Legislative Update (May be updated on Monday March 9 following the close of session)

As of March 4, 2026 -

The COSA team has done a high-level analysis of all available budget documents and bill amendments, and we are pleased to report that we do not see any cuts or reductions to K-12 funds that go directly to school districts and ESDs. This includes the State School Fund, all Student Success Act funded programs, and state grant-in-aid programs. This is due in large part to your collective advocacy on behalf of our students and our schools.

There is one notable budget reduction – the Legislature is redirecting approximately \$17 million in unspent funds for the Safe Routes to Schools program to shore up the ODOT budget. We also know that all state agencies will be asked to hold open vacancies among other cost cutting measures, but we do not yet have details on how this may impact ODE. There are no add backs to programs that have been previously cut (such as Outdoor School) and no new investments that were proposed during the Session (such as School Meals for All). Additionally, the budget framework does not make use of the Education Stability Fund or the state's Rainy-Day Fund to balance the budget.

The Co-Chairs of Ways and Means have released their [budget framework](#), which includes House Bills [5203](#), [5703](#), [5204](#), and [SB 1601](#). This package of budget bills will be heading to the House and Senate floor for votes later this week.

As more details become available, we will share them with you. Look for a high-level summary of the Session shortly after adjournment. We will also be preparing a full analysis and 2026 Session Report with our colleagues at the Oregon School Boards Association.

CCAC

The CCAC met again in February to continue their review of the science curricular options we have narrowed the list to at each level. Initial pilot feedback was also shared with them, but more pilot data will be available for their March meeting once the pilots have concluded. These are the curricula that are still under consideration at each level:

Elementary - Twig (by Imagine Learning) and Science Techbook (by Discovery)

Middle School - Twig (by Imagine Learning) and OpenSciEd

High School - OpenSciEd and Patterns High School Science for All

Instructional Leadership

It is difficult to fully capture in just a few paragraphs the incredible work taking place

across the district to elevate student engagement, strengthen instructional practices, and deepen instructional leadership. Each of our schools is staffed by educators who are deeply committed to this work and driven by a desire to continuously improve in service of our students.

As a district, we remain focused on several key areas of growth, recognizing that this is not an exhaustive list. These areas include refining our feedback cycles; strengthening both the giving and receiving of feedback; increasing student engagement and rigor; remaining anchored to our shared instructional vision; and sustaining high levels of adult learning. Together, these efforts reflect our collective commitment to continuous improvement and to ensuring high levels of learning for every student.

Attendance & Belonging

School Spotlight

Student voice: BMS continues to use student empathy interviews to hear from individual students in grades 6-8 their thoughts on attendance, acceptance, belonging, and understanding at school. Additionally, both the annual CharacterStrong School Climate Survey and the Student Health Survey showed promising results with a majority of BMS students reporting they feel safe and accepted at school.

TSEL

Leann has been working with two county-wide collaboratives on TSEL standards, practices and implementation strategies on both the ESD side and the county government side of TSEL implementation. Key efforts for these groups include mental health support, suicide prevention and planning a county wide free training for teachers/staff in the fall.

We are planning our next set of TSEL staff breakout sessions for March and April. Each staff member will attend or lead a session. Session topics are:

- Adverse Childhood Experiences (ACES)
- Neuroscience and Science of the Brain
- Youth Anxiety
- Adverse Childhood Experiences (ACEs)
- Behavior Management
- Collaborative Problem Solving
- Practicing Educator Wellness
- Suicide Prevention (Question, Persuade, Refer)

Salvage/History Work

The Banks School District is proud to partner with the Banks Historical Society on a 2026 cultural heritage grant awarded by the Cultural Coalition of Washington County (CCWC), the re-granting board of the Oregon Cultural Trust in Washington County. Through this grant, the Banks Historical Society will lead *On the Banks of Dairy Creek: A Rural Cultural Heritage Series*, a four-part program designed to explore the rich cross-cultural and rural heritage of western Washington County. This series will provide engaging, educational community presentations that connect residents of all ages to the history and stories that have shaped our region. Historical Society members have been invited to the April Board meeting when we will recognize this partnership.

This partnership reflects our shared commitment to honoring local history and strengthening community connections. By bringing students, families, and community members together around the stories of our area, we deepen students' understanding of place, identity, and belonging. The presentations will take place both in our schools and at community locations, creating multiple opportunities for participation.

We encourage families and community members to stay tuned for additional details about presentation dates, locations, and ways to attend or become involved. More information will be shared in upcoming newsletters, on our district website, and through school communications. We look forward to learning together and celebrating the history that connects us all.

INDEPENDENT AUDITORS' REPORT

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Banks School District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Banks School District, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Banks School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

The District adopted new accounting guidance, GASB Statement No. 101 – *Compensated Absences*, during the fiscal year under audit. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Banks School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Banks School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Banks School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information presented as required supplementary information, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the listing of board members containing their term expiration dates, located before the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have issued our report dated December 15, 2025 on our consideration of compliance with certain provisions of laws and regulations, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

**BANKS SCHOOL DISTRICT NO. 13
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2025**

INTRODUCTION

As management of Banks School District (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the year ended June 30, 2025. It should be read in conjunction with the District's financial statements which follow this section.

FINANCIAL HIGHLIGHTS

- At June 30, 2025, the District's government-wide assets and deferred outflows exceeded its liabilities and deferred inflows by \$6,189,705.
- At June 30, 2025, the General Fund had a total fund balance of \$1,943,285. This represents 14% of the total General Fund expenditures and 4% the total governmental funds' balance.
- The District has \$55,677,027 of long term outstanding debt as of June 30, 2025. The District's total debt increased by approximately \$50,451,164 during the 2024-25 fiscal year, primarily due to the issuance of 2024 general obligation bonds.
- The Debt Service Fund's primary revenue source is property taxes
- Beginning Net Position for FY 2024-2025 was restated and reduced by \$592,799 due to the adoption of GASB Statement 101, *Compensated Absences*.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the assets and liabilities of the District at year end. Net position is what remains after the liabilities have been paid or otherwise satisfied. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

**BANKS SCHOOL DISTRICT NO. 13
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2025**

OVERVIEW OF THE FINANCIAL STATEMENTS, continued

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District funds can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. The District has four major funds; the General Fund, the Special Projects Fund, the Debt Service Fund, and the Capital Projects Fund.

Proprietary Funds

The District maintains an Internal Service Fund. The Internal Service Fund is an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an Internal Service Fund to account for its pension obligation bonds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. They are an integral part of the basic financial statements and should be read in conjunction with them.

Other Information

This information presents both the Required Supplementary Information and other Supplementary Information, including the Schedule of Proportionate Share of the Net Pension Liability, Schedule of Changes in Other Post Employment Benefits Liability, required budgetary comparison information and other required financial schedules.

 Total net position	 <u>\$ 6,189,705</u>	 <u>\$ 4,529,629</u>

As noted earlier, net position may serve over time as a useful indicator of a District's financial position. At June 30, 2025, the District's net assets and deferred outflows exceeded liabilities and deferred inflows by \$6,189,705.

A large portion of the District's net position reflects its investment in capital assets. Capital assets of the District include land, buildings, improvements, vehicles, and equipment, representing approximately 21% of total assets and deferred outflows of resources. Current assets consist mainly of cash, investments, grant and property taxes receivable. Other noncurrent assets include lease assets recognized per the provisions of GASB 87, subscription based information technology arrangements (SBITAs) assets recognized per the provisions of GASB 96, and an OPEB plan asset recognized per the provisions of GASB 75 for the Retirement Health Insurance Account (RHIA) program available to Oregon PERS retirees.

**BANKS SCHOOL DISTRICT NO. 13
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2025**

GOVERNMENT-WIDE FINANCIAL ANALYSIS, continued

Deferred outflows and inflows of resources include pension related deferrals recognized per the provisions of GASB 68, and OPEB RHIA and Total OPEB related deferrals recognized per the provisions of GASB 75.

The District's proportionate share of the net pension liability is recognized per the provisions of GASB 68 and accounts for 15% of total liabilities and deferred inflows of resources. The District's liability for general obligation bonds (including bond premiums) totals \$53,919,537 and is used to finance capital asset acquisition and construction. This liability accounts for 72% of total liabilities and deferred inflows of resources. Current liabilities primarily consist of accounts payable, payroll withholdings, and accrued benefits. Other noncurrent liabilities include pension obligation bonds outstanding, a direct borrowing note payable, total OPEB liability recognized per the provisions of GASB 75, lease obligations recognized per the provisions of GASB 87, and SBITAs obligations per the provisions of GASB 96.

Revenues

Since the District's mission is to provide a free and appropriate public education for kindergarten through twelfth grade students within its boundaries, the District may not charge for its core services. As expected, therefore, general revenues provide 92% of the funding required for governmental programs. The combination of property taxes and the state school fund combine to account for 88% of general revenues and 72% of total revenues.

Expenses

Expenses related to governmental activities are presented in several broad functional categories. Costs of direct classroom instruction and activities account for 53% of total expenses. In addition, costs of supporting services related to students, instructional staff, and school administration account for 34% of total expenses.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Government Funds

The focus of the District's governmental funds is to provide information on relatively short-term cash flow and funding for future basic services. Such information is useful in assessing the District's financial requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending.

At June 30, 2025, the District's governmental funds reported combined ending fund balances of \$55,181,548. Of this amount, \$1,942,885 constitutes unassigned fund balance, which is available for spending at the District's discretion.

**BANKS SCHOOL DISTRICT NO. 13

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS, continued

General Fund

The General Fund is the chief operating fund of the District. At June 30, 2025, the General Fund ending fund balance was \$1,943,285. As a measure of the fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. The total ending fund balance represents about 14% percent of total General Fund expenditures for 2024-2025.

Special Projects Fund

At June 30, 2025, the Special Projects Fund had a total fund balance of \$685,266. This fund includes federal and state grants, student body activities, food service and the athletics/activities funds.

Debt Service Fund

In 2024-25, the expenditures of this fund totaled \$2,360,737 and were used for principal and interest payments on general obligation bonds.

Capital Projects Fund

In 2024-25, the expenditures of this fund totaled \$2,997,857 and were used for improvements to District facilities.

**Reconciliation of Statement of Revenues, Expenditures
and Changes in Fund Balance – Governmental Funds –
To Statement of Activities**

For the Year Ended June 30, 2025

Net Change in Fund Balance	\$	51,807,490
----------------------------	----	------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which fixed assets exceed depreciation:

Capital Asset Additions	\$	3,014,088	
Lease and SBITA Additions		9,369	
Depreciation expense		(722,021)	
Amortization expense		(36,591)	
		2,264,845	2,264,845

Repayment of bond principal and post retirement obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Additions to bond principal and post retirement obligations is an other financing source in the governmental funds but reduces the liability in the Statement of Net Position. Governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are considered unavailable and amortized in the Statement of Activities.

Lease and SBITA Proceeds	\$	(9,369)	
Bond Proceeds		(52,224,212)	
GO Bond Payment and Loan Payment		1,449,881	
Bond Premium/Discount		226,295	
		(50,557,405)	(50,557,405)

Under the accrual basis of accounting, interest on long-term debt is accrued when payments are not due until after year end. (1,062,052)

Compensated absences are accrued as earned by employees on the Statement of Activities. In the governmental funds they are expensed at the time amounts due are paid. (96,872)

Principal and interest payments related to leases and SBITAs are recorded as expenditures in the governmental funds. On the Statement of Activities however, recorded expenditures are for interest on the debt as well as amortization of the related assets.

Leases, GASB 87	\$	14,501	
SBITAs, GASB 96		22,226	
		36,727	36,727

Pension expense represents the change in net pension asset (liability) from year to year due to changes in total pension liability and the fair value of the pension plan net position available to pay PERS pension benefits, and is not included in the governmental funds. (214,771)

The expense related to OPEB liability represents the net changes in the liability balance from year to year and is not recorded in the governmental funds. 22,545

RHIA Expense represents the changes in RHIA Asset (Liability) from year to year due to changes in total RHIA liability (asset) and the fair value of RHIA plan net position available to pay RHIA benefits. 23,554

Property tax revenue in the Statement of Activities differs from the amount reported in the governmental funds. In the governmental funds, which are on the modified accrual basis, the District recognizes unavailable revenue for all property taxes levied but not received, however in the Statement of Activities, there is no unavailable revenue and the full property tax receivable is accrued. 14,330

An internal service fund is used to charge the costs of repaying the pension obligation bonds to the individual funds. The net revenue of the internal service fund is included in the statement of activities. 14,484

BANKS SCHOOL DISTRICT NO. 13
WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies are described below.

