To: ISD 282 School Board  
From: Superintendent, Renee Corneille  
Date: March 24, 2026  
Subject: Principal Contract Update

---

This past Fall of 2025, the ISD282 School Board instructed district administration to update the collectively bargained St. Anthony New Brighton Principal Contract. The school board wanted to ensure that the new contract would match the market to attract prospective Principal candidates to St. Anthony-New Brighton Schools.

As stated previously, one major shift in the proposed principal contract is the decision to officially incorporate Assistant Principals into this master contract. Historically, Assistant Principals were on individual one-off contracts. Under this unified agreement, we are fostering a more cohesive leadership team and providing clear, consistent professional standards across all levels of building administration.

Most importantly, this proposed contract directly responds to the Board's directive to ensure SANB's compensation is both competitive to ensure recruitment and retention. This contract represents a deliberate move toward a market-based salary increase. We have benchmarked these salaries to ensure that St. Anthony-New Brighton can attract and retain the high-caliber talent.

This agreement is a strategic investment in the future of our district. It provides the competitive edge necessary for our current hiring season while establishing a sustainable, market-grounded framework for our entire leadership team over the next three years.

District administration supports the approval of the updated 2026-2009 contract as presented.

Section 1. Sick Leave Sick leave shall be granted in the amount of 15 days per year for personal illness, or death in the immediate family, accumulative to 200 days subject to the following:

1. The Superintendent may require sick leave to be verified by a physician.
2. Immediate family is defined as father, mother, sister, brother, daughter, son, step children, wife, husband, grandmother, grandfather, mother-in-law, father-in-law, sister-in-law, or brother-in-law.
3. The amount of time granted due to a death in a principal's immediate family shall be determined at the discretion of the Superintendent.
4. Principals may share sick time with other principals (in their unit). They will work directly with the District Accountant to share days.

Section 2. Maternity or Child Rearing Leave The School Board will grant a maternity or child rearing leave to any principal who makes written application for such leave subject to the following:

*Subdivision 1.* The Principal shall submit a written application for leave to the School Board at least three (3) months prior to the desired start of the leave.

*Subdivision 2.* The leave shall begin at a date determined by the Superintendent in consultation with the principal and may be for a mutually agreed upon time, not to exceed 15 months. In determining the beginning date, if there is no mutual agreement, the

Superintendent shall take into account individual capacities and characteristics, the ability to perform specific duties of employment, efficiency, personal medical safety, willingness to continue work, and the educational program. The Superintendent may request the principal to furnish a statement from the principal's attending physician to help determine personal medical safety.

*Subdivision 3.* Prior to the expiration of the leave, the principal shall signify intent to return to duty in writing, the principal shall be reinstated to his/her original position or to a position of like status. In determining the actual date of return to duty, the Superintendent shall consult with the principal in an attempt to determine a mutually agreeable date of return. If there is no mutual agreement, the Superintendent shall establish the date of return after taking into consideration individual characteristics and capabilities, personal medical safety, willingness to return to work, and the educational program. The Superintendent may require that the principal furnish a medical certification indicating fitness for work before establishing the date of return to duty.

*Subdivision 4.* A principal will be granted one additional year of leave by submitting a written request no later than March 1 of the calendar year prior to the beginning of the school year for which the extended leave is requested. However, a principal requesting an additional school year of maternity leave shall not be allowed to return to duty during the term of that leave. It is the responsibility of the principal to file a letter of intent to return, to the original or a similar position, not later than January 1 of the school year of absence. The School Board is under no obligation to reinstate a principal who does not comply with the above requirements.

*Subdivision 5.* The continuing contract shall remain in effect and the principal shall retain all seniority and fringe benefits which had accrued prior to taking maternity or child rearing leave of absence.

*Subdivision 6.* This shall be a leave of absence without pay.

**Section 3. Personal Leave** Principals may be absent from duty three (3) days during a duty year, if necessary, to conduct personal business without loss in pay. Personal business is defined as a negotiation, transaction, hearing, consultation, marriage of the principal, or an event which is important to the welfare of the principal which can be conducted only during the day.

Personal leave is subject to the approval of the Superintendent. Before taking approved personal leave, the Superintendent shall be notified of the time and length of absence.

