6. Information Items
  - 6.A. Superintendent Report - "Student Achievement & Student Advancement"
    - Continually working and reminding student achievement and advancement
    - Superintendent Harrison: Internet is of the highest priority, we need to continually focus on our resources to make sure we are hitting those goals.

Had four students come in and share their senior projects on college and career.

Junior High- Ms. Jaclyn Heward presented the data on the English Language Learners

Implemented a class, either once or twice a day. Setting a weekly academic goal and check in with the teacher on the progress. Having teachers review test scores and where they can improve and what they are doing well. Professional

development focuses not only on helping ELL with vocabulary and testing but all students. Having teachers help one another on holding in each other accountable and not just administrators. Making plans for next year on what they would like to accomplish with their professional development.

Ms. Yardley: How many students?

Ms. Heward: 12 between all classes

Superintendent Harrison: Do you have any ideas on how they are going to do on the ISAT test in the spring?

Mr. Tom Schmidt: we have done some testing but the internet connection has made it difficult to do all the practice that we would like.

Junior High- Mr. Schmidt continued the presentation

Superintendent Harrison: gave a brief history on what has happened in the past on professional development.

Gave an update from the November 8<sup>th</sup> behavior presentation.

Mr. Jones: what is the mechanism of the way that the students are taught in the SBR classroom?

Mr. Schmidt: stated that it is the teacher giving instruction. Uses a point system where they earn points and there are certain activities that use those points.

Continued presenting the updated dated on the goal of 20% improvement. Tardies and truancy update and future comparison goals.

Ms. Moser: when professional development requirement for the teachers on Wednesdays

Mr. Schmidt: attendance is taken and if they can't make it there is a canvas course that is required.

Superintendent Harrison: update on the necessary changes in order to meet the needs for the new kindergarten updates. Continually working with Craig to make sure that we are on schedule to have these classrooms completed in time. Also talking with Bear River

Mr. Jones: Did the kindergarten registration end up 50/50 like we thought?

Superintendent Harrison: We do have more students registered than we have before.

Ms. Cindy Murray: Yes, projecting that there could be a full class registered over the summer.

Superintendent Harrison: next month will come with the exact update for the levy as we are working with the attorney on the exact language and what we plan to spend the money on.

Ms. Lyons: did you like having the senior project earlier?

Student A: Yes, overall it has been better for not procrastinating.

## 7. Action Items

### 7.A. Safe Operation of *In-Person Learning* and Continuity of Services Plan

Plan developed to maximize **safe, in-person learning at school** where consistent and ongoing instruction takes place. -- "Student Achievement, Student Advancement.

Districts are required to review this plan bi-annually. PSD review focus is to

establish guidelines that promote a proper balance between keeping students healthy and keeping students in school. (Student Learning - Student Safety)

Adjustments made this month to the plan basically indicate that if there is a rise in community transmission or hospital admission levels, past practices (like additional cleaning or use of protective partitions) could be instituted.

*ACTION ITEM: Approve current Safe In-Person Learning Plan. This motion, made by Susan Yardley (Zone 5 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Recuse, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea*

*Yea: 4, Nay: 0, Recuse: 1*

- 7.B. State-Approved Instrument for Determining Safety Busing and Safe Walking Routes  
School districts receiving state reimbursement for costs associated with safety busing will re-evaluate all safety busing sites at intervals of at least every three (3) years using the local board-adopted measuring or scoring instrument.

PSD has no instrument officially adopted to use while making busing decisions. If we need to look at changing routes next year and not bus students within the 1.5-mile radius, we need a rubric that can be used to make unbiased decisions while still taking into account local conditions.

*Approve the state instrument that can be used by the district to determine safe busing and safe walking routes. This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Geniel Lyons (Zone 2 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea*  
*Yea: 5, Nay: 0*

- 7.C. Scope of Work Proposed at PJH for Securing Our Future Phase II Grant Application

The intent of the Securing Our Future (SOF) grant funding is to provide resources to improve the security infrastructure of Idaho's K-12 schools. The goal of the SOF grant program is to fund meaningful, durable, and demonstrated-effective security improvements. All funding requests should address identified vulnerabilities.

The entryways of our school have been identified as areas in which improved security would be beneficial for student and staff safety. Access Control Systems will eventually be installed in each school. Some systems have been ordered now, and other projects will take place at a later date using future facility funding.

Tonight, the superintendent is seeking board approval to submit a state grant to remodel the junior high entryway--installing a center wall down the current foyer with a buss-in door system just past the office window. The current office window will need improvements to make it more secure, and an additional office window will be installed in the hallway for students to access the office from within the secure school area. (See attachment.)

The grant requires that local governance (the school board) approve and support the plans for Phase II of the Securing Our Future Facility Grant Project.

*Approve the scope of the work outlined in the Securing Our Future Grant Application. This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Susan Yardley (Zone 5 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea*  
*Yea: 5, Nay: 0*

8. Policy - Action Item

8.A. Policy 1st Reading

Policy 404-

Mr. Jones: asked clarification on the state law

Superintendent Harrison: plans to follow up with Jill Holinka before the second reading

Policy 413- Past policy only had one sentence, strike that sentence and follow the state recommendation

Mr. Jones: do we need a second reading?

Mr. Dax Keller: we will go with what superintendent Harrison recommends

Superintendent Harrison: This gives the public an opportunity to come if they have comments

Policy 558-

Mr. Jones: are we already doing this?

Superintendent Harrison: for the most part yes, but having a policy allows us to go back on.

Policy 68.5- different title previously, the legislation added in some new requirements

Superintendent Harrison: the legal counsel says to leave it as code

Mr. Jones: Would like to remove that even in the case of rape they can't provide emergency contraceptive

Superintendent Harrison: His recommendation is to strike that sentence based on the climate of our community

Ms. Yardley: clarification on wording

Superintendent Harrison: double check and fix wording for second reading

*Move Policies 404, 413, 558, and 680.5 to a second reading. This motion, made by Susan Yardley (Zone 5 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

*Chris Jones (Zone 4 Trustee): Yea, Dax Keller (Zone 3 Trustee): Yea, Geniel Lyons (Zone 2 Trustee): Yea, Launa Moser (Zone 1 Trustee): Yea, Susan Yardley (Zone 5 Trustee): Yea  
Yea: 5, Nay: 0*

9. **Executive Session** - Pursuant to Idaho Code 74-206(1)(b) to consider the evaluation, dismissal, or disciplining of or to hear complaints or charges brought against, a public officer, employee, staff member or individual agent, or public school student

Gave an update on the status of employee A. There is no action to be taken on this employee.

Employee B was placed on administrative leave. Will need to ratify the decision.

*Motion to move into executive session. This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Susan Yardley (Zone 5 Trustee), Carried.*

No requests for public comment were received.
8. **Informational and Discussion Items**  
Mr. Chris Jones asked: With the current facility plans from Governor Little, what do we classify for?  
Superintendent Harrison stated that he will share the current district plan for facilities at a later time, once we have the finalized report.

#### 8.A. Legislation, Advocacy, and Student Achievement

The 2024 Idaho Legislative Session is underway. The ISBA is inviting trustees from every district to attend the Day on the Hill on February 19-20 at the Idaho State Capitol Building. The Day on the Hill is an opportunity for attendees to meet with local legislators to discuss legislative issues impacting education.

Prior to the session, Superintendent Harrison conversed with the legislators to share educational priorities that will impact the academic achievement and advancement of Preston students. On December 14, 2023, Supt. Harrison joined in dialogue with Rep. Julie Yamamoto & Sen. Dave Lent on the House and Senate Ed committees, respectively. On December 18, Harrison met with Sen Guthrie and Rep Cheatum. Similar conversations will be held with Rep Garner. Dr. Harrison has also been in contact with the Idaho Department of Education and Board of Education to convey ideas that will support student success.

The decisions legislators make impact our students. Preston Board Policies must conform to the educational bills that become law. Many topics will be discussed during this session. Some items that are critical to the educational realm include the following topics: School Funding Formula, School Facilities, School Library Materials, and School Vouchers.

Advocate for Preston School District students. Know the issues, work with stakeholders, and communicate with legislators to help education friendly laws pass. support lessislation friendly to educaiotn adn oppose bills that will harm students.

The ISBA passed Board Resolutions voted on by the board in each school district in the state, containing the aims, purposes, and guiding principles of the school boards. The ISBA website contains more information on school board matters.

