent, is willing and able to care for the child.

⁹ Exceptions to the ability to require family members from taking OFLA qualified leave at different times are when 1) employee is caring for the other employee who has a serious medical condition; 2) one employee is caring for a child with a serious medical condition when the other employee is suffering a serious medical condition; 3) each family member is suffering a serious medical condition; 4) each family member wants to take Bereavement Leave under OFLA; and 5) the employer allows the family members to take concurrent leave.

¹⁰ For example, an employee normally employed to work 30 hours per week is entitled to 12 times 30 hours, or a total of 360 hours of leave.

¹¹ For example, an employee working an average of 25 hours per week is entitled to 12 times 25 hours, or a total of 300 hours of leave.

2. May not reduce the salary of an employee who is taking intermittent leave when they do not have accrued paid leave available. To do so would result in the loss of exemption under state law.

An employee's FMLA and/or OFLA intermittent leave time is determined by calculating the difference between the employee's normal work schedule and the number of hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

Holidays or days in which the district is not in operation, are not counted against the eligible employee's intermittent OFLA leave period unless the employee was scheduled and expected to work on any such day.

Alternate Work Assignment

The district may transfer an employee recovering from a serious health condition to an alternate position which accommodates the serious health condition provided:

1. The employee accepts the position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreement;
4. The transfer is compliant with state and federal law, including but not limited to the protections provided for in FMLA and/or OFLA; and
5. The transfer is not used to discourage the employee from taking FMLA and/or OFLA leave for a serious health condition or to create a hardship for the employee.

The district may transfer an eligible employee who is on a foreseeable intermittent FMLA and/or OFLA leave to another position with the same or different duties to accommodate the leave, provided:

1. The employee accepts the transfer position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreements;
4. The transfer is compliant with state and federal law, including but not limited to the protections provided for in FMLA and/or OFLA;
5. The transfer to an alternate position is used only when there is no other reasonable option available that would allow the employee to use intermittent leave or reduced work schedule; and
6. The transfer is not used to discourage the employee from taking intermittent or reduced work schedule leave, or to create a hardship for the employee.

If an eligible employee is transferred to an alternative position, and as a result the employee works fewer hours than the employee was working in the original position, the employee's FMLA and/or OFLA leave time is determined by calculating the difference between the employee's normal work schedule and the

number of hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

When an employee is transferred to alternate position as described above but such transfer does not result in a reduced schedule, time worked in any such alternate position shall not be considered for the purpose of FMLA and/or OFLA leave. An employee working in an alternate position retains the right to return to the employee's original position unless all FMLA and/or OFLA leave taken in that leave year plus the period of time worked in the alternate position exceeds 12 weeks.

Special Rules for School Employees

For the purposes of FMLA, "instructional employee" means those whose principal function is to teach and instruct students in a class, a small group or an individual setting. Athletic coaches, driving instructors and special education assistants, such as interpreters for the hearing impaired, are included in this definition. This definition does not apply to teacher assistants or aides who do not have as their principal job actual teaching or instructing, counselors, psychologist, curriculum specialists, cafeteria workers, maintenance workers or bus drivers.

For the purposes of OFLA, "school employee" means employees employed principally as instructors in public kindergartens, elementary schools, secondary schools or education service districts.

FMLA and/or OFLA leave that is taken for a period that ends with the school year and begins with the next semester is considered consecutive rather than intermittent. In any such situation, the eligible school employee will receive any benefits during the break period that employees would normally receive if they had been working at the end of the school year.

1. Foreseeable Intermittent Leave Exceeding 20 Percent of Working Days

When the qualified leave is foreseeable, will encompass more than 20 percent of the eligible school employee's regular work schedule during the leave period, and the purpose of such leave is to care for a family member with a serious medical condition, for a servicemember with a serious medical condition or because of the employee's own serious medical condition, the district may require the eligible school employee to:

- a. Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b. Temporarily transfer the eligible school employee to an alternate position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than the employee's original position.

2. Limitation on Leave Near the End of the School Year

When an eligible school employee requests leave near the end of the school year, the district may require the following:

- a. When the qualified leave begins more than five weeks before the end of the school year:
 - (1) For the purposes of FMLA leave, the eligible school employee may be required to continue taking leave until the end of the school year provided:

P

- (a) The leave will last at least three weeks; and
- (b) The employee would return to work during the three-week period before the end of the term.

(2) For the purposes of OFLA leave, if the reason for the leave is because of the eligible school employee’s own serious health condition, the eligible school employee may be required to remain in leave until the end of the school year, provided:

R

- (a) The leave will last at least three weeks; and
- (b) The employee’s return to work would occur within three weeks of the end of the school year.

b. For the purposes of FMLA and/or OFLA leave, when the qualified leave begins within five weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the eligible school employee may be required to remain on leave until the end of the school year provided:

- (1) The leave will last more than two weeks; and
- (2) The employee would return to work during the two-week period before the end of the school year.

c. For the purposes of FMLA and/or OFLA leave, when the qualified leave begins within three weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the eligible school employee may be required to remain on leave until the end of the school year provided the length of the leave will last more than five working days.

If the district requires an eligible school employee to remain on leave until the end of the school year as described above, additional leave required by the employer until the end of the school year shall not count against the eligible school employee’s leave entitlement.

Paid/Unpaid Leave

FMLA and OFLA do not require the district to pay an eligible employee who is on a qualified leave. Subject to any related provisions in any applicable collective bargaining agreement, the district requires the eligible employee to use any available accrued sick leave, vacation or personal leave days (or other available paid time established by Board policy(ies) and/or collective bargaining agreement) in the order specified by the district and before taking FMLA and/or OFLA leave without pay during the leave period.

The district will notify the eligible employee that the requested leave has been designated as FMLA and/or OFLA leave and, if required by the district, that available accrued paid leave shall be used during the leave period. In the event the district is aware of an OFLA or FMLA qualifying exigency, the district shall notify the eligible employee of its intent to designate the leave as such regardless of whether a request has been made by the eligible employee. Such notification will be given to the eligible employee prior to the commencement of the leave or within two working days of the employee’s notice of an unanticipated or emergency leave, whichever is sooner.