REPORTING ENTITY

The Banks School District No. 13 is a municipal corporation, established under the provisions of Oregon Revised Statutes 332, and is governed by an elected five-member board. As required by generally accepted accounting principles, these financial statements present Banks School District No. 13 (the primary government) and any component units. Component units, as established by the Governmental Accounting Standards Board (GASB) Statement 61, are separate organizations that are included in the District's financial statements because of the significance of their operational or financial relationships with the District and the existence of a financial benefit/burden. There are no component units.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (the statement of net position and the statement of activities) report information on the District as a whole, excluding nonfiduciary activities, if any. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the various functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from internal service activities, which rely to a significant extent on fees and charges for support. The activities are characterized as *governmental activities and business-type activities*.

The statement of activities reports the activities by *function*. The major functions are instruction and support services; however, amounts are also reported for community services (primarily food service). The statement of activities demonstrates the degree to which the direct expenses of a given function (i.e., instruction, support services, etc.) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Direct expenses are not eliminated from the various functional categories, whereas indirect expenses are eliminated from the functional categories in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are “measurable and available”). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, revenues are considered to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

The accounts are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Separate fund financial statements are provided for governmental funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The following *major governmental funds* are reported:

General Fund

This is the primary operating fund. This fund accounts for all financial resources and expenditures not required to be accounted for in another fund. The principal revenue sources are property taxes and an apportionment from the Oregon State School Fund.

Special Projects Fund

This fund consists of all grant activity, fundraising, food service, and student body activities. Grant revenue is primarily from federal and state sources, while student body, food service, and fundraising revenues are primarily from local sources.

Debt Service Fund

This fund accounts for the repayment of general obligation debt. The primary revenue source is property taxes.

WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Capital Projects Fund

This fund accounts for the construction and acquisition of capital assets. The primary revenue source is interest on investments.

There is also an internal service fund:

Pension Obligation Bond Fund

This fund accounts for the repayment of the 2007 pension obligation bonds issued to advance fund the unfunded actuarial liability for the Oregon Public Employees Retirement System. The fund assesses other funds to provide the resources to pay the debt service on the pension obligation bonds.

The internal service fund uses the economic resources measurement focus and the accrual basis of accounting and distinguishes operating revenues and expenses from nonoperating items. Operating revenues consist of interfund assessments to other funds, while operating expenses include payments for debt services. All other revenues and expenses are reported as nonoperating revenues and expenses.

BUDGETS

A budget is prepared and legally adopted for each governmental fund type on the modified accrual basis of accounting in the main program categories required by Oregon Local Budget Law. The budgets for all budgeted funds are adopted on a basis consistent with generally accepted accounting principles except the property taxes received after year-end are not considered budgetary resources in the funds, inventory is expensed when purchased, debt and OPEB benefits are recorded as an expenditure when paid and a revenue when issued, capital outlay is recorded as an expenditure rather than capitalized, and depreciation and amortization are not recorded. All annual appropriations lapse at fiscal year-end.

The budget process begins early in each fiscal year with the establishment of the budget committee. Recommendations are developed through late winter with the budget committee approving the budget in early spring. Public notices of the budget hearing are generally published in spring with a public hearing being held approximately three weeks later. The Board may amend the budget prior to adoption; however, budgeted expenditures for each fund may not be increased by more than ten percent without re-publication. The budget is then adopted, appropriations are made, and the tax levy declared no later than June 30th.

Expenditure budgets are appropriated at the following levels for each fund: Instruction, Support Services, Enterprise & Community Services, Facilities Acquisition and Construction, Other Uses - Debt Service and Interfund Transfers, and Operating Contingency.

Expenditures cannot legally exceed the adopted appropriation levels except in the case of grants which could not be estimated at the time of budget adoption. Management may amend line items in the budget without Board approval as long as appropriation levels (the legal level of control) are not changed.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Supplemental appropriations may occur if the Board approves them due to unforeseen circumstances, which could not be determined at the time the budget was adopted.

Budget amounts shown in the basic financial statements reflect the original and final budgeted appropriation amounts. Expenditures of the various funds were within authorized appropriations for the year ended June 30, 2025, except for Enterprise and Community Services in the Special Projects Fund, which were overspent by \$74,952.

CASH AND INVESTMENTS

For financial reporting purposes, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Fair Value Inputs and Methodologies and Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Observable inputs are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are developed based on the best information available about the assumptions market participants would use in pricing the asset. The classification of securities within the fair value hierarchy is based up on the activity level in the market for the security type and the inputs used to determine their fair value, as follows:

Level 1 – unadjusted price quotations in active markets/exchanges for identical assets or liabilities that each Fund has the ability to access.

Level 2 – other observable inputs (including, but not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, loss severities, credit risks and default rates) or other market–corroborated inputs).

Level 3 – unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available (including each Fund’s own assumptions used in determining the fair value of investments).

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the fair value hierarchy classification is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PROPERTY TAXES RECEIVABLE

Uncollected real and personal property taxes are reflected on the statement of net position and the balance sheet as receivables. Uncollected taxes are deemed by management to be substantially collectible or recoverable through liens. All property taxes receivable are due from property owners within the District.

Under state law, county governments are responsible for extending authorized property tax levies, computing tax rates, billing and collecting all property taxes, and making periodic distributions of collections to entities levying taxes. Property taxes become a lien against the property when levied on July 1 of each year and are payable in three installments due on November 15, February 15 and May 15. Property tax collections are distributed monthly except for November, when such distributions are made weekly.

ACCOUNTS RECEIVABLE

Accounts receivable consist of amounts due from intermediate sources and miscellaneous reimbursements. Accounts receivable are considered by management to be fully collectible; therefore, no allowance for uncollectible accounts has been made.

GRANTS

Unreimbursed expenditures due from grantor agencies are reflected in the basic financial statements as receivables and revenues. Grant revenues are recorded at the time eligible expenditures are incurred. Cash received from grantor agencies in excess of related grant expenditures are recorded as unearned revenue on the statement of net position and the balance sheet.

PREPAID EXPENSE

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

CAPITAL ASSETS

Capital assets include land, buildings, improvements, vehicles, furniture, fixtures, and equipment. Capital assets are recorded at original cost or estimated original cost. Donated capital assets are recorded at their estimated fair market value on the date donated. Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Interest incurred during construction is not capitalized. The cost of routine maintenance and repairs that do not add to the value of the assets or materially extend asset lives are charged to expenditure as incurred and not capitalized. Capital assets are depreciated using the straight-line method over the following useful lives: Building and Improvements over 25 to 40 years, and Vehicles and Equipment over 3 to 20 years. Major outlays for capital assets and improvements are capitalized as projects are constructed. One-half year of depreciation is taken in the year the assets are acquired or retired. Gains or losses from sales or retirements of capital assets are included in operations of the current period.

BANKS SCHOOL DISTRICT NO. 13
WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported items. These can include the amounts of assets, liabilities, disclosure of contingent assets and liabilities, and the reported amount of revenues and expense/expenditures during the reporting period. Accordingly, actual results could differ from estimates.

COMPENSATED ABSENCES

The District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – vacation and sick leave. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Vacation

The District's policy permits certain employees to accumulate earned but unused vacation benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

Sick Leave

The District's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the District and, upon separation from service, no monetary obligation exists. However, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences.

BANKS SCHOOL DISTRICT NO. 13
WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

UNAVAILABLE REVENUE

On the fund financial statements, unavailable revenue arises when resources do not satisfy both the measurable and available criteria for recognition in the current year, for example, if property taxes are received more than 60 days after year-end. In subsequent periods, when recognition criteria are met, the deferred inflow for unavailable revenue is removed and revenue is recognized.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts are amortized over the life of the bonds, using the straight line method in the government-wide financial statements. The straight line method does not differ significantly from the effective interest rate method. Unamortized premiums and discounts are presented as additions or subtractions from the face amount of the bonds. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period.

The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources, while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Early retirement benefits are recognized when the District becomes obligated for the benefits (i.e., when the eligible employee retires). The amount recognized is the undiscounted estimate of the future benefits to be paid.

INTERFUND PAYABLES, RECEIVABLES AND TRANSFERS

The receipt and payment of monies through one central checking account, as well as transfers between funds, result in interfund payables and receivables until cash is transferred from one fund to the other. These amounts represent current assets and liabilities and are reported as due to or due from other funds.

RETIREMENT PLANS

Substantially all of the District's employees are participants in the State of Oregon Public Employees Retirement System (PERS). For the purpose of measuring the net position liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about fiduciary net position of PERS and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value. GASB Statements 68 and 71 have been implemented as of July 1, 2014.

LEASE AND SUBSCRIPTION ASSETS

Lease assets and assets related to subscription-based information technology arrangements (SBITAS) are assets which the government leases for a term of more than one year. The value is determined by any initial down payments plus the net present value of the required future payments at the government's incremental

borrowing rate at the time of the lease agreement, amortized over the term of the agreement. In the governmental fund financial statements, debt proceeds revenue and capital outlay expenses are recorded for all lease or SBITA agreements entered into during the year.

LEASES AND SUBSCRIPTIONS PAYABLE

In the government-wide financial statements, leases payable and payables related to subscription based information technology arrangements (SBITAs) are reported as liabilities in the Statement of Net Position. In the governmental fund financial statements, annual payments related to leases and SBITAs are recorded as debt service expenditures.

NET POSITION/FUND BALANCE

Net Position

Net position comprises the various net earnings from operations, nonoperating revenues, expenses and contributions of capital. Net position is classified in the following three categories.

- Net investment in capital assets – consists of all capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted – consists of external constraints placed on net position use by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position – consists of all other net position that are not included in the other categories previously mentioned.

The following order of spending is used regarding net position categories: Restricted resources are spent first when both restricted and unrestricted resources are available for expenses.

Fund Balance

In March 2009, the GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund-type Definitions*. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund-type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds.

Under this standard, the fund balance classifications of reserved, designated, and unreserved/undesignated were replaced with five new classifications – nonspendable, restricted, committed, assigned, and unassigned.

NOTES TO BASIC FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NET POSITION/FUND BALANCE (CONTINUED)

- Nonspendable fund balance represents amounts that are not in a spendable form. The nonspendable fund balance represents prepaid items.
- Restricted fund balance represents amounts that are legally restricted by outside parties for a specific purpose (such as debt covenants, grant requirements, donor requirements, or other governments) or are restricted by law (constitutionally or by enabling legislation).
- Committed fund balance represents funds formally set aside by the governing body for a particular purpose. The use of committed funds would be approved by resolution.
- Assigned fund balance represents amounts that are constrained by the expressed intent to use resources for specific purposes that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body or by an official to whom that authority has been given by the governing body.
- Unassigned fund balance is the residual classification of the General Fund. Only the General Fund may report a positive unassigned fund balance. Other governmental funds would report any negative residual fund balance as unassigned.

The following order of spending is used regarding fund balance categories: Restricted resources are spent first when both restricted and unrestricted (committed, assigned or unassigned) resources are available for expenditures. When unrestricted resources are spent, the order of spending is committed (if applicable), assigned (if applicable) and unassigned.

2. CASH AND INVESTMENTS

Cash and investments at June 30, 2025 (recorded at fair value) consisted of:

<u>Demand Deposits:</u>	<u>2025</u>	<u>Reported In:</u>	<u>2025</u>
Checking	\$ 1,398,456	Governmental Funds	\$ 58,140,587

Total	<u>\$ 58,196,773</u>		<u>\$ 58,196,773</u>

DEPOSITS

Deposits with financial institutions include bank demand deposits. Oregon Revised Statutes require deposits to be adequately covered by federal depository insurance at an approved depository as identified by the Treasury. For the fiscal year ended June 30, 2025, the bank balance was \$2,137,758. \$500,000 of the balance was insured by FDIC and the remaining balance was collateralized in accordance with Oregon Law.