#### 8.B. Board Member Development

Superintendent Harrison stated that the packets will be here tomorrow and we will let everyone know once they have arrived.

Ms. Launa Moser reminded the board that there is a 1-hour Zoom webinar that begins tomorrow for the first 6 months.

Superintendent Harrison: Yes, that is just for new board members. We are looking at dates with Ann Ritter and will schedule them moving forward.

Multiple board members asked if they needed the packet, previously mentioned, before the training tomorrow.

Superintendent Harrison said that the state knows not everyone has one at this time, as they were the ones that sent it out late, so it should be okay.

#### 8.C. Live-Stream Board Meeting

Mr. Chris Jones stated that the community wants the meeting streamed, streaming allows for accessibility, and most likely the community is not reading the notes afterward. We don't need comments, but just so that it can be viewed. There is a premise that the board isn't as transparent as it needs to be. The city streams their meetings and their equipment was about \$1,000.

Chairperson Dax Keller reminded Mr. Chris Jones that if the internet goes down, we have to stop the board meeting.

Mr. Chris Jones said he looked at the open meeting law, and he doesn't believe that there is anything that states that information.

Chairperson Dax Keller asked about his feelings on security. There was a local district where the meeting was hacked and there was explicit material shown.

Mr. Chris Jones: choosing to do it doesn't mean we have to do it forever, but the benefits outweigh the risks.

Vice Chair Susan Yardly stated that comments should be left off, but it would be beneficial.

Superintendent Harrison said he is all for transparency. We have looked at the internet speed and the security, and we are fixing this by hiring the new IT Director to address these, but he will follow up with the attorney on the open meeting law. Yesterday, the internet was down throughout the district. As superintendent, I recommend that we give the IT director time to work through the internet issues in the buildings and not a quick fix just at the district, as this gives the wrong impression. We can have a plan in place and begin the process, but recommend postponing the process until we get a better IT report.

Chairperson Dax Keller asked if Mr. Chris Jones looked into it, would if Superintendent Harrison be okay with it?

Mr. Chris Jones said that the project takes 3 or 4 hours, and maybe the district should look at having a different internet provider and postponing it until the internet problem is solved, which could mean indefinitely.

Superintendent Harrison said he sees postponing it as increasing student achievement and teacher satisfaction. He is not against it but thinks that there are other priorities at this time.

Chairperson Dax Keller said that moving forward, he and Mr. Chris Jones will look into the logistics and Superintendent Harrison will talk with the attorney.

Mr. Chris Jones said that if the attorney again states that we would have to

end the meeting when the internet goes out he wants them to show him exactly where the law states it.

Chairperson Dax Keller also stated that they would touch base with Mr. Aaron Keele on the security concerns.

#### 8.D. 2024-25 School Calendar Development

Superintendent Harrison said that he is currently working with the stakeholders on next years calendar.

Ms. Geniel Lyons said she had spoken to secondary teachers about how the new calendar is affecting them and the feedback is that the ones with year-long classes are okay with it, but there were mixed opinions on those with shorter classes. She also asked about looking into shortening the school day as the long days are taxing on our students.

Superintendent Harrison gave an overview of how the hours work and how it could affect us financially.

Mr. Chris Jones asked if, based on K-3 reading and their levels, there is a way to help give targeted training to help the teachers. Would it make a difference?

Superintendent Harrison said he would make a note and look into it.

#### 9. Superintendent Report

Superintendent Harrison said that each month he wants to bring up something that highlights our goals. He talked with the math coach about coming next month. Continuing to focus on filtering decisions through the goals. Currently, the HS has a counselor coming in to help students emotionally and is looking at how to increase that in all of our schools.

The most important thing that we can do for safety is to have an active threat assessment team. Where teachers can report abnormal behavior to the principal. In that team, we worked with the student resource team and West Side. We have secured the securing our future grant, a lot of things have been placed on order but haven't arrived yet. Listed some of the things that we are currently doing. The second phase has just opened, and we are looking at the entryway of the JH.

#### 9.A. District Strategic Plan

Student Achievement and Advancement

- Student Learning - School & Classroom Visits
- Student Behavior and Wellness - Counseling Program
- School Safety - Threat Assessment Team Training & Securing Our Future Facility Improvement

#### 9.B. Levy Discussion

Superintendent Harrison: After reviewing the information, we need to look at 1 mil, instead of \$744,400. He is working with the admin team on the exact amount and what areas we should use. Explained the order that the state requires us to use the money. The tax base has changed, so increasing the amount doesn't increase what the taxpayer sees.

Mr. Chris Jones: what did we pay for with the last levy, and what did we get for that money? He said that he believes we are asking for the minimum and

should ask for a higher amount.

Mrs. Shelby McKenna stated that it is important that we don't run and ask for more. We only get one shot as we got rid of the March election, and we will be starting the school year short on money if it doesn't pass.

Superintendent Harrison said that the ballot language has to be given to the county clerk in March, so we will be making a decision next month.

#### 9.C. All Day, Every Day Kindergarten Proposal - Pioneer Elementary School

#### 10. Action Items

##### 10.A. All Day, Every Day Kindergarten Offering

Ms. Cindy Murray presented the information, along with the Pioneer Kindergarten teachers.

Mr. Chris Jones asked if the data had changed from previous years.

Ms. Cindy Murray: Yes, however, there are different tests. We are comparing apples to oranges. Kindergarten registration and screening are next week. Will ask for their preference, and will contact the parents if there is a child that they believe would benefit from the all-day everyday class.

Mr. Chris Jones: does this change the class size?

Superintendent Harrison: No it doesn't, It just spreads the number out.

Mr. Chris Jones: instead of getting two additional teachers, is it better to have more intervention throughout all the classes?  
Discussion of behavior and how it affects all students.

Chairperson Dax Keller: what are you seeing, and how does it change the district?

All Pioneer Kindergarten teachers discussed building the foundation.

Chairperson Dax Keller: how will the all-day affect the 1<sup>st</sup> grade classroom?

All Pioneer Kindergarten teachers: It is an adjustment, but it gives them the foundation.

Mr. Chris Jones: I like the optional choice, do you foresee anyone not getting their preference?

All Pioneer Kindergarten teachers: Once the teacher's name is assigned, it is going to change the preference of days.

Ms. Launa Moser: Is there flexibility? If a parent changes their mind, can we accommodate that?

Ms. Cindy Murray: If we have availability, absolutely, as soon as we have the go-ahead, changes will take place.

Superintendent Harrison: We have talked with food services and bussing - both gave okay. We will need two rooms from Oakwood. The PODS will have to be finished or the Bear River Head Start lease is up, and we could use that facility.

Chairperson Dax Keller: Any other cost?

Superintendent Harrison: Just the teachers, pushed money into literacy by Governor Little. We can use the literacy funding.

*Approve up to 4 sessions of all-day, every-day kindergarten classes for the 2024-25 school year, with 4 sessions of every other day per week kindergarten sessions. (M/W and T/Th). This motion, made by Chris Jones (Zone 4 Trustee) and seconded by Launa Moser (Zone 1 Trustee), Carried.*

Oakwood	3rd	Restraint/Seclusion	12/20/23 The student got to school 3 hours late. The parent dropped the child off crying and screaming. The child refused to go to her classroom. The teacher and CBRS asked her to go to her classroom to take a break but started to run away. The teacher and CBRS attempted to restrain the student to stop her from running. The student's puffy jacket was taken off so they could safely restrain. The child attempted to bite the teacher and CBRS while being restrained. They then moved the child to an empty classroom. The child attempted to bite 6 times but did not latch down. The child was able to calm after 10 minutes of physical aggression towards teacher, CBRS, and herself. Student then apologized, and went to lunch.
Oakwood	3rd	Restraint	1/3/24 Student got dropped off several hours late. The student sat inside by the front doors for 45 minutes crying and screaming. CBRS only attempted to restrain but did not feel necessary. However, the child was guided to class by CBRS and the teacher several times before being successful. She was given a break in an area to calm down before going to class.

