1.06% (Increase from 24-25 to 25-26)

## What might contribute to the increase in CE?

- Promoting one-year certificate of general studies.
  - Students take classes for concurrent enrollment and complete their “freshmen” year of college during high school.
  - Transferable to state institutions in Utah and 75% of state institutions in the Western US.
- Developing stronger relationships with colleges
- Collaborating with school counselors and parents
- Offering a variety of courses

Community Feedback on Potential Name Change

# Why Consider a Name Change?

With new arts integration, the Rosecrest Community Council expressed an interest in changing the school's name.

- Request to rename Rosecrest Elementary to Rosecrest Elementary Arts Academy (March 30th Letter)
  - Survey included this name, "Rosecrest Arts Academy," and no change.
- Retains the original name to honor the school's 60+ year history and community identity
- Reflects the school's evolving focus on arts integration and specialized learning
- Aligns the school's name with its modern mission and vision for current and future students

Q1 - Rosecrest Community Council has requested a name change for our school from Rosecrest Elementary to Rosecrest Elementary Arts Academy or Rosecrest Arts Academy. Our school has been a cornerstone of this neighborhood since it first opened its doors in 1960. For over six decades, the name "Rosecrest Elementary" has represented a long-standing commitment to our community and a deep-rooted neighborhood identity. It is for this reason that we wish to retain the original "Rosecrest" name as the foundation of our new title, ensuring that our history and legacy remain intact. However, as our educational focus has evolved, we believe our name should evolve with it. The addition of "Arts Academy" is intended to reflect the significant emphasis we have placed on arts integration across our curriculum. This change will more accurately represent the specialized learning environment we provide to our students and signal our dedication to the arts to both current and prospective families. We believe these new names perfectly balance our rich history with our modern educational mission. With a name change, the school logo will be updated accordingly. Which name do you prefer for our school?

### Q2 - Please let us know which of the following apply to you. - Selected Choice

- Other
- Student at Rosecrest Elementary
- Both an employee and a parent
- Parent of a student currently attending Rosecrest Elementary
- Employee of Rosecrest Elementary

### Q3 - Do you live within the current boundary for Rosecrest Elementary?

- No
- Yes

## Q4 - Do you have any other comments regarding the renaming of our school?

Do you have any other comments regarding the renaming of our school?

I worry that an adding arts into the name may draw some families, but may deter others. If it had been named Rosecrest arts academy when I was sending my first child I would have been more likely to send my kids to canyon rim as I wouldn't have wanted an arts academy. I love the arts integration, but this name does not represent that in my opinion. I would be open to other names than Rosecrest elementary, but don't love the addition of art in the title.

It's still a public school. Don't complicate things. "Arts Academy" creates a feeling of exclusivity which is not good for anyone.

If we add Arts Academy, it should be Rosecrest Elementary and Arts Academy

My perception of how much arts integration happens at school is that it is a normal amount; it would be interesting to know how it compares to other schools. It seems similar to the elementary school I went to as a kid which maybe had more arts than I realize! I just thought it was normal.

I don't have strong feelings, but ai think the name change would make the school seem like it wasn't a public school, which is confusing.

If we add Arts Academy to the name, I would think it would be necessary for some sort of arts endorsement for teachers

I don't actually favor a name change for nostalgia reasons but I feel it's a good, reasonable way to support to school in its new venture.

I prefer keeping the current name, but if it were to change I think Rosecrest Elementary Arts Academy is the best option.

I like Rosecrest Elementary with a subname of: Arts Integration underneath the name. I think Arts Academy sounds too specialized.

I think rebranding is a great idea!

This would be a waste of district resources and time. Rebranding. Website design. For what? Please don't change something that has been in our community for decades and won't attract any more students.

I'd like it to stay the same. It would cost money to rename and rebrand that should be put towards students and teachers. There is no need to rename it.

I think it is a disservice to the name of the school and the rich heritage to change the name based on a new partnership where funding is not guaranteed for a long time. If this change occurs and the arts portion budget gets cut by Utah or federal funding in the future i believe you put the school at risk for closure and lose the academic greatness rosecrest had become all for an agenda being pushed. Disappointing by the current administration

its a hidden gem!

No.

Honestly, I don't have strong opinions about a name change, perhaps there are benefits that I am not aware of, otherwise, I don't see the point. Also, while Rosecrest has a "fine" arts program, but I don't think it's "arts school".

Rosecrest doesn't have the best reputation, so I understand the desire to make it sounds more prestigious, but it feels desperate

Renaming is stupid

I support the integration of arts into the school, but don't support the name change.

Community Feedback on Potential Name Change

# Why Consider a Name Change?

In 2025, there was interest expressed in whether the name could change. Wilson Administration and the Communications Department engaged with the community to determine if the current name still resonated with the community, or if a potential name change would be valued.

# Survey 1 - Spring 2025

- Met with Community Council and staff to determine potential name options.
- Surveyed parents, staff, and students.

# Process Paused - Summer and Early Fall 2025

- With a change in school administration and the welcoming of many new students from the Redwood Elementary closure, the decision was made to pause the process so that these new students and families could also participate in the process.

# Survey 2 - Late Fall 2025

- Wilson was the top individual result, but more respondents collectively favored other options.

# STUDENT SAFETY & SCHOOL RESPONSE TO IMMIGRATION ENFORCEMENT

Granite School District | Community Advocacy Brief

This document was shared with the board by commenter representing [utah@noticeinschools.org](mailto:utah@noticeinschools.org)

## THE ISSUE

Students are experiencing heightened fear and anxiety related to immigration enforcement, affecting:

- Attendance — students staying home out of fear
- Mental health — heightened anxiety in class
- School climate — confusion and inconsistency among staff
- Teacher morale — improvised, ad hoc responses

### Research Shows:

- Absences spike significantly during enforcement activity
- 60%+ of principals report students missing school due to fear
- ~70% report increased student anxiety district-wide
- *Granite is no exception — U.S. citizen children are also affected*

## THE GAP

Granite has strong existing policies:

- Does not collect immigration status
- Protects student records (FERPA)
- Limits cooperation with enforcement

However, there is no clear operational plan for when ICE is near a school or bus stops.

This creates:

- Confusion for front office, teachers, and bus drivers
- Inconsistent responses across schools
- Increased risk at arrival, dismissal & transportation
- Teachers improvising responses under pressure

## THE SOLUTION — THREE PRACTICAL ACTIONS

### 1. Clear Response Plan

- Defined protocols when ICE is nearby
- Safe dismissal & delayed release options
- Guidance for bus & transportation staff
- Centralized reporting & verification system

### 2. Know-Your-Rights Training

- Training for staff, students & families
- Guidance on legal rights & school responsibilities
- Community org partnerships for delivery

### 3. Proactive Multilingual Communication

- Real-time updates to families during incidents
- Clear explanation of existing protections
- Regular communication to reduce fear & misinformation

## WHY THIS IS REASONABLE

- No new legal authority required
- Builds on Granite's existing policies
- Already implemented in LA, NYC, and Chicago
- Follows existing safety models (fire drills, lockdowns)

## EXPECTED BENEFITS

- Improved attendance & academic outcomes
- Reduced student anxiety & classroom disruption
- Clear staff guidance → reduced district liability
- Increased family trust and engagement

## BOTTOM LINE

This is not about immigration policy. This is about student safety.

Granite cannot control where enforcement occurs — but it can control how schools respond.

**The Ask:** Adopt clear procedures • Provide training • Communicate proactively

# ICE-RELATED FEAR AND DISRUPTION AFFECTING UTAH STUDENTS AND SCHOOLS

Relevant Concerns for Granite School District | Research & Community Brief | 2025–2026

## STUDENTS AND FAMILIES ARE AFRAID

Following the January 2025 federal policy change removing long-standing protections against immigration enforcement in “sensitive locations” such as schools, Utah schools began reporting increased fear, anxiety, and absenteeism among immigrant families.

**Salt Lake City School District attendance dropped from 91% to 87% within weeks of the policy change.**

Middle and high schools saw the largest declines in attendance.

— Utah student protesting ICE activity (The Salt Lake Tribune)

---

*“I’m scared about them going to work and then not coming back home.”*

— Utah student (The Salt Lake Tribune)

## FEAR IS AFFECTING SCHOOLS ACROSS SALT LAKE COUNTY

Students from multiple schools in Salt Lake County—including schools connected to or near Granite School District communities—participated in large anti-ICE walkouts during 2025 and 2026.

