Dear Killdeer Administration,

Please accept this letter as my formal resignation from my position as Lead Advisor for Lego League, effective May 26, 2026.

It has truly been a rewarding experience working with our students through Lego League. I have enjoyed watching their creativity, teamwork, problem-solving, and confidence grow throughout the season. I am grateful for the opportunity to have been part of such a meaningful program and to support students in learning and exploring STEM activities.

Due to the transition to a 4-day school week and the resulting extended school hours, I have made the difficult decision to step away from my role as Lead Advisor. At this time, I need to focus on balancing my professional and personal responsibilities with the new schedule demands. I also feel it is important that the students be able to adjust to the new changes of the four day before committing to such a demanding activity.

I sincerely appreciate the support from staff, students, and families during my time with the program. Thank you again for the opportunity to serve in this role, and I wish the Lego League program continued success in the future. I would be honored to help or mentor in any way I can when the position is filled.

Sincerely,

Cortney Cook

Preschool Teacher  
Killdeer Public School

Dear Mr. Simmons and the Killdeer School Board,

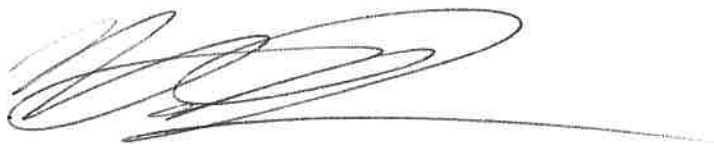

It is with great sadness that I am requesting a release from contract. Due to a variety of circumstances, I am needed home in North Carolina.

Originally, I had wanted to request an extension to my contract due date, but by that point the May school board meeting had already occurred. My grandmothers are both aging and getting sicker. My maternal grandmother is dealing with the after effects of a stroke and my paternal grandmother is having a total hip replacement in the next month. My sister who has cerebral palsy is becoming a greater source of effort for my mother and step father. She is non-verbal and can not walk. Requiring constant 1:1 care and my parents are not getting younger. My family needs my help at home.

I wanted to thank the district for all of the kindness it has given me over the past two and a half years. I was glad to be able to help with the STEM position when it was open and the change to a CyberSTEM course. This was a strange time for requirements to be changed at the state level and I was honored to be asked to assist with this. My coworkers have been lovely and Mr. Wilz's door is always open. Mr. Simmons has always treated me with kindness and he was the first person I met in the district. He has been patient with me in all emails and has supported me when I needed it.

Thank you all for the opportunities at the district. I have learned a lot about how to be a teacher here thanks to the NDRise program along with the help of Janis Harris. I truly understand the struggle that can come with me leaving. My family needs my help as a caregiver. My sister needs constant help and can not perform tasks by herself. I worry about my grandparent's declining health while I am so far away.

I thank you all for listening to my request,

A handwritten signature in black ink, appearing to read 'Matthew Eads', with a long horizontal flourish extending to the right.

Matthew Eads

## D. Administrator Reports

## **KHS June 2026 Board Report**

### High School Master Schedule and Student Schedules

The high school master schedule is completed and our students have been scheduled into their courses. We reduced all of our core content areas down to two sections per grade level, so we are looking at 22-24 students in a class as our largest classes we will have in the 2026-2027 school year. I will have to wait for our Infinite Campus production site to go live on June 20<sup>th</sup> before I can make any adjustments to student and teacher schedules.

### High School Cognia Diagnostic Review

On May 28<sup>th</sup>, the administrative team and Cognia team members met with a member from Cognia to go over our diagnostic report. The diagnostic report consists of triangulated data from classroom observations, surveys, and interviews with staff, students, and parents. There are many areas that we are doing well in as a school based on the report, especially in the areas of student-teacher relationships, the fair/consistent treatment of learners, and student behavior in the classroom. There are also areas that we can improve as a school, and Improvement Priority 2, Standard 22, was selected as the focus for improvement at this point because it will benefit both teachers and students. Standard 22 states that instruction is monitored and adjusted to advance and deepen individual learner's knowledge and understanding of the curriculum. There has been planning done already around Improvement Priority 2 as we look ahead to the next school year.

### Infinite Campus

Our data pull from PowerSchool to Infinite Campus occurred on May 29<sup>th</sup>. The high school staff and myself have been completing our on-demand Infinite Campus trainings so that there is a level of preparedness when the role over is official on June 20<sup>th</sup>. At the high school, Infinite Campus will take the place of both PowerSchool (Student Information System) and Schoology (Learning Management System). There are also additional add-ons within Infinite Campus that may help us potentially eliminate other vendors that we are currently using. The nice thing about Infinite Campus is that it includes many features which will allow us to consolidate some of our current applications into one.

  - A. Consider Policy BBBA Officers of the Board

## RECOMMENDED

### **BBBA - OFFICERS OF THE BOARD**

At the annual meeting in July, the Board shall elect a president and vice president. The President and Vice President shall serve for one fiscal year or until their successor(s) are elected. The office of president and vice president shall not automatically rotate in order of length of service on the Board. Board members shall take into consideration qualifications that make a good leader and officer in nominating a member for office.

#### **President's Duties**

In addition to the duties prescribed by law or by the policies of the Board, the President will exercise such other duties and powers as listed below and as properly pertain to the office or as may be delegated by the Board:

1. Prepare an agenda in advance of each meeting in accordance with policy.
2. Serve as official spokesperson for the Board or appoint another member to speak for the Board in communications with the media.
3. When the Board is not in session, act on any emergency matter that may arise and report action taken at the next meeting.
4. Establish liaison with other governmental agencies to assist in cooperative action.
5. Provide the necessary leadership to help the Board act as a cohesive whole.
6. Be available for counsel to the district administrator.

At all meetings of the Board, the President may make or second a motion and will exercise privileges and duties of a board member, including the duty to vote on any question put to the vote of the entire board. The President may also contribute to the discussion in order to provide information or point out aspects not brought forth by other members but shall not take advantage of the power of the chair to monopolize the discussion or exert undue influence on the vote.

#### **Vice President's Duties**

The Vice President may preside over meetings or portions of meetings when the President is absent, a conflict of interest exists for the President, or to avoid an appearance of impropriety by the President. In addition, the Vice President shall fill a vacancy in the presidency resulting from removal, resignation, or death until a successor is elected. The Board shall elect a new vice president through a simple majority vote

#### **Absence**

When the President and Vice President are absent from a board meeting, the most senior board member present shall act as the chair pro-tem unless s/he refuses to serve. In such case, the Superintendent shall call the meeting to order and the Board shall elect a chair pro-tem.

RECOMMENDED

**Removal**

When a board-elected officer exhibits behavior that reflects negatively on the Board or in the event a board-elected officer is unable to fulfill the duties in the position, the Board may remove the officer from the position through an affirmative vote. Negative behavior includes, but is not limited to, misconduct, malfeasance, crime in office, habitual drunkenness, gross incompetence or failure to discharge the duties as an officer of the Board. The removal from the elected position does not remove the individual from the Board.