Custodial Credit Risk

In the case of deposits, this is the risk that in the event of a bank failure, the deposits may not be recovered. There is no formal deposit policy for custodial credit risk. For the fiscal year ended June 30, 2025, all deposits were collateralized in accordance with Oregon law.

2. CASH AND INVESTMENTS (CONTINUED)

INVESTMENTS

State statutes authorize the investment in banker's acceptances, time certificates of deposit, repurchase agreements, obligations of the United States and its agencies and instrumentalities, and the Oregon State Treasurer's Local Government Investment Pool.

Investments in the Short-Term Fund are governed by ORS 294.135, Oregon Investment Council, and portfolio guidelines issued by the Oregon Short-Term Fund Board, which establish diversification percentages and specify the types and maturities of investments. The portfolio guidelines permit securities lending transactions as well as investments in repurchase agreements and reverse repurchase agreements. The fund appears to be in compliance with all portfolio guidelines at June 30, 2025. The LGIP seeks to exchange shares at \$1.00 per share; an investment in the LGIP is neither insured nor guaranteed by the FDIC or any other government agency. Although the LGIP seeks to maintain the value of share investments at \$1.00 per share, it is possible to lose money by investing in the pool. We intend to measure these investments at book value since it approximates fair value. The pool is comprised of a variety of investments. These investments are characterized as a level 2 fair value measurement in the Oregon Short Term Fund's audited financial report.

As of June 30, 2025, the fair value of the position in the LGIP is 100.49% of the value of the pool shares as reported in the Oregon Short Term Fund audited financial statements. Amounts in the State Treasurer's Local Government Investment Pool are not required to be collateralized. The pool is comprised of a variety of investments.

2. CASH AND INVESTMENTS (CONTINUED)

Interest Rate Risk

Oregon Revised Statutes require investments to not exceed a maturity of 18 months, except when the local government has adopted a written investment policy that was submitted to and reviewed by the OSTFB. There are no investments that have a maturity date of more than 3 months.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the value of the investment will not be able to be recovered by collateral securities that are in the possession of an outside party. There is no formal investment policy for custodial credit risk.

Concentration Risk

At June 30, 2025, 100% of total investments were in the State Treasurer’s Investment Pool. State statutes do not limit the percentage of investments in this instrument.

3. ACCOUNTS/GRANTS RECEIVABLE

Special revenue fund grants receivable are comprised of claims for reimbursement of costs under various federal and state grant programs. The receivables are considered fully collectible by management, and no allowance for doubtful accounts has been made.

5. DEFINED BENEFIT PENSION PLAN

Defined Benefit Pension Plan

Plan Description – The Oregon Public Employees Retirement System (PERS) consists of a single cost-sharing multiple-employer defined benefit plan. All benefits of the system are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A. Oregon PERS produces an independently audited Annual Comprehensive Financial Report which can be found at:

<https://www.oregon.gov/pers/Documents/Financials/ACFR/2024-ACFR.pdf>

If the link is expired please contact Oregon PERS for this information.

- a. **PERS Pension (Chapter 238).** The ORS Chapter 238 Defined Benefit Plan is closed to new members hired on or after August 29, 2003.
 - i. **Pension Benefits.** The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for police and fire employees, and 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefits results.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for police and fire members). General service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier 1 general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Police and fire member benefits are reduced if retirement occurs prior to age 55 with fewer than 25 years of service. Tier 2 members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.
 - ii. **Death Benefits.** Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following contributions are met:
 - member was employed by PERS employer at the time of death,
 - member died within 120 days after termination of PERS covered employment,
 - member died as a result of injury sustained while employed in a PERS-covered job, or
 - member was on an official leave of absence from a PERS-covered job at the time of death.
 - iii. **Disability Benefits.** A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.
 - iv. **Benefit Changes After Retirement.** Members may choose to continue participation in their variable account after retiring and may experience annual benefit fluctuations due to

changes in the fair value of the underlying global equity investments of that account. Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes (COLA). The COLA is capped at 2.0 percent.

b. **OPSRP Pension Program (OPSRP DB).** The ORS Chapter 238A Defined Benefit Pension Program provides benefits to members hired on or after August 29, 2003.

i. **Pension Benefits.** This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

Police and fire: 1.8 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for police and fire members is age 60 or age 53 with 25 years of retirement credit. To be classified as a police and fire member, the individual must have been employed continuously as a police and fire member for at least five years immediately preceding retirement.

General service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit.

A member of the pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

ii. **Death Benefits.** Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member. The surviving spouse may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70½ years.

iii. **Disability Benefits.** A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Contributions – PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. The funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2022 actuarial valuation, which became effective July 1, 2023. The state of Oregon and certain schools, community colleges, and political subdivision have made unfunded actuarial liability payments and their rates have been reduced. Employer contributions for the year ended June 30, 2025 were \$1,511,701, excluding amounts to fund employer specific liabilities. In addition approximately \$440,622 in employee contributions were paid or picked up by the District in fiscal 2025. At June 30, 2025, the District reported a net pension liability of \$11,211,297 for its proportionate share of the net pension liability. The pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated December 31, 2022. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers,

actuarially determined. As of the measurement date of June 30, 2024 and 2023, the District's proportion was .050 percent and .047 percent, respectively. Pension expense for the year ended June 30, 2025 was \$214,771.

The rates in effect for the year ended June 30, 2025 were:

- (1) Tier 1/Tier 2 – 22.17%
- (2) OPSRP general services – 19.33%

The amount of contributions subsequent to the measurement date will be included as a reduction of the net pension liability in the fiscal year ended June 30, 2026.

Amounts reported as deferred outflows or inflows of resources related to pension will be recognized in pension expense as follows:

Actuarial Valuations – The employer contribution rates effective July 1, 2023 through June 30, 2025, were set using the entry age normal actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (estimated amount necessary to finance benefits earned by employees during the current service year), (2) an amount for the amortization unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial liabilities being amortized over 20 years. For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an actuarially determined amount for funding a disability benefit component, and (c) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial accrued liabilities being amortized over 16 years.

Active members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The method and assumptions shown are based on the 2022 Experience Study which is reviewed for the four-year period ending December 31, 2022.

Long-Term Expected Rate of Return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in January 2023 the PERS Board reviewed long-term assumptions developed by both Milliman’s capital market assumptions team and the Oregon Investment Council’s (OIC) investment advisors. The table below shows Milliman’s assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation. The OIC’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Asset Class	Target Allocation	Compound Annual (Geometric) Return

Discount Rate – The discount rate used to measure the total pension liability was 6.90 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed

that contributions from the plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s proportionate share of the net pension liability to changes in the discount rate – the following presents the City’s proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percent lower (5.90 percent) or one percent higher (7.90 percent) than the current rate.

	1% Decrease ▼ (5.90%)	Discount Rate ▼ (6.90%)	Discount Rate ▼ (6.90%)	1% Increase ▼ (7.90%)
Proportionate share of the net pension liability	\$ 17,685,365	\$ 11,211,297	\$ 11,211,297	\$ 5,788,948

Changes Subsequent to the Measurement Date

As described above, GASB 67 and GASB 68 require the Total Pension Liability to be determined based on the benefit terms in effect at the Measurement Date. Any changes to benefit terms that occurs after that date are reflected in amounts reported for the subsequent Measurement Date. However, Paragraph 80f of GASB 68 requires employers to briefly describe any changes between the Measurement Date and the employer’s reporting date that are expected to have a significant effect on the employer’s share of the collective Net Pension Liability, along with an estimate of the resulting change, if available.

There are no changes subsequent to the June 30, 2024 Measurement Date that meet this requirement and thus would require a brief description under the GASB standard.

Deferred Compensation Plan

A deferred compensation plan is available to employees wherein they may execute an individual agreement with the District for amounts earned by them to not be paid until a future date when certain circumstances are met. These circumstances are: termination by reason of resignation, death, disability, or retirement; unforeseeable emergency; or by requesting a de minimis distribution from inactive accounts valued less than \$5,000. Payment to the employee will be made over a period not to exceed 15 years. The deferred compensation plan is one which is authorized under IRC Section 457 and has been approved in its specifics by a private ruling from the Internal Revenue Service. The assets of the plan are held by the administrator for the sole benefit of the plan participants and are not considered assets or liabilities of the District.

OPSRP Individual Account Program (OPSRP IAP)

Plan Description:

Employees of the District are provided with pensions through OPERS. All the benefits of OPERS are established by the Oregon legislature pursuant to Oregon Revised Statute (ORS) Chapters 238 and 238A. Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003. Chapter 238A created the Oregon Public Service Retirement Plan (OPSRP), which consists of the Defined Benefit Pension Program and the Individual Account Program (IAP). Membership includes public employees hired on or after August 29, 2003. PERS members retain their existing defined benefit plan accounts, but member contributions are deposited into the member's IAP account. OPSRP is part of OPERS, and is administered by the OPERS Board.

Pension Benefits:

Participants in OPERS defined benefit pension plans also participate in their defined contribution plan. An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies. Upon retirement, a member of the OPSRP IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits:

Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Contributions:

Employees of the District pay six (6) percent of their covered payroll. Effective July 1, 2020, currently employed Tier 1/Tier 2 and OPSRP members earning \$2,500 or more per month (increased to \$3,333 per month in 2022) will have a portion of their 6 percent monthly IAP contributions redirected to an Employee Pension Stability Account. The Employee Pension Stability Account will be used to pay part of the member's future benefit. Of the 6 percent monthly IAP contribution, Tier 1/Tier 2 will have 2.5 percent redirected to the Employee Pension Stability Account and OPSRP will have 0.75 percent redirected to the Employee Pension Stability Account, with the remaining going to the member's existing IAP account. Members may voluntarily choose to make additional after-tax contributions into their IAP account to make a full 6 percent contribution to the IAP. The District made approximately \$440,622 of optional contributions to member IAP accounts for the year ended June 30, 2025.

Additional disclosures related to Oregon PERS not applicable to specific employers are available online, or by contacting PERS at the following address: PO Box 23700 Tigard, OR 97281-3700.

6. OTHER POST EMPLOYMENT BENEFIT PLAN (RHIA)

Plan Description:

As a member of Oregon Public Employees Retirement System (OPERS) the District contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer defined benefit other postemployment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700.

Funding Policy:

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 dollars or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 dollars shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in an OPERS-sponsored health plan. A surviving spouse or dependent of a deceased OPERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from OPERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating districts are contractually required to contribute to RHIA at a rate assessed each year by OPERS, and the District currently contributes 0.06% of annual covered OPERF payroll and 0.00% of OPSRP payroll under a contractual requirement in effect until June 30, 2025. Consistent with GASB Statement 75, the OPERS Board of Trustees sets the employer contribution rates as a measure of the proportionate relationship of the employer to all employers consistent with the manner in which contributions to the OPEB plan are determined. The basis for the employer's portion is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the plan with the total actual contributions made in the fiscal year of all employers. The District did not make significant contributions to RHIA in any of the previous three fiscal years.

At June 30, 2025, the District reported a net OPEB liability/(asset) of (\$194,960) for its proportionate share of the net OPEB liability/(asset). The OPEB liability/(asset) was measured as of June 30, 2024, and the total OPEB liability/(asset) used to calculate the net OPEB liability/(asset) was determined by an actuarial valuation as of December 31, 2022. Consistent with GASB Statement No. 75, paragraph 59(a), the District's proportion of the net OPEB liability/(asset) is determined by comparing the employer's actual, legally required contributions made during the fiscal year to the Plan with the total actual contributions made in the fiscal year of all employers. As of the measurement date of June 30, 2024 and 2023, the District's proportion was .05 percent and .05 percent, respectively. OPEB expense for the year ended June 30, 2025 was (\$23,449).

Actuarial cost method	Entry Age Normal
Inflation rate	2.40 percent
Investment rate of return	6.90 percent

Active members: Pub-2010 Employee, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation. Disabled retirees: Pub-2010 Disabled Retiree, sex distinct, generational with Unisex, Social Security Data Scale, with job category adjustments and set-backs as described in the valuation.

Actuarial valuations of an ongoing plan involve estimates of value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The method and assumptions shown are based on the 2022 Experience Study which is reviewed for the four-year period ending December 31, 2022.

