Subject: District Priority Update: Culture - District Professional Learning Plan Report	

Purpose:

To present the District Professional Learning Plan and discuss next steps.

Background:

In the fall of 2024, the Board adopted five priorities with articulated Key Progress Measures including the establishment of an inclusive culture of respect, support and continuous improvement for all students, staff and families. This priority called for the development of a district-wide professional learning plan to serve both as a visionary and strategic document that acknowledges and establishes systems of continuous improvement to foster meaningful learning experiences and increased student outcomes. The written plan was designed by a collaborative cross-departmental team and articulates the vision and best practices that support high-quality professional learning as well as the processes and procedures needed to support learning in a manner that positively impacts the growth and development of all teachers, leaders and staff of the Arlington ISD.

Fiscal Implications:

There are no additional fiscal implications in the development of the professional learning plan.

Meeting Date:	May 15, 2025	Consent Item
Subject:	Approval of Donations	

Purpose:

The purpose of this agenda item is to request board approval for various donations made to the district. These donations will support the district’s mission by providing additional resources and enriching student experiences.

Background:

Throughout the year community members, businesses, and organizations generously contribute resources and financial support to our schools. These donations range from monetary contributions to supplies, equipment, and services. Each donation is vetted through a process to ensure the donation aligns with district goals and compliance with all district policies and procedures. According to Board Policy CDC (Local), any gift that the potential donor has expressly made conditional upon the district’s use for a specified purpose, or any gift of real property, shall require board approval.

Fiscal Implications:

The approval of these donations will impact the district’s budget by reducing the need for district funds to cover specific costs and providing additional resources for the direct benefit of students and staff.

Recommendation:

It is recommended that the board approve the acceptance of the donations as outlined in the supporting documentation.

RE: **BID 25-35 Transportation Parts & Supplies for Inventory & Catalog**

Bid Number **25-35** is an annual contract for transportation supplies for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, shelf price or price list. This will allow the District to purchase items or services which are not identified at this time. Items marked with an asterisk were marked "not as specified" due to incorrect brand substitution.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

MEMORANDUM

TO: Wm. Kelly Horn, Asst. Superintendent of Facility Services
FROM: Mike Parkos, Director of Facility Planning and Construction
DATE: April 29, 2025
SUBJECT: CSP#25-46 Center for Family and Community Engagement

The district approved the renovation of the Center for Family and Community Engagement Project as a part of the 2019 Bond program. Additionally, the Board of Trustees approved LBL Architects (LBL) as the design professional and approved Competitive Sealed Proposal as the method of construction procurement for this project.

Upon completion of the construction documents and in accordance with state law, notification of the request for Competitive Sealed Proposals (CSP) was advertised and sent to local contractors, area chambers' of commerce and contractors on a list supplied by the DFW Minority Business Council.

Proposals were received from six general contractors:

- Morales Construction Services, Inc.
- Azteca Designs and Construction, Inc.
- Batson – Cook Texas, LLC
- Mart, Inc.
- Tegrity Contractors, Inc.
- Cowboys Roofing dba DSA Contractors

An evaluation committee consisting of the Director of Facility Planning and Construction, the Senior Project Manager, two Arlington ISD Project Managers, the Project Controls Specialist, and the Design Architect completed evaluations. Morales Construction Services, Inc., (MCS) ranked highest amongst all proposers. District staff worked with MCS to ensure that the intended project scope was addressed, to identify opportunities to reduce the proposed cost, and to verify the project budget and schedule.

The total construction budget for the renovation of the Center for Family and Community Engagement project is \$870,000. MCS offered a CSP amount of \$1,171,900 for the project base bid. The base bid offering was \$301,900 above the construction budget. District administration is recommending acceptance of the base bid by Morales Construction Services, Inc., for a total contract amount of \$1,171,900. This offering represents best value to the district.

The architect's letter of recommendation for the construction contract award for the renovation of the Center for Family and Community Engagement is attached.

Pending approval of CSP #25-46, work on this project will begin in June 2025 with substantial completion in October 2025 and final completion in December 2025.

