In collaboration with students, families, staff, law enforcement, and community partners, we have developed a clear framework for the prevention, intervention, and response to incidents of bullying, cyberbullying, and retaliation. The principal at each campus is responsible for the effective implementation and ongoing oversight of this plan.

BULLYING CHECKLIST

FOR SCHOOLS

PLEASE READ BEFORE USING CHECKLIST

To determine whether an act is bullying or cyberbullying by law, proceed down the checklist and provide a checkmark for each true statement. If any identified section does not receive at least one checkmark, then the act is not considered bullying by state law.

SB 179, "David's Law" expanded authority to school districts, allowing public and charter schools to address cyberbullying off-campus and outside of school-related or school-sponsored activities based on specific criteria. In order to address this legislative change, this checklist may help parents, educators, and administrators determine if a student at their school has been bullied according to the legislative definition. Please follow the conditional 'yes/no' logic for the questions regarding the use of electronic communication devices in possible bullying scenarios.

Did the act occur outside of a school-sponsored or school-related activity?

(This is an important distinction, as David's Law expands a school district's authority to include cyberbullying incidents that occur off campus and outside a school-sponsored or school-related activity, as long as it meets one of the below criteria.)

No

Yes

Did the act interfere with a student's educational opportunities; or substantially disrupt the orderly operation of a classroom, school, or school-sponsored/related activity?

Yes

No

According to law, if the act **DID NOT** meet the criteria above, it is not under the school district's authority.

- ☐ Threatening educational environment
- ☐ Abusive educational environment

- ☐ Materially and substantially disrupts the educational process or operation of school
- ☐ Infringes on rights of victim at school

No

Sí

¿El acto interfirió con las oportunidades educacionales de el estudiante; o sustancialmente interrumpió la orden de operación de la clase, escuela, o una actividad patrocinada/relacionada a la escuela?

Procedures for Reporting or Responding to Bullying and Retaliation

Reporting Bullying or Retaliation

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member shall be recorded in writing. A school or district staff member is required to report immediately to the principal or designee any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously through the STOPit App. The school or district will make a variety of reporting resources available to the school community including, but not limited to, a Bullying Incident Reporting/Complaint Form available on the district website and in each of the school's main offices. Additionally, members of the school community may also contact the principal by phone or school email.

Research has clearly shown that it is ineffective to bring a student who is being bullied together with the student who is doing the bullying for the purpose of mediating the dispute. However, each case is unique and should be addressed with sensitivity to the safety and welfare of the students involved.

Anonymous Reporting

Texas Education Code 37.0832 requires school districts to adopt a policy that prohibits in school or out of school bullying, prohibits retaliation against a person who reports bullying, and establishes a procedure for students to anonymously report any incidences of bullying.

The San Benito CISD provides access for all students to make an anonymous report through its STOPit App. Information may be found on each campus website.

I. First Incident (Refer to Flowchart):

If a teacher or other staff person recognizes, or perceives a report from a student regarding behavior, such as teasing, name calling, or excluding a student from group activities, etc. the student or students involved will be warned that such behavior is not allowed. The student should be told that, if this behavior occurs again the student would be sent to the principal or designee for further action.

When bullying is reported to a staff member, it is important to ask whether this behavior has happened previously. If there has been a history of chronic bullying, the staff member will skip Step One and consult with the principal /designee for further action.

When a warning is given, the staff member should document on Branching Minds that such a warning and or intervention has taken place.

II. Second Incident:

The principal/designee will review school expectations and rules with the student, and a problem-solving conference is held. The parents of the student will be called and notified. The student and parents are told that any subsequent referrals for bullying or any retaliation against those who brought the matter to the attention of staff, will be followed by disciplinary consequences. If the bullying behavior is judged to be severe, the principal/designee always has the option to dispense a disciplinary consequence, even upon the initial referral to the office.

*For more severe bullying cases, administration will follow the discipline matrix as applicable.

III. Third - Fifth Incident:

The principal/designee will contact the parents to set up a parental conference. The student will receive a disciplinary consequence which could range from detention to out of school suspension, depending upon the severity of the behavior. At the parental conference, bullying will be addressed, and a remedial plan may be formulated. Appropriate community-based interventions or counseling will also be considered.

*For more severe bullying cases, administration will follow the discipline matrix as applicable.

