Speer Elementary Instructional Focus: Growing Leaders, Growing Teachers

Student Growth Goals

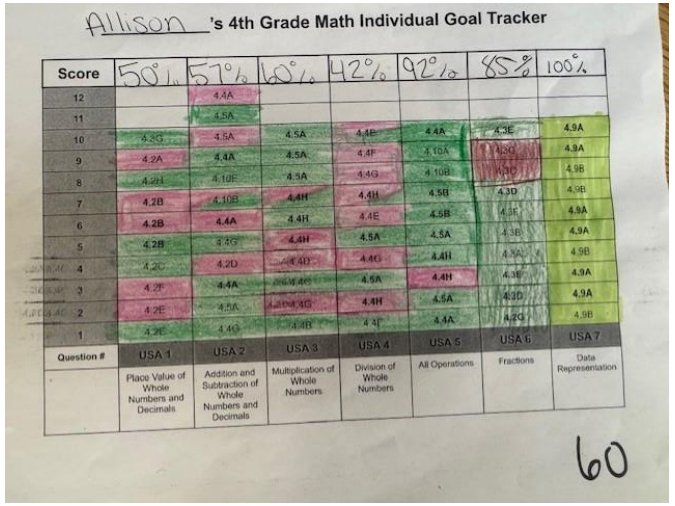

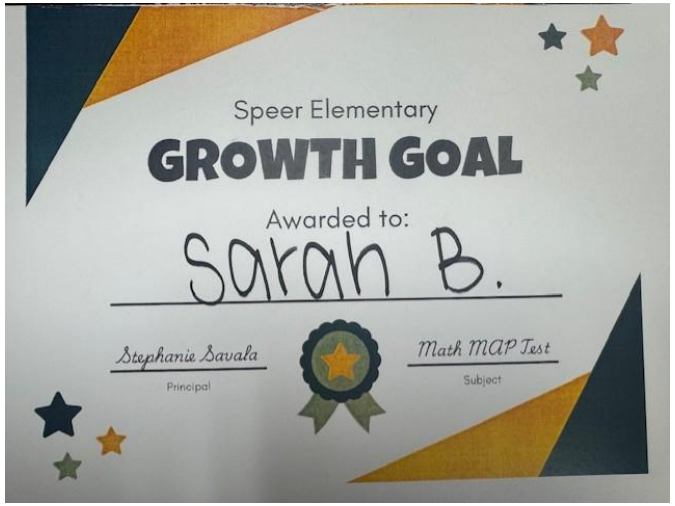

Student Data Tracking

Our instructional focus is centered on ensuring 100% of students meet their individual growth goals by building strong systems for small groups, student data tracking, and academic self-awareness. We are working to empower students to understand their academic strengths and areas for growth through regular data reflection and goal-setting, which increases ownership, motivation, and accountability for learning.

Katherine	Mendy	Alan Ch	Jesus	Mendy
Keyla	Allison	Jose	Edwin	Allison
Anthony	Alan Cr	Aiberzon	Arlette	Alan Cr
Crisly	Clrisly	Fernando		Clrisly

Small Groups

Teachers are strategically forming small groups for targeted intervention and enrichment. This ensures that instruction is responsive, individualized, and aligned to each student's needs. Every child is receiving instruction designed to move them forward from where they are.

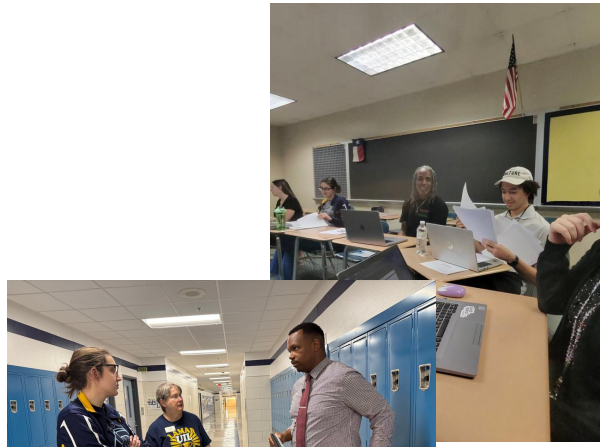

Growth Goals/Student Data Tracking

At the end of each unit assessment, students track their progress. They reflect on their performance, identify strengths, and pinpoint areas for growth. Teachers guide students through data conversations so they understand what their scores mean and what actions they need to take next. Students understand their goals, monitor their progress, and take ownership of improvement.

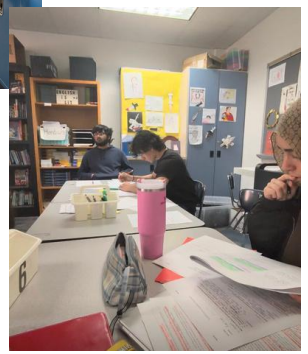

Growth Celebrations

Growth celebrations motivate students and show that staff is invested in their success.
Students who meet reading, math, and science goals are recognized at lunches and pep rallies with certificates and book vending machine tokens. This builds academic self-awareness and encourages students to take ownership of their learning, leading to greater motivation, accountability, and persistence.