B. Consider Policy BBBB School Board Committees

RECOMMENDED

**BBB - SCHOOL BOARD COMMITTEES**

**Standing & Special Committees**

The following shall be standing committees of the Killdeer School Board:

1. Personnel & Governance
2. Curriculum
3. Finance
4. Transportation
5. Facilities
6. Administrative Negotiations

The Board may create additional standing and special committees through a majority vote without notice so long as the committee serves only an informational purpose. Committees that serve additional functions shall be formed only upon a majority vote of the Board with notice or by appointment by the Board President.

**Membership**

Committee members shall serve on their assigned standing committee(s) for one year, commencing at the annual meeting. The Board President shall appoint all committee members to standing and special committees subject to approval by the Board. The Board President shall announce the names of appointees to the Board and receive board approval through a majority vote before the committee(s) commence duties.

The Board may remove a committee member by majority action if deemed appropriate. If a committee member is unable to fulfill the term of their committee assignment, they must request a release from the Board.

## C. Consider Policy BCAD Executive Sessions

## RECOMMENDED

### **BCAD - EXECUTIVE SESSIONS**

The Board shall only hold executive sessions for reasons contained in law. Authorized subcommittees of the Board may hold executive sessions when permitted by law. Any executive session expected to be held during a meeting must be included in the meeting notice.

#### **Executive Session Procedures**

The Board and authorized committees of the Board must comply with the following general procedures when conducting an executive session:

1. Convene in an open session;
2. Pass a motion to hold an executive session, unless a motion is unnecessary because a confidential meeting is required by law;
3. Announce during the open portion of the meeting the topics to be considered during the executive session and the legal authority for holding an executive session on those topics;
4. Excuse the public or reconvene in another location;
5. Record the executive session electronically or on audio or video tape;
6. Limit the topics considered during the executive session to the announced, authorized topics; and
7. Take final action on the topics considered in the executive session during the open portion of a meeting. Substantive votes must be recorded by roll call.

#### **Attendance at an Executive Session**

Only members of the Board, any person permitted to be present by law, and any person the Board determines to be necessary to carry out or further the purpose of the meeting may be in attendance at the executive session.

#### **Recordings and Documents**

Although all executive sessions must be recorded, minutes of executive sessions need not be kept. Rather, the minutes of a meeting during which an executive session is held must indicate the following:

- Names of the members attending the executive session;
- Date and time the executive session was called to order and adjourned;
- Summary of the general topics that were discussed or considered that does not disclose any closed or confidential information; and
- Legal authority for holding the executive session.

All recordings and documents resulting from an executive session must be sealed in an envelope. The date of the executive session, purpose of the session, and word "confidential" should be written on the outside of the envelope. Envelopes must be

## RECOMMENDED

secured in a locked area in the business office. When an executive session was held for the purpose of non-renewal, discharge, or discussion of a student's educational record or an expulsion hearing, the Business Manager should complete the applicable form (DI-E2 or FGA-E4) and place it in the appropriate personnel or student file.

### **Retention of Recordings & Documents**

The District must retain all recordings and documents resulting from an executive session for a minimum of six months. If the executive session is related to contract negotiations, nonrenewal, discharge or expulsion, the District must retain all recordings and documents for at least six years.

### **Access to Recordings & Documents**

In accordance with law, recordings and documents resulting from an executive session may be disclosed upon a majority vote of the Board, unless the executive session was required to be confidential. The recordings and documents must be disclosed pursuant to court order or to the Attorney General for the purpose of administrative review. The recording and documents of an executive session remain closed even if the underlying statutory basis for the executive session no longer applies.

Unauthorized disclosure of the recordings and documents by a public servant is a Class C felony.

The Superintendent shall be responsible for all aspects of school operation. The Superintendent may delegate responsibility and the authority as necessary and shall develop such procedures and regulations as necessary to ensure efficient operation of the District. The Superintendent shall keep the Board informed about district operations and shall report all significant developments and actions to the Board at the earliest opportunity.

In addition, the Superintendent shall be the liaison between the Board and the staff.

### DBBA - DRUG & ALCOHOL TESTING FOR EMPLOYEES

#### Definitions

For the purpose of this policy:

- *Drugs and controlled substances* are interchangeable and have the same meaning.
- *Controlled substance* refers to substances covered by the Omnibus Transportation Act, including marijuana, cocaine, opiates, amphetamines and phencyclidine (PCP).
- *Covered employee/position* means an employee/position subject to the Omnibus Transportation Employee Testing Act.
- *Safety-sensitive position* means a job in which a momentary lapse in the discharge of duties poses a safety threat with potentially severe consequences. In addition to covered positions, the board recognizes the following as safety-sensitive positions: school vehicle drivers as described in NDCC 15.1-07-20.

#### Covered Employees

The Killdeer Public School District is committed to the establishment of a drug and alcohol misuse prevention program that meets all applicable requirements of the Omnibus Transportation Employee Testing Act. All covered employees are prohibited from using controlled substances and are subject to pre-duty, on-duty, and post-accident alcohol use restrictions contained in federal law.

An employee covered by the federal regulations may not refuse to take a required test. Refusal includes submitting an adulterated or substituted specimen for testing. Employees who refuse required testing will, at a minimum, be prohibited from performing safety-sensitive duties.

Pre-employment controlled substance testing shall be administered to an applicant offered a covered position in the District prior to the first time the employee performs any safety-sensitive function for the District. Employment with the District is conditional upon the applicant receiving negative test results.

All covered employees shall be subject to reasonable suspicion, random, post-accident, return-to-duty and follow-up alcohol and drug testing pursuant to procedures set out in the federal regulations. Testing will be performed in accordance with federal drug and alcohol testing regulations.

#### Other Safety-Sensitive Positions

An individual applying for, transferring to, or being promoted to any safety-sensitive position shall initially be subject to controlled substance testing. Verified positive test results shall prevent an applicant/employee from moving into a safety-sensitive position. School vehicle drivers shall also be subject to post-accident, reasonable suspicion and random testing. All testing shall be conducted in accordance with the procedure used to test covered employees.

## REQUIRED

### **Confidentiality of Records**

The District shall maintain records in compliance with law. Drug and alcohol testing records are confidential and shall be maintained in a secured location. With the employee's consent, the District may obtain any information concerning drug and alcohol testing from the employee's previous employer. An employee shall be entitled, upon written request, to obtain copies of any records pertaining to the employee's use of alcohol or controlled substances including information pertaining to alcohol or drug tests. Records shall be made available to a subsequent employer upon receipt of a written request from an employee only as expressly authorized by the terms of the employee's request.

Necessary records and reports shall be maintained and made available to federal and state transportation agencies upon request in accordance with federal regulations.