Market Recap

Treasury yields edged lower once again in March, despite Fed officials holding the overnight rate steady for the second straight FOMC meeting. The overriding theme of the quarter was the Trump tariffs, more specifically the uncertainty fueled by the on-again/off-again series of threats aimed primarily at our neighbors to the north and south. Those threats became reality on March 3rd when a 25% tax was imposed on goods imported from Mexico and Canada, while an additional 10% tax was placed on Chinese imports, doubling the previously imposed 10%. Two days later, Trump decided that Mexican and Canadian goods falling under the USMCA agreement he himself negotiated five years ago would be exempt. The next day, a tariff on Canadian dairy products and lumber was announced, followed by a 25% tax on all steel and aluminum imported into the United States. This seemingly random pattern repeated itself throughout the month, shaking up consumer and business confidence. Trade partners quickly retaliated by levying new tariffs and increasing existing duties on U.S. goods. Perhaps more importantly, foreign countries scrambled to forge new agreements amongst themselves, reducing barriers to promote free trade.

Stocks experienced a particularly volatile month in which the S&P 500 lost nearly 6%, despite corporate profits reaching an all-time high in the prior quarter. Initial concerns over tariff-related inflation increasingly morphed into recession fears. Extreme uncertainty has likely stalled business investment and consumer spending. Very few of the economic releases in March reflected the rapidly evolving tariff situation, which makes the data less useful as a predictor of future activity, although still helpful to establish a base. Overall, employment held up well, while inflation generally moved lower and consumer spending weakened.

Nonfarm payrolls for February were roughly in line with forecasts at an acceptable +151k, while the unemployment rate ticked up from 4.0% to 4.1%, *still very near historical lows*. Both the overall CPI index and core CPI were up +0.2% in February, *a tenth below the +0.3% median forecasts*. On a year-over-year basis, headline CPI declined from +3.0% to +2.8% and the core decreased to +3.1%, which although still too high, was *a four-year low*. High

visibility grocery prices were unchanged and prices at the gas pump were slightly lower. Headline retail sales, expected to bounce back from a weak January reading, rose just +0.2% in February, well below the +0.6% median forecast, while the previously reported January sales decline was revised even lower, from -0.9% to -1.2%. Weakness was widespread as 7 of 13 spending categories were lower.

Tariff concerns were more evident in the soft data releases as survey results were mostly terrible. The Conference Board's main consumer confidence gauge for March dropped 7.2 points to 92.9, while expectations for the next six months fell nearly 10 points to 65.2, *the lowest in 12 years and consistent with an economic downturn*. Pessimism about future business conditions and employment prospects sharply increased, with inflation expectations rising to 6.2% for the next 12 months. The University of Michigan consumer sentiment survey made headlines with long-term inflation expectations reaching a three-decade high.

The Fed, as expected, held rates steady at the March FOMC meeting. The updated summary of economic projections (the first since December) showed slightly higher inflation for 2025 and slightly lower GDP growth. The new dot plot continued to indicate two rate cuts in 2025, although with less conviction than in December. Powell's belief that tariff-related inflation would be temporary suggested that policymakers could cut sooner and more aggressively if the labor market and the economy weakened, even if inflation moved higher. . . as long as it was the tariffs that drove those price increases.

Although near-term recession is still unlikely, the Atlanta Fed's GDPNow measure for Q1 was -3.7% as of April 1st. In all likelihood, this will climb as the March economic numbers are tallied, but there's no denying the abrupt and seemingly severe Q1 slowdown. With few positive catalysts expected in the second quarter, especially if the global trade war worsens, the financial markets will continue bracing for weakness and lower rates.

Subject: Approval of Resolution and Agreement Extending Depository Contract

Purpose:

To provide the board a resolution and agreement to extend the District's current Depository Contract with JPMorgan Chase Bank, N.A.

Background:

Texas Education Code (TEC) §45.205, requires school districts to enter into a contract with a qualifying bank for depository and banking services every two years, with the option to include provisions to extend the contract for two additional two-year terms.