Areas of Success	Areas for Growth
Group Success Top Questions: • **Q10 (57%)** - It's already set at y equals. Can solve this using the calculator/desmos • **Q20 (57%)** - Students have a lot of practice with plotting points and using the slope formula. Various ways to solve the problem. More intentional about teaching the two points. • **Q17 (58%)** - Evaluating, they have received a good amount of practice with this type of question. Multiple ways to solve the problem either using Desmos or plugging in the value. Additional Notes:	**Group Growth** Lowest Question: • **Q16 (11%)** - Need more practice with the new question types. Made the slope positive when it should have been negative was a common mistake. We have been more intentional in unit 5 moving x over solving for y whereas before we weren't, students weren't changing the sign. • **Q14 (15%)** - Another TEI question, some have the correct answer but used the wrong button (multiplication button instead of x, etc), students didn't understand the wording of the question • **Q25 (20%)** - 3 part question, they have to solve y=mx +b, change the sign for the inequality, and then understand the graph. Students are struggling with understanding the dotted/straight line and the shaded area. Additional Notes:

What were your top TEKS/Questions? What did you do to ensure this success? • Benningfield - 2.B & 3.A- really practiced and recited slope formula almost daily- call and response, students guide me instead of the other way around • Ferguson - 12A-Question 9 : repeated practice and emphasis on what makes a function • Nzali -A1.3A, A1.5A • Vidler - 12.B Evaluating Functions: Define any function in desmos as f(x), then enter f(any x-value) to find y-value. • Wade - • Warner - 12B Evaluating Functions ... "from f(x) to f(-4) happened?" "the x is now -4" "exactly so x got replaced for -4. Do that wherever you see x and see what it equals"	What were your lowest TEKS/Questions? What car improvement before STAAR? • Benningfield - 3.C- incorporating questions i often • Ferguson - 2.F- • Nzali -3C, 3E, A1.3E/D, • Vidler - A1.3CR (Q16) • Wade - 3C/D • Warner - 10C. 2G, 3C Graphing 3C multiple questions

Chief Operations Officer

February 19, 2026

Regular Board Meeting

Purpose

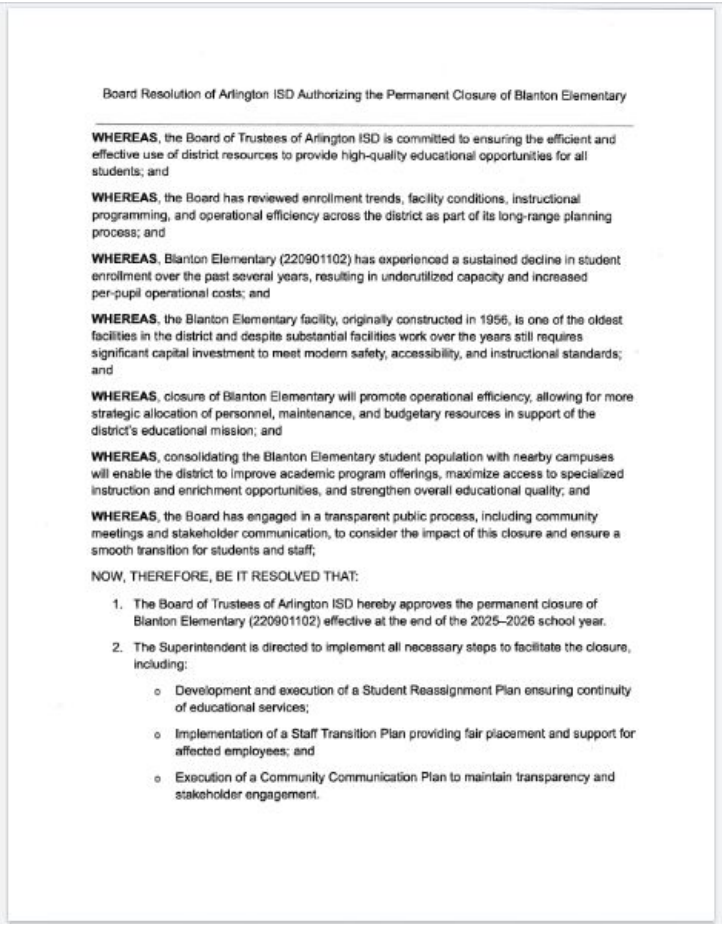

42

Provide the Board with an opportunity to review and consider the proposed boundary changes for Burgin ES, Crow ES, Goodman ES and Swift ES as a result of the closure of Blanton ES.

Decision

43

At the January 20, 2026 meeting, the Board of Trustees approved a resolution to permanently close Blanton Elementary at the end of the 2025-2026 school year.

Board Resolution of Arlington ISD Authorizing the Permanent Closure of Blanton Elementary

WHEREAS, the Board of Trustees of Arlington ISD is committed to ensuring the efficient and effective use of district resources to provide high-quality educational opportunities for all students; and

WHEREAS, the Board has reviewed enrollment trends, facility conditions, instructional programming, and operational efficiency across the district as part of its long-range planning process; and

WHEREAS, Blanton Elementary (220901102) has experienced a sustained decline in student enrollment over the past several years, resulting in underutilized capacity and increased per-pupil operational costs; and

WHEREAS, the Blanton Elementary facility, originally constructed in 1956, is one of the oldest facilities in the district and despite substantial facilities work over the years still requires significant capital investment to meet modern safety, accessibility, and instructional standards; and

WHEREAS, closure of Blanton Elementary will promote operational efficiency, allowing for more strategic allocation of personnel, maintenance, and budgetary resources in support of the district's educational mission; and