“Student Achievement & Student Advancement”

Jaclyn Heward – PJH Assistant Principal: (Student Learning)

- ELL class- Target language acquisition skills in speaking, reading, listening, writing, and cultural adjustment.
- Weekly individualized academic growth goals are set and monitored. Students set their own growth goal and are active participants in the goal making process.
- WIDA language assessment practice and test taking skills
- ELL teacher building positive relationships.
- This year’s Professional development and next year’s training. One of our targeted populations where scores need improvement is with our ELL students. The past couple of years we have seen a considerable influx of ELL students. This year we have had training on Engagement strategies and a focus on teaching vocabulary and the effects vocabulary has on comprehension, communication, reading, and writing. Next year we would like to participate in the “Go to Strategies” training as part of our PD plan. This training covers 72 research validated teaching strategies, WIDA testing, WIDA reports, Can Do Descriptors, and strategy action plans. It is highly applicable to all students but has a special strand for English Learners.

Tom Schmidt – PHS Principal: (Student Behavior & Well-Being)

- PBIS (Positive Behavior Intervention Supports) – focusing on positive student achievement PRIDE
- As part of the 2023 – 24 Professional development effort, Preston Jr. High has revisited Tier I PBIS strategies. The effort has increased the consistency of behavior expectations schoolwide. A Tier II intervention, the Skills Building Room (SBR), has been designed for students who need additional support. The purpose of the SBR is to target and reteach skills which will help students with self-management and social skills to allow the optimal learning to take place while they are in classroom.
- SMART goal presented in Nov.
  - Specific: Preston Jr. High will create an optimal learning environment through a systemic use of interventions designed to build a student’s capacity for self-monitoring abilities and academic focus.
  - Measurable: Preston Jr. High will see a decrease of 20% in anti-social referrals to the office during the 23 – 24 school year as compared to the previous year. SWIS data will be used to track this progress.

Achievable: Preston Jr. High will use CAT teams and Tier II social skill interventions to systemically support Tier I efforts.

Relevant: Preston Jr. High will implement learning enhancing interventions to align itself with the mission of maximizing the learning potential of every student in a safe environment.

Time –bound: This effort will be measured during the 23 – 24 school year.

- TIER 1 and TIER 2 being implemented effectively by teachers. SBR has been used a couple of time with students and seems to be very effective as well.
- Great progress toward goal of 20% decrease in behaviors over the course of the year (see graph below)
- Tardies and Truancies are being made up. Around 30 students have made up about 60 hours of missed class time on designated make-up days.

## Plan for Continuous and Safe Operation of In-Person Learning for the 2023-24 School Year

(Written: 21 JUL 2021 / Revised: 18 AUG 2021 – 19 JAN 2022 – 11 JUL 2022 – 20 SEPT 2023)

Last Updated: 13 FEBRUARY 2024

The plan is for all Preston School District (PSD) students to attend school with on-campus instruction for the 2023-24 academic year. Parents or guardians with vulnerable children or other unique circumstances should reach out to respective school administrators for possible exceptions to in-person learning. A district committee will determine any allowances for those students with extenuating circumstances.

Preston School District believes that meeting in-person can best address the educational progress and emotional well-being of students. In July 2021, the CDC said, "Students benefit from in-person learning, and safely returning to in-person instruction...is a priority... Children should return to full-time in-person learning in the fall with layered prevention strategies in place." Safe and continuous in-person learning is a priority for PSD, and we have established strategies to promote the safety of all students and staff. PSD will continue to take steps to mitigate the COVID-19 public health crisis, including the emerging variants, and prevent the spread of sickness and disease.

### Mitigation Strategies

#### Healthy Hygiene, Handwashing and Respiratory Etiquette

- Avoid touching eyes, nose, and mouth.
- Cover mouth and nose when coughing or sneezing.
- Use tissues and throw them away.
- The district purchased boxes of tissues for each school to have available for students/staff.
- Wash your hands or use hand sanitizer before eating and every time you touch your face.
- Wash hands with soap and water for at least 20 seconds.
- Hand sanitizer is available throughout the school.
- Avoid close contact with those already sick.
- Stay home from school if sick.
- Isolate at home if test positive for COVID-19.

## Masks

- In Preston School District, masks are optional, but recommended during a COVID outbreak.
- The CDC continues to recommend, when needed, that you wear the most protective masks you can that fits well and that you will wear consistently.
- Anyone who chooses to wear a mask should be supported in their decision to do so during any COVID-19 transmission level.
- Students, staff, and visitors are encouraged to bring their own masks if they choose to wear them.
- If a mask is needed, masks will be made available to those without their own.
- If a teacher has a medical reason, such as a weakened immune system, the teacher may require masks to be worn in his/her classroom and will work through administration to inform parents.
- Wash your hands or use hand sanitizer before putting on your mask.
- Put the mask over your nose and mouth and slip loops over your ears while securing it under your chin.
- If a mask does not fit properly or needs to be continually adjusted, use a different mask type.
- Make sure you can see and breathe easily.

## Physical Barriers and Physical Distancing

- Where possible, avoid direct physical contact with people.
- Partitions and sneeze guards are available for installation in some of the front office areas.
- Protection dividers for desks are available for teachers to use in their classrooms.
- Clear face masks and face shields are available for staff so students can see the face of the instructor or therapist.
- Teachers are encouraged to maximize the physical distance between students in the classroom.
- Teachers and schools are encouraged to maintain the grouping of students into cohorts when possible during elevated COVID levels in school or community.
- If there is a need to reduce the number of students in areas like the cafeteria, classrooms, or playground, schedules may be altered, or other options provided.

## Maintaining Healthy Facilities

- To the extent possible, avoid touching typical high-touch surfaces.
- Additional cleaners were hired to help the custodial crew clean and disinfect buildings more frequently and thoroughly, and can be reinstated as COVID transmission levels rise.
- Busses, classrooms, and high-touch surfaces such as doorknobs, switches, and keyboards will be cleaned and disinfected.
- The school staff will clean and disinfect areas where a sick person was during the day.
- As needed deep cleaning and thorough disinfection will take place in the schools outside of the regular school hours.
- Heating, Ventilation, and Air Conditioning (HVAC) systems have been upgraded.
- When safe and appropriate to do so, windows and doors will be opened for circulation.
- As the COVID-19 hospital admission level rises, teachers will consider moving certain indoor activities outside.

## Efforts to Provide Vaccinations to School Communities

- The CDC recommends that everyone stay up to date on their COVID-19 vaccines.
- PSD encourages students, employees, and community members to collaborate with their doctor, the health department, and other medical professionals regarding vaccinations.
- Vaccination for COVID-19 is encouraged for all eligible and appropriate recipients, but not required for staff employment, student attendance, or visitors in the school.
- Convenient vaccination clinics for COVID-19 and Flu are provided to employees and age-eligible family members.
- The district will continue to make vaccines available for district employees.

### Screening, Testing, Contact Tracing, and Quarantining

- The school district will take into consideration the recommendations from local health experts.
- PSD encourages at-home screenings and monitoring of children by parents or guardians.
- Each school has thermometers that can be used for temperature checks.
- During an outbreak, visitors and volunteers will answer a few health-related questions from a brief questionnaire before staying at school.
- Individuals (students/teachers/staff/visitors) should *stay home when sick or have signs of any infectious illness, and then seek out a healthcare provider for testing and/or care.*
- Students, employees, and volunteers who test positive for COVID-19 should quarantine as directed by a medical professional or follow the CDC's isolation recommendation to stay home at least five (5) days from symptom onset before returning to school.
- *All individuals exposed to COVID should watch for symptoms (such as fever, cough, or shortness of breath) for up to ten (10) days after exposure, and inform medical professionals for advice if experiencing symptoms.*
- Quarantine is no longer recommended by the CDC for people who have been exposed to COVID, but *those exposed are encouraged to wear a high-quality mask for 10 days while indoors around others.*
- The CDC encourages school administrators to “manage exposures based on the local context and benefits of preserving access to in-person learning.”
- PSD staff will focus on sustainable surveillance practices that allow evaluation of trends and mitigation of transmission in schools when outbreaks are identified. This focus moves away from a universal case investigation and contract tracing model. For instance, Absenteeism Reporting could be used as a COVID-19 surveillance approach.

### Special Education and Support for Students with Disabilities

- Students with disabilities will receive appropriate accommodations to support progress in learning with respect to the health and safety policies.
- Accommodations will be developed collaboratively with the IEP team and other stakeholders.
- Vulnerable and at-risk students may be provided alternate learning options depending upon the circumstance and decided upon by the IEP team.
- If the closure of school for an extended period of time negatively impacts a student’s progress toward IEP goals, it may be necessary to determine whether recovery services are appropriate and necessary for particular students.
- PSD is aware that young children or those with sensory or cognitive issues may find difficulty wearing a mask, and the district will work on prioritizing times most important to mask.