Reporting and Record Keeping

The principal/designee will keep a written record of all children referred to the office for bullying behavior utilizing the Bullying Incident Reporting Form. (See attached)

This information will be maintained in a district database.

*In cases where disciplinary action becomes necessary, a due process investigation will precede any such action.

Bullying Documentation Form

Request Approval of Class Size Exemption for the 2026-2027 School Year

Superintendent's Recommendation:

The Superintendent recommends to the Board of Trustees to approve the request of the Class Size Exemption as presented.

Rationale:

In accordance with the Texas Education Code §25.112, we are requesting approval for a class size waiver exemption for the current school year. While our district is committed to maintaining the 22:1 student-teacher ratio in Kindergarten through Grade 4 classrooms, several factors have created challenges in meeting this requirement.

Granting this waiver will allow us to balance the realities of enrollment and staffing with our commitment to student learning. Our request is as follows:

- Rangerville– 1st Grade (24) and 4th Grade (23)
- Fred Booth – Pre-Kinder (23 and 24)
- Frank Roberts – Pre-Kinder (26)
- Sullivan ESA – Pre-Kinder (23 and 23)

Request Approval of the Texas Senate Bill 13 Library Book Requirement List

Superintendent's Recommendation:

The Superintendent recommends to the Board of Trustees to approve the Texas Senate Bill 13 Library Book Requirement List.

Rationale:

In accordance with Texas Senate Bill 13 and Policy EFB-Library Materials, the district is required to post proposed campus library book acquisitions for a minimum of 30 days prior to Board of Trustees approval. This public posting period ensures transparency, provides parents and community members an opportunity to review proposed titles, and aligns with state law regarding library collection development.

Title lists have been posted to the Library Services public website on September 9, 2026.

II. REGION ONE CHILD FIND COLLABORATION

PURPOSE:

This section outlines the collaborative efforts between the Local Education Agency (LEA) and Region One Education Service Center (ESC) Early Childhood Intervention (ECI) Program to fulfill Child Find responsibilities as mandated under the Individuals with Disabilities Education Act (IDEA)

Child Find Overview:

Child Find is a federally mandated process designed to locate, identify, and evaluate children, birth through age 21, who may have developmental delays or disabilities and may need special education or related services.

For children who are born to age 3**,** Child Find responsibilities fall under Part C of IDEA and are implemented through the ECI Program. For children age 3 and above, responsibilities transition to the LEA under Part B of IDEA**.**

REGION ONE ECI RESPONSIBILITIES:

1. **Identification & Referral:**
   Region One ECI will conduct outreach and public awareness activities to identify infants and toddlers, birth to age 3, who may be eligible for early intervention services. ECI will accept referrals from the LEAs, and other community agencies.

2. **Notification to LEA (Child Find Requirement):**
   In accordance with IDEA §303.209(b), Region One ECI will notify the appropriate LEA of any child suspected of having a disability who is approaching their third birthday but is not currently enrolled in ECI services. This ensures the LEA is aware of potentially eligible children who may require evaluation under Part B.

LEA RESPONSIBILITIES:

1. **Identification and Referral:**
   With parental consent, the LEA will refer any child under the age of 3 who is suspected of having a developmental delay or disability to Region One ECI for screening and/or evaluation.
2. **Participation in Community Events:**
   The LEA agrees to invite Region One ECI to participate in relevant community events—such as resource fairs, parent engagement nights, and transition meetings—to support shared Child Find efforts and raise awareness of early intervention services.

Joint Responsibilities:

- **Confidentiality:**
  Both parties agree to ensure that all information shared between Region One ECI and the LEA regarding children and families complies with FERPA and HIPAA regulations.
- **Timely Communication:**
  Regular communication between Region One ECI and the LEA will be maintained to ensure effective transitions, data sharing, and coordination of services.
- **Training & Awareness:**
  Region One ECI and the LEA will collaborate on joint training opportunities for staff and community partners related to Child Find, developmental red flags, and transition procedures.

III. TRANSITION NOTIFICATION

ECI Responsibilities:

1. ECI determines if child is potentially eligible for special education services under Part B of IDEA.

2. Prior to notifying the appropriate LEA that a child is potentially eligible for Part B services, ECI provides written notification to the child's parent advising the parent of:

   a. The information that will be disclosed includes the limited personally identifiable information (child's name, child's date of birth, parent's name, address, and telephone number), and the home language of the child.
   b. The scheduled LEA notification date; and
   c. The right to opt out of the disclosure in writing at any time up until the time of the scheduled LEA notification date.