WHEREAS, consolidating the Blanton Elementary student population with nearby campuses will enable the district to improve academic program offerings, maximize access to specialized instruction and enrichment opportunities, and strengthen overall educational quality; and

WHEREAS, the Board has engaged in a transparent public process, including community meetings and stakeholder communication, to consider the impact of this closure and ensure a smooth transition for students and staff;

NOW, THEREFORE, BE IT RESOLVED THAT:

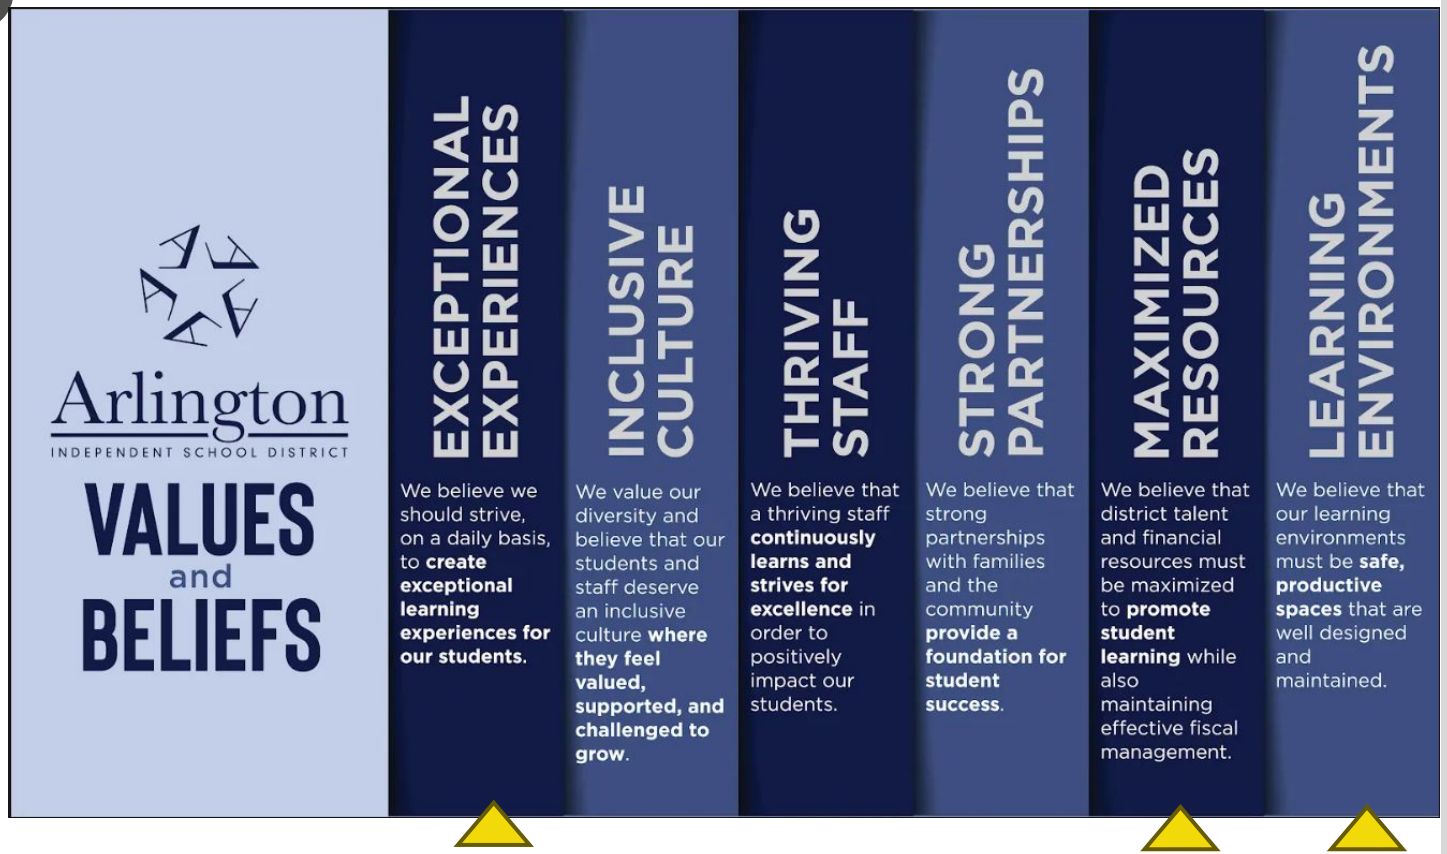

1. The Board of Trustees of Arlington ISD hereby approves the permanent closure of Blanton Elementary (220901102) effective at the end of the 2025–2026 school year.
2. The Superintendent is directed to implement all necessary steps to facilitate the closure, including:
    - Development and execution of a Student Reassignment Plan ensuring continuity of educational services;
    - Implementation of a Staff Transition Plan providing fair placement and support for affected employees; and

C. Community Sentiment Report- Potential Bond Election

Chief Operations Officer Dr. Michael Hill introduced Matt Gamble, Chief Operations Officer of Baselice & Associates, a market research company, who presented the results of a community sentiment survey conducted among a sample of Arlington voters. Gamble provided a report on the community sentiment survey related to a potential bond election. The survey was conducted to gauge voter views toward possible bond proposals, tax impacts, and specific capital projects. Results showed generally positive perceptions of the district and broad support for many proposed projects, particularly when voters were informed about district needs. While initial support for bond amounts was close to the margin of error, support increased significantly after voters received additional information, indicating that education and communication will be critical to a successful bond effort. Concerns about taxes were the primary reason for opposition, though relatively few respondents felt the projects were unnecessary.

