- (e) Voluntary Transfers.

Applicants currently employed by the District shall be preferred to applicants not currently employed by the District if qualification of each, as determined by the District, are equal.

 - (3) The District may pay the cost of a teacher's moving expenses in connection with a voluntary transfer.
- (f) Involuntary Transfers. There is a mutual recognition that some involuntary transfers from one school to another within a school system are unavoidable if all efforts to voluntarily transfer an employee have been exhausted. The Superintendent shall make any involuntary transfer or reassignment decisions. Said transfers or reassignments shall be based on least seniority, educational program and/or enrollment decisions as outlined in CSI) Board Policy.

- (1) Any teacher may resign, or if tenured, take a leave of absence for up to one year, without penalty in lieu of accepting an involuntary transfer.
 - (2) The District shall pay the cost of moving a teacher's household goods and family in an involuntary transfer. Costs of a move shall be approved by the Superintendent or his/her designee prior to the move.

A non-tenured teacher who is not being retained shall receive a notice of non-retention by the regularly scheduled April board meeting annually. If possible, non-tenured teachers shall be notified as soon as the Superintendent knows of the fact.

Section ~~10~~11. Certificated Staff Reduction in Force.

For the purposes of this article, a reduction in force (RIF) shall be defined as the layoff of a tenured certificated staff member as a result of the need to reduce the total number of certificated staff positions within the District. This article does not cover terminations which occur as the result of some other reason, whether or not the total number of certified staff positions is also reduced at the same time. This section shall be interpreted consistent with AS 14.20.177 and is not intended to restrict the District's ability to lay off staff pursuant to that statute.

Where the Board determines that a reduction may be necessary, it shall first proceed by determining the specific educational program components which are to be eliminated or reduced in size. The Board shall seek and consider public input, including that of certificated staff members, in deciding the program components to be eliminated or reduced in size. At the conclusion of this process, the Board shall determine the total number and specific identities of the positions to be eliminated.

Once the specific positions to be eliminated have been determined, the Board shall next proceed to determine whether there is a need to terminate specific tenured staff members in order to achieve the necessary reduction in force.

Attrition in program components not to be eliminated or reduced in size does not affect the need to reduce certificated staff if the certificated staff members employed in program components eliminated or reduced in size are not qualified to transfer to fill the positions vacated by attrition. For the purpose of the paragraph a tenured teacher is "qualified" to fill a position according to criteria set out in AS 14.20.177. If it remains necessary to layoff tenured certificated staff members in order to achieve the necessary reduction in force, the Board shall determine the specific staff members to be laid off by evaluating the educational program needs of the District, the employee's educational background, training, evaluations, length of service in the District, experience, and such other factors as the Board may determine to be relevant to its decision.

Layoffs shall occur in the following order after taking into account the considerations set out above.

- A) Temporary hires
- B) Emergency or provisionally certified teachers
- C) Reverse seniority, unless it results in a position not being filled by a qualified teacher. In addition, a tenured teacher, who because of portability has less seniority than a nontenured teacher, shall be retained in favor of the non-tenured teacher if the tenured teacher is qualified to fill a remaining position. The Board's determination and decision shall be

considered final

- D) A teacher laid off pursuant to this clause shall be entitled to a preference for rehire by the District in accordance with the provision of AS 14.20.177

A layoff shall not be considered a break in service. Upon rehire, a teacher who has been subject to layoff shall have restored the rights and benefits accrued as of the date of the layoff.

Section ~~11~~12. New Teachers.

New teachers in the district shall be provided at point of hire with the following:

- (1) Certified Staff Handbook
- (2) Benefits Handbook
- (3) Negotiated Agreement
- (4) Voluntary Sick Leave Bank Enrollment Form

Section ~~12~~13. District Committees.

When the District and/or Schools create committees, including, but not limited to, calendar, budget, staffing, curriculum, or student performance assessments, the committee shall have the involvement of certified employees. The association shall be requested to solicit participation from the membership for committees.

For purposes of hiring, the District will reach out to the association site representatives first, then other available teachers, to make all possible efforts to include a teacher in the hiring process. When considering hiring for superintendent, the board will survey or solicit input from staff, which could include surveys, a teacher on the committee as a non-voting member, etc.

Section 14. Staff Meetings

Building principals or designee shall have no less than one (1) staff meeting per month.

(AS 39.20.500-39.20.550; 29 CFR 825.100-800)

A. Purpose

A sick leave bank shall be established to enable members, because of unusual circumstances, to draw additional sick leave after their earned sick and personal leave has been exhausted.

B. Sick Leave Bank Committee

The sick leave bank shall be administered by a governing committee of 2 bank members elected by the bank membership and one administrator appointed by the Superintendent. The committee shall meet as frequently as is necessary to consider leave requests and to otherwise administer the bank. The committee shall promptly record and report all leave transactions to the District's business manager. The Association President shall receive a Sick Leave Bank Balance Report when requested. A Balance Report request may be made no more than once per month.

HR/DO will verify eligibility when the sick leave bank request is received. The Committee will review applications within five (5) workdays of receiving the request. Written approval or denial of the request will be delivered to the employee within five (5) days of review.