### **Training**

The District shall take steps to ensure that supervisors receive proper training to administer the drug and alcohol testing program.

### **Violations**

If the testing confirms prohibited alcohol concentration levels or the presence of a controlled substance, the employee shall be removed immediately from safety-related functions and may be subject to the disciplinary consequences contained in the Drug and Alcohol Free Workplace policy. Before an employee is reinstated, if at all, the employee shall comply with all applicable return-to-duty requirements. The District will follow treatment referral procedures contained in federal regulations for covered employees.

Employees with verified alcohol concentrations below prohibited amounts shall be removed from safety-sensitive positions and may be subject to the disciplinary consequences contained in the Drug and Alcohol Free Workplace policy.

The District is not required to provide rehabilitation, pay for substance abuse treatment, or to reinstate the employee. The Board retains the authority consistent with law to discipline or discharge any employee who is an alcoholic or chemically dependent and whose current use of alcohol or drugs affects the qualifications for and performance of his/her job.

### **Policy Dissemination**

The Superintendent and/or principal shall disseminate this policy and other educational material in accordance with federal law. Each employee subject to this policy shall certify in writing that s/he has received this material upon receipt. The Board designates the Superintendent as the individual responsible for answering questions related to this material.

Necessary records and reports shall be maintained and made available to federal and state transportation agencies upon request in accordance with federal regulations.

### **Training**

The District shall take steps to ensure that supervisors receive proper training to administer the drug and alcohol testing program.

### **Violations**

If the testing confirms prohibited alcohol concentration levels or the presence of a controlled substance, the employee shall be removed immediately from safety-related functions and may be subject to the disciplinary consequences contained in the Drug and Alcohol Free Workplace policy. Before an employee is reinstated, if at all, the employee shall comply with all applicable return-to-duty requirements. The District will follow treatment referral procedures contained in federal regulations for covered employees.

Employees with verified alcohol concentrations below prohibited amounts shall be removed from safety-sensitive positions and may be subject to the disciplinary consequences contained in the Drug and Alcohol Free Workplace policy.

The District is not required to provide rehabilitation, pay for substance abuse treatment, or to reinstate the employee. The Board retains the authority consistent with law to discipline or discharge any employee who is an alcoholic or chemically dependent and whose current use of alcohol or drugs affects the qualifications for and performance of his/her job.

### **Policy Dissemination**

### DBBA - DRUG AND ALCOHOL TESTING PROGRAM FOR EMPLOYEES

#### Definitions

For the purpose of this policy:

- *Alcohol* means any alcoholic beverage as defined in [23 U.S.C. § 158\(c\)](#) and [N.D.C.C. § 5-01-01](#).
- *Drugs or controlled substances* refers to substances covered by the Omnibus Transportation Act, including, but not limited to, marijuana, cocaine, opiates, amphetamines and phencyclidine (PCP) (See [21 CFR Part 1308](#)).
- *Covered employee/position* means an employee/position subject to the Drug-Free Workplace Act and/or the Omnibus Transportation Employee Testing Act.
- *Safety-sensitive position* means a job in which a momentary lapse in the discharge of duties poses a safety threat with potentially severe consequences. In addition to covered positions, the Board recognizes the following as safety-sensitive positions: school vehicle drivers as described in [N.D.C.C. § 15.1-07-20](#) **[list additional positions if those positions meet this definition]**.
- **[OPTIONAL: *Non-covered and non-sensitive-safety position* means any other class of employee not covered under legally-mandated or allowable federal drug and alcohol testing requirements, but includes a class of employee still subject to District policy for testing upon reasonable suspicion or other types of testing when the District can demonstrate a special need to conduct the test or as allowed under state or federal law.]**

#### Statement of Philosophy

The **[Name of District]** is committed to the establishment of a drug and alcohol testing program that meets all applicable requirements of the Omnibus Transportation Employee Testing Act and other applicable federal and state law. All covered and safety-sensitive employees are prohibited from using controlled substances and alcohol as identified in this policy and the District policy DEAA, Drug and Alcohol-Free Workplace.

#### Prohibitions and Hours of Compliance

Covered and safety sensitive employees are prohibited from using a controlled substance at all times unless use is at the instruction of a physician, and the physician has advised that use will not affect the employee's ability to perform safety-sensitive duties.

Covered and safety sensitive employees are prohibited from using alcohol while on duty, four hours prior to performing duties, and up to eight hours following an accident or until the employee performs a post-accident test (whichever occurs first).

No supervisor having actual knowledge that an employee covered by this policy has used a controlled substance or alcohol within prohibited hours shall permit the employee to perform or continue to perform safety-sensitive duties.

### **Notice of Medication Use**

Employees shall notify the District any time they are using medication prescribed by a treating medical provider that could adversely affect their performance of any work duties, including safety-sensitive duties. Employees shall not drive or perform other safety-sensitive duties at any time they have been advised by a treating medical provider that medication may or will adversely affect their ability to safely perform these duties.

### **Participation in Drug and Alcohol Testing Program Required**

Employees serving in positions covered and safety-sensitive positions under this policy are required to participate in all applicable drug and alcohol testing as a condition of employment.

**[OPTIONAL: Employees serving in non-covered and non-safety-sensitive positions under this policy are subject to reasonable suspicion testing and any other testing, only as allowed under state and federal law.]**

### **Circumstances for Testing**

All covered and safety-sensitive employees shall be subject to pre-employment, reasonable suspicion, random, post-accident, return-to-duty and follow-up alcohol and drug testing pursuant to procedures set out in the federal regulations or as allowed by applicable law. **[OPTIONAL: Other employees working in non-covered and non-safety-sensitive positions identified under this policy may be subject to reasonable suspicion testing and other types of testing when the District can demonstrate a special need to conduct the test or as allowed under state or federal law.]** Pre-employment controlled substance **[and alcohol]** testing shall be administered to an applicant offered a covered or safety-sensitive position in the District prior to the first time the employee performs any safety-sensitive duties for the District **[unless the applicant meets exemption criteria contained in federal regulations]**. Employment with the District is conditional upon the applicant receiving negative test results.

An individual applying for, transferring to, or being promoted to any covered or safety-sensitive position shall initially be subject to controlled substance **[and alcohol]** testing. Verified positive test results shall prevent an applicant/employee from moving into a covered or safety-sensitive position. **[OPTIONAL: School vehicle drivers shall also be subject to {post-accident} {and} {,} {reasonable suspicion} {and random} testing.]** **[Non-transportation safety-sensitive positions shall be subject to {post-accident} {and} {reasonable suspicion} tests.]**

**[OPTIONAL: Transportation contracts approved by the District shall contain assurance that the contractor will establish or join a drug and alcohol testing program that meets the requirements of federal regulations and this policy and associated regulations and will actively enforce the requirements of this policy and regulations as well as federal requirements.]** **[An independent contractor who drives their own bus/vehicle is subject to the same requirements as the district's own employees.]**

### **Drug and Alcohol Testing**

Any applicant or employee has the right to refuse to undergo testing. However, failure to consent to testing or behavior that prevents meaningful completion of testing will be treated as a failure to comply with the District's policies and may result in discipline, termination of employment, or rescission of a job offer. No test will be sought for the purpose of discriminating against an applicant or employee.

