Because of the potential for purchasing more than the Small (Informal) purchase threshold, it will be the responsibility of the Purchasing Clerk to document the amounts to be purchased so the correct method of procurement will be followed. Method of documenting the value of the item(s) to be procured will be 1) Cost Analysis, 2) Availability of product and 3) Reliability of company.

MICROPURCHASES (Single procurements of <\$10,000.00)

Micro purchases may be made when the total procurement (purchase) is less than \$10,000.00. To qualify as a micro purchase, the following criteria will be used:

1. The total procurement is below the micro purchasing threshold of \$10,000.00.
2. The price of the procurement is reasonable.
3. The procurement is made non-competitively.

Effort must be made to make micro purchases equitably among all available suppliers

SMALL (INFORMAL) PURCHASES

If the amount of purchases for items is less than the Sponsor’s small (informal) purchase threshold as defined in Section A, the following small (informal) purchase procedures will be used.

1. Written specifications will be prepared and provided to the vendor.
2. The Purchasing Clerk will be responsible for contacting potential vendors when the price quotes are needed.
3. Each vendor will be contacted and given an opportunity to provide a price quote on the same specifications. A minimum of two bids will be solicited, with additional solicitations being a best practice.
4. Each vendor will be given an opportunity to bid “...or equal product” to any specifications given.
5. The price quotes will receive appropriate confidentiality before awarded.
6. Quotes will be awarded by the Purchasing Clerk.
7. The Purchasing Clerk will be responsible for documentation of records to show selection of vendor, reasons for selection, names of all vendors contacted, price quotes from each vendor, and written specifications. The Purchasing Clerk will determine how these records will be kept (e-files, folder, notebook, etc.)
8. The Purchasing Clerk will be responsible for documentation that the actual product specified is received.
9. Any time an accepted item is not available, the Purchasing Clerk will select the acceptable alternate. Full documentation will be made available as to the selection of the acceptable item
10. The Purchasing Clerk will assure that “Buy American” provisions apply to all Small (Informal) purchases as documented in Section C. 5 y (i-iv) of the Code of Federal Regulations.
11. Bids will be awarded on the following criteria:
 - a. PRICE is the primary factor;
 - b. AVAILABILITY of product
 - c. RELIABILITY/HISTORY with company

12. The Director is required to sign all quote tabulations, signifying a review and approval of the selections

FORMAL PROCUREMENTS

Invitations for Bid (IFB) will be sent out to known vendors and those requesting one. Formal bids are awarded on a yearly basis unless indicated otherwise. Bids will be placed on the gckschools.com website for 6 weeks before due date. All completed bids will be opened at once on the due date, which will be stated in the "BID LETTER" accompanying the spreadsheet list of items needing to be purchased under contract. The opening of the sealed bids will occur in the Nutrition Services office at 1205 Fleming St. Garden City, KS 67846.

The requirements of the completed bid will be included in the accompanying "BID LETTER" (The procurement document), including requiring an electronic format in the original spreadsheet and all brands, prices and manufacturer codes for items.. It will also include any information needed to complete the semester's deliveries: dates of contract, delivery schedules, ordering formats and contact person. Incomplete line items will be considered a "No Bid". USD #457 Nutrition Services will analyze each individual item proposed and determine the award based on pricing, brands desired and what is believed to be in the best interests of the Child Nutrition program. USD #457 Nutrition Services reserves the right to accept or reject any bid in whole or part.

Nutrition Services, USD 457 will positively use all efforts to involve minority, women's and small businesses and labor surplus firms in their purchasing. They will also make every attempt to support local food vendors and will always be strict in complying with the "Buy American" provisions of the law. Documentation is required as set forth in the bid letters before awarding a non-domestic item over a domestic one. This documentation will either prove the quality or availability of the domestic product is inferior or the price difference would be harmful to Nutrition Services financially. Advance written approval is required by Nutrition Services if a non-domestic product is to be delivered, as stated in the "PRODUCE BID" AND "FOOD/NON-FOOD" bid letters.

All bids will be analyzed equally and for most items an "...or equal product" will be accepted.

All purchase incentives, discounts, rebates, and credits should be built into the price of each product and any that are not will be returned to our non-profit foodservice fund.

Bottom line bids will be awarded to a single vendor based on the entire amount the items on the bid are estimated to cost for the year. Produce prices are bid by market value and vendors need not notify of price changes from week to week and the other (food/non-food) items are bid based on the price for the year and we require 10 days' notice if those prices change. Although this bid is "all or none" these criteria are factored in to this award:

1. Price
2. Quality of brand bid
3. Timeliness of deliveries, to the warehouse AND all of the school sites receiving deliveries (refer to Receiving Policy – below)
4. Ability to provide all items on the list. The number of "No Bid" items will count against the company bidding
5. On-line ordering system
6. Contact person/salesperson helping to fix problems immediately

Line item bids are analyzed item by item and awarded separately to all bidding companies according to these criteria:

1. Price
2. Quality of brand bid
3. Timeliness of deliveries (refer to Receiving Policy – below)
4. On-line ordering system
5. Contact person/salesperson helping fix problems immediately

Items can be reassigned to another vendor for these reasons:

1. Price change by vendor that goes above other bids

2. Quality of brand bid unacceptable by Nutrition Services (or the product is found to contain trans-fats, or not enough whole grain)
3. Lack of timeliness in getting product delivered (refer to Receiving Policy – below). Orders are placed well ahead of time to provide the items advertised on our menus.

Protests of entire bids or of line items can be directed to Tracy Johnson, 620-805-7080, or trjohnson@gckschools.com. Any protests must be received 10 days before expected delivery of item(s).

As is stated in BID letters, the results will be sent electronically to all vendors involved and any other interested parties. A hard copy can be mailed upon request. Any discrepancies found or items needing to be reassigned to another vendor will be sent out to all involved by e-mail. Updated results will be sent to all interested parties within a couple of weeks if there are numerous changes.

A vendor's contract can be terminated with a ten-day notice from USD 457 Nutrition Services. A file is kept for each vendor and when a vendor's service becomes unsatisfactory a warning will be given. If the quality of service or product doesn't begin to meet standards the contract will be terminated for a length of time to be determined by Tracy Johnson.

All aspects of USD 457 Nutrition Services paperwork concerning both bids is public information and can be requested at any time by calling Tracy Johnson, Director of Nutrition Services, at 620-805-7080 or by e-mailing trjohnson@gckschools.com. Any questions regarding specifications, purchase conditions or interpretation can be requested as well.

All vendors are required to maintain books, documents, papers and records for 5 years on all contracts with Nutrition Services and to provide access to duly authorized representatives of the Sponsor, State Agency, USDA or Comptroller General.

Once a vendor receives the list of the items they are awarded they will also start receiving orders by e-mail to be delivered to the warehouse and schools. When they receive the orders they must immediately confirm delivery date and that all items will be delivered. Nutrition Services will work out order schedules to comply with each vendor's policies concerning minimum delivery amounts.

Nutrition Services provides estimates of amounts to be ordered throughout the contract and as stated in the bid letters, the estimated amounts are not binding, they are merely a useful tool for companies to use when setting prices of products. The estimated amounts are generated using amounts ordered from previous semesters and Nutrition Services may request a "Usage Report" for certain dates and products from each vendor to be used for the next bid estimates.

Tracy Johnson, Director of Nutrition services will be responsible for ensuring all bids are secured and for ensuring all bids are conducted in compliance with applicable Federal, State and local procurement regulations. Any protests can be directed to her by e-mail or mail at 1205 Fleming St. Garden City, KS 67846.

Receiving Policy:

1. Regular Warehouse Hours: 6 am-11 am 12:30 pm-2:30 pm
2. Monthly food/non-food warehouse orders are a high priority from vendors. Nutrition Services will be flexible in delivery dates, split orders, amounts, etc. to achieve receiving large orders earlier in the morning.
3. Order delivered to schools must be delivered by 10:30 AM.

Buy American Provisions

The Buy American provision requires school food authorities to purchase, to the maximum extent practicable, domestic commodities or products. The Buy American provision applies to school food authorities located in the 48 contiguous United States. Although Alaska, Hawaii, and the U.S. territories are exempt from the Buy American provision, school food authorities in Hawaii are required to purchase food products produced in Hawaii in sufficient quantities. Likewise, school food authorities in Puerto Rico are required to purchase food products produced in Puerto Rico in sufficient quantities.

This provision supports the mission of the child nutrition programs, which is to serve children nutritious meals and support American agriculture. Program regulations that govern this provision apply to school food authorities that operate the National School Lunch and/or School Breakfast Programs and are found at [7 CFR 210.21\(d\)](#) and [7 CFR 220.16\(d\)](#), respectively. This memorandum provides information regarding implementation of the Buy American provisions recently codified in the final regulations.

USDA codified in regulations the two limited exceptions when non-domestic foods may be purchased by school food authorities. USDA also added to the first exception the option to use the [48 CFR 25.104 Non-available articles list](#), as a list of excepted items.

The final rule codifies the two limited exceptions as follows:

1. The product is listed on the Federal Acquisitions Regulations Non-available articles list found at [48 CFR 25.104](#) and/or is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
2. Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

USDA established in regulations a new threshold for school food authorities that use exceptions. The limit on the percent of **total** commercial food costs from non-domestic foods will be phased in over 7 school years.

- Beginning in SY 2025-26, the non-domestic food purchases cap will be 10 percent.
- Beginning in SY 2028-29, the non-domestic food purchases cap will be 8 percent.
- Beginning in SY 2031-32, the non-domestic food purchases cap will be 5 percent.

This phased-in approach will allow schools to gradually adjust to the new requirement and will allow USDA to continue to collect data on use of the Buy American exceptions. Items listed on the Federal Acquisitions Regulations Non-available articles list **must be counted** toward the cap on non-domestic purchases when it goes into effect.

USDA codified in program regulations the requirement for school food authorities to include the Buy American provisions in all procurement procedures, solicitations, and contracts. Inclusion of this language in procurement materials is already widely implemented by school food authorities and is codified through this rulemaking.

USDA codified the definition of substantially that was previously provided in guidance. The definition is as follows: “Substantially using agriculture commodities that are produced in the United States” means over 51 percent of a food product must consist of agricultural commodities that were grown domestically.

USDA codified in program regulations, with no changes from current statutory requirements or policy guidance, language that addresses how Buy American requirements apply to fish and fish products.

- Farmed fish must be harvested within the United States or any territory or possession of the United States.
- Wild caught fish must be harvested within the Exclusive Economic Zone of the United States or by a United States flagged vessel.

Buy American Documentation

Limited Exceptions: Exceptions: Exceptions to the Buy American provision should be used as a last resort. However, an alternative or exception may be approved by USD 457. Exceptions include:

1. The product is not produced or manufactured in the USA in sufficient and reasonable available quantities of a satisfactory quality; or
2. Competitive bids reveal the cost of a USA product are significantly higher than the non-domestic product.

Limited expectation to the Buy American Provision allow for the purchase of products not meeting the “domestic” standard. Before utilizing an exception, alternatives must be considered by the USD 457:

1. Are there other domestic sources for this product?
2. Is there a domestic product that could be easily substituted, if the non-domestic product is less expensive?
3. Are bids being solicited at the best time of the year?