Under the Districts approved District of Innovation (DOI) Local Innovation Plan 2021-2027, the District sought relief from the terms of the depository contract. The District must evaluate the performance of the current depository bank and should the District determine services are provided effectively and quality of services is acceptable, the District may negotiate terms to extend the contract for an additional two-year period.

A committee consisting of the Executive Director of Financial Services, Director of Budget and Finance, Director of Accounting, and the Treasurer evaluated the performance of the current depository and recommended extending the current depository contract with JPMorgan Chase Bank, N.A. for the period July 1, 2025 through June 30, 2027.

Fiscal Implications:

For depositing entities, depository contracts offer several key benefits. They ensure the safekeeping of public funds through insured accounts, contributing to financial stability and compliance with legal or regulatory requirements.

Recommendation:

It is recommended that the board approve extending the current depository contract with JPMorgan Chase Bank, N.A. for the period July 1, 2025 through June 30, 2027.

WHEREAS, District and Bank are parties to a Depository Contract for Funds of Independent School Districts Under Texas Education Code, Chapter 45, Subchapter G, School District Depositories, as accepted by the District on June 2, 2011 (as amended from time to time, the “Agreement”), which was entered into based on Bank’s Proposal to Provide Bank Depository Services to the District, Bid. No. 11-134, dated May 6, 2011 (the “Proposal”);

WHEREAS, the District’s Board of Trustees adopted the District of Innovation Plan (the “Plan”), which provides for certain statutory exemptions under the Plan;

WHEREAS, the District sought an exemption to Texas Education Code, Section 45.205, which limits the terms of the District’s depository contract to two years, with the ability to extend the contract for two additional two-year terms, prior to initiating a formal Request for Proposal for a new contract;

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants and agreements contained herein, District and Bank hereby agree as follows:

1. District and Bank mutually agree to renew and extend the Agreement, for an additional two-year period under the same terms and conditions, unless otherwise

provided in this Extension Agreement, with such extension term to begin July 1, 2025, and continue thereafter in full force and effect through June 30, 2027, unless sooner terminated as provided in the Agreement.

- 2. Notwithstanding anything to the contrary in the Agreement,

 - (b) the District’s interest bearing accounts will accrue interest on balances at a rate based on the Bank’s Premium Managed Rate for interest bearing accounts.

As used in this Section 2, Premium Managed Rate shall mean the earnings credit rate and interest-bearing account rate are bank managed rates that are reviewed and updated periodically by J.P. Morgan after considering a range of factors, including the market rate environment. Using a managed rate helps to maintain pricing flexibility while helping to protect the District from short-term rate volatility.

- 3. The first three (3) months of account analysis fees for the renewal period beginning July 1, 2025 will be provided **at no cost** to the District.
- 4. Notwithstanding anything to the contrary in the Agreement, the District agrees to endeavor to utilize a letter of credit issued by a federal home loan bank to collateralize the District’s deposits, either in part or in whole, at the discretion of District.
- 5. The Pricing Schedule attached hereto as Exhibit A, which is incorporated herein by reference, is hereby replacing and substituting any existing pricing or fee schedule that may be in existence in connection with the Agreement.
- 6. All terms and conditions of the Agreement that are not amended herein shall remain in full force and effect.

3. A yearly joint evaluation of the program will be conducted, and, when appropriate, revise the program to meet University's curriculum requirements and the standards of the accrediting entity.
4. Each party shall provide and maintain open channels of communication relative to the field instruction through designated representatives.
5. The parties shall ensure that educational experience provided is consistent with the curriculum requirements of University and with the standards of the accrediting entity for the school or department of University in which the students are enrolled.

7. This Agreement does not prevent Cooperating Agency from participating in any other program, nor does this Agreement prevent University from placing University students with other entities.
8. Either University or Cooperating Agency may remove a student enrolled in the field instruction if, in the opinion of either party, the student is not making satisfactory progress in the field instruction, or violates University or Cooperating Agency policy or the law. Any student who does not satisfactorily complete the field instruction or any portion thereof may repeat the field instruction at Cooperating Agency only with the written approval of both parties.