**Section 4. Sabbatical Leave** The purpose of sabbatical leave is to improve education in the district. A sabbatical leave is not to be regarded as an increased vacation, as an opportunity for increased financial advantage to the principal, or as due him/her because of length of service. Sabbatical leave is an investment of school district funds designed to increase the effectiveness of the faculty and/or administration. For a leave to be granted it must be properly shown that it is advantageous to the school district. The following criteria apply:

1. To be eligible for sabbatical leave, the principal must have been employed for six full years in Independent School District 282.
2. Not more than one principal may receive sabbatical leave at any one time.
3. The allowance granted to a principal on sabbatical leave shall be determined by the School Board and shall be at least 50% and not exceed 75%, the specific amount to be mutually agreeable between the School Board and the principal involved. The principal shall receive the same fringe benefits that are granted to full-time principals.

4. A principal who is granted a sabbatical leave must pledge to return to Independent School District 282 for three full school years following the termination of leave. If the principal's service is discontinued before the expiration of the three years for any reason other than his or her incapacity to work, the principal shall pay back to the district the pro-rata amount of the sabbatical allowance.
5. A principal shall receive credit on the salary schedule for a year of sabbatical leave.
6. The applicant must present an outline of objectives including activities and/or courses to be pursued and, if travel is part of the program, an outline of the countries and/or areas to be visited. The plan for fulfilling the objectives outlined should be in sufficient detail so that the Board can appropriately evaluate the request. A calendar covering the projected activities for the year must be included with the request.
7. The Superintendent will evaluate and report to the School Board how the objectives and plans of the applicant may be expected to contribute to the applicant's value to the district.
8. Upon returning from a sabbatical leave and before the end of his/her first quarter back at work, the principal shall present to the Superintendent for transmission to the Board a report of his/her activities while on leave. This report should describe all of the important activities of the principal and wherever possible relate these activities to his or her role. Judgment regarding the benefits obtained from the sabbatical should be included in the report.
9. Applications must be made before January 1 for a sabbatical anticipated to commence in August of that same year.

Section 5. Leaves of Absence Without Pay A leave of absence without pay for up to 12 calendar months may be granted to a principal upon written application and subject to the approval of the School Board for the purpose of furthering a principal's education, campaigning for or running for public office, holding public office (for the term of the office) or for other extenuating circumstances.

1. Upon return from such leave, a principal shall advance on the Salary Schedule in accordance with the provisions of Article V, Section 1.
2. The individual contract shall remain in effect and the principal shall retain all fringe benefits which had accrued prior to taking the leave of absence without pay.
3. Requests for an unpaid leave of absence shall be made in writing no later than one hundred twenty (120) calendar days prior to the commencement of the leave with the exception of requests for extenuating personal circumstances.
4. A leave of absence without pay may be extended for an additional period, not to exceed twelve (12) calendar months, at the sole discretion of the School Board.
5. Principals granted a leave under the provisions of this Article will be allowed to continue their health protection coverage at their own expense for the duration of the leave.

Section 6. Unpaid Extended Leave of Absence

1. The School Board may grant an extended leave of absence without salary to any full-time principal who has been employed by the district for at least five (5) years and meets one of the following requirements:
  - a. Has at least ten (10) years of allowable service as defined in MN Stat (1978) 354.05, Subd. 13, or,
  - b. Has at least ten (10) years of full-time service in MN public elementary, secondary and area vocational-technical schools.
2. The maximum duration of the extended leave of absence shall be established by mutual agreement of the board and the principal and shall be at least three (3) years, but no more than five (5) years.
3. An extended leave of absence may be granted only once.

4. Upon expiration of the extended leave of absence, the principal shall have the right to be reinstated to a position for which the principal is licensed at the beginning of any school year which immediately follows the termination of the extended leave of absence, unless the principal is placed on unrequested leave of absence, or has the principal's contract terminated for cause while the principal is on extended leave.
5. To preserve reinstatement rights the principal must, before February 1 in the school year preceding the school year in which the principal wishes to return, advise the school board of the principal's intention to return.
6. A principal who is reinstated after an extended leave of absence pursuant to this section shall retain seniority and continuing contract rights except that the principal shall have no right of reinstatement to any particular position nor will the year spent on the extended leave of absence be considered in calculating the principal's salary upon his/her return to a position in the district.

## **District Announces Principal Appointments for St. Anthony Village High School and Wilshire Park Elementary**

*St. Anthony Village, MN* — St. Anthony–New Brighton Schools (ISD 282) is pleased to announce the appointment of two experienced and highly regarded school leaders who will serve as principals beginning in the 2026–2027 school year. Dr. Joel Leer has been selected to lead St. Anthony Village High School (SAVHS), and Suzanne Moum has been selected to lead Wilshire Park Elementary School.