To be considered for the alternative or exception, the request must be submitted in writing to the Procurement Specialist in advance of delivery. The distributor is requesting an exception from the USD 457 and must include the:

1. Alternative substitute(s) that are domestic and meet the required specifications:
 - a. Price of the domestic food alternative substitutes(s); and
 - b. Availability of the domestic alternative substitute(s) in relation to the quantity ordered.
2. Reason for exception: limited/lack of availability or price (include price):
 - a. Price of the domestic food product; and
 - b. Price of the non-domestic product that meets the require specification of the domestic product.

The district will use the state approved Buy American Tracking Worksheet. The managers will high light non-US product deliveries on the invoice. The procurement specialist will maintain the worksheet. Products that are never purchased from the USA, will be listed as an annual purchase via the vendors EOY purchase history via their online portal or e-mail request.

USD 457 is the final authority for approving an exception and must keep justification documentation on file.

2026 MEAL CHARGE POLICY:

Elementary and intermediate paid students will not be allowed to exceed \$11.80 in charges at any time. Once the student account falls below \$2.95 they will be told that their funds are running low and asked to let their parents know to add more funds to their account so they do not accrue charges. Once the student starts accumulating charges a letter will be sent home with elementary students and a note given to the intermediate students. All parents with a valid e-mail will receive notification that their child's account is in the negative. If the child account exceeds the \$11.80 charge limit the student will receive an alternate meal until charges are paid in full. The parent will be notified on a daily basis until the account is brought back into good standings. Students will be allowed to purchase a meal if the student pays cash. The first of May, all charges will be cut off and all negative accounts will be paid in full before the last day of school.

Middle school paid students will not be allowed to exceed a \$6.10 charge amount at any time. Once the student account falls below \$3.05 they will be told that their funds are running low and asked to let their parents know to add more funds to their account so they do not accrue any charges. If the child account exceeds the maximum, \$6.10 charge limit the student will receive an alternate meal until charges are paid in full. Students will be allowed to purchase a meal if the student pays cash. The first of May, all charges will be cut off and all negative accounts will be paid in full before the last day of school.

High school paid students will not be allowed to exceed a \$3.20 charge amount at any time. Alternate meals will not be provided at the high school. Students will be allowed to purchase a meal if the student pays cash.

Payments for school meals may be made at the school, at the point of service of school meals, or online at <https://family.etrition.com/p/GC457>. Students, parents, and guardians of students are encouraged to prepay meal costs.

The district will provide a copy of this unpaid meal charges policy to all households at or before the start of school each year and to families and students that transfer into the district at the time of transfer. The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy, a copy of the policy will be posted in district meal service facilities, and the policy will be made available on the district's website and social media accounts. Records of how and when it is communicated to households and staff will be retained.

Parents are encouraged to fill out a free and reduced lunch application or send a sack lunch if unable to pay for school meals. **ADULTS, INCLUDING USD #457 EMPLOYEES ARE REQUIRED TO PAY IN FULL AT EACH MEAL.**

When students withdraw or graduate from Garden City Public Schools, parents may complete a refund request to receive the remaining balance in their student's account. If a refund request is not received by the District within three months of withdrawal or graduation, the remaining funds may be transferred to a District account to help ensure that all students have access to nutritious meals during the school day. All lunch balance funds must be refunded to families that qualify for free or reduced price meals and may not be transferred to the donation account.

Re: 2025 - 2026 School Lunch Prices

USDA and KSDE is recommending all school districts perform a Weighted Average Price Calculation each school year to establish if meal prices need to be increased. By using the price calculator, our district will need to increase prices by the maximum \$.10 at each grade level. Adult breakfast will remain \$3.00 and lunch will increase to \$5.00 in accordance with USDA Adult Meal Price Policy to stay above reimbursement.

Due to the financial stability of the Nutrition Service Account going into the 2025 – 26 school year all students, regardless of status will continue to receive free breakfast. In addition, Reduce students will continue receive free lunch.

Lunch Meal Pricing for the 2025 -2026 School Year

Grade Level	Lunch Pricing
PreK – 6	\$2.95
7-8	\$3.05
9-12	\$3.20

Thank you for your consideration of this request.

"Adults enrolled for care and training" means (a) students enrolled in school classes above the 12th grade level, and (b) all persons 21 years or older receiving care and training as enrollees of institutions.
2. Afterschool Snack Program: The National School Lunch Program (NSLP) offers cash reimbursement to help schools serve snacks to children after their regular school day ends.
3. At-Risk Afterschool Meals: The At-Risk Afterschool Meals component of the Child and Adult Care Food Program (CACFP) offers Federal funding to afterschool programs that serve a meal or snack to children in low-income areas.

Categorically Eligible Child: A child who is eligible for free meal benefits because they, or any household member, receive benefits under Assistance Programs or the child is designated as a member of the Other Source Categorically Eligible Programs. An individual child's eligibility under any of the Other Source Categorically Eligible Programs does not convey to other children in the household. There are two ways a child may be classified as categorically eligible:
 - a) Through participation in Assistance Programs- Food Assistance (FA), Temporary Assistance to Children (TAF), or the Food Distribution Program on Indian Reservations (FDPIR)- (a child or any member of the household, receives benefits as determined through direct certification or an application with appropriate case numbers); or
 - b) Through Other Source Categorically Eligible designation:
 - A child enrolled in a Head Start or Even Start program on the basis of meeting that program's low-income criteria
 - A homeless child as determined by the Sponsor's homeless liaison or by the director of a homeless shelter
 - A migrant child as determined by the State
 - A runaway child who is receiving assistance from a program under the Runaway and Homeless Youth Act and is identified by the local educational liaison
 - A foster child who is under the legal responsibility of a foster care agency or court
5. Child: (a) A student of high school grade or under as determined by the State, who is enrolled in an educational unit of high school grade or under as described in paragraphs (a) and (b) of the definition of "school", including students who are mentally or physically handicapped as defined by the State and who are participating in a school program established for the mentally or physically disabled; or (b) a person under 21 chronological years of age who is enrolled in an institution or center as described in paragraph (c) of the definition of "school".
6. Child Nutrition Programs (CNP): The following Federal CNPs are administered at the State-level by KSDE: National School Lunch Program, School Breakfast Program, Special Milk Program, Cash-in-lieu-of Commodities, Child and Adult Care Food Program, Fresh Fruit and Vegetable Program, Seamless Summer, and Summer Food Service Program. The Afterschool Snack Program is a provision of the National School Lunch Program. At-Risk Afterschool Meals (snack and/or supper) is a provision of the Child and Adult Care Food Program.
7. Community Eligibility Provision (CEP): An alternative to household applications for free and reduced price meals in Sponsors and schools in high poverty areas. To be eligible, sponsors and/or schools must meet a minimum level (40%) of identified students for free meals in the year prior to implementing CEP; agree to serve free lunches and breakfasts to all students; not collect free and reduced price applications from households in participating schools and agree to cover with non-Federal funds any costs of providing free meals to all students above amounts provided in Federal assistance. Reimbursement is based on claiming percentages derived from the identified student percentage.

8. Competitive Food: All food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act of 1966 available for sale to students on the School Campus during the School Day. School Day means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day. School Campus means, for the purpose of competitive food standards implementation, all areas of the property under jurisdiction of the school that are accessible to students during the school day.
9. DCF: Department for Children and Families is the State agency (formerly SRS) that administers the Food Assistance Program and Temporary Assistance for Needy Families (TAF).
10. Direct Certification: The process of determining children eligible for free benefits based on documentation obtained directly from the appropriate State or local agency or other individual authorized to certify that the children are members of a household receiving Food Assistance or assistance under FDPIR or TAF. Children certified as foster children, homeless, migrant, runaway or income-eligible for Head Start/Even Start are also directly certified.
11. FDPIR: Food Distribution Program on Indian Reservations.
12. Federal fiscal year: A period of twelve months beginning with October 1 of any calendar year and ending with September 30 of the following calendar year.
13. Food service area: the cafeteria or any other areas in the school where reimbursable meals are prepared, served, and/or eaten.
14. Foster Child: A child whose care and placement is the responsibility of an agency that administers a State plan under part B or E of title IV of the Social Security Act, or a foster child who a court has placed with a caretaker household. These provisions only apply to children formally placed in foster care by a State child welfare agency or a court. They do not apply to informal arrangements such as caretaker arrangements or permanent guardianship placements that may exist outside of or as a result of State or court-based systems. Whether placed by the State child welfare agency or a court, in order for a child to be considered categorically eligible for free meals, the state must retain legal custody of the child. A foster child is categorically eligible for free meals without further application. For purposes of determining eligibility for school meals for other children in the household, the foster child is considered a member of the household in which they reside. The foster child's income is only considered when the foster family applies for meal benefits for the non-foster children in the household.
15. Free meal: A meal served in the National School Lunch Program or School Breakfast Program to a child eligible for benefits under 7 CFR Part 245. Neither the child nor any member of the household pays or is required to work in the school or in the school's food service.

19. KSDE: As used in this agreement, KSDE refers to the Child Nutrition & Wellness Section of the Kansas State Department of Education.
20. Income: All money received by or accruing to the nonprofit food service program including, but not limited to, children's payments, adults' payments, earnings on investments, other local revenue, State reimbursement and Federal reimbursement.

21. Income Eligibility Guidelines: Household size and income levels prescribed annually by the U.S. Secretary of Agriculture for determining eligibility for reduced price and free meals and for free milk. The free guidelines are at or below 130 percent of the Federal poverty guidelines and the reduced price guidelines are between 130 and at or below 185 percent of the Federal poverty guidelines.
22. Independent Review of Applications: Sponsors that demonstrate high levels of, or a high risk for administrative error associated with certification, verification and other administrative processes during an administrative review will be required to conduct an independent review of initial eligibility determinations for free and reduced price school meal applications for accuracy prior to notifying households of eligibility.
23. Local Educational Agency (LEA):
 - The public board of education or other public or private nonprofit authority legally constituted within a State for the administrative control of public or nonprofit schools in a political subdivision of a State.
 - An administrative agency or a combination of school districts or counties that is recognized by the State.
 - Any other public or private nonprofit institution or agency having administrative control and direction of a public or private nonprofit school or residential child care institution
24. Long-term care facility: Any hospital, skilled nursing facility, intermediate care facility, or distinct part thereof, which is intended for the care of children confined for thirty (30) days or more.

26. Migrant: A child who is enrolled in the migrant education program (MEP) as determined by the state or local MEP coordinator.
27. Net cash resources: All money that is available to the Sponsor for the nonprofit food service program less accounts payable. Cash resources include, but are not limited to, cash on hand, cash receivable, accrued earnings on investments, cash on deposit and the value of stocks, bonds or other negotiable securities.
28. Non-pricing program: A program that provides meals/milk at no separate charge to children.
29. Nonprofit food service: Food service operations conducted by the Sponsor principally for the benefit of children. All income from the nonprofit food service program is used solely for the operation or improvement of such program.
30. Nonprofit private school: A nonpublic school exempt from income tax under section 501(c)(3) of the Internal Revenue Code of 1954, as amended.
31. Overt identification: Any action that may result in a child being recognized as potentially eligible to receive or certified for free or reduced price meals or free milk. Sponsors must assure that a child's eligibility status is not disclosed at any point in the process of providing free or reduced meals, including notification of the availability of free or reduced price benefits; certification and notification of eligibility; provision of meals in the cafeteria; the point of service; and through method of payment.
32. Point-of-service: The point in the food service operation where a determination can accurately be made that a reimbursable paid, reduced price or free meal/snack has been served to an eligible child. 7. Assure that proceeds from the sale of all competitive foods accrue to the food service fund, to the school, or to approved student organizations.