The District has adopted testing practices to identify covered and safety-sensitive position applicants/employees who use illegal drugs or abuse alcohol on or off the school property and/ or during working hours. Before requesting or requiring drug and/or alcohol testing, the District will provide the individual with a copy of this policy and a form on which to acknowledge they have seen the policy. Testing will not be performed unless a signed acknowledgement form has been obtained. It shall be a condition of employment for all covered and safety-sensitive position applicants/employees to submit to testing under the following circumstances:

1. Pre-employment (Covered and Safety-Sensitive Positions Only): Once a conditional job offer has been made to an applicant for a covered or safety-sensitive position, the District will require the applicant to undergo testing, provided the same test is required of all applicants for the position. Any covered or safety-sensitive position applicant with a confirmed positive test result may be denied employment after assessment and review by administration.
2. Promotions/Transfers (Covered and Safety-Sensitive Positions Only): All employees who are promoted or transferred into covered or safety-sensitive positions will be tested at the time of promotion or transfer. In the event of a positive test, an employee may re-apply for another vacant covered or safety-sensitive position at a later date as determined by the District or as outlined in administrative regulations or handbooks.
3. Random (Covered and Safety-Sensitive Positions Only): Random testing may be conducted for employees only in covered or safety-sensitive positions.
4. Reasonable Suspicion (**[All Employees] [Covered and Safety-Sensitive Positions Only]**): The District may require testing when there is reasonable suspicion to believe that an employee (a) is under the influence of alcohol or illegal drugs, (b) has violated this policy or other district policies or regulations prohibiting the use, possession, sale, or transfer of drugs or alcohol, (c) has caused themselves or another employee to sustain a personal injury, or (d) has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident. In order for reasonable suspicion to exist, there must be a basis for forming a belief that testing is justified based on specific facts and rational inferences drawn from those facts. Where permitted by law, the occurrence of a work-related accident may be considered reasonable suspicion; however, any testing that is conducted must evaluate the root cause of the incident that "harmed or could have harmed" employees or others and must include all employees who could have contributed to the incident, rather than just the employees who reported injuries.

Reasonable suspicion testing shall be based on objective facts and articulable observations that are consistent with the signs and symptoms of drug and alcohol misuse or abuse and/or a policy violation, including, but not limited to the following: appearance, behavior, motor skills, attendance, and/or work performance by the employee. The circumstances under which reasonable suspicion drug and alcohol testing shall be considered, as outlined above, are strictly limited to time and place of employee conduct while on duty, during work hours, and/or on school property or at a school-sponsored activity or event. The District shall take steps to ensure that district administrators and supervisors receive proper training to recognize the signs and symptoms of drug and alcohol misuse prior to making determinations for reasonable suspicion testing.

Reasonable suspicion testing shall be performed in accordance with federal law on Transportation Workplace Drug Testing and testing procedures outlined in administrative regulation.

5. **[OPTIONAL: Follow-up Testing ([All Employees] {or} [Covered and Safety-Sensitive Positions Only]): The District may require testing as part of a follow-up program to treatment for drug or alcohol abuse when an employee has been requested or required by the District to go to a rehabilitation program because of a positive confirmed test result. The frequency and terms of such testing shall be confirmed under agreement between the District and employee.]**

Within three (3) working days after receipt of a test result report from the licensed testing laboratory, the District will inform the applicant or employee who has undergone drug or alcohol testing in writing of a positive test result on a confirmatory test or of a negative test result on an initial test. Applicants and employees have a right to request and receive a copy of the test result report on any drug or alcohol test.

Applicants and employees will be given the opportunity to explain or contest a confirmed positive result with the District within three (3) working days after being notified of their test result. An applicant or employee may present verification of enrollment in the cannabis patient registry as part of the explanation. No individual will be discriminated against or penalized due to the individual's status on the patient registry or for the patient's positive drug test result unless the patient used, possessed, or was impaired by medical cannabis on the District's premises or during the hours of employment.

The applicant or employee also has the right to request a confirmatory retest of the original sample at their own expense. This request must be made within five (5) working days after notice of the confirmatory test results in writing.

**[OPTIONAL: The first time an employee tests positive for drugs or alcohol after a confirmatory test, they may be given the opportunity to participate in rehabilitation/substance abuse treatment prior to discipline, up to and including discharge. The District may provide such opportunity unless the employee has refused to participate or has failed to successfully complete the counseling or rehabilitation**

**program. Participation in a drug or alcohol counseling or rehabilitation program is at the employee's own expense or pursuant to coverage under an employee benefit plan. The District reserves the right to take any other disciplinary action, which it deems warranted in the event of an employee's first positive confirmatory test result.]**

Positive test results may result in administrative leave, pending the outcome of a confirmatory test and, if requested, confirmatory retest if the District believes it is reasonably necessary to protect the health or safety of the employee, co-employees, students, and/or the public. **[OPTIONAL: An employee who has been placed on leave without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.]**

An employee, who receives a positive result on a confirmatory test for drugs and/or alcohol and who has previously received a positive result on a confirmatory test for drugs and/or alcohol, may be disciplined up to and including discharge.

### **Testing Procedures**

Testing shall be performed in accordance with federal drug and alcohol testing regulations and testing procedures are outlined in administrative regulations. The District shall designate collection sites where employees must report and provide specimens. **[OPTIONAL: The District shall pay all costs of the employee drug and alcohol testing, unless the test is a retest requested by the employee. District employees will be compensated at their regular rate of pay for the time during which they are undergoing any drug or alcohol testing, including transportation time.]**

### **Refusal to Submit**

An employee covered by this policy may not refuse to take a required test.

In addition to verbally refusing to undergo testing, an employee or job applicant is considered to have refused testing if they:

1. Fail to appear for, or declines a test within a reasonable time, as determined by the District;
2. Fail to provide an adequate sample or sufficient quantities of the substance being tested without a medical exemption;
3. Fail to immediately report to the collection site as instructed, or fail to remain at the testing site until the testing is completed (unless instructed otherwise by the testing laboratory or facilitators);
4. Tamper with, adulterate, substitute a specimen for testing, or obstruct testing, as determined by the testing laboratory;
5. Interfere with the collection procedure;
6. Do not make themselves readily available for testing following an accident, as defined below. However, nothing in this policy shall be construed to require the delay of necessary medical attention for injured persons following an accident or

to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain emergency medical care.