- Fear of family separation
- Anxiety and difficulty concentrating during the school day
- Peers missing school due to immigration fears
- Teachers and staff reporting students increasingly distracted, distressed, or absent

## REPORTS OF ICE ACTIVITY NEAR STUDENTS AND SCHOOLS

Utah communities have already reported ICE operations occurring near areas where students travel to and from school.

### April 2026 — Park City and Heber:

- ICE operations confirmed; high school students were among those stopped (Wasatch Latino Coalition / KPCW)
- Park City School District issued communications: schools remain safe, immigration status not collected, students not released without a judicial warrant
- A Utah mother described seeing unmarked immigration vehicles near a school campus, fearing a normal drop-off could become permanent separation from her children

## TEACHERS ARE FACING NEW CHALLENGES

Utah teachers report being placed in difficult situations without consistent district-wide guidance.

---

*"Right after that executive order came out... students started not coming to school."*

— John Arthur, Utah's 2021 Teacher of the Year (The Salt Lake Tribune)

---

*"I get to see the consequences of adult actions play out in the faces of children."*

— John Arthur (The Salt Lake Tribune)

Teachers report uncertainty about:

- What to tell frightened students
- How to respond if ICE appears nearby
- How to support students experiencing trauma or fear
- How to communicate accurately without spreading misinformation

## WHY THIS MATTERS FOR GRANITE SCHOOL DISTRICT

Granite School District serves many communities with significant immigrant and mixed-status populations. Even when immigration enforcement is not occurring on school grounds, students still travel through surrounding neighborhoods, wait at bus stops, and families must decide whether it feels safe to send children to school.

**Fear alone can:**

- Reduce attendance
- Increase anxiety and harm student focus and academic performance
- Reduce trust between schools and families

Multiple Utah districts—including Salt Lake City, Ogden, and Park City—have already issued reassurances or emergency communications to families because of these concerns. (KSL)

# COMPREHENSIVE RESPONSE PLAN FOR GRANITE SCHOOL DISTRICT

*Student Safety, Family Communication, and Immigration Enforcement Preparedness*

This proposal is designed as a practical, legally compliant, student-centered safety framework. It builds on Granite's existing commitments to student access, non-discrimination, FERPA protections, and family support.

This is **not** a proposal to interfere with federal law enforcement. It is a proposal to ensure that Granite schools respond consistently, calmly, legally, and safely when immigration enforcement activity affects students, families, transportation routes, or school operations.

## **This plan is intended to:**

- Support educators and staff
- Ensure consistent district-wide responses
- Strengthen trust between schools and families
- Protect instructional continuity
- Improve communication and preparedness

The district already prepares for threats that disrupt safe access to school — severe weather, active shooters, gas leaks, community violence, and transportation disruptions. This proposal applies the same preparedness model to immigration enforcement activity near schools.

## EXECUTIVE SUMMARY

We respectfully ask the Granite School Board to direct the district to implement three district-wide initiatives:

- **1. A Clear Response Protocol for ICE Activity Near Schools**
- **2. Comprehensive Know-Your-Rights Training**
- **3. Proactive Multilingual Family Communication Systems**

### **Granite's Existing Protections**

- FERPA protections for student records
- Non-discrimination policies
- No collection of immigration status
- Language access and family support
- Limited cooperation with ICE outside safety emergencies
- Support for students if a parent is detained during school hours

### **These measures are already used in:**

- Los Angeles Unified School District
- Chicago Public Schools
- Denver Public Schools
- New York City Public Schools

### **The Remaining Operational Gap**

- What does staff do if ICE is near campus?
- What happens at dismissal?
- What happens at bus stops?
- Who communicates with families?
- What are transportation protocols?
- What are teachers allowed to say?
- How are rumors verified?
- Who is responsible for decision-making?

**Without a district plan, staff improvise under pressure.**

## PROPOSAL 1 — DISTRICT ICE ACTIVITY RESPONSE PROTOCOL

**Goal:** Create a standardized district-wide operational plan for when immigration enforcement activity is near schools, bus stops, walking routes, dismissal areas, or otherwise affecting school operations.

### A. Centralized Reporting System

Granite should establish:

- A district-wide reporting line or digital reporting form
- Anonymous reporting options
- A designated district verification team
- Clear thresholds for district response

Reports may come from staff, bus drivers, families, community partners, school resource personnel, or local organizations. The district should verify reports before issuing alerts.

### B. School-Level Response Procedures

Each school should have a designated protocol covering:

- Front office response
- Administrative chain of command
- Legal review procedures
- Family notification
- Transportation coordination
- Student supervision
- Media communication
- Authority boundaries for staff

Every school should know: who is in charge, who verifies reports, who contacts families, and what authority staff do and do not have.

### C. Public vs. Private Spaces Guidance

Staff should receive clear written guidance regarding public areas, private educational spaces, warrants, subpoenas, and FERPA obligations. Schools should require:

- Administrative review of any warrant
- District legal consultation when possible
- Documentation of all law enforcement interactions

### D. Delayed Release Procedures

If immigration activity is occurring near dismissal routes, schools should be allowed to:

- Temporarily delay dismissal and hold students safely indoors
- Coordinate alternate pickup procedures
- Communicate clearly with families in real time

This mirrors existing severe weather and lockdown procedures.

## E. Transportation & Bus Stop Procedures

Granite should adopt formal transportation protocols including:

- Procedures if ICE activity is reported near bus stops
- Immediate communication with dispatch
- Alternate routing authority
- Return-to-school procedures when necessary
- Coordinated family communication

**Bus drivers should never be left to improvise.**

## F. Emergency Contact Preparedness

The district should:

- Encourage multiple emergency contacts per student
- Allow alternate authorized pickups
- Regularly remind families to update contact information
- Provide multilingual preparedness guidance

Granite already encourages updated emergency contacts — this formalizes that effort.

# PROPOSAL 2 — COMPREHENSIVE KNOW-YOUR-RIGHTS TRAINING

**Goal:** Ensure staff, students, and families understand constitutional protections, district policies, FERPA obligations, and appropriate responses to immigration enforcement encounters.

## A. Staff Training

Annual training for all school personnel — including principals, office staff, teachers, counselors, bus drivers, aides, and school safety personnel — should cover:

- Administrative vs. judicial warrants
- FERPA and confidentiality
- Handling of law enforcement requests
- Who to contact during incidents
- Family communication expectations
- Student emotional support strategies

## B. Student Know-Your-Rights Education

Age-appropriate student education should cover:

- Right to remain silent
- Right to ask for a lawyer
- Not signing documents without legal advice
- Emergency contact memorization
- Safe adult identification
- How to seek help

This education should focus on **safety and legal literacy** — not politics.

## C. Family Workshops

Granite should partner with trusted organizations to provide:

- Multilingual legal information workshops
- Emergency caregiver and preparedness planning
- Mental health support resources

Potential partners include Comunidades Unidas, local legal aid groups, faith communities, refugee support organizations, and university clinics.

## D. Staff Protection & Guidance

Teachers and counselors should receive clear district guidance stating that:

- Sharing factual constitutional rights information is permitted
- Staff will receive district-approved materials for classroom use
- Staff will not be disciplined for providing accurate legal information within district policy

This reduces fear and inconsistency among educators.

# PROPOSAL 3 — PROACTIVE FAMILY COMMUNICATION

**Goal:** Replace rumors and fear with accurate, timely, multilingual communication — before, during, and after incidents.

## A. Multilingual Communication System

Granite should maintain communication systems capable of text alerts, phone calls, emails, app notifications, and translated messaging in all major family languages.

## B. Proactive Reassurance Communication

The district should regularly remind families:

- Schools remain open and safe
- Immigration status is not collected
- Student records are protected under FERPA
- Emergency procedures exist and are regularly reviewed

Fear often spreads through silence. Consistent proactive messaging reduces misinformation.

## C. Real-Time Incident Communication

When verified activity affects school operations, families should promptly receive:

- Factual, verified updates — no speculation
- Clear instructions and transportation information
- Pickup guidance and alternate dismissal procedures

## D. Community Partnership Communication

The district should establish communication relationships with community organizations, immigrant advocacy groups, faith leaders, and trusted local nonprofits. Many families will trust community partners before they trust institutions.

