Proposal Presentation to Close Prairie Heights Elementary School

Open Forum

- **Attendees who wish to speak during the open forum must sign up at the hearing and will receive a speaker number.**
- **The board appreciates patrons taking the time to speak with us tonight regarding the proposed closure of Prairie Heights Elementary School, and we have set aside this time on our agenda to hear directly from members of our community on this important matter. The Board of Education will not respond to questions or engage in conversation during this time. If they have a clarifying question, they will ask it. The purpose of this time is to hear from the patrons. To ensure everyone has an opportunity to be heard, we ask that all speakers observe a three-minute time limit. Your comments should be respectful and focused directly on the proposed school closure, its potential impacts, or related board policies. Finally, please remember that this is not an appropriate forum for personal comments about any district employee or student, nor is it a time to market products or services. Anyone sharing comments that violate individuals' privacy rights will be asked to conclude their remarks.**