When the district does not have sufficient information to make a determination of whether the leave qualifies as FMLA or OFLA leave, the district will provide the required notice promptly when the

information is available but no later than two working days after the district has received the information. Oral notices will be confirmed in writing no later than the following payday. If the payday is less than one week after the oral notice is given, written notice will be provided no later than the subsequent payday.

Eligible employees who request OMFLA leave shall not be required to use any available accrued paid time off during the OMFLA leave period.

Benefits and Insurance

When an eligible employee returns to work following a FMLA or OFLA qualified leave, the employee must be reinstated to the same position the employee held when the leave commenced, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

During an OFLA qualified leave an eligible employee does not accrue seniority or other benefits that would have accrued while the employee was working, unless the terms of a collective bargaining agreement, other agreement or other employer's policy provide otherwise.¹² The eligible employee is also subject to layoff to the same extent similarly situated employees not taking OFLA leave are subject unless the terms of an applicable collective bargaining agreement, other agreement or the district's policies provide otherwise.

For the purposes of FMLA and OFLA, the district will continue to pay the employer portion of the eligible employee's group health insurance contribution (if applicable) during the qualified leave period. The eligible employee is required to pay the employee portion of any such group health insurance contribution as a condition of continued coverage.

For the purposes of FMLA qualified leave, the district's obligation to maintain the employee's group health insurance coverage will cease if the employee's contribution is remitted more than 30 calendar days late. The district will provide written notice that the premium payment is more than 30 calendar days late. Such notice will be provided within 15 calendar days before coverage is to cease.

For the purposes of OMFLA, the eligible employee is entitled to a continuation of benefits.

Fitness-for-Duty Certification

Prior to the reinstatement of an employee following a leave which was the result of the employee's own serious health condition, the district may require the employee to obtain and present a Fitness-for-Duty Certification. The certification will specifically address the employee's ability to perform the essential functions of the employee's job as they relate to the health condition that was the reason for the leave. If the district is going to require a fitness-for-duty certification upon return to work, the district must notify the employee of such requirement when the leave is designated as FMLA and/or OFLA leave. Failure to provide the certification may result in a delay or denial of reinstatement.

For the purposes of FMLA qualified leave, any costs associated with obtaining the fitness-for-duty certification shall be borne by the employee.

¹² See also ORS 342.934(4)(d) in reduction force situations.

For the purposes of OFLA qualified leave, any out-of-pocket costs associated with obtaining the fitness-for-duty certification shall be borne by the district.

If the leave is qualified under both FMLA and OFLA, any out-of-pocket costs associated with obtaining the fitness-for-duty certification shall be borne by the district.

Application

Under federal and state law, an eligible employee requesting FMLA and/or OFLA leave shall provide at least 30 days' notice prior to the leave date if the leave is foreseeable. The notice shall be written and include the anticipated start date, duration and reasons for the requested leave. When appropriate, the eligible employee must make a reasonable effort to schedule treatment, including intermittent leave and reduced leave, so as not to unduly disrupt the operation of the district.

The district may request additional information to determine that the requested leave qualifies as FMLA and/or OFLA leave. The district may designate the employee as provisionally on FMLA and/or OFLA leave until sufficient information is received to properly make a determination. An eligible employee able to give advance notice of the need to take FMLA and/or OFLA leave must follow the employer's known, reasonable and customary procedures for requesting any kind of leave.

For the purposes of FMLA, if advance notice is not possible, an employee eligible for FMLA leave must provide notice as soon as practicable. "As soon as practicable," for the purpose of FMLA leave, means the employee must comply with the employer's normal call-in procedures except in limited and under unique circumstances. Failure of an employee to provide the required notice for FMLA leave may result in the district delaying the employee's leave up to 30 days after the notice is ultimately given.

For the purposes of OFLA, an eligible employee is required to provide oral or written notice within 24 hours of commencement of the leave in unanticipated or emergency leave situations. The employee may designate a family member or friend to notify the district during that period of time. Failure of an employee to provide the required notice for leave covered by OFLA may result in the district deducting up to three weeks from the employee's unused OFLA leave in that one-year leave period. The employee may be subject to disciplinary action for not following the district's notice procedures.

When an employee fails to give advance notice for both the FMLA and OFLA above, the district must choose the remedy that is most advantageous to the employee.

In all cases, proper documentation must be submitted no later than three working days following the employee's return to work.

Medical Certification

The district shall require an eligible employee to provide medical documentation, when appropriate, to support the stated reason for such leave, other than to care for a child who requires home care due to the closure of the child's school or child care provider as a result of a public health emergency. The district will provide written notification to an employee of this requirement within five working days of the employee's request for leave. If the employee provides less than 30 days' notice, the employee is required to submit such medical certification no later than 15 calendar days after receipt of the district's notification that medical certification is required.

The district may request re-certification of a condition when the minimum duration of a certification expires if continued leave is requested. If the certification does not indicate a duration or indicates that it is ongoing, the district may request re-certification at least every six months in connection with an absence.

Under federal law, a second medical opinion may be required whenever the district has reason to doubt the validity of the initial medical opinion. The health care provider may be selected by the district. The provider shall not be employed by the district on a regular basis. Should the first and second medical certifications differ, a third opinion may be required. The district and the employee will mutually agree on the selection of the health care provider for a third medical certification. The third opinion will be final. Second and third opinions and the actual travel expenses for an employee to obtain such opinions will be paid for by the district.

Second and Third Opinions

1. For the purposes of FMLA, the district may designate a second health care provider, but that person cannot be utilized by the district on a regular basis except in rural areas where health care is extremely limited. If the opinions of the employee's and the district's designated health care provider(s) differ, the district may require a third opinion at the district's expense. The third health care provider must be designated or approved jointly by the employee and the district. This third opinion shall be final and binding.
2. For the purposes of OFLA, and except for leave related to sick child leave under OFLA, the district may require the employee to obtain a second opinion from a health care provider designated by the district. If the first and second verifications conflict, the employer may require the two health care providers to jointly designate a third health care provider for the purpose of providing a verification. This third verification shall be final and binding.