OPEN FORUM FOR NON-AGENDA ITEMS:

Whitney Rodriguez- Instructional materials and review time.

SUPERINTENDENT'S REPORT:

Superintendent Smith reviewed recent weather closures, noting that while melting conditions suggested it was safe to reopen, some campuses refroze due to shade and wind, leading to safety issues. District leadership acknowledged that lessons were learned from the recent weather events and identified areas to improve in the future. Smith emphasized the need for more timely, early-morning, on-site assessments of campus conditions. This may require announcing weather-related decisions later than families would prefer, but it allows the district to make more accurate and informed choices based on real-time conditions.

Regarding makeup days, three days were missed. One day will not need to be made up due to sufficient built-in minutes. A second day was already designated on the calendar as a makeup day. For the third day, although a waiver from the state (TEA) was possible or minutes could be added to extend school days, the superintendent decided students would return for a scheduled makeup day in March. The decision was based on the belief that a full instructional day is more valuable than adding a few minutes to remaining school days.

SCHOOL BOARD'S REPORT:

Trustee McMurrough shared praise for Arlington High Theater's production of *Big Fish*, which she attended with Trustee Mike. She commended the students, technical crew, directors, and supportive families, noting the auditorium was full despite cold weather. She was highly impressed and even felt the students' performance surpassed the movie.

Trustee Haynes reported on the "Shatter the Silence" event held for National Human Trafficking Month, which she attended with Trustee McMurrough. Hosted by the district's family engagement and counseling teams, the event featured a panel including Unbound Now, the Women's Center of Tarrant County, and the Arlington Police Department. She described it as impactful and well-attended by both youth and parents. Key takeaways included the importance of starting conversations about human trafficking as early as fourth grade and recognizing that boys are also at high risk. She encouraged families to use resources available on the district website and to have ongoing discussions with their children about safety and social media awareness.

ADJOURNMENT:

President Chapa adjourned the meeting at 11:04 p.m. The Board did not return to closed session.

RE: **BID 26-16 Custodial Supplies for Inventory & Catalog**

Bid Number **26-16** is an annual contract for custodial supplies for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, price list or shelf price. This will allow the District to purchase items which are not identified at this time. Items marked with an asterisk were marked "not as specified" due incorrect brand substitution.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

RE: **BID 26-17 Plumbing Supplies and/or Services for Inventory & Catalog**

Bid Number **2**6-17 is an annual contract for plumbing supplies for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, shelf price or price list. This will allow the District to purchase items which are not identified at this time.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

Hellas Construction, Inc.

An evaluation committee consisting of the Director of Facility Planning and Construction, the Senior Project Manager, two Arlington ISD Project Managers, the Project Controls Specialist, and the Design Architect completed evaluations. Modern Contractors, Inc.(MCI) ranked highest amongst all proposers. District staff worked with Modern Contractors, Inc. to ensure that the intended project scope was addressed, to identify opportunities to reduce the proposed cost and to verify the project budget and schedule.

The total construction budget for the Arlington, Bowie & Seguin HS Softball Project is $6,600,000. Modern Contractors, Inc. offered a competitive sealed proposal of $6,587,100 for the project base bid. The District Administration recommends accepting the base bid for a total cost of $6,587,100 which is $12,900 less than the construction budget.

The architect's letter of recommendation for the construction contract award is attached.
Pending approval of CSP #26-72 work on this project will begin in March 2026 with substantial completion in January 2027 and final completion in March 2027.

Dear Mike:

As you know, Competitive Sealed Proposals were solicited for this project and were received by Arlington ISD. Eight proposers responded to **CSP #26-72** and those proposals were reviewed by the committee. After evaluating the proposers for completeness of information, responsiveness of their proposal, and overall value to the district, Modern Contractors, Inc. has proven to be the highest ranked proposer.

Based upon the application of the evaluation process which the committee has undertaken, it is our opinion that Modern Contractors, Inc. provides the best value to Arlington I.S.D. with their proposed cost of $6,587,100 and should be awarded as the successful proposer for the Arlington HS Softball Field, Bowie HS Softball Field, & Seguin HS Softball Field Project.

Sincerely,

Mark Nicholson, AIA

Meeting Agenda Item: Approval of Donations

District Priority / Goals Addressed

Within the Board's priority of Talent and Resources, this agenda item requests Board approval for various donations made to the district.

Background

Throughout the year community members, businesses, and organizations generously contribute resources and financial support to our schools. These donations range from monetary contributions to supplies, equipment, and services. Each donation is vetted through a process to ensure the donation aligns with district goals and compliance with all district policies and procedures. According to Board Policy CDC (Local), any gift that the potential donor has expressly made conditional upon the district's use for a specified purpose, or any gift of real property, shall require Board approval.

Fiscal Implications

The approval of these donations will impact the district's budget by reducing the need for district funds to cover specific costs and providing additional resources.

Recommendation

It is recommended the Board approve the acceptance of the donations as outlined in the supporting documentation.

Market Recap

December saw the return of official government data following the 43 day shutdown. After two months of relying on private sources, financial markets finally received delayed October and November readings on inflation, the labor market, economic growth, and consumer sentiment.

