## Depopulation Round 20

December 1, 2024 Assumption

# 2024 Round 20 Offering and Selection Criteria Applied

For each of the policies selected by companies participating in this year's depopulation, an evaluation of risk was completed from the following two perspectives:

## Individual Level

A policy's expected annual loss from a PCS event (hurricane, severe convective storm, etc.) was estimated based on a 50/50 blend of RMS and AIR modeling

## Portfolio Level

Taking into consideration the geographic concentration of LCPIC's total book of business, each policy was ranked based on its contribution to the 100 and 250 year Probable Maximum Loss ("PML") relative to its premium

The portion of selected policies offered to each company participating was based on the two risk views above along with LCPIC's consideration of the level of depopulation that would be most beneficial.

---

Note that the scientific approach to depopulation discussed above allows LCPIC to generate a higher percentage reduction in reinsurance costs relative to the percentage of premium lost. In addition, the metrics of risk are different for each company based on models used, geographic concentration, ratemaking, reinsurance structure, and numerous other considerations.

# Statute on Depopulation

## Personal Lines Rate Review

# Personal Lines Inforce Policies by Year

(2024 as of 7/31/24)

# Personal Lines Rate Review Process

Three step process:

Step 1 - Market Comparison

Step 2 - Actuarial Review

Step 3 - Compare steps 1 and 2, take the higher rate of the two

(+10% statutory requirement is paused until 12/31/27 per Act 757. As previously discussed, a discount will be implemented to remove the +10%)

---

The steps above are completed by parish for each of the following five product groups:

**Dwelling** (DWG1, DWG2, DWG3 forms)

**Homeowners** (HO2, HO3, HO8 forms)

**Renters/Condo** (HO4, HO6 forms)

**Mobile Home**

**Wind & Hail Only**

# Personal Lines Rate Review

## Step 1 – Market Comparison

- ❖ 100 companies were surveyed for premium and policy counts for the following product groups:
  - Dwelling
  - Homeowners
  - Renters/Condos
  - Mobile Home
  - Wind & Hail Only
- ❖ The surveyed data is aggregated by product, parish, and plan to determine which companies qualify for market rate comparison. Per statute, a company qualifies when policy counts have increased by 25 or its premium makes up 2% of the market.
- ❖ Rates for qualifying companies are then calculated based on the most recently approved rating manuals (respective qualifying products/parishes only)
- ❖ The highest rate of the qualifying companies becomes the “market rate”

# Personal Lines Rate Review

## Step 2 – Actuarial Review

- ❖ Expected premium needed is based on the projection of the following categories of loss & expense listed in order of significance:

<u>Loss/Expense Category</u>	<u>Basis of Estimate</u>
Reinsurance Expense	Actual 2024 contracts
Catastrophe (PCS Event) Loss & ALAE	50/50 blend of RMS and AIR catastrophe models
Operating Expense	LCPIC historical expense ratios

# Personal Lines Rate Review

## Homeowners Discount for Excluding Contents

### House Bill 428 / Act No. 401 of 2024 Session

Allows policyholders to exclude contents from being covered under a policy and receive a discount for that exclusion. This will only impact Homeowners policies (HO2, HO3, and HO8). Note that the coverage amount for contents on these policies is 50% of coverage A.

In reviewing the discounts used by some of the largest carriers writing homeowners policies in Louisiana and giving consideration to Citizens' actual historical loss experience by coverage, **we are proposing a discount of -8%** for HO2, HO3, and HO8 policyholders which request the exclusion of Contents coverage.

# Personal Lines Rate Review

## Schedule to Implement

- **September 11th - Board meeting**
  - Vote to submit rates to the Department of Insurance
- **September/October**
  - Department of Insurance review of rate filing
  - Rates implemented if approved by DOI within +/-0.5% (*Provides LCPIC the time necessary for programming changes and meeting deadlines with respect to annual rate change required by statute*)
- **November 14th – Board meeting**
  - Update on final rate change approved by DOI
  - Vote to implement only if rates changed materially (+/- 0.5%) since September Board meeting
- **January 1st - Rates effective**

## Notes:

(1) is the midpoint of each accident year.

(2) is based on actual coverage amounts changes.

(3) is the cumulative change of Column (2).

(4) is a selected percentage coverage increase from 7/01/24 to 1/01/26.

Note that column (4) reflects efforts being made by LCPIC to account for the recent significant inflation.

(5) =  $[1 + \text{Column (3)}] \times [1 + \text{Column (4)}] - 1$ .

(6) =  $1 + .85 \times \text{Column (5)}$ . (Rerating current inforce policies shows that 1% more coverage results in .85% more premium.)

## NOTES TO FINANCIAL STATEMENTS

## 1. Summary of Significant Accounting Policies

## A. Accounting Practices

The financial statements of Louisiana Citizens Property Insurance Corporation (LCPIC) are presented on the basis of accounting practices prescribed or permitted by the Louisiana Insurance Department.

The Louisiana Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Louisiana for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Louisiana Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Louisiana.