Notification

Any notice required by federal and state laws explaining employee rights and responsibilities will be posted in all staff rooms and the district office. Additional information may be obtained by contacting the superintendent.

Record Keeping/Posted Notice

The district will maintain all records as required by federal and state laws including dates leave is taken by employees, identified separately from other leave; hours/days of leave; copies of general and specific notices to employees, including Board policy(ies) and regulations; premium payments of employee health benefits while on leave and records of any disputes with employees regarding granting of leave.

Medical documentation will be maintained separately from personnel files as confidential medical records.

The district will post notice of FMLA¹³ and OFLA¹⁴ leave requirements.

¹³ Poster available at <https://www.dol.gov/agencies/whd/fmla/posters> .

¹⁴ Poster available at <https://www.oregon.gov/boli/employers/pages/required-worksite-postings.aspx> .

Federal vs. State Law

Both federal and state law contain provisions regarding leave for family illness. Federal regulations state an employer must comply with both laws; that the federal law does not supersede any provision of state law that provides greater family leave rights than those established pursuant to federal law; and that OFLA and FMLA leave entitlements run concurrently. State law requires that FMLA and OFLA leave entitlements run concurrently when possible.

For example, due to differences in regulations, an eligible employee who takes OFLA leave after 180 days of employment, but before they are eligible for FMLA leave, is still eligible to take a full 12 workweeks of FMLA leave after meeting FMLA's eligibility requirements. Thereafter, any eligible leave period will run concurrently, when appropriate.

Job Sharing

Job sharing shall be defined as the sharing and occupation of a single staff position by two individuals.

Applicants for job sharing must submit an application, in writing, to the superintendent and supporting documentation as necessary by April 1 for the following year.

Both the applicants shall be current to the district staff members; however, the superintendent may make an exception if, in his or her judgment, the assignment of a nonstaff applicant would enhance instruction.

The district shall provide notice to the parents of the students to be affected prior to approval of the application.

Job sharing shall terminate at the end of each school year. Reapplication must be made if the two parties desire to continue in the Job Sharing Program.

Fringe benefits shall be divided appropriately between the two staff members; however, an employee may receive full benefits if the employee pays the difference.

All leaves and holiday pay normally accrued by an employee shall be divided appropriately between the two staff members.

Except in the case of illness, emergencies or leave, job-sharing staff will be requested to substitute for each other. The substitute staff shall be paid at their rate of pay prorated for the time in substitution.

Attendance of both parties, without additional compensation, shall be required during those days noted as in-service and parent-student-teacher conferences. During report card preparation and other work days, collaboration is expected, but teachers are only required to be present on a pro-rata basis. One teacher shall attend all staff meetings. Both teachers are responsible for any information disseminated and implementing decisions made at the staff meetings.

At the conclusion of the school year, the employee shall suffer no loss of employment rights, including permanent status in effect prior to taking the shared position.

Permanent status and tenure will be maintained in a manner consistent with state statute. Full-time employees who wish to job share must secure a one-half time unpaid leave of absence if it is their desire to return to a full-time position. The teacher may return by notifying the district in writing by April 15 prior to the school year ~~he/she~~ their wishes to return to full-time teaching. The return will be to a position that is similar and available and is to begin with the fall term.

The superintendent shall develop schedules, assign duties, provide for preparation periods, etc., as if a single person were assigned to the position. It shall be the responsibility of the two parties to divide their time so that these arrangements are equitable.

Staff entering job sharing shall be placed on the salary schedule according to their experience, training and district policy. Compensation for each member will be equal to the salary designated for each placement.

Job-sharing staff shall confer at least weekly with respect to joint lesson planning and organization.

Both teachers shall assume responsibility for maintenance of student education records, report cards, portfolios and the appearance of the classroom.

The district reserves the right to terminate the job-sharing position upon 30-days' notice and, in the event of an emergency, may terminate the shared time position on 24-hours' notice.

Both staff members shall be observed and evaluated individually as provided by district policy.

Amendments to this policy will only be made after consulting with an Alsea Education Association office holder or ~~his/her~~ designee.

Layoff/Recall - Licensed Staff

(Version 1)

(see updated version)

The administration will maintain data on enrollments and programs in an attempt to anticipate areas that may become over staffed. This may result in minimum class loads or a decision to discontinue certain programs. The Board will make the final decision on the value of programs to be kept, cut or eliminated.

The administration may employ a variety of cost saving measures in order to avoid layoffs (reduction in nonsalary expenditures, natural attrition, in-district transfers, reduction in contract lengths or salaries, etc.); however, it is not bound to do so, except as provided by law and collective bargaining agreements.

The Board will determine when staff layoffs become necessary, the Board will first determine which program areas or subject matters will continue to be taught. Following this decision, the Board will directed administration to conduct layoffs of licensed personnel in order as follows:

1. A determination of current licensure by the administration of all staff will occur. "Current licensure" is defined by the license held by the employee at the time the Board directs the layoffs;
2. Determine the seniority of the teachers to be retained (consistent with licensure), calculated from the first day of actual service as teachers with the school district inclusive of approved leaves of absence;
3. Determine the competence and merit of a teacher being retained if the Board desires to layoff another teacher with greater seniority.

The district shall not waive the right to consider competence in making decisions about staff layoffs or recall of staff. Retained teachers will be licensed and qualified, as defined in Oregon statutes, for the positions they fill.

Licensed Support Personnel (media specialist, music, physical education, etc.)

If the Board determines that a support program should be eliminated the following shall occur:

1. If the licensed teacher is properly licensed as a classroom teacher and meets the definition of competence, he/she shall be considered a classroom teacher;
2. If the licensed teacher is not properly licensed as a classroom teacher he/she will be considered only for that position for which he/she is licensed, competent and qualified.

Recall

If a teacher is laid-off he/she shall notify the administration in writing of the position for which he/she wishes to be recalled. A teacher is not considered laid-off if the teacher's employment terminates with the district prior to the effective date of the layoff.