The outreach information must be provided to households prior to the end of each school year, so this information may *not* be distributed via the annual school meals application packet. The information may be distributed prior to the end of each school year by any means normally used to communicate with households, for example email or website.

Sponsors that have one or more sites that offer the SBP are required by federal program regulations (7 Code of Federal Regulations 210.12(d)(1)) to inform families about the availability of the breakfast program. This information must be sent to households prior to or at the beginning of each school year, so it may be included in the annual school meals application packet. In addition, schools should send reminders regarding the availability of the SBP multiple times throughout the school year. Schools can provide reminders to children through their public address systems in schools or through means normally used to communicate with the households of enrolled children. In the absence of any such action, KSDE shall adjust reimbursement rates paid to the Sponsor.
9. Establish a Meal Charge Policy approved by the local board of education and upload in KN-CLAIM as part of the annual program renewal process. Sponsors must make reasonable efforts to collect delinquent debt within a reasonable timeframe and determine the process and timeframe for collecting delinquent debt and include in the written policy. Sponsors must also determine when delinquent debt is uncollectable and will be considered bad debt, transfer funds for bad debt to the food service account from non-federal sources, assume costs of on-going collection fees and legal fees, if applicable, and maintain records related to bad debt (SP 46-2016).

(SP 46-2016).

F. Purchasing

The Sponsor agrees to:

1. Comply with the "Buy American" provision of Section 104(d) of the William F. "Substantial" means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically. Products from Guam, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States.
2. When nonprofit food service account funds are used, procurement transactions for food products on the commercial market must comply with the Buy American provision (7 CFR part 210.21(d)), whether food products are purchased by Sponsors or entities that are purchasing on their behalf.
3. The Buy American provision must be included in all product specifications, bid solicitations, requests for proposals, contracts, purchase orders, and other procurement documents issued and applies to all money expended from the Sponsor's Food Service Fund. Sponsors are required by 2 CFR 200.318(b) to monitor contractor performance to ensure compliance with all contractual requirements including the Buy American provision.

4. Use Cash-in-lieu-of Commodities only to obtain foods for use during the State fiscal year in which the funds are made available. Cash-in-lieu-of Commodities is to be used only for the food service programs of those schools of the Sponsor participating in the lunch and breakfast programs.

No employee, officer or agent shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. The officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors or potential contractors.
7. Sponsors may use geographic preference when purchasing unprocessed locally grown and locally raised agricultural products.
8. Follow Federal (2 CFR 200, 7 CFR 210), State or local purchasing requirements, whichever are more stringent.
9. A procurement plan (2 CFR 200.318(a)) and written standards of conduct (2 CFR 200.318(c)(1)) must be uploaded into KN-CLAIM as a part of Program Renewal and reviewed by KSDE annually.
10. Participate annually in procurement training as required under the USDA Integrity Final Rule to ensure compliance with federal procurement standards.

3. The number of paid, reduced price and free reimbursable meals served to eligible children will be counted at the point of service; or through another counting system only as pre-approved by KSDE.
4. If the Sponsor has more than one food service site, the Sponsor will conduct on-site reviews by February 1 of each year to verify meal accountability and claiming practices at each site where meals are served. If a problem(s) exists, corrective action will be implemented and a follow-up site review will be conducted within 45 calendar days to verify resolution of problem(s).
5. Each school's daily meal count and the Sponsor's monthly meal count will be compared against data which will assist in identifying excess numbers of meals claimed.

9. Reimbursement will be claimed only for meals/snacks/milk served to eligible children.

10. Final claims for reimbursement will be submitted within 60 days following the close of the claim month. Claims received after the 60-day deadline cannot be reimbursed. However, KSDE's Director of Child Nutrition & Wellness can grant an exception to the 60-day rule once during each 36-month period. Requests for exceptions must be submitted in writing and include a corrective action plan. Failure to submit accurate reimbursement claims will result in the recovery of an over-claim and may result in the withholding of payments, suspension or termination of this program as specified in 7 CFR 210.24, 7 CFR 215.15, 7 CFR 220.18 and 7 CFR 226.10 as applicable.
11. If failure to submit accurate claims is the result of embezzlement, willful misapplication of funds, theft, or fraudulent activity, then the penalties specified in 7CFR 210.26, 7 CFR 215.6, 7 CFR 220.6, CFR 225.6 and 7 CFR 226.10 and 226.25 shall apply.

 - Offer competitive foods on the same lines as reimbursable meals are offered; or

30. Provide KSDE with a list of all elementary schools under its jurisdiction in which 50 percent or more of enrolled children have been determined eligible for reduced price or free meals as of September 20 of each year. Foster care children can be included as household members and help other children in the household qualify for free or reduced price meals. If the foster family is not eligible for free or reduced price meal benefits, it does not prevent a foster child from receiving free meal benefits.
33. Households with children who are categorically eligible through Migrant, Homeless, Head Start and Runaway Programs should contact the school for assistance in receiving benefits and mark the relevant box on the application to indicate their status.

"Disability" leave as defined here is not to be confused with "Disability" or "Total Disability" as defined for eligibility for disability payments from the Kansas Public Employees Retirement System.

ARTICLE I
ADMINISTRATIVE COMPENSATION

Section A. General Guidelines

1. Method of Payment.

The Board of Education shall pay administrative personnel in 12 equal monthly installments for each contract year. Payment will begin on the 15th of the first contracted month.

2. Payroll Direct Deposit.

USD 457 provides a payroll direct deposit program to its employees at no charge. All administrators are encouraged to participate in this program.

3. Probationary Status.

There shall be two types of probation. The first shall be new administrator probation, which shall refer to administrators with less than two (2) full years of continuous service with USD 457. The second type of probation shall be related to disciplinary probation. Such probation may or may not come as a result of difficulties determined through evaluation. Being placed on disciplinary probation shall be an administrative decision. It is emphasized that probation is not necessarily a punitive action, but may be formal recognition of a situation which indicates a need for more intensive supervision and assistance.

4. Extended Contracts.

The term "extended contract" shall refer to a special class of payments received by administrators as payment for additional time specially assigned.

Section B. Salary Deductions

1. Monthly Salary Deductions.

Salary deductions are allowed only upon approval by the BOE and are subject to the following requirements:

- a. Organizations, companies or individuals desiring the institution of a salary deduction plan must submit a desired plan to the board for advance approval.
- b. Deductions are to be withheld in equal installments, with the number of installments being determined by the number of pay periods included in the employee's job description.
- c. The payroll department of the Business Office shall be given 30 days notice of the implementation or termination of a salary deduction by an individual.
- d. All salary deductions other than those regulated by the federal or state government will be deducted only upon written approval of the employee.
- e. The Board of USD 457 authorizes, within the above regulations, salary deduction plans for Blue Cross-Blue Shield, Garden City Teacher's Federal Credit Union, Garden City Educators Association dues, YMCA, Garden City Recreation Commission, Buffalo Dunes, SAMS, USA dues and United Way. Tax-sheltered annuities, as reductions in pay, are authorized in groups of five or more individuals.

2. Salary deduction for loss of workdays:

In case of salary reduction due to termination, resignation, unexcused absences, or other similar circumstances, the daily rate of pay will be computed as follows:

The contractual salary for the individual will be divided by the total workdays for the individual as determined by the adopted school calendar.

Individuals concerned shall indemnify and hold harmless the BOE from any and all claims, demands, suits or other forms of liability (including cost and attorney fees) that shall arise out of any action taken or not taken by the BOE for the purpose of complying with the above provision or the authorization form.

Section C. Years of Service Compensation

A payment, based on completed years of service with the district as of August 31, of the current year, will be paid in December, to those employees actively employed as of the payment date.

<u>Years of Service</u>	<u>Amount</u>
0 – 4 years	\$ ----
5 – 9 years	\$ 500
10 – 14 years	\$ 700
15 – 19 years	\$ 1,200
20+ years	\$ 2,000

**ARTICLE II
BENEFITS**

Section A. Vacation

All 261 day full-time administrators shall receive vacation days based upon the number of years served in the district.

0-9 years	20 days
10-19 years	25 days
20 or more years	30 days

If possible, vacation time should be used in blocks of five days or more at one time. Vacation time may be accrued, and will be limited to a ten-day block of time, unless prior approval is obtained from the supervisor.

Approval for use of vacation should be arranged well in advance with the immediate supervisor.

In the event that an employee has one or more days of earned vacation time when the employee resigns his/her position with the district, the employee may receive salary in lieu of the vacation time up to a maximum of 40 days.

If an administrator resigns or is terminated for any cause (including illness) before serving a full year, his or her vacation days for that contract year shall be adjusted on the basis of the actual days worked in relation to the total contract days. Administrators terminated are not eligible to receive salary in lieu of unused vacation days.

No more than ~~thirty (30)~~25 days of vacation may be accrued from the end of the year at June 30 to the beginning of the next year on July 1. Up to 5 days, in excess of ~~30~~ 25, will be paid out at the rate of ~~\$143~~\$150 per day. Compensation will be included in the administrator’s September paycheck.

Section B. IRC Section 125 "Cafeteria" Fringe Benefit Plan

The Board of Education has established an IRC Section 125 "Cafeteria" Fringe Benefit Plan for all the employees of the district. The options to be included in the plan are:

- a. health/dental insurance ~~(hospitalization)~~
- b. group term life insurance not to exceed \$50,000

- c. [cancer/dread disease insurance](#)
- d. [vision insurance](#)
- ~~e.~~ [e. accident insurance](#)
- ~~f.~~ [f. medical expense reimbursement](#)
- g. [dependent care expense reimbursement](#)
- h. [health savings account](#)
- ~~e.~~ [i. short-term disability-](#)

Further, an eligible employee may at his/her discretion, forego any reduction in compensation as salary cash.

The above insurance benefits shall be provided by a company or companies approved by the Board of Education.

The board will not be responsible for any service charges assessed by the administering agencies of the program.

Section C. Liability Insurance

The board agrees to include all administrators in the personal and professional liability plan of the school district, a plan written to include all district employees.

Section D. Life Insurance.

The BOE will enter into an agreement for \$50,000 of group term life and accidental death insurance for each full time administrator, with the exception of the Superintendent's Leadership Team, who are entitled to \$100,000 of group term life and accidental death insurance. The BOE will enter an agreement for \$25,000 of group term life and accident insurance for half time or more (but less than full time) administrators. The administrator will have the option of purchasing additional group term life insurance.

Section E. Medical Insurance.