Employees who refuse required testing shall, at a minimum, be prohibited from performing covered and safety-sensitive duties and may be refused employment or disciplined up to and including discharge.

### **Violations**

If the testing confirms prohibited alcohol concentration levels or the presence of a controlled substance, the employee shall be removed immediately from covered and safety-related duties and may be subject to the disciplinary consequences contained in the Drug and Alcohol-Free Workplace policy. Before an employee is reinstated, if at all, the employee shall comply with all applicable return-to-duty requirements, including evaluation, rehabilitation, and drug/alcohol testing requirements. **[OPTIONAL: An employee who is prohibited from performing covered or safety-sensitive duties may be assigned to non-covered or nonsafety-sensitive duties until such time as the employee complies with the requirements for returning to duty.]** The District will follow treatment referral procedures contained in federal regulations for covered employees.

Employees with verified alcohol concentrations below prohibited amounts shall be removed from covered and safety-sensitive positions and may be subject to the disciplinary consequences contained in the Drug and Alcohol-Free Workplace policy.

The District is not required to provide rehabilitation, pay for substance abuse treatment, or to reinstate the employee. The Board retains the authority consistent with law to discipline or discharge any employee who is an alcoholic or chemically dependent and whose current use of alcohol or drugs affect the qualifications for and performance of their job.

### **Confidentiality of Records**

The District shall maintain records in compliance with law. Drug and alcohol testing records are confidential and shall be maintained in a secured location. An employee shall be entitled, upon written request, to obtain copies of any records pertaining to the employee's use of alcohol or controlled substances including information pertaining to alcohol or drug tests. Records shall be made available to a subsequent employer upon receipt of a written request from an employee only as expressly authorized by the terms of the employee's request.

Necessary records and reports shall be maintained and made available to federal and state transportation agencies upon request in accordance with federal regulations.

### **Records from Former Employers**

With the employee's consent and in accordance with [49 CFR § 40.25](#), the District may obtain any information concerning drug and alcohol testing from the employee's previous employer.

## **Training**

K. Consider Policy DEAC Dress Code

RECOMMENDED

**DEAC - STAFF DRESS CODE**

Staff and volunteers must present themselves to students, parents, and the general public in a professional manner when in school, while on school property, and when acting as a representative of the school at external venues. As role models, staff and volunteers are to set positive dress and grooming examples for students and adhere to standards of dress and appearance that are compatible with an effective teaching and learning environment.

~~All staff and volunteers shall wear attire appropriate to their profession and duties during the workday and at any work-related activities unless directed differently by their supervisor. The District recognizes the diversity of cultures, religions and disabilities of its staff and volunteers and shall take a sensitive approach when this affects dress requirements. However, priority will be given to health and safety and security considerations. Expectations for staff dress shall be established by administration and set forth in administrative regulations.~~

A professional educator should make every effort to always maintain a professional appearance. What is appropriate for shop teachers or for physical education teachers may not be appropriate for social studies instructors or for elementary classroom teachers. Dress in a manner that is more professional than students.

Any violation of this policy will be addressed appropriately by the administrator or supervisor. Failure to follow the administrator's or supervisor's directive and/or blatant or repeated violations of this policy shall subject the staff to appropriate disciplinary action up to and including termination. Volunteers who violate this policy may be prohibited from working or serving in district schools for an appropriate period of time or permanently, as determined by the Superintendent or designee.

**KILLDEER PUBLIC SCHOOL DISTRICT #16**  
**Teacher Handbook**

**KILLDEER PUBLIC SCHOOLS MISSION STATEMENT**

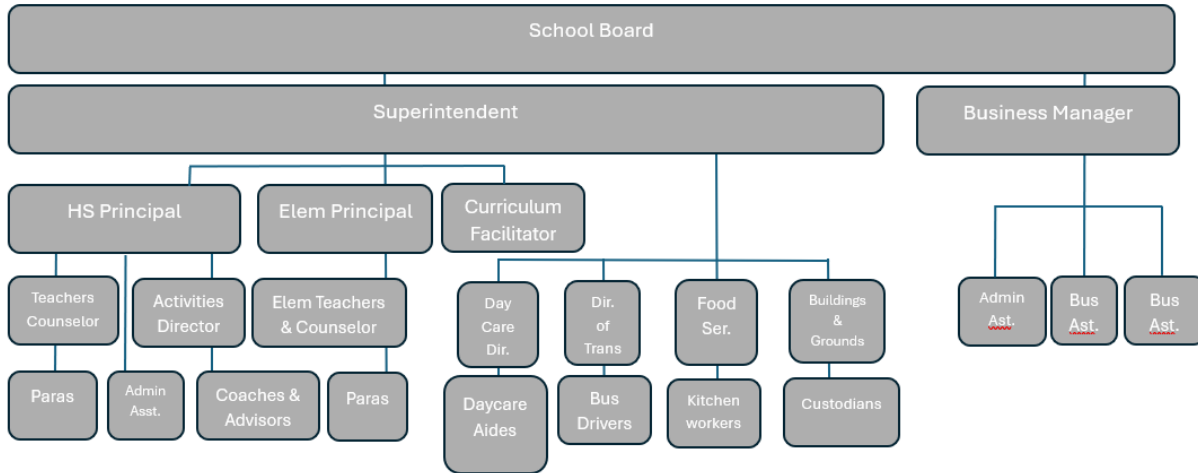

THE MISSION AT KILLDER PUBLIC SCHOOL IS TO ENSURE STUDENTS ACQUIRE THE KNOWLEDGE, ATTITUDE, ETHICS, AND SKILLS NEEDED TO BECOME PRODUCTIVE CITIZENS IN OUR SOCIETY.

**Ethics**

The educator believes in the worth and dignity of each human being and strives to help each student realize the student's potential as a worthy, effective member of society. The educator, therefore, works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding and the thoughtful formulation of worthy goals. The public with a trust and responsibility requiring the highest ideals of professional service vests the profession. The quality of the services of the education profession directly influences the nation and its citizens. The educator shall exert every effort to raise professional standards, to promote a climate that encourages persons worthy of trust to exercise careers in education, and to assist in preventing the practice of the profession by unqualified persons. The educator believes that patriotism in its highest form requires dedication to the principles of our democratic heritage and assumes full political and citizenship responsibility. The educator shares with all other citizens the responsibility for the development of educational programs and policies and for interpreting these to the public. The professional educator regards the employment agreement as a solemn pledge to be executed both in spirit and in fact in a manner consistent with the highest ideals of professional service. The Superintendent of Public Instruction will render a final decision for the suspension or revocation of certificates as outlined in Article 67.1-03. The Department of Public Instruction publishes copies of the Rules of Procedure and Interpretation of Codes of Ethics of the Teachers' Professional Practices Commission. The Killdeer School Board recognizes that to provide a sound educational system the highest ethical practices must be adhered to.