According to Superintendent Renee Corneille, the selections reflect the district's priorities and the input of its school communities, with both leaders demonstrating strong instructional leadership, visible and relational leadership, and a deep commitment to student success. She noted that the district “intentionally used a comprehensive, community-informed process to identify candidate profiles, interview, and select the finalists,” and expressed confidence that the SANB community can feel assured in both the process and the outcome as the district welcomes two outstanding principals to lead its schools into the next chapter.

### **Dr. Joel Leer — St. Anthony Village High School**

Dr. Joel Leer brings more than 25 years of experience in public education, including 16 years as a high school principal, as well as experience as an assistant principal, teacher, and university faculty member preparing future school leaders. He holds a Ph.D. in Organizational Leadership from the University of Minnesota and has contributed to research and professional learning focused on equity and student access to advanced coursework.

He previously served as interim principal at St. Anthony Village High School in spring 2025, where he built strong relationships with students, staff, and families and developed a deep understanding of the school community. Throughout the selection process, Dr. Leer was recognized as “a veteran leader who brings a high degree of experience” and someone who has already “earned the trust of the staff” and understands the complexities of the building.

Dr. Leer described SAVHS as “a special place with a small-town feel and strong sense of community,” adding that returning to the school “feels in many ways like coming home.” He emphasized that his leadership will be grounded in relationships, with a focus on building a strong sense of belonging, trust, and connection for students and staff.

He also described this moment as an opportunity to build forward together, calling it “a bit of a reset—a blank slate grounded in what makes this a special place,” and noting that his approach will center on listening, strengthening relationships, and ensuring every member of the school community feels supported.

Dr. Leer’s selection provides continuity for the high school while positioning SAVHS for continued growth and stability.

### **Ms. Suzanne Moum — Wilshire Park Elementary School**

Suzanne Moum brings nearly two decades of experience in education, including five years as an elementary principal leading school improvement, district and state-level curriculum work, and system-wide change. Her background spans high school teaching, middle school leadership, and district-level work, providing a comprehensive K–12 perspective on student learning and development.

A James Madison Fellow, Ms. Moum brings a leadership approach grounded in thoughtful decision-making, civic responsibility, and a commitment to inclusive practices that support every student.

As principal of Crest Hill Elementary in Casper, Wyoming, she led a successful school turnaround, moving the school from “not meeting” to “meeting” state expectations while building sustainable systems in literacy, intervention, and instructional practice. She is recognized for her expertise in Multi-Tiered Systems of Support (MTSS), inclusive programming, and developing strong, consistent systems that support both students and staff.

Throughout the selection process, Ms. Moum was recognized as a highly organized and experienced leader with a proven track record, including measurable improvements in student behavior and academic outcomes.

Ms. Moum described St. Anthony–New Brighton Schools as “a true village community—a small, connected place where people are all in for the schools and focused on what is best for kids,” and highlighted the district’s commitment to supporting every student and creating “joyful learning environments where each child’s brilliance can shine.” She emphasized the importance of honoring Wilshire Park’s strong foundation while continuing to grow, and noted that her leadership will center on collaboration—working alongside teachers and drawing on their expertise to support students.

Ms. Moum’s selection reflects the district’s commitment to strong elementary leadership and continued investment in student success.

**About the Selection Process**

The principal hiring process was designed to be structured, fair, and community-informed. Input from students, staff, families, and community members helped define leadership priorities for each school, which were then used to guide candidate screening, interviews, and final decision-making.

Candidates advanced through a multi-step process that included independent screening using standardized criteria, multiple rounds of interviews with staff, leadership, and community panels, and structured feedback aligned to school-specific leadership profiles. Finalists participated in additional interviews and reference checks, with decisions based on consistent alignment across all data points.

School Board members also met with the Superintendent to review the process, data, and decision-making approach, supporting transparency and ensuring a shared understanding of how final selections were made.

**Next Steps**

The School Board will formally acknowledge the principal appointments as part of its regular governance process at its March 24 meeting, where the principals-elect will also be present and recognized.

#####

## **2026 Principal Hiring Process Overview**

St. Anthony–New Brighton Schools is committed to hiring school leaders through a structured, transparent, and community-informed process. The selection of the Wilshire Park Elementary and St. Anthony Village High School principals followed a multi-step approach designed to ensure fairness, reduce bias, and reflect the priorities of our school communities.