Labor market data remained overwhelmingly negative throughout December. Private sector employment data showed more weakness ahead of the FOMC meeting, with the November ADP report revealing a 32k decline in payrolls, the largest monthly drop since early 2023. Small businesses shed 120k jobs, the biggest pullback since May 2020, while larger firms managed modest gains. Challenger's layoff data showed more than 1.17 million job cuts year to date, already the highest since 2020. By the time the BLS finally released its combined October–November report, the unemployment rate had jumped to 4.6%, and the underemployment rate rose sharply to 8.7%, reflecting a combination of lower survey participation, discouraged workers re entering the labor force, and softening in economic conditions. Payrolls increased a modest 64k in November after a steep 105k decline in October, and the three month average pace of job growth slowed to just 22k, down from 62k prior to the shutdown.

The weak job market has fed directly into collapsing consumer confidence. Both the University of Michigan and Conference Board measures slid toward multi decade lows, with Michigan's current conditions index hitting its lowest reading in nearly fifty years. Confidence eroded further as households continued to struggle with higher prices, slower wage gains, and a cooling job market. Retail categories tied to discretionary spending showed weakening momentum, while hiring freezes broadened across cyclically sensitive sectors such as manufacturing, transportation, information services, and finance.

With October CPI data never collected, the November CPI release only provided year over year changes. Even with the data disruptions, the numbers were striking, headline CPI unexpectedly fell from 3.0% to 2.7%, while core CPI softened from 3.0% to 2.6%, both reaching their lowest levels since early 2021. Shelter costs showed a questionable deceleration, posting their smallest two month increase since the early months of the pandemic. Economists warned that shutdown related distortions may unwind in the coming months, but the overall picture reinforced the idea that the Fed's restrictive stance is continuing to exert downward pressure on inflation.

The Federal Reserve delivered its third consecutive 25 basis point cut at the December 10 meeting, lowering the target range to 3.50%–3.75%. The vote was fractured, with three dissents, the most since 2019, as Chicago's Goolsbee and Kansas City's Schmid argued for no change while Governor Miran pushed for a larger 50 bp move. Chair Powell described the decision as a "close call," noting that neither inflation nor employment data made a compelling case for easing, but the committee felt "well positioned to wait and see" heading into 2026. The updated Summary of Economic Projections offered mixed signals: the 2026 GDP forecast was revised sharply higher to 2.3%, while core PCE was nudged down to 2.5%, supporting the view that tariff related inflation pressures might be fading.

Later in the month, the economy delivered another surprise when Q3 GDP was revised up to 4.3%, the strongest quarterly growth in two years and well above every major forecast. Personal consumption remained the engine of expansion, while net exports provided an unusually large boost as imports fell sharply. But the stronger growth also pushed the GDP price index up to 3.8%, and the core PCE index rose to 2.9%, complicating the Fed's inflation narrative and reinforcing the idea that rate cuts in early 2026 are assured. Strong GDP with rising unemployment will be a challenge for policymakers next year, especially in an economy increasingly shaped by rapid technological changes and investment.

As the year wraps, the economic landscape remains uncertain marked by strong top line growth but weakening labor momentum, easing inflation but distorted data, and a Fed that cut while signaling caution ahead. The path of monetary policy early in 2026 will hinge on whether the economy's apparent strength proves durable or whether the growing signs of labor market softening begin to dominate the narrative.

S&P rates the creditworthiness of individual bonds from: AAA highest to D lowest.

Investing in fixed income securities involves interest rate risk, credit risk, and inflation risk. Interest rate risk is the possibility that bond prices will decrease because of an interest rate increase. When interest rates rise, bond prices and the values of fixed income securities fall. When interest rates fall, bond prices and the values of fixed income securities rise. Credit risk is the risk that a company will not be able to pay its debts, including the interest on its bonds. Inflation risk is the possibility that the interest paid on an investment in bonds will be lower than the inflation rate, decreasing purchasing power.

Cash alternatives typically include money market securities and U.S. treasury bills. Investing in such cash alternatives involves inflation risk. In addition, investments in money market securities may involve credit risk and a risk of principal loss. Because money market securities are neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency, there is no guarantee the value of your investment will be maintained at $1.00 per share, and your shares, when sold, may be worth more or less than what you originally paid for them. U.S. Treasury bills are subject to market risk if sold prior to maturity. Market risk is the possibility that the value, when sold, might be less than the purchase price.

Investing in stock securities involves volatility risk, market risk, business risk, and industry risk. The prices of most stocks fluctuate. Volatility risk is the chance that the value of a stock will fall. Market risk is the chance that the prices of all stocks will fall due to conditions in the economic environment. Business risk is the chance that a specific company's stock will fall because of issues affecting it. Industry risk is the chance that a set of factors particular to an industry group will adversely affect stock prices within the industry.

WHO DOES THIS APPLY TO?
These guidelines are related to prohibited activities by "administrators," An administrator is a person who has significant administrative duties relating to the operation of a school district, including the operation of a campus, program, or other subdivision of the district.

WHO DOES THIS NOT APPLY TO?
A school district employee whose employment contract responsibilities primarily include the in-classroom instruction of students; or a trustee of a school district.

WHAT RESTRICTIONS APPLY TO "ADMINISTRATORS" PROHIBITING FINANCIAL BENEFIT FOR THE PERFORMANCE OF PERSONAL SERVICES?