### Killdeer Public School District Organizational Hierarchy Chart

Many parent and community questions are easily and completely answered by communication directly with the educator in charge of the class or program. Each situation should be first addressed at whatever level the initial action was taken with appeals moving on to the next level on the chain of command.

### KACB-B District Personnel Complaint Form

#### Board Policy: KACB

Complaints shall be resolved at the lowest possible level of authority. If the complaint cannot be satisfactorily resolved at that level, the complaint shall be directed to the principal or other supervisor directly responsible for supervision of that employee. The supervisor shall:

1. Investigate the complaint.
2. Promptly notify the employee if the complaint is to be placed in the employee's personnel file. The decision to place information into any personnel file shall be made by the administration based on the results of an inquiry or investigation.
3. Schedule a meeting with the employee, the complainant, and/or the supervisor if deemed appropriate.
4. Provide a response to the complainant within 60 days of receipt of the complaint. Upon conclusion of the investigation, the complainant shall be informed as to the outcome of the investigation and the disposition of the complaint to the extent appropriate. If either party is dissatisfied with the handling of the complaint, the matter may be appealed to the Superintendent for final resolution.

Board members shall refer individual's complaints about school district personnel to the Superintendent or designee, whereupon established procedures will be followed.

Complaints about the Superintendent or Business Manager shall be directed to the Board President, who is responsible for conducting the investigation and making a recommendation based on the outcome of the investigation to the Board for a final

action. The Board may retain an attorney or consultant to assist with the investigation process.

### **Professional Dress and Appearance**

It becomes very difficult to address this issue as a standard that can be applied to all staff members equally. Dress in a manner that is more professional than students. ~~In addition to the this statement, teachers must, at a minimum, follow the same dress code that has been set in the high school student handbook.~~

### **Confidential Information**

The teacher’s daily task requires working with confidential information. As professional people, we are obligated to use extreme care in the building of such items as test scores, counselling data, and results of faculty meetings, I.E.P. meetings and personal problems of students and fellow workers that might come to our attention. These items and many other matters need to be handled very confidentially and with the utmost discretion, respect and dignity. Discussing students in the hallways, or in earshot of any student or patron within the parameters of the school setting are not acceptable and are subject to administrative reprimand.

### **Reporting Child Abuse/Neglect**

15.1-19, section 50-11.1-02.4, and subsection to section 50-11.1-03 of the North Dakota Century Code Educators have legal obligations to report any indications that would cause a reasonably prudent person to suspect that a child is being or may have been abused or neglected. The law does not require that we have ‘proof’, but only that there is reasonable cause to suspect. If you, as an individual staff member, have questions concerning this issue and what you need to do, please contact your principal, or the school counselor. Generally, these staff members are the persons that will file the report on the school’s behalf.

### **School Resource Officer (SRO)**

SROs are not disciplinarians. SROs enforce the law and have different standards for engaging with students and staff than administration or teachers. Asking or expecting our SROs to engage

in school business that falls within the realm of school administration may compromise a law investigation.

### **Emergency Operations Plan (EOP) and Emergency Supplies**

You will receive an updated EOP annually. You should keep this plan in a secure but accessible location. Additionally, you should have a “bucket” with updated supplies in the event that you are locked down in your room for a period of time. Inventory of bucket: *First Aid Kit, ten (10) water packets, crackers, tarp, garbage bags, several latex gloves, a bucket with liners and sanitary wipes, whistle, a tourniquet and flashlight + batteries.*

**If you don't have a bucket or are missing items, ask the front office and you will be provided said items and or bucket.**

### **Administering Medication Policy ACBD School Medication Program**

All medication for students, including over the counter medicine, will be kept at the front office and will be administered by trained school personnel unless the student has been authorized by their medical provider and cleared by the school nurse.

### **Teacher Meetings**

Teacher meetings will be scheduled as necessary by administration. Attendance by all staff members is mandatory. Secondary and elementary teachers will meet respectively with their building principals.

### **Parent/Teacher Conferences**

Parent/Teacher Conferences are held twice a school year. They will be held at the end of the first and mid-term of the third nine weeks period. Dates and times are predetermined by the administration. Parents will be encouraged to visit the school and meet with the teachers during their assigned time. Conferences are an important means of communication between teachers and parents (home and school). All teachers must be in attendance unless prior arrangements have been made with building principals.

### **Collecting Money from Students Policy HEBB Cash in School Buildings**

All money collected from students should be receipted into the main office immediately. No money should be left unsecured in classroom desks, file cabinets, etc., overnight. The high school and elementary have vaults to safely keep money. Money collected should be put here for safe storage until the money can be reconciled and deposited in its proper account as soon as possible.

### **Intercom Use**

An attempt will be made to make as few interruptions as possible. A routine and schedule will be established so announcements can be anticipated.

### **Central Office Personnel**

Our school secretaries and business manager have full time responsibilities. They should not be expected to serve as aides for copying material or running errands for the staff.

### **Copy Machine Usage and Procedure**

Copy machines are made available for all staff use. If a machine is not functioning properly, we ask that you contact the office staff. They can correct most items that are encountered. If they cannot correct the malfunction, they will contact the repair service to have them come out to correct the problem.

Teachers must issue a pass to students using copy machines. If students are in need of a copy machine for school purposes, they may use the copy machine in the library. Student teachers should be trained by their supervising teacher in correct machine usage before the student teacher uses the machine.

### **Copyrighted Materials Policy – ABCA**

All employees should be aware that certain materials may not be copied on the copy machines. To copy materials that are protected under copyright laws, (books, music, software, etc.) is a violation of federal law and each employee is individually responsible if violating this law. The school district serves notice that staff members are to make themselves aware of this law and to avoid violations at all times.

### **Internet Network Acceptable Use Policy Policy-ACDA**

The Killdeer School District believes network access plays an important role in the education of students; however, the network also contains content that is not appropriate for students and staff. The District has taken precautions, in accordance with federal law, to restrict student and staff access to obscene, pornographic, and/or harmful information through the use of software designed to block sites containing inappropriate material. While the District has taken preventive measures, it recognizes that it is not possible to fully guarantee that students and/or staff will never access objectionable materials.

- **Education**

The District shall provide education to students and staff about appropriate online behavior, including interacting with other individuals on social networking websites, as well as, cyberbullying awareness and response.

- **Monitoring Use**

Students and staff shall have expectations of privacy when using district computers and/or networks and shall use this technology solely for classroom/district-related purposes. Network administrators may view files and communications to maintain the integrity of the system and to ensure proper and responsible use of the system. Teachers and administrators will exercise supervision of student use.

Mailboxes are provided for all staff members. Please check and empty it each day.

### **Security System Policy - ACDB**

The district has a surveillance system that provides a more secure campus. Main student entries are controlled by a computer system and a key fob entry. In accordance with school board policy, cameras have been mounted and videos are recorded from these cameras. All corridors, hallways, and event areas are video recorded through this system. Videos recorded in school are considered part of the “educational record” and are protected by federal law. Parents may not review an educational record due to FERPA.