---

### **Grounded in Community Input**

The process began with input from students, staff, families, and community members. This feedback was used to develop Principal Profiles for each school, identifying the leadership qualities most important to each community.

These profiles were not advisory. They were used as the foundation for screening, interviews, and final decision-making.

#### **Step 1: Structured Candidate Screening**

Approximately 25–30 applicants were reviewed for each position through a standardized screening process.

- A trained screening team, including an external HR expert and district leaders, evaluated all candidates
- Each application was scored using a rubric aligned to the Principal Profiles
- Criteria included:
  - Leadership experience
  - Instructional leadership and equity practices
  - Communication and written expression
  - Operational effectiveness

To maintain objectivity, this step was conducted independently of the Superintendent.

Only candidates who demonstrated strong, consistent alignment across categories advanced to interviews.

#### **Step 2: Multi-Layered Interviews and Feedback**

Candidates who advanced participated in multiple rounds of interviews and evaluations, including:

- Building staff interview teams
- District leadership panels

- Community stakeholder panels
- Candidate presentations and written responses

Each participant provided structured feedback aligned to the Principal Profiles.

This approach ensured that input was gathered from a wide range of perspectives—not a single group or individual.

### **Step 3: Data Review and Finalist Selection**

All feedback from screening and interviews was compiled and analyzed collectively.

- Candidate strengths and alignment were evaluated across all data points
- Feedback was compared directly to the Principal Profiles
- Patterns of consistency—not isolated opinions—guided advancement

No single person selected the finalists. Finalists emerged through a consistent pattern of strong alignment across multiple data sources.

### **Step 4: Final Interviews and Reference Checks**

Finalists participated in interviews with:

- Superintendent
- Assistant Superintendent
- Peer principal

In addition, comprehensive reference checks were conducted to validate each candidate's leadership experience, communication style, and effectiveness.

Once selected, School Board members met with the Superintendent to review the process, data, and decision-making approach to ensure transparency and understanding.

### **Step 5: Final Decision**

Final decisions were made based on:

- Demonstrated alignment with stakeholder-defined priorities
- Depth of leadership experience
- Consistency of feedback across all stages
- Ability to meet the specific needs of each school community

As reflected in the process, decisions were data-informed and team-based, not based on any one perspective.

---

## ***Role of the School Board***

The School Board plays an important governance role in the district, including:

- Setting district priorities
- Hiring and evaluating the Superintendent

The hiring of school principals is an administrative responsibility, carried out through established district processes designed to ensure fairness, consistency, and alignment with community input.

Given the unique circumstances of the district's current situation, School Board members met with the Superintendent to review the hiring process, including the data, evaluation criteria, and overall decision-making approach. This step supported transparency and ensured Board members had a clear understanding of how final selections were made.

---

## ***Commitment to Transparency***

We recognize that leadership decisions are important to our community, and that individuals may have differing perspectives.

This process was intentionally designed to:

- Include a broad range of voices
- Apply consistent, objective criteria
- Ensure all candidates were evaluated fairly

While not every individual preference can be reflected in the final outcome, every voice contributed to the process that shaped these decisions.

---

## ***Frequently Asked Questions***

- ***Was community input used?***

- ***Who made the final decision?***

- ***Why weren't all candidates advanced?***

Candidates were evaluated using a standardized rubric aligned to community priorities. Only those meeting the highest levels of alignment advanced.

- ***Was the process fair and consistent?***

INDEPENDENT SCHOOL DISTRICT 282

To: ISD 282 School Board Members

From: School Board Chair: Dr. Cassandra Palmer

Date: March 24, 2026

Subject: School Board Vacancy

---

## Summary

Due to Laurel Hood's announcement of her plan to move outside the district boundaries - a vacancy has occurred on the ISD282 School Board. Since the resigning member has less than two years remaining on her term, Minnesota law requires the Board to fill the position by appointment for the remainder of the unexpired term. A special election is not required.

## Technical Legal Requirements

Per Minn. Stat. 123B.09 and MSBA guidance, the Board must adhere to the following:

- **Mandatory Filling:** The Board decided to fill the position; since it cannot operate with one less member until the next election unless the vacancy occurs within 90 days of the term expiring.
- **Method of Appointment:** The Board selected to engage in a formal application process.
- **The 30-Day Rule:** Once the Board passes a resolution to appoint a new member, the appointment does not become effective for 30 days. This statutory waiting period allows the public to petition against the appointment.
- **Oath of Office:** The appointee will then sign a notarized Acceptance of Office and Oath of Office during that 30-day window. A ceremonial public oath may be taken at their first meeting.