### BENEFITS TO GRANITE SCHOOL DISTRICT

<b>Student Safety</b>	Students experience less fear and greater day-to-day stability.
<b>Attendance</b>	Reducing fear-driven absences improves attendance and instructional time.
<b>Academic Outcomes</b>	Research suggests safe-zone policies improve educational outcomes for all students.
<b>Staff Support</b>	Teachers and staff gain clarity, consistency, and confidence.
<b>Reduced Liability</b>	District-wide protocols reduce inconsistent responses and legal risk across 90+ campuses.
<b>Family Trust</b>	Clear communication improves school-community relationships.
<b>Operational Consistency</b>	All schools respond consistently, regardless of campus or staff composition.

### CONCLUSION

Granite School District already has the foundation of a compassionate and legally compliant approach to supporting immigrant families. This proposal asks the district to complete that framework with operational planning, staff training, transportation procedures, Know-Your-Rights education, and proactive communication.

The question is not whether immigration enforcement affects Granite students. The question is whether the district will prepare for that reality with the same professionalism and care used for every other student safety issue.

This plan offers a practical, legally grounded, student-centered path forward. We would love to work collaboratively with Granite School District on these efforts — with resources, recommendations, and community connections available to support Know-Your-Rights training, family communication strategies, and operational planning.

Elected Officials: Lorrin Colby Jr., Kearns City Council  
Senator Wayne Harper  
Representative Carol Moss

Pledge of Allegiance – Jen Johnson

Reverence - Oakwood Elementary Dancers

### **GOOD NEWS MINUTE**

Karyn Winder said the unified theater performance of *Aladdin* at Hunter High was the highlight of this month. She appreciates going to community council meetings. It is fun to see how creative parents and faculties can be when working together. Valley Junior High is working hard to improve attendance. Their reward was to attend the Mario movie during school hours.

Clarke Nelson was invited to attend the Cottonwood network PTA awards night. He was impressed with the unity amongst these network schools and contributions of so many parents.

Kris Nugyen attended Hunter and Cyprus network community council meetings with Superintendent Horsley; she appreciated parents who were willing to come and share their thoughts. She was invited to see Brockbank STEM math students hosting a *Senior Ball* at the Magna senior center. Students learned about budgeting and event planning for this project. The students and seniors really enjoyed it.

Connie Burgess attended *Mean Girls Jr.* at Eisenhower, the students did wonderful work. She appreciates how administration takes time to meet with teachers and the community.

Kim Chandler said a lot had been happening however she wasn't able to attend everything she was invited to. She thanked the student performers for their dance for the Board Reverence tonight, she admires their willingness to share their talents.

Julie Jackson went to the Cottonwood network meeting where they talked about how to coordinate efforts to help students and families. She appreciates the way principals advocate for their students. Lisa Turner, secretary at Morningside, is retiring, and students showed up to thank her for all she does for them.

Nicole McDermott visited school community council meetings. The Hunter performance of *Aladdin* was incredible and touching. She also attended *Descendants* at Bennion Junior High and *Peter and the Star Catcher* at Taylorsville. She had the opportunity to judge at a junior high orchestra festival; the students blew her away! We are beginning 30 years of service recognition. Today Janet Vorwaller at the GEC Café was recognized.

## **RECOGNITIONS**

### **ASBO International's Certificate of Excellence in Financial Reporting**

Todd Hauber recognized Chris Lewis, Accounting Director and the entire accounting team.

### **Legislative Champions**

Ben Horsley recognized Senator Wayne Harper and Representative Carol Moss.

### **Academic All American in Debate**

Isabelle Miller, student at Hunter High school.

### **All State High School Art Show**

Yoselyn Zaval, student at Granger High School.

## **GRANITE ELECTED OFFICIAL PARTICIPATION-** none

## **PATRON PARTICIPATION**

Reid Taylor, West Valley City, addressed the board regarding an email he sent to President McDermott asking to review electronic device policy implementation across Granite junior high campuses. He is concerned about variances in how the policy is administered. He asked for a response and accounting of standards governing district-wide policy decisions, search methodology for GRAMA responses, and actions that followed referral of this policy to the Law & Policy committee in October 2025.

Danielle Housman is deeply concerned about the planned reduction of special education teachers in elementary schools and how these decisions are made. She asked for engagement with stakeholders before making cuts.

Jessica Winder Lee, social worker, addressed the board regarding options for rebuilding West Kearns Elementary. For trauma impacted students, relocation during a rebuild would be difficult. They need adequate space for a sensory room, a specialized bathroom including a changing table, and a fenced playground. Longer commute times would be challenging. She asked the Board to consider these concerns going forward with their decision.

Michele Jones, GEA President, appreciated collaboration during the legislative session which reflects a shared commitment to students. Their efforts resulted in success on several bills passing or failing. By working together, we achieve stronger outcomes.

### **2026-2027 Student Fee Schedule**

Tyler Howe reviewed fees for the 2026-2027 school year.

Discussion: High school principals will work to include estimated class fees with class registration to alert parents of the cost for the class. This is in addition to publishing the fee schedule. The district will continue to work with Focus to see if it is possible to include class fees during the fall registration process.

**Motion:**            **I move to approve the 2026-2027 student fee schedule as a final reading.**

Made by:            Kris Nguyen

Seconded by:     Connie Burgess

Clarke Nelson reiterated his comment at the last meeting stating his displeasure in this process.

Karyn Winder asked teachers and coaches to keep students in mind as they develop spend plans. Charge what is needed and not necessarily the allowed maximum.

Called for vote: President McDermott  
Results: Motion Passed Unanimously

### **Population Analysis Update**

Steve Hogan, Planning and Boundaries Director, recapped the report and board action taken at the November 2025 board meeting. The Area 5 study was suspended indefinitely. Further, the Board asked that the ALC/DLI issue be studied by the Curriculum Department and for administration to consider using a consultant to evaluate enrollment trends, lead community engagement, and build assessments. The district gathered verbal estimates from consultants for these purposes. Depending on the scope of work, costs could exceed one million dollars. The enrollment trends over the past 20 years and looking to 2030 were presented. Projected enrollment comparisons for the 2026–2027 school year were reviewed. While there is not a recommendation, administration is looking for Board direction and next steps.

Superintendent Horsley emphasized that with the scheduled West Kearns rebuilding, an earnest conversation is needed about what size school to build and if consolidation and boundary adjustments could maximize taxpayer dollars. The same things need to be considered regarding the Arcadia, Frost and Truman areas. Enrollment numbers are not going to improve, and a plan is desperately needed. He asked the Board for directions on whether to hire a consultant, the desired depth of a study, and how they want to move forward.

### **Board Comments:**

President McDermott invited board members to comment understanding that the Board said they were not going to reopen the Area 5 Study. A Board directed study on DLI and ALC programs is ongoing with a report expected in the fall. An analysis of student retention in areas where schools have been closed was also requested as that information will impact future decisions.

Karyn Winder said “Thank you Nicole. Amen to everything you just said. That’s kind of the edge of *“well it’s not going to change our numbers”*, let me push back because that gets under my skin. We know numbers are declining, we 100% know that, but we also asked four months ago for data to be collected on where these kids have gone. Now, the reason is, Western Hills, I represented it for years, Oquirrh Hills, I closed that school. It was in Kearns in my precinct and I’ve yet to see one data point that shows me how many kids we retained, where they went, did we get them back, are they going to charters, did they go to homeschool, did they just move and not come back? And I don’t feel like I can make any decision tonight because I don’t have the data I asked for. And it does affect how I look at the recommendations. It does affect my vote because if we continue closing schools and the decisions we make with the onboarding and where we put the schools and how we’re doing everything from busing to where we rebuild, then we’re shooting ourselves in the foot. We have to figure out how to retain the kids if we close schools. And I don’t have that information so I’m not making any decision tonight until I get some data. I’m not committing to anything tonight for that reason.”

Kris Nguyen feels better plans to consider the needs in the impacted communities are needed. Following last year’s closure students were retained well but that took a lot of effort. The Area 5 study was frustrating because we didn’t know where we were going to place the programs at those schools. If we know what is going to happen with a program, we can help to support that area or school. Our staff are capable to give us good information. A consultant would help to get the right information.

Connie Burgess believes a consultant is needed. Time is getting short for her to help with this. She would like to see information from a consultant.

Kim Chandler agrees with several statements, the Board needs more information and the right kind of data. That is why we are in this position trying to find a better way. After years of doing this, it is difficult to produce the data and a consultant is needed. She doesn't like the potential cost for a consultant and wonders if people could be hired internally to solely focus on this for a year. It is essential to get data on all the points we have discussed.