### **Master Activity Calendar and Schedule**

The Athletic Director (AD) is available to schedule all activities involving use of the gymnasium facilities. The AD should be your first contact when scheduling any activity that will use the school facilities. All activities are best placed on the RSchool Today Online Calendar posted on the school website and the Master Calendar kept in the main office. Do NOT add events without prior approval from administration.

### **Official Logo**

The following logo is the official, school board approved, logo of Killdeer Public School. The silhouette logo is the only bucking horse logo that is to be used on school purchased clothing, equipment, jerseys, warm-ups, and facilities. The official logo can be found on the “Cowboy Server” under the file name, Official Cowboy Silhouette Logo. The logo is available for everyone to use at their own free will. The only way this silhouette may be manipulated is to add a border, change the color, change the fill, change the direction, add backgrounds, etc., but the original silhouette must remain.

### **Teacher Absence**

All requests for leave must be submitted in WebLink; forwarded and approved by the administration.

### **General Teaching Supplies**

Many items and teaching supplies are available by contacting the main office. We encourage staff members to contact office staff before requisitioning general supplies, as they may already be available. The office orders enough supplies to take care of commonly used items. If you have an annual event or project, please do not rely on the office to supply your event. Please plan accordingly and order supplies from your classroom allocation (\$500 at the elementary) or ask your principal to include this additional cost in their respective budget.

### **Purchasing Process** [Policy HCAA Purchasing](#) & [Policy DEBJ Unauthorized Purchases](#)

1. The staff submits a requisition on WebLink to the respective principal for approval.
2. Through WebLink the principal will approve and submit the requisition to the business office to be processed.
3. The superintendent will review and approve the requisition. During the process in the business office the requisitions are compiled into Purchase Orders (POs).
4. Regularly, the superintendent approves and signs POs.
5. The school board has the final approval of all bills at the monthly board meeting.

**Warning:** If you purchase items or services without following the procedure or purchasing without administrative approval, you run the risk of not being reimbursed. The process is long and it is not timely. The process is designed so many eyes are on taxpayer dollars to ensure they are being spent in the way they were intended. Sometimes urgent/emergency situations may occur that may justify superseding this process. Poor planning is not considered an emergency.

The business office is scrutinized by auditors during the annual audit. The business office is compelled by law, and they are held to a standard. Following the procedure is important. Please be thoughtful of this if you become frustrated with the process.

**Note:** *As a staff member your budget line item is zeroed out every year. Excess amounts do not accumulate over time.*

### **School Cancellation Procedure**

The primary means of communicating to parents and staff of school cancellation will be through the district's online alert system (Thrillshare). The message will be sent to cell phones as an email, text, and voice message. If you or someone you know are not receiving messages, please update cell phone numbers with an administrative assistant at the elementary or high school. Ideally cancellations will occur the night before, however, if a message is sent out in the morning the superintendent will make every effort to have the message sent by 5:30am Mountain Time. The message will also appear on the "close line" on local TV news and on local radio stations.

### **Student Teaching Training Program**

All teachers must complete a student teacher supervision course to supervise a student teacher. Student teachers must seek approval from their cooperating teacher and administration. All student teachers are subject to an interview process prior to student teaching, conducted by the cooperating teacher and the administration. The administration retains the right to approve or deny a student to student teach in the Killdeer Public School District. All student teachers must adhere to the guidelines, rules, and procedures set forth by the cooperating teacher, administration, and school district policies. Supervising teachers will be

allowed only one student teacher per school year unless otherwise directed by the Superintendent.

### **Teacher Checkout**

Building administrators are required to have an end of year checkout process in place for all teachers to complete at the end of each school year. The year-end checklist needs to be handed out to teachers before the end of the school year with a list of items that teachers must have completed to close out the school year. Items may, but are not limited to: historical grades deadline, moving/labelling classroom items for cleaning or removal, checking in keys, paying lunch bills, cleaning out personal refrigerators, etc.

### **Lockers**

Each teacher will be provided a locker, if possible.

### **Textbooks**

The textbooks are numbered, and the number of the books issued is to be inserted by the name of the student in the teacher's lesson plan book at the beginning of each term. Please secure all textbooks that have not been issued to students. A requisition with all missing textbooks (used amazon.com price) will be turned in at the end of the school year to building principals to receive compensation from students for those books or to be replaced by the school district.

- **Textbook Adoption Cycles**

There is a sequence and cycle for adoptions of new textbooks. The intent of a regular rotation is to have up-to-date curriculum and textbooks that are in good condition.

### **Vo. Ag. Facilities and Equipment Usage**

Staff using the Vo. Ag. Facilities and/or any equipment for student projects, activities and/or personal use, must seek permission from an Ag. Instructor. Immediate clean-up and return of equipment is the responsibility of the person or group using the facility or equipment at the requested time.

### **Week-Time Family Activities**

Wednesday evenings and Sundays have been set aside as "Family Time". The Killdeer High School will continue to cooperate in scheduling as few events as possible during those times, thus allowing full opportunities for the families to experience quality time without conflict with school activities. No local school activities will be scheduled on Wednesday evenings after 6:30 p.m. or at any time during Sundays. No Sunday activities practice or travel will take place unless prior approval has been made by administration. Sunday will be reserved for family activities. No games at any level shall be allowed on Sunday.

### **Extra-Curricular Activities**

1. All extra-curricular activities or organizations must be approved by the Administration.
2. An organizational meeting must be held with all officers recorded in the office along with the assigned advisor.
3. An established meeting date must be set subject to the approval of the Administration.
4. Arrangements for field trips etc.; must be made in advance to facilitate proper scheduling, bussing, supervision and liability. When bussing is necessary, see the Activities Director or the Superintendent for approval and scheduling purposes.

### **Special Days**

Elementary school parties are scheduled to observe Halloween, Christmas and Valentine's Day. These pupil social experiences are held at the end of a designated day (2:00-3:00). If these social affairs fall on a day and hour when your class has P.E, Music or Band, such classes will not be session. The same applies when a school assembly or lyceum is scheduled.

If parents opt to have their children not participate in these festivities, they are allowed to pick up their children from school at that time. When out-of-town trips are being taken, a "Parent Permit Slip" needs be sent home with the students for authorization by the parents. The school is not responsible for students whose parents opt not to allow their child to participate in out of town field trips. Students will be counted absent on this day. High School events will take place as per principal's revised schedule.