The BOE shall provide each full-time administrator the sum of ~~\$830~~ [\\$900](#) per month (~~increasing to \$900 per month in December 2024~~) to be used toward the purchase of health and/or dental insurance through the district's group health insurance plan. Part-time administrators will receive a percentage in ratio to their full-time equivalence of employment.

Section F. Employer 403(b) Plan.

A Retirement Plan Portfolio may be established for each USD 457 administrator. This portfolio may contain up to two (2) accounts, an Employer Paid Account and an Employee Paid Account. Each employee is eligible on the first of the month following his/her date of employment.

For each monthly contribution that an administrator makes into their Employee Paid Account, USD 457 will contribute a dollar for dollar matching amount up to \$100 into the Employer Paid Account. Any employee who is eligible for KPERS benefits and makes the necessary contribution into their Employee paid Account is eligible for the matching amount into the Employer Paid Account.

The plan year for the Employer Paid account will be from September 1 through August 31. Any increases or additions to each employee's Employer Paid Account will only be made effective on the first of the month following initial employment or at the beginning of each plan year. If an employee discontinues or reduces his/her Employee Paid Account to less than \$100 per month, the Employer Paid Account will be reduced accordingly.

Upon beginning his/her 6th total year as a USD 457 employee, each administrator will become vested in 10% of the amount contained within his/her Employer Paid Account. The vested portion will continue to increase by an additional

10% per year until the teacher is 100% vested upon beginning his/her 15th year with USD 457. The superintendent will be fully vested in the employer provided 403(b) plan after twelve (12) years of service.

Vesting Schedule:

<u>Years(s)</u>	<u>Amount Vested</u>
1-5	0%
6	10%
7	20%
8	30%
9	40%
10	50%
11	60%
12	70%
13	80%
14	90%
15	100%

An employee who terminates employment with USD 457 after the beginning of his/her 6th year may leave the vested amount in the Employer Paid Account, thereby retaining vesting status upon returning to a position with USD 457 at a future date.

An employee may voluntarily contribute from salary an amount of his/her choosing into the Employee Paid Account. Voluntary contributions may not exceed the amount allowed by Federal and State laws and regulations. An employee who chooses to make contributions into his/her Employee Paid Account will be fully vested in his/her account immediately. Employees may add or increase an Employee Paid Account on September 1 or January 1, but may discontinue an Employee Paid Account at any time.

In the event of considering new options for retirement benefits, a USD 457 Retirement Plan Oversight Committee, made up of representatives from the BOE, administration, GCEA and classified staff, will need to be assembled to select and maintain a group of investment options, including Conservative, Moderate and Aggressive investment tracks. Employees must select from these options for all investments into their Retirement Plan Portfolio. Separate investment options may be made for an employee's Employer Paid Account and his/her Employee Paid Account.

NOTE: This plan in no way limits additional voluntary contributions into separate qualified retirement accounts with qualified providers up to the amounts allowed by State and Federal laws and regulations

An employee may access the vested portion of his/her Employer Paid Account upon termination of his/her employment contract with USD 457.

Employer and Employee Paid contributions and growth thereon will be considered taxable income upon distribution from the plan. Further, a penalty for early withdrawal may apply for distributions made prior to the age allowed by State and Federal laws and regulations. Qualified Rollover options may allow a terminated employee to defer taxation until a later date.

If any provision of this plan is determined to be in violation of Federal or State laws or regulations, then the entire plan shall immediately terminate and shall be of no further force or effect unless re-adopted by the Board of Education of USD 457.

In addition to the Employer Paid match of \$100, the Superintendent's Leadership Team will receive up to \$200 paid as salary to be deducted to their choice of an employee paid annuity account.

Section G. Cell Phone Allowance

~~The Board shall provide all administrators a monthly allowance of \$80 for the use of a personal phone.~~

ARTICLE III ADMINISTRATOR EMPLOYMENT CONDITIONS

Section A. Posting Notice of Vacancies Within the District

It is agreed that the superintendent, or designee, shall post notice online through e-mail of any supervisory or administrative vacancies for at least three teaching days before filling said vacancies. ~~(During the summer months, vacancy lists are to be posted in the Educational Support Center.)~~ District personnel may be given consideration for the position upon receipt of their application.

Section B. Administrator's Calendar

All administrators shall have access to a calendar showing contracted working days for the year. All administrators, except those who are on contract for 261 days, may choose a flexible calendar, with the following provisions:

1. The flexible calendar needs to be established by the administrator, approved by the superintendent and turned into the Payroll Office before any non-duty days are worked.
2. A non-duty day must be worked before the administrator can use a duty day as a flex day. The duty day to be used as a flex day must be within 12 months of the non-duty day worked.
3. Holidays (Thanksgiving Day, Christmas Day, etc.), weekends or days at in-service cannot be substituted for duty days.
4. No more than 4 flex days may be used in one fiscal year and an administrator may not be absent for more than 10 teacher contract days for any combination of flexible, personal and professional leave days. Approval of additional days may be granted by the superintendent.

Section C. Resignation and Termination of Employment

A certified administrator who is under contract with the Board of Education may be released from that contract only by formal action of the Board of Education, and when the resignation is deemed to be in the best interests of the district. An administrator requesting a release shall make written application to the Superintendent of Schools stating the specific reason for the requested release. Each request will be judged on its own merits by the Board of Education, with consideration given to the reason for the request, difficulty in promptly filling a vacated position, any disruption to the educational process, and any personnel complications caused by the resignation. The Board of Education shall not be required to release an administrator from a contract.

The Board of Education may assess liquidated damages for certified administrators who resign without providing sufficient notice prior to the start date of their contract. ~~for a~~ resignation submitted with less than an 8 week notice may result in liquidated damages in the amount of of \$2,500, and a resignation with less than a 4 week notice may result in liquidated damages of ~~for \$4,000. for less than a 4 week notice.~~ Classified administrators may be assessed liquidated damages in the amount of \$2,500 for less than a 4 week notice and \$4,000 for less than a 2 week notice.

The liquidated damages for an administrator who works less than full time shall be adjusted on a pro rata basis. The Board of Education may waive assessment of liquidated damages in cases involving illness, unexpected personal or family hardships, or emergency situations.

If liquidated damages are assessed by the Board of Education at a time the Board of Education owes an administrator additional compensation, the Board of Education may withhold the liquidated damages from the administrator's final paycheck. This provision shall be construed to be written consent from an administrator, in compliance with K.S.A. 44-319.

The Board of Education agrees that no further action will be taken after payment of liquidated damages, or waiver of assessment of liquidated damages. An administrator released from a contract shall be released for the remaining term of the contract, regardless if the remaining term is one (1) year or multiple years. An administrator not released from contract will be expected to continue discharge of duties until the end of a contract term, or any subsequent action of the Board of Education releasing the administrator. All liquidated damages shall be paid within fifteen (15) days of notice of the decision of the Board of Education to assess liquidated damages and thereafter, release an administrator from a contract, subject to a suitable replacement being employed by the Board of Education.

An administrator currently under contract shall be determined to be under contract for the next teaching year unless a resignation is submitted on or before May 15th of the current school year. New administrators coming into the district shall be determined to be under contract when a Letter of Intent to Employ has been signed by the administrator and approved by the Board of Education.

At the same time an administrator requests a release from a contract, the administrator may request that liquidated damages be waived by making an application in writing to the Superintendent of Schools stating the specific reason for the requested waiver. Each request will be judged on its own merits, and a hearing will be held before a panel (Appeals Panel) of two administrators appointed by the Administrative Meet and Confer Committee and two administrators appointed by the Superintendent of Schools. The hearing will be held within five (5) working days after the request is received by the Superintendent of Schools. The administrator shall be notified of the date, time and place of the hearing and shall have the opportunity to address the Appeals Panel. The Appeals Panel will make a recommendation to the Board of Education at their next regularly scheduled meeting. The Board of Education may choose to accept or reject the recommendation of the appeals Panel.

An administrator who is not released from a contract by the Board of Education action shall fulfill the terms of the contract, and any action by the administrator resulting in a failure to fulfill the terms of the contract shall amount to a breach of contract and will subject the administrator to any and all legal remedies available to the Board of Education. In the event of a breach of contract by an administrator, appropriate notation of the same will be placed in the administrator's personnel file. The Kansas State Board of Education shall be notified of an administrator who fails to fulfill the terms of a contract, pursuant to K.S.A. 72-5412.

Section D. Payment for District Directed Course Work

If and when the administration directs administrative personnel to take course work to fulfill required assignments or to meet district goals, it is understood that the district may pay the tuition costs of said courses.

Section E. Suspension, Discharge, or Demotion

The superintendent may suspend, discharge, or demote an employee for any one or more of the following reasons: alleged violation of board policy, rule or regulation; the filing of a formal complaint against the employee with any civil authority or with the board charging the employee with the alleged commission of an offense involving moral turpitude; and other just cause. An employee may be suspended with pay. If the suspension is imposed on an employee pending dismissal, the employee is entitled to pay until the employee has had a due process hearing before the board. The hearing shall determine whether the suspension shall be with or without pay and whether the employee will be terminated.

Grievance procedures listed in the Classified Handbook and Negotiated Agreement may be followed for administrative grievances, as applicable. Classified Administrators shall follow procedures from the Classified Handbook and Certified Administrators shall follow procedures outlined in the Negotiated Agreement.

Section F. Complaints Against Administrators

Any complaint regarding an administrator by any parent, student or other person, which might result in an evaluative or disciplinary action, shall be promptly called to the administrator's attention.

The administrator shall receive a copy of any written complaint. The administrator shall have an opportunity to answer the complaint. The administrator's written response will be communicated to the complainant. If the complaint is placed in the administrator's file, any written response by the administrator will be filed along with the written complaint.

If a complaint is not used as a basis for action against the administrator within three years of its entering the file, such material shall be removed and destroyed.

Section G. Retirement of Professional Staff Members

Severance Pay to Retiring Administrators

Upon retirement from the administrative profession and through KPERS, an administrator who has completed fifteen (15) years or more of full time employment with USD 457 shall be entitled to payment, in addition to their normal salary for the last year of employment according to the following compensation schedule:

Service to USD 457	<u>Service as Administrator</u>			
	Less than 10	10-14	15-19	20 or more
15	8%	10%	12%	
16	9%	11%	13%	
17	10%	12%	14%	
18	11%	13%	15%	
19	12%	14%	16%	
20 or more	13%	15%	16.5%	16.67%

In addition, if the employee has 20 or more ~~unused emergency leave~~ accrued PTO days ~~at the end of his/her employment with USD 457 upon retirement through KPERS,~~ he/she will be entitled to additional pay equal to ~~\$43~~\$85 for each unused ~~emergency leave day.~~ up to 50 total days. Up to 15 days, in excess of 50, will be paid out at the rate of \$143 per day.