A teacher who is laid-off will remain on the layoff list and be eligible for recall for 27 months from the date of layoff. No new teacher shall be hired to any position until all laid-off employees who are licensed, fully qualified and competent for the position have been given an opportunity to accept the position (provided a written notice as stated above was delivered to the district).

The district shall notify laid-off employees of a position opening by registered letter, return receipt requested, at their last known address. Laid-off teachers shall have 15 calendar days from the date of mailing in which to indicate their acceptance or rejection of the position and an additional 14 days from date of acceptance in which to begin active employment unless otherwise mutually agreed upon.

If the teacher cannot be reached at his/her last known address, or if he/she rejects any position offered for which the teacher is licensed, qualified and competent, he/she shall forfeit all recall rights. Teachers who wish to waive reemployment rights may do so by written notification to the district.

Employees returning from lay-off shall have all previously accrued sick leave and seniority reinstated, but shall not receive benefits for the period of the layoff.

If they choose, staff members on layoff may keep up their institutional insurance and health plans by paying their own premiums as prescribed by law, subject to the rules of the insurance carrier.

Reduction or Recall of Licensed Staff (Version 2)

The Board will make the final decision on programs to be kept, cut or eliminated following a review of the reduction plan developed by the superintendent. The Board will determine when staff layoffs become necessary, and will approve positions to be cut or limited as after receiving a recommendation from the superintendent.¹ Individuals that may be impacted by the layoff shall not be discussed by the Board. The affected employees shall be notified within a reasonable time.

 - b. A teacher’s completion of a teacher pathway program that is implemented by a teacher pathway partnership at the national, state, regional or local level and that has the primary focus of increasing the number of culturally or linguistically diverse teachers; or
 - c. A teacher’s current work assignment that requires the teacher to work at least 50 percent of the teacher’s work assignment time:
 - (1) At a school where at least 25 percent of the student population consists of students from a historically underserved background, if the teacher is assigned to one school; or

Procedures

When determining which teachers will be retained when the district reduces staff, the district shall prioritize seniority, except as follows:

1. A district shall retain a qualified teacher with cultural or linguistic expertise who has less seniority if the release of the less senior teacher would result in a lesser proportion of teachers with cultural or linguistic expertise compared to teachers without cultural or linguistic expertise.
2. If a qualified teacher with cultural or linguistic expertise is retained as described above and the district is determining which teachers to retain who do not have cultural or linguistic expertise, the district shall prioritize:
 - a. Seniority²; or
 - b. Competence or merit in accordance with law.
3. The district may retain a teacher with less seniority than a teacher being released if the district determines that the teacher being retained has more competence or merit than the teacher with more seniority who is being released.

The district shall not agree in any collective bargaining agreement to waive the right to consider competence in making decisions about reduction in staff or recall of staff. Retained teachers will be properly licensed and qualified, as defined in Oregon statutes, for the positions they fill.

² Seniority shall be calculated from the first day of actual service as teachers with the district, inclusive of approved leaves of absence. In the event there is a tie in calculating seniority, it shall be broken by drawing lots.

The district will develop criteria and procedures for identifying in-district languages, verifying teacher language abilities, reviewing teacher pathway programs and determining which teachers teach in schools with 25 percent or more students from a historically underserved population. Procedures and timelines will be communicated to teachers.

Recall

A teacher who was released due to a reduction in staff will be eligible for recall for 27 months after the last date of release, unless waived by a rejection of a specific position. No new teacher shall be hired to any position until all staff who remain on a recall list who are licensed and qualified for the position have been given an opportunity to accept the position.

The district shall notify teachers on the recall list of a position opening by registered letter, return receipt requested, at their last known address. Teachers shall have 7 calendar days from receipt of such notification in which to indicate their acceptance or rejection of the position and an additional 14 days from date of acceptance in which to begin active employment unless otherwise mutually agreed upon.

If the teacher rejects any position offered for which the teacher is licensed and qualified, or the teacher fails to respond within the specified timeline, the teacher shall forfeit all recall rights.

Staff returning to work shall have all previously accrued sick leave and seniority reinstated, but shall not receive benefits for the period of the release.

Teachers will have recall rights for a maximum 27-month period. If they choose, released teachers may maintain their district insurance and health plans by paying their own premiums as prescribed by law, subject to the rules of the insurance carrier.

Teachers affected by a reduction in staff may be placed on the substitute list for any position requested when released. They will be notified for those positions requested before other substitutes are notified.

In a continuing effort to ensure the safety and welfare of students and staff, the district shall require all newly hired full-time and part-time employees¹ not requiring licensure under Oregon Revised Statute (ORS) 342.223 to submit to a criminal records check and fingerprinting as required by law. Other individuals, as determined by the district, that will have direct, unsupervised contact with students shall submit to criminal records checks and/or fingerprinting as established by Board policy and as required by law.

“Direct, unsupervised contact with students” means contact with students that provides the person opportunity and probability for personal communication or touch when not under direct supervision.

Pursuant to state law, a criminal records check or fingerprint-based criminal records checks shall be required of the following individuals²:

1. All individuals employed as or by a contractor, whether employed part-time or full-time, and considered by the district to have direct, unsupervised contact with students;
2. Any community college faculty member providing instruction at the site of an early childhood education program, at a school site as part of an early childhood program or at a grade K through 12 school site during the regular school day;

4. Any individual considered for volunteer service with the district who is allowed to have direct, unsupervised contact with students.

The district will provide the written notice about the requirements of fingerprinting and criminal records checks through means such as staff handbooks, employment applications, contracts or volunteer forms.

The district shall require a fingerprint-based criminal records check for volunteers allowed direct, unsupervised contact with students, in the following positions:

1. Head coach;

¹ Any individual hired within the last three months. A subject individual does not include an employee hired within the last three months if the district has evidence on file that meets the definition in Oregon Administrative Rule (OAR) 581-021-0510(11)(b).

² Subject individuals and requirements are further outlined in GCDA/GDDA-AR – Criminal Records Checks and Fingerprinting.

2. Assistant coach;
3. Overnight chaperone;

The procedure for processing fingerprint collection is further outlined in GCDA/GDDA-AR – Criminal Records Checks and Fingerprinting.