3. For a child whose parent has not opted out of the disclosure within the prescribed timeline, ECI notifies the LEA at least 90 days before the child's third birthday that the child is potentially eligible for Part B services.

4. When ECI provides notification of a potentially eligible child less than 90 days before the child's third birthday, ECI provides a written explanation to the LEA stating the reason for the delay:
   a. Parent previously opted out of the notification
   b. Child was referred to ECI less than 134 days before the child's 3rd birthday
   c. ECI-specific program reason prevented timely notification
   d. Family Reason
   e. Other

5. If a child is enrolled late in ECI services (fewer than 90 days and more than 45 days before the child's third birthday), ECI determines as soon as possible whether the child is potentially eligible for Part B services. If the child is determined to be potentially eligible for Part B services, ECI provides notification to the LEA as soon as possible, unless the parent opts out of the disclosure in writing.

6. If a child is referred to ECI fewer than 45 days before the child's third birthday and the child may be potentially eligible for Part B services, ECI, with parental consent will refer the child to the LEA for a Part B eligibility determination. ECI is not required to determine the child's eligibility for ECI services in this situation.

7. With parental consent, ECI refers all children who have or are suspected of having Deaf and Hard of Hearing or a Blind Visual Impairment to the LEA for an evaluation by a teacher certified to teach children with Deaf and Hard of Hearing and/or Blind Visual Impairment, whichever is appropriate.

LEA Responsibilities:

1. LEAs understand that receiving notification of a child who is potentially eligible for Part B services constitutes a referral to the Part B system and that steps must be taken to initiate the evaluation process to determine whether the child is eligible for Part B services.

2. LEAs coordinate efforts with ECI programs to support parent involvement in the transition planning process.

III. Transition Conference

1. ECI obtains parental consent from the parents to contact the school district.

2. If a child is determined to be potentially eligible for LEA services, ECI obtains parental consent to contact the LEA to schedule a transition conference no fewer than 90 days prior to the child's third birthday, and at the discretion of all parties, not more than nine months before the child's third birthday to discuss any services the child may receive under Part B.

3. The request for transition conference will be sent to the LEA via the ECI Notification and Transition Conference document. The form will be

faxed or scanned through email along with a copy of the parental consent for release of information. The document will contain the child's initial IFSP/enrollment date to assist the LEA in compliance with Child Find (SPPI-11 & SPPI-12) in the Texas Student Data System. Once scheduled, the ECI staff will invite other district staff that want to attend, including DHH and BVI teachers, if applicable.

4. A face-to-face transition conference must be held at least 90 days before the child's third birthday.

5. To assist the LEA in determining eligibility, ECI with parental consent, must send the LEA the most recent (within the year):
    a. Evaluations (i.e., current Vision and Hearing report from doctor or nurse, etc.)
    b. Assessments
    c. IFSP's

    The transition conference may be held at the family's home, at a school campus, or at another mutually agreed upon location. With parental consent, in addition to the family, the following individuals should also attend the meeting: ECI staff, a school representative, HHS for Blind and Visually Impaired Services specialist if the child has a vision impairment, or HHS Office of Deaf and Hard of Hearing Services regional specialist if a child has a hearing impairment.

6. The LEA referral Packet is filled out following the transition meeting.

7. A Full Individual Evaluation (FIE) and /or a speech evaluation are completed by the school district.

8. The Admission, Review, Dismissal (ARD) meeting is scheduled and held.
    ECI is invited if school personnel or parents request their presence, but ECI attendance is not mandatory at the ARD meeting.

9. ECI continues to provide early intervention services to the child until the child's third birthday even if the ARD meeting has occurred and the Individual Education Plan (IEP) has been signed. However, ECI stops providing services to the child when:

    - The child reaches his or her third birthday.
    - The parents request to no longer receive early intervention services.
    - The child begins receiving the same services from the LEA.

10. The child begins receiving services from the school district on his or her 3rd birthday. However, if the child's third birthday occurs during the summer, the IEP team determines the start date of the IEP.