Said payment shall be made as part of the administrator's last year of employment prior to such retirement and as part of the consideration of the administrator's last year of service to the school district; provided, however, that to be eligible for such payment ~~the certified administrators must~~ give written notice to the Personnel Office by January 1 of the retirement year or classified administrators give written notice to the Personnel Office 6 months prior to his/her intended retirement date, which notice shall be irrevocable upon acceptance by the board; provided further that in the event of the death of such administrator during the last contract year prior to retirement, a sum equal to the administrator's compensation according to the said schedule, prorated by the number of contract days completed by the administrator for that year prior to death, shall be paid to the administrator surviving spouse, or in absence thereof, to the administrator estate. Said years of full-time employment with USD 457 shall consist of both years of employment in the teaching profession and the administrative profession, and need not necessarily be continuous. [Legal reference: K.S.A. 74-4914 as amended]

Section H. Legal Action Against an Employee

In the event of legal action against an administrator of the district, the provisions of the Tort Claims Act (K.S.A. Article 61) will prevail.

Section I. Assault and Battery, Property Damage

Reporting

An administrator who has suffered an assault and/or battery in connection with his/her employment, where such event occurs in school, on school grounds, or while the administrator is engaged in duties at a regularly scheduled school event, shall, within two weeks thereafter, make a written report of the circumstances to the superintendent.

Injury Benefits

Whenever an administrator is absent as a result of personal injury caused by the assault and/or battery reported under paragraph 1, and the BOE finds that the administrator has used reasonable judgment, he/she shall be paid his/her full salary, less any other BOE provided disability benefits, without having such absence charged as sick leave. Such payments shall not extend beyond the end of the administrator's current contract year. The BOE may require medical reports in verification of the disability.

Section J. Administrator's Evaluation

1. In-service

Each administrator will have the opportunity to attend an in-service meeting at which the evaluation instrument and procedures will be explained. Individual administrator and evaluator packets will be distributed. Each packet will include the following:

- a. An overview of the evaluation process, including the procedures for evaluation.
- b. A set of evaluation working papers.
- c. A sample of the final evaluation form.

2. Cycles

A minimum of one evaluation every year will be completed by February 15. Evaluations may occur more often at the request of the administrator or discretion of the evaluator. Request for specific clinical evaluation techniques may be made. These could include such techniques as task analysis, charting, narrative recording, etc.

3. Growth Plan

By October 1, each principal will develop a professional growth plan for the year which, if requested, shall be shared with his/her supervisor.

4. Plan of Assistance

In any situation deemed appropriate, a Plan of Assistance may be developed by the superintendent, supervisor and administrator. This plan should include but not be limited to:

- a. Time line for all activities.
- b. Specific deficiencies.
- c. In-services, observations, and other help provided by the district.
- d. Specific evidence the administrator will provide.
- e. Criteria to be met as determined by the supervisor.

The evaluator will determine the length and outcome of the Plan of Assistance.

5. Evaluator

Principals will be evaluated by the superintendent or his/her designee each year. The superintendent or their designee will provide input for each evaluation in writing.

Assistant Principals will be evaluated by their supervising principal. During the course of the year, if the superintendent or his/her designee has concerns regarding the professional performance of the assistant principal, those concerns will be documented in writing to the assistant principal and copied to the building principal. Those concerns will be reflected in the annual evaluation. Annual evaluations will be reviewed with the deputy superintendent and/or superintendent before being presented to the assistant principal.

6. Observations/Conferences

To assist in determining the evaluation ratings, evaluators will conduct observations during the year and record them on working copies. Observations are defined as visits to the building, etc.

7. Pre-Observation Contact

The evaluator will contact the administrator before each formal observation/conference to gain information about the school and school outcome. The contact may be by telephone, in person, or in writing.

8. Post-observation Conference

A conference may follow the observation. If a conference occurs, it should be conducted following the observation as soon as possible. The administrator and evaluator will each have copies of all written evaluations.

9. Working Copies

Working copies do not become part of any employee's personnel file, but are to be used as a reference when completing the final evaluation form. Input received from others must be presented to the administrator at or prior to the final oral conference.

10. Final Evaluation

The administrator, the evaluator and the personnel office will each have a copy of the final evaluation. Before submitting the evaluations to the school board, all signatures and evaluatee comments, if desired, must be on the evaluation form. The evaluatee's signature indicates completion of an evaluation, not necessarily agreement.

Section K. Professional Dress

The Board of Education encourages appropriate dress that adheres to commonly accepted standards of grooming and dress for all district employees. Appropriate professional dress demonstrates a high regard for education and the teaching profession, and will present an image consistent with job responsibilities and community values and expectations. Appropriate professional dress reflects a shared vision of the district's staff as motivated professionals working toward a common mission. In addition, it strengthens the community's perception toward the district, public schools and the teaching profession.

Since district staff serves as role models, teacher standards of attire should be well beyond what is expected of our students. Professional appearance of staff members includes dress, accessories, body adornments and grooming. Clothing, shoes and accessories are clean, in good repair and promote a working and learning environment that is free from unnecessary disruption.

Professional dress is appropriate during the workday and anytime employees attend work-related activities. Attire should be appropriate for the educational activity to be engaged in that day and should also be appropriate for the role of the teacher or staff member in each activity (ex: PE teachers wearing athletic apparel). Clothing should convey a professional image by being coordinated, modest and appropriate for a classroom or educational setting.

Professional Dress Guidelines (Minimum):

Men

- Collared shirts. Ties are preferred. Suits and jackets are optional.
- Dress slacks
- Dress shoes or casual shoes, such as leather, suede or loafer styles. Dress boots are acceptable.
- Business casual attire is acceptable on Fridays and to supervise evening events.
- ID badge

Women

- Suits, dresses, skirts, or slacks and dress tops (no t-shirts).
- Capri, cropped pants or dress shorts when worn as part of a suit or coordinated outfit.

ARTICLE IV

LEAVE PROVISIONS

Section A. Definition of Leave

~~Leave~~ Paid Time Off (PTO) is a time when any administrator covered by this contract is absent from duty for personal reasons or illness or as otherwise authorized.

~~1. —~~ Personal Leave

~~The superintendent's leadership team and principals will begin each contract year with three (3) days of personal leave. All other administrators will begin the school year with two (2) days of personal leave.~~

It is not necessary for the administrator to state the reason for taking ~~personal leave days~~ PTO, unless the leave may qualify for Family and Medical Leave (FMLA).

~~All unused personal leave days at the end of the contract year will be converted to an equal number of emergency leave days.~~

~~2. —~~ Emergency Leave

~~The Board of Education recognizes that absences by the administrator at various times throughout the year are unavoidable; however, any absence of the administrator from the building has a detrimental effect. Additionally, the board recognizes that these absences may be of an emergency nature over which the administrator has little or no control. Therefore, the Board of Education has established leave provisions which will aid in preventing undue hardship to the employee during the period of such emergencies. Any absence not provided for herein, or otherwise approved, or any abuse of the provisions of this leave policy may be grounds for disciplinary action, including termination or non-renewal of the employee's contract.~~

~~In such event as an employee's absence from work is due to injury sustained in the course of employment, and for which the employee received Worker's Compensation benefits, then the employee shall receive an additional sum from accumulated sick leave as shall cause the total benefits received by such employee to equal the average daily contract rate for each day absent from work.~~

Section B. Number of Days for Current Year:

All administrators on regular contracts will begin the school year with the following number of PTO days:

Leadership Team – 15

Principals – 13

All other administrators – 14

~~11 or 12 days of emergency leave (11 days for 205 day contract and 12 days for 215 day or more contract).~~ Days will be prorated for late starts and early resignations.

Section C. Accumulation of Unused Days:

Administrators new to the district may transfer up to 10 days of ~~emergency leave~~ PTO from their previous district. The ~~emergency leave~~ PTO must be verified in writing by the district from which the leave is being transferred.

Unused ~~emergency leave days~~ PTO may accumulate from year to year to a maximum of ~~85~~ 60 days, ~~or 90 days (85 days for a 205 day contract and 90 days for a 215 day or more contract).~~

All administrators who have more than ~~50~~ 60 days of unused ~~emergency leave~~ PTO as of June 30 of the current year, and who have a contract for the coming year, or who are retiring under KPERs, ~~may elect to forfeit up to 15 days of the unused emergency leave days in excess of 50 in exchange for \$143.00~~ will be compensated at \$125 per day, up to 15 days, forfeited in their September paycheck.

~~The administrator must notify the Business Office in writing, stating the number of days for which reimbursement is requested, on or before May 15 of the current year, and will be compensated in his/her September paycheck.~~

~~All unused leave days will be converted to an equal number of emergency leave days at end of the year.~~

Usage of Accumulated Leave Days

~~Accumulated leave days may be used for personal illness of the administrator or the administrator's immediate family (see definition of immediate family below).~~

Salary Docking, Leave Related Issues

During the contract period, an administrator will not be docked until all leave days that are to be earned during the current year, plus those previously accumulated, are used. If it becomes necessary for an administrator to resign because of an extended illness, the administrator must reimburse the district for any leave days that were taken but not earned because of his/her abbreviated period of employment. Leave shall not be accumulated during any period of absence of 20 consecutive days for which an administrator is not receiving compensation. Leave shall be taken in increments of ½ day minimum.

~~When leave is taken for circumstances other than those authorized in this article, the leave shall be classified as "unauthorized" and will result in full salary deduction for the days absent.~~

Application for Leave

Application for leave must be submitted to the superintendent at least three (3) days in advance on forms provided by USD 457, which are available in the respective buildings. In the event of emergency situations, the minimum of three (3) days advance request may be waived by the superintendent or designee.

Immediate Family Defined

~~Immediate family shall include spouse, children (and the spouse of children), mother, father, brother, sister (and the spouse of the brother or sister), grandparents, grandchildren, or other relatives whose residence is in the home of the employee.~~

Section D. Administrative Leave Bank

Purpose:

1. An illness and disability bank shall be established to assist administrators who, as a result of catastrophic or extended illness or injury have exhausted the administrator's accumulated ~~emergency leave~~ PTO, by providing those administrators eligible with additional ~~emergency~~ leave days from the bank.
2. An administrator, due to the birth of a child or adoption of a child under the age of 6, may apply to use up to 5 days of leave from the Bank. The administrator does not need to have exhausted all of their accumulated ~~emergency leave~~ PTO prior to application.

The Bank: At the beginning of each school year, the Board of Education will provide a total of 35 days to the bank to be used as set forth herein. Administrators may also donate leave to The Bank. At least one day per employee must be donated by ~~Oct.~~ September 1 in order to have access to use The Bank during that school year. The total number of days donated by administrators will be added to the 35 provided by the Board and will be split in half, or as near as possible, per semester. ~~The maximum number of days per year that can be used by administrators will be determined by the number of donated days plus the total provided by the Board of Education.~~

Eligibility for Participation for Parental Leave: In order to be eligible to participate in withdrawals from The Bank, an administrator must meet all of the following criteria.

1. Must have donated at least one day of their own leave during the designated donation period.
2. Apply prior to the birth of a child, or adoption of a child under the age of 6, or within 20 duty days following the date of the birth or adoption.
3. Must submit an application for use of bank days to the ~~Chief HR Officer~~ Deputy Superintendent or their designee on forms provided by district and must submit all additional information requested.
4. No consideration shall be given to whether or not the administrator is receiving salary protection under the group salary protection insurance that is available to District employees.
5. No consideration shall be given for seniority.
6. Bank days credited may not exceed 5 days for any one application.