A subject individual shall be subject to the collection of fingerprint information, only after the offer of employment or contract from the district and may be charged a fee by the district. A subject individual may request the fee be withheld from the amount otherwise due the individual.

The district shall not begin the employment of a subject individual or terms of a district contractor before the return and disposition of the required criminal records checks.

When the district is notified of a subject individual who has been convicted of any crimes prohibiting employment or contract the individual will not be employed or contracted, or if employed will be terminated. When the district is notified of a subject individual who knowingly made a false statement as to the conviction of any crime, the individual will not be employed or contracted with by the district, or if employed by the district will be terminated. A subject individual who fails to disclose the presence of convictions that would not otherwise prohibit employment or contract with the district as provided by law may be employed or contracted with by the district.

The district's use of criminal history must be relevant to the specific requirements of the position, services or employment.

The service of a volunteer allowed to have direct, unsupervised contact with students will not begin before the return and disposition of a criminal records check.

The service of a volunteer into a position identified by the district as requiring a fingerprint-based criminal records check will not begin before the return and disposition of a state and national criminal records check based on fingerprints.

A volunteer who knowingly made a false statement or has a conviction of the crimes listed in ORS 342.143, or the substantial equivalent of any of those crimes if the conviction occurred in another jurisdiction or in Oregon under a different statutory name or number may result in immediate termination from the ability to volunteer in the district.

The superintendent shall develop administrative regulations as necessary to meet the requirements of law.

Layoff - Classified Staff

The Board recognizes the possibility of a reduction in force of classified staff members.

The Board also recognizes the reduction in force of classified staff members currently is determined either by the date of hire or the quality of work of staff members within a classification. The possibility exists of more than one staff member within a classification having the same date of hire. Therefore, the Board will have an implementation process for resolving reductions involving staff members under those conditions.

Layoff - Classified Staff

The implementation process for the reduction in classified force will be based on the following criteria.

The administration will be responsible for obtaining the following information and conducting the reduction process as outlined.

1. Date of Hire/Seniority;
2. Qualifications for the remaining position(s);
3. Evaluations by Administration.

The “tie-breaker” procedures for classified staff members who have the same date of hire within a given classification will be as follows:

1. Names from a list who have equal performance evaluations, the same date of hire and the same classification will be drawn from an envelope;
2. The drawing will be done in the presence of an administrative representative and an association representative (the association may invite any and all individuals whose names are involved in the procedure);
3. The number of names will be drawn out of the envelope according to the number of positions that must be reduced. Those names drawn will be laid off.

Example: If four people have the same date of hire and the same classification, and two positions instead of four will be available, there will be two names drawn from the envelope. Those two names will be the individuals who will no longer have positions in the district

Re: Coop with Philomath for Baseball/Softball

*OK for
board approval
1/10/23*

I would like to propose and have approval for a coop for Baseball and Softball with Philomath High School. I have spoken with Tony Matta at Philomath High School and they would like to honor the coop. I have surveyed out student athletes and currently we had 4 girls interested in softball and 4 boys interested in baseball. Earlier in the year we were looking at cooperating with Eddyville for both but with the lack of interest we can not justify the cost for such few student athletes. I feel since we have a bus that goes to Philomath after school it makes perfect sense for us to coop with Philomath. Other options would be Monroe.

Sincerely,

Bart Rothenberger

Our school is in need of an Automated External Defibrillator, AED.

Why is this expensive device needed?

According to a publication put out by Columbia University Mailman School of Public Health, about 70% of children survive sudden cardiac arrest. These survivors would not be here without the life saving measures of trained responders and AEDs. Where do these trained responders come from? They are in our community, and yes, in our schools. I personally train our staff and coaches at Alsea in CPR and use of an AED. The problem is, our school does not have a *working* AED.

Would we really use this?

Well, hopefully not! However, I know a student that attended one of the schools I've worked in who was saved by a well trained staff member and the school's AED. The staff member was able to provide over thirty minutes of high quality CPR, which the AED measured and recorded, and delivered needed shocks. This student was able to finish school and graduated with their class, and is still here today!

CPR and AED training in our schools is close to my heart. I became a nurse because my little brother was diagnosed with Hypertrophic Cardiomyopathy (HCM) when he was in middle school-before being cleared to play football. Had he not been correctly diagnosed before playing, he surely would have been a candidate for CPR and use of an AED-and we didn't have them as easily accessible in the 90s as we do today. In fact, 90% of all sport related deaths are caused by one of four conditions with sudden cardiac death being one of the four.

What device to purchase?

There are several on the market today, some cheaper than others, some with more features than others. The device I am suggesting is currently in stock, and offers two features that I think are very important: FULLY AUTOMATIC and it includes a CPR feedback mechanism. This feedback mechanism allows the AED to instruct the CPR provider to increase/decrease depth, and change the pace as needed.

I am hopeful we can purchase the Cardiac Science Powerheart AED G5 fully automatic. I teach CPR/AED/first aid through a company that sells AEDs, and I just became a "sales representative" which means I can purchase an AED at cost! Below, you will find the product and the price. I can purchase this for \$1650! This comes with the AED, response kit, medical direction, wall signage and a cabinet. The other one is the same price and comes with a rigid carrying case for easy transport.

Thank you!