11. If the child will be attending Head Start and receive services from the school district, ECI, with parental consent, will contact the school district staff and the Head Start staff to attend the transition conference.

12. To ensure a smooth transition from ECI to the school district, Transition conference, which is due during the summer months, may be scheduled before May.

IV. Services to ECI Enrolled Children with Deaf and Hard of Hearing and/or Blind /Vision Impairments

1. ECI conducts a vision and a hearing screening on every referral.

2. If vision or hearing loss is suspected, ECI will refer to the LEA, with parental consent. In addition, ECI will refer for an audiological exam, ontological exam, and/or an exam by an ophthalmologist using TEA-recommended forms. The referral must be made within 5 working days from failure of the screening. If the child is already under the care of an ENT or ophthalmologist, ECI staff will obtain parental consent to obtain the most recent test results.

3. ECI is only responsible for providing ophthalmological, optometric, audio, and ontological evaluations when required for determining eligibility for ECI services.

4. Upon receipt of the child's medical reports that indicate vision or auditory impairment, ECI will forward the medical reports to the LEA, HHSC Division for Blind Services, and Regional Day School Program for the Deaf, with parental consent, within five business days of receiving the report.

5. The specialized DHH and BVI district staff will provide information and support to ECI staff during the referral assessment phase as with parental consent.

6. The ECI "Prior Written Notice for Eligibility Determination, Service Implementation and Discontinuation of Services" form must be used for all test administered by the LEA and signed by the parent.

7. Children who are suspected or assessment results indicate a vision loss are referred to the LEA for a Functional Vision Evaluation (FVE), a Learning Media Assessment (LMA), and an Orientation and Mobility Evaluation (OME).

8. Children who are suspected or assessment results indicate an auditory loss are referred to the LEA for a communication assessment.

9. The DHH or BVI-certified teacher provides the evaluation and eligibility determinations for ECI services. Therefore, it is imperative that a complete copy of the DHH and/or BVI assessment tool and report are provided to ECI by the LEA upon eligibility determination.

   Preferably, these tests are conducted as part of the initial assessment for ECI using the team approach and avoiding extra meetings for the family.

10. The Individual Family Service Plan (IFSP) meeting is being held to develop the IFSP. The DHH and/or B/VI teacher is required to attend initial and annual IFSP meetings. The DHH and/or B/VI-certified teacher is not required to attend other IFSP meetings such as Complete Reviews, when issues related to DHH/B/VI services are not affected by the changes.

11. ECI provides the certified teacher with a 10-day written notice of the meeting. The teachers may agree to hold the meeting sooner than 10 days. DHH and BVI teachers review and sign all revisions to the IFSP, even if they do not attend the meetings.

12. Information the school district and ECI need for the child's record is:

A. ECI will give copies of the following to the LEA:

For DHH: Otological Assessment (Part A)
Audiological Assessment (Part B)

For BVI: Texas Eye Medical Report

For Both: IFSP including all IFSP reviews

B. The LEA will give copies of the following to ECI:

For DHH: Communication Assessment (Part C)

For BVI: Functional Vision Evaluation (FVE)
Learning Medical Assessment (LMA)
Orientation and Mobility Evaluation (OME)

13. The DHH and BVI-certified teachers provide services to ECI children as designated in the IFSP plan.

14. The DHH and BVI certified teacher assists ECI in meeting HHS ECI State Indicator 1 by complying to begin the initial service visit no later than 28 days after the IFSP signed by the parent.

15. If DHH or BVI teachers become aware of any changes in family circumstances, that information will be communicated to the ECI assigned case manager (i.e., no-show visits, change of address, etc.)

16. In the event the DHH and BVI certified teacher recommends change in services provision (including frequency and intensity) this will require an IFSP meeting or a complete review of changes. The IFSP service grid must be signed by parents and all direct service providers for the change to take effect.

17. Progress notes are kept by the DHH and BVI teacher to document the status and occurrences for each case. Progress notes are submitted to the ECI program weekly when services are delivered.

18. The ECI Program is responsible for providing services year-round. Services to children with deaf and hard of hearing and visual impairments must receive services as designated in the IFSP including the summer months.

This MOU will be reviewed annually. This MOU is effective upon the signature by all the parties and shall continue in effect until 08/31/2027.