  C. *Another school district, open-enrollment charter school, or regional educational service center*.

- **Are there any allowable exceptions?**
  Yes, for the two italicized rules, "B" and "C" above, there can be exceptions. Personal services for financial benefit by an administrator may include an education business that provides services regarding the curriculum or administration of any school district, or another school district, open-enrollment charter school, or regional education service center only after:
  - A written contract describing the services to be performed by the administrator is provided to the Board of Trustees of the administrator's employing district; and the Board of Trustees for the district votes to approve the contract.
  - The Board of Trustees will vote to approve the contract after determining that it will cause no harm to the district, the arrangement does not present a conflict of interest, and the services to be performed will occur entirely on the administrator's personal time.

- **Are there any consequences for not complying with this section of the education code?**
  A. Yes. An "administrator" who violates this section of the education code is liable to the state for a civil penalty in the amount of $10,000 for each violation.

Re: Membership and Participation in the Region 10 ESC Multi-Region Purchasing Cooperative, SY 2026-2027

Dear Food Service Director Addressed:

Multi-Region Purchasing Cooperative (hereafter "R10MRPC") requires all Interlocal Agreements (hereafter "Agreement") to be approved by each Recipient Agency's (hereafter "RA") Board of Directors if applicable. Completed Agreements must be submitted with proof of Board approval or authorized signature. The Agreement encompasses membership roles, responsibilities, and bid participation for the agreement term. Region 10 Education Service Center is the "Coordinating Entity and Fiscal Agent" for R10MRPC.

This packet includes the Interlocal Agreement for RAs participating in the School Nutrition Programs that wish to purchase food service products or services through the R10MRPC formally procured and awarded bids. If the RA does not plan to purchase from any of the awarded bids, there is no need to complete this Interlocal Agreement.

The ***Interlocal Agreement*** (pages 3-11) is a "membership and participation" agreement that commences on July 1st and extends through June 30th of the following calendar year. By signing the Agreement, you agree to the General Provisions of Member Roles and Responsibilities with your bid participation selection(s) indicating your entity's purchasing commitment. Members must provide estimated quantities for each product planned for each bid category selected. This is done through a specialized software created by R10MRPC called "Maestro Forecasting."

The Multi-Region Purchasing Cooperative is fully self-funded through a Vendor Participation Fee. This fee is collected directly from the awarded vendors offering commercial products only. Fees are used to cover expenses related to the administration and operation of R10MRPC and the growth in services and benefits offered to our members. Studies indicate that school districts benefit through cooperative participation with considerable cost savings. While the purchasing power of the R10MRPC is significant, the costs of goods and services continue to rise annually. Studies prove that schools participating in a child nutrition purchasing cooperative receive better pricing and a higher selection of products with higher fill rates. Additional benefits of participating in the R10MRPC include training and technical support for child nutrition programs, compliant solicitations, and high-level customer service.

Thank you for considering participating in the SY 2026-2027 with R10MRPC. If you have any questions, please contact me.

Sincerely,

Keri Warnick

INTERLOCAL AGREEMENT

The following Interlocal Agreement (pages 3-11) is to be completed by all recipient agencies (RA) that wish to participate in Region 10 ESC Multi-Region Purchasing Cooperative (R10MRPC) and purchase from formally procured bids.

This Interlocal Agreement is a one-year agreement for the school year 2026-2027 (July 1, 2026, through June 30, 2027). If completed, a fully executed copy will be returned to the RA and kept on file with R10MRPC indefinitely.

Each RA wishing to purchase from any procured and awarded bid must complete and sign all required pages. Each RA is asked to consider which bids best fit their needs. R10MRPC requires members to forecast their product and/or service needs through R10MRPC's customized software before all bid renewals and new bids are released.

The fully completed and signed Interlocal Agreement must be approved by your school Board of Trustees or Authorized Representative and returned no later than February 28, 2026. Please note that Interlocal Agreements received after the due date or later after bids have been released may not be approved due to forecasting requirements and procurement regulations.

LIMITATION OF AGREEMENT:

320

The R10MRPC reviews this Agreement annually to ensure compliance with United States Department of Agriculture (USDA) and Texas Department of Agriculture (TDA) regulations. If, following such review, the R10MRPC discovers that any provision contained herein is not in accordance with USDA and TDA regulations, R10MRPC will have 30 days to make all necessary updates and require that each participating RA sign a new Agreement. If R10MRPC does not amend the provision within the given timeframe, the RA may terminate this agreement on 10 days' written notice to R10MRPC. Child Nutrition Federal Funds are governed by USDA and TDA regulations. EDGAR does not apply to child nutrition federal funds.

GENERAL PROVISIONS:

1. The Parties agree to comply with all applicable federal, state, and local statutes, ordinances, rules, and regulations in connection with the procurement activities and programs contemplated under this Agreement. This Agreement is subject to all applicable present and future valid laws governing such programs.

2. This Agreement shall be governed by the law of the State of Texas and the venue for any dispute resolution shall be in the county where the administrative offices of Region 10 ESC are located, which is currently Dallas County, Texas.

3. The R10MRPC reserves the right, but is not obligated, to add additional members and allow participation. Adding an RA may "materially change the existing contract(s)" and, thereby, require rebidding of said contract(s). Consequently, the RA may not be permitted to participate in those affected contracts to avoid rebidding and negatively impacting the membership in place at the time of the current contract(s) award. The membership of a new RA may become effective upon any new bids, rebids being awarded, new fiscal year, or as permitted at the sole discretion of the R10MRPC.