Discount Rate:

The discount rate used to measure the total OPEB liability as of the measurement date of June 30, 2024 was 6.90 percent. The projection of cash flows used to determine the discount rate assumed that contributions from contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the RHIA plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments for the RHIA plan was applied to all periods of projected benefit payments to determine the total OPEB liability.

Long-Term Expected Rate of Return:

To develop an analytical basis for the selection of the long-term expected rate of return assumption, in January 2023 the PERS Board reviewed long-term assumptions developed by both Milliman’s capital market assumptions team and the Oregon Investment Council’s (OIC) investment advisors. The table below

BANKS SCHOOL DISTRICT NO. 13
WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

6. OTHER POST EMPLOYMENT BENEFIT PLAN (RHIA) (CONTINUED)

shows Milliman’s assumptions for each of the asset classes in which the plan was invested at that time based on the OIC long-term target asset allocation.

The OIC’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Asset Class	Target Allocation	Compound Annual (Geometric) Return

7. OTHER POST-EMPLOYMENT BENEFITS (GASB #75)

Plan Description: The District operates a single-employer retiree benefit plan that provides postemployment health, dental and vision insurance benefits to eligible employees and their spouses. There are active and retired members in the plan. All classes of employee are eligible to continue coverage upon retirement. Qualified spouses, domestic partners, and children may qualify for coverage. Coverage for retirees and eligible dependents continues until Medicare eligibility for each individual (or until dependent children become ineligible).

Benefits and eligibility for members are established through the collective bargaining agreements. The post-retirement healthcare plan is established in accordance with Oregon Revised Statutes (ORS) 243.303. ORS stipulated that for the purpose of establishing healthcare premiums, the rate must be based on all plan members, including both active employees and retirees. The difference between retiree claims cost, which because of the effect of age is generally higher in comparison to all plan members, and the amount of retiree healthcare premiums represents the District's implicit employer contribution. The District did not establish an irrevocable trust (or equivalent arrangement) to account for the plan

Funding Policy: The benefits from this program are paid by the District on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is not obligation on the part of the District to fund these benefits in advance.

Actuarial Methods and Assumptions: The District engaged an actuary to perform an evaluation as of July 1, 2023 using entry age normal, level percent of salary Actuarial Cost Method. The Single Employer Pension Plan liability was determined using the following actuarial assumptions, applied to all periods including the measurement:

Discount Rate per year	3.65%
General Inflation Rate per year	2.40%
Salary Scale per year	3.40%

Health Care Cost Trends:

General Obligation Bonds

General obligation bonds were issued to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for general government funds and are reported in the Governmental Activities section of the government-wide financial statements. General obligation bonds are direct obligations and pledge the full faith and credit of the District. One of three of the 2012 general obligation bonds remain. Series 2012C are deferred interest bonds issued in the amount of \$6,972,495, with interest rates ranging from 2.68% - 3.12%. The full amount of interest owed on each grouping of deferred interest bonds becomes due and payable when the bonds mature.

In July of 2024, the District issued General Obligation Bonds totaling \$49,305,194 to finance capital construction projects. The total issue consisted of \$31,055,194 of Series 2024A Deferred Interest Bonds and \$18,250,000 of Series 2024B Current Interest Bonds. The Series 2024A Bonds accrue interest at rates ranging from 3.53% to 4.86% and have maturity dates beginning in 2028 and ending in 2051. Interest compounds semi-annually and the total accumulated balance for each individual bond is paid at maturity. The Series 2024B Bonds earn interest of 5% annually, with annual principal and semi-annual interest payments scheduled through 2038.

Pension Obligation Bonds: In 2007, pension obligation bonds were issued to provide funds for the advance funding of the unfunded actuarial liability for the Oregon Public Employees Retirement System. The Pension Obligation Bond Fund accounts for the repayment of these bonds, and assesses other funds to provide the resources to pay the debt service on the pension obligation bonds.

There is one pension obligation bond issue of \$2,870,000 of limited tax pension bonds, series 2007, term bond, with interest at 5.617% and principal payable between 2017 and 2028. If an Event of Default occurs and is continuing, the Series 2007 Trustee may exercise any remedy available at law or in equity; however, the Pension Bond Payments will not be subject to acceleration.

DIRECT BORROWING

State of Oregon Department of Energy Loan: On October 25, 2011, the District entered a loan agreement with State of Oregon Department of Energy in the amount \$636,538 to provide funds for various energy efficiency projects at the District's school as part of the Department of Energy's "Cool Schools Program." Payments are made monthly. The interest rate for the loan is 3.5% and the maturity date is March 1, 2027. Collateral includes all presently existing and hereafter acquired items of machinery, equipment, improvements and related equipment and property that save energy which are located on the Premises and are a part of or related to the Project (including but not limited to those items described in Owner's Small Scale Local Energy Loan Program loan application and any exhibits and supplementary specifications, contracts, invoices or other documents submitted to and accepted by Lender hereafter, and all accessions, parts, additions, and replacements thereto, and all proceeds of any of the foregoing. Upon the occurrence of an Event of Default or declaration of an Event of Default by Lender, Lender may: (a) Cease to make any further disbursements hereunder; Accelerate the Maturity Date and declare the unpaid principal balance of the Loan, together with all unpaid accrued interest, immediately due and payable, together with the additional amounts, (c) Judicially foreclose Lender's lien against the Collateral, in the same manner as mortgages are foreclosed, (d) Exercise the rights provided to the State in ORS 470.180, (E) Pay, compromise or settle any liens on the Project, or pay other sums required to be paid by Borrower in connection with the Project using any undisbursed Loan proceeds and such additional money as may be reasonably required. In the event of payment by Lender of any encumbrance, lien, claim, or demand, Lender may, at its option, be subrogated to the extent of the amount of such payment to all the rights, powers, privileges, and remedies of the payer or payee, as the case may be, and any such subrogation rights shall be additional and cumulative security for this Agreement.

All Pension Obligation Debt is being paid by the Pension Obligation Bond Fund.

9. LEASES PAYABLE AND RIGHT-TO-USE ASSETS

The District reports Leases Payable and the related Right-To-Use Assets in accordance with GASB Statement No. 87, Leases. Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

As of 06/30/2025, Banks School District had 8 active leases. The leases have payments that range from \$250 to \$2,472 and interest rates that range from 0.7268% to 2.6149%. As of 06/30/2025, the total combined value of the lease liability is \$29,561, the total combined value of the short-term lease liability is \$11,260. The combined value of the right to use asset, as of 06/30/2025 of \$69,644 with accumulated amortization of \$40,268 is included within the Lease Class activities table found below. The leases had \$0 of Variable Payments and \$0 of Other Payments, not included in the Lease Liability, within the Fiscal Year.

10. SUBSCRIPTIONS PAYABLE AND RIGHT-TO-USE ASSETS

For the year ended 6/30/2025, the financial statements include the adoption of GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. For additional information, refer to the disclosures below.

As of 06/30/2025, Banks School District, OR had 3 active subscriptions. The subscriptions have payments that range from \$3,78 to \$13,000 and interest rates that range from 2.3540% to 2.7960%. As of 06/30/2025, the total combined value of the subscription liability is \$9,692, and the total combined value of the short-term subscription liability is \$9,692. The combined value of the right to use asset, as of 06/30/2024 of \$40,292 with accumulated amortization of \$28,013 is included within the Subscription Class activities table found below. 11. COMMITMENTS AND CONTINGENCIES

A number of federally assisted grant programs are participated in. These programs are subject to program compliance audits by the grantors or their representatives. The federal audits for these programs for the year ended June 30, 2025 have not been conducted. Accordingly, compliance with grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although management expects such amounts to be immaterial.

A substantial portion of the operating funding is received from the State of Oregon. State funding is determined through state-wide revenue projections that are paid to individual school districts based on pupil counts and other factors in the state school fund revenue formula. Since these projections and pupil counts fluctuate, they can cause increases or decreases in revenue. Due to these future uncertainties at the state level, the future effect on the operations cannot be determined.

12. PROPERTY TAX LIMITATIONS

The State of Oregon imposes a constitutional limit on property taxes for schools and non-school government operations. School operations include community colleges, local school districts, and education service districts. The limitation provides that property taxes for school operations are limited to \$5.00 for each \$1,000 of property market value. This limitation does not apply to taxes levied for principal and interest on general obligation bonded debt. The result of this requirement has been that school districts have become more dependent upon state funding and less dependent upon property tax revenues as their major source of operating revenue. The State further reduced property taxes by replacing the previous constitutional limits on tax bases with a rate and value limit in 1997. This reduction is accomplished by rolling property values back to their 1995-96 values less 10% and limiting future tax value growth of each property to no more than 3% per year, subject to certain exceptions. Taxes levied to support bonded debt are exempted from the reductions. The State Constitution sets restrictive voter approval requirements for most tax and many fee increases and new bond issues, and requires the State to minimize the impact to school districts from the impact of the tax cuts.

13. RISK MANAGEMENT

There is exposure to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which commercial insurance is carried to minimize the exposure to these risks. Settled claims have not exceeded this commercial coverage for the last three years.

Worker's compensation insurance is purchased from a commercial carrier. Premiums are determined based on payroll paid at various employment classification rates. Loss prevention services are available from the carrier, and there is no potential liability beyond the premiums paid.

14. INTERFUND ACTIVITY

The composition of interfund transfers for 2024-2025 is as follows:

Transfers Out:		Transfers In:	
General Fund	\$ 641,300	Special Projects	\$ 614,000
		Debt Service	27,300
Total	<u>\$ 641,300</u>	Total	<u>\$ 641,300</u>

The internal transfers are budgeted and recorded to show legal and operational commitments between funds such as cost sharing.

15. DEFICIT NET POSITION IN INTERNAL SERVICE FUND

The internal service fund had a negative net position amount of (\$883,814). The negative net position is expected to reverse in future years as the PERS Pension Bond approaches maturity.

16. RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

Implementation of GASB No. 101 – Compensated Absences

In fiscal year 2024-25, the District implemented Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences. This Statement was issued to improve the recognition and measurement of compensated absences and liabilities, such as vacation and sick leave, and to enhance consistency in financial reporting among governments.

GASB 101 requires that compensated absences be recognized as a liability when the related leave is earned rather than when it is paid or taken. Under the previous standard, GASB Statement No. 16, certain leave types were only recognized when they were due and payable.

As a result of implementing GASB 101, the beginning net position as of July 1, 2024 has been restated as follows:

BANKS SCHOOL DISTRICT NO. 13
WASHINGTON COUNTY, OREGON

NOTES TO BASIC FINANCIAL STATEMENTS

16. RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS (CONTINUED)

Government-wide Statement of Net Position	Governmental Activities
Beginning Net Position, as previously reported	\$ 4,529,629
Adjustment for implementation of GASB 101 (increase in compensated absences liability)	<u>(592,799)</u>
Beginning Net Position, as restated	\$ 3,936,830

The adjustment reflects the cumulative effect of applying the new standard retroactively to beginning balances. The change had to impact on fund balance in the governmental fund financial statements because liabilities for compensated absences are recognized only to the extent they are due and payable in those statements.

17. CERTAIN RISK DISCLOSURES

State and Federal Funding

The School District operates as a subdivision of the state, and as such, its funding is heavily reliant on appropriations from the state legislature to the School Support Fund (SSF). For the year ended June 30, 2025, approximately 44% of the District's total governmental fund revenues were derived from SSF grants. This concentration of funding exposes the District to significant financial risk should state funding levels decrease. Although the legislature approved the next biennial funding cycle, effective beginning July 1, 2025, the District's future funding remains uncertain, particularly given the state's dependence on federal aid for various programs, including education. Federal funding, as noted in subsequent sections, is currently experiencing reductions and is expected to face further reductions in the foreseeable future.

The District also receives a notable portion of its governmental resources through a Student Investment Account (SIA) grant, which accounted for 5% of total governmental fund resources for the fiscal year ending June 30, 2025. The SIA grant is primarily funded through the state's Corporate Activity Tax (CAT), which is subject to fluctuation based on economic conditions at both the federal and state levels. The funding cycle aligns with the state's biennial budget process, with the next cycle commencing on July 1, 2025. This concentration presents additional risk, as the volatility of the underlying tax revenue increases the potential for future reductions. The District's management continues to monitor economic trends and their potential impact on SIA funding levels.