## Fiscal Year 2026-27 Initial Budget Assumptions

### March 24, 2026

#### **Revenues:**

- **Student Enrollment:** We are projecting 1,900 students for the district's enrollment which includes 10 ECSE and 1,890 K-12. We are also projecting a negative adjustment of 60 ADM due to students participating in the Post Secondary Enrollment Options program. As a result, 1,840 ADM will be used for the 2026-27 budget.

- **General Education Basic Funding:** MN Statutes 2024, section 126C.10, subdivision 2 sets the general education formula allowance based on the actual Consumer Price Index (CPI). The final adjusted allowance will increase by 2.69% from \$7,481 to \$7,683 per Adjusted Pupil Unit (APU). Pupil units are calculated using a weighting factor of 1.0 for ECSE, kindergarten through 6th grade, and 1.2 for grades 7-12. The estimated basic general education revenue for 2026-27 is \$15,662,564 (\$7,683 x 2,038.6 APU).
- **Special Education Aid:** The district special education aid for FY2027 is estimated based on this year's estimated expenditures. Total special education aid projected next fiscal year is \$4.5 million, with approximately \$1.06 million for special education transportation. This estimate will change when we have a better projection of this year's expenditures.
- **Operating Referendum Levy:** The operating referendum levy remains at \$2,543.86 per APU, generating \$5,743,810 in revenue. However, the total levy revenue for next fiscal

year is projected to be 4% lower than the current year's budget due to adjustments for prior year enrollment and Tax Increment Financing (TIF) revenue collected in prior year. Levy revenue tied to enrollment is trued up in subsequent years when actual student counts become available, which can increase or decrease the district's levy authority.

FY 2027 levy revenue is lower because the district received an excess TIF distribution in 2024. Since the revenue is from property taxes that are outside of the district's levy authority, the state reduces the allowable levy for the FY 2026 levy.

- **Capital Projects Referendum Levy:** The approved capital projects referendum levy revenue for 2026-27 is \$1,031,760. This revenue will be spent on technology and curriculum needs.
- **Professional Development:** The district will continue to set aside 2% of the basic general education state revenue for staff development. This amounts to approximately \$313k for 2026-27.
- **Achievement and Integration Program:** The district submitted 2-year (FY2026-27 and FY 2027-28) application and budget to MDE earlier this month. The FY27 initial revenue for this program is \$299k.
- **Federal Grants:** The district will continue to receive ESEA (Title I, II, III and IV) and Federal Special Education Grants in 2026-27.
- **ADSIS:** This is the 2nd year of the approved School Fiscal Year 26-27 program and the maximum budget for 2026-27 is \$712k.
- **Local Sources:** Increase interest income for FY27 because more interest earnings are received this year. In addition, \$130k is budgeted for English Learner Cross Subsidy in FY27 that is not in the adopted FY26 budget. The English Learner Cross subsidy is an accounting entry to offset the transfer from the unrestricted general fund expense.

#### **Expenditures:**

- **Staffing:** Due to an increase in students requiring special education services, administration would like to increase 1.5 FTE to special education.
- **Salaries:** Employee salaries will be budgeted to reflect the bargaining unit contracts that are settled. Salaries for open contracts will be budgeted based on the parameters set by the School Board.
- **Health Insurance:** Health insurance premiums is expected to increase by 30% in FY2026-27

- **Utilities:** Utilities such as gas/fuel, electricity and water will be increased by 5.5% in the budget.
- **Purchased services:** purchased services contracts will be budgeted based on negotiated contracts.
- **Other expenditures:** Expenditures not indicated above will be increased by the same percentage as the general education formula allowance increase. As mentioned earlier, \$130k of English Learner cross subsidy is budgeted for FY27.

The chart below shows the current budget proposal for next fiscal year compared to the FY2026 adopted budget. It reflects only Fund 01 (General Fund) and excludes transportation and capital fund activity. The proposed budget for FY2027 will be adjusted as updated information becomes available, including changes in legislative funding formulas, contract settlements, updated inflation data and more complete year to date revenue and expenditure trends.