4. This Agreement and any addenda executed by the parties contains the entire agreement of the Parties hereto concerning the matters covered by its terms, and it may not be modified in any manner without the express written consent of both Parties. Modifications may be required by law or regulation, which shall require action by the R10MRPC and the RA. Failure to act by either party, within a reasonable period, on legally required modifications shall constitute good cause to terminate this Agreement effective upon written notification to the other party.

5. If any term(s) or provision(s) of this Agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of the provisions of this Agreement shall remain in full force and effect.

6. The Executive Director of Region 10 ESC or his or her designee and authorized agent of the member district shall attempt to resolve any disputes that develop under this Agreement. If any dispute is unable to be resolved, both Parties agree to nonbinding mediation before either Party may resort to litigation. The selection of the mediator shall be mutually agreed upon, and the costs for such mediation borne equally between the Parties.

7. No Party to this Agreement waives or relinquishes any immunity or defense on behalf of itself, its trustees, directors, officers, employees, and agents, because of its execution of this Agreement or the performance of the functions and obligations set forth herein.

8. All parts of this Agreement, when executed by both Parties, are binding upon the Parties, and may be changed only by written agreement executed by authorized representatives of the Parties.

9. Per USDA Federal Regulations and TDA Administrator's Reference Manual (ARM) Section 17, the R10MRPC is a Child Nutrition Program (CNP) Operator-Only Cooperative that is categorized as a "for-profit cooperative". Per ARM Section 17, R10MRPC is required to return "unanticipated profits" to the member. This Agreement allows R10MRPC to deduct the cost of services from the collected vendor fees and pay any remaining amount to members regularly. The R10MRPC's "profit margin", for purposes of this Agreement, shall be defined as the revenue received by the R10MRPC through the charging of the vendor fees outlined in the "Membership Fees" section below minus the expenses to the R10MRPC to operate the cooperative. The Coordinating Entity shall retain the profit margin; however, any revenue received more than the profit margin ("unanticipated profit") will be distributed to the R10MRPC's participating members by the Fiscal Agent. R10MRPC is not permitted per state regulations to collect a profit from sales of processed commodities.

R10MRPC adheres to the following rebate system.

A. R10MRPC will collect all Vendor Participation Fees quarterly.
B. R10MRPC does not charge a Vendor Fee to any USDA commodity processor.
C. R10MRPC will utilize a year-end revenue report that details each participating member's generated sales with each awarded vendor.
    1) R10MRPC applies an equal percentage of the operational cost to each RFP.
    2) Total overhead and expenses are calculated for each RFP based on shared percentage.
    3) Total collected revenue is calculated against shared operational costs for each RFP. Any RFP that does not generate enough revenue to cover the shared percentage of expenses is not eligible for a rebate.
    4) Any member purchasing USDA commodity foods through our awarded grocery distributor will receive a rebate of collected fees minus the shared expenses.
    5) Any member participating in bids that have an excess of fees collected beyond the shared expenses will receive a rebate.
    6) Rebate amounts are calculated in October once the Region 10 ESC books are closed.
    7) Rebate checks are mailed to each eligible participating member in late November or December. Checks include a letter with instructions about the rebate check and that it must be deposited into the child nutrition fund account.
    8) R10MRPC will send out an email notification to each food service director that includes the amount of their rebate.

10. This Agreement and any modification(s) may be executed in separate copies; however, the Agreement must be Board of Trustee approved and physically signed by both participating parties using a "physical signature." Electronic or typed signatures will not be accepted. This Agreement may be exchanged and/or transmitted electronically via fax or scanned email. Proof of Board approval acceptable to R10MRPC must be submitted along with a completed and signed Agreement.

***Membership Term*.** This Agreement shall be for a one-year term unless sooner terminated per the provisions of this Agreement. The conditions outlined in this Agreement shall apply to this single-year term. The Agreement year for each purchasing cooperative program commences July 1st and will extend through June 30th of the following calendar year.

***Membership Fees*.** No membership fee shall be directly charged to participating members of the R10MRPC.

The United States Department of Agriculture (USDA) does not allow federal funds received by ESC Child Nutrition components to be used to support purchasing cooperatives. Therefore, the R10MRPC is a fully self-funded entity through a "Vendor Participation Fee" on all commercial sales. This fee is collected directly from the awarded vendors in the fixed amount of .0085 for every $1.00 of revenue. R10MRPC "does not charge" any fees to the Commodity Processors. All fees are used to cover expenses related to the administration, direct operation, and growth in services or software programs offered by the Cooperative to the members that benefit their foodservice operation. RAs, even though they may incur these fees indirectly, pay no direct fee to R10MRPC for participation.

The parties agree that the payments under this Agreement and any related exhibits and documents are amounts that fairly compensate the Coordinating Entity for the services or functions to be performed under the Agreement.

Authorization to Participate. The R10MRPC and each RA represent and warrant, by the execution and delivery of the Interlocal Agreement, that they have obtained all requisite authority through governing board action to enter and perform the terms of this Agreement. Proof of Board approval through Board meeting notes is accepted. If your school does not have a Board of Directors, the authorized representative's signature is acceptable.

Cooperation and Access. Each party agrees to cooperate with any reasonable requests for information and records made by the other party. Each party reserves the right to audit the relevant records of the other party during normal business hours. Any breach of this Article shall be considered material and shall make the Agreement subject to termination on ten (10) days' written notice to the RA.