Julie Jackson proposed to identify a vision for DLI and ALC programs, look at a report on the effectiveness of past closures by the end of the summer, and begin an RFP for a consultant in the fall to review the entire district for one year. The cost for a consultant would be worthwhile considering the ongoing costs to maintain underutilized schools. The timeline for this may need to change. She believes a year-long process for closing schools is difficult for communities.

Clarke Nelson said the landscape has changed over the past six years. Considering the situation, it may make sense to adjust the timeline and process.

Superintendent Horsley summarized and board members concurred with hiring a consultant to assist in conducting a district-wide study of student enrollment, facilities, potential school closures, consolidations and/or boundary adjustments, including all geographical areas and school levels. The Board would like updates on progress of the district-wide study before the final recommendation. Administration will share student retention data with the Board by August, followed by ALC and DLI program study results by November.

## **SUPERINTENDENT and BOARD REPORTS**

Superintendent Horsley attended Dos Mundos family night, Hunter High's *Aladdin*, Fremont's *Cozy and Read* where 3,000 books were donated to the school, Magna STEAM reading event, and the district spring dance concert. The legislative session wrapped up, he thanked those who helped to make it successful. Granite students participated in a State of the Youth address at the Millcreek City Council meeting. Joe, a student at Wright, emailed and invited him to the school's STEM night. School Community Council Network meetings will continue through April. Clarke Nelson said confusion between the anonymous fraud hotline and bullying reporting mechanisms were cleared up and updated on the Granite website.

Karyn Winder said the benefits committee met this afternoon.

Kris Nguyen the Budget and Finance report at study session allowed everyone to hear the report. She facilitated the DCC meeting, these meetings are so valuable, attendees appreciated the information presented.

Connie Burgess said the USBA policy webinar is tomorrow. The pre delegate assembly is June 5 and the delegate assembly is June 6. All board members are invited to attend.

Kim Chandler attended a Parks and Recreation meeting. They have a new point of sale system. A ribbon cutting event at the Big Cottonwood Regional Park East playground will be Thursday, April 16 at 10:30 a.m.

Julie Jackson said USBA met with school boards around the state to discuss the legislative session. She is learning a lot from rural areas about their challenges. She and Connie will attend a retreat for USBA planning at the end of the month.

Nicole McDermott said the 8-hour task force reported to the board and their recommendations will be shared with the negotiations team. Law and Policy committee reviewed, high school graduation standards, electronic devices, acceptable use of technology, and legislative updates that will necessitate policy updates. She encouraged board members to share input on legislative priorities with Julie and Connie.

**Communications and Community Outreach Department Update**

***Parent Advocate***

Tayler Khater reported on the efforts made this year to give excellent customer service with responsive attention and solutions when parent concerns are directed at the district office. Working with school principals and district directors, issues are resolved through a single point of contact minimizing delay and confusion in the process. His office provides customer service coaching for secretaries. In elementary secretary training they talked about what a people first approach looks like. We want to make sure everyone is having a great experience. Authenticity and follow-up are critical. This was stressed with secretaries in terms of ways we can manage most of the concerns that come to us in this district. It always starts with the secretary.

***Communications and Community Outreach***

Luke Allen shared the communications team organizational chart and an overview of day-to-day operations in the communications office. Sensitive and emergency messages, crisis responses and news media responses are addressed by the communications department. They assist with board meetings, GRAMA requests, videos, event planning, the calendar committee and surveys.

### ***Marketing***

Jen Bodell, director, leads marketing for the district, supports and coaches principals, and works to help build community within high school networks, elementary through high school. Highlights this year include Crayons to Caps, Kindergarten Kickoff, Granite Replay and other positive exposure on social media. Several schools have benefited from targeted marketing efforts to boost community perception, engagement and awareness.

\$94,500.00

Dear Superintendent Horsley:

The Purchasing Department has received a request from the CTE to purchase Computer Science Articulated Lessons with Math and Science for PreK-6 for all elementary schools in the district.

A Request for Proposals (RFP) was published (AL26-015) and only one submission was received and scored against the criteria stated in the RFP. It has been determined that CodeHS, Inc can provide the products and services that will meet the needs of the district.

We respectfully request the approval to issue a purchase order to CodeHS, Inc for \$94,500.00. Funds for this expenditure will come from a Computer Science Grant.

RE: Continuous Improvement Expert  
at Multiple Locations  
\$200,000.00

Dear Superintendent Horsley:

The Purchasing Department received a request to release a request for proposals (RFP) for a Continuous Improvement expert to provide consulting work to the four schools in Granite School District that were designated as Springboard Schools (Arcadia Elementary, Lake Ridge Elementary, Matheson Junior High, and Kennedy Junior High).

The Purchasing and the Organizational Effectiveness Departments developed and released an RFP to potential contractors through our bid system. Four proposals were received and scored against the stated criteria in the RFP. The following are the scoring results:

<u>Vendor</u>	<u>Score</u>
West Ed	86.1
Vendor #2	72.5
Vendor #3	70.2
Vendor #4	76.3

Permission is requested to enter a one-year contract with two one-year renewal options with WestEd. Additional permission is requested to renew the contract annually as permitted by the renewal options, provided the services continue to meet the needs of the district. Funds for this expenditure are to come from State Springboard Schools Improvement Grant funds.

RE: eBooks and Audiobooks  
Maintenance & additional product  
\$70,000.00

Dear Superintendent Horsley:

This request is for the renewal of OverDrive/Sora, a digital platform that provides access to thousands of downloadable audiobooks and eBook subscription licenses.

OverDrive offers a proprietary platform and marketplace through which these licenses are purchased and maintained. Continued access to previously acquired content, as well as the ability to purchase new licenses, is contingent upon the annual renewal of the platform.

A Notice of Proposed Sole Source (JF24-009 SS) was published for a five-year period through August 2028. No comments or objections were received during the posting period.

Accordingly, this letter respectfully requests authorization to issue a purchase order to OverDrive, Inc. in the amount of \$70,000.00 for the 2026-2027 school year. Funding for this purchase will be provided through the Educational Technology budget.

Skyline High Transite Duct Change Order

Dear Granite School District,

I have reviewed the change order in the amount of \$60,135.00 from A-1 Abatement for the transite ducting found under the auditorium area of Skyline High. The additional ductwork was found after excavation of the foundation. Some of the ductwork showed on the original plans and were part of the original contract written by Granite School District. Additional lines were discovered during demolition. The price is in line with the unit pricing that has been accepted in the contract as well as being accurate and appropriate for the current market.

Superintendent Horsley  
Granite School District  
2500 S. State Street  
Salt Lake City, Utah 84115

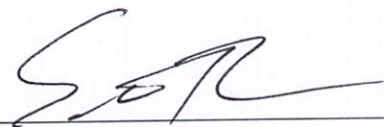

Superintendent Horsley:

T-Mobile has a cell tower located at Evergreen Junior High School within the Rocky Mountain Power Company easement that serves the school campus. T-Mobile is requesting to update their current contract to show their position within the easement and provide a better description of the portion of the enclosure they are using for their equipment.

While they are updating the contract, they have asked if we would agree to a term extension. The current term is set to expire in 2031; T-Mobile is asking to have five (5) additional five (5) year renewal options added to the lease. These additional options would extend the lease to a maximum expiration date of 2056, This is in line with other carrier extension requests across the district.

We are seeking board approval for this contract amendment.

Monday, March 30, 2026

Dear Members of the Granite School Board,

I am writing to provide context for the attached donation for improvements to our school's baseball field.

A group of baseball parents generously organized and funded enhancements to the field, including the installation of turf along the baselines. The purpose of this contribution was to improve playing conditions, increase field durability, and reduce weather-related cancellations. These improvements also support the significant time and effort our head baseball coach dedicates each season to field maintenance and preparation.

The baseball field is located in a remote corner of our campus, and the work was completed during the winter months. This project was carried out without prior knowledge or approval from school administration, which does not align with established district procedures for facility modifications and donations.

Upon becoming aware of the situation, we addressed the matter internally, including appropriate corrective action. We have also reinforced expectations moving forward to ensure that all future donations and projects follow district guidelines and receive proper approval in advance.

Despite the procedural oversight, the intent of the donation was to support our students and athletic programs in a positive way. We are submitting this donation for formal review and approval so that it may be properly accepted in accordance with district policy.

Thank you for your consideration and for your continued support of our students and school community.