### **Narrative on Addressing Needs and Info on Reviewing the Plan**

#### **How the district is addressing and plans to address students’ academic needs:**

District staff utilizes data such as state and local test results, attendance, teacher referrals, parent input, students not meeting grade level standards, GPA, etc. to make determinations on recommendations for services. Teachers, counselors, administrators, and other district personnel meet regularly through Professional Learning Community team meetings, such as grade level, department, student assist teams to analyze student performance data and develop appropriate interventions. Similar meetings are held where an IEP team comes together to discuss support for students with disabilities. The schools partner with parents by sharing student information in person at formal or informal conferences, by phone calls, and/or electronic communication.

- **PIONEER:** We will be analyzing data monthly as grades/school to see what progress is being made and will make academic adjustments as needed in Tier 2 & 3. We are working on improving our PLC's so that they are more productive and effective by having them all in the cafeteria at the same time. This gives the reading coach & I time to go around to each group & work with them. We have implemented a new tier 2 program for kindergarten & each grade has reviewed their tier 2 activities to support student growth We have brought in training for our new reading & math programs.
- **OAKWOOD:** We benchmark students and provide support to those who are struggling. We have Istation and Imagine Math products that can provide extra learning support to students at school and home.
- **PJH:** The district has been focusing on individualizing student's education and success by implementing a data tracking system based on student's knowledge through STAR testing. Teaching is adjusted to the students' needs and students are placed in intervention classes based on individual need on identified learning gaps. Students set learning goals based on collected data on STAR and other testing, such as Dibbles, and how they are performing in their classes.
- **PHS:** Continued PD and emphasis on Visible Learning and identifying things that have the biggest impact on learning.
- **FCHS:** This year at FCHS we have implemented an academic intervention to help students get caught up on work they are behind in or need extra support. We have also implemented a token-based economy for our students taking state testing this year. We believe that we will see the best state test scores ever at FCHS. For special education, we adopted a new district-wide curriculum that will serve our most needy students. This will allow them to understand the structure and how the lessons are delivered from pre-k to 12th. Allowing the students to be able to focus on learning outcomes.

#### **How the district is addressing and plans to address students' social, emotional, mental health, and other needs:**

Teachers will strive to create an environment of respect and rapport to ensure that relationships with students are positive and supportive. Schools will attempt to connect students with at least one caring adult to support the social and emotional needs of students. The district firmly believes that meaningful learning cannot take place unless we attend to students' overall well-being. Character education, bullying prevention, suicide prevention, and other related activities are taught to students. The district will cultivate safe, inclusive, and supportive environments. The district will seek to identify opportunities for students with disabilities to interact and receive needed support and interventions. Preston School District has at least one counselor available for students in each of the schools. Some staff have taken, and all will be encouraged to participate in professional development such as the following training: Youth Mental Health & First Aid, Crisis Prevention Intervention (CPI), Applied Suicide Intervention Skills Training (ASIST). There is a district wide initiative and focus on student needs with all schools involved in the Positive Behavior Intervention Supports (PBIS) Project. Additionally, PSD contracts services with an outside mental health agency to come into school and support at-risk youth.

- **PIONEER:** I, the principal, hold the front door open in the mornings to greet each student that is dropped off. Every day I am in the classrooms, lunchroom, hallways, etc. interacting with the students. I want them to know who I am and that I care about them. Nothing more rewarding to look into their eyes and get those hugs and smiles. We will be holding morning assemblies every Monday & Thursday morning in the gym as a school. We say the pledge, have a moment of silence, sing the National Anthem, celebrate birthdays & other successes. We want our students to feel loved, appreciated & part of a wonderful school environment that appreciates each one of them. We have a small tile in each room. The teacher moves it around to students' desks when they are doing well. When the school counselor or I come into the room, whoever has the tile gets a reward. The kids love working for this & they never know when it will happen

so they try really hard to earn it. We are focusing on & rewarding positive behavior and it's going very well! Our school counselor will be going into each classroom each month focusing on skills students need to know. He will also be forming small groups and focus on specific skills. Spirit Day . We have awesome t-shirts this year & have spirit days for everyone to wear their school or blue shirts. Assemblies held. We started with a wonderful 9-11 tribute to our Hometown Heroes and have many others planned. Can't wait for Veterans' Day to lower our new flag!!!! It's critical to provide these opportunities for our students to be involved in!

- **OAKWOOD:** PBIS outlines expectations and rewards positive behaviors. The counselor also does classroom presentations and spends time on the playground identifying students who aren't playing with friends.
- **PJH:** Various clubs, sports, and extracurricular activities are available for students to participate in and find social support in. Students are encouraged to participate and be a part of these groups. Various activities throughout the year are designed to get students to participate and feel like they are a part of something and accepted. Student Government designs days and weeks where students can dress up and participate in fun competitions. Teachers, counselors, administration and parents meet to discuss the needs of individual students who are struggling with social, emotional, mental and other needs. Individual plans are put in place to help the student be successful and have teacher advocates at school.
- **PHS:** Continued partnership with Priestley Mental Health. The ability for students to receive free counseling while on school grounds to minimize missed classroom time.
- **FCHS:** We have strengthened our partnership with Priestley Mental Health. They not only provide personnel for sped but also general education. We have also started celebrating Mental Health Week as a district. Last year each school had an activity that was associated with Mental Health Week.

#### **How the district is addressing and plans to address their staff's social, emotional, mental health, and other needs:**

District employees received the book FISH! A Proven Way to Boost Morale and Improve Results training on the four practices of the Fish Philosophy will be shared with staff in an effort to boost morale, improve emotional well-being, enhance teamwork, increase trust, and develop leadership skills. The four practices to help us re-energize and rejuvenate include principles: 1) Be There – Be emotionally present for people. Make them feel like they are the most important person at that moment. 2) Make Their Day – Serve people in meaningful, memorable ways. 3) Choose Your Attitude – Choose to make today a great day. Take responsibility for how you respond. And 4) Play – We can be serious about our work and the destination of achieving student success, but we will enjoy the journey by having fun and performing our jobs with enthusiasm. To start of the 2023-24 school year, motivational speaker, Ryan Stream, was brought in and talked with all employees. Stream shared a message about believing in yourself, igniting the fire within, being your own hero, becoming mentally resilient, seeing your potential, writing your own story, knowing that you are a leader, and conquering your colosseum. His book's message states 1) Be honest with yourself, 2) Take accountability, 3) Believe in yourself, 4) Make a plan and, 5) Take action. Additionally, the district has school counselors whose skills can assist district employees with social, emotional, mental health, and other needs. If staff feel overwhelmed with sadness, depression, anxiety, or feelings of self-harm, they are encouraged to seek professional advice and/or medical help.

- **PIONEER:** Have You Filled a Bucket Today? is our theme this year. I gave each staff member a metal bucket with the saying on it. We have hung them in our halls & the whole school will work to fill each other's buckets with goodies, notes, verbal praises etc. to show support for each other. It is going very well!!! Have you Filled a Bucket Today t-shirts. I bought a t-shirt to wear throughout the year. Now, several other staff members have bought their own. Support is spreading. Monthly activities. We will have having monthly "goodie" days. This month is 'Chips & Dip'.. ust a fun way for us to share goodies in the lounge. I am working hard to make face-to-

face contact to talk to them at least once a day & also get in the classrooms to see the students. My favorite part of the day!!! Staff Picture - We had our staff picture taken yesterday. I think we had double the people than we have had over the last 5 years. These are just a few....many more things to come!. Increasing safety at our school is also a top priority for students' & staffs' social, emotional & mental health. I have had multiple people (parents & staff) approach me and thank me for the changes we are making. Everyone feels more safe & secure in our school.

- **OAKWOOD:** We do staff soar tickets, acknowledge birthdays and recognize accomplishments.
- **PJH:** Faculty meetings this year will include training on social, emotional, mental health and other needs. There will be guest speakers who come in and provide trainings on these different types of health, why they are important and how we can help them take care of themselves. Staff and faculty activities will be held throughout the school year where they can come, participate, and build healthy relationships with their peers and coworkers. Motivational speakers have been brought into the district to increase moral, help build positive thinking and refocus our efforts building and maintaining a positive culture.
- **PHS:** Created a new faculty room for them to meet, eat, and mingle in.
- **FCHS:** The district has provided opportunities through our insurance to help with this area. They also give us enough days off to take care of ourselves.

