Dear Wrenshall School Board,

After interviewing Riley Harvey with Frank Schill and Shirley VanGuilder, I would like to recommend offering her employment for the summer program. Riley has previously worked here and is currently an Elementary Education major seeking additional experience in the field.

If approved, Riley would be employed from June through August, working a shift from 7:30 a.m. to 3:30 p.m. There is also the potential for her to return for future summers as her schedule allows.

Given her familiarity with our program and her continued pursuit of education in this area, I believe she would be a great addition to our summer staff.

Thank you for your consideration.

SFA - Level Findings & Technical Assistance

Area	Question	Finding	Required Corrective Action	Technical Assistance																												
Maintenance of the Nonprofit School Food Service Account	General	N/A	N/A	While the Minnesota Department of Education (MDE) provides guidance when federal regulations and Minnesota state statutes are updated, participants are responsible for staying informed. School Nutrition Program (SNP) Resource Management Reviews evaluate School Food Authorities (SFAs) based on regulations and statutes in effect during the review period, which may change over time. To ensure compliance, regularly review current regulations, technical assistance materials on the SNP MDE Resource Management webpage, MDE Nutrition Bulletin messages, and other official communications.																												
Maintenance of the Nonprofit School Food Service Account	705A. Does the SFA use a purchasing card (p-card) that earns rebates when paying for food service expenses?	N/A	N/A	<p>2 CFR Part 200 - UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS § 200.406 Applicable Credits.</p> <p>(a) Applicable credits refer to those receipts or reduction-of-expenditure-type transactions that offset or reduce expense items allocable to the Federal award as direct or indirect (F&A) costs. Examples of such transactions are: purchase discounts, rebates or allowances, recoveries or indemnities on losses, insurance refunds or rebates, and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the non-Federal entity relate to allowable costs, they must be credited to the Federal award either as a cost reduction or cash refund, as appropriate.</p> <p>Technical Assistance:</p> <p>In addition to discounts, rebates and allowances on food and supplies, the following items are considered applicable credits:</p> <p>Equipment Energy Rebate Many energy efficient pieces of food service equipment are eligible for a rebate from energy providers to offset the initial cost of the equipment. If the equipment is purchased using food service funds, the rebate must accrue to the food service fund.</p> <p>Utility Energy Rebate If the SFA allocates a portion of the building utility expense to food service, that allocation must be based on the net utility costs.</p> <p>P-Card Rebate If the SFA processes payment using the District's P-Card Program for any expense paid for by food service funds, the associated rebate earned must accrue to the food service fund.</p> <p>Insurance Recovery Any insurance recovery associated with claims associated with food service expenditures must accrue to the food service fund. This includes recoveries for equipment maintenance coverage.</p> <p>This list is not exhaustive but intended as a guide to illustrate that any offset to a food service expenditure must accrue to the Nonprofit School Food Service Account.</p>																												
Maintenance of the Nonprofit School Food Service Account	705E. Did the SFA use Food Service Funds to pay for employees who work for Food Service and one or more other departments (multiple cost objective employees), including, but not limited to, paraprofessionals, custodial services, transport vehicle driver, principal, business manager, superintendent, payroll specialists, secretary, or other administrator?	<p>The SFA lacked adequate documentation to support the total amount allocated using direct assignment (or chargeback method) for Clerk and Custodial positions.</p> <p>The State Reviewer conducted a comparison using the submitted FY25 UFARS data. This calculation compares the amount charged for Clerk and Custodial chargebacks in FY25 totaling \$12,576.96 and what the SFA could have charged using the Indirect Cost Rate Method. This comparison is performed to ease the financial impact for the SFA when complying with this finding.