With appreciation,

Superintendent Horsley:

The Granite School Real Estate Committee has been in talks with The City of Holladay to install a drain line along the north property line at Olympus Junior High, through the employee parking lot. This drain line is necessary to control the storm water runoff from the neighborhoods to the north of the campus.

To facilitate this project, Holladay is requesting a permanent easement that will run along the north property line, through the staff parking area at Olympus Junior High.

We are seeking board approval for the easement request.

Dear Superintendent Horsley,

Monica Thayer, principal of Hillsdale Elementary School, is requesting that the Granite School District School Board grant a full exemption of their Community Council pursuant to [R277-491-4](#).

Monica Thayer has completed Section 4, Subsections 2-4, as required, and has not been able to fill the council seats vacated. She has stated that all members of Hillsdale's SCC were unable to continue serving on the council and no other community members were willing to serve.

The Community Council, at present, consists of the principal, Monica Thayer, and one staff member. Ms. Thayer is requesting a full exemption for the remainder of the 25-26 school year. She is hopeful that they will have more success next year in electing and retaining a full community council.

Thank you for your time and help in this matter,

Sincerely,

As a consent agenda item for the May 5<sup>th</sup> Board of Education meeting, I request the Board approve the following amendments to the 2025-2026 School LAND Trust Plans for the following schools:

- Bennion Jr. High School
  - Due to the Math Lab FTE expenses being less than anticipated, the Bennion Jr. High SCC would like to fund the purchase of new Chromebooks.
  - Approved by the School Community Council on 04/23/2026
- John F. Kennedy Jr. High School
  - Due to FTE expenses being less than anticipated, the Kennedy Jr. SCC would like to fund an interpreter to help with ML Students.
  - Approved by the School Community Council on 04/16/2026
- Morningside Elementary School
  - Due to a donation funding the Tanner Dance instruction and field trip, the Morningside SCC would like to fund more paraeducators.
  - Approved by the School Community Council on 03/10/2026
- Cottonwood High School
  - Due to payroll expenses being less than anticipated, the Cottonwood SCC would like to fund outreach coordinators and Volunteer for Good Advisors (hourly).

As a consent agenda item for the May 5, 2026, Board of Education meeting, I request that the Board approve the 2026-2027 School LAND Trust plans. The Organizational Effectiveness Department is actively reviewing the plans and notifying principals of required changes.

A [tracking sheet](#) has been created for the Board to know the status of the all school plans. Please refer to this to know what plans are approved by our department and ready to be reviewed by the Board.

The USBE has required that the Board be given copies of the Council Signature Forms sent to us by each school. You will find scanned copies of the forms we have received in this [folder](#).

Granite Technical Institute is listed as active on the LAND Trust site. However, they do not receive LAND Trust funding, and we have requested that the USBE move them off the active list.

If a Board member needs a USBE LAND Trust login, attached you will find a document with instructions to request and receive login credentials.

Sincerely,

Dr. Joan Bramble

2500 S. State Street  
Salt Lake City, Utah 84115

Superintendent Horsley:

The Granite School District Career and Technical Education (CTE) program is in the process of completing a home that is intended to be placed on the market. The home is located at 6301 W Cape Ridge, West Valley City, 84128. Recent legislative guidelines require that, prior to the sale of district-owned property, the Granite School District Board of Education must formally declare the property surplus. Once the property is declared surplus, the Real Estate Committee may begin preparing and marketing the property for sale.

Accordingly, the Real Estate Committee respectfully requests that the Granite School District Board of Education declare this property surplus to allow marketing efforts to proceed toward its sale.

Dear Superintendent Horsley:

As an action item during the May 5, 2026, Granite School District Board Meeting, I request that the Board approve the materials reviewed and recommended by the committee.

The Human Sexuality Committee has reviewed curricula for use in secondary health classrooms in accordance with Utah Code §53G-10-402, R277-474-6 and Granite Administrative Memorandum 128. Public comments have been made available for over 30 days and accompany this letter. The committee has recommended that the Board approve the material.

Members of the Board can review materials by contacting Noelle Converse, Director of Curriculum and Instruction, at [nconverse@graniteschools.org](mailto:nconverse@graniteschools.org).

Sincerely,

Leslie Bell  
Assistant Superintendent  
Teaching & Learning Services

# Sex Education Instructional Materials Review

Sex Ed Material 2nd Board Review  
May 5, 2026

# Sex Education Committee Membership and Responsibilities

- Designated by the GSD Board of Education to fulfill the state requirements regarding adoption of sex education and maturation education instructional materials ([Admin Memo 128, Sex Education Instruction](#); Utah Code [§53G-10-402](#); [R277-474-6](#)).
- Comprised equally of Granite School District parents and school personnel (currently have 11 parents across district networks and 5 school staff serving on the 2025-2026 committee).
- Convenes twice annually (fall and the spring).
- Reviews all instructional materials and presentations/speakers to be used with students as the audience.

# Steps for Review of Materials/Presentations

- Committee reviews material each time new or updated material is proposed.
- Material **must** be approved by a 2/3 majority of the committee before the material is posted for public review.
- Committee-approved materials are posted for public review for 30 days.
- Materials are sent to the Granite School District Board of Education for final approval after the public comment period expires.

# Summary of Committee's Current Review and Recommendation

## PARENTABLE

(overview video)

Intended for use as:

Health II (607801) supplemental curriculum (this also includes access to course such as Child Development (703001), Early Childhood Education (703051), etc)

- 93% of the 2026 16 member committee recommend approval with no comment
- 1 rejecting with no comment

## Standard connection:

- **HII.HF.2:** Demonstrate effective ways to communicate personal boundaries and show respect for the boundaries of others.
- **HII.HF.4:** Develop resiliency skills.
  - **4.a** Develop skills to cope with common life changes (for example, changing schools, **relationship changes, family changes**).
- **HII.HF.5:** Model strategies to prevent, manage, or resolve interpersonal conflicts in healthy ways.
- **HII.MEH.1:** Apply stress management techniques to a personal stressor and evaluate their effectiveness.
- **HII.HD.3:** Explain the process of conception, fetal development and birth, practices for a healthy pregnancy, pregnancy prevention, **and parenting responsibilities**.
- **HII.HD.9:** Discuss harassment, abuse, discrimination, and relationship violence prevention and reporting strategies.

PARENT- ABLE

(overview video)

Intended for use as:

Health II (607801) supplemental curriculum (this also includes access to course such as Child Development (703001), Early Childhood Education (703051), etc)

- 93% of the 2026 16 member committee recommend approval with no comment
- 1 rejecting with no comment

## CTE Course Standards Connection:

### Child Development:

Strand 1: Students will evaluate caregiving & societal responsibilities of caregiving

Strand 3 Students will identify characteristics of genetic & environmental influences on a developing fetus, pregnancy, prenatal care and development, and childbirth.

Strand 8: Identify parenting styles and impacts on the child.

### Early Childhood Education

Strand 3: Students will support social and emotional development and implement positive guidance

Strand 4: Explore the positive guidance techniques for preschoolers

Strand 6: identify signs of child abuse

# Summary of Committee's Current Review and Recommendation

## Building Uplifting Relationships (BUR) Curriculum

### Standards Connection:

- 93% of the 2024 16-member committee recommended approval after minor changes (more examples) during review.
- 1 rejecting with no comment

# Summary of Committee's Current Review and Recommendation

## Consequences Card Activity Revisions:

- These are currently adopted materials that have been updated for clarity and relevance.
- 88% of the 2026 16-member committee recommended approval
- 1 rejecting with concerns that consequences also rely on others' choices versus just the individual
- 1 rejecting with concerns that these are “scare tactics” and provide limited information about STIs & statical data

## Standards Connection:

- **HII.HD.2:** Define and describe the mental, emotional, physical, and social health benefits of sexual abstinence.
- **HII.HD.4:** Identify practices for preventing common sexually transmitted diseases or infections (STD/STI).
- **HII.HD.8:** Recognize characteristics of healthy relationships, the impact a relationship has on wellness, practice skills to build healthy relationships, and emphasize the responsibility within families and communities to support healthy relationships.
  - **8b** Discuss and understand refusal skills, personal boundaries, and affirmative consent as they apply to situations involving pressure to be sexually active and identify strategies that support the decision to abstain from sexual behavior.