#### **The process and timeline for review and revision of the plan:**

The district sought feedback from stakeholders and gave the public opportunity to provide input in the development of the Safe Return to In-Person Instruction and Continuity of Services Plan. The foundation of the current return-to-school plan was based on the district's previously established plan. The plan was posted on the district website and discussed in board meetings. Input was sought at the Preston Community Inter-agency meetings. Feedback received regarding plan improvement and clarity was taken into consideration, and many suggestions were incorporated into the current plan. This document will be reviewed and revised as necessary by all stakeholders at a minimum of every six (6) months in a similar process where the district will engage in meaningful consultation with students, parents, teachers, principals, supervisors, community leaders, etc.

#### **Summary**

Preston School District administration, school board, and staff will continue to monitor any illness posing a significant threat to the wellness of our community and school district, including that caused by the new covid variants, to determine if additional precautions should be taken. PSD could change guidance according to local public health conditions and COVID-19 hospital admission levels even after the school year begins to better ensure the health and safety of students, staff, and visitors. Updates will be provided on the district website.

While we understand that on occasion, there is some risk associated with a physical return to school if a highly contagious illness with severe health consequences is present, we also understand that there is a significant risk to the education of students as well as lack of healthy emotional/social relationships in our school and community if we are unable to return to school with on-campus learning. The benefits of face-to-face instruction and healthy relationships cannot be replicated in an online environment.

**Should the district need to close the schools and go to remote learning, the virtual contingency plans include the following platforms:**

**Teachers of *secondary* students will use Teams and Canvas.**

**Teachers of *elementary* students will use Zoom to provide instruction, and students will then work with the digital curriculum (such as Istation and Imagine Math) or paper curriculum packets (which will be sent home).**

Preston School District will adhere to the requirements of IHSAA in determining policies and procedures associated with extra-curricular participation in both practices and competitions.

We ask that students and district employees be mindful of teachers and students who may be more susceptible or vulnerable to illness by exercising greater caution around such individuals (i.e., wearing a mask, maintaining physical distance, etc.) so we can proceed throughout this whole school year with a continuous and safe operation of in-person learning. Preston School District looks forward to providing an excellent education this school year, leading to student success now and into the future.

Please reach out to a member of the administration if you have any questions or concerns about the safe return to on-campus instruction. For further clarification or to provide additional comments and feedback, contact Dr. Lance Harrison, Superintendent of Preston Schools, at [lance.harrison@psd201.org](mailto:lance.harrison@psd201.org) or 208.852.0283.

Upon request from another Idaho school district, this district will make available information on an applicant's past job performance and/or job related conduct as described in Idaho Code §33-1210(1)(b) and Policy 404.50. Such information will be provided within twenty (20) business days after receiving the request. In accordance with Idaho law, names of any student or fellow employee complainant, other than the employee's administrative evaluator or administrative author of communication to the employee, will be redacted from such provided documentation.

The district may provide information about the job performance, professional conduct, or evaluation of a former or current employee to a prospective employer that is not a school district at the request of the prospective employer or the current or former employee. Any information provided will be provided in good faith.

This district will not maintain a blacklist, or notify any other employer that any current or former employee has been blacklisted by this district, for the purpose of preventing the employee from receiving employment.

Any and all information regarding a current or former employee received through a substance abuse testing program will be held confidential by the district and will not be disclosed to a prospective employer unless such disclosure is approved in writing by the current or former employee.

### **PROHIBITION ON AIDING AND ABETTING SEXUAL ABUSE**

All district employees, contractors or agents are prohibited from assisting a district employee, contractor or agent from obtaining a new job if the individual or district knows, or has probable cause to believe, that such district employee, contractor or agent has engaged in sexual misconduct regarding a minor or student in violation of the law. This prohibition does not apply to the routine transmission of administrative and personnel files in accordance with Idaho Code §33-1210 or other applicable law, regulation or policy.

The prohibition described herein shall not apply to cases in which the alleged misconduct was properly reported to law enforcement and any other authorities required by federal, state, or local law; and:

1. The matter was officially closed;
2. The prosecutor or law enforcement agency with jurisdiction over the case investigated the allegations and notified district officials that there is insufficient information to establish probable cause that the individual engaged in sexual misconduct with a minor or student in violation of the law;
3. The individual alleged to have engaged in sexual misconduct with a student or minor has been charged with and acquitted or otherwise exonerated of the sexual misconduct; or

4. The case or investigation has remained open and no indictment or other charges have been brought within four (4) years of the date on which the information was provided to law enforcement.

Policy 404.50 (Information on Past Job Performance)

The board recognizes the individual rights of its employees to participate in political activities, including seeking elective office or participating in candidate or ballot measure campaigns. To protect the rights of district employees to engage in such activities, while at the same time preserving the integrity of the education objectives and responsibilities of the district, the board adopts the following policy. ~~No partisan or political activities are permitted on the part of any school employee at any time during regular school hours.~~

### **DEFINITIONS**

For purposes of this policy, the following definitions apply:

“Advocate” means to campaign for or against a candidate or the outcome of a ballot measure. The term does not include providing factual information about a ballot measure and the district’s reason for the ballot measure stated in a facially neutral manner. Factual information includes but is not limited to the cost of indebtedness, intended purpose, condition of property to be addressed, date and location of election, qualifications of candidates, or other applicable information necessary to provide transparency to electors.

“Ballot measure” means constitutional amendments, bond measures, or levy measures.

“Candidate” means and includes every person for whom it is contemplated or desired that votes be cast at any political convention, primary, general, local or special election and who either tacitly or expressly consents to be so considered.

“School activities” means any activity sponsored by the district including, but not limited to, classroom work, library activities, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and in-school lunch periods.

“Work hours” for employees refers to the period between the time an employee is scheduled to begin work and the end of the employee’s assigned work day (excluding the employee’s lunch and break periods), and any paid overtime hours or extra-duty hours for which the employee has volunteered or been assigned.

### **POLITICAL ACTIVITIES OF EMPLOYEES IN GENERAL**

Employees of the district, while acting in the capacity of a school district employee, shall not advocate for or against a candidate or ballot measure during instructional time or while they are responsible for other duties, or while they are in settings where they are likely to have contact with students. Employees are free to engage in political advocacy outside of the school day, work hours or school activities, and to campaign for and run for elective office. Employees shall not allow such political advocacy to interfere with the proper performance of their duties.

Teachers or other district employees may not use or recruit students during the school day, during work hours or at school activities for either distribution of political materials or other

political activities. This prohibition does not preclude balanced classroom discussions or debate of current or pending election issues.

Employees shall not use their official authority or influence to compel a person to support or oppose a candidate or ballot measure, or to pay or promise to pay a political contribution.

Employees may not use public facilities, equipment, or supplies that are purchased with district funds to advocate for or against a candidate or ballot measure. This prohibition does not preclude the district or its employees from preparing and distributing to electors an objective statement explaining the purpose and effect of a ballot measure or other information required or otherwise authorized by law.

Nothing in this policy shall prohibit district employees from personally campaigning, speaking, or otherwise advocating for or against a candidate or ballot measure, or from personally contributing to a candidate or ballot measure campaign, provided no district funds or property are used for such purposes.

The district will develop and follow an individual health plan for each student with seizure disorder or epilepsy. Each individual health care plan will include an individual emergency plan element. The health plans will be updated at least annually and more frequently as needed.

The school nurse at each district school is responsible for consulting and coordinating with the student's parents/guardians and, where appropriate, health care provider to develop the individual health plan, and for training and supervising appropriate school personnel in proper procedures for care of students with epilepsy or other seizure disorders to ensure a safe learning environment. Training may also be provided by a national organization that offers training for school nurses and other school personnel. Basic training for all school staff on how to identify seizures and respond in emergencies will be provided at least annually. Additional training may be provided for designated staff.

In addition to adhering to the requirements of each individual health plan for the general care of students with seizure disorder or epilepsy, the district will:

1. Acquire necessary parent/guardian requests and instructions for treatment administration of rescue medications.
2. Where appropriate, and with parent/guardian consent, acquire monitoring and treatment orders from licensed health care providers.
3. Provide sufficient and secure storage for medical equipment and medication provided by the parent/guardian for use by their student.
4. Establish school policy exceptions necessary to accommodate students' needs related to epilepsy or other seizure disorders, as described in the individual health plan.
5. Ensure the development of individual emergency care plans within each individual health plan.
6. Ensure each individual health plan is reviewed at least annually.
7. Ensure each student's individual health care plan will be distributed to appropriate staff based on the student's needs and the staff member's contact with the student.
8. Ensure school staff and other appropriate personnel (e.g., bus drivers) receive basic information about seizures and training on how to identify and respond in emergencies.