Hello Eddie,

This year, I was pleased to donate 50 pizzas to San Benito CISD as a sponsorship contribution for the tournament. The donation has an approximate value of $325.

I hope this contribution helps make the event a success, and I look forward to continuing to work together in the future.

Thank you for the opportunity to support San Benito ISD.

3. Discount & Rebate Terms (Post-BAFO)

Specialty Rebate (per brand Rx)	$2,276.25	$5,585.54	$3,000.00

4. Final Net-Cost Comparison

Rebate values built from confirmed brand claim counts: 3,154 total brand Rx (2,838 retail 30, 316 retail 90/mail). BCBS plan pay reflects the corrected baseline spend of $4,051,799.

Component	BCBS (Prime)	HEB (MedImpact)	Serve You Rx
Plan Pay After AWP Discounts	$4,051,799	$3,404,548	$3,830,903
Dispensing Fees	$4,638	~$5,358	$34,797
Admin Costs	$0	$16,768	$190,440
Gross Cost	**$4,056,437**	**$3,426,674**	**$4,056,140**
Rebate Value	($1,059,012)	($1,771,820)	($1,274,480)
Net Cost (Pharmacy)	**$2,997,425**	**$1,654,854**	**$2,781,660**

5. Serve You Rx — Biosimilar Advantage Formulary Program

Serve You Rx's Biosimilar Advantage Formulary Analysis projects gross drug-cost savings of $522,717.53 from converting 11 members / 69 claims on Humira, Rinvoq, Skyrizi, Tremfya, and Hyrimoz to preferred adalimumab-adbm biosimilars. After a $46,800.00 biosimilar admin fee and a $76,000.00 reduction in rebates, the document's stated net savings is $399,917.53. Adopting the formulary carries a $2.35 PEPM surcharge, and savings assume 100% member adoption of the preferred biosimilar.

PATHFINDER/LL&D INSURANCE GROUP

5.1 Serve You Rx Net Cost — With Biosimilar Program

Scenario	Biosimilar Savings	SYRx Final Net Cost
Net treatment (recommended)	($399,918)	**$2,381,742**
Gross treatment	($522,718)	**$2,258,942**

The net figure is methodologically correct because the SYRx pharmacy net cost already credits full Select-formulary rebates; using the gross figure double-counts the $76,000 rebate give-back.

6. Final Ranking

Rank	Net Biosimilar Scenario	Gross Biosimilar Scenario
1	HEB (MedImpact) — $1,654,854	HEB (MedImpact) — $1,654,854
2	Serve You Rx — $2,381,742	Serve You Rx — $2,258,942
3	BCBS (Prime) — $2,997,425	BCBS (Prime) — $2,997,425

- **HEB (MedImpact) leads in both scenarios** at $1,654,854, unaffected by the biosimilar treatment. Its higher rebate guarantees (specialty $5,585.54/brand Rx) and lowest admin ($16,768) are decisive.
- **Serve You Rx now holds second place in both scenarios.** With the corrected BCBS baseline spend of $4,051,799, BCBS's net cost rises to $2,997,425, moving it to third regardless of the biosimilar treatment.
- **BCBS's higher plan pay is now the deciding factor.** The corrected baseline lifts its gross cost above both competitors, and its unchanged rebate ($1,059,012) is the weakest of the three, leaving it last despite $0 admin and no dispensing-fee outliers.

San Benito CISD - BAFO Summary & Recommendation

San Benito CISD - Best and Final Offer (BAFO) Summary

Named Insured: San Benito Consolidated Independent School District
Coverage Period: 10/01/2026 - 09/30/2027

---

1. Purpose

This document summarizes the Best and Final Offers received from BCBSTX and the Monty Group (Liberty Mutual) following the initial proposal round, and updates the comparative cost position of each. All figures assume BCBSTX gross administration for stop-loss-only carriers. BCBSTX rebate credits are noted separately and excluded from ranked totals to provide a conservative, like-for-like comparison.

---

2. BAFO Changes Summary

BCBSTX BAFO (s_83b)

Item	Initial Offer	BAFO	Change
ISL Rate PEPM	$154.47	$154.47	No change

BCBSTX held all stop loss, administration, and PBM pricing unchanged from its initial offer and added a one-time $50,000 communication credit for the 12-month period beginning 10/1/2026.