The District also receives federal grants, which totaled 3% of its governmental fund revenues for the year ending June 30, 2025. Most of these federal grants are scheduled to begin in the upcoming fiscal year starting October 1, 2025. As of the financial statement date, federal budget negotiations for 2025-26 are ongoing, and the District's reliance on federal funding introduces exposure to the broader implications of national debt levels and potential federal spending adjustments. Management actively monitors economic and legislative developments to assess potential impacts on future federal funding.

The District's long-term financial strategies are reviewed periodically to address the risks associated with these funding concentrations.

NOTES TO BASIC FINANCIAL STATEMENTS

17. CERTAIN RISK DISCLOSURES (CONTINUED)

Payroll costs and Collective Bargaining

The School District's operating expenses are predominantly driven by employee salaries and benefits, with approximately 92% of staff compensation covered by two separate collective bargaining agreements. This heavy reliance on a limited number of agreements exposes the District to financial and operational risks, especially as future contract negotiations could significantly impact the District's resources. Negotiations with the licensed staff union, whose contract expires on June 30, 2026, are scheduled to begin during the 2026 fiscal year. The District's management is actively involved in these discussions to ensure operational continuity and to mitigate potential adverse effects on the District's budget and long-term fiscal health.

Independent Auditors' Report Required by Oregon State Regulations

We have audited the basic financial statements of the Banks School District as of and for the year ended June 30, 2025, and have issued our report thereon dated December 15, 2025. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, but were not limited to the following:

- **Deposit of public funds with financial institutions (ORS Chapter 295)**
- **Indebtedness limitations, restrictions and repayment.**
- **Budgets legally required (ORS Chapter 294).**
- **Insurance and fidelity bonds in force or required by law.**
- **Authorized investment of surplus funds (ORS Chapter 294).**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).**
- **State school fund factors and calculation.**
- **Programs funded from outside sources.**

In connection with our testing nothing came to our attention that caused us to believe the Banks School District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except for the following item:

1. We noted one instance where actual expenditures exceeded the budget, as noted on page 20.

OAR 162-10-0230 Internal Control

In planning and performing our audit, we considered internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of internal control over financial reporting.

This report is intended solely for the information and use of the Board, management and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.

Banks High School Drama

Our department

Our Club

- We meet every wednesday in the BHS cafeteria.
- The program consists of ~30 students in the current show, only ~20 being actively involved in the club.
- We hold workdays on the Saturdays throughout the rehearsal process of the current show to build the set and create the elements behind the scenes.
- Past activities include the field trips to see other school performances, Face painting at football games, AMDA college visit
- We are fully supported by ourselves, parent volunteers, and Mrs. Hatcher.

The 2025-2026 Season

- A successful wrap up from our show last december, Clue.

Each show takes approximately

100+ hours of rehearsal

And

70+ hours of support work,
including: construction,
costuming, prop creation and
procurement, etc

You are invited!

- Our next show is coming along, Romeo and Juliet, set in a western theme.
- We are performing

April 17th, 18th, 24th, 25th @7pm

April 19th and 26th @2pm

We are trying 2 weekends for the first time

Our struggles and Help we need.

Critical needs

- Storage limitations.
 - We do not have the room to keep a safe environment while storing all the things we have in the cafeteria.
 - Having the access to other areas such as the PTO storage space or others like it, or having our own small storage unit would be an incredible benefit.

Need storage
for building
materials and
large furniture

A utility sink
for our paint
brushes closer
to our stage

Needs for the future

- Lighting and Curtains.
 - Our lights and curtains are very outdated, and prevent us from being able to perform shows with the type of lighting we need. This issue is not only unsafe, but helping it would improve the look of our shows, stage, and improve the safety of our set.
- Sound System.
 - It is important that whatever we showcase is able to be heard by the audience, this is difficult to accomplish by our only amplification being small stage microphones and outdated equipment. Being able to update any part of that would be a tremendous help.

Yea: 5, Nay: 0

2. Discussion Items

2.1. Science Sequence Adoption

Caitlin Everett, BMS Principal, was present to share information on the Science adoption, including the work of the curriculum advisory committee. Teachers are piloting the 2 potential curricula now. Ms. Everett shared the sequencing of courses for both present and future options.

The Board asked clarifying questions and engaged in a discussion about the sequencing.

The newly selected curriculum will be adopted at the end of this year.

Ms. Everett also shared a letter and information that will be sent to community families. There is a year 1 and Year 2 implementation table. We anticipate higher state science scores after the implementation of the new sequence.

2.2. Bond Update

John Able with Cornerstone Management was present to give the Board an update on the Bond construction, specifically the Aux gym and High School buildings. Trailers are on site and demolition is well under way. Site investigations are being conducted, as well as the re-routing of BHS utilities. Temporary classroom facilities are on site and students have moved in. The Land Use Hearing is coming up. John also shared a schedule timeline.

Other noteworthy details include:

Five Star Builders will be mobilizing soon to start on the Auxiliary Gym.

Construction site walkthroughs could begin in April. Updates on the HS budget and bidding were shared along with supporting details. The board asked clarifying questions as needed. Auxiliary Gym budget and bidding dates were also shared. The full report is attached to the agenda. Next steps include mobilizing.

The "wish list" was reviewed. Decisions will need to be made in the near future. The Team Room shell decision is the most time sensitive. The Board will make decisions on which wish list items to fund.

8.2. Board Comments

Member Moore: Asked for any questions regarding the Bond information shared in today's Work Session. Gave clarification of the wish list and reserve funding.

Member Streblov: Appreciated the Bond wish list that was shared. Asks for a budget spreadsheet updated regularly to be shared. Excited to see the Science curriculum and is looking forward to the recommendation moving forward. Appreciated the High School and Bond updates.

Member Sipp: Is also excited about the Science adoption. Wants to give a shout out to the PTO's at all three buildings for the work they do.

Member Mazurkiewicz: Excited by the new curriculum, inspired by the direction we are heading.

Chairman Frame: Transition and construction is hard. It's a long process but we are making progress. Reminds the community and students to be safe and aware near the construction.

**STATE OF OREGON ARTICLE XI-P GENERAL OBLIGATION BOND PROGRAM
GRANT AGREEMENT**

School District: Banks School District 13

This Grant Agreement (“Agreement”) is made by the State of Oregon, acting by and through its Department of Education (“ODE”) and Banks School District 13 (“Grantee”) for financing of the project referred to above and described in Exhibit A-1 (the “Project”). This Agreement becomes effective only when fully signed and approved as required by applicable law.

This Agreement includes the following exhibits, incorporated into and made a part of this Agreement:

- Exhibit A: Project Requirements
- Exhibit A-1: Project Description and Budget
- Exhibit B: Evidence of Grantee Authorization and Local GO Bonds Matching Amount
- Exhibit C: Form of Disbursement Request
- Exhibit D: Project Completion Report

SECTION 1 – DEFINITIONS OF KEY TERMS

The following capitalized terms have the meanings assigned below.

“Act” means Article XI-P of the Oregon Constitution and applicable laws of the State, including, without limitation, Oregon Revised Statutes (“ORS”) 286A.796 to 286A.806, all as amended from time to time, inclusive.

“Agreement” has the meaning set forth above.

“Bond Counsel” means a law firm that serves as bond counsel to the State because it has knowledge and expertise in the field of municipal law and issues opinions that are generally accepted by purchasers of municipal bonds.

“Bonds” means, the State of Oregon General Obligation Bonds or other obligations which may be issued in one or more series and from time to time pursuant to the Act, a portion of the sale proceeds of which are used to fund the Grant.

“Bond Bill” means the budget authorization for bond issuance established under ORS 286A.035 for the issuance of the Bonds by the State pursuant to the Act.

“Capital Costs” has the meaning given in Article XI-P of the Oregon Constitution.

“Code” means the Internal Revenue Code of 1986, as amended, including any implementing regulations and any administrative or judicial interpretations.

“Counsel” means an Assistant or Special Assistant Attorney General of the State who advises the State.

“Default” means an event which, with notice or lapse of time or both, would become an Event of Default.

“Delivery Date” means the date on which the Bonds are issued and the proceeds are delivered to the State.

“Disbursement Request” means the request from the Grantee to ODE for disbursement of all or a portion of the Grant Amount as set forth in Section 4, in the form and containing the information and certifications set forth in Exhibit C.

“Event of Default” has the meaning set forth in Section 8.

“Grant” means the grant funds provided by the State through the Oregon School Capital Improvement Matching Program to match the Grantee’s Local GO Bonds, as further described in Section 2.

“Grant Amount” means the amount of proceeds from the sale of the Bonds, not to exceed \$6,000,000.

“Grantee’s Counsel” means local counsel to the Grantee, bond counsel to the Grantee or any combination thereof.

“Local GO Bonds” means the general obligation bonds approved by the voters of the Grantee for the purpose of financing the Project for which the Grantee applied for the Grant from the State.

“Matching Amount” has the meaning set forth in Section 3.

“ODE” has the meaning set forth above.

“Project” means the project identified in the ballot measure title, question and summary approved by the voters of the Grantee, which is attached to Exhibit B.

“Project Completion Deadline” means no longer than 36 months after the respective Delivery Date of the Bonds issued to fund the Project Costs or such longer period of time as may be agreed in writing by the parties to this Agreement.

“Project Costs” means Grantee’s actual costs associated with the Project to the extent those costs are (a) Capital Costs that are necessary and directly used for the Project, (b) capital expenditures for federal income tax purposes within the meaning of Section 1.150-1(b) of the Code, and (c) eligible or permitted uses of the Grant under the Act and this Agreement. Project Costs do not include internal costs charged to the Project by Grantee or payments made to Related Parties. Project Costs do not include any costs that cannot be paid for with proceeds of Bonds the interest on which is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986.

“Related Parties” means, in reference to governmental units or 501(c)(3) organizations, members of the same controlled group within the meaning of Section 1.150-1(e) of the Code, and

in reference to any person that is not a governmental unit or a 501(c)(3) organization, a related person as defined in Section 144(a)(3) of the Code.

“State” means the State of Oregon, acting by and through its agencies including but not limited to ODE, Treasury, and any other agency authorized to administer proceeds and payment of the Bonds.

“Treasury” means the Office of the State Treasurer of the State of Oregon.

SECTION 2 - GRANT

- A. ODE shall provide the Grantee, and the Grantee shall accept from ODE, the Grant in an aggregate amount not to exceed the Grant Amount. The Grant will be made from the proceeds from the sale of the Bonds.
- B. Notwithstanding that this Agreement may be executed and delivered by the parties prior to the date the Bonds are issued by the State, nothing in this Agreement is intended to obligate the State to issue the Bonds. The Bonds shall be issued only as provided under the Act, by the State Treasurer, with the concurrence of the Director of the Oregon Department of Administrative Services, subject to (1) the request of the Superintendent of Public Instruction, pursuant to ORS 286A.798(1)(a), and (2) the Bond Bill for the biennium.
- C. Notwithstanding that the Grantee may issue its Local GO Bonds with original issue premium or original issue discount, in no event shall the Grant Amount exceed the lesser of (i) the proceeds of the Local GO Bonds received by the Grantee or (ii) the principal amount of the Local GO Bonds.

SECTION 3 - MATCHING AMOUNT

Pursuant to the Act, the Grantee hereby represents, warrants and certifies to the State, Treasury, ODE, Bond Counsel and Counsel that the “matching funds” required under Article XI-P of the Oregon Constitution (the “Matching Amount”) shall be evidenced prior to the disbursement of any portion of the Grant by the State to the Grantee, consistent with the requirements of Section 4 of this Agreement. The Matching Amount shall:

- (a) meet or exceed the Grant Amount;
- (b) be from Local GO Bonds that have been issued by the Grantee; and
- (c) be confirmed to the satisfaction of the State, Counsel and Bond Counsel by the delivery of the documentary evidence as set forth in Exhibit B hereto, all of which shall be true and correct.