# Patron Comments from 30 Day Public Comment Period

## Received a total of 8 public review comments as of April 28

- 6 comments praised the curriculum's holistic focus, noting that it provides valuable tools for students beyond the biology-real-world scenarios.
  - There is strong support for the sections covering consent, boundary-setting, effective communication, conflict resolution, stress management, and self-care.
  - Several reviewers appreciated that the curriculum moves beyond exclusively focusing on anatomy and disease, viewing the current direction as a positive, comprehensive step forward.
- 2 comments express concern regarding "the consequences game" as an educational tool representing opposite viewpoints::
  - One communicated the content was inappropriate and the intended lessons could be conveyed without using this specific format, adding that the scenarios do not align with teenagers' actual experiences.
  - Another shared concern that presenting generalized scenarios such as the belief that waiting for marriage always guarantees a better relationship, or that all sexually active teens are constantly distressed, is inaccurate and counterproductive<sup>297</sup>

# Patron Comments from 30 Day Public Comment Period

## Suggested Improvements

- 1 comment suggested more information on sexual activity to be taught
  - suggests integrating a foundational module at the very beginning of the curriculum to clearly define sexual activity, safe practices, and the associated risks regarding pregnancy and disease.
- 1 comment suggested removing the ‘before marriage’ implication as some of the same consequences or concerns could arise after marriage.
  - Incorrectly characterizes biological risks—specifically STIs and unintended pregnancy—as being linked to "premarital sex." This framing is factually inaccurate, as these health outcomes are inherent to all sexual activity regardless of marital status.

\*\*Responses were sent to all patrons who expressed concerns or who suggested changes that cannot be made per state code or because the content is covered in other standards in the human growth and development unit and not connected with the materials under review.

Thank You!

Olympus	<p>It mostly looks great, especially the consent section and the appropriate conflict and healthy relationships sections. I think this is restricted by the legislature, but I would love information about contraception to be included. I don't like the consequences game. I think kids make better decisions when they're informed with basic facts. It's not always true that "waiting until the wedding night" creates better relationships. And it's not always true that teens who are active spend all their time "tracking their cycle and stressing about late periods, or crying over texts". I totally agree that there are downsides and dangers to being sexually active in high school, but these kinds of preachy half truths lead kids to distrust adults on this subject because they can see that it's not always true.</p>	4/1/26
Tville	<p>Why is any of this information related to marriage? These risks of sex (baby, sti, etc.) are also risks of sex IN marriage so we shouldn't make this about morality and tell students these are the risks of "premarital sex" as if marriage makes those risks disappear. Stick to the physical health components and lessons.</p>	4/1/26
Granger	<p>I do not like the consequences game. I think it's inappropriate. The same point can be made without doing that game. I can't look at most of the other data because the format is messed up. What I can see looks ok.</p>	4/2/26
Olympus	<p>I have reviewed each of the documents provided for the Sex Education Curriculum. There is a lot of great info on emotional support, resolving conflict, recognizing bullying, but there is very little information about the act of sex itself, types of sex, safe sex. One presentation goes directly to "Statutory Rape" but never defines what sex is. In several ppt there is info about costs of having a baby and sexual diseases without info on how those consequences actually occur. Has a different class or ppt already taught the students about the act of sex itself? Even if that has already been presented to the students, I would suggest that one of the first ppt in the Sex Ed Curriculum would review what is sex, types of sex, safe sex, and what types of sex can lead to diseases and babies. Thank you for considering this suggestion</p>	4/2/26
Skyline	<p>A surface review of the slides provided indicate overall it appears to be a relatively good plan. The only thing I found someone lacking is that the relationship information seemed to all be directly related to relationships between students and other students or young adults within a few years difference in age. My concern is that when it talks about healthy relationships versus unhealthy ones and conflict versus bullying....it made it sound like any parent child relationship would be ultimately seen as unhealthy and/or bullying because by virtue of being a parent child relationship there is not an equality of power so it would be seen as unhealthy if you do not differentiate healthy and unhealthy parent child relationships. A parent's role is to set boundaries, rules, and that means also providing for appropriate consequences as well without being called an abuser or a bully by their child. Obviously we know that some parents do cross the line into actual abuse and that needs to be called out but if we are not careful in how we teach such concepts as healthy vs unhealthy relationships and bullying vs conflict we will end up with entitled children that think they are the parent in the home and set the rules thus resulting in unruly children that grow into unruly adults that often end up in prison because they were not taught to be respectful to adults and understand that the parent child relationship dynamic should not be identical to the child-other child relationship. I understand this is part of a sex education curriculum but children often take lessons from one concepts and attempt to apply them in other areas. I guess, if it is made clear that this information is specific to amorous relationships that are not of a typical and expected child parent relationship then it is actually good from what I saw. I had some concerns prior to reading in some areas but as I reviewed those slides those concerns were eased.</p>	4/5/26

Hunter	<p>I think it's amazing that Granite will be teaching a curriculum that focuses on communication and boundaries and consequences, but where is the sex education? Before this unit happens, there needs to be an in-depth unit for ALL students on male and female sexual anatomy and how it all works, how pregnancy happens and what the stages of pregnancy look like, what childbirth looks like, and what STDs are and how they can be passed around. My daughter was shockingly under-educated on so many things about her own anatomy, the male anatomy, pregnancy, childbirth, and STDs before she started her Child Development class. I really thought Granite had done a better job educating her on these critical things, but their sex ed curriculum is shockingly incomplete! If the distract wants to prevent teen pregnancies and unwanted sex and STDs, do a better job with teaching the critical basics!!</p>	4/3/26
Olympus	<p>This looks amazing! I love the comprehensive curriculum that includes things like relationship dynamics, stress management, and self care, as opposed to exclusively anatomy, the sex act, and diseases (although I'm very glad there is content about the types and risks of STDs). I wish this were the curriculum when I was in high school. Well done and thank you for your incredible expertise!</p>	4/3/26
Skyline	<p>I appreciate the emphasis on healthy relationships. I understand topics are limited based on state law, but if there is a legal way to include actual medical information regarding contraceptive methods, physiology, and medical treatment of infectious diseases, as a physician I know those things are also critical for our students to understand.</p>	4/19/26

# School Closure Data

May 5, 2026

# Schools included in this study:

Schools	Closure Year
Millcreek, Spring Lane, Twin Peaks	2023
Western Hills	2024
Redwood, Orchard	2025

## Questions

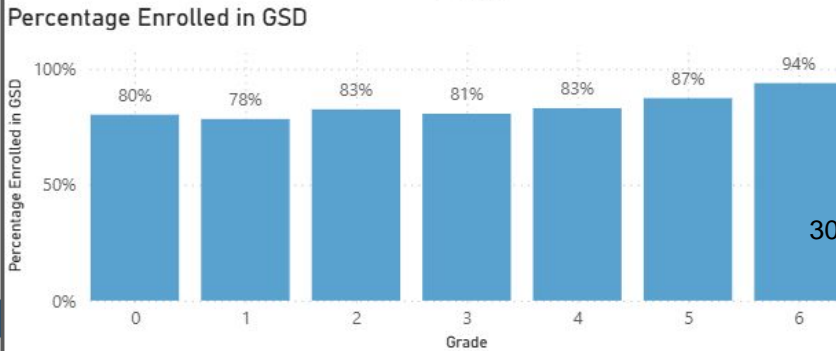

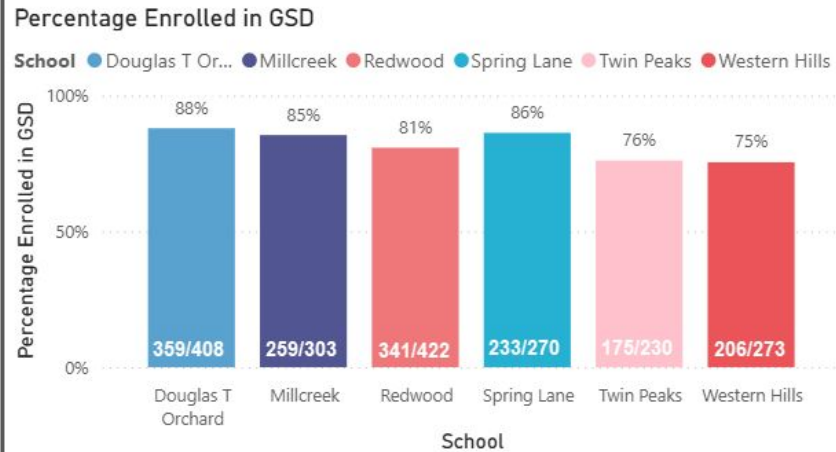

- Do students from closed schools remain in GSD after their neighborhood school closes?
- What impact does a school closure have on the academic performance of students who move to a new school?
- What impact does a school closure have on sense of belonging and teacher/student relationships?