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
  - a. Records of instructional personnel that are:
    - (1) kept in the sole possession of the maker of the record;
    - (2) used only as a personal memory aid;
    - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
    - (4) destroyed at the end of the school year.

education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:

- (1) maintained separately from education records;
- (2) maintained solely for law enforcement purposes; and
- (3) disclosed only to law enforcement officials of the same jurisdiction.

c. Records relating to an individual, including a student, who is employed by the school district which:

- (1) are made and maintained in the normal course of business;

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:

- (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
- (2) made, maintained, or used only in connection with the provision of treatment to the student; and
- (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. Education support services data does not include welfare data under Minnesota Statutes, section 13.46.

Unless otherwise provided by law, all education support services data are private data on individuals and must not be disclosed except according to Minnesota Statutes, section 13.05 or a court order.

G. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

I. Legitimate Educational Interest

"Legitimate educational interest" includes an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, student health and welfare, and the ability to respond to a request for education data. It includes a person's need to know in order to:

1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student's education;
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid; or
4. Perform a task directly related to responding to a request for data.

J. Parent

“Parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

K. — Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student’s name; (b) the name of the student’s parent or other family member; (c) the address of the student or student’s family; (d) a personal identifier such as the student’s social security number or student number or biometric record; (e) other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

L. — Record

“Record” means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

for the period of his or her performance as an employee or contractor.

P. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

#### IV. **GENERAL CLASSIFICATION**

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

#### V. **STATEMENT OF RIGHTS**

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student’s education records;
2. The right to request the amendment of the student’s education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an “eligible student.” However, the parents of an eligible student who is also a “dependent student” are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

C. Students with a Disability

The school district shall follow 34 C.F.R. §§ 300.610-300.617 with regard to the privacy, notice, access, record keeping and accuracy of information related to students with a disability.

## **VI. DISCLOSURE OF EDUCATION RECORDS**

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
  - a. a specification of the records to be disclosed;
  - b. the purpose or purposes of the disclosure;
  - c. the party or class of parties to whom the disclosure may be made;

4. A signed and dated written consent may include a record and signature in electronic form that:
  - a. identifies and authenticates a particular person as the source of the electronic consent; and
  - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
  - a. in plain language;
  - b. dated;
  - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
  - d. specific as to the nature of the information the subject is authorizing to be disclosed;
  - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:

  - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
  - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 U.S.C. § 7917, *[Policy 529—]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes section 260B.171, unless the data are required to be destroyed under Minnesota

Statutes section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;

4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
  - a. determine eligibility for the aid;
  - b. determine the amount of the aid;
  - c. determine conditions for the aid; or
  - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
  - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
  - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and

telephone numbers;

7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding.

If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;

17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
  - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
  - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid

being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 U.S.C. § 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.
23. When requested, ~~and in accordance with requirements for parental consent in 34 Code of Federal Regulations, section 300.622(b)(2), and part 99, and in accordance with requirements for parental consent in 34 Code of Federal Regulations, section 300.622(b)(2), and part 99,~~ educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;

2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

## **VII. RELEASE OF DIRECTORY INFORMATION**

### **A. Educational Data**

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:

- ~~4.34. .~~ When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes

### **B. Former Students**

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit

exclusion from the definition of an “education record,” the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual’s attendance as a student (e.g., a student’s activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:
  - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information
  - b. the parent’s or eligible student’s right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and

3. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent’s or eligible student’s prior written consent, except as provided in Section VI. of this policy.
4. A parent or eligible student may not opt out of the directory information disclosures to:
  - a. prevent the school district from disclosing or requiring the student to disclose the student’s name, ID, or school district e-mail address in a class in which the student is enrolled; or
  - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits

information that may be designated as directory information and that has been properly designated by the school district as directory information.

5. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

## **VIII. DISCLOSURE OF PRIVATE RECORDS**

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
  - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
  - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
  - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
  - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
  - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this

provision is private data on individuals, but summary data may be published by the Department of Education.

## **IX. DISCLOSURE OF CONFIDENTIAL RECORDS**

### **A. Confidential Records**

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

### **B. Reports Under the Maltreatment of Minors Reporting Act**

Pursuant to Minnesota Statutes Chapter 260E<sup>1</sup>, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E<sup>1</sup>.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

### **C. Investigative Data**

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably

intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.