LCPIC, with permission of the Commissioner of Insurance of the State of Louisiana, records excess emergency assessments collected that are greater than debt service costs to the balance sheet entitled "excess emergency assessments collected over debt service." Instead of distorting LCPIC's net income from operations due to variability of emergency assessment collections as required by NAIC SAP, LCPIC records emergency assessment collections equal to debt service costs as income, and classifies excess collections to the above mentioned balance sheet item until those funds are utilized to retire outstanding bond obligations. Over the life of the bonds, assessment collections will have no impact on income, however due to variability of collections, the annual net income would be distorted if not for the accounting treatment described above. As an example of income distortion, without the above permitted practice, net income and statutory surplus would be increased by \$40,906,342 as of June 30, 2024 and increased by \$99,122,272 as of December 31, 2023.

A reconciliation of LCPIC's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Louisiana is shown below:

D. Going Concern

- (1) Disclosure of principal conditions and events that raised substantial doubt about the entity’s ability to continue as a going concern, management’s evaluation of the significance of those conditions or events to the entity’s ability to meet its obligations, and management’s plans that alleviate substantial doubt about the entity’s ability to continue as a going concern.

LCPIC has no going concern issues. In addition to policyholder premiums, LCPIC has a much broader range of resources available to pay losses and repay debt obligations than a typical insurer. LCPIC has \$1,817.5 million in total reinsurance and catastrophe bonds in place to pay storm losses. LCPIC has a \$125 million line of credit with Regions Bank to provide additional liquidity. LCPIC can institute a regular assessment on the state insurance industry of up to 10% of their written property premium for deficits each calendar year. Based upon the present state industry written premium, LCPIC could collect a regular assessment of approximately \$384 million within thirty days. In addition to the resources mentioned above, an emergency assessment of up to 10% of the premium written on property owners of the State of Louisiana can be levied once a year to offset any debt incurred on storm losses. Based upon the present state industry written premium, including premium of LCPIC, an emergency assessment of approximately \$446 million could be collected each calendar year. Emergency assessments levied in any calendar year can remain in place each year until any borrowings from that year have been repaid. LCPIC is presently collecting an emergency assessment of 1.70% to pay debt service on \$978 million borrowed to pay claims after the 2005 hurricanes.

A. On June 30, 2024 LCPIC had assessment revenue bonds outstanding of \$113,000,000 which are fixed rate bonds. All assessments are held and bond obligations are paid by the bond trustee. There are no collateral requirements associated with these bonds.

LCPIC incurred losses and loss adjustment expenses of \$1.8 billion as a result of the 2005 Hurricanes Katrina and Rita. In 2006 LCPIC issued \$978.2 million of emergency assessment revenue bonds to pay for the losses. In 2024, to repay the bonds emergency assessments of 1.70% are being collected on all property policies in Louisiana and remitted by each insurer within 30 days after the end of each calendar quarter.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plan

Prior to September 1, 2008 LCPIC sponsored a non-contributory defined benefit pension plan covering all employees that were hired on April 1, 2008 from a service agreement with the Property Insurance Association of Louisiana (PIAL) in which retirement expenses were previously reimbursed to PIAL. As of September 1, 2008 LCPIC froze the defined benefit pension plan and converted to a defined contribution pension plan.

LCPIC provides postretirement medical insurance for qualified employees. Employees have two ways to qualify for the plan. The first method requires an employee to be at least 55 years of age and have 14 years of service. The second method requires an employee to be at least 60 years of age and have completed at least 5 years of service. Under the second method, an employee must have at least 2 years of service occurring after October 28, 2010, be employed with LCPIC at the time of retirement, and retire in good status. Employees that are hired after January 1, 2010 are not eligible for the postretirement benefit.

LCPIC provides vacation benefits to employees and allows a maximum carryover of 5 vacation days at year end.

## D. Claims Related Extra Contractual Obligation and Bad Faith Losses Stemming From Lawsuits

As of June 30, 2024 there were 660 open litigation matters against LCPIC. The majority of these lawsuits are related to first-party suits related to Hurricanes Laura, Delta, and Ida. Unpaid loss and loss adjustment expenses are included on the balance sheet of approximately \$21.7 million, excluding the Oubre class action suit described below. The balance of the litigated matters are first party losses, third-party bodily injury claims, subrogation or claims where the issue of coverage is in dispute.

LCPIC is also a defendant in a class action suit resulting from Hurricanes Katrina and Rita:

- *Oubre v. Louisiana Citizens Property Insurance Corporation*. The plaintiffs in this suit allege that LCPIC failed to timely initiate loss adjustment as required by Louisiana statutory law exposing LCPIC to penalties up to a mandatory limit of \$5,000.00. On July 23, 2012 LCPIC settled the first phase of this class action suit with a payment of \$104.7 million to the plaintiff counsel for distribution to the class members. LCPIC entered into a settlement with the class for the remaining Oubre claims. LCPIC has paid \$145.5 million towards the final settlement as of June 30, 2024 and has a reserve of \$3.7 million for the remaining settlement (included in unpaid losses on the balance sheet). LCPIC will continually review the reserve to ensure that it meets the anticipated settlement costs.