## Purpose/Limitations

The purpose of this study was to gather information in a descriptive format. There were no statistical methods or models used.

There are limitations due to data constraints and the inherent difficulty of isolating the numerous variables that influence school performance.

# How well do we retain students in the year following school closures?

83% of students remained in GSD the year after their school's closure, ranging from 88% (Orchard) to 75% (Western Hills).

Retention was lowest for Kindergarten (80%) and first grade (78%), and highest for fifth (87%) and sixth grade (94%), many of whom were moving to junior high\*.

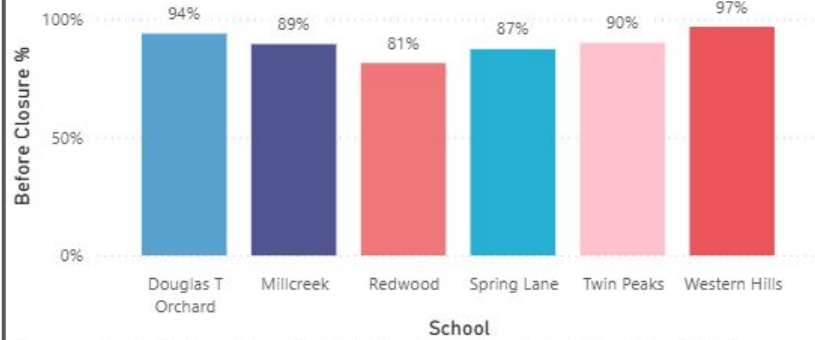

\*Note: Orchard still had sixth graders in the year of closure, while other schools' final grade level was fifth.

# How do these rates of retention compare?

## Retention Before Closure

% of Students Retained in GSD Prior to Closure\*

School ● Douglas T Or... ● Millcreek ● Redwood ● Spring Lane ● Twin Peaks ● Western Hills

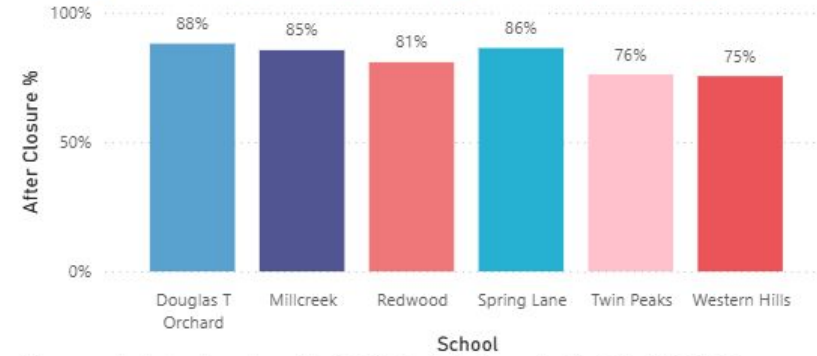

\*For example, Spring Lane shows the % of 2022 students enrolled in GSD at BOY 2023.

## Retention After Closure

% of Students Retained in GSD After Closure\*

School ● Douglas T Or... ● Millcreek ● Redwood ● Spring Lane ● Twin Peaks ● Western Hills

\*For example, Spring Lane shows the % of 2023 students enrolled in GSD at BOY 2024.

Retention rates for Spring Lane and Redwood students remained similar before and after closure. Twin Peaks and Western Hills saw the largest decrease: 97% to 75% for Western Hills, and 90% to 76% for Twin Peaks.

# What does longitudinal data on mobility show?

Comparing the district longitudinal mobility to the students' mobility from closed schools in a three year trend, we see similar patterns in students from our closed schools. Western Hills is an exception to this, showing a smaller decrease from 2024 to 2025 than what we see in our district overall.

# Was there an impact on academic performance (RISE Proficiency)?

Student performance was evaluated using RISE ELA and Math assessment data.

The overall proficiency of students in **3rd and 4th** grades (pre-closure) was compared to their proficiency in **4th and 5th** grades (post-closure in their new GSD schools).

For comparison, district overall proficiency percentages for these grade levels using a similar cohort comparison.

<b>Post-closure</b>	31.6%	28%

# Was there an impact on academic performance (RISE MGP)?

Student performance was evaluated using RISE ELA and Math assessment data.

The Median Growth Percentile (MGP) was calculated for the cohort of **4th-grade** students from closed schools, comparing the results to the cohort's subsequent **5th-grade** performance in their new GSD school.

MGP of students who moved from closed school to another GSD school	ELA	Math

# Is there a difference in the students' report of favorable responses for their teacher/student relationships (Panorama survey data)?

Panorama data pre and post closure, with students in 3-4 grade and a comparison with their responses as 4-5 graders. A higher percentage report a favorable response to Teacher/Student relationships when in their “new school” (70% at fall, 68% at spring) than when in their “closed school” (66% at fall, 64% at spring)

Note, this includes Orchard, Redwood, and Western Hills. Spring Lane, Millcreek, and Twin Peaks don't have complete pre-closure Panorama data.

# Is there a difference in the students' report of favorable responses for their sense of belonging (Panorama survey data)?

Panorama data pre and post closure, with students in 3-4 grade and a comparison with their responses as 4-5 graders. A lower percentage report a favorable response to Sense of Belonging when in their “new school” (57% at fall, 53% at spring) than when in their “closed school” (62% at fall, 61% at spring)

To: The Board of Education  
From: Doug Larson  
Re: Policy Reading  
Date: April 28, 2026

Policy and Legal Services will present one First Reading during the next Board of Education meeting. A description of the policy under consideration is provided below.

#### Fiscal Policy Manual – Section 12. Collection of Accounts Receivable and Other Debts

This section of the Fiscal Policy Manual is being updated to establish policy and procedure on collection of lunch debt and if students with lunch debt can participate in graduation services. This update will clarify that outstanding lunch debt will not affect whether a student can participate in graduation and walk to receive their diploma. This policy was modified within the past year, and according to Article II.D., five board members must first approve reopening this policy for newly proposed modifications.

# Section 12. Collection of Accounts Receivable and Other Debts

---

## A. Purpose

This section establishes policy governing collection efforts to be followed by fiscal administrators to collect unpaid amounts owed to the District. The District has a fiduciary duty to minimize the cost passed along to others due to unpaid accounts receivable.

## B. General Statements of Policy

1. The responsibility for collecting accounts receivable rests with the following depending on the type of account:
  - a. The fiscal administrator at each school shall be responsible for the collection of unpaid student fees and fines.
  - b. The Director of Food Services is responsible for the collection of unpaid lunch balances.
  - c. Accounting shall be responsible for the collection of all other accounts receivable in accordance with the terms and conditions of each contract (implied or written) or account as applicable and under the direction of the Business Administrator.
2. The Board recognizes the need to maintain positive relationships with the students, their parent(s)/legal guardian(s) and patrons of the District. Fiscal administrators have discretion regarding informal collection efforts. However, at a minimum, fiscal administrators are to ensure the steps outlined under part C. Informal Collection Efforts are taken to collect unpaid accounts receivable.
3. Fiscal administrators shall ensure that notes about informal collection efforts and copies of associated letters are kept on file.
4. Fiscal administrators are authorized to implement monthly payment plans for unpaid student fees and fines in the event a parent(s)/legal guardian(s) is unable to pay the full amount due of an account receivable.
  - a. The terms of such payment plans should be in writing and signed by both the fiscal administrator and the parent(s)/legal guardian(s).
  - b. It is recommended that such payment plans require a \$25 minimum monthly payment. As long as the monthly payments are made on time, it is not necessary to include the debtor in further informal collection notices and efforts. If,

however, a debtor fails to make a monthly payment, informal collection notices and efforts should resume.

- c. Interest is not to be charged under monthly payment plans except as expressly authorized by the Business Administrator on a case-by-case basis.

## **C. Informal Collection Efforts**

### 1. Unpaid Student Fees:

- a. After 1<sup>st</sup> semester and again after 2<sup>nd</sup> semester class fees are charged and applied to student accounts, efforts should be made to notify the student and their parent(s)/legal guardian(s) they have outstanding fees. Such notification should be general (such as a general notice posted in newsletters, general announcements over the school intercom, etc.) as well as targeted (such as sending individual emails, push notices via an automated message/phone system no later than 8:00 p.m., etc.) and include instructions on how to make payment.