4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
  - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
  - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
  - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

**D. Chemical Abuse Records**

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

**X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING**

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

**XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS**

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
  2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
  3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority, the Senior High School Principal, ~~Norman Bell~~ *[designate title of individual, i.e., building principal]* in writing by Oct. 1 each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
  2. Home address;
  3. Student's grade level;
  4. School presently attended by student;
  5. Parent's legal relationship to student, if applicable;
  6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
  7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are

reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.

- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

## **XII. LIMITS ON REDISCLOSURE**

### **A. Redisclosure**

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

### **B. Redisclosure Not Prohibited**

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
  - a. The disclosures meet the requirements of Section VI. of this policy; and
  - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code, section 14071. However, the school district must provide the notification required in

Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations, section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in, section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
  - a. the parties who have requested or received personally identifiable information from the education records of the student;
  - b. the legitimate interests these parties had in requesting or obtaining the information; and
  - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:

request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.

3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18.   - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

#### **XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS**

- A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
  - a. the cost of materials, including paper, used to provide the copies;
  - b. the cost of the labor required to prepare the copies;
  - c. any schedule of standard copying charges established by the school district in its normal course of operations;

3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

**XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA**

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
  - a. be maintained by the school district as part of the education records

of the student so long as the record or contested portion thereof is maintained by the school district; and

- b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

 MSBA School Law Bulletin “I” (School Records – Privacy – Access to Data)

[This document from the Minnesota School Boards Association \(MSBA\) is giving guidance to school districts about what student and parent information they can share publicly, also known as "directory information." It's a bit complicated because there are both federal rules \(FERPA\) and new Minnesota state laws that sometimes differ.](#)

Here's the gist of it in simpler terms:

- **What is "Directory Information"?**
  - Think of it as basic public information about students that generally wouldn't be considered private or harmful if shared.
  - Federally, this can include things like a student's name, address, phone number, email, photo, date/place of birth, major, dates of attendance, grade level, sports participation, and awards. It *also* includes the parent's name, address, and phone number.
  - **What it generally *doesn't* include (and is always private):** Social Security numbers, certain student ID numbers that can access records, and information about a student's religion, race, color, social position, or nationality.
- **Minnesota's New Rules (as of 2025):**
  - **Student Contact Information is NOW PRIVATE:** This is a big change. Even though federal law allows it, Minnesota law *no longer allows* school districts to share a student's home address, phone number, or email address as "directory information." This means schools cannot publicly share this kind of contact information.
  - **Parent Contact Information is NOW PRIVATE (Mostly):** Similar to students, a parent's home address, phone number, or email address *cannot* be treated as public "directory information" in Minnesota, even if it was before.
  - **Other Parent Data:** While contact information is private, other non-contact information about parents *can* be treated as directory information if the school follows the same public notice procedures they use for student directory information.
  - **Judicial Officials:** There's a special new rule in Minnesota (from 2024) that protects "judicial officials" (like judges) and their children. Schools cannot publicly post or share their personal information online, including their child's name and the school they attend, if it reveals they are connected to a judicial official.
- **What Schools Can Still Do (and What They Should Consider):**
  - **Local Control:** School boards still get to decide exactly what information they consider "directory information" for their district, as long as it follows both federal and state laws. They can choose to include *less* than what the law allows.
  - **Adding Information:** Schools can add other types of information to their "directory information" list beyond what FERPA mentions, as long as it's not something generally considered private or that references religion, race, etc.
  - **Limiting Disclosure:** Schools can now decide to share directory information only with *specific people* or for *specific reasons*. If they do this, they have to clearly state these limits in their public notices and make sure they enforce them.
  - **Balancing Act:** The MSBA reminds schools that they need to balance protecting student privacy with the administrative work involved in managing and restricting what information is shared.

In short, Minnesota is making it harder for schools to share personal contact information for both students and parents, even if federal law might allow it. Schools need to be very clear with parents about what information they consider public and follow strict rules, especially regarding contact details and information about judicial officials.

## **515 PROTECTION AND PRIVACY OF PUPIL RECORDS**

### **I. PURPOSE**

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

### **II. GENERAL STATEMENT OF POLICY**

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 U.S.C. § 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)), 34 C.F.R. Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes Chapter. 13, and Minnesota. Rules Parts 1205.0100-1205.2000.

### **III. DEFINITIONS**

#### **A. Authorized Representative**

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

#### **B. Biometric Record**

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

#### **C. Dates of Attendance**

“Dates of attendance,” as referred to in “Directory Information,” means the period

of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

1. "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. Directory information does not include:
  - a. a student's social security number
  - b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
  - c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
  - d. personally identifiable data which references religion, race, color, social position, or nationality; or
  - e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.