Monty Group / Liberty Mutual BAFO (s_6c0, Proposal 66803, dated 07/06/2026)

Item	Initial Offer	BAFO	Change
ISL Rate PEPM ($195K)	$109.73	$106.54	Improved

Lasers	None disclosed	$650K + $750K	New
Pending Claimants	Not specified	3 pending	New

The Liberty Mutual BAFO improved the ISL rate and materially reduced the aggregate attachment point, but now applies two lasers — $650,000 for a Dependent (age 20-29) and $750,000 for a Subscriber (age 40-49) — and lists three pending claimants (sepsis $343,043; sepsis $91,668; respiratory failure $318,751) that may drive further adjustment. Retirees remain excluded and cannot exceed 10% of the enrolled population.

3. Updated Stop Loss Pricing (BAFO Round, $195K ISL)

Element	BCBSTX (BAFO)	Liberty Mutual (BAFO)
ISL Rate PEPM	$154.47	$106.54
ISL Annual Premium	$2,558,022	$1,765,581

4. Liberty Mutual (BAFO) Deductible Options

Element	$195K	$225K	$250K
ISL Rate PEPM	$106.54	$93.58	$84.26
ISL Annual Premium	$1,765,581	$1,550,808	$1,396,357
ASL Annual Premium	$15,909	$17,732	$19,058
Total Fixed Cost	$1,781,490	$1,568,540	$1,415,415

Total Cost (Fixed + Agg Deductible)	**$17,711,159**	**$17,813,077**	**$17,892,126**

5. Updated Total Cost Ranking at $195K (Gross Admin Basis)

Total Max Exposure = ISL Premium + ASL Premium + Gross Admin Fees ($823,032) + Aggregate Attachment. BCBSTX rebate credits of ($1,100,412) excluded — see note.

Rank	Carrier (Option)	Total Max Exposure	vs. Current
1	BCBSTX (Incumbent)	$18,149,717	+6.6%
2	Liberty Mutual (BAFO)	$18,534,191	+8.9%

Note on BCBSTX rebate credits: BCBSTX provides ($66.45) PEPM in Rx and medical rebate credits totaling ($1,100,412) annually. When applied, BCBSTX's effective total drops to approximately $17.05M — the lowest overall. The new $50,000 communication credit would reduce this further but is excluded from ranked totals per the conservative comparison basis.

To whom it may concern:

It is our sincere desire to provide auctioneer services to San Benito C.I.S.D. Attached is a full proposal highlighting our capabilities and experience which is unmatched in South Texas.

Bond & Bond Auctioneers can host live & online simulcast auctions at our site if you wish to deliver surplus to us. We can also do it at your location with or without a live crowd (online or timed only) or piggyback it to one of our scheduled auctions at our location, live & online (virtual).

Our auction crew will set up & organize all inventory ready for auction and catalog it to place on our online platform. Once the item is sold, we will have a representative there at your location to help instruct the buyers to pick up their items with a paid invoice.

We do ask for a deposit from the buyer when they pay. This deposit ensures that all purchased lots are picked up accordingly and not have the buyer pick & choose what they want and leave you or the facility with any trash. Once we confirm that their items are picked up by your/our representative, we will reimburse the deposit back to the buyer.

We give RGV local buyers 3 business days to remove all merchandise and any out of town or out of state/country buyers 5 business days as a time frame unless you say different.

We also thank you for the opportunity to earn your business and look forward to exceeding expectations.

Respectfully,
Skyler Walker

Section I: Needs Assessment, Stakeholder Engagement, and Additional Assurances

- **Needs assessment:** Conduct an on-site assessment to identify causes of low performance and limited progress. *TEC §39A.053*
  - *Campus Needs Assessment was conducted 08/2026*

- **Observation and feedback:** A robust observation and feedback tracker has been uploaded as supporting evidence that will be used in addition to our SBCISD required walkthroughs.

- **Campus public meeting:** The Campus Administration Team met with campus leaders, parents, and community members to review the performance rating and gather input on the plan. Parents received written notice, and the campus posted the meeting details online. *TEC §§39A.055–.056*
  - *Campus Meeting was held on 9/22/2026.*

- **Public hearing:** A public hearing must be conducted to explain the campus rating, expected improvement, and interventions; invites public comment; and posts the plan on the district website before the hearing, and must be board approved. *TEC §§39A.055, .057*
  - *Campus Meeting was held on 9/22/2026.*

Section II: School Improvement Strategy

Intensive Curriculum & Instruction Improvements

Intensive curriculum and instruction improvement ensures that high-quality instructional materials are used consistently and with fidelity. Campus and district personnel receive the support needed for strong implementation.