### 2. Unpaid Student Fines:

- a. Student fines are to be applied to student accounts as they occur. Once applied, efforts should be made to notify the student and their parent(s)/legal guardian(s) they have outstanding fines. Similar notification methods as described in C.1.a. should be followed.

### 3. Letter notifications:

- a. At the end of the 1<sup>st</sup> quarter and again at the end of 3<sup>rd</sup> quarter, or when Parent/Teacher Conferences are held, a letter should be handed out or mailed to the parent(s)/legal guardian(s) of students with unpaid fees and fines notifying them of such. The letter should include 1) instructions on how to pay the balance due, 2) instructions that if they are unable to pay the full amount due but wish to avoid further notices, they may enter into a monthly payment plan by contacting the fiscal administrator, 3) instructions on how to apply for a fee waiver and instructions on how to apply for free lunch, and 4) a statement that unpaid fees and fines at the end of the school year could become subject to formal collections which would result in additional costs.
- b. At the beginning of May:
  - i. A letter should be mailed to the parent(s)/legal guardian(s) of all graduating students with unpaid fees and fines notifying them of such and include instructions on how to make payment.. The letter should also include a statement that unpaid balances at the end of the school year, will result in: ~~1) the student not being allowed to walk at graduation, and 2)~~ the amount due, if not paid within 30 days of the date of the letter, will be turned over to formal collections.

- ii. A letter should be mailed to the parent(s)/legal guardian(s) of all students with unpaid fees/fines who are no longer enrolled at the school where the amounts due are owed notifying them of such and include instructions on how to make payment. The letter should also include a statement that unpaid balances, if not paid within 30 days of the date of the letter will be turned over to formal collections.
- 4. Negative Lunch Account Balances – Each student’s lunch account balance shall be reviewed frequently through the school year by the district Nutrition Services department.
  - a. Follow-up Notification of Negative Lunch Account Balance:
    - i. If upon review, a student’s account balance is negative, the student’s parent(s)/legal guardian(s) will be notified at least once per week until the account is replenished. If a student’s negative account balance exceeds \$10.00 multiple notifications will be made.
    - ii. Such notification should be general (such as a general notice posted in newsletters, general announcements over the school intercom, etc.) as well as targeted (such as sending individual emails, push notices via an automated message/phone system no later than 8:00 p.m., etc.) and include instructions on how to make payment.
  - b. ~~Unpaid lunch fees must be paid in full for a graduating student to walk at graduation.~~

## **D. Formal Collection**

- 1. An account receivable must be delinquent for more than 90 days before the debt may be submitted for formal collection. (See 63A-3-302.)
- 2. The timing of when formal collections should be initiated is as follows:
  - a. For unpaid student fees and fines – Soon after the 30 days referred to in part C.3.b. have passed, fiscal administrators shall initiate formal collection for unpaid student fees and fines for those students who have either moved out of the District or have graduated.
  - b. For unpaid negative lunch balances – Any active accounts (students currently enrolled in the District) with a balance of \$500.00 or more and any closed accounts (students who are no longer enrolled in or attending the District) with a negative balance of any amount not paid in full or a payment plan arranged within 30 days after the last day of school will be subject to third party collections for payment.

- i. Notifications on active accounts will be sent when the account balance due hits \$500.00, then 30, 45, and 60 days as final attempts to collect or arrange a payment plan before sending the account to formal collection.
  - ii. Notifications on closed accounts will be sent at 30, 45, and 60 days as final attempts to collect or arrange a payment plan before sending the account to formal collection.
3. Formal collection for unpaid student fees, fines, and unpaid negative lunch balances is initiated by submitting the debt (with all requisite information) to the district's contracted collection agency in "pre-collection" status. The collection agency will send a letter to the parent(s)/guardian(s) notifying them that debts not settled at the school within 15 days will be pursued through formal collections.
4. Soon after 15 days have passed without receiving payment, the district's contracted collection agency will begin to pursue formal collection efforts on the account. If payment is received during the 15-day period, the fiscal administrator shall ensure that the collection agency is notified of the collection and that the collection account is cancelled. Once the collection agency begins formal collection efforts:
  - a. Fiscal administrators should exercise caution regarding answering questions that should be directed to the collection agency to not unduly interfere with collection efforts.
  - b. Payment of the debt should not be accepted at the school or any district office unless expressly approved by Accounting on a case-by-case basis. All payments must otherwise be made directly to the collection agency.
5. Fiscal administrators have discretion to recall an unpaid amount from the District's contracted collection agency if there is a compelling reason to do so. The reason for any such recall shall be documented and kept on file.

Re: Policy Reading  
Date: April 28, 2026

Policy and Legal Services will present one Second Reading during the next Board of Education meeting. A description of the policy under consideration is provided below.

Article VI.B.5. Audit Committee and Internal Auditing

This is a new policy that provides internal auditing responsibilities overseen by the Audit Committee of the Board of Education. This policy directs the Audit Committee to establish an internal audit program that objectively evaluates the effectiveness and efficacy of District administration and operations as defined in Utah Admin. Code R277-113. This policy outlines Audit Committee duties and responsibilities, directions for engaging with external auditors, and requirements for training.

A. Statement of Purpose and Authority

This policy is established to provide for internal auditing responsibilities as overseen by the Audit Committee of the Board of Education of Granite School District (Board). The Audit Committee establishes an internal audit program that objectively evaluates the effectiveness of the District administration, governance, internal controls, and the efficacy of operations as defined in Utah Admin. Code R277-113.

B. Audit Committee

1. The Board shall designate three (3) Board members to serve on an audit committee (Committee).
2. Other members may be appointed to the Audit Committee, as necessary, but shall not include any administrators or employees of Granite School District (District).
3. Members of the Audit Committee shall serve without compensation.

C. Duties and Responsibilities

1. The Audit Committee shall:
  - a. ensure the District obtains all audits, agreed-upon procedures, engagements, and financial reports required by Utah Code §51-2a-201;
  - b. provide an independent forum for an internal auditor, internal audit contractors, and other regulatory bodies to report findings of fraud, waste, abuse, non-compliance, or control weaknesses;
  - c. ensure that corrective action on findings, concerns, issues and exceptions reported by independent external auditors, internal auditors, or other regulatory bodies are resolved in a timely manner by District administration;
  - d. present, as appropriate, information and reports from the audit committee's meetings to the Board; and
  - e. receive, as appropriate, reports of reviews, monitoring, or investigations conducted by District administration and ensure appropriate corrective action is taken in a timely manner.
2. With regards to engagements completed by an independent external auditor, the Audit Committee shall:
  - a. manage the audit procurement and quality process in compliance with state laws and regulations;
  - b. ensure that the independent auditor has access to directly communicate with the audit committee;
  - c. review disagreements between independent auditor and District administration;
  - d. consider District responses to audits or agreed-upon procedures; and

- e. determine the scope and objectives of other non-audit services, as necessary.
3. The Audit Committee shall establish an internal audit program that provides internal audit services for the programs administered by the District, and shall:
  - a. advise the Board in the appointment of an internal auditor;
  - b. conduct or advise the Board in an annual evaluation of the internal auditor;
  - c. maintain an internal audit plan and prioritize the internal audit plan based on risk;
  - d. receive regular updates on the internal audit plan and internal audit project progress; and
  - e. receive final internal audit reports from the internal auditor or contractors providing internal audit services.
4. The Audit Committee shall review all internal and external audit reports and determine whether:
  - a. schools and District departments are in compliance with applicable statutes, regulations, and Board policies;
  - b. generally accepted accounting practices are in effect;
  - c. public funds are managed according to a sound system of internal controls;
  - d. administrators review financial information, financial statements, and records on a regular basis;
  - e. the District adheres to purchasing requirements selecting external audit services; and
  - f. appropriate recommendations in audit reports are implemented.
5. The Audit Committee shall maintain a system for managing reports of fraud, waste, or abuse, whether reports are made through the District hotline or whether the District receives a referral from the Utah State Board of Education (USBE) Internal Audit Department (IAD) in compliance with Utah Admin. Code R277-123. The Audit Committee shall ensure the District:
  - a. makes good faith efforts to promptly contact complainants if contact information is available;
  - b. pursues appropriate investigations consistent with due process, District policy, and the law;
  - c. maintains confidentiality in accordance with student and employee privacy policies; and
  - e. maintains documentation of compliance with this section.
6. The Board president shall ensure that the members of the Board and audit committee are provided with training as outlined in Utah Admin. Code R277-113-4.