The Protection of Pupil Rights Amendment (PPRA) affords certain rights to parents and students eighteen (18) years of age or older (“eligible students”) with regard to the surveying of students, the collection and use of information from students for marketing purposes, and certain non-emergency medical examinations. In addition, Idaho law affords parents/guardians the right to preview certain non-curricular related student surveys, well-being questionnaires, or health screening forms.

Surveys requesting personal information, as defined herein, from students, as well as any other well-being questionnaire, health screening, or other instrument used to collect personal information from students, must relate to the district’s educational objectives as set forth in board policy.

In accordance with Idaho law, any non-curricular related survey, well-being questionnaire, or health screening, as defined herein, must be approved by the superintendent or designee before it is administered to any student by a district employee.

## **DEFINITIONS**

“Eligible student” means a student over the age of eighteen (18).

“Instructional material” means material provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). This term does not include academic tests or academic assessments.

“Invasive physical examination” is defined as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

“Non-curricular related survey, well-being questionnaire, or health screening” means surveys or other assessments other than those conducted as part of a student’s course of study. The term does not include assessments conducted for purposes of eligibility under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act, nor does it include assessments conducted under the district’s suicide prevention policy and procedures (Policy 566 and 566P).

“Personal information” means

- (a) individually identifiable information, including a student’s or parent’s first and last name; a home or other physical address (including a street name and the name of the city or town); a telephone number; or a social security number;

(b) information regarding an individual student’s (i) sexuality; (ii) sex; (iii) religion; (iv) personal political beliefs; (v) mental or psychological problems; (vi) personal family information; or (vii) individual or family financial information.

## **HEALTH SERVICES**

As part of its total educational program, the district may offer health services to students. At the start of each school year, the district will notify parents/guardians of the health services offered or made available through the district or private organizations that partner with the district to provide health related services on school property or as part of a school program. Parents/guardians will be notified in writing of any new health services that become available after the annual notice is sent.

Types of health services offered by the district may include, but are not limited to:

1. Vision and hearing screening.
2. Scoliosis screening.
3. Immunization as provided by the Idaho Department of Health and Welfare.
4. Medication administration.
5. First aid and emergency care.
6. Appropriate management of student health conditions with parental consent.

Parents/guardians will receive written notice of any screening result which indicates a condition that may interfere with a student’s progress. Parent/guardian consent to any health or wellness service does not waive the parents’/guardians’ right to access their children’s educational or associated health records or to be notified about their children’s health status or monitoring.

Health screenings or other actions taken pursuant to the district’s suicide prevention policy and procedures (566 and 566PI) are outside the scope of this policy and do not require prior parental consent.

All district employees are prohibited by Idaho law from providing any of the following services to any person while acting within the scope of their employment:

1. Providing or performing an abortion;
2. Counseling in favor of abortion;
3. Referring for abortion; or
4. Dispensing a drug classified as emergency contraception by the Food and Drug Administration, except in the case of rape.

## **ANNUAL NOTIFICATION REQUIREMENTS AND PARENTAL CONSENT**

The PPRA requires that parents or eligible students be directly notified at least annually at the beginning of the school year, by direct mailing or e-mail, of their right to consent or opt-out of participation in certain school activities and the specific or approximate dates of each activity. For surveys and activities scheduled after the school year starts, parents will be provided with reasonable notification of the planned activities and surveys listed below and an opportunity to opt their child out of such activities and surveys.

Prior written parental consent will be obtained before minor students are required to participate in any U.S. Department of Education funded survey, analysis, or evaluation that reveals information concerning any of the following eight protected areas:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student's parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents will receive notice of specific or approximate dates of and opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam, or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

**EXCEPTION FOR DEVELOPMENT, EVALUATION, OR PROVISION OF EDUCATIONAL SERVICES**

The district is not prohibited under either federal or state law from collecting, disclosing, or using personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This includes the following:

1. Book clubs, magazines, and programs providing access to low-cost literary products;
2. College or other post-secondary education recruitment or military recruitment;
3. Curriculum and instructional materials used by elementary and secondary schools;
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of aggregate data from such tests and assessments;
5. The sale by students of products to raise funds for school-related or education-related activities; and
6. Student recognition programs.

**RIGHT TO INSPECT**

Upon request, parents or eligible students have the right to inspect, prior to any administration or use, protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; any instructional materials used in connection with any survey that concerns one or more of the protected areas; and any instructional material used as part of the educational curriculum for the district.

In the case of surveys, questionnaires, or screenings requesting personal information as defined in section (b) above, the survey, questionnaire, or screening will be provided to the student's parents/guardians and the written permission of parents/guardians shall be obtained before administering the survey, questionnaire, or screening to the student. The employee overseeing the survey, questionnaire, or screening is responsible for maintaining documentation that all required parental and administrative permission has been given.

**DEVELOPMENT OF POLICIES**

The district will develop and adopt ~~poliees~~policies, in consultation with parents, regarding the rights set forth in the PPRA, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or distribution purposes. *The superintendent will appoint a committee, the membership of which will include parents, school personnel, and community social service*

*providers. The committee shall follow the provisions set forth in the PPRA and Idaho law and propose a draft policy to the board of trustees for its review and approval.*

NETWORK REFRESH AND INTERNET IMPROVEMENT EQUIPMENT BIDS

The following tables show the bids received for 1) Network Refresh/Update, and 2) Internet Connection Improvement.  
 The Network Update includes replacing switches, servers, and firewalls.  
 The Internet Connection Improvement includes continuing with the primary circuit while adding a secondary circuit and another dark fiber connection.  
 The weighted evaluation criteria used by the IT Department are noted, and the companies selected are highlighted in **GREEN**.  
 The total cost of the bid, the estimated amount covered by e-rate, and the remaining amount the district would need to cover.

# Preston School District Strategic Plan

## \*\*\* District Goal: Student Achievement and Student Advancement

### Objective 1: Student Learning

All students will achieve success by meeting proficiency targets or showing learning growth.

#### Short-term Goals:

- Develop proficient readers by the end of third grade.
- Junior High Students improve math knowledge each year as measured by the ISAT, with an emphasis on the English Learner population.
- Teacher focus on Student Learning at the high school with measurement of student success seeing positive growth trends on progress reports.

#### School Actions and Evidence of Achievement:

- Meaningful and Powerful Professional Development
- Rigorous and Relevant Instruction
- Guaranteed Viable Curriculum
- Essential Standards
- Common Assessments
- Student Progress Monitoring & Interim Assessments
- Use of Data for Focused Interventions
- Intervention Classes
- Training on Successful Teaching Strategies
- PLCs discussing and using data
- Junior High EL Students set weekly goals
- Response to Intervention
- Intervention Classes
- All Day Kindergarten
- Block Tests for ISAT (ran into technology issues)

**Objective 2: Behavior and Wellness**

Student achievement and advancement will be enhanced through the cultivation of safe, supportive, and welcoming learning environments that promote not only academic, but also social, emotional, and physical health.

School Actions and Evidence of Achievement:

- Activities to Foster Relationships and Cultivate a Sense of Belonging
- Positive Behavior Intervention Supports (PBIS) Implemented in All Schools
- Tiered System of Behavior Support for Students
- Outside social workers available at the high school
- Adding emotional support for at-risk students at the junior high
- Emotional resiliency classes at the junior high

**Objective 3: School Safety**

Student achievement and advancement will improve through an increased sense of safety and security among students and staff brought about through the implementation of safe school actions.

School Actions and Evidence of Achievement:

- A Safety Team Established at Each School
- District safety team meeting monthly and assigning actionable plans
- Emergency Response Drills Conducted
- Trained Threat Assessment Team at the School and District Level
- Improve Physical Security of School Facilities
  - Controlled Entry, Key System, Secure Perimeter
  - Submitted SOF Grant 2 for JH Entry Remodel
- Technology Audit Results received and suggestions being implemented
- Technology Penetration Test still running to track seasonal hackers

Objective 4: Facilities.