E. Medical Certification

Documentation from a licensed medical provider is required to qualify for leave from the Bank. The licensed medical provider's statement shall clearly certify the necessity for sick leave, describe why the Teacher's condition necessitates leave from work, and probable duration of the need for leave.

F. Day Allowance

Members may receive up to twice the number of sick leave days the member had accumulated before the first day of the school year in which the member applied for the leave, or twenty-four days, whichever is greater. In the case of severe illness or extreme hardship, a member may be permitted to withdraw more leave at the discretion of the sick leave bank governing committee, with the consent of the Board.

A member who has exhausted all earned sick leave and personal leave and who requires additional sick leave due to unusual circumstances resulting in the member's illness or disability may apply to the bank for additional sick leave.

Section 8. Method of Payment.

By notifying the Superintendent of Schools prior to September 12, any teacher may elect to receive his/her salary in 10 equal installments rather than 12. However, any remaining salary earned shall be paid to the employee on the last day of the regular 180 day school term, except for delays caused by emergency. The June, July, and August paychecks may be deposited in three successive

payments beginning June 25, 26, and 27th before the end of the fiscal year.

Section 9. Medical Insurance.

- (a) The parties agreed to the Public Education Health Trust Medical Plan C / Dental Plan A.
- (b) The District will pay 86.4% towards the monthly premium with the employee paying 13.6%.
- (c) The monthly premium shall be the tiered rate.
- (d) Employees shall be allowed to receive coverage both as an employee and as a dependent of another employee. Dependents shall be allowed to be claimed by more than one employee for purposes of insurance coverage.
- (e) The employee, in lieu of accepting District health insurance coverage may elect to receive a payment of ~~\$300.00~~\$400 per month to be paid to the employee monthly. Once this option is selected, the employee shall only change their election to receive District health insurance coverage at the beginning of a new school fiscal year.
- (f) The District and the Association shall form a committee for the purpose of studying alternative health insurance programs and proposals.

Section 10. District Housing Rentals.

Any monthly rental increases shall only occur during a new school year beginning on July 1 of a year and shall not exceed the percentage of the monthly salary increase for teachers for that year when applied to the previous year's amount. Rental amounts shall be equal across the District and shall be based on the number of bedrooms, e.g., all two bedrooms shall rent for the same amount, etc., and not the overall size or square footage of the apartment. Adjustments may be made from site to site to reflect utilities which may be electric or water for which there are no meters in place. Teachers will be notified of rental increases by April 1.

Teachers who rent housing where there is no district housing available may be eligible for a housing stipend pursuant to the following terms:

- (a) Teachers will be eligible for a monthly stipend to cover rent costs (excluding utilities).
- (b) Teachers shall be eligible for a monthly stipend for monthly rent payments greater than \$740. There will be a cap of \$500 per month.
- (c) For example, if a teacher's monthly rent is \$1,000 the teacher would receive a \$260 monthly stipend. If the teacher's monthly rent is \$1240, the teacher would receive a \$500 monthly stipend. If the teacher's monthly rent is \$1,500, the teacher would still receive a \$500

monthly stipend.

- (d) To be eligible for the housing stipend, the teacher must provide a copy of their rental agreement or lease to the District. If utilities are included in the rent charged, the teacher must provide a letter from the landlord documenting the monthly cost of utilities, and that would be deducted from the amount of the stipend.

Teachers who own a house will not be eligible for the stipend. The amounts listed here will change depending upon the teacher housing rental cost changes, if any.

Section 11. District Mileage Reimbursement

Most of our teachers live within 1-3 miles of the school they work in. However, sometimes teachers are only able to obtain housing options in other towns like Haines or at the farthest points in our communities like Glacier Bay National Park and Rink Creek Residences in Gustavus.

Chatham School District shall do a mileage reimbursement for travel to and from school Monday through Friday for employees living 10 or more miles away from the school site at a rate outlined in Standard Operating Procedures Number 7. A mapquest or other map application shall document miles from the school to their home address with the monthly request.

ARTICLE VI GRIEVANCE PROCEDURE

Section 1. General Provision.

- (j) The filing or pending filing of any grievance under provisions of this Article shall in no way operate to impede, delay, or interfere with the right of the Board to take action complained of, subject, however to the final decision of the grievance
- (k) Any arbitrator appointed pursuant to this Article shall be without power or authority to add to, subtract from, or amend any of the terms of this Agreement, award damages or make any decision that requires commission of an act prohibited by law. The arbitrator shall not rule on any matter involving retention or non-retention of non-tenured staff.
- (l) As long as the Association fulfills its responsibilities to screen grievances, as evidenced by a written statement of screening, dated and signed off on, by the existing executive committee, including a written authorization indicating who has the authority to proceed with grievances on behalf of the Chatham-NEA, e.g., Alaska-NEA for timeliness, so that alleged violations of this agreement are not inappropriately processed through the grievance procedure, questions of grievability and arbitrability shall be resolved simultaneously with the merits of a grievance.