SECTION IV

Term of the Agreement:

1. This agreement commences on the date of last signature and continues for five (5) years.
2. Either party may terminate this Agreement upon giving 30 days' prior written notice to the other party, except that this Agreement will remain in effect as to any University student participating in the field instruction at Cooperating Agency as of the effective date of termination for so long as such student remains in the field instruction.

SECTION V

1. For purposes of this Agreement, pursuant to the Family Educational Rights and Privacy Act of 1974 ("FERPA") and the field instruction, University hereby designates Cooperating Agency as a school official with a legitimate educational interest in the educational records of the students who participate in the field instruction to the extent that access to the records is required by Cooperating Agency. Cooperating Agency agrees to hold student information, including any personally identifiable student information or education records as those terms are defined under federal law, ("Confidential Data") in strict confidence and warrants to University that it will use reasonable industry practices to establish and maintain adequate procedures to ensure the confidentiality and privacy of such Confidential Data from unauthorized use or disclosure in violation of FERPA and not to use or disclose Confidential Data except as permitted or required by this Agreement, as required by law, or as otherwise authorized by University in writing. Cooperating Agency further agrees not to use Confidential Data for any purpose other than the purpose for which the disclosure to Cooperating Agency was made. Cooperating Agency shall continue to maintain the confidentiality and privacy of the Confidential Data after cancellation, expiration or other conclusion of this Agreement. Upon termination, cancellation, expiration or other conclusion of this Agreement, Cooperating Agency shall return all Confidential Data to University or, if return is not feasible, destroy any and all Confidential Data. If Cooperating Agency destroys the information, it shall provide University with a certificate confirming the date of destruction of the data. Cooperating Agency shall develop, implement, maintain and use appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of all electronically maintained or transmitted Confidential Data received from, or on behalf of University or its students. These measures will be extended by contract to all subcontractors used by Cooperating Agency. Cooperating Agency shall, within one day of discovery, report to University any use or disclosure of confidential information not authorized by this agreement or in writing by University. Following this report, Cooperating Agency will conduct a timely and thorough investigation in an attempt to identify: (i) the nature of the unauthorized use or disclosure, (ii) the data used or disclosed, and (iii) who made the unauthorized use or received the unauthorized disclosure. At the conclusion of this investigation, Cooperating Agency will furnish a confidential written report to University indicating the results of the investigation, what Cooperating Agency has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure, and what corrective action Cooperating Agency has taken or shall take to prevent future similar unauthorized use or disclosure.

2. This Agreement is binding only when signed by both parties. Any modifications or amendments must be in writing and signed by an authorized representative of each party.
3. This Agreement, with the rights and privileges it creates, is assignable only with the written consent of both parties.
4. Each party shall excuse any breach of this Agreement by the other which is proximately caused by government regulation, war, strike, act of God, pandemic or other local, state, or national health emergency, or other similar circumstance normally outside the control of well-managed business, provided that the other party makes diligent efforts to expeditiously remedy the breach.
5. The substantive laws of the State of Texas (and not its conflicts of law principles) govern all matters arising out of or relating to this Agreement and all of the transactions it contemplates.
6. This Agreement does not create a partnership or joint venture between the parties. Neither party may bind the other or otherwise act in any way as the representative of the other, unless specifically authorized, in advance and in writing, to do so, and then only for the limited purpose stated in such authorization. Employees of either party are not employees of the other and neither party's personnel are entitled or eligible, by reason of this contractual relationship, to participate in any benefits or privileges given or extended by the other party to its employees.
7. Each provision of this Agreement is severable. If any provision is rendered invalid or unenforceable by statute or regulations or declared null and void by any court of competent jurisdiction, the remaining provisions will remain in full force and effect if the essential terms of this Agreement remain valid, legal, and enforceable.
8. Nothing in this agreement shall waive any party's immunity. JAA 4/23/25

IN WITNESS WHEREOF, the parties have executed this Agreement on the date of last signature for the term expressed above.