SECTION 4 - DISBURSEMENTS

- A. Disbursement Requests. To receive any portion of the Grant Amount, Grantee shall deliver to ODE its Disbursement Request. Grantee’s Disbursement Request must describe all work performed with particularity and shall itemize and explain all expenses for which reimbursement or direct payment is claimed in detail, including sufficient detail to allow ODE to determine the extent to which such expenses are Capital Costs.
- B. Conditions to Disbursements. Notwithstanding that this Agreement may be executed and delivered by the parties prior to the date the Local GO Bonds are issued by the Grantee, the obligation of the State to disburse any portion of the Grant to the Grantee under this Agreement is expressly conditioned on the satisfaction of all of the following conditions on each date of disbursement.
- (1) Local GO Bonds must be closed and proceeds delivered to the Grantee within nine months of the date of the election at which the Local GO Bonds were approved.
 - (2) Delivery of the documentary evidence of the Matching Amount, as required by Section 3(c) of this Agreement, satisfactory to the State, Counsel and Bond Counsel.
 - (3) Execution and delivery of this Agreement by an authorized officer of Grantee and the State.
 - (4) Delivery of an opinion of Grantee’s Counsel that satisfies the requirements set forth in Section 4. C. of this Agreement.
 - (5) The representations, certifications, covenants and warranties made by Grantee in this Agreement are true and correct as if made on such date.
 - (6) There is no Default or Event of Default.
 - (7) The State has received net proceeds from the sale of the Bonds sufficient to make the disbursements, and ODE, in the reasonable exercise of its administrative discretion, has sufficient funding, appropriations, limitations, allotments, allocation and other expenditure authority to authorize the disbursement.
 - (8) Satisfaction of all terms and conditions for disbursements as set forth herein.
- C. Opinion of Grantee’s Counsel. On or before the date of the first Disbursement Request, there shall be delivered to the State, Counsel and Bond Counsel, an opinion of Grantee’s Counsel, subject to appropriate assumptions, qualifications, certifications and representations, acceptable to the State, Counsel and Bond Counsel, to the effect that (i) the Grantee has issued valid general obligation bonds (which may be satisfied by a reliance letter addressed to the State on the approving opinion of bond counsel to the Grantee with respect to the Local GO Bonds); and (ii) this Agreement has been duly executed and delivered by, and constitutes a valid and binding obligation of, Grantee, enforceable against

Grantee in accordance with its terms and that Grantee has taken all actions necessary to and has full authority and power to incur and perform its obligations under this Agreement and to receive financing for and to carry out the Project.

D. Disbursement by ODE; Waiver of Conditions.

(1) Upon receipt of a Disbursement Request, satisfaction of the conditions set forth in this Agreement and ODE’s review and approval of the Project Costs set forth in the Disbursement Request, ODE shall disburse or cause to be disbursed the requested portion of the Grant Amount to Grantee as soon as practicable and not later than 30 days after ODE has received the Disbursement Request.

(2) ODE may, in its sole discretion, waive any of the conditions to disbursement set forth in this Agreement and otherwise determine to disburse or cause to be disbursed any portion of the Grant Amount to the Grantee in the event of a written appeal from the Grantee that demonstrates financial need or other unforeseen circumstances.

E. Disbursement Deadline. The State’s obligation to make, and the Grantee’s right to request, disbursements under this Agreement terminates on the Project Completion Deadline.

SECTION 5 - USE OF FINANCIAL ASSISTANCE

A. Use of Proceeds. Grantee shall use disbursements of the Grant only to reimburse itself or to pay directly for Project Costs incurred by Grantee as set forth in and in compliance with Grantee’s certifications in its Disbursement Request.

B. Project Costs Otherwise Paid. Grantee understands that federal tax law prohibits the State and the Grantee from issuing more tax-exempt debt than necessary to pay Project Costs. Accordingly, Grantee may not use any proceeds of the Grant to pay Project Costs that have otherwise been provided for, whether from proceeds of the Grantee’s own tax-exempt debt, by proceeds of a third party grant whose use is restricted to the payment of costs of the Project, or by equity of the Grantee otherwise irrevocably dedicated to pay costs of the Project.

C. Earnings on Bond Proceeds. Any earnings on proceeds of the Bonds will be retained by the State and may be applied to any purposes consistent with the Act and subject to the limitations of the Internal Revenue Code with respect to the use of the proceeds of the Bonds.

D. Unexpended Proceeds. If the full Grant Amount is not required to pay Project Costs that were incurred by Grantee on or before the Project Completion Deadline, the State will retain the excess and may apply such amounts to any purposes consistent with the Act and subject to the limitations of the Internal Revenue Code with respect to the use of proceeds of the Bonds.

- E. No Grant Amounts to Satisfy Matching Amount. The Grantee shall in no circumstances use the Grant Amount to satisfy the Matching Amount requirement of the Act.

SECTION 6 - REPRESENTATIONS AND WARRANTIES OF GRANTEE

Grantee represents and warrants to the State:

- A. Organization and Authority.
- (1) Grantee is a school district, as defined in ORS 328.001(3), validly created and existing under the laws of the State of Oregon.
 - (2) The official actions by which Grantee has authorized the Project, the Local GO Bonds and the execution, delivery and performance of this Agreement are attached hereto as set forth in Exhibit B. Grantee will use the Project as set forth in the authorizing documents for its Local GO Bonds attached hereto in Exhibit B.
 - (3) Grantee has all necessary right, power and authority under its organizational documents and under Oregon law to (a) execute and deliver this Agreement, (b) incur and perform its obligations under this Agreement, and (c) receive financing for and carry out the Project.
 - (4) This Agreement has been duly authorized and executed by an authorized representative of Grantee, and when executed by ODE, is legal, valid and binding, and enforceable in accordance with its terms.
- B. Full Disclosure. Grantee has disclosed in writing to ODE all facts that reasonably could have a material adverse effect on the Project, or the ability of Grantee to perform all obligations required by this Agreement. Grantee has made no false statements of fact, nor has it omitted information necessary to prevent any statements from being misleading, regarding the Matching Amount, the Grant, the Project and this Agreement. The information contained in this Agreement is true and accurate in all respects.
- C. Pending Litigation. Except as disclosed by Grantee in writing to ODE, there is no litigation or formal governmental administrative proceedings, including any environmental or other matters, pending (or to the knowledge of Grantee, threatened) against or affecting Grantee, in any court or before any governmental authority or arbitration board or tribunal, that, if adversely determined, would materially adversely affect the Project or the ability of Grantee to perform all obligations required by this Agreement.
- D. No Defaults.
- (1) No Defaults or Events of Default exist or occur upon authorization, execution or delivery of this Agreement.
 - (2) Grantee has not violated, and has not received notice of any claimed violation of, any agreement or instrument related to the Project to which it is a party or by which

the Project or its property may be bound, that would materially adversely affect the Project or the ability of Grantee to perform all obligations required by this Agreement.

- E. Compliance with Existing Agreements and Applicable Law. The authorization and execution of, and the performance of all obligations required by, this Agreement will not: (i) cause a breach of a material agreement, indenture, mortgage, deed of trust, or other instrument, to which Grantee is a party or by which the Project or any of Grantee’s property or assets may be bound; (ii) violate any provision of the organizational or other documents pursuant to which Grantee was organized or established; or (iii) violate any laws, regulations, ordinances, resolutions, or court orders related to Grantee, the Project or Grantee’s properties or operations.
- F. Governmental Consent. Grantee has obtained or will obtain all permits and approvals, and has made or will make all notifications, declarations, filings or registrations, required for the making and performance of its obligations under this Agreement and undertaking and completion of the Project, including without limitation, all land use approvals and development permits required under local zoning or development ordinances, state law and federal law for the use of the land on which the Project will be located. “Land use approvals and development permits” includes, but is not limited to, any necessary “land use decision” or “limited land use decision” as those terms are defined by ORS 197.015(10) and (12).

SECTION 7 - COVENANTS OF GRANTEE

Grantee covenants as follows for so long as the Bonds and any obligations issued to refund the Bonds are outstanding:

- A. Compliance with Laws. Grantee shall comply with all applicable laws, rules, regulations and orders of any court or governmental authority that relate to this Agreement, the Project and the Matching Amount. These laws, rules, regulations and orders are incorporated by reference in this Agreement to the extent required by law.
- B. Reporting Obligations.
 - (1) Within 90 days after the Project Completion Date, Grantee shall furnish the State with one of the reports, as applicable, listed in Exhibit D; and
 - (2) Grantee shall provide such additional reports as the State may reasonably request from time to time.
- C. Coordination with State. The Grantee agrees to work with the State to facilitate the cost-effective issuance and sale of the Bonds, and to provide any information and execute such documents, agreement and certificates as the State, Counsel or Bond Counsel may reasonably request in connection with the sale and issuance of the Bonds from time to time.
- D. Real Property. Legal title to all real property financed with the Grant shall be owned in fee simple by Grantee, free and clear of all encumbrances other than minor encumbrances.

Grantee shall maintain a standard form of title insurance policy for the value of the purchase price of the property, and where appropriate will purchase endorsements to that policy in amounts to cover improvements. Where Grantee suffers a loss that is covered by title insurance, insurance proceeds will be used to remedy the loss if possible and if not, proceeds will be paid to the State, not to exceed the amount necessary to call or defease the portion of the Bonds relating to the Project (including all allocable costs of issuance).

- E. Operation and Maintenance of the Project. Grantee agrees to complete the Project consistent with the approval by the voters of the Grantee of the Local GO Bonds and in accordance with the Project plans, specifications and budget and, if applicable, to contract with competent, properly licensed and bonded contractors and professionals in accordance with the Oregon Public Contracting Code and all other applicable federal, state and local laws regulating projects of the same type and purpose. If applicable, Grantee agrees to have plans and specifications for the Project prepared by a licensed architect or licensed engineer and to require that the Project meets applicable standards of survival in good condition. Prior to commencement of Project construction, if any, Grantee shall require the general contractor for the Project, if any, to procure and maintain in full force and effect throughout the entire time of construction and until one year after the date construction of the Project is complete, a performance and payment bond for the faithful performance and payment of all of the contractor's obligations for the total cost of the Project. The Grantee shall be named as the obligee on the bond. Grantee shall operate and maintain the Project in good repair and operating condition so as to preserve the public education benefits of the Project, including making all necessary and proper repairs, replacements, additions, and improvements.
- F. Insurance, Damage. Grantee shall maintain insurance policies with responsible insurers or self-insurance programs, insuring against liability and risk of direct physical loss, damage or destruction of the Project, at least to the extent that similar insurance is customarily carried by governmental units constructing, operating and maintaining similar facilities. If the Project or any portion is destroyed, insurance proceeds will be used to restore the Project to its prior condition if possible and if not, proceeds will be paid to the State, not to exceed the amount necessary to call or defease the portion of the Bonds relating to the Project (including all allocable costs of issuance), unless Grantee has informed the State in writing that the insurance proceeds will be used to rebuild the Project.
- G. Sales, Leases and Encumbrances. So long as the Bonds, or any obligations issued to refund the Bonds, are outstanding, Grantee shall not sell, transfer, encumber, lease or otherwise dispose of any property paid for with disbursements of the Grant, unless the State has granted prior, written consent. In the case of sale, lease, exchange, transfer or other disposition of any substantial portion of or interest in the Project, Grantee shall, within 30 days of receipt of any proceeds from such disposition, pay such proceeds to the State, not to exceed the amount necessary to call or defease the portion of the Bonds relating to the Project (including all allocable costs of issuance), for the defeasance or prepayment of debt service on such Bonds, unless the State agrees otherwise in writing.
- H. Condemnation Proceeds. If the Project or any portion is condemned, within 30 days of receipt of any condemnation proceeds, Grantee shall pay such proceeds to the State, not to

exceed the amount necessary to call or defease the portion of the Bonds relating to the Project (including all allocable costs of issuance), unless Grantee has, after consultation with the State and Bond Counsel, informed the State in writing that the condemnation proceeds will be used to rebuild the Project. The State shall consult with Bond Counsel and Grantee regarding the use of any proceeds paid to the State.