Eligibility for Participation for Illness or Disability: In order to be eligible to participate in withdrawals from the bank, an administrator must meet all of the following criteria:

1. The administrator must have donated at least one day of their own leave during the designated donation period.
2. The administrator must have exhausted all of their accumulated paid time off. ~~For participation in the bank, the employee must have used all emergency leave days, including sick leave, personal leave days, and vacation days, where applicable. In the event an administrator has unused personal leave days, those days will be applied as sick leave days until all such days have been used.~~
3. The illness or injury suffered by the administrator or administrator's spouse or child must be of such a nature that prevents the administrator from fulfilling his/her duties for a period of at least 5 ~~consecutive school~~ duty days after all ~~emergency~~ leave days have been used. Exceptions may occur and will be given due consideration to the individual circumstance.

4. The administrator must submit an application for use of bank days to the ~~Chief HR Officer~~ Deputy Superintendent or their designee on forms provided by the district and must submit all additional information as requested ~~by the committee~~.
5. Bank days credited may not exceed twenty (20) days for any one application. In the event the administrator's disability extends beyond the number of bank days credited, the administrator may reapply for additional days; provided, however that no one applicant may receive more than 50 days during any school year.

Procedure: The eligible administrator, as determined by the above criteria must file an application for use of bank days on forms provided by the ~~Chief HR Officer~~ district. The application should be filed as soon as all of the above criteria have been met, or in advance thereof, if medical evidence is available indicating a reasonable expectation that all criteria will be met.

The ~~Chief HR Officer (or their designee)~~ Deputy Superintendent or their designee will render a decision or seek additional information within 5 business days of the receipt of any such application. The decision will be delivered in writing, and if the application is denied, a specific criterion/a will be cited for the decision.

The administrator receiving bank days shall be paid 100% of his or her daily rate of pay per day.

Unused Balance: All unused days at the end of the year will be converted to its equal monetary value (average daily rate of certified employee participants) and applied to the following year's health fund to help offset potential insurance premium increases.

Section E. Extended Leaves

Administrators are entitled, subject to approval of the board, to extended leaves for study, health, illness of spouse, child or parent, maternity, paternity, adoption or military service. Such extended leaves shall normally be for one semester or one school year. An extended leave may be lengthened to include a second year under the same provisions which applied to the first year of extended leave. No extended leave shall be considered a termination of employment.

An administrator shall:

- a. be subject upon his/her return from extended leave to the salary schedule of the current school year;
- b. retain accumulated leave days, but additional leave days shall not accumulate during the term of extended leave;
- c. be permitted to retain membership, during extended leave, in the board health insurance group for the period of time allowable by the insurance company. However, arrangements for payment of premiums must be made in advance with the Business Office and the board shall make no contribution;
- d. prior to resuming duties on return from an extended leave for maternity or health, present to the Personnel Office a statement from a physician that the administrator is physically able to resume normal duties required of his/her assignment. If requested by the Personnel Office, confirmation of the physician's statement by another physician selected by the board may be required at the expense of the board. Maternity, as used herein, includes pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom.

The superintendent may authorize, subject to the approval of the board, an extended leave for any other purpose not expressly identified above.

Section F. Jury Duty Leave

Full-time administrators shall receive their regular pay while serving jury duty. The employee shall reimburse USD 457 all money received for jury duty except the amount allowed for meals and mileage.

Section G. Leave for Legal Matters

Employees may use personal leave for legal matters. In the absence of personal leave, the superintendent, or his authorized representative, may grant legal leave, without pay, to attend to the following legal matters:

1. Subpoena (*see below)
2. Personal lawsuits
3. Tax issues
4. Divorce actions
5. Other legal matters which the employee cannot reasonably do other than during the working day

*When an administrator is served a court subpoena not related to his/her administrative duties and he/she has no personal leave days available, said member may apply to the superintendent, or his designated representative, for the use of accumulated leave days for this purpose.

Section H. Bereavement Leave

Employees are permitted to use ~~emergency leave~~ PTO to attend funerals for members of the administrator's immediate family, or the immediate family of the administrator's spouse. For purposes of this leave agreement, immediate family will include: spouse, children, mother, father, brother, sister (and the spouse of the brother or sister), grandparents, grandchildren or other relatives whose residence is in the home of the employee.

Up to five ~~emergency leave~~ PTO days may be granted to an administrator to attend the funeral of a member of the administrator's immediate family as defined above. The number of days to be granted shall be determined by the Superintendent of Schools or the designated representative, taking into consideration the circumstances involved.

Section I. Other Leave Provisions

Absences from duty other than the above will require the prior approval of the superintendent or designee. Such release time will be in the nature of meetings, such as in-service training sessions and activity program sponsorship. In such cases release time will be granted without loss of leave time and there will be no deduction of salary.

Section J. Educational Leave

All requests for educational leave must be approved in advance by the Superintendent. Requests for educational leave will be considered for the completion of district administrative certification or completion of a doctorate program in school administration.

Educational leave will be considered in two categories:

Compensatory time

Accumulation of comp time must be approved by the superintendent in advance. Comp time must be accumulated and used in not less than one-half day increments. Comp time will be recorded on a log sheet approved by the superintendent. When using comp time, the administrator will complete a professional leave form and notate that the leave is for educational purposes and a copy of the approved log of comp time will be attached.

Research projects related to district interests

Research projects related to district interests must be approved in advance by the superintendent. The superintendent will determine the amount of time approved for work on each respective project. When using approved research time, a professional leave form should be completed as above.

**ARTICLE V
MISCELLANEOUS ITEMS**

Section A. Administrative Travel

It is recognized that administrators and principals may have the need for daily in or out of district travel to include such things as building visits, meetings at the ESC or other district buildings, various activities, or possible transportation of students.

All administrators will be compensated at ~~\$100~~\$200 per month actively working on contract. In lieu of administrative travel compensation, ~~the Superintendent~~some administrators shall receive a motor vehicle allowance as specified in their employment contract.

~~In addition to the monthly allowance, the principals at Jennie Barker and Plymell Elementary Schools shall receive a mileage allowance for employees who work at rural attendance centers.~~

Administrators wishing to attend professional meetings at their own expense may be allowed the necessary time to do so without salary deduction. Such requests are to have the prior approval of the superintendent.

Section B: Professional Conferences/Professional Fees

Conference attendance is of direct benefit to the district; therefore, administrators may select for attendance a national conference every year and a state conference every year. Principals new to the district may not attend a national conference in their first year of employment unless approved in advance by the superintendent.

Any proposed national conference attendance for the year shall be filed with the superintendent by November 1st, or at least two months in advance of the meetings, whichever date comes first, complete with details of the conference program, if known, as well as location of the conference and cost estimates, including registration, lodging, meals and travel. The conference should be tied to the administrator's goals or school improvement plan.

Conference attendance shall not remove from any intermediate, middle school or high school all principals on the same date. Conference attendance shall not take from the district more than five elementary school principals at the same time (any exceptions must be approved by the superintendent). All administrators of USD 457 are representing Garden City Public Schools while out of town on professional leave and should conduct themselves accordingly.

Leadership Team members may be reimbursed up to \$500 per year for Civic Organization fees.

Section C: Moving Expense

Up to \$3,000 will be paid for actual moving expenses for any person hired as deputy superintendent and up to \$2,000 will be paid for actual moving expenses for any person hired as a director or principal. The administrator must move within one year of his/her first day of work in order to receive reimbursement for moving expenses.

Personal and Emergency Leave are now **“Paid Time Off”**

All classified staff (full-time and part-time) will receive **one PTO** day at the end of each month actively working plus **an additional day** at the end of September and February.

PTO days can be accumulated as follows:

<u>Number of Months Worked</u>	<u>Total Days Granted Per Year</u>	<u>Total Accumulation</u>
Full-time Employee (261 days)	14	60
Part-Time Employee		
Months in work year:		
11	13	60
10	12	60
9	11	60

All accrued emergency/sick leave days will become **PTO** days. Classified staff with unused **PTO** days over 60 days as of June 30, 2025, will receive \$75/day, up to 15 days, in their September 2025 paycheck.*

For example – You have 68 emergency/sick leave days. You will start next year with 60 PTO days and you'll get a payout for the other 8 days in your September check. (8 days x \$75/day = \$600)

If you have 78 days, you will start next year with 63 PTO days and get a payout for 15 days (max payout) in September. (15 days x \$75/day = \$1,125)

*must return for 2025-2026

Vacation Leave

There will be no change to **Vacation Leave** granted to full time (260 day) employees. If an employee resigns, they may receive salary in lieu of the vacation leave calculated at their current base daily rate.

Section C. Work Year

A regular work year is defined as the time between July 1 of one year and June 30 of the following year. All employees will have access to a calendar designating the days to be worked during the work year.

In addition to the days designated on the employee's calendar, the employee's supervisor may require the employee to work during Parent Teacher Conferences.

Section D. Time Sheets

All classified employees are required to clock in and out, using the District's automated time clock system or district provided electronic device. Any exceptions must be approved by the employee's supervisor. Time must be electronically submitted to the employee's supervisor on a weekly basis no later than Monday following the work week. All time for the work week is calculated at actual time. [Failure to use a district time clock without prior approval may be grounds for disciplinary action, up to termination.](#)

Section E. Overtime Compensation

1. For time worked in excess of 40 hours per week, employees shall be entitled to overtime equal to one and one half times the employee's regular hourly rate. Occasions may occur that require employees to work extra hours during a week that includes a paid holiday. At the discretion of the employee's supervisor, paid holiday hours may be included as actual hours worked for purposes of calculating overtime.
2. Any hours worked in excess of normal working hours, including overtime, must be approved in advance by the employee's supervisor.
3. Exceptions to the above policy must be approved by the Chief Financial Officer.

Section F. Holidays Worked

For district holidays worked, employees required to work shall be entitled to holiday pay at a rate equal to two times the employee's regular hourly rate, which will be paid in lieu of overtime compensation.

Section G. Rest Periods & Travel Time

1. All classified personnel are allowed a rest period if their regular daily schedule calls for more than four hours of continuous work. During rest periods, employees are free to leave their workstations not requiring continuous attendance, but may not leave the building without prior approval from their supervisor.

<u>Daily Hours Worked</u>	<u>Rest Periods</u>	
	<u>A.M.</u>	<u>P.M.</u>

- b. Rest periods are limited to 15 minutes in duration.
- c. Rest periods are not mandatory. If they are not taken, they do not constitute compensatory time.
- ~~e.~~ d. Rest periods cannot be accumulated or combined with other rest periods or lunch breaks.

3. For employees working over 6 hours per day, a minimum of 30 minutes unpaid must be taken as a lunch break.
4. For hourly employees, additional compensation will not be provided for travel time during the employee’s normally scheduled work day. Additional compensation is only provided while the employee is actually driving outside their normal work schedule.

Section H. Pay Day

Employees are paid on the 15th of each month and are paid for the hours that they worked in the previous calendar month. If the 15th falls on a weekend or Federal holiday, the pay day will be moved to the preceding business day. All employees are required to use direct deposit or a direct pay card. Payroll remittances are available for viewing or printing online through Skyward Employee Access.

ARTICLE VI. LEAVES

Article VI applies to all full-time and part-time classified employees. All other classified employees are not eligible to be granted any type of leave.