### **Transportation**

- Activity Buses: Buses are to be cleaned after returning from an activity. Ideally buses (especially route buses) should be filled with fuel, so a route bus driver isn't surprised with an empty tank before their morning route. This is officially the activity bus driver or advisor responsible for the activity. If we work together on this and the coaches and the advisors have the students pick up and sweep out the bus, it becomes a small chore.
- Mini-buses or 14-passenger buses may only be driven by school employees whose name appear on the *Approved Driver List* located in the business office.
- Personal Vehicle: If you are driving your own vehicle to transport students, Policy IEBA TRANSPORTATION OF STUDENTS BY STAFF IN PRIVATE VEHICLES explains that the staff member must provide proof of insurance, a valid driver's license, and a safe vehicle. The form that is required to accompany this policy is included at the end of this teacher handbook.
- Parent/Volunteers Driving a Personal Vehicle: Parents or volunteers who drive their own personal vehicle to transport students for school activities must fill out the volunteer form. Additionally, parents/volunteers must provide proof of insurance, a valid driver's license and a safe vehicle. The volunteer form is at the end of this teacher handbook.
- Rental/Dealership Vehicle Rental or donated vehicles for a school event shall be approved by administration prior to use. Only drivers listed on the *Approved Driver List*, maintained by the Business Office, shall be allowed to drive a rental / dealership vehicle. The 'Request for Vehicle Insurance' form shall be submitted to the Business Office at least one week in advance of the event. The vehicle shall not be driven until the Business Office provides proof of insurance.

### **School Vehicle:**

School teachers and personnel are encouraged to use the school vehicle and ride together whenever possible. If a school employee wants to drive their own vehicle and the school vehicle is being driven to the same school event and there are seats available, it will be at the discretion of the superintendent if mileage will be paid for additional vehicles.

- *Visitors* are defined as any individual who is on school property and is not acting in the capacity of a student, district employee, or district board member. Visitors may include parents, contractors, vendors, service providers, and any other member of the public.

#### School Property Oversight & Visitor Access

The Board maintains custody and control of all school property under N.D.C.C. § 15.1-09-33 (2) and delegates to the Superintendent the oversight authority over school property and visitor access and appropriate communication procedures in accordance with the Superintendent's duties to supervise the general operations of the District in accordance with N.D.C.C. § 15.1-14-01. The Superintendent may develop regulations and rules regarding visitor pre-authorization requirements, check-in procedures, expected communications, safeguards, limitations, and restrictions to support this policy.

#### Visitor Expectations

The Board encourages parents and community members to interact with the District and attend Board meetings to become better informed about school operations and the District's educational goals and initiatives. State law requires public schools to be "free, open, and accessible at all times to any child" in accordance with N.D.C.C. § 15.1-06-01, with limitations as allowed under N.D.C.C. ch. 15.1-19 or other applicable law. Access to school property as a "visitor" is a privilege granted by the District in the best interest of the educational environment and only as authorized under the law.

Because schools are places of work and learning, visitors shall observe the following requirements when visiting district schools, which are created to ensure the educational environment is not disrupted:

1. Visitors shall comply with applicable state law and district policy/regulations while on school property. No person shall enter school property in violation of a court order, in violation of the law, for unlawful purposes, or for purposes unauthorized by the Board or administration. The District will comply with and make appropriate reports in accordance with state law on willful disruption of schools. See N.D.C.C. § 15.1-06-16 (prohibiting any person from (1) willfully disturbing a public school in session; (2) willfully interfering with or interrupting the proper order or management of a public school by an act of violence, boisterous conduct, or threatening language; or (3) rebuking, insulting, or threatening a teacher in the presence of a student). District policies pertaining to visitors such as, but not limited to, drug,

alcohol, and tobacco use; weapons prohibition; sexual offenders; patron and personnel complaints; violent and threatening behavior; and other policies designed to maintain order and acceptable standards of conduct on school property;

2. Visitors are prohibited from engaging in disruptive conduct that is interfering or interrupting the orderly operation/management of the District, or that is insulting, harassing, or threatening toward district personnel or students. Visitors who engage in such conduct (verbally and/or in writing) may immediately be asked to leave school property, have communications monitored appropriately, and may be subject to safeguards, limitations, or restrictions on future visitor access to school property and communications with district personnel and students;
3. Solicitors are not permitted on school property except when authorized in accordance with state law and/or applicable district policy;
4. Visitors shall be prohibited from videotaping and/or otherwise electronically recording district students and staff at any time on school property. This prohibition includes, but is not limited to, parent-teacher meetings, parent-administrator meetings, and any meetings related to student education records and personal identifiable information (PII), unless there is an authorized exception under the law. Special education meetings in which the District has authorized school personnel to record the meeting so parents can have meaningful access and communication under the IDEA or other applicable law is an exception under this policy. The District will create, maintain, and control any authorized recording that is a student education record. This policy does not apply to visitors electronically recording school-sponsored events not governed by copyright laws and non-school-sponsored activities and events held on school property. The District may also create an exception to this policy for members of the press; and
5. Any visitors allowed in classrooms or allowed to participate in education-related activities sponsored by the District must receive pre-authorization from administration. Authorization will not be granted for visitors to evaluate teachers, teaching methods, or curriculum. Visitors must abide by the District's policies and regulations protecting students education records and privacy under the Family Education and Privacy Rights Act (FERPA).

**[OPTIONAL: Private tutors, contractors, authorized volunteers, or other outside parties providing services to students {will} {may} be allowed on school property for the purpose of providing those limited services to students. Such visitors shall observe the same requirements as any other visitor when visiting district schools.]**

Sexual offenders as defined under N.D.C.C. § 12.1-20-25 are denied visitor access to school property unless authorized under the law or district policy. Visitors seeking access to school property who do not meet the legal definition of "sexual offender" but have pled guilty or been found guilty of a misdemeanor offense under N.D.C.C. ch. 12.1-20 (Sex Offenses) may be restricted, limited, or denied access to school property when the health and/or safety of students and/or staff may be at risk as determined by the Superintendent.

## **Policy Violations**

Individuals who violate any portion of this policy or applicable administrative regulations may receive notice that they are in violation of a district policy/regulation and may be asked by the Superintendent, building principal, or designee to leave school property and follow administrative directives regarding future communications and meetings. The Superintendent, building principal, or designee may implement set perimeters for school property access and communications for visitors who repeatedly violate district policy/regulations or willfully disrupt school operations to leave school property. If an individual refuses to leave when asked, school administration shall seek the assistance of law enforcement to remove the individual from school property. At all times, the District reserves the right to limit or restrict an individual's ability to access school property and/or communicate directly with district personnel if their conduct is in violation of this policy.

Visitors are required to sign in and out of the building using the Visitor Management System, or as otherwise directed, and to wear a visitor identification name tag at all times while in the school or on school property. Administrators shall ensure that signs are posted at every entrance to the school to notify visitors of this requirement.
3. Visitors attending school functions that are open to the public, such as parent-teacher meetings, conferences, school programs, assemblies, graduations, and athletic and other extracurricular events, are not required to follow the sign in/out procedures identified above.
