Board of Education Memorandum Action Item

To: Board of Education
From: Julie Jilek, Director of Business Services and Facilities
Date: February 19, 2026
Subject: Approval of Proposal for Phase 2 - Spring/Summer Asbestos Removal Project

As part of the Safe-Schools Secure-Futures Project- Phase 2, an asbestos removal project will be taking place at Albright Middle School and Stella May Swartz Elementary School over this upcoming spring break and summer.

Hygieneering, Inc., the environmental and health consulting company coordinating and overseeing the asbestos projects, obtained 3 competitive quotes for the projects. Three proposals were received, and the results are highlighted below:

Contractor	Total
NES Inc.	\$44,900
Safe Environmental	\$46,575
ECH	\$48,580

Hygieneering reviewed the two lowest technical proposals, contacted and met with NES, and verified that they were comfortable with the NES price and that the proposal included all the work identified in the project specifications. Based on NES’s technical proposal, Hygieneering recommended that NES, Inc. be awarded the project. Please see the attached letter from Hygieneering on their review and recommendation.

Recommendation: It is recommended that the Board approve the proposal from NES Inc. for the Phase 2 - Spring/Summer Asbestos Removal Project at \$44,900.

Re: Asbestos Abatement Proposal Review – Albright Middle School and Swartz Elementary School, Spring/Summer 2026 Asbestos Abatement Project associated with Scheduled Renovation Projects for Salt Creek School District 48.

Dear Ms. Jilek:

This letter summarizes the asbestos abatement proposals submitted for the Spring/Summer 2026 removal of identified asbestos containing materials associated with scheduled renovation projects at Albright Middle School and Swartz Elementary School.

NES Inc. (NES) is the apparent low cost for this project, with a total cost of \$44,900.00 for the removal of asbestos containing materials identified in the scope of work. Safe Environmental was the second lowest cost for the work at \$46,575.00.

We have reviewed the Proposals submitted by the two contractors. I contacted and met with Mr. Ryan Feil, NES, to verify that he was comfortable with his price and that the price included all the work identified in the project specifications. Mr. Feil assured me that he was comfortable with his price for the project.

Based upon the interview with Mr. Feil and NES's proposal, we recommend that they be awarded the work as the low-cost proposal for the project. Upon the District 48 Board approval of this proposal, and per our agreement with District 48, Hygieneering will proceed with this project as scheduled to ensure its successful completion.

Thank you for this opportunity to serve your environmental, health and safety needs at Salt Creek School District 48.

Sincerely,

HYGIENEERING, INC.

Subject: Copy Machine Lease Agreement

Background Information:

Salt Creek School District 48 copy machine lease with Ricoh is ending on seven (7) units across the district, six (6) black/white machines and one (1) color copier. In addition, three (3) small color copiers will be coming up for renewal in a year. The district took this opportunity to review our district copier needs and obtain quotes from various vendors in order to ensure we are receiving the most cost-effective solution for the district.

Discussion:

The district met with three vendors and received quotes back from all three (Ricoh, CDS Office Technologies, and Konica Minolta). When reviewing the quotes, we reviewed the following considerations: machine models/capacity, monthly cost, pricing/cost per print, number of units replaced/upgraded, the inclusion of PaperCut MF, and length/type of lease.

The quotes were then evaluated and weighed in the following areas: cost, hardware choices, overall proposal, the best solution to meet the district's needs, and feedback from references.

All three companies provided competitive solutions, which included PaperCut MF, a print-management solution that reduces waste and cost. Upon the completion of our review of the proposals, one stood out among the rest. The Konica Minolta proposal exceeded the others in the area of its ability to analyze the district’s needs and come up with a solution that improved our current copier system throughout the district at a competitive rate. While the monthly cost estimate was a bit higher than the other proposals, it provided a one-rate solution that is a consistent monthly payment that is easy to budget, with no meter reading and no unpredictable costs. The other two quotes were a per-copy cost and had the possibility of varying month-to-month based on usage.

In addition, Konica Minolta took the time to analyze our usage and needs and reduced our ten (10) copiers to seven (7), buying out the lease on the three smaller color units, and replacing and upgrading three (3) of the black/white units with black/white/color units with faxing capabilities. Konica Minolta also proposed a secure cloud-based solution, reducing the district’s need to purchase an additional server.

Upon the completion of our weighing on the three proposals, the administration is recommending that the district enter into a 60-month lease agreement with Konica Minolta Business Solutions at a monthly cost of \$2,231.37

Recommendation: It is recommended that the district enter into a 60-month copy machine lease agreement with Konica Minolta Business Solutions at a monthly cost of \$2,231.37.

Re: Skyward Inc. Integrated Systems Corporation Contract Extension

Background Information:

Salt Creek School District 48 currently utilizes both Skyward Inc. Integrated Systems Corporation's School Business Management and Student Management Suites to manage its daily financial management and student management systems. The Business Management Suite streamlines administrative operations by integrating finance, HR, and payroll into one database, allowing for more efficient, paperless processes. The Skyward Student Management Suite is a cloud-based student information system (SIS) that centralizes student data, including attendance, grades, scheduling, and health records, to improve administrative efficiency.

Discussion:

Our current Skyward contract is up for renewal. The attached three-year contract extension highlights the proposed fee structure beginning July 1, 2026, through June 30, 2029. This three-year extension will lock the district license annual fee for its core services at a cost of \$10,191.75 with an additional annual cost of \$13.24 per student.

Recommendation: It is recommended that Salt Creek School District 48 enter into a 3-year contract extension of our Software Service Agreement with Skyward Inc. Integrated Systems Corporation at an annual core services cost of \$10,191.75 and an annual cost of \$13.24 per student rate.