Available leave days are granted at the end of each month. In order to be granted any leave days mentioned in this section, the employee must work or use accrued paid time off equal to over half the required time for that month.

All leave requests must be entered online in Skyward Time Off and be approved by the employee’s supervisor and the Payroll Department. Leave requests cannot cause an employee to exceed their normal number of work hours for a scheduled day.

Additional leave not covered in this article is discouraged because of the hardship it places on the day-to-day operation of a particular division. In the event an employee does request additional leave, and provided the employee’s supervisor approves, the leave may be granted with a full deduction in pay for the days absent from work. All additional leave

should be requested in writing on an Application for Leave form. Excessive absences [not covered by accrued leave](#) could be cause for disciplinary action or termination.

All paid time off will be pro-rated for those employees that terminate employment prior to the end of the current fiscal year.

If an employee has accrued time off, they are required to use that time off for related absences unless they have prior authorization from the Employee Services Coordinator to take the leave without pay. This will only be approved for extenuating circumstances.

Section A. ~~Emergency Leave (Sick Leave, including Maternity Leave, Bereavement and Staff Funerals)~~ Paid Time Off

The Board recognizes that absences by the employee at various times throughout the year are unavoidable; however, any absence of the employee has a detrimental effect on the operations of the District. The Board has established leave provisions which will aid in preventing undue hardship to the employee during the period of such emergencies. Any absence not provided for herein, or otherwise approved, or any abuse of the provisions of this leave policy may be grounds for disciplinary action, including termination.

~~In the case of emergency leave, there are two types: chargeable and non-chargeable. A chargeable leave is defined as one which will take away or deduct from the total accumulated emergency leave, while a non-chargeable leave is defined as one which will not take away or which will not deduct from the total accumulated emergency leave.~~

Leave Provisions

All full-time and part-time classified employees are granted one [emergency PTO](#) day per month [worked and an additional day each September and February](#) and may accumulate [emergency leave PTO](#) on the following basis:

<u>Number of Months Worked</u>	<u>Total Days Granted</u> <u>Per Year</u>	<u>Total Accumulation</u>

Basic Family and Medical Leave Act (FMLA) Leave Entitlement

USD 457 employees that have worked for at least 12 months and at least 1,250 hours during the 12 month period prior to a qualifying absence will be eligible for FMLA leave. If an employee is eligible they may request up to 12 weeks of unpaid, job protected leave within a 12 month period. In the event both spouses are employees of USD 457, their absences cannot jointly exceed the 12 weeks of FMLA.

[In cases where the employee meets all other FMLA eligibility requirements aside from the hours-worked threshold, the district may provide a comparable leave of absence.](#)

Definitions

(1) Emergency Leave/Sick Leave (to include Maternity Leave) (Chargeable)

Sick leave will cover an absence resulting from an illness or injury or disability of or to the employee, including pregnancy, termination of pregnancy and recovery there from, which prevents the employee from fulfilling their duties at school, including absence for attendance at clinics for medical or dental diagnosis or treatment resulting from such illness, at a physician's or dentist's direction; provided, that regular medical or dental treatment or examinations shall be used judiciously. The employee shall return to work as soon as physically able as determined by their physician. The employee shall, after three consecutive work days, upon request, provide the employee's supervisor or the Benefits Specialist a certificate from a licensed physician verifying the employee's illness or physical disability and stating the reason the employee is unable to perform their assigned duties.

- (a) ~~If the sick leave is due to recovery after the birth of a child, the employee shall automatically be allowed to use six calendar weeks of accrued emergency leave from the day the child is born and receive their currently scheduled compensation. A doctor's statement will be required if more time is needed for recovery.~~
- (b) ~~If a newborn or special needs child under age six is adopted, (excluding adoption of a spouse's children), one employee shall automatically be allowed to use up to six calendar weeks of accrued emergency leave from the date of the arrival of the child in the home and receive their currently scheduled compensation. If a special needs child over the age of five is adopted, the Superintendent may grant emergency leave days for one employee as needed.~~

Sick leave will also cover the absence of the employee resulting from the serious and debilitating illness or injury of a member of the employee's immediate family or the immediate family of the employee's spouse, which requires the employee's presence. Immediate family as used herein means spouse, children (and the spouse of children), mother, father, brother, sister (and the spouse of the brother or sister), grandparents, grandchildren, or other relatives whose residence is in the home of the employee. The Superintendent may approve of emergency leave for members other than those defined above.

Sick leave may be taken in one hour increments, with one exception. If the employee is absent for the whole day and the employee's normal work day is other than whole hours, the employee should report the absence for the actual normal work day. For example, if a paraprofessional's regularly scheduled work day is 7.25 hours and the employee is absent for the whole day, the employee needs to request emergency leave equal to 7.25 hours. The use of sick leave cannot cause an employee to submit hours greater than their normal work day.

Each employee shall notify their immediate supervisor as soon as possible when gone because of illness. Failure to do so could result in termination.

(2) Emergency Leave/Bereavement (Chargeable)

Employees are permitted to attend funerals for members of the employee's immediate family, or the immediate family of the employee's spouse. For purposes of this leave, immediate family will include: spouse, children (and the spouse of children), mother, father, brother, sister (and the spouse of the brother or sister), grandparents, grandchildren or other relatives whose residence is in the home of the employee.

Up to 5 emergency leave days may be granted to an employee to attend the funeral of a member of the employee's immediate family as defined above. The number of days to be granted shall be determined by the employee's supervisor and Employee Services Coordinator, taking into consideration the circumstances involved.

Absences to attend funerals of persons not within the immediate family must be approved by the employee's supervisor.

Each year up to 3 days of emergency leave may be granted to an employee if the absence is necessary due to legal matters related to the death of a member of the employee's immediate family. Such leave must be approved in advance by the employee's supervisor. This provision shall be in effect for one year after the death of the immediate family member.

(3) Emergency/Staff Funerals (Non-Chargeable)

In case a funeral of a member of a school staff should be scheduled for a time when school would normally be in session, school may be dismissed for up to one-half day to allow the staff of the particular school to attend the funeral. Only the individual school affected shall be dismissed. Arrangements for dismissal should be made at the request of the principal with the approval of the Superintendent. No time will be charged against emergency leave for time out of school under the provisions of this paragraph.

Section B. Unused ~~Emergency Leave~~ Paid Time Off

All classified employees who have more than ~~50~~60 days of unused ~~emergency leave~~PTO as of June 30 of the current year and who return to work ~~for the coming~~the following year, may elect to forfeit up to 15 days of the unused emergency leave days in excess of 50 in exchange for 75% of the base pay for emergency substitute teachers will be compensated at \$75 per day, up to 15 days, forfeited in their September paycheck. For employees working less than 4 hours per day, the unused emergency leave days in excess of 50 may be exchanged for one-half of 75% of the base pay for emergency substitute teachers.

The employee must notify the Business Office in writing, stating the number of days for which reimbursement is requested on or before May 15 of the current year and will be compensated in their September paycheck.

Classified employees that are a 1.0 FTE and do not use any emergency leave days during the current full school year will be given the option, at the beginning of the next school year, to convert one of the unused emergency leave days into a personal day. Employees hired after August 31 of the current school year are not eligible until the following year.

Section C. Personal Leave (Chargeable)

The Board of Education recognizes that situations of an unusual nature arise during the school year for which the employee chooses to be absent and has established the following leave provisions to cover these situations.

Classified employees shall be granted personal leave as follows:

For employees hired prior to January 1 of a fiscal year—One day upon completion of initial probationary period and two days each subsequent school year.

For employees hired between January 1 and June 30 of a fiscal year—One ½ day upon completion of initial probationary period, one full day for the following fiscal year, and 2 days for each subsequent year.

Personal days will continue to accrue from year to year. No more than 8 days may be accrued as of June 30. All unused personal days in excess of 8 will be converted to an equal number of emergency leave days.

Employees must request personal leave as far in advance as possible. Personal leave may only be taken in full and half day increments.

Section D. Vacation Leave

Full-time classified employees may be granted paid vacation leave. Days will be granted at the end of each month in the following amounts:

1. First six months of employment – ½ day per month. Vacation leave will accrue during the employee’s initial probation period; however, it may not be used until after the probation period is completed.
2. At the completion of the first six months of employment - 1 day per month.
3. At the completion of the ninth work year - 1 ¼ days per month (beginning July 1 after completion of the ninth year).
4. At the completion of the eighteenth work year – 1 ½ days per month (beginning July 1 after completion of the eighteenth year), plus 1 additional vacation day on July 1, and another 1 on January 1.

If possible, vacation time should be used in blocks of five days or more at a time. Vacation time may be accrued, and will be limited to a ten-day block of time unless prior approval is obtained from the employee’s supervisor. Vacation leave should be arranged well in advance with the employee’s supervisor. Vacation leave may only be taken in full and half day increments. The use of vacation days cannot cause an employee to submit hours greater than their normal work day.

In the event the employee has one or more days of earned vacation leave when they resign their position, the employee may receive salary in lieu of the vacation leave calculated at their current base daily rate. Employees who are terminated by the district or were asked to voluntarily resign ~~due to job abandonment~~ are not eligible to receive salary in lieu of remaining vacation days.

No more than ~~30~~25 days of vacation leave may be accrued from the end of the work year on June 30 to the beginning of the next work year on July 1.

Section ED. Other Leave (Professional Leave, Witness or Jury Duty and Extended Leave)

1. Professional Leaves and Absences

The employee’s supervisor may grant permission to employees to attend professional meetings, or other activities for professional growth and improvement. There will be no deduction from the employee’s pay for regular work time missed while attending such a meeting. If the meetings are outside the employee’s normal work time and are voluntary on the part of the employee, there will be no obligation on the part of the District to provide additional compensation to the employee.

Expenses may be authorized by the ~~Deputy~~Assistant Superintendent and Chief Financial Officer to attend meetings which will be beneficial to the District.

2. Witness or Jury Duty

Employees of the District shall be excused for jury duty or in response to duly issued subpoenas with no jeopardy to their employment. The employee will receive their regular daily salary and shall surrender to the Business Office any and all compensation for jury duty or in response to subpoenas as is normally established by court, except for mileage. The employee shall report to work at any time during the employee’s work day that they are not required to be present for witness or jury duty.

The ~~Assistant~~Deputy Superintendent has the authority to request for the Board that the employee be excused from service or their service be delayed, provided the special nature of the employee’s qualifications would make it difficult to secure an adequate substitute or if the timing of the proposed jury duty affords a threat to the welfare of the school or children.

3. Extended Leave

An extended leave of absence of up to 12 months may be granted within the school year if recommended by the employee's supervisor and approved by the ~~Chief Deputy Superintendent~~ HR Officer. The request for a leave of absence must be presented to the employee's supervisor in writing and then presented to the Deputy Superintendent ~~Chief HR Officer~~ for approval or ~~disapproval~~ denial. An employee will receive no paid leave, except the use of accumulated ~~emergency leave~~ PTO for health reasons, during the leave of absence, provided this complies with the Family Medical Leave Act. The Employee Services Coordinator will determine if benefits will be affected by the approved extended leave and will discuss with employee. Reinstatement to a position at the end of the extended leave of absence is subject to the availability of open positions and is not guaranteed, except as required by law.