Primary and Secondary Contact. The RA agrees to appoint a primary and secondary contact who shall have express authority to represent and bind the RA, and R10MRPC will not be required to contact any other individual regarding program matters. Any notice to a primary or secondary contact shall be binding upon the RA. The RA reserves the right to change the designated contacts as needed by giving written notice to R10MRPC. Such notice is not effective until actual receipt by R10MRPC.

Defense and Prosecution of Claims. The RA authorizes the Fiscal Agent, only concerning matters arising out of or contemplated by this Agreement: (1) to control the commencement, defense, intervention, or participation in a judicial, administrative, or other governmental proceeding; (2) to represent the R10MRPC in a mediation or any other form of alternative dispute resolution; (3) to represent the R10MRPC in any other appearance necessary to protect the rights of the R10MRPC relating to actions concerning any past or current, including any appearances and actions in litigation, claim or dispute; and (4) to engage legal counsel and appropriate experts that, in the Fiscal Agent's sole discretion, will assist with such defense or prosecution of any action or claim in matters arising out of this Agreement. The RA agrees that any suit brought against R10MRPC, the Fiscal Agent, or a R10MRPC or Fiscal Agent employee or agent may be defended in the name of R10MRPC, Region 10 Education Service Center, or the RA by the

counsel selected by the Fiscal Agent, in its sole discretion, or its designee, on behalf of and at the expense of the R10MRPC as necessary for the prosecution or defense of any litigation or claim. Full cooperation by the RA shall be extended to supplying any information needed or requested by the Fiscal Agent or R10MRPC in such prosecution or defense. Subject to specific revocation, the RA designates the Fiscal Agent to function as a class representative on its behalf in matters arising from this Agreement.

Governance. R10MRPC shall be governed by the Fiscal Agent's Board of Trustees (hereinafter the "Board") per applicable law and regulations. Procurement processes and procedures are governed by applicable laws and regulations.

***Limitations of Liability*.** The Fiscal Agent, its endorsers, and servicing contractors do not guarantee that the operation or use of R10MRPC services will be uninterrupted or error-free. The Fiscal Agent, its endorsers, and servicing contractors, disclaim all warranties, express or implied, regarding any information, product, or service furnished under this Agreement, including without limitation, any implied warranties of merchantability or fitness for a particular purpose. The Parties agree that regarding all causes of action arising out of or relating to this Agreement, neither Party shall be liable to the other under any circumstances for special, incidental, consequential, or exemplary damages, even if it has been advised of the possibility of such damages.

Notice. Any written notice to the R10MRPC or the Fiscal Agent shall be made by: first class mail, postage prepaid and delivered to the Multi-Region Purchasing Cooperative, Region 10 Education Service Center, 400 E Spring Valley Rd, Richardson, TX 75081-1300; Attn: Keri Warnick (contact person); or emailed to keri.warnick@region10.org with a copy to sue.hayes@region10.org.

***Acceptance of USDA Foods Sent for Further Processing*.** The R10MRPC, through the Fiscal Agent, is granted the right to issue a cooperative bid/proposal (RFP) for the processing of selected USDA commodity foods donated by participating members. The R10MRPC, through the Fiscal Agent, is further granted the right to enter a Contract for Services with the commodity food processor(s) receiving the processing award(s) for agreed-upon processed end-products, to execute a service agreement on behalf of participating members. Participating members will have the right and responsibility to accept the processed end-product(s) for the life of the contract between R10MRPC, through the Fiscal Agent, and the processor for all commodity foods donated to, and for which processing was subsequently procured through, the R10MRPC. Excess commodities may be distributed according to USDA or TDA regulations and guidance.

***Payment for Goods*.** Each Party, paying for any goods or services under this Agreement or related to this Agreement, must pay for such goods and services from available current revenues only.

PARTY ROLES AND RESPONSIBILITIES:

***Role of the R10MRPC, through the Fiscal Agent*:**

1. Provide for the organizational and administrative structure of the program.

Resolution Regarding Senate Bill 11
Period of Prayer and Reading of the Bible or Other Religious Text

BEING THAT AISD Board Policy FNA(LOCAL) clearly states that a student may express his or her beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of the student's submission, and;

BEING THAT the relationship between religion and government in the United States is governed by the First Amendment to the Constitution, which both prevents the government from establishing religion and protects privately initiated religious expression and activities from government interference and discrimination, and;

BEING THAT Texas Education Code 25.901 and District Policy mandate that AISD students have an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school, and;

BEING THAT all AISD students have a protected right to pray and read religious texts, and;

BEING THAT AISD affirms that it already provides a daily moment of silence, during which students may individually choose to reflect, pray, meditate, or engage in other silent activities consistent with their personal beliefs, as permitted by state law, and;

BEING THAT, the Board reiterates that Board Policy FNA(LOCAL) continues to protect students' rights to voluntarily express their religious beliefs, including prayer and the reading of religious texts—in a manner that is free from discrimination and does not disrupt instructional activities, and;

BEING THAT Texas Education Code 25.0823 is duplicative and unnecessary to protect AISD's students' constitutional rights to pray and read the Bible or other religious texts;

THEREFORE, the ARLINGTON ISD shall not adopt a policy to provide a period of prayer and reading of the Bible or other religious text as made optional by Education Code 25.0823.