HR Reset Proposal v4
Asea School District
January 12, 2023

Submitted by Sean Gallagher – Acting Superintendent

Memo to: Alsea School District Board of Directors
From: Sean Gallagher, Acting Superintendent
Re: Human Resources "Reset" Proposal V.4
Date: January 12, 2023

Version 4 Update

After the January 12, 2023 board worksession, the board asked me to evaluate three items:

1. Create a 4% step increase salary chart for Classified Staff as a comparison
2. Tighten up the differential between Family Outreach II and IA III
3. Evaluate the % loss for those employees that would be taking a salary cut

Here are my findings:

1. The 4% step increase for Classified Staff is embedded in this proposal. After evaluating the numbers, it places the district right back where we started in regards to being unbalanced in comparison to other positions such as certified staff. I would not recommend supporting a 4% step increase for this reason. This would also significantly reduce any district cost savings of the HR Reset. I am still recommending the 3% step increase, it is a good balance between remaining competitive in the marketplace, balances compensation throughout the district, and treats the employee groups most fairly.
2. The differential between Family Outreach II and IA III is tightened up with reflecting the inherent differences between these positions. IA III staff and those that work with students with high levels of disabilities. This is often referred to as Life Skills. These positions may require frequently dealing with bodily fluids, severe behavior swings, monitoring medication dispersion, facilitating physical apparatus, etc... As a comparison the Family Outreach II position requires working with identifying students and families that are in severe trauma that are in need. This position reaches out to community organizations to acquire grant funding, donations, etc... to help provide the basic necessities for those affected students to be able to come to school and function efficiently. It is hard to tabulate the number of students and families in need, but I am estimating this position is working with ~25% of our student population. Extreme confidentiality is needed with both positions.
3. In evaluating the % loss for certain positions, the differentials are created by staff that were misplaced into compensation packages that didn't match the position and duties they are currently conducting. This is unfortunate and is the next step in the process of HR Reset to evaluate each employee to ensure they are provided with the correct job descriptions that matches the services they are providing and placed appropriately on the salary schedule. Please keep in mind that the differentials are different as you compare the 2%, 3%, and 4% step increase charts that are contained in this packet. The figures below are generated with my individual meetings with the potentially negatively affected employees. The chart below indicates the range of differentials:

2% Step Increase: -35% to -10%

3% Step Increase: -31% to +4%

4% Step Increase: -28% to +13%

Recommendation:

I want the board to be fully aware that my recommendation holds solid with the 3% step increase salary schedules, any increases are retroactive to July 1, 2022, any decreases in salary are not retroactive and the implementation of this process would occur in February 2023. This approval would also include moving from 2.0 FTE Transportation Supervisor positions to 1.0 FTE. We have a lot of work to do after the board approves the salary schedules with proper employee placement, job description implementation, remaining contracts issued, employee handbooks completed, supplementary budget build, 2023-24 budget build, ensuring the 2023-24 budget is balanced which will require cuts in FTE, etc...

The following language from version 3 has not changed with version 4:**Background:**

After taking the position as Acting Superintendent in Alsea SD March 2022, I reviewed processes, procedures, and systems in place. As a result of this review, I noted some anomalies, inconsistencies and missing systems within Human Resources (HR) that required additional review and ultimately, solutions. Subsequently, I contracted with the Coalition of Oregon School Administrators (COSA) for an HR Consultant who could perform reviews of existing systems in place, conduct salary comparisons, provide examples of missing systems, and support the development of processes, procedures, work agreements (not exhaustive) and other systems.

The salary comparison work has been limited to non-represented (Classified, Confidential, Supervisory/Exempt and Administrative) Staff and the District's legal counsel has reviewed documents and procedures as needed.

Specifically:**Classified/Confidential/Supervisory/Administrative Employees**

1. Salary comparisons were performed using like-sized and nearby districts that Alsea potentially would compete with as an employer. Outlier "urban" Districts that typically have established higher salaries were used when a nearby district job position comparison was not available or in an attempt to match a current Alsea salary. Comparisons are not perfect—districts are unique—larger districts may have more specific "levels" within a specific job classification and in smaller districts employees may have a broader variety of job duties. In addition, we compared classified positions to the licensed teacher salary range which ranges from approximately \$26 per hour (teaching license and Bachelor's degree) to \$45 per hour (teaching license and 30 graduate credits beyond Master's degree). Classified positions do not require a Bachelor's degree nor an Associate's degree though some current positions require specialized training. Some classified job descriptions have been updated to include "preferred" degrees (Bachelor's or Associate's) or equivalent. These minimum qualifications are found in comparison districts and some comparison districts require degrees.
2. Job descriptions minimally exist as required by Board Policy Salary GAB. To date, 30 unique job descriptions have been re-developed with help from examples provided by other districts.
3. Insurance—it was noted that all employees, regardless of full time equivalent (FTE), received the full district paid insurance cap. Board policy GCBC/GDBC stipulates that a classified employee is eligible when "contracted for half-time or more per day". The policy only establishes eligibility and does not indicate any proration of benefits at half-time or more. Most comparison districts have similar half-time eligibility but vary in proration of the district paid insurance cap. I have made suggestions for the proration of the District cap according to FTE as follows to be approved at a later date as a part of the employee handbook that will outline benefits:
 - 0.75-1.00 FTE = full benefit
 - 0.50-.74 FTE= prorated benefit, employee can purchase the difference
 - 0.00-0.49 FTE = no benefit unless employee purchases the benefit

We have also added a benefit for qualified/eligible employees who do not need insurance and opt out, the District will place 50% of their district contribution into a Health Reimbursement Account (HRA) in lieu of insurance which has already been board approved.

4. Life Insurance—I suggest that we add this benefit for all employees. It is an affordable benefit that will provide much needed financial support in a family's time of intense need. This is to be approved at a later date as a part of the employee handbook that will outline benefits

5. Salary schedules were not consistently in place and those in place varied by position in terms of step increases. I have provided proposed salary schedules for Classified & Confidential (10 steps), Administrative employees (8 steps) for 2022-2023 only..
6. "Salary and Benefits"--Salary and Benefits documents are being drafted and will be proposed for future Board Adoption.
7. The Staff Handbook is still in the process of being completed utilizing a model provided by Oregon School Boards' Association (OSBA). As the Board is now experiencing, it required a deep dive into required Board policies which are currently being updated. It was during this process that the full understanding and weight of how outdated our Board policies were. Outdated policies puts the District at risk in that administrators and staff may not be following required processes defined in rule or statute. In turn, this puts students at increased risk.
8. We have contracted with OSBA to conduct a full scope policy review. The board will be experiencing an accelerated process with the help of the OSBA Policy Review team that utilizes a team of attorney's to monitor current state and federal laws. Their assistance is critical in helping the District come into legal compliance.