2. What does not constitute education records. The term “education records” does not include:

a. Records of instructional personnel that are:

- (1) kept in the sole possession of the maker of the record;
- (2) used only as a personal memory aid;
- (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
- (4) destroyed at the end of the school year.

b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:

- (1) maintained separately from education records;
- (2) maintained solely for law enforcement purposes; and
- (3) disclosed only to law enforcement officials of the same jurisdiction.

c. Records relating to an individual, including a student, who is employed by the school district which:

- (1) are made and maintained in the normal course of business;
- (2) relate exclusively to the individual in that individual’s capacity as an employee; and
- (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

d. Records relating to an eligible student, or a student attending an institution of postsecondary education, that are:

- (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;

- (2) made, maintained, or used only in connection with the provision of treatment to the student; and
  - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
  - f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. K. Personally Identifiable

"Personally identifiable" means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number or biometric record; (e) other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

P. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

#### **IV. GENERAL CLASSIFICATION**

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of postsecondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

C. Students with a Disability

The school district shall follow 34 C.F.R. §§ 300.610-300.617 with regard to the privacy, notice, access, record keeping and accuracy of information related to students with a disability.

## VI. DISCLOSURE OF EDUCATION RECORDS

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.

2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
  - a. a specification of the records to be disclosed;
  - b. the purpose or purposes of the disclosure;
  - c. the party or class of parties to whom the disclosure may be made;
  - d. the consequences of giving informed consent; and
  - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
  - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
  - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
4. A signed and dated written consent may include a record and signature in electronic form that:
  - a. identifies and authenticates a particular person as the source of the electronic consent; and
  - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
  - a. in plain language;
  - b. dated;
  - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
  - d. specific as to the nature of the information the subject is authorizing to be disclosed;

- e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
- f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
- g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes Chapter 256B or Minnesota Care under Minnesota Statutes Chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

- 1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
- 2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
  - a. performs an institutional service or function for which the school district would otherwise use employees;
  - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
  - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information

only for the purposes for which the disclosure was made;

3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 U.S.C. § 7917, *[Policy 529]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes section 260B.171, unless the data are required to be destroyed under Minnesota Statutes section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
  - a. determine eligibility for the aid;
  - b. determine the amount of the aid;
  - c. determine conditions for the aid; or
  - d. enforce the terms and conditions of the aid.

"Financial aid" for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;
6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
  - a. before November 19, 1974, if the allowed reporting or disclosure

concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released; or

- b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;

10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

  - a. the following information about a student must be disclosed: a student’s full name, home address, telephone number, date of birth; a student’s school schedule, daily attendance record, and photographs, if any; and any parents’ names, home addresses, and telephone numbers;
  - b. the existence of the following information about a student, not the actual data or other information contained in the student’s education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless

vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

23. When requested, and in accordance with requirements for parental consent in 34 Code of Federal Regulations, section 300.622(b)(2), and part 99,

educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. 2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under Minnesota Statutes, section 13.32.

3. A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.
4. . When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an “education record,” the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual’s attendance as a student (e.g., a student’s activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:
  - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information
  - b. the parent’s or eligible student’s right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
  - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

3. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
4. A parent or eligible student may not opt out of the directory information disclosures to:
  - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
  - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
5. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

## **VIII. DISCLOSURE OF PRIVATE RECORDS**

### **A. Private Records**

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

### **B. Private Records Not Accessible to Parent**

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
  - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
  - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
  - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
  - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
  - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform

the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this ~~Paragraph-section~~, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

**IX. DISCLOSURE OF CONFIDENTIAL RECORDS**

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are

retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
  - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
  - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
  - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records

are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

**X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR  
EXPULSION HEARING**

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

## XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
  2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
  3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority, the Senior High School Principal, \_\_\_\_\_ ~~[designate title of individual, i.e., building principal]~~ in writing by Oct. 1 each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
  2. Home address;

3. Student's grade level;
  4. School presently attended by student;
  5. Parent's legal relationship to student, if applicable;
  6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
  7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

## **XII. LIMITS ON REDISCLOSURE**

### **A. Redisclosure**

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this ~~Article~~<sup>Section</sup> may use the information, but only for the purposes for which the disclosure was made.

However, the school district must provide the notification required in ~~Paragraph~~Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations, section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in, section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.