Section II: School Improvement Strategy

Success Criteria:

- Provide enough instructional days and minutes to teach the curriculum as intended.
- Use assessments and growth data to adjust instruction throughout the year.
- Give all teachers, including special education and bilingual/ESL staff, at least one 45-minute PLC each week.
- Have a facilitator who knows the materials lead PLCs focused on planning, lesson rehearsal, and student work.
- Include special education and emergent bilingual staff in planning and feedback, and provide interventions for students who need them.

- Is the proposed strategy likely to move the campus to a C or better in two years or less?

Section III: Capacity Building

Our administrators and teachers will build the skills and have the time needed to carry out the campus improvement strategy.

- **Position Specific Training**: Campus and District Leaders, as well as instructional coaches will support teachers through lesson internalization, weekly PLCs, data driven practices, classroom modeling, and feedback focused on HQIM and research-based instructional practices.
- **Differentiated support**: New teachers and teachers needing additional support will receive more frequent coaching, modeling, and planning assistance. Support will be adjusted using observation and student learning evidence.
- **Observation and feedback**: Leaders will use the district walkthrough tool to look for lesson alignment, student engagement, checks for understanding, and appropriate support for learners. Teachers needing more support will receive observation and feedback at least weekly; other teachers will receive it at least every two weeks.
- **Student needs**: PLCs and coaching will include special education and bilingual/ESL staff so teachers can plan appropriate access, language supports, and interventions.

Evidence of success: Training responds to staff and student needs, and each teacher receives timely, actionable feedback based on their level of support.

Section III: Capacity Building

Success Criteria:

- Tailor training and support to each educator’s needs, with added help for new or struggling staff.
- Use a robust observations and feedback cycle to strengthen instruction.
- Observe teachers needing more support weekly and others at least every two weeks.
- Address the needs of students in special education and bilingual/ESL programs.

Section IV: Milestones

Milestones are key steps in an improvement plan. They show who will do what and by when, and help campuses track progress and make adjustments.

August	September	October	November	December	January	February	March	April	May
By August 2026, 100% of teachers implement adopted HQIM with fidelity, as evidenced by classroom observations, lesson internalization, and alignment to district instructional expectations	100% of teachers participate in weekly PLC lesson internalization using the campus protocol, with artifacts demonstrating identification of the lesson objective, key tasks, and anticipated misconceptions.	By October 2026, 100% of PLCs consistently implement the district planning protocol across all grade levels and content areas, using student data and HQIM to guide instructional planning	By November 2026, a campus-wide observation and feedback system is fully operational, with teachers receiving differentiated coaching, actionable feedback, and follow-up observations based on identified needs	Milestone Description	By January 2027, 100% of identified students receive targeted, tiered interventions aligned with their academic needs, with documented intervention plans and ongoing progress monitoring(via RTI)	By February 2027, student achievement demonstrates measurable progress toward annual TIP/TAP targets, as evidenced by formative assessments, interim performance data, and student growth measures	By March 2027, 100% of grade level teams consistently analyze assessment data, identify student learning gaps, and implement targeted instructional adjustments to improve student achievement	By April 2027, 100% of teachers demonstrate consistent implementation of high-impact, RBIS-aligned instructional practices, as evidenced by classroom observations, student engagement, and instructional outcomes	By May 2027, campus teams analyze newly released STAAR results, identify strengths and learning gaps, and use the findings to set priorities for 2027–2028.

Section V: Performance Management

A performance management routine enables the campus and district to monitor the progress of the improvement strategy to ensure progress and to provide early indications of the need for possible corrections.

Success Criteria

- There is a plan to monitor performance of milestones that are aligned with the improvement strategy and progress toward student outcome goals on a regular basis.
- The response describes:
  - Who will review progress towards milestones,
  - How frequently progress is reviewed
    - At least quarterly for the superintendent
    - At least monthly for district leaders and other relevant stakeholders
  - How progress data will be collected and the way that it will be shared.