</p> <p>The result of this cost comparison is a variance of \$8,853.41</p>	<p>Provide the posted journal entry demonstrating that \$8,853.41 has been restored to the 02 Fund. The entry should be recorded in the current year and allocated to Source Code 649.</p>	<p>All allowable costs, no matter how seemingly appropriate for the School Food Service program, may be charged to the Nonprofit School Food Service Account only with appropriate documentation to substantiate the charge. See the Classification and Allocation of Costs to the Nonprofit School Food Service Account document located on the MDE website: https://education.mn.gov/MDE/dse/FNS/SNP/mgmt/, and the attached resource: 1-3834 Wrenshall ISD #100 - SY25-26 FY25 - Chargeback Indirect Cost Comparison.</p>																												
Nonprogram Food Revenue	706. Did the SFA operate the Child and Adult Care Food Program (CACFP)? If yes, how much do you charge per meal?	<p>The SFA did not generate sufficient revenue to fully cover the cost of the CACFP meals in SY24-25. As a result, school nutrition program meal reimbursements and other school nutrition program revenue were used to subsidize the cost of CACFP meals, which is unallowable under 7 CFR 210.14(a).</p> <p>The State Reviewer applied the calculation for Revenue Recognition When Operating the CACFP Serving Childcare Centers to determine the amount of additional revenue that must be allocated to the 02 Fund. The CACFP CLICS Claim Summary for the SY24-25 timeframe and SY24-25 adult meal prices of \$2.40 for breakfast and \$5.00 for lunch were used.</p> <p>The results demonstrate that \$1,632.72 of additional revenue is required to be restored to Fund 02.</p>	<p>Provide the posted journal entry demonstrating that \$1,632.72 has been restored to the 02 Fund. The entry should be recorded in the current year and allocated to Source Code 649.</p>	<p>Refer to the Nutrition Program Bulletin – Week of October 20, 2025: https://content.govdelivery.com/accounts/MNMDE/bulletins/3f806ec, and 7 CFR 210.14, Memo SP 13-2014, and 2 CFR 200.403.</p> <p>All CACFP reimbursement, cash in lieu, and revenue from child care was coded to Source 477. Nonprogram Food Revenue	<p>709. Did the SFA sell any of the following non-program foods in SY24-25 utilizing funds from the Nonprofit School Food Service Account? Non-program foods are foods and beverages purchased using nonprofit school food service account (NSFSA) funds that are not part of a reimbursable meal or snack. Check all that apply:</p>	<p>N/A</p>	<p>N/A</p>	<p>If the SFA is considering catering in the future, please refer to the following key details to consider:</p> <ol style="list-style-type: none"> 1. Review Regulations: The SFA should review 7 CFR 210.14(f) and Memo SP 13-2014 to understand requirements for providing goods and services. 2. Full Reimbursement: If the school food service provides goods and/or services to student organizations, school programs, or outside groups (such as daycare meals), it must, at a minimum, receive full reimbursement for all costs, including labor. 3. Prohibition on Individual Sales: Sales to individuals are strictly unallowable. 4. Expense and Revenue Recording: Whenever possible, expenses should be recorded using Finance Code 707 with the appropriate object code and revenue should be recorded using Finance Code 707 with Source Code 608. 5. Establish Agreements: A best practice is to establish an agreement that outlines costs and other terms and conditions. <p>For more details, see the Ensuring Financial Compliance for Nonprogram Foods resource located on the MDE website: https://education.mn.gov/MDE/dse/FNS/SNP/mgmt/</p>
Nonprogram Food Revenue	<p>711a. In SY25-26 (current year), do you serve second breakfast and second lunch?</p>	<p>N/A</p>	<p>N/A</p>	<p>Second meals are composed of the same meal components as what is available in the reimbursable meal. If a student already selected a reimbursable meal, the second meal is considered a nonprogram food. In the 2025 Legislative session, State Statutes 124D.111 Subd 6 and 124D.111 Subd 5 were added. These subdivisions require schools to allow all students of any grade to purchase a second breakfast or a second lunch at the nonprogram price. This requirement began July 1st, 2025 and is required for SY25-26 for all SFAs. Additionally, proper pricing of nonprogram foods is essential to ensuring the health and integrity of the NSFSA. Second meals, per MN statute 124D.111, must be priced at the adult meal rate – for SY25-26, that is \$2.50 for breakfast and \$5.05 for lunch.</p>