Supervisory and Confidential Employees

1. I recommend reclassification of the Transportation Supervisor and Asst. Transportation Supervisor into one "Transportation Supervisor" position. This position will be in the "exempt from overtime" classification. The Transportation Supervisor position will be required to perform annual evaluations of all employees under the direction of the Transportation Department Supervisor.
2. I recommend reclassification of Executive (hourly, non-exempt from overtime) Administrative Assistants under the direction of a Licensed District Administrator (e.g., Superintendent, Director of Special Education, or future Director level position).

Administrative Employees

1. I recommend increasing the salary of the Director of Special Education as it is a District level position and requires an advanced (Professional) administrative licensure.
2. I recommend a slight increase in principal salaries overall; however, assistant principals will begin at a lower salary rate than was in place. This, because currently administrative salaries were the same regardless of position and had zero steps attached to reflect administrative experience.
3. I recommend adding a District paid state educational professional association dues (COSA) and professional development reimbursement for Administrators--this is in alignment with other Districts. This is to be approved at a later date as a part of the employee handbook that will outline benefits.

Classified

1. Currently the district has two Instructional Assistants (IA) classifications: Tier I and Tier II. I found the differences between Tier I and Tier II general and special education IAs to be negligible or indistinguishable. The recommendation is to collapse Tier I and Tier II into one "Instructional Assistant I" job description. Furthermore, it was found that the salaries within Tier I and Tier II were not competitive and the recommendation is to increase the hourly rate. We are adding Instructional Assistant II for those employees managing, scheduling, coordinating various intervention groups. IA II positions will also track data, pull data, train other Instructional Assistants, etc. Instructional Assistant III will be for IAs who provide support for students with moderate to severe developmental physical or behavioral challenges.
2. Transportation--*to repeat, salary comparisons were performed using nearby and like-sized districts that Alsea potentially would compete with as an employer. Outlier "urban" Districts that typically have established higher salaries were used when a nearby district job position comparison was not available or in an attempt to match a current Alsea salary.* Transportation was one such example in that many nearby comparison districts contracted for this service. It appears that Alsea SD transportation drivers, mechanic, and trainer are receiving some of the highest salaries compared to comparison districts, including larger urban outlier districts. In addition, one contracted transportation service provider starts its drivers at a lower rate of pay than what is proposed here. After a great deal of evaluation and based upon the rural location of Alsea and the large distances that drivers currently cover under sometimes inclement weather conditions, I am proposing that driver salaries remain the same. These salaries are beyond competitive, but are necessary to maintain a dedicated and engaged workforce. The drivers travel long route distances as a requirement of the district's charter status.
3. Transportation Incentives - In the exhaustive comparison search that was conducted as a part of this HR Reset project, it was noted that most transportation departments offer sign-on and longevity bonuses for certified drivers. I am recommending a \$500 sign-on bonus and a \$500 longevity bonus starting with the fifth year of service be implemented. I spoke with many Superintendents of other districts that were having to cancel routes due to a lack of drivers. Maintaining an adequate driver fleet is the bread and butter to a charter district such as

Alsea. Canceling routes is not appropriate due to the distance from school to home that many of our students venture from (i.e. Walport, Junction City, Monroe, Albany, etc...) This is to be approved at a later date as a part of the employee handbook that will outline benefits.

4. "Specialized" positions—there were a number of specialized positions that were also paid at higher rates of pay as compared to comparison districts. I recommend adding these positions into more traditionally defined classified positions (e.g., Instructional Assistants, Office/Secretarial, and Executive Assistants to District Office).
5. Lunch Compensation - currently all classified employees are being paid for a 30 minute duty free lunch. This was agreed to by the district many years ago. This is not a common practice and not in compliance with current Oregon Bureau of Labor and Industries (BOLI) laws. I am recommending that this practice is eliminated to reflect current BOLI law which states:
"For each 8-hour work period you get these breaks free from work responsibilities:
 - a. *Two 10 minute paid rest breaks*
 - b. *One 30 minute unpaid meal break"*
 - c. [BOLI : Meals and breaks : For Workers : State of Orego](#)

This is to be approved at a later date as a part of the employee handbook that will outline benefits.

6. Holiday Pay - currently in accordance with Board Policy GCBE/GDBE - Vacations and Holiday, only classified employees that are hired "on an annual or twelve months basis" are granted the following paid holidays. Per OSBA's recommendation, this policy will be deleted as a part of the Policy Reset Project:

1. Independence Day; 2. Labor Day; 3. Thanksgiving day and the day after; 4. Memorial Day; 5. Veterans Day; 6. Presidents' Day; 7. Christmas day, plus one and one-half days during Christmas vacation; 8. New Year's Day; 9. Spring break (one day during regular spring vacation – not more than two employees off on any one day).

As a part of the HR Policy Reset project, this will be eliminated since benefits such as Holiday pay are outlined in HR Handbooks that are still in development. The common practice is to pay employees for holidays that fall within their work calendar. A classified employee following a standard student contact calendar would most likely be granted five paid holidays. I would recommend that holiday pay be defined in the handbooks, not in policy to align with standard operating procedures.

Evaluations

Evaluations—evaluation systems have not been fully developed for any employee group prior to my arrival March 2022.. This was a concern for all employees but specifically for licensed teachers and administrators as these are required by Oregon Law (requirements set forth in ESSA - federal law, and SB 290 - Oregon law) and the results of such evaluations must be reported to the Oregon Department of Education on an annual basis. This requirement has been in place for more than a decade. I am thrilled to let the Board know that Alsea is currently developing and implementing a legally compliant (separate) Teacher and Administrator evaluation system. The district has subscribed with TeachBoost that will integrate the new evaluation system into a streamlined electronic database system that will create much more efficiency and ease of use for all licensed staff and supervising administrators. Collaboration with Alsea Education Association (AEA) including professional development training is still in process as required by law. In addition, evaluations are being developed for classified and confidential/exempt employees.

Stipends

Each district position currently receiving a stipend will be examined and a determination will be made as to whether the stipend will continue. At this time, some stipends are not reflected in the Licensed CBA "Extra Duty" salary schedule and it is unclear why some stipends are being paid and what additional duties are being performed. All stipends paid need to align with the CBA for employees covered by the CBA. Currently Alsea Education Association (AEA) & the district have agreed to open bargaining this year to address areas such as stipends.