- I. Financial Records. Grantee shall keep accurate books and records for the use of the Grant and the Matching Amount, and maintain them according to generally accepted accounting principles established by the Governmental Accounting Standards Board (or any successor thereto) in effect at the time.
- J. Inspections; Information. Grantee shall permit the State and any party designated by the State: (i) to inspect the Project and (ii) to inspect and make copies of any accounts, books and records, including, without limitation, Grantee's records regarding receipts, disbursements, contracts, investments and any other related matters. Grantee shall supply any reports and information related to the Project as the State may reasonably require.
- K. Records Maintenance. Grantee shall retain and keep accessible all books, documents, papers, and records that are directly related to this Agreement, the Project, the Grant or the Matching Amount until the date that is three years following the later of the final maturity or earlier retirement of all of the Bonds (including the final maturity or redemption date of any obligations issued to refund the Bonds) or such longer period as may be required by other provisions of this Agreement or applicable law.
- L. Notice of Default. Grantee shall give ODE prompt written notice of any Default as soon as any senior administrative or financial officer of Grantee becomes aware of its existence or reasonably believes a Default is likely.
- M. Indemnity; Release. To the extent permitted by law, Grantee shall defend, indemnify, save and hold harmless and release the State, its officers and employees from and against any and all claims, demands, suits, actions, proceedings, losses, damages, liability and court awards including costs, expenses, and reasonable attorneys' fees and expenses at trial, on appeal and in connection with any petition for review, related to: (a) the tax-exempt status of interest on the Bonds and any expenses incurred or amounts paid in connection with an inquiry, investigation, audit or similar proceeding by the Internal Revenue Service, the Securities and Exchange Commission, Municipal Securities Rulemaking Board and any other federal, state, governmental or quasi-governmental body with regulatory jurisdiction over the Bonds arising from the Project or the actions, omissions or representations of Grantee; (b) any federal arbitrage and rebate penalties arising from the actions of Grantee; (c) the construction, use or condition of the Project; and (d) any actual or alleged act or omission by Grantee, or its employees, agents or contractors.
- N. Representations and Covenants Regarding the Tax-Exempt Status of the Bonds. Grantee acknowledges that the Grant will be funded with the proceeds of Bonds the interest on which is excluded from gross income for federal tax purposes. Grantee further acknowledges that the tax status of the Bonds could be adversely affected if Grantee's representations regarding the Project Costs are unreasonable or if Grantee includes, as

Project Costs, amounts that are properly characterized as working capital expenditures. Grantee agrees to comply with all applicable provisions of the Code necessary to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes.

SECTION 8 - EVENTS OF DEFAULT

Any of the following constitutes an “Event of Default” of Grantee:

- A. Any false or misleading representation is made by or on behalf of Grantee, in this Agreement or in any document provided by Grantee to the State related to this Grant, the Matching Amount or the Project.
- B. Grantee fails to perform any obligation required under this Agreement, other than those referred to in subsection A of this Section 8, and that failure continues for a period of 30 calendar days after written notice specifying such failure is given to Grantee by ODE, or such longer period as ODE may agree to in writing, if ODE determines Grantee has instituted and is diligently pursuing corrective action.

SECTION 9 - REMEDIES

- A. Remedies. Upon any Event of Default, the State may pursue any or all remedies in this Agreement, and any other remedies available at law or in equity (including specific performance, but not including acceleration) to collect amounts due or to become due or to enforce the performance of any obligation of Grantee. Remedies may include, but are not limited to:
 - (1) Terminating ODE’s commitment and obligation to make any further disbursements of the Grant under this Agreement.
 - (2) While any of the Grant remains undisbursed, withholding amounts otherwise due to Grantee.
 - (3) Requiring repayment of the Grant (including any costs of defeasing the portion of the Bonds relating to the Project (including all allocable costs of issuance), if necessary and the State’s costs of exercising its remedies under this Agreement, including reasonable attorney’s fees and costs.

If, as a result of an Event of Default, the State demands return of the portion of the Grant moneys related to the Event of Default, the State may deduct such amount from other payments due from the State or any agency of the State to Grantee and legally available for such purpose, including but not limited to, any disbursements to Grantee from the State School Fund (after any moneys paid by ODE under an intercept agreement pursuant to the State School Bond Guaranty Program, ORS 328.284 or 238.698 or other intercept agreements entered into prior to the date of this Agreement) and any payment to Grantee from the State under any other agreement, present or future, between the State or any agency of the State and Grantee.

- B. Application of Moneys. Any moneys collected by the State pursuant to Section 9.A will be applied first, to pay any reasonable attorneys’ fees and other fees and expenses incurred by the State; then, to repay any Grant proceeds owed; and last, to pay any other amounts due and payable under this Agreement.
- C. No Remedy Exclusive; Waiver; Notice. No remedy available to the State is intended to be exclusive, and every remedy will be in addition to every other remedy. No delay or omission to exercise any right or remedy will impair or is to be construed as a waiver of such right or remedy. No single or partial exercise of any right, power or privilege under this Agreement will preclude any other or further exercise thereof or the exercise of any other such right, power or privilege. The State is not required to provide any notice in order to exercise any right or remedy, except as set forth in Section 8.B.
- D. Default by the State; Remedies of Grantee. In the event the State defaults on any obligation in this Agreement, Grantee’s remedy will be limited to injunction, special action, action for specific performance, or other available equitable remedy for performance of the State’s obligations.

SECTION 10 - MISCELLANEOUS

- 1. Time is of the Essence. Grantee agrees that time is of the essence under this Agreement.
- 2. Relationship of Parties; Successors and Assigns; No Third Party Beneficiaries.
 - (1) Nothing in this Agreement gives, or is to be construed to give, directly or indirectly, to any third persons any rights and benefits greater than those enjoyed by the general public.
 - (2) This Agreement will be binding upon and inure to the benefit of ODE, Grantee, and their respective successors and permitted assigns.
 - (3) Grantee may not assign or transfer any of its rights or obligations or any interest in this Agreement without the prior written consent of ODE, which consent will not be unreasonably withheld. ODE may grant, withhold or impose conditions on such consent in its sole discretion. In the event of an assignment, Grantee shall pay, or cause to be paid to ODE, any fees or costs incurred because of such assignment, including but not limited to reasonable attorneys’ fees of ODE’s Counsel and Bond Counsel. Any approved assignment is not to be construed as creating any obligation of the State beyond those in this Agreement, nor ODEs assignment relieve Grantee of any of its duties or obligations under this Agreement.
 - (4) Grantee hereby approves and consents to any assignment or transfer of the administration of this Agreement that ODE deems to be necessary to any other agency of the State.
- 3. Disclaimer of Warranties; Limitation of Liability. Grantee agrees that:

In the event that federal rules or federal laws change in a manner that affects the administration of this Agreement, the proceeds of the Bonds or the payment of debt service on the Bonds, the State and the Grantee agree to cooperate to implement any amendments to this Agreement that the parties deem necessary.

9. Attorneys' Fees and Other Expenses. To the extent permitted by the Oregon Constitution and the Oregon Tort Claims Act, the prevailing party in any dispute arising from this Agreement is entitled to recover its reasonable attorneys' fees and costs at trial and on appeal. Reasonable attorneys' fees cannot exceed the rate charged to the State by its attorneys.
10. Choice of Law; Designation of Forum; Federal Forum. The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement.

Any party bringing a legal action or proceeding against any other party arising out of or relating to this Agreement shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County (unless Oregon law requires that it be brought and conducted in another county). Each party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum.

Notwithstanding the prior paragraph, if a claim must be brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for the District of Oregon. This paragraph applies to a claim brought against the State only to the extent Congress has appropriately abrogated the State's sovereign immunity and is not consent by the State to be sued in federal court. This paragraph is also not a waiver by the State of any form of defense or immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

11. Integration. This Agreement (including all exhibits, schedules or attachments) constitutes the entire agreement between the parties on the subject matter. There are no unspecified understandings, agreements or representations, oral or written, regarding this Agreement.
12. False Claims. Grantee will refer to the ODE contact designated to receive notices under this Agreement any credible evidence that a principal, employee, agent, sub-grantee contractor, contractor or other person has submitted a false claim under the False Claims Act, ORS180.750 to 180.785, or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity or similar misconduct involving funds provided under this Grant Agreement.
13. Execution in Counterparts. This Agreement may be signed in several counterparts, each of which is an original and all of which constitute one and the same instrument.

EXHIBIT A - PROJECT REQUIREMENTS

1. Project Overview

ORS 286A.801 directs the ODE to create a program to award matching fund grants to school districts that have received voter approval for Local GO Bonds to finance Capital Costs. The grants awarded under this program must be used for eligible Project Costs incurred by the Grantee by the Project Completion Deadline.

2. Grantee Obligations

Grantee shall:

- A. Comply with the requirements of ORS 286A.801 and rules adopted pursuant to that section.
- B. Provide a Matching Amount that meets or exceed the amount of this Grant and in accordance with the calculations in ORS 286A.801(5).
- C. Provide a Matching Amount from Local GO Bonds approved by the voters of the school district to finance capital costs of the school district.
- D. Provide to ODE all information required by ODE to confirm Grantee's compliance with ORS 286A.801.
- E. Provide to ODE an itemized description of the individual projects and associated costs to be reimbursed by this Grant ("Project Budget"). Upon approval by ODE, the Project Budget shall be incorporated into and added to this Agreement as Exhibit A-1.

3. Payment

- A. ODE will disburse Grant funds to Grantee only for the Projects and Project Costs identified by Grantee, approved by ODE, and reflected in Exhibit A-1.
- B. ODE may, at its sole discretion, require Grantee to provide additional information prior to Grantee's receipt of any funds from ODE.

Capitalized terms that are used but are not defined in this Exhibit A have the meanings defined for those terms in the Grant Agreement.

EXHIBIT A-1 - PROJECT DESCRIPTION AND BUDGET

The following shall be attached hereto:

Local GO Bond Documents

- Board Resolution calling the ballot measure election;
- Sample Official Ballot(s);
- Abstracts of Votes from county elections office(s);
- District's Determination of Election Results;
- Board Resolution authorizing the issuance of Local GO Bonds;
- Certificate of District evidencing compliance with debt limitations and capacity;
- Executed copy of Approving Opinion of Bond Counsel with Reliance Letter addressed to the State

Grant Agreement Required Documents

- Board Resolution authorizing the execution of the Grant Agreement;
- Opinion of Grantee's Counsel Required by Section 4.C. of the Grant Agreement

EXHIBIT C - FORM OF DISBURSEMENT REQUEST

DISBURSEMENT REQUEST

Dated: Date form completed.

Date of Grant Agreement: Month, Day, Year Grant Agreement executed.

Name of Grant Grantee: Banks School District 1

On behalf of Banks SD 1 (the "Grantee") I hereby request a total disbursement of \$Disbursement amount. (the "Disbursement") under the Grant Agreement identified above (the "Grant Agreement"). The following representations and certifications are made by the Grantee in connection with this Disbursement Request:

1. As of the date of this Disbursement Request, Grantee has spent a portion of the Grant Amount in the amount of \$Disbursement amount. as detailed on the attached list and documentation.
2. All of the Disbursements requested by this Disbursement Request will be used to reimburse Grantee for payments that Grantee has made or to make payments for Project Costs that are currently payable by Grantee.
3. With respect to amounts of the Disbursement used to reimburse Grantee, none of the expenditures that Grantee has requested for reimbursement were paid from the Matching Amount.
4. Grantee is eligible to receive the Disbursement under the terms of the Grant Agreement, and has satisfied all conditions that the Grant Agreement requires be satisfied for ODE to make the Disbursement.
5. The invoices or other documents provided to ODE in connection with this Disbursement Request evidence that the Project Costs to be paid from the Disbursement have been paid or are currently payable by Grantee.
6. All the Disbursements will be used to pay for Project Costs that have not been previously paid from disbursements under the Grant.
7. Except as disclosed by Grantee in writing to ODE, and attached hereto as an Exhibit, there is no litigation or formal governmental administrative proceedings, including any environmental or other matters, pending (or to the knowledge of Grantee, threatened) against or affecting Grantee, in any court or before any governmental authority or arbitration board or tribunal, that, if adversely determined, would materially adversely affect the Project or the ability of Grantee to perform all obligations required by this Agreement.

8. All representations of Grantee in the Grant Agreement are true and correct on the date of this Reimbursement Request and all warranties by Grantee in the Grant Agreement continue to be in effect.
9. There is no Default or Event of Default occurring under the Grant Agreement.

The certifications in this Disbursement Request are true and accurate to the best of my knowledge and belief, after reasonable investigation.

Capitalized terms that are used but are not defined in this Disbursement Request have the meanings defined for those terms in the Grant Agreement.