Provide a welcoming school environment in exceptional facilities that are well-maintained and efficiently utilized, while proactively planning for future growth.

- Conducted a Long-Range Facility Study that included building conditions and capacities
- Facility Evaluation and District Master Plan (Received the updated draft today)

Objective 5:

Communication. Effectively communicate, through various means, a consistent message to all stakeholders, including patrons and staff in a regular and timely manner.

- We need to tell our story.

Objective 6:

Finances and Budgets. Maintain fiscal responsibility and accountability for all district resources.

- The superintendent meets weekly with the business manager to review the budget and finances.
- The business manager meets weekly with department area directors and the high school secretary to review the budget and finances.

Objective 7:

Employee Satisfaction. Recruit, hire, develop, and retain professional, engaged, and effective team members in all areas.

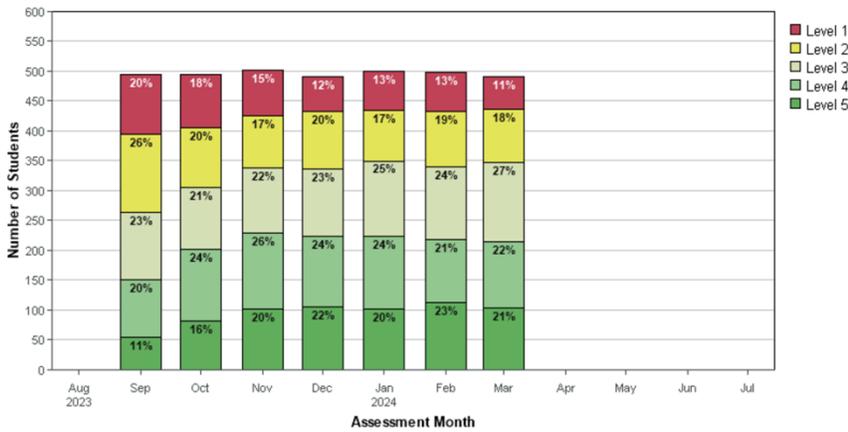

- Established an HR position at the district office to support staff.
- Arranged Health Plan partners to oversee insurance. Best package in the state!
- Developing job descriptions
- Post job openings on multiple sites
- Administrators attend multiple educator career fairs in Idaho and Utah to find the best teachers

## **TRANSPORTATION**

In accordance with federal law, the district will ensure that children in foster care who need transportation to their school of origin will promptly receive it in a cost-effective manner, and in accordance with the Idaho Department of Health and Welfare's (IDHW) authority to use child welfare funding available under section 475(4)(A) of Title IV-E of the Social Security Act to provide transportation. If there are additional costs incurred in providing transportation to the school of origin, the district will provide transportation if either (a) the district agrees to pay the costs; (b) the district and IDHW agree to share the costs; or (c) the IDHW agrees to reimburse the district for transportation costs.

As used in this policy, "additional costs" represent the difference between what the district would normally spend on transportation to the child's assigned school and the cost of transportation to the school of origin. *For example, if the district provides transportation to the child in foster care through an established bus route, there is no additional cost. However, if the district provides special transportation only for the child in foster care (e.g. through a private vehicle or transportation company), the difference between the special transportation costs and the usual transportation costs can be considered additional. Additionally, if the district must re-route busses to transport a child in foster care to one of its schools, the cost of this rerouting can be considered an additional cost.*

Educational decision-makers will be informed of the right to transportation. *In situations where busing or other transportation needs to be explored, the district point of contact (POC) and the school principal (if needed) will contact the district transportation supervisor or an IDHW regional specialist and determine assets available for such transportation. The district POC will report back to the child welfare agency point of contact (CW POC). The district and the CW POC will collaborate to set up transportation for the student within five (5) school days of the school selection decision.*

Depending on the circumstances and the specific child, possible transportation arrangements include, but are not limited to:

- district-arranged transportation, which may include drop off and pick up stops (even if across district boundaries);
- foster parent provides transportation (with possible reimbursement via Title IV-E funds);
- relative to the child provides transportation (with possible reimbursement via Title IV-E funds);
- day care provides transportation (with possible reimbursement via Title IV-E funds);
- transportation covered by other programs for which the child is already eligible (e.g. where transportation has been determined by a child's IEP team to be a necessary related service, IDEA funds may be used to pay for transportation services); or
- other arrangements based upon the specific child's circumstances, including public transportation, contracted services, etc.

The following factors will be considered by the district, in collaboration with the CW POC, when deciding on an appropriate mode of transportation:

- the child’s safety and best interests;
- the length and distance of the commute; and
- all available transportation options.

The district will collaborate with the CW POC to develop additional transportation procedures to ensure the educational stability of children in foster care.

**DISPUTE RESOLUTION PROCESS**

It is this district’s policy that disputes with IDHW regarding paying costs of transportation will not result in a child in foster care missing school. If such a dispute arises, the district will make every effort to resolve the dispute collaboratively with IDHW at the local level. *To ensure no disruption for the child, the agency that had been paying for transportation prior to the dispute will continue to pay until the dispute is resolved. If transportation was not provided previously, the district will arrange and provide the transportation, and IDHW will reimburse the district for additional costs, while payment disputes are being resolved.*

Disputes between the district and IDHW regarding implementing the local transportation procedures, calculating and paying for additional costs of transportation to the school of origin for children in foster care, or other inter-agency transportation disputes will be resolved by the SDE Foster Care Liaison and the IDHW state POC pursuant to procedures adopted by those state agencies. The decision of the state agencies shall be the final resolution.

Upon request from another Idaho school district, this district will make available information on an applicant's past job performance and/or job related conduct as described in Idaho Code §33-1210(1)(b) and *Policy 404.50*. Such information will be provided within twenty (20) business days after receiving the request. In accordance with Idaho law, names of any student or fellow employee complainant, other than the employee's administrative evaluator or administrative author of communication to the employee, will be redacted from such provided documentation.

The district may provide information about the job performance, professional conduct, or evaluation of a former or current employee to a prospective employer that is not a school district at the request of the prospective employer or the current or former employee. Any information provided will be provided in good faith.

This district will not maintain a blacklist, or notify any other employer that any current or former employee has been blacklisted by this district, for the purpose of preventing the employee from receiving employment.

Any and all information regarding a current or former employee received through a substance abuse testing program will be held confidential by the district and will not be disclosed to a prospective employer unless such disclosure is approved in writing by the current or former employee.

#### **PROHIBITION ON AIDING AND ABETTING SEXUAL ABUSE**

All district employees, contractors or agents are prohibited from assisting a district employee, contractor or agent from obtaining a new job if the individual or district knows, or has probable cause to believe, that such district employee, contractor or agent has engaged in sexual misconduct regarding a minor or student in violation of the law. This prohibition does not apply to the routine transmission of administrative and personnel files in accordance with Idaho Code §33-1210 or other applicable law, regulation or policy.

The prohibition described herein shall not apply to cases in which the alleged misconduct was properly reported to law enforcement and any other authorities required by federal, state, or local law; and:

1. The matter was officially closed;
2. The prosecutor or law enforcement agency with jurisdiction over the case investigated the allegations and notified district officials that there is insufficient information to establish probable cause that the individual engaged in sexual misconduct with a minor or student in violation of the law;
3. The individual alleged to have engaged in sexual misconduct with a student or minor has been charged with and acquitted or otherwise exonerated of the sexual misconduct; or

4. The case or investigation has remained open and no indictment or other charges have been brought within four (4) years of the date on which the information was provided to law enforcement.

Policy 404.50 (Information on Past Job Performance)

The board recognizes the individual rights of its employees to participate in political activities, including seeking elective office or participating in candidate or ballot measure campaigns. To protect the rights of district employees to engage in such activities, while at the same time preserving the integrity of the education objectives and responsibilities of the district, the board adopts the following policy.

## **DEFINITIONS**

For purposes of this policy, the following definitions apply:

“Advocate” means to campaign for or against a candidate or the outcome of a ballot measure. The term does not include providing factual information about a ballot measure and the district’s reason for the ballot measure stated in a facially neutral manner. Factual information includes but is not limited to the cost of indebtedness, intended purpose, condition of property to be addressed, date and location of election, qualifications of candidates, or other applicable information necessary to provide transparency to electors.

“Ballot measure” means constitutional amendments, bond measures, or levy measures.

“Candidate” means and includes every person for whom it is contemplated or desired that votes be cast at any political convention, primary, general, local or special election and who either tacitly or expressly consents to be so considered.