Certified Salaries

This is a negotiated item with AEA, the district continues to place certified staff appropriately on the salary schedule. Unfortunately, there are many certified staff members that have been inappropriately placed in accordance to their level of education and experience. The district is working collaboratively with AEA to reassess certified membership salary placement in accordance with state negotiations laws.

Timeline & Retroactivity

I am recommending to the board that any salaries that are increased are retroactive to July 1, 2022. The rationale is that these people have been doing their jobs all year as assigned. I recommend that all salaries that are going to be decreased will not take effect until February 2023. I feel this is the correct way to treat people as they have made financial decisions to commit to the district either way. I have personally met with all identified employees that will potentially be negatively affected pending board approval. The board can choose to amend this timeline as they see fit.

Funding

I think we all wish that we could pay “business market” competitive salaries to our employees, but unfortunately the state and federal government does not fund schools at this level. After a great deal of analysis and comparisons, I am recommending that the board approve the salary schedules as presented. The HR Reset project is really a two year venture that the district is attempting to accomplish in 6-8 months.

Handbooks

These documents are still in development that outline HR procedures, benefits, etc... for board consideration at a later date.

District Cost

This is undetermined at this time until after the board approves the changes and I meet with all individual employees to assure placement on the adopted salary schedules. Initial estimates indicate that the adjustments recommended in the proposed salaries will actually save the district some money, although this was not the prioritized goal of the project. A more impactful goal is to balance the salary structure within the district to ensure employees are being compensated appropriately in accordance with skill level, experience, certifications, and education. It is important to remain competitive with surrounding public school districts that provide the main competition for valuable employee recruitment and retention.

Once the board approves the salary schedules, the next steps are:

- Meet with AEA officials and all AEA membership employees that we suspect were not placed appropriately on the negotiated salary schedule;
- Meet with all support staff to properly evaluate placement on the newly approved salary schedules. Most personnel files do not have current resumes and/or documentation that I could use to determine salary placement and will need to be provided by the employees.
- Distribute job descriptions
- District work calendars
- Non-exempt employees to select either annualization of salary or monthly according to hours worked
- Issue administrative contracts

Summary

A HR Reset project is important to complete to provide both the district and the employee groups with:

1. Balanced salary and compensation packages
2. Competitive compensation with other “like” and “regionally competitive” districts
3. Fair compensation packages
4. Fiscal accountability to the public tax payers
5. Uphold pay equity legal requirements

It is important to note that many district employees live out of the Alsea community. The IRS reimbursement rate is at \$0.625/mile which covers fuel, oil changes, tire wear, depreciation, etc... If you are a 174 day contracted teacher living in Philomath, the cost to travel to and from the district throughout the course of the work calendar is \$3,480. A 260 contracted employee living in Albany, the cost increases to \$9,750. The district needs to offer competitive compensation packages to offset travel costs due to limited housing available in Alsea.

Step & COLA Increases:

The proposed salary schedules include a 3% step increase except for the bus drivers which is currently a variable rate. I have included a 2% step increase option for the board to consider. Keep in mind that a 2% step increase will most likely result in the loss of additional staff over the 3% step increases. None of the options include a COLA adjustment at this time.

I would like to thank the Confederation of Oregon School Administrators (COSA) for providing to the district the HR resources to be able to conduct the scope of this work with an aggressive timeline.

Re: Substitute teacher

*day for
board approval*

1/12/23

Superintendent Gallagher;

It is my recommendation that the Alsea School District considers hiring Substitute teacher Anna Chilcote for the long-term substitute position of 3rd grade teacher during the absence of our regularly contracted 3rd grade teacher, Ms. Sandra Pinion.

Anna Chilcote is a recent graduate of the Western Oregon University School of Education and has the educational background to meet all hiring requirements for this position. Ms. Chilcote has already begun this Substitute position as of last week, Tuesday, Jan 3, 2023, and has done an admirable job on such short notice. This only enhances my recommendation.

Additionally, I requested that Anna come into Alsea School to begin preparing for this short-notice opening on Monday, January 2, 2023. Anna did in fact work a long day here in the 3rd grade classroom and it is my recommendation that we make sure to pay her accordingly.

Anna Chilcote has already proved to be a high-quality asset to the Alsea School District and it is my sincerest hope we can secure her service for the foreseeable future.

Respectfully submitted,

Eric S. Clendenin

Re: Coop with Philomath for Baseball/Softball

*OK for
board approval
1/10/23*

I would like to propose and have approval for a coop for Baseball and Softball with Philomath High School. I have spoken with Tony Matta at Philomath High School and they would like to honor the coop. I have surveyed out student athletes and currently we had 4 girls interested in softball and 4 boys interested in baseball. Earlier in the year we were looking at cooperating with Eddyville for both but with the lack of interest we can not justify the cost for such few student athletes. I feel since we have a bus that goes to Philomath after school it makes perfect sense for us to coop with Philomath. Other options would be Monroe.

Sincerely,

Bart Rothenberger

Re: Bond Project Update

The district has been conducting their due diligence with ensuring all legal requirements are in place before the contractor GMP's are in place. The district has acquired the services of legal counsel to guide this effort along with a project advisor through LBL ESD. The district issued a certified letter to CB Construction in December for an immediate response on areas that were either not defined or the district felt were missing. CB Construction responded favorably in accordance to legal counsel and our project advisor. Since time has evolved through this process since the last GMP's were submitted to the district at the end of October, CB Construction will need time to verify the figures from sub-contractors are still accurate and due to capacity issues, CB will not be able to conduct the electrical work, thus they are actively searching for an electrical contractor to complete the work.

After meeting with the Bond Oversight Committee (BOC) on January 11, 2023 with CB Construction and Straightline Architects, it is recommended that the Board of Directors sets a special meeting for January 26, 2023 to review the updated GMP's that CB Construction will be submitting by January 18, 2023. I look forward to moving this project forward.