Brian Sica
Superintendent
Banks School District 13

Dear Brian,

Congratulations on getting your bond measure passed! This is the culmination of a lot of work by district staff and volunteers to encourage your local community to invest in your school facilities. Your District is now qualified to receive a matching grant of \$6,000,000 from the Oregon Department of Education’s (ODE) Oregon School Capital Improvement Matching (OSCIM) Program. We want to inform you of the next steps in the process.

The next steps are to authorize and sell your District’s bonds within nine months of your successful election. Your District also needs to authorize and sign the Grant Agreement with the State. Four components of the Grant Agreement require specific action by your District, each of which is described below. Although the list may seem long, almost all of the documents, or information required, are generated as part of the process of issuing your District’s bonds.

Grant Agreement - Exhibit A-1

Exhibit A-1 to the Grant Agreement identifies the project(s) that OSCIM funds will be used for. For this portion of the grant agreement, your District will need to provide an itemized description of the individual projects and associated costs to be reimbursed by the Grant.

ODE strongly recommends that your District provide a broad description of each project and project budget on a school basis. The following is an example of what ODE is looking for in terms of this itemized project budget:

Project Component	Local Bond Budget	OSCIM Grant Portion	Total Budget
High School Renovations and Additions	\$4,000,000	\$2,500,000	\$6,500,000
Elementary School Renovations	\$2,500,000	\$1,500,000	\$4,000,000

For the project budget, please feel free to use the Exhibit A-1 template that’s included as part of the grant agreement.

Grant Agreement - Exhibit B

Exhibit B is one of the most critical Exhibits of the Grant Agreement. Exhibit B is a list of all documents that your District must submit to prove that your District had a valid election and approves the OSCIM Grant Agreement. The good news is that except for two documents noted below as “Grant Agreement Required Documents,” all of the documents requested by ODE are required and generated as part of the process of issuing your District’s bonds.

Please request that your Bond Counsel provide you with a PDF copy of these documents as part of the closing of your District’s bonds, so that you can forward them to ODE for our review. We cannot provide funds to your District until all of these documents are submitted. To provide as much clarity as possible, please submit your documents in the order listed in Exhibit B and set forth below for reference. Here is the list of required documents:

Local GO Bond Documents

1. Board Resolution calling the Ballot Measure Election;
2. Sample Official Ballot;
3. Abstracts of Votes from county elections officer(s);
4. District’s Determination of Election Results;
5. Board Resolution authorizing the issuance of Local GO Bonds;
6. Certificate of District evidencing compliance with debt limitations and capacity; and
7. Executed copy of Approving Opinion of Bond Counsel with Reliance Letter addressed to the State

Grant Agreement Required Documents (See Discussion Below of Section 4. C. of Grant Agreement for More Details)

1. Board Resolution authorizing the execution of the Grant Agreement; and
2. Opinion of Grantee’s Counsel required by Section 4. C. of the Grant Agreement

Section 4. C. of the Grant Agreement

Please carefully review Section 4. C. of the Grant Agreement. Your District needs to obtain certain legal opinions concerning the District’s Bonds, the Grant, and the Grant Agreement. Your Bond Counsel will deliver an opinion as to the validity of the District Bonds and should provide a reliance letter addressed to the State on the opinion. (See Section 4. C. (i) for the specific requirements). Additionally, your District will need to obtain an opinion from your District’s general counsel that the Grant Agreement has been duly executed by the District and is a valid and binding obligation of the District. (See Section 4. C. (ii) for the specific requirements). ODE will need both legal opinions before grant proceeds can be disbursed.

All of these documents support the valid issuance of the state’s general obligation bonds because they provide evidence of your District’s voter approval of general obligation bonds, which is required by the constitutional provision that authorizes the issuance of these bonds. The bond sale provides the necessary funds for the matching OSCIM Grant. By providing this information in the format requested,

the process becomes more efficient for all parties. ODE will only disburse grant funds to your District once it has received and reviewed all of the required documentation.

We are pleased to support your school and community with the OSCIM Program Grant. We look forward to our partnership with you on this exciting grant opportunity. If you have questions or need further information, please do not hesitate to contact the OSCIM Program Administrator, Leanna Heiman by emailing ODE.SchoolFacilities@ode.oregon.gov or by calling (971) 208-0336.

Sincerely,

**BANKS SCHOOL DISTRICT
RESOLUTION 2526-MAR1
OSCIM GRANT AUTHORIZATION**

**A RESOLUTION FOR THE BANKS SCHOOL DISTRICT TO ACCEPT THE OSCIM GRANT AWARD
AND AUTHORIZE THE APPROVAL OF AGREEMENT**

Banks School District
RESOLUTION NO. 2526-MAR1

1. WHEREAS, The Oregon Legislature enacted Senate Bill 447, which created the Oregon School Capital Improvement Matching Program (OSCIM): and
2. On May 31st, 2024 the Oregon Department of Education formally notified the District that the District qualified for and was awarded a capital matching grant of \$6,000,000 under the OSCIM Grant Program, contingent on provision of matching funds by the District; and
3. At the May 21st, 2024, general election, District voters approved the issuance of general obligation bonds in the amount of \$49,310,000 for capital costs, thereby providing necessary matching funds; and
4. In order to receive the OSCIM Grant, the District must enter into an OSCIM Grant Agreement with the Oregon Department of Education in the form of a contract attached to this resolution; and
5. The OSCIM Grant Agreement requires the District Board of Directors to authorize and approve the OSCIM Grant agreement and authorize the execution of the agreement by a representative of the District.

THEREFORE, BE IT RESOLVED BY THE BANKS SCHOOL DISTRICT BOARD OF DIRECTORS:

1. Hereby accepts the OSCIM Grant award of \$6,000,000; and
2. Authorizes execution of an OSCIM Grant Agreement in substantially the form attached to this resolution; and

3. Authorizes and directs the Chief Financial Officer, Jennifer Collins, to execute the OSCIM Grant agreement on behalf of the District.

- 13. Submittals are due promptly after Letter of Intent. A Pre-Construction Meeting will be held prior to commencement, Weekly Construction meetings are required but may be held with less frequency.
- 14. As a condition to submitting a bid, a Contractor must be registered with the Oregon Construction Contractors Board in accordance with ORS 701.035 to 701.055 and/or the State Landscape Contractors Board licensed number, and disclose the appropriate numbers. Failure to register and disclose the numbers, as applicable, will make the bid unresponsive and it will be rejected. The Undersigned hereby certifies that all subcontractors who will perform construction work as described in ORS 701.005 are or will be registered with the Construction Contractors Board in accordance with ORS 701.035 to 701.055 or State Landscape Contractors Board, as applicable, at the time the subcontractor(s) made a bid to work under the contract.
- 15. Oregon Business Registration: To transact business in the State of Oregon, a Bidder must be registered with the State of Oregon Corporations Division. Please indicate your business' current registration type with an "X" in the appropriate space:

Dear Brian,

We are pleased to present this proposal to HVAC RTU AC unit replacement based on bid request to replace existing Aaon ACs with new Daikin per our site visit.

Scope of Work:

1. Recover refrigerant from existing AC 2 for reclamation per EPA requirements.
2. Disconnect, safe off, and remove existing BMS low voltage cabling.
3. Drain and disconnect existing hot water piping connections to existing unit.
4. Disconnect and crane away existing Aaon 50 ton package AC to be recycled.
5. Demo existing roof curb to be hauled away.
6. Provide new Daikin spring isolation roof curb positioning above existing supply and return duct drops and secure per structural engineers' design.
7. Provide sheet metal transitions as necessary from existing ducting to new curb duct locations.
8. Provide hot water piping in new curb to line up with unit piping locations.
9. Hire Diversified roofing to roof in new curb above.
10. Provide new Daikin 50 ton package unit and crane to be secured to new roof curb above.
11. Provide new hot water piping into unit and to hot water coil location.
12. Provide control valve on above new piping.
13. Provide low voltage control valve wiring connections.
14. Provide piping insulation on all new hot water piping above.
15. Provide PVC condensate drain piping onto roof.
16. Hire electrician to make line voltage connections to new unit.
17. Provide Daikin factory start up assistance to provide HVAC start up on new unit.
18. Provide operations/maintenance documents upon completion.
19. Provide air balancing services with TAB report.

MATERIALS PRICE ESCALATION: The Contract Sum was calculated using current prices for component building materials. The market for building materials is volatile, and sudden price increases, including those caused by tariffs, import duties, or changes in government-imposed trade restrictions, can occur. Contractor will use its best efforts to obtain the lowest possible prices from available building material suppliers. If the prices of materials purchased after execution of this Agreement for use in this Project increase more than 10% over the cost as of the date of this proposal, including any increase attributable to tariffs or similar charges, Customer agrees that Contractor shall be entitled to an adjustment of the Contract Sum to cover the difference. In the event of such a cost increase, Contractor shall deliver a written change request to Customer stating the increased cost, the building material or materials in question, and the source of supply, and, if applicable, an explanation of the tariff impacts, along with invoices or bills of sale and any other documents supporting the change request.

STORAGE: Owner shall provide safe and secure storage for materials and equipment at the jobsite without charge. In the event that on-site storage is inadequate or if Owner directs Contractor to order materials early due to material price escalation or for other reasons, then Contractor shall be entitled to an increase in the Contract Sum to account for unforeseen storage costs, security and insurance.

NO LIABILITY FOR WORK PRIOR TO HUNTER-DAVISSON, INC.'S START DATE: By signing this Agreement, Customer acknowledges that in no circumstance may Hunter-Davisson, Inc. be held responsible or liable for any claims, costs, losses, damages or fees of any kind or nature that arise from, are caused by or related to any work or equipment that was performed or installed prior to the date of this Agreement, and Customer affirmatively and unequivocally waives and releases any and all rights arising therefrom.

WAIVER OF ANY CLAIMS, INCLUDING WARRANTY RIGHTS AND OR DUTY TO REPAIR: By signing this Agreement, Customer acknowledges that Hunter-Davisson, Inc. shall have no duty to honor any warranty, perform any repair work, or pay any claim, cost, or damage arising from this Agreement or Hunter-Davisson, Inc.'s Work to the extent that Customer, or any of its agents, employees, affiliates or tenants hires any other person or entity to perform any work on or conduct any repairs to any of Hunter-Davisson, Inc.'s previously installed, serviced, or maintenance Work. Customer acknowledges that if it directs or allows any such work and/or repairs to Hunter-Davisson, Inc.'s Work, Customer affirmatively and unequivocally waives and releases any claim or cause of action against Hunter-Davisson, Inc. for all costs, damages or fees of any kind arising from or related to the affected Work. Further, if Hunter-Davisson, Inc. recommends a repair or course of repairs and Customer refuses to approve or perform such repairs, or retains a different firm to perform such repairs, then any claims Customer has or may have against Hunter-Davisson, Inc. relating to such repairs or recommended repairs, or the work giving rise to same shall be irrevocably and unequivocally waived.

LIMITATION OF LIABILITY: By signing this Agreement, Customer acknowledges that in no circumstance may Hunter-Davisson, Inc. nor its affiliates, agents, officers or employees, be liable for any indirect, special, incidental, exemplary, punitive, or consequential damages arising from any work performed by Hunter-Davisson, Inc. pursuant to this Agreement. This waiver includes any potential damages arising from lost profits, data, or business, loss of use, business interruption, costs of delay, loss of financing, opportunity, or reputation, and costs of procuring substitute goods or services. Our liability shall be limited to the direct cost to correct or repair any of Hunter-Davisson, Inc.'s Work. However, any such liability shall be conditioned on the Customer having provided Hunter-Davisson, Inc. with reasonable notice and opportunity to cure or correct any defective or improperly installed Work. Failure to provide such notice and opportunity to cure or correct shall act as an irrevocable waiver of any such claim against Hunter-Davisson, Inc. This condition will be deemed satisfied if Customer requests or demands that Hunter-Davisson, Inc. cure such allegedly defective Work, and Hunter-Davisson, Inc. fails or refuses to do so within a reasonable time after receipt of Customer's notice.

ACCEPTANCE OF PROPOSAL: By my signature below, I certify that I have read and agree to the provisions set forth in this agreement and to the terms and conditions posted at www.hunterdavisson.com/terms dated March 30, 2016 V1.0 and am duly authorized to bind above Company to such provisions. Pricing is subject to change if Customer does not accept this Proposal within seven days.