*“School activities” means any activity sponsored by the district including, but not limited to, classroom work, library activities, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and in-school lunch periods.*

*“Work hours” for employees refers to the period between the time an employee is scheduled to begin work and the end of the employee’s assigned work day (excluding the employee’s lunch and break periods), and any paid overtime hours or extra-duty hours for which the employee has volunteered or been assigned.*

## **POLITICAL ACTIVITIES OF EMPLOYEES IN GENERAL**

Employees of the district, while acting in the capacity of a school district employee, shall not advocate for or against a candidate or ballot measure during instructional time or while they are responsible for other duties, or while they are in settings where they are likely to have contact with students. Employees are free to engage in political advocacy outside of the school day, work hours or school activities, and to campaign for and run for elective office. Employees shall not allow such political advocacy to interfere with the proper performance of their duties.

Teachers or other district employees may not use or recruit students during the school day, during work hours or at school activities for either distribution of political materials or other

political activities. This prohibition does not preclude balanced classroom discussions or debate of current or pending election issues.

Employees shall not use their official authority or influence to compel a person to support or oppose a candidate or ballot measure, or to pay or promise to pay a political contribution.

Employees may not use public facilities, equipment, or supplies that are purchased with district funds to advocate for or against a candidate or ballot measure. This prohibition does not preclude the district or its employees from preparing and distributing to electors an objective statement explaining the purpose and effect of a ballot measure or other information required or otherwise authorized by law.

Nothing in this policy shall prohibit district employees from personally campaigning, speaking, or otherwise advocating for or against a candidate or ballot measure, or from personally contributing to a candidate or ballot measure campaign, provided no district funds or property are used for such purposes.

The district will develop and follow an individual health plan for each student with seizure disorder or epilepsy. Each individual health care plan will include an individual emergency plan element. The health plans will be updated at least annually and more frequently as needed.

The school nurse at each district school is responsible for consulting and coordinating with the student's parents/guardians and, where appropriate, health care provider to develop the individual health plan, and for training and supervising appropriate school personnel in proper procedures for care of students with epilepsy or other seizure disorders to ensure a safe learning environment. Training may also be provided by a national organization that offers training for school nurses and other school personnel. Basic training for all school staff on how to identify seizures and respond in emergencies will be provided at least annually. Additional training may be provided for designated staff.

In addition to adhering to the requirements of each individual health plan for the general care of students with seizure disorder or epilepsy, the district will:

1. Acquire necessary parent/guardian requests and instructions for treatment administration of rescue medications.
2. Where appropriate, and with parent/guardian consent, acquire monitoring and treatment orders from licensed health care providers.
3. Provide sufficient and secure storage for medical equipment and medication provided by the parent/guardian for use by their student.
4. Establish school policy exceptions necessary to accommodate students' needs related to epilepsy or other seizure disorders, as described in the individual health plan.
5. Ensure the development of individual emergency care plans within each individual health plan.
6. Ensure each individual health plan is reviewed at least annually.
7. Ensure each student's individual health care plan will be distributed to appropriate staff based on the student's needs and the staff member's contact with the student.
8. Ensure school staff and other appropriate personnel (e.g., bus drivers) receive basic information about seizures and training on how to identify and respond in emergencies.

The Protection of Pupil Rights Amendment (PPRA) affords certain rights to parents and students eighteen (18) years of age or older (“eligible students”) with regard to the surveying of students, the collection and use of information from students for marketing purposes, and certain non-emergency medical examinations. In addition, Idaho law affords parents/guardians the right to preview certain non-curricular related student surveys, well-being questionnaires, or health screening forms.

Surveys requesting personal information, as defined herein, from students, as well as any other well-being questionnaire, health screening, or other instrument used to collect personal information from students, must relate to the district’s educational objectives as set forth in board policy.

In accordance with Idaho law, any non-curricular related survey, well-being questionnaire, or health screening, as defined herein, must be approved by the superintendent or designee before it is administered to any student by a district employee.

## **DEFINITIONS**

“Eligible student” means a student over the age of eighteen (18).

“Instructional material” means material provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). This term does not include academic tests or academic assessments.

“Invasive physical examination” is defined as any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

“Non-curricular related survey, well-being questionnaire, or health screening” means surveys or other assessments other than those conducted as part of a student’s course of study. The term does not include assessments conducted for purposes of eligibility under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act, nor does it include assessments conducted under the district’s suicide prevention policy and procedures (*Policy 566 and 566P*).

“Personal information” means

- (a) individually identifiable information, including a student’s or parent’s first and last name; a home or other physical address (including a street name and the name of the city or town); a telephone number; or a social security number;

- (b) information regarding an individual student's (i) sexuality; (ii) sex; (iii) religion; (iv) personal political beliefs; (v) mental or psychological problems; (vi) personal family information; or (vii) individual or family financial information.

## **HEALTH SERVICES**

As part of its total educational program, the district may offer health services to students. At the start of each school year, the district will notify parents/guardians of the health services offered or made available through the district or private organizations that partner with the district to provide health related services on school property or as part of a school program. Parents/guardians will be notified in writing of any new health services that become available after the annual notice is sent.

Types of health services offered by the district may include, but are not limited to:

1. Vision and hearing screening.
2. Scoliosis screening.
3. Immunization as provided by the Idaho Department of Health and Welfare.
4. Medication administration.
5. First aid and emergency care.
6. Appropriate management of student health conditions with parental consent.

Parents/guardians will receive written notice of any screening result which indicates a condition that may interfere with a student's progress. Parent/guardian consent to any health or wellness service does not waive the parents'/guardians' right to access their children's educational or associated health records or to be notified about their children's health status or monitoring.

Health screenings or other actions taken pursuant to the district's suicide prevention policy and procedures (*566 and 566P1*) are outside the scope of this policy and do not require prior parental consent.

All district employees are prohibited by Idaho law from providing any of the following services to any person while acting within the scope of their employment:

1. Providing or performing an abortion;
2. Counseling in favor of abortion;
3. Referring for abortion; or
4. Dispensing a drug classified as emergency contraception by the Food and Drug Administration.

## **ANNUAL NOTIFICATION REQUIREMENTS AND PARENTAL CONSENT**

The PPRA requires that parents or eligible students be directly notified at least annually at the beginning of the school year, by direct mailing or e-mail, of their right to consent or opt-out of

participation in certain school activities and the specific or approximate dates of each activity. For surveys and activities scheduled after the school year starts, parents will be provided with reasonable notification of the planned activities and surveys listed below and an opportunity to opt their child out of such activities and surveys.

Prior written parental consent will be obtained before minor students are required to participate in any U.S. Department of Education funded survey, analysis, or evaluation that reveals information concerning any of the following eight protected areas:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student's parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents will receive notice of specific or approximate dates of and opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any non-emergency, invasive physical exam, or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

**EXCEPTION FOR DEVELOPMENT, EVALUATION, OR PROVISION OF EDUCATIONAL SERVICES**

The district is not prohibited under either federal or state law from collecting, disclosing, or using personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This includes the following:

1. Book clubs, magazines, and programs providing access to low-cost literary products;
2. College or other post-secondary education recruitment or military recruitment;
3. Curriculum and instructional materials used by elementary and secondary schools;
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of aggregate data from such tests and assessments;
5. The sale by students of products to raise funds for school-related or education-related activities; and
6. Student recognition programs.

**RIGHT TO INSPECT**

Upon request, parents or eligible students have the right to inspect, prior to any administration or use, protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; any instructional materials used in connection with any survey that concerns one or more of the protected areas; and any instructional material used as part of the educational curriculum for the district.

In the case of surveys, questionnaires, or screenings requesting personal information as defined in section (b) above, the survey, questionnaire, or screening will be provided to the student's parents/guardians and the *written* permission of parents/guardians shall be obtained before administering the survey, questionnaire, or screening to the student. The employee overseeing the survey, questionnaire, or screening is responsible for maintaining documentation that all required parental and administrative permission has been given.

**DEVELOPMENT OF POLICIES**

The district will develop and adopt policies, in consultation with parents, regarding the rights set forth in the PPRA, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or distribution purposes. *The superintendent will appoint a committee, the membership of which will include parents, school personnel, and community social service providers. The committee shall follow the provisions set forth in the PPRA and Idaho law and propose a draft policy to the board of trustees for its review and approval.*