Section FE. Illness and Disability Bank

Purpose: An illness and disability bank has been established to assist classified district employees in two ways:

1. A classified employee who, as a result of a catastrophic or extended illness or injury, has exhausted all accumulated leave, by providing those employees eligible with additional leave days from the Bank.
2. A classified employee, due to the birth of a child or adoption of a child under the age of 6, may apply to use up to 5 days of leave from the Bank. The employee does not need to have exhausted all of their accumulated ~~emergency leave~~ paid time off or vacation leave prior to application.

The Bank: At the beginning of each school year, the Board will provide a total of 95 days to The Bank to be used as set forth herein. Classified Employees may also donate leave to The Bank. At least one day per employee must be donated by ~~October~~ September 1 in order to have access to use The Bank during that fiscal year. The total number of days donated by classified employees will be added to the 95 provided by the Board and will be split in half, or as near as possible, to 125 days per semester. USD 457 expects employees to report for work on time, for every scheduled work day. An employee who is unable to report to work at the designated time is required to notify their supervisor of the absence or the reason for it. An employee who fails to report to work for three (3) consecutive scheduled work days without notifying their supervisor of the absence or reason for it will be considered as having voluntarily resigned after the third day the employee fails to report to work.

ARTICLE IX. STAFF HEALTH AND SAFETY

1. Personnel of USD 457 will observe the guidelines set forth in the following statute taken from chapter laws governing the authority of all schools.

Section 1. K.S.A. 72-5213.

The certification shall include a statement that there is no evidence of

physical condition that would conflict with the health, safety, or welfare of the pupils; and that freedom from tuberculosis has been established by chest x-ray or negative tuberculin skin test. If at any time there is reasonable cause to believe that such person is suffering from an illness detrimental to the health of the pupils, the school board may require new certification of health.

6. A person who has a health deficiency, which can and should be corrected in order to be fully effective, shall be expected to obtain those corrections. Unless evidence of removal or normal progress toward removal of health deficiencies is shown, the person shall not be considered for hiring or continued employment.
7. Continued Health Appraisal
 - a. If, in the opinion of a school principal or other administrator, an employee's health becomes such that it may affect adversely the health or safety of others, or if it becomes such that the employee is unable to render satisfactory service in the position, or if it becomes such that the educational opportunities of children are impaired or endangered by the employee, the employee's condition shall be reported to the Superintendent of Schools or the Superintendent's representative to have a physical examination by a physician selected by the school administration. The cost of this examination will be borne by the Board of Education

 - d. If an employee is reported to have health difficulties, which could and should be corrected in order for the employee to be fully effective in the position, the employee will be expected to secure those corrections. In such a case the employee will give evidence of having commenced corrective procedures and will make an appointment, at the employee's own expense, for a reexamination within a period of six months.

- ~~2.—The Board of Education is without authority to act.~~

ADJUSTMENT OF GRIEVANCES

~~Grievances of classified employees shall be presented and adjusted in the following manner:~~

STEP 1

~~Any classified employee may present a grievance in writing to their immediate supervisor within five working days following knowledge of the act or condition which is the basis of the complaint. The immediate supervisor will acknowledge receipt of the grievance in writing and shall confer with the employee with a view to arriving at a mutually satisfactory resolution of the complaint in keeping with policy and regulation. This meeting must be held in no less than five working days after the supervisor receives the grievance. STEP 2

~~If the grievance is not resolved at Step 1, the aggrieved employee may appeal within five working days after receiving the decision at Step 1, to the staff person administratively responsible for the program in which the employee is employed. The appeal shall be in writing and shall set forth specifically the act or condition and the grounds on which the grievance is based. The staff person will acknowledge receipt of the grievance, in writing, and shall confer with the employee and the employee’s immediate supervisor with a view to arriving at a mutually satisfactory resolution of the complaint. At the conference, the employee must appear personally and may be represented by an outside representative, or by any classified employee of their choice who is employed by the district. This meeting must be held in no less than five working days after the appeal is received by the staff person administratively responsible for the program. The district will not discharge, demote, or in any way discipline any employee because of the filing of a grievance in itself.

ARTICLE XI. EMPLOYEE APPRAISAL PROCEDURES

Section A. Evaluation of Classified Staff

1. The Board asks that all employees be committed to an ongoing evaluation of their performances in order that continual self-improvement may take place. The Board believes there is room for self-improvement through additional training, through in-service programs or as a result of other constructive efforts.
2. An evaluation of all personnel should be made immediately upon completion of a probationary period and at least one evaluation of all employees should be completed on an annual basis.
3. In the event that an employee's performance is determined to be unsatisfactory or substandard, the necessary form of corrective discipline may be administered.
4. The responsible person for evaluation shall be as follows:
 - a. Administrative Support Staff – Superintendent, Chief Financial Officer, Deputy Superintendent, Assistant Superintendent, Chief HR Officer, Director, Coordinator or Principal.
 - ~~b. Business Support Staff – Chief Financial Officer~~
 - e.b. Technology Support Staff – Director of Technology
 - ~~d.c.~~ Instructional Support Staff – Director, Coordinator, Principal

- e.d. Maintenance & Operations Staff – Director of Plant Facilities
- f.e. Nutritional Services Staff – Director of Nutrition Services
- g.f. Transportation Services Staff – Director of Transportation

In situations where the employee is located in a school building, but is evaluated by an administrator other than the school principal, the evaluating administrator should solicit input from the school principal for the evaluation.

5. Annual evaluations will determine if employment is recommended for the following school year.
6. Annual evaluations should begin no earlier than March 1 and should be filed in the Personnel Office no later than April 15 of each school year.

Section B. Disciplinary Procedures

If, in the course of the ongoing evaluation of the staff by the supervisor, an employee’s performance is judged to be unacceptable or substandard, one of the procedures described below may be applied.

1. **INFORMAL DISCIPLINE** – this type of disciplinary action may be used in cases when infractions are slight and do not warrant formal actions. The penalties vary in these instances; the supervisor may deny certain privileges.
2. **FORMAL DISCIPLINE** – formal discipline is prompted by outright violation of district rules or regulations. These offenses and their appropriate punishment are handled according to the seriousness of the offense and the employee’s past record. The offenses may result in any of the following actions:
 - a. **Oral or Written Reprimand** – This is the most frequently used and the mildest form of formal discipline. It is a warning, which at the same time tries to get at the root of the problem and overcome the source of difficulty. When the supervisor gives an oral reprimand, he makes a brief note of it for his own future reference and guidance. When he issues a written reprimand, he furnishes the employee with one copy and places another in the employee’s personnel folder. It becomes a matter of record.
 - b. **Suspension With Pay** – The supervisor, with approval of the Superintendent or ~~their~~his designee, may suspend an employee with pay for an indefinite period. This action is taken when district ~~officials~~administrators determine time is needed to investigate charges against an employee, or while the dismissal procedures are being implemented.
 - c. **Suspension Without Pay** – This form of discipline is utilized in severe cases. Suspension without pay is authorized only after the employee has had the opportunity to have a conference with the supervisor to discuss the problem. After the conference, the supervisor, with the approval of the Superintendent or ~~their~~his designee may suspend an employee.
 - d. **Demotion** – This penalty places the employee in a position of lower responsibility and pay. If a new employee is reassigned because they are not qualified for their first job, this is not considered a disciplinary matter. If, however, the employee is capable of performing their job, yet fails to improve after warning and constructive criticism, they may be demoted.
 - e. **Immediate Dismissal** – An employee may be immediately dismissed from employment, if deemed to be in the best interest of the District and/or safety and welfare of its students, for a violation of policy, or for any other reason deemed appropriate by the District.

An employee can be notified of their immediate dismissal by the employee’s supervisor or other district ~~official~~administrator.

In the case of an immediate dismissal, an employee may request a hearing, by submitting a written request to the ~~Assistant Deputy~~ Superintendent, within 5 business days of the date of notice of dismissal. The hearing, which shall be conducted within a reasonable period of time following the written request, shall include the employee's supervisor and the ~~Assistant Deputy~~ Superintendent. The ~~Assistant Deputy~~ Superintendent shall act as hearing officer. The purpose of the hearing shall be to discuss the reason(s) for dismissal and any mitigating circumstances which the employee requests be considered by the District. Counsel or a representative of their choice may represent the employee.

The hearing officer shall render a decision within 10 business days of the date of the hearing concerning whether a dismissal recommendation should be submitted to the Board for final approval, or whether the employee would be reinstated as an employee of the District.

- f. **Dismissal Based on Job Performance and Work Habits** – When an employee's job performance and/or work habits have become poor or unsatisfactory, the supervisor will schedule an evaluation conference with the employee to identify areas that require improvement. The areas of needed improvement would be identified, in writing, and a copy be given to the employee within 5 working days of the evaluation conference. The supervisor should offer suggestions to the employee and help direct the employee toward improvement.

An employee whose job performance and/or work habits are determined to be poor or unsatisfactory may be placed on probation immediately following the evaluation conference with the supervisor. The probation period should not exceed ninety 60 calendar days and no employee should be dismissed earlier than 15 working days following the evaluation conference. If there is more than one evaluation conference, the 15 working days apply only to the first conference. The supervisor will make every effort to work with the employee during the probationary period to afford the employee an opportunity to improve.

Employees being placed on or removed from probation will be notified in writing and copies sent to the ~~Chief HR Officer~~HR Coordinator.

Section C. Employee Probation (Outside Initial Employment Probation)

An employee may be placed on probation for a period not to exceed 60 calendar days for:

1. Poor or unsatisfactory performance of their duties at any time.
2. Transfer from one department to another (at the prerogative of the supervisor).

The employee will be notified of the probation, in writing, by the supervisor or other district administrator. The employee will be given expectations for improvement and/or action steps.

If the employee's work during this probationary period becomes satisfactory, the employee will be removed from probation. An employee will not lose longevity benefits or have a reduction in salary during the probationary period. The employee shall be able to use earned leave during this time. If the employee's work performance does not improve or action steps are not completed during this probationary period, the employee may be dismissed.

ARTICLE XII. EMERGENCY CLOSINGS

At certain times natural events and conditions beyond the control of school personnel will cause the closing of one or more of the schools. When such a decision must be made, both the determination and the announcement shall be made by the Superintendent of Schools or the person acting on ~~their~~his behalf.

If the Superintendent or the person who is acting on their behalf cannot be reached in time to avert injury to person or property, the principal of the school or the acting principal should take such action as he or she might deem necessary under the circumstances.

SEVERE WEATHER

In the case of severe weather which causes the closing of one or more of the attendance centers, the following procedures will be in effect. ~~It should be observed, however, that the Board authorizes the administration to make those decisions, which are necessary in order to cover extreme emergency situations, which are not provided in this policy.~~

~~In the event that a school or all schools in the district are closed during the school day, a reasonable attempt will be made to notify parents one hour prior to the school closing.~~

~~If a decision is made to close a school or all schools in the district prior to the start of the school day, students, parents and staff will be notified through the media.~~

1. All classified ~~full-time~~ employees (who work a minimum of 205 ~~261~~ days per year) **will work** regular hours.