Resource Management Review Corrective Action Response Template

Overview

A written corrective action response is required when your School Food Authority (SFA) receives finding(s) of non-compliance with USDA Child Nutrition Programs. Utilize this form to document your corrective action response.

A corrective action response describes the action(s) taken to correct each finding, the person or position responsible, and the plan for maintaining the correction, including the implementation date. Submit the completed document along with requested supporting documentation via email to the resource management reviewer by the deadline. When the corrective action response is received at MDE, the financial review specialist will evaluate the response to ensure that it is complete. If the corrective action response is inadequate, the reviewer will contact you so you have an opportunity to modify the corrective actions. Each finding must be adequately addressed. If your corrective action plan is adequate, a closeout letter that finalizes the review process will be sent.

Use the following format to describe the corrective action(s) you have taken or plan to take regarding each finding:

- **Action Taken:** List the action taken to correct the finding, including all processes/procedures.
- **Who:** Identify who is involved in correcting the finding and maintaining the corrective action.
- **When:** Provide the dates(s) when corrective action was or will be implemented.
- **Supporting Documentation:** If required, include documents that validate the corrective action.
- **RM Reviewer Response:** state agency use only.

Resource Management Review Report - FY25 Chargeback Compliance

The following information applies to finding 705E in the Resource Management Administrative Review Report. Note that, during School Nutrition Program (SNP) Resource Management reviews, School Food Authorities (SFAs) are evaluated based on the regulations in effect during the period under review. Federal and state regulations and the related guidance, including technical assistance provided in review reports may change over time. SFAs are encouraged to regularly review current regulations, the technical assistance materials available on the SNP MDE Resource Management webpage, MDE Nutrition Bulletin messages, and other official communications to stay up to date with current requirements.

During FY25, the SFA charged the following shared costs to the Food Service Fund (Fund 02):

2024-25 Chargebacks	Amount	Basis of Chargeback
Clerk	\$576.96	Estimated 24 hours of Food Service-related tasks multiplied by employee wage
Custodian	\$12,000.00	Pre-determined scheduled time of 4.25 hrs x employee wage x number of school days, rounded down
Total charged to food service	\$12,576.96	

Documentation was inadequate to substantiate the charges as outlined in 2 CFR 200. Acceptable methods are outlined in the [Classification and Allocation of Costs to the Nonprofit School Food Service Account](#) document.

- Per 2 CFR 200.430, compensation must be supported by after-the-fact documentation reflecting actual work performed; percent-based wage distributions with no other documentation are unallowable. Time and effort documentation is required for any employee whose compensation is charged to a federal award, or a mix of federal, state, or local funds. For those working on multiple cost objectives, acceptable documentation includes Personnel Activity Reports (PARs) or equivalent records, as outlined in UFARS Chapter 13.
- MDE permits the use of a detailed two-week time study to document the allocation of custodial services charged directly to the NSFSA. Time studies must be conducted annually for each employee and reflect only custodial activities directly related to food service operations. Time spent on other maintenance tasks may not be included in the allocation. Compensation charged must be reasonable in relation to the duties performed per 2 CFR 200.404. Conditions in Minn. Stat. 124D.111, subd. 3 (2025) also apply.

Under standard requirements, the SFA would typically be required to restore the full amount of these costs to the 02 Fund due to the lack of adequate documentation. However, the State

Reviewer completed a comparison between what was charged in SY24-25 and the maximum allowable indirect costs using the unrestricted method.

Indirect Cost Rate Method/Chargeback Comparison:

The unrestricted indirect cost rate is calculated based on the actual expenditures of the SFA from program codes 010, 020, 105, 107, 108, 110, 805, and 810 (collectively known as the unrestricted indirect cost rate pool). This rate applies to allowable indirect costs incurred under these program codes. The approved indirect cost rates can be found on MDE’s website under [Data Reports and Analytics](#), under School Finance Spreadsheets, and a new rate is calculated each year.

The Clerk and Custodian chargebacks are included in the unrestricted indirect cost pool. This comparison is made as a supportive effort to ease the financial burden to the district in complying with Federal regulation. See the following calculation for this comparison and detailed explanation below:

INDIRECT COST RATE METHOD/CHARGEBACK COMPARISON		
Total Expenses	\$ 214,463.70	
Less Total Food Costs	\$ 86,479.37	Objects 490 and 495
Less Capital Outlay	\$ -	Object 500's
Less Contracts >\$25,000	\$ -	Vendor Pd List
Less USDA Foods Value	\$ 14,770.92	Object 491
Less Chargebacks	\$ 12,576.96	Clerk and Custodial
Modified Direct Cost Base	\$ 100,636.45	
Approved Indirect Cost Rate	3.7%	
Maximum Allowable Indirect Costs	\$ 3,723.55	
SFA Actual Chargebacks	\$ 12,576.96	
	\$ (8,853.41)	Variance

The first step of the calculation starts with Total Expenses recorded in Fund 02 in FY25.

Next, distorting factors are removed, which include Food Costs, Capital Outlay, Contracts >\$25,000, the value of USDA Foods, and Chargebacks.

The result provides the modified direct cost base. The unrestricted indirect cost rate for FY25 is then applied to the modified direct cost base, which shows the Maximum Allowable Direct Costs of \$3,723.55.

The total amount to restore to Fund 02 is \$8,853.41. Refer to the Resource Management Administrative Review Report for required corrective action.