Immediately, but not more than fifteen (15) days of the Superintendent's receipt of the grievance, the Superintendent shall provide an opportunity for the grievant to meet with the Superintendent. As soon as possible but not to exceed ten (10) days after the meeting, the Superintendent shall provide the grievant with a written disposition of the grievance. It is mutually understood by the District and the Association that the resolution to grievances shall occur in the shortest time possible with additional time used for fact-finding situations.

If the disposition of the grievance at Level 2 is not acceptable to the grievant, he/she may submit an appeal to the Board by submitting a written request of appeal to the Superintendent, addressed to the Board President, within ten (10) days after issuance of the Superintendent's disposition at the Step 2. The Board shall conduct a hearing on the grievance immediately but not to exceed thirty (30) days of receipt of the written request. Both the grievant and the Administration shall have the right

The Board shall provide the grievant a written disposition of the grievance within ten (10) days after the conclusion of the hearing.

To the extent reasonably possible, all grievance hearings shall be conducted outside the normal workday. Should it become necessary to conduct a hearing during the workday, the grievant shall be released from work without loss of pay for a period of time necessary to attend the hearing. ADMINISTERING MEDICATION

BP 5141.21(a)

Note: In 2005, AS 14.30.141 was passed requiring districts to permit the self-administration of medication by students for asthma or anaphylaxis. Self-administration may only be permitted upon a school's annual receipt of written certification by the student's parent/guardian and the student's health care provider. The statute also requires parents to release the school district from liability from any injury that may result from the storage and self-administration of asthma and anaphylaxis medication. Finally, the statute provides that students who use the medication in a manner other than prescribed are subject to disciplinary action.

The School Board recognizes that students sometimes may need to take prescribed medication during the school day in order to be able to attend school without jeopardizing their health. In such cases, when the district has received written statements from the student's physician-health care provider and parent/guardian as required by law, designated personnel shall assist the student in taking the medication.

The written statements provided by the health care provider and parent/guardians must include the information described in AS 14.30.141. The term "health care provider" means a licensed physician, advanced practice registered nurse, respiratory care practitioner, physician assistant, village health aide, or pharmacist operating within the scope of the health care provider's authority.

The Board recognizes that some students have allergies of such severity that they may require an emergency anaphylactic injection during the course of the school day. Parents/guardians who are aware of this foreseeable need may ask the district to store and provide such injections. School staff who may be required to administer anaphylactic injections shall receive appropriate training and will be authorized to administer the injections within the legal provisions of law.

(cf. 5141 - Health Care and Emergencies)

Self-Administration of Medication for Asthma or Anaphylaxis

A student may be permitted to carry medication that has been prescribed or ordered by a physician health care provider to stay on or with the student due to a pressing medical need. Students who have received instruction in the self-administration of asthma or anaphylaxis medication shall be permitted to carry and self-administer the medication upon written authorization of the parent/guardian and health care provider, consistent with law and procedures developed by the [Superintendent/Chief Administrator]. Written authorization must be submitted annually.

By law, neither the District nor its schools are liable for injuries that may result from the storage or self-administration of medication. No student will be permitted to carry or self-administer a prescribed medication without a release of liability for the school, its employees, and agents. The release of liability shall include an agreement to indemnify and hold harmless the school and its employees or agents from claims arising out of the storage or self-administration of medication.

A student who uses the medication in a manner other than prescribed is subject to disciplinary action.

Commented [1]: From AASB: This policy has been updated to clarify that various types of health care providers (not just physicians) may authorize students to take medication during the school day. The update adds a definition of health care provider, which includes respiratory care practitioners (RCPs). RCPs were added as qualified health care providers in a law passed this legislative session.

Note: Transfer students who have earned 13 unit credits in another district may, at the district's discretion, be excused from the district's subject area units-of-credit requirements. 4 AAC 06.075.

Note: The following sample policy reflects the minimum graduation requirements specified in 4 AAC 06.075 and should be revised to reflect district philosophy and needs. Unless otherwise stated in a student's IEP, the district shall require all students in grade 11, and all students in grade 12 who have not previously done so, to take a college and career readiness assessment described in 4 AAC 06.717. However, failure to take one of these assessments shall not be grounds for withholding a diploma from an otherwise qualified student. At the request of a student, the district shall retroactively issue a high school diploma to a student who did not receive one because of failure to pass all or a portion of the previously required High School Graduation Qualifying Exam and instead received a certificate of achievement, provided the person takes a college and career readiness assessment. AS 14.03.075. A person may satisfy the assessment pursuant to the regulations in 4 AAC 06.718. The district is to mail a notice of this option to each such student who qualifies for a diploma to the student's last known address.

Note: For students who enter grade nine on or after July 1, 2027, they must complete the comparative government and civics education assessment(s) set forth in AS 14.03.076. DEED shall make the curricula available to districts and identify which grade levels require the training. This requirement will go into effect July 1, 2027.

The School Board intends that all District students graduate high school ready for college or a career. The Superintendent or designee shall prepare for School Board approval a plan consisting of district graduation requirements. Students shall receive diplomas of graduation from high school only after meeting the following district graduation requirements, as well as taking a college and career readiness assessment or receiving a waiver from the School Board.